FORT BEND COUNTY

priority.

2. Process permit applications for existing sites as a second priority, establishing a ranking with the unprocessed applications by remaining site life and size.

3. Assist local communities in site selection by making a preliminary evaluation of proposed sites.

4. Make thorough engineering and hydrogeological reviews of the site, site design and proposed operations applying adopted standards, or in the absence of standards, the best available technology.

5. Conduct public hearings to receive public review and comment on the proposed site.

0020

Objective #2

Maintain and improve surveillance and enforcement programs.

Recommended Actions

1. Increase frequency of inspection of landfill sites. All Type I and major Type IV and VII facilities will be inspected quarterly, all others semi-annually.

2. Provide enforcement actions, commensurate with violations, to bring sites into compliance.

Objective #3

Provide that all municipal solid waste land disposal facilities are operated in accordance with acceptable standards.

Recommended Actions

1. Provide the increased inspections and enforcement actions contained in Objective #1.

2. Assist local governments in obtaining funds for improved solid waste management systems.

Objective #4

Provide that all municipal solid waste land disposal sites in the County will meet standards for sanitary landfills or land treatment requirements.

Recommended Actions

1. Formulate strategy to determine priority order in which sites are to be inspected.

2. Secure personnel to conduct required "field" inspections.

3. Formulate procedure for disposal site owner notification, due process activities, and reporting to U.S. Bureau of Census.

4. Perform inspections, apply criteria and determine site classifications.

5. Report open dumps to the U.S. Bureau of Census (yearly).

6. Place open dumps on state compliance schedule; to be closed or upgraded.

7. Establish and maintain open dump surveillance until upgrading or closure. Report upgrading and closures to the U.S. Bureau of Census (yearly).

Policies

1. Evaluate and classify first, those sites that have highest potential for health and environmental impact and those that have the longest expected useful life.

2. Require operator certification.

3. Provide resources for the increase in staffing to make more frequent inspections and to improve technical assistance.

Standards (Legislative, Regulatory and Operational)

1. Legislative

   a. (Federal) Resource Conservation and Recovery Act, (42 U.S.C. 3251, et.seq.)

   b. (Federal) Endangered Species Act, (16 U.S.C. 668 et.seq.)

   c. Federal Water Pollution Control Act, (Clean Water Act), (33 U.S.C. 1251, et.seq.)

   d. (Federal) Clean Air Act, (42 U.S.C. 7401, et.seq.)

   e. (State) Solid Waste Disposal Act, (V.T.C.S., Art. 4477-7)

2. Regulatory

   a. (Federal) "Criteria for Classification of Solid Waste Disposal Facilities," (40 CFR Part 257)

   b. (State) "Municipal Solid Waste Management Regulations"

   c. (State) "Solid Waste Management Plan for Texas", 1980-1986

C. Problem: Local Opposition to Proposed Disposal Sites

Discussion: Among those involved in siting and operating new landfills, the two problems most often cited are "high costs" and "difficulty in getting a site approved." Site approval problems involve not only approval by County officials, but also approval of property owners near any newly proposed disposal site.

The problem of local opposition to proposed disposal sites was noted

0020

in the state municipal solid waste management plan of 1971, but the problem does not seem to have diminished, even though there have been improvements made in the operation of landfill sites. Opposition is made known at public hearings to consider proposed disposal sites. Less than five years in the past, a typical hearing usually utilized from one to eight hours. Now, some hearings take two weeks to complete. Proponents and opponents are each likely to hire a team of hydrologists, and soil scientists. Each will try to promote or refute the particular physical and socioeconomic merits of a proposed site.

Local opposition is not limited to urban areas, but that is where it is most evident. Most metropolitan areas are growing. Landfills compete with other land uses and land is expensive. Naturally, in urban areas more people are directly affected. No one wants a landfill nearby, although almost everyone will admit that landfills are needed.

0020

Solid waste disposal site locations usually tend to be associated with lower land costs. It has been argued by some opponents of particular proposed disposal sites that there is discrimination against lower income groups because landfills are most often located in low income areas. The County is concerned with the possibility that discrimination may occur.

Goal: Eliminate Opposition to Solid Waste Disposal Sites

Objective #1

Reduce causes for legitimate opposition.

Recommended Actions

1. Maintain and reinforce existing programs which enforce good operational practices such as elimination of open burning, blowing trash, odors, vectors, uncontrolled access, dust, offensive noise, etc.; increase frequency of site inspections and require closure or upgrading of substandard opertions and promiscuous dumps.

2. Maintain program for physical landfill siting that will not adversely affect public health or the environment.

3. Utilize all available technology to determine proper siting.

4. Plan and encourage combining of resources and facilities of small local municipalities.

5. Encourage city and county planning for disposal facilities well in advance of immediate needs; encourage delineation of areas where landfills will be permitted.

6. Support formulation and maintenance of local health departments' active involvement in solid waste facility compliance inspections.

7. Encourage public involvement in the site selection process,

from its earliest stages, through the utilization of committees, advisory groups, and public hearings.

8. Sponsor accredited training for landfill operators. Coordinate with Texas A & M Univeristy Engineering Extension Service and the Texas Public Works Association.

9. Enact and enforce siting and operating requirements which will effect positive aesthetic quality for facilities.

Objective #2

Reduce ungrounded fears causing opposition.

Recommended Actions

1. Expand formal and informal education regarding need for land disposal and proper siting and operating of landfills.

2. Prepare or adopt a technical guide (in nontechnical language) for proper landfill siting.

3. Encourage public participation in the siting process, using technical guides.

4. Recommend legislation that will provide local governments an opportunity and responsibility for land use determination.

5. Emphasize fact that municipal landfills are not "permanent" land uses.

6. Continue program of technical assistance during site planning and selection.

Policies

1. Decisions on land use suitability and socioeconomic impacts will be sought from the local governing body in whose jurisdiction a proposed site is to be located.

2. Public hearings, long-range planning, citizen participation, technical and public education, combining of resources, and improvements of aesthetic quality of disposal sites will be encouraged.

3. Offer technical assistance in the siting process and make available a technical guide for proper facility siting.

Standards (Legislative, Regulatory and Operational)

1. Legislative

   a. (Federal) Resource Conservation and Recovery Act, (42 U.S.C. 3251, et.seq.)

   b. (State) Solid Waste Disposal Act, (V.T.C.S., Article 4477-7)

0020

c. (State) Administrative Procedure and Texas Register Act, (V.T.C.S., Article 6252-13a)

d. (State) Open Meetings Law, (V.T.C.S., Article 6252-17)

2. Regulatory

a. (Federal) "Public Participation in Programs Under the Resource Conservation and Recovery Act, the Safe Drinking Water Act," (40 CFR Part 25)

b. (Federal) "Guidelines for Development and Implementation of State Solid Waste Management Plans," (40 CFR Part 256)

c. (State) "Municipal Solid Waste Management Regulations"

d. (State) "Solid Waste Management Plan for Texas," 1980-1986

3. Operational

a. Department will conduct at least one public hearing prior to permitting any landfill.

b. Inspect Type I landfills and all major Type IV (brush and demolition wastes) and Type VII (land spreading) operations, at least two times per year.

c. All other disposal facilities to be inspected at least two times per year.

D. Problem: Inadequate Drainage

Discussion: Many areas of the County have had their natural drainage patterns altered in the past 20 years. New channels and retaining levees have put a burden on the overall drainage systems, either increasing their flow due to urban expansion or reducing it by retention. It is imperative that any landfill study should include a detailed study of the surrounding drainage system and be closely coordinated with the County Drainage District.

Goal: To monitor all landfill (or other methods of disposal) applications for drainage studies.

Objective

To make sure all landfills (or other methods of disposal) have adequate outlet for drainage to existing or proposed ditches, creeks, rivers or channels.

Recommended Actions

Approve permits that thoroughly identify the drainage system and adequately address the problem and the solution and that it conforms to the county's regulations and overall drainage plans.

BIBLIOGRAPHY

1. Refer to each section for source of information.

2. The main guide used in compiling this plan was the State of Texas "Solid Waste Management Plan for Texas" published by the Texas Department of Health and adopted in 1981. Fort Bend County Engineering Department is deeply grateful for the verbal permission of Mr. Wiley W. Osborne (Chief, Plans and Programs Branch, State Department of Health) to use the state plan as a guide. Many of the paragraphs are verbatim and figures and tables duplicated with only their numbers changed.

Subject: Item #6 Road Materials

Dear Sir:

Thank you for the opportunity to submit bids for road materials. I have sent samples of our materials for your evaluation. Along with samples I've given prices F.O.B. our location (H.L. & P. Parish Power Plant) and freight rates to the following locations, for all materials excepting fly ash:

Sugarland	$2.10 per ton
Richmond, 2218 & Eldridge	$1.90 per ton
Fulshear	$3.36 per ton
Needville	$2.70 per ton

These freight rates are covered by R.R.C. and were quoted to us by Truckers, Inc. In all cases except fly ash, this can be trucked in open bed trailer dumps or tandem trucks.

The fly ash being a fine particulate must be handled in a pneumatic tanker for which freight rates are listed below:

20 miles	$3.75 per ton
30 miles	$4.45 per ton
40 miles	$5.34 per ton
50 miles	$6.46 per ton

All fly ash tankers are equipped with spreader bars or in the case of extremely wet soils, these tankers can carry 60 feet of hose.

Sample Marked #1

Fly Ash (dry) $13.00 per ton F.O.B. our plant

Usage: Soil stabilization, with cement or lime outstanding drying agent in all soils

Recommended Dosages: 12% to 15% by dry weight in sand or silts
15% to 25% in clays

Unit Weight: 70pcf

Sample Marked #2

Flex Base (wet) $5.95 per ton F.O.B. our plant

Usage: Flexible base material, can be mixed into soil or tilled; can be used as seal cap

Unit Weight: 65pcf

Sample Marked #3

Bottom Ash (fines) 1/8" and down $3.95 per ton F.O.B. our plant

Usage: Fill material, road topping, base material, has good oil retention properties, antiskid material, exceptionally low unit weight

Unit Weight: 50 pcf

Sample Marked #4

Bottom Ash (coarse screened) 3/4" to 1/8" $5.95 per ton F.O.B. our plant

Usages: Road aggregate, wearing coarse, back fill material

0020

Sample Marked #5

Modified Scrubber Base (fine bottom ash mixed 50/50 blend) $5.95 per ton F.O.B. our plant

Usages: Compacted fill for roads, back fill, base material - hydraulic properties

Sample Marked #6

Scrubber Base (crushed limestone and fly ash blend) $5.95 per ton F.O.B. our plant

Usages: Drying agent, compacted back fill, base material - hydraulic properties

In addition to samples, a number of independent studies and specifications on these materials have also been submitted.

If you have any questions pertaining to these materials, please feel free in contacting Mr. Lou Marcuz, Eric Keller or myself.

Cordially,

Dale McKenzie,
Technical Representative

Bid - Asphalt Road Oil Opening
June 20, 1983 at 11 A.M.

Judge J. E. Stavinoha
County of Ft. Bend
Box 368
Richmond, TX 77469

Dear Sir:

Thank you for your recent request for bids on petroleum asphalt. Current asphalt prices are as follows:

0020

Product	FOB Point	Method of Delivery	Price/Gallon
AC-5, 10, 20	Baytown, TX	Transport Truck	$0.5550
MC-30, 800 or RC-2	Baytown, TX	Transport Truck	$0.7200

The above prices are exclusive of all applicable taxes and are for 4,000 gallon minimum deliveries. These prices represent Exxon's established price for product in your area and will fluctuate without prior notice as established prices change. The prices charged will be those in effect at the time title of the product passes to the buyer, regardless of ordering date. Price increase notifications will be mailed after the effective date to buyer's billing address. Current prices may be confirmed during office hours by telephone. Freight, fuel surcharges and pump charges will be billed directly to you by the common carrier. Indicated on the attached sheet are current approximate freight charges to the county seat. Products will be shipped within 48 hours after receipt of shipping instructions.

Prices quoted should not be considered a commitment to supply if not accepted. For your information, terms of sale are those outlined in our Sales Agreement (sample attached).

This quotation is open for thirty (30) days from the date of this letter for your consideration, after which time Exxon Company, U.S.A. has the right to review. Please note Exxon Company, U.S.A.'s payment terms (paragraph 18 of attached Sales Agreement) in your consideration of this proposal. Credit is subject to prior approval by the credit manager.

We appreciate your interest in Exxon Company, U.S.A. and our products. If you have additional questions, please call me at (713) 656-1396 in Houston area or toll free 1-800-392-4576. Please assist us by providing the tabulated bid results to the above address, my attention, within 15 days from the bid opening date.

HUMAN RESOURCES MANAGEMENT: AN OVERVIEW

This course of instruction will provide the Fort Bend County supervisors an Overview of Human Resource Management.

Initially, there will be a discussion about verbal and non-verbal communications. Participants will become familiar with the steps of communications, the barriers to good communications, and be introduced to the basics of human interaction analysis to maximize proficiency and productivity. Proper "legal" interviewing techniques will be provided and discussed, as well as questions not to ask. Other topics of discussion will be handling employee discipline, performance appraisals, the new employee, and the importance of job descriptions, as well as measuring "Key Result" areas.

0020

Attendees will participate in several role playing excercises for demonstration and learning purposes. The seminar will be six (6) hours. There will be two (2) sessions of three (3) hours each on consecutive Wednesdays, from 8:30 to 12:00, with two (2) fifteen-minute breaks, as requested. This will:

1. minimize the time the participants spend away from their respective work stations and
2. provide breaks with ample time for supervisors to check with their respective areas of responsibility.

The dates of the seminar will be scheduled, after approval of the Commissioners' Court, to allow enough time for the attendees to properly plan their absences from their respective work stations and to allow sufficient time for the Consultant to develop and tailor the seminar to the needs of the County employees attending.

Dear Jodie,

I would appreciate your reviewing the enclosed Consulting Agreement for the two (2) Seminars, prior to submission to the Commissioners Court. I will be happy to answer any questions you may have or you think might arise regarding this Agreement.

I am looking forward to developing and presenting these Seminars and would appreciate any input you and the Court might have toward this end. I believe that this is a first step toward addressing, and eventually finding solutions to, some of the most pressing personnel problems of the County.

I have found Richard to be most helpful and interested in this project, and I look forward to working further with him and with you.

Sincerely,

Clyde E. Jacks, Jr.

CONSULTING AGREEMENT

This Consulting Agreement (hereinafter referred to as the "Agreement") is made by and between the County Commissioners Court of Fort Bend County (hereinafter referred to as the "County") and Clyde E. Jacks, Jr., d.b.a. Trace Consultants (hereinafter referred to as the "Consultant").

Whereas, the County requires professional consulting services with respect to the development and implementation of training and information seminars; and

Whereas, the Consultant possesses the technical and professional skills, competence and expertise to provide the consulting services required by the County;

Now therefore, in consideration of the premises and agreements contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, it is mutually agreed between the County and the Consultant as follows:

The Consultant shall organize and conduct two (2) seminars (the "Seminars"), each of which is to be a minimum of three (3) hours in duration and on such dates and at such times as shall be mutually acceptable to the County and the Consultant. The County shall select up to fifty (50) designated officials and department managers to attend each of the Seminars and shall select the topics of the Seminars to address the needs identified in a set of questions, previously submitted by a representative of each department. Each participant in the Seminars shall be

provided by the Consultant written program materials related to the topics of the Seminars. In return for these services, the County shall pay the Consultant a fee of $3120.00 with the understanding that an average of six (6) hours of preparation time are required in order to develop each one (1) hour of instruction time.

The following costs and expenses, actually and reasonably incurred by the Consultant in performance of this Agreement, shall be reimbursed by the County at direct cost plus ten percent (10%): long distance telephone calls, postage, printing and reproduction costs, and other expenses directly attributable to the performance of this Agreement. In addition, the County shall reimburse the Consultant for traveling expenses at the rate of $0.30 per mile.

0020

The Consultant shall submit a detailed invoice to the County for such services and expenses, and the County shall issue a check in payment thereof within fifteen (15) days of the date of the invoice.

The County and its employees shall, prior to the Seminars, furnish the Consultant certain information and other assistance reasonably required with respect to the services to be provided hereunder by the Consultant. The Consultant agrees to hold in confidence and not disclose to any third party, during the term of this Agreement and at all times hereafter, all such information deemed to be confidential by the County.

The Consultant's services shall be performed, and all findings and recommendations will be prepared, in accordance with generally accepted consulting principles and practices. The Consultant shall comply with all federal, state and local laws and regulations.

In the performance of any work or services by the County under this Agreement, the Consultant shall act strictly in a professional consulting capacity as an independent contractor for all purposes, with the authority and right to direct and control all of the details of the work or services provided hereunder, the County being interested only in the results obtained therefrom. However, all such work and services shall meet the approval of the County and be subject to the general right of inspection. The Consultant shall devote his professional efforts in providing these services and shall devote such portion of his full productive time, energy and ability as he may determine in his sole discretion to be required. The Consultant shall have no authority to create, alter or amend any agreements on behalf of the County or to incur any liabilities for the County or in its name. It is the understanding and intention of the parties hereto that no relationship of master and servant or principal and agent shall exist between the County and the Consultant.

0020

The Consultant accepts exclusive liability and responsibility for the payment of, and agrees to hold harmless and indemnify the County for any liability and responsibility for, any tax applicable to the Consultant's work and services, including, but not limited to, all income taxes, any and all contributions for unemployment insurance, social security, old age pensions, annuities and any

and all other taxes, levies, interest or penalties charged or assessed by municipal, county, state or federal authorities or any agencies or instrumentalities therof.

With regard to the services to be performed by the Consultant pursuant to this Agreement, the Consultant shall not be liable to the County, or to anyone who may claim any right due to his relationship with the County, for any acts or omissions in the performance of said services on the part of the Consultant, except when said acts or omissions of the Consultant are due to his willful misconduct. The County shall hold the Consultant free and harmless from any obligations, costs, claims, judgments, attorney's fees and attachments arising from or growing out of the services rendered to the County pursuant to the terms of this Agreement or in any way connected with the rendering of said services, except when the same shall arise due to the willful misconduct of the Consultant and the Consultant is adjudged to be guilty of willful misconduct by a court of competent jurisdiction.

0020

This Agreement shall be governed by the laws of the State of Texas. Due to the uniqueness of the services to be performed by the Consultant, this Agreement may not be assigned by the Consultant without the prior written consent of the County.

Executed in duplicate counterparts by the duly authorized representatives of the parties on this _____ day of June, 1983.

ORDER OF COMMISSIONER'S COURT

CAME ON FOR HEARING at the regular and duly called session of the County Commissioners of Fort Bend County on July 11, 1983, a request by GENERAL HOMES CORPORATION, a Texas corporation that the County Commissioners consent to the encroachment of a structure within a public utility easement as to the following described property:

> Lot Twenty (20), Block Fifty-four (54), REPLAT OF MISSION BEND, SECTION NINE (9), a subdivision in Fort Bend County, Texas according to the Replat thereof recorded in Volume 29, Page 18, Map Records of Fort Bend County, Texas; and

after considering the request, the County Commissioners are of the opinion that the Consent to Encroachment in the form and substance attached hereto as Exhibit "A" should be granted:

THEREFORE, IT IS ORDERED that the Consent to Encroachment attached hereto as Exhibit "A" is hereby approved by the County Commissioners of Fort Bend County, Texas and it is further ORDERED that said Consent be filed of record in the Deed Records of Fort Bend County, Texas.

DATED this the 11th day of July, 1983.

CONSENT TO ENCROACHMENT

THE STATE OF TEXAS §
§
COUNTY OF FORT BEND §

WHEREAS, GENERAL HOMES CORPORATION, a Texas corporation (hereinafter referred to as "Owner") is the Owner of the following described property situated in Fort Bend County, Texas:

Lot Twenty (20), Block Fifty-four (54) of THE REPLAT OF MISSION BEND, SECTION NINE (9), a subdivision in Fort Bend County, Texas, according to the Replat thereof recorded in Volume 29, Page 18 of the Map Records of Fort Bend County, Texas;

WHEREAS, the above described property is subject to a dedicated public utility easement as dedicated by the Replat above described in favor of the Public, for the erection and maintenance of public utilities across, over, along, upon and under said property; and

0020

WHEREAS, Owner has constructed and maintains a structure within or encroaching upon the area of said easement and has requested that the County Commissioners of Fort Bend County, Texas give their consent to said encroachment;

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS that the County Commissioners of the county of Fort Bend hereby consent to the construction and maintenance by Owner of the following structure which is now located within and constitutes an encroachment upon the area of said easement;

Being a portion of a house which lies within an eight (8) foot wide utility easement located across the rear lot line of the subject property and being more particularly depicted on Exhibit "A" attached hereto.

In consideration of the Consent hereinabove granted by the County Commissioners to Owner, and in consideration of the use of said portions of said easement area Owner obtains hereby, Owner hereby binds itself, its successors, assigns and grantees to indemnify and hold all public utility companies harmless from all claims of injury to or death of any person or for damage to

Owner's cost, unless Owner, its successors, assigns or grantees shall alter or remove said structure to the satisfaction of such public authority upon reasonable notice to do so, and if such public utility facilities are removed or relocated by any public utility company, Owner for itself, its successors, assigns and grantees, agrees to pay the costs thereof upon the receipt of its billing therefor.

The exercise and enjoyment by Owner's successors, assigns and grantees of the rights and privileges to which the County Commissioners of the county of Fort Bend have herein granted their consent shall constitute affirmative acceptance by such successors, assigns and grantees of the terms and conditions herein contained; provided, however, that the County Commissioners of Fort Bend County, their successors and assigns, hereby reserve the right to require that any such successor, assign or grantee further signify by a recordable instrument acceptance of such terms and conditions, and should any such successor, assign or grantee refuse upon written request to execute such instrument, the rights and privileges herein consented to shall thereupon automatically terminate. This Consent to Encroachment shall not inure to the benefit of any person other than the above named entity, its successors, assigns and granees, or any property other than the above described property.

property arising out of or in any way connected with the erection and use of said structure on said portions of said easement area, or which injuries, deaths or damages would not have occurred but for the presents of said structure within the easement area, except where such injuries, deaths, or damages are caused solely by the negligence of the public utility companies, their agents, employees, successors or assigns.

Owner further agrees for itself, its successors, assigns and grantees, that if the public utility companies shall at any time in their sole discretion determine that it is necessary to do so for the purpose of properly maintaining the public utility facilities, they shall be privilege to remove or alter the above mentioned structure, or any part thereof, and which the public utility companies agree to restore as nearly as practical to its former condition, all at Owner's cost. Owner for itself, its successors, assigns and grantees, hereby releases the public utility companies from any and all liability for damage caused to the above mentioned structure by any such removal, alteration or restoration and further agrees to pay to the public utility companies the costs of removing, altering and restoring such structure upon receipt of their billing therefor. Owner for itself, its successors, assigns and grantees, hereby further releases all public utility companies from any and all liability for loss of or damage to such structure which may be caused by, result from or be related to the presence or maintenance of the public utility facilities and regardless of whether their negligence may contribute to such loss or damage.

0620

Owner further agrees for itself, its successors, assigns and grantees, that if any public utility company shall at any time, and because of the presence of such structure within the area of said easement be ordered by any public authority having jurisdiction to remove or relocate their public utility facilities, they shall be privileged to comply with such order at

MR. ALTON B. PRESSLEY
COUNTY COMMISSIONER, PRECINCT NO. 3
P. O. BOX 52
SUGAR LAND, TEXAS 77478

DEAR MR. PRESSLEY:

WE, THE BOARD OF DIRECTORS OF THE PHEASANT CREEK HOMEOWNERS ASSOCIATION, REQUEST THAT A TRAFFIC SURVEY BE MADE AT THE INTERSECTION OF VOSS ROAD AND OLD RICHMOND ROAD FOR THE PURPOSE OF INSTALLING A THREE-WAY STOP SIGN.

WE FEEL AS THOUGH A THREE-WAY STOP SIGN IS NEEDED AT THIS INTERSECTION TO PREVENT THE LOSS OF LIVES AND/OR INJURY TO THE RESIDENTS THAT MUST GO THROUGH THIS INTERSECTION. VOSS ROAD IS THE ONLY CONVENIENT ACCESS ROAD TO HIGHWAY 6 AND THE INCREASING NUMBER OF RESIDENTS THAT ARE MOVING INTO THE PHEASANT CREEK SUBDIVISION, COUPLED WITH THE VEGETATION BLOCKING THE VIEW AT THE INTERSECTION, MAKES THIS INTERSECTION A HAZARDOUS ONE TO GO THROUGH.

PLEASE GIVE THIS MATTER YOUR EARLIEST CONSIDERATION AND HAVE A TRAFFIC SURVEY MADE AT THE INTERSECTION OF VOSS ROAD AND OLD RICHMOND ROAD. THANK YOU.

STANDARD FORM OF AGREEMENT FOR INTERIOR DESIGN SERVICES

ARTICLE 1

ARCHITECT'S SERVICES

BASIC SERVICES

The Architect's Basic Services consist of the five phases described in Paragraphs 1.1 through 1.5 and any other services included in Article 17 as part of Basic Services.

~~1.1 PROGRAMMING PHASE~~

1.1.1 The Architect shall consult with the Owner and other parties designated in this Agreement to ascertain the applicable requirements of the Project and shall review the understanding of such requirements with the Owner.

1.1.2 The Architect shall document the applicable requirements necessary for the various Project functions or operations, such as those for existing and projected personnel, space, furniture, furnishings and equipment, operating procedures, security criteria and communications relationships.

1.1.3 The Architect shall ascertain the feasibility of achieving the Owner's requirements identified under Subparagraphs 1.1.1 and 1.1.2 within the limitations of the building or buildings within which the Project is to be located.

1.1.4 Based on a review, analysis and evaluation of the functional and organizational relationships, requirements and objectives for the Project, the Architect shall provide a written program of requirements for the Owner's approval.

1.2 SCHEMATIC DESIGN PHASE

1.2.1 Based on the approved written program, the Architect shall prepare for the Owner's approval preliminary diagrams showing the general functional relationships for both personnel and operations.

1.2.2 The Architect shall review with the Owner alternative approaches to designing and carrying out the Work.

1.2.3 Based on the approved relationship diagrams, the Architect shall prepare space allocation and utilization plans indicating partition and furnishings locations and preliminary furniture and equipment layouts. The Architect shall provide an evaluation of the program and the Project budget, if one has been established by the Owner, each in terms of the other, subject to the limitations set forth in Subparagraph 4.2.1.

1.2.4 The Architect shall prepare studies to establish the design concept of the Project indicating the types and quality of finishes and materials and furniture, furnishings and equipment.

1.2.5 The Architect shall submit to the Owner a preliminary Statement of Probable Project Cost, based on the recommended design concept and on current costs for projects of similar scope and quality.

1.3 DESIGN DEVELOPMENT PHASE

1.3.1 Based on the approved schematic design and any adjustments authorized by the Owner in the program or Project budget, the Architect shall prepare, for approval by the Owner, Design Development drawings and other documents to fix and describe the size and character of the interior construction of the Project including special design features to be incorporated into floors, walls, partitions or ceilings.

1.3.2 The Architect shall prepare such data and illustrations for furniture, furnishings and equipment as may be appropriate for the Project, including specially designed items or elements, to indicate finished appearance and functional operation.

1.3.3 The Architect shall recommend colors, materials and finishes not otherwise specified for the Project.

1.3.4 The Architect shall prepare such other Design Development data, illustrations and documents as may be appropriate for the Project, as described in Article 17.

1.3.5 The Architect shall submit for the Owner's approval a further Statement of Probable Project Cost, based on anticipated unit costs and prices.

1.4 CONTRACT DOCUMENTS PHASE

1.4.1 Based on the approved Design Development submissions and further adjustments in the scope or quality of the Project or in the Project budget authorized by the Owner, the Architect shall prepare, for approval by the Owner, Construction Documents consisting of Drawings, Specifications and other documents setting forth in detail the requirements for the interior construction work necessary for the Project. The Work described by such interior construction documents is intended to be performed by the Owner or under one or more Contracts between the Owner and Contractor for construction.

1.4.2 Based on the approved Design Development submissions, the Architect shall prepare, for approval by the Owner, Drawings, Schedules, Specifications and other documents, setting forth in detail the requirements for the fabrication, procurement, shipment, delivery and installation of furniture, furnishings and equipment necessary for the Project. Such Work is intended to be performed under one or more Contracts or Purchase Orders between the Owner and Contractor or supplier for furniture, furnishings and equipment.

1.4.3 The Architect shall advise the Owner of any adjustments to previous Statements of Probable Project Cost indicated by changes in requirements or general market conditions.

1.4.4 The Architect shall assist in the preparation of the necessary bidding and procurement information, bidding and procurement forms, the Conditions of the Contracts for Construction and for Furniture, Furnishings and Equipment, Purchase Orders, and the forms of Agreement between the Owner and the Contractors or suppliers.

1.4.5 The Architect shall assist the Owner in connection with the Owner's responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project.

1.4.6 The Architect, following the Owner's approval of the Contract Documents and of the most recent Statement of Probable Project Cost shall assist the Owner in obtaining bids or negotiated proposals, and assist in awarding and preparing contracts for interior construction and for furniture, furnishings and equipment. All bidding and negotiating activities shall be coordinated by the Architect.

1.5 CONTRACT ADMINISTRATION PHASE

1.5.1 The Contract Administration Phase will commence with the award of one or more Contracts or the issuance of one or more purchase orders and, together with the Architect's obligation to provide Basic Services under this Agreement, will terminate when final payment to Contractors or suppliers is due, and in the absence of a final Certificate for Payment or of such due date, sixty days after the Date of Substantial Completion of the Work, whichever occurs first.

1.5.2 The term Contractor as used herein shall mean each person or entity awarded a Contract by the Owner or supplier to whom a purchase order is issued by the Owner or the Owner's agent in connection with interior construction, procurement or installation for the Work. Each such Contractor shall be referred to throughout the Contract Documents as if singular in number and masculine in gender. The term Contractor means the Contractor or the Contractor's authorized representative.

1.5.3 Unless otherwise provided in this Agreement and incorporated in the Contract Documents: the Architect shall provide administration of the Contracts for Furniture, Furnishings and Equipment only as set forth below and in the edition of AIA Document A271, General Conditions of the Contract for Furniture, Furnishings and Equipment, current as of the date of this Agreement; the Architect shall provide administration of the Contract for Construction as set forth in the edition of AIA Document A201, General Conditions of the Contract for Construction, current as of the date of this Agreement.

1.5.4 The Architect shall be a representative of the Owner during the Contract Administration Phase, and shall advise and consult with the Owner. Instructions to the Contractors shall be forwarded through the Architect. The Architect shall have authority to act on behalf of the Owner only to the extent provided in the Contract Documents unless otherwise modified by written instrument in accordance with Subparagraph 1.5.20.

1.5.5 The Architect shall assist the Owner in coordinating the schedules for delivery and installation of the Work, but shall not be responsible for any malfeasance, neglect or failure of any Contractors or suppliers to meet their schedules for completion or to perform their respective duties and responsibilities.

1.5.6 The Architect shall visit the Project premises as deemed necessary by the Architect, or as otherwise agreed by the Architect in writing, to become generally familiar with the progress and quality of the Work and to determine in general if the Work is proceeding in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous inspections at the Project premises to check the quality or quantity of the Work. On the basis of such on-site observations as an architect, the Architect shall keep the Owner informed of the progress and quality of the Work, and shall endeavor to guard the Owner against defects and deficiencies in the Work of the Contractors.

1.5.7 The Architect shall not have control or charge of and shall not be responsible for the means, methods, techniques, sequences or procedures of construction, fabrication, procement, shipment, delivery or installation, or for safety precautions and programs in connection with the Work, for the acts or omissions of the Contractors, Subcontractors, suppliers, or any other persons performing any of the Work, or for the failure of any of them to carry out the Work in accordance with the Contract Documents.

1.5.8 The Architect shall at all times have access to the Work wherever it is in preparation or progress.

1.5.9 The Architect shall determine the amounts owing to the Contractors based on observations at the Project premises and on evaluations of the Contractors' Applications for Payment, and shall issue Certificates for Payment in such amounts, as provided in the Contract Documents.

1.5.10 The issuance of a Certificate for Payment shall constitute a representation by the Architect to the Owner, based on the Architect's observations at the Project premises as provided in Subparagraph 1.5.6 and on the data comprising the Contractor's Application for Payment, that the Work has progressed to the point indicated; that to the best of the Architect's knowledge, information and belief, the quality of the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to final completion, and to any specific qualifications stated in the Certificate of Payment); and that the Contractor is entitled to payment in the amount certified. However, the issuance of a Certificate for Payment shall not be a representation that the Work is without latent defects, or that the Architect has made any examination to ascertain how and for what purposes the Contractor has used the moneys paid on account of the Contract Sum.

1.5.11 Unless otherwise provided, the Architect's duties shall not extend to the receipt, inspection and acceptance on behalf of the Owner of furniture, furnishings and equipment at the time of their delivery to the premises and installation. The Architect is not authorized to reject nonconforming Work, sign Change Orders on behalf of the Owner, stop the Work, or terminate the Contract on behalf of the Owner.

1.5.12 The Architect shall be the interpreter of the requirements of the Contract Documents and the impartial judge of performance thereunder by both the Owner and the Contractors. The Architect shall render interpretations necessary for the proper execution or progress of the Work with reasonable promptness on written request of either the Owner or a Contractor, and shall render written decisions, within a reasonable time, on all claims, disputes

and other matters in question between the Owner and the Contractor relating to the execution or progress of the Work or the interpretation of the Contract Documents.

1.5.13 Interpretations and decisions of the Architect shall be consistent with the intent of and reasonably inferable from the Contract Documents and shall be in written or graphic form. In the capacity of interpreter and judge, the Architect shall endeavor to secure faithful performance by both the Owner and the Contractors, shall not show partiality to either, and shall not be liable for the result of any interpretation or decision rendered in good faith in such capacity.

1.5.14 The Architect's decisions in matters relating to aesthetics shall be final if consistent with the intent of the Contract Documents. The Architect's decisions on any other claims, disputes or other matters, including those in question between the Owner and the Contractors, shall be subject to arbitration as provided in this Agreement and in the Contract Documents.

1.5.15 The Architect shall review the final placement of all items and inspect for damage, quality, assembly and function in order to determine that all furniture, furnishings and equipment are delivered and installed in accordance with the Contract Documents.

1.5.16 The Architect shall recommend to the Owner rejection of Work which does not conform to the Contract Documents. Whenever, in the Architect's opinion, it is necessary or advisable for the implementation of the intent of the Contract Documents, the Architect will have authority to require special inspection or testing of the Work in accordance with the provisions of the Contract Documents whether or not such Work be then fabricated, installed or completed.

1.5.17 The Architect shall review and approve or take other appropriate action upon Contractors' submittals such as Shop Drawings, Product Data and Samples, but only for conformance with the design concept of the Work and with the information given in the Contract Documents. Such action shall be taken with reasonable promptness so as to cause no delay. The Architect's approval of a specific item shall not constitute approval of an assembly of which the item is a component, and the Architect's approval of a Sample or Samples shall not constitute an approval of that item as delivered and installed if not in conformance with such approved Sample.

