12

so delinquent and a correct description of the property, the year or years delinquent, and how it was charged upon the tax roll. This statement shall further contain the name of the owner or owners of the property at the time it became delinquent as indicated by the delinquent tax records.

Further when suit becomes necessary this statement shall also indicate the current owner, the Volume and Page of public record of his or their Deed or other title evidence which is of record and any other pertinent information gained through a diligent search. It shall further show the name of any and all outstanding lien-holders of record, and all other information necessary for the proper preparation and filing of suit or suits for the collection of delinquent taxes. Second Party shall perform these services at his own cost and expense; however, where it is necessary to file suit for the enforced collection of delinquent taxes on real property, Second Party shall have the authority to procure on behalf of First Party the necessary additional data and information as to the name, identity and location of necessary parties and in the procuring of necessary legal descriptions of the property and may sue in the name of First Party for the recovery of the actual cost of this information as court costs, as authorized by Article 7345B, Section 6, Vernon's Annotated Civil Statutes. 14

VII.

It is further agreed and understood that Second Party shall furnish, at his own expense, all stationery, legal blanks or forms, stamps, envelopes and printing, together with all labor necessary to complete said contract including labor and expense incurred in procuring date and information as to the name, identity and location of necessary parties, and in procuring necessary legal descriptions of the property as provided in Paragraph V in all cases where such expenses are not collected as costs against the defendant or defendants in the tax suit, but in no event shall such cost be paid to Second Party, either directly or indirectly; and Second Party shall pay off and discharge any and all bills for any other expenses incurred in the prosecution of said work, and it is hereby understood and agreed that said First Party shall not be responsible for the payment of such expense or any part thereof. However, expenses incurred in citing the defendant(s) by publication will be paid by the County to the newspaper making such publication as soon as practicable after receipt of the publisher's claim for payment pursuant to Article 7345(b)-2, V.C.S. Provided further that no costs shall be incurred for publications without prior approval of First Party's governing body.

VIII.

First Party agrees to pay to Second Party as compensation for the services hereunder required 15% percent (not to exceed fifteen (15) percent) of the amount collected of all delinquent taxes, penalty and interest subject to this contract actually collected and paid to the Collector of Taxes during the term of his contract, which Second Party is instrumental in collecting, including collection of taxes on property not appearing on the assessment rolls nor shown delinquent, but which would have been so shown had it been properly assessed, discovered by said Second Party, as and when collected, following the end of each month within the period of this contract, accordingly as the Collector makes up his

monthly reports. The percent of compensation here referred to shall be contingent upon the collection of such taxes as by Act of the Legislature are required to be collected. Should any remission of penalty and interest on taxes appearing on the delinquent records be made by legislative enactment effective during the period of this contract, the same shall not be collected nor commission allowed thereon. Also, ad valorem taxes, delinquent, levied against State-owned property for county and district purposes, the payment of which is to be taken care of by legislative appropriation provided for by Statute, are excluded from the provisions of this contract. Second Party shall not receive or collect any taxes, penalty or interest under this contract, but the same shall be paid to the Tax Assessor-Collector as other delinquent taxes.

IX.

This contract shall be in force from 1/1/ 19 81, to 12/31 19 81, both dates inclusive, (not to exceed beyond December 31, 1981, the end of the present administration of the Commissioners' Court), and at the expiration of said period this contract shall terminate, except the contractor shall be allowed six (6) months in which to prosecute to trial court judgment suits filed prior to 12/31 19 81, terminating date of this contract, and shall handle to conclusion all suits in which trial court judgments are obtained during the period of this contract and which are appealed by any party. Further, if the Parties execute a renewal or extension contract within 30 days after the above termination date, Second Party is entitled to the compensation provided in Section VIII for 30 days after the above expiration date. The Commissioners' Court and the State Property Tax Board shall have the right to sooner terminate this contract for cause, giving thirty (30) days written notice of such intention, with a statement of the cause or reasons for such termination, after giving Second Party a reasonable opportunity of explaining or rectifying the same. In case of such termination, Second Party shall be entitled to receive and retain all compensation due up to the date of said termination.

14

X.

Before any commissions are paid out under the terms of this contract, Second Party shall furnish a good and sufficient bond, payable to the County Judge and to his successors in office, in the sum of $500.00 Dollars, (not to be less than $250.00 accordingly as the Commissioners' Court deems just and proper) to be executed by a solvent surety company; or if executed by private parties, the bond shall be signed by at least three good and sufficient sureties owning unencumbered real estate subject to execution, of value equal to the amount of bond and conditioned upon the specific performance of the terms hereof, and further conditioned that he shall forthwith pay over to the Tax-Collector, or other persons justly entitled thereto, any money or commissions paid him by mistake, through error, or otherwise. Said bond shall be approved in open Commissioners' Court, signed by the County Judge, filed and recorded in the County Clerk's office, and a certified copy of same furnished to the State Property Tax Board.

XI.

At the end of each month, or as soon thereafter as the Tax Assessor-Collector shall have made up his report showing collections made for such month, the County Tax Assessor-Collector is hereby authorized and directed to deduct the above specified percent of said taxes, penalty and interest, or such amount as can be allowed under the penalty and interest restriction, to which Second Party is entitled, and to pay the same to him unless otherwise herein directed, and to take his receipt as provided for by the State Property Tax Board, which when received in the Board's office will be the Board's authority to allow said Tax Assessor-Collector credit for the amount so paid. The Tax Assessor-Collector, before complying with the provisions of this Section, shall first satisfy himself that the bond required of Second Party under the provisions of Section X of this contract has been approved and placed on record in the office of the County Clerk and that this contract has been approved by the State Property Tax Board and the Attorney General; and it is hereby further provided, that should any questions arise regarding commission or an

12

amount equal thereto, placing the same in escrow, and apply to the State and County, accordingly as they may be affected, for information and direction as to the proper amount of commission due to be allowed under the terms of this contract.

XII.

It is further agreed and understood that this contract is for personal services and is not transferable or assignable without the written consent and approval of First Party. It is also agreed that the Commissioners' Court of said county shall furnish suitable space in or near the courthouse, as convenient to the records of said county as may be, for the purpose of carrying out the obligations of this contract by Second Party.

XIII.

It shall be the duty of the Commissioners' Court and of all other officials of said county to cooperate with and render such reasonable assistance to said Second Party as the circumstances may require. Said assistance, however, is not to include the actual performance of the work herein designated to be performed by Second Party; and it being the duty of the County Attorney or of the District Attorney (where there is no County Attorney) to actively assist Second Party in the filing and pushing to a speedy conclusion all suits for the collection of delinquent taxes, it is hereby provided that where the County Attorney or District Attorney (where there is no County Attorney) shall fail or refuse to file and prosecute such suits in good faith, the Attorney prosecuting suits under this contract is here fully empowered and authorized to proceed with such suits without the joinder and assistance of said County or District Attorney. Second Party shall not become the purchaser of any property at tax sales under his contract, nor shall Second Party benefit directly or indirectly from the performance of this contract except to the extent of compensation provided in Paragraph VIII of this contract.

14

IN CONSIDERATION of the terms and compensation herein stated, the Second Party hereby accepts said employment and undertakes the performance of said contract as above written.

WITNESS the signature of all parties hereto in triplicate originals, this the 12 day of Jan., A.D. 1981, Fort Bend County, State of Texas.

This report is to advise you of legal services rendered to date under my contract with Fort Bend County on behalf of Sheriff Ervin Hurta.

On October 30, 1980, pre-trial conference was held in U. S. Magistrate Calivin Botley's chambers with Robert A. Jones, Attorney for Plaintiff. The conference consisted of procedures for discovery, consolidation of issues, pre-trial motions, preparation of pre-trial orders and preferential trial setting for February or March, 1981. 3 hrs.

Subsequently, conference was held with Robert A. Jones, Attorney for Plaintiff, on consolidation of issues previously discussed and other pre-trial motions. .5 hrs.

On November 5, 1980, preparation of a rough draft was made concerning a motion to dismiss the preliminary and permanent injunction portion of Plaintiff's lawsuit and a memorandum in support thereof. 4 hrs.

Further, research and writing was conducted on preparation of a motion to dismiss Plaintiff's entitlement to declaratory relief in a civil right action. 4 hrs.

On November 10, 1980, legal research and writing was conducted on substantive issues of respondent superior and Plainitff's right to attorney's fees and probability of assessing the same against the county. 5.5 hrs.

At this stage it appears that trial of some of the issues alleged in Plaintiff's petition will be held, through his probability of success is minimal.

I will continue to keep you advised on the progress of the case and submit reports of work completed. I have relocated my law office to the address indicated above. If you have any questions, please do not hesitate to call.

IN THE EVENT OF SUCH DELAY OR FAILURE, SELLER SHALL NOT BE OBLIGATED TO PURCHASE OR OBTAIN OTHER PRODUCTS OF THE KIND DELIVERABLE HEREUNDER, OR CRUDE PETROLEUM FROM WHICH SUCH PRODUCTS ARE DERIVED. NEITHER PARTY HERETO SHALL BE REQUIRED TO SETTLE STRIKES, DIFFERENCES WITH WORKMEN OR GOVERNMENT CLAIMS BY ACCEDING TO ANY DEMANDS WHEN IN THE DISCRETION OF THE PARTY WHOSE PERFORMANCE IS INTERFERED WITH, IT WOULD BE INADVISABLE TO ACCEDE TO SUCH DEMANDS.

