6 RE: ORDER APPROVING CLAIM AND AUTHORIZING THE ISSUANCE AND DELIVERY OF CERTIFICATES OF OBLICATION:

On Motion of Commissioner Ed. H. Helwig, seconded by Commissioner Tony Jebbia, and duly passed, the court approved the order for issuance of $80,000.00 in Certificates of Obligation to cover payment to Meyerson Construction Company for the Courthouse Renovation Project. Order as follows:

6

ORDER APPROVING CLAIM AND AUTHORIZING THE
ISSUANCE AND DELIVERY OF CERTIFICATES OF OBLIGATION

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

WHEREAS, the Commissioners Court (the "Court") of Fort Bend County, Texas (the "County"), by order adopted December 17, 1979, affirmed the intention of the County to issue Certificates of Obligation for the purpose of evidencing the indebtedness of the County for all or any part of the cost of constructing permanent improvements for the County, to-wit: improvements to the County Courthouse; and

WHEREAS, the Court gave due and proper notice of the time and place when and where a contract, or contracts, for such construction would be let, and gave due and proper notice of its intention to issue such Certificates of Obligation; and

12

WHEREAS, the Court thereafter awarded a contract to the Meyerson Construction Company (the "Contractor") in the amount of $1,811,000 as the lowest and best bid for such construction and the Contractor, at the time of making such bid, elected to assign such Certificates of Obligation in accordance with arrangements made by the Court; and

WHEREAS, the Contractor, as shown on a true copy of its Claim No. 2 in the net amount of $ 81,590.40 , attached hereto as Exhibit "A" and made a part hereof for all purposes as if fully written herein, has submitted its claim; and

WHEREAS, the County has received the full benefits of such contract represented by said claim to the full extent thereof and to the full extent of the Certificates of Obligation hereinafter authorized to be delivered; and no person, corporation or trust estate has given notice in writing or otherwise to the County, or to any official thereof, of any liens for any materials, apparatus, fixtures, machinery or labor furnished to the Contractor as provided by Chapter 17, Acts of the Legislature

6

of Texas, 1925 (Article 5472-a, Vernon's Texas Civil Statutes), or any other provision of law; and

WHEREAS, the County does not hold a claim of any kind or character which might be properly charged or interposed as an offset or counterclaim to the payment of the aforesaid claim; and

WHEREAS, said claim has been assigned, without discount, as shown thereon, to the bank or banks, respectively, named in said claim, and the said banks are now the legal owners and holders thereof; and

WHEREAS, the Court wishes to approve said claim and authorize the payment thereof by the issuance and delivery of certain of said Certificates of Obligation, all as shown on said Exhibit "A" and as hereinafter set out; therefore

12

BE IT ORDERED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS:

Section 1. The matters and facts contained in the preamble of this order are hereby found and declared to be true and correct.

Section 2. The claim described in the preamble of this order and fully set forth in Exhibit "A", mentioned in said preamble, shall be, and the same is hereby, approved and allowed, and the County hereby acknowledges receipt of the full benefits represented by said claim to the full extent thereof and to the full extent of the Certificates of Obligation herein authorized to be issued and delivered; and the County hereby recognizes and approves the transfer and assignment of a portion of said claim, without discount, as shown thereon, to the bank or banks named, and in the amounts shown, respectively, in said claim.

Section 3. There is now due and owing to said bank, or banks, the following sums:

First National Bank of Richmond Richmond, Texas	$25,000.00
Rosenberg Bank & Trust Rosenberg, Texas	$ 5,000.00

6

The First National Bank of Rosenberg Rosenberg, Texas	$25,000.00
Fort Bend National Bank Richmond, Texas	$25,000.00

and there shall be executed and delivered to said bank, or banks, upon payment in full to the County of the accrued interest upon the Certificates of Obligation to be so delivered from March 1, 1980, to the date of such delivery, FORT BEND COUNTY, TEXAS, CERTIFICATES OF OBLIGATION, SERIES 1980, dated March 1, 1980, in the aggregate principal amount of $80,000.00, apportioned (if to more than one such bank) as shown above in this Section, and the sum of $ 1,590.40 shall be carried forward and paid by the County either in cash or by issuance of Certificates of Obligation.

12

Section 5. It is hereby officially found and determined that the need of the County for such financing creates an emergency and an urgent public necessity for the holding, at the scheduled time, of the meeting at which this order is adopted and for the adoption of this order; and the NOTICE OF MEETING relating to said meeting and heretofore posted, and the posting thereof, are hereby authorized, approved, adopted and ratified.

PASSED AND APPROVED this 21st day of April, 1980.

Mr. Kuckerka,

In cases where sidewalk is existing, Colombia will place cable between sidewalk and curb at a distance of not less than 2' from back of curb. All driveways will be bored under. The boring machine they will use is called a "Hole Hog" and consists of an air compressor and 3-ft. pneumatic bullet-type drill that sits ~~#~~ in trench and bores under road. I will work closely with Ron Perral, the construction foreman, in all their projects. No construction has at this time been started by Colombia Communications.

DRAFT

RESOLUTION TAKING AFFIRMATIVE OFFICIAL ACTION
TOWARDS THE ISSUANCE OF BONDS TO FINANCE
A PROJECT FOR
STRAUS SYSTEMS, INC.

WHEREAS, Fort Bend County, Texas (the "County"), a political subdivision, governmental agency, and body corporate and politic of the State of Texas has pursuant to the Development Corporation Act of 1979, Senate Bill 1275, Acts of the 66th Legislature of the State of Texas, Regular Session, 1979 (the "Act") approved and created the Fort Bend County Industrial Development Corporation, a nonprofit corporation (the "Corporation");

WHEREAS, the Corporation, on behalf of the County is empowered to finance the cost of projects to promote and develop commercial, industrial, manufacturing, medical, and research enterprises to promote and encourage employment, the public health, and the public welfare by the issuance of obligations of the Corporation, which projects will be inside the County's boundaries;

12

WHEREAS, Straus Systems, Inc. (the "Company"), has requested that the Corporation finance a project and further that the Corporation adopt this Resolution with respect to the acquisition, construction, and installation of the project, which is described in Exhibit "A" attached hereto and made a part hereof for all purposes (the "Project");

WHEREAS, in view of rising construction costs and the necessity of compliance with administrative regulations, it is considered essential that construction of the Project be completed at the earliest practicable date but, at the same time, the Company wishes to begin construction of the Project after satisfactory assurances from the Corporation that the proceeds of the sale of the revenue bonds, or other obligations, of the Corporation in an amount necessary to pay the costs of the Project will be made available to finance the Project;

13

WHEREAS, the Corporation finds, intends, and declares that this Resolution shall constitute its official binding commitment, subject to the terms hereof, to issue its revenue bonds, or other obligations (the "Bonds") pursuant to the Act in an amount prescribed by the Company now contemplated to be up to $2,250,000 and to expend the proceeds thereof to acquire, construct, and install the Project and to pay all expenses and costs of the Corporation in connection with the issuance of the Bonds; and

WHEREAS, the Corporation finds, considers, and declares that the issuance and sale of the Bonds in the amount and for the purpose hereinabove set forth will be appropriate and consistent with the objectives of the Act, and that the adoption of this Resolution is and constitutes the taking of affirmative official action by the Corporation and the County, acting by and through the Board of Directors of the Corporation, towards the issuance of the Bonds within the meaning of federal income tax law with respect to interest on the Bonds to finance certain facilities to be financed by the issuance of exempt small issue bonds or exempt facilities.

12

THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE FORT BEND COUNTY INDUSTRIAL DEVELOPMENT CORPORATION THAT:

Section 1. Subject to the terms hereof, the Corporation agrees that it will:

(a) Issue the Bonds, and if the Company and the Corporation agree, other evidences of indebtedness providing temporary financing of the Project which will be issued after the date hereof and be refunded by the Bonds pursuant to the Act, or any other Texas legislation heretofore or hereafter enacted which may provide a suitable method of financing in addition to or in substitution for the Act.

(b) Cooperate with the Company, and with bond counsel selected by the Company with respect to the issuance of the Bonds, and, if arrangements therefor satisfactory

13

to the Company and the Corporation can be made, the Corporation will take such action and authorize the execution of such documents and will take such further action as may be necessary or advisable for the authorization, execution and delivery of any contracts or agreements necessary or desirable by the Company or the Corporation in connection with the issuance of the Bonds (collectively, the "Contracts"), providing among other things for payment of the principal of, interest on, redemption premiums, paying agents' charges, and Trustee's fees, if any, on the Bonds; payment of fees and charges of the Corporation or the County; acquisition, construction and improvement of the Project; the transfer of the title of the Project, or portions thereof, to the Company; payment of fines and penalties; and use, operation, and maintenance of the Project (and the execution of any appropriate and necessary guaranty agreements), all as shall be authorized, required, or permitted by law and as shall be mutually satisfactory to the Corporation, the County, and the Company.

12

(c) If the proceeds from the sale of the Bonds are insufficient, take such actions and execute such documents as may be necessary to permit the issuance from time to time in the future of additional bonds on terms which shall be set forth therein, whether on a parity with other series of bonds or otherwise, for the purpose of paying the costs of completing the acquisition, construction, and installation of the Project, as requested by the Company and within then applicable limitations.

(d) At the request of the Company, acquire, construct, and install the Project, or cause the Project to be acquired, constructed, and installed, and sell or otherwise dispose of the Project to the Company.

(e) Enter into the Contracts with the Company wherein payments payable thereunder will equal such sums as shall be necessary to pay the principal of, interest on, redemption premiums, the paying agents' charges, and Trustee's fees, if

13

any, on the Bonds, as and when the same shall become due and payable, and if any of the Contracts referred to above provide for the transfer of title to the Project, or portions thereof, to the Company, it will do so. The Contracts may require that the Corporation enter into additional contracts for the acquisition, construction, and installation of the Project.

(f) Take or cause to be taken such other actions as may be required to implement the aforesaid undertakings or as it may deem appropriate in pursuance thereof.

The Bonds shall specifically provide that neither the State of Texas, the County, nor any political corporation, subdivision, or agency of the State of Texas shall be obligated to pay the same or the interest thereon and that neither the faith and credit nor the taxing power of the State of Texas, the County, or any political corporation, subdivision, or agency thereof is pledged to the payment of the principal of, premium, if any, or interest on the Bonds.

12

Section 2. It is understood by the Corporation and the County, and the Company has represented to the Corporation, that in consideration of the adoption of and compliance with this Resolution, and subject to the terms and conditions hereof, the Company has agreed that:

(a) Prior to or contemporaneously with the sale of the Bonds in one or more series or issues from time to time as the Corporation and the Company shall hereafter agree to in writing, the Company will enter into the following:

(1) A contract or contracts with the Corporation providing for the acquisition, construction, installation, completion, and operation of the Project;

(2) The Contracts with the Corporation under the terms of which the Company will obligate itself to pay to the Corporation (or to a Trustee, as the case may be) sums sufficient in the aggregate to pay the principal of, interest on, redemption premiums, paying agents' fees, and Trustee's fees, if any, on

13

the Bonds, as and when the same become due and payable, with such contract to contain the provisions described in Section 1(e) hereof and such other provisions as may be required or permitted by law and to be mutually acceptable to the parties hereto;

(3) A financing agreement, installment sales agreement, loan agreement, or other similar agreement with the Corporation obligating the Company to pay to the Corporation sufficient sums to reimburse the County and the Corporation for all fees, charges, fines, and penalties, with such contract to contain such provisions as may be required or permitted by law and to be mutually acceptable to the County, the Corporation, and the Company; and

(4) If required for the sale of the Bonds, a guaranty agreement under which the performance of obligations of the Company under the Contracts shall be guaranteed by other appropriate third party or parties.

12

(b) The Company will take such further action as may be required to implement its aforesaid undertakings and as it may deem appropriate in pursuance thereof.

(c) The Company will (1) pay all Project costs which are not or cannot be paid or reimbursed from the proceeds of bonds and (2) at all times, to indemnify and hold harmless the Corporation against all losses, costs, damages, expenses, and liabilities of whatsoever nature (including but not limited to attorneys' fees, litigation and court costs, amounts paid in settlement, and amounts paid to discharge judgments) directly or indirectly resulting from, arising out of or related to the issuance, offering, sale, or delivery of the Bonds, or the design, construction, installation, operation, use, occupancy, maintenance, or ownership of the Project.

Section 3. It is understood by the Corporation that all commitments of the Corporation and the Company with respect

to the Project and the Bonds are subject to the condition that the following events shall have occurred no later than _____, 1983, or other such date as shall be mutually satisfactory to the Corporation and the Company:

(a) The Corporation and the Company shall have agreed on mutually acceptable terms for the Bonds and the sale and delivery thereof, on mutually acceptable terms and conditions of any financing agreement, installment sales agreement, loan agreement, or other Contracts referred to herein, and on mutually acceptable terms and conditions with respect to the actions referred to herein.

(b) Such rulings, approvals, consents, certificates of compliance, opinions of counsel, and other instruments and proceedings satisfactory to the County, the Corporation, and the Company as to such matters with respect to the Project; the Bonds; a financing agreement, installment sales agreement, loan agreement, the Contracts; any guaranty agreement that may be required; and any related trust instruments, shall be obtained from such governmental agencies and entities as may possess, or which may have asserted, competence or jurisdiction over or interest in the Project or the financing thereof, and shall be in full force and effect at the time of the issuance of the Bonds.

(c) If the events set forth in this Section 3 do not take place within the time set forth or during any extension thereof, the Company will reimburse the County and the Corporation for all reasonable and necessary direct out-of-pocket expenses, including attorneys' fees and fees of other consultants, which the County and the Corporation may incur at the Company's request arising from the performance by the Corporation or its obligations hereunder.

Section 4. The President or the Vice President of the Corporation is authorized to execute, and the Secretary of the Corporation is authorized to attest, on behalf of the Corporation, any written agreements with the Company, if

Honorable Jodie E. Stavinoha
County Judge
Fort Bend County
P. O. Box 368
Richmond, Texas 77469

Dear Judge Stavinoha:

It has just come to our attention that in the grant which The George Foundation made to the County for library purposes last December, that all $1,000,000 was designated for the building of a new central library facility. As such, the Foundation did not grant to the County an amount to be used for additional book purposes as the Foundation has done in a considerable number of years in the past.

/

2

Consequently, you will find attached hereto a check for $50,000 payable to Fort Bend County, which is a grant for the purposes of the County Library system in acquiring new books.

We appreciate the fine work of the County Library staff operating under extreme difficulties, particularly in the central facility. Hopefully, before too long the County will have a new central library which will allow the entire system to become more efficient and really begin to fully meet the needs of the people of Fort Bend County.

We appreciate the interest of the Commissioners' Court in the business of the County and particularly their concern for the library system and its potential to serve the citizens of Fort Bend County.

Of course, if you have any questions with respect to this grant, please advise us.

Sincerely,

John G Heard
For The George Foundation

Opening - 4/28/80 at 9:00AM

County of Ft. Bend
Box 368
Richmond, TX 77469

Attention: County Judge

Thank you for your 4/23/80 request for bids on petroleum asphalt. Current asphalt prices are as follows:

Product	FOB Point	Method of Delivery	Price per Gallon
AC-5, 10 or 20 Asphalt	Baytown, TX	Transport Truck	$.5620
MC-30, or 800 Asphalt	Baytown, TX	Transport Truck	.6300
RC-2 Asphalt	Baytown, TX	Transport Truck	.7500

The above prices are exclusive of all applicable taxes and are for 4,000 gallon minimum deliveries. These prices represent Exxon's established prices for product in your area and will fluctuate without prior notice as established prices change. Any and all sales will be made in accordance with Department of Energy guidelines, if any, in effect at the time of delivery. Freight, fuel surcharges and pump charges will be billed directly to you by the common carrier. Indicated below are current freight charges to the county seat. Products will be shipped within 48 hours after receipt of shipping instructions.

12

Prices quoted should not be considered a commitment to supply. Annual product volumes committed to over 100,000 gallons must be mutually agreed upon and formalized in the form of a one year Sales Agreement (sample attached) executed by both parties.

This quotation is open for thirty (30) days from the date of this letter for your consideration, after which time Exxon Company, USA has the right to review. Please note Exxon Company USA's payment terms (paragraph 18 of attached Sales Agreement) in your consideration of this proposal. Credit is subject to prior approval by the credit manager.

8 RE: ACCEPTANCE OF THE INSTILLATION OF HORIZON TOUCH-TONE TELEPHONE SYSTEM FOR THE NEW FORT BEND COUNTY JAIL:

On Motion of Commissioner Tony Jebbia, seconded by Commissioner Ed. H. Helwig, and duly passed, the court authorized that the Southwestern Bell Telephone Company install the Horizon Touch-Tone Telephone System in the New Fort Bend County Jail, in the amount of $36,082.45 for the instillation and equipment with a monthly charge of $1,189.25 thereafter. Instillation and equipment cost to be paid for out of the Bond Issue fund. Executive Summary as follows:

12

E X E C U T I V E S U M M A R Y

The purpose of this proposal is to provide Fort Bend County Jail with the HORIZON proposal based on the request of Judge Stavinoha. He would like to compare the features and cost to that of the DIMENSION 100 proposal that you have.

The system being designed was based on information I received from Sheriff Hurta and Chief Cramer on November 7, 1979.

The system is available with several pricing options. Using a three year contract as a guideline, your charges will be as follows:

Monthly for 36 months	$2,245.85
Monthly thereafter	$1,189.25

The one-time installation charge is approximately $2,621.20.

Upon authorization, this service can be provided in approximately fifteen weeks.

If you would like me to bring my demonstration telephone back to show Judge Stavinoha, I'll be glad to do so.

Thank you again for your consideration.

Barbara Slaughter

CERTIFICATE FOR ORDER

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

We, the undersigned officers of the Commissioners Court (the "Court") of Fort Bend County, Texas (the "County"), hereby certify as follows:

1. The Court convened in regular session at a regular term of said Court, on the 12th day of May, 1980, at its regular meeting place thereof, within said County, and the roll was called of the duly constituted officers and members of the Court, to-wit:

Jodie E. Stavinoha	County Judge
Johnnie Pustka	Commissioner, Precinct 1
W. Lee Schmidt	Commissioner, Precinct 2
Tony Jebbia	Commissioner, Precinct 3
Ed Helwig	Commissioner, Precinct 4
Pearl Ellett	County Clerk

and all of said persons were present, except the following absentees: NONE, thus constituting a quorum. Whereupon, among other business, the following was transacted at said meeting: a written

ORDER APPROVING CLAIM AND AUTHORIZING THE ISSUANCE AND DELIVERY OF CERTIFICATES OF OBLIGATION; RATIFYING AND READOPTING PREVIOUS CERTIFICATES OF OBLIGATION ORDER; APPROVING CHANGE ORDER; AND CONTAINING OTHER PROVISIONS RELATING TO THE SUBJECT

12

(the "Order") was duly introduced for the consideration of the Court and read in full. It was then duly moved and seconded that the Order be adopted; and, after due discussion, said motion, carrying with it the adoption of the Order, prevailed and carried by the following vote:

AYES: Commissioners Pustka, Schmidt, Jebbia and Helwig.
NAYS: None.

2. That a true, full and correct copy of the Order adopted at the meeting described in the above and foregoing paragraph is attached to and follows this certificate; that the Order been duly recorded in the Court's minutes of said meeting; that the above and foregoing paragraph is a true, full and correct excerpt from the Court's minutes of said meeting pertaining to the adoption of the Order; that the persons named in the above and foregoing paragraph are the duly chosen, qualified and acting officers and members of the Court as indicated therein; that each of the officers and members of the Court was duly and sufficiently notified officially and personally, in advance, of the date, hour, place and subject of the aforesaid meeting, and that the Order would be introduced and considered for adoption at said meeting, and each of said officers and members consented, in advance, to the holding of such meeting for such purpose; that said meeting was open to the public as required by law; and that public notice of the date, hour, place and subject of said meeting was given as required by Vernon's Article 6252-17, as amended.

SIGNED AND SEALED this 12th day of May, 1980.

ORDER APPROVING CLAIM AND AUTHORIZING THE ISSUANCE AND DELIVERY OF CERTIFICATES OF OBLIGATION; RATIFYING AND READOPTING PREVIOUS CERTIFICATES OF OBLIGATION ORDER; APPROVING CHANGE ORDER; AND CONTAINING OTHER PROVISIONS RELATING TO THE SUBJECT

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

WHEREAS, the Commissioners Court (the "Court") of Fort Bend County, Texas (the "County"), by order adopted December 17, 1979, affirmed the intention of the County to issue Certificates of Obligation for the purpose of evidencing the indebtedness of the County for all or any part of the cost of constructing permanent improvements for the County, to-wit: improvements to the County Courthouse; and

12

WHEREAS, the Court gave due and proper notice of the time and place when and where a contract, or contracts, for such construction would be let, and gave due and proper notice of its intention to issue such Certificates of Obligation; and

WHEREAS, the Court thereafter awarded a contract to the Meyerson Construction Company (the "Contractor") in the original amount of $1,811,000 as the lowest and best bid for such construction, the original amount now being increased by $8,312.85 to $1,819,312.85 by Change Order No. 1, and the Contractor, at the time of making such bid, elected to assign such Certificates of Obligation in accordance with arrangements made by the Court; and

WHEREAS, the Contractor, as shown on a true copy of its Claim No. 3 in the net amount of $80,965.66, attached hereto as Exhibit "A" and made a part hereof for all purposes as if fully written herein, has submitted its claim; and

WHEREAS, the County has received the full benefits of such contract represented by said claim to the full extent thereof and to the full extent of the Certificates of Obligation hereinafter authorized to be delivered; and no person, corporation

15

or trust estate has given notice in writing or otherwise to the County, or to any official thereof, of any liens for any materials, apparatus, fixtures, machinery or labor furnished to the Contractor as provided by Chapter 17, Acts of the Legislature of Texas, 1925 (Article 5472-a, Vernon's Texas Civil Statutes), or any other provision of law; and

WHEREAS, the County does not hold a claim of any kind or character which might be properly charged or interposed as an offset or counterclaim to the payment of the aforesaid claim; and

WHEREAS, said claim has been assigned, without discount, as shown thereon, to the bank or banks, respectively, named in said claim, and the said banks are now the legal owners and holders thereof; and

WHEREAS, the Court wishes to approve said claim and authorize the payment thereof by the issuance and delivery of certain of said Certificates of Obligation, all as shown on said Exhibit "A" and as hereinafter set out; and

WHEREAS, the Court wishes to specifically approve Change Order No. 1 relating to said contract; and

WHEREAS, the Court wishes to approve, ratify and readopt its original order, as amended, authorizing said Certificates of Obligation; therefore

BE IT ORDERED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS:

Section 1. The matters and facts contained in the preamble of this order are hereby found and declared to be true and correct.

Section 2. The claim described in the preamble of this order and fully set forth in Exhibit "A", mentioned in said preamble, shall be, and the same is hereby, approved and allowed, and the County hereby acknowledges receipt of the full benefits represented by said claim to the full extent thereof and to the full extent of the Certificates of Obligation herein authorized

15

to be issued and delivered; and the County hereby recognizes and approves the transfer and assignment of a portion of said claim, without discount, as shown thereon, to the bank or banks named, and in the amounts shown, respectively, in said claim.

Section 3. There is now due and owing to said bank, or banks, the following sums:

First National Bank of Richmond Richmond, Texas	$25,000
Rosenberg Bank & Trust Rosenberg, Texas	$25,000
The First National Bank of Rosenberg Rosenberg, Texas	$ 5,000
Fort Bend National Bank Richmond, Texas	$25,000

and there shall be executed and delivered to said bank, or banks, upon payment in full to the County of the accrued interest upon the Certificates of Obligation to be so delivered from March 1, 1980, to the date of such delivery, FORT BEND COUNTY, TEXAS, CERTIFICATES OF OBLIGATION, SERIES 1980, dated March 1, 1980, in the aggregate principal amount of $80,000, apportioned (if to more than one such bank) as shown above in this Section, and the sum of $965.66 shall be carried forward and paid by the County either in cash or by issuance of Certificates of Obligation.

12

Section 4. Change Order No. 1, a true copy of which is attached hereto as Exhibit "B" and made a part hereof for all purposes, is hereby approved, adopted and ratified.

Section 5. The order entitled "ORDER AUTHORIZING ISSUANCE OF $1,250,000 FORT BEND COUNTY, TEXAS, CERTIFICATES OF OBLIGATION, SERIES 1980; RATIFYING CONTRACT; AND CONTAINING OTHER PROVISIONS RELATING TO THE SUBJECT", which was adopted by the Court on January 28, 1980, and amended by the Court on February 25, 1980, is hereby approved, ratified and readopted in full.

15

Section 6. It is hereby officially found and determined that the need of the County for such financing creates an emergency and an urgent public necessity for the holding, at the scheduled time, of the meeting at which this order is adopted and for the adoption of this order; and the NOTICE OF MEETING relating to said meeting and heretofore posted, and the posting thereof, are hereby authorized, approved, adopted and ratified.

PASSED AND APPROVED this 12th day of May, 1980.

20

ORGANIZATION OF BOARD OF EQUALIZATION

BE IT REMEMBERED, that on this the 12th day of May, 19 80, the Commissioners' Court of Fort Bend County, Texas, was duly convened as a Board of Equalization at the regular meeting place at the Courthouse in the town of Richmond, Texas, Fort Bend County, Texas, for the purpose of equalizing the values of all taxable property, situated in said County, for the purpose of taxation for the year 19 80, with all members of said Court present, viz:

_____ County Judge

_____ Commissioner Prect. No. 1

_____ Commissioner Prect. No. 2

_____ Commissioner Prect. No. 3

_____ Commissioner Prect. No. 4

present and participating.

12

That upon convening of said Board, and prior to entering upon their duties as a Board of Equalization, each of the above named members took and subscribed to the following oath:

"I, as a member of the Board of Equalization of Fort Bend County, Texas, for the year A. D., 19 80, hereby solemnly swear:

That in the performance of my duties as a member of such Board for said year, I I will not vote to allow any taxable property to stand assessed on the tax rolls in said County for said year at any amount which I believe to be less than its true market value, or, if it has no market value, then its real value; that I will faithfully endeavor, and as a member will move to have each item of taxable property which I believe to be assessed for said year at less than its true market value, or real value, raised on the tax rolls to what I believe to be its true cash market value, if it has a market value, and if not, then to its real value; and that I will faithfully endeavor to have the assessed valuation of all property subject to taxation within said County, stand upon the tax rolls of said County for said year at its true cash market value, or, if it has no market value then its real value. I solemnly swear that I have read and understand the provisions contained in the Constitution and Laws of this State relative to the valuation of taxable property, and that I will faithfully perform all of the duties required of me under the Constitution and Laws of this State. So help me God."

Fort Bend County, Richmond, Texas,

9

ORDER ADOPTING RULES OF FORT BEND COUNTY, TEXAS, FOR PRIVATE SEWAGE FACILITIES

WHEREAS, the Texas Department of Health and the Texas Board of Health have established construction standards for private sewage facilities to provide the citizens of this State with adequate public health protection and a minimum of environmental pollution; and

WHEREAS, the Legislature has enacted legislation, codified as Section 26.032 of Vernon's Texas Water Code Annotated, which authorizes the Commissioners Court of any county to enter an order, resolution or other rule to abate or prevent pollution or injury to public health arising out of the use of private sewage facilities; and

WHEREAS, pursuant to Sections 26.022 and 26.032, Vernon's Texas Water Code Annotated the Article 6252.17 of Vernon's Texas Civil Statutes Annotated, due notice was given of a meeting and public hearing to determine whether the Commissioners Court of Fort Bend County, Texas, should enter an order, resolution or rule controlling or prohibiting the installation or use of private sewage facilities in the unincorporated area of Fort Bend County, Texas; and

WHEREAS, said meeting and public hearing were held in accordance with the notice thereof, and the evidence and arguments there presented were considered by the Commissioners Court of Fort Bend County, Texas; and

WHEREAS, it appears to the Commissioners Court of Fort Bend County, Texas, that the use of private sewage facilities in the unincorporated area of Fort Bend County, Texas, is causing or may cause pollution, and is injuring or may injure the public health; and

WHEREAS, the Commissioners Court of Fort Bend County, Texas, has considered the matter and deems it appropriate to adopt Rules regulating private sewage facilities to abate or prevent pollution or injury to public health in Fort Bend County, Texas;

NOW, THEREFORE, BE IT ORDERED, ADJUDGED, DECREED, RESOLVED, FOUND AND DETERMINED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, SITTING AS THE GOVERNING BODY OF FORT BEND COUNTY, TEXAS:

That the matters and facts recited in the preamble hereof are hereby found and determined to be true and correct.

That the use of private sewage facilities in the unincorporated area of Fort Bend County, Texas is causing or may cause pollution or is injuring or may injure the public health.

That the rules attached and appended hereto, entitled "Rules of Fort Bend County, Texas, for Private Sewage Facilities" are incorporated herein, are made a part of this Order and are adopted as the Rules of Fort Bend County, Texas, for Private Sewage Facilities and all officials of Fort Bend County having duties under said Rules are authorized to perform such duties as required of them under said Rules.

That COUNTY JUDGE Jodie E. Stavinoha whose address is P.O. Box 368, Richmond, Texas is hereby designated as Hearing Examiner under the Rules attached and appended hereto.

That the County Engineer of Fort Bend County, Texas, within five days after the entry of this Order, shall obtain a certified copy of this order and said Rules and submit both to the Texas Water Commission for their written approval thereof.

That the Clerk of this Court is authorized to publish this Order and these Rules in the The Herald-Coaster, a newspaper of general circulation published in Fort Bend County, Texas, after the same are approved by the Texas Water Commission but before the effective date thereof.

8. "Sewage" means human and non-human waste from any activity, including, but not limited to, washing, bathing, and food preparation, and any waste from activities, processes, or services of non-residential establishments.
9. "Single Family Residence" means a single family dwelling or mobile home.
10. "Standards" means the pamphlet Construction Standards For Private Sewage Facilites described in Section II C. (Incorporation by Reference).
11. "State" means the State of Texas.
12. "Substantial Modification" means the alteration of an existing private sewage facility so that the total volume of the facility is increased by at least 25%.
13. "County Health Department" means the Health Department of Fort Bend County.

