District No. 12

MINUTE ORDER

WHEREAS, in FORT BEND COUNTY, the City of Sugar Land has requested assistance in replacing bridge and approaches on Dulles Avenue at American Canal; and

WHEREAS, Dulles Avenue is included in the Urban System; and

WHEREAS, it is the desire of the State Department of Highways and Public Transportation to assist the City of Sugar Land and Fort Bend County in such work;

NOW, THEREFORE, the Engineer-Director is directed to tender the following proposal to the City of Sugar Land and Fort Bend County:

Provided the City and/or County will maintain all of the work constructed as part of the project and agree to regulate traffic and prevent encroachment on the right of way, all in accordance with governing policies and regulations of the Department, the Department will, subject to the availability of Federal-aid Urban System funds and the eligibility of the proposed work for financing with said funds:

0021

1. Prepare construction plans and specifications.

2. Provide for Replacement of Bridge and Approaches at an estimated cost of $310,000 as authorized in the 1983-1986 Urban System Program.

Upon acceptance of the provisions of this Order by the appropriate officials of the City of Sugar Land and Fort Bend County, IT IS ORDERED that Dulles Avenue extending from U. S. Highway 90A, South to American Canal, a distance of approximately 1.8 miles, be and is hereby designated as a METROPOLITAN HIGHWAY and the Engineer-Director is directed to enter into any necessary agreements with the City and/or County covering the details of the proposed improvements, to proceed with the engineering development of the project and with construction in the most feasible and economical manner.

This Order shall become operative upon acceptance by the City of Sugar Land and Fort Bend County and if not accepted within 90 days of the date hereof, the action herein contained shall be automatically cancelled.

APPLICATION
FOR
TERMINATION AND ABANDONMENT
OF A
PORTION OF BLAIR ROAD

TO: The Honorable Commissioners' Court, Fort Bend County, Texas
RE: Application of SUGARLAND PROPERTIES INCORPORATED

Now Comes SUGARLAND PROPERTIES CORPORATED, a Texas Corporation ("Applicant"), and files this its Application for Termination and Abandonment of a Portion of Blair Road situated in Fort Bend County, Texas:

WHEREAS, the portion of Blair Road sought to be abandoned (such abandoned portion hereinafter being called "Subject Road") is a fifty foot (50') wide roadway running in a northeast-southwest direction, not dedicated of record insofar as has been determined and being an apparent public road by prescription as indicated by its actual existence on the ground and by its inclusion in the Road Log Book of Fort Bend County, Texas in the County Engineer's Office of said County, and being that certain strip of land and prescriptive easement more particularly described in Exhibit "A" attached hereto and incorporated herein by reference and made a part hereof for all purposes; and

0021

WHEREAS, Applicant is the fee owner of the property abutting Subject Road on both its northwest and southeast sides; and

WHEREAS, the majority of the landowners abutting Subject Road agree to the termination and abandonment of Subject Road; and

WHEREAS, the termination and abandonment of Subject Road will not interfere with the established rights of any landowner owning any portion of land abutting Subject Road; and

EXHIBIT ONE

WHEREAS, Subject Road extends from its southwestern terminus at its intersection with Oilfield Road, the right-of-way of which was dedicated in instrument recorded in Vol. 120, Page 308, of the Deed Records of Fort Bend County, Texas, to its northeastern terminus at its intersection with Lester Road (now Dulles), as reflected by said Road Log Book; and

WHEREAS, Applicant will dedicate to the public and build, at no cost to the County, a one-hundred foot (100') wide right-of-way for roadway purposes, proposed to be known as Lexington Boulevard, connecting said Oilfield Road and said Lester Road (now Dulles), at or near their respective intersection with said Blair Road at its Southwestern and Northeastern terminus, respecively, and being that certain strip of land more particularly described in Exhibit "B" attached hereto and incorporated herein by reference and made a part hereof for all purposes; which roadway to be dedicated, once built, will connect each terminus of Blair Road being abandoned herein; and

WHEREAS, Applicant desires to develop Subject Road in such a manner that it will be undesirable for Subject Road to remain encumbered as a street right-of-way; and

WHEREAS, Sugarland Telephone Company and Houston Lighting & Power Company, the only existing utility facilities located within the Subject Road to the best of Applicant's knowledge, have given their consent to the abandonment of Subject Road; and

WHEREAS, the termination and abandonment of Subject Road will not thwart or otherwise impede the orderly development of the properties surrounding Subject Road.

WHEREFORE, PREMISES CONSIDERED, Applicant respectfully submits this Application and requests that Subject Road be terminated and abandoned, free and clear of the burdens

00102

imposed thereon by said roadway easement, and that it be returned back into acreage as it existed before such roadway became a prescriptive right-of-way easement to be owned in full by Applicant free and clear of said road right-of-way easement.

APPLICATION FOR TERMINATION AND ABANDONMENT OF A PORTION OF OILFIELD ROAD

TO: The Honorable Commissioners' Court, Fort Bend County, Texas
RE: Application of SUGARLAND PROPERTIES INCORPORATED

Now Comes SUGARLAND PROPERTIES CORPORATED, a Texas Corporation ("Applicant"), and files this its Application for Termination and Abandonment of a Portion of Oilfield Road situated in Fort Bend County, Texas:

WHEREAS, the portion of Oilfield Road sought to be abandoned (such abandoned portion hereinafter being called "Subject Road") is a sixty foot (60') wide roadway running in a northwest-southeast direction, dedicated in the instrument recorded in Volume 120, Page 308 of the Deed Records of Fort Bend County, Texas, and being that certain strip of land more particularly described in Exhibit "A" attached hereto and incorporated herein by reference and made a part hereof for all purposes; and

0021

WHEREAS, Applicant is the fee owner of the property abutting Subject Road on both its northeast and southwest sides; and

WHEREAS, the majority of the landowners abutting Subject Road agree to the termination and abandonment of Subject Road; and

WHEREAS, the termination and abandonment of Subject Road will not interfere with the established rights of any landowner owning any portion of land abutting Subject Road; and

WHEREAS, Subject Road extends from its southeastern terminus at its intersection with the portion of the Oilfield Road right-of-way not being abandoned herein to its

EXHIBIT ONE

northwestern terminus at its intersection with the portion of said Oilfield Road heretofore abandoned by ORDER of this Honorable Court rendered March 9, 1981, and recorded in Volume 14, Page 625, of the Commissioners' Court Minutes of Fort Bend County, Texas and a Certified Copy of which is recorded in Volume 951, Page 202, of the Deed Records of Fort Bend County, Texas; and

WHEREAS, Applicant will dedicate to the public and build, at no cost to the County, a right-of-way for roadway purposes connecting the northwest terminus of the above described portion of Oilfield Road not being abandoned herein to the Northwest Terminus of the portion of Oilfield Road sought to be abandoned herein; which roadway to be dedicated, once built, will connect those parts of Oilfield road not being abandoned herein; and

WHEREAS, Applicant desires to develop Subject Road in such a manner that it will be undesirable for Subject Road to remain encumbered as a street right-of-way; and

WHEREAS, Sugarland Telephone Company and Houston Lighting & Power Company, the only existing utility facilities located within the Subject Road to the best of Applicant's knowledge, have given their consent to the abandonment of Subject Road; and

WHEREAS, the termination and abandonment of Subject Road will not thwart or otherwise impede the orderly development of the properties surrounding Subject Road.

WHEREFORE, PREMISES CONSIDERED, Applicant respectfully submits this Application and requests that Subject Road be terminated and abandoned, free and clear of the burdens imposed thereon by said dedication instrument and that it be returned back into acreage as it existed before such roadway

On this ____ day of _____, 1983, came on to be heard by the Commissioners' Court of Fort Bend County, Texas, the Application For Termination And Abandonment Of A Portion Of Oilfield Road of SUGARLAND PROPERTIES INCORPORATED, a Texas corporation ("Applicant"), for an Order of this Court to terminate and abandon a portion of OILFIELD ROAD situated within Fort Bend County, Texas, the portion of Oilfield Road sought to be abandoned (such abandoned portion hereinafter being called "Subject Road") being a sixty foot (60') wide roadway running in a northwest-southeast direction and extending from its southeastern terminus at its intersection with the portion of Oilfield Road right-of-way not being abandoned herein to its northwestern terminus at its intersection with the portion of said Oilfield Road heretofore abandoned by ORDER of this Honorable Court rendered March 9, 1981, and recorded in Volume 14, Page 625, of the Commissioners' Court Minutes of Fort Bend County, Texas and a Certified Copy of which is recorded in Volume 951, Page 202, of the Deed Records of Fort Bend County, Texas, and Subject Road lying within the boundaries of property owned by Applicant and being that certain strip of land and dedicated roadway easement more particularly described in Exhibit "A" attached hereto and incorporated herein by reference and made a part hereof for all purposes.

Applicant has requested the return of Subject Road back into acreage as it existed before such roadway was dedicated

as a right-of-way easement, all as more particularly set forth in said Application, and said Application and the evidence submitted in support thereof having been fully heard and considered by the Court, the Court finds:

(1) That Subject Road is bounded on both its northeast and southwest sides by property owned in fee by Applicant;

(2) That the Subject Road was dedicated by the instrument recorded in Volume 120, Page 308 of the Deed Records of Fort Bend County, Texas;

(3) That no person, firm, corporation or other entity would be adversely affected by the termination and abandonment of Subject Road nor would any established rights of any such person, firm, corporation or other entity be interfered with by such termination and abandonment of Subject Road;

(4) That Applicant's dedication to the public and construction, at no cost to the County, of a right-of-way for roadway purposes connecting the northwest terminus of the above described portion of Oilfield Road not being abandoned herein to the northwest terminus of the portion of Oilfield Road sought to be abandoned in said Application will, once dedicated and built, connect those parts of Oilfield Road not abandoned herein;

(5) That the termination and abandonment of Subject Road will not thwart or otherwise impede the orderly street development in the area surrounding Subject Road;

(6) That Applicant plans to develop Subject Road and the surrounding property in such a manner that it will be undesirable for Subject Road to remain burdened by the roadway dedication, and such termination and abandonment, as requested by Applicant, is reasonable, proper and necessary;

And the Court being of the opinion that Subject Road should be terminated and abandoned as applied for, and the Application should be granted it is accordingly.

ORDERED, ADJUDGED and DECREED by the Court that the portion of the Oilfield Road roadway right-of-way dedication burdening Subject Road, as hereinabove described, is hereby TERMINATED and ABANDONED such that Subject Road shall be owned in fee by Applicant free and clear of the Oilfield Road right-of-way easement, and Applicant is hereby authorized to file for record in the office of the County Clerk of Fort Bend County, Texas, this Order evidencing said termination and abandonment.