(B) IF FOR ANY REASON SELLER'S SUPPLIES OF PRODUCT DELIVERABLE UNDER THIS AGREEMENT ARE INADEQUATE TO MEET SELLER'S CONTRACT OBLIGATIONS TO ITS CUSTOMERS FOR SUCH PRODUCTS, OR IF SELLER DETERMINES, IN ITS SOLE DISCRETION, IN CONSIDERATION OF THE UNCERTAINTIES OF WORLD-WIDE RAW MATERIAL AVAILABILITY THAT IT IS APPROPRIATE TO IMPOSE A PLAN OF ALLOCATION, THE OBLIGATIONS OF SELLER UNDER THIS AGREEMENT SHALL BE REDUCED AS SELLER MAY DETERMINE AS A PART OF A PLAN FOR ALLOCATION TO ITS CUSTOMERS. SELLER'S ALLOCATION PLAN SHALL INCLUDE THE FOLLOWING:

(1) SELLER'S "CUSTOMERS" FOR PRODUCTS OF THE KIND DELIVERABLE HEREUNDER SHALL BE DEEMED TO INCLUDE (I) PURCHASERS PURSUANT TO CURRENT CONTRACTS, (II) PURCHASERS WHOSE CONTRACTS HAVE EXPIRED WHERE SELLER, AT ITS SOLE OPTION, DETERMINES TO CONTINUE SALES, (III) PURCHASERS TO WHOM SALES HAVE BEEN MADE ON A REGULAR AND RECURRING BASIS TO WHOM CONTRACTS HAVE NOT BEEN SUBMITTED, AND (IV) NEW CUSTOMERS TO WHOM SELLER DETERMINES TO COMMENCE SELLING AT ITS SOLE OPTION.

(2) SELLER SHALL HAVE THE RIGHT TO GIVE PREFENCE IN ALLOCATION TO THOSE CUSTOMERS WHOSE NEEDS (INCLUDING RESELLERS WHO SELL FOR SIMILAR NEEDS) ARE RELATED TO (I) PROTECTION OF LIFE OR HEALTH, (II) PRODUCTION AND TRANSPORTATION OF FOOD AND ENERGY, (III) MASS TRANSPORTATION CUSTOMERS, AND (IV) NATIONAL DEFENSE.

(3) SELLER'S ALLOCATION PLANS MAY BE PUT INTO EFFECT ON SUCH GEOGRAPHICAL BASIS AS SELLER MAY DETERMINE, WITHOUT REGARD FOR THE SPECIFIC INVENTORY AT THE PLACE OR PLACES FROM WHICH PRODUCTS DELIVERABLE HEREUNDER ARE NORMALLY PRODUCED, SHIPPED OR DELIVERED.

(4) SELLER SHALL HAVE SOLE DISCRETION TO DETERMINE THE PROPORTIONS IN WHICH IT WILL MANUFACTURE VARIOUS PRODUCTS FROM THE RAW MATERIALS AVAILABLE TO IT AND TO DETERMINE THE LEVEL OF THE INVENTORIES WHICH IT MAINTAINS FOR ALL RAW MATERIALS AND ALL PRODUCTS. SELLER SHALL HAVE NO OBLIGATION TO PURCHASE OR OTHERWISE OBTAIN ADDITIONAL PRODUCTS OF THE KIND DELIVERABLE HEREUNDER OR RAW MATERIALS FROM WHICH SUCH PRODUCTS ARE DERIVED, BUT SELLER SHALL HAVE COMPLETE DISCRETION AS TO THE DISPOSITION MADE OF ANY RAW MATERIALS OR PRODUCTS WHICH SELLER MAY DETERMINE TO PURCHASE.

(5) SELLER'S ALLOCATION PLANS SHALL BE APPLIED AFTER MAKING PROVISIONS FOR SELLER'S OWN REQUIREMENTS FOR PRODUCTS OF THE KIND DELIVERABLE HEREUNDER FOR EXPLORING FOR, PRODUCING, MANUFACTURING AND TRANSPORTING ALL FORMS OF ENERGY, PETROLEUM, PETROCHEMICAL, MINING, AND ENERGY

PRODUCTS. IN THE CONTEXT OF THIS SUBSECTION "SELLER" SHALL INCLUDE EXXON CORPORATION AND ALL OF ITS DIVISIONS, SUBSIDIARIES, AND AFFILIATES WHETHER WHOLLY OR PARTIALLY CONTROLLED AND WHETHER DOMESTIC OR FOREIGN.

(C) SELLER SHALL BE UNDER NO OBLIGATION TO MAKE DELIVERIES HEREUNDER AT ANY TIME WHEN IN SELLER'S SOLE JUDGEMENT IT HAS REASON TO BELIEVE THAT THE MAKING OF SUCH DELIVERY WOULD BE LIKELY TO CAUSE STRIKES TO BE CALLED AGAINST IT OR CAUSE ITS PROPERTIES TO BE PICKETED.

(D) NEITHER BUYER NOR SELLER SHALL BE REQUIRED TO MAKE UP PERFORMANCE OMITTED ON ACCOUNT OF ANY OF THE CAUSES SET FORTH IN THIS SECTION.

10. COMPLIANCE WITH LAWS AND REGULATIONS: BUYER AGREES TO INDEMNIFY AND HOLD SELLER, ITS SUCCESSORS AND ASSIGNS, HARMLESS AGAINST ALL LOSSES, CLAIMS, CAUSES OF ACTION, PENALTIES AND LIABILITIES ARISING OUT OF BUYER'S FAILURE TO COMPLY WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND ORDERS, INCLUDING, BUT NOT LIMITED TO, THOSE GOVERNING DISPENSING EQUIPMENT, POLLUTION, THE MAXIMUM SULFUR CONTENT OF FUEL, THE MAXIMUM LEAD CONTENT OF MOTOR FUEL, AND THE LABELING OF PUMP STANDS AND DISPENSERS OF MOTOR FUEL, AND THE USE AND LABELING OF PRODUCT CONTAINERS, AND SUCH FAILURE OF COMPLIANCE SHALL ENTITLE SELLER TO TERMINATE THIS AGREEMENT IMMEDIATELY AS IT APPLIES TO THE PRODUCT(S) AFFECTED BY SUCH FAILURE.

11. SPECIFICATION CHANGES; PRODUCT DISCONTINUANCE: SELLER MAY IN ITS DISCRETION EITHER (A) CHANGE OR ALTER THE QUALITY OR SPECIFICATIONS OF ANY OF THE PRODUCTS COVERED BY THIS AGREEMENT, OR (B) DISCONTINUE THE MANUFACTURE OF ANY SUCH PRODUCTS. IF IN THE OPINION OF BUYER SUCH CHANGE OR ALTERATION MATERIALLY AFFECTS THE PERFORMANCE OF THE PRODUCTS FOR THE PURPOSE INTENDED BY BUYER, BUYER MAY TERMINATE THIS AGREEMENT AS TO ANY PRODUCT(S) SO AFFECTED. IN THE EVENT SPECIFICATIONS FOR ANY OF PRODUCTS COVERED BY THIS AGREEMENT ARE SPECIFICALLY SET FORTH HEREIN, SELLER SHALL GIVE BUYER 60 DAYS' WRITTEN NOTICE OF ANY PROPOSED CHANGE IN SUCH SPECIFICATIONS. IF SUCH PROPOSED CHANGE WOULD, IN THE OPINION OF BUYER, MATERIALLY AFFECT THE PERFORMANCE OF SUCH PRODUCTS FOR THE PURPOSES INTENDED BY BUYER, BUYER MAY TERMINATE THIS AGREEMENT AS TO SUCH PRODUCTS AFFECTED. SELLER SHALL GIVE BUYER 60 DAYS' WRITTEN NOTICE OF DISCONTINUANCE OF THE MANUFACTURE OF ANY PRODUCT(S) COVERED BY THIS AGREEMENT. THIS AGREEMENT SHALL TERMINATE AS TO SUCH PRODUCT(S) AT THE END OF SUCH SIXTY-DAY NOTICE PERIOD.

12. EXPRESS WARRANTIES; EXCLUSION OF OTHER WARRANTIES: SELLER WARRANTS (I) THAT THE PRODUCTS SUPPLIED HEREUNDER WILL CONFORM TO THE PROMISES AND AFFIRMATIONS OF FACT MADE IN SELLER'S CURRENT TECHNICAL LITERATURE, (II) THAT IT WILL CONVEY GOOD TITLE TO THE PRODUCTS SUPPLIED HEREUNDER, FREE OF ALL LIENS, (III) THAT THE PRODUCTS SUPPLIED HEREUNDER MEET SUCH SPECIFICATIONS AS HAVE BEEN EXPRESSLY MADE A PART OF THIS AGREEMENT, AND (IV) THAT THE PRODUCTS SUPPLIED HEREUNDER SHALL BE OF MERCHANTABLE QUALITY. THE FOREGOING WARRANTIES ARE EXCLUSIVE AND ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, ORAL OR IMPLIED. THE IMPLIED WARRANTY OF FITNESS FOR PARTICULAR PURPOSE IS EXPRESSLY EXCLUDED AND DISCLAIMED.

13. INSPECTION, CLAIMS AND LIABILITY: BUYER SHALL HAVE THE RIGHT, AT ITS EXPENSE, TO HAVE AN INSPECTION MADE AT DELIVERY POINT, PROVIDED SUCH INSPECTION SHALL NOT DELAY SHIPMENT. SHOULD BUYER FAIL TO MAKE INSPECTION, IT SHALL ACCEPT SELLER'S INSPECTION AND COUNT.

ANY CLAIM FOR DEFECT OR VARIANCE IN QUALITY OR SHORTAGE OF QUALITY SHALL BE MADE, AND SELLER SHALL BE NOTIFIED AND GIVEN AN OPPORTUNITY TO INSPECT, WITHIN FIVE DAYS AFTER PRODUCT(S) REACH THEIR DESTINATION, AND IN CASE OF DELIVERIES IN TANK CARS, THIS NOTICE AND OPPORTUNITY SHALL BE GIVEN PRIOR TO THE UNLOADING OF THE PRODUCT(S). FAILURE OF BUYER TO OBSERVE THIS PROVISION OR ANY ACTION BY BUYER WHICH IMPEDES IDENTIFICATION OF AN ALLEGED DEFECT SHALL OPERATE AS A WAIVER OF BUYER'S RIGHTS TO MAKE ANY SUCH CLAIM. BUYER ASSUMES ALL RISKS OF LOSSES THAT RESULT FROM THE USE OF THE PRODUCTS PURCHASED HEREUNDER WHETHER USED SINGLY OR IN COMBINATION WITH OTHER SUBSTANCES OR IN ANY PROCESS. SELLER SHALL NOT BE LIABLE, WHETHER AS TO GOODS DELIVERED OR FOR NONDELIVERY OF GOODS, FOR ANY EXEMPLARY OR SPECIAL DAMAGES, OR FOR CONSEQUENTIAL DAMAGES, EXCEPT FOR DAMAGES TO BUYER'S PROPERTY PROXIMATELY RESULTING FROM BREACH OF THE WARRANTIES CONTAINED HEREIN.