9

SECTION II. GENERAL PROVISIONS

A. ADMINISTRATION BY COUNTY ENGINEER

1. The County Engineer shall administer these Rules.

2. The County Engineer shall:

a. Make appropriate recommendations to proper County authorities when instances of non-compliance to these Rules has been determined.
b. Make reasonable inspections of existing private sewage facilities when requested and inspect all new facilities. All Components of the system shall not be covered until an inspection has been made. The absorption trench or evapotranspiration beds may be partially backfilled but all ends, and other critical areas shall not be backfilled until the County Engineer has determined the construction complies with the rules, standards, or any other special conditions specified on the license.
c. Collect all fees set by the Commissioners' Court to recover costs incurred in meeting the requirements of these Rules.
d. Make semi-annual reports to the Commissioners' Court on all legal actions taken concerning these Rules.
e. Perform all other duties necessary to meet the requirements of these Rules.
f. Upon the receipt of a complaint from a credible person that an existing private sewage facility, licensed or not, is endangering public health or polluting water, the County Health Department shall immediately inspect the facility. If the County Health Department finds that the complaint may be valid and that the private sewage facility may be endangering public health or polluting water, the County Health Department shall determine possible solutions to the problem and, in doing so, may request help from the County Engineer in assuring that all construction be performed in accordance with sound engineering practice. The County Health Department will then notify the owner of the facility in writing of such fact and the action necessary to comply with this order. The owner of the facility will be given a reasonable amount of time in which to comply and will be notified of such. At the expiration of the allotted time, if the facility is still not in compliance with the requirements of this Order, the County Health Department and the County Engineer shall take appropriate action to enforce compliance.

12

B. AREA COVERED BY RULES

These Rules shall apply only to the unincorporated area of Fort Bend County, Texas.

C. INCORPORATION BY REFERENCE

Pursuant to Article 4477-1, Section 23 (b), of Vernon's Texas Civil Statutes Annotated, Construction Standards For Private Sewage Facilities, herein sometimes referred to as the "Standard," were adopted by the Texas Board of Health on November 30, 1977, issued by the Texas Department of Health on December 12, 1977, and published in the Texas Register, Volume 2, Number 99, Pages 4978 through 4992, inclusive, dated December 23, 1977, a copy of which is attached hereto, and all future ammendments thereto, is made a part hereof for all intents and purposes as though it was fully set forth herein word for word. The County Engineer shall interpret and resolve any questions regarding interpretation of the Standards.

SECTION III. LAWFUL DISCHARGE OF SEWAGE

After the effective date of these Rules, only the following types of sewage discharges shall be lawful:

9

1. Sewage discharged in o an organized disposal system.

2. Sewage discharged into a private sewage facility licensed and maintained in accordance with these Rules, and used and operated in such a manner as to not constitute a nuisance as defined in Section XI of these Rules, and which has not had a substantial increase in the sewage flow rate over and above the flow rate specified or contemplated in the application for the last previous license therefor.

3. Sewage discharged into a private sewage facility existing and in use on the effective date of these Rules, which has not been substantially modified since the effective date of these Rules, and which is used and operated in such a manner as to not constitute a nuisance as defined in Section XI of these Rules, and which has not had a substantial increase in the sewage flow rate since the effective date of these Rules. For the purposes of this provision, any private sewage facility which has been actually used at any time during the twelve (12) month period immediately preceding the effective date of these Rules, shall be conclusively presumed to have been in use on the effective date of these Rules.

4. On existing lots with less than 15,000 square feet if the case is that described in the Standards (.002) (b) (4) (B) or less than 20,000 square feet if the case is that described in the Standards (.002) (b) (4) (C) a private sewage facility may be licensed provided the soil conditions will support an absorption or evapotranspiration system or other system allowed in the Standards after it has been demonstrated by a thorough subsurface soils investigation the proposed and/or existing water supply system within 100 feet of the effluent treatment area will not be contaminated. The techniques to be used for sealing wells shall be consistent with State standards or practices. 12

SECTION IV. PRIVATE SEWAGE FACILITY INSTALLATION, MODIFICATION AND MAINTENANCE

No person may install or substantially modify a private sewage facility unless a license therefor has first been obtained from the County Engineer. Injection wells and cesspools are specifically prohibited from being installed and licensed. The design and maintenance of a private sewage facility shall meet the requirements set forth in the Standards. No person may install a private sewage facility on a lot or tract smaller than that required to meet the requirements set forth in Standards. No person may install a private sewage facility within 300 feet (measured on the closest practicable access route) of an organized disposal system unless service by said organized disposal system has been formally requested and has been denied by the owner or governing body thereof. The failure of such owner or governing body to act upon such request by granting or denying same within 30 days of the receipt thereof, shall be deemed to be a denial of the request. Percolation tests as provided for by the Standards shall be performed in accordance with the Standards by a registered professional Sanitarian or professional registered Engineer. The installation and construction of private sewage facilities shall be made in accordance with the approved design and requirements of the license issued therefor.

SECTION V. ADDITIONAL DESIGN REQUIREMENTS-INSTITUTIONS

Designs for facilities which serve institutions shall be made in accordance with Section IV of these Rules and the Standards. For establishments other than those set forth in Table IV of the Standards (Individual Usage Rate), the County Engineer will calculate the daily sewage flow per person upon written request.

SECTION VI. FURTHER DESIGN REQUIREMENTS--LARGE INSTITUTIONS

A registered professional engineer or registered professional sanitarian shall design all private sewage facilities serving

institutions which have a sewage flow rate of more than 500 gallons per day (as herein calculated). Said designs shall be made in accordance with Section IV and V of these Rules and the Standards, except that single compartment septic tanks shall not be utilized, but instead, septic tanks with two or more compartments or two or more septic tanks connected in series shall be utilized.

SECTION VII. SUBSTANTIAL INCREASE IN FLOW

No person shall cause or allow a substantial increase in the sewage flow rate of a private sewage facility, without first obtaining from the County Engineer a license therefor. The application for such license shall reflect the increased sewage flow rate. The sewage flow rate shall be considered to be substantially increased when the flow rate, calculated in the manner provided herein, is increased by more than 25%.

SECTION VIII. ISSUANCE OF LICENSES

A. Only the person owning, or having the right to possession of, the parcel of land upon which a proposed private sewage facility is to be located, may apply for a private sewage facility license. To make application for a private sewage facility license, the applicant shall submit to the County Engineer the following:

1. The completed application form.

2. The required fee.

3. The results of percolation tests if required by the County Engineer.

4. A drawing or drawings reflecting that the proposed private sewage facility will comply with these Rules and demonstrating that the lot or tract is large enough for the private sewage facility to be constructed thereon.

5. Any additional information that the County Engineer may require.

The completed application and all of its appurtenances shall not contain any false information nor conceal any material facts.

B. Based upon the information contained in the completed application, and other information available to the County Engineer, the County Engineer shall:

1. Issue a license to the applicant, such license to be effective perpetually, or
2. Within 15 days after receipt of the application and appurtenances, give written notice to the applicant that the application is denied, stating the reason(s) which prevent licensing. Said notice shall be considered given by depositing the same in the U. S. Mail, postage prepaid, addressed in accordance with the application. Denial of an application must be given only for reasons of noncompliance with these regulations.

The applicant may appeal a denial in accordance with the procedure set forth in Section X of these Rules.

SECTION IX. EXCEPTIONS

A. A person desiring an exception to any requirement of these Rules shall file a written statement with the County Engineer stating:

1. The nature of the exception requested; and

2. The reason the exception should be granted.

B. Within thirty (30)days after receipt of said request, the County Engineer shall review the request and reply to applicant in writing either granting or denying the request.

C. If the request is denied, the County Engineer shall include in its reply the reasons for denial.

D. The applicant may appeal a denial in accordance with the procedure set forth in Section X of these Rules.

SECTION X. APPEALS

A. Any person aggrieved by an action or decision of the County Engineer hereunder may, within thirty days of the date on the document giving notice of the action or decision, appeal to the Hearing Examiner appointed by the Commissioners Court.

B. The appeal to the Hearing Examiner shall be initiated by filing a written objection with the Hearing Examiner. The written objection shall state what the action or decision of the County Engineer should have been and why. A copy of the document containing the notice of the action or decision complained of shall be attached to said written objection. Upon receipt of said written objection and attachment the Hearing Examiner shall set the same down for a hearing to be held within the next fifteen days and advise all parties of the date, time and place of hearing.

C. At hearing before the Hearing Examiner all witnesses will be sworn. The Hearing Examiner will hear the testimony of the County Engineer and/or each person as will be called by the County Engineer; additionally, the Hearing Examiner will hear the testimony of the complainant along with any witnesses the complainant may call. Additionally, the Hearing Examiner will review all documents and exhibits submitted to him by the parties. The Hearing Examiner will not be bound by formal rules of evidence and will control the evidence, reserving to himself the power to exclude testimony or exhibits he does not consider relevant.

12

D. The Hearing Examiner will maintain an accurate record of the evidence adduced at the hearing.

E. Within forty-eight (48) hours of the close of the hearing the Hearing Examiner will notify the County Engineer and the complainant of his decision. Within three (3) days of the close of the hearing the Hearing Examiner will reduce to writing his report, which will consist of a finding of facts and his decision. The Hearing Examiner will file the original of his report with the Clerk of Commissioners Court, will keep one copy for himself, will send one copy to the complainant and will send one copy to the County Engineer.

F. If the County Engineer or the complainant is dissatisfied with with the Hearing Examiner's decision, he may, within five days from the date the Hearing Examiner filed his report, file a written objection with the Clerk of Commissioners Court. When such an objection is filed, the Clerk will notify the County Judge who will place the matter on the Agenda of Commissioners Court for review at the next meeting of Commissioners Court which is at least five (5) days after the date of the filing of the objection. If the objection is filed by the County Engineer, notice that the matter is on the Agenda will be sent to the complainant by mail. When the matter comes before Commissioners Court, the Commissioners Court will review the matter, considering such information as is in the Hearing Examiner's file and report along with such other evidence as Commissioners Court may deem relevant and as may be offered by the County Engineer or the complainant. The Commissioners Court will either afirm, reverse, or modify the decision of the Hearing Examiner.

9

G. These provisions for appeal are not exclusive, but are cumulative of any other remedies at law or in equity.

SECTION XI. NUISANCES

No person shall maintain a private sewage facility in such a manner as to be, or as may tend to be, injurious to or to adversely affect human health or welfare, animal life, vegetation or property, or as to interfere with the normal use and enjoyment of animal life, vegetation or property.

SECTION XII. FORMS

In this section, forms are promulgated for use in the administration of these Rules. The County Engineer may add to these forms or may promulgate additional forms as may be needed to administer these Rules, but the forms as promulgated in this section will be deemed sufficient when used.

SECTION XIII. FEES

12

To defray the cost of administering these Rules, the County Engineer will require fees to be paid in accordance with the following schedule which will be paid with the filing of application for license and/or with a written request for inspection.

A. License Fee: $10.00

B. Inspections: $10.00 for each visit to the job site.

SECTION XIV. CRIMINAL PROSECUTION

(a) A person who violates any one of these Rules, is guilty of a misdemeanor and on conviction is punishable by a fine of not less than $10.00 nor more than $200.00. Each day that a violation occurs constitutes a separate offense.

(b) Jurisdiction for prosecution of a suit under this provision is in the justice of the peace courts.

(c) Venue for prosecution of a suit under this provision is in the justice of the peace precinct in which the violation is alleged to have occurred.

SECTION XV. EFFECTIVE DATE

These Rules shall become effective on the _____ day of _____, 19 ____.

SECTION XVI. SEVERABILITY

If any provision of these Rules or the application thereof to any person or circumstances is held invalid, the validity of the remainder of these Rules and the application thereof to other persons and circumstances shall not be affected.

Honorable Jodie E. Stavinoha
County Judge
P. O. Box 368
Richmond, Texas 77469

Dear Judge Stavinoha:

Thank you for your letter of May 12, 1980 relative to the proposal from Meyerson Construction Company and including a bid proposal with respect to the balustrades proposed for the Fort Bend County Courthouse renovation and the recommendation of Mr. Merriman.

This is to advise you that The George Foundation will underwrite the cost of these balustrades to the extent of $10,018, or thereabouts, as estimated. Accordingly, please have an appropriate change order made with this assurance, and just as soon as the funds are needed by the County, if you will advise us, we will transmit the same forthwith if we have not already made such funds available.

In addition, you were going to have Mr. Merriman or someone check about the possible cost of continuing the copper eaves arrangement on the original courthouse around the annex that was built thereto many years ago. Just as soon as you have some information on that matter from Merriman, we would be glad to hear from you.

Sincerely,

John G. Heard
For The George Foundation

ORDER APPROVING CLAIM AND AUTHORIZING THE
ISSUANCE AND DELIVERY OF CERTIFICATES OF OBLIGATION

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

WHEREAS, the Commissioners Court (the "Court") of Fort Bend County, Texas (the "County"), by order adopted December 17, 1979, affirmed the intention of the County to issue Certificates of Obligation for the purpose of evidencing the indebtedness of the County for all or any part of the cost of constructing permanent improvements for the County, to-wit: improvements to the County Courthouse; and

WHEREAS, the Court gave due and proper notice of the time and place when and where a contract, or contracts, for such construction would be let, and gave due and proper notice of its intention to issue such Certificates of Obligation; and

WHEREAS, the Court thereafter awarded a contract to the Meyerson Construction Company (the "Contractor") in the amount of $1,811,000 as the lowest and best bid for such construction and the Contractor, at the time of making such bid, elected to assign such Certificates of Obligation in accordance with arrangements made by the Court; and

WHEREAS, the Contractor, as shown on a true copy of its Claim No. 4 in the net amount of $ 140,000, attached hereto as Exhibit "A" and made a part hereof for all purposes as if fully written herein, has submitted its claim; and

WHEREAS, the County has received the full benefits of such contract represented by said claim to the full extent thereof and to the full extent of the Certificates of Obligation hereinafter authorized to be delivered; and no person, corporation or trust estate has given notice in writing or otherwise to the County, or to any official thereof, of any liens for any materials, apparatus, fixtures, machinery or labor furnished to the Contractor as provided by Chapter 17, Acts of the Legislature

of Texas, 1925 (Article 5472-a, Vernon's Texas Civil Statutes), or any other provision of law; and

WHEREAS, the County does not hold a claim of any kind or character which might be properly charged or interposed as an offset or counterclaim to the payment of the aforesaid claim; and

WHEREAS, said claim has been assigned, without discount, as shown thereon, to the bank or banks, respectively, named in said claim, and the said banks are now the legal owners and holders thereof; and

WHEREAS, the Court wishes to approve said claim and authorize the payment thereof by the issuance and delivery of certain of said Certificates of Obligation, all as shown on said Exhibit "A" and as hereinafter set out; therefore

12

BE IT ORDERED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS:

Section 1. The matters and facts contained in the preamble of this order are hereby found and declared to be true and correct.

Section 2. The claim described in the preamble of this order and fully set forth in Exhibit "A", mentioned in said preamble, shall be, and the same is hereby, approved and allowed, and the County hereby acknowledges receipt of the full benefits represented by said claim to the full extent thereof and to the full extent of the Certificates of Obligation herein authorized to be issued and delivered; and the County hereby recognizes and approves the transfer and assignment of a portion of said claim, without discount, as shown thereon, to the bank or banks named, and in the amounts shown, respectively, in said claim.

Section 3. There is now due and owing to said bank, or banks, the following sums:

First National Bank of Richmond Richmond, Texas	$ 45,000
Rosenberg Bank & Trust Rosenberg, Texas	$ 25,000

12

The First National Bank of Rosenberg
Rosenberg, Texas $ 45,000

Fort Bend National Bank
Richmond, Texas $ 25,000

and there shall be executed and delivered to said bank, or banks, upon payment in full to the County of the accrued interest upon the Certificates of Obligation to be so delivered from March 1, 1980, to the date of such delivery, FORT BEND COUNTY, TEXAS, CERTIFICATES OF OBLIGATION, SERIES 1980, dated March 1, 1980, in the aggregate principal amount of $ 140,000, apportioned (if to more than one such bank) as shown above in this Section, and the sum of $ 3,914.50 shall be carried forward and paid by the County either in cash or by issuance of Certificates of Obligation.

Section 5. It is hereby officially found and determined that the need of the County for such financing creates an emergency and an urgent public necessity for the holding, at the scheduled time, of the meeting at which this order is adopted and for the adoption of this order; and the NOTICE OF MEETING relating to said meeting and heretofore posted, and the posting thereof, are hereby authorized, approved, adopted and ratified.

ORDER OF COMMISSIONER'S COURT DISCONTINUING PORTION OF OLD COUNTY ROAD THROUGH P. R. SULAK LAND IN THE JEREMIAH S. O'CONNER LEAGUE, ABSTRACT 66, FORT BEND COUNTY, TEXAS AND ABANDONING THE USE OF SAID PORTION FOR PUBLIC ROAD PURPOSES

THE STATE OF TEXAS I

COUNTY OF FORT BEND I

This, the 9 day of June, 1980, in regular order and at a regular meeting of the Commissioner's Court of Fort Bend County, Texas, came on to be heard and considered the matter of discontinuing the portion of Old County Road hereinbelow described in Fort Bend County, Texas, as a public road and abandoning its use for public road purposes, and

It appears to the Court, and the Court so affirmatively finds, by unanimous affirmative vote of all elected Commissioners that said petition presented to this Court on June 9, 1980, requesting such action was signed by at least eight (8) freeholders in the precinct in which such road is desired to be discontinued, that said applicants have given at least twenty (20) days notice by written advertisement of their intended application posted up at the Courthouse door of Fort Bend County, Texas, and at two (2) other public places in the vicinity of the route of said road, that the public interest will be better served in closing and discontinuing said road and by abandoning the use of same for public road purposes, that said request is proper and should be approved, it is, therefore, upon motion made by Commissioner Ed H. Heberg and seconded by Commissioner Johnnie Pustka and duly passed by unanimous affirmative vote of all elected Commissioners,

ORDERED AND DECREED by said Commissioner's Court of Fort Bend County, Texas, that said Old County Road located in Fort Bend County, Texas, described as follows:

RE: MOTION TO ACCEPT THOMAS Y. PICKETTS' VALUE ON UTILITIES AND FUEL, INC. FOR HOUSTON LIGHTING & POWER COMPANY:

On Motion of Commissioner Johnnie Pustka, seconded by Commissioner W. Lee Schmidt, Commissioner Tony Jebbia abstained, and duly passed, the court made a motion to accept Thomas Y. Picketts' value on $36,475,530.00 x 45.9375% equals $16,834,970.00 on 100% basis for Utilities, Fuels, Inc.

Mr. C. K. Reed, Manager of property taxes of Houston Lighting & Power Company and also, Workers and Utilties Fuels, Inc., a Subsidiary of Houston Industries, making a formal protest, protesting this value, as "I feel that the value should be based on the time encountered, according to my calculations, the value should then be $1,215,730.00 plus time coal cars spent, in Fort Bend County".

Thomas Y. Picketts' appraisal of the coal cars was based on mileage traveled in the State of Texas. Houston Lighting & Power protested, stating mileage should be computed only while the coal cars were in Fort Bend County.

Thomas Y. Pickett had set the valuation of the W. A. Parish Plant at $532,568,320.00.

Mr. T. H. Haney with Houston Lighting & Power Company, in previous experience has done appraisal of Industrial Properties, Personal Properties, Odd Industrial and Utilites and etc, maintained that the value for that plant at market value of $436,275,610.00. After discussion with Houston Lighting & Power Attorneys, Thomas Y. Pickett lowered their original valuation of $532,568,320.00 by $15,000,000.00 to $517,568,320.00. Houston Lighting & Power Attorneys', protested that valuation and maintained that their valuation of $436,275,610.00 was the true value of their property.

Mr. Haney asked that the court accept the value of $436,275,610.00.

---

3 RE: MOTION TO ACCEPT THOMAS Y. PICKETTS' VALUATION ON HOUSTON LIGHTING AND POWER COMPANY PROPERTY:

On Motion of Commissioner Johnnie Pustka, seconded by Commissioner Tony Jebbia, and duly passed, the court made a motion to accept the value of $517,568,320.00 that Thomas Y. Pickett has set on this property.

Mr. T. H. Haney made a protest that this value as being arbitrary and officious and "let it be known that we are not in agreement with this value".

There being no further business now necessary to be transacted by said Board of Equalization, it is ordered that said Board do now recess, until a later date, at which time said Board of Equalziation will further resume the transaction of such business as may then come before it.

Re: Group Policy No. 8047

Gentlemen:

In my letter dated June 13, 1980, I failed to mention that if the Court would like to increase the Accidental Death & Dismemberment benefits to the same amount as the life insurance which is $15,000 and $10,000, the additional annual premium would be approximately $3,016. I sincerely apoligize for this oversight.

If the Court desires, you may leave the Accidental Death & Dismemberment at the present level.

We certainly appreciate your business, and any time you have any questions or we may be of service, please do not hesitate to call.

Very truly yours,

Ben Waters
Regional Group Manager

2 RE: APPROVE CHANGES IN DEPOSITORY PLEDGE CONTRACTS:

On Motion of Commissioner Johnnie Pustka, seconded by Commissioner W. Lee schmidt, and duly passed, the court approved the following changes in Depository Pledge Contracts.

The First National Bank of Richmond, Texas to release $500,000.00 U. S. Treasury Bills due 7/3/80, receipt #30682, which are not to be replaced.

8 RE: APPROVAL OF LEASE AGREEMENT BETWEEN DOTY SAND PIT, INC. AND FORT BEND COUNTY:

On Motion of Commissioner Tony Jebbia, seconded by Commissioner Ed. H. Helwig and duly passed, the court approved the Lease Agreement between Doty Sand Pit, Inc. and Fort Bend County. Lease Agreement be exercised for the purpose so indicated. Lease Agreement as follows:

DOTY SAND PIT, INC.

AND

FORT BEND COUNTY

LEASE AGREEMENT

THE STATE OF TEXAS X

COUNTY OF FORT BEND X

12

THIS AGREEMENT is made and entered into by and between DOTY SAND PIT, INC., a Corporation duly organized and existing under the laws of the State of Texas (hereinafter called Doty), and FORT BEND COUNTY, a body corporate and politic under the laws of the State of Texas (hereinafter called Fort Bend).

WHEREAS, Doty is the owner of the tract of land described by metes and bounds in Exhibit "A" attached hereto and made a part hereof; and,

WHEREAS, Fort Bend desires to obtain a location for a sanitary land fill to meet the future garbage disposal needs of Fort Bend; and,

WHEREAS, Doty is agreeable to the lease of the tract described in Exhibit "A" attached hereto to Fort Bend for said purpose;

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: That in consideration of the mutual covenants, agreements, and benefits to both parties, it is AGREED as follows:

W I T N E S S E T H:

I.

Subject to the terms and conditions hereinafter set forth, Doty hereby leases and lets to Fort Bend, and Fort Bend rents, takes and accepts, pursuant to the terms of this Agreement, for the term of Ten (10) years, commencing on the 1st day of July, 1980 and expiring on the 30th day of June, 1990, that certain tract or parcel of real property located in Fort Bend County, Texas, containing 100 acres, more or less, said tract or parcel being more particularly described in Exhibit "A", attached hereto and made a part hereof for all purposes, the West line thereof being identical to the West line of that certain 261.505 acre

tract described in Deed to Doty dated August 2, 1973, recorded in Volume 696, Page 711 et seq. of the Deed Records of Fort Bend County, Texas, to which reference is here made. Subject to the terms and conditions hereinafter set forth, Doty hereby further leases and lets to Fort Bend, and Fort Bend rents, takes and accepts, pursuant to the terms of this agreement, for the term of nine (9) months, commencing on the 1st day of July, 1980, and expiring on the 31st day of March, 1981, all the remainder of that certain 261.505 acre tract described in deed to Doty dated August 2, 1973, recorded in Volume 696, Page 711 et seq. of the Deed Records of Fort Bend County, Texas, to which reference is here made, which remainder constitutes all that portion of said 261.505 acre tract save and except the tract described in Exhibit "A" attached hereto.

12

II.

Fort Bend shall have the right to operate a sanitary land fill upon said premises, together with the right to use necessary space for the construction of work sites, stock piles, and equipment storage on said premises.

Fort Bend shall be entitled to use any and all clay and sand located on said premises that Fort Bend deems necessary for the lining of the sanitary land fill pits and for the covering of garbage received at the land fill site, without payment of any additional rental to Doty.

The construction and maintenance of any road or roads located on the leased premises necessary for the use of the subject premises by Fort Bend shall be the sole responsibility of Fort Bend. All materials used in the construction and/or improvement of any and all such roads shall become the property of Doty and Fort Bend shall not be entitled to remove any of such materials from the leased premises without first obtaining the prior written consent of Doty, which consent Doty shall not be obligated to give. However, Fort Bend shall be entitled to use said materials for altering the location of any such roads within the boundaries of the leased premises.

III.

Fort Bend shall begin land fill operations on the North 1800

B

feet of the West 500 feet of the leased premises described in Exhibit "A" attached hereto and made a part hereof.

Thereafter, Fort Bend shall continue in a Southerly direction within 500 feet of the West boundary line of the leased premises to the Southwest corner thereof, or as near to the Southwest corner as is feasible for Fort Bend's land fill operations, and thereafter Fort Bend shall continue in an Easterly direction.

Fort Bend will keep and maintain the leased premises in an orderly condition and comply with all laws, ordinances, orders, rules and regulations, of any State, Federal, Municipal or other agency or authority having any jurisdiction over the leased premises with reference to use, conditions or operations on the leased premises.

IV.

12

Fort Bend will indemnify and hold Doty harmless from any and all fines, suits, claims, demands and actions of any kind by reason of the condition of the leased premises or by reason of operations on the leased premises by Fort Bend, its agents, employees, or licensees, including such resulting expenses incurred by Doty, and reasonable attorney's fees incurred by Doty defending any such claims. Further, Doty shall not be liable to Fort Bend or Fort Bend's Agents, employees, licensees, invitees or visitors for any damage to persons or property due to the condition of the leased premises. Doty makes no warranties, express or implied, as to the suitability of the leased premises for the purposes for which the same is leased.

This Lease is subject to all existing effective easements affecting subject property and is subject to all valid outstanding mineral and royalty interests affecting same.

Doty states that a portion of the land described in Exhibit "A" remains now subject to liens which Doty is obligated to have released, to the extent they affect subject land, before pit digging is done on such portion of subject land. When Fort Bend is ready to dig on any portion of subject land which remains subject to liens, Doty covenants

8

to obtain and file for record a release of all such liens to the extent they cover such land Fort Bend is ready to use, within sixty (60) days after Fort Bend notifies Doty it is ready to use such unreleased land. Attached hereto is Exhibit "C" which shows the portion of subject land which has been heretofore released from said liens.

V.

This Lease is made and accepted for and in the monthly consideration of the product of Fifteen (15%) per cent multiplied by the gross sum of dollars received by Fort Bend for receiving garbage and all other items upon the leased premises. Said consideration shall be due and payable monthly beginning on the 10th day of the first month following receipt of garbage or other items by Fort Bend upon the leased premises and shall be based upon the gross sum of dollars received by Fort Bend during the preceeding month. However, in the event Fort Bend should elect to charge less than $1.25 per cubic yard for garbage and other items received, then the rental consideration shall be fifteen (15%) per cent multiplied by $1.25 multiplied by the cubic yards received during the preceding month, said $1.25 per cubic yard figure being hereinafter referred to as minimum price.

12

April 1, 1982, and on each April 1 thereafter during the ten (10) year term of this lease, the minimum price used for purposes of computing minimum rental payments due Doty under this lease shall be adjusted by the following subparagraph which would result in the greater minimum price:

a. The minimum price shall be increased or decreased by the amount of percentage increase or decrease, if any, of the cost of living index for the preceding calender year, as compiled by the Bureau of Labor Statistics for the Houston Metropolitan area of Harris County, Texas. On April 1 of each year thereafter, during the term of this lease, the then current minimum price per cubic yard figure described above, same being $1.25 plus or minus any prior years said cost of living increases or decreases, shall be increased or decreased by the

8

amount of percentage increase or decrease, if any, of the cost of living index for the preceding calender year, as compiled by the Bureau of Labor Statistics for the Houston Metropolitan area of Harris County, Texas;

or

b. The minimum price shall be increased or decreased by an amount that, when multiplied by 15% multiplied by the number of cubic yards of materials received by Fort Bend during the preceding twelve (12) month period would equal the dollar amount of increase or decrease in ad valorem taxes attributable to the leased premises during the preceding calendar year. On April 1 of each year thereafter, the then current minimum price per cubic yard figure, same being $1.25 plus or minus any prior years said tax increases or decreases, shall be increased or decreased by an amount that when multiplied by 15% multiplied by the number of cubic yards of materials received by Fort Bend during the preceding twelve (12) month period would equal the dollar amount of increase or decrease in ad valorem taxes attributable to the leased premises during the preceding calendar year. However, any increase in ad valorem taxes attributable to improvements upon the subject 261.505 acre tract, which improvements are constructed by Doty or Fort Bend subsequent to the date of execution of this Lease shall not be taken into consideration for purposes of this sub-paragraph.

12

VI.

Fort Bend covenants and agrees to maintain daily records reflecting the amounts of material received on the leased premises, which daily records shall be in triplicate and shall be kept in the form of consecutively numbered tickets upon which the volume of material received shall be legibly recorded in addition to the name of the delivering party, driver's name, and the date of receipt, and Fort Bend shall supply Doty on a monthly basis a copy of each ticket. During normal working hours Doty or its designated agent shall have free access to Fort Bend's books, accounting and receipt records throughout the term of

this lease and after termination thereof for the purposes of verifying such receipt records and invoices, but while making such inspection, Doty shall not unreasonably interfere with Fort Bend's business operation. Doty shall have access to the subject property at any time. Fort Bend shall have thirty (30) additional days from the expiration of this lease to remove all personal property, equipment, and buildings constructed by Fort Bend on the premises, and all the property, buildings, and equipment located on the premises at the expiration of said thirty (30) day period shall belong to and become the property of Doty without the necessity of any action by Doty. Fort Bend shall restore the surface to level condition under any buildings so constructed and removed by Fort Bend.

12

VII.

Fort Bend shall maintain, at its own expense, gates wherever any roadway built by it shall cut any fences of Doty, and shall further maintain all roadways used by Fort Bend on the leased premises. All gates shall be locked when land fill operations are not being conducted and Doty shall be furnished a key to all locks. Doty agrees to have personnel in attendance at each gate open for use by Doty during any periods when Doty is using same.

VIII.

Fort Bend shall have over the aforesaid property only those rights intimately concerned and related to the operation of a sanitary land fill, and all other rights in and to the aforesaid property which are not inconsistent with the rights of Fort Bend, are hereby expressly reserved in favor of Doty.

IX.

This Lease is subject to all existing and future executed oil, gas, and other mineral leases on said property. It is understood that Doty reserves the right to lease and make conveyance of the oil and gas and other minerals in and under and that may be produced from said premises or any part thereof, and the right of ingress and egress from said premises for the purposes of exploring, drilling, producing and

8

taking away such oil and gas and other minerals, subject however, to the understanding that no such oil, gas or mineral operations shall unreasonably interfere with or prevent Fort Bend from conducting its operations on said premises.