County Judge Fort Bend County
Honorable County Commissioners
Courthouse Richmond, Texas 77469

Honorable Sirs:

I am submitting this for your consideration in reference to the pauper funeral services.
In the past I have been paid $300.00 and lately I have ~~also been~~ paid $50.00 for grave space.
I am asking the County Judge and Commissioners court to considera a payment of $500.00 on all of the County funeral services. I will pay for the cemetery space to bury. This has become more and more hard to find and the price has gone up considerable.
Please be informed that when a body is picked up, we have toprepare him and hold the same for at least a period of 72 hours and try to find the next of kin. We also provide a burial box and some clothing, besides we have to dig and cover grave and provide an aluminum marker, and some clothing.

0021

Yours very truly

Jose F. Hernandez

The Honorable Commissioners Court
Joyce Tompkins, Auditor

Dear Sirs:

The Fort Bend County Museum has been in operation for eleven years serving the community by preserving and promoting Fort Bend County history. Our area of Texas is rich in heritage and we strive to share this unique past with our citizens and preserve it for our future generations.

Last year, over 10,000 people visited the museum; 400 being from out-of-state and foreign countries. As a free public service, our volunteers educated 82 tour groups with a variety of 7 different tour programs including interpretive programs, museum tours, audio/visual shows, and walking and riding tours of historic Richmond. Among these groups were school children from Lamar Consolidated, Fort Bend and Alief Independent School Districts, as well as, many private schools, day care centers, clubs, organizations, and convention groups from Houston,

0021

This past summer, we began a summer history program for children ages 6-12. The special speakers, programs, and activities attracted 480 children from throughout the county. We had to turn away many children due to lack of space.

This county is growing at an enormous rate and so is the museum. We want to continue to develop new programs and exhibits and sponsor new projects for the public, however, as a non-profit organization, we are finding it difficult to simply meet day to day operational expenses. In order to continue to offer free quality service to the public, we respectfully request your consideration of $20,000 in revenue sharing funds for operating costs for the museum. Thank you for your support in the promotion and preservation of Fort Bend County's history.

Bettye Anhaiser

RESOLUTION OF THE COMMISSIONERS COURT APPROVING THE ISSUANCE OF BONDS BY THE FORT BEND COUNTY INDUSTRIAL DEVELOPMENT CORPORATION TO FINANCE A PROJECT FOR J. DONALD HULL d/b/a HULL AIRPORT FOLLOWING A PUBLIC HEARING

WHEREAS, by resolution the Commissioners Court (the "Governing Body") of Fort Bend County (the "Unit"), authorized and approved the creation of the Fort Bend County Industrial Development Corporation (the "Issuer") as a nonprofit industrial development corporation under the provisions of the Development Corporation Act of 1979, Article 5190.6, Vernon's Annotated Texas Civil Statutes, as amended (the "Act"); and

WHEREAS, by resolution adopted on November 8, 1982, the Governing Body approved an Agreement to Issue Bonds between the Issuer and J. Donald Hull d/b/a Hull Airport, which Agreement to Issue Bonds authorized the issuance of industrial development revenue bonds by the Issuer to finance the cost of facilities (the "Project") to accomplish the specific public purpose for which the Issuer was created and which Agreement to Issue Bonds was approved by resolution of the Issuer on October 28, 1982; and

WHEREAS, in accordance with the terms of the Agreement to Issue Bonds, the Issuer now desires to provide for the issuance and sale of its Industrial Development Revenue Bonds, Series 1983 (J. Donald Hull d/b/a Hull Airport Project) (the "Bonds"), in the maximum aggregate principal amount of $1,600,000, by adopting a resolution substantially in the form attached hereto as Exhibit "A" (the "Resolution"); and

WHEREAS, on September 22, 1983, the Issuer held a public hearing in a location which, under the facts and circumstances, was convenient for residents of the Unit, with respect to the Bonds and the Project following publication of reasonable public notice (the "Notice") in compliance with Section 103(k) of the Internal Revenue Code of 1954, as amended (the "Code"); and

WHEREAS, the Governing Body is the elected legislative body of the Unit; and

WHEREAS, the Act provides that the Governing Body must, by resolution adopted no more than sixty (60) days prior to the date of delivery of the Bonds, specifically approve the resolution of the Issuer providing for the issuance of the Bonds, and Section 103(k) of the Code requires that the "applicable elected representative," which with respect to the Bonds is the Governing Body, approve the Bonds and the Project prior to issuance;

NOW, THEREFORE, BE IT RESOLVED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, THAT:

1. The Resolution of the Issuer providing for the sale and issuance of the Bonds, substantially in the form attached hereto as Exhibit "A", is hereby approved.

2. The Governing Body hereby specifically approves the Bonds, as required by Section 103(k) of the Code, and the Project, all as described in the Notice attached hereto as Exhibit "B", and the Governing Body finds and determines that the Project is in furtherance of the public purposes of the Act.

PASSED AND APPROVED this 26th day of September, 1983.

Exhibit A

RESOLUTION OF FORT BEND COUNTY INDUSTRIAL DEVELOPMENT CORPORATION
WITH RESPECT TO A PUBLIC HEARING AND
AUTHORIZING ISSUANCE OF BONDS AND APPROVING DOCUMENTS

WHEREAS, the Development Corporation Act of 1979, Article 5190.6, Vernon's Annotated Texas Civil Statutes, as amended (the "Act"), authorizes and empowers the Fort Bend County Industrial Development Corporation (the "Issuer") to issue revenue bonds on behalf of Fort Bend County (the "Unit"), to finance the cost of projects comprising land, buildings, equipment, facilities and improvements, found by the Board of Directors of the Issuer (the "Board") to be required or suitable for the promotion of development and expansion of manufacturing and industrial facilities and in furtherance of the public purposes of the Act; and

WHEREAS, the Board adopted a resolution on October 28, 1982, pursuant to which a certain Agreement to Issue Bonds between the Issuer and J. Donald Hull d/b/a Hull Airport, a sole proprietorship (the "User"), was executed and delivered, whereby the Issuer agreed to provide for the financing of the cost of the User's project (the "Project") which was initially described in Exhibit "A" to said Agreement to Issue Bonds and is more fully described in Exhibit A to the Loan Agreement between the Issuer and the User referenced below, in accordance with the provisions of the Act; and

WHEREAS, for purposes of financing the cost of the Project, the Issuer now desires (i) to authorize the issuance of its Industrial Development Revenue Bonds, Series 1983 (J. Donald Hull d/b/a Hull Airport Project) (the "Bonds"), in the maximum aggregate principal amount of $1,600,000, pursuant to the terms and provisions of a trust indenture, (ii) to provide for the sale of the Bonds to the purchaser described herein, (iii) to provide for the payment of the principal of and premium, if any, and interest on the Bonds with revenues derived from the loan of proceeds of the sale of the Bonds to the User to finance the costs of the Project pursuant to the terms and provisions of a loan agreement and (iv) to take and authorize certain other actions in connection with the foregoing; and

WHEREAS, Section 103(k) of the Internal Revenue Code of 1954, as amended (the "Code"), requires that the Bonds and the Project be approved by the "applicable elected representative" (the "AER") after a public hearing following reasonable public notice; and

WHEREAS, with respect to Bonds issued by the Issuer the AER is the Commissioners Court (the "Governing Body") of the Unit; and

WHEREAS, notice of a public hearing with respect to the Project and the Bonds to be held by the Issuer on the date of this resolution was

published no less than 14 days before this date in a newspaper of general circulation available to residents within the Unit; and

WHEREAS, the Board has held such public hearing on the date and at the time and place set out in such published notice, and has conducted such hearing in a manner that provided a reasonable opportunity for persons with differing views on the issuance of the Bonds and on the location and nature of the Project to be heard; and

WHEREAS, the Governing Body of the Unit proposes to adopt a written resolution specifically approving this resolution of the Issuer providing for the issuance of the Bonds and specifically approving the Bonds and the Project as required by Section 103(k) of the Code; and

WHEREAS, the Board has been presented with and has examined proposed forms of a trust indenture and a loan agreement, and the Board finds that the form and substance of such documents are satisfactory and the recitals and findings contained therein are true, correct and complete and hereby adopts and incorporates by reference such recitals and findings as if set forth in full in this resolution, and finds that it is in the best interest of the public and the Issuer and assists in carrying out the public purpose of the Issuer and of the Act to authorize the execution and delivery of such documents; and

WHEREAS, the Board has also been presented with and has examined the proposed form of a guarantee agreement pursuant to which the User and J. Donald Hull and Mary Virginia Hull, each a natural person (individually and collectively, the "Guarantor"), will irrevocably and unconditionally guarantee the full and prompt payment of the principal of and premium, if any, and interest on the Bonds to the extent set forth in said guarantee agreement, and the Board finds the form and substance of such document is satisfactory, and that the agreements of the User and the Guarantor contained therein constitute a material inducement to the Issuer to issue and sell the Bonds and in reliance upon such agreement of the User and the Guarantor, the Board is willing to adopt this resolution and authorize the actions to be taken hereby; and

WHEREAS, the Board has also been presented with and has examined the proposed form of a deed of trust, security agreement, assignment of rents and financing statement, from the User and the Guarantor to Jo Anne Nelsen, as mortgage trustee, for the benefit of the Trustee (as hereinafter defined) (for the benefit of the holders of the Bonds), and the Board finds the form and substance of such document is satisfactory;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE FORT BEND COUNTY INDUSTRIAL DEVELOPMENT CORPORATION THAT:

1. The Board hereby finds, determines, recites and declares that a public hearing with respect to the Bonds and the Project was held on this date; that notice of such public hearing was published no less than 14 days before this date in a newspaper of general circulation available to residents within the Unit; that such notice included the date, time and place of the public hearing, the location, general nature and the initial owner, operator or manager of the Project and the maximum aggregate principal amount of the Bonds; and that all comments from interested persons were taken at such public hearing. The Board hereby directs that information with respect to the public hearing be provided to the Governing Body prior to their consideration of adoption of a resolution appproving the Bonds and the Project.

2. The Issuer hereby authorizes and directs the issuance of the Bonds in the maximum aggregate principal amount of $1,600,000, in accordance with a trust indenture substantially in the form of the Trust Indenture, dated as of September 1, 1983 (the "Indenture"), by and between the Issuer and Capital Bank National Association, as trustee (the "Trustee"), a copy of which was presented to the Board, the form, terms and provisions of such Indenture and the Bonds being hereby authorized and approved, and the President and the Vice President of the Issuer are hereby severally authorized and directed to execute and deliver such Indenture and the Bonds on behalf of the Issuer, and the Secretary of the Issuer is hereby authorized to attest and affix the Issuer's seal thereto, with such changes therein as the officers executing the same may approve, such approval to be conclusively evidenced by such execution thereof.