1.5.18 The Architect shall prepare Change Orders for the Owner's approval and execution in accordance with the Contract Documents, and shall have authority to order minor changes in the Work not involving an adjustment in the Contract Sum or an extension of the Contract Time which are not inconsistent with the intent of the Contract Documents.

1.5.19 The Architect shall conduct inspections to determine the Dates of Substantial Completion and final completion, shall receive and forward to the Owner for the Owner's review written warranties and related documents required by the Contract Documents and assembled by the Contractors, and shall issue final Certificates for Payment.

1.5.20 The extent of the duties, responsibilities and limitations of authority of the Architect during the performance of the Work shall not be modified or extended without written consent of the Owner, the Contractors and the Architect.

1.6 PROJECT REPRESENTATION BEYOND BASIC SERVICES

1.6.1 If the Owner and the Architect agree that more extensive representation at the Project premises than is described in Paragraph 1.5 shall be provided, the Architect shall provide one or more Project Representatives to assist the Architect in carrying out such responsibilities at the Project premises.

1.6.2 Such Project Representatives shall be selected, employed and directed by the Architect, and the Architect shall be compensated therefor as mutually agreed between the Owner and the Architect as set forth in an exhibit appended to this Agreement, which shall describe the duties, responsibilities and limitations of authority of such Project Representatives.

1.6.3 Through the observations by such Project Representatives, the Architect shall endeavor to provide further protection for the Owner against defects and deficiencies in the Work, but the furnishing of such project representation shall not modify the rights, responsibilities or obligations of the Architect as described in Paragraph 1.5.

1.7 ADDITIONAL SERVICES

The following Services are not included in Basic Services unless so identified in Article 17. They shall be provided if authorized or confirmed in writing by the Owner, and they shall be paid for by the Owner as provided in this Agreement, in addition to the compensation for Basic Services.

1.7.1 Providing financial feasibility or other special studies.

1.7.2 Providing planning surveys, site evaluations, environmental studies or comparative studies of prospective sites, and preparing special surveys, studies, and submissions required for approvals of governmental authorities or others having jurisdiction over the Project.

1.7.3 Providing services relative to future facilities, systems, furniture, furnishings and equipment which are not intended to be completed or procured during the Contract Administration Phase.

1.7.4 Providing services to investigate existing conditions or facilities or to make measured drawings thereof, or to verify the accuracy of drawings or other information furnished by the Owner.

1.7.5 Preparing documents for alternate, separate or sequential bids or providing out-of-sequence services requested by the Owner.

1.7.6 Providing services in connection with the work of a construction manager or separate consultants retained by the Owner.

1.7.7 Providing Detailed Estimates of Project Cost, analyses of owning and operating costs, or detailed quantity surveys or inventories of material, equipment and labor.

1.7.8 Providing services for planning tenant or rental spaces.

1.7.9 Making revisions in Drawings, Schedules, Specifications or other documents when such revisions are inconsistent with written approvals or instructions previously given, are required by the enactment or revision of codes, laws or regulations subsequent to the preparation of such documents or are due to other causes not solely within the control of the Architect.

1.7.10 Preparing Drawings, Schedules, Specifications and supporting data and providing other services in connection with Change Orders to the extent that the adjustment in the Basic Compensation resulting from the adjusted Project Cost is not commensurate with the services required of the Architect, provided such Change Orders are required by causes not solely within the control of the Architect.

1.7.11 Making investigations, surveys, valuations, inventories or detailed appraisals of existing facilities, furniture, furnishings and equipment, and the relocation thereof, and other services required in connection with work performed or furnished by the Owner.

1.7.12 Receipt, inspection and acceptance on behalf of the Owner of furniture, furnishings and equipment at the time of their delivery to the premises and installation.

1.7.13 Providing consultation concerning replacement of any Work damaged by fire or other cause, and furnishing services as may be required in connection with the replacement of such Work.

1.7.14 Providing services made necessary by the default of any Contractor or supplier, by major defects or deficiencies in their Work, or by failure of performance of either the Owner or the Contractor under any Contract for the Work.

1.7.15 Preparing a set of reproducible record drawings, schedules or specifications showing significant changes in the Work made during the performance thereof based on mark-up prints, drawings and other data furnished by the Contractors to the Architect.

1.7.16 Providing extensive assistance in the utilization of any equipment or system such as initial start-up or testing, adjusting and balancing, preparation of operation and maintenance manuals, training personnel for operation and maintenance, and consultation during operation.

1.7.17 Providing services relating to the Work of any Contractor after issuance to the Owner of the final Certificate for Payment for such Contractor's Work, or in the absence of a final Certificate for Payment, more than thirty days after the Date of Substantial Completion of the Work.

1.7.18 Preparing to serve or serving as an expert witness in connection with any public hearing, arbitration proceeding or legal proceeding.

1.7.19 Providing services of consultants for structural, mechanical and electrical engineering services for the Project.

1.7.20 Special studies for the Project such as analyzing acoustical requirements, record retention, communications, and security systems.

1.7.21 The purchasing of furniture, furnishings, or equipment by the Architect with funds provided by the Owner.

~~**1.7.22** Providing services for the design or selection of graphics and signage.~~

~~**1.7.23** Providing services in connection with the procurement of works of art.~~

1.7.24 Providing any other services not otherwise included in this Agreement or not customarily furnished in accordance with generally accepted architectural practice.

1.8 TIME

1.8.1 The Architect shall perform Basic and Additional Services as expeditiously as is consistent with professional skill and care and the orderly progress of the Work. Upon request of the Owner, the Architect shall submit for the Owner's approval, a schedule for the performance of the Architect's services which shall be adjusted as required as the Project proceeds, and shall include allowances for periods of time required for the Owner's review and approval of submissions and for approvals of authorities having jurisdiction over the Project. This schedule, when approved by the Owner, shall not, except for reasonable cause, be exceeded by the Architect.

ARTICLE 2

ARCHITECT'S SPECIAL RESPONSIBILITIES WITH RESPECT TO INTERIOR DESIGN

2.1 Neither the Architect's authority to act under Subparagraphs 1.5.12 and 1.5.16, nor any decision made by the Architect in good faith either to exercise or not to exercise such authority, shall give rise to any liability on the part of the Architect to the Owner, the Contractor, any Subcontractor or supplier, any of their agents or employees, or any other person.

2.2 Except with the Owner's knowledge and consent, the Architect shall not (1) accept any trade discounts or (2) undertake any activity or employment, have any significant financial or other interest, or accept any contribution, if it would reasonably appear that such activity, employment, interest or contribution could compromise the Architect's professional judgment or prevent the Architect from serving the best interests of the Owner.

ARTICLE 3

THE OWNER'S RESPONSIBILITIES

3.1 The Owner shall provide full information regarding requirements for the Project.

3.2 If the Owner provides a budget for the Project it shall include contingencies for bidding, changes in the Work, and other costs which are the responsibility of the Owner, including those described in this Article 3 and in Subparagraph 4.1.2. The Owner shall, at the request of the Architect, provide a statement of funds available for the Project, and their source.

3.3 The Owner shall designate, when necessary, a representative authorized to act in the Owner's behalf with respect to the Project. The Owner or such authorized representative shall examine the documents submitted by the Architect and shall render decisions pertaining thereto promptly, to avoid unreasonable delay in the progress of the Architect's services.

3.4 If services are required under Subparagraph 1.7.21, the Owner shall provide and maintain working funds with the Architect, if required, to pay invoices charged to the Project for materials and furnishings, to secure cash discounts and for required deposits.

3.5 The Owner shall furnish structural, mechanical, chemical and other laboratory tests, inspections and reports as required by law or the Contract Documents.

3.6 The Owner shall furnish all legal, accounting, and insurance counseling services as may be necessary at any time for the Project, including such auditing services as the Owner may require to verify the Contractors' Applications for Payment or to ascertain how and for what purposes any Contractor uses the moneys paid by or on behalf of the Owner.

3.7 The drawings, specifications, services, information, surveys and reports provided by the Owner pertaining to the Project shall be furnished at the Owner's expense, and the Architect shall be entitled to rely on the accuracy and completeness thereof.

3.8 If the Owner observes or otherwise becomes aware of any fault or defect in the Project or nonconformance with the Contract Documents, prompt written notice thereof shall be given by the Owner to the Architect.

3.9 The Owner shall furnish the required information and services and shall render decisions as expeditiously as necessary for the orderly progress of the Architect's services and of the Work.

3.10 The Owner shall provide suitable space for the receipt, inspection and storage of materials and equipment.

3.11 The Owner shall contract for all temporary and permanent telephone, communications and security systems required for the Project so as not to delay the performance of the Architect's services.

3.12 The Owner shall be responsible for the relocation or removal of existing facilities, furniture, furnishings and equipment, and the contents thereof, unless otherwise provided by this Agreement.

ARTICLE 4

PROJECT COST

4.1 DEFINITION

4.1.1 The Project Cost shall be the total cost or estimated cost to the Owner of all elements of the Project designed or specified by the Architect, including the costs of managing or supervising construction or installation.

4.1.2 The Project Cost shall include at current market rates, including a reasonable allowance for overhead and profit, the cost of labor and materials furnished by the Owner, together with any equipment so furnished, whether fixed or movable, and any furniture or furnishings so furnished, providing said equipment, furniture or furnishings have been designed, selected, or specially provided for by the Architect, including the costs of managing or supervising construction or installation. The cost of used materials and equipment shall be determined as if purchased new for the Project.

4.1.3 Project Cost does not include the compensation of the Architect and the Architect's consultants, or other costs which are the responsibility of the Owner as provided in Article 3.

4.2 RESPONSIBILITY FOR PROJECT COST

4.2.1 Evaluations of the Owner's Project budget, Statements of Probable Project Cost and Detailed Estimates of Project Cost, if any, prepared by the Architect represent the Architect's best judgment as a design professional familiar with interior design. It is recognized, however, that neither the Architect nor the Owner has any control over the cost of labor, materials, furniture, furnishings or equipment, over the Contractors' methods of determining bid prices, or over competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Project budget proposed, established or approved by the Owner, if any, or from any Statement of Probable Project Cost or other cost estimate or evaluation prepared by the Architect.

4.2.2 No fixed limit of Project Cost shall be established as a condition of this Agreement by the furnishing, proposal or establishment of a Project Budget under Subparagraph 1.2.3 or Paragraph 3.2 or otherwise, unless such fixed limit has been agreed upon in writing and signed by the parties hereto. If such a fixed limit has been established, the Architect shall be permitted to include contingencies for design, bidding and price escalation, to determine what materials, furniture, furnishings and equipment, finishes, component systems and types of construction are to be included in the Contract Documents, to make reasonable adjustments in the scope of the Project and to include in the Contract Documents alternate bids to adjust the Project Cost to the fixed limit. Any such fixed limit shall be increased in the amount of any increase in the Contract Sum occurring after execution of the Contracts.

4.2.3 If Bidding or Negotiating has not commenced within three months after the Architect submits the proposed Contract Documents to the Owner, any Project budget or fixed limit of Project Cost shall be adjusted to reflect any change in the general level of prices which may have occurred in the Interiors Industry between the date of submission of the Contract Documents to the Owner and the date on which proposals are sought.

4.2.4 If a Project budget or fixed limit of Project Cost (adjusted as provided in Subparagraph 4.2.3) is exceeded by the lowest bona fide bids or negotiated proposals, the Owner shall (1) give written approval of an increase in such fixed limit, (2) authorize rebidding or renegotiating of the Project within a reasonable time, (3) if the Project is abandoned, terminate in accordance with Paragraph 12.2, or (4) cooperate in revising the Project scope and quality as required to reduce the Project Cost. In the case of (4), provided a fixed limit of Project Cost has been established as a condition of this Agreement, the Architect, without additional charge, shall modify the Drawings, Schedules and Specifications as necessary to comply with the fixed limit. The providing of such service shall be the limit of the Architect's responsibility arising from the establishment of such fixed limit, and having done so, the Architect shall be entitled to compensation for all services performed, in accordance with this Agreement, whether or not the Contract Administration Phase is commenced.

ARTICLE 5

PROJECT AREA

~~5.1 If the net or gross floor area of spaces for which interior design services are to be performed, defined as the Project Area, is used as a basis for the Architect's Basic Compensation, it shall be computed as set forth in an exhibit appended to this Agreement, or in absence of such exhibit, as set forth in the current edition of AIA Document D101, Area and Volume of Buildings.~~

ARTICLE 6

DIRECT PERSONNEL EXPENSE

~~6.1 Direct Personnel Expense is defined as the direct salaries of all the Architect's personnel engaged on the Project, and the portion of the cost of their mandatory and customary contributions and benefits related thereto, such as employment taxes and other statutory employee benefits, insurance, sick leave, holidays, vacations, pensions and similar contributions and benefits.~~

ARTICLE 7

REIMBURSABLE EXPENSES

~~7.1 Reimbursable Expenses are in addition to the Compensation for Basic and Additional Services and include actual expenditures made by the Architect and the Architect's employees and consultants in the interest of the Project for the expenses listed in the following Subparagraphs:~~

7.1.1 Expense of transportation in connection with the Project; living expenses in connection with out-of-town travel; long distance communications, and fees paid for securing approval of authorities having jurisdiction over the Project.

7.1.2 Expense of reproductions, postage and handling of Drawings, Schedules, Specifications and other documents, excluding reproductions for the office use of the Architect and the Architect's consultants.

7.1.3 Expense of data processing and photographic production techniques when used in connection with Additional Services.

7.1.4 If authorized in advance by the Owner, expense of overtime work requiring higher than regular rates.

7.1.5 Expense of renderings, models and mock-ups requested by the Owner.

7.1.6 Expense of any additional insurance coverage or limits, including professional liability insurance, requested by the Owner in excess of that normally carried by the ~~Architect and the Architect's consultants.~~

ARTICLE 8

PAYMENTS TO THE ARCHITECT

8.1 PAYMENTS ON ACCOUNT OF BASIC SERVICES

~~8.1.1 An initial payment as set forth in Paragraph 16.1 is the minimum payment under this Agreement.~~

8.1.2 Subsequent payments for Basic Services shall be made monthly and shall be in proportion to services performed within each Phase of services, on the basis set forth in Article 16.

8.1.3 If and to the extent that the Contract Time initially established in any Contract is exceeded or extended through no fault of the Architect, compensation for any Basic Services required for such extended period of Administration of the Contract shall be computed as set forth in Paragraph 16.4 for Additional Services.

8.1.4 When compensation is based on a percentage of Project Cost, and any portions of the Project are deleted or otherwise not completed, compensation for such portions of the Project shall be payable to the extent services are performed on such portions, in accordance with the schedule set forth in Subparagraph 16.2.2, based on (1) the lowest bona fide bid or negotiated proposal or, (2) if no such bid or proposal is received, the most recent Statement of Probable Construction Cost or Detailed Estimate of Project Cost, for such portions of the Project.

8.2 PAYMENTS ON ACCOUNT OF ADDITIONAL SERVICES

8.2.1 Payments on account of the Architect's Additional Services as defined in Paragraph 1.7 ~~and for Reimbursable Expenses as defined in Article 7~~ shall be made monthly upon presentation of the Architect's statement of services rendered or expenses incurred.

8.3 PAYMENTS WITHHELD

8.3.1 No deductions shall be made from the Architect's compensation on account of penalty, liquidated damages or other sums withheld from payments to Contractors, or on account of the cost of changes in the Work, other than those for which the Architect is held legally liable.

8.4 PROJECT SUSPENSION OR TERMINATION

8.4.1 If the Project is suspended or abandoned in whole or in part for more than three months, the Architect shall be compensated for all services performed prior to receipt of written notice from the Owner of such suspension or abandonment, ~~together with Reimbursable Expenses~~ then due and all Termination Expenses as defined in Paragraph 12.4. If the Project is resumed after being suspended for more than three months, the Architect's compensation shall be equitably adjusted.

ARTICLE 9

ARCHITECT'S ACCOUNTING RECORDS

9.1 ~~Records of Reimbursable Expenses and~~ expenses pertaining to Additional Services and services performed on the basis of a Multiple of Direct Personnel Expense shall be kept on the basis of generally accepted accounting principles and shall be available to the Owner or the Owner's authorized representative at mutually convenient times.

ARTICLE 10

OWNERSHIP AND USE OF DOCUMENTS

10.1 Drawings, Schedules and Specifications as instruments of service are and shall remain the property of the Architect whether the Project for which they are prepared

is executed or not. The Owner shall be permitted to retain copies, including reproducible copies, of Drawings, Schedules and Specifications for information and reference in connection with the Owner's use and occupancy of the Project. The Drawings, Schedules and Specifications shall not be used by the Owner on other projects, for additions to this Project, or for completion of this Project by others provided the Architect is not in default under this Agreement, except by agreement in writing and with appropriate compensation to the Architect.

10.2 Submission or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the Architect's rights.

ARTICLE 11

ARBITRATION

11.1 All claims, disputes, and other matters in question between the parties to this Agreement, arising out of or relating to this Agreement or the breach thereof, shall be decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association then obtaining unless the parties mutually agree otherwise. No arbitration, arising out of or relating to this Agreement, shall include, by consolidation, joinder or in any other manner, any additional person not a party to this Agreement except by written consent containing a specific reference to this Agreement and signed by the Architect, the Owner and any other person sought to be joined. Any consent to arbitration involving an additional person or persons shall not constitute consent to arbitration of any dispute not described therein or with any person not named or described therein. This Agreement to arbitrate and any agreement to arbitrate with an additional person or persons duly consented to by the parties hereto shall be specifically enforceable under the prevailing arbitration law.

11.2 Notice of demand for arbitration shall be filed in writing with the other party to this Agreement and with the American Arbitration Association. The demand shall be made within a reasonable time after the claim, dispute or other matter in question has arisen. In no event shall the demand for arbitration be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable statute of limitations.

11.3 The award rendered by the arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

ARTICLE 12

TERMINATION OF AGREEMENT

12.1 This Agreement may be terminated by either party upon seven days' written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination.

12.2 This Agreement may be terminated by the Owner on seven days' written notice to the Architect in the event that the Project is permanently abandoned.

12.3 In the event of termination not the fault of the Architect, the Architect shall be compensated for all services performed to termination date, together with Reimbursable Expenses then due and all Termination Expenses as defined in Paragraph 12.4.

12.4 Termination Expenses include expenses directly attributable to termination for which the Architect is not otherwise compensated, plus an amount computed as a percentage of the total Basic and Additional Compensation earned to the time of termination, as follows:

.1 20 percent if termination occurs prior to or during the Schematic Design Phase; or
.2 10 percent if termination occurs during the Design Development Phase, or
.3 5 percent if termination occurs during any subsequent phase.

0220

ARTICLE 13

MISCELLANEOUS PROVISIONS

13.1 Unless otherwise specified, this Agreement shall be governed by the law of the principal place of business of the Architect.

13.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201, General Conditions of the Contract for Construction, and in AIA Document A271, General Conditions of the Contract for Furniture, Furnishings and Equipment, as appropriate, current as of the date of this Agreement.

13.3 As between the parties to this Agreement: as to all acts or failures to act by either party to this Agreement, any applicable statute of limitations shall commence to run and any alleged cause of action shall be deemed to have accrued in any and all events not later than the relevant Date of Substantial Completion of the Work, and as to all acts or failures to act occurring after the relevant Date of Substantial Completion, not later than the date of issuance of the final Certificate for Payment.

ARTICLE 14

SUCCESSORS AND ASSIGNS

14.1 The Owner and the Architect, respectively, bind themselves, their partners, successors, assigns and legal representatives to the other party to this Agreement and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of this Agreement. Neither the Owner nor the Architect shall assign, sublet or transfer any interest in this Agreement without the written consent of the other.

ARTICLE 15

EXTENT OF AGREEMENT

15.1 This Agreement represents the entire and integrated agreement between the Owner and the Architect and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both Owner and Architect.

RESOLUTION

WHEREAS, numerous citizens and civic associations have expressed concern over the integrity of their communities' health, safety and general welfare in respect to the application to the Texas Department of Health by Browning-Ferris Inc. for the location and operation of a municipal waste disposal at or near the junction of FM-Highway 2234 with FM-Highway 521 in Fort Bend County, Texas; and

WHEREAS, the County Judge, County Commissioners, County Engineer, and other elected and appointed officials have expressed a like concern, as well as certain alternative proposals; and

NOW, THEREFORE, BE IT RESOLVED that the Commissioners' Court, sitting in regular session open to the general public, has reviewed the material pertinent to the application of Browning-Ferris Inc. for the location and operation of a municipal waste disposal facility in Fort Bend County, Texas, as well as citizen input, and finds that it would be in the best interests of the health, safety and welfare of the citizens of Fort Bend County, Texas to interplead this County as a party in opposition to the application of Browning-Ferris Inc. now before the Texas Department of Health for the location and operation of a municipal waste disposal facility in Fort Bend County, Texas, and further:

That the County Judge, County Engineer and District Attorney or other legal counsel, or the County Judge's designees of this County, be authorized and are hereby authorized to represent and act in opposition to said application.

Illumination

1. All areas of the library are extremely over illuminated, and it is suggested that two tubes and the ballast be removed from twenty-four of the seventy-two four tube fixtures in the public area. Removal of these tubes should be on alternate fixtures.

2. The office with two four tube fluorescent fixtures should have two tubes and ballast removed from each fixture. In the office with three four tube fixtures, it is recommended that two tubes be removed from the fixture in front of the desk. By removing these tubes, the veiling reflection on the desk will be lessened affording better lighting.

Implementation of these suggestions will assure illumination at recommended levels and reduce the annual cost of illumination approximately $593.00.

COMFORT CONDITIONING SYSTEM

1. The vestibule doors at this facility are badly in need of weather-stripping to reduce infiltration of outside air into the conditioned space. The low cost of the weatherstripping is very cost effective.

2. The thermostat in the public area was set at 70 degrees which is extremely low for both comfort and operating cost. The office thermostat was set at 75 degrees which is the desired setting.

   It is suggested that a locking cover be installed on the public area thermostat and it be set no lower than 75 degrees. This will afford comfort for those in the library as physical activities are minimal in such facilities.

3. It is suggested that this system be controlled with a night set back/up thermostat. The thermostat should be set to allow the interior temperature to go no higher than 85 degrees in the summer and no lower than 60 degrees during the cooling season.

   Time clocks to turn the system off completely is not recommended for this library as the humidity in your area is quite high and high humidity in the library could have an adverse effect on the books.

ILLUMINATION

The following notes are in reference to the attached Illumination With Changes form.

It should be noted that all calculations are based on these lights being on 24 hours a day.

1. The vestibule is over illuminated and it is suggested that the 150 watt bulbs be changed to 100 watt as the existing bulbs burn out. This will result in a savings of $160.00 per year. A further savings can be achieved by turning these lights off during the daytime. Standards for vestibules are 30 foot candles. The light meter indicated a level of 40 foot candles with the lights turned off. By turning them off for 10 hours during the day, an additional savings of $200.39 can be realized.

2. The lobby is also over illuminated and it is suggested that two tubes from the three, four tube fixtures away from the counter be removed.

3. Remove two tubes from the two, four tube fixtures at the left of the entry.

4. Remove two tubes from all four fixtures.

5. Remove two tubes from all four fixtures.

6. Same as #5.

7. Same as #5.

8. Remove two tubes from the fixture above the file cabinets.

9. Remove two tubes from the fixture above the safe.

10. Remove two tubes from the fixture above the file.

COMFORT CONDITIONING SYSTEM

The comfort conditioning system at this facility consists of one Trane chiller, two 1,680,000 BTU input boilers, 2 chilled water pumps, 2 hot water pumps and 7 air handling units.

The system is of re-heat design, which is quite costly to operate as it is heating and cooling simultaneously.

The chilled water in the chiller is now set at 41 degrees. I suggest that this temperature be raised to 45 degrees and that an outdoor re-set thermostat be installed to maintain the water temperature based on the outdoor temperature. During my visit to this facility, the outdoor weather was quite mild and the existing setting is not cost effective.

It is suggested that the two boilers be turned off during the cooling season in order to eliminate the re-heat. During the heating season, only one boiler should be in operation during the milder weather and the other used only when conditions require. By doing so, the operating boiler will be close to its rated capacity which is its most efficient

condition. When boilers are operating below capacity, the efficiency drops considerably and operating costs increase.

All of the equipment appears to be well maintained, which is cost effective.

GENERAL

1. Illumination level readings at this facility indicate that there are two areas that are over illuminated. The sanitary office and the inspectors office.

   Due to the type of fixtures installed in these offices, removal of bulbs are not possible and the cost of removing these fixtures and installing another type would not be cost effective.

   It is suggested that in these areas that the staff be encouraged to turn the lights off when leaving the office.

2. The thermostat in this building is set at 72 degrees and the space temperature was 73 degrees during our visit.

   It is recommended that a locking cover be installed on the thermostat and the temperature be set no lower that 75 degrees.

3. As this facility is open from 8:00 a.m. to 5:00 p.m. five days a week, it is strongly recommended that an inexpensive seven day time clock be installed on the air conditioning system. This clock should be set to turn the system on at approximately 7:00 a.m. Mondays thru Fridays, off at 5:00 p.m. and off all day and night Saturdays and Sundays.

   Experience has proven such time clocks to be very cost effective.

ILLUMINATION

Readings of illumination levels in all areas of this facility revealed the attached changes should be implemented. Calculations indicate an annual savings of $283.14 if the suggested changes are implemented. This is a reduction of 33% over the present cost of illumination.

1. The dormitory is over lighted and each bed has a reading lamp. It is suggested that two tubes and their ballast be removed from both florescent fixtures.

2. The same recommendations for the TV room.

3. The same recommendations for the back bedroom.

COMFORT CONDITIONING SYSTEM

1. The condensing coil on the General Electric unit is dirty and should be thoroughly cleaned. Dust and lint on these coils increase the head pressure of the units, increases operating cost and is detrimental to the efficiency and the life of the equipment.

2. The dormitory thermostat is set at 71 degrees which is below acceptable standards. It is recommended that the thermostat be set at 75 degrees and a locking cover installed to assure compliance.

3. The thermostat in the TV room is adjacent to the kitchen and when cooking is taking place in the kitchen the thermostat senses the heat and causes the unit to continue operating even though the area this unit is cooling is at satisfactory level.

It is suggested that the thermostat be relocated to the hallway for more accurate temperature control and it be set at 75 degrees and a locking cover installed.

GENERAL COMMENTS

Light readings throughout this facility indicate that all levels of illumination are within standards and no changes in the existing system is suggested.

It was noticed that the thermostat in the office was set at 70 degrees and the space temperature was 71 degrees. It is quite expensive to operate this facility at that temperature. It is suggested that the thermostat have a locking cover installed and the summer cooling be set at 75 degrees and 68 degrees for winter operation.

It is further suggested that a seven day time clock be installed on the heating and cooling system set to turn the system off at 5:00 p.m. in the evenings, on at 7:00 a.m. in the mornings and off Saturdays and Sundays, when the building is unoccupied. I was advised that this system remained on at night and weekends. The normal pay back period for the time clock installation where systems are operated in such a manner is approximately 3 months.

A very inexpensive spring wound timer can be installed with the time clock which will allow the staff to turn the system on when conditions

237 EE

require building occupancy other than normal hours. This spring wound timer will assure the system will turn off after the time set is over.

FAIR GROUNDS

GENERAL COMMENTS

Observations at the Fair Grounds indicate the staff at this facility are very aware of energy cost and only one area of waste was noted.

In the exhibit hall of building "C", there were 37 of the 95 light fixtures on and the building was unoccupied. The cost of these fixtures being on while the building is vacant costs .65¢ per hour. While the cost appears to be low, numerous hours at this cost can be excessive.

It was noticed that locking covers were on all thermostats with the exception of building "D". I suggest that covers be installed on these thermostats to prevent the air conditioning systems to be turned on when not needed.

All of the heating systems at this facility are electric, which is quite costly to operate. If you will note the electric billing form, you can determine the heating costs. It is suggested that the buildings not be heated or cooled until just prior to occupancy to assist in reducing these costs.

ILLUMINATION

The following notes have reference to the attached Illumination With Changes form. The implementation of these suggestions will maintain levels of illumination as recommended by the I.E.S. and will result in a savings of approximately $143.00 per year.

1. The Guillen office is over illuminated for the tasks performed and it is suggested that two tubes from the first fixture be removed and the ballast.

2. Elkins office same as Guillen.

3. The corridor is over lighted and the removal of two tubes from the four tube fixture will bring these levels to an acceptable amount.

4. Remove two tubes from the fixture in front of the desk in the Casey office. This will allow sufficient light and reduce the veiling reflection on the desk which will improve visability on the desk.

5. Treat the Slot office the same as the Casey office.

6. Same as #4 and #5.

ILLUMINATION

The following notes have reference to the attached Illumination With Changes form. Be assured that all changes that lower illumination levels below those existing are in accordance with the Illumination Engineers Standards.

1. The elevator is now illuminated with 6, 60 watt incandescent bulbs that are on continually. It is not suggested that these bulbs be replaced at this time. It is suggested that when bulbs burn out, they be replaced with 40 watt bulbs.

2. The Data Secretary area is over illuminated and the removal of two tubes and ballast be removed from one, 4 tube fixture.

3. Same as #2.

4. The jury room is over illuminated and the removal of two tubes from both 4 tube fixtures will bring the level of lighting to an acceptable level.

5. Same as #2.

6. Remove two tubes and ballast from the two end fixtures.

7. The Judge Clark reception area is highly over lighted and it is suggested that two tubes and ballast be removed from all four fixtures.

8. Remove two tubes from the fixture at the right of the entry door.

9. The County Clerk file room is extremely over lighted and the removal of two tubes and ballast from all ten fixtures will bring the level to a more acceptable level.

10. The storage room now has 170 foot candles of illumination which is far above requirements. It is suggested that two tubes and ballast be removed from all three fixtures.

11. Remove two tubes and ballast from the two fixtures located above the file cabinets.

COMFORT CONDITIONING SYSTEM

The equipment at this facility appear to be well maintained and operated. The only suggestions for this system are as follows:

1. It was noticed that a number of thermostats were set in the 65 to 70 degree range, which is costly to operate. It is suggested that the thermostats be re-set to 75 degrees and locking covers installed to assure they will remain at this setting.

2. This is a re-heat system using electric strip heaters which is a most costly operating design. It is strongly recommended that the power to the electric strips be turned off to prevent excessive operating cost during the cooling season.

3. Seven day time clocks with spring wound timers are recommended for this facility as suggested in other Ft. Bend County facilities.

COURT HOUSE ANNEX

COMFORT CONDITIONING SYSTEM

1. The air cooled condensing unit located outside the Annex has a solid wooden fence around it for security purposes. As the intake air for the unit comes in the bottom and the heated air is discharged upward, I am of the opinion that a large amount of the heated air is re-circulated across the coils thus increasing head pressure and reducing efficiency.

   It is suggested that the bottom of the fence be cut off approximately six to eight inches above the ground. This will still afford security and will assure a sufficient supply of air to the condensers.

2. At present, the entire system is operated day and night 365 days a year and the operating cost is estimated to be approximately $40,000 per year.

Under the present conditions, it is required that this system remain on in order to assure satisfactory conditions for the computers on the second floor.

It is strongly suggested that consideration be given to the installation of a roof top single package heating and cooling unit to

serve the computer area at nights and weekends. The load on this area is approximately 7-1/2 tons. A time clock with by-pass timer should be installed to turn the existing system off at night and weekends and so controlled that when the present system goes off, the roof top unit for the computer room will go on. This system will also assure safe conditions for the computers as in the event the existing system failed the backup unit on the roof would be available for the computers.

It is estimated that this arrangement will reduce your existing energy cost approximately $12,000 per year.

The following notes have reference to the attached Illumination With Changes form.

It should be noted that the readings of illumination at this facility were taken on a cloudy day. Under clear sky conditions areas with windows will have illumination in excess to those shown.

1. The east corridor is over illuminated and it is suggested that two tubes and ballast be removed from all three fixtures. The level of light will remain above IES standards.

2. Remove 2 tubes from all 5 fixtures.

3. Remove two tubes from all fixtures installed at the glass wall which provides natural lighting.

4. The coffee room is over illuminated and it is suggested that two tubes from both fixtures be removed.

5. The Candler office is extremely over illuminated due to the natural light provided by the windows. The removal of 2 tubes from all 4 fixtures is recommended.

6. Same as #5.

7. At present, the entire basement is illuminated in order to provide lighting for the entry to the mail room. There is a fixture just above the entry to the mail room and a wall switch installation to turn this fixture on will allow the turning off of the basement lighting.

8. Remove 2 tubes from the center fixture.

9. This corridor is over illuminated and the removal of 2 tubes from all 4 fixtures is suggested.

10. Remove 2 tubes from one of the fixtures.

11. Same as #10.

12. Remove 2 tubes from both fixtures.

13. The supply room is extremely over illuminated. The removal of 2 tubes from all 6 fixtures will afford ample illumination and cut the lighting costs 50%.

14. Remove two tubes from the 2 end fixtures.

15. Remove two tubes from the 2 fixtures in front of the desk. By doing so, illumination will be satisfactory and the veiling reflections caused by their location will be lessened.

16. The county treasure office illumination is twice that recommended. The removal of 2 tubes from all 4 fixtures will bring this level to a satisfactory amount.

17. Same as #16.

18. Remove 2 tubes from 4 of the 6 fixtures.

19. Same as #16.

20. Remove 2 tubes from 3 fixtures leaving the other 4 as is.

21. Remove 2 tubes from 3 fixtures leaving the other 2 as is.

22. Remove 2 tubes from both fixtures.

23. Remove 2 tubes from 5 of the 10 fixtures. It is suggested that alternate fixtures be selected for the removal.

24. Remove 2 tubes from one fixture.

25. The public area of the court room is grossly over illuminated and it is suggested that 2 tubes from all 12 fixtures located over this area be removed.

26. Disconnect both fluorescent fixtures over the Judge's area leaving the mercury vapor fixtures as is.

237 YY

27. Remove 2 tubes from one of the fixtures.

28. Remove 2 tubes from 3 fixtures located at the windows.

Re: Proposal for Engineering and Surveying Services for Drainage Improvements on Big Creek and Seabourne Creek

Mr. Stanley Kucherka
Fort Bend County Engineer
P.O. Box 1028
Rosenberg, Texas 77471

Dear Mr. Kucherka:

We are pleased to present our Proposal for Engineering and Surveying Services for your consideration. This submittal is in response to your Request for Proposal for Engineering and Surveying Services for Drainage Improvements on Big Creek and Seabourne Creek.

The resources of our firm represent many years of experience in providing engineering services for drainage and flood control projects.

We appreciate the opportunity for submitting our proposal to you for this important project. We will be happy to discuss any details of this proposal at your convenience.

Very truly yours,

BINKLEY & HOLMES, INC.

Proposal Summary

Upon receipt of a notice to proceed from the Fort Bend County Engineer, Binkley & Holmes, Inc. will immediately proceed to mobilize in order to perform the services outlined in the Scope of Work. Mr. Ben Bickham will be assigned as Project Manager to coordinate and direct the work to be accomplished. The first week will be utilized to collect existing data, records and information from the Fort Bend County Drainage District and to notify our surveying and geotechnical subcontractors to proceed with their pertinent schedules. Baseline Corporation will perform the necessary engineering surveys. Woodward-Clyde Consultants will perform the geotechnical services required to accomplish the engineering design.