X.

Fort Bend shall not be entitled to assign or sub-lease any of Fort Bend's rights under this Lease without first obtaining the prior written consent of Doty.

XI.

This Lease contains all of the agreements between Doty and Fort Bend, including Exhibit "A" and Exhibit "C", attached hereto and made a part hereof, and this instrument may not be altered, changed, or amended except by an instrument in writing signed by the parties hereto.

12

XII.

In the event any word, phrase, sentence or paragraph of this Lease is construed to be unconstitutional or unenforceable at law, the remainder of this Lease shall remain in full effect as though such unenforceable clause was deleted therefrom.

XIII.

Fort Bend shall be required to line the land fill pit or pits with clay and cover material dumped in said pits so as to comply with all legal requirements for sanitary land fills. Upon completion of each sanitary land fill area, Fort Bend shall level the topping or overburden and the elevation of the completion level of each pit shall be no less than the elevation of that portion of the road along and adjoining the entire West boundary line of the leased premises which road portion lies due West of said respective pit. The elevation of the completion level of each pit shall be uniform throughout the leased premises.

XIV.

In the event Fort Bend completes it operations on a portion of the land subject to this Lease so that Fort Bend is satisfied it has no further use for such portion of said land during remaining term of this

Lease, then Fort Bend will release such completely used land from this Lease.

XV.

All costs and expenses of operating said sanitary land fill pits under the terms of this Lease shall be Fort Bend's responsibility, and obtaining all required permits for operating said pits under terms of this Lease will be the responsibility of Fort Bend. Fort Bend agrees to diligently pursue the obtaining of said permits.

XVI.

Fort Bend shall not sell or remove from the leased premises any dirt, sand, or gravel.

XVII.

Upon written request from Doty, Fort Bend agrees to maintain and use a separate entrance for its operations from the entrance used by Doty for its sand and dirt operations upon the adjoining property owned by Doty or upon that portion of the leased premises not being used by Fort Bend.

XVIII.

This Lease shall in no manner limit the right of Doty to use for any purposes all land owned by Doty or hereafter acquired by Doty which adjoins the leased premises and Doty hereby reserves the right of ingress and egress over and across the leased premises for said purpose. Doty shall further be allowed to conduct operations for the sale and removal of dirt, sand, clay, and gravel from any portion of the leased premises not being used as a land fill pit by Fort Bend at said time.

XIX.

Fort Bend agrees to diligently pursue the obtaining of a public road easement suitable for heavy truck traffic to and from the leased premises.

During the term of this Lease, Doty grants to Fort Bend an easement for road purposes over and across that certain sixty (60) foot wide strip of land located East of and adjacent to the most Northerly

2995.55 feet of the East boundary line of the 100 acre tract described in Exhibit "A" attached hereto. Fort Bend shall be responsible for the construction and maintenance of any road to be used by Fort Bend over said easement area. Not withstanding anything to the contrary herein, Fort Bend shall not remove any road materials used in the construction of said road, if any, from the easement area and upon termination of this Lease, the easement herein granted shall terminate and revert to Doty and, at such time, any road and road materials used by Fort Bend upon said easement area shall become the property of Doty. During the term of this Lease and after construction by Fort Bend of the road described in the immediately succeeding paragraph to be constructed by Fort Bend for Doty, Doty shall not be entitled to use the herein described road easement granted to Fort Bend without first obtaining Fort Bend's consent.

In the event the operations of Fort Bend under this Lease Agreement interfere with the use of the existing road upon the leased premises by Doty or in the event Fort Bend desires that Doty use a separate road upon the leased premises for Doty's operations, then Fort Bend shall construct a road for the use by Doty which road shall be parallel to, East of and adjoining the herein described road easement granted to Fort Bend. Said road to be constructed by Fort Bend for Doty shall be of equal quality to the existing road within the leased premises used by Doty.

XX.

Doty shall not be responsible for any ad valorem taxes attributable to improvements made by Fort Bend upon the leased premises and attributable to personal property owned by Fort Bend upon the leased premises, during the term of this Lease. Fort Bend shall not be required to pay any portion of ad valorem tax increases due to personal property owned by Doty or improvements constructed by Doty on land owned by Doty adjoining the leased premises or on the leased premises.

XXI.

Fort Bend shall be entitled to drill water wells upon the

leased premises as required for monitoring the land fill and Fort Bend shall further be entitled to drill one (1) additional well upon the leased premises to furnish on site water for use by Fort Bend on the subject premises. Fort Bend shall be entitled to alter the locations of water wells on the leased premises during the term of this Lease as deemed necessary by Fort Bend. Upon the termination of this Lease, Fort Bend shall be entitled to remove any pumps used upon said wells under the provisions of paragraph VI. hereunder, but upon said termination, the then existing water wells shall become the property of Doty.

XXII.

Doty shall have the option to terminate this Lease on January 1, 1982 unless Fort Bend shall have obtained all permits required for the operation of a sanitary land fill upon the leased premises or a portion thereof on or before January 1, 1982. Doty shall further have the option to terminate this Lease on July 1, 1982 unless Fort Bend shall have received upon the leased premises prior to said date, a total sum of not less than 300,000 cubic yards of garbage material or unless Fort Bend shall tender to Doty on July 1, 1982 as additional consideration, an amount equal to the difference between total royalties or rentals paid by Fort Bend to Doty prior to July 1, 1982, and the amount of royalties or rentals which would have been paid by Fort Bend to Doty if Fort Bend had received 300,000.00 cubic yards of garbage material prior to July 1, 1982. Doty shall further have the option to terminate this Lease on July 1 of any succeeding year in which the sum total of garbage materials received by Fort Bend during the preceeding twelve (12) month period is less than 360,000 cubic yards unless Fort Bend shall tender on the July 1 which said option arises as additional consideration for this Lease an amount equal to the difference between the actual royalties or rentals paid Doty by Fort Bend during the preceding twelve (12) month period and the amount of royalties or rentals which would have been paid Doty by Fort Bend if Fort Bend had received 360,000 cubic yards of garbage material during the preceding twelve (12) month period.

8

XXIII.

In the event Fort Bend determines that the subject property is not suitable for the purposes for which leased at any time during the term of this Lease, then Fort Bend shall be entitled to terminate this Lease by giving Doty thirty (30) days notice of its intent to terminate.

XXIV.

Any notice provided for herein shall be deemed properly given forty-eight (48) hours after being deposited in the mails, provided such notice is sent registered or certified U.S. Mail, Return Receipt Requested, Postage Pre-paid, properly addressed to the Addressee as follows:

(1) If To: Doty

SECTION 1 - GENERAL

SECTION 1.1 SCOPE:

1.1.1 This specification covers the requirements of Spirolite High Density Polyethylene gravity sewer pipe and fittings in nominal sizes of 18 through 96 inch with integral bell joints.

SECTION 1.2. DEFINITIONS:

Under this standard, the following definitions apply: 12

1.2.1 Purchaser: The person, firm, corporation or government agency engaging in a contract or agreement to purchase pipe according to this standard.

1.2.3 Inspector: The authorized representative of the purchaser entrusted with the duty of inspecting pipe produced and witnessing tests performed under these standards.

1.2.4 Inspection: Inspection of the pipe and the tests by the inspector.

1.2.5 Pipe Design: The pipe shall be manufactured by the continuous winding of a special profile onto suitably sized mandrels. It shall be produced to constant internal diameters. The pipe wall profile shall be in accordance with the manufacturer's recommendation. Pipe wall profile, ring stiffness, and pipe class are as shown in Table 1.

1.2.6 Joints: The pipe shall be produced with bell and spigot end construction. Joining will be accomplished by rubber gasket, thermal welding, or chemical adhesive as determined by the design engineer in accordance with the manufacturer's recommendations.

The integral bell and spigot gasketed joint is designed so that when assembled, the elastomeric gasket, contained in a machined groove on the pipe spigot, is compressed radially in the pipe bell to form a positive seal. The joint shall be so designed to avoid displacement of the gasket when installed in accor-

1.2.7 Gaskets: All gaskets shall be molded into circular form or extruded to the proper section and then spliced into circular form.

SECTION 2 - MATERIALS

SECTION 2.1 BASIC MATERIALS:

2.1.1 Pipe and Fittings: The pipe shall be made of high density, high molecular weight polyethylene pipe material meeting the requirements of Type III, Class C, Category 5 Grade P34, as defined in ASTM D-1248 Polyethylene Plastic molding and extrusion materials. Clean rework material generated by the manufacturer's own production may be used so long as the pipe or fittings produced meet all the requirements of the specification.

2.1.2 Gaskets: Rubber gaskets shall comply in all respects with the physical requirements specified in the non-pressure requirements in ASTM Specification F-477.

2.1.3 Lubricant: The lubricant used for assembly shall have no detrimental effect on the gasket or on the pipe.

SECTION 3 - REQUIREMENTS

SECTION 3.1 WORKMANSHIP:

3.1 The pipe and fittings shall be homogenous throughout and free from visible cracks, holes, foreign inclusions or other injurious defects. The pipe shall be as uniform as commercially practical in color, opacity, density and other physical properties.

12

SECTION 3.2 DIMENSIONS:

3.2.1 Pipe Dimensions: The average nominal inside diameter of the pipe shall be true to the specified pipe size -¼". Standard laying lengths shall be 20 feet ± 1".

3.2.2 Fitting Dimensions: Fittings such as couplings, wyes, tees, adaptors, etc. for use in laying Spirolite HDPE gravity sewer pipe shall have dimensions as recommended by the manufacturer.

SECTION 3.3 FLATTENING:

3.3.1 There shall be no evidence of splitting, cracking or breaking when the pipe is tested in accordance with Section 4.3.2.

continued....

SECTION 3.4 RING STIFFNESS CONSTANT:

3.4.1 Minimum pipe ring stiffness constant values for the pipe shall comply with Table I when tested in accordance with Section 4.3.2.

SECTION 4 - INSPECTION AND TESTING

SECTION 4.1.1 GENERAL: Inspection by the purchaser shall not relieve the manufacturer of the responsibility of furnishing material conforming in all respects to the requirements of this standard.

4.1.2 Notification: If inspection is specified by the purchaser, the manufacturer shall notify the purchaser in advance of the date, time and place of testing of the pipe in order that the purchaser may be represented at the test.

4.1.3 Access: The inspector shall have free access to those parts of the manufacturer's plant that are involved in work performed under the standard. The manufacturer shall make available to the inspector, without charge, all reasonable facilities for determing whether the pipe meets the requirements of this standard.

4.1.4 Certification: As the basis of the acceptance of the material, the manufacturer will furnish a certificate of conformance to these specifications upon request. When prior agreement is made in writing between the purchaser and the manufacturer, the manufacturer will furnish other conformance certification in the form of affidavit of conformance, test results, or copies of test reports.

12

SECTION 4.2 PHYSICAL TEST REQUIREMENTS:

4.2.1 Conditioning: The test shall be run at $23^{o} + 2^{o}C$ ($73.4^{o} \pm 3.6^{o}F$). Care should be taken to condition the specimens to the test temperature when they are taken directly from an extrusion or molding operation. In cases of disagreement, specimens shall be conditioned utilizing Procedure A of ASTM Methods D-618.

4.2.2 Sampling: The selection of the sample or samples of pipe shall be as agreed upon by the purchaser and manufacturer. In case of no prior agreement, any sample selected by the manufacturer shall be deemed adequate.

continued....

SECTION 4.3 TEST METHODS

4.3.1 Flattening: Three specimens of pipe, 6 inches long, shall be flattened between parallel plates in a suitable press until the distance between the plates is 40 percent of the outside diameter of the pipe. The rate of loading shall be uniform and such that the compression is completed within 2 to 5 minutes. Remove the load, and examine the specimens for splitting, cracking or breaking.

4.3.2 Pipe Ring Stiffness Constant: The pipe ring stiffness constant shall be determined utilizing procedures of ASTM D-2412. The stiffness of Spirolite HDPE Pipe is defined in terms of the load, applied between parallel plates, which causes a 1% reduction of pipe diameter. The pipe ring stiffness constant shall equal or exceed the values listed in Table 1. Test specimens shall be 36" in length.

SECTION 5 - MARKING AND DELIVERY

5.1.1 Each standard and random length of pipe and fittings in compliance with this standard shall be clearly marked with the following information at three locations on the pipe.

Pipe Size
Profile Number
Production Code

SECTION 5.2 DELIVERY:

5.2.1 All pipe and couplings and fittings shall, unless otherwise specified, be prepared for standard commercial shipment.

17 RE: APPROVE RESOLUTION TO CORPS OF ENGINEERS ON DRAINAGE PROBLEMS AT CLODINE:

On Motion of Commissioner Tony Jebbia, seconded by Commissioner Ed. H. Helwig, and duly passed, the court authorized the Resolution to the Corps of Engineers on Drainage Problems at Clodine be approved along with a letter to Mr. Stanley Kucherka, Chief Engineer and Manager of the County of Fort Bend Drainage District by the Corps of Engineers. Resolution and letter as follows:

12

R E S O L U T I O N

WHEREAS the Commissioners Court of Fort Bend County has received numerous complaints about the deplorable condition of the drainageway known as Clodine Ditch; and

WHEREAS complete lack of a maintenance program exists to the point that the Clodine Ditch is overgrown and strewn with old car bodies and assorted other debris; and

WHEREAS, the U. S. Army Corps of Engineers has refused requests for maintenance and improvement operations on the Clodine Ditch, thus causing flooding of homes and businesses and loss of crops; and

WHEREAS the U. S. Army Corps of Engineers has stated that it has no funds available to effect a channel clearing operation in the Clodine Ditch; (see attached letter) and

WHEREAS, the embankment of the Barker Reservoir is an impediment to the drainage pattern of the local area; and, in fact, completely blocks the natural flow direction; and

WHEREAS the U. S. Army Corps of Engineers has further refused proposals from local public and private agencies to provide conduits through the levee embankment as a means of drainage outlets for the upstream area; and has refused to improve the alternate channel to adequately provide drainage; and

WHEREAS the lack of an adequate drainage outlet has placed severe hardship and duress upon the upstream landowners to the point of causing flooding conditions and precluding most owner - desired land usage ; Thus

BE IT THEREFORE RESOLVED by the Commissioners Court of Fort Bend County that the Court calls upon the U. S. Army Corps of Engineers to alleviate this deplorable condition that has placed undue hardship on those residents of Fort Bend County so adversely impacted by these conditions and that the offices of those respective state and federal legislators in whose jurisdiction this condition persists be made aware of the need for an expeditious resolution to this most pressing problem.

Mr. Stanley L. Kucherka, Jr. P.E.
Chief Engineer and Manager
County of Fort Bend Drainage District
P. O. Box 1028
Rosenberg, Texas 77471

Dear Mr. Kucherka:

This responds to your 2 May 1980 letter requesting removal of trees, brush and other debris from Clodine Ditch. We have prepared plans and specifications for this work and had planned to have it under contract early this summer. However, recently imposed funding constraints have caused us to delay awarding this contract for an indefinite period. Under the constraints, we submitted our work requirements for review by the Office, Chief of Engineers, where priorities for specific jobs were established. Authority to proceed with various elements of work will then be released for execution based on funding availability and priority considerations.

We are anxious to accomplish this work and appreciate your concern for improving the flow capacity of Clodine Ditch. As funds again become available, the processing of this contract will be expedited.

Should you have additional questions in this matter, please call on Mr. George Rochen at (713) 763-1211, extension 315.

Sincerely,

JAMES M. SIGLER
Colonel, Corps of Engineers
District Engineer

10 RE: MR. RICHARD SELLEH, GRANT COORDINATOR - REQUEST APPROVAL OF RESOLUTION GUARANTEEING 60% CASH MATCH ON DE-INSTITUTIONALIZATION OF STATUS OFFENDERS GRANT #4:

On Motion of Commissioner Tony Jebbia, seconded by Commissioner Johnnie Pustka, and duly passed, the court approved the Resolution and authorize the Fort Bend County Juvenile Probation Department to guarantee application to the Texas Criminal Justice Council for an Action Grant, guaranteeing 60% cash match on De-institutionalization of Status Offenders Grant #4, as follows:

12

STATE OF TEXAS
COUNTY OF FORT BEND

IN THE COMMISSIONERS COURT
FORT BEND COUNTY, TEXAS

RESOLUTION

BE IT REMEMBERED, that on this the 7th day of July A.D., 1980 in the County of Fort Bend, at a duly called and regular meeting of the Commissioner's Court of the County of Fort Bend, there was read, presented considered, and came on to be heard and adopted, the following Resolution.

THAT WHEREAS, a program of treatment and rehabilation for Juvenile Offenders is one of the primary duties of the Criminal Justice System, and;

WHEREAS, the Fort Bend County Juvenile Probation Department has EVIDENCE, NEED, WILLINGNESS, AND DESIRE to provide expanded and more intensive services to the offenders of the County through and intensified program of Correctional Probation, and:

WHEREAS, the aforesaid Probation Department has, over a period of years, demonstrated that it has the resources and leadership necessary to provide such intensified services;

NOW, THEREFORE BE IT RESOLVED THAT, this, the Commissioner's Court of the County of Fort Bend hereby will continue to endorse and authorize the Fort Bend County Juvenile Probation Department to make application to the Texas Criminal Justice Council for an Action Grant, and that the Commissioner's Court of the County of Fort Bend intends to support the operation of this Project with local resources at the succession of this project. The Commissioner's Court of Fort Bend County is aware that the 4th year of the Status Offender Project will commence on August the 1st and we will guarantee the 60% cash match required by C.J.D. to support this project.

ORDER APPROVING CLAIM AND AUTHORIZING THE ISSUANCE AND DELIVERY OF CERTIFICATES OF OBLIGATION

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

WHEREAS, the Commissioners Court (the "Court") of Fort Bend County, Texas (the "County"), by order adopted December 17, 1979, affirmed the intention of the County to issue Certificates of Obligation for the purpose of evidencing the indebtedness of the County for all or any part of the cost of constructing permanent improvements for the County, to-wit: improvements to the County Courthouse; and

WHEREAS, the Court gave due and proper notice of the time and place when and where a contract, or contracts, for such construction would be let, and gave due and proper notice of its intention to issue such Certificates of Obligation; and

WHEREAS, the Court thereafter awarded a contract to the Meyerson Construction Company (the "Contractor") in the amount of $1,811,000 as the lowest and best bid for such construction and the Contractor, at the time of making such bid, elected to assign such Certificates of Obligation in accordance with arrangements made by the Court; and

12

WHEREAS, the Contractor, as shown on a true copy of its Claim No. 5 in the net amount of $ 200,000.00, attached hereto as Exhibit "A" and made a part hereof for all purposes as if fully written herein, has submitted its claim; and

WHEREAS, the County has received the full benefits of such contract represented by said claim to the full extent thereof and to the full extent of the Certificates of Obligation hereinafter authorized to be delivered; and no person, corporation or trust estate has given notice in writing or otherwise to the County, or to any official thereof, of any liens for any materials, apparatus, fixtures, machinery or labor furnished to the Contractor as provided by Chapter 17, Acts of the Legislature

of Texas, 1925 (Article 5472-a, Vernon's Texas Civil Statutes), or any other provision of law; and

WHEREAS, the County does not hold a claim of any kind or character which might be properly charged or interposed as an offset or counterclaim to the payment of the aforesaid claim; and

WHEREAS, said claim has been assigned, without discount, as shown thereon, to the bank or banks, respectively, named in said claim, and the said banks are now the legal owners and holders thereof; and

WHEREAS, the Court wishes to approve said claim and authorize the payment thereof by the issuance and delivery of certain of said Certificates of Obligation, all as shown on said Exhibit "A" and as hereinafter set out; therefore

BE IT ORDERED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS:

Section 1. The matters and facts contained in the preamble of this order are hereby found and declared to be true and correct.

Section 2. The claim described in the preamble of this order and fully set forth in Exhibit "A", mentioned in said preamble, shall be, and the same is hereby, approved and allowed, and the County hereby acknowledges receipt of the full benefits represented by said claim to the full extent thereof and to the full extent of the Certificates of Obligation herein authorized to be issued and delivered; and the County hereby recognizes and approves the transfer and assignment of a portion of said claim, without discount, as shown thereon, to the bank or banks named, and in the amounts shown, respectively, in said claim.

Section 3. There is now due and owing to said bank, or banks, the following sums:

First National Bank of Richmond Richmond, Texas	$ 55,000.00
Rosenberg Bank & Trust Rosenberg, Texas	$ 75,000.00

The First National Bank of Rosenberg Rosenberg, Texas	$ 45,000.00
Fort Bend National Bank Richmond, Texas	$ 25,000.00

and there shall be executed and delivered to said bank, or banks, upon payment in full to the County of the accrued interest upon the Certificates of Obligation to be so delivered from March 1, 1980, to the date of such delivery, FORT BEND COUNTY, TEXAS, CERTIFICATES OF OBLIGATION, SERIES 1980, dated March 1, 1980, in the aggregate principal amount of $ 200,000.00, apportioned (if to more than one such bank) as shown above in this Section, and the sum of $ 3,202.91 shall be carried forward and paid by the County either in cash or by issuance of Certificates of Obligation.

12

Section 5. It is hereby officially found and determined that the need of the County for such financing creates an emergency and an urgent public necessity for the holding, at the scheduled time, of the meeting at which this order is adopted and for the adoption of this order; and the NOTICE OF MEETING relating to said meeting and heretofore posted, and the posting thereof, are hereby authorized, approved, adopted and ratified.

PASSED AND APPROVED this 7 day of July, 1980.

COUNTY JUDGE
RICHMOND TEXAS 77469

DEAR CHIEF EXECUTIVE OFFICER:

AS I AM SURE YOU KNOW, THE REVENUE SHARING PROGRAM WILL EXPIRE AT THE END OF THE CURRENT ENTITLEMENT PERIOD (EP 11).

WHILE NO PAYMENTS AFTER OCTOBER 1980 ARE CURRENTLY AUTHORIZED, THE ADMINISTRATION HAS BEFORE THE CONGRESS A PROPOSAL FOR A FIVE-YEAR REAUTHORIZATION OF PAYMENTS TO LOCAL GOVERNMENTS. THE PROPOSAL INCLUDES A NUMBER OF MODIFICATIONS IN THE ALLOCATION FORMULA THAT MAY CHANGE THE AMOUNT OF YOUR GOVERNMENT'S PAYMENT. FIRM INFORMATION WILL NOT BE AVAILABLE UNTIL THE CONGRESS COMPLETES ACTION ON THE RENEWAL LEGISLATION. HOWEVER, ESTIMATES OF THE ALLOCATIONS FOR YOUR GOVERNMENT UNDER THE ADMINISTRATION'S PROPOSAL ARE AVAILABLE ON REQUEST FROM THE ORS INTERGOVERNMENTAL RELATIONS DIVISION.

FINAL AMOUNTS HAVE BEEN COMPUTED FOR EP 11 USING FINAL DATA. YOUR GOVERNMENT'S FINAL PERIOD 11 ENTITLEMENT IS $28,613 LESS THAN THE AMOUNT ESTIMATED FOR THIS EP.

2

TO AVOID CREATING AN OVERPAYMENT, WE HAVE DEDUCTED $28,613 FROM YOUR GOVERNMENT'S QUARTER 4 PAYMENT (OCTOBER 1980) FOR PERIOD 11.
A REVISED 1975 PER CAPITA INCOME ESTIMATE OF $4,926, AS REPORTED BY THE CENSUS BUREAU, WAS USED IN THE FINAL ALLOCATION PROCESS FOR EP 11. OTHER DATA FACTORS REMAIN UNCHANGED, UNLESS YOU HAVE BEEN PREVIOUSLY NOTIFIED.
YOU WILL BE ADVISED OF ANY CHANGE IN YOUR ACCOUNT STATUS. IF YOU HAVE ANY QUESTIONS OR NEED MORE INFORMATION, CONTACT THE ORS SYSTEMS AND OPERATIONS DIVISION. BE SURE TO INCLUDE YOUR ORS ACCOUNT NUMBER, 44 1 079 079, AND YOUR STATUS CODE, 052, IN ANY CORRESPONDENCE CONCERNING THIS LETTER.
THANK YOU FOR YOUR COOPERATION IN THIS MATTER.

Judge Jodie E. Stavinoha
Fort Bend County Commissioners' Court
Richmond, Texas

Dear Judge Stavinoha,

The following is the information you requested concerning forms handling equipment.

DECOLLATOR
The decollator model Mr. Seiler seemed to show interest in was our Model 283-A decollator.

Form size - widths to 19"
depths to 14"

Capacity - 2 or more parts with or without carbon

Power - 115 or 220 volts

Speed - 0 to 350 feet per minute

Overall this decollator is built to handle both large and small work loads with a variable speed control. Adjustable refold shelves can be removed for compact storage. Manufactured from steel and aluminum thereby removing risk of breakage or melting. This machine is also belt driven which eliminates the threat of gear breakage and wear-down.

Bid price: $1005.00

Delivery: usually 3 weeks (however checked with warehouse and we do have one for immediate delivery)

Fort Bend County reserves the right to reject any and all bids and to waive all technicalities.

AMIZOL® Industrial Herbicide

For general weed control In Industrial and similar non-crop areas

Use alone or in combination with other weed control herbicides having long residual action

CAUTION: Keep out of the reach of children. See other cautions.

ACTIVE INGREDIENT:
Amitrole (3-amino-1, 2, 4-triazole) 90%

INERT INGREDIENTS: 10%

DIRECTIONS FOR USE

I–Use AMIZOL® alone:

	Amounts per Acre AMIZOL	Water
a– To control annual grass and broadleaf weeds where residual control is not required, spray when most weeds are 3-4 inches tall,	2 lbs.	100 gal.
b– To control annual grasses, annual and perennial broadleaf weeds and suppress perennial grasses, spray when most weeds are 6-10 inches tall.	4 lbs.	100 gal.
c– Cattails: treat after catkins are fully formed until frost.		
(1) ground application	8-10 lbs.	300 gal.
(2) aerial application	10 lbs.	15 gal.
d – Poison ivy, poison oak: treat after leaves are fully developed in the spring until leaves start to turn color in the fall.	2 lbs.	100 gal.

II–Use Amizol combinations with Princep 80W:

	Amounts per Acre AMIZOL	Princep
a– For seasonal control of most weeds where safety to nearby desirable trees, shrubs and ornamentals is important.	4 lbs.	12½ lbs.
b – For economical control of easy to control (annual) weeds, for areas with short growing seasons.	2 lbs.	6¼ lbs.
c – For grass and broadleaf weed control in nurseries, ornamental plantings in median strips. Use a directional spray.	1 lb.s	[illegible]

CAUTION: Lilac, privet, honeysuckle, [illegible] susceptible to this mixture and [illegible]

When [illegible] johnsongrass or be[illegible] AMIZOL [illegible] and Telvar or Karmex is re[illegible]

III–Use AMIZOL combinations with Karmex or Telvar:

	Amounts per Acre AMIZOL	Karmex or Telvar
a – For seasonal control of most weeds.	4 lbs.	20 lbs.
b For economical control of easy to control (annual) weeds; for areas with short growing seasons.	2 lbs.	10 lbs.

CAUTION: Mixtures containing Telvar of Karmex should not be applied where material will wash or leach into the root zone of valuable trees or shrubs, since severe damage may result. We recommend using Karmex in high rainfall areas or where Karmex has given best results in the past. Use Telvar in areas of proportionately lower rainfall or where Telvar has given best results in the past.

IV–Use AMIZOL combinations with Sodium TCA 95%:

	Amounts per Acre AMIZOL	Sodium TCA
a– For general control of most grass and broadleaf weeds.	5 lbs.	50 lbs.
b– For control of johnsongrass and bermudagrass, or heavy stands of other grasses.	5 lbs.	100 lbs.

NOTE: Use at least 1 gallon of water for each pound of Sodium TCA applied. Repeat applications will be necessary where annual weeds sprout following earlier applications. The combination of 5 lbs. AMIZOL plus 20 lbs. of Radapon is preferred in low rainfall areas.

V–Use AMIZOL combinations with Radapon:

	Amounts per Acre AMIZOL	Radapon
For general control of cattails, phragmits and tules.		
(1) flooded sites	5 lbs.	25 lbs.
(2) non-flooded sites	2 lbs.	10 lbs.

VI- AMIZOL in Special Combinations:

To control existing vegetation and prevent reinvasion of weeds on railroad ballast and berm areas, highway shoulders and industrial areas, mix 1 to 4 lbs. AMIZOL per acre with one of the following residual herbicides.

AMOUNTS TO [illegible]

	Arid areas or short growing seasons	Humid areas or full growing seasons	Where Mixtures May Be Used: Railroad Ballasts & Berm	Highway Shoulders	Industrial Areas
Aatrex® 80W (atrazine)	5-10 lbs.	20 lbs.	–	X	X
Bromacil® X (bromacil)	4 lbs.	10 lbs.	X	–	X
Karmex® (diuron)	5-10 lbs.	20 lbs.	X	–	X
Krovar® (bromacil + diuron)	3 6 lbs.	10 lbs.	X	–	–
Princep® 80W (simazine)	5-10 lbs.	20 lbs.	X	–	X
Tandex® (karbutilate)	4 lbs.	10 lbs.	–	–	X
Telvar® (monuron)	5-10 lbs.	20 lbs.	X	–	–

For faster knockdown of annual and perennial broadleaf weeds, add 1 to 4 qts. of 2, 4-D ester or amine per acre to the mixture of Hyvar X or Krovar with AMIZOL. To control puncturevine, Russian thistle or kochia, add 1 to 3 gallons Fenac to mixtures of Hyvar X + AMIZOL or Aatrex + AMIZOL.

CAUTION: Mixtures containing Telvar, Karmex, Aatrex, Tandex, Fenac, Krovar or Hyvar X, should not be applied where material will wash or leach into the root zone of valuable trees or shrubs, since severe damage may result.

DIRECTIONS FOR USE

HOUSE FLIES: for reduction of fly population use 2 gallons per 100 gallons of water or 1 pint in 6 gallons of water for control in dairy barns, corrals, manure piles, garbage heaps, city dumps, etc.; apply spray thoroughly to wet ceiling, walls and other places where flies congregate. Repeat application as necessary.
NOTE: Do not use where milk is processed or stored or in human dwellings. Avoid contamination of feed and feed products. Remove animals and poultry before treating. DO NOT USE ON ANIMALS.

FLEAS: For control of fleas in dog houses and garages make a 2.5% Malathion spray by mixing one part 57% Malathion Emulsifiable with 22.8 parts water. Remove animals before spraying. Thoroughly treat infested areas. Fresh bedding should be placed in animal quarters following treatment. Repeat application as necessary. Do not use on pets and other animals.

PEARS: Use 1 to 2 pints per 100 gallons of water for control of: Spider Mites, making 2 or more applications as needed. For control of Pear Psylla make one or more applications as needed as a full coverage. Make no application on pears 14 days before harvest.