14. MODIFICATION, WAIVER, ASSIGNMENT AND TERMINATION: THIS AGREEMENT MAY BE MODIFIED OR RESCINDED ONLY BY A WRITING SIGNED BY BOTH PARTIES OR THEIR DULY AUTHORIZED AGENTS. NOTWITHSTANDING ANY PROVISION SET FORTH IN LATER PURCHASE ORDERS, THE TERMS OF THIS CONTRACT RATHER THAN THE PURCHASE ORDER TERMS SHALL PREVAIL.

NO WAIVER BY EITHER PARTY OF ANY BREACH OF ANY OF THE CONVENANTS OR CONDITIONS HEREIN CONTAINED TO BE PERFORMED BY THE OTHER PARTY SHALL BE CONSTRUED AS A WAIVER OF ANY SUCCEDING BREACH OF THE SAME OR ANY OTHER CONVENANT OR CONDITION.

THIS AGREEMENT IS NOT ASSIGNABLE OR TRANSFERABLE BY EITHER PARTY (OTHER THAN TO SUBSIDIARIES OR AFFILIATES OR BY MERGER) WITHOUT THE WRITTEN CONSENT OF THE OTHER.

THIS AGREEMENT TERMINATES AND SUPERSEDES ANY PRIOR AGREEMENT BETWEEN THE PARTIES HERETO, COVERING THE PURCHASE AND SALE OF PRODUCT(S) COVERED BY THIS AGREEMENT.

15. ENTIRE AGREEMENT: THIS WRITING IS INTENDED BY THE PARTIES TO BE THE FINAL EXPRESSION OF THEIR AGREEMENT AND IS ALSE INTENDED TO BE THE COMPLETE AND EXCLUSIVE STATEMENT OF THE TERMS OF THIS AGREEMENT. THERE ARE NO ORAL UNDERSTANDINGS, REPRESENTATIONS OR WARRANTIES AFFECTING IT.

16. NOTICES: ALL NOTICES REQUIRED OR PERMITTED BY THIS CONTRACT SHALL BE DEEMED TO HAVE BEEN PROPERLY GIVEN WHEN DELIVERED PERSONALLY OR SENT BY MAIL WITH ALL POSTAGE FULLY PREPAID TO THE PARTIES HERETO AT THE RESPECTIVE ADDRESS SET FORTH HEREIN OR AT SUCH OTHER ADDRESS AS MAY BE FURNISHED BY EITHER PARTY TO THE OTHER IN WRITING.

15 RE: RESOLUTION IN FAVOR OF HB-61 ENABLING COUNTIES TO RETAIN A LARGER SHARE OF VEHICLE LICENSE FEES WHICH ARE TO BE USED FOR MAINTENANCE AND CONSTRUCTION OF COUNTY ROADS:

On Motion of Commissioner Johnnie Pustka, seconded by Commissioner W. Lee Schmidt, and duly passed, the court passed the following resolution to support HB-61 enabling counties to retain a larger share of vehicle license fees which are to be used for maintenance and construction of county roads:

R E S O L U T I O N

W H E R E A S, since 1929 the Texas Legislature has authorized counties to retain the first $50,000 in motor vehicle registration fees and 50 percent of such fees thereafter until a maximum of $175,000 had been retained, and

W H E R E A S, said formula and said limitation is still in effect even though the fees collected have increased enormously, with no advantage to the counties, although the time and cost of collecting such fees has increased, and

W H E R E A S, the increased costs of operation and maintenance of County Road Precincts have placed an additional financial burden on the counties, and

W H E R E A S, in many cases, FORT BEND COUNTY is unable to adequately maintain existing roads or construct new roads, and

W H E R E A S, Representative Bill Haley has filed House Bill 61 in the 67th Texas Legislature to authorize counties to retain, in addition to the present $175,000, $350 per each mile of county roads up to $175,000 thereby raising the maximum for any one county to $350,000,

BE IT THEREFORE RESOLVED that the Commissioners Court of FORT BEND COUNTY on this day, February 23, 1981, heartily endorses House Bill 61 and respectfully recommends its passage by the 67th Texas Legislature.

BE IT FURTHER RESOLVED that copies of this resolution be sent to State Senator Mike Richards, State Representative Tom DeLay, and Governor Bill Clements.

The employees of Fort Bend County Emergency Medical Services are basically under an unique stituation compared to other departments in Fort Bend County, in that the E.M.S. Division must work with a full staff on a day to day basis. The Fort Bend County E.M.S. presently operates on a proposal of staffing 4 Emergency Advanced Life Support Ambulances to which we provide service in a 869 square mile area. These units are staffed by at least one Paramedic who is able to provide Advance Care and an Emergency Medical Tech. who acts as a chauffer and assistance in providing care before transport. The present scheduling of staff personnel require them to work 24 hour shifts every third day. Whenever, someone takes a Holiday or a Vacation day or calls in sick, unlike other county departments, The E.M.S. must find a replacement on a one-on-one
If this is not handled in this matter, than there would not be a properly staffed unit to respond to an Emergency Call.

According to past records the E.M.S. Personnel have been following the below listed Benefit Schedule: 11

A.) 12 Holidays per year = 24 hour periods (or) $75.00 Extra Pay
B.) 6 Vacation Days = 24 hour periods (or) No Pay Given
C.) 6 Sick Days = 24 hour periods (or) No Pay Given

TOTAL: 576 Hours (or a total of 24 Complete Shifts)/per year

The employee had the choice under the past Administration of either:

1.) Using Vacation Days before the end of the calendar year or loss them
2.) Take 24 hours off when taking a Holiday
3.) Working the Holiday and receiving $75.00 in extra pay at the end of the month that the Holiday fell in.

When an employee used any of his day off Benefits a replacement was paid $75.00 for working as a fill-in on shift or no one was used and the ambulance was operated with one person. Since most E.M.S. Staff Employees would not work due to having to work an Extra 24 Hour Shift for ½ the pay, Volunteers were paid the $75.00 to work. This however had its setbacks. Ther were as Follows:

A.) Emergency Care Attendants and Emergency Medical Attendants were used in placed of Paramedics: Therefore no Advanced Life Support could be provided.
B.) Part-time personnel would work when they wanted to, Making it very difficult to have consist reliable personnel at all times

For an E.M.S. Unit to be staffed with inadequately trained personnel, made it Impossible for ADVANCED LIFE SUPPORT MEASURES TO BE MADE AVAILABLE, therefore the citizens of Fort Bend County were the ones to SUFFER if they were to

use this service.

The need to establish an adequate Relief System is necessary, however, this a problem of its on. The present policy of the E.M.S. System under it's new Director requires that at least one Paramedic be staffed on each unit in order that Advanced Life Support Measures can be carried out when needed.

Fort Bend's County present Employee Benefit Plan is patterned to a 40 Hour work week which most County Employees except for a few exceptions are under. The E.M.S. System work week under the present schedule of 24 hour shifts makes the E.M.S. personnel work an average of 56 hours a week. If the present Benefit Plan was used to base Vacation and other Benefit days to the E.M.S. Employees it would make the Benefits as follows:

1.)	12 Holidays per year	=	8 hour periods	4 - 24 hour shifts
2.)	6 Vacation Days	=	8 hour periods	2 - 24 hour shifts
3.)	6 Sick Days	=	8 hour periods	2 - 24 hour shifts

TOTAL: 192 Hours (or a total of 8 Complete Shifts/per year)

At this point you should be able to understand why an E.M.S. Benefit Plan needs to be approved based on the difference, between the 40 hour work week employee and the 56 hour E.M.S. Employee.

I have contacted and reviewed many policies used by present E.M.S. Systems throughout the State of Texas. Most of the Public Safety Agencies that operate E.M.S. Systems are operated thru a Municipal Government, Fort Bend County is the second largest county operated E.M.S. System in the state. It is therefore only possible to compare Employee Benefits from that of a county operation, to that of a Municipal operation.

There is a basic Format utilize by by these agencies in computing of Employee pay per hour and time off benefits. This Format is as follows:

COMPUTATION OF SALARY:

A.) Annual Salary - Divide by 2,912 (2,912 = 56 hours X 52 weeks)

B.) Monthly Salary - Divide annual salary by 12

C.) Hourly Salary - Divide Annual salary by 2,912

** Time Off:

1.) Time off is based on a 8 hour/40 hour employee work week to a 12 hour/ 56 hour E.M.S. employee work week

2.) This a a 8 to 12 Ratio

3.) For each 8 hour vacation day or holiday or sick day that a 40 hr weekly employee takes/ An E.M.S. Employee would be given 12 hours for the same Benefit.

If the above plan was adopted for use by the Fort Bend County E.M.S. it would make the Employee Benefit Plan as Follows:

(**See attached Sheet)

(**Attached Sheet #1)

VACATIONS:

Permanent full-time employees are entitled to receive vacations with full pay. These vacations are provided to allow the employee recreation and rest from work performed during a specified period ot time. Vacations should be scheduled as far in advance as possible with the approval of the Director. Employees are not permitted to work their vacation time and receive pay in lieu of it, unless approved by the Commissioners Court.

1 - 5 YEARS OF SERVICE (5 work days per year)*
Computed at the approximate rate of 9.35 hours earned per month.
No vacation time for which the employee is eligible may be taken until the employee has at least been employed for six months.