Approximately two to three weeks will be required to complete the engineering surveys on Big Creek and Seabourne Creek. The geotechnical services will be coordinated with the field surveys and will be accomplished during the first six weeks of work (See Preliminary Schedule).

Approximately two and one-half months will be required to complete the preliminary engineering phase. A review of existing information of the two watersheds will be accomplished. All pertinent prior design data and plans will have been collected from the Drainage District. Such data will include original survey notes of cross sections and vertical control, maps delineating subwatershed and drainage areas, original ditch design calculations, aerial photographs and copies of all construction plans. Either Harris County Flood Control District Discharge Curves or the Cypress Creek formula will be utilized to determine runoff discharge quantities. Design storm frequencies and development conditions will be selected for various segments of the watersheds through consultations with the Fort Bend County Engineer. Other basic drainage engineering criteria will also be selected. A progress meeting will be scheduled

with the County Engineer for informative purposes and for tentative approval of all of the basic criteria selection. Preliminary engineering design will then continue with the selection of the necessary cross sections to carry the calculated drainage discharges. Water surface profiles (backwater curves) will be calculated using our in-house computer and computer programs. These calculations will verify the drainage channel cross section selection thereby establishing water surface profile elevations along the drainage channel. Top widths of the proposed channel can also be determined by imposing the designed channel section over the existing channel section. A berm width can be established for equipment operation on either side of the new designed channel section and thereby determine right-of-way requirements. All of this pertinent preliminary engineering design will be summarized in a preliminary design memorandum.

The preliminary design memorandum will be submitted to the County Engineer for review and approval. Upon the acceptance of this report, final engineering design and the preparation of construction drawings can proceed. It is planned to utilize aerial photographs with a scale of 1" = 400' as the horizontal control and for the plan portion of the plan-profile sheets. It is estimated that the set of plans will consist of one (1) title and index sheet, one (1) or two (2) project location-vicinity maps, twenty-six (26) plan-profile sheets, three (3) typical section and structure sheets and one (1) cross section schedule and miscellaneous detail sheet for a total of approximately thirty-three sheets. Final detailed design calculations will also be submitted to the Fort Bend County Drainage District.

All of the services outlined in the Scope of Work can be accomplished in approximately six (6) months. It is estimated that the engineering services outlined herein would require approximately 2500 manhours to complete the work. Non-labor and subcontract expense is estimated to be $25,000 in addition to the

0020

cost of the engineering services (See Project Manpower Summary). Because of the nature of the work involved, it is proposed that Binkley & Holmes perform the above services under a cost reimbursable type of contract which could be mutually negotiated with the Fort Bend County Drainage District.

FORT BEND COUNTY JAIL ADDITION
RICHMOND, TEXAS

CHRISTOPHER DI STEFANO & ASSOCIATES ARCHITECTS, INC.

TO: Hon. Jodie Stavinoha, County Judge
Fort Bend County Courthouse
Richmond, Texas 77469

BASE PROPOSAL

Having carefully examined the Construction Documents and having visited the site and examined all conditions affecting the work, the undersigned agrees to provide all labor and materials required by the Construction Documents and do all work necessary for the complete construction of the FORT BEND COUNTY JAIL ADDITION, located in Richmond, Texas, for the lump sum of:

ONE MILLION, ONE HUNDRED, SIXTY THOUSAND DOLLARS ($1,160,000.00)

UNIT PRICES (excavation for foundation piers)

EXTRA for additional footing excavation: $ 24.00 per cubic yard

CREDIT for less excavation: $ 12.00 per cubic yard

CHANGES IN WORK

When changes in the work are ordered involving extra cost over and above the Contract sum, the cost of such extra work shall be stated as a lump sum to be added to the Contract sum before the extra work is begun, in which event the lump sum shall represent the actual estimated cost of labor and material plus 10 percent overhead, plus 10 percent profit for work performed by the General Contractor, and 10 percent profit on the subcontract estimate for work performed by a subcontractor.

TIME FOR COMPLETION

If awarded a contract for this project, the undersigned agrees to complete the project work within 300 calendar days from date of contract.

COMPLIANCE ACKNOWLEDGEMENT

The undersigned acknowledges his Proposal is based on strict compliance with the plans and specifications, as to items, materials, methods, etc., or prior approved equals.

289 F

BID SECURITY

Bid Security in the sum of 5% GAB DOLLARS ($_____) in the form of Bid Bond is submitted herewith as a guaranty that the undersigned will, if this Proposal is accepted and the undersigned be notified of such acceptance, enter into a Contract and furnish acceptable performance and payment bonds within ten (10) days after the prescribed forms of agreement and bond are presented to the undersigned for execution and that no bid made hereby will be withdrawn within thirty (30) days after the date set for opening of bids for this work without your consent.

ADDENDA: The undersigned acknowledges receipt of Addendum numbers 1, 2, 3 issued during the time of bidding and has included the several changes therein in this Proposal.

GENERAL

It is understood that if accepted by the Owner, this Proposal becomes a part of the Contract Documents upon the signing of the Contract, and failing to comply with any part of this Proposal will be taken as failure of the bidder to comply with the Contract Agreement and will be just cause for rejection of the work.

It is also understood that the Owner reserves the right to reject any or all bids and waive informalities and irregularities or to accept any bid considered advantageous.

The undersigned agrees that he will not withdraw this Proposal for a period of thirty (30) days from the date hereof.

PROPOSAL FOR THE CONSTRUCTION OF
FORT BEND COUNTY JAIL ADDITION
RICHMOND, TEXAS

CHRISTOPHER DI STEFANO & ASSOCIATES ARCHITECTS, INC.

TO: Hon. Jodie Stavinoha, County Judge
Fort Bend County Courthouse
Richmond, Texas 77469

BASE PROPOSAL

Having carefully examined the Construction Documents and having visited the site and examined all conditions affecting the work, the undersigned agrees to provide all labor and materials required by the Construction Documents and do all work necessary for the complete construction of the FORT BEND COUNTY JAIL ADDITION, located in Richmond, Texas, for the lump sum of:

One Million Two Hundred Fourteen Thousand DOLLARS ($1,214,000.00).

UNIT PRICES (excavation for foundation piers)

EXTRA for additional footing excavation: $ 82.00 per cubic yard

CREDIT for less excavation: $ 82.00 per cubic yard

CHANGES IN WORK

When changes in the work are ordered involving extra cost over and above the Contract sum, the cost of such extra work shall be stated as a lump sum to be added to the Contract sum before the extra work is begun, in which event the lump sum shall represent the actual estimated cost of labor and material plus 5 percent overhead, plus 10 percent profit for work performed by the General Contractor, and 15 percent profit on the subcontract estimate for work performed by a subcontractor.

TIME FOR COMPLETION

If awarded a contract for this project, the undersigned agrees to complete the project work within 365 calendar days from date of contract.

COMPLIANCE ACKNOWLEDGEMENT

The undersigned acknowledges his Proposal is based on strict compliance with the plans and specifications, as to items, materials, methods, etc., or prior approved equals.

FT. BEND COUNTY COMMISSIONER'S COURT

JULY 18, 1983

RE: United Way Campaign in Ft. Bend County
United Way of the Texas Gulf Coast

	Raised Last Year
1982-83	$723,306
	Goal This Year
1983-84	$831,819 - up 15%
	Agency Budgets this year
1983-84	$921,000 +

This year we have already contacted some 50 major business, school districts or organizations. We will make special calls on some 100 before the Campaign begins.

We currently have about 35 business and professional leaders helping us with these calls. Two of these gentlemen - Bob Hanna and Fred Davenport are here with me today to help enlist your commitment to the success of our Campaign this year.

0020

A listof our Volunteer Leadership is attached to the brochure we will leave with you. The brochure has been specially marked to show you the variety of services and the agencies providing them, here in Ft. Bend Co. Of course, all services are available to anyone that needs them.

County last year raised $433 - 13 of 540 employees contributed.

Agencies are having large increase in requests for assistance.

Many agencies are loosing Federal and State funding - as many of you are well aware.

Agency funding needs are most serious since the early 1930's.

United Way must get the information to everyone possible, and inform them of the agnecies, their needs, and what services are available, as well as how to contact them, should they need their services.

Our Request To The County:

Each of the Commissioners undertake the responsibility for conducting an Employee Campaign in their area of responsibility.

The Judge could conduct the Campaign in the Court House.

That employee meetings (about 20 minutes) be held in each area to show the Campaign film, and answer any questions about Campaign.

That each employee receive a brochure and pledge card and be given the opportunity to pledge, if they desire to do so.

That pledging be made as simple and painless as possible - through the use of payroll deduction.

Attn: Gene

Dear Gene:

Per our phone conversation last Friday, enclosed is a street map of First Colony showing locations for boulevard and residential speed limit signs. These signs need to be in place before Fort Bend County Commissioners Court accepts the streets on July 18, 1983, which you said could be done.

In addition, Blaine Kinnebrew of the Fort Bend County Engineers Office surveyed the street sign status and found the following corrections necessary:

1. Colony Bend II - Straighten sign at corner of Greenfields and Colony Creek.
2. Chimneystone III - Sam Houston and Flintrock needs street and stop sign
   Hillstone and Flintrock needs street and stop sign
   Old Fort and Windmill needs street and stop sign
3. Williams Grant I - Windfall and Hodges Bend needs street sign
   Hodges Bend and Creek Shadow needs street sign
   Wagon Run and Hodges Bend needs stop sign
4. Colony Grant I - Valley View Court and Williams Grant needs street sign

By this letter you are authorized to proceed with the above mentioned repairs which we would appreciate being completed within thirty (30) days if possible.

If you have any questions, please call me.

Yours very truly,

Ronald H. White

KOMATSU®

WARRANTY

1. Komatsu America Corp. and Komatsu Ltd. ("Komatsu") warrant that all new products, including, without limitation, crawler tractors and crawler loaders, attachments for such equipment including, without limitation, roll-over protective structures ("Products") and all new engines for the Products ("Engines") and all new parts and assemblies for the Products ("Parts") sold by Komatsu America Corp. ("KAC") or furnished pursuant to this warranty will be free from defects in materials and workmanship except as provided in paragraphs 3, 4, 5, and 6, below.

2. The warranty of the Products, Engines and Parts described in paragraph 1, above, shall terminate upon the expiration of the following periods:

   a. For all Products and all Engines, whether or not Engines are installed in Products or sold separately (excepting engines manufactured by Komatsu Ltd. under license from the Cummins Engine Company ("Komatsu/Cummins Engines"), and engines manufactured by the Cummins Engine Company, and Komatsu Ltd. engines, Model Nos. S6D155 and SA6D155), upon the expiration of (i) a period of one hundred eighty (180) days after the date of delivery of each Product and Engine to the initial user, or (ii) a period of fifteen hundred (1,500) hours of use of each Product and Engine as shown on the service meter attached to such Product and Engine, whichever of the foregoing periods shall first expire; and

   b. For all Komatsu/Cummins Engines (whether or not such Engines are installed in Products or sold separately) upon the expiration of a period of twelve (12) months after the date of delivery of each Komatsu/Cummins Engine to the initial user.

   c. For all Engines manufactured by Komatsu Ltd., Model Nos. S6D155 and SA6D155 (whether or not such Engines are installed in Products or sold separately), upon the expiration of (i) a period of twelve (12) months after the date of delivery of each Engine to the initial user or (ii) a period of three thousand (3,000) hours of use of each such Engine as shown on the service meter attached to such Engine, whichever of the foregoing periods shall first expire.

   d. For all Parts (excepting replacement Parts furnished pursuant to this warranty), upon the expiration of six (6) months after the date of delivery of each Part to the initial user.

   e. For all replacement Parts furnished pursuant to this warranty, upon the expiration of the remainder of the warranty period applicable to the Products or Engines in which such Parts are installed.

3. **The sole and exclusive remedy for breach of the foregoing warranty shall be to require KAC, at its option, to repair or replace any Part which KAC determines, in its sole discretion, is or has become defective within the terms of this warranty.**

4. **Komatsu shall have no obligation under the foregoing warranty:**

   a. For malfunctions caused by misuse, negligence, accident, or failure to maintain or use Products, Engines and Parts in accordance with the most current, applicable instructions issued by Komatsu; and

   b. For alterations of Products, Engines and Parts which are unauthorized by KAC and which, in the sole judgment of KAC, adversely affect the performance or safety of any such Product, Engine or Part; and

   c. To furnish normal maintenance or operating services for the Products, Engines and Parts, including, but not limited to, providing lubricants, fuel, tune-ups, inspections or adjustments.

   d. Unless an authorized KAC distributor is notified of the claimed defect promptly after its occurrence.

5. **The foregoing warranty is exclusive and in lieu of all other express, statutory and implied warranties applicable to the Products, Engines and Parts including, without limitation, all implied warranties of merchantability and fitness for any particular purpose.**

6. KOMATSU ALSO DISCLAIMS ALL EXPRESS, STATUTORY AND IMPLIED WARRANTIES APPLICABLE TO: (i) USED PRODUCTS, ENGINES AND PARTS; AND (ii) V-BELTS, FILTERS, CABLES, BULBS, CONDENSORS, SPARK PLUGS, FUSES AND CARBON BRUSHES, AND (iii) ENGINES MANUFACTURED BY CUMMINS ENGINE COMPANY, AND ATTACHMENTS FOR THE PRODUCTS (OTHER THAN ROLL-OVER PROTECTIVE STRUCTURES) WHICH ARE NOT MANUFACTURED IN JAPAN, AND (iv) PRODUCTS, ENGINES AND PARTS USED OUTSIDE OF THE FIFTY (50) STATES OF THE UNITED STATES OF AMERICA. THE ONLY WARRANTY APPLICABLE TO THE ENGINES AND ATTACHMENTS DESCRIBED IN (iii) ABOVE, SHALL BE THE WARRANTY OF THE CUMMINS ENGINE COMPANY AND THE MANUFACTURERS OF THE ATTACHMENTS.

7. IN NO EVENT, WHETHER AS A RESULT OF BREACH OF CONTRACT OR WARRANTY OR ALLEGED NEGLIGENCE OR LIABILITY WITHOUT FAULT, SHALL KOMATSU BE LIABLE FOR SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, LOSS OF PROFIT OR REVENUE, LOSS OF USE OF THE PRODUCTS, ENGINES OR PARTS OR ANY ASSOCIATED EQUIPMENT, COST OF CAPITAL, COST OF SUBSTITUTED EQUIPMENT, FACILITIES OR SERVICES, DOWN-TIME COSTS, LABOR COSTS OR CLAIMS OF CUSTOMERS OF THE PURCHASER OR LESSEE FOR SUCH DAMAGES.

Gentlemen,

This letter is offered in addition to the information provided on the county's bid form and should be considered a part of Gulf Machinery's bid.

Gulf Machinery is pleased to offer one new KAWASAKI KSS-65Z rubber tired loader with the following specifications:

> Four wheel drive loader, powered with an Isuzu 6BDI four cylinder diesel engine, complete with 24 volt electrics, 60 ampere alternator, blower fan, muffler, torque converter powershift transmission with four forward and four reverse speeds, four wheel air over hydraulic disc brakes with low air pressure alarm and mechanical parking brake, lighting system, seat belt, 20.5 x 25 traction tires, inching valve, automatic lift kickout, bucket leveler, turn signals, tire inflator, tool kit, hoodsides, backup alarm, anti-vandalism kit, open ROPS canopy, 2.2 cubic yard general purpose bucket, air dryer and other standard equipment.

This unit meets or exceeds all county minimums except that it has 17,600 pounds breakout force instead of 19,000 pounds.

Since there are over 50 Kawasaki Loaders in the Houston area, Gulf Machinery maintains an excellent inventory of parts. In addition, the Kawasaki U.S. parts warehouse in Atlanta carries over $2,500,000 in inventory and has maintained a 96% order-fill ratio for the past two years.

Gulf Machinery's bid does not include an allowance for the county's trade-in. Prices quoted do not include applicable taxes or licensing. Should you need additional information, please do not hesitate to call.

Sincerely,

GULF MACHINERY COMPANY, INC.

A LOS ELECTORES DEBIDAMENTE CAPACITADOS RESIDENTES DEL DISTRITO PARA EL MEJORAMIENTO DE DIQUES FIRST COLONY DEL CONDADO DE FORT BEND, TEXAS, Y A TODA OTRA PERSONA INTERESADA:

Se notifica por el presente que se efectuará una elección el 13 de agosto de 1983, entre las horas de las 7:00 a.m. y las 7:00 p.m. en 4019 Brenner Court, Sugar Land, Texas, dentro del Distrito para el Mejoramiento de Diques First Colony del Condado de Fort Bend, Texas, de acuerdo con la siguiente orden adoptada por la Corte de Comisionados del Condado de Fort Bend, Texas, como sigue:

0200

ORDEN CONVOCANDO UNA ELECCION DE BONOS E IMPUESTO DE MANTENIMIENTO DEL DISTRITO PARA EL MEJORAMIENTO DE DIQUES FIRST COLONY DEL CONDADO DE FORT BEND, TEXAS; PROVEYENDO DETALLES RELATIVOS A LO MISMO; Y CONTENIENDO OTRAS PREVISIONES RELATIVAS A DICHA ELECCION

POR CUANTO, el Distrito para el Mejoramiento de Diques First Colony del Condado de Fort Bend, Texas (el "Distrito"), y los propietarios de una mayoría de la superficie en acres incluída en el Distrito, actuando en cumplimiento a los ordenamientos del Capítulo 57, Título 4 del Código de Aguas de Texas, han presentado a la Corte de Comisionados del Condado de Fort Bend, Texas, una petición, copia de la cual se adjunta a la presente como Anexo A (la "Petición"), cuya Petición solicita que dicha Corte de Comisionados ordene una elección dentro y para el Distrito para los propósitos de determinar: (1) si deberían o no emitirse por el Distrito los bonos del Distrito en la cantidad y bajo los términos y condiciones establecidos en la Petición y (2) si debería o no autorizarse al Distrito a gravar un impuesto anual al valor bajo los términos y condiciones y sujeto a las limitaciones establecidas en la Petición, y (3) si debería o no ser autorizado el Distrito a gravar un impuesto al valor para mantenimiento, bajo los términos y condiciones y sujeto a las limitaciones establecidas en la Petición; y

0220

POR CUANTO, le parece a la Corte de Comisionados, y esta Corte por tanto afirmativamente concluye que:

1. La Petición está en el debido formato de ley, y fué debidamente presentada a esta Corte;

2. La Petición está firmada por los propietarios o por los representantes legales de los propietarios de una mayoria de la superficie en acres incluída en el Distrito;

3. La Petición está firmada por el Presidente y el Secretario de la Mesa Directiva del Distrito, y la firma de la Petición por el Presidente y el Secretario

ha sido propiamente autorizada por resolución de la Mesa Directiva del Distrito;

4. La Mesa Directiva del Distrito y el Departamento de Recursos Hidráulicos de Texas, actuando a través de la Comisión de Aguas de Texas, han aprobado un Plan de Recuperación para el Distrito y han estimado el costo de dicho Plan de esta manera aprobado a ser $15,350,000;

5. La cantidad de los Bonos establecida en la Petición no es más de la suma de:

A. El costo estimado de la adquisición o construcción de mejoras a efectuarse de acuerdo con el Plan adoptado de Recuperación aprobado por la Comisión de Aguas de Texas;

B. Una cantidad para pagar el interés sobre los bonos durante el período establecido en el informe del ingeniero, el cual no será de más de dos años a partir de la fecha en que los bonos sean emitidos según lo aprobado por la Comisión de Aguas de Texas;

C. El costo de mantenimiento de las mejoras por dos años, según lo aprobado por la Comisión de Aguas de Texas;

D. Un diez por ciento (10%) adicional para cumplir con emergencias, modificaciones y cargos hechos legalmente; y

E. Todos los danos adjudicados en contra del Distrito.

6. La Petición, de otra manera, está en conformidad con los requerimientos del Capítulo 57, Título 4 del Código de Aguas de Texas; y

POR CUANTO, en virtud de las anteriores conclusiones, la Corte es de la opinión que la Petición debería ser otor-

0020

gada y la elección, según solicitada, debería ser ordenada; por lo tanto,

QUEDA ORDENADO, DECIDIDO Y DECRETADO por la Corte de Comisionados del Condado de Fort Bend, Texas:

Sección 1: Que todos los hechos relacionados en el preámbulo de esta orden, quedan por la presente concluídos y declarados como verdaderos y correctos.

N O T I C E

TO THE DULY QUALIFIED RESIDENT ELECTORS OF FIRST COLONY LEVEE IMPROVEMENT DISTRICT OF FORT BEND COUNTY, TEXAS, AND TO ALL OTHER INTERESTED PERSONS:

Notice is hereby given that an election will be held on August 13, 1983, between the hours of 7:00 a.m. and 7:00 p.m. at 4019 Brenner Court, Sugar Land, Texas, within First Colony Levee Improvement District of Fort Bend County, Texas, in accordance with the following order adopted by the Commissioners' Court of Fort Bend County, Texas, as follows:

ORDER CALLING FIRST COLONY LEVEE IMPROVEMENT DISTRICT OF FORT BEND COUNTY, TEXAS, BOND AND MAINTENANCE TAX ELECTION; PROVIDING DETAILS RELATING THERETO; AND CONTAINING OTHER PROVISIONS RELATING TO SAID ELECTION

WHEREAS, First Colony Levee Improvement District of Fort Bend County, Texas (the "District"), and the owners of a majority of the acreage included in the District, acting pursuant to the provisions of Chapter 57, Title 4, Texas Water Code, have presented to the Commissioners' Court of Fort Bend County, Texas, a petition, a copy of which is attached hereto as Exhibit A (the "Petition"), which Petition prays that said Commissioners' Court order an election within and for the District for the purposes of determining: (1) whether or not the bonds of the District should be issued by the District in the amount and upon the terms and conditions set forth in the Petition and (2) whether or not the District should be authorized to levy an annual ad valorem tax upon the terms and conditions and subject to the limitations set forth in the Petition, and (3) whether or not the District should be authorized to levy an ad valorem tax for maintenance upon the terms and conditions and subject to the limitations set forth in the Petition; and

03300

WHEREAS, it appears to the Commissioners' Court, and this Court so affirmatively finds that:

1. The Petition is in due form of law, and was duly presented to this Court;

2. The Petition is signed by the owners or by the legal representatives of the owners of a majority of the acreage included in the District;

3. The Petition is signed by the Chairman and Secretary of the Board of Directors of the District, and the execution of the Petition by the Chairman and

Secretary has been properly authorized by resolution of the Board of Directors of the District;

4. The Board of Directors of the District and the Texas Department of Water Resources, acting through the Texas Water Commission, have approved a Plan of Reclamation for the District and have estimated the cost of such Plan as thus approved to be $15,350,000;

5. The amount of the Bonds stated in the Petition is not more than the sum of:

A. The estimated cost of the acquisition or construction of improvements to be made according to the adopted Plan of Reclamation approved by the Texas Water Commission;

B. An amount to pay interest on the bonds during the period stated in the engineer's report, which shall be not more than two years from the time the bonds are issued as approved by the Texas Water Commission;

C. The cost of maintenance of the improvements for two years as approved by the Texas Water Commission;

D. An additional ten percent (10%) to meet emergencies, modifications, and charges lawfully made; and

E. All damages awarded against the District.

6. The Petition otherwise conforms to the requirements of Chapter 57, Title 4, Texas Water Code; and

WHEREAS, in view of the foregoing findings, the Court is of the opinion that the Petition should be granted and the election as prayed for should be ordered; therefore,

0020

BE IT ORDERED, ADJUDGED AND DECREED by the Commissioners' Court of Fort Bend County, Texas:

Section 1: That all of the facts recited in the preamble to this order are hereby found and declared to be true and correct.

PETITION FOR THE ISSUANCE OF BONDS
AND
FOR BOND AND MAINTENANCE TAX ELECTION
WITHIN
FIRST COLONY LEVEE IMPROVEMENT DISTRICT
OF FORT BEND COUNTY, TEXAS

THE STATE OF TEXAS §
§
COUNTY OF FORT BEND §

TO THE HONORABLE COUNTY JUDGE AND COMMISSIONERS' COURT OF FORT BEND COUNTY, TEXAS:

The undersigned (herein the "Petitioners"), being First Colony Levee Improvement District of Fort Bend County, Texas (the "District"), and, collectively, the owners or the legal representatives of the owners of a majority of the acreage included in the District (the "Landowners"), acting pursuant to the provisions of Chapter 57, Title 4, Texas Water Code, respectfully petition the County Judge and Commissioners' Court of Fort Bend County, Texas, (i) for the issuance of the bonds herein described (the "Bonds") and (ii) to order an election to be held within and for the District for the purposes of determining whether or not the Bonds should be issued by the District and taxes levied in the District to pay for the Bonds and whether or not a maintenance tax should be levied and collected by the District, and would respectfully show the following:

0200

I

The District was created by the Commissioners' Court of Fort Bend County, Texas, by order dated April 26, 1982.

II

The District is organized and exists under the terms and provisions of Article XVI, Section 59, Texas Constitution, and Chapter 57, Title 4, Texas Water Code.

III

The undersigned are Chairman and Secretary of the Board of Directors of the District, and the owners or the legal representatives of the owners of a majority of the acreage included in the District, respectively.

IV

Pursuant to the provisions of Sections 57.151 through 57.156, Texas Water Code, as amended, an engineer's survey and report was prepared and submitted to the Texas Department of Water Resources and the Board of Directors of the District. The engineer's report was approved by the Texas Department of Water Resouces, acting by and through the Texas Water Commission, on February 7, 1983, and was adopted by the Board of Directors of the District on March 11, 1983, as the District's Plan of Reclamation.

V

The cost estimates approved by the Texas Department of Water Resources and the Board of Directors of the District for the acquisition and construction of the improvements, the costs of maintaining and operating the District as well as the costs associated with the issuance of the District's bonds, all as described in the Plan of Reclamation is $15,350,000. Such amount is not more than the sum of:

A. The estimated cost of the acquisition or construction of improvements to be made according to the adopted Plan of Reclamation approved by the Texas Water Commission;

B. An amount to pay interest on the bonds during the period stated in the engineer's report, which shall be not more than two years from the time the bonds are issued as approved by the Texas Water Commission;

C. The cost of maintenance of the improvements for two years as approved by the Texas Water Commission;

D. An additional ten percent (10%) to meet emergencies, modifications, and charges lawfully made; and

E. All damages awarded against the District.

0020

VI

The Landowners request that the Bonds of the District be issued in the maximum aggregate principal amount of $15,350,000, excluding any bonds which may be issued to refund same except to the extent that such bonds are issued to refund bonds of lesser principal amounts, bearing interest at any rate or rates, provided that the net effective interest rate shall not exceed the maximum legal limit in effect at the time of issuance.

VII

The Landowners also request that an election be held within and for the District to determine whether or not the Bonds should be issued by the District for the purposes indicated in the Plan of Reclamation and for the amount stated above and whether or not taxes should be levied in the District to pay for the Bonds. It is requested that at such election the following proposition be submitted:

PROPOSITION

SHALL THE BOARD OF DIRECTORS OF FIRST COLONY LEVEE IMPROVEMENT DISTRICT OF FORT BEND COUNTY, TEXAS, BE AUTHORIZED, AS NOW OR HEREAFTER PROVIDED BY LAW, TO ISSUE THE BONDS OF THE DISTRICT IN ONE OR MORE ISSUES OR SERIES IN THE MAXIMUM AMOUNT OF $15,350,000 MATURING SERIALLY OR OTHERWISE IN SUCH INSTALLMENTS AS MAY BE FIXED BY SAID BOARD OVER A PERIOD OR PERIODS NOT EXCEEDING THIRTY (30) YEARS FROM THEIR DATE OR DATES, BEARING INTEREST AT ANY RATE OR RATES (EITHER FIXED, VARIABLE, OR FLOATING ACCORDING TO ANY CLEARLY STATED FORMULA, CALCULATION, OR METHOD) AND TO SELL SAID BONDS AT ANY PRICE OR PRICES, PROVIDED THAT THE NET EFFECTIVE

INTEREST RATE, ON ANY ISSUE OR SERIES OF BONDS, SHALL NOT EXCEED THE MAXIMUM LEGAL LIMIT IN EFFECT AT THE TIME OF ISSUANCE OF EACH SUCH ISSUE OR SERIES, ALL AS MAY BE DETERMINED BY THE BOARD OF DIRECTORS OF SAID DISTRICT, FOR THE PURPOSE OR PURPOSES OF ACQUIRING, PURCHASING, BUILDING, CONSTRUCTING, COMPLETING, CARRYING OUT, MAINTAINING, PROTECTING, MODIFYING, REPAIRING, IMPROVING, ADDING TO AND REBUILDING, ALL WORKS, IMPROVEMENTS, FACILITIES, EQUIPMENT, AND APPLIANCES, INTERESTS IN PROPERTY, AND CONTRACT RIGHTS, NEEDED THEREFOR AND ADMINISTRATIVE FACILITIES NEEDED IN CONNECTION THEREWITH, TO PROVIDE A SYSTEM OF LEVEES, DRAINAGE DITCHES, DRAINAGE STRUCTURES, GATES, CULVERTS, BRIDGES, AND OTHER IMPROVEMENTS NECESSARY OR PROPER TO FULLY ACCOMPLISH A RECLAMATION PLAN FOR DRAINING LAND IN THE DISTRICT, RECLAIMING LAND IN THE DISTRICT FROM OVERFLOW OR DAMAGE BY WATERS FROM STREAMS OR RIVERS INSIDE OR ADJACENT TO THE DISTRICT WHICH MAY AFFECT LAND IN THE DISTRICT, AND STRAIGHTENING STREAMS WHICH MAY INJURE LAND IN THE DISTRICT, AND TO PROVIDE FOR THE PAYMENT OF PRINCIPAL OF AND INTEREST ON SUCH BONDS BY THE LEVY AND COLLECTION OF A SUFFICIENT TAX UPON ALL TAXABLE PROPERTY WITHIN SAID DISTRICT AS MAY BE PROVIDED IN THE ORDERS OR RESOLUTIONS AUTHORIZING ISSUANCE OF SUCH BONDS, ALL AS NOW OR HEREAFTER AUTHORIZED BY THE CONSTITUTION AND LAWS OF THE STATE OF TEXAS?

VIII

The Board of Directors of the District is of the opinion that it would be of benefit to the District to be authorized to levy and collect an annual ad valorem tax to be levied, assessed and collected at a maximum rate not to exceed Twenty-Five Cents ($0.25) per One Hundred Dollars ($100) valuation of taxable property within the District to secure funds for the purposes set forth in Chapter 57, Title 4, Texas Water Code, and the Board of Directors of the District requests that an election be held within and for the District for the submission of the following proposition:

PROPOSITION

SHALL THE BOARD OF DIRECTORS OF FIRST COLONY LEVEE IMPROVEMENT DISTRICT OF FORT BEND COUNTY, TEXAS, BE AUTHORIZED, AS NOW OR HEREAFTER PROVIDED BY LAW, TO LEVY AND ASSESS AND COLLECT AN ANNUAL AD VALOREM TAX OF NOT TO EXCEED TWENTY-FIVE CENTS ($0.25) ON EACH ONE HUNDRED DOLLARS ($100) VALUATION OF ALL TAXABLE PROPERTY WITHIN SAID DISTRICT TO SECURE FUNDS FOR (1) ANY MAINTENANCE PURPOSES IN WHICH THE DISTRICT MAY NOW OR HEREAFTER BE AUTHORIZED BY LAW TO ENGAGE, INCLUDING, BUT NOT LIMITED TO, FUNDS FOR PLANNING, MAINTAINING, UPKEEPING, REPAIRING, AND OPERATING THE DISTRICT'S LEVEES, DRAINAGE DITCHES, DRAINAGE STRUCTURES, GATES, CULVERTS, BRIDGES, OR OTHER IMPROVEMENTS, FACILITIES, PLANTS AND EQUIPMENT OF THE DISTRICT, AND FOR THE PAYMENT OF PROPER SERVICES, ENGINEERING AND LEGAL FEES, ORGANIZATIONAL AND ADMINISTRATIVE EXPENSES, OR (2) MAKING ADDITIONS, EXTENSIONS OR OTHER IMPROVEMENTS TO THE DISTRICT'S LEVEES, DRAINAGE DITCHES, DRAINAGE STRUCTURES, GATES, CULVERTS, BRIDGES, DRAINS, AND OTHER IMPROVEMENTS?

IX

The sum of Two Hundred Dollars ($200.00) accompanies this Petition to cover expenses incident to the requested bond and maintenance tax election and other expenses that may be properly incurred before the Bonds are sold and issued.

WHEREFORE, the undersigned respectfully pray: that this Petition be properly filed as provided by law; that upon filing of this Petition, the Honorable Commissioners' Court of Fort Bend County, Texas, if it be in session, and if not, then the Honorable County Judge of Fort Bend County, Texas, order that an election be held within and for the District for the purposes hereinabove described; that such election order be entered in the minutes of the Commissioners' Court of Fort Bend County, Texas; that the County Clerk be ordered to issue and give to the Sheriff of Fort Bend County, Texas, a notice stating in substance the contents of the election order and the time and place of the election; that the Sheriff or his Deputy be directed to post a copy of the notice as required by law by posting notice of such election at the Courthouse door and at four (4) different places in the District for at least ten (10) days before the date of the election; that the Sheriff or other person posting the notice be ordered to make return to the County Clerk, and that a return by an individual other than the Sheriff be made under oath before some person authorized by law to administer oaths; that the election be held and conducted and the returns thereof be made to the Commissioners' Court of Fort Bend County, Texas, or to the County Judge of Fort Bend County, Texas, in accordance with the Election Code of the State of Texas as modified by Chapter 57, Title 4, Texas Water Code, as amended; and for such other proceedings and orders as are proper and necessary and appropriate to the authorization and issuance of the Bonds and the conduct of the aforesaid election.

PETICION PARA LA EMISION DE BONOS
Y
PARA ELECCION DE BONOS E IMPUESTO DE MANTENIMIENTO
DENTRO
DEL DISTRITO PARA EL MEJORAMIENTO DE DIQUES FIRST COLONY
DEL CONDADO DE FORT BEND, TEXAS

EL ESTADO DE TEXAS §
§
CONDADO DE FORT BEND §

AL HONORABLE JUEZ DEL CONDADO Y A LA CORTE DE COMISIONADOS DEL CONDADO DE FORT BEND, TEXAS:

Los suscritos (en adelante los "Peticionarios") siendo el Distrito para el Mejoramiento de Diques First Colony del Condado de Fort Bend, Texas (el "Distrito") y, colectivamente, los propietarios o los representantes legales de los propietarios de una mayoría de la superficie en acres incluída en el Distrito (los "Terratenientes"), actuando en cumplimiento a los ordenamientos del Capítulo 57, Título 4 del Código de Aguas de Texas, respetuosamente peticionamos al Juez del Condado y a la Corte de Comisionados del Condado de Fort Bend, Texas, (i) para la emisión de bonos descrita en la presente (los "Bonos") y (ii) para ordenar una elección a efectuarse dentro y para el Distrito para los propósitos de determinar si deberían o no ser emitidos los Bonos por el Distrito y ser gravados impuestos en el Distrito para pagar por los Bonos y si debería o no ser gravado y recaudado un impuesto de mantenimiento por el Distrito, y respectuosamente estableceremos lo siguiente:

0020

I

El Distrito fué creado por la Corte de Comisionados del Condado de Fort Bend, Texas, por orden fechada el 26 de abril de 1982.