ORNAMENTALS: For the control of: Aphids, Spider Mites, Whitefly, Mealybugs, Thrips, Japanese Beetle adults, Four-lined Leaf Bug, Tarnished Plant Bug, Rose Leafhopper and Potato Leaf Hopper use 1½ pints per 100 gallons of water, making one or more applications as needed as a full coverage.

For control of: Soft Brown Scale, Monterey Pine Scale and Black Scale Crawlers use 2½ pints per 100 gallons of water making one or more applications as needed. For control of: Juniper Scale, Fletcher Scale, Bagworms and Oak Kermes use 2 pints to 100 gallons of water. Make one or more applications as needed after crawlers have settled on the foliage.

For control of: Pine Needle Scale use 4 pints per 100 gallons of water. Make one or more applications as needed after crawlers have settled on the foliage.
NOTE: Do not use on Boston Maidenhair, Pteris Ferns as well as species of Crassula. Do not apply on Petunias.

CONTAINER DISPOSAL: Do not re-use container. Destroy it by burying with waste or by burning. Stay away from smoke and fumes.

This product is TOXIC TO FISH. Keep out of any body of water. Do not apply when weather conditions favor drift from treated areas. Apply this product only as specified on this label.

FLAMMABLE MIXTURE: Keep away from heat or open flame.

*This product is highly toxic to bees exposed to direct treatment or residue on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

SUBJECT: ESCALATION CLAUSE

Gentlemen:

Enclosed is our bid for chemicals for a six month period. The prices shown on our bid are good for six months only if we do not encounter a price increase from our manufacturers.

If our manufacturers increase our prices on products shown in this bid during the next six month period we reserve the right to go up on this bid by the same percentage.

If our firm happens to be low on any of the items listed in this bid, please have a responsible party with the Fort Bend County Drainage District acknowledge this escalation clause by signing a copy and return to our office at P. O. Drawer A, Fredericksburg, Texas 78624.

This must be done before we will deliver any materials.

Cordially yours,

CHEM TAC, INC.

James A. Welgehausen

INERT INGREDIENTS 20%

U.S. Pats. 3,235,357 & 3,352,862 EPA Reg. No. 352-287-AA

Keep out of reach of children.

CAUTION! MAY IRRITATE EYES, NOSE, THROAT, AND SKIN

• Avoid breathing dust or spray mist • Avoid contact with skin, eyes, and clothing

IMPORTANT

Injury to or loss of desirable trees or other plants may result from failure to observe the following. Do not apply (except as recommended for crop use), or drain or flush equipment on or near desirable trees or other plants, or on areas where their roots may extend, or in locations where the chemical may be washed or moved into contact with their roots. Do not use on lawns, walks, driveways, tennis courts, or similar areas. Prevent drift of dry powder or spray to desirable plants. Do not contaminate domestic waters. Keep from contact with fertilizers, insecticides, fungicides, and seeds. Thoroughly clean all traces of "Hyvar" X from application equipment immediately after use. Flush tank, pump, hoses, and boom with several changes of water after removing nozzle tips and screens (clean these separately).

Do not re-use bag. Bury when empty.

GENERAL INFORMATION

DuPont "Hyvar" X Weed Killer is a wettable powder to be mixed in water and applied as a spray for control of weeds and brush. It is non-corrosive to equipment, non-flammable, and non-volatile.

"Hyvar" X is an effective general herbicide for the control of many annual weeds at low rates and perennial weeds and brush at higher rates and is particularly useful for control of perennial grasses. It may be used on non-cropland for non-selective weed and brush control and for selective weed control in certain crops.

Effects are slow to appear and may not become apparent until the chemical has been carried into the root zone of the weeds by moisture. The degree of control and duration of effect will vary with the amount of herbicide applied, soil texture, rainfall, and other conditions.

NOTICE OF WARRANTY

DuPont warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. It is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of DuPont. In no case shall DuPont be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the Buyer. DUPONT MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PAR[illegible] NOR ANY OTHER EXPRESS OR

DIRECTIONS

Apply "Hyvar" X as a spray just before or during the period of active growth of plants to be controlled. If dense growth is present, results will be improved if vegetation is removed before treatment. Do not apply when ground is frozen.

Before spraying, calibrate equipment to determine quantity of water necessary to uniformly cover measured area to be treated. Weigh the proper amount of "Hyvar" X and mix into necessary volume of water.

For crop use, apply with a fixed boom power sprayer properly calibrated to a constant speed and rate of delivery. Use sufficient water (min. 40 gals. per acre) to provide thorough and uniform coverage of the ground. Spray booms must be shut off while starting, turning, slowing, or stopping, or injury to the crop or successive crops may result.

For non-crop use, application also may be made with a handgun sprayer using at least 200 gals. spray per acre to insure uniform coverage. For small areas, a hand sprayer or sprinkling can may be used.

Nozzle screens should be 50 mesh or larger. Continuous agitation in the spray tank is required to keep the material in suspension. Agitate by mechanical or hydraulic means in the spray tank. If by-pass or return line is used, it should terminate at bottom of tank to minimize foaming. Do not use air agitation.

NON-CROP USE

WEED CONTROL

To control most weeds for an extended period of time on non-cropland areas such as Railroad, Highway and Pipeline Right-of-Ways, Petroleum Tank Farms, Lumberyards, Storage Areas and Industrial Plant Sites:

Apply 3 to 6 lbs. per acre to control annuals such as cheat, crabgrass, downy brome, foxtail, lambsquarters, puncturevine, ragweed, ryegrass, turkey mullein, and wild oats. When applied just prior to or after emergence of annuals, rates as low as 2 lbs. per acre control many annual weeds and grasses in low rainfall areas and give short term control in higher rainfall areas.

Apply 7 to 12 lbs. per acre to control of perennials such as aster, bahiagrass, bluegrass, broomsedge, dandelion, dog fennel, goldenrod, plantain, purpletop, natalgrass (redtop), quackgrass, smooth brome, and wild carrot. In areas with low or seasonal rainfall, rates as low as 5 lbs. per acre control many perennial weeds and grasses.

Apply 15 to 30 lbs. per acre to control bermudagrass, bindweed, bracken fern, dallisgrass, dogbane, horsetail, johnsongrass, nutsedge, saltgrass, and woolygrass. Where limited rainfall (usually less than 4 inches) occurs during the growing period, such as

4

some areas of the West, "Hyvar" X ... satisfactory control of hard to kill, deep rooted perennial weeds such as johnsongrass

Note — Use the higher levels of the dosage ranges on adsorptive soils (those high in organic matter or carbon)

Retreatment — Apply 2 to 6 lbs per acre when annual weeds and grasses reappear on sites where weed growth has been controlled

For Small Areas — ¼ cupful of "Hyvar" X per 250 sq ft is approximately 15 lbs per acre

BRUSH CONTROL

To control undesirable woody plants on non-cropland areas such as Railroad Right of Ways, Storage Areas, Industrial Plant Sites, and Drainage Ditches

Apply in spring or summer as a broadcast or basal (spot) treatment; for use on drainage ditches, apply as a basal (spot) treatment only. **Note:** For effective brush control and prevention of damage to desirable vegetation, do not apply to brush standing in water, do not use water from treated ditches for irrigation, do not use in irrigation ditches nor on right-of ways or other sites where marketable timber or other desirable trees or shrubs are immediately adjacent to the treated area

Broadcast Treatment — Apply 7 to 12 lbs per acre to control oak, pine, sweet gum, and willow; apply 15 to 30 lbs per acre to control brush such as American elm, cottonwood, hackberry, sumac, and winged elm. Use the higher levels of the dosage ranges on adsorptive soils (those high in organic matter or carbon)

Basal (Spot) Treatment — Mix 2½ lbs in 5 gals of water and apply at the rate of 1 to 2 fl oz per stem 2" to 4" in basal diameter; wet base of stem to run off. Treatment controls woody plants such as cottonwood, hackberry, maple, oak, poplar, red bud, sweet gum, wild cherry, willow, and winged elm

SELECTIVE USE IN CROPS

"Hyvar" X should be used only in accordance with recommendations on this label, or in separate DuPont bulletins available through local dealers.

All dosages of "Hyvar" X are expressed as broadcast rates. For band treatment, use proportionately less, for example, use 1/3 of the broadcast rate when band treating 1/3 of the area

Moisture is necessary to activate the chemical; best results are obtained if moisture is supplied by rainfall or irrigation within two weeks after application

CITRUS (Oranges, Grapefruit, Lemons)

Apply as a band or broadcast treatment beneath and/or between trees. Avoid contact of foliage and fruit with spray mist. Temporary yellowing of citrus leaves may occur following treatment. Do not use on citrus in Kern County, California

Because injury to citrus trees may result: do not use on soils low in organic matter (less than 1%) nor on poorly drained soils; do not apply more than 8 lbs per acre per year; do not treat trees planted in irrigation furrows; do not treat diseased trees such as those with foot rot. Do not use in citrus orchards interplanted with other trees or desirable plants, nor in home citrus plantings or in areas where roots of other valuable plants or trees may extend as plant injury may result. Treated areas may be replanted to citrus trees 1 year after last application; do not replant to other crops within 2 years after last application as plant injury may result

Trees Established for Four Years or More

Annual Weeds — Including barnyardgrass (watergrass), crabgrass, crowfootgrass, Florida pusley, henbit, lambsquarters, mustard, natalgrass (red top), puncturevine, ragweed, sandspur, sedge (annual), sprangletop, Texas panicum (Colorado grass), and turkey mullein, apply 2 to 4 lbs per acre. Apply any time of the year, preferably shortly before or after weed growth begins when adequate moisture is available

Perennial Weeds — Best results are obtained if application is made shortly before or shortly after weed growth begins; if dense growth is present, remove tops and spray the ground. Effects on perennial weeds are slow to appear, usually progressing over a period of several months

Make a single application per year during the period from winter to early summer, use at the following rates:

Soil Texture	lbs "Hyvar" X Per Acre
Sand, loamy sand	4 to 5
Sandy loam	5 to 6
Silt loam, clay loam	6 to 8

Alternatively, make two applications of 3 to 4 lbs "Hyvar" X per acre per year. In Florida, Texas, and Louisiana, apply in spring and summer, in California and Arizona, apply in fall and spring

Note: Partial control usually occurs with a single treatment, repeat applications are required to control perennials. "Hyvar" X controls the following:

Bermudagrass	All areas U S
Torpedograss, paragrass, pangolagrass, Bahiagrass	Florida
Johnsongrass	Texas
Nutsedge	Texas, California

Control of perennials may be improved by cultivation prior to treatment, otherwise, avoid working the soil as long as weed control continues or else effectiveness of the treatment may be reduced

Torpedograss Control -- Barrier Strip Treatment

For control of torpedograss adjacent to citrus groves to prevent spread of the weed into groves, apply 30 lbs per acre. Treat a border strip 10 to 20 ft wide adjacent to the citrus grove, but not closer than 10 ft to the dripline of citrus trees. Examine treated area every four months after application and spot treat invading or surviving torpedograss at 30 lbs per acre (11 oz per 1000 sq ft). For best results apply in late winter or early spring after the torpedograss has broken dormancy and is actively growing. For later season application where growth is rank, mow or disc the area prior to treatment

PINEAPPLE

Do not replant treated areas to any crop other than pineapple within 2 years after last application as injury to subsequent crops may result.

Hawaii — For control of seedling weeds such as amaranthus, balsamapple, chloris, crabgrass, Floras paintbrush, foxtail, goosegrass (wiregrass), and Hialoa, apply 2 to 6 lbs per acre broadcast before the planting material begins to grow. Use the lower rates in low rainfall areas (5 to 10 inches annually) and on clean culture fields; use the higher rates in high rainfall areas (above 10 inches annually) and for trashmulch fields. Follow with 2 to 4 lbs. per acre as a directed interline spray as needed prior to differentiation, or apply 2 lbs per acre broadcast as needed after plants are 8 months old but before differentia

12

46

tion Do not apply more than 16 lbs total per acre per plant crop

For ratoon crop, apply 1 to 4 lbs per acre broadcast after harvesting plant crop but before differentiation Do not apply more than 4 lbs total per acre per ratoon crop

Puerto Rico — For control of seedling weeds such as crabgrass, goosegrass, junglerice, pigweed, and purslane, apply 2 to 4 lbs per acre broadcast immediately after planting and before planting material begins to grow

NOTICE TO BUYER — Purchase of this material does not confer any rights under patents of countries outside of the United States

HYVAR® X BROMACIL WEED KILLER AS A TANK MIXTURE WITH OTHER HERBICIDES FOR NON-CROP WEED CONTROL

DuPont "Hyvar" X Bromacil Weed Killer with DuPont Surfactant WK is recommended for use as a tank mixture with amitrole, amitrole T, "Banvel"®• D, 2,4-D amine, dalapon, "Dowpon"®•• C, MSMA, paraquat, and "Phytar" ••• 560 (Na salt of cacodylic acid) for control of undesirable vegetation in non-crop areas such as railroad, highway, pipeline and utility right of ways, petroleum tank farms, lumberyards, storage areas and industrial plant sites

DIRECTIONS

For non-cropland use, application may be made with a hand gun or boom sprayer using sufficient water (40 to 200 gals of spray per acre) to insure uniform coverage For smaller areas, a hand sprayer may be used Nozzle screens should be 50 mesh or larger. Agitation may be either mechanical or hydraulic If a by-pass or return line is used, it should terminate at the bottom of the tank to minimize foaming Do not use air agitation

Spray Preparation — Fill spray tank half full of water Start agitation and continue during entire mixing process. Add required amount of "Hyvar" X and allow to mix. If additional product is a wettable powder, add to tank and allow to mix thoroughly If additional product is a liquid, add slowly while filling remainder of tank with water Dilute proper amount of Surfactant WK with 10 parts of water and add to tank last and allow contents to mix thoroughly Continuous agitation in the spray tank is required to keep the materials in suspension.

Rates for Weed Control — HYVAR® X Use "Hyvar" X at the following rates with Surfactant WK (1 to 2 qts per 100 gals spray) for non crop weed control.

Apply 4 to 6 lbs. per acre to control annual weeds and grasses such as bromegrass, cheatgrass, crabgrass foxtail, lambsquarters, puncturevine, ragweed, ryegrass, turkey mullein and wild oats

Apply 7 to 12 lbs. per acre to control perennial weeds and grasses such as aster, bahiagrass, bluegrass, broomsedge, dandelion, dog fennel, goldenrod, plantain, purpletop, quackgrass, redtop, smooth brome, and wild carrot

Apply 15 to 30 lbs per acre to control hard to kill perennial weeds and grasses such as Bermudagrass, bermudagrass, bracken fern, Dallisgrass, dogbane, horsetail, Johnsongrass, nutsedge, saltgrass, and vaseygrass

Rates for Products to be Tank Mixed with HYVAR® X and Surfactant WK — Use the lower rate of "Hyvar" X (See Note) recommended to provide control of weeds to be sprayed Prepare a tank mixture with one of the following herbicides selected as appropriate to improve control of the weed population

Amitrole or Amitrole T — Add 1 to 3 gals per acre to "Hyvar" X to improve control of Bermudagrass, bluegrass, Canada thistle, horsetail rush, nutsedge, and quackgrass.

"Banvel" D (dicamba) — Add 1 to 4 pts per acre to "Hyvar" X to improve control of bindweed, dewberry, smartweed, thistle, and many other broadleaved weeds

2, 4-D Amine — Add 2 to 4 lbs active per acre to "Hyvar" X to improve control of blackberry, burdock, peppervine, trumpetvine, Virginia creeper and other broadleaved weeds

Dalapon ("Dowpon" or "Dowpon" C) — Add 15 to 30 lbs per acre to "Hyvar" X to improve control of bahiagrass, Bermudagrass, broomsedge, bunchgrass, Johnsongrass and quackgrass

MSMA — Add 3½ to 7 lbs active per acre to "Hyvar" X to aid in control of bahiagrass, broomsedge, Johnsongrass, paspalum and nutsedge

Paraquat - Add 1 to 2 qts per acre to "Hyvar" X for non-selective burndown of annual weeds and top kill of perennial vines and grasses

"Phytar" 560 (Na salt of cacodylic acid) - Add 1½ to 4 gals per acre to "Hyvar" X for non selective burndown of annual weeds and top kill of perennial vines and grasses

MSMA + 2, 4-D Amine - Add recommended rates to "Hyvar" X for a 3 way tank mixture to improve control of weeds listed for all three products

Note: Use the higher rates of "Hyvar" X on heavier textured soils or on soils high in organic matter or carbon Use the higher rates of other herbicides mixed with "Hyvar" X on heavy, dense vegetation

IMPORTANT

BEFORE USING "HYVAR" X, SURFACTANT WK, AMITROLE, "BANVEL" D, 2, 4 D AMINE, DALAPON, MSMA, PARAQUAT OR "PHYTAR" 560, READ AND CAREFULLY OBSERVE THE CAUTIONARY STATEMENTS AND ALL OTHER INFORMATION APPEARING ON THE PRODUCT LABELS

A unique herbicidal formulation *guaranteed*† to control many kinds of annual and perennial broadleaf weeds in crop and non-crop areas.

FORMULA 40* Herbicide is a unique formulation of alkanolamine salts of 2,4-D, *guaranteed*† to provide "satisfactory control" of a wide variety of annual and perennial broadleaf weeds in such non-crop areas as established grass pastures and rangelands, drainage ditch banks, roadsides and fencerows, and in croplands planted to barley, oats, rye, wheat, corn, sorghum (milo), rice, and sugar cane. FORMULA 40 is low-foaming, mixes in hard or soft water, has little or no odor, and can be easily applied undiluted, mixed with liquid fertilizer, or in simple water solutions, using conventional ground or aerial equipment. It may also be used in injection applications to control unwanted hardwood trees, such as elm, hickory, oak, and sweetgum.

Active Ingredients:

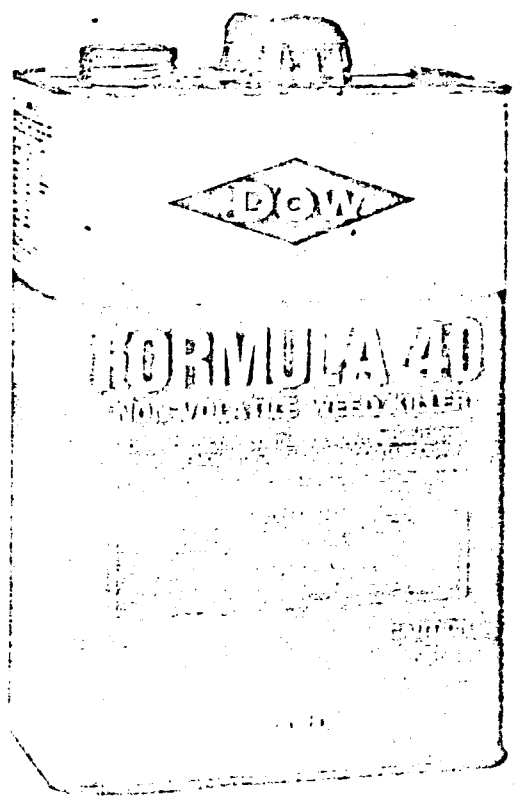

Alkanolamine salts (of the ethanol and isopropanol series) of 2,4-dichlorophenoxyacetic acid. 59.7%
(2,4-D acid equivalent: 38.6% — 4 lbs. per gal.)

Inert Ingredients: 40.3%

WEED LIST

USE DIRECTIONS

WEED CONTROL IN SMALL GRAINS NOT UNDERSEEDED WITH A LEGUME Do not apply before the boot stage (usually 4 to 8 inches tall) of small grains. **Do not apply before the tiller stage nor from early boot through the milk stage** to control weeds that will interfere with harvest or to suppress perennial weeds. Best results will be obtained when the grain is in the dough stage. Few weeds will be controlled when the grain is beyond the dough stage. Do not apply to grain crops underseeded with legumes or grasses for pasture or hay.

WEED CONTROL IN CORN Do not apply to corn underseeded with legumes or grasses for pasture or hay. Do not apply to corn grown for silage. Apply to corn when corn is 8 inches high or less. Do not apply from tasseling to dough stage. Do not apply to corn under stress from drought, cold, disease or insects.

WEED CONTROL IN SORGHUM (MILO) Sorghum must be at least 8 inches high before applying FORMULA 40. Do not treat during the boot, tasseling or early dough stages. Reduce spray drift hazard by applying the broadcast spray as low as possible, keep nozzles pointed downward and spray only when wind velocity is between 3 and 10 miles per hour. Avoid spraying under conditions of high soil moisture and high air temperatures. If in doubt, apply FORMULA 40 under these conditions use no more than 2/3 pint per acre. NOTE Hybrids vary in tolerance to 2,4-D. Consult the seed supplier for information on the hybrid you plant.

WEED CONTROL IN RICE See the label for recommended use rates. Apply in the late tillering stage (usually 6 to 8 weeks after emergence). Do not apply after panicle emergence. Do not apply to rice grown for seed. Do not apply to rice underseeded with legumes or grasses for pasture or hay. Do not apply to rice grown for silage. Do not apply to rice under stress from drought, cold, disease or insects.

WEED CONTROL IN SUGARCANE See the label for recommended use rates. Apply in the spring (usually 6 to 8 weeks after emergence). Do not apply after panicle emergence. Do not apply to sugarcane grown for seed. Do not apply to sugarcane grown for silage. Do not apply to sugarcane under stress from drought, cold, disease or insects.

Acid Equivalent: 4 Pounds per Gallon

AMOUNT OF FORMULA 40 TO USE IN CROPS
by air or ground application

NOTE: Do not apply when weather conditions favor drift from treated areas. Read complete directions and precautions before using.

CROP	DOSAGE PER ACRE	
	Normal rates (usually safe to crop)	Higher rates for special situations[1] (more likely to injure crop)
SMALL GRAINS		
spring, postemergence		
wheat, barley, rye	⅔ to 1½ pints	2 to 3 pints
oats	½ to 1 pint	1½ to 2 pints
preharvest (dough stage)		
wheat, barley, oats	1 to 2 pints	2 to 3 pints
CORN		
preemergence	2 to 4 pints	
emergence[2]	1 pint	1½ pints
postemergence[3]		
up to 8 inches tall	½ to 1 pint	
8 inches to tasseling (use only directed spray)	1 pint	1½ to 2½ pints
SORGHUM (milo)[4]		
postemergence		
6 to 8 inches tall	⅔ to 1 pint	
8 to 15 inches tall (use only directed spray)	1 pint	1½ to 2 pints
RICE	1 to 2½ pints	2 to 3 pints
SUGAR CANE	2 to 4 pints	

Corn and sorghum varieties vary in tolerance to 2,4-D; some are easily injured. Before spraying, get information on 2,4-D tolerance of specific varieties and spray only those known to be resistant to 2,4-D injury. If plants are more than 8 inches tall, use directed spray and keep spray off corn and sorghum foliage.

[1] These higher rates may be needed to handle difficult weed problems in certain areas such as under dry conditions especially in western areas. However, do not use unless possible crop injury will be acceptable. Consult State Agricultural Experiment Station or Extension Service weed specialists for recommendations or suggestions to fit local conditions.

WEED CONTROL IN ESTABLISHED GRASS PASTURES AND RANGELANDS: Use at 2 to 4 pints per acre. Apply preferably when weeds are small and growing actively before the bud stage. Do not use on bentgrass, alfalfa, clover, or other legumes. Do not use on newly seeded areas until grass is well established. Do not use from early boot to milk stage where grass seed production is desired. Do not graze dairy animals on treated areas within 7 days after application.

GRASS SEED CROPS: Use 1 to 4 pints per acre in spring or fall to control broadleaf weeds in grass being grown for seed. Do not apply from early boot to the milk stage. Spray seedling grass only after the five leaf stage, using ⅔ to 1 pint per acre to control small seedling weeds. After the grass is well-established, higher rates up to 4 pints can be used to control hard-to-kill annual or perennial weeds. For best results, apply when soil moisture is adequate for good growth. NOTE: Do not use on bentgrass unless grass injury can be tolerated. Do not graze dairy animals or cut forage for hay within 7 days after application.

BROADLEAF WEED CONTROL IN NON-CROPLAND GRASS AREAS SUCH AS LAWNS, GOLF COURSES, CEMETERIES AND PARKS, AIRFIELDS, ROADSIDES, PLANT LOTS, DRAINAGE DITCH BANKS: Use 1 to 3 quarts of FORMULA 40 per acre in the amount of water needed for uniform application. Treat when weeds are young and growing well. Usually 2 quarts per acre will provide adequate weed control. Do not use on dichondra or other herbaceous ground covers. Do not use on creeping grasses such as bent except for spot treating not on freshly seeded turf. Grass is well established. Reseeding of lawns should be delayed following treatment. With spring application, reseed in the fall, with fall application, reseed in the spring. Legumes are usually damaged or killed. Deep rooted perennial weeds such as bindweed and Canada thistle may require repeated applications.

CONTROL OF SOUTHERN WILD ROSE: On rangelands, roadsides and fence rows use 1 gallon of FORMULA 40 plus 4 to 8 fluid ounces of an agricultural surfactant per 100 gallons of water and spray thoroughly as soon as foliage is well developed. Two or more treatments may be required. On rangeland, apply a maximum of 6 quarts of FORMULA 40 per acre per application. Do not graze dairy animals on treated areas within 7 days after application.

SPOT TREATMENT IN NON-CROP AREAS: To control broadleaf weeds in small areas use a hand sprayer, use ¾ pint of FORMULA 40 in 3 gallons of water and spray to thoroughly wet all foliage.

TREE INJECTION TREATMENT: To control unwanted hardwood trees such as elm, hickory, oak and sweetgum in forest and other non-crop areas, apply FORMULA 40 herbicide by injecting 1 ml of the undiluted product through the bark around the trunk at intervals of 1 to 2 inches between edges of the injector wounds. For harder to control species such as ash, maples and dogwood use 2 ml of undiluted FORMULA 40 per injection site. Continuous cuts around the trunk often provide improved control. Also, cuts near the ground level may be more effective than at higher levels. Treatments can be made at any season; however, effectiveness may be less during winter months. Maples should not be treated during the spring sap flow.

USE PRECAUTIONS

Do not apply FORMULA 40 herbicide directly to, or otherwise permit it to come into contact with cotton, flowers, fruit trees, grapes, ornamentals, vegetables or other desirable plants which are sensitive to 2,4-D herbicides and do not use in a greenhouse. Do not permit spray mist containing it to drift onto them since even very small quantities of the spray, which may not be visible, can cause severe injury during their growing and dormant periods. Use coarse sprays to minimize drift. With ground equipment, spray drift can also be minimized by keeping the spray boom as low as possible, by applying 20 gallons or more of spray per acre, by using no more than 20 pounds per square inch spraying pressure, by using flat fan or flood fan nozzle tips, and by stopping all spraying when wind velocity exceeds 5 miles per hour. Do not apply using cone type insecticide or other nozzles that produce a fine droplet spray. With aircraft application, drift can be lessened by using no more than 20 pounds spray pressure at the nozzles, by using nozzles which produce a coarse spray pattern, and by spraying only when the wind velocity is less than 5 miles per hour. Applications by airplane, ground rigs and hand dispensers should be carried out only when there is no hazard from drift. Do not apply in the vicinity of cotton, grapes, tomatoes, or other desirable vegetation susceptible to 2,4-D. Do not spray when the wind is blowing across the area to be sprayed towards susceptible crops or ornamental plants. Violent windstorms may move soil particles. If 2,4-D is on these particles and they are blown onto susceptible plants, visible symptoms may appear. Serious injury is unlikely. The hazard of movement of 2,4-D on dust is reduced if treated fields are irrigated or if rain occurs shortly after application. Do not contaminate irrigation ditches or water used for irrigation or domestic purposes. Do not store near fertilizers, seeds, insecticides or fungicides. To avoid injury to desirable plants, do not store, handle or apply other agricultural chemicals with the same containers or equipment used for FORMULA 40 except as specified on this label. Excessive amounts of 2,4-D in the soil may temporarily inhibit seed germination or plant growth.

12

Local conditions may affect the use of herbicides. State Agricultural Experiment Stations or Extension Service weed specialists in many states issue recommendations to fit local conditions.

Be sure that use of this product conforms to all applicable regulations. Apply this product only as specified on this label.

NOTE: FORMULA 40 herbicide, exposed to subfreezing temperatures, should be warmed to at least 40 F and mixed thoroughly before using.

Rinse equipment and containers and dispose of wastes by burying in non-crop areas away from water supplies. Containers should be disposed by puncturing holes in them and burying with wastes. Follow local disposal regulations where required.

CAUTION

KEEP OUT OF REACH OF CHILDREN
HARMFUL IF SWALLOWED
CAUSES IRRITATION OF SKIN AND EYES
Do Not Get in Eyes, on Skin or on Clothing

In case of contact, flush eyes with plenty of water for at least 15 minutes and get medical attention; wash skin with soap and plenty of water. Remove and wash contaminated clothing before re-use. Do not wear contaminated shoes.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions or under abnormal conditions or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. DIRECTIONS FOR USE ON COTTON

MESAMATE 600 Herbicide is useful as a directed application in cotton for post-emergent control of weeds and grasses, such as Johnsongrass, nutsedge, Dallisgrass, cocklebur, barnyardgrass, ragweed, sandbur and puncture vine. It should be applied at the rate of ½ gallon per acre.

Mix 3 quarts of MESAMATE 600 Herbicide in 90 gallons of water. Do not add any surfactant to the spray solution. Apply spray solution at 40 gallons per acre. Weed control is most effective at temperatures above 70° F. For band application in 40 inch rows, apply 1 gallon of spray solution per inch of band width per acre. Direct the spray solution to the base of the cotton plant. *Keep spray off cotton foliage.* A second application may be required during humid growing conditions to control perennials, such as Johnsongrass and nutsedge. Apply the second application 1 to 3 weeks later.

Slight burning and a reddish discoloration of the cotton leaf may occasionally occur following the recommended treatment, but the cotton plant will develop normally.

Apply only when cotton is 3 inches high to first bloom. Do not apply after first bloom. Do not feed treated foliage to livestock or graze treated areas.

NOTICE

Use of this material other than in accordance with directions on this label may produce plant injury, excessive residues, or other undesirable results. Crystal Manufacturing Corporation makes no express or implied warranties other than specified on this label.

MSMA Liquid plus Surfactant for Selective Post-Emergent Weed Control

Mesamate 600

EPA Reg. No. 9663-6

Net Contents: ONE GALLON

ACTIVE INGREDIENT:	
Monosodium Acid Methanearsonate	48.40%
INERT INGREDIENTS:	51.60%
Total	100.00%

Total Arsenic (as elemental) all in water-soluble form 22.4 %
(Product contains 6.00 lbs. MSMA per gallon).