5 - 10 YEARS of SERVICE (6 work days per year)*
Computed at the rate of 10.69 hours earned per month.

10 or more YEARS of SERVICE: (7½ work days per year)*
Computed at the approximate rate of 12.3 hours per month.

The Department Head is responsible for approving and arranging vacation time for employees and such time shall be based upon the department's workload and seniority within the department. 14

No more than three consecutive weeks of vacation may be taken without written approval of the Department Head. No More than fifteen days of vacation time can be carried over at the end of the calendar year.

Should any Holiday fall within a regular scheduled vacation period, the employee will receive benefit of the holiday by adding one day to the scheduled vacation time.

Accrued vacation time starts within the first month of employment of full-time employment.

Should any employee terminate employment with the county and should the employee have accrued vacation time to his credit, said employee shall be paid for accrued vacation time upon termination of his employment.

(*Work day comprised of a 24 hour period)

PROPOSED E.M.S. BENEFIT PLAN:

COMPUTATION OF SALARY :

A.) Annual Salary - Divide by 2,912 hours per year (2,912 = 56 hrs. X 52 weeks)

B.) Monthly Salary - Divide annual salary by 12

C.) Hourly Salary - Divide Annual Salary by 2,912

COMPUTATION OF TIME-OFF:

A.)	12 Holidays per year	=	12 hr. periods	6 - 24 hour shifts
B.)	10 Vacation Days	=	12 hr. periods	5 - 24 hour shifts
C.)	12 Sick Days	=	12 hr. periods	6 - 24 hour shifts

If the approval of the above Benefit Policy is given, it will give the E.M.S. Employees a policy that can only be changed by Fort Bend County Commissioner's Court. The present system (past system) has been set entirely by the Director of the E.M.S. and his discrestion of these policies.

I have presented the above Fort Bend County Emergency Medical Service's Benefit Plan for your study and review. It is my recommendation that you approve this benefit plan by ammending it in effect to the present Fort Bend County Employee Benefit Plan - so stated - E.M.S. Benefit Plan. (Retro-active January 1,1981.)

Respectfully Submitted,

Ron Wheeler, Director
Fort Bend County E.M.S.

HARRISON EQUIPMENT COMPANY, INC.

WHEREAS, pursuant to the Development Corporation Act of 1979, Article 5190.6, Vernon's Texas Civil Statutes (the "Act"), the Fort Bend County Industrial Development Corporation, a nonprofit corporation (the "Corporation"), has been duly created and approved by Fort Bend County, Texas (the "County");

WHEREAS, the Corporation, on behalf of the County is empowered to finance the cost of projects to promote and develop commercial, industrial, manufacturing, medical, and research enterprises to promote and encourage employment, the public health, and the public welfare by the issuance of obligations of the Corporation;

14

WHEREAS, Harrison Equipment Company, Inc. (the "Company") has filed an application, together with a letter dated August 25, 1980, amending same, all of which is attached hereto as Exhibit "A" and made a part hereof for all purposes (the "Application") requesting that the Corporation finance a project described in Application (the "Project") within the boundaries of the County, and further that the Corporation adopt this Resolution with respect to the acquisition, construction, and installation of the Project;

WHEREAS, the Company has advised the Corporation that a contributing factor which would further induce the Company to proceed with providing for the acquisition and construction of the Project would be a commitment and agreement by the Corporation to issue industrial development revenue bonds pursuant to the Act (the "Bonds") to finance and pay for the Project;

WHEREAS, in view of rising construction costs and the necessity of compliance with administrative regulations, it is considered essential that construction of the Project be completed at the earliest practicable date but, at the same time, the Company wishes to begin construction of the Project after satisfactory assurances from the Corporation that the proceeds of the sale of the Bonds, or other obligations, of the Corporation in an amount necessary to pay the costs of the Project will be made available to finance the Project;

Exhibit A

WHEREAS, the Corporation finds, intends, and declares that this Resolution shall constitute its official binding commitment, subject to the terms hereof, to issue Bonds, or other obligations, pursuant to the Act in an amount prescribed by the Company now contemplated to be up to $5,000,000 (but not to exceed $10,000,000 in any event) and to expend the proceeds thereof to acquire, construct, and install the Project and to pay all expenses and costs of the Corporation in connection with the issuance of the Bonds; and

WHEREAS, the Corporation finds, considers, and declares that the issuance and sale of the Bonds in the amount and for the purpose hereinabove set forth will be appropriate and consistent with the objectives of the Act, and that the adoption of this Resolution is and constitutes and is intended as (i) an inducement to the Corporation to proceed with providing for the acquisition and construction of the Project and (ii) the taking of affirmative official action by the Corporation, acting by and through its Board of Directors, towards the issuance of the Bonds within the meaning of federal income tax law with respect to interest on the Bonds to finance certain facilities to be financed by the issuance of exempt small issue bonds or exempt facilities, including Treas. Reg. §1.103-8(a)(5);

14

THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE FORT BEND COUNTY INDUSTRIAL DEVELOPMENT CORPORATION THAT:

Section 1. Subject to the terms hereof, the Corporation agrees that it will:

(b) Cooperate with the Company with respect to the issuance of the Bonds, and, if arrangements therefor satisfactory to the Company and the Corporation can be made, the Corporation will take such action and authorize the execution of such documents and will take such further action

as may be necessary or advisable for the authorization, execution, and delivery of any contracts or agreements deemed necessary or desirable by the Company or the Corporation in connection with the issuance of the Bonds (collectively, the "Contracts"), providing among other things for payment of the principal of, interest on, redemption premiums, paying agents' charges, and Trustee's fees, if any, on the Bonds; payment of fees and charges of the Corporation or the County; acquisition, construction, and improvement of the Project; payment of fines and penalties; and use, operation, and maintenance of the Project (and the execution of any appropriate and necessary guaranty agreements), all as shall be authorized, required, or permitted by law and as shall be mutually satisfactory to the Corporation, the County, and the Company.

(c) If the proceeds from the sale of the Bonds are insufficient, take such actions and execute such documents as may be necessary to permit the issuance from time to time in the future of additional bonds on terms which shall be set forth therein, whether on a parity with other series of bonds or otherwise, for the purpose of paying the costs of completing the acquisition, construction, and installation of the Project, as requested by the Company and within then applicable limitations.

(d) Take or cause to be taken such other actions as may be required to implement the aforesaid undertakings or as it may deem appropriate in pursuance thereof.

The Bonds shall specifically provide that neither the State of Texas, the County, nor any political corporation, subdivision, or agency of the State of Texas shall be obligated to pay the same or the interest thereon and that neither the faith and credit nor the taxing power of the State of Texas, the County, or any political corporation, subdivision, or agency thereof is pledged to the payment of the principal of, premium, if any, or interest on the Bonds.

Section 2. It is understood by the Corporation and the County, and the Company has represented to the Corporation, that in consideration of this Resolution and by

filing the Application, and subject to the terms and conditions hereof, the Company has agreed that:

(a) Prior to or contemporaneously with the sale of the Bonds in one or more series or issues from time to time as the Corporation and the Company shall hereafter agree to in writing, the Company will enter into the Contracts with the Corporation under the terms of which the Company will obligate itself to pay to the Corporation (or to a Trustee, as the case may be) sums sufficient in the aggregate to pay the principal of, interest on, redemption premiums, paying agents' fees, and Trustee's fees, if any, on the Bonds, as and when the same become due and payable, with such contract to contain the provisions described in Section 1 hereof and such other provisions as may be required or permitted by law and to be mutually acceptable to the Corporation and the Company.

(b) The Company will (i) pay all Project costs which are not or cannot be paid or reimbursed from the proceeds of the Bonds and (ii) at all times, indemnify and hold harmless the Corporation against all losses, costs, damages, expenses, and liabilities of whatsoever nature (including but not limited to attorneys' fees, litigation and court costs, amounts paid in settlement, and amounts paid to discharge judgments) directly or indirectly resulting from, arising out of or related to the issuance, offering, sale, or delivery of the Bonds, or the design, construction, installation, operation, use, occupancy, maintenance, or ownership of the Project.

14

Section 3. It is understood by the Corporation that all commitments of the Corporation and the Company with respect to the Project and the Bonds are subject to the condition that the Bonds shall have been issued no later than December 31, 1982, or such other date as shall be mutually satisfactory to the Corporation and the Company.

Section 4. The adoption of this Resolution, as requested in the Application, shall be deemed to constitute the acceptance of the Company's proposal that it be further

---

induced to proceed with providing the Project and the Application and this Resolution shall constitute an agreement between the Corporation and the Company effective on the date that this Resolution is adopted, and this Resolution is affirmative of official action taken by the Corporation towards the issuance of the Bonds.

default under any of the foregoing, or results in the creation or imposition of any prohibited lien, charge, or encumbrance whatsoever upon any of the property or assets of the User under the terms of any instrument or agreement.

(d) The User intends to cause the Project to be operated as a "project" as defined in Section 2(12) of the Act.

(i) The Project is in furtherance of the public purpose of the promotion and development of new and expanded industrial and manufacturing enterprises to promote and encourage employment and the public welfare.

ARTICLE III. THE PROJECT.

Section 3.1. Approvals and Permits. The Issuer and the User agree to use their best efforts to obtain the necessary approval of this Agreement and the Bonds by the Commission, as required by the Act, prior to the issuance of the Bonds. The User

agrees to obtain all other permits necessary with respect to the acquisition, construction, reconstruction, improvement, or expansion, as the case may be, of the Project.