II

El Distrito está organizado y existe bajo los términos y ordenamientos del Artículo XVI, Sección 59 de la Constitución de Texas, y el Capítulo 57, Título 4 del Código de Aguas de Texas.

III

Los suscritos somos el Presidente y el Secretario de la Mesa Directiva del Distrito, respectivamente, y los propietarios o representantes legales de los propietarios de una mayoría de la superficie en acres incluída en el Distrito.

IV

En cumplimiento a los ordenamientos de las Secciones 57.151 hasta 57.156 del Código de Aguas de Texas, según enmendado, un estudio e informe del ingeniero fué preparado y sometido al Departamento de Recursos Hidráulicos de Texas y a la Mesa Directiva del Distrito. El informe del ingeniero fué aprobado por el Departamento de Recursos Hidráulicos de Texas, actuando por y a través de la Comisión de Aguas de Texas, el 7 de febrero de 1983, y fué adoptado por la Mesa Directiva del Distrito como el Plan de Recuperación del Distrito el 11 de marzo de 1983.

V

Las estimaciones de costos aprobadas por el Departamento de Recursos Hidráulicos de Texas y la Mesa Directiva del Distrito para la adquisición y construcción de las mejoras, los costos de mantenimiento y operación del Distrito así como los costos asociados con la emisión de bonos del Distrito, todo según lo descrito en el Plan de Recuperación son de $15,350,000. Dicha cantidad no es más de la suma de:

A. El costo estimado de la adquisición o construcción de mejoras a efectuarse de acuerdo con el Plan de Recuperación adoptado, aprobado por la Comisión de Aguas de Texas;

B. Una cantidad para pagar el interés sobre los bonos durante el período establecido en el informe del ingeniero, el cual no será de más de dos años de la fecha en que los bonos sean emitidos según lo aprobado por la Comisión de Aguas de Texas;

C. El costo de mantenimiento de las mejoras por dos años según lo aprobado por la Comisión de Aguas de Texas;

D. Un diez por ciento (10%) adicional para cumplir con emergencias, modificaciones, y cargos hechos legalmente; y

E. Todos los daños adjudicados en contra del Distrito.

0020

VI

Los Terratenientes solicitan que los Bonos del Distrito sean emitidos en la cantidad máxima total principal de $15,350,000, excluyendo cualesquier bonos que puedan ser emitidos para reembolsarlos excepto en la extensión en que dichos bonos sean emitidos para reembolsar bonos de cantidades de capital menor, llevando interés a cualesquier tasa o tasas, a condición de que la tasa neta efectiva de interés no excederá el límite legal máximo en efecto al tiempo de la emisión.

VII

Los Terratenientes también solicitan que se efectúe una elección dentro y para el Distrito, para determinar si deberían o no ser emitidos los Bonos por el Distrito para los propósitos indicados en el Plan de Recuperación y por la cantidad antes mencionada y si deberían o no gravarse impuestos en el Distrito para pagar los Bonos. Se solicita que la siguiente proposición sea sometida en dicha elección:

PROPOSICION

¿SERA AUTORIZADA LA MESA DIRECTIVA DEL DISTRITO PARA EL MEJORAMIENTO DE DIQUES FIRST COLONY DEL CONDADO DE FORT BEND, TEXAS, SEGUN SEA EN EL PRESENTE O EN EL FUTURO PREVISTO POR LA LEY, A EMITIR LOS BONOS DEL DISTRITO EN UNA O MAS EMISIONES O SERIES EN LA CANTIDAD MAXIMA DE $15,350,000 CON VENCIMIENTO EN SERIE O DE OTRA MANERA EN TALES PLAZOS SEGUN SEAN FIJADOS POR DICHA MESA DIRECTIVA SOBRE UN PERIODO O PERIODOS A NO EXCEDER

TREINTA (30) AÑOS DE SU FECHA O FECHAS, LLEVANDO INTERES A UNA TASA O TASAS (YA SEA FIJA, VARIABLE, O FLOTANTE DE ACUERDO CON ALGUNA FORMULA, CALCULO, O METODO CLARAMENTE ESTABLECIDO) Y A VENDER DICHOS BONOS A CUALQUIER PRECIO O PRECIOS, A CONDICION DE QUE LA TASA NETA DE INTERES EFECTIVA, SOBRE CUALQUIERA EMISION O SERIE DE BONOS, NO EXCEDERA EL LIMITE LEGAL MAXIMO EN EFECTO AL TIEMPO DE EMISION DE CADA TAL EMISION O SERIE, TODO SEGUN SEA DETERMINADO POR LA MESA DIRECTIVA DE DICHO DISTRITO, CON EL PROPOSITO O PROPOSITOS DE ADQUIRIR, COMPRAR, EDIFICAR, CONSTRUIR, COMPLETAR, REALIZAR, MANTENER, PROTEGER, MODIFICAR, REPARAR, MEJORAR, ADICIONAR A Y RECONSTRUIR, TODAS LAS OBRAS, MEJORAS, INSTALACIONES, EQUIPOS Y APARATOS, INTERESES EN PROPIEDADES, Y DERECHOS CONTRACTUALES NECESARIOS PARA LO MISMO E INSTALACIONES ADMINISTRATIVAS NECESARIAS EN RELACION A LO MISMO, PARA SUPLIR UN SISTEMA DE DIQUES, ZANJAS DE DRENAJE, ESTRUCTURAS DE DRENAJE, COMPUERTAS, ALCANTARILLAS, PUENTES, Y OTRAS MEJORAS NECESARIAS O APROPIADAS PARA COMPLETAR TOTALMENTE UN PLAN DE RECUPERACION PARA DRENAR LOS TERRENOS EN EL DISTRITO, RECUPERANDO TERRENOS EN EL DISTRITO INUNDADOS O DAÑADOS POR AGUAS DE RIACHUELOS O RIOS DENTRO DE O ADYACENTES AL DISTRITO QUE PUEDAN AFECTAR LOS TERRENOS EN EL DISTRITO, Y ARREGLAR RIACHUELOS QUE PUEDAN DAÑAR LOS TERRENOS EN EL DISTRITO, Y A SUPLIR PARA EL PAGO DEL PRINCIPAL Y EL INTERES SOBRE DICHOS BONOS POR EL GRAVAMEN Y RECAUDACION DE UN IMPUESTO SUFICIENTE SOBRE TODA PROPIEDAD IMPONIBLE DENTRO DE DICHO DISTRITO SEGUN SEA PREVISTO EN LA ORDENES O RESOLUCIONES AUTORIZANDO LA EMISION DE DICHOS BONOS, TODO SEGUN SEA EN EL PRESENTE O EN EL FUTURO AUTORIZADO POR LA CONSTITUCION Y LAS LEYES DEL ESTADO DE TEXAS?

VIII

La Mesa Directiva del Distrito es de la opinión que sería beneficioso al Distrito el ser autorizado a gravar y recaudar un impuesto anual al valor a ser gravado, evaluado y recaudado a una tarifa máxima a no exceder Veinticinco Centavos ($0.25) por Cien Dólares ($100) de valuación de propiedades imponibles dentro del Distrito para asegurar fondos para los propósitos asentados en el Capítulo 57, Título 4 del Código de Aguas de Texas, y la Mesa Directiva del Distrito solicita que sea efectuada una elección dentro y para el Distrito para la sumisión de la siguiente proposición:

PROPOSICION

¿SERA AUTORIZADA LA MESA DIRECTIVA DEL DISTRITO PARA EL MEJORAMIENTO DE DIQUES FIRST COLONY DEL CONDADO DE FORT BEND, TEXAS, SEGUN SEA EN EL PRESENTE O EN EL FUTURO PREVISTO POR LA LEY, A GRAVAR Y EVALUAR Y RECAUDAR UN IMPUESTO ANUAL AL VALOR A NO EXCEDER VEINTICINCO CENTAVOS ($0.25) SOBRE CADA CIEN DOLARES ($100) DE VALUACION DE TODA PROPIEDAD IMPONIBLE DENTRO DE DICHO DISTRITO PARA ASEGURAR FONDOS PARA (1) CUALESQUIER PROPOSITOS DE MANTENIMIENTO EN LOS CUALES PUEDA, AUTORIZADO POR LA LEY, EL DISTRITO COMPROMETERSE EN EL PRESENTE O EN EL FUTURO, INCLUYENDO PERO NO LIMITADO A, FONDOS PARA PLANEAR, MANTENER, CONSERVAR, REPARAR Y OPERAR LOS DIQUES, ZANJAS DE DRENAJE, ESTRUCTURAS DE DRENAJE, COMPUERTAS, ALCANTARILLAS, PUENTES DEL DISTRITO, U OTRAS MEJORAS, INSTALACIONES, PLANTAS Y EQUIPOS DEL DISTRITO, Y PARA EL PAGO DE SERVICIOS APROPIADOS, HONORARIOS DE INGENIERIA Y LEGALES, GASTOS

DE ORGANIZACION Y ADMINISTRATIVOS, O (2) EFECTUAR ADICIONES, AMPLIACIONES Y OTRAS MEJORAS A LOS DIQUES, ZANJAS DE DRENAJE, ESTRUCTURAS DE DRENAJE, COMPUERTAS, ALCANTARILLAS, PUENTES, DESAGUADEROS, Y OTRAS MEJORAS?

IX

Acompaña a esta Petición la suma de Doscientos Dólares ($200.00) para cubrir gastos incidentales a la elección solicitada de bonos e impuesto de mantenimiento y otros gastos que puedan apropiadamente ser incurridos antes de que los Bonos sean vendidos y emitidos.

0200

POR LO QUE, los suscritos respetuosamente solicitan: que esta Petición sea propiamente registrada según lo previsto por la ley; que en cuanto esta Petición sea registrada, la Honorable Corte de Comisionados del Condado de Fort Bend, Texas, si se encontrara en sesión, o si no entonces el Honorable Juez del Condado de Fort Bend, Texas, ordene que sea efectuada una elección dentro y para el Distrito, con los propósitos anteriormente descritos; que dicha orden de elección sea registrada en las actas de la Corte de Comisionados del Condado de Fort Bend, Texas; que el Escribano del Condado sea ordenado a emitir y entregar al Sheriff del Condado de Fort Bend, Texas, un aviso describiendo en substancia el contenido de la orden de elección y la fecha y lugar de la elección; que el Sheriff o su Delegado sean instruídos a fijar una copia del aviso, según lo requerido por la ley, fijando un aviso de dicha elección en la puerta del Edificio de Tribunales y en cuatro (4) lugares diferentes en el Distrito cuando menos diez (10) días anteriores a la fecha de la elección; que el Sheriff u otra persona que fije el aviso sea instruído a dar aviso de su cumplimiento al Escribano del Condado, y que si dicho aviso de cumplimiento lo efectúa algún otro individuo que no sea el Sheriff, dicho aviso de cumplimiento sea efectuado bajo juramento ante alguna persona autorizada por la ley para administrar juramentos; que la elección sea efectuada y conducida y los resultados de la misma sean entregados a la Corte de Comisionados del Condado de Fort Bend, Texas, o al Juez del Condado de Fort Bend, Texas, de acuerdo con el Código Electoral del Estado de Texas, según modificado por el Capítulo 57, Título 4 del Código de Aguas de Texas, según enmendado; y para cualesquier otros procesos y órdenes según sea propio y necesario y apropiado para la autorización y emisión de los Bonos y la conducción de la elección antes mencionada.

STATE OF TEXAS X
COUNTY OF FORT BEND X

ON THIS THE 7th day of June, 1982, at a Special Meeting of the Commissioners' Court, sitting as a governing body of Fort Bend County, Texas, came on to be considered the necessity of revising and reorganizing policies for the approval of subdivision plats in Fort Bend County.

Upon due consideration, the Court was of the opinion that there exists a necessity for such action:

NOW, THEREFORE, by and under the authority vested in the Commissioners' Court, upon the motion of Commissioner Alton B. Pressley, Commissioner of Precinct #3, seconded by Commissioner W. Lee Schmidt, Commissioner of Precinct #2, duly presented and carried, IT IS ORDERED, ADJUDGED AND DECREED that the following policies are hereby adopted and shall be in full force from the date hereof, to-wit:

1. Every owner of any tract of land situated without the corporate limits of any city in Fort Bend County, Texas, who divides the same into two (2) or more parts for the purpose of laying out any subdivision or any such tract of land, or an addition without the corporate limits of any town, or city, or for laying out suburban lots or building lots, and for the purpose of laying out streets, alleys, or parks, or other portions intended for public use, or the use of purchasers or owners of lots fronting thereon or adjacent thereto, shall cause a plat to be made thereof, which shall accurately describe all of said subdivision or addition by metes and bounds and locate the same with respect to an original corner of the original survey of which it is a part, giving the dimensions thereof on said subdivision or addition and the dimensions of all lots, streets, alleys, parks, or other portions of same intended to be dedicated to public use or for the use of purchasers or owners of lots fronting thereon or adjacent thereto.

2. In approving plats for recording in Fort Bend County, the Commissioners' Court will consider the general welfare of the citizens of Fort Bend County. This will include all the specific items listed below plus other considerations that are important to citizens of the area and Fort Bend County. These will include street specifications and widths, traffic flow, drainage and flood protection, sanitary sewer and water systems, recreational facilities, school sites, and any other amenity that applies to the area being considered.

3. These policies and any and all future additions thereto and changes thereof, will be binding in all new subdivisions or re-subdivisions in Fort Bend County, that are not within the legal limits of any incorporated city or town.

4. The plat and plans must be presented to the Engineer at least fourteen (14) days prior to the Commissioners' meeting at which time the plat can be approved for record.

5. Construction plans are to be approved by the Engineer before the plat is presented to Commissioners' Court for approval.

6. No construction is to begin until the plat has been approved by the Commissioners' Court and filed.

7. All plats must be made on tracing linen or equal with India ink. This original tracing is to be filed in the County Clerk's Office as a permanent record. If the applicant requires a duplicate original of the plat with signatures, he must submit a reproduced tracing along with the original. He must also furnish a print of the plat for the County file.

8. In the upper right hand corner the plat must provide a small scale key map showing the location of the subdivision with reference to well-known fixed points in Fort Bend County.

9. All streets indicated on the plat are to have a minimum width of sixty (60) feet, and dedicated to the use of the general public. Minimum specifications for streets are given on the attached plat, and said plat is made a part of this policy statement.

10. Fort Bend County will approve fifty (50) foot street right-of-way where the following requirements are met:

    A. The streets to be paved with a 28 foot wide back to back concrete curb and gutter.

    B. The streets serve detached single family homes.

    C. The right-of-way to be used for street paving, storm sewer and water lines only. Any additional utilities will require a seperate utility easement or wider street right-of-way.

D. The street not to extend into any other land use.

E. Street to be a loop not to exceed 1,000 feet; dead end with permanent turnaround not to exceed 800 feet, or an interior street that does not exceed one (1) block (1,400 feet) in length. The Fort Bend County Commissioners' Court and Fort Bend County Drainage District Engineer will determine which streets meet the requirement.

F. No manholes under or in pavement.

G. No utility lines under pavement except at perpendicular crossings.

H. Minimum sixteen (16) foot utility easement at rear of lots.

0020

11. On all streets with curbs and gutters the plasticity index of the subgrade soil shall be determined by the A A S H O method of testing. When the P. I. exceeds 20, subgrade will be lime stabilized to a depth of six (6) inches in accordance with City of Houston specifications.

12. The plat and plans as submitted for approval and filing must show the line and grade of proposed streets and side ditches, drainage ditches, utility easements and the course and location of all existing pipelines or pipeline easements through such proposed subdivision. The plat must provide a note stating that all existing pipelines or pipeline easements through the proposed subdivision have been shown or that there are no existing pipelines or pipeline easements within the limits of the proposed subdivision. The plat must also show one foot interval contour lines.

13. Each lot shall be provided with an adequate (minimum 18 inches or equivalent) (unless otherwise approved) culvert or other approved entrance structure and the size and design of the entrance structure is to be included on the plans submitted.

14. Fort Bend County Commissioners' Court requires that sidewalks will be built within all right-of-way dedicated to the Public. The sidewalks will be within the road right-of-way, four (4) feet in width, four and one half (4½) inch thickness, constructed with five (5) sack steel reinforced concrete. All sidewalks will have a slope toward the street 1/4 inch to 1/2 inch per foot.

15. Subdivisions with all lots being at least one (1) acre or more and not having curb and gutter streets will not be required to have sidewalks.

16. Subdivisions with all lots being at least one (1) acre or more and not having curb and gutter streets are exempt from the requirement of twenty-two (22) feet of Hot Mix hardtop material on the street. Provided however, that there must be a note on the plat and each buyer must be notified that the county will assume no responsibility for future topping of the street except where the adjoining landowners agree to pay the cost of such topping.

17. Lots shall not encroach on drainage easements.

18. All subdivision and street names must be checked to avoid duplication.

0020

19. Drainage easements to be adequate width to allow drainage and flood control to all properties that naturally drain through property being approved for development.

20. The Fort Bend County Drainage District Engineering Department will set minimum slab elevations for each subdivision to help protect developed property from flooding. Regardless of the minimum slab elevation set by the above method in no case will the top of a slab be less than eighteen (18) inches above natural ground. The minimum slab elevation approved by the Commissioners' Court shall be clearly shown on the front of the plat to be recorded.

21. It shall be the duty of the developer or his Engineer to see that layout and construction follow the plans as presented with the final subdivision plat.

22. A certificate from each tax collector of a political subdivision in which the property is located must accompany the plat to be recorded, showing that all taxes owing to the State, County, and or any other political subdivision have been paid in full to date.

23. A. The Commissioners' Court will not approve any map or plat of any subdivision or resubdivision unless such map or plat is accompanied by a Bond, the amount of which shall be determined by the Commissioners'

Court payable to the County Judge; to the effect that the owner or owners will construct the roads, streets, and entrance structures therein shown in accordance with the specifications set out herein, provided however, in lieu of the above Bond, Commissioners' Court may, at its discretion, require the subdivider to furnish the Court with a signed copy of the contract upon which said Bond is written. Form of Bond must be approved by County Attorney.

B. In lieu of subsection (a) the Commissioners' Court may, by Court Order, tentatively approve a subdivision plat subject to the construction of the streets, and entrance structures therein shown in accordance with the specifications set out herein. After the streets and entrance structures have been constructed by the owner or owners of the subdivision in accordance with the specifications set out herein, and all the other provisions have been met, the Commissioners' Court will order the plat approved for filing.

C. The Commissioners' Court of Fort Bend County, may at its discretion, in lieu of the above Bond, accept an irrevocable letter of credit from an acceptable Texas Bank. Form of Bond or letter of credit must be approved by the County Attorney.

D. The Performance Bond or substitutions listed in A., B., and C. above must remain in full force and effect after the subdivision has been approved until all roads, streets and entrance structures in the subdivision have been completed in accordance with rules and specifications as set forthin said "Policies" to the satisfaction of the Commissioners' Court and until the roads, streets and entrance culverts are accepted into the County Road System. The terms of the Bond are to include provisions that when a lot or portion of this subdivision is sold the roads, streets, and driveways that service that lot or portion must be completed in accordance with the rules and specifications as set forth in the "Policies for the Approval of Subdivision plats in Fort Bend County."

24. This policy shall apply to all future subdivisions not now of record in the office of the County Clerk and/or the plat office of Fort Bend County, Texas.

25. After at least 60% of a subdivision or a section of a subdivision has been sold and developed and all the above regulations have been met, and the streets have been

maintained for a period of at least one (1) year; interested parties may petition the Commissioners' Court to maintain the streets in said subdivision dedicated to the Public. The Commissioners' Court will consider each request and then determine whether the streets should be maintained by the County. No streets shall be maintained except by vote of Commissioners' Court.

26. This policy shall not apply to any roads now being maintained by the Road Department of Fort Bend County.

27. Before any streets are accepted into the County Road System a complete system of signs (street names, traffic, etc.) must be in place and must conform to a plan submitted to and approved by the Engineering Department.

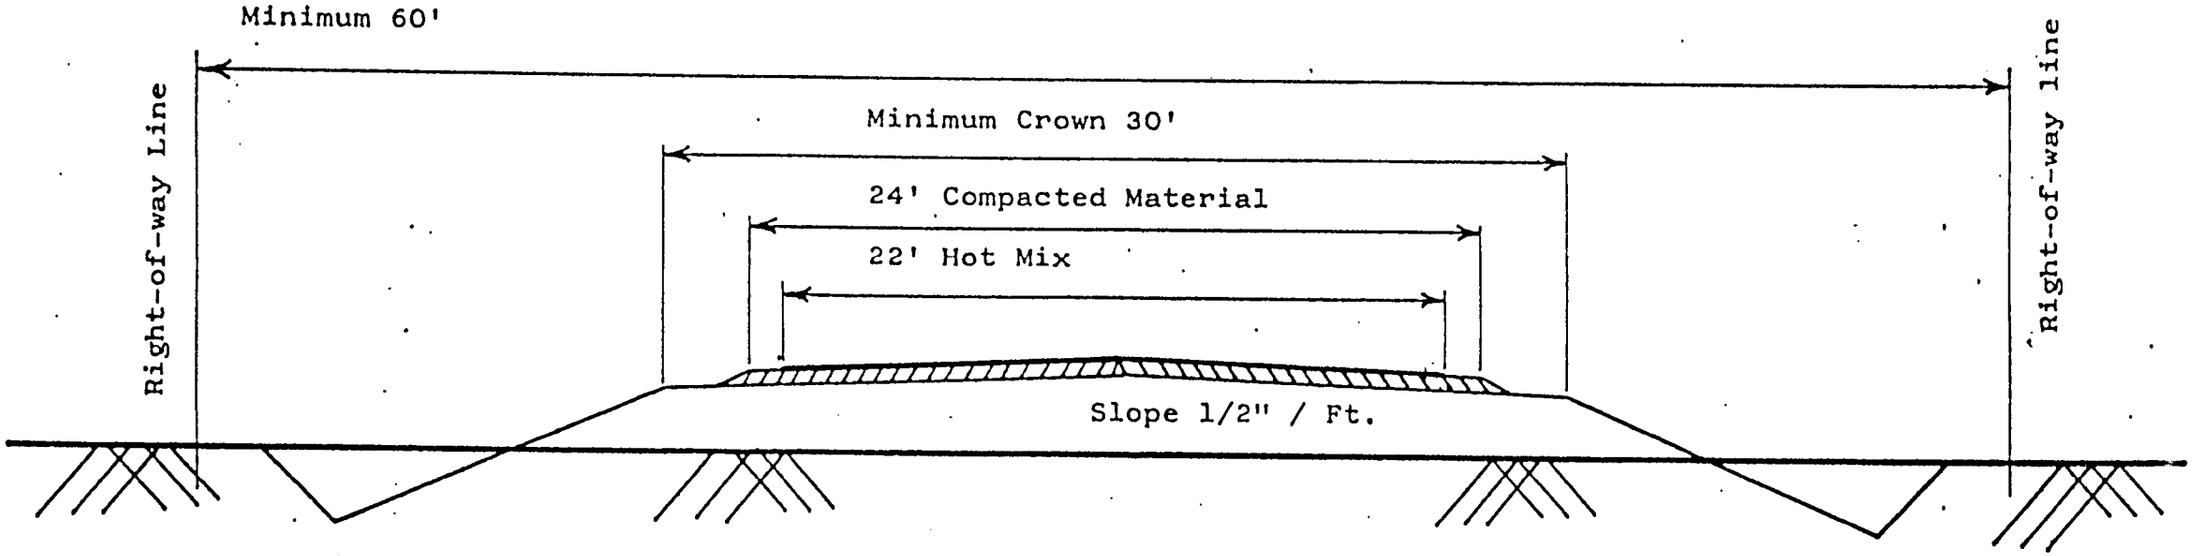

ADDENDUM TO 21

Adequate inspection will be provided during construction of utilities, paving and drainageways by a Registered Professional Engineer to insure that the construction conforms to the plans and specifications approved by the Fort Bend County Engineering Department and all provisions of the Fort Bend County Commissioners' Court.

AUDITORS' OPINION

Honorable Jodie E. Stavinoha, County Judge,
and Members of the Commissioners Court
of Fort Bend County, Texas:

We have examined the combined financial statements of Fort Bend County Drainage District (the "District") as of December 31, 1982 and for the year then ended, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described more fully in Note 1, the combined financial statements referred to above do not include financial statements of the general fixed assets account group, which should be included to conform with generally accepted accounting principles.

In our opinion, except that the omission of the financial statements of the general fixed assets account group results in an incomplete presentation, as explained in the preceding paragraph, the combined financial statements referred to above present fairly the financial position of Fort Bend County Drainage District at December 31, 1982 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

FORT BEND COUNTY DRAINAGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1982

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

These financial statements include only the funds and activities of the legal entity of Fort Bend County Drainage District.

Fund Accounting

The accounts of Fort Bend County Drainage District (the "District") are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund balance, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Purpose of Funds

Maintenance Available (General) Fund - used to account for all revenues and expenditures, not accounted for in other funds, relating to general operations of the District.

Capital Projects Fund - used to account for proceeds of District revenues whose expenditures are restricted to the construction and acquisition of major flood control projects and improvements.

Agency Fund - used to account for assets which are held by the District as agent pending distribution to authorized recipients.

Basis of Accounting

The accounts of the Maintenance Available (General) Fund and Capital Projects Fund are maintained, and the financial statements have been prepared, on the modified accrual basis of accounting.

Under this basis of accounting, revenues are recognized when they become susceptible of accrual; i.e., both measurable and available. Available means collected within the current year or soon enough thereafter to be used to pay liabilities of the current year.

382 H

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule is prepaid expenses which are recognized as expenditures when paid.

The accounts of the Agency Fund are maintained, and the financial statements have been prepared, on the cash basis which approximates the modified accrual basis of accounting.

Investments

Investments in U.S. government obligations are stated at cost which approximates quoted market value.

General Fixed Assets

General fixed assets acquired are accounted for as expenditures in the applicable governmental fund type at time of purchase. The cost of such general fixed assets is not, however, recorded in a General Fixed Assets Account Group since the District does not maintain separate detail accounting records of its general fixed assets.

Budgets and Budgetary Accounting

The County Judge and County Auditor prepare the proposed budget, together with revenue estimates furnished by the County Auditor, and submit the data to Commissioners Court. A public hearing is held on the budget by Commissioners Court. Before determining the final budget, Commissioners Court may increase or decrease the amounts requested by the various departments. In the final budget, which is usually adopted in October or November, expenditures for current operating funds cannot exceed the estimated available cash balances in such funds at January 1, plus the estimate of revenues for the ensuing year. Commissioners Court may transfer amounts among individual budget line items within major expenditure categories during the year, but no such transfer may increase the overall total of the budget. Budgeted amounts as originally adopted were not significantly changed by such transfers during the year.

Formal budgetary integration is employed for the Maintenance Available (General) Fund. The budget for this fund is prepared on the cash basis. Formal budgetary integration (annualized budgeting) is not employed in the Capital Projects Fund. Effective budgetary control in this fund is achieved through individual project budgeting.

A reconciliation of revenues and expenditures on the budgetary basis to revenues and expenditures on the modified accrual basis for the Maintenance Available (General) Fund is as follows:

Revenues:	
Budgetary basis	$2,535,132
Received during 1982 that were accrued in 1981	(181,208)
To be received during 1983 that were accrued in 1982	8,185
Revenues on modified accrual basis	2,362,109
Expenditures:	
Budgetary basis	2,595,655
Incurred during 1981 but paid in 1982	(62,159)
Incurred during 1982 that will be paid in 1983	32,710
Expenditures on modified accrual basis	2,566,206
Expenditures over revenues on modified accrual basis	$ (204,097)

Vacation Pay and Sick Leave

Employees are credited with vacation leave at rates of from ten to fifteen days per year and may accumulate up to a maximum of fifteen days. Upon termination employees are paid for any unused accumulated vacation.

Employees are credited with sick leave at the rate of six days per year and may accumulate an unlimited number of days. Upon termination employees are not paid for any unused sick leave.

The District's liability for vacation pay and sick leave benefits was not material at December 31, 1982.

Total Columns on Combined Statements

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns does not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Such data is not comparable to a consolidation because interfund eliminations have not been made in the aggregation of this data.

382J

2. PROPERTY TAXES

Levy and Collection

Property is appraised and a lien on such property becomes enforceable as of January 1, subject to certain procedures for rendition, appraisal, appraisal review and judicial review. Property taxes are levied by October 1 of the year in which assessed, or as soon thereafter as practicable. Taxes become delinquent February 1 of the following year and are subject to interest and penalty charges.

Property taxes for the District are billed and collected by the Assessor and Collector of Taxes of Fort Bend County, Texas (the "County"). Collections of these taxes pending distribution are accounted for in a County agency fund.

Tax Rates

The District's tax rate for 1982 was $.08 per $100 of assessed valuation. The District is permitted by law to levy taxes up to $.25 per $100 of assessed valuation.

Central Appraisal District

The Texas Legislature in 1979 adopted a comprehensive Property Tax Code (the "Code") which established a county-wide appraisal district and an appraisal review board in each county in the State, including Fort Bend County. The Central Appraisal District is responsible for the recording and appraisal of property for all taxing units in the County, including the District.

The Central Appraisal District is required under the Code to assess property at 100% of its appraised value. Further, real property must be reappraised at least every four years. Under certain circumstances, taxpayers and taxing units, including the District, may challenge orders of the Appraisal Review Board through various appeals and, if necessary, legal action.

Under the Code, Commissioners Court will continue to set tax rates on property. The Code also provides that, if approved by the qualified voters in the Central Appraisal District, collection functions may be assigned to the Central Appraisal District.

3. PENSION PLAN

All officials and permanent employees of the District and the County are members of the Texas County and District Retirement System (the "System") under which the member and the District (or County) each contributes an amount equal to 7% of the member's earnings. The annual contributions include amounts necessary to amortize past service costs over 12 years. Total contributions to the System by the District and County in 1982 were $67,679 and $482,259, respectively.

The accumulated plan benefits, plan net assets and unfunded accrued liability for the combined County and District plan is presented below as of the latest available actuarial valuation date, December 31, 1981:

Actuarial present value of accumulated combined plan benefits:	
Vested	$5,662,429
Nonvested	913,199
Total	$6,575,628
Net assets available for benefits	$4,312,919
Unfunded accrued liability	$2,262,709

The weighted average assumed rate of return used in determining the actuarial present value of vested benefits was approximately 4-1/2%.

4. CONTINGENT LIABILITIES

The District is contingently liable in respect of lawsuits and other claims in the ordinary course of its operations. The settlement of such contingencies under the budgetary process would not materially affect the financial position of the District at December 31, 1982.

AUDITORS' OPINION

Honorable Jodie E. Stavinoha, County Judge,
and Members of the Commissioners Court
of Fort Bend County, Texas:

We have examined the combined financial statements of Fort Bend County, Texas (the "County") as of December 31, 1982 and for the year then ended, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described more fully in Note 1, the combined financial statements referred to above do not include financial statements of the general fixed assets account group, which should be included to conform with generally accepted accounting principles.

In our opinion, except that the omission of the financial statements of the general fixed assets account group results in an incomplete presentation, as explained in the preceding paragraph, the combined financial statements referred to above present fairly the financial position of Fort Bend County, Texas at December 31, 1982 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The supplementary financial information as of December 31, 1982 and for the year then ended, listed in

the foregoing table of contents, is presented for purposes of additional analysis and is not a required part of the combined financial statements of Fort Bend County, Texas. Such supplementary financial information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the combined financial statements taken as a whole.

FORT BEND COUNTY, TEXAS

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1982

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

These financial statements include only the funds, account group, and activities of the legal entity of Fort Bend County, Texas.

Fund Accounting

The accounts of Fort Bend County, Texas (the "County") are organized on the basis of funds and account group, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund balance, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Purpose of Funds and Account Group

General Fund - used to account for all revenues and expenditures, not accounted for in other funds, relating to general operations of the County.

Special Revenue Funds - used to account for proceeds of specific revenue sources (other than capital projects) which are legally restricted to expenditures for specified purposes.

Debt Service Funds - used to account for payment of principal and interest on the County's general long-term debt.

Capital Projects Funds - used to account for proceeds of the County's general long-term debt and other revenues whose expenditures are restricted to the construction and acquisition of major capital facilities.

Agency Funds - used to account for assets which are held by the County as agent pending distribution to authorized recipients. As the agent for certain legal entities, the County (through its various fee officers) collects certain revenues and assessments from taxpayers and others and remits the amounts to the respective legal entities.

382 T

General Long-Term Debt Account Group - used to record and account for the County's outstanding general obligation bonded debt and certificates of obligation payable. Bonded debt is payable serially from proceeds of general property tax revenues levied for that purpose. Certificates of obligation are payable from proceeds of general property tax revenue levied for that purpose.

Basis of Accounting

The accounts of the Governmental Fund Types (the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds) are maintained, and the financial statements have been prepared, on the modified accrual basis of accounting.

Under this basis of accounting, revenues are recognized when they become susceptible of accrual; i.e., both measurable and available. Available means collected within the current year or soon enough thereafter to be used to pay liabilities of the current year.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include prepaid expenses which are recognized as expenditures when paid, and principal and interest on general long-term debt which are recognized as expenditures when due.

The accounts of the Fiduciary Fund Type - Agency Funds are maintained, and the financial statements have been prepared, on the cash basis which approximates modified accrual basis of accounting.

Investments

Investments in U.S. government obligations are stated at cost which approximates quoted market value.

General Fixed Assets

General fixed assets acquired are accounted for as expenditures in the applicable governmental fund type at time of purchase. The cost of such general fixed assets is not, however, recorded in a General Fixed Assets Account Group since the County does not maintain separate detail accounting records of its general fixed assets.

Budgets and Budgetary Accounting

The County Judge and County Auditor prepare the proposed budget, together with revenue estimates furnished by the County Auditor, and submit the data to Commissioners Court. A public hearing is held on the budget by Commissioners Court. Before determining the final budget, Commissioners Court may increase or decrease

the amounts requested by the various departments. In the final budget, which is usually adopted in October or November, expenditures for current operating funds cannot exceed the estimated available cash balances in such funds at January 1, plus the estimate of revenues for the ensuing year. Commissioners Court may transfer amounts among individual budget line items within a major expenditure categories during the year, but no such transfer may increase the overall total of the budget. Budgeted amounts as originally adopted were not significantly changed by such transfers during the year.

Formal budgetary integration is employed for the General Fund, Special Revenue Funds and Debt Service Funds. Budgets for these funds are prepared on the cash basis. Formal budgetary integration (annualized budgeting) is not employed in the Capital Projects Funds. Effective budgetary control in these funds is achieved through individual project budgeting in conformance with the provisions of bond orders and other sources.