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid contact with skin. Wash hands after using. Avoid breathing spray mist.

Avoid contamination of feed and foodstuffs. Keep away from domestic animals. Keep children and domestic animals off treated areas until this material has been washed into soil. Do not contaminate water used by wildlife or aquatic life or water used for domestic or irrigation purposes.

ANTIDOTE: If taken internally, induce vomiting and call a physician at once.

WASTE DISPOSAL: Rinse spray equipment and containers and dispose of liquid wastes in a pit in non-crop lands away from water supplies.

CRYSTAL MANUFACTURING CORPORATION • 1525 N. POST OAK ROAD • HOUSTON, TEXAS 77055

GENERAL INFORMATION

MESAMATE 600 Herbicide is useful for selective post-emergent weed control, particularly for grassy weeds. Its phytotoxic properties are quickly inactivated on contact with soil. It is a combination of herbicide and surfactant. It is unnecessary to add any other surfactant to the spray solution. Best results are obtained on young actively growing weeds at air temperatures above 70° F.

MIXING INSTRUCTIONS: MESAMATE 600 Herbicide must be thoroughly dissolved. Fill the spray equipment reservoir about half full with water and add the required amount of herbicide with agitation. Finish filling the reservoir with water and apply. After use, clean equipment thoroughly by flushing with water. Do not store spray solution in tank for a prolonged period.

NON-CROP USE: MESAMATE 600 Herbicide is useful for control of Johnsongrass, nutsedge, Dallisgrass, cocklebur, barnyardgrass, ragweed, sandbur, puncture vine and certain other weeds on drainage ditchbanks, rights-of-way, fence rows, storage yards, and similar non-crop areas.

Mix MESAMATE 600 Herbicide at a rate of 6 to 12 pints in 100 gallons of water. Spray unwanted vegetation at a rate of about 50 gallons of spray solution per acre. Use spray equipment that gives good low volume coverage. If regrowth occurs, reapply as required.

Do not feed treated foliage to livestock or graze treated areas.

LAWN AND ORNAMENTAL TURF: MESAMATE 600 Herbicide is useful for control of Dallisgrass, sandbur, bahiagrass, nutsedge, barnyardgrass, chickweed, and wood sorrel with little or no injury to good lawn grasses. On new lawns, do not treat until after three mowings. Good grasses may be temporarily discolored. Zoysia, bluegrasses and bermuda are quite tolerant. Do not use on St. Augustine or centipede.

Mow lawns 1 to 1½ inches high before treatment. Mix 1⅓ fluid ounces (4 teaspoons) of MESAMATE 600 Herbicide in 2½ gallons of water and apply to 1,000 sq. ft. area. Spray thoroughly to wet all undesirable plants. Repeat applications, 10 to 14 days apart, may be needed for good control.

NALCO-TROL™
INSTRUCTIONS FOR USE

IMPORTANT: Always shake NALCO-TROL container well prior to use. Never add water to NALCO-TROL container.

DOSAGE: Spray Pressure	NALCO-TROL Dosage Per 100 Gals. of Spray Solution
Up to 30 PSI	4-6 ozs.
30-100 PSI	6-8 ozs.
100-150 PSI	10-12 ozs.

DIRECTIONS FOR USE

STEP I. Fill mix tank with water and agitate.

STEP II. Shake NALCO-TROL container well. Add with a lower boiling point than water. NALCO-TROL should be added slowly to the agitating mix tank as a pencil-thin stream.

STEP III. If additional surfactants or other spray adjuvants are used, they should be added last. (After NALCO-TROL)

STEP IV. Continue to agitate mix tank for at least 5 minutes before use.

AFTER USE

Normally, no special cleanup procedures are necessary. Periodically flush spray equipment with a detergent-water solution. Follow recommended governmental procedures for disposal of herbicide solutions.

WARRANTY

Nalco warrants that this product when used as directed will perform as specified in spraying systems which utilize water based and aqueous latex solutions. NALCO MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES AND IN PARTICULAR DISCLAIMS ANY IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY. Nalco's maximum liability for breach of this warranty shall not exceed the purchase price of this product. In no event shall Nalco be liable for indirect or consequential damages. This warranty may not be changed by oral or written agreement unless signed by a duly authorized officer of Nalco.

CAUTION: MAY CAUSE IRRITATION TO SKIN AND EYES.

Follow appropriate precautions on label of pesticide used.

[illegible] Quart

NALCO-TROL™
WATER SOLUBLE
DRIFT CONTROL AGENT
BENEFITS

- **EFFECTIVE**—more herbicide where you want it . . . less herbicide where you don't want it.
- **EFFICIENT**—only 4-12 ozs. are needed to stabilize 100 gallons of spray solution.
- **EASY TO USE**—no special nozzles required.
- **INCREASES OPERATOR SAFETY**—improves visibility while spraying.
- **ECONOMICAL**—typically less than $.01 per gallon of spray solution.

APPLICATION: NALCO-TROL is an effective, easy to use product for controlling misting and drift in the following spray applications:

1. Water Soluble Herbicides
2. Emulsifiable Herbicides
3. Wettable Powder Herbicides

NALCO-TROL can be used with aerial application equipment or standard available ground equipment such as:

1. Tee Jet® Nozzles
2. OC (Off Center) Nozzles
3. Spray Guns
4. Directa-Spra®

NALCO-TROL drift control additive may be used with non crop herbicides and cotton defoliants.

CAUTION: MAY CAUSE IRRITATION TO SKIN AND EYES.

Follow appropriate precautions on label of herbicide used.

MALATHION 5-E

EPA Reg. No. 7001 9 AA-70
EPA Est. No. 70-KY-1

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid breathing of spray mist. Avoid contact with skin. Wash thoroughly after handling. Do not contaminate food or feed products. Keep container closed and away from heat, sparks and open flame.

This product is toxic to fish, shrimp, crabs and other wildlife. Keep out of lakes, streams, ponds, tidal marshes and estuaries. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Shrimp and crab may be killed at application rates recommended on this label. Do not apply where these are important resources. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Protective information may be obtained from your Cooperative Agricultural Extension Service.

Avoid spillage while mixing and filling spray equipment. When container is empty, immediately wash thoroughly with water and detergent and destroy. Discard in a safe place; never re-use container.

Do not use, pour, spill or store near heat or open flame.

Maximum permissible rate per acre, expressed as Malathion 5-E, is given in parenthesis ( ), after each crop claim.

DIRECTIONS FOR DILUTION

Dilute Application: *Ground Application: Row Crops:* Apply specified rate in 20 to 60 gallons of water per acre.

Concentrate Application: *Row Crops:* Apply specified rate in not less than 5 gallons of water per acre. *Orchard Application:* Apply equivalent rate per acre in 20 to 100 gallons of water. Special concentrate equipment is necessary for these uses.

Air Application: Apply specified rate in 5 to 20 gallons of water per acre for field and vegetable crops. Orchard rates should not be applied in less than 10 gallons of water per acre. Use an equivalent per acre rate on orchards.

DIRECTIONS FOR USE

Alfalfa, Clover: *Alfalfa Weevil Larvae, Aphids, Grasshoppers, Leafhoppers, Lygus Bugs, Spider Mites, Spittlebugs, Spotted Alfalfa Aphids, Clover Leaf Weevils, Vetch Bruchids.* Apply 1½ to 2 pints per acre. *Armyworms.* Apply 2 pts. per acre. Do not apply to crops in bloom because of the danger to the bees. No time limitations.

Almonds: *Aphids, Red Spiders.* Apply 1 to 2 pints per 100 gallons of water. *Peach Twig Borer.* Apply 1 to 1½ pts. per 100 gallons of water. No time limitations. (24 pints)

Apples: *Red Banded Leafroller, Woolly Apple Aphid, Green Apple Aphid, Rosy Apple Aphid, Forbes Scale, Bud Moth, Spider Mite, Mealy Bug.* Apply 1 to 1½ pts. per 100 gallons of water. Do not apply within 3 days of harvest. May cause injury to McIntosh and Cortland varieties if applied within 4 weeks of harvest. (24 pints)

Apples (dormant and delayed dormant spray): *Woolly Apple Aphids, Green Apple Aphids, Rosy Apple Aphids, Mites, Red Banded Leafrollers.* Apply 1 pint plus 1 gallon of Super 94 Oil per 100 gallons of water. Make full coverage sprays only. (24 pts.)

Apricots: *Aphids, Codling Moth, Orange Tortrix, Soft Brown Scale, Terrapin Scale.* Apply 1½ to 2 pints per 100 gallons of water. Do not apply within 7 days of harvest. For *Codling Moth,* apply at petal fall and every 10 to 14 days thereafter until control is achieved. (16 pts.)

Asparagus: *Asparagus Aphid, Asparagus Beetle, Thrips.* Apply 2 pints per acre. Do not apply within 1 day of harvest.

Avocados: *Greenhouse Thrips, Latania Scales, Cottonycushion Scales, Orange Tortrix, Soft Brown Scale.* Apply 1½ pints per 100 gallons of water. Do not apply within 7 days of harvest. (14½ pts.)

Barley: *Aphids, Grasshoppers, Greenbugs.* Apply 1½ pints per acre. *Armyworms.* Apply 2 pints per acre. *Cereal Leaf Beetles.* Apply 1 to 1½ pints per acre. Do not apply within 7 days of harvest.

Beans (Lima, Green, Snap, Navy, Red Kidney, Wax, Cowpeas, Black Eyed Peas, Dry Beans) (Central & Northeastern U.S.): *Aphids, Cucumber Beetles.* Apply 2 pints per acre. *Japanese Beetles, Lygus Bugs.* Apply 1½ to 2 pints per acre. Air application for *Lygus Bugs.* Apply 1½ pints per 10 gallons of water. *Mexican Bean Beetles.* Apply 1½ pints per acre. *Mites.* Apply 1 to 1½ pints per acre. Do not apply within 1 day of harvest.

Beets: *Aphids.* Apply 1½ to 2 pints per acre. Do not apply within 7 days of harvest if tops are to be used as feed.

Blackberries, Boysenberries, Dewberries, Loganberries, Raspberries: *Aphids, Rose Scales.* Apply 3 pints per acre. *Japanese Beetles, Leafhoppers, Mites, Thrips.* Apply 1½ pints per acre. Do not apply within 1 day of harvest.

Blueberries: *Japanese Beetle.* Apply 1½ pints per acre. Do not apply within 1 day of harvest.

Broccoli, Brussels Sprouts, Cabbage, Cauliflower, Kale, Mustard Greens: *Aphids.* Apply 1½ to 2 pints per acre. *Cabbage Loopers, Imported Cabbageworms.* Apply 2 pints per acre. Do not apply within 3 days of harvest on broccoli, 7 days on brussels sprouts, cabbage, cauliflower, kale, or mustard greens.

Carrots: *Aphids.* Apply 1½ to 2 pints per acre. Do not apply within 7 days of harvest.

Celery: *Leafhoppers, Aphids, Spider Mites.* Apply 1½ pints per acre. Do not apply within 7 days of harvest.

Cherries: *Black Cherry Aphids, Fruit Tree Leafrollers.* Apply 1½ pints per 100 gallons of water. *Bud Moths, Cherry Fruit Flies, Japanese Beetles.* Apply 1 pint per 100 gallons of water. Do not apply within 3 days of harvest. May injure foliage of some varieties. (12⅜ pints)

Citrus (Grapefruit, Kumquats, Lemons, Limes, Oranges, Tangerines, Tangelos): *Black Scale, California Red Scale, Citricola Scale, Purple Scale, Soft Scale, Yellow Scale.* Apply 1½ pints per 100 gallons of water. *Florida Red and Purple Scales.* Apply 2 pints per 100 gallons of water. *Thrips.* Apply 1½ pints per 200 gallons of water. Do not apply during full bloom. Do not apply within 7 days of harvest. (40 pts.)

Clover: *Aphids, Grasshoppers, Leafhoppers, Mites.* Apply 1½ to 2 pints per acre. *Clover Leaf Weevils.* Apply 1½ pints per acre.

Collards: *Aphids.* Apply 1½ to 2 pints per acre. *Caterpillars.* Apply 2 pints per acre. *Harlequin Cabbage Bugs.* Apply 1 pint per acre. Do not apply within 7 days of harvest.

Corn (Field, Sweet, Pop): *Aphids, Corn Rootworm Adults, Grasshoppers, Sap Beetles, Thrips.* Apply 1½ pints per acre. *Armyworms, Cereal Leaf Beetles.* Apply 1½ to 2 pints per acre. Do not apply within 5 days of harvest for grain or forage use. Caution: Injury may occur in the whorl and silk stages.

Cotton: *Aphids, Boll Weevils, Cotton Leaf Perforators, Cotton Leafworms, Leafhoppers, Lygus Bugs (plant bugs), Mites, Thrips, White Flies.* Apply 1 to 2 quarts per acre. *Fall Armyworm, Garden Webworms, Grasshoppers.* Apply 1½ to 3 pints per acre. No time limitations.

Cowpeas: *Grasshoppers.* Apply 1½ to 2 pints per acre. No time limitation.

Cucumbers, Melons, Pumpkins, Squash: *Aphids, Pickleworms, Spider Mites, Thrips.* Apply 1½ pints per acre. *Cucumber Beetle, Squash Vine Borer.* Apply 3 pints per acre. Do not apply within 1 day of harvest on cucumbers, melons, or squash, 3 days on pumpkins. Do not apply unless plants are dry.

Dandelions: *Aphids.* Apply 1½ to 2 pints per acre. Do not apply within 7 days of harvest.

Eggplant: *Aphids, Spider Mites.* Apply 1 pint per acre. *Lace Bug.* Apply 3 pints per acre. Do not apply within 3 days of harvest.

Endive (Escarole): *Aphids, Mites.* Apply 1½ to 2 pints per acre. Do not apply within 7 days of harvest.

Figs: *Dried Fruit Beetles, Vinegar Flies.* Apply 2 quarts plus 1 to 2 gallons unsulfurized molasses per 100 gallons of water. Do not apply within 3 days of harvest. (4 pts.)

Filberts: *Apple Mealy Bug, Eye Spotted Bud Moth, Filbert Aphid, Scale (Crawler Stage), Tingids.* Apply 1 pint per 100 gallons of water. No time limitation. (4⅜ pts.)

Garlic: *Aphids, Thrips.* Apply 1½ to 2 pints per acre. Do not apply within 3 days of harvest.

Grain Sorghum: *Aphids (Greenbugs).* Apply 1½ pints per acre. Do not apply within 7 days of harvest.

Grapes: *European Fruit Lecanium, Leafhoppers, Mealy Bugs, Spider Mites, Terrapin Scale.* Apply 1½ pints per acre. *Orange Tortrix, Grape Phylloxera.* Apply 2 to 3 pints per acre. Do not apply within 3 days of harvest. Note: May injure Ribier, Italia, Cardinal and Almeria varieties if applied after clusters appear.

Grass, Grass Hay: *Aphids, Leafhoppers, Grasshoppers.* Apply 1½ to 2 pints per acre. *Armyworms.* Apply 2 pints per acre. No time limitation.

12

Hops: *Aphids, Mites.* Apply 1 pint per acre. Do not apply within 7 days of harvest.

Horseradish: *Aphids.* Apply 1½ to 2 pints per acre. Do not apply within 7 days of harvest.

Kohlrabi: *Aphids.* Apply 1 to 2 pints per acre. Do not apply within 7 days of harvest.

Leeks: *Aphids.* Apply 1 to 2 pints per acre. *Onion Maggot Flies.* Apply 2½ pints per acre. *Thrips.* Apply 3 pints per acre. Do not apply within 3 days of harvest.

Lentils: *Cowpea and Pea Aphids.* Apply 1½ pints per acre. Do not apply within 3 days of harvest.

Lespedeza: *Grasshoppers.* Apply 1½ to 2 pints per acre. No time limitation.

Lettuce: *Aphids, Leafhoppers.* Apply 2 pints per acre. *Cabbage Looper.* Apply 3 pints per acre. Do not apply on head lettuce within 7 days of harvest, 14 days on leaf lettuce.

Lupines: *Grasshoppers.* Apply 1½ to 2 pints per acre. No time limitation.

Macadamia Nuts: *Green Stink Bug.* Apply 1½ pints per 100 gallons of water. No time limitation. (24 pints.)

Mushrooms: *Mites, Phorid and Sciarid Flies.* Apply 2½ pints per 130 gallons of water per acre or 2 tablespoons per 3 gallons of water per 100 sq. ft. of bed. Do not apply within 1 day of harvest.

Nectarines: *Mites.* Apply 1 to 2 pints per 100 gallons of water. *Plum Curculio.* Apply 2 pints per 100 gallons of water. Do not apply within 7 days of harvest. Full coverage spray. For *Plum Curculio,* apply at petal fall and every 10 to 14 days thereafter until control is achieved. (16 pts.)

Oats: *Armyworms.* Apply 2 pints per acre. *Cereal Leaf Beetle.* Apply 1 to 1½ pints per acre. *English Grain Aphids, Grasshoppers, Greenbugs.* Apply 1½ pints per acre. Do not apply within 7 days of harvest.

Okra: *Aphids.* Apply 1½ pints per acre. *Japanese Beetle.* Apply 2 pints per acre. Do not apply within 1 day of harvest.

Onions (including Green Onions): *Onion Maggots.* Apply 2½ pints per acre. *Thrips.* Apply 1½ pints per acre. Do not apply within 3 days of harvest.

Papayas: *Aphids, Mealy Bugs.* Apply 1½ to 2 pints per acre. No time limitation.

Parsley: *Aphids.* Apply 1½ to 2 pints per acre. Do not apply within 21 days of harvest.

Parsnips: *Aphids.* Apply 1½ to 2 pints per acre. Do not apply within 7 days of harvest.

Peaches: *Green Peach Aphid, Black Cherry Aphid, Black Peach Aphid, Rusty Plum Aphid, Japanese Beetle.* Apply 1 pint per 100 gallons of water. *Cottony Peach Scale, Oriental Fruit Moth, Plum Curculio, Terrapin Scale.* Apply 2 pints per 100 gallons of water. Do not apply within 7 days of harvest. Full coverage spray. For *Oriental Fruit Moth* and *Plum Curculio,* apply at petal fall and every 10 to 14 days thereafter until control is achieved. (14½ pts.)

Peanuts: *Leafhoppers, Thrips.* Apply 1½ pints per acre. No time limitation.

Pears: *Codling Moth, Fruit Tree Leafroller, Plum Curculio, Red-Banded Leafroller.* Apply 2 pints per 100 gallons of water. *Mealy Bugs, Mites, Pear Psylla.* Apply 1 to 2 pints per 100 gallons of water. Do not apply within 1 day of harvest. For *Codling Moth* and *Plum Curculio, apply at petal fall and every 10 to 14 days thereafter until control is achieved. (24 pints.)*

Peas: *Aphids.* Apply 1½ pints per acre. *Pea Weevil.* Apply 1½ to 2 pints per acre. Do not apply within 7 days of harvest if vines are used as animal feed and 3 days if vines are not used as animal feed.

Pecans: *Aphids, Mites.* Apply 1 to 2 pints per 100 gallons of water. No time limitation. (20 pints.)

Peppers: *Aphids.* Apply 1 pint per acre. *Maggots.* Apply 2½ pints per acre. Do not apply within 3 days of harvest.

Pineapples: *Mealy Bugs.* Apply 1 gallon per acre. Do not apply within 7 days of harvest.

Plums: *Mealy Plum Aphid.* Apply 1 pint per 100 gallons of water. Do not apply within 3 days of harvest. (16 pints.)

Potatoes: *Aphids, Leafhoppers, Mealy Bugs.* Apply 1 pint per acre. *False Chinch Bugs.* Apply 1½ pints per acre. No time limitation.

Prunes: *Bud Moth, Mealy Plum Aphid.* Apply 1 pint per 100 gallons of water. Do not apply within 3 days of harvest. Full coverage spray. (16 pints.)

Quince: *Codling Moth, Oriental Fruit Moth, Plum Curculio.* Apply 2 pints per 100 gallons of water. Apply at petal fall and every 10 to 14 days thereafter until control is achieved. *Forbes Scale.* Apply 1 pint per 100 gallons of water. *Mites.* Apply 1 to 2 pints per 100 gallons of water. Do not apply within 3 days of harvest. (24 pints.)

Radishes: *Aphids.* Apply 1½ to 2 pints per acre. Do not apply within 7 days of harvest.

Rice (grain form): *Rice Leafminer.* Apply 2½ pints per acre. *Rice Stink Bug.* Apply 1 to 1½ pints per acre. Do not apply within 7 days of harvest.

Rutabagas: *Aphids.* Apply 1½ pints per acre.

Rye: *Armyworms.* Apply 2 pints per acre. *English Grain Aphid, Grasshoppers, Greenbugs.* Apply 1½ pints per acre. Do not apply within 7 days of harvest.

Safflower: *Aphids, Grasshoppers, Lygus Bugs, Thrips.* Apply 1½ to 2 pints per acre. Do not apply within 3 days of harvest.

Salsify: *Aphids.* Apply 1½ to 2 pints per acre. Do not apply within 7 days of harvest.

Shallots: *Aphids, Thrips.* Apply 1½ to 2 pints per acre. Do not apply within 3 days of harvest.

Soybeans: *Green Cloverworm, Mexican Bean Beetle.* Apply 3 pints per acre. Do not apply within 7 days of harvest.

Spinach: *Aphids.* Apply 2 pints per acre. Do not apply within 7 days of harvest.

Strawberries: *Aphids, Spider Mites, Strawberry Root Weevil.* Apply 1½ pints per acre. *Field Crickets, Lygus Bugs, Spittlebug, Thrips.* Apply 1½ to 3 pints per acre. *Potato Leafhopper, Strawberry Leafroller, White Flies.* Apply 1½ to 2½ pints per acre. Do not apply within 3 days of harvest.

Sugar Beets: *Aphids.* Apply 1½ to 3 pints per acre. *Grasshoppers.* Apply 3 pints per acre. Do not apply within 7 days of harvest if tops are to be used as food or feed. Do not apply within 3 days of harvest if tops are not to be used as feed or food.

Sweet Potatoes: *Leafhoppers.* Apply 1½ to 2 pints per acre. *Morning Glory Leafminers.* Apply 2½ to 3 pints per acre. Do not apply within 3 days of harvest.

Swiss Chard: *Aphids.* Apply 1½ to 2 pints per acre. Do not apply within 7 days of harvest.

Tobacco: *Aphids.* Apply 1½ to 2½ pints per acre. Use maximum dosage in plant beds. No time limitation.

Tomatoes: *Aphids.* Apply 1 pint per acre. *Armyworms (California).* Apply 2¾ quarts per acre. *Drosophila.* Apply 2½ pints per acre. *Fruitworms (California).* Apply 2¾ quarts per acre. *Spider Mites.* Apply 1½ pints per acre. Do not apply within 5 days of harvest. (California only – do not apply within 3 days of harvest.)

Turnips: *Aphids, Cabbage Loopers, Imported Cabbageworms.* Apply 1 to 2 pints per acre. Do not apply within 3 days of harvest.

Vetch: *Omnivorous Leaf Tier, Pea Aphid, Vetch Bruchid.* Apply 1½ to 2 pints per acre. No time limitation.

Watercress: *Aphids.* Apply 1½ to 2 pints per acre. Do not apply within 7 days of harvest.

Wheat: *Armyworms.* Apply 2 pints per acre. *Cereal Leaf Beetles, English Grain Aphids.* Apply 1 to 1½ pints per acre. *Grasshoppers, Greenbugs.* Apply 1½ pints per acre. Do not apply within 7 days of harvest.

STORED GRAINS

Before new grain goes into storage, a spray made by mixing 1 gallon of this concentrate in 25 gallons of water (1 pint in 3-1/8 gallons) should be applied to walls, floors, and ceilings of grain bins, elevators and other storage areas including farm storage. Spray also grain handling equipment and truck beds. Spray all surfaces to the point of run-off, making sure the spray is driven into joints, corners, cracks, and crevices where insects may be concealed.

For protection of stored grain (wheat, oats, rice, corn, rye, barley, and grain sorghum) against infestation by many of the common insects which attack grain in storage, such as rice weevil, granary weevil, grain borers, cadelle, saw-toothed grain beetle, confused flour beetle, red flour beetle, and Angoumois grain moth use 1 pint of the concentrate in 2 to 5 gallons of water to each 1,000 bushels. Apply the spray uniformly as the grain is being loaded or turned into final storage. Standard spray application, which can be calibrated to deliver a known volume are suitable for the applications.

For small amounts of grain in farm storage, where special spray equipment may not be available, any low-pressure sprayer (holding one gallon or more) can be used. The spray should be applied to the grain stream as the grain is being elevated into storage. The first step is to determine, by means of spraying out a tank full of water, the rate at which the sprayer is discharging (e.g. fluid ounces per minute). Then regulate the flow of grain to get the proper amount of spray uniformly on the grain. For example, if the sprayer is calibrated to deliver 4 fluid ounces (¼ pint) per minute, then when using a mixture of 1 pint of concentrate in 5 gallons of water the flow of grain should be 6½ bushels per minute.

HOW TO USE

Apply 2 to 6 lbs per acre broadcast after planting but before the planting material begins to grow. Follow with 2 to 4 lbs. per acre as a directed interline spray as needed prior to differentiation or apply 2 lbs. per acre broadcast as needed after plants are 8 months old but before differentiation. Do not apply more than 16 lbs. total per acre per plant crop.

For ratoon crop, apply 1 to 4 lbs. per acre broadcast after harvesting plant crop but before differentiation. Do not apply more than 4 lbs. total per acre per ratoon crop.

Note: Do not replant treated areas to any crop other than pineapple within 2 years after last application as injury to subsequent crops may result.

IMPORTANT

BEFORE USING "HYVAR" X, READ AND CAREFULLY OBSERVE THE CAUTIONARY STATEMENTS AND ALL OTHER INFORMATION APPEARING ON THE PRODUCT LABEL.

This Bulletin contains instructions for registered uses of "Hyvar" X. Read entire label before using this product. Use only in accordance with label directions. Follow the instructions carefully.

WARNING! HARMFUL OR FATAL IF SWALLOWED. COMBUSTIBLE. CAUSES EYE IRRITATION. MAY IRRITATE NOSE, THROAT AND SKIN.
• Do not get in eyes. • Avoid contact with skin and clothing. • Avoid breathing spray mist.
• Keep away from heat and open flame. • Wash thoroughly after handling.
In case of contact, flush eyes or skin with plenty of water. For eyes, get medical attention.

IMPORTANT

Injury to or loss of desirable trees or other plants may result from failure to observe the following: Do not apply, or drain or flush equipment on or near desirable trees or other plants or on areas where their roots may extend, or in locations where the chemical may be washed or moved into contact with their roots. Do not use on lawns, walks, driveways, tennis courts, or similar areas. Prevent drift of spray to desirable plants. Do not contaminate domestic waters. Keep from contact with fertilizers, insecticides, fungicides, and seeds. Thoroughly clean all traces of "Hyvar" X-L from application equipment immediately after use. Flush tank, pump, hoses, and boom with several changes of water after removing nozzle tips and screens. (Clean these parts separately.)

Do not re-use container, crush and bury when empty.

Keep container closed when not in use.

GENERAL INFORMATION

DuPont "Hyvar" X L Weed Killer is an effective general herbicide for use on non cropland areas for control of brush and many annual and perennial weeds, and is particularly useful for control of perennial grasses. It is a water soluble liquid to be mixed in water and applied as a spray. "Hyvar" X L may also be applied undiluted for basal (spot) treatment of brush. Effects are slow to appear and may not become apparent until the chemical has been carried into the root zone of the weeds by moisture. The degree of control and duration of effect will vary with the amount of chemical applied, soil type, rainfall, and other conditions.

"Hyvar" X L after mixing in water, is non volatile, non flammable, and non corrosive to metals except aluminum. Do not use with aluminum spray nozzles.

DIRECTIONS

Apply "Hyvar" X L just before or during the period of active growth of plants to be controlled. If dense growth is present, results will be improved if vegetation is removed before treatment. Do not apply when ground is frozen.

Before spraying, calibrate equipment to determine quantity of water necessary to uniformly cover measured area to be treated. Measure the proper amount of "Hyvar" X L and mix into the necessary volume of water. After "Hyvar" X L has been thoroughly mixed in the spray tank, agitation of the spray solution is not required.

Use a fixed boom power sprayer properly calibrated to a constant speed and rate of delivery. For application with a hand gun sprayer, use at least 200 gals. spray per acre. For treating small areas, a tank type hand sprayer or sprinkling can may be used. For basal (spot) treatment of brush, "Hyvar" X L may be applied undiluted with an exact delivery hand gun applicator.

WEED CONTROL

To control most weeds for an extended period of time on non cropland areas such as RAILROAD, HIGHWAY and PIPELINE RIGHT OF WAYS, PETROLEUM TANK FARMS, LUMBERYARDS, STORAGE AREAS and INDUSTRIAL PLANT SITES

Apply 1 to 3 gals. "Hyvar" X L per acre to control ANNUAL WEEDS and GRASSES such as foxtail, ryegrass, wild oats, crabgrass, cheatgrass, bromegrass, ragweed, lambsquarters, puncturevine, orchardgrass and Turkey mullein. When applied just prior to or after emergence of annuals, rates as low as ½ gal. per acre control many annual weeds and grasses in low rainfall areas and give short term control in higher rainfall areas.

Apply 3 to 6 gals. "Hyvar" X L per acre to control PERENNIAL WEEDS and GRASSES such as smooth brome, bahiagrass, bluegrass, redtop, purpletop, quackgrass, broomsedge, aster, dandelion, dog fennel, goldenrod, plantain and wild carrot. In areas with low or seasonal rainfall rates as low as 2½ gals. per acre control many perennial weeds and grasses.

Apply 6 to 12 gals. "Hyvar" X L per acre to control JOHNSONGRASS use at the same rate for OTHER HARD TO KILL PERENNIAL WEEDS and GRASSES such as bermudagrass, dallisgrass, nutsedge, vaseygrass, saltgrass, bermudagbet, dogbane, bracken fern and horsetail. Where limited rainfall (usually less than 4 inches) occurs during the active growth period, such as some areas of the West, "Hyvar" X L will not provide satisfactory control of hard to kill, deep rooted perennial weeds such as johnsongrass.

Use the higher levels of the dosage ranges on adsorptive soils (usually those high in organic matter or carbon).

Retreatment — Apply ½ to 3 gals. "Hyvar" X L per acre when annual weeds and grasses reappear on sites where weed growth has been controlled.

For Small Areas — Three fl oz of "Hyvar" X L per 250 sq ft is approximately 4 gals. per acre.