Section 3.2. Agreement to Acquire, Construct, Reconstruct, Improve, and Expand. The User agrees that it will cause the acquisition, construction, reconstruction, improvement, and expansion, as the case may be, of the Project to be completed with due diligence substantially in accordance with the Plans and Specifications and in general do all things which may be requisite or proper therefor. It is agreed and understood that the User has entered into and executed all agreements and contracts necessary to assure and accomplish the actual providing of the Project and that the Issuer shall not execute any such agreements or contracts, the User will carry out, pay, supervise, and enforce all such agreements and contracts; and the User will provide for such insurance on and in connection with the providing of the Project as it deems necessary or advisable or as is required by law. The User and the Issuer agree that the Issuer shall have no interest in the legal title to the Project; however, the Issuer recognizes that the User has executed and delivered a Deed of Trust and Security Agreement, together with certain Uniform Commercial Code filings covering the Project, in favor of the Trustee which the Trustee may realize upon if an Event of Default under the Indenture occurs.

The User agrees to use its best efforts to cause acquisition, construction, reconstruction, improvement, and expansion, as the case may be, of the Project to be completed substantially in accordance with the Plans and Specifications as soon as practicable; but, if for any reason such acquisition, construction, reconstruction, improvement, and expansion, as the case may be, is delayed or not completed, there shall be no diminution in or postponement of Loan Payments or any other payments to be made by the User pursuant to this Agreement.

Section 3.3. Changes in Plans and Specifications. The User may make changes in, additions to, or deletions from the Plans and Specifications the total cost of which does not exceed $500,000 without prior consultation with the Issuer. After changes in, additions to, or deletions from the Plans and Specifications exceed $500,000, further changes in, additions to, or deletions from the Plans and Specifications may be made without prior consultation with the Issuer, only with the consent of the Trustee and only if (a) after such changes, additions, or deletions the Project shall continue to be land or property of a character subject to depreciation as contemplated by section 103(b)(6) of the Code; (b) the Project shall continue to

constitute facilities of the type which may be financed by the Issuer under the Act; (c) any required approvals of such changes, additions, or deletions have been obtained from any governmental agencies having jurisdiction; and (d) there shall be filed with the Issuer and the Trustee a written opinion of nationally recognized bond counsel selected by the Issuer that such changes, additions, or deletions will not (i) result in the inclusion of interest on any Bond in the gross income (as defined in Section 61 of the Code) of the holder thereof (other than a holder who is a substantial user of the Project or a related person as described in section 103(b) of the Code) or (ii) change the status of the Project under the Act.

Section 3.4. Disbursements from Project Fund. The Issuer has, in the Indenture, authorized and directed the Trustee to make payments from the Project Fund to the User. Such payments shall be made to the User by the Trustee upon receipt of a requisition, with a duplicate sent to the Issuer, signed by the User Representative stating: (a) the requisition number; (b) the amount to be paid; (c) that each obligation mentioned therein has been properly incurred, is a proper charge against the Project Fund, is unpaid or not reimbursed to the User, and has not been the basis of any previous withdrawal or payment; (d) that the payment of the amount requested will not result in a breach of any of the covenants of the User contained in this Agreement, including particularly the covenants contained in Sections 6.6, 6.9, and 6.10 hereof; and (e) if the requisition represents payment for equipment or any fixture owned by the Guarantor or otherwise not the subject of a security interest in favor of the Trustee, a properly executed and filed security agreement and Uniform Commercial Code filing shall accompany the requisition. The Issuer and the Trustee may rely fully on any requisition delivered pursuant to this Section 3.4 and shall not be required to make any investigation in connection therewith; provided, however, that duly authorized representatives of the Issuer may inspect the invoices, statements, and related materials which are the basis for the User's requisition for payment at reasonable times. All records of Project Costs paid or incurred by the User shall, upon the request of the Issuer, be subject to audit by the Issuer's auditors. If amounts paid by the Trustee with respect to the Project exceed the Project Costs paid or incurred by the User, the User shall promptly pay such overpayment to the Trustee for deposit into the Project Fund.

Section 3.5. Inspection of the Project. The User agrees that the Issuer and its duly authorized agents may, at their own risk, at reasonable times as determined by the User, enter upon the Project Site and examine and inspect the Project and, upon the occurrence of an Event of Default, the books and records of the User with respect to the Project.

Section 3.6. Establishment of Completion Date. The Completion Date shall be evidenced to the Trustee by a certificate signed by the User Representative stating that, except for amounts specified therein by the User to be retained by the Trustee for any amount of any Project Costs not then due and payable or the liability for payment of which is being contested or disputed by the User, the acquisition, construction, reconstruction, improvement, or expansion, as the case may be, of the Project has been completed substantially in accordance with the Plans and Specifications and all labor, services, materials, and supplies used in such construction have been fully paid and all costs and expenses incurred in connection therewith have been paid. Notwithstanding the foregoing, such certificate shall state that it is given without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being.

Section 3.7. Maintenance and Operation. The User undertakes to cause each item of the Project Facilities to be maintained and operated so long as the operation of each such item in the sole judgment of the User is economical, lawful, and feasible and in accordance with good operating practice. The User agrees that during the term of this Agreement it will pay any costs of operating, maintaining, and repairing the Project and that the Issuer shall have no responsibility or liability whatsoever for operating, maintaining, and repairing the Project.

14

Section 3.8. Insurance.

(a) The User shall insure, including self-insurance, the Project against such losses and in such amounts as is customary for persons engaged in the same business as the User and operating facilities similar to the Project.

(b) The proceeds of any fire or casualty loss shall be paid to the Trustee. If such insurance proceeds are to be used to repair or rebuild the Project, such proceeds shall be placed into the Project Fund, and requisitions as described in Section 3.4 hereof shall be made against the Project Fund (including insurance proceeds) therefor. If insurance proceeds are not to be used to repair or rebuild the Project, such proceeds shall be placed into the Bond Fund and, to the extent possible, used by the Trustee to redeem Series 1981 Bonds in inverse numerical order at the principal amount thereof with accrued interest to such redemption.

Section 3.9. User Required to Pay in Event Project Fund Insufficient. In the event the moneys in the Project Fund (including any proceeds of Additional Bonds) available for payment of the Project Costs should not be sufficient to pay the Project Costs in full, the User agrees to complete the Project and to pay all Project Costs in excess of the moneys available therefor in the Project Fund. The Issuer does not make any warranty, either express or implied, that the moneys paid into the Project Fund and available for payment of the Project Costs will be sufficient to reimburse the User for all Project Costs. The User agrees that if, after exhaustion of the moneys in the Project Fund, the User should directly pay all Project Costs pursuant to the provisions of this Section, it shall not be entitled to any diminution or abatement of the payment of Loan Payments or any other amounts payable under this Agreement, but when and if any Additional Bonds are issued, such payments may be reimbursed to the User from the proceeds thereof.

ARTICLE IV. THE BONDS.

Section 4.1. Consideration for the Bonds. In consideration of the covenants and agreements set forth herein and the mutual benefits to the parties hereto, and to enable the Issuer to issue the Bonds to carry out the intents and purposes hereof, this Agreement is executed to assure the issuance of the Bonds, and to provide for the due and punctual payment by the User of the Loan Payments to the Trustee as assignee of the Issuer and for the benefit of the Issuer and the holder of any Bond.

14

Section 4.2. Issuance of Bonds. Upon the request of the User, the Issuer shall, if and as it deems reasonably necessary or advisable, authorize the issuance of, and use its best efforts to sell and deliver, the Bonds in amounts sufficient to finance the Project Costs. The Indenture shall provide for payment of Loan Payments to the Trustee by the User and may provide for additional obligations to be performed by the User. The Indenture shall be subject to the written approval of any general partner of the User, and the provisions of the Indenture shall not be binding or effective upon the User unless and until such approval is given. Such approval, if and when given, shall constitute the acknowledgment and agreement of the User that the Bonds are to be issued in accordance and compliance with this Agreement, notwithstanding any other provision of this Agreement or any other agreement to the contrary. Any holder of the Bonds is entitled to rely fully and unconditionally on any such approval. Notwithstanding any provisions of this Agreement or any other agreement to the contrary, if and when any general partner of the User gives written approval to the Indenture, all covenants and

provisions in the Indenture affecting the User shall, upon the delivery of the Bonds authorized by the Indenture, become unconditional, valid, and binding covenants and obligations of the User so long as such Bonds and interest coupons appertaining thereto are outstanding. Particularly, the obligation of the User to pay promptly when due all Loan Payments may be enforced as provided in the Indenture regardless of any other provisions of this Agreement or any other agreement. If any such written approval of the Indenture is given by any general partner of the User, such approval shall constitute and be the equivalent of the approval of the Indenture by the User and all its partners, and the provisions of the Indenture affecting the User shall constitute the unconditional obligations of, and be binding upon, the User with the effect described above.

Section 4.3. Certain Approvals. After written approval by the User of the Indenture (including supplemental indentures), the Issuer shall not refund, redeem prior to their scheduled maturities, change, or modify the Bonds issued thereunder, or change or modify the Indenture, except as provided therein, without the prior written approval of any general partner of the User. 14

Section 4.4. Redemption of Bonds. The Issuer, upon the written request of the User, provided that the Bonds are then callable, shall forthwith take all steps that may be necessary under the applicable redemption provisions to effect redemption, using funds then on deposit in the Bond Fund, or other funds made available by the User, of all or part of the then outstanding Bonds, as may be specified by the User, on the earliest date on which such redemption may be made under such applicable provisions; provided that the redemption of any outstanding Bonds prior to maturity at any time shall not relieve the User of its unconditional obligations to pay each remaining Loan Payment. Upon the occurrence of any event specifically listed in the Indenture requiring redemption of the Bonds, the Issuer, upon payment by the User of all Loan Payments necessary therefor, shall forthwith take all steps necessary to effect such redemption.

ARTICLE V. LOAN AND PROVISIONS FOR PAYMENT.

Section 5.1. Loan. In order to finance the Project, the Issuer shall, from time to time, loan to the User the proceeds of the Bonds as provided in Section 3.4 hereof. Such proceeds shall be disbursed and applied in accordance with Article III hereof.