A reconciliation of revenues and expenditures on the budgetary basis to revenues and expenditures on the modified accrual basis is as follows:

	General Fund	Special Revenue Funds	Debt Service Funds
Revenues:			
Budgetary basis	$12,519,422	$9,626,535	$446,932
Received during 1982 that were accrued in 1981	(588,493)	(553,262)	(30,832)
To be received during 1983 that were accrued in 1982	102,534	60,638	10,902
Revenues on modified accrual basis	12,033,463	9,133,911	427,002
Expenditures:			
Budgetary basis	10,926,291	8,559,242	326,476
Incurred during 1981 but paid in 1982	(547,125)	(334,590)	
Incurred during 1982 that will be paid in 1983	229,182	155,773	136,859
Expenditures on modified accrual basis	10,608,348	8,380,425	463,335
Revenues over (under) expenditures on modified accrual basis	$ 1,425,115	$ 753,486	$(36,333)

Vacation Pay and Sick Leave

Employees are credited with vacation leave at rates of from ten to fifteen days per year and may accumulate up to a maximum of fifteen days. Upon termination employees are paid for any unused accumulated vacation.

Employees are credited with sick leave at the rate of six days per year and may accumulate an unlimited number of days. Upon termination employees are not paid for any unused sick leave.

The County's liability for vacation pay and sick leave benefits was not material at December 31, 1982.

Total Columns on Combined Statements

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns does not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Such data is not comparable to a consolidation because interfund eliminations have not been made in the aggregation of this data.

2. PROPERTY TAXES

Levy and Collection

Property is appraised and a lien on such property becomes enforceable as of January 1, subject to certain procedures for rendition, appraisal, appraisal review and judicial review. Property taxes are levied by October 1 of the year in which assessed, or as soon thereafter as practicable. Taxes become delinquent February 1 of the following year and are subject to interest and penalty charges.

The County bills and collects its own property taxes and those of various other taxing entities. Collections of these taxes pending distribution are accounted for in an agency fund.

Tax Rates

The County's total tax rate for 1982 was $.295 per $100 of assessed valuation including $.00761 for debt service on the County's general long-term debt. The County is permitted by law to levy taxes for general fund and road and bridge fund purposes up to $.80 per $100 of assessed valuation, and a special road and bridge fund tax up to $.15 per $100 of assessed valuation. The County has levied $.25252 of the tax subject to the $.80 tax limitation and $.03487 of the tax subject to the $.15 tax limitation.

Central Appraisal District

The Texas Legislature in 1979 adopted a comprehensive Property Tax Code (the "Code") which established a county-wide appraisal district and an appraisal review board in each county in the State, including Fort Bend County. The Central Appraisal District is responsible for the recording and appraisal of property for all taxing units in the County.

The Central Appraisal District is required under the Code to assess property at 100% of its appraised value. Further, real property must be reappraised at least every four years. Under certain circumstances, taxpayers and taxing units, including the County, may challenge orders of the Appraisal Review Board through various appeals and, if necessary, legal action.

Under the Code, Commissioners Court will continue to set tax rates on property. The Code also provides that, if approved by the qualified voters in the Central Appraisal District, collection functions may be assigned to the Central Appraisal District.

3. GENERAL LONG-TERM DEBT

The following is a summary of the general long-term debt transactions for the year ended December 31, 1982:

Beginning balance, January 1	$3,875,000

4. PENSION PLAN

All officials and permanent employees of the County and the Fort Bend County Drainage District (the "District") are members of the Texas County and District Retirement System (the "System") under which the member and the County (or District) each contributes an amount equal to 7% of the member's earnings. The annual contributions include amounts necessary to amortize past service costs over 12 years. Total contributions to the System by the County in 1982 were as follows:

General Fund	$353,112
Special Revenue Funds	129,147
Total	$482,259

The District contributed $67,679 to the plan in 1982.

The accumulated plan benefits, plan net assets and unfunded accrued liability for the combined County and District plan is presented below as of the latest available actuarial valuation date, December 31, 1981:

Actuarial present value of accumulated combined plan benefits:	
Vested	$5,662,429
Nonvested	913,199
Total	$6,575,628
Net assets available for benefits	$4,312,919
Unfunded accrued liability	$2,262,709

The weighted average assumed rate of return used in determining the actuarial present value of vested benefits was approximately 4-1/2%.

5. INTERFUND BALANCES

Individual fund interfund receivable and payable balances at December 31, 1982 are as follows:

Fund	Interfund Receivable	Interfund Payable
General Fund	$239,393	
Special Revenue Funds:

Honorable Jodie E. Stavinoha,
County Judge, and Members of the
Commissioners Court of Fort Bend
County, Texas
Fort Bend County Courthouse
Richmond, Texas 77469

Dear Sirs:

We have examined the combined financial statements of Fort Bend County, Texas (the "County") and Fort Bend County Drainage District (the "District") for the year ended December 31, 1982 and have issued our reports thereon dated May 16, 1983. In connection therewith, we submit this Commentary Report to Management containing our comments and recommendations concerning internal accounting control and other administrative and operating matters which resulted from our examinations of the County's and District's 1982 financial statements. These recommendations are not based on a special study and do not purport to be other than our observations incidental to such examinations.

Our observations and recommendations are presented under the following main captions:

Section I. WEAKNESSES IN INTERNAL ACCOUNTING CONTROL
Section II. ADMINISTRATIVE AND OPERATING MATTERS

This report is intended solely for the use of management and should not be used for any other purpose.

We will be pleased to discuss these recommendations with you and, if desired, to assist you in implementing any of them.

Yours truly,

Deloitte Haskins + Sells

APPENDIX

Section I. WEAKNESSES IN INTERNAL ACCOUNTING CONTROL

As part of our examinations, we made a study and evaluation of the County's and District's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the County's and District's combined financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole.

The observations reported herein should be considered in the context of the responsibility of management for establishing and maintaining a system of internal accounting control, the objectives of and the inherent limitations on such a system, and the definition of a material weakness for purposes of this report, which are described in the Appendix.

Our study and evaluation made for the limited purpose described in the first paragraph of this section would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the County and the District taken as a whole.

MATERIAL WEAKNESSES

Our study and evaluation disclosed the following conditions that we believe are material weaknesses (these conditions were considered in determining the nature, timing and extent of the audit tests applied in our examinations of the 1982 combined financial statements, and this report does not affect our reports, dated May 16, 1983, on our examinations):

Tax Assessor and Collector - Unrecorded/Undeposited Tax Receipts

Observation: During the first four months of 1983 a significant time lag existed between the dates when checks and currency were received in payment of 1983 property taxes and when such receipts were recorded by the Tax Assessor and Collector and then deposited in the bank. As a result, there were millions of dollars being stored for several months in a closet (small vault room) in the Tax Assessor and Collector's office which is neither fireproof nor secure. In addition, this delay in depositing these monies in the bank prevented the County from earning a significant amount of interest income from investing activities.

382NN

Recommendation: Contract with the County's bank depository for a lock box so that taxpayers can mail their payments direct to the bank. This not only affords adequate physical protection but also facilitates the immediate investment of the monies.

Observation: There are no firmly established cut-off procedures at month-end or year-end to close-out the monthly accounting for tax collections and make them available for audit by the County Auditor. The tax year ended June 30, 1981 was not closed out until December 1982, and the tax year ended June 30, 1982 has not yet been closed. Monthly reports to the County Auditor have been submitted up to ten months after the close of a particular collection month.

Recommendation: Establish target dates for completion of processing mail receipts for a given month (i.e., the 15th day of the subsequent month). Close-out one month before beginning to process mail receipts for the subsequent month. Establish and adhere to target dates for completion of monthly and annual reports.

OTHER WEAKNESSES

Our study and evaluation also disclosed the following conditions that, although not considered by us to be material weaknesses, are weaknesses in internal accounting control for which corrective action should be taken.

A. Tax Assessor and Collector

1. Collection of Delinquent Taxes

Observation: Delinquent taxes collected are not being allocated to the various funds based on legal allocation rates in effect for the related tax years.

Background: The County does not maintain a summary of delinquent taxes by tax year. Delinquent taxes collected are, therefore, credited in total to the taxes receivable of the most recent tax year or years. Allocation of these collections to the various funds is then made pursuant to the most recent tax year allocation rates. We understand an independent tax research firm has been hired to compile and computerize the delinquent tax rolls.

Recommendation: Pursue the preparation of delinquent tax rolls by tax year. Then the delinquent taxes collected can be allocated to the various funds based on the legal allocation rates for the related tax years.

2. Reconciliation of Tax Roll

Observation: The current County tax rolls do not facilitate the reconciliation of the total amount of land acreage in the County to the total amount of land acreage included in the real property tax rolls. Land acreage that is exempt from property taxes is not included in the tax rolls.

Recommendation: Reconcile on an annual basis the total acreage included in the real property tax rolls to the total County abstract acreage. This reconciliation may be accomplished by performing the following steps:

- Agree the total number of lots to their respective platt map.
- Agree the platt map acreage plus the County road and exempt property acreage to the abstract.
- Agree the abstract acreage totals to the beginning statutory acreage of the County.

3. Abstract Books

Observation: Abstract books have not been posted since 1980. Subdivision books have not been posted since 1979.

Recommendation: Maintain abstract and subdivision books on a current basis. Institute a plan for computerizing the block books.

4. Manual Control Procedures

Observation: The Tax Assessor and Collector's personnel perform several manual control procedures for the computer systems used by that office on a daily, monthly and annual basis. These procedures include:

- Agreeing actual cash counts with the reports per the computer on a daily basis.
- Agreeing the totals per issued receipts with the monthly report per the computer and with the manual cash ledger.
- Reconciling the original amount of current property taxes payable with the amounts paid, amounts relieved because of assessment error and amounts delinquent (still payable) only on a periodic basis.

382 PP

Recommendation: Since the reconciliation of the original amount of current property taxes payable with the totals per the computer provides a basis for checking the integrity of computer data, the Tax Assessor and Collector's personnel should consider performing this reconciliation on a more regular basis, such as monthly.

B. EDP

1. Program Security

Observation: Computer programs are stored under the same account and group qualifiers as user data which could result in unauthorized users having access to computer programs. For security purposes, only the programming staff should be in a position to modify computer programs.

Recommendation: Segregate computer programs and user data by account or group so that security can be established to restrict access only to authorized individuals.

2. Data Security

Observation: The County has a communication network which could allow a significant number of people unauthorized access to the County's data.

Background: The County has over thirty computer terminals in various locations which give in excess of forty-five people access to the County's computer system, programs and data. This includes personnel in the Tax Assessor and Collector, County Auditor, and Data Processing departments. While the computer can provide several levels of security, implementation of security features has been limited to password access to the system. Because of this, there is potential for unauthorized access by individuals who have knowledge of the computer system's database features.

Recommendation: Restrict unauthorized access to the County's data by segregating data by function or department so that security can be implemented at the account level.

3. Physical Security

Observation: Physical access to computer equipment is not controlled.

Background: Physical access to computer equipment, particularly the master console, provides the means to bypass most, if not all, data processing security measures.

Generally, organizations achieve data processing security through segregation of duties. One group of personnel, operations, has access to computer equipment and may execute computer programs, but is not permitted to write or modify such programs. Another group of personnel develops and maintains computer programs (which are placed in operation only after management review), but does not have access to main computer equipment.

In smaller organizations such segregation of duties is difficult because of data processing staff size.

Fort Bend County does not have a large data processing staff. All members of the staff, including a contract computer programmer, have keys to the offices where the computer is housed. They thereby may have unrestricted and unsupervised access to the computer equipment. Most of these people perform operations duties as well as programming duties. Only recently has an individual been hired whose duties are strictly operational.

Recommendation:

- Ensure that personnel outside the Data Processing department are precluded from having unsupervised access to the main computer.
- Ensure that the operations person's update access for computer programs is restricted.
- Restrict programmer access to the computer during non-business hours to times when the operator or another programmer is present, particularly for contract programmers.
- Ensure that all locks on doors to the Data Processing offices are adequate (which is not currently the case).

382 RR

4. Documentation of Program Changes

Observation: User approval of requested modifications to computer systems is not always documented when modifications have been completed.

Background: Currently, the County has two forms for requesting data processing services. Data Processing policies require a person designated by management to test a program before it is placed in production.

These forms and policies do not provide for user approval prior to implementation of a program change nor do they provide for explicit documentation of program changes.

Recommendation: Where appropriate, user approval should be obtained and documented prior to placing a program into production. When programs are modified or new programs located, the time, date and person responsible for placing the program in production should be documented.

5. Off-Site Storage

Observation: The Bailiff's office in the County Courthouse is used as the off-site storage location for backup data. This location is not fire-proof.

Recommendation: The County should consider acquiring space in a more secure, controlled area for off-site storage of this important data.

6. Blank Checks

Observation: Blank checks are not secured.

Background: Blank checks for payroll and accounts payable are stored in open boxes in the data processing storeroom. All data processing personnel have access to this area at any time since all personnel have keys to the Data Processing offices. Data Processing maintains the log of check numbers.

Recommendation:

- Store blank checks in a locked room or cabinet, and restrict access to the key for this storage.
- Have someone independent of Data Processing maintain the check log.

7. Documentation of Property Tax System

Observation: Documentation for the new Property Tax system needs to be completed.

Recommendation: Complete documentation for all County computer systems as appropriate. Ensure that documentation standards include job run instructions.

C. County Clerk

Observation: There is no control over the issuance of prenumbered receipt tickets.

Recommendation: Maintain a record of receipt book numbers received from the County Auditor and use separate books for processing hand and mail receipts.

Observation: Daily cash receipts are kept during the day in a drawer visible to the public and accessible by all office personnel.

Recommendation: Remove cash receipts to a more remote or less visible area of the office. Consider implementing a cash register system and/or utilizing a central cashier to handle cash transactions.

D. District Clerk

Observation: Undeposited cash receipts are retained overnight or over the weekend in an unlocked drawer visible to the public and accessible by all office personnel. Additionally, these receipts are not summarized until the business day following receipt.

Recommendation: Deposit cash receipts in the bank or with the Treasurer on a daily basis. Consider implementing a cash register system and/or utilizing a central cashier to handle cash transactions.

E. Sanitary Landfill

Observation: The Landfill Department operates with a limited number of office personnel. This results in those personnel performing incompatible duties with regard to access to both the cash and the related records.

Recommendation: Employ additional clerical help to facilitate the segregation of cash related duties. Consider modifying the cash register in use such that it automatically prints a customer receipt each time a customer uses the landfill.

382 TT

F. Justice of the Peace - Precinct 3

Observation: During the months of November and December 1982 cases were not recorded in the docket books.

Recommendation: Update the docket books to include those omitted cases arising during the months in question. Perform procedures necessary to document the proper disposition of these cases.

Observation: During the year cases remained pending without proper explanation or reference on the monthly summary of cases reported to the County Auditor. Additionally, cases that were settled during the year were not noted as such in the docket books.

Recommendation: Comply with the established procedures as required by the County Auditor.

G. Fixed Assets

Observation: Fixed assets owned by the County and District are not presently recorded in the accounting records. Such accountability needs to be established and then maintained.

Background: A physical inventory of all County and District owned fixed assets was recently completed. The Data Processing department has developed the required computer programs and is ready to input the fixed assets inventory data for further processing.

Recommendation: Pursue the completion of this project in order to obtain needed accounting control over fixed assets.

Section II. ADMINISTRATIVE AND OPERATING MATTERS

The following recommendations concerning administrative and operating matters not related to internal accounting control resulted from our observations during our examinations and are not based on a special study.

A. Data Processing Plan

Observation: The County does not have a formal Data Processing Plan.

Background: A formal Data Processing Plan provides the framework for ensuring that the necessary personnel, equipment, systems and procedures are in place to support the County's growing data processing requirements. Recognizing that new systems and modifications usually require considerable resources and time, such a plan provides a systematic method of applying these resources in a cost effective manner.

Such a plan would present an orderly growth path for data processing, provide management with a tool to assess the capacity requirements of the computer, and measure the productivity and effectiveness of the Data Processing Department.

A formal Data Processing Plan would include:

- An overview of the present computer systems, capacity and service level
- Presentation of major systems needs, benefits and paybacks
- Short-term enhancements to existing systems
- Major systems development requirements
- System impacts on personnel hardware
- Recommended data processing staff and skill levels, hardware and systems priorities
- A schedule for implementing the plan.

Recommendation: Enhance the current inventory of current and projected systems to develop a formal Data Processing Plan.

382 VV

B. Justice of the Peace - Precincts 3 and 4

Observation: Several open bank accounts have had no activity since August 1982.

Recommendation: Close all inactive bank accounts.

C. Tax Assessor and Collector

1. Remittances of County Treasurer

Observation: Daily receipts are not always posted to the summary of monthly receipts by category ("Columnar Pad"). This results in the receipts not being reported and remitted to the County Treasurer on a timely basis for depositing in the County's depository bank.

Recommendation: Reconcile the daily summary sheets with the postings to the "Columnar Pad". Report and remit tax receipts on a weekly basis during slack collection months and on a daily basis during busiest collection months.

2. Tax Redemption Certificates

Observation: Prenumbered tax redemption certificates were not issued in chronological sequence. Also, the information on previously issued redemption certificates was "whited out" and the certificates re-issued with all new information and numbers.

Recommendation: Reorganize the collection department so that specified individuals process only delinquent collections. Control redemption certificates by maintaining a log indicating to which clerks each book of certificates was issued, and receipts used and voided. At the beginning of each month, issue certificates to be used only for that month's receipts.

Observation: Tax redemption certificates do not always indicate charges assessed for penalty and interest or reasons why such charges were waived.

Background: Penalty and interest charges are occasionally waived by the Tax Assessor and Collector in situations where the taxpayer has correspondence from the County indicating that no delinquent tax is due.

Recommendation: Indicate proper authorization of waived penalty and interest on the redemption certificates by appropriate notations and initials by the Tax Assessor and Collector.

3. Personal Property Inventories

Observation: Personal property inventories for the 1981 tax year have not been alphabetized or filed.

Recommendation: File such inventories on a timely basis.

4. Documentation of Homestead and Agricultural Exemptions

Observation: Documentation of support for homestead and agricultural exemptions could not be located for several taxpayers.

Recommendation: Maintain a complete file for all changes to the tax roll resulting from homestead and agricultural exemptions.

D. District Clerk

Observation: Amounts collected as deposits for court fees are not recorded as revenue until final settlement of the case.

Recommendation: Record revenue collected for "deposits on cost" when received. Separate "deposits on cost" from other cash bonds on the District Clerk's monthly report to facilitate recognizing court fees revenue. Such revenue can then be immediately allocated to proper County funds.

E. Payrolls

Observation: The County Auditor currently handles all accounting, record keeping and preparation duties related to the County payrolls.

Background: Several State statutes and Attorney General opinions appear to provide that the County Treasurer shall be involved in certain aspects of the payroll process. Specifically, such statutes and opinions seem to indicate that the County Treasurer is the only County official "to assess and collect" or withhold from employee's salaries amounts for Social Security contributions, retirement plan contributions, savings bond purchases, and group insurance plan premiums.

382 XX

Recommendation: With assistance from the District Attorney, thoroughly research and review all pertinent State statutes and Attorney General opinions to ascertain specifically what duties and responsibilities the County Treasurer has in relation to County payrolls. Obtain new Attorney General opinions on specific Fort Bend County issues, if necessary. Then proceed to divide the payroll record keeping and preparation duties between the County Auditor and County Treasurer in accordance with these legal findings.

Observation: Records related to the number of days of accumulated vacation and sick leave for all County and District employees are maintained in the various County and District departments.

Background: The County's data processing system for payrolls has the capability of accumulating and maintaining information related to vacation and sick leave days earned by all employees. Payroll check stubs already have spaces provided to allow for this information to be printed out for each employee on each pay period.

Recommendation: Vacation and sick leave data should be maintained centrally on personnel and payroll records rather than in each individual department.

F. Purchasing

Observation: Currently the County has no standard policies and procedures regarding the use of purchase orders when materials and supplies are purchased.

Background: The use of standard purchase orders for all purchases of materials and supplies would facilitate the timely and accurate recording of encumbrances against budget appropriations. This, in turn, would provide all County departments with current information as to the status of their budgets.

Recommendation: Consider implementing standard policies and procedures County-wide dealing with the use of purchase orders when buying materials and supplies. Use the purchase orders as input to an encumbrance system which we understand has already been developed by the Data Processing Department.

APPENDIX

MANAGEMENT'S RESPONSIBILITY FOR, AND THE OBJECTIVES AND LIMITATIONS OF, INTERNAL ACCOUNTING CONTROL AND THE DEFINITION OF A MATERIAL WEAKNESS

The following comments concerning management's responsibility for internal accounting control, the objectives of and the inherent limitations on a system of internal accounting control, and the definition of a material weakness are excerpts from Statements on Auditing Standards of the American Institute of Certified Public Accountants.

Management's Responsibility

Management is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures.

Objectives

The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Limitations

Because of inherent limitations in any system of internal accounting control, errors or irregularities nevertheless may occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Material Weakness

A material weakness (for the auditor's purpose) is a condition in which the specific control procedures, or the degree of compliance with them, do not (in the auditor's judgment) reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. These criteria may be broader than those that may be appropriate for evaluating weaknesses in internal accounting control for management or other purposes.

Engineering Department
3403 Avenue F
Rosenberg, Texas 77471

Dear Mr. Kucherka:

This letter will serve as our commitment to dedicate a 2.9877-acre tract to Fort Bend County for park land. The tract is bounded on the west by the west line of the original 542-acre Schumann tract; on the north by the south line of the North Mission Glen Municipal Utility District; and on the south by the proposed north line of the Keegan's Bayou channel right-of-way drainage easement. As soon as the proper instruments can be prepared, the park land will be dedicated to the County.

Should you have any questions or require additional information, please call.

Sincerely,

Richard V. Gadd, Jr.

RE: FEE OFFICERS CASH COUNT
SECOND QUARTER

Gentlemen:

According to VACS Article 1656a, we have conducted a cash count on the Fee Officers for the second quarter which we deemed necessary to insure "the speedy and proper collection and checking of and accounting for the revenues and other funds and fees belonging to the County".

A routine cash count was conducted on the Fee Officers and they were informed of the results at the time of the cash count. We are prepared to discuss the results with the Commissioners and the Fee Officers and answer any questions if necessary.

Sincerely,

Joyce Tompkins

Ltr for 15 Day

This area covers Bass Harbor from Clodine Road to highway 6

Not only is our lives in danger but our personal property (cars) are being damaged by "Bad Roads" which the trucks have torn up.

We would like to see "Stop Signs" installed and "Speed Signs" of 25 MPH put up.

The trucks travel much too fast and several of us have almost been forced off the road to avoid an accident. Many of us can attest to this.

We would like for this area to be patrolled please, and a official to see that this law is enforced.

We are all tax paying citizens and as property owners we can no longer keep silent concerning these matters above and hope that you will honor our petition and take immediate action to help us correct the above mentioned.problems that we have presented to you. all of us are residents of the area and use this road.

NOTICE

TO ALL PERSONS INTERESTED IN A 162.833 ACRE TRACT OF LAND IN THE M. M. BATTLE LEAGUE, ABSTRACT 9, IN FORT BEND COUNTY, TEXAS:

Notice is given that C. N. Papadopoulos, Trustee and seven other freeholders of Precinct 3, Fort Bend County, Texas have filed the following application addressed to the Honorable Commissioner's Court of Fort Bend County, Texas for permission to cancel, vacate and abandon certain streets and drainage easements within a 162.833 acres of land in the M. M. Battle League, Abstract 9, Fort Bend County, Texas:

"APPLICATION TO THE COMMISSIONER'S COURT OF FORT BEND COUNTY, TEXAS FOR THE VACATION OF CERTAIN UNOPEN STREETS AND DRAINAGE EASEMENTS

TO THE HONORABLE COMMISSIONER'S COURT OF FORT BEND COUNTY, TEXAS:

NOW COME the undersigned, being freeholders of Precinct 3 of Fort Bend County, Texas, ("Applicants") and submits this application for permission to vacate and discontinue certain easements and streets purportedly granted and dedicated by an instrument recorded in Volume 863, Page 382, the Deed Records of Fort Bend County, Texas, affecting a certain 162.833 acre tract out of the M. M. Battle League, Abstract 9, Fort Bend County, Texas, located in Precinct 3, Fort Bend County, Texas, and respectfully show unto the Court as follows:

1. That C. N. Papadopoulos, Trustee is the owner of a tract of land more particularly described by metes and bounds on Exhibit "A" attached hereto, all of which land is situated within Fort Bend County, Texas and is situated outside of the corporate limits of any incorporated town or city.

2. That C. N. Papadopoulos, Trustee's predecessors in title executed and recorded a certain instrument dated the 3rd day of October, 1979, which was recorded in Volume 863, Page 382, of the

Deed Records of Fort Bend County, Texas which purportedly granted and dedicated the following:

(a) Those certain streets called Briar Run, Pecan Meadow Circle, Moss Court, Timber Court, Sandy Hill Road, Grassy Creek Road.

(b) Three 30' drainage easements.

All of the above named streets are described by metes and bounds on Exhibit "B" hereto and the three 30' drainage easements are described on Exhibit "C" attached hereto.

3. That none of the streets, roads or easements mentioned above have ever been ~~laid out on the ground or~~ used for any purpose by the public, and were never accepted by Fort Bend County.

4. That C. N. Papadopoulos, Trustee owns all of the land completely surrounding all of said streets and easements and that the cancellation of same will not interfere with the established rights of any person owning land in the vicinity of same.

WHEREFORE, PREMISES CONSIDERED, Applicants request that notice of this application be given as required by law and upon final hearing hereof that the Court enter an order cancelling, vacating and discontinuing said streets, roads and easements and authorizing C. N. Papadopoulos, Trustee to effect cancellation and vacation of such streets and easements by written instrument describing same by metes and bounds description.

Mr. Dwayne Sparks
Chief of Police
City of Rosenberg

Dear Sir;

Contained herein is a copy of the most recent contract which was approved by the Commissioners' Court relating to the citys use of the county jail. The Sheriff and I have recently attended some seminars where members of the Texas Jail Commission were in attendance. They strongly urge all counties to have a contract with all municipal agencies that house prisoners in a county jail. At this time, with your help, we would like to get some positive results as we address this area.

We hope that you would find this current contract more acceptable and in your best interests. After discussions with other agencies, we feel, that this contract has more to offer where both parties are concerned.

On October 1, 1983 the county will raise the rate charged per day from the present $10.00 to the new rate of $15.00 per day, per inmate. We feel this rate increase is justified as we conducted a survey of other area jails. Our new rate remains less than that charged in other area jails.

Since the Commissioners' Court has approved this contract, we would appreciate very much if we could make further progress in this area. Our desire is to have a working contract completed and in use no later than October 1, 1983. The idea of a jail contract has been discussed for approximately six months now. The growth rate of our county and the planned addition to the present county jail will more than double our capacity rate. With this addition we will operate one of the larger jails in this State. This is one of the main reasons we need to obtain a contract with area agencies that will use the county jail.

Again, let me stress the fact that we want to work together as we compile this contract. If you feel that we need another meeting for more discussion on this matter please contact Sheriff Hurta or myself at the county jail.

Sincerely,

Charles Tesch

THE STATE OF TEXAS X
COUNTY OF FORT BEND X

KNOWN ALL MEN BY THESE PRESENTS:

That, WHEREAS, the Commissioners' Court of Fort Bend County, Texas, has entered into a contract with the City of Rosenberg, for the care, custody and support of prisoners of the said city for the consideration and terms and conditions hereinafter set out; and persuant to Article 4413-32c Interlocal Cooperation Act, and;

0020

WHEREAS, the City of Rosenberg, acting by and through its duly elected governing body has determined ~~by xxOxdixnxxcaxxhaxaxkafaxax~~ ~~passedxandxadoptxd~~ that it would be of material benefit of said City to provide for such care of said prisoners, and;

WHEREAS, the Commissioners' Court of Fort Bend County, Texas, has passed an order authorizing the Sheriff of Fort Bend County, Texas, to accept from the proper law enforcement officers of said city all prisoners under the terms and conditions and for the consideration hereinafter set out;

It is therefore agreed by and between FORT BEND COUNTY, TEXAS, acting herein by and through its duly authorized Commissioners' Court hereinafter styled the "County" and the City of Rosenberg, each acting by and through its duly authorized governing body hereinafter styled the "City", as follows;

I.

The County agrees that the Sheriff of Fort Bend County, Texas, will on and after the effective date of this instrument, accept from the duly authorized law enforcement officers of the City all persons who under the law of the State of Texas, are prisoners of the respective city. For definition purposes, a City prisoner shall mean those persons charged only with a violation of city ordinances and State laws which are classified as class 'C' misdemeanors, lying within the jurisdiction of the Municipal Court of the City of Rosenberg, Fort Bend County, Texas. The Sheriff may, but will not be obligated to, accept persons accused of violations of municipal codes or ordinances only.

II.

The Sheriff of Fort Bend County, Texas, will house, support, maintain and confine said City prisoners in the County jail subject to the orders of the duly authorized Municipal Courts of said City.

The County and the City further agree that once a city prisoner is accepted and committed to the county jail, the Sheriff or his deputy in charge of admissions, will release a City prisoner only when the discharge of the City prisoner is lawfully ordered or authorized by a Magistrate or any Court of competent jurisdiction, provided, however, that nothing contained herein shall be construed to authorize the County or County Sheriff to incarcerate or hold any person contrary to the Constitution and Laws of the State of Texas and the United States of America.

III.

A. (1) It is agreed and understood by the County and the City that the Sheriff or his deputy in charge of admissions at the county jail, shall determine, upon presentation of any city prisoner at the county jail, whether or not at that time, the city prisoner shall be accepted into the county jail or transported to the nearest hospital. The County Sheriff or his deputy may refuse to accept an injured or ill city prisoner when in the judgement of the County Sheriff or his deputy, medical attention is necessary before confinement.

B. (2) It is further agreed that during the confinement of any City prisoner in the county jail, the County, acting by and through the County Sheriff or his deputy, will provide all necessary medical treatment and hospitalization for all City prisoners whether they become sick or injured. It is expressly agreed and understood that the cost of all such medical care, treatment and hospitalization is strictly the responsibility of said City, and should any such expense be incurred by the County, the City will reimburse the County for same upon request.

C. (3) The County acting by and through the County Sheriff or his deputy agrees that the Fort Bend County Sheriff's Department will not guard any City prisoner who is to be transported to any hospital. Once the City prisoner is removed from the county jail, it will be the responsibility of said city to provide a guard for their prisoner.

IV.

The City agrees to furnish its own baliff to escort city prisoners to and from municipal court. A committment from the Municipal Court will be obtained on each city prisoner within a period of twenty (24) hours and will be given to county jail personnel.

Such Court excludes weekends and holidays. When a City prisoner is removed from the confines of the county jail by a city police officer, the County releases and assumes no further responsibility for that city prisoner until such time that the prisoner is returned to the county jail by a city police officer. City prisoners returned to jail after court, must have proper committment forms prior to their being placed back into the county jail for confinement. City agrees that final bookout procedure be accomplished at the county jail for any final release of said city prisoner.

V.

The City agrees to pay the Treasurer of Fort Bend County, Texas, at the end of each calendar month the sum of $ 15.00 per day that each City prisoner has been incarcerated in the county jail. The Sheriff agrees to provide a statement showing the name of each city prisoner, the charge, the number of days served by each prisoner and the total amount due the County. For purposes of this agreement, confinement on any calendar day regardless of the amount of time spent in confinement, shall count as one full day of confinement. In calculating the number of days a certain city prisoner was confined, the day of arrival will be counted but not the day of departure. Further, County shall have the right to suspend City's use of the county jail facility until such time as any delinquent account is brought current. City agrees to pay for the confinement of their prisoners on municipal charges, except where class 'B' and class 'A' misdemeanor charges or felony charges are filed and not dismissed at a later date.

0020

VI.

On or before the first day of July each year, the County will notify the City in writing by letter from the County Judge to the Mayor of the City of Rosenberg, the daily rate as determined by the Commissioners' Court for the care, custody and housing of said prisoners and unless said rate is rejected by said city in writing within sixty (60) days said new rate per day will be the rate to be charged for the ensuing twelve (12) month period.

VII.

This contract may be terminated by either party at any time by written notice of an order or resolution of the respective governing body of such termination to the other party and no further liability thereon will remain other than that which has accrued before termination.

VIII.

City agrees to save and hold harmless SHERIFF and COUNTY, and SHERIFF'S successors in office, from any claims for damages for which SHERIFF or COUNTY may be held liable to a City prisoner because of the acts or omissions of any CITY employee. County agrees to save and hold CITY harmless for any claim for damages for which CITY may be held liable to any CITY prisoner because of the acts or omissions of any COUNTY employee.

IX.

The execution of this contract and the payment herein provided for are authorized by proper Resolutions and Orders, duly adopted by the Commissioners' Court of Fort Bend County, Texas, the City of Rosenberg, each entered upon the Minutes of the Meetings of said organizations, copies of which Resolutions and Orders being attached to this contract and by reference incorporated herein and made a part hereof.

The effective date of this contract shall be the 1st day of October, ~~1982~~ E.R. 1983.

Executed in triplicate originals by Order of the Commissioners' Court of Fort Bend County, Texas, and by ~~order~~ E.R. of the City Council of the City of Rosenberg, Texas, on this the 18th day of July, ~~1982~~ E.R. 1983.

STATE OF TEXAS X
COUNTY OF FORT BEND X

ON THIS THE 7th day of June, 1982, at a Special Meeting of the Commissioners' Court, sitting as a governing body of Fort Bend County, Texas, came on to be considered the necessity of revising and reorganizing policies for the approval of subdivision plats in Fort Bend County.

Upon due consideration, the Court was of the opinion that there exists a necessity for such action:

NOW, THEREFORE, by and under the authority vested in the Commissioners' Court, upon the motion of Commissioner Alton B. Pressley, Commissioner of Precinct #3, seconded by Commissioner W. Lee Schmidt, Commissioner of Precinct #2, duly presented and carried, IT IS ORDERED, ADJUDGED AND DECREED that the following policies are hereby adopted and shall be in full force from the date hereof, to-wit:

1. Every owner of any tract of land situated without the corporate limits of any city in Fort Bend County, Texas, who divides the same into two (2) or more parts for the purpose of laying out any subdivision or any such tract of land, or an addition without the corporate limits of any town, or city, or for laying out suburban lots or building lots, and for the purpose of laying out streets, alleys, or parks, or other portions intended for public use, or the use of purchasers or owners of lots fronting thereon or adjacent thereto, shall cause a plat to be made thereof, which shall accurately describe all of said subdivision or addition by metes and bounds and locate the same with respect to an original corner of the original survey of which it is a part, giving the dimensions thereof on said subdivision or addition and the dimensions of all lots, streets, alleys, parks, or other portions of same intended to be dedicated to public use or for the use of purchasers or owners of lots fronting thereon or adjacent thereto.

2. In approving plats for recording in Fort Bend County, the Commissioners' Court will consider the general welfare of the citizens of Fort Bend County. This will include all the specific items listed below plus other considerations that are important to citizens of the area and Fort Bend County. These will include street specifications and widths, traffic f w, drainage and flood protection, sanitary sewer and water systems, recreational facilities, school sites, and any other amenity that applies to the area being considered.