3. The loan of the proceeds of the sale of the Bonds by the Issuer to the User in order to provide financing of the costs of acquiring and constructing the Project shall be effected pursuant to the terms and provisions of a loan agreement substantially in the form of the Loan Agreement, dated as of September 1, 1983 (the "Loan Agreement"), by and between the Issuer and the User, a copy of which was presented to the Board, the form, terms and provisions of such Loan Agreement being hereby authorized and approved, and the President and the Vice President of the Issuer are hereby severally authorized and directed to execute and deliver such Loan Agreement on behalf of the Issuer, and the Secretary of the Issuer is hereby authorized to attest and affix the Issuer's seal thereto, with such changes therein as the officers executing the same may approve, such approval to be conclusively evidenced by such execution thereof.

4. As a condition to the actions authorized in Paragraphs 2 and 3 of this resolution, the User and the Guarantor shall have executed and delivered to the Issuer and the Trustee, for the benefit of the holders of the Bonds, as benefitted parties, a guarantee agreement substantially in the form of the Guarantee Agreement, dated as of September 1, 1983

(the "Guarantee Agreement"), executed by the User and the Guarantor, a copy of which was presented to the Board, the form, terms and provisions thereof being hereby authorized and approved, and the President and the Vice President of the Issuer are hereby severally authorized to signify the Issuer's acceptance and confirmation of such Guarantee Agreement by executing the same on behalf of the Issuer, with such changes therein as the officer executing the same may approve, such approval to be conclusively evidenced by such execution thereof.

5. As a further condition to the actions authorized in Paragraphs 2 and 3 of this resolution, the User shall have executed a deed of trust, security agreement, assignment of rents and financing statement substantially in the form of the Deed of Trust, Security Agreement, Assignment of Rents and Financing Statement, dated as of September 1, 1983 (the "Mortgage"), from the User to Jo Anne Nelsen, as mortgage trustee, for the benefit of the Trustee (for the benefit of the holders of the Bonds), a copy of which was presented to the Board, the form, terms and provisions thereof being hereby authorized and approved.

6. The sale and delivery of the Bonds by the Issuer to Capital Bank National Association (the "Purchaser"), at the par value thereof, is hereby authorized and approved.

7. The actions and obligations authorized in Paragraphs 2 through 6 of this resolution shall be subject to and conditioned upon the receipt by the Issuer, at the date of delivery and payment for the Bonds (the "Closing Date"), of (i) an investment letter, duly authorized and executed by the Purchaser, substantially in the form of the Investment Letter, dated the Closing Date (the "Investment Letter"), a copy of which was presented to the Board, the form, terms and provisions of such Investment Letter being hereby authorized and approved; (ii) a certificate from a representative of the Texas Economic Development Commission (the "Commission"), acting on behalf of the Commission, evidencing final approval of the Loan Agreement; (iii) the purchase price for the Bonds; (iv) evidence, satisfactory to Bond Counsel, of AER approval of the Project and the Bonds; and (v) such opinions, evidences, certificates, instruments or other documents as shall be requested by the Issuer's Counsel or by Bond Counsel, to evidence due performance or satisfaction by the User and the Guarantor at or prior to such time of all agreements then to be performed and all conditions then to be satisfied by it.

8. The officers, employees and agents of the Issuer, and each of them, shall be and each is expressly authorized, empowered and directed from time to time and at any time to do and perform all acts and things and to execute, acknowledge and deliver in the name and under the corporate seal and on behalf of the Issuer all certificates, financing statements, instruments and other papers, whether or not herein mentioned, as they may determine to be necessary or desirable in order

to carry out the terms and provisions of this resolution and of the Bonds to be issued hereunder, as well as the terms and provisions of the Indenture, the Guarantee Agreement, the Mortgage and the Loan Agreement hereby authorized and approved, such determination to be conclusively evidenced by the performance of such acts and things and the execution of any such certificate, financing statement, instrument or other paper.

9. The officers of the Issuer (with the assistance of the User) shall prepare a final transcript of the proceedings relating to the authorization, issuance, sale and delivery of the Bonds, which transcript shall be submitted to the Commission within sixty (60) days after the Closing Date.

10. The Issuer hereby directs that an officer of the Issuer submit to the Secretary of the Treasury, not later than the 15th day of the second calendar month after the close of the calendar quarter in which the Bonds are issued, a statement containing the information required by Section 103(l) of the Code.

11. Based upon representations made by the User to the Board, the Board hereby affirmatively finds that:

(a) the Project will have the effect of creating and stabilizing employment within the Unit;

(b) the Project is required or suitable for the promotion of development and expansion of manufacturing and industrial facilities and is in furtherance of the public purposes of the Act; and

(c) the Project will contribute to the economic growth or stability of the Unit by:

(i) increasing or stabilizing employment opportunity;

(ii) significantly increasing or stabilizing the property tax base; and

(iii) promoting commerce within the Unit and the State of Texas.

12. This resolution shall take effect and be in full force and effect upon and after its passage.

PASSED AND APPROVED this 22nd day of September, 1983.

NOTICE OF PUBLIC HEARING

FORT BEND COUNTY INDUSTRIAL
DEVELOPMENT CORPORATION
INDUSTRIAL DEVELOPMENT REVENUE BONDS
SERIES 1983
(J. DONALD HULL d/b/a HULL AIRPORT PROJECT)

Notice is hereby given of a public hearing to be held by Fort Bend County Industrial Development Corporation on September 22, 1983, at 7:30 p.m., at Fort Bend County Courthouse Annex, 500 Jackson Street, Richmond, Texas, with respect to an issue of industrial development revenue bonds (the "Bonds") to be issued in a face amount of not more than $1,600,000 by the Fort Bend County Industrial Development Corporation and the proceeds of which will be loaned to J. Donald Hull d/b/a Hull Airport to provide financing for the acquisition, construction and equipping of a general aviation airport facility (the "Project") consisting of a new terminal, ramp and corporate aircraft hangar at Hull Airport, which is located on Highway 6 at Highway 90A near Sugar Land, Texas. The initial and exclusive owner, operator and manager of the Project will be J. Donald Hull.

All interested persons are invited to attend such public hearing to express their views with respect to the Project and the issuance of the Bonds. Questions or requests for additional information may be directed to Ms. Jane Hubbard, Fort Bend County Courthouse Annex, 500 Jackson Street, Richmond, Texas, (713) 342-3411 x 214.

Persons who intend to appear at the hearing and express their views are invited to contact Ms. Jane Hubbard either in writing or by telephone in advance of the hearing. Any interested persons unable to attend the hearing may submit their views in writing to Ms. Jane Hubbard prior to the date scheduled for the hearing. The Fort Bend County Industrial Development Corporation will reschedule the location and time of the hearing or schedule an additional hearing if requested to do so in written requests submitted to Ms. Jane Hubbard prior to the aforementioned date of the hearing by a significant number of interested persons.

This notice is published and the above-described hearing is to be held in satisfaction of the requirements of Section 103(k) of the Internal Revenue Code of 1954, as amended, regarding the public approval prerequisite to the exemption from federal income taxation of the interest on the Bonds.

GENERAL CERTIFICATE OF UNIT

I, the undersigned, County Judge of Fort Bend County (the "Unit"), make this certification for the benefit of all persons interested in the issuance by the Fort Bend County Industrial Development Corporation (the "Issuer") of its $1,600,000 Industrial Development Revenue Bonds Series 1983 (J. RESOLUTION AUTHORIZING AMENDMENT TO
PROJECT PLANS AND SPECIFICATIONS
(CASTONE DEVELOPMENT CORPORATION)

WHEREAS, the Issuer and InterFirst Bank Houston, Trustee (the "Trustee") entered into an Indenture of Trust, dated as of December 1, 1982 (the "Indenture"), which authorized the issuance of bonds in the amount of $2,000,000 designated "Fort Bend County Industrial Development Corporation Industrial Development Revenue Bonds (Castone Development Corporation Project) Series 1982" (the "Bonds");

WHEREAS, it has been determined that the User should expand its project description to include an additional plant building, with the result that the Project, as defined in the Loan Agreement, dated as of December 1, 1982, between the Issuer and the User, will hereafter be as described in Exhibit "A" attached hereto and incorporated by reference herein;

WHEREAS, the Board of Directors deems it advisable to enter into the Amendment to Project Plans and Specifications;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF FORT BEND COUNTY INDUSTRIAL DEVELOPMENT CORPORATION THAT:

Section 1. The officers of the Issuer shall take all action in conformity with the Development Corporation Act of 1979, as amended, that is necessary or desirable to carry out, give effect to, and consummate the transaction described in the Amendment to Project Plans and Specifications, including, without limitation, the execution and delivery of such document and other documents in connection therewith.

Section 2. If any section, paragraph, clause, or provision of this Resolution shall be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause, or provision shall not affect the remaining provisions of this Resolution.

PROJECT DESCRIPTION

1. A brief description of the Project, its location and intended use are as follows:

The Project to be financed is an addition to the Castone Development Corporation manufacturing facility and will consist of (1) a complete Castone Brick Manufacturing System, including all necessary equipment & machinery. During this past year, the company was required to add a second shift and during peak times was required to run 24 hours a day to handle the sales demand. A second plant will double our current capacity. Changes that are planned in the equipment will allow in addition to more brick for the residential market, brick which will be suitable for commercial and other uses not presently being marketed. The plant will be installed in a plant building 95% completed (not a part of this financing package). This plant will be located on the same property as our present facility. (2) A 6,000 sq. ft. office building facility to handle growing accounting and sales needs including landscaping and yard surfacing to control dust and provide parking and better mobility during inclement weather, **and (3) construct an additional 9,600 sq. ft. plant building to be used as an area to fabricate new brick machines and parts in support of existing brick machines. The additional square footage includes 450 sq. ft. of office and restroom area. The sewer system will be completely redone and provide service for up to 150 people.**

2. The Project will initially require approximately 20 permanent employees. Currently we provide jobs for 70 people. During the next three years as sales continue to grow we anticipate approximately a total of 50 jobs the new facility will provide. The jobs to be provided will be machinery operators, maintenance, laborers, truck drivers and additional office personnel in accounting, and data processing. The estimated annual compensation for the new jobs created will initially total approximately $550,000.

Due to employees already working on the project in engineering and other phases, approximately 10 employees would lose their jobs if approval was not received on this Industrial Revenue Bond proposal.