Section 5.2. Payments of Loan Payments. In consideration of the loan to it of proceeds of the Bonds and of the covenants and agreements set forth herein, the User agrees to pay Loan Payments to the Trustee, for the benefit of and as assignee of the Issuer, as the case may be, not later than the close of business on the business day next preceding the date when due, for deposit in the Bond Fund, all as required by the Indenture. The Loan Payments shall be sufficient to pay, when due (whether at stated maturity, upon redemption prior to maturity, upon acceleration of stated maturity, or otherwise), the principal of, premium, if any, and interest on the Bonds, and, to the extent permitted by law, interest on any overdue payments. If at the date any payment on the Bonds is due there are any moneys in the Bond Fund available for such payment, such moneys shall be credited against Loan Payments then due. The User shall not be obligated to make any further payments of Loan Payments under this Section at such time as the entire principal of, premium, if any, and interest on the Bonds shall have been fully paid in accordance with their terms, or provision therefor made in accordance with the Indenture. In the event the User shall fail to make any of the payments required in this Section 5.2 with respect to any series of Bonds, the payment so in default shall continue as an obligation of the User until the amount of default shall have been fully paid and the User will pay interest on any overdue principal and on any overdue interest, at the rate per annum which is equal to the rate per annum borne by the Bonds, to the extent permitted by law, at the rate per annum specified in the Indenture for such overdue payments. Anything herein contained, or in the Bonds or any interest coupons appertaining thereto, to the contrary notwithstanding, any provision for interest, premium, or payments in the nature of interest shall not exceed, and shall be subject to reduction to the amount allowed under the usury laws of the State of Texas as now or hereafter construed by courts having jurisdiction, and it is agreed that in no event shall usury be paid, collected, or contracted for.

14

Section 5.3. Prepayments of Loan Payments. The User shall have the right to make prepayments of Loan Payments at any time and the Trustee shall be authorized to receive the same for deposit into the Bond Fund. Any prepayment by the User shall not relieve it of liability for each remaining Loan Payment as provided in this Agreement and the Indenture. If all or any part of the Bonds are called for redemption in accordance with the Indenture or become subject to mandatory redemption, the User shall prepay Loan Payments sufficient to pay and redeem such Bonds on the date fixed for redemption.

Section 5.4. Payment of Trustee and Paying Agent. The User will promptly pay the reasonable and necessary fees and charges of the Trustee and any paying agents under this Indenture, such fees and charges to be paid directly to the Trustee or any paying agents for its or their own account as and when such fees and charges become due and payable, and any expenses in connection with any redemption of the Bonds.

Section 5.5. Loan Payments Assigned. It is understood and agreed that the Loan Payments to be made by the User pursuant to this Agreement and certain rights of the Issuer hereunder are pledged and assigned by the Issuer to the Trustee pursuant to the Indenture. The Issuer hereby directs the User and the User hereby agrees to pay to the Trustee the Loan Payments so assigned.

Section 5.6. Obligations of User Unconditional. The obligations of the User to pay Loan Payments, to make the other payments pursuant to this Agreement, and to perform and observe the other agreements and covenants on its part contained herein shall be absolute and unconditional and shall not be subject to any diminution, abatement, set-off, or counterclaim. Until such time as the principal of, premium, if any, and interest on the Bonds shall have been fully paid or provision for the payment thereof shall have been made in accordance with the Indenture, the User (a) shall not suspend or discontinue payment of Loan Payments or any other payments pursuant to this Agreement, (b) shall perform and observe all its agreements contained in this Agreement, and (c) except as provided in Section 6.3 hereof, shall not terminate this Agreement for any cause. The User hereby waives, to the extent permitted by applicable law, any and all rights which it may now have or which at any time hereafter may be conferred upon it, by statute or otherwise, to terminate, cancel, or limit its liability under this Agreement, except in accordance with the express terms hereof. The holders of the Bonds shall be entitled to rely upon the agreements, covenants, and representations in this Section 5.6, notwithstanding any provisions of this Agreement or any other agreement to the contrary and regardless of the validity of, or the performance of, the remainder of the Agreement or any other agreement.

14

ARTICLE VI. SPECIAL COVENANTS.

Section 6.1. No Liability of Issuer. Any obligation of the Issuer, created by or arising out of this Agreement, including the Bonds, shall not impose a debt or pecuniary liability upon the State of Texas, or of any other political corporation, subdivision, or agency thereof, or a pledge of the faith and

credit of any of the foregoing, but shall be payable solely out of revenues and receipts derived hereunder except (as provided in the Indenture and in this Agreement) to the extent paid out of moneys attributable to the proceeds of the sale of the Bonds or the income from the investment thereof.

Neither the issuance of the Bonds nor the delivery of this Agreement shall, directly or indirectly or contingently, obligate the State of Texas or any political subdivision thereof to levy any form of taxation therefor or to make any appropriation for their payment. Nothing in the Bonds or the coupons appertaining to the coupon Bonds or in the Indenture or this Agreement or the proceedings of the Issuer authorizing the Bonds or in the Act shall be construed to authorize the Issuer to create a debt of the State of Texas or any political subdivision thereof within the meaning of any constitutional or statutory provision of the State of Texas. The principal, premium, if any, and interest on the Bonds shall be payable solely from the funds pledged for their payment in accordance with the Indenture. The State of Texas or any political subdivision thereof shall not in any event be liable for the payment of the principal of, or premium, if any, or interest on the Bonds or for the performance of any pledge, obligation, or agreement of any kind whatsoever which may be undertaken by the Issuer. No breach of any such pledge, obligation, or agreement may impose any pecuniary liability upon the State of Texas or any political subdivision thereof, or any charge upon the general credit or against the taxing power of the State of Texas or any political subdivision thereof.

14

Section 6.2. Financial Reports. The User shall cause an annual audit of its books and accounts to be made by independent certified public accountants and within 30 days after receipt of the report of such accountants, shall furnish the Issuer and the Trustee a copy of such audit report. The User shall furnish to the Issuer, the Trustee, any holder of Bonds who requests such information, and Underwood, Neuhaus & Co. Incorporated a copy of its quarterly unaudited financial statements. The timely furnishing of the above described information by the Guarantor shall satisfy the obligations of the User under this Section 6.2.

Section 6.3. Existence of the User. While any of the Bonds remain outstanding, the User shall maintain its existence and qualification to do business in the State of Texas and shall not incorporate or having incorporated merge or consolidate with any other corporation or sell or dispose of all or substantially all of its assets, unless (a) either the User having incorporated shall be the surviving corporation, in the case of a merger, or the surviving, resulting, or transferee corporation, as the case

may be, shall be a corporation organized and existing under the laws of the United States of America or a state thereof and shall expressly and unconditionally assume, in a written instrument delivered to the Issuer and the Trustee, the punctual performance and observance of all of the covenants and conditions of this Agreement to be performed by the User; (b) the User or such surviving, resulting, or transferee corporation, as the case may be, shall not, immediately after such merger or consolidation, or sale or disposition, be in default in the performance of any covenant or condition hereunder; (c) the surviving, resulting, or transferee corporation, as the case may be, shall be a Texas corporation or shall be duly authorized to transact business in the State of Texas; and (d) the User or such surviving, resulting or transferee corporation, as the case may be, shall have a net worth at least equal to the net worth of the User immediately preceding such merger or consolidation, or sale or disposition, with net worth being determined in accordance with generally accepted accounting principles.

Section 6.4. Assignment. Subject to Section 6.3 hereof, this Agreement may be assigned as a whole or in part, by the User without the necessity of obtaining the consent of either the Issuer or the Trustee, subject, however, to each of the following conditions: 14

(a) No assignment (other than pursuant to Section 6.3 hereof) shall relieve the User from primary liability for any of its obligations hereunder, and, in the event of any such assignment, the User shall remain primarily liable for payments of the Loan Payments and for performance and observance of the other agreements on its part herein provided to be performed and observed to the same extent as though no assignment had been made;

(b) The assignee shall assume the obligations of the User hereunder to the extent of the interest assigned; and

(c) The User shall promptly upon the making of any assignment, furnish or cause to be furnished to the Issuer and to the Trustee a true and complete copy of each such assignment and assumption of obligation.

Section 6.5. Further Assurances and Corrective Instruments. The Issuer and the User agree that they will, from time to time, execute, acknowledge, and deliver, or cause to be executed, acknowledged, and delivered, such supplements hereto and such further instruments as may reasonably be required for carrying out the intention of or facilitating the performance of this Agreement and the Indenture.

Section 6.6. Tax Exempt Status of the Bonds. The User hereby covenants that substantially all of the proceeds of the Bods will be used to pay Project Costs which constitute proper costs of land or property of a character subject to the allowance for depreciation as contemplated by section 103(b)(6) of the Code and that it has not taken, permitted to be taken, or omit to take any action which would cause the interest on the Bonds to become includable in the gross income (as defined in section 61 of the Code) of the holders of the Bonds (other than a holder who is a substantial user of the Project or related person as described in section 103(b) of the Code).

Section 6.7. Issuer Representative. Whenever under the provisions of this Agreement the approval of the Issuer is required or the Issuer is required to take some action at the request of the User, any such approval or action shall be evidenced by an instrument signed by the Issuer Representative, and the User or the Trustee shall be authorized to act on any such approval or action, and the Issuer shall have no redress against the User or the Trustee as a result of any such action taken.

14

Section 6.8. User Representative. Whenever under the provisions of this Agreement the approval of the User is required or the User is required to take some action at the request of the Issuer, such approval or such action shall be evidenced by an instrument signed by the User Representative and the Issuer or the Trustee shall be authorized to act on any such approval or action and the User shall have no redress against the Issuer or the Trustee as a result of any such action taken.

Section 6.9. No-Arbitrage Covenant. The User and the Issuer covenant that they shall take no action, nor shall the User approve the Trustee's taking any action or making any investment or use of the proceeds of the Bonds, which would cause the Bonds to be "arbitrage bonds" in the hands of any holder thereof within the meaning of section 103(c) of the Code.