BRUSH CONTROL

To control undesirable woody plants on non cropland areas such as RAILROAD RIGHT OF WAYS, STORAGE AREAS, INDUSTRIAL PLANT SITES and DRAINAGE DITCHES

Apply in spring or summer as a broadcast or basal (spot) treatment, for use on drainage ditches, apply as a basal (spot) treatment only. **Note:** For effective brush control and prevention of damage to desirable vegetation, do not apply to brush standing in water, do not use water from treated ditches for irrigation, do not use in irrigation ditches nor on right of ways or other sites where marketable timber or other desirable trees or shrubs are immediately adjacent to the treated area.

Broadcast Treatment — Apply 2½ to 5 gals. per acre to control oak, willow, sweet gum, and pine, apply 6 to 12 gals. per acre to control brush such as American elm, winged elm, hackberry, sumac, and cottonwood. Use the higher levels of the dosage ranges on adsorptive soils (those high in organic matter or carbon).

Basal (Spot) Treatment — Controls woody plants such as cottonwood, hackberry, maple, oak, poplar, red bud, sweet gum, wild cherry, willow, winged elm, American elm and sumac.

Diluted — Mix 1 gal. "Hyvar" X-L in 5 gals. of water and apply at the rate of 1 to 2 fl. oz. per stem 2" to 4" in basal diameter, wet base of stem to run off.

Undiluted — Apply "Hyvar" X L undiluted with an exact delivery hand gun applicator, this equipment delivers a thin stream of a predetermined volume when triggered. Apply at the rate of 5 to 10 milliliters per stem 2" to 4" in basal diameter, direct the treatment to a spot at the base of the brush (root collar area). When treating large stems and more than one delivery of solution is needed per stem, apply on the opposite side of the stem. **Note:** "Hyvar" X-L is a combustible product. Do not smoke while applying the undiluted product, and keep away from heat and open flame.

NALCO-TROL™
INSTRUCTIONS FOR USE

IMPORTANT: Always shake NALCO TROL container well prior to use. Never add water to NALCO-TROL container.

DOSAGE: Spray Pressure	NALCO-TROL Dosage Per 100 Gals. of Spray Solution
Up to 30 PSI	4-6 ozs
30-100 PSI	6-10 ozs
100-150 PSI	10-12 ozs

DIRECTIONS FOR USE

STEP I. Fill mix tank with water and agitate.

STEP II. Shake NALCO-TROL container well. Add wettable powder herbicides [illegible] NALCO-TROL and agitate. Add water soluble herbicides and agitate. Add emulsifiable herbicides and agitate. Add cotton defoliants and agitate. Add spray adjuvants last. Add NALCO-TROL to the application mix tank as a [illegible] ingredient.

STEP III. If additional surfactants or other spray adjuvants are used, they should be added last. (After NALCO-TROL.)

STEP IV. Continue to agitate mix tank for at least 5 minutes before use.

AFTER USE

When used as directed, no special cleanup procedures are necessary. Periodically rinse the spray equipment with a detergent-water solution. Follow recommended governmental procedures for disposal of herbicide solutions.

WARRANTY

Nalco warrants that this product when used as directed will reduce drift in spraying operations which use water based and water emulsifiable solutions. NALCO MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES AND DISCLAIMS ANY AND ALL IMPLIED WARRANTY OF FITNESS OF MERCHANTABILITY. Nalco's maximum liability for breach of this warranty shall not exceed the purchase price of this product. Nalco will not be liable for incidental or consequential damages. This warranty shall not be changed by oral or written agreement unless signed by a duly authorized officer of Nalco.

CAUTION: MAY CAUSE IRRITATION TO SKIN AND EYES.

Follow appropriate precautions on label of pesticide used.

NALCO-TROL™

NALCO-TROL™
WATER SOLUBLE
DRIFT CONTROL AGENT
BENEFITS

- **EFFECTIVE**—more herbicide where you want it . . . less herbicide where you don't want it.
- **EFFICIENT**—only 4-12 ozs. are needed to stabilize 100 gallons of spray solution.
- **EASY TO USE**—no special nozzles required.
- **INCREASES OPERATOR SAFETY**—improves vision while spraying.
- **ECONOMICAL**—typically less than $.01 per gallon of spray solution.

APPLICATION: NALCO-TROL is an effective, easy to use product for controlling drifting and dust in the following spray applications:

1. Water Soluble Herbicides
2. Emulsifiable Herbicides
3. Wettable Powder Herbicides

NALCO-TROL can be used with aerial application equipment or standard available ground equipment such as:

1. Tee Jet® Nozzles
2. OC (Off Center) Nozzles
3. Spray Guns
4. Directa-Spra®

NALCO-TROL drift control additive may be used with non-crop herbicides and cotton defoliants.

CAUTION: MAY CAUSE IRRITATION TO SKIN AND EYES.

Follow appropriate precautions on label of herbicide used.

DIRECTIONS FOR USE ON COTTON

MESAMATE 600 Herbicide is useful as a directed application in cotton for post-emergent control of weeds and grasses, such as Johnsongrass, nutsedge, Dallisgrass, cocklebur, barnyardgrass, ragweed, sandbur and puncture vine. It should be applied at the rate of ⅔ gallon per acre.

Mix 3 quarts of MESAMATE 600 Herbicide in 90 gallons of water. Do not add any surfactant to the spray solution. Apply spray solution at 40 gallons per acre. Weed control is most effective at temperatures above 70°F. For band application in 40 inch rows, apply 1 gallon of spray solution per inch of band width per acre. Direct the spray solution to the base of the cotton plant. *Keep spray off cotton foliage.* A second application may be required during humid growing conditions to control perennials, such as Johnsongrass and nutsedge. Apply the second application 1 to 3 weeks later.

Slight burning and a reddish discoloration of the cotton leaf may occasionally occur following the recommended treatment, but the cotton plant will develop normally.

Apply only when cotton is 3 inches high to first bloom. Do not apply after first bloom. Do not feed treated foliage to livestock or graze treated areas.

NOTICE: Use of this material other than in accordance with the directions on this label, may produce plant injury, excessive residues, or other undesirable results. Crystal Chemical Company makes no express or implied warranties other than specified on this label.

CAUTION

KEEP OUT OF REACH OF CHILDREN

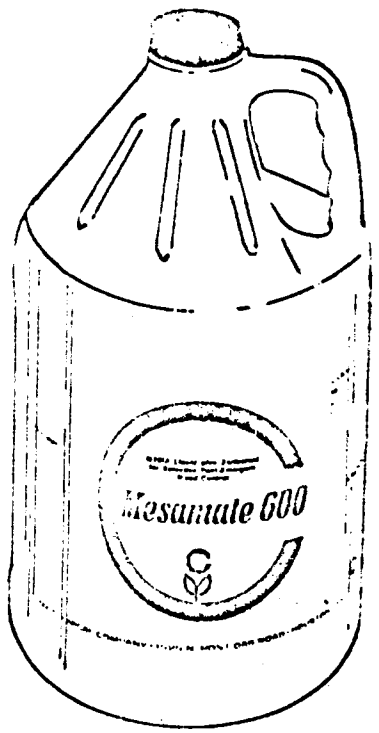

Harmful if swallowed. Avoid contact with skin. Wash hands after using. Avoid breathing spray mist.

Avoid contamination of feed and foodstuffs. Keep away from domestic animals. Keep children and domestic animals off treated areas until this material has been washed into soil. Do not contaminate water used by wildlife or aquatic life or water used for domestic or irrigation purposes.

ANTIDOTE: If taken internally, induce vomiting and call a physician at once.

WASTE DISPOSAL: Rinse spray equipment and containers and dispose of liquid wastes in a pit in non-crop lands away from water supplies.

CRYSTAL CHEMICAL COMPANY • 1525 N. POST OAK ROAD • HOUSTON, TEXAS 77055

GENERAL INFORMATION

MESAMATE 600 Herbicide is useful for selective post-emergent weed control, particularly for grassy weeds. Its phytotoxic properties are quickly inactivated on contact with soil. It is a combination of herbicide and surfactant. It is unnecessary to add any other surfactant to the spray solution. Best results are obtained on young actively growing weeds at air temperatures above 70°F.

MIXING INSTRUCTIONS: MESAMATE 600 Herbicide must be thoroughly dissolved. Fill the spray equipment reservoir about half full with water and add the required amount of herbicide with agitation. Finish filling the reservoir with water and apply. After use, clean equipment thoroughly by flushing with water. Do not store spray solution in tank for a prolonged period.

NON-CROP USE: MESAMATE 600 Herbicide is useful for control of Johnsongrass, nutsedge, Dallisgrass, cocklebur, barnyardgrass, ragweed, sandbur, puncture vine and certain other weeds on drainage ditchbanks, rights-of-way, fence rows, storage yards, and similar non-crop areas.

Mix MESAMATE 600 Herbicide at a rate of 6 to 12 pints in 100 gallons of water. Spray unwanted vegetation at a rate of about 50 gallons of spray solution per acre. Use spray equipment that gives good low volume coverage. If regrowth occurs, reapply as required.

Do not feed treated foliage to livestock or graze treated areas.

LAWN AND ORNAMENTAL TURF: MESAMATE 600 Herbicide is useful for control of Dallisgrass, sandbur, bahiagrass, nutsedge, barnyardgrass, chickweed, and wood sorrel with little or no injury to good lawn grasses. On new lawns, do not treat until after three mowings. Good grasses may be temporarily discolored. Zoysia, bluegrasses and bermuda are quite tolerant. Do not use on St. Augustine or centipede.

Mow lawns 1 to 1½ inches high before treatment. Mix 1⅓ fluid ounces (4 teaspoons) of MESAMATE 600 Herbicide in 2½ gallons of water and apply to 1,000 sq. ft. area. Spray thoroughly to wet all undesirable plants. Repeat applications, 10 to 14 days apart, may be needed for good control.

Judge Jodie E. Stavinoha
Fort Bend County Commissioners' Court
Richmond, Texas

Dear Judge Stavinoha,

We at Moore Business Forms are very grateful for this oppurtunity to submit proposals regarding your tax forms and business machine needs here at Fort Bend County. Due to the intricate nature and importance of the tax forms, each proposed bid will be prefixed by a short summary of the individual form specifications as obtained through the county's legal notice, and information drawn from your Data Processing Manager, Charles Seiler.

The size of the TAX ROLL is 15½" x 14", 2 parts, black ink, with all white paper the first part being 20 pound bond. This form will have carbon, and the left-hand margin will have two 13/32" punch holes 9" from center to center. This bid also includes the repositioning of the left - hand margin, and the reverse print areas used as column headings. (It has been our experience that with the frequent use of these records, the pages have a tendency to tear out of the record books once they are bound. It is our recommendation that a mylar strip be attached on the back of the parts to be bound, along the punch holes to prevent this occurrance. This price will also be quoted below for your consideration.) The price per 1000 is as follows:

QUANTITY	FORM	PRICE *	WITH MYLAR STRIP *
7,500	TAX ROLL	159.07 /M	168.25 /M

* Due to the similarity of the Tax Roll and the Monthly Statements, the above quotes reflects a combined pricing of the two sets of forms.

Fort Bend County
Proposal Prices

TAX STATEMENTS AND RECEIPTS is 11" x 3 2/3", 4 parts, with each part to be printed in a different color of ink, with all white paper. This form will be of carbonless paper which will include the specified desensitized areas (blank out spots). This quote also includes all reverse printing and tinted areas as requested per Mr. Seiler. The price per 1000 is as follows:

QUANTITY	FORM	PRICE *
85,000	TAX STATEMENT AND RECEIPT	29.16 /M

*This price reflects combined pricing of the Tax Statements and Tax Inventories.

TAX INVENTORIES AND SECOND NOTICE is also 11" x 3 2/3", 3 parts, each part printed in a different color of ink, with all white paper. This is a carbonless form and includes desensitized areas as the Tax Statements as specified. Also included are all reverse printing and tinted areas needed. Price per 1000 is as follows:

QUANTITY	FORM	PRICE *
85,000	TAX INVENTORIES AND SECOND NOTICES	23.23 /M

12

* As above, due to the similarity of the TAX STATEMENTS AND RECEIPTS and TAX INVENTORIES AND SECOND NOTICE, the above price reflects combined pricing of the two forms to produce a considerable savings to the County.

Since back printing was not specified in bid request, it has not been included in this quote.

MONTHLY STATEMENTS are 15½" x 14", 1 part, black ink, with 20 pound white bond paper. This form has two 13/32" punch holes 9" from center to center in the left margin. This price also includes repositioning of the left-hand perforation, and also all reverse printing used in the column headings. The price per 1000 is as follows:

QUANTITY	FORM	PRICE *	WITH MYLAR STRIP
5,000	MONTHLY STATEMENTS	102.67 /M	111.86 /M

Form PAC 1-6

FIELD AGREEMENT

Agreement No._____

U. S. Fish and Wildlife Service
cooperating with
TEXAS AGRICULTURAL EXTENSION SERVICE
TEXAS ANIMAL DAMAGE CONTROL ASSOCIATION, INC.
and

FORT BEND COUNTY
Cooperator

In accordance with the terms of a Master Project Agreement between the United States Fish and Wildlife Service, the Texas Agricultural Extension Service and the Texas Animal Damage Control Association, (hereinafter known as the Control Agencies) a copy of which is on file at the State Office, U. S. Fish and Wildlife Service, San Antonio, Texas, this field agreement is made to augment the predatory animal and injurious rodent control program in Texas.

THEREFORE, is is mutually agreed that:

1. The predatory animal control program conducted under the terms of this agreement shall be under direct supervision of the U. S. Fish and Wildlife Service. A local representative will consult frequently with the Cooperator relative to the extent of the Control Agencies participation and plans and procedures necessary to best serve the interests of the parties hereto.
2. The Cooperator will provide funds to the Texas Cooperative Trapping Fund for the employment of personnel and payment of mileage necessary to conduct official duties. The Control Agencies will pay the balance of the salary and travel costs and all other necessary expenses to effectively carry out the program.
3. The State Supervisor of the Service or his designated Assistant will certify, as to correctness, all claims to be paid by any party to this agreement and shall perform such other administrative functions as are agreed upon from time to time; provided, that no funds of the Cooperator will be transferred to any such employee working under the terms of this agreement.
4. Statement of Assurance in compliance with 43CFR 17 of the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252) is hereby mutually agreed to by all parties.
5. Furs or other parts of monetary value taken from wild animals will be handled in accordance with the provision of Section 12 of the Master Project Agreement.
6. This agreement and any continuation thereof shall be contingent upon availability of funds. It is understood and agreed that any monies allocated for the purpose of this agreement shall be expended in accordance with its terms and in the manner prescribed by the fiscal regulations and/or administrative policies of the control agency making the funds available.
7. This agreement shall continue in force and effect until superseded or terminated. Terms and financing may be reviewed and revised periodically and confirmed by correspondence. It may be amended by mutual agreement and may be terminated by either party upon fifteen (15) days written notice.

12

NOW, THEREFORE, pursuant to Section 2 above, it is mutually agreed that:

1. The Control Agencies shall furnish supervision of the project and shall provide equipment and other supplies required in the operation of the project.
2. The Cooperator shall pay toward the expense of the Texas Cooperative Trapping Fund in providing the necessary services for this project in the amount of $ 500.00 monthly for the period: September 1, 19 80 to Termination, 19____ to be spent for the purposes outlined: Control of Predatory Animals

The Cooperator further agrees to make this deposit to the Texas Cooperative Trapping Fund promptly upon receipt of a statement from the Agencies setting forth the cost of the work for the preceding month and the Cooperator's share thereof. Failure of the Cooperator to make this contribution within ten (10) days after receipt of this statement (thirty [30] days in the case of County Commissioners Courts) will, at the option of the Agencies, terminate the agreement at the end of that period.

IN WITNESS WHEREOF, the duly authorized officers of the parties hereto have executed this agreement on the dates opposite their respective signatures.

2. The County Engineer shall:

a. Make appropriate recommendations to proper County authorities when instances of non-compliance to these Rules has been determined.
b. Make reasonable inspections of existing private sewage facilities when requested and inspect all new facilities. All Components of the system shall not be covered until an inspection has been made. The absorption trench or evapotranspiration beds may be partially backfilled but all ends, and other critical areas shall not be backfilled until the County Engineer has determined the construction complies with the rules, standards, or any other special conditions specified on the license.
c. Collect all fees set by the Commissioners' Court to recover costs incurred in meeting the requirements of these Rules.
d. Make semi-annual reports to the Commissioners' Court on all legal actions taken concerning these Rules.
e. Perform all other duties necessary to meet the requirements of these Rules.
f. Upon the receipt of a complaint from a credible person that an existing private sewage facility, licensed or not, is endangering public health or polluting water, the County Health Department shall immediately inspect the facility. If the County Health Department finds that the complaint may be valid and that the private sewage facility may be endangering public health or polluting water, the County Health Department shall determine possible solutions to the problem and, in doing so, may request help from the County Engineer in assuring that all construction be performed in accordance with sound engineering practice. The County Health Department will then notify the owner of the facility in writing of such fact and the action necessary to comply with this order. The owner of the facility will be given a reasonable amount of time in which to comply and will be notified of such. At the expiration of the allotted time, if the facility is still not in compliance with the requirements of this Order, the County Health Department and the County Engineer shall take appropriate action to enforce compliance.

12

B. AREA COVERED BY RULES

These Rules shall apply only to the unincorporated area of Fort Bend County, Texas.

C. INCORPORATION BY REFERENCE

Pursuant to Article 4477-1, Section 23 (b), of Vernon's Texas Civil Statutes Annotated, Construction Standards For Private Sewage Facilities, herein sometimes referred to as the "Standard," were adopted by the Texas Board of Health on November 30, 1977, issued by the Texas Department of Health on December 12, 1977, and published in the Texas Register, Volume 2, Number 99, Pages 4978 through 4992, inclusive, dated December 23, 1977, a copy of which is attached hereto, and all future ammendments thereto, is made a part hereof for all intents and purposes as though it was fully set forth herein word for word. The County Engineer shall interpret and resolve any questions regarding interpretation of the Standards.

SECTION III. LAWFUL DISCHARGE OF SEWAGE

After the effective date of these Rules, only the following types of sewage discharges shall be lawful:

18

1. Sewage discharged into an organized disposal system.

2. Sewage discharged into a private sewage facility licensed and maintained in accordance with these Rules, and used and operated in such a manner as to not constitute a nuisance as defined in Section XI of these Rules, and which has not had a substantial increase in the sewage flow rate over and above the flow rate specified or contemplated in the application for the last previous license therefor.

3. Sewage discharged into a private sewage facility existing and in use on the effective date of these Rules, which has not been substantially modified since the effective date of these Rules, and which is used and operated in such a manner as to not constitute a nuisance as defined in Section XI of these Rules, and which has not had a substantial increase in the sewage flow rate since the effective date of these Rules. For the purposes of this provision, any private sewage facility which has been actually used at any time during the twelve (12) month period immediately preceding the effective date of these Rules, shall be conclusively presumed to have been in use on the effective date of these Rules.

4. On existing lots with less than 15,000 square feet if the case is that described in the Standards (.002) (b) (4) (B) or less than 20,000 square feet if the case is that described in the Standards (.002) (b) (4) (C) a private sewage facility may be licensed provided the soil conditions will support an absorption or evapotranspiration system or other system allowed in the Standards after it has been demonstrated by a thorough subsurface soils investigation the proposed and/or existing water supply system within 100 feet of the effluent treatment area will not be contaminated. The techniques to be used for sealing wells shall be consistent with State standards or practices.

12

SECTION IV. PRIVATE SEWAGE FACILITY INSTALLATION, MODIFICATION AND MAINTENANCE

No person may install or substantially modify a private sewage facility unless a license therefor has first been obtained from the County Engineer. Injection wells and cesspools are specifically prohibited from being installed and licensed. The design and maintenance of a private sewage facility shall meet the requirements set forth in the Standards. No person may install a private sewage facility on a lot or tract smaller than that required to meet the requirements set forth in Standards. No person may install a private sewage facility within 300 feet (measured on the closest practicable access route) of an organized disposal system unless service by said organized disposal system has been formally requested and has been denied by the owner or governing body thereof. The failure of such owner or governing body to act upon such request by granting or denying same within 30 days of the receipt thereof, shall be deemed to be a denial of the request. Percolation tests as provided for by the Standards shall be performed in accordance with the Standards by a registered professional Sanitarian or professional registered Engineer. The installation and construction of private sewage facilities shall be made in accordance with the approved design and requirements of the license issued therefor.

SECTION V. ADDITIONAL DESIGN REQUIREMENTS-INSTITUTIONS

Designs for facilities which serve institutions shall be made in accordance with Section IV of these Rules and the Standards. For establishments other than those set forth in Table IV of the Standards (Individual Usage Rate), the County Engineer will calculate the daily sewage flow per person upon written request.

SECTION VI. FURTHER DESIGN REQUIREMENTS--LARGE INSTITUTIONS

A registered professional engineer or registered professional sanitarian shall design all private sewage facilities serving

institutions which have a sewage flow rate of more than 500 gallons per day (as herein calculated). Said designs shall be made in accordance with Section IV and V of these Rules and the Standards, except that single compartment septic tanks shall not be utilized, but instead, septic tanks with two or more compartments or two or more septic tanks connected in series shall be utilized.

SECTION VII. SUBSTANTIAL INCREASE IN FLOW

No person shall cause or allow a substantial increase in the sewage flow rate of a private sewage facility, without first obtaining from the County Engineer a license therefor. The application for such license shall reflect the increased sewage flow rate. The sewage flow rate shall be considered to be substantially increased when the flow rate, calculated in the manner provided herein, is increased by more than 25%.

SECTION VIII. ISSUANCE OF LICENSES

A. Only the person owning, or having the right to possession of, the parcel of land upon which a proposed private sewage facility is to be located, may apply for a private sewage facility license. To make application for a private sewage facility license, the applicant shall submit to the County Engineer the following:

1. The completed application form.

2. The required fee.

3. The results of percolation tests if required by the County Engineer.

4. A drawing or drawings reflecting that the proposed private sewage facility will comply with these Rules and demonstrating that the lot or tract is large enough for the private sewage facility to be constructed thereon.

5. Any additional information that the County Engineer may require.

The completed application and all of its appurtenances shall not contain any false information nor conceal any material facts.

B. Based upon the information contained in the completed application, and other information available to the County Engineer, the County Engineer shall:

1. Issue a license to the applicant, such license to be effective perpetually, or
2. Within 15 days after receipt of the application and appurtenances, give written notice to the applicant that the application is denied, stating the reason(s) which prevent licensing. Said notice shall be considered given by depositing the same in the U. S. Mail, postage prepaid, addressed in accordance with the application. Denial of an application must be given only for reasons of noncompliance with these regulations.

The applicant may appeal a denial in accordance with the procedure set forth in Section X of these Rules.

SECTION IX. EXCEPTIONS

A. A person desiring an exception to any requirement of these Rules shall file a written statement with the County Engineer stating:

1. The nature of the exception requested; and

2. The reason the exception should be granted.

B. Within thirty (30)days after receipt of said request, the County Engineer shall review the request and reply to applicant in writing either granting or denying the request.

C. If the request is denied, the County Engineer shall include in its reply the reasons for denial.

D. The applicant may appeal a denial in accordance with the procedure set forth in Section X of these Rules.

SECTION X. APPEALS

A. Any person aggrieved by an action or decision of the County Engineer hereunder may, within thirty days of the date on the document giving notice of the action or decision, appeal to the Hearing Examiner appointed by the Commissioners Court.

B. The appeal to the Hearing Examiner shall be initiated by filing a written objection with the Hearing Examiner. The written objection shall state what the action or decision of the County Engineer should have been and why. A copy of the document containing the notice of the action or decision complained of shall be attached to said written objection. Upon receipt of said written objection and attachment the Hearing Examiner shall set the same down for a hearing to be held within the next fifteen days and advise all parties of the date, time and place of hearing.

C. At hearing before the Hearing Examiner all witnesses will be sworn. The Hearing Examiner will hear the testimony of the County Engineer and/or each person as will be called by the County Engineer; additionally, the Hearing Examiner will hear the testimony of the complainant along with any witnesses the complainant may call. Additionally, the Hearing Examiner will review all documents and exhibits submitted to him by the parties. The Hearing Examiner will not be bound by formal rules of evidence and will control the evidence, reserving to himself the power to exclude testimony or exhibits he does not consider relevant.

12

D. The Hearing Examiner will maintain an accurate record of the evidence adduced at the hearing.

E. Within forty-eight (48) hours of the close of the hearing the Hearing Examiner will notify the County Engineer and the complainant of his decision. Within three (3) days of the close of the hearing the Hearing Examiner will reduce to writing his report, which will consist of a finding of facts and his decision. The Hearing Examiner will file the original of his report with the Clerk of Commissioners Court, will keep one copy for himself, will send one copy to the complainant and will send one copy to the County Engineer.

F. If the County Engineer or the complainant is dissatisfied with the Hearing Examiner's decision, he may, within five days from the date the Hearing Examiner filed his report, file a written objection with the Clerk of Commissioners Court. When such an objection is filed, the Clerk will notify the County Judge who will place the matter on the Agenda of Commissioners Court for review at the next meeting of Commissioners Court which is at least five (5) days after the date of the filing of the objection. If the objection is filed by the County Engineer, notice that the matter is on the Agenda will be sent to the complainant by mail. When the matter comes before Commissioners Court, the Commissioners Court will review the matter, considering such information as is in the Hearing Examiner's file and report along with such other evidence as Commissioners Court may deem relevant and as may be offered by the County Engineer or the complainant. The Commissioners Court will either afirm, reverse, or modify the decision of the Hearing Examiner.

18

G. These provisions for appeal are not exclusive, but are cumulative of any other remedies at law or in equity.

SECTION XI. NUISANCES

No person shall maintain a private sewage facility in such a manner as to be, or as may tend to be, injurious to or to adversely affect human health or welfare, animal life, vegetation or property, or as to interfere with the normal use and enjoyment of animal life, vegetation or property.

SECTION XII. FORMS

In this section, forms are promulgated for use in the administration of these Rules. The County Engineer may add to these forms or may promulgate additional forms as may be needed to administer these Rules, but the forms as promulgated in this section will be deemed sufficient when used.

12 RE: APPROVE RESOLUTION SETTING OUT AGREEMENT TO ISSUE BONDS BY AND BETWEEN FORT BEND COUNTY INDUSTRIAL DEVELOPMENT CORPORATION AND FRITO-LAY, INC:

On Motion of Commissioner Tony Jebbia, seconded by Commissioner W. Lee Schmidt, and duly passed, the court approved the Resolution setting out agreement to issue bonds by and between Fort Bend County Industrial Development Corporation and Frito-Lay, Inc. as follows:

RESOLUTION APPROVING AGREEMENT TO ISSUE BONDS
BY AND BETWEEN
FORT BEND COUNTY INDUSTRIAL DEVELOPMENT CORPORATION
AND FRITO-LAY, INC.

WHEREAS, Fort Bend County, Texas (the "Unit"), a political subdivision, has approved and authorized the creation of the Fort Bend County Industrial Development Corporation (the "Corporation") as a Texas nonprofit corporation, pursuant to the provisions of the Development Corporation Act of 1979, Article 5190.6, Vernon's Annotated Texas Civil Statutes (the "Act"), to act on behalf of the Unit to promote and develop commercial, industrial and manufacturing enterprises to promote and encourage employment and the public welfare; and

WHEREAS, the Corporation is authorized by the Act to issue industrial development revenue bonds on behalf of the Unit for the purpose of paying all or part of the cost of a commercial, industrial or manufacturing "project", as defined in the Act, and to sell or lease the project or to loan the proceeds of the bonds to finance all or part of the costs of the project; and

12

WHEREAS, the Corporation now proposes to enter into an Agreement to Issue Bonds with Frito-Lay, Inc. (the "User"), pursuant to which the Corporation agrees, subject to certain conditions, to issue its tax exempt industrial development revenue bonds in the aggregate principal amount (excluding bonds issued to refund any of the Bonds) now estimated not to exceed $6,000,000, to provide funds to defray all or part of the cost of acquiring and constructing certain commercial, industrial or manufacturing facilities to be constructed by or to be leased or sold to the User; and

WHEREAS, the Act requires that the Governing Body of the Unit approves by written resolution any agreement to issue bonds adopted by the Corporation, which agreement and resolution shall set out the amount and purpose of the bonds; and

WHEREAS, the Commissioners' Court (the "Governing Body") has reviewed the form and substance of the proposed Agreement to Issue Bonds between the Corporation and the User and intends, by adoption of this written Resolution, to approve said agreement in accordance with the Act; NOW, THEREFORE;

BE IT RESOLVED BY THE COMMISSIONERS' COURT OF FORT BEND COUNTY, TEXAS, THAT:

Section 1: The Agreement to Issue Bonds, in the form attached hereto, proposed to be entered into by and between the Corporation and the User, pursuant to which the Corporation agrees, subject to the conditions stated therein, to authorize and issue its industrial development revenue bonds in the aggregate principal amount (excluding bonds issued to refund any of the Bonds) now estimated not to exceed $6,000,000 to provide funds to defray all or part of the cost of the acquisition and construction of the commercial, industrial or manufacturing facility described in Exhibit "A" to said Agreement, is hereby approved in accordance with Section 25(f) of the Act.

Section 2: This Resolution is adopted for the purpose of satisfying the conditions and requirements of the Act and Section 103 of the Internal Revenue Code of 1954, as amended, and the regulations promulgated thereunder and for the benefit of the Corporation, the Unit, the owners or holders from time to time of the obligations of the Corporation and all other interested persons.

Section 3: The Governing Body has considered evidence of the posting of notice of this meeting and officially finds, determines, recites and declares that a sufficient written notice of the date, hour and place of this meeting and of the subject of this Resolution was posted at a place convenient to the public in the administrative offices of the Unit and on a bulletin board located at a place convenient to the public in the County Courthouse of Harris County, for at least 72 hours preceding the scheduled time of such meeting; both places of posting were readily accessible to the general public at all times from such time of posting until the scheduled time of such meeting; and such meeting was open to the public as required by law at all times during which the Resolution and the subject matter thereof were discussed, considered and formally acted upon, all as required by the Open Meetings Law, Article 6252-17, Vernon's Annotated Texas Civil Statutes, as amended.