0020

3. These policies and any and all future additions thereto and changes thereof, will be binding in all new subdivisions or re-subdivisions in Fort Bend County, that are not within the legal limits of any incorporated city or town.

4. The plat and plans must be presented to the Engineer at least fourteen (14) days prior to the Commissioners' meeting at which time the plat can be approved for record.

5. Construction plans are to be approved by the Engineer before the plat is presented to Commissioners' Court for approval.

6. No construction is to begin until the plat has been approved by the Commissioners' Court and filed.

7. All plats must be made on tracing linen or equal with India ink. This original tracing is to be filed in the County Clerk's Office as a permanent record. If the applicant requires a duplicate original of the plat with signatures, he must submit a reproduced tracing along with the original. He must also furnish a print of the plat for the County file.

8. In the upper right hand corner the plat must provide a small scale key map showing the location of the subdivision with reference to well-known fixed points in Fort Bend County.

0020

9. All streets indicated on the plat are to have a minimum width of sixty (60) feet, and dedicated to the use of the general public. Minimum specifications for streets are given on the attached plat, and said plat is made a part of this policy statement.

10. Fort Bend County will approve fifty (50) foot street right-of-way where the following requirements are met:

    A. The streets to be paved with a 28 foot wide back to back concrete curb and gutter.

    B. The streets serve detached single family homes.

    C. The right-of-way to be used for street paving, storm sewer and water lines only. Any additional utilities will require a seperate utility easement or wider street right-of-way.

D. The street not to extend into any other land use.

E. Street to be a loop not to exceed 1,000 feet; dead end with permanent turnaround not to exceed 800 feet, or an interior street that does not exceed one (1) block (1,400 feet) in length. The Fort Bend County Commissioners' Court and Fort Bend County Drainage District Engineer will determine which streets meet the requirement.

F. No manholes under or in pavement.

G. No utility lines under pavement except at perpendicular crossings.

H. Minimum sixteen (16) foot utility easement at rear of lots.

11. On all streets with curbs and gutters the plasticity index of the subgrade soil shall be determined by the A A S H O method of testing. When the P. I. exceeds 20, subgrade will be lime stabilized to a depth of six (6) inches in accordance with City of Houston specifications.

0020

12. The plat and plans as submitted for approval and filing must show the line and grade of proposed streets and side ditches, drainage ditches, utility easements and the course and location of all existing pipelines or pipeline easements through such proposed subdivision. The plat must provide a note stating that all existing pipelines or pipeline easements through the proposed subdivision have been shown or that there are no existing pipelines or pipeline easements within the limits of the proposed subdivision. The plat must also show one foot interval contour lines.

13. Each lot shall be provided with an adequate (minimum 18 inches or equivalent) (unless otherwise approved) culvert or other approved entrance structure and the size and design of the entrance structure is to be included on the plans submitted.

14. Fort Bend County Commissioners' Court requires that sidewalks will be built within all right-of-way dedicated to the Public. The sidewalks will be within the road right-of-way, four (4) feet in width, four and one half (4½) inch thickness, constructed with five (5) sack steel reinforced concrete. All sidewalks will have a slope toward the street 1/4 inch to 1/2 inch per foot.

15. Subdivisions with all lots being at least one (1) acre or more and not having curb and gutter streets will not be required to have sidewalks.

16. Subdivisions with all lots being at least one (1) acre or more and not having curb and gutter streets are exempt from the requirement of twenty-two (22) feet of Hot Mix hardtop material on the street. Provided however, that there must be a note on the plat and each buyer must be notified that the county will assume no responsibility for future topping of the street except where the adjoining landowners agree to pay the cost of such topping.

17. Lots shall not encroach on drainage easements.

18. All subdivision and street names must be checked to avoid duplication.

19. Drainage easements to be adequate width to allow drainage and flood control to all properties that naturally drain through property being approved for development.

20. The Fort Bend County Drainage District Engineering Department will set minimum slab elevations for each subdivision to help protect developed property from flooding. Regardless of the minimum slab elevation set by the above method in no case will the top of a slab be less than eighteen (18) inches above natural ground. The minimum slab elevation approved by the Commissioners' Court shall be clearly shown on the front of the plat to be recorded.

0020

21. It shall be the duty of the developer or his Engineer to see that layout and construction follow the plans as presented with the final subdivision plat.

22. A certificate from each tax collector of a political subdivision in which the property is located must accompany the plat to be recorded, showing that all taxes owing to the State, County, and or any other political subdivision have been paid in full to date.

23. A. The Commissioners' Court will not approve any map or plat of any subdivision or resubdivision unless such map or plat is accompanied by a Bond, the amount of which shall be determined by the Commissioners'

Court payable to the County Judge; to the effect that the owner or owners will construct the roads, streets, and entrance structures therein shown in accordance with the specifications set out herein, provided however, in lieu of the above Bond, Commissioners' Court may, at its discretion, require the subdivider to furnish the Court with a signed copy of the contract upon which said Bond is written. Form of Bond must be approved by County Attorney.

B. In lieu of subsection (a) the Commissioners' Court may, by Court Order, tentatively approve a subdivision plat subject to the construction of the streets, and entrance structures therein shown in accordance with the specifications set out herein. After the streets and entrance structures have been constructed by the owner or owners of the subdivision in accordance with the specifications set out herein, and all the other provisions have been met, the Commissioners' Court will order the plat approved for filing.

C. The Commissioners' Court of Fort Bend County, may at its discretion, in lieu of the above Bond, accept an irrevocable letter of credit from an acceptable Texas Bank. Form of Bond or letter of credit must be approved by the County Attorney.

D. The Performance Bond or substitutions listed in A., B., and C. above must remain in full force and effect after the subdivision has been approved until all roads, streets and entrance structures in the subdivision have been completed in accordance with rules and specifications as set forthin said "Policies" to the satisfaction of the Commissioners' Court and until the roads, streets and entrance culverts are accepted into the County Road System. The terms of the Bond are to include provisions that when a lot or portion of this subdivision is sold the roads, streets, and driveways that service that lot or portion must be completed in accordance with the rules and specifications as set forth in the "Policies for the Approval of Subdivision plats in Fort Bend County."

24. This policy shall apply to all future subdivisions not now of record in the office of the County Clerk and/or the plat office of Fort Bend County, Texas.

25. After at least 60% of a subdivision or a section of a subdivision has been sold and developed and all the above regulations have been met, and the streets have been

maintained for a period of at least one (1) year; interested parties may petition the Commissioners' Court to maintain the streets in said subdivision dedicated to the Public. The Commissioners' Court will consider each request and then determine whether the streets should be maintained by the County. No streets shall be maintained except by vote of Commissioners' Court.

26. This policy shall not apply to any roads now being maintained by the Road Department of Fort Bend County.

27. Before any streets are accepted into the County Road System a complete system of signs (street names, traffic, etc.) must be in place and must conform to a plan submitted to and approved by the Engineering Department.

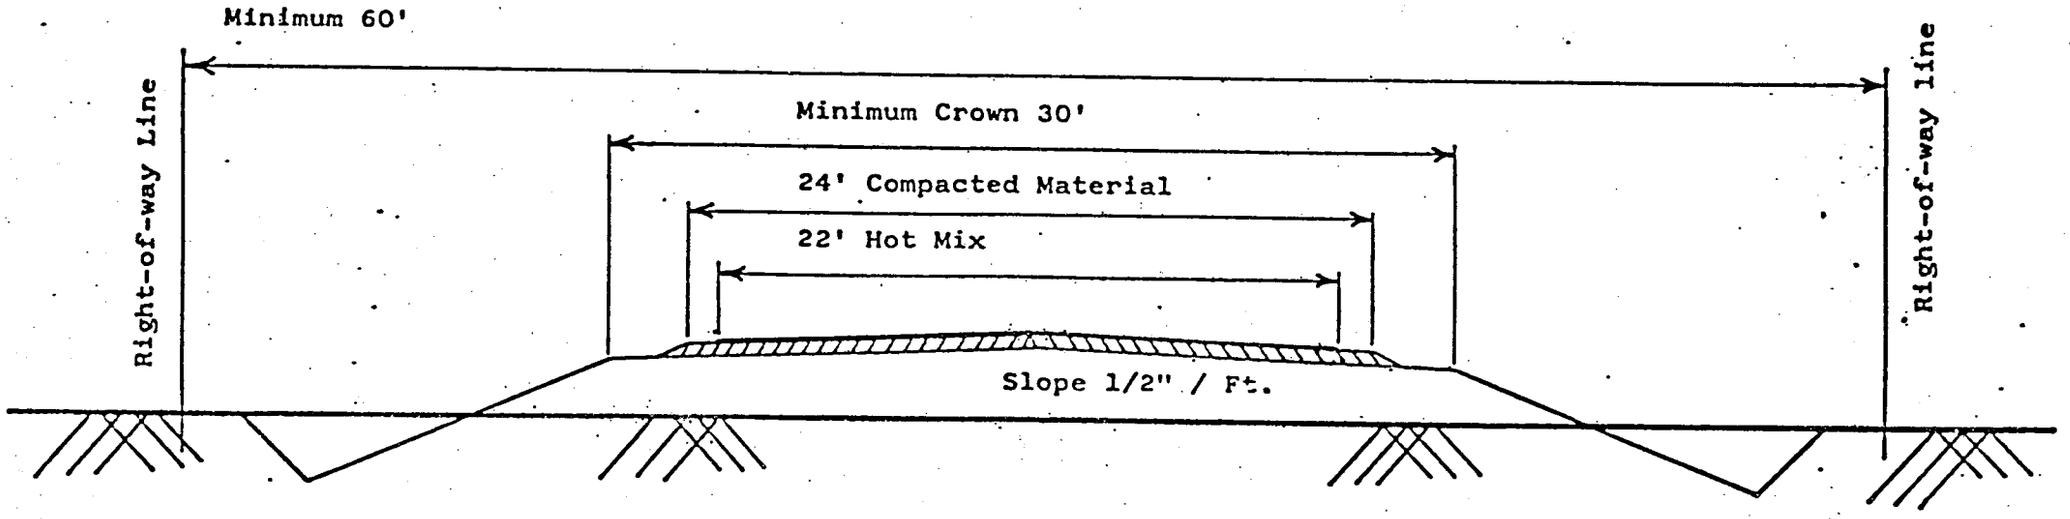

ADDENDUM TO 21

0020

Adequate inspection will be provided during construction of utilities, paving and drainageways by a Registered Professional Engineer to insure that the construction conforms to the plans and specifications approved by the Fort Bend County Engineering Department and all provisions of the Fort Bend County Commissioners' Court.

PERPETUAL BOND COVERING ALL CABLE, CONDUIT AND/OR POLE LINE ACTIVITY IN, UNDER, ACROSS OR ALONG FT. BEND COUNTY ROADS

THE STATE OF TEXAS)
)
COUNTY OF FT. BEND)

KNOW ALL MEN BY THESE PRESENTS, that we Katy Cable Television, Inc., as principal, and Liberty Mutual Insurance Company, as surety, are held and firmly bound unto FT. BEND COUNTY, a body corporate and politic under the laws of the State of Texas, in the penal sum of ------One Hundred Thirty Eight Thousand and no/100------- Dollars ($138,000.00), lawful currency of the United States of America, for the payment of which, well and truly to be made, we do hereby bind ourselves, our heirs, executors, administrators and successors, jointly and severally and firmly by these, presents:

0020

THE CONDITION OF THIS BOND IS SUCH THAT, WHEREAS, the above bounden principal contemplates laying, construction, maintaining and/or repairing one or more cables, conduits and/or pole lines in, under, across and/or along roads, streets and highways in the County of Ft. Bend, and the State of Texas, under the jurisdiction of the Commissioners Court of Ft. Bend County, Texas, pursuant to the Commissioners Court order adopted on the 17th day of May, A.D. 1982, recorded in Volume 17 at Page 227-232, of the Commissioners Court. Minutes of Ft. Bend County, Texas, regulating same, which Commissioners Court order is hereby referred to and made a part hereof for all purposes as though fully set out herein;

AND WHEREAS, the principal desires to provide Ft. Bend County with a perpetual bond covering all such cable, conduit and/or pole line activity;

Q-141

NOW, THEREFORE, if the above bounden principal shall faithfully perform all its cable, conduit and/or pole line activity (including, but not limited to, the laying, construction, maintainence and/or repair of cables, conduits and/or lines) in, under, across and/or along roads, streets and highways in the County of Ft. Bend, and State of Texas, under the jurisdiction of the Commissioners Court of Ft. Bend County, Texas, pursuant to and in accordance with the minimum requirements and conditions of the above mentioned Commissioners Court order set forth and specified to be by said principal done and performed, at the time and in the manner therein specified, and shall pay over and make good and reimburse Ft. Bend County, all loss and damages which Ft. Bend County may sustain by reason of any failure or default on the part of said principal, then this obligation shall be null and void; otherwise to remain in full force and effect.

0020

This bond is payable at the County Courthouse in the County of Ft. Bend and State of Texas.

It is understood that at any time Ft. Bend County deems itself insecure under this bond, it may require further and/or additional bonds of the principal.

It is further understood that this bond may be terminated or cancelled by the Surety effective sixty (60) days after written notice to the Obligee.

Executed this 20th day of April, 1983.

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind the Company except in the manner and to the extent therein stated.

LIBERTY MUTUAL INSURANCE COMPANY
BOSTON, MASSACHUSETTS

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS:

That Liberty Mutual Insurance Company, a corporation of the Commonwealth of Massachusetts, pursuant to and by authority of the By-law and Authorization hereinafter set forth, does hereby name, constitute and appoint

Julie May of San Antonio, Texas

its true and lawful attorney-in-fact to make, execute, seal, acknowledge and deliver, for and on its behalf as surety, and as its act and deed: all undertakings, bonds or other surety obligations commonly referred to or in the nature of a lost instrument bond; and all other undertakings, bonds, recognizances or other surety obligations in a penal sum of not more than ONE HUNDRED THOUSAND DOLLARS ($100,000.)

and the execution of such bonds or undertakings in pursuance of these presents, shall be as binding upon said company as fully and amply as if they had been duly executed and acknowledged by the regularly elected officers of the company at its office in Boston, Massachusetts, in their own proper persons.

That this power is made and executed pursuant to and by authority of the following By-law and Authorization:

ARTICLE XV. — Section 5. — Execution of contracts, surety bonds and undertakings.

The president or a vice-president or an assistant vice-president authorized for that purpose in writing by the president and the secretary or an assistant secretary authorized for that purpose in writing by the president, subject to such limitations as the board may prescribe, shall appoint such attorneys-in-fact as may be necessary to act in behalf of the company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the company by their signature and execution of any such instruments and to attach thereto the seal of the company either by an impression of the seal or by the attachment of a seal of paper or other similar substance bearing a facsimile impression of the seal. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

By the following instrument the president has authorized the officers named therein to appoint attorneys-in-fact:

0020

Vice President Joseph N. Myers, Assistant Vice President Hubert E. Royer, and Assistant Secretary Lloyd A. Murray, Jr. are hereby authorized to appoint such attorneys-in-fact as may be necessary to act in behalf of the company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations; subject, however, to the limitation that the penal sum in which surety obligations, other than lost instrument bonds and guaranty contracts and surety bonds required to be filed by employers under the provisions of state workers' compensation laws, may be executed by attorneys-in-fact appointed under the provisions of Section 5, Article XV of the By-Laws, shall not exceed $1,000,000.

That the By-law and the Authorization above set forth are true copies thereof and are now in full force and effect.

IN WITNESS WHEREOF, this instrument has been subscribed by its authorized officer and the corporate seal of the said Liberty Mutual Insurance Company has been affixed thereto, in Boston, Massachusetts, this 25th day of January 1982.

THIS AGREEMENT, executed in triplicate, this day of , 198 , by and between MISSOURI PACIFIC RAILROAD COMPANY, a Delaware corporation, hereinafter called "Railroad", KEVALAND TEXAS CORPORATION, a Texas corporation, d/b/a BLUE RIDGE ASSOCIATES, hereinafter called "Licensee", and the FORT BEND COUNTY DRAINAGE DISTRICT, a political subdivision of the State of Texas, hereinafter called "District", WITNESSETH:

R E C I T A L S:

In order to improve drainage conditions in Licensee's proposed subdivision, lying adjacent to Railroad's property, Licensee desires to install, and to maintain for one year thereafter, two proposed 72-inch diameter culverts crossing under Railroad's main track and right of way in Fort Bend County, Texas, near Almeda.

0020

Subsequent to installation of the culverts and the expiration of the one year of maintenance by Licensee, District will accept responsibility for the future maintenance of the said culverts.

0020

Railroad is agreeable to the foregoing but solely upon the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises and of the covenants and agreements hereinafter contained, the parties hereto agree:

1. Licensee shall, at Licensee's sole cost and expense, construct and install and, for a period of one year thereafter, maintain and use two proposed 72-inch diameter, No. 8 gage, corrugated-metal pipe culverts, each 100 feet long, being hereinafter collectively called "Drainage Facilities", under and across Railroad's main track and right of way, hereinafter called "Premises", at Mile Post 13.33, in Fort Bend County, Texas, near Almeda, approximately where shown on Railroad's Southern District, DeQuincy Division white print dated December 8, 1981 at Spring, Texas, marked Exhibit "A", attached hereto as part hereof.

2. Subsequent to the proper installation of the culverts and the expiration the one year warranty/maintenance period by Licensee, District will, in accordance with its standard rules, regulations, policies and practices, accept responsibility for the future maintenance of said culverts.

3. Railroad, solely to the extent of its right, title and interest, without any warranty, either express or implied, hereby grants to Licensee and to District as their respective interests may appear, and to their respective heirs, successors and assigns, license and permission to enter on Premises for the purposes set forth in Sections 1 and 2 hereof, and subject to the terms and conditions hereinafter set forth.

This grant is expressly subject and subordinate to the present and future right in Railroad, its successors, assigns, lessees, grantees and licensees to maintain, use, operate and renew on, beneath or above surface of Premises any telephone, telegraph, power, communication or signal lines, poles and/or appurtenances, tracks, roadways, pipelines, structures, improvements or facilities of similar or different character, as now located, and to construct, install, establish and thereafter maintain, use, operate and renew on, beneath or above the surface of Premises any or all of said things provided the same do not materially interfere with Licensee's or District's use of Premises as hereinabove provided; provided, further, however, the foregoing conditions for future construction and installation shall not apply to railroad tracks, which Railroad, its successors and assigns, shall have the

right to install, construct, maintain and operate on, over or under the Premises at any and all times.

Railroad's grant herein is limited to Railroad's right, title and interest in Premises and is made without any warranty of title, express or implied, and no damages shall be recoverable from Railroad because of any dispossession of Licensee or District or because of failure of, defect in, or extinction of Railroad's title.

4.. This grant of license and permission is further subject to the following terms, provisions and conditions, which Licensee and District, as their respective interests may appear, hereby expressly accept, to wit:

(a) Licensee shall not begin, nor permit its contractor to begin, any work of any nature whatsoever on Premises until Licensee or its contractor shall have given Railroad's General Manager at least 14 days' written notice in advance of starting same.

0020

(b) Licensee or its contractor shall perform its work hereunder at such times and in such manner as shall be agreed upon between Licensee and Railroad's said General Manager or his duly authorized representative. During the entire progress of Licensee's work on or about Premises, Licensee or its contractor shall maintain contact and liaison with Railroad's authorized representatives so as to ascertain the time of passage of trains at the site of Licensee's work and so as to permit free and safe flow of railroad traffic. All work of Licensee shall be performed without interference with Railroad's tracks and operations and structures or facilities. Licensee or its contractor shall use utmost care in protecting Railroad's and others' property and in avoiding accidents. Upon completion of its work hereunder, Licensee shall leave Premises in a condition satisfactory to Railroad's authorized representative.

0020

(c) Licensee shall, at Licensee's sole cost, risk and responsibility, furnish or do or cause to be furnished or done any and all things, and when, where and as from time to time required to accomplish whatsoever Licensee attempts or is bound to do at any time hereunder. Said things, including the time and manner of doing any work, each shall conform to the requirements of the Railroad as well as of any State, Federal or Municipal authority.

(d) Licensee and District, as herein provided shall, at their respective sole costs maintain the Drainage Facilities in a reasonably good and safe condition and shall keep the same reasonably free and clear of excessive debris, sediment or obstructive matter which may or could unreasonably interfere with or impede the proper functioning thereof.

5. Licensee shall submit the design of Drainage Facilities to Railroad's General Manager, or his authorized representative, for approval. No work shall be performed in connection with Drainage Facilities prior to receipt of Railroad's approval. No approval by Railroad of Licensee's or its contractor's plans shall relieve Licensee or its contractor of any responsibility or liability hereunder.

The Drainage Facilities shall be installed by the open-trench method and shall be so installed that the upper surface thereof shall be at least 3.5 feet below the bottom of any rail thereover.

In order to permit installation of Drainage Facilities, Railroad, at Licensee's sole cost and expense, subsequent to notification as hereinabove provided, will temporarily remove, on a specific Friday afternoon, and reinstall, the following Monday morning, a short section of Railroad's main track, at the site. Licensee agrees to reimburse Railroad in the amount of $3,060.00 for Railroad's cost of temporarily removing and restoring a section of its main track as herein provided.

Subsequent to the installation of Drainage Facilities, Licensee shall restore Premises to a condition satisfactory to Railroad's authorized representative.

6. During any periods when work is being performed on or adjacent to Premises by Licensee or its contractor in connection with the construction and installation of Drainage Facilities, Railroad is authorized to furnish flagmen or other protective services or devices and to take such other action as in Railroad's opinion may be necessary for Railroad's protection in the conduct of railroad operations; and Licensee, upon receipt of bill therefor, shall reimburse Railroad for any costs so incurred, such cost to be computed in accordance with Railroad's customary practices. The providing of this service shall not relieve Licensee or its contractor of any responsibility or liability.

0020

7. Licensee shall require any contractor engaged or employed to perform any work hereunder on behalf of Licensee on any part of Premises to procure and keep in effect during the period of such work Workmen's Compensation Insurance in statutory limits, and Contractor's Public Liability Insurance providing for a limit of not less than $500,000 for all damages arising out of bodily injuries to or death of one person and, subject to that limit for each person, a total limit of $1,000,000 for all damages arising out of bodily injury to or death of two or more persons in any one occurrence, and Property Damage Liability Insurance providing for a limit of not less than $500,000 for all damages arising out of injury to or destruction of property in any one occurrence and, subject to that limit per occurrence, a total (or aggregate) limit of $1,000,000 for all damages arising out of injury to or destruction of property during the annual policy period. If any part of the work is sublet, similar insurance shall be provided by or in behalf of the subcontractors to cover their operations.

0020

8. Licensee and District hereby agree that Railroad shall not, at any time, be required to bear or assume any cost or expense in or incident to the construction and maintenance of the Drainage Facilities; Licensee and/or District, as the case may be, hereby expressly agree to bear and assume all such cost and expense.

Licensee hereby agrees to reimburse the Railroad for any and all costs of repairing or replacing any property of Railroad or others damaged or destroyed as a result of the performance of any work hereunder by or on behalf of Licensee, or as a result of the exercise of the rights herein granted.

In the event of any settlement of Railroad's embankment caused by the open excavation, as hereinabove provided, and any improper backfilling thereof, Licensee, at its sole cost and expense, agrees to restore, or cause to be restored, Railroad's embankment to its proper grade and dimensions.

9. Licensee shall, and hereby agrees to, assume and discharge, and to protect, indemnify and save harmless Railroad and District from and against: (a) any and all claims, demands, judgments, loss, cost and expense for injury to or death of any and all persons and damage, loss or destruction to any and all property (including, but not limited to, the parties hereto and their employees, and the property of said parties and of their said employees) and any manner arising from or growing out of any work done by or for the Licensee in or incident to the installation of Drainage

Facilities, or in any manner arising from or growing out of the existence, maintenance or use of Drainage Facilities, and (b) any complaint, claim or damages grounded upon the effect at any time of any water which because of the excavation, maintenance, or lack of proper maintenance, of said Drainage Facilities shall flow upon the lands, crops or improvements of any person or party.

10. Subsequent to its assumption of the possession of the Drainage Facilities as hereinabove provided, District, to the extent that it may legally so do, shall, and hereby agrees to, assume and discharge, and protect, indemnify and save harmless Railroad from and against: (a) any and all claims, demands, judgments, losses, costs and expenses for injury to or death of any and all persons and damage to or loss or destruction of any and all property (including, but not limited to, the parties hereto and their employees, and the property of said parties and of their said employees) in any manner arising from or growing out of the construction or maintenance of Drainage Facilities, or any part thereof, and (b) any complaint, claim or damages grounded upon the effect at any time of any water which because of the maintenance, or lack of proper maintenance of said Drainage Facilities shall flow upon the lands, crops or improvements of any person or party.

11. This agreement shall begin with the date first hereinabove written and continue thereafter for so long as Premises shall be used for the purposes set forth herein; provided, however, if Licensee or District shall abandon the use of Premises, or any part thereof, for such purposes, this license and permission and the rights and privileges granted hereby as to the portion or portions so abandoned shall expire and terminate at the time each such portion shall be so abandoned; whereupon Railroad shall have the same complete title to Premises so abandoned as though these presents had never been executed and the right to enter thereon and exclude therefrom Licensee or District or their respective successors and assigns.

12. This agreement and all of the covenants and conditions hereof shall inure to or bind each party's heirs, successors and assigns. Any party hereto may waive any default at any time of the other without affecting, or impairing any right arising from, any subsequent or other default.

13. District, when returning this agreement to Railroad (signed), shall cause same to be accompanied by such order, resolution, or ordinance of the governing body of District, passed and approved as by law prescribed, and duly certified, evidencing the authority of the person executing this agreement on behalf of District with the power so to do.

14. Licensee and its successors and assigns hereby expressly agrees to indemnify the District from any loss or expense that relates to this agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this agreement as of the day and year first hereinafter written.

Dear Commissioner Pressley:

This letter is to officially request that Commissioners Court set the speed limit for the Dove Country Subdivision at 20 miles per hour. We had made the same request to the city of Stafford Texas for the portion of Dove Country Subdivision which is in the city limits of Stafford Texas. Of course the reason for this request is for the safety of the many children and adult residents of our subdivision.

There is only one street that leads into our subdivision from the county side and that is Dove Country Drive which provides access to our subdivision from Farm Market Road 1092.

Your help and cooperation is greatly appreciated.

Sincerely,

Charles Presson

THENCE Southerly along the Easterly city limit line of Missouri City which is concurrent with the Westerly league line of the John Lafayette League, Abstract 163 to a point of intersection of the projection of said league line and the Northerly city limit line of the City of Houston,

THENCE in a counterclockwise direction along the city limit line of the City of Houston to intersect the Northerly right of way line of State Farm to Market Road 2234 (McHard Road),

THENCE Easterly along said Northerly right of way line to intersect the Northerly projection of the league line dividing the H. Shropshire Survey, Abstract 313 and the Thomas Hobermaker Survey, Abstract 191,

THENCE Southerly along the projection of said dividing line crossing State Farm to Market Road 2234 (McHard Road) to a point of concurrence of alignment of said dividing line and continuing Southerly to intersect the Northerly league line of the Elijah Roark Survey, Abstract 77,

THENCE Easterly along said Northerly league line to intersect the Westerly property line of a tract or parcel of land described in deed and recorded in Volume 553, Page 438 of the Fort Bend County Deed Records,

THENCE Southerly along the Westerly property of said tract or parcel of land to intersect the Northerly right of way line of Trammel-Fresno Road,

THENCE Easterly along said right of way line to intersect the centerline of Long Point Creek,

THENCE Southerly following the various meanders of the centerline of Long Point Creek to intersect the Southerly right of way line of McKeever Road,

THENCE Westerly along said Southerly right of way line of McKeever Road to intersect the Southerly right of way line of the R. T. Briscoe Irrigation Canal,

THENCE Westerly along the Southerly right of way line of said irrigation canal to intersect the centerline of the Brazos River,

0020

THENCE downstream in a Southerly direction following the various meanders of the centerline of the Brazos River to the point of intersection with the Southerly right of way line of the Santa Fe Route 70 Railroad,

THENCE in a Westerly direction along the Southerly right of way line of the Santa Fe Route 70 Railroad to a point of intersection with the Easterly right of way line of Thompsons Oilfield Road,

THENCE in a Southerly direction along the Easterly right of way line of Thompsons Oilfield Road to the point of intersection with the township boundary of the Township of Thompsons,

THENCE in a clockwise direction along the township boundary of the Township of Thompsons to the point of intersection with the centerline of Waters Lake Bayou,

THENCE downstream in a Southeasterly direction following the various meanders of Waters Lake Bayou to the point of intersection with the Easterly property line of a tract or parcel of land in the J. D. Vermillion Survey described in Volume 113, Pages 26-28, Fort Bend County Deed Records,

THENCE proceeding in a Southerly direction along the Easterly boundary of a tract or parcel of land described in Volume 113, Pages 26-28, Fort Bend County Deed

Records and projecting said Easterly boundary to the point of intersection with the Southerly boundary of the Samuel Kennedy Survey, Abstract 44,

THENCE proceeding in a Westerly direction along the Southerly boundary of the Samuel Kennedy Survey, Abstract 44, to a point of intersection with the Easterly right of way line of Thompsons Oilfield Road,

THENCE proceeding in a Southerly direction along the Easterly right of way line of Thompsons Oilfield Road to a point of intersection with the Southerly boundary of the John Rabb Survey, Abstract 73,

THENCE Westerly along the Southerly boundary of the John Rabb Survey, Abstract 73 to a point of intersection with the centerline of Rabbs Bayou,

THENCE downstream following the meanders of Rabbs Bayou to its confluence to intersect with the centerline of Big Creek,

THENCE downstream following the meanders of Big Creek to intersect the Northerly right of way line of Sawmill Road,

THENCE Westerly along the Northerly right of way line of Sawmill Road to intersect the Westerly bank of Big Creek,

THENCE downstream following the various meanders of the Westerly bank of Big Creek to intersect the Northerly property line of Hale Ranch State Park,

THENCE in a counterclockwise direction following the property line of Hale Ranch State Park to intersect the Easterly right of way line of State Farm to Market Road 762,

THENCE Southerly along the Easterly right of way line of State Farm to Market Road 762 to intersect the Northterly right of way line of State Farm to Market Road 1462,

THENCE Westerly along the Northerly right of way line of State Farm to Market Road 1462 to intersect the Southwesterly right of way line of Brumlow Road,

THENCE Southwesterly in a straight line to intersect a common point on the Southwesterly right of way line of Kocurek Road and Southeasterly right of way line of Beard Road,

THENCE Northwesterly along an extended Southwesterly right of way line of Kocurek Road across Beard Road to connect with the Southwesterly right of way line of Wolfgang Road,

THENCE Northwesterly, Southwesterly and Northwesterly along the Southwesterly right of way line of Wolfgang Road to a point of intersection with the Southeasterly right of way line of State Farm to Market Road 1994,

THENCE Northeasterly with the Southeasterly right of way line of State Farm to Market Road 1994 to intersect the projection of the Southwesterly right of way line of Jeske Road,

0620

THENCE proceeding in a Northwesterly direction along the Southwesterly right of way line of Jeske Road to a point of concurrence of alignment of the Southwesterly right of way line of said Jeske Road and Foster School Road at the centerline of State Highway 36 to intersect the projection of the Northwesterly right of way line of Lemke Road,

THENCE Northeasterly crossing Foster School Road and following the projected alignment of the Northwesterly right of way line of Lemke Road to a point of concurrence of alignment with the beginning of the Northeasterly right of way of Lemke Road and continuing to the point of intersection with the Southwesterly right of way line of Reeh Road,

THENCE Northwesterly along the Southwesterly right of way line of Reeh Road crossing Kunz Road and intersecting the Northwesterly right of way line of Kunz Road,

THENCE Northeasterly along the Northwesterly right of way line of Kunz Road to intersect the Southwesterly right of way line of Finney Road,

THENCE Northwesterly along the Southerly right of way line of Finney Road to intersect the Southeasterly right of way line of Twin Lane,

THENCE Southwesterly and Northwesterly along the Southerly right of way line of Twin Lane to intersect the projected Southwesterly right of way line of Twin Lane and the Northwesterly right of way line of Zunker Road,

THENCE Northeasterly along the Northwesterly right of way line of Zunker to intersect the Southwesterly right of way line of Finney Road,

THENCE Northwesterly along the projected Northwesterly right of way line of Klosterhoff Road across Finney Road to connect with the Northwesterly right of way line of Klosterhoff Road,

THENCE Northeasterly along the Northwesterly right of way line of Klosterhoff Road crossing Cottonwood Church Road and continuing in concurrent alignment with Kresche Road, to intersect the centerline of U. S. Highway 59,

THENCE Westerly along the centerline of U. S. Highway 59 to intersect the centerline of Loop 529,

THENCE Northeasterly along the centerline of Loop 529 to intersect the Easterly right of way line of Blume Road,

THENCE Southerly along the Easterly right of way of Blume Road to intersect the Southerly property line of Block 30 of the Rosenberg Farms Subdivision as recorded in Volume 4, Page 25, Fort Bend County Map Records,

THENCE with the Southerly property line of said Block 30 and continuing in concurrent alignment following the Southerly property line of Block 31 of the Rosenberg Farms Subdivision, to intersect the Westerly right of way line of the Southern Pacific Route 19 Railroad,

THENCE Southerly along the Westerly right of way line of the Southern Pacific Route 19 Railroad, to intersect the Northerly right of way line of Klauke Road,

00558

THENCE Easterly with the Northerly right of way line of Klauke Road crossing West Road to intersect the Easterly right of way line of West Road,

THENCE Southerly with the Easterly right of way line of West Road to intersect the Northerly right of way line of United States Highway 59,

THENCE Easterly along the Northerly right of way line of United States Highway 59 to intersect the Easterly right of way line of State Highway 36,

THENCE Northerly along the Easterly right of way line of State Highway 36 to intersect the Southerly right of way line of State Farm to Market Road 1640,

THENCE Westerly along the Southerly right of way line of State Farm to Market Road 1640 to intersect the centerline of Loop 529,

THENCE Easterly with the centerline of Loop 529 to intersect the city limit line of the City of Rosenberg,

THENCE along the city limit line of the City of Rosenberg in a clockwise direction to the point and place of beginning.