Section 6.10. Limitation on Capital Expenditures. The User will not take any action or fail to take any action which would result in the limitations on "capital expenditures," within the meaning of section 103(b)(6) of the Code, to be exceeded. In each of the first four fiscal years following the User's fiscal year in which the Bonds are issued, the User shall file, in the office of the Internal Revenue Service where the User is required to file its federal income tax return and on the due date prescribed for filing such return (without regard to any extension of time), a supplemental statement listing by date and amount any capital expenditures made by the User and all related persons in Fort Bend County, Texas, in the preceding year, as required by the Regulations and shall furnish a copy of such statement to the Issuer and the Trustee.

Section 6.11. Release and Indemnification. The User will indemnify and hold harmless the Issuer, its officers, members, and employees against all loss, costs, damages, expenses, and liabilities of whatsoever nature (including but not limited to attorney's fees, litigation and court costs, amounts paid in settlement, and amounts paid to discharge judgments) arising out of or related to (a) the issuance, offering, sale, or delivery of the Bonds; or (b) the design, construction, installation, operation, use, occupancy, maintaining, or ownership of the Project (including compliance with laws, ordinances, and rules and regulations of public authorities relating thereto); and (c) arising at any time because of or in connection with any written statements or representations made or given by it, or any of its officers or employees, to the Issuer, its Board of Directors, officers, employees, agents, or attorneys, any Trustee, or any underwriters or purchasers of any of the Bonds, with respect to the User, the Project, or the Bonds, including, but not limited to statements or representations of facts, financial information, or partnership affairs. The User will also pay and discharge and will indemnify and hold harmless the Issuer from (y) any lien or charge upon payments by the User to the Issuer hereunder, and (z) any taxes (including, without limitation, all ad valorem taxes and sales taxes on the Project and the providing thereof), assessments, impositions, and other charges in respect of any portion of the Project. If any such claim is asserted, or any such lien or charge upon payments, or any such taxes, assessments, impositions, or other charges, are sought to be imposed, the Issuer will give prompt notice to the User, and the User shall have the sole right and duty to assume, and will assume, the defense thereof, with full power to litigate, compromise, or settle the same in its sole discretion.

14

Section 6.12. Notice of Final Determination. In the event that the User receives notice from the Trustee pursuant to Section 2.07 of the Indenture that a proceeding which could lead to a Determination of Taxability and extraordinary mandatory redemption of Bonds as contemplated by such Section has been instituted against a holder of any Bond, the User shall promptly notify the Trustee and the Issuer whether or not it intends to contest such proceeding. In the event that the User chooses to so contest, it will use its best efforts to obtain a prompt final determination or decision in such proceeding or litigation and will keep the Trustee and the Issuer informed of the progress of any such proceeding or litigation.

ARTICLE VII. EVENTS OF DEFAULT AND REMEDIES.

Section 7.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the terms "Events of Default" shall mean, whenever they are used in this Agreement, any one or more of the following events:

(a) Failure by the User to pay the Loan Payments when due.

(b) Failure by the User to observe and perform any covenant, condition, or agreement on its part to be observed or performed, other than as referred to in subsection (a) of this Section, or failure to remedy any material misrepresentation or comply with any warranty made in this Agreement for a period of 60 days after written notice, specifying such failure and requesting that it be remedied, is given to the User by the Issuer or the Trustee, unless the Issuer and the Trustee shall agree in writing to an extention of such time prior to its expiration; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, the Issuer and the Trustee will not unreasonably withhold their consent to an extension of such time if corrective action is instituted by the User within the applicable period and is being diligently pursued.

14

(c) The dissolution or liquidation of the User or the filing by the User of a voluntary petition in bankruptcy, or adjudication of the User as bankrupt, or an assignment by the User for the benefit of its creditors, or the entry by the User into an agreement of composition with its creditors, or the approval by a court of competent jurisdiction of a petition applicable to the User in any proceeding for its reorganization instituted under the provisions of the Federal Bankruptcy Act, as amended, or under any similar act which may hereafter be enacted. The term "dissolution or liquidation," as used in this subsection, shall not be construed to include the cessation of the existence if the User by the combination or merger of the User of it were formed as a corporation into or with another corporation or a dissolution or liquidation of the User following a transfer of all or substantially all of its assets as an entirety, under the conditions permitting such actions contained in Section 6.3 hereof.

The foregoing provisions of Section 7.1(b) and (c) are subject to the following limitations: If by reason of Force Majeure the User is unable in whole or in part to carry out its agreements herein contained, other than the obligations on the part of the User contained in Article V hereof, the User shall not be deemed in default during the continuance of such inability. The User agrees, however, to remedy with all reasonable dispatch the cause or causes preventing the User from carrying out its agreements; provided, however, that the settlement of strikes, lockouts and other industrial disturbances shall be entirely within the discretion of the User, and the User shall not be required to make settlement of strikes, lockouts, and other industrial disturbances by acceding to the demands of the opposing party or parties when such course is in the judgment of the User unfavorable to the User.

Section 7.2. Remedies Upon Events of Default. Whenever any Event of Default shall have happened and be continuing, the Issuer may take any one or more of the following remedial steps:

(a) By written notice to the User the Issuer may declare all unpaid indebtedness hereunder to be immediately due and payable, whereupon the same shall become immediately due and payable. The term "all unpaid indebtedness" shall mean Loan Payments in an amount equal to the principal of, and premium, if any, on all Bonds then outstanding and interest accrued thereon and to accrue thereon to the date of receipt by the Trustee of such moneys, and other payments due or to become due hereunder, including without limitation, any unpaid fees and expenses of the Trustee and paying agents, if any, for the Bonds which are then or will become due prior to the time that the Bonds are paid in full.

(b) The Issuer may take whatever action at law or in equity may appear necessary or desirable to collect the amounts then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement, or covenant of the User under this Agreement.

The above remedies are not intended, however, to restrict or otherwise affect any remedy the Trustee may have pursuant to any deed of trust or security instrument, which remedies are expressly made cumulative of the remedies contained herein.

Section 7.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the Issuer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to

time and as often as may be deemed expedient. In order to entitle the Issuer to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice other than such notice as may be herein expressly required.

Section 7.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Section 7.5. Remedial Rights Assigned to Trustee. Such rights and remedies as are given the Issuer hereunder shall upon execution and delivery of the Indenture be assigned to the Trustee, and the Trustee shall have the right to exercise such rights and remedies in the same manner and under the limitations and conditions that the Trustee is entitled to exercise rights and remedies upon the occurrence of an Event of Default pursuant to Article VI of the Indenture.

14

ARTICLE VIII. MISCELLANEOUS.

Section 8.1. Term of Agreement. This Agreement shall remain in full force and effect from the date hereof until such time as all of the Bonds shall have been fully paid (or provision made for such payment pursuant to the Indenture). Notwithstanding anything herein to the contrary, however, this Agreement shall be considered null and void ab initio six months from the date hereof, or such later date mutually agreed upon by the User and the Issuer, if there has been no sale of Bonds as contemplated herein by such date.

Section 8.3. Binding Effect. This Agreement shall inure to the benefit of and shall be binding upon the Issuer, the User, and their respective successors and assigns, subject, however, to the limitations contained in Sections 6.3 and 6.4 hereof.

Section 8.4. Severability. In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

Section 8.5. Amounts Remaining in Bond Fund or Project Fund. It is agreed by the parties hereto that any amounts remaining in the Bond Fund or Project Fund upon expiration or sooner termination of the term of this Agreement, after payment in full of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) and the reasonable and necessary fees and expenses of the Trustee and any paying agents in accordance with the Indenture, shall belong to and be paid to the User by the Trustee.

Section 8.6. Amendments, Changes, and Modifications. Subsequent to the issuance of Bonds and prior to their payment in full (or provision for the payment thereof having been made in accordance with the provisions of the Indenture), this Agreement may not be amended except in accordance with the procedures set forth in the Indenture for the amendment of the Indenture; provided, however, that this Agreement may not be amended, without the consent of the holder of each outstanding Bond affected thereby, so as to:

(a) alter the obligation of the User to pay Loan Payments when due;

(b) change or affect Sections 5.2, 5.3, 6.3, 6.6., 6.9, and 6.10 hereof;

(c) terminate or cancel this Agreement; or

(d) decrease the minimum percentage of the principal amount of the Bonds the holders of which must consent to any such amendment.

Section 8.8. Captions. The captions or headings in this Agreement are for convenience only and in no way define, limit, or describe the scope or intent of any provisions or sections of this Agreement.

Section 8.9. No Pecuniary Liability of Issuer. No provision, covenant, or agreement contained in this Agreement or breach thereof shall constitute or give rise to a pecuniary liability of the Issuer or a charge upon its general credit. In making such provisions, covenants, or agreements, the Issuer has not obligated itself, except with respect to the Project and the application of the revenues of this Agreement, as hereinabove provided. It is recognized that the Issuer's only source of funds with which to carry out its commitments under this Agreement will be from the proceeds from the sale of the Bonds; and it is expressly agreed that the Issuer shall have no liability, obligation, or responsibility with respect to this Agreement or the Project except to the extent of funds available from such Bond proceeds.

14

Section 8.10. Payments Due on Holidays. If the date for making any payment or the last date for performance of any act or the exercise of any right, as provided in this Agreement, shall be a legal holiday or a day on which banking institutions in the city in which the principal office of the Trustee is located are authorized by law to remain closed, such payment may be made, act performed, or right exercised on the next succeeding day not a legal holiday or a day on which such banking institutions are authorized by law to remain closed with the same force and effect as if done on the date provided in this Agreement, and if done on such succeeding day no interest shall accrue for the period after such date.

Section 8.11. Payment of Issuer Expenses. The User and the Guarantor have previously paid $20,000 to the Issuer as an advance against its costs to be incurred for professional services in reviewing legal and fiscal matters relating to the transaction contemplated hereby. Any unused portion of this sum will be refunded to the Guarantor; however, if such sum is insufficient to cover reasonable legal and fiscal advisory fees incurred by the Issuer in reviewing the transaction contemplated hereby and all matters relating thereto, the User agrees to reimburse the Issuer for such additional fees.