In addition to direct jobs created by the project, many jobs will be provided indirectly to vendors who will be providing parts of the machinery and equipment needed in the project.

3. The following is a statement of the present ownership of the Project site describing liens and encumbrances and the acquisition of necessary interest, access, approvals, permits, consents and authorization.

The Project site is currently owned by the User. This property along with the present buildings, equipment and accounts receivable and inventory have been used to secure financing and working capital loans from Irving Savings of Irving, Texas and InterFirst Bank of Bellaire, Texas with a remaining combined outstanding balance as of October 31, 1982 of $1,028,192 and a secured line of credit for $1,000,000. The project site is thereby subject to liens in favor of these financial institutions.

All necessary access roads, utilities and drainage facilities have been provided. All approvals, permits, consents and authorizations of any governmental or public agency, authority or person required in connection with the construction, installation and operation of the Project have been or can be obtained.

ORDER OF COMMISSIONERS' COURT

THE STATE OF TEXAS §
§
COUNTY OF FORT BEND §

On this 26th day of September, 1983, the Commissioners' Court of Fort Bend County, Texas, convened in regular session at the Courthouse in the City of Richmond, Texas, and the roll was called of the duly constituted Commissioners' Court, to-wit:

0021

JOHNNIE PUSTKA	County Commissioner, Precinct #1
BEN DENHAM	County Commissioner, Precinct #2
ALTON PRESSLEY	County Commissioner, Precinct #3
BOB LUTTS	County Commissioner, Precinct #4
JODIE E. STAVINOHA	County Judge

and all of said persons were present, except None, thus constituting a quorum. Whereupon, among other business, the following order was adopted and passed:

WHEREAS, by Deeds dated September 6, 1978, December 8, 1978, and June 22, 1979, HOMECRAFT LAND DEVELOPMENT, INC., a Texas corporation ("Homecraft"), earlier conveyed three (3) certain tracts of land, containing 3.0 acres, 0.4343 acres and 1.2333 acres respectively, out of the John McDonald Survey, Abstract 291, Fort Bend County, Texas, to Fort Bend County (the "County") for use by the County for park and recreational purposes, and containing in said Deeds a conditional limitation and right of automatic reverter in the event the Grantee, County, should ever discontinue the use of the property for park or recreational purposes, or should put the property to any other use; and

WHEREAS, Homecraft and Fort Bend County Municipal Utility District No. 30 (the "District") have requested that the County Court find and declare that, pursuant to Article 6078a, V.A.T.S., the 2.2716 acre tract (the "Tract") described in Exhibit "A" attached hereto, a portion of the three (3) tracts previously conveyed to the County by

Homecraft and referred to herein, is undesirable for park purposes and shall no longer be needed for park and recreational purposes by the County and that the public interest is better served by closing and abandoning said Tract as a park and have requested that the County Court of Fort Bend County, Texas, close and abandon the use of the Tract for park and recreational purposes, so as to cause the title to the Tract to automatically revest and revert in Homecraft, the Grantor; and

WHEREAS, Homecraft herein agrees to convey said Tract to the District for use by the District as a site for the District's expanded sewage treatment plant and related facilities; and

WHEREAS, the District has agreed in writing to serve MISSION BEND PARK, which consists of approximately 10.4 acres after the abandonment of the Tract, adjacent to the District with water and sanitary sewer utilities; and

WHEREAS, the County Commissioners' Court of Fort Bend County, Texas, (the "Commissioners' Court") convened in regular session at the Courthouse in the City of Richmond, Texas on August 22, 1983, to continue a public hearing that had started earlier concerning abandoning the Tract so that the Tract could be used by the District for an expanded sewage treatment plant site; and

WHEREAS, at said public hearing with Johnnie Pustka, Ben Denham and Alton Pressley present the Commissioners' Court heard from all citizens that were present their various evidence, testimony and arguments concerning the abandonment of the Tract as a park and the three commissioners present unanimously agreed that it was in the public interest to adopt an Order abandoning the Tract as a park as soon as said Order could be finalized provided that Homecraft convey the Tract to the District and that the District give money to the County as described herein;

NOW THEREFORE, BE IT ORDERED, ADJUDGED and DECREED, BY THE COMMISSIONERS' COURT OF FORT BEND COUNTY, TEXAS, THAT: the Fort Bend County Commissioners' Court of Fort Bend

County, Texas, finds and declares that the Tract is undesirable for park purposes and the public interest is best served by the County abandoning and closing and no longer using the Tract described in Exhibit "A" for park and recreational purposes, and that the County's title to the Tract shall automatically terminate and title shall immediately revert in Homecraft provided that the District or developers on behalf of the District donate the sum of $99,000 to FORT BEND COUNTY, for PRECINCT NO. 3, for the MISSION BEND PARK FUND and provided that Homecraft convey and donate the Tract described in Exhibit "A" to the District for use as an expanded sewage treatment site by the District. The payment of the $99,000 described herein shall occur at the time of execution of this Order and the conveyance of the Tract by Homecraft to the District shall occur within thirty (30) days of execution of this Order by the Commissioners' Court of Fort Bend County or this Order shall become null and void.

The above Order being read, upon motion duly made and seconded, the foregoing Order was unanimously adopted this 26th day of September, 1983.

Re: The Southeast Texas Housing Finance Corporation
Inclusion of Fort Bend County as a Sponsoring
Political Subdivision

Dear Judge Stavinoha:

I understand from Bill Eiland, Secretary and Executive Director of The Southeast Texas Housing Finance Corporation (the"Corporation"), that your Commissioners Court intends to consider adopting a resolution joining the Corporation as a Sponsoring Political Subdivision on Monday, September 19.

In order for you to place this matter on your agenda, I am enclosing the following documents:

(1) a Memorandum explaining what the Corporation is and what it does;

(2) an Application to be signed by three or more residents of the County (any or all of whom may be county officials) and presented to the Commissioners Court for consideration;

(3) a form of Notice of Meeting (which may be included on your regular notice of agenda items for that meeting);

(4) a Certificate of Posting of Notice of Meeting;

(5) a Certificate for Resolution;

(6) a form of extract of the minutes of the meeting at which the resolution is considered by the Commissioners Court; and

(7) a Resolution pursuant to which Fort Bend County becomes a member and Sponsoring Political Subdivision of The Southeast Texas Housing Finance Corporation.

Please call me with any questions that you may have on the enclosed documents.

Yours very truly,

MEMORANDUM

THE SOUTHEAST TEXAS HOUSING FINANCE CORPORATION
805 Nazro Street
Baytown, Texas 77520

September 8, 1983

TO: County Judge and Commissioners,
Fort Bend County

RE: The Southeast Texas Housing Finance Corporation
Inclusion of Fort Bend County as a Sponsoring
Political Subdivision

The Board of Directors of The Southeast Texas Housing Finance Corporation (the "Corporation") is pleased to invite Fort Bend County to become a participating member and Sponsoring Political Subdivision of the Corporation.

0021

The Corporation is open to all cities and counties that are members of the Houston-Galveston Area Council of Governments. Members and Sponsoring Political Subdivisions presently include the cities of Pasadena, Baytown, LaPorte, Deer Park, Shoreacres, Tomball, League City, LaMarque and Texas City and the Counties of Liberty, Chambers, Austin, Wharton, Matagorda, Brazoria and Montgomery.

The Corporation is empowered by the Texas Housing Finance Corporations Act, as amended, to assist in the financing of residential developments as defined in that Act, including multi-family and single-family residential developments. As a member and a Sponsoring Political Subdivision of the Corporation, Fort Bend County would be represented on the Board of Directors of the Corporation by a resident of Fort Bend County appointed by your Commissioners' Court. No programs or project financings would be undertaken by the Corporation within the boundaries of Fort Bend County without the specific approval of your representative on the Board of Directors. One principal benefit obtained by Fort Bend County and its residents from membership in the Corporation would be the availability of single-family mortgage revenue bond programs which are available to the Corporation because of its size and the almost one million (1,000,000) people served by the Corporation, whereas Fort Bend County is really to small to institute its own single-family mortgage revenue bond programs through the Fort Bend County Housing Finance Corporation.

The Board of Directors of The Southeast Texas Housing Finance Corporation looks forward to having Fort Bend County as a member of the Corporation.

APPLICATION FOR THE INCLUSION OF FORT BEND COUNTY
AS A SPONSORING POLITICAL SUBDIVISION OF
THE SOUTHEAST TEXAS HOUSING FINANCE CORPORATION

STATE OF TEXAS §
§
COUNTY OF FORT BEND §

WHEREAS, we, the undersigned persons (the "Applicants") believe that there is a need existing in the County of Fort Bend, Texas, (the "County"), as well as in other cities and counties belonging to the Houston-Galveston Area Council of Governments for the provision of a means of financing of the cost of residential ownership and development that will provide decent, safe and sanitary housing for low and moderate income residents of the cities and counties belonging to the Houston-Galveston Area Council of Governments; and

WHEREAS, the Texas Housing Finance Corporation Act, Article 1269 1-7, Vernon's Texas Civil Statutes, as amended, authorizes cities and/or counties to jointly create and utilize public nonprofit housing finance corporations for the purpose of providing a means of financing the cost of residential ownership and development that will provide decent, safe and sanitary housing for residents of such cities and/or counties;

WHEREAS, certain political subdivisions within the Houston-Galveston Area Council of Governments, including the cities of Baytown, Pasadena, LaPorte, Deer Park, Shoreacres, Tomball, League City, Texas City and LaMarque, Texas and the counties of Liberty, Austin, Walker, Brazoria, Matagorda, Chambers, Montgomery and Wharton, Texas, have heretofore jointly created The Southeast Texas Housing Finance Corporation (the"Corporation") to carry out such purposes; and

WHEREAS, the undersigned Applicants suggest that it would be of benefit to the residents of the County that the County be included as an additional sponsoring political subdivision ("Sponsoring Political Subdivision"), together with any other cities and/or counties within the same Houston-Galveston Area Council of Governments which may hereafter wish to become additional Sponsoring Political Subdivisions;

NOW, THEREFORE

(1) Pursuant to the provisions of the Act, the undersigned Applicants, each being a citizen of the State of Texas, of the age of 18 years or more and a resident of the County, hereby make application

to the Commissioners Court of the County (the "Commissioners Court") for the authorization and approval of the application of the County to join the corporation and for the appointment of one member to the Board of Directors of the Corporation, which Corporation has and shall continue to have the authority to carry out the public purposes for which it is incorporated, to exercise the powers with which it is invested by the Act, its Articles of Incorporation, as amended and restated, and its Sponsoring Political Subdivisions, including the power to issue its obligations to accomplish such public purposes and powers as a public instrumentality and nonprofit corporation, to exist and act on behalf of, and for the benefit of, the general public, its Sponsoring Political Subdivisions and the State of Texas.