AGREEMENT TO ISSUE BONDS

THIS AGREEMENT TO ISSUE BONDS, entered into as of the 10th day of April, 1980, by and between Fort Bend County Industrial Development Corporation (the "Corporation"), created pursuant to the authority of the Development Corporation Act of 1979, Article 5190.6, Vernon's Annotated Texas Civil Statutes (the "Act"), and Frito-Lay, Inc., a Delaware corporation (together with any successors or assigns, the "User") and a wholly-owned subsidiary of PepsiCo, Inc., also a Delaware corporation, for the purpose of carrying out the public purposes set forth in the Act, including the promotion and development of commercial, industrial and manufacturing enterprises to promote and encourage employment and the public welfare;

12

W I T N E S S E T H:

WHEREAS, Fort Bend County, Texas (the "Unit"), has authorized and approved the creation of the Corporation to act on behalf of the Unit for the public purpose of furthering on behalf of the Unit the promotion and development of commercial, industrial and manufacturing enterprises to promote and encourage employment and the public welfare; and

WHEREAS, the Corporation is authorized by the Act to acquire, construct, improve, maintain, equip and furnish and to lease or sell "projects", as such term is defined in the Act, or to make loans for the purpose of providing financing for all or part of the costs of a project, and the Corporation is further authorized to issue its bonds for the purpose of paying all or part of the costs of a project; and

WHEREAS, the User desires to acquire and construct the facilities, more particularly described in Exhibit "A" attached hereto, within the Unit (the "Project"), which Project is suitable for the promotion of commercial and industrial development and expansion, the promotion of employment in the Unit, the control of pollution and for use by commercial, manufacturing or industrial enterprises; and

WHEREAS, pursuant to the Act, the Corporation is authorized to issue the bonds hereinafter described, which bonds shall never constitute an indebtedness or pledge of the faith and credit of the State of Texas (the "State"), of the Unit, or of any other political corporation, subdivision or agency of the State within the meaning of any State constitutional or statutory provision, shall never be paid in whole or in part out of any funds raised or to be raised by taxation or any

other funds of the Unit, and shall never be paid in whole or in part out of any funds of the Corporation except those derived from or in connection with the sale or lease of the Project or the loan of funds to finance the Project; and

WHEREAS, to promote and encourage employment and the public welfare, the Corporation agrees to issue at the request of the User, one or more series of the Corporation's industrial development and pollution control revenue bonds (the "Bonds") for the purpose of paying that part of the cost of constructing and acquiring the Project which will qualify for tax exempt financing under Section 103 of the Internal Revenue Code, or for the purpose of loaning the proceeds to the User in order to provide temporary or permanent financing of that part of the cost of constructing and acquiring the Project which will qualify for tax exempt financing under Section 103 of the Internal Revenue Code, and the Corporation and the User deem it desirable and proper that this Agreement to Issue Bonds constitute a formal record of such agreement and understanding in order that the User may proceed with or provide for the acquisition and construction of the Project; and

WHEREAS, the User has evidenced a desire to cooperate with the Corporation in the acquisition and construction of the Project and for the Corporation to authorize and issue the Bonds in the aggregate principal amounts now estimated not to exceed $6,000,000 to provide the funds to defray that part of the cost of the acquisition and construction of the Project wnich will qualify for tax exempt financing under Section 103 of the Internal Revenue Code; and

WHEREAS, the Corporation and the User contemplate that the Project will be sold on an installment payment basis or leased to the User or that proceeds of the Bonds will be loaned to the User in order to provide temporary or permanent financing of that part of the costs of the Project which will qualify for tax exempt financing under Section 103 of the Internal Revenue Code and that the installment purchase, rental or loan payments therefor will be sufficient to pay the principal of and any premium and interest on the Bonds; and

WHEREAS, it is the desire of the Corporation that the acquisition and construction of the Project occur at the earliest possible time so as to promote and encourage employment and the public welfare within the Unit; and

WHEREAS, it is intended that this Agreement to Issue Bonds shall constitute "some other similar official action" toward the issuance of the Bonds within the meaning of Section 1.103-8(a)(5) and the other Treasury regulations issued pursuant to Section 103(b) of the Internal Revenue Code of 1954, as amended (the "Code");

NOW THEREFORE, in consideration of the premises and other good and valuable consideration and of the mutual benefits, covenants and agreements herein expressed, the Corporation and the User agree as follows:

1. The User shall commence with the acquisition and construction of the Project, which Project will be in furtherance of the public purposes of the Corporation and the Unit as aforesaid, and the User will provide, or cause to be provided, at its expense, the necessary interim financing to expedite the commencement of the acquisition and construction of the Project. On or prior to the issuance of the Bonds, the User will enter into a purchase, lease or loan agreement (herein called the "Agreement") with the Corporation under which the Corporation will sell or lease the Project to the User or make a loan to the User for the purpose of providing temporary or permanent financing of that part of the costs of the Project which will qualify for tax exempt financing under Section 103 of the Internal Revenue Code and the User will make payments sufficient to pay the principal of and any premium and interest on such series of Bonds. The Bonds shall never constitute an indebtedness or pledge of the faith and credit of the State, of the Unit, or of any other political corporation, subdivision or agency of the State within the meaning of any State constitutional or statutory provision, and the Bonds shall never be paid in whole or in part out of any funds raised or to be raised by taxation or any other funds of the Unit, and shall be payable from the funds of the Corporation derived from or in connection with the sale or lease of the Project or the loan of the proceeds of the Bonds.

2. On receipt of the opinion of nationally recognized bond counsel that interest paid on the Bonds is exempt from federal income taxation, the Corporation hereby agrees to issue, pursuant to the terms of the Act, the Bonds, or from time to time the portion thereof as may be the subject of such an opinion as aforesaid, in an appropriate principal amount not exceeding that which is the subject of an opinion as aforesaid, maturing in such amount and times, bearing interest at the rates, payable on the dates and having such optional and mandatory redemption features and prices as are approved in writing by the User. The Corporation will deliver the Bonds to the purchaser designated by the User and will cooperate to the fullest extent in facilitating delivery of the Bonds.

3. The Corporation and the User agree that the Bonds may be issued either at one time or in several series from time to time as the User shall request in writing; provided, however, that the parties agree that the Bonds will be issued in an aggregate principal amount as will not exceed the amount which is the subject of an opinion as aforesaid. A request

in writing for issuance of one or more series of Bonds shall not affect the obligation hereunder of the Corporation to issue the remaining Bonds as written requests therefor are received. It is further agreed that the proceeds of the Bonds or portions thereof whether or not issued in a series, shall not be invested so as to constitute the Bonds or a portion thereof as arbitrage bonds within the meaning of Section 103 of the Code and applicable regulations promulgated pursuant thereto.

4. The payment of the principal of and any premium and interest on the Bonds shall be made solely from moneys realized from the sale or lease of the Project or from moneys realized from the loan of the proceeds of the Bonds to finance all or part of the costs of the Project.

5. The costs of the Project (hereinafter the "Project Costs") may include any cost of acquiring, constructing, reconstructing, improving and expanding the Project. Without limiting the generality of the foregoing, the Project Costs shall specifically include the cost of the acquisition of all land, rights-of-way, property rights, easements and interests, the cost of all machinery and equipment, financing charges, interest prior to and during construction and for one year after completion of construction whether or not capitalized, necessary reserve funds, costs of estimates and of engineering and legal services, plans, specifications, surveys, estimates of cost and of revenue, other expenses necessary or incident to determining the feasibility and practicability of acquiring, constructing, reconstructing, improving and expanding the Project, administrative expenses and such other expenses as may be necessary or incident to the acquisition, construction, reconstruction, improvement and expansion of the Project, the placing of the Project in operation and all incidental expenses, costs and charges relating to the Project not enumerated above. The parties agree, upon request, to provide or to cause to be provided to each other any data or information which may be reasonably required to verify any of the Project Costs enumerated in this paragraph. The User agrees that it will be responsible for and pay any Project Costs incurred prior to issuance of the Bonds and will pay all Project Costs which are not or cannot be paid or reimbursed from the proceeds of the Bonds.

6. The User agrees that it will at all times indemnify and hold harmless the Corporation and the Unit against all losses, costs, damages, expenses and liabilities (collectively referred to hereinafter as "Losses") of whatsoever nature (including, but not limited to, attorneys' fees, litigation and court costs, amounts paid in settlement and amounts paid to discharge judgments) directly or indirectly resulting from, arising out of or relating to one or more Claims, as hereinafter defined. The term "Claims" as used herein shall mean

all claims, lawsuits, causes of action and other legal actions and proceedings, involving bodily or personal injury or death of any person or damage to any property (including, but not limited to, persons employed by the Corporation, the Unit, the User or any other person and all property owned or claimed by the Corporation, the Unit, the User, any affiliate of the User or any other person) or involving damages relating to the issuance, offering, sale or delivery of the Bonds brought against the Corporation or the Unit or to which the Corporation or the Unit is a party, even if groundless, false or fraudulent, that directly or indirectly result from, arise out of or relate to the issuance, offering, sale or delivery of the Bonds or the design, construction, installation, operation, use, occupancy, maintenance or ownership of the Projects or any part thereof. The obligations of the User shall apply to all Losses or Claims, or both, that result from, arise out of or are related to any event, occurrence, condition or relationship prior to termination of this Agreement to Issue Bonds, whether such Losses or Claims, or both, are asserted prior to termination of this Agreement to Issue Bonds or thereafter. Neither the Corporation nor the Unit shall be liable to the User for, and the User hereby releases each of them from, all liability to the User for any injuries, damages or destruction to all or any part or parts of any property owned or claimed by the User that directly or indirectly result from, arise out of or relate to the issuance, offering, sale or delivery of the Bonds or the design, construction, installation, operation, use, occupancy, maintenance or ownership of the Project or any part thereof. The Corporation and the Unit, as appropriate, shall reimburse the User for payments made by the User to the extent of any proceeds, net of all expenses of collection, actually received by them from any insurance with respect to the Loss sustained. The Corporation and the Unit shall have the duty to claim any such insurance proceeds, and the Corporation and the Unit, as appropriate, shall assign their respective rights to such proceeds, to the extent of such required reimbursement, to the User. In case any action shall be brought against the Corporation or the Unit, in respect which indemnity may be sought against the User, the indemnified party shall promptly notify the User in writing and the User shall have the right to assume the investigation and defense thereof including the employment of counsel and the payment of all expenses. The indemnified party shall have the right to employ separate counsel in any such action and participate in the investigation and defense thereof, but the fees and expenses of such counsel shall be paid by the indemnified party unless the employment of such counsel has been authorized by the User. The User shall not be liable for any settlement of any such action without its consent but, if any such action is settled with the consent of the User or if

12

there be final judgment for the plaintiff of any such action, the User agrees to indemnify and hold harmless the Corporation and the Unit from and against any Loss by reason of such settlement or judgment.

7. If within three (3) years from the date hereof (or such later date as shall be mutually satisfactory to the Corporation and the User) the Corporation and the User shall not have agreed to mutually acceptable terms for the Bonds and for the sale and delivery thereof and mutually acceptable terms and conditions of the Agreement, the User agrees that it will pay the Corporation for all unpaid Project Costs which the Corporation shall have incurred and this Agreement to Issue Bonds shall thereupon terminate. In the event that the User elects, prior to any such termination, not to proceed with the issuance of the Bonds for any reason, it shall so notify the Corporation in writing and shall promptly pay to the Corporation all Project Costs incurred by the Corporation prior to such notification, and if payment is so made, the User's obligations under paragraph 5 above shall terminate from and after the date of such notification.

8. The User may, without the consent of the Corporation, transfer or assign this Agreement to Issue Bonds or transfer or assign any or all of its rights and delegate any or all of its duties hereunder to any of its subsidiaries or affiliates currently existing or hereafter created, but no such transfer, assignment or delegation shall, without the written consent and approval of the Corporation, relieve the User of its liability for payment of Project Costs under paragraphs 5 and 7 hereof or indemnification under paragraph 6 hereof.

9. The provisions of this Agreement to Issue Bonds shall be superseded by any financing agreement entered into by the Corporation and the User in accordance with Section 1 hereof and shall, upon the execution and delivery of such financing agreement, terminate and be of no effect.

This Agreement to Issue Bonds and accompanying authorizing resolution shall be deemed and construed to be a resolution authorizing the issuance of the Bonds and other similar

official action of the Corporation, acting by and through its Board of Directors, toward the issuance of the Bonds as herein contemplated.

IN WITNESS WHEREOF, the Fort Bend County Industrial Development Corporation acting pursuant to a resolution of its Board of Directors, and Frito-Lay, Inc. have caused this Agreement to Issue Bonds to be executed and attested by their duly authorized officers as of the year and date first above written.

ORDER APPROVING CLAIM AND AUTHORIZING THE ISSUANCE AND DELIVERY OF CERTIFICATES OF OBLIGATION

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

WHEREAS, the Commissioners Court (the "Court") of Fort Bend County, Texas (the "County"), by order adopted December 17, 1979, affirmed the intention of the County to issue Certificates of Obligation for the purpose of evidencing the indebtedness of the County for all or any part of the cost of constructing permanent improvements for the County, to-wit: improvements to the County Courthouse; and

WHEREAS, the Court gave due and proper notice of the time and place when and where a contract, or contracts, for such construction would be let, and gave due and proper notice of its intention to issue such Certificates of Obligation; and

12

WHEREAS, the Court thereafter awarded a contract to the Meyerson Construction Company (the "Contractor") in the amount of $1,811,000 as the lowest and best bid for such construction and the Contractor, at the time of making such bid, elected to assign such Certificates of Obligation in accordance with arrangements made by the Court; and

WHEREAS, the Contractor, as shown on a true copy of its Claim No. 6 in the net amount of $145,000, attached hereto as Exhibit "A" and made a part hereof for all purposes as if fully written herein, has submitted its claim; and

WHEREAS, the County has received the full benefits of such contract represented by said claim to the full extent thereof and to the full extent of the Certificates of Obligation hereinafter authorized to be delivered; and no person, corporation or trust estate has given notice in writing or otherwise to the County, or to any official thereof, of any liens for any materials, apparatus, fixtures, machinery or labor furnished to the Contractor as provided by Chapter 17, Acts of the Legislature

of Texas, 1925 (Article 5472-a, Vernon's Texas Civil Statutes), or any other provision of law; and

WHEREAS, the County does not hold a claim of any kind or character which might be properly charged or interposed as an offset or counterclaim to the payment of the aforesaid claim; and

WHEREAS, said claim has been assigned, without discount, as shown thereon, to the bank or banks, respectively, named in said claim, and the said banks are now the legal owners and holders thereof; and

WHEREAS, the Court wishes to approve said claim and authorize the payment thereof by the issuance and delivery of certain of said Certificates of Obligation, all as shown on said Exhibit "A" and as hereinafter set out; therefore 12

BE IT ORDERED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS:

Section 1. The matters and facts contained in the preamble of this order are hereby found and declared to be true and correct.

Section 2. The claim described in the preamble of this order and fully set forth in Exhibit "A", mentioned in said preamble, shall be, and the same is hereby, approved and allowed, and the County hereby acknowledges receipt of the full benefits represented by said claim to the full extent thereof and to the full extent of the Certificates of Obligation herein authorized to be issued and delivered; and the County hereby recognizes and approves the transfer and assignment of a portion of said claim, without discount, as shown thereon, to the bank or banks named, and in the amounts shown, respectively, in said claim.

Section 3. There is now due and owing to said bank, or banks, the following sums:

First National Bank of Richmond Richmond, Texas	$25,000
Rosenberg Bank & Trust Rosenberg, Texas	$25,000

23

The First National Bank of Rosenberg Rosenberg, Texas	$ 55,000
Fort Bend National Bank Richmond, Texas	$ 40,000

and there shall be executed and delivered to said bank, or banks, upon payment in full to the County of the accrued interest upon the Certificates of Obligation to be so delivered from March 1, 1980, to the date of such delivery, FORT BEND COUNTY, TEXAS, CERTIFICATES OF OBLIGATION, SERIES 1980, dated March 1, 1980, in the aggregate principal amount of $145,000, apportioned (if to more than one such bank) as shown above in this Section, and the sum of $3,414.50 shall be carried forward and paid by the County either in cash or by issuance of Certificates of Obligation.

Section 5. It is hereby officially found and determined that the need of the County for such financing creates an emergency and an urgent public necessity for the holding, at the scheduled time, of the meeting at which this order is adopted and for the adoption of this order; and the NOTICE OF MEETING relating to said meeting and heretofore posted, and the posting thereof, are hereby authorized, approved, adopted and ratified.

PASSED AND APPROVED this 6 day of August, 1980.

Petition, Order authorizing the abandonment of Road right-of-way and One (1) Street Easement as follows:

STATE OF TEXAS PETITION

COUNTY OF FORT BEND

TO THE HONORABLE COMMISSIONER'S COURT:

The undersigned freeholder of Fort Bend County, Texas, being the sole owner of the property in and adjacent to the herein described road right-of-way, do hereby and herein petition the County Commissioner's Court to close and abandon the road right-of-way described in "Exhibit A" which is attached hereto and made a part hereof.

The undersigned would respectfully show that the right-of-way to be abandoned and vacated is not now used nor has said right-of-way ever been used by the public. Furthermore the undersigned would show that it has heretofore by plat duly filed in the Deed Records of Fort Bend County dedicated sufficient road right-of-way for Court Road and that the continued existence of the prior road right-of-way is wholly and totally unnecessary.

WHEREFORE, we respectfully pray that this honorable Commissioner's Court consider this petition and that the road right-of-way described in "Exhibit A" be ordered closed, vacated and abandoned.

ORDER

IN THE MATTER OF KEVALAND TEXAS, INC. RIGHT-OF-WAY ABANDONMENT OF ROAD LOCATED IN THE J. POITEVENT SURVEY NO.3 ABSTRACT NO. 305, FORT BEND COUNTY, TEXAS	§ § § § §	IN THE COMMISSIONERS' COURT OF FORT BEND COUNTY, TEXAS

ORDER AUTHORIZING THE ABANDONMENT OF ROAD RIGHT-OF-WAY

On this the 11 day of August, 1980, at a regular term of the Commissioners' Court of Fort Bend County, Texas, there came on to be heard the application of KEVALAND TEXAS, INC., for the approval of the abandonment of a road right-of-way located in the J. Poitevent Survey No. 3, Abstract No. 305, Fort Bend County, Texas, (hereinafter referred to as the "Property"), referred to and described in the instrument and property description herein referred to, copies of which instrument and property description have been referred to and examined by the Court;

12

Said petition specifically prayed for the abandonment of the road right-of-way which was dedicated to public use and which is described by metes and bounds in Exhibit "A" attached hereto and made a part hereof for all purposes;

And it appearing to the Court that notice of said application having been published in the manner and for that time required by law citing all persons interested therein to appear on the 11 day of August, 1980, at 10:00 a.m. and enter protest against such abandonment, if any protest they have, and no protest having been made or filed and it further appearing to the Court that (1) said KEVALAND TEXAS, INC., is the owner of the Property; and (2) that such abandonment as prayed for will not adversely affect the established rights of any Purchaser or Owner of any of the properties affected thereby, and that all of the prerequisites of law for the issuance of this decree having been duly complied with;

NOW, THEREFORE, it is accordingly ORDERED, ADJUDGED and DECREED by the Court that:

The road right-of-way dedicated to public use described in Exhibit "A" be and is hereby abandoned.

This decree passed and granted this 11 day of August, 1980, by the Commissioners' Court of Fort Bend County, Texas, in witness

whereof the Commissioners hereto set their signatures.

County Judge, Jodie E. Stavinoha read the following letter from the American Red Cross, into the minutes of the court.

Dear Judge Stavinoha,

On behalf of the Houston-Harris County Chapter, American Red Cross, I would like to express our thanks to you and your staff for the assistance given during the Hurricane Allen Operations.

In allowing the use of the new Fort Bend County Jail as a shelter, you and the other county officials provided an invaluable service to those forced to leave their homes.

From the comments of some of the 650 persons sheltered there, we have heard nothing but praise for the courtesy and concern of the Fort Bend County volunteers who worked at the shelter. You and they are certainly to be commended for all of your efforts in behalf of the evacuees.

Should we be able to be of assistance to you at any time, please do not hesitate to contact me.

Sincerely,

RE: CONSIDER REQUEST FROM KATY INDEPENDENT SCHOOL DISTRICT AND ALIEF INDEPENDENT SCHOOL DISTRICT TO ESTABLISH A COMMUNITY JUNIOR COLLEGE DISTRICT IN THAT AREA:

On Motion of Commissiner Tony Jebbia, seconded by Commissioner Ed. H. Helwig, opposed by Commissioner Johnnie Pustka, and Commissiner W. Lee Schmidt, County Judge Jodie E. Stavinoha voted to break tie vote, and duly passed, the court approved the Order for Petition for an election on the propositions for establishment of a Union Junior College District, maintenance tax and bonds, and the election of Trustees, as follows:

5

15

AN ORDER RELATING TO THE PROPOSED KATY-ALIEF JUNIOR COLLEGE AND THE PETITION FOR ITS CREATION

WHEREAS, pursuant to Section 130.033 of the Texas Education Code, a petition has been presented praying that a Union Junior College District be established and created to embrace all of the territory within the limits of the Katy Independent School District and the Alief Independent School District; for the election of seven (7) trustees; for an election to establish a maintenance and bond tax for the proposed Union Junior College District of not to exceed TWENTY CENTS (20¢) on the One Hundred Dollars valuation; and for bonds to be authorized in the event the District is created and established; and

WHEREAS, under the provisions of Section 130.035 of the said Education Code, it is the duty of the County Board or the Commissioners Court of the counties in which the proposed District lies to (1) pass upon the legality of the petition and the genuineness of the same, and (2) forward the petition so approved to the Coordinating Board, Texas College and University System; and

12

WHEREAS, this Commissioners Court has examined said petition and other evidence submitted and has determined:

1. That the proposed Union Junior College District would embrace all of the territory within the territorial limits of the Katy Independent School District located in Fort Bend, Harris and Waller Counties, and the Alief Independent School District located in Harris County; and that said Independent School Districts are contiguous.

2. That the total scholastic population of the area of the proposed Union Junior College District (in the school year preceding the execution and filing of this petition) was not less than 3,000.

3. That the valuation of taxable property within the territory of the proposed Union Junior College District for the next preceding year (the last approved tax rolls) was in excess of $30,000,000.

4. That the petition is signed by more than ten percent (10%) of the qualified taxpaying electors of each of the Independent School Districts aforesaid.

5. That the petition is in proper form and is legal and genuine in all respects; therefore:

BE IT ORDERED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS:

SECTION 1: That the foregoing recitals contained in the preamble of this order are found as a fact and incorporated in full herein as a part of the order and judgment of this Commissioners Court.

SECTION 2: It having been determined by this Commissioners Court that the petition presented to it is legal, proper, and genuine in every respect and in conformity with the Texas Education Code; therefore, the County Judge is hereby authorized and directed to transmit the petition, various

15

attachments thereto and a certified copy of this order to the Coordinating Board, Texas College and University System.

PASSED AND APPROVED, this the 3rd day of September, 1980.

RE:
REPORT FROM DISTRICT ATTORNEY'S OFFICE ON EXXON CORPORATION APPLICATION FOR PIPELINE CROSSING ON SKINNER LANE IN PRECINCT #4:

On Motion of Commissioner Ed. H. Helwig, seconded by Commissioner Tony Jebbia, and duly passed, the court authorized not to approve the letter of indemnification offered by Exxon Corporation, instead Exxon Corporation be required to post a bond and indemnify against any damages whatsoever, whether it be caused by negligence or caused by some other means.

That Exxon Corporation satisfy the conditions expressed in the District Attorney's letter addressed to the Commissioners' Court with regards to the subject item. Letter from the District Attorneys' office and letter of indemnification by Exxon Corporation as follows:

Dear Judge Stavinoha:

The District Attorney's office does not approve the letter of indemnification offered by Exxon Corp. thru its attorney B. E. Crowder. Specifically, this office objects to the following:

(1) Exxon should specifically set forth in its letter that Exxon accepts all duties and obligations set forth in "A Revised Order Regulating the Laying, Construction, Maintenance and Repair of Cables, Conduits, and Pole Lines, In, Under, Across or Along Roads, Streets and Highways in Fort Bend County, Texas, Under the Jurisdiction of the Commissioners' Court of Fort Bend County, Texas," as passed by the Commissioners' Court of Fort Bend County, Texas on January 14, 1980, hereinafter referred to as the Revised Order.

(2) There should be no requirement that the County show negligence on the part of Exxon before indemnification could be required of Exxon for failure to comply with the Revised Order. The indemnification is based on contract not tort.

Very truly yours,

WILLIAM A. MEITZEN

Fort Bend County, Texas

Attention: Commissioners' Court

Gentlemen:

Exxon Corporation is the operator of certain wells and related facilities in the Randall Jones Survey, A-42 and the William Morton Survey, A-62, as well as various other surveys in Fort Bend County, Texas in the area known as Pecan Grove. In connection with the operation of these wells and related facilities, it will be necessary from time to time for Exxon to construct pipelines and cables along side of and across certain Fort Bend County Roads. Exxon expects to apply for permits from time to time, as required by "A Revised Order Regulating the Laying, Construction, Maintenance and Repair of Cables, Conduits, and Pole Lines, In, Under, Across or Along Roads, Streets and Highways in Fort Bend County, Texas, Under the Jurisdiction of the Commissioners' Court of Fort Bend County, Texas," as passed by the Commissioners' Court of Fort Bend County, Texas on January 14, 1980. 12

In order that the Commissioners' Court of Fort Bend County, Texas may except Exxon from the bond requirements of Article XX of the aforementioned Court Order, Exxon hereby agrees:

(1) To accept all of the duties and obligations placed upon a permittee under Article XX of the aforementioned Court Order.

(2) To act as a self-insurer and to indemnify and hold Fort Bend County harmless from all loss, damage or injury of any kind which may result to the County by reason of the negligence of Exxon, Exxon's agents or employees in the construction, reconstruction, alteration, repair, extension, or laying of pipelines or cables.

Exxon's obligation hereunder will become effective on the date this letter is approved and accepted by the Commissioners' Court of Fort Bend County, Texas.

This letter, upon acceptance by the Commissioners' Court of Fort Bend County, Texas, will satisfy the requirements of Article XX of the aforementioned Court Order. If at any time thereafter the Commissioners' Court should find that Exxon is not financially responsible and capable of meeting the bond obligations set forth in the Court Order, the Commissioners' Court may withdraw approval of this letter. However, that action by the Commissioners' Court will not be effective until after thirty (30) days notice to Exxon. In addition, if within that period Exxon posts a cash bond, then no permit shall be cancelled as a result of the withdrawal of approval of this letter.

Yours very truly,

EXXON CORPORATION

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT made this 8th day of September 1980, between

FORT BEND COUNTY, TEXAS, by
JUDGE JODIE E. STAVINOHA

lessor (whether one or more), whose address is: Fort Bend County Courthouse, Richmond, Texas 77469.
and Petro-Lewis Funds, Inc., Denver, Colorado 80201, lessee, WITNESSETH:

1. Lessor, in consideration of Ten and Other Valuable Considerations Dollars, receipt of which is hereby acknowledged, and of the covenants and agreements of lessee hereinafter contained, does hereby grant, lease and let unto lessee the land covered hereby for the purposes and with the exclusive right of exploring, drilling, mining and operating for, producing and owning oil, gas, sulphur and all other minerals (whether or not similar to those mentioned), together with the right to make surveys on said land, lay pipe lines, establish and utilize facilities for surface or subsurface disposal of salt water, construct roads and bridges, dig canals, build tanks, power stations, telephone lines, employee houses and other structures on said land, necessary or useful in lessee's operations in exploring, drilling for, producing, treating, storing and transporting minerals produced from the land covered hereby or any other land adjacent thereto. The land covered hereby, herein called "said land", is located in the County of Fort Bend, State of Texas, and is described as follows: 12

3.05 acres of land, more or less, out of the GEORGE WATERS SURVEY, A-346, Fort Bend County, Texas, and being all of that same land located in the GEORGE WATERS SURVEY, A-346, described in that certain Warranty Deed from J. H. P. Davis, et al, to the County Judge and his successors of Fort Bend County, State of Texas, dated August 12, 1916, and recorded in Volume 72, Page 447 of the Deed Records of Fort Bend County, Texas.

This lease also covers and includes, in addition to that above described, all land, if any, contiguous or adjacent to or adjoining the land above described and (a) owned or claimed by lessor by limitation, prescription, possession, reversion or unrecorded instrument or (b) as to which lessor has a preference right of acquisition. Lessor agrees to execute any supplemental instrument requested by lessee for a more complete or accurate description of said land. For the purpose of determining the amount of any bonus or other payment hereunder, said land shall be deemed to contain 3.05 acres, whether actually containing more or less, and the above recital of acreage in any tract shall be deemed to be the true acreage thereof. Lessor accepts the bonus as lump sum consideration for this lease and all rights and options hereunder.

2. Unless sooner terminated or longer kept in force under other provisions hereof, this lease shall remain in force for a term of Three (3) years from the date hereof, hereinafter called "primary term", and as long thereafter as operations, as hereinafter defined, are conducted upon said land with no cessation for more than ninety (90) consecutive days.

3. As royalty, lessee covenants and agrees: (a) To deliver to the credit of lessor, in the pipe line to which lessee may connect its wells, the equal 1/5th part of all oil produced and saved by lessee from said land, or from time to time, at the option of lessee, to pay lessor the average posted market price of such 1/5th part of such oil at the wells as of the day it is run to the pipe line or storage tanks, lessor's interest, in either case, to bear 1/5th of the cost of treating oil to render it marketable pipe line oil; (b) To pay lessor on gas and casinghead gas produced from said land (1) when sold by lessee, 1/5th of the amount realized by lessee, computed at the mouth of the well, or (2) when used by lessee off said land or in the manufacture of gasoline or other products, the market value, at the mouth of the well, of 1/5th of such gas and casinghead gas; (c) To pay lessor on all other minerals mined and marketed or utilized by lessee from said land, one-tenth either in kind or value at the well or mine at lessee's election, except that on sulphur mined and marketed the royalty shall be one dollar ($1.00) per long ton. If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred. Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to lessee. If, at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check or draft of lessee, as royalty, a sum equal to one dollar ($1.00) for each acre of land then covered hereby. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing, and may be deposited in the First National Bank of Richmond Bank at Richmond, Tex., or its successors, which shall continue as the depositories, regardless of changes in the ownership of shut-in royalty. If at any time that lessee pays or tenders shut-in royalty, two or more parties are, or claim to be, entitled to receive same, lessee may, in lieu of any other method of payment herein provided, pay or tender such shut-in royalty, in the manner above specified, either jointly to such parties or separately to each in accordance with their respective ownerships thereof, as lessee may elect. Any payment hereunder may be made by check or draft of lessee deposited in the mail or delivered to the party entitled to receive payment or to a depository bank provided for above on or before the last date for payment. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owner or owners of this lease, severally as to acreage owned by each.