Section 8.12. Status of Parties' Relationship. Nothing in this Agreement shall be construed to make either party the partner or joint venturer of or with the other party.

IN WITNESS WHEREOF, the Issuer and the User have caused this Agreement to be executed in their respective names all as of the date first written.

February 27, 1981

Commissioners Court of Fort Bend County;

On December 1, 1977, I began duties as Landfill Director for Fort Bend County. I have strived to set up and operate the best possible landfill at the least possible cost for Fort Bend County.I feel we have reached a point where our landfill is one of the better ones in the Gulf Coast area.

Thus it is with regrets that I turn in my resignation from the post of Landfill Director effective March 31,1981. I am resigning because I feel my future will best be served in alternate career interests. Included in this is the furthering of my education.

I have enjoyed working with most everyone associated with the county, especially the members and past members of Commissioners Court. I thank you for the opportunity to work with you.

I have a staff assembled at the landfill that I feel will make the transition to a new director extremely easy.If I can be of any assistance in the future feel free to call on me.

Sincerely,

Christopher Kucherka
Landfill Director

OF DORRANCE ROAD	X	COUNTY, TEXAS

O R D E R

On this 9 day of March, 1981, came on to be heard by the Commissioners' Court of Fort Bend County, Texas, the Application of Mr. Arthur Coburn, II, President, AYRSHIRE CORPORATION, a Texas business corporation, (hereinafter referred to as the "Applicant") for an Order of this Court to terminate and abandon Dorrance Road situated within Fort Bend County, Texas, and being that certain strip of land extending from its eastern terminus at its intersection with the Southwest Freeway (U. S. Highway 59) to its western terminus at its intersection with Stiles Lane (Dairy-Ashford Road) being more particularly described as Exhibit "A" attached hereto, and lying within the boundaries of property owned by Applicant (such parcel being hereinafter called the "Subject Road"). Applicant has requested the return of the Subject Road back into acreage as it existed before such roadway was used for public purposes, all as more particularly set forth in said Application, and said Application and the evidence submitted in support thereof having been fully heard and considered by the Court, the Court finds:

(1) That the Subject Road is bounded on both sides by property owned in fee by Applicant;

(2) That the Subject Road was never dedicated by an official right-of-way easement;

(3) That the Applicant has complied with all statutory posting requirements;

(4) That no person, firm, corporation or other entity has objected to, or would be adversely affected by the termination and abandonment of the Subject Road nor

would any established rights of any such person, firm, corporation or other entity be interfered with by such termination and abandonment of the Subject Road;

S. Highway 59), and Stiles Lane;

(6) That such termination and abandonment, as requested by Applicant, is reasonable, proper and necessary;

And the Court being of the opinion that the Subject Road should be terminated and abandoned as applied for, and the Application should be granted it is accordingly

ORDERED, ADJUDGED and DECREED by the Court that Dorrance Road hereinabove described is hereby TERMINATED and ABANDONED such that the Subject Road shall be free and clear of the right-of-way easement, and Applicant is hereby authorized to file for record in the Office of the County Clerk of Fort Bend County, Texas, this Order evidencing said termination and abandonment.

This letter is to inform you that Sugar Land Telephone Company is aware of the plans to abandon a portion of Oil Field Road in Fort Bend County.

We have taken this into consideration in our future planning for that particular area and do not feel that this abandonment will present any problem to our continuing to provide telephone service in the area.

RE: RELEASE OF THAT 70' BY 200' PORTION OF OLD DORRANCE ROAD, A FORT BEND COUNTY PUBLIC ROADWAY, AS IT EFFECTS A PORTION OF THE SUGARLAND-ALIEF RIGHT-OF-WAY, PS 136; JAMES ALSTON SURVEY, A-101, AND THE H. Dear Mr. Davis:

This letter will serve to advise you that Houston Lighting & Power Company has completed its examination of your December 23, 1980 request to abandon this Company's interest in that portion of Old Dorrance Road as it effects this Company's 200' wide fee right-of-way conveyed to Houston Lighting & Power Company by instrument dated March 25, 1957.

It has been determined that Houston Lighting & Power Company maintains existing overhead transmission facilities across the Dorrance Road right-of-way, however, the release of this right-of-way will not adversly affect extension of electrical service into this area, therefore, Houston Lighting & Power Company has no objection to and agrees to release its interest in that portion of Dorrance Road as it effects this Company's right-of-way.

Yours very truly,

IN THE MATTER OF TERMINATION	§	IN THE COMMISSIONERS' COURT
	§	
AND ABANDONMENT OF A PORTION	§	OF FORT BEND COUNTY, TEXAS
	§	
OF OILFIELD ROAD	§	

O R D E R

On this 9 day of March, 1981, came on to be heard by the Commissioners' Court of Fort Bend County, Texas, the Application of SUGARLAND PROPERTIES INCORPORATED, a Texas corporation ("Applicant"), for an Order of this Court to terminate and abandon a portion of OILFIELD ROAD situated within Fort Bend County, Texas, being that certain strip of land extending from its southeastern terminus at its intersection with the Oilfield Road right-of-way as currently occupied to its northwestern terminus at its intersection with State Highway No. 6, lying within the boundaries of property owned by Applicant (such abandoned right-of-way being hereinafter called "Subject Road") and being the following described real property:

> Being 9.520 acres of land located in the William Stafford League, Abstract 89, Fort Bend County, Texas and more particularly being a portion of that certain 60.00 foot wide right-of-way (Oilfield Road) conveyed to Fort Bend County, Texas by instrument of record in Volume 120, Page 308 of the Deed Records of Fort Bend County, Texas, said 9.520 acres being more particularly described in Exhibit "A" attached hereto and made a part hereof for all purposes.

Applicant has requested the return of Subject Road back into acreage as it existed before such roadway was dedicated as a right-of-way easement, all as more particularly set forth in said Application, and said Application and the evidence submitted in support thereof having been fully heard and considered by the Court, the Court finds:

(1) That Subject Road is bounded on both its northeast and southwest sides by property owned in fee by Applicant;

(2) That the Subject Road was dedicated by the instrument recorded in Volume 120, Page 308 of the Deed Records of Fort Bend County, Texas;

14

DEED
951 PAGE 203

(3) That no person, firm, corporation or other entity would be adversely affected by the termination and abandonment of Subject Road nor would any established rights of any such person, firm, corporation or other entity be interfered with by such termination and abandonment of Subject Road;

(4) That Applicant's dedication to the public and construction of a right-of-way for roadway purposes connecting the northwest terminus of the above-described portion of Oilfield Road not being abandoned herein to State Highway No. 6 will connect those parts of Oilfield Road not abandoned herein;

(5) That the termination and abandonment of Subject Road will not thwart or otherwise impede the orderly street development in the area surrounding Subject Road;

(6) That Applicant plans to develop Subject Road and the surrounding property in such a manner that it will be undesirable for Subject Road to remain burdened by the roadway dedication, and such termination and abandonment, as requested by Applicant, is reasonable, proper and necessary;

And the Court being of the opinion that Subject Road should be terminated and abandoned as applied for, and the Application should be granted it is accordingly.

ORDERED, ADJUDGED and DECREED by the Court that the roadway dedication burdening Subject Road, as hereinabove described, is hereby TERMINATED and ABANDONED such that Subject Road shall be owned in fee by Applicant free and clear of the right-of-way easement, and Applicant is hereby authorized to file for record in the Office of the County Clerk of Fort Bend County, Texas, this Order evidencing said termination and abandonment.

Dear Sir:

Our HVAC sub-contractor has asked the sum of $1560 to change the grilles in ceiling to 2'x2' recessed lay in type, and offers a credit of $100 for the grilles on hand for which he would have no use.

As an alternate he is asking $510 to provide the labor and brackets to use the grilles on hand mounted on surface of acoustic ceiling. The ceiling people are asking $251 additional for having to cut around and fit to these grilles. The painting sub-contractor has asked an additional $100 for spraying the duct,etc. behind the grilles, approximately 15 in number, with black paint.

10 RE: LETTER FROM SOUTHWEST TEXAS STATE UNIVERSITY - TEXAS JUSTICE OF THE PEACE TRAINING CENTER, SAN MARCOS, TEXAS: COMPLETION OF TRAINING COURSE BY JUDGE O.W. KUNKEL, JR:

The following letter from Southwest Texas State University, Texas Justice of the Peace Training Center was read into the minutes, certifying the completion of a twenty hour course by Judge O. W. Kunkel, Jr.

Southwest Texas State University
Texas Justice of the Peace Training Center
San Marcos, Texas 78666
(512) 245-2349

March 18, 1981

Hon. Jodie E. Stavinoha
Fort Bend County
Courthouse
Richmond, Texas 77469

Dear Judge Stavinoha:

During the week of March 10-13, 1981, Judge O. W. Kunkel, Jr. successfully completed a twenty hour course in the responsibilities of the office of Justice of the Peace. Article 5972 of the Texas Revised Civil Statutes requires each newly elected/appointed Justice of the Peace to complete a forty hour course in the responsibilities of the J.P. office and additionally to complete a twenty hour course each year thereafter. This article encompasses all justices who took office since August 30, 1963 and are not licensed attorneys. The funding of this program, which provides free room and board for the judges at the seminar, is made possible through a grant from the Governor's Office, Criminal Justice Division.

We at the Training Center realize how important it is to you and the people you serve to insure that your county Justices of the Peace are properly trained and equipped to carry out the duties and obligations of the office. As ninety to ninety-five percent of our citizenry have their one and only contact with a lower court judge, it is imperative that this contact be as judicious as possible.

You may wish to enter this letter in the minutes of your next commissioners court meeting in order that it may become a permanent record. If we at the Training Center can ever be of assistance, please do not hesitate to call.

Sincerely,

Ronald D. Champion
Executive Director