(2) Pursuant to the provisions of the Act, the undersigned Applicants attach hereto and present herewith to the Commissioners Court for approval, the Articles of Amendment and First Restated Articles of Incorporation of the Corporation pursuant to which it is proposed that the County be included as a Sponsoring Political Subdivision and that the area of operation of the Corporation be expanded to include the County.

(3) Pursuant to the provisions of the Act, and this application, the undersigned Applicants hereby request that the Commissioners Court adopt appropriate resolutions authorizing and approving the inclusion of the County as a Sponsoring Political Subdivision of the Corporation and appointing one member to the Board of Directors of the Corporation.

The Commissioners Court of the County of Fort Bend, Texas, convened in its Meeting, open to the public, on the 26 day of September, 1983, in the Courthouse and the foll was called of the duly constituted Officers and Members of said Commissioners Court, the County Judge and the County Clerk, to-wit:

All Court Present

and all of said persons were present, thus constituting a quorum. Whereupon, the following (among other) business was transacted at said meeting: a written Resolution entitled:

RESOLUTION AUTHORIZING, APPROVING AND REQUESTING THE INCLUSION OF FORT BEND COUNTY AS A SPONSORING POLITICAL SUBDIVISION OF THE SOUTHEAST TEXAS HOUSING FINANCE CORPORATION, CONTAINING OTHER PROVISIONS RELATING TO THE SUBJECT, AND DECLARING AN EMERGENCY

was duly introduced for the consideration of said Commissioners Court and read in full. Pressley made a motion that the Resolution be adopted. Pustka seconded the motion for adoption of said Resolution. The motion carried unanimously.

The County Judge thereupon announced that the Resolution had been duly and lawfully adopted and was in full force and effect. The Resolution thus adopted follows:

RESOLUTION AUTHORIZING, APPROVING AND REQUESTING THE INCLUSION OF FORT BEND COUNTY AS A SPONSORING POLITICAL SUBDIVISION OF THE SOUTHEAST TEXAS HOUSING FINANCE CORPORATION, CONTAINING OTHER PROVISIONS RELATING TO THE SUBJECT, AND DECLARING AN EMERGENCY

WHEREAS, pursuant to Article 12691-7, Vernon's Annotated Texas Civil Statutes, three or more residents of the County of Fort Bend, Texas (the "County"), each being a citizen of the State of Texas of the age of 18 years or more, have made application in writing to the Commissioners Court of the County requesting that the Commissioners Court authorize, approve and request that the County be included as a Sponsoring Political Subdivision of The Southeast Texas Housing Finance Corporation (the "Corporation") and that one member of the Board of Directors of the Corporation be appointed by the Commissioners Court of the County,

WHEREAS, the Commissioners Court of the County has determined, upon its own motion, to adopt the following resolution;

NOW, THEREFORE, BE IT RESOLVED BY THE COMMISSIONERS COURT OF THE COUNTY OF FORT BEND, TEXAS:

Section 1. That the Commissioners Court officially finds, determines, recites and declares that (1) it is wise, expedient, necessary and advisable that there by provided in the County a means of financing the cost of residential ownership and development that will provide decent, safe and sanitary housing for residents of the County at prices that they can afford; (2) such residential ownership and development will (a) provide for and promote the public health, safety, morals and welfare, (b) relieve conditions of unemployment and encourage the increase of industry and commercial activity and economic development so as to reduce the evils attendant upon unemployment; (c) provide for efficient and well-planned urban growth and development including the elimination and prevention of potential urban blight and the proper coordination of industrial facilities with public services, mass transportation and residential development; (d) assist persons of low and moderate income in acquring and owning decent, safe and sanitary housing which they can afford; and (e) preserve and increase the ad valorem tax basis of the County; (3) the County should cooperate with the other Sponsoring Political Subdivisions of the Corporation for the mutual benefit of the County and such other Sponsoring Political Subdivision, and (4) in order to accomplish the foregoing public purposes and benefits and in order that the Corporation may be authorized to more efficiently and broadly carry out the public purposes for which it is incorporated, to exercise the powers with which it is invested by the laws of the State of Texas, its Sponsoring Political Subdivisions and its Articles of Incorporation, as amended, including the power to issue its obligations to accomplish such purposes and powers, as a public instrumentality and nonprofit corporation to exist and act on behalf of and

for the benefit of the general public, the County, the other Sponsoring Political Subdivisions, other cities and/or counties belonging to the Houston-Galveston Area Council of Governments, and the State of Texas, the attached Articles of Amendment and First Restated Articles of Incorporation of the Corporation presented herewith to the County Commissioners be hereby approved, adopted and ratified.

Section 2. That, having considered the application of the Applicants attached hereto as Exhibit "A", the said application of the Applicants to the County Commissioners for the inclusion of the County as a Sponsoring Political Subdivision of the Corporation is hereby approved, authorized and requested;

Section 3. That, having given consideration to the qualifications of the current members of the Board of Directors of the Corporation, and of _____ to serve as director of the Corporation and having determined that the public good will be furthered by making such appointments, they are hereby approved and appointed, respectively, by the County Commissioners to constitute the Board of Directors of the Corporation to serve, subject to removal by the governing bodies of the Sponsoring Political Subdivisions, in accordance with the Articles of Amendment and First Restated Articles of Incorporation and the By-Laws of the Corporation.

Section 4. That the Corporation, as reconstituted by the Articles of Amendment and First Restated ARtciles of Incorporation, shall be authorized, in accordance with the provisions of the Act, this resolution and subsequent actions of the County Commissioners, and its Articles of Incorporation, as amended, to continue to carry out thepublic purposes and powers set forth therein and herein, provided, however, that the governing bodies of the Sponsoring Political Subdivisions may, either upon (1) the application of the Board of Directors of the Corporation, or (2) their own motion, by appropriate resolutions duly adopted cause the Articles of Incorporation to be amended to alter or change the structure, organization, powers, programs or activities of the Corporation, and may cause the existence of the Corporation to be terminated, subject to the provisions of the Act and to any limitation on the impairment of contracts entered into by the Corporation.

Section 5. That, upon receipt by the Board of Directors of the duly certified resolutions of the governing body of any other city or county located within the Houston-Galveston Area Council of Governments requesting inclusion of such city of county as an additional Sponsoring Political Subdivision and appointing a member or members to the Board of Directors, the Board of Directors is authorized to include such city of county as an additional Sponsoring Political Subdivision, and all other provisions of the resolutions shall continue in full force and effect until revoked or modified.

Section 6. That, pursuant to the provisions of the Act, upon the issuance by the Secretary of State of the State of Texas of a Certificate of Dissolution of the Corporation, the Corporation shall thereupon stand dissolved and title to all funds and properties owned by the Corporation at the time of such dissolution shall vest severally in the Sponsoring Political Subdivisions in proportion to the ratio that each of their populations (as reflected by the 1980 decennial census) bears to their total population (as reflected by the 1980 decennial census.

Section 7. That, pusurant to the provisions of the Act, the Corporation shall continue to be a public instrumentality and nonprofit corporation existing and acting on behalf of, but separate and apart from, the Sponsoring Political Subdivisions, and the Sponsoring Political Subdivisions shall not be liable for any of the obligations of the Corporation or bound by any actions or proceedings of the Corporation except as may be specifically assumed by the Sponsoring Political Subdivisions.

Section 8. That, from the date of this resolution and until further action is taken by this Commissioners Court to reinstate such power and authority in the Fort Bend County Housing Finance Corporation, the power and authority of the Fort Bend Housing Finance Corporation to make or acquire home mortgages or to make loans to lending institutions the proceeds of which will be used to make home mortgages or to make loans on residential developments, and to issue obligations to assist in the financing of such activities, is hereby revoked and cancelled, and such power and authority is hereby vested in and assigned to The Southeast Texas Housing Finance Corporation.

Section 9. That the County Judge and the County Clerk of the County and other appropriate officials of the County are hereby authorized and directed to execute all appropriate Certificates and to do any and all other things necessary and/or convenient to carry out the provisions of this resolution.

Section 10. That, a duly certified copy of this resolution shall be admissible in evidence in any suit, action or proceeding involving the validity or enforcement of or otherwise conclusive proof that the Corporation has been authorized to be formed and to transact business and exercise its powers pursuant to the provisions of the Act.

Section 11. That, this resolution and all the terms and provisions hereof shall be severally construed to effectuate the purposes set forth herein and to sustain the validity of the authorization of the formation and operation of the Corporation. If any word, phrase, clause, sentence, paragraph, section or other part of this resolution, or the application thereof to any person or circumstances, shall ever by held to be invalid or unconstitutional by any court of competent jurisdiction, the remainder of this resolution and the application of such word, phrase, clause, sentence paragraph, section or other part of this resolution to any other persons or circumstances shall not be affected thereby.

Section 12. That, the Commissioners Court has considered evidence of the posting of notice of this meeting of the Commissioners Court, and the Commissioners Court officially finds, determines, recites and declares that a sufficient written notice of the date, place and hour of this meeting of the Commissioners Court and of the subject of this resolution was posted for at least two hours before this meeting was convened; that such notice was posted on a bulletin board in the County Courthouse located at a place convenient to the general public at all times from the time of posting until this meeting was convened; and that this meeting has been open to the public at all times during which this resolution and the subject matter thereof has been discussed, considered and formally acted upon; all as required by the Open Meetings Law, Article 6252-17, Vernon's Annotated Texas Civil Statutes, as amended. The Commissioners Court further ratifies, approves and confirms such written notice and the contents and posting thereof.

PASSED AND APPROVED this 26 day of September, 1983.

September 26, 1983

TO: COUNTY JUDGE & COMMISSIONERS COURT

FROM: District Clerk Irene Wleczyk

Please consider signing the Resolution recommending the passage into law of House Bill No. 29, increasing litigation fees to be collected by State District Clerks in all Counties in the State of Texas. The total Resolutions signed so far has been from 8 Coutnies, and I would like for Fort Bend County to be added to the list sent to Governor Mark White and Legislators; the Counties that have signed the Resolution are: Polk, Randall, Galveston, Tarrant, Dallas, Newton and Houston.

As District Clerk of Fort Bend County, I would very much appreciate the signing of this Resolution. Thank you!