PROPOSED

DESCRIPTION OF THE BOUNDARY LINE FOR COMMISSIONER'S PRECINCT NUMBER TWO

IN FORT BEND COUNTY, TEXAS

BEGINNING FOR CONNECTION at a point where the Northerly City Limits of the City of Rosenberg intersects the centerline of State Highway 36,

THENCE Northwesterly with the centerline of State Highway 36 to intersect the Easterly right of way line of Weeks Road,

THENCE Southerly along the Easterly right of way line of Weeks Road to the centerline of United States Highway 90A, crossing the Southern Pacific Railroad right of way and United States Highway 90A to intersect the Southerly right of way line of United States Highway 90A,

THENCE Westerly along the Southerly right of way line of United States Highway 90A to intersect the Easterly right of way line of Patton Road,

THENCE Southerly along the Easterly right of way of Patton Road crossing Randon School Road to intersect the Southerly right of way line of Randon School Road,

THENCE Westerly along the Southerly right of way line of Randon School Road to intersect the Easterly right of way line of Antone Stade Road,

THENCE Southeasterly with the Easterly right of way line of Antone Stade Road to intersect the centerline of United States Highway 59,

THENCE Southwesterly along the centerline of United States Highway 59 to intersect the Southwesterly right of way line of Darst Road,

THENCE Northwesterly along the Southwesterly right of way line of Darst Road crossing Gin Road to intersect the Northwesterly right of way line of Gin Road,

THENCE Northeasterly along the Northerly right of way line of Gin Road to intersect the Westerly right of way line of West Tavener Road,

THENCE Northwesterly along the Westerly right of way line of West Tavener Road to intersect the Southerly right of way line of Taylor Run Road,

THENCE Southwesterly along the Southerly right of way line of Taylor Run Road to intersect the Easterly right of way line of State Farm Road 2919,

THENCE Northerly along the Easterly right of way line of State Farm Road 2919 to intersect the Northerly right of way line of Battle Road,

THENCE Northeasterly along the Northerly right of way line of Battle Road to intersect the Easterly property line of the Bay Ridge Christian College tract recorded for public record in Volume 196, Page 134 of the Fort Bend County Deed Records,

THENCE Northerly along the Easterly property line of said tract to intersect the centerline of the San Bernard River being concurrent with the Fort Bend County Line,

THENCE counterclockwise along the Fort Bend County Line to intersect the Easterly city limit line of the City of Missouri City,

THENCE Southerly along the Easterly city limit line of Missouri City to the Southeasterly corner of Quail Valley, Glenn Lakes, Section 7,

THENCE due South from said Southeasterly corner to intersect the Northerly right of way line of Senior Road,

THENCE Westerly with the Northerly right-of-way line of Senior Road to intersect the Northeasterly right-of-way line of State Highway #6,

THENCE Northwesterly along the Northeasterly right-of-way line of State Highway #6 to intersect the extension of the Northwesterly right-of-way line of Oilfield Road,

THENCE Southwesterly along the Northwesterly right-of-way line of Oilfield Road to intersect the East right-of-way line of Thompson Ferry Road,

THENCE South across Oilfield Road right of way, following the East right-of-way line of Thompson Ferry Road, to intersect the Southwesterly right-of-way line of Oilfield Road,

THENCE Westerly along the Southerly right-of-way line of Oilfield Road to intersect the centerline of the Houston Lighting and Power Company Parish-Sugarland right-of-way,

0020

THENCE Southwesterly along the centerline of said right-of-way to intersect the center of the Brazos River,

THENCE downstream in a Southerly direction following the various meanders of the centerline of the Brazos River to the point of intersection with the Southerly right-of-way line of the Santa Fe Route 70 Railroad,

THENCE in a Westerly direction along the Southerly right-of-way line of the Santa Fe Route 70 Railroad to a point of intersection with the Easterly right-of-way line of Thompsons Oilfield Road,

THENCE in a Southerly direction along the Easterly right-of-way line of Thompsons Oilfield Road to the point of intersection with the township boundary of the Township of Thompsons,

THENCE in a clockwise direction along the township boundary of the Township of Thompsons to the point of intersection with the centerline of Waters Lake Bayou,

THENCE downstream in a Southeasterly direction following the various meanders of Waters Lake Bayou to the point of intersection with the Easterly property line of a tract or parcel of land in the J. D. Vermillion Survey described in Volume 13, Pages 26-28, Fort Bend County Deed Records,

THENCE proceeding in a Southerly direction along the Easterly boundary of a tract or parcel of land described in Volume 113, Pages 26-28, Fort Bend County Deed

(continued next page)

Records and projecting said Easterly boundary to the point of intersection with the Southerly boundary of the Samuel Kennedy Survey, Abstract 44,

THENCE proceeding in a Westerly direction along the Southerly boundary of the Samuel Kennedy Survey, Abstract 44, to a point of intersection with the Easterly right of way line of Thompsons Oilfield Road,

THENCE proceeding in a Southerly direction along the Easterly right of way line of Thompsons Oilfield Road to a point of intersection with the Southerly boundary of the John Rabb Survey, Abstract 73,

THENCE Westerly along the Southerly boundary of the John Rabb Survey, Abstract 73 to a point of intersection with the centerline of Rabbs Bayou,

THENCE downstream following the meanders of Rabbs Bayou to its confluence to intersect with the centerline of Big Creek,

THENCE downstream following the meanders of Big Creek to intersect the Northerly right of way line of Sawmill Road,

THENCE Westerly along the Northerly right of way line of Sawmill Road to intersect the Westerly bank of Big Creek,

THENCE downstream following the various meanders of the Westerly bank of Big Creek to intersect the Northerly property line of Hale Ranch State Park,

THENCE in a counterclockwise direction following the property line of Hale Ranch State Park to intersect the Easterly right of way line of State Farm to Market Road 762,

THENCE Southerly along the Easterly right of way line of State Farm to Market Road 762 to intersect the Northerly right of way line of State Farm to Market Road 1462,

THENCE Westerly along the Northerly right of way line of State Farm to Market Road 1462 to intersect the Southwesterly right of way line of Brumbelow Road,

THENCE Southwesterly in a straight line to intersect a common point on the Southwesterly right of way line of Kocurek Road and Southeasterly right of way line of Beard Road,

THENCE Northwesterly along an extended Southwesterly right of way line of Kocurek Road across Beard Road to connect with the Southwesterly right of way line of Wolfgang Road,

THENCE Northwesterly, Southwesterly and Northwesterly along the Southwesterly right of way line of Wolfgang Road to a point of intersection with the Southeasterly right of way line of State Farm to Market Road 1994,

THENCE Northeasterly with the Southeasterly right of way line of State Farm to Market Road 1994 to intersect the projection of the Southwesterly right of way line of Jeske Road,

THENCE proceeding in a Northwesterly direction along the Southwesterly right of way line of Jeske Road to a point of concurrence of alignment of the Southwesterly right of way line of said Jeske Road and Foster School Road at the centerline of State Highway 36 to intersect the projection of the Northwesterly right of way line of Lemke Road,

THENCE Northeasterly crossing Foster School Road and following the projected alignment of the Northwesterly right of way line of Lemke Road to a point of concurrence of alignment with the beginning of the Northeasterly right of way of Lemke Road and continuing to the point of intersection with the Southwesterly right of way line of Reeh Road,

THENCE Northwesterly along the Southwesterly right of way line of Reeh Road crossing Kunz Road and intersecting the Northwesterly right of way line of Kunz Road,

THENCE Northeasterly along the Northwesterly right of way line of Kunz Road to intersect the Southwesterly right of way line of Finney Road,

THENCE Northwesterly along the Southerly right of way line of Finney Road to intersect the Southeasterly right of way line of Twin Lane,

THENCE Southwesterly and Northwesterly along the Southerly right of way line of Twin Lane to intersect the projected Southwesterly right of way line of Twin Lane and the Northwesterly right of way line of Zunker Road,

THENCE Northeasterly along the Northwesterly right of way line of Zunker to intersect the Southwesterly right of way line of Finney Road,

THENCE Northwesterly along the projected Northwesterly right of way line of Klosterhoff Road across Finney Road to connect with the Northwesterly right of way line of Klosterhoff Road,

THENCE Northeasterly along the Northwesterly right of way line of Klosterhoff Road crossing Cottonwood Church Road and continuing in concurrent alignment with Krosche Road, to intersect the centerline of U. S. Highway 59,

THENCE Westerly along the centerline of U. S. Highway 59 to intersect the centerline of Loop 529,

THENCE Northeasterly along the centerline of Loop 529 to intersect the Easterly right of way line of Blume Road,

THENCE Southerly along the Easterly right of way of Blume Road to intersect the Southerly property line of Block 30 of the Rosenberg Farms Subdivision as recorded in Volume 4, Page 25, Fort Bend County Map Records,

THENCE with the Southerly property line of said Block 30 and continuing in concurrent alignment following the Southerly property line of Block 31 of the Rosenberg Farms Subdivision, to intersect the Westerly right of way line of the Southern Pacific Route 19 Railroad,

THENCE Southerly along the Westerly right of way line of the Southern Pacific Route 19 Railroad, to intersect the Northerly right of way line of Klauke Road,

THENCE Easterly with the Northerly right of way line of Klauke Road crossing West Road to intersect the Easterly right of way line of West Road,

THENCE Southerly with the Easterly right of way line of West Road to intersect the Northerly right of way line of United States Highway 59,

THENCE Easterly along the Northerly right of way line of United States Highway 59 to intersect the Easterly right of way line of State Highway 36,

THENCE Northerly along the Easterly right of way line of State Highway 36 to intersect the Southerly right of way line of State Farm to Market Road 1640,

0020

THENCE Westerly along the Southerly right of way line of State Farm to Market Road 1640 to intersect the centerline of Loop 529,

THENCE Easterly with the centerline of Loop 529 to intersect the city limit line of the City of Rosenberg,

THENCE along the city limit line of the City of Rosenberg in a clockwise direction to the point and place of beginning.

III. Existing Commissioner Precinct 3

DESCRIPTION OF THE BOUNDARY LINE FOR COMMISSIONER'S PRECINCT NUMBER THREE
IN FORT BEND COUNTY, TEXAS

BEGINNING FOR CONNECTION at a point where the Fort Bend County Boundary Line intersects the centerline of State Farm to Market Road 359, being called the point of beginning,

THENCE Southerly along the centerline of State Farm to Market Road 359 to intersect the Northerly City Limit line of the Village of Pulshear as approved by the Fort Bend County Commissioners' Court on May 16, 1977,

THENCE Easterly in a clockwise manner along the said City Limit line to intersect the centerline of State Farm to Market Roads 359 and 1093,

0020

THENCE Easterly with the concurrent centerline of State Farm to Market Roads 359 and 1093 to intersect the Easterly league line of the Enoch Latham, Jr. Survey, Abstract 50,

THENCE Southerly leaving Farm to Market Roads 1093 and 359 following the said Easterly league line to a point of concurrence of alignment of the Easterly league line of the David Randon & I. Pennington League, Abstract 75 and continuing to intersect the Northerly right of way line of Winner Foster Road,

THENCE Westerly crossing Bois D'Arc Lane and following the projection of the Northerly right of way line of Pumping Plant Road with concurrence of alignment, said Winner Foster Road becomes Pumping Plant Road at the centerline of Bois D'Arc Lane, to intersect the Northerly concurrent right of way line and the centerline of the Brazos River,

THENCE proceeding downstream following the various meanders of the centerline of the Brazos River to intersect the projected Easterly right of way line of Hartledge

THENCE Northerly along the projected Easterly right of way line of Hartledge Road to intersect the Southerly right of way line of Beadle Road,

THENCE Easterly along the Southerly right of way line of Beadle Road to intersect the Westerly right of way line of State Farm to Market Road 723,

THENCE Northerly along the Westerly right of way line of State Farm to Market Road 723 crossing State Farm to Market Road 359 to intersect the Northerly right of way line of State Farm to Market Road 359,

THENCE Easterly along the projection of the Northerly right of way line of State Farm to Market Road 359 to a point of concurrence of alignment of said line and continuing along said line to intersect the Easterly right of way line of Skinner Road,

THENCE Northerly along the Easterly right of way line of Skinner Road which becomes Farmer Road at the centerline of McCrary Road to intersect the Southerly right of way line of Timothy Road,

THENCE Easterly with the Southerly right of way line of Timothy Road to intersect the Westerly right of way line of Harlem Road,

THENCE Southerly down the Westerly right of way line of Harlem Road to intersect the centerline of Oyster Creek,

THENCE downstream following the meanders of the Oyster Creek to intersect the Easterly right of way line of State Farm to Market Road 1464,

THENCE Northerly with the Easterly right of way line of State Farm to Market Road 1464 to intersect the Southeasterly right of way line of Old Richmond Road,

THENCE Northeasterly along the Southeasterly right of way line of Old Richmond Road to intersect the Southerly right of way line of Voss Road,

THENCE Easterly along the Southerly right of way line of Voss Road crossing Burney Road to intersect the Easterly right of way line of Burney Road,

THENCE Northerly along the Easterly right of way line of Burney Road to intersect the Northerly City Limit line of the City of Sugar Land,

THENCE Easterly along the Northerly City Limit line of the City of Sugar Land to intersect the Westerly right of way line of State Farm to Market Road 1876 (Eldridge Road),

THENCE Southerly along the Westerly right of way line of State Farm to Market Road 1876 (Eldridge Road) to intersect the Southerly right of way line of Green Way Drive,

THENCE Westerly along the Southerly right of way line of Greenway Drive to intersect the Westerly property line of a tract or parcel of land described in deed and recorded in Volume 704, Page 391, Fort Bend County Deed Records,

THENCE Southerly along said Westerly property line to intersect the Northerly property line of a tract or parcel of land described in deed and recorded in Volume 265, Page 262, Fort Bend County Deed Records,

THENCE Westerly along said Northerly property line to intersect the Westerly property line of said tract,

THENCE Southerly along the Westerly property line of said tract to intersect the Southerly property line of said tract,

THENCE Easterly along the Southerly property line of said tract to intersect the Westerly right of way line of State Farm to Market Road 1876 (Eldridge Road),

THENCE Southerly along the Westerly right of way line of State Farm to Market Road 1876 to intersect the Southerly right of way line of United States Highway 90A,

THENCE Easterly along the Southerly right of way line of United States Highway 90A to intersect the Northwesterly right of way line of United States Highway 59,

THENCE Southwesterly along the Northwesterly right of way line of United States Highway 59 to intersect the projection of the Northeasterly right of way line of Williams Trace Boulevard,

THENCE Southeasterly along the projection of the Northeasterly right of way line of Williams Trace Boulevard to a point of concurrence of alignment of the Northeasterly right of way line of Williams Trace Boulevard and continuing Southeasterly to intersect the Northeasterly right of way line of State Highway 6,

THENCE Southeasterly along the Northeasterly right of way line of State Highway 6 to intersect the Easterly right of way line of Dulles Avenue,

THENCE Northerly along the Easterly right of way line of Dulles Avenue to intersect the projected Northerly right of way line of Cartwright Road,

THENCE Easterly along the projection of the Northerly right of way line of Cartwright Road crossing State Farm to Market Road 1092 to a point of concurrence of alignment with the Northerly right of way line of Cartwright Road and continuing Easterly to intersect the Westerly right of way line of State Farm to Market Road 2234,

THENCE Southerly along the Westerly right of way line of State Farm to Market Road 2234 to intersect the City Limit Line of Missouri City,

THENCE Southerly, Westerly and then Southerly following said City Limit line and continuing Southerly along the concurrent Easterly line of Quail Valley Glenn Lakes Subdivision and the Easterly line of the City of Missouri City projecting said concurrent line Southerly to intersect the Northerly right of way of Senior Road,

0020

THENCE Westerly along the Northerly right of way line of Senior Road to intersect the Northeasterly right of way line of State Highway 6,

THENCE Northwesterly along the Northeasterly right of way line of State Highway 6 to intersect the projection of the Northwesterly right of way line of Thompsons Ferry Road,

THENCE Southwesterly with said projection crossing State Highway 6 and continuing to a point of concurrence of aligment with the Northwesterly right of way line of Thompsons Ferry Road crossing Oilfield Road to intersect the Southerly right of way line of Oilfield Road,

THENCE Westerly along the Southerly right of way line of Oilfield Road to intersect the centerline of the Bouston Lighting and Power Company Parish-Sugarland right of way,

THENCE Southerly along the centerline of the Bouston Lighting and Power Company right of way to intersect the centerline of the Brazos River,

THENCE downstream following the various meanders of the Brazos River to intersect the Southerly right of way line of the R. T. Briscoe Irrigation Canal as described in deed and recorded in Volume 194, Page 86, Fort Bend County Deed Records,

THENCE Easterly along said Southerly right of way line of the R. T. Briscoe Irrigation Canal to intersect the Southerly right of way line of McKeever Road,

THENCE Easterly along the Southerly right of way line of McKeever Road to intersect the centerline of Long Point Creek,

THENCE Northerly following the various meanders of the centerline of Long Point Creek to intersect the Northerly right of way line of Trammel-Fresno Road,

THENCE Easterly along said Northerly right of way line to intersect the Westerly property line of a tract or parcel of land described in deed and recorded in Volume 553, Page 438 of the Fort Bend County Deed Records,

THENCE Northerly along said Westerly property line to intersect the Northerly league line of the Elijah Roark Survey, Abstract 77,

THENCE Westerly along said league line to intersect the Southerly projection of the league line dividing the H. Shropshire Survey, Abstract 313 of the Thomas Hobermaker Survey, Abstract 191,

THENCE Northerly along said projection to a point of concurrence of alignment of said dividing line continuing Northerly crossing State Farm to Market Road 2234 (McHard Road) to intersect the Northerly right of way line of State Farm to Market Road 2234 (McHard Road),

THENCE Westerly along said Northerly right of way line to intersect the Westerly city limits line of the City of Houston,

THENCE following the city limits line of the City of Houston to intersect the projected Easterly city limit line of the City of Missouri City; said projected line being also the projected Westerly line of the John Lafayette League, Abstract 163,

THENCE Northerly following said projected line to a point of concurrent alignment with the Easterly city limits line of the City of Missouri City and then continuing along said city limit line to intersect the Northerly Fort Bend County Line.

THENCE counterclockwise along said County Line to intersect the centerline of State Farm to Market Road 359, previously denoted as the point of beginning.

IV. Proposed Commissioner Precinct 3

PROPOSED Description of the boundary line for Commissioner's Precinct number Three in FORT BEND COUNTY

BEGINNING FOR CONNECTION at a point where the Fort Bend County Boundary Line intersects the centerline of State Farm to Market Road 359, being called the point of beginning,

THENCE Southerly along the centerline of State Farm to Market Road 359 to intersect the Northerly City Limit line of the Village of Pulshear as approved by the Fort Bend County Commissioners' Court on May 16, 1977,

THENCE Easterly in a clockwise manner along the said City Limit line to intersect the centerline of State Farm to Market Roads 359 and 1093,

THENCE Easterly with the concurrent centerline of State Farm to Market Roads 359 and 1093 to intersect the Easterly league line of the Enoch Latham, Jr. Survey, Abstract 50,

THENCE Southerly leaving Farm to Market Roads 1093 and 359 following the said Easterly league line to a point of concurrence of alignment of the Easterly league line of the David Randon & I. Pennington League, Abstract 75 and continuing to intersect the Northerly right of way line of Winner Foster Road,

THENCE Westerly crossing Bois D'Arc Lane and following the projection of the Northerly right of way line of Pumping Plant Road with concurrence of alignment, said Winner Foster Road becomes Purping Plant Road at the centerline of Bois D'Arc Lane, to intersect the Northerly concurrent right of way line and the centerline of the Brazos River,

THENCE proceeding downstream following the various meanders of the centerline of the Brazos River to intersect the projected Easterly right of way line of Hartledge Road,

THENCE Northerly along the projected Easterly right of way line of Hartledge Road to intersect the Southerly right of way line of Beadle Road,

THENCE Easterly along the Southerly right of way line of Beadle Road to inter[illegible]

THENCE Northerly along the Westerly right of way line of State Farm to Market Road 723 crossing State Farm to Market Road 359 to intersect the Northerly right of way line of State Farm to Market Road 359,

THENCE Easterly along the projection of the Northerly right of way line of State Farm to Market Road 359 to a point of concurrence of alignment of said line and continuing along said line to intersect the Easterly right of way line of Skinner Road,

THENCE Northerly along the Easterly right of way line of Skinner Road which becomes Farmer Road at the centerline of McCrary Road to intersect the Southerly right of way line of Timothy Road,

THENCE Easterly with the Southerly right of way line of Timothy Road to intersect the Westerly right of way line of Harlem Road,

THENCE Southerly down the Westerly right of way line of Harlem Road to intersect the centerline of Oyster Creek,

THENCE downstream following the meanders of the Oyster Creek to intersect the Easterly right of way line of State Farm to Market Road 1464,

THENCE Northerly with the Easterly right of way line of State Farm to Market Road 1464 to intersect the Southeasterly right of way line of Old Richmond Road,

THENCE Northeasterly along the Southeasterly right of way line of Old Richmond Road to intersect the Southerly right of way line of Voss Road,

THENCE Easterly along the Southerly right of way line of Voss Road crossing Burney Road to intersect the Easterly right of way line of Burney Road,

THENCE Northerly along the Easterly right of way line of Burney Road to intersect the Northerly City Limit line of the City of Sugar Land,

THENCE Easterly along the Northerly City Limit line of the City of Sugar Land to intersect the Westerly right of way line of State Farm to Market Road 1876 (Eldridge Road),

THENCE Southerly along the Westerly right of way line of State Farm to Market Road 1876 (Eldridge Road) to intersect the Southerly right of way line of Green Way Drive,

Commissioner Alton Pressley
1809 Eldrige Road
Sugar Land, TX 77478

Dear Commissioner Pressley:

The Quail Glen Homeowners Association's Board of Directors have recently discussed the possibility of transferring our county jurisdiction from Precinct 3 to Precinct 2. If this is possible, we would appreciate your approval of this change and your support in initiating this transfer at the next Commissioner's Meeting.

We want to express our appreciation for your support in the past and this request should, in no way, be considered a negative reflection on your performance. The primary reason for this request is that we feel a contiguous precinct would be beneficial to our homeowners and also benefit the county in more efficient allocation of manpower.

If you have any questions, I would like to discuss our request in further detail. Feel free to contact me at 437-9079.

Sincerely,

QUAIL GLEN HOMEOWNERS ASSN.

CERTIFICATE OF RESOLUTION

THE STATE OF TEXAS

COUNTY OF FORT BEND

I, the undersigned officer of Fort Bend County, Texas (the "Unit"), do hereby execute and deliver this Certificate for the benefit of all persons interested in the proceedings of the Commissioners Court (the "Governing Body") of the Unit and the validity thereof, and do certify as follows:

1. That I am the duly chosen, qualified and acting officer of the Unit for the office shown below by my signature; as such I am familiar with the facts herein certified; and I am duly authorized to execute and deliver this Certificate.

2. The Governing Body convened in Regular Session on the _____ day of August, 1983, at the regular meeting place thereof, and the roll was called of the duly constituted officers and members of the Governing Body and all of said persons were present, except _____, thus constituting a quorum. Whereupon, among other business, the following was transacted at said meeting: a written resolution was introduced for the consideration of the Governing Body. It was then duly moved and seconded that said Resolution be adopted; and, after due discussion, said motion, carrying with it the adoption of said Resolution, prevailed and carried by the vote of _____ Ayes, _____ Noes, and _____ Abstentions.

0020

3. A true and complete copy of the aforesaid Resolution adopted at the meeting is attached to and follows this Certificate.

4. Such Resolution has been duly and lawfully adopted by the Governing Body and has been duly recorded in the minutes of the Governing Body for such meeting.

5. Written notice of the date, hour, place and subject of the meeting of the Governing Body was posted on a bulletin board located at a place convenient to the public in the County Courthouse of the Unit, for at least seventy-two hours preceding the scheduled time of such

meeting; such place of posting was readily accessible to the general public at all times from such time of posting until the scheduled time of such meeting; and such meeting was open to the public as required by law at all times during which the Resolution and the subject matter thereof were discussed, considered and formally acted upon, all as required by the Open Meetings Law, Article 6252-17, Vernon's Annotated Texas Civil Statutes, as amended.

SIGNED AND SEALED this 8th day of August, 1983.

RESOLUTION APPROVING AGREEMENT TO ISSUE BONDS
BY AND BETWEEN
FORT BEND COUNTY INDUSTRIAL DEVELOPMENT CORPORATION
AND RALSTON PURINA COMPANY

WHEREAS; Fort Bend County, Texas (the "Unit"), a political subdivision, has approved and authorized the creation of the Fort Bend County Industrial Development Corppration (the "Corporation") as a Texas nonprofit corporation, pursuant to the provisions of the Development Corporation Act of 1979, Article 5190.6, Vernon's Annotated Texas Civil Statutes, as amended (the "Act"), to act on behalf of the Unit to promote and develop industrial and manufacturing enterprises to promote and encourage employment and the public welfare; and

WHEREAS, the Corporation is authorized by the Act to issue industrial development revenue bonds on behalf of the Unit for the purpose of paying all or part of the cost of an industrial or manufacturing "project", as defined in the Act, and to sell or lease the project or to loan the proceeds of the bonds to finance all or part of the costs of the project; and

WHEREAS, the Corporation has entered into an Agreement to Issue Bonds with Ralston Purina Company, a Missouri corporation (the "User"), pursuant to which the Corporation agrees, subject to certain conditions, to issue its tax exempt industrial development revenue bonds in the aggregate principal amount (excluding bonds issued to refund any of the Bonds) now estimated not to exceed $1,800,000, to provide funds to defray all or part of the cost of acquiring, constructing, reconstructing, improving and expanding certain industrial or manufacturing facilities to be constructed by or to be leased or sold to the User; and

0020

WHEREAS, the Commissioners Court of the Unit (the "Governing Body") has reviewed the form and substance of the proposed Agreement to Issue Bonds between the Corporation and the User and intends, by adoption of this written Resolution, to approve said Agreement; NOW, THEREFORE;

BE IT RESOLVED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, THAT:

Section 1: The Agreement to Issue Bonds, in the form attached hereto, proposed to be entered into by and between

the Corporation and the User, pursuant to which the Corporation agrees, subject to the conditions stated therein, to authorize and issue its industrial development revenue bonds in the aggregate principal amount (excluding bonds issued to refund any of the Bonds) now estimated not to exceed $1,800,000 to provide funds to defray part of the cost of the acquisition and construction of the industrial or manufacturing facility described in Exhibit "A" to the Agreement to Issue Bonds, is hereby approved.

Section 2: This Resolution is adopted for the purpose of satisfying the conditions and requirements of the Act and Section 103 of the Internal Revenue Code of 1954, as amended, and the regulations promulgated thereunder and for the benefit of the Corporation, the Unit, the owners or holders from time to time of the obligations of the Corporation and all other interested persons.

Section 3: The Governing Body has considered evidence of the posting of notice of this meeting and officially finds, determines, recites and declares that a sufficient written notice of the date, hour and place of this meeting and of the subject of this Resolution was posted at a place convenient to the public on a bulletin board in the County Courthouse of Fort Bend County, for at least seventy-two hours preceding the scheduled time of such meeting; said place of posting was readily accessible to the general public at all times from such time of posting until the scheduled time of such meeting; and such meeting was open to the public as required by law at all times during which the Resolution and the subject matter thereof were discussed, considered and formally acted upon, all as required by the Open Meetings Law, Article 6252-17, Vernon's Annotated Texas Civil Statutes, as amended.

PASSED AND APPROVED this 8th day of August, 1983.

AGREEMENT TO ISSUE BONDS

THIS AGREEMENT TO ISSUE BONDS, entered into as of the ____ day of August, 1983, by and between Fort Bend County Industrial Development Corporation (the "Corporation"), created pursuant to the authority of the Development Corporation Act of 1979, Article 5190.6, Vernon's Annotated Texas Civil Statutes, as amended (the "Act"), and Ralston Purina Company, a Missouri corporation (the "User"), for the purpose of carrying out the public purposes set forth in the Act, including the promotion and development of industrial and manufacturing enterprises to promote and encourage employment and the public welfare;

W I T N E S S E T H:

WHEREAS, Fort Bend County, Texas (the "Unit"), has authorized and approved the creation of the Corporation to act on behalf of the Unit for the public purpose of furthering on behalf of the Unit the promotion and development of industrial and manufacturing enterprises to promote and encourage employment and the public welfare; and

WHEREAS, the Corporation is authorized by the Act to acquire, construct, reconstruct, improve and expand and to lease or sell "projects," as such term is defined in the Act, or to make loans for the purpose of providing financing for all or part of the costs of a project, and the Corporation is further authorized to issue its bonds for the purpose of paying all or part of the costs of a project; and

WHEREAS, the User desires to acquire, construct, reconstruct, improve and expand a poultry and animal feed manufacturing and warehouse facility, more particularly described in Exhibit "A", located in or near Rosenberg, Texas, and within the Unit (the "Project"), which Project is suitable for the promotion of industrial development and expansion, the promotion of employment in the Unit and for use by manufacturing or industrial enterprises; and

WHEREAS, pursuant to the Act, the Corporation is authorized to issue the bonds hereinafter described, which bonds shall never constitute an indebtedness or pledge of the faith and credit of the State of Texas (the "State"), of the Unit, or of any other political corporation, subdivision or agency of the State within the meaning of any State

constitutional or statutory provision, shall never be paid in whole or in part out of any funds raised or to be raised by taxation or any other funds of the Unit, and shall never be paid in whole or in part out of any funds of the Corporation except those derived from or in connection with the sale or lease of the Project or the loan of funds to finance the Project; and

WHEREAS, to promote and encourage employment and the public welfare, the Corporation agrees to issue at the request of the User, one or more series of the Corporation's industrial development revenue bonds (the "Bonds") for the purpose of paying all or part of the cost of acquiring, constructing, reconstructing, improving and expanding the Project, or for the purpose of loaning the proceeds to the User in order to provide temporary or permanent financing of all or part of the cost of acquiring, constructing, reconstructing, improving and expanding the Project, and the Corporation and the User deem it desirable and proper that this Agreement to Issue Bonds constitute a formal record of such agreement and understanding in order that the User may proceed with or provide for the acquisition, construction, reconstruction, improvement and expansion of the Project; and

WHEREAS, the User has evidenced a desire to cooperate with the Corporation in the acquisition, construction, reconstruction, improvement and expansion of the Project and for the Corporation to authorize and issue the Bonds in the aggregate principal amount now estimated not to exceed $1,800,000 to provide the funds to defray all or part of the cost of the acquisition, construction, reconstruction, improvement and expansion of the Project; and

WHEREAS, the Corporation and the User contemplate that the Project will be sold on an installment payment basis or leased to the User or that proceeds of the Bonds will be loaned to the User in order to provide temporary or permanent financing of all or part of the costs of the Project and that the installment purchase, rental or loan payments therefor will be sufficient to pay the principal of and any premium and interest on the Bonds; and

WHEREAS, it is the desire of the Corporation that the acquisition, construction, reconstruction, improvement and expansion of the Project occur at the earliest possible time so as to promote and encourage employment and the public welfare within the Unit; and

WHEREAS, it is intended that this Agreement to Issue Bonds shall constitute "some other similar official action" toward the issuance of the Bonds within the meaning of Section 1.103-8(a)(5) of the Treasury regulations issued pursuant to Section 103(b) of the Internal Revenue Code of 1954, as amended (the "Code");

NOW, THEREFORE, in consideration of the premises and other good and valuable consideration and of the mutual benefits, covenants and agreements herein expressed, the Corporation and the User agree as follows:

1. The User shall commence with the acquisition, construction, reconstruction, improvement and expansion of the Project, which Project will be in furtherance of the public purposes of the Corporation and the Unit as aforesaid, and the User will, provide, or cause to be provided, at its expense, the necessary interim financing to expedite the commencement of the acquisition, construction, reconstruction, improvement and expansion of the Project. On or prior to the issuance of the Bonds, the User will enter into a purchase, lease or loan agreement on an installment payment basis (herein called the "Agreement") with the Corporation under which the Corporation will sell or lease the Project to the User or make a loan to the User for the purpose of providing temporary or permanent financing of all or part of the costs of the Project and the User will make installment payments sufficient to pay the principal of and any premium and interest on such series of Bonds. The Bonds shall never constitute an indebtedness or pledge of the faith and credit of the State, of the Unit, or of any other political corporation, subdivision or agency of the State within the meaning of any State constitutional or statutory provision, and the Bonds shall never be paid in whole or in part out of any funds raised or to be raised by taxation or any other funds of the Unit, and shall be payable from the funds of the Corporation derived from or in connection with the sale or lease of the Project or the loan of the proceeds of the Bonds.

2. On receipt of a ruling from the Internal Revenue Service (or the opinion of bond counsel designated or approved by the Corporation and the User) that interest paid on the Bonds is exempt from federal income taxation, the Corporation hereby agrees to issue, pursuant to the terms of the Act, the Bonds, or from time to time the portion thereof as may be the subject of such a ruling or

0020

opinion as aforesaid, in an appropriate principal amount not exceeding that which is the subject of a ruling or opinion as aforesaid, maturing in such amount and times, bearing interest at the rates, payable on the dates and having such optional and mandatory redemption features and prices as are approved in writing by the User. The Corporation will deliver the Bonds to the purchaser designated by the User and will cooperate to the fullest extent in facilitating delivery of the Bonds.

3. The Corporation and the User agree that the Bonds may be issued either at one time or in several series from time to time as the User shall request in writing; provided, however, that the parties agree that the Bonds will be issued in an aggregate principal amount as will not exceed the amount which is the subject of a ruling or rulings or opinion or opinions as aforesaid. A request in writing for issuance of one or more series of Bonds shall not affect the obligation hereunder of the Corporation to issue the remaining Bonds as written requests therefor are received. It is further agreed that the proceeds of the Bonds or portions thereof whether or not issued in a series, shall not be invested so as to constitute the Bonds or a portion thereof as arbitrage bonds within the meaning of Section 103(c) of the Code and applicable regulations promulgated pursuant thereto.

4. The payment of the principal of and any premium and interest on the Bonds shall be made solely from moneys realized from the sale or lease of the Project or from moneys realized from the loan of the proceeds of the Bonds to finance all or part of the costs of the Project.

5. The costs of the Project (hereinafter the "Project Costs") may include any cost of acquiring, constructing, reconstructing, improving and expanding the Project. Without limiting the generality of the foregoing, the Project Costs shall specifically include the cost of the acquisition of all land, rights-of-way, property rights, easements and interests, the cost of all buildings, structures, machinery and equipment, financing charges, interest prior to and during construction and for one year after completion of construction whether or not capitalized, necessary reserve funds, costs of estimates and of engineering and legal services, plans, specifications, surveys, estimates of cost and of revenue, other expenses necessary

or incident to determining the feasibility and practicability of acquiring, constructing, reconstructing, improving and expanding the Project, administrative expenses and such other expenses as may be necessary or incident to the acquisition, construction, reconstruction, improvement and expansion of the Project, the placing of the Project in operation and all incidental expenses, costs and charges relating to the Project not enumerated above. The parties agree, upon request, to provide or to cause to be provided to each other any data or information which may be reasonably required to verify any of the Project Costs enumerated in this paragraph. The User agrees that it will be responsible for and pay any Project Costs incurred prior to issuance of the Bonds and will pay all Project Costs which are not or cannot be paid or reimbursed from the proceeds of the Bonds.