4. Lessee is hereby granted the right, at its option, to pool or unitize any land covered by this lease with any other land covered by this lease, and/or with any other land, lease, or leases, as to any or all minerals or horizons, so as to establish units containing not more than 80 surface acres, plus 10% acreage tolerance; provided, however, units may be established as to any one or more horizons, or existing units may be enlarged as to any one or more horizons, so as to contain not more than 640 surface acres plus 10% acreage tolerance, if limited to one or more of the following: (1) gas, other than casinghead gas, (2) liquid hydrocarbons (condensate) which are not liquids in the subsurface reservoir, (3) minerals produced from wells classified as gas wells by the conservation agency having jurisdiction. If larger units than any of those herein permitted, either at the time established, or after enlargement, are required under any governmental rule or order, for the drilling or operation of a well at a regular location, or for obtaining maximum allowable from any well to be drilled, drilling, or already drilled, any such unit may be established or enlarged to conform to the size required by such governmental order or rule. Lessee shall exercise said option as to each desired unit by executing an instrument identifying such unit and filing it for record in the public office in which this lease is recorded. Each of said options may be exercised by lessee at any time and from time to time while this lease is in force, and whether before or after production has been established either on said land, or on the portion of said land included in the unit, or on other land unitized therewith. A unit established hereunder shall be valid and effective for all purposes of this lease even though there may be mineral, royalty, or leasehold interests in lands within the unit which are not effectively pooled or unitized. Any operations conducted on any part of such unitized land shall be considered, for all purposes, except the payment of royalty, operations conducted upon said land under this lease. There shall be allocated to the land covered by this lease within each such unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) that proportion of the total production of unitized minerals from the unit, after deducting any used in lease or unit operations, which the number of surface acres in such land (or in each such separate tract) covered by this lease within the unit bears to the total number of surface acres in the unit, and the production so allocated shall be considered for all purposes, including payment or delivery of royalty, overriding royalty and any other payments out of production, to be the entire production of unitized minerals from the land to which allocated in the same manner as though produced therefrom under the terms of this lease. The owner of the reversionary estate of any term royalty or mineral estate agrees that the accrual of royalties pursuant to this paragraph or of shut-in royalties from a well on the unit shall satisfy any limitation of term requiring production of oil or gas. The formation of any unit hereunder which includes land not covered by this lease shall not have the effect of exchanging or transferring any interest under this lease (including, without limitation, any shut-in royalty which may become payable under this lease) between parties owning interests in land covered by this lease and parties owning interests in land not covered by this lease. Neither shall it impair the right of lessee to release as provided in paragraph 6 hereof, except that lessee may not so release as to lands within a unit while there are operations thereon for unitized minerals unless all pooled leases are released as to lands within the unit. At any time while this lease is in force lessee may dissolve any unit established hereunder by filing for record in the public office where this lease is recorded a declaration to that effect, if at that time no operations are being conducted thereon for unitized minerals. Subject to the provisions of this paragraph 4, a unit once established hereunder shall remain in force so long as any lease subject thereto shall remain in force. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interests as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this lease but lessee shall nevertheless have the right to pool or unitize as provided in this paragraph 4 with consequent allocation of production as herein provided. As used in this paragraph 4, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

5. Lessee may at any time and from time to time execute and deliver to lessor or file for record a release or releases of this lease as to any part or all of said land or of any mineral or horizon thereunder, and thereby be relieved of all obligations as to the released acreage or interest.

6. Whenever used in this lease the word "operations" shall mean operations for and any of the following: drilling, testing, completing, reworking, recompleting, deepening, plugging back or repairing of a well in search for or in an endeavor to obtain production of oil, gas, sulphur or other minerals, excavating a mine, production of oil, gas, sulphur or other mineral, whether or not in paying quantities.

7. Lessee shall have the use, free from royalty, of water, other than from lessor's water wells, and of oil and gas produced from said land in all operations hereunder. Lessee shall have the right at any time to remove all machinery and fixtures placed on said land, including the right to draw and remove casing. No well shall be drilled nearer than 200 feet to the house or barn now on said land without the consent of the lessor. Lessee shall pay for damages caused by its operations to growing crops and timber on said land.

8. The rights and estate of any party hereto may be assigned from time to time in whole or in part and as to any mineral or horizon. All of the covenants, obligations, and considerations of this lease shall extend to and be binding upon the parties hereto, their heirs, successors, assigns, and successive assigns. No change or division in the ownership of said land, royalties, or other moneys, or any part thereof, howsoever effected, shall increase the obligations or diminish the rights of lessee, including, but not limited to, the location and drilling of wells and the measurement of production. Notwithstanding any other actual or constructive knowledge or notice thereof or to lessee, its successors or assigns, no change or division in the ownership of said land or of the royalties, or other moneys, or the right to receive the same, howsoever effected, shall be binding upon the then record owner of this lease until thirty (30) days after there has been furnished to such record owner at his or its principal place of business by lessor or lessor's heirs, successors, or assigns, notice of such change or division, supported by either originals or duly certified copies of the instruments which have been properly filed for record and which evidence such change or division, and of such court records and proceedings, transcripts, or other documents as shall be necessary in the opinion of such record owner to establish the validity of such change or division. If any such change in ownership occurs by reason of the death of the owner, lessee may, nevertheless pay or tender such royalties, or other moneys, or part thereof, to the credit of the decedent in a depository bank provided for above.

9. In the event lessor considers that lessee has not complied with all its obligations hereunder, both express and implied, lessor shall notify lessee in writing, setting out specifically in what respects lessee has breached this contract. Lessee shall then have sixty (60) days after receipt of said notice within which to meet or commence to meet all or any part of the breaches alleged by lessor. The service of said notice shall be precedent to the bringing of any action by lessor on said lease for any cause, and no such action shall be brought until the lapse of sixty (60) days after service of such notice on lessee. Neither the service of said notice nor the doing of any acts by lessee aimed to meet all or any of the alleged breaches shall be deemed an admission or presumption that lessee has failed to perform all its obligations hereunder. If this lease is cancelled for any cause, it shall nevertheless remain in force and effect as to (1) sufficient acreage around each well as to which there are operations to constitute a drilling or maximum allowable unit under applicable governmental regulatons, (but in no event less than forty acres), such acreage to be designated by lessee as nearly as practicable in the form of a square centered at the well, or in such shape as then existing spacing rules require; and (2) any part of said land included in a pooled unit on which there are operations. Lessee shall also have such easements on said land as are necessary to operations on the acreage so retained.

10. Lessor hereby warrants and agrees to defend title to said land against the claims of all persons whomsoever. Lessor's rights and interests hereunder shall be charged primarily with any mortgages, taxes or other liens, or interest and other charges on said land, but lessor agrees that lessee shall have the right at any time to pay or reduce same for lessor, either before or after maturity, and be subrogated to the rights of the holder thereof and to deduct amounts so paid from royalties or other payments payable or which may become payable to lessor and/or assigns under this lease. If this lease covers a less interest in the oil, gas, sulphur, or other minerals in all or any part of said land than the entire and undivided fee simple estate (whether lessor's interest is herein specified or not), or no interest therein, then the royalties and other moneys accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by lessor) shall be paid out of the royalty herein provided. This lease shall be binding upon each party who executes it without regard to whether it is executed by all those named herein as lessor.

11. If, while this lease is in force, at, or after the expiration of the primary term hereof, it is not being continued in force by reason of the shut-in well provisions of paragraph 3 hereof, and lessee is not conducting operations on said land by reason of (1) any law, order, rule or regulation, (whether or not subsequently determined to be invalid) or (2) any other cause, whether similar or dissimilar, (except financial) beyond the reasonable control of lessee, the primary term hereof shall be extended until the first anniversary date hereof occurring ninety (90) or more days following the removal of such delaying cause, and this lease may be extended thereafter by operations as if such delay had not occurred.

12. It is agreed and understood between LESSOR and LESSEE that no operations of any kind, without the prior written consent of the LESSORS, may take place on the above described lands. However, LESSEE, or his assigns, may pool all of the above described lands with adjoining lands for the production of oil and gas.

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

RE: Loss Control Visit - July 10, 1980

Dear Sir:

I met with you, Mr. Richard Sellah, Grant Coordinator, and Mr. David Jalowy, to continue work on the proposed County Safety Program. It was agreed my recommendations would be presented by Mr. Sellah, at the first County Commissioners' Meeting, after receipt of this letter. Upon their agreement, and with my assistance, implementation of a basic safety program would begin immediately.

The following recommendations are being submitted as the first steps in establishing a program; it should be understood that additional recommendations will follow as the program develops and is refined.

80-7 A written statement should be issued to all employees, indicating safe working conditions and practices are considered to be of paramount importance. The role of management and employees in implementing this policy should be included in the statement. The statement should be issued over the signature of the highest authority in the County. Attached is an article showing several examples of safety policy statements, as well as other information concerning the establishment of safety programs.

80-8 A program of in-depth accident investigations, by supervisors, should be initiated immediately. The purpose of these investigations should be to determine all possible causes of an accident, so necessary corrective action may be taken. These reports should be reviewed periodically by a designated individual, for the purpose of spotting accident trends and providing follow-up as needed. I will be available for assistance in training supervisors in the proper completion of these investigations. Enclosed with Mr. Sellah's letter are several additional copies of the form we discussed during our meeting. More of these forms may be obtained upon request.

80-9 Due to the diverse operations of the County, one person from each of the four precincts, the drainage district, and the courthouse (office function) should be appointed to assume safety responsibilities for his division. In the beginning the chief responsibilities of these representatives should be to meet periodically to review accident experience and supervisors' accident investigations, and to assist in determining the direction of the county-wide safety program. In order to insure these persons are well informed, they should have access to accident information. This could probably best be achieved through the use of summary loss reports, prepared from First Reports of Injury, the LARS Reports, or similar sources.

12

As the safety program develops, the duties of the safety representatives should increase accordingly. This may eventually include such items as the development of job safety training programs, periodic safety inspections, and the establishment of safety rules for certain operations. However, it was agreed during our meeting that specific areas of concentration should be determined after the safety organization begins functioning.

I plan to keep in touch with Mr. Sellah, in the coming weeks, to offer my assistance in the development of the program. I may be contacted at 651-1651, Ext. 376, if you have any questions concerning the items we discussed during our meeting or any other aspect of our Loss Control services.

Sincerely,

Stephanie F. Spillane

ORDER APPROVING CLAIM AND AUTHORIZING THE
ISSUANCE AND DELIVERY OF CERTIFICATES OF OBLIGATION

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

WHEREAS, the Commissioners Court (the "Court") of Fort Bend County, Texas (the "County"), by order adopted December 17, 1979, affirmed the intention of the County to issue Certificates of Obligation for the purpose of evidencing the indebtedness of the County for all or any part of the cost of constructing permanent improvements for the County, to-wit: improvements to the County Courthouse; and

WHEREAS, the Court gave due and proper notice of the time and place when and where a contract, or contracts, for such construction would be let, and gave due and proper notice of its intention to issue such Certificates of Obligation; and

WHEREAS, the Court thereafter awarded a contract to the Meyerson Construction Company (the "Contractor") in the amount of $1,811,000 as the lowest and best bid for such construction and the Contractor, at the time of making such bid, elected to assign such Certificates of Obligation in accordance with arrangements made by the Court; and

WHEREAS, the Contractor, as shown on a true copy of its Claim No. 7 in the net amount of $ 135,000.00, attached hereto as Exhibit "A" and made a part hereof for all purposes as if fully written herein, has submitted its claim; and

WHEREAS, the County has received the full benefits of such contract represented by said claim to the full extent thereof and to the full extent of the Certificates of Obligation hereinafter authorized to be delivered; and no person, corporation or trust estate has given notice in writing or otherwise to the County, or to any official thereof, of any liens for any materials, apparatus, fixtures, machinery or labor furnished to the Contractor as provided by Chapter 17, Acts of the Legislature

12

17

of Texas, 1925 (Article 5472-a, Vernon's Texas Civil Statutes), or any other provision of law; and

WHEREAS, the County does not hold a claim of any kind or character which might be properly charged or interposed as an offset or counterclaim to the payment of the aforesaid claim; and

WHEREAS, said claim has been assigned, without discount, as shown thereon, to the bank or banks, respectively, named in said claim, and the said banks are now the legal owners and holders thereof; and

WHEREAS, the Court wishes to approve said claim and authorize the payment thereof by the issuance and delivery of certain of said Certificates of Obligation, all as shown on said Exhibit "A" and as hereinafter set out; therefore

12

BE IT ORDERED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS:

Section 1. The matters and facts contained in the preamble of this order are hereby found and declared to be true and correct.

Section 2. The claim described in the preamble of this order and fully set forth in Exhibit "A", mentioned in said preamble, shall be, and the same is hereby, approved and allowed, and the County hereby acknowledges receipt of the full benefits represented by said claim to the full extent thereof and to the full extent of the Certificates of Obligation herein authorized to be issued and delivered; and the County hereby recognizes and approves the transfer and assignment of a portion of said claim, without discount, as shown thereon, to the bank or banks named, and in the amounts shown, respectively, in said claim.

Section 3. There is now due and owing to said bank, or banks, the following sums:

First National Bank of Richmond Richmond, Texas	$ 25,000
Rosenberg Bank & Trust Rosenberg, Texas	$ 25,000

17

The First National Bank of Rosenberg Rosenberg, Texas	$ 25,000
Fort Bend National Bank Richmond, Texas	$ 60,000

and there shall be executed and delivered to said bank, or banks, upon payment in full to the County of the accrued interest upon the Certificates of Obligation to be so delivered from March 1, 1980, to the date of such delivery, FORT BEND COUNTY, TEXAS, CERTIFICATES OF OBLIGATION, SERIES 1980, dated March 1, 1980, in the aggregate principal amount of $ 135,000 , apportioned (if to more than one such bank) as shown above in this Section, and the sum of $ 20,404.80 shall be carried forward and paid by the County either in cash or by issuance of Certificates of Obligation. 12

Section 5. It is hereby officially found and determined that the need of the County for such financing creates an emergency and an urgent public necessity for the holding, at the scheduled time, of the meeting at which this order is adopted and for the adoption of this order; and the NOTICE OF MEETING relating to said meeting and heretofore posted, and the posting thereof, are hereby authorized, approved, adopted and ratified.

PASSED AND APPROVED this 8 day of Sept, 1980.

The Honorable John. B. Knox
City of Missouri City
P.O. Box 666
Missouri City, Texas 77549

Dear Mayor Knox:

The Harris County Community Development Agency is pleased that you have chosen to join Harris County in the Community Development Block Grant Program for fiscal year 1981.

Enclosed please find three (3) copies of the Cooperative Agreement and Attorney's Certificates. It is necessary that you execute this agreement by September 15, 1980 in order for us to meet HUD's deadline for your inclusion in the 1981 program.

Please return the three signed copies to this agency. We will return one certified copy to you upon completion of the transaction. Along with the Cooperative Agreement, it will be necessary to have three signed certificates from the City's attorney stating that the terms and provisions of the agreement are fully authorized under state and local laws and that the agreement is fully executed by the City in accordance with all applicable requirements of state and local laws and two (2) certified copies of the City's ordinance or resolution authorizing the execution of the Cooperative Agreement.

After the Cooperative Agreements are signed, this agency would like to meet with you to ascertain project eligibility and priorities for the FY81 Block Grant application. Ms. Miriam Riskind will be our staff person serving as liaison between Harris County and your City.

Sincerely yours,

Dorothy Davison

AGREEMENT

THE STATE OF TEXAS §
§
COUNTY OF HARRIS §

THIS AGREEMENT, made and entered into by and between HARRIS COUNTY, a body corporate and politic under the laws of the State of Texas, _____ _____, a municipal corporation under the laws of the State of Texas, hereinafter sometimes referred to as the "City," and _____ County, a body corporate and politic under the laws of the State of Texas, hereinafter sometimes referred to as the "Adjacent County,"

W I T N E S S E T H:

WHEREAS, the City has elected to have its population included as a portion of the population of Harris County in Harris County's "urban county" application to the U. S. Department of Housing and Urban Development for the seventh year funding for the Community Development Block Grant Program, said application being hereinafter sometimes referred to as the "Grant Application;" and

WHEREAS, the City's area and population is within the boundaries of both Harris County and the Adjacent County; and

WHEREAS, Harris County is willing to include all of the City's population and area in the Grant Application and to cooperate with the City in the implementation of the City's Community Development Program; and

WHEREAS, the Adjacent County desires that that portion of the City's population and area located within the boundaries of Adjacent County be included in the Grant Application; and

WHEREAS, the Texas Legislature has enacted the "Texas Community Development Act of 1975," codified at Art. 1269L-4, Tex.Rev.Cit.Stats., which provides, in part, for the authorization of cities to implement a community

12

development program; and

WHEREAS, the Texas Legislature has further enacted "The Interlocal Cooperation Act," codified at Art. 4413 (32c), Tex.Rev.Civ.Stats., which authorizes Harris County to contract with the City and the Adjacent County to perform governmental functions and services for the City and the Adjacent County; and

WHEREAS, the Congress of the United States of America has enacted the Housing and Community Development Amendments of 1979, Pub. L. No. 96-153, which authorizes, at 42 U.S.C.A. §5306(b)(5), Harris County to include in the Grant Application that portion of the City located within the boundaries of the Adjacent County;

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: That Harris County, the City, and the Adjacent County in consideration of the mutual covenants and agreements herein contained, do mutually agree as follows:

I.

The City and the Adjacent County agree to allow Harris County to include the City's population and area with that of Harris County in the Grant Application, and Harris County agrees to include the same in the Grant Application. Unless otherwise specifically stated herein, said population and area as used in this agreement includes, but is not limited to, that portion of the same which is located within the boundaries of the Adjacent County. The City and the Adjacent County further agree not to include, or permit the inclusion of, in any other application for a grant for a community development program pursuant to the Housing and Community Development Act of 1974, as amended, that portion of the City's population and area located solely within the boundaries of the Adjacent County.

II.

The City and the Adjacent County agree to allow the U. S. Department of Housing and Urban Development to use the City's population, area and other necessary demographic characteristics in the determination of whether Harris County will qualify as an "urban county" as defined in the Housing and Community Development Act of 1974, as amended, and the rules and regulations promulgated pursuant thereto.

8

III.

Harris County and the City agree to cooperate in undertaking, or assisting in undertaking, essential community development and housing assistance activities, specifically urban renewal and publicly assisted housing.

IV.

The City and the Adjacent County acknowledge that they are aware that the Grant Application has not yet been completed or submitted to the U. S. Department of Housing and Urban Development and that no determination has been made at the time of execution of this agreement as to where and for what purposes the seventh year funding, if any, for the Community Development Block Grant Program will be sought or expended. In this regard it is agreed that Harris County shall not be obligated to seek funds for expenditure in the City or for assistance to residents of the City in the Grant Application. If such funds for expenditure in the City or for assistance to its residents are awarded as a result of the Grant Application, Harris County may, in its sole discretion, override such distribution of the award and spend such funds elsewhere, and/or for other purposes when necessary or desirable in order to achieve compliance with Title I of the Housing and Community Development Act of 1974, as amended, and all appropriate implementing regulations applicable thereto. The City and the Adjacent County have received no assurance, written or oral, from Harris County to the contrary, and are aware that the execution of this contract does not constitute any guarantee on the part of Harris County that funds received pursuant to the Grant Application, if any, will be expended for projects within the City limits of the City or for assistance to the residents of the City.

V.

This agreement shall remain in full force and effect for the entire seventh year funding period covered by the Grant Application (July 1, 19 81 through June 30, 19 82). The City and the Adjacent County acknowledge that they have been advised and are aware that federal regulations applicable to the Grant Application do not permit Harris County to allow the City and the Adjacent County to withdraw from this agreement or otherwise terminate the term of this agreement at any time after October 1, 19 80 .

8

VI.

In the performance of this agreement, the City, Harris County and the Adjacent County shall observe and comply with all applicable Federal, State, County and City statutes, ordinances, rules and regulations.

VII.

Should the U. S. Department of Housing and Urban Development reject or refuse to accept this agreement for any reason, Harris County may terminate this agreement by giving written notice of the same to the City and the Adjacent County.

VIII.

This agreement shall be of no force and effect unless and until it is executed by all parties hereto and certified by counsel for all parties hereto on the forms set forth below.

12

IN TESTIMONY WHEREOF, this instrument has been executed in four originals, each to have the force and effect of an original as follows:

(a) It has been executed on behalf of Harris County on the _____ day of _____, 19____, by the County Judge of Harris County and attested by the County Clerk of Harris County pursuant to an order of the Commissioners Court of Harris County authorizing such execution;

(b) It has been executed on behalf of the City on the _____ day of _____, 19____, by its Mayor and attested by its City Secretary, pursuant to ordinance of the City Council of the City authorizing such execution; and

(c) It has been executed on behalf of the Adjacent County on the _____ day of _____, 19____, by the County Judge of the Adjacent County and attested by the County Clerk of the Adjacent County pursuant to an order of the Commissioners Court of the Adjacent County authorizing such execution.

COUNTY OF HARRIS §

THIS AGREEMENT, made and entered into by and between HARRIS COUNTY, a body corporate and politic under the laws of the State of Texas, _____ THE CITY OF KATY _____, a municipal corporation under the laws of the State of Texas, hereinafter sometimes referred to as the "City," _____ County, a body corporate and politic under the laws of the State of Texas, and _____ County, a body corporate and politic under the laws of the State of Texas, the latter two entities hereinafter sometimes collectively referred to as the "Adjacent Counties,"

W I T N E S S E T H:

WHEREAS, the City has elected to have its population included as a portion of the population of Harris County in Harris County's "urban county" application to the U. S. Department of Housing and Urban Development for the seventh year funding for the Community Development Block Grant Program, said application being hereinafter sometimes referred to as the "Grant Application;" and

WHEREAS, the City's area and population is within the boundaries of Harris County and the Adjacent Counties; and

WHEREAS, Harris County is willing to include all of the City's population and area in the Grant Application and to cooperate with the City in the implementation of the City's Community Development Program; and

WHEREAS, the Adjacent Counties desire that that portion of the City's population and area located within the boundaries of Adjacent Counties be included in the Grant Application; and

WHEREAS, the Texas Legislature has enacted the "Texas Community Development Act of 1975," codified at Art. 1269L-4, Tex.Rev.Civ.Stats., which provides, in part, for the authorization of cities to implement a community

development program; and

WHEREAS, the Texas Legislature has further enacted "The Interlocal Cooperation Act," codified at Art. 4413 (32c), Tex.Rev.Civ.Stats., which authorizes Harris County to contract with the City and the Adjacent Counties to perform governmental functions and services for the City and the Adjacent Counties; and

WHEREAS, the Congress of the United States of America has enacted the Housing and Community Development Amendments of 1979, Pub. L. No. 96-153, which authorizes, at 42 U.S.C.A. §5306(b)(5), Harris County to include in the Grant Application that portion of the City located within the boundaries of the Adjacent Counties;

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: That Harris County, the City, and the Adjacent Counties in consideration of the mutual covenants and agreements herein contained, do mutually agree as follows:

I.

The City and the Adjacent Counties agree to allow Harris County to include the City's population and area with that of Harris County in the Grant Application, and Harris County agrees to include the same in the Grant Application. Unless otherwise specifically stated herein, said population and area as used in this agreement includes, but is not limited to, that portion of the same which is located within the boundaries of the Adjacent Counties. The City and the Adjacent Counties further agree not to include, or permit the inclusion of, in any other application for a grant for a community development program pursuant to the Housing and Community Development Act of 1974, as amended, that portion of the City's population and area located solely within the boundaries of the Adjacent Counties.

II

The City and the Adjacent Counties agree to allow the U. S. Department of Housing and Urban Development to use the City's population, area and other necessary demographic characteristics in the determination of whether Harris County will qualify as an "urban county" as defined in the Housing and Community Development Act of 1974, as amended, and the rules and regulations promulgated pursuant thereto.

8

III.

Harris County and the City agree to cooperate in undertaking, or assisting in undertaking, essential community development and housing assistance activities, specifically urban renewal and publicly assisted housing.

IV.

The City and the Adjacent Counties acknowledge that they are aware that the Grant Application has not yet been completed or submitted to the U. S. Department of Housing and Urban Development and that no determination has been made at the time of execution of this agreement as to where and for what purposes the seventh year funding, if any, for the Community Development Block Grant Program will be sought or expended. In this regard it is agreed that Harris County shall not be obligated to seek funds for expenditure in the City or for assistance to residents of the City in the Grant Application. If such funds for expenditure in the City or for assistance to its residents are awarded as a result of the Grant Application, Harris County may, in its sole discretion, override such distribution of the award and spend such funds elsewhere, and/or for other purposes when necessary or desirable in order to achieve compliance with Title I of the Housing and Community Development Act of 1974, as amended, and all appropriate implementing regulations applicable thereto. The City and the Adjacent Counties have received no assurance, written or oral, from Harris County to the contrary, and are aware that the execution of this contract does not constitute any guarantee on the part of Harris County that funds received pursuant to the Grant Application, if any, will be expended for projects within the City limits of the City or for assistance to the residents of the City.

12

V.

This agreement shall remain in full force and effect for the entire seventh year funding period covered by the Grant Application (July 1, 19 81 through June 30, 19 82). The City and the Adjacent Counties acknowledge that they have been advised and are aware that federal regulations applicable to the Grant Application do not permit Harris County to allow the City and the Adjacent Counties to withdraw from this agreement or otherwise terminate the term of this agreement at any time after October 1, 19 80 .

8

VI.

In the performance of this agreement, the City, Harris County and the Adjacent Counties shall observe and comply with all applicable Federal, State, County and City statutes, ordinances, rules and regulations.

VII.

Should the U. S. Department of Housing and Urban Development reject or refuse to accept this agreement for any reason, Harris County may terminate this agreement by giving written notice of the same to the City and the Adjacent Counties.

VIII.

This agreement shall be of no force and effect unless and until it is executed by all parties hereto and certified by counsel for all parties hereto on the forms set forth below.

12

IN TESTIMONY WHEREOF, this instrument has been executed in five originals, each to have the force and effect of an original as follows:

(a) It has been executed on behalf of Harris County on the _____ day of _____, 19____, by the County Judge of Harris County and attested by the County Clerk of Harris County pursuant to an order of the Commissioners Court of Harris County authorizing such execution;

WHEREAS, the City's area and population is within the boundaries of both Harris County and the Adjacent County; and

WHEREAS, Harris County is willing to include all of the City's population and area in the Grant Application and to cooperate with the City in the implementation of the City's Community Development Program; and

WHEREAS, the Adjacent County desires that that portion of the City's population and area located within the boundaries of Adjacent County be included in the Grant Application; and

WHEREAS, the Texas Legislature has enacted the "Texas Community Development Act of 1975," codified at Art. 1269L-4, Tex.Rev.Cit.Stats., which provides, in part, for the authorization of cities to implement a community development program; and

WHEREAS, the Texas Legislature has further enacted "The Interlocal Cooperation Act," codified at Art. 4413 (32c), Tex.Rev.Civ.Stats., which authorizes Harris County to contract with the City and the Adjacent County to perform governmental functions and services for the City and the Adjacent County; and

WHEREAS, the Congress of the United States of America has enacted the Housing and Community Development Amendments of 1979, Pub. L. No. 96-153, which authorizes, at 42 U.S.C.A. §5306(b)(5), Harris County to include in the Grant Application that portion of the City located within the boundaries of the Adjacent County;

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: That Harris County, the City, and the Adjacent County in consideration of the mutual covenants and agreements herein contained, do mutually agree as follows:

I.

The City and the Adjacent County agree to allow Harris County to include the City's population and area with that of Harris County in the Grant Application, and Harris County agrees to include the same in the Grant Application. Unless otherwise specifically stated herein, said population and area as used in this agreement includes, but is not limited to, that portion of the same which is located within the boundaries of the Adjacent County. The City and the Adjacent County further agree not to include, or permit the inclusion of, in any other application for a grant for a community development program pursuant to the Housing and Community Development Act of 1974, as amended, that portion of the City's population and area located solely within the boundaries of the Adjacent County.

II.

The City and the Adjacent County agree to allow the U. S. Department of Housing and Urban Development to use the City's population, area and other necessary demographic characteristics in the determination of whether Harris County will qualify as an "urban county" as defined in the Housing and Community Development Act of 1974, as amended, and the rules and regulations promulgated pursuant thereto.

III.

Harris County and the City agree to cooperate in undertaking, or assisting in undertaking, essential community development and housing assistance activities, specifically urban renewal and publicly assisted housing.

IV.

The City and the Adjacent County acknowledge that they are aware that the Grant Application has not yet been completed or submitted to the U. S. Department of Housing and Urban Development and that no determination has been made at the time of execution of this agreement as to where and for what purposes the seventh year funding, if any, for the Community Development Block Grant Program will be sought or expended. In this regard it is agreed that Harris County shall not be obligated to seek funds for expenditure in the City or for assistance to residents of the City in the Grant Application. If such funds for expenditure in the City or for assistance to its residents are awarded as a result of the Grant Application, Harris County may, in its sole discretion, override such distribution of the award and spend such funds elsewhere, and/or for other purposes when necessary or desirable in order to achieve compliance with Title I of the Housing and Community Development Act of 1974, as amended, and all appropriate implementing regulations applicable thereto. The City and the Adjacent County have received no assurance, written or oral, from Harris County to the contrary, and are aware that the execution of this contract does not constitute any guarantee on the part of Harris County that funds received pursuant to the Grant Application, if any, will be expended for projects within the City limits of the City or for assistance to the residents of the City.

V.

This agreement shall remain in full force and effect for the entire seventh year funding period covered by the Grant Application (July 1, 19 81 through June 30, 19 82). The City and the Adjacent County acknowledge that they have been advised and are aware that federal regulations applicable to the Grant Application do not permit Harris County to allow the City and the Adjacent County to withdraw from this agreement or otherwise terminate the term of this agreement at any time after October 1, 19 80 .

VI.

In the performance of this agreement, the City, Harris County and the Adjacent County shall observe and comply with all applicable Federal, State, County and City statutes, ordinances, rules and regulations.

VII.

Should the U. S. Department of Housing and Urban Development reject or refuse to accept this agreement for any reason, Harris County may terminate this agreement by giving written notice of the same to the City and the Adjacent County.

VIII.

This agreement shall be of no force and effect unless and until it is executed by all parties hereto and certified by counsel for all parties hereto on the forms set forth below.

IN TESTIMONY WHEREOF, this instrument has been executed in four originals, each to have the force and effect of an original as follows:

(a) It has been executed on behalf of Harris County on the 22nd day of September, 1980, by the County Judge of Harris County and attested by the County Clerk of Harris County pursuant to an order of the Commissioners Court of Harris County authorizing such execution;

(b) It has been executed on behalf of the City on the 15th day of September, 1980, by its Mayor and attested by its City Secretary, pursuant to ordinance of the City Council of the City authorizing such execution; and

(c) It has been executed on behalf of the Adjacent County on the 15th day of September, 1980, by the County Judge of the Adjacent County and attested by the County Clerk of the Adjacent County pursuant to an order of the Commissioners Court of the Adjacent County authorizing such execution.