Resolution No. _____

FORT BEND COUNTY COMMISSIONERS COURT RESOLUTION RECOMMENDING THE PASSAGE INTO LAW OF HOUSE BILL NUMBER 29, INCREASING LITIGATION FEES TO BE COLLECTED BY STATE DISTRICT CLERKS IN ALL COUNTIES IN THE STATE OF TEXAS:

WHEREAS, the District Clerk's offices all over the State of Texas are being operated at a deficit, taking in far less than the cost of maintaining these offices, and are therefore constituting undue expense to the taxpayers of most, if not all, of the counties in Texas, including Fort Bend County, despite the fact that the quality of the operation of most of these offices, including Fort Bend County's District Clerk's Office is excellent, both in conservation of public funds and in efficiency;

AND WHEREAS, it is the feeling of this court that more of the expense of litigation should be borne by litigants than is currently the situation in our State;

AND WHEREAS, we are reliably informed that House Bill Number 29, will, if enacted into law, have the effect of placing proper proportion of the expenses of litigation upon the litigants, thus relieving the tax payers of much of such expense, thus meeting with our strong approval;

NOW THEREFORE, we respectfully urge the members of the Texas State Legislature and the Honorable Governor of this State to sincerely strive for the passage of House Bill No. 29 at the earliest possible time.

The Commissioners Court met in regular sesseion this 26th day of September, 1983.

Respectfully Submitted:

Jodie E. Stavinoha
Fort Bend County Judge

ATTEST:

Fort Bend County Clerk

8- 9--250 A BILL TO BE ENTITLED

AN ACT

relating to fees collected by district clerks.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Article 3927, Revised Statutes, is amended to read as follows:

Art. 3927. DISTRICT CLERK. The clerks of the district courts shall receive the following fees for their services:

(1) The fees in this Subsection shall be due and payable, and shall be paid at the time suit or action is filed.

For each suit filed, including appeals from inferior courts ..... $50.00 [$25.00]

For each cross action, intervention, contempt action or motion for new trial filed ..... $25.00 [$15.00]

For issuing each subpoena, including one (1) copy thereof, when requested at the time a suit or action is filed ..... $10.00 [$-4.00]

For issuing each citation or other writ or process not otherwise provided for, including one (1) copy thereof, when requested at the time a suit or action is filed ... $10.00 [$-8.00]

For issuing each additional copy of any process, not otherwise provided for, when requested at the time a suit or action is filed ..... $ 5.00 [$-4.00]

AGREEMENT

THE STATE OF TEXAS |

COUNTY OF FORT BEND |

THE AGREEMENT, made and entered into by and between FORT BEND COUNTY, a body corporate and politic under the laws of the State of Texas, hereinafter sometimes called "County", acting herein by and through its County Judge duly authorized to so act by an Order of the Fort Bend County Commissioners Court, and the City of Kendleton, a municipal corporation duly organized and existing under the laws of the State of Texas, hereinafter sometimes called "City", acting herein by and through its Mayor duly authorized to so act by an Ordinance duly passed by the City.

WITNESSETH:

WHEREAS, Fort Bend County desires to provide fire protection, fire fighting and assistance in emergency medical services to certain unincorporated areas of Fort Bend County as hereinafter designated;

and

WHEREAS, the City of Kendleton is willing to furnish fire protection, fire fighting, and assist in emergency medical services to said unincorporated areas of Fort Bend County for the considerations hereinafter provided;

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: That in consideration of the mutual covenants, agreements and benefits to both parties, it is AGREED as follows:

I.

During the term of this agreement, the City agrees to furnish fire protection, fire fighting, and assist in emergency medical services to the unincorporated areas surrounding the corporate limits of the City.

II.

Fort Bend County agrees to pay an established amount to the City for fire protection, fire fighting, and emergency medical assistance provided by the City to the unincorporated areas of Fort Bend County pursuant to Paragraph I of this agreement.

III.

The term of this agreement shall be effective on date of approval and until cancellation by either party.

0021

IV.

It is hereby agreed and understood that the fire protection, fire fighting, and assistance in emergency medical services to be furnished by the City under this agreement shall include, but not be limited to, the following: Answering all calls for help and assistance in extinguishing fires in the areas designated in Paragraph I of the agreement; furnishing fire fighting personnel, equipment and supplies to fight all fires and answering all calls and furnishing fire fighting personnel, equipment and supplies to protect persons and property which are endangered by fires; provided that the above described personnel, equipment and supplies are not otherwise engaged in fire fighting.

V.

The City shall observe and comply with all Federal, State, County and City laws, rules, ordinances and regulations in any manner affecting the conduct of the services herein provided and performance of all obligations undertaken by this agreement.

VI.

It is expressly understood that the County has funds specifically allocated to fully discharge its obligation under this agreement. It is understood that the County will be liable, on an individual basis, for any equipment replacement or equipment damage which may result while performing services in the County. It is specifically provided that the acts of any person or persons while fighting fires, traveling to or from fires, or in any manner furnishing fire protection to the citizens of a county outside the city limits of any city, town or village, shall be considered as the acts of agents of the county in all respects, notwithstanding such person or persons may be regular employees or firemen of a city, town or village. No city, town or village within a county and/or adjoining counties shall be held liable for the acts of any of its employeees while engaged in fighting fires outside the city limits. (Reference Title 44, Article 2351a-1)

VII.

It is further agreed that in the performance of all obligations undertaken by this agreement, the City has the right to supervise, manage, control and direct the performance of fire protection, fire fighting and assistance of emergency medical services; the County shall look to the City for results only and the County (except the County Fire Marshal) shall have no right at any time to direct or supervise the City or its agents or employees in the performance or such services or as to the manner, means or method in which the services are performed.

VIII.

The City agrees to deliver to the Fire Marshal of Fort Bend County a certified copy of the ordinance authorizing the City to enter into this agreement within fifteen (15) days after the execution of this agreement.

IX.

The City agrees to furnish the Fire Marshal of Fort Bend County, not later than the tenth (10th) day of each month, a monthly report listing the total number of runs made into the unincorporated areas of Fort Bend County for the previous month and such other information relating to fire protection, fire fighting and assistance in emergency medical services of the City as may be requested by Fire Marshal of Fort Bend County. Said reports shall be made on the form provided by the Fort Bend County Fire Marshal and shall be signed by an official of the Fire Department submitting report.

THE STATE OF TEXAS X

COUNTY OF FORT BEND X

KNOWN ALL MEN BY THESE PRESENTS:

That, WHEREAS, the Commissioners' Court of Fort Bend County, Texas, has entered into a contract with the City of Needville, for the care, custody and support of prisoners of the said city for the consideration and terms and conditions hereinafter set out; and persuant to Article 4413-32c Interlocal Cooperation Act, and;

WHEREAS, the City of Needville, acting by and through its duly elected governing body has determined by Ordinance, heretofore passed and adopted that it would be of material benefit of said City to provide for such care of said prisoners, and;

0021

WHEREAS, the Commissioners' Court of Fort Bend County, Texas, has passed an order authorizing the Sheriff of Fort Bend County, Texas, to accept from the proper law enforcement officers of said city all prisoners under the terms and conditions and for the consideration hereinafter set out;

It is therefore agreed by and between FORT BEND COUNTY, TEXAS, acting herein by and through its duly authorized Commissioners' Court hereinafter styled the "County" and the City of Needville, each acting by and through its duly authorized governing body hereinafter styled the "City", as follows;

I.

The County agrees that the Sheriff of Fort Bend County, Texas, will on and after the effective date of this instrument, accept from the duly authorized law enforcement officers of the City all persons who under the law of the State of Texas, are prisoners of the respective city. For definition purposes, a City prisoner shall mean those persons charged only with a violation of city ordinances and State laws which are classified as class 'C' misdemeanors, lying within the jurisdiction of the Municipal Court of the City of Needville, Fort Bend County, Texas. The Sheriff may, but will not be obligated to, accept persons accused of violations of municipal codes or ordinances only.

II.

The Sheriff of Fort Bend County, Texas, will house, support, maintain and confine said City prisoners in the County jail subject to the orders of the duly authorized Municipal Courts of said City.

The County and the City further agree that once a city prisoner is accepted and committed to the county jail, the Sheriff or his deputy in charge of admissions, will release a City prisoner only when the discharge of the City prisoner is lawfully ordered or authorized by a Magistrate or any Court of competent jurisdiction, provided, however, that nothing contained herein shall be construed to authorize the County or County Sheriff to incarcerate or hold any person contrary to the Constitution and Laws of the State of Texas and the United States of America.

III.

A. (1) It is agreed and understood by the County and the City that the Sheriff or his deputy in charge of admissions at the county jail, shall determine, upon presentation of any city prisoner at the county jail, whether or not at that time, the city prisoner shall be accepted into the county jail or transported to the nearest hospital. The County Sheriff or his deputy may refuse to accept an injured or ill city prisoner when in the judgement of the County Sheriff or his deputy, medical attention is necessary before confinement.

B. (2) It is further agreed that during the confinement of any City prisoner in the county jail, the County, acting by and through the County Sheriff or his deputy, will provide all necessary medical treatment and hospitalization for all City prisoners whether they become sick or injured. It is expressly agreed and understood that the cost of all such medical care, treatment and hospitalization is strictly the responsibility of said City, and should any such expense be incurred by the County, the City will reimburse the County for same upon request.

C. (3) The County acting by and through the County Sheriff or his deputy agrees that the Fort Bend County Sheriff's Department will not guard any City prisoner who is to be transported to any hospital. Once the City prisoner is removed from the county jail, it will be the responsibility of said city to provide a guard for their prisoner.

IV.

The City agrees to furnish its own baliff to escort city prisoners to and from municipal court. A committment from the Municipal Court will be obtained on each city prisoner within a period of twenty (24) hours and will be given to county jail personnel.

Such Court excludes weekends and holidays. When a City prisoner is removed from the confines of the county jail by a city police officer, the County releases and assumes no further responsibility for that city prisoner until such time that the prisoner is returned to the county jail by a city police officer. City prisoners returned to jail after court, must have proper committment forms prior to their being placed back into the county jail for confinement. City agrees that final bookout procedure be accomplished at the county jail for any final release of said city prisoner.

V.

The City agrees to pay the Treasurer of Fort Bend County, Texas, at the end of each calendar month the sum of $ 15.00 per day that each City prisoner has been incarcerated in the county jail. The Sheriff agrees to provide a statement showing the name of each city prisoner, the charge, the number of days served by each prisoner and the total amount due the County. For purposes of this agreement, confinement on any calendar day regardless of the amount of time spent in confinement, shall count as one full day of confinement. In calculating the number of days a certain city prisoner was confined, the day of arrival will be counted but not the day of departure. Further, County shall have the right to suspend City's use of the county jail facility until such time as any delinquent account is brought current. City agrees to pay for the confinement of their prisoners on municipal charges, except where class 'B' and class 'A' misdemeanor charges or felony charges are filed and not dismissed at a later date.