6. The User agrees that it will at all times indemnify and hold harmless the Corporation and the Unit against all losses, costs, damages, expenses and liabilities (collectively referred to hereinafter as "Losses") of whatsoever nature (including, but not limited to, attorneys' fees, litigation and court costs, amounts paid in settlement and amounts paid to discharge judgments) directly or indirectly resulting from, arising out of or relating to one or more Claims, as hereinafter defined, even if such Losses or Claims, or both, directly or indirectly result from, arise out of or relate to, or are asserted to have resulted from, arisen out of or related to, in whole or in part, one or more negligent acts or omissions of the Corporation or the Unit or any of the officers, employees, agents, servants or any other party acting for or on behalf of the Corporation or the Unit. The term "Claims" as used herein shall mean all claims, lawsuits, causes of action and other legal actions and proceedings, involving bodily or personal injury or death of any person or damage to any property (including, but not limited to, persons employed by the Corporation, the Unit, the User or any other person and all property owned or claimed by the Corporation, the Unit, the User, any affiliate of the User or any other person) or involving damages relating to the issuance, offering, sale or delivery of the Bonds brought against the Corporation or the Unit or to which the Corporation or the Unit is a party, even if groundless, false or fraudulent, that directly or indirectly result from, arise out of or relate to the issuance, offering, sale or delivery of the

Bonds or the design, construction, installation, operation, use, occupancy, maintenance or ownership of the Project or any part thereof. The obligations of the User shall apply to all Losses or Claims, or both, that result from, arise out of or are related to any event, occurrence, condition or relationship prior to termination of this Agreement to Issue Bonds, whether such Losses or Claims, or both, are asserted prior to termination of this Agreement to Issue Bonds or thereafter. Neither the Corporation or the Unit shall be liable to the User for, and the User hereby releases each of them from, all liability to the User for any injuries, damages or destruction to all or any part or parts of any property owned or claimed by the User that directly or indirectly result from, arise out of or relate to the issuance, offering, sale or delivery of the Bonds or the design, construction, installation, operation, use, occupancy, maintenance or ownership of the Project or any part thereof, even if such injuries, damages or destruction directly or indirectly result from, arise out of or relate to, in whole or in part, one or more negligent acts or omissions of the Corporation or the Unit or any of the officers, employees, agents, servants or any other party acting for or on behalf of the Corporation or the Unit. The Corporation and the Unit, as appropriate, shall reimburse the User for payments made by the User to the extent of any proceeds, net of all expenses of collection, actually received by them from any insurance with respect to the Loss sustained. The Corporation and the Unit shall have the duty to claim any such insurance proceeds and the Corporation and the Unit, as appropriate, shall assign their respective rights to such proceeds, to the extent of such required reimbursement, to the User. In case any action shall be brought against the Corporation or the Unit, in respect of which indemnity may be sought against the User, the indemnified party shall promptly notify the User in writing and the User shall have the right to assume the investigation and defense thereof including the employment of counsel and the payment of all expenses. The indemnified party shall have the right to employ separate counsel in any such action and participate in the investigation and defense thereof, but the fees and expenses of such counsel shall be paid by the indemnified party unless the employment of such counsel has been authorized by the User. The User shall not be liable for any settlement of any such action without its consent but, if any such action is settled with the consent of the User or if there be final judgment for the plaintiff of any such action, the

0020

User agrees to indemnify and hold harmless the Corporation and the Unit from and against any Loss by reason of such settlement or judgment. The provisions of this paragraph shall survive the expiration or termination of this Agreement to Issue Bonds.

7. If within three years from the date hereof (or such later date as shall be mutually satisfactory to the Corporation and the User) the Corporation and the User shall not have agreed to mutually acceptable terms for the Bonds and for the sale and delivery thereof and mutually acceptable terms and conditions of the Agreement, the User agrees that it will pay the Corporation for all unpaid Project Costs which the Corporation shall have incurred and this Agreement to Issue Bonds shall thereupon terminate. In the event that the User elects, prior to any such termination, not to proceed with the issuance of the Bonds for any reason, it shall so notify the Corporation in writing and shall promptly pay to the Corporation all Project Costs incurred by the Corporation prior to such notification, and if payment is so made, the User's obligations under paragraph 5 above shall terminate from and after the date of such notification.

8. The User may, without the consent of the Corporation, transfer or assign this Agreement to Issue Bonds or transfer or assign any or all of its rights and delegate any or all of its duties hereunder to any of its subsidiaries or affiliates currently existing or hereafter created, but no such transfer, assignment or delegation shall, without the written consent and approval of the Corporation, relieve the User of its liability for payment of Project Costs under paragraphs 5 and 7 hereof or indemnification under paragraph 6 hereof.

This Agreement to Issue Bonds and accompanying authorizing resolution shall be deemed and construed a resolution authorizing the issuance of the Bonds and other similar official action of the Corporation, acting by and through its Board of Directors, toward the issuance of the Bonds as herein contemplated.

IN WITNESS WHEREOF, the Fort Bend County Industrial Development Corporation acting pursuant to a resolution of its Board of Directors, and Ralston Purina Company have caused this Agreement to Issue Bonds to be executed and

attested by their duly authorized officers, as appropriate, as of the year and date first above written.

THE STATE OF TEXAS X

COUNTY OF FORT BEND X

KNOWN ALL MEN BY THESE PRESENTS:

That, WHEREAS, the Commissioners' Court of Fort Bend County, Texas, has entered into a contract with the City of Fulshear, for the care, custody and support of prisoners of the said city for the consideration and terms and conditions hereinafter set out; and persuant to Article 4413-32c Interlocal Cooperation Act, and;

WHEREAS, the City of Fulshear, acting by and through its duly elected governing body has determined by Ordinance, heretofore passed and adopted that it would be of material benefit of said City to provide for such care of said prisoners, and;

0020

WHEREAS, the Commissioners' Court of Fort Bend County, Texas, has passed an order authorizing the Sheriff of Fort Bend County, Texas, to accept from the proper law enforcement officers of said city all prisoners under the terms and conditions and for the consideration hereinafter set out;

It is therefore agreed by and between FORT BEND COUNTY, TEXAS, acting herein by and through its duly authorized Commissioners' Court hereinafter styled the "County" and the City of Fulshear, each acting by and through its duly authorized governing body hereinafter styled the "City", as follows;

0020

I.

The County agrees that the Sheriff of Fort Bend County, Texas, will on and after the effective date of this instrument, accept from the duly authorized law enforcement officers of the City all persons who under the law of the State of Texas, are prisoners of the respective city. For definition purposes, a City prisoner shall mean those persons charged only with a violation of city ordinances and State laws which are classified as class 'C' misdemeanors, lying within the jurisdiction of the Municipal Court of the City of Fulshear, Fort Bend County, Texas. The Sheriff may, but will not be obligated to, accept persons accused of violations of municipal codes or ordinances only.

II.

The Sheriff of Fort Bend County, Texas, will house, support, maintain and confine said City prisoners in the County jail subject to the orders of the duly authorized Municipal Courts of said City.

The County and the City further agree that once a city prisoner is accepted and committed to the county jail, the Sheriff or his deputy in charge of admissions, will release a City prisoner only when the discharge of the City prisoner is lawfully ordered or authorized by a Magistrate or any Court of competent jurisdiction, provided, however, that nothing contained herein shall be construed to authorize the County or County Sheriff to incarcerate or hold any person contrary to the Constitution and Laws of the State of Texas and the United States of America.

III.

A. (1) It is agreed and understood by the County and the City that the Sheriff or his deputy in charge of admissions at the county jail, shall determine, upon presentation of any city prisoner at the county jail, whether or not at that time, the city prisoner shall be accepted into the county jail or transported to the nearest hospital. The County Sheriff or his deputy may refuse to accept an injured or ill city prisoner when in the judgement of the County Sheriff or his deputy, medical attention is necessary before confinement.

B. (2) It is further agreed that during the confinement of any City prisoner in the county jail, the County, acting by and through the County Sheriff or his deputy, will provide all necessary medical treatment and hospitalization for all City prisoners whether they become sick or injured. It is expressly agreed and understood that the cost of all such medical care, treatment and hospitalization is strictly the responsibility of said City, and should any such expense be incurred by the County, the City will reimburse the County for same upon request.

C. (3) The County acting by and through the County Sheriff or his deputy agrees that the Fort Bend County Sheriff's Department will not guard any City prisoner who is to be transported to any hospital. Once the City prisoner is removed from the county jail, it will be the responsibility of said city to provide a guard for their prisoner.

IV.

The City agrees to furnish its own baliff to escort city prisoners to and from municipal court. A committment from the Municipal Court will be obtained on each city prisoner within a period of twenty (24) hours and will be given to county jail personnel.

Such Court excludes weekends and holidays. When a City prisoner is removed from the confines of the county jail by a city police officer, the County releases and assumes no further responsibility for that city prisoner until such time that the prisoner is returned to the county jail by a city police officer. City prisoners returned to jail after court, must have proper committment forms prior to their being placed back into the county jail for confinement. City agrees that final bookout procedure be accomplished at the county jail for any final release of said city prisoner.

V.

The City agrees to pay the Treasurer of Fort Bend County, Texas, at the end of each calendar month the sum of $ 15.00 per day that each City prisoner has been incarcerated in the county jail. The Sheriff agrees to provide a statement showing the name of each city prisoner, the charge, the number of days served by each prisoner and the total amount due the County. For purposes of this agreement, confinement on any calendar day regardless of the amount of time spent in confinement, shall count as one full day of confinement. In calculating the number of days a certain city prisoner was confined, the day of arrival will be counted but not the day of departure. Further, County shall have the right to suspend City's use of the county jail facility until such time as any delinquent account is brought current. City agrees to pay for the confinement of their prisoners on municipal charges, except where class 'B' and class 'A' misdemeanor charges or felony charges are filed and not dismissed at a later date.

VI.

On or before the first day of August each year, the County will notify the City in writing by letter from the County Judge to the Mayor of the City of Fulshear, the daily rate as determined by the Commissioners' Court for the care, custody and housing of said prisoners and unless said rate is rejected by said city in writing within sixty (60) days said new rate per day will be the rate to be charged for the ensuing twelve (12) month period.

VII.

This contract may be terminated by either party at any time by written notice of an order or resolution of the respective governing body of such termination to the other party and no further liability thereon will remain other than that which has accrued before termination.

VIII.

City agrees to save and hold harmless SHERIFF and COUNTY, and SHERIFF'S successors in office, from any claims for damages for which SHERIFF or COUNTY may be held liable to a City prisoner because of the acts or omissions of any CITY employee. County agrees to save and hold CITY harmless for any claim for damages for which CITY may be held liable to any CITY prisoner because of the acts or omissions of any COUNTY employee.

IX.

The execution of this contract and the payment herein provided for are authorized by proper Resolutions and Orders, duly adopted by the Commissioners' Court of Fort Bend County, Texas, the City of Fulshear, each entered upon the Minutes of the Meetings of said organizations, copies of which Resolutions and Orders being attached to this contract and by reference incorporated herein and made a part hereof.

0020

The effective date of this contract shall be the 18th day of July, 1983.

Executed in triplicate originals by Order of the Commissioners' Court of Fort Bend County, Texas, and by Ordinance of the City Council of the City of Fulshear, Texas, on this the 18th day of July, 1983.

RE: Exchange of easements on Keegans Bayou

Dear Ms. Hubenak,

00820

It is the understanding of Fort Bend County Drainage District that a 15.3893 acre tract of land in the I. and G. N. R. R. Company Survey No. 4, Abstract 361, described in Exhibit B, is to be dedicated as a drainage easement on a proposed alignment of Keegans Bayou in exchange for the abandonment of a 4.4498 acre right of way easement as described in Exhibit A and recorded in Volume 433, Page 292, Fort Bend County Deed Records.

In view of the fact that the 4.4498 acre right of way easement will no longer be needed when the 15.3893 acre drainage easement is dedicated, Fort Bend County Drainage District recommends that the 4.4498 acre right of way easement be abandoned when the 15.3893 acre drainage easement is dedicated.

Very truly yours,

Stanley L. Kucherka, Jr., P. E.
Drainage District Engineer

EXCHANGE OF EASEMENTS

STATE OF TEXAS	§	KNOW ALL MEN BY
	§	
COUNTY OF FORT BEND	§	THESE PRESENTS

THAT WHEREAS, Fort Bend County Drainage District, a corporation (herein called the "District") of Fort Bend County, Texas, has been granted a Right-of-Way Easement over, across, through and under that particular 4.4498 acre, more or less, tract of land situated in Fort Bend County, Texas, described in Exhibit "A" attached hereto and made a part hereof for all purposes, and such Right-of-Way Easement is a portion of that certain Right-of-Way Easement granted to the District and recorded in Volume 433, Page 292 of the Fort Bend County Deed Records ; and

WHEREAS, West Keegans Bayou Improvement District, a body politic and corporate and a governmental agency of the State of Texas (herein called "WKBID") is the owner of Right-of-Way Easements for drainage purposes for that particular 15.3893 acres of land, more or less, out of the I.& G.N.R.R. Company Survey No. 4 in Fort Bend County, Texas, described in Exhibit "B" attached hereto and made a part hereof for all purposes; and

WHEREAS, the District and WKBID entered into an Agreement Regarding Drainage Facilities Between Fort Bend County Drainage District and West Keegans Bayou Improvement District dated October 11, 1982, whereby the District, upon the completion of certain drainage improvements to Keegans Bayou by WKBID, agreed to convey the right and title to that particular portion of the Right-of-Way Easement upon, over, through and across that particular 4.4498 acre, more or less, tract of land described in Exhibit "A" to WKBID in exchange for a Right-of-Way Easement upon, over, through and across that particular land as described therein; and

WHEREAS, WKBID has completed those drainage improvements to Keegans Bayou; and

WHEREAS, the District no longer requires that particular portion of the Right-of-Way Easement upon, over, through and across that particular 4.4498 acre, more or less, tract of land described in Exhibit "A";

Conveyance 1: NOW, THEREFORE, Fort Bend County Drainage District, for and in consideration of the exchange of the Right-of-Way Easement conveyed in Conveyance 2 hereof, being of at least equal value to the above described Right-of-Way Easement, has GRANTED, BARGAINED, SOLD and CONVEYED, and by these presents does GRANT, SELL and CONVEY, unto West Keegans Bayou Improvement District all of its right, title and interest to that portion of the certain Right-of-Way Easement recorded in Volume 433, Page 292 of the Fort Bend County Deed Records, upon, over, through and across that particular 4.4498 acre, more or less, tract of land described in Exhibit "A" attached hereto. This is a partial conveyance of that certain Right-of-Way Easement granted to the District as recorded in Volume 433, Page 292 of the Fort Bend County Deed Records only and does not affect the remainder of said Right-of-Way Easement.

To have and to hold unto WKBID, its successors and assigns, together with all and singular the rights and appurtenances thereto in anywise belonging unto the WKBID, its successors and assigns, forever; and

Conveyance 2: NOW, THEREFORE, West Keegans Bayou Improvement District, for and in consideration for the exchange of the Right-of-Way Easement conveyed in Conveyance 1, being of at least equal value to the following described Right-of-Way Easement, has GRANTED, SOLD and CONVEYED and by these presents does GRANT, SELL and CONVEY unto Fort Bend County Drainage District, its successors and assigns, a Right-of-Way Easement for the purpose of

constructing, maintaining, operating, repairing and reconstructing a drainage canal or ditch, including drains, ditches, laterals and levees, upon, over, through and across the particular land of WKBID being situated in Fort Bend County, Texas, being more particularly described by metes and bounds in Exhibit "B" attached hereto.

To have and to hold unto the District, its successors and assigns, together with all and singular the rights and appurtenances thereto in anywise belonging unto the District, its successors and assigns for so long as the rights and easements herein granted, or any of them, shall be used by, or useful to, constructing, maintaining, inspecting, operating and repairing the drainage facilities constructed on such Right-of-Way Easement by and for the District;

AND, the District and WKBID do hereby waive any liens, express or implied, with respect to the interest in the property conveyed herein.

AND, the District and WKBID do hereby bind themselves, their successors and assigns, to warrant and forever defend all and singular the said premises, respectively, each to the other, its successors and assigns, respectively, against every person whomsoever lawfully claiming or to claim the same, or any part thereof.

These conveyances are subject to all easements and restrictions of record.

ORDER OF THE COMMISSIONERS COURT
OF FORT BEND COUNTY, TEXAS

On the 12th day of September, A.D., 1983, came on to be heard the Application of C. N. PAPADOPOULOS, TRUSTEE, and seven other freeholders of Precinct 3, in Fort Bend County, Texas, for permission to cancel and vacate certain easements and streets purportedly granted and dedicated out of a certain 162.833 acre tract of land out of the M. M. Battle League, Abstract 9, in Fort Bend County, Texas as follows:

1. Those certain streets called Briar Run, Pecan Meadow Circle, Moss Court, Timber Court, Sandy Hill Road, Grassy Creek Road, all purportedly dedicated by instrument recorded in Volume 863, Page 382, Deed Records of Fort Bend County, Texas.

2. Three (3) thirty foot (30') drainage easements described in and purportedly dedicated by instrument recorded in Volume 863, Page 382, Deed Records of Fort Bend County, Texas,

more particularly described in said Application, and it appearing that said application was filed in this Court, and that this Court ordered that a hearing on said application be had before the Commissioners Court of Fort Bend County, Texas, on the 12th day of September, A.D., 1983, at 10:00 o'clock A.M., in the courtroom of said Court, in the Fort Bend County Courthouse Annex, Richmond, Texas, and that notice of said Application was duly given in the manner and for the length of time required by law, and it appearing that the Applicant is the owner of all of the land abutting said streets and easements, and that the cancellation and vacation of same will not interfere with the established rights of any person owning land in the vicinity of same, and that said streets and drainage easements should be vacated and cancelled; and it further appearing that none of the streets or roads sought to be cancelled has ever been used, nor has any portion thereof ever been accepted by the County of Fort Bend;

00820

It is accordingly ORDERED that all of the streets and drainage easements set out and described above be, and same are, hereby cancelled and vacated, on this the 12th day of September, 1983.

NOTICE

TO ALL PERSONS INTERESTED IN A 162.833 ACRE TRACT OF LAND IN THE M. M. BATTLE LEAGUE, ABSTRACT 9, IN FORT BEND COUNTY, TEXAS:

Notice is given that C. N. Papadopoulos, Trustee and seven other freeholders of Precinct 3, Fort Bend County, Texas have filed the following application addressed to the Honorable Commissioner's Court of Fort Bend County, Texas for permission to cancel, vacate and abandon certain streets and drainage easements within a 162.833 acres of land in the M. M. Battle League, Abstract 9, Fort Bend County, Texas:

"APPLICATION TO THE COMMISSIONER'S COURT OF FORT BEND COUNTY, TEXAS FOR THE VACATION OF CERTAIN UNOPEN STREETS AND DRAINAGE EASEMENTS

TO THE HONORABLE COMMISSIONER'S COURT OF FORT BEND COUNTY, TEXAS:

NOW COME the undersigned, being freeholders of Precinct 3 of Fort Bend County, Texas, ("Applicants") and submits this application for permission to vacate and discontinue certain easements and streets purportedly granted and dedicated by an instrument recorded in Volume 863, Page 382, the Deed Records of Fort Bend County, Texas, affecting a certain 162.833 acre tract out of the M. M. Battle League, Abstract 9, Fort Bend County, Texas, located in Precinct 3, Fort Bend County, Texas, and respectfully show unto the Court as follows:

1. That C. N. Papadopoulos, Trustee is the owner of a tract of land more particularly described by metes and bounds on Exhibit "A" attached hereto, all of which land is situated within Fort Bend County, Texas and is situated outside of the corporate limits of any incorporated town or city.

2. That C. N. Papadopoulos, Trustee's predecessors in title executed and recorded a certain instrument dated the 3rd day of October, 1979, which was recorded in Volume 863, Page 382, of the

Deed Records of Fort Bend County, Texas which purportedly granted and dedicated the following:

(a) Those certain streets called Briar Run, Pecan Meadow Circle, Moss Court, Timber Court, Sandy Hill Road, Grassy Creek Road.

(b) Three 30' drainage easements.

All of the above named streets are described by metes and bounds on Exhibit "B" hereto and the three 30' drainage easements are described on Exhibit "C" attached hereto.

3. That none of the streets, roads or easements mentioned above have ever been ~~laid out on the ground or~~ used for any purpose by the public, and were never accepted by Fort Bend County.

4. That C. N. Papadopoulos, Trustee owns all of the land completely surrounding all of said streets and easements and that the cancellation of same will not interfere with the established rights of any person owning land in the vicinity of same.

0020

WHEREFORE, PREMISES CONSIDERED, Applicants request that notice of this application be given as required by law and upon final hearing hereof that the Court enter an order cancelling, vacating and discontinuing said streets, roads and easements and authorizing C. N. Papadopoulos, Trustee to effect cancellation and vacation of such streets and easements by written instrument describing same by metes and bounds description.

THE STATE OF TEXAS X

COUNTY OF FORT BEND X KNOWN ALL MEN BY THESE PRESENTS:

That, WHEREAS, The Commissioner's Court of Fort Bend County, Texas, has entered into a contract with the City of Stafford, for the care, custody and support of prisoners of the said city for the consideration and terms and conditions hereinafter set out; and pursuant to Article 4413-32c Interlocal Cooperation Act, and;

WHEREAS, the City of Stafford, acting by and through its duly elected governing body has determined by Ordinance, heretofore passed and adopted that it would be of material benefit of said City to provide for such care of said prisoners, and;

WHEREAS, the Commissioners' Court of Fort Bend County, Texas, has passed an order authorizing the Sheriff of Fort Bend County, Texas, to accept from the proper law enforcement officers of said city all prisoners under the terms and conditions and for the consideration hereinafter set out;

It is therefore agreed by and between FORT BEND COUNTY, TEXAS, acting herein by and through its duly authorized Commissioners' Court hereinafter styled the "County" and the City of Stafford, each acting by and through its duly authorized governing body hereinafter styled the "City", as follows;

I.

The County agrees that the Sheriff of Fort Bend County, Texas, will on and after the effective date of this instrument, accept from the duly authorized law enforcement officers of the City all persons who under the law of the State of Texas, are prisoners of the respective city. For definition purposes, a City prisoner shall mean those persons charged only with a violation of City Ordinances and State Laws which are classified as class "C" misdemeanors, lying within the jurisdiction of the Municipal Court of the City of Stafford, Fort Bend County, Texas. The Sheriff may, but will not be obligated to, accept persons accused of violations of municipal codes or ordinances only.

II.

The Sheriff of Fort Bend County, Texas, will house, support, maintain and confine said City prisoners in the County jail subject to the orders of the duly authorized Municipal Courts of said City.

The County and the City further agree that once a city prisoner is accepted and committed to the county jail, the Sheriff or his deputy in charge of admissions, will release a City prisoner only when the discharge of the City prisoner is lawfully ordered or authorized by a Magistrate or any Court of competent jurisdiction, provided, however, that nothing contained herein shall be construed to authorize the County or

County Sheriff to incarcerate or hold any person contrary to the Constitution and Laws of the State of Texas and the United States of America.

III.

A. (1) It is agreed and understood by the County and the City that the Sheriff or his deputy in charge of admissions at the county jail, shall determine upon presentation of any city prisoner at the county jail, whether or not at that time, the city prisoner shall be accepted into the county jail or transported to the nearest hospital. The County Sheriff or his deputy may refuse to accept an injured or ill city prisoner when in the judgement of the County Sheriff or his deputy, medical attention is necessary before confinement.

B. (2) It is further agreed that during the confinement of any City prisoner in the county jail, the County, acting by and through the County Sheriff or his deputy, will provide all necessary medical treatment and hospitalization for all City prisoners whether they become sick or injured. It is expressly agreed and understood that the cost of all such medical care, treatment and hospitalization is strictly the responsibility of said City, and should any such expense be incurred by the County, the City will reimburse the County for same upon request.

C. (3) The County acting by and through the County Sheriff or his deputy agrees that the Fort Bend County Sheriff's Department will not guard any City prisoner who is to be transported to any hospital. Once the City prisoner is removed from the county jail, it will be the responsibility of said city to provide a guard for their prisoner.

IV.

The City agrees to furnish its own baliff to escort city prisoners to and from municipal court. A committment from the Municipal Court will be obtained on each city prisoner within a period of twenty-four(24) hours and will be given to county jail personnel.

Such Court excludes weekends and holidays. When a City prisoner is removed from the confines of the county jail by a city police officer, the County releases and assumes no further responsibility for that city prisoner until such time that the prisoner is returned to the county jail by a city police officer. City prisoners returned to jail after court, must have proper committment forms prior to their being placed back into the county jail for confinement. City agrees that final bookout procedure be accomplished at the county jail for any final release of said city prisoner.

V.

The City agrees to pay the Treasurer of Fort Bend County, Texas, at the end of each calendar month the sum of $15.00 per day that each City prisoner has been incarcerated in the county jail. The sheriff agrees to provide a statement showing the name of each city prisoner, the charge, the number of days served by each prisoner and the total amount due the County. For purposes of this agreement, confinement on any calendar day regardless of the amount of time spent in confinement, shall count as one full day of confinement. In calculating the number of days a certain city prisoner was confined, the day of arrival will be counted but not the day of departure. Further, County shall have the right to suspend City's use of the county jail facility until such time as any deliquent account is brought current. City agrees to pay for the confinement of their prisoners on municipal charges, except where class "B" and class "A" misdemeanor charges or felony charges are filed and not dismissed at a later date.

VI.

On or before the first day of January of each year, the County will notify the City in writing by letter from the County Judge to the Mayor of the City of Stafford, the daily rate as determined by the Commissioners' Court for the care, custody and housing of said prisoners and unless said rate is rejected by said city in writing within sixty(60) days said new rate per day will be the rate to be charged for the ensuing twelve(12) month period.

VII.

This contract may be terminated by either party at any time by written notice of an order or resolution of the respective governing body of such termination to the other party and no further liability thereon will remain other than that which has accrued before termination.

VIII.

City agrees to save and hold harmless SHERIFF and COUNTY, and SHERIFF'S successors in office, from any claims for damages for which SHERIFF or COUNTY may be held liable to a City prisoner because of the acts or omissions of any CITY employee. County agrees to save and hold CITY harmless for any claim for damages for which CITY may be held liable to any CITY prisoner because of the acts or omissions of any COUNTY employee.

IX.

The execution of this contract and the payment herein provided for are authorized by proper Resolutions and Orders, duly adopted by the Commissioners' Court of Fort Bend County, Texas, the City of Stafford, each entered upon the Minutes of the Meetings of said organizations, copies of which Resolutions and Orders being attached to this contract and by reference incorporated herein and made a part hereof.

The effective date of this contract shall be the 1st day of October, 1983.

Executed in triplicate originals by Order of the Commissioners' Court of Fort Bend County, Texas, and by Ordinance of the City Council of the City of Stafford, Texas, on this the 12th day of Sept, 1983.

RE: FORT BEND COUNTY JAIL ADDITION

Dear Mr. Viterna:

This letter is in response to the items shown in your checklist and letter of July 29, 1983. Please excuse the delay of this response.

.02 NEW JAIL DESIGN

.015 Functional Space: Detention, storage, visiting, guard station & recreation are new areas. Other items are included in the existing facility. Support areas are able to support the additional capacity.

.023 STORAGE: New additional storage space will provide adequate storage for inmate personal property, jail issue and mattresses. Evidence storage will be part of existing building.

.041 WEAPON STORAGE: Pistol cabinet is not planned at this entry, as entry to jail will not be allowed. This is for guard to have access to visitor's rm.

.047 DAYROOMS: Safety vestibules are provided at multi-occupancy cells; they are labeled as inmate corridors.

.055 SEPARATION CELLS: Emergency operation of separation cells will be accomplished by guard manually unlocking cell doors.

.057 LIGHTING: Variable light levels are provided by having two or more switches serving the lights in each room.

.080 EMERGENCY ELECTRICAL POWER: Designated light fixtures, electrical receptacles, the sound system, fire alarm system, closed circuit television system and ventilation systems are served from the existing emergency generator.

.081 TEMPERATURE LEVELS: Thermostats located on the a/c units and in the emergency ventilation systems can be adjusted to maintain NLT 65°-NMT 85°.

.082 AIR FLOW: The emergency ventilation system is designed to provide a maximum air change rate of one complete change of air in the detention area every three (3) minutes.

0.83 PLUMBING AND DRAINAGE: All hot water connections in the detention area are supplied from the existing 110°F tempered water system

217.08 LIFE SAFETY RULES

.003(b) All masonry partitions extend to the roof deck between cell areas. All corridor walls extend to the roof deck. All ducts penetrating fire walls are provided with automatic fire dampers located in the penetration.

0020

.007 ILLUMINATION OF EXITS: All exit fixtures and at least one fixture in each area is provided with an emergency battery that will operate the fixture if the emergency power system should not operate.

.008 EMERGENCY ILLUMINATION SYSTEM: Same as .007.

.04 PLANS AND DRILLS FOR EMERGENCIES

.003 EMERGENCY DIRECTIONS - Emergency directions and signage is included in the graphics allowance.

.05 LIFE SAFETY AND EMERGENCY EQUIPMENT

.001 Emergency Electrical Power: Is provided by existing 100 KW emergency generator.

.003 SMOKE AND FUME REMOVAL: System is designed to provide 20 air changes per hour.

.005 PORTABLE FIRE EXTINGUISHERS: Located in fire hose cabinets

.006 INACCESSIBILITY TO INMATES: Fire hose cabinets have locks on doors.

Sincerely,

Christopher DiStefano, AIA

APPLICATION
FOR
TERMINATION AND ABANDONMENT
OF A
PORTION OF BLAIR ROAD

TO: The Honorable Commissioners' Court, Fort Bend County, Texas
RE: Application of SUGARLAND PROPERTIES INCORPORATED

Now Comes SUGARLAND PROPERTIES CORPORATED, a Texas Corporation ("Applicant"), and files this its Application for Termination and Abandonment of a Portion of Blair Road situated in Fort Bend County, Texas:

WHEREAS, the portion of Blair Road sought to be abandoned (such abandoned portion hereinafter being called "Subject Road") is a fifty foot (50') wide roadway running in a northeast-southwest direction, not dedicated of record insofar as has been determined and being an apparent public road by prescription as indicated by its actual existence on the ground and by its inclusion in the Road Log Book of Fort Bend County, Texas in the County Engineer's Office of said County, and being that certain strip of land and prescriptive easement more particularly described in Exhibit "A" attached hereto and incorporated herein by reference and made a part hereof for all purposes; and

0020

WHEREAS, Applicant is the fee owner of the property abutting Subject Road on both its northwest and southeast sides; and

WHEREAS, the majority of the landowners abutting Subject Road agree to the termination and abandonment of Subject Road; and

WHEREAS, the termination and abandonment of Subject Road will not interfere with the established rights of any landowner owning any portion of land abutting Subject Road; and

WHEREAS, Subject Road extends from its southwestern terminus at its intersection with Oilfield Road, the right-of-way of which was dedicated in instrument recorded in Vol. 120, Page 308, of the Deed Records of Fort Bend County, Texas, to its northeastern terminus at its intersection with Lester Road (now Dulles), as reflected by said Road Log Book; and

WHEREAS, Applicant will dedicate to the public and build, at no cost to the County, a one-hundred foot (100') wide right-of-way for roadway purposes, proposed to be known as Lexington Boulevard, connecting said Oilfield Road and said Lester Road (now Dulles), at or near their respective intersection with said Blair Road at its Southwestern and Northeastern terminus, respectively, and being that certain strip of land more particularly described in Exhibit "B" attached hereto and incorporated herein by reference and made a part hereof for all purposes; which roadway to be dedicated, once built, will connect each terminus of Blair Road being abandoned herein; and

WHEREAS, Applicant desires to develop Subject Road in such a manner that it will be undesirable for Subject Road to remain encumbered as a street right-of-way; and

WHEREAS, Sugarland Telephone Company and Houston Lighting & Power Company, the only existing utility facilities located within the Subject Road to the best of Applicant's knowledge, have given their consent to the abandonment of Subject Road; and

WHEREAS, the termination and abandonment of Subject Road will not thwart or otherwise impede the orderly development of the properties surrounding Subject Road.

WHEREFORE, PREMISES CONSIDERED, Applicant respectfully submits this Application and requests that Subject Road be terminated and abandoned, free and clear of the burdens

imposed thereon by said roadway easement, and that it be returned back into acreage as it existed before such roadway became a prescriptive right-of-way easement to be owned in full by Applicant free and clear of said road right-of-way easement.

APPLICATION
FOR
TERMINATION AND ABANDONMENT
OF A
PORTION OF BLAIR ROAD

TO: The Honorable Commissioners' Court, Fort Bend County, Texas
RE: Application of SUGARLAND PROPERTIES INCORPORATED

Now Comes SUGARLAND PROPERTIES CORPORATED, a Texas Corporation ("Applicant"), and files this its Application for Termination and Abandonment of a Portion of Blair Road situated in Fort Bend County, Texas:

WHEREAS, the portion of Blair Road sought to be abandoned (such abandoned portion hereinafter being called "Subject Road") is a fifty foot (50') wide roadway running in a northeast-southwest direction, not dedicated of record insofar as has been determined and being an apparent public road by prescription as indicated by its actual existence on the ground and by its inclusion in the Road Log Book of Fort Bend County, Texas in the County Engineer's Office of said County, and being that certain strip of land and prescriptive easement more particularly described in Exhibit "A" attached hereto and incorporated herein by reference and made a part hereof for all purposes; and

WHEREAS, Applicant is the fee owner of the property abutting Subject Road on both its northwest and southeast sides; and

WHEREAS, the majority of the landowners abutting Subject Road agree to the termination and abandonment of Subject Road; and

WHEREAS, the termination and abandonment of Subject Road will not interfere with the established rights of any landowner owning any portion of land abutting Subject Road; and

EXHIBIT ONE

WHEREAS, Subject Road extends from its southwestern terminus at its intersection with Oilfield Road, the right-of-way of which was dedicated in instrument recorded in Vol. 120, Page 308, of the Deed Records of Fort Bend County, Texas, to its northeastern terminus at its intersection with Lester Road (now Dulles), as reflected by said Road Log Book; and

WHEREAS, Applicant will dedicate to the public and build, at no cost to the County, a one-hundred foot (100') wide right-of-way for roadway purposes, proposed to be known as Lexington Boulevard, connecting said Oilfield Road and said Lester Road (now Dulles), at or near their respective intersection with said Blair Road at its Southwestern and Northeastern terminus, respecively, and being that certain strip of land more particularly described in Exhibit "B" attached hereto and incorporated herein by reference and made a part hereof for all purposes; which roadway to be dedicated, once built, will connect each terminus of Blair Road being abandoned herein; and

WHEREAS, Applicant desires to develop Subject Road in such a manner that it will be undesirable for Subject Road to remain encumbered as a street right-of-way; and

WHEREAS, Sugarland Telephone Company and Houston Lighting & Power Company, the only existing utility facilities located within the Subject Road to the best of Applicant's knowledge, have given their consent to the abandonment of Subject Road; and

WHEREAS, the termination and abandonment of Subject Road will not thwart or otherwise impede the orderly development of the properties surrounding Subject Road.

WHEREFORE, PREMISES CONSIDERED, Applicant respectfully submits this Application and requests that Subject Road be terminated and abandoned, free and clear of the burdens

imposed thereon by said roadway easement, and that it be returned back into acreage as it existed before such roadway became a prescriptive right-of-way easement to be owned in full by Applicant free and clear of said road right-of-way easement.