VI.

On or before the first day of _____ each year, the County will notify the City in writing by letter from the County Judge to the Mayor of the City of Needville, the daily rate as determined by the Commissioners' Court for the care, custody and housing of said prisoners and unless said rate is rejected by said city in writing within sixty (60) days said new rate per day will be the rate to be charged for the ensuing twelve (12) month period.

VII.

This contract may be terminated by either party at any time by written notice of an order or resolution of the respective governing body of such termination to the other party and no further liability thereon will remain other than that which has accrued before termination.

VIII.

City agrees to save and hold harmless SHERIFF and COUNTY, and SHERIFF'S successors in office, from any claims for damages for which SHERIFF or COUNTY may be held liable to a City prisoner because of the acts or omissions of any CITY employee. County agrees to save and hold CITY harmless for any claim for damages for which CITY may be held liable to any CITY prisoner because of the acts or omissions of any COUNTY employee.

00251

IX.

The execution of this contract and the payment herein provided for are authorized by proper Resolutions and Orders, duly adopted by the Commissioners' Court of Fort Bend County, Texas, the City of Needville, each entered upon the Minutes of the Meetings of said organizations, copies of which Resolutions and Orders being attached to this contract and by reference incorporated herein and made a part hereof.

00252

The effective date of this contract shall be the _____ day of _____, 1982.

Executed in triplicate originals by Order of the Commissioners' Court of Fort Bend County, Texas, and by Ordinance of the City Council of the City of _____, Texas, on this the _____ day of _____, 1982.

Wessendorff Development Company

September 20, 1983

Commissioners Court
Court House Annex
Richmond, Texas 77469

Gentlemen:

00021

On September 16, 1983 I inspected the property at 311 Jackson Street in Richmond that is owned by Lee Grayless. This property consists of Lots 13 and 14 Block 98, City of Richmond with a commercial brick building facing Jackson Street and a concrete parking area on 4th Street. The building contains 1580 square feet of usable space and the remainder of the property except for the parking area is enclosed by a chain link fence.

The building was remodeled inside two years ago and the remodeled portion is a modern sales area of 1104 square feet. The walls are paneled, the ceiling is 2x4 foot suspended acoustical tile and the floor is poured terazzo. A Lennox central heating and air conditioning unit and new ductwork were installed at the same time. The remaining 476 square feet of the building is a storeroom with a wooden floor and unfinished walls. This building is well suited to use as office space without any further work on it.

The land has 60 feet of frontage on Highway 90A (Jackson Street) and 105 feet on South 4th Street. There is a sidewalk in front and parking for about six cars on the side.

Recent comparable sales in Richmond are: (1) Lots 1 through 7 Block 123 in March 1983 for $5.00 per square foot in cash. This property has 105 feet of frontage on 6th Street, 210 feet on Morton Street and 105 feet on 7th Street. (2) Part of Lots 8 and 9 Block 109 in June 1983. This property has 75 feet on Morton Street and 85 feet on South 3rd Street. It has the former Fort Bend National Bank building of about 4000 square feet on it. The building is in good condition outside but needed considerable remodeling inside. The air conditioning and heating system also needed replacing. The sale price was $125,000.00 cash. (3) Though not a sale, the bank that financed the new Shell station at Jackson and 11th Streets placed a value of $7.50 per square foot on the land.

On the basis of this information I estimate the 6300 square feet of land to be worth $7.50 per foot for a total of $47,250.00. The remodeled part of

the building I value at $40.00 a square foot and the storeroom at $25.00 a square foot. This totals $56,060.00. The walks and parking area I value at $1,400.00. Thus the value of the land and improvements is estimated to be $104,710.00

I certify that I personally examined this property on September 16, 1983 and that to the best of my knowledge and belief, the statements made in this appraisal report are true and justified and that I have no present or future contemplated interest in this property.

Sincerely,

James P. Prowell

September 20, 1983

Commissioners Court
Courthouse Annex
Richmond, Tx. 77469

Gentlemen:

On September 16, 1983 I inspected Lots 5, 6 and 7 Block 98, City of Richmond. This property is 90 x 105 feet with 90 feet on S. 4th Street and 105 feet on Liberty Street. It is directly East and across S. 4th Street from the County Courthouse.

0121

There is a wood frame building 24 x 24 feet on the property. It is in run down condition, has three rooms and ½ bath and is on blocks and bases so it could be moved. If the building were sold to be moved off the property, it probably has a market value of about $1,500.00. However, it could be renovated and is in a prime location for a legal office so I estimate its value in place to be $8,600.00.

As to the value of the land, there has been only one recent sale of comparable land in Richmond to my knowledge. That is Lots 1-7 Block 123 with 210 feet on Morton Street and 105 feet each on S. 6th and 7th Streets. The sale price was $5.00 per square foot in cash in March, 1983. In general, property on Morton Street is more valuable than property on Liberty Street. In this case, the proximity to the courthouse increases the value of this particular land.

Based on the above comparable sale and my general knowledge of values in Richmond, I estimate the value of this property to be $6.00 a square foot for 9450 square feet totaling $56,700.00. Adding the $8,600.00 for the building makes a total value of $65,300.00.

I certify that I personally examined this property on September 16, 1983 and that to the best of my knowledge and belief, the statements made in this appraisal report are true and justified and that I have no present or future contemplated interest in this property.

Sincerely,

James P. Prowell

00271

This Grant is subject to the following terms, agreements, reservations, conditions, covenants, limitations and exceptions, to-wit:

1. Each Grantor herein reserves all oil, gas and other minerals in, on, or under the herein conveyed property, but Grantors shall not be permitted to drill for or operate for oil, gas or any other minerals on the surface of said land, but shall be permitted to extract oil, gas and any other minerals from and under said land by directional drilling and/or other means not involving entry upon the surface of the acreage.

2. Grantors reserve unto themselves, their successors, and assigns the unlimited right and privilege at any time and from time to time to construct, place, lay, maintain, inspect, operate, repair, alter or change the size of, tie into utility lines, including, but not by way of limitation, water, storm sewage, gas, sanitary sewage and electrical power lines, under, through and beneath the herein described tract; provided, however, such reserved rights shall be exercised in a manner so that the surface of the acreage shall be left undisturbed.

3. Grantors reserve for themselves, their successors and assigns, the unlimited right and privilege of access to the street and roadway to be constructed on the tract to insure the full use and enjoyment of Grantors lands lying and being situated adjacent and contiguous thereto.

4. This conveyance is expressly made subject to all validly existing restrictions, covenants, conditions, rights-of-way easements, mineral reservations, royalty reservations, mineral leases, mineral interests of record, if any, and also to the laws, regulations, ordinances and statutes of municipal or other governmental authorities, if any, affecting the tract conveyed hereby.

TO HAVE AND TO HOLD all of Grantors respective rights, titles and interests in and to said acreage, subject to the terms, limitations, covenants, reservations and agreements herein contained, unto Grantee, its successors and assigns forever; by, through or under us, but not otherwise, however, it is expressly provided that if said acreage hereby conveyed or any part thereof ceases to be used as a street or roadway, the title to the portion of the herein conveyed land, which is no longer used for street or roadway purposes, shall immediately revert to Grantors, or the successors in interest of Grantors.

Grantors warrant that there are no liens encumbering the tract herein conveyed.

This conveyance is made by Grantors solely in their capacity as Executors of the Estate of PHILIP H. BROUN, Deceased, and neither Grantor shall have any personal liability hereunder.

This conveyance shall be effective only upon the acceptance hereof by Fort Bend County.

EXECUTED this 16th day of December, 1983.

Gentlemen:

In reference to our bid of June 20th, 1983 for operation of Fort Bend County landfills # 1 and # 2, and our bid of September 26, 1983 for final cover dirt fill for Fort Bend County landfill, we would like to make the following proposal, upon notice to proceed and a Letter of Intent from Commissioners Court.

We propose to operate the Fort Bend County landfill as per our June 20th, 1983 bid and as part of our bid we would relocate Seabourne Creek, open the new landfill and make the final cover on landfill #1 with the excavated dirt. We would not charge the county for this covering operation but would retain the county's percentage of dumping fees for the first 100,000 cu. yards (appt $25,000). After the first 100,000 cu. yards were received the County would start to collect their full 35% of the dumping fees. Under this proposal it would cost the county approximately $25,000 instead of $75,000 to make the final cover on landfill #1.

We would operate the landfill in the conventional method of spreading, compacting and covering the garbage with dirt daily. We would also actively pursue a baling operation and would like to enter into a long term agreement with the County for us to operate the landfill in order to amortize the baler.

Due to the high capital outlay for a baler we would like to finance this operation with Industrial Bonds. If the county decided to terminate this agreement we would expect Fort Bend County to assume the liability remaining on the bonds.

We assume you would be most comfortable having a county employee on site. To help you with that additional expense, we propose to share that payroll with you.

If you have any questions, please feel free to contact this office.

Very truly yours,

G. H. Hart

Dear Judge Stavinoha:

Appreciate your looking into the matter on our computer program for Ms Black. As to the recovery possibility for the County, I visited with Mr. Richard Selleh, about various county records. He is sending me a copy of your sick pay policy. The deadline for 1979 is March 1, 1984. The filing must be in Austin by this date to qualify. It would appear that the County could recover about $59,000.00 total if the State SSA approves your request to file.

From my conversation with Mr. Selleh it appears that you have no problem on record documentation. It would require about four days for us to assemble the raw data at your facility. We do the work and there is no need to disrupt your staff.

9/20

Mr. Selleh,

Enjoyed visiting with you. Thanks for sending me the sick pay policy. Hope to meet you soon.

Dear Judge Stavinoha:

A ruling by the State Attorney General has cleared political subdivisions to recover overpayments of the FICA (social security) tax for previous years. Most political entities inadvertently overpaid this tax because they were unaware that with the approval of the State SSA director, they could take advantage of the sick pay exclusion.

The sick pay exclusion was eliminated by Congress for both private and public entities as of January 1, 1982. However, subject to the State SSA directors approval, you may file a claim for the years 1979, 1980 and 1981, under the statutory limit of when the law was in effect.

The State SSA director will usually approve a request to file this claim provided that an entity can provide records which document paid sick days for personal illness of the employee for the years to be claimed.

Profile Tax Recovery has served many clients in the Southwest. We research payroll and attendance records at your headquarters and prepare all filing documents required for this claim. Our fee is contingent upon the amount of funds recovered and payable when the client receives the refund. We would be pleased to assist any City, County, School District or non-profit hospital in the preparation of this claim. Our agreement states that the client must be happy with our performance. We do the work.

The enclosed material lists more details of our service and a reference list of clients served. Please call us collect if you have questions we can help you with.

Best Wishes,

Thad M. Keenan

RECOVERY OF OVERPAYMENTS OF THE FICA TAX FOR POLITICAL SUBDIVISIONS

Until a recent ruling by the State Attorney General (December 1978), state political subdivisions included sick leave pay in the computation of the Social Security tax. The effect of the ruling was to clear political entities to exclude sick pay from the tax subject to approval of the State Social Security Administration (SSA) director. The sick pay exclusion was eliminated by Congress as of January 1, 1982. However, it is permissible for a political entity to file a retro claim for overpayments of the tax for previous years within the statutory limits.

0021

A political subdivision must request approval from the State SSA director to file for overpayments of the tax for previous years. Enclosed with the request letter should be copies of your sick pay plan and the original or latest ordinance or resolution that authorized the plan. An example of payroll record or attendance record which document that sick pay was made for personal illness only. Personal and family illness can not be lumped together unless some other document explains who was ill. An example record for each year of the claim should be included in the documentation.

In our experience, most political entities that have maintained records which will identify personal illness are cleared by the SSA director to file a retroclaim. Most entities prefer to use the services of professionals in the preparation of filing documents because of other staff priorities. However, if you elect to do this work internally, we will be happy to assist you in any way we can.

Profile Tax Recovery (PTR) is a professional tax recovery firm. We have excellent references and we have presented our credentials to the State SSA director. This official can not endorse a commercial firm but we have cleared our filing procedure with his office. The attached working agreement explains our service in the research and preparation of filing documents.

Please let us know if we may be of service to you. It's your money. Now lets get it back!

COMMISSIONERS COURT ORDER
DATED 10-3-83

BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, ESTABLISHING A PROGRAM OF COMPREHENSIVE EMERGENCY MANAGEMENT WHICH INCLUDES THE MITIGATION, PREPAREDNESS RESPONSE AND RECOVERY PHASES OF EMERGENCY MANAGEMENT; ACKNOWLEDGING THE OFFICE OF EMERGENCY MANAGEMENT DIRECTOR, AUTHORIZING THE APPOINTMENT OF AN EMERGENCY MANAGEMENT COORDINATOR; AND PROVIDING THE DUTIES AND RESPONSIBILITIES OF THOSE OFFICES; IDENTIFYING AN OPERATIONAL ORGANIZATION; GRANTING NECESSARY POWERS TO COPE WITH ALL PHASES OF EMERGENCY MANAGEMENT WHICH THREATEN LIFE AND PROPERTY IN THE COUNTY OF FORT BEND; AUTHORIZING COOPERATIVE AND MUTUAL AID AGREEMENTS FOR RELIEF WORK BETWEEN THIS AND OTHER COUNTIES OR CITIES FOR RELATED PURPOSES; PROHIBITING UNAUTHORIZED WARNING AND ALL-CLEAR SIGNALS AND MAKING VIOLATIONS A MISDEMEANOR PUNISHABLE BY FINE NOT TO EXCEED $500 .

WHEREAS, the Commissioners Court of the County of Fort Bend finds that the identification of potential hazards and the prevention or mitigation of their effects must be an on-going concern of the County if the lives and property of the populace are to be protected; and

WHEREAS, the Commissioners Court hereby declares that the preparation of a plan, and the means for its implementation, for the protection of lives and property in the County of Fort Bend from natural or man-caused disasters or threat thereof is immediately essential; and

WHEREAS, the Commissioners Court further finds that in times of disasters which may imperil the safety of the inhabitants of the County, or their property, it becomes necessary to effectuate and place into operation the preconceived plans and preparations with a minimum of delay; and

WHEREAS, the Commissioners Court finds, therefore, that the preparation, adoption, and implementation of such plans are now imperative; BE IT ORDERED, ADJUDGED AND DECREED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS:

Section 1. There exists the office of Emergency Management Director of the County of Fort Bend, which shall be held by the County Judge in accordance with state law.

(a) An Emergency Management Coordinator may be appointed by and serve at the pleasure of the Director;

(b) The Director shall be responsible for conducting a program of comprehensive emergency management within the County and for carrying out the duties and responsibilities set forth in Section 4 of this order. He may delegate authority for execution of these duties to the Coordinator, but ultimate responsibility for such execution shall remain with the Director.

Section 2. The powers and duties of the Director shall include an on-going survey of actual or potential major hazards which threaten life and property within the County; and an on-going program of identifying and requiring or recommending the implementation of measures which would tend to prevent the occurrence or reduce the impact of such hazards if a disaster did occur. As a part of his responsibility in hazard mitigation, the Director shall supervise the development of an emergency management plan for Fort Bend County, and shall recommend that plan for adoption by the Commissioners Court along with any and all mutual aid plans and agreements which are deemed essential for implementation of such emergency management plan. The powers of the Director shall include the authority to declare a state of disaster, but such action may be subject to confirmation by the Commissioners Court at its next meeting. The duties of the Director shall also include the causing of a survey of the availability of existing personnel, equipment, supplies and services which could be used during a disaster, as provided for herein, as well as a continuing study of the need for amendments and improvements in the emergency management plan.

00121

Section 3. The County Judge is hereby authorized to join with the mayors of the cities in Fort Bend County in the formation of an Emergency Management Council for the County of Fort Bend and shall have the authority to cooperate in the preparation of a joint emergency management plan and in the appointment of a joint Emergency Management Coordinator, as well as all powers necessary to participate in a county-wide program of emergency management insofar as said program may affect Fort Bend County.

Section 4. The duties and responsibilities of the Emergency Management Director shall include the following:

(a) The direction and control of the actual disaster operations of the Fort Bend County Emergency Management organization as well as the training of Emergency Management personnel.

(b) The determination of all questions of authority and responsibility that may arise within the Emergency Management organization of the County.

(c) The maintenance of necessary liaison with other county, municipal, district, state, regional, federal, or other Emergency Management organizations.

(d) The marshaling, after declaration of a disaster as provided for above, of all necessary personnel, equipment or supplies from any department of Fort Bend County to aid in the carrying out of the provisions of the emergency management plan.

(e) The issuance of all necessary proclamations as to the existence of a disaster and the immediate operational effectiveness of the Fort Bend County emergency management plan.

(f) The issuance of reasonable rules, regulations or directives which are necessary for the protection of life and property in

Fort Bend County. Such rules and regulations shall be filed in the office of the County Clerk, and shall receive widespread publicity unless publicity would be of aid and comfort to the enemy.

(g) The supervision of the drafting and execution of mutual aid agreements, in cooperation with the representatives of the state and of other local political subdivisions of the state, and the drafting and execution, if deemed desirable, of an agreement with the cities located in Fort Bend County for the county-wide coordination of Emergency Management efforts.

(h) The supervision of and final authorization for the procurement of all necessary supplies and equipment, including acceptance of private contributions which may be offered for the purpose of improving Emergency Management within the County.

(i) The authorizing of agreements, after approval by the County Attorney, for use of private property for public shelter and other purposes.

Section 5. The operational emergency management organization of Fort Bend County shall consist of the officers and employees of the County so designated by the Director in the emergency management plan, as well as organized volunteer groups. The functions and duties of this organization shall be distributed among such officers and employees in accordance with the terms of the emergency management plan. Such plan shall set forth the form of the organization, establish and designate divisions and functions, assign tasks, duties and powers, and designate officers and employees to carry out the provisions of this order.

Section 6. Any unauthorized person who shall operate a siren or other device so as to simulate a warning signal, or the termination of a warning, shall be deemed guilty of a violation of this order and shall be subject to the penalties imposed by this order.

Section 7. At all times when the orders, rules, and regulations made and promulgated pursuant to this order shall be in effect, they shall supersede and override all existing orders, rules, and regulations insofar as the latter may be inconsistent therewith.

Section 8. This order shall not be construed so as to conflict with any State or Federal statute or with any military or naval order, rule, or regulation.

Section 9. This order is an exercise by the County of its governmental functions for the protection of the public peace, health, and safety and neither Fort Bend County, the agents and representatives of said County or any individual, receiver, firm, partnership, corporation, association, or trustee, or any of the agents thereof, in good faith carrying out, complying with or attempting to comply with, any order, rule or regulation promulgated pursuant to the provisions of

this order shall be liable for any damage sustained to persons as the result of said activity. Any person owning or controlling real estate or other premises who voluntarily and without compensation grants to the County of Fort Bend a license of privilege, or otherwise permits the County to inspect, designate and use the whole or any part or parts of such real estate or premises for the purpose of sheltering persons during an actual, impending or practice enemy attack shall, together with his successors in interest, if any, not be civilly liable for the death of, or injury to, any person on or about such real estate or premises under such license, privilege or other permission or for loss of, or damage to, the property of such person.

Section 10. No person shall have the right to expend any public funds of the County in carrying out any Emergency Management activity authorized by this order without prior approval by the Commissioners Court, nor shall any person have any right to bind the County by contract, agreement or otherwise without prior and specific approval of the Commissioners Court.

Section 11. It shall be unlawful for any person willfully to obstruct, hinder, or delay any member of the Emergency Management organization in the enforcement of any rule or regulation issued pursuant to this order, or to do any act forbidden by any rule or regulation issued pursuant to the authority contained in this order. It shall likewise be unlawful for any person to wear, carry or display any emblem, insignia or any other means of identification as a member of the Emergency Management organization of the County of Fort Bend, unless authority to do so has been granted to such person by the proper officials. Convictions for violations of the provisions of this order shall be punishable by fine not to exceed $500 dollars.

Section 12. Each employee or any individual that is assigned a function or responsibility shall solemnly swear or affirm to support and defend the Constitution of the United States, laws of the State of Texas and the orders of the County of Fort Bend.

Section 13. If any portion of this order shall, for any reason, be declared invalid, such invalidity shall not affect the remaining provisions thereof.

Section 14. All orders, parts of orders, or resolutions in conflict herewith are expressly repealed.

READ, APPROVED AND ADOPTED this the 3rd day of OCTOBER, 1983.

Fresno Mobile Home Park, (owner Leonard Smith), hereby requests permission to lay a four inch pipe from a point approximately beginning in the center of Block 543, continuing to a point five feet East of the adjacent Block 542. (see attachment D)

Permitting of a proposed sewer treatment facility in the center of Block 543 is being protested at this time by the owner of Block 542 (Robert Mc Kenna) because of potential effluent in the ditch easement.

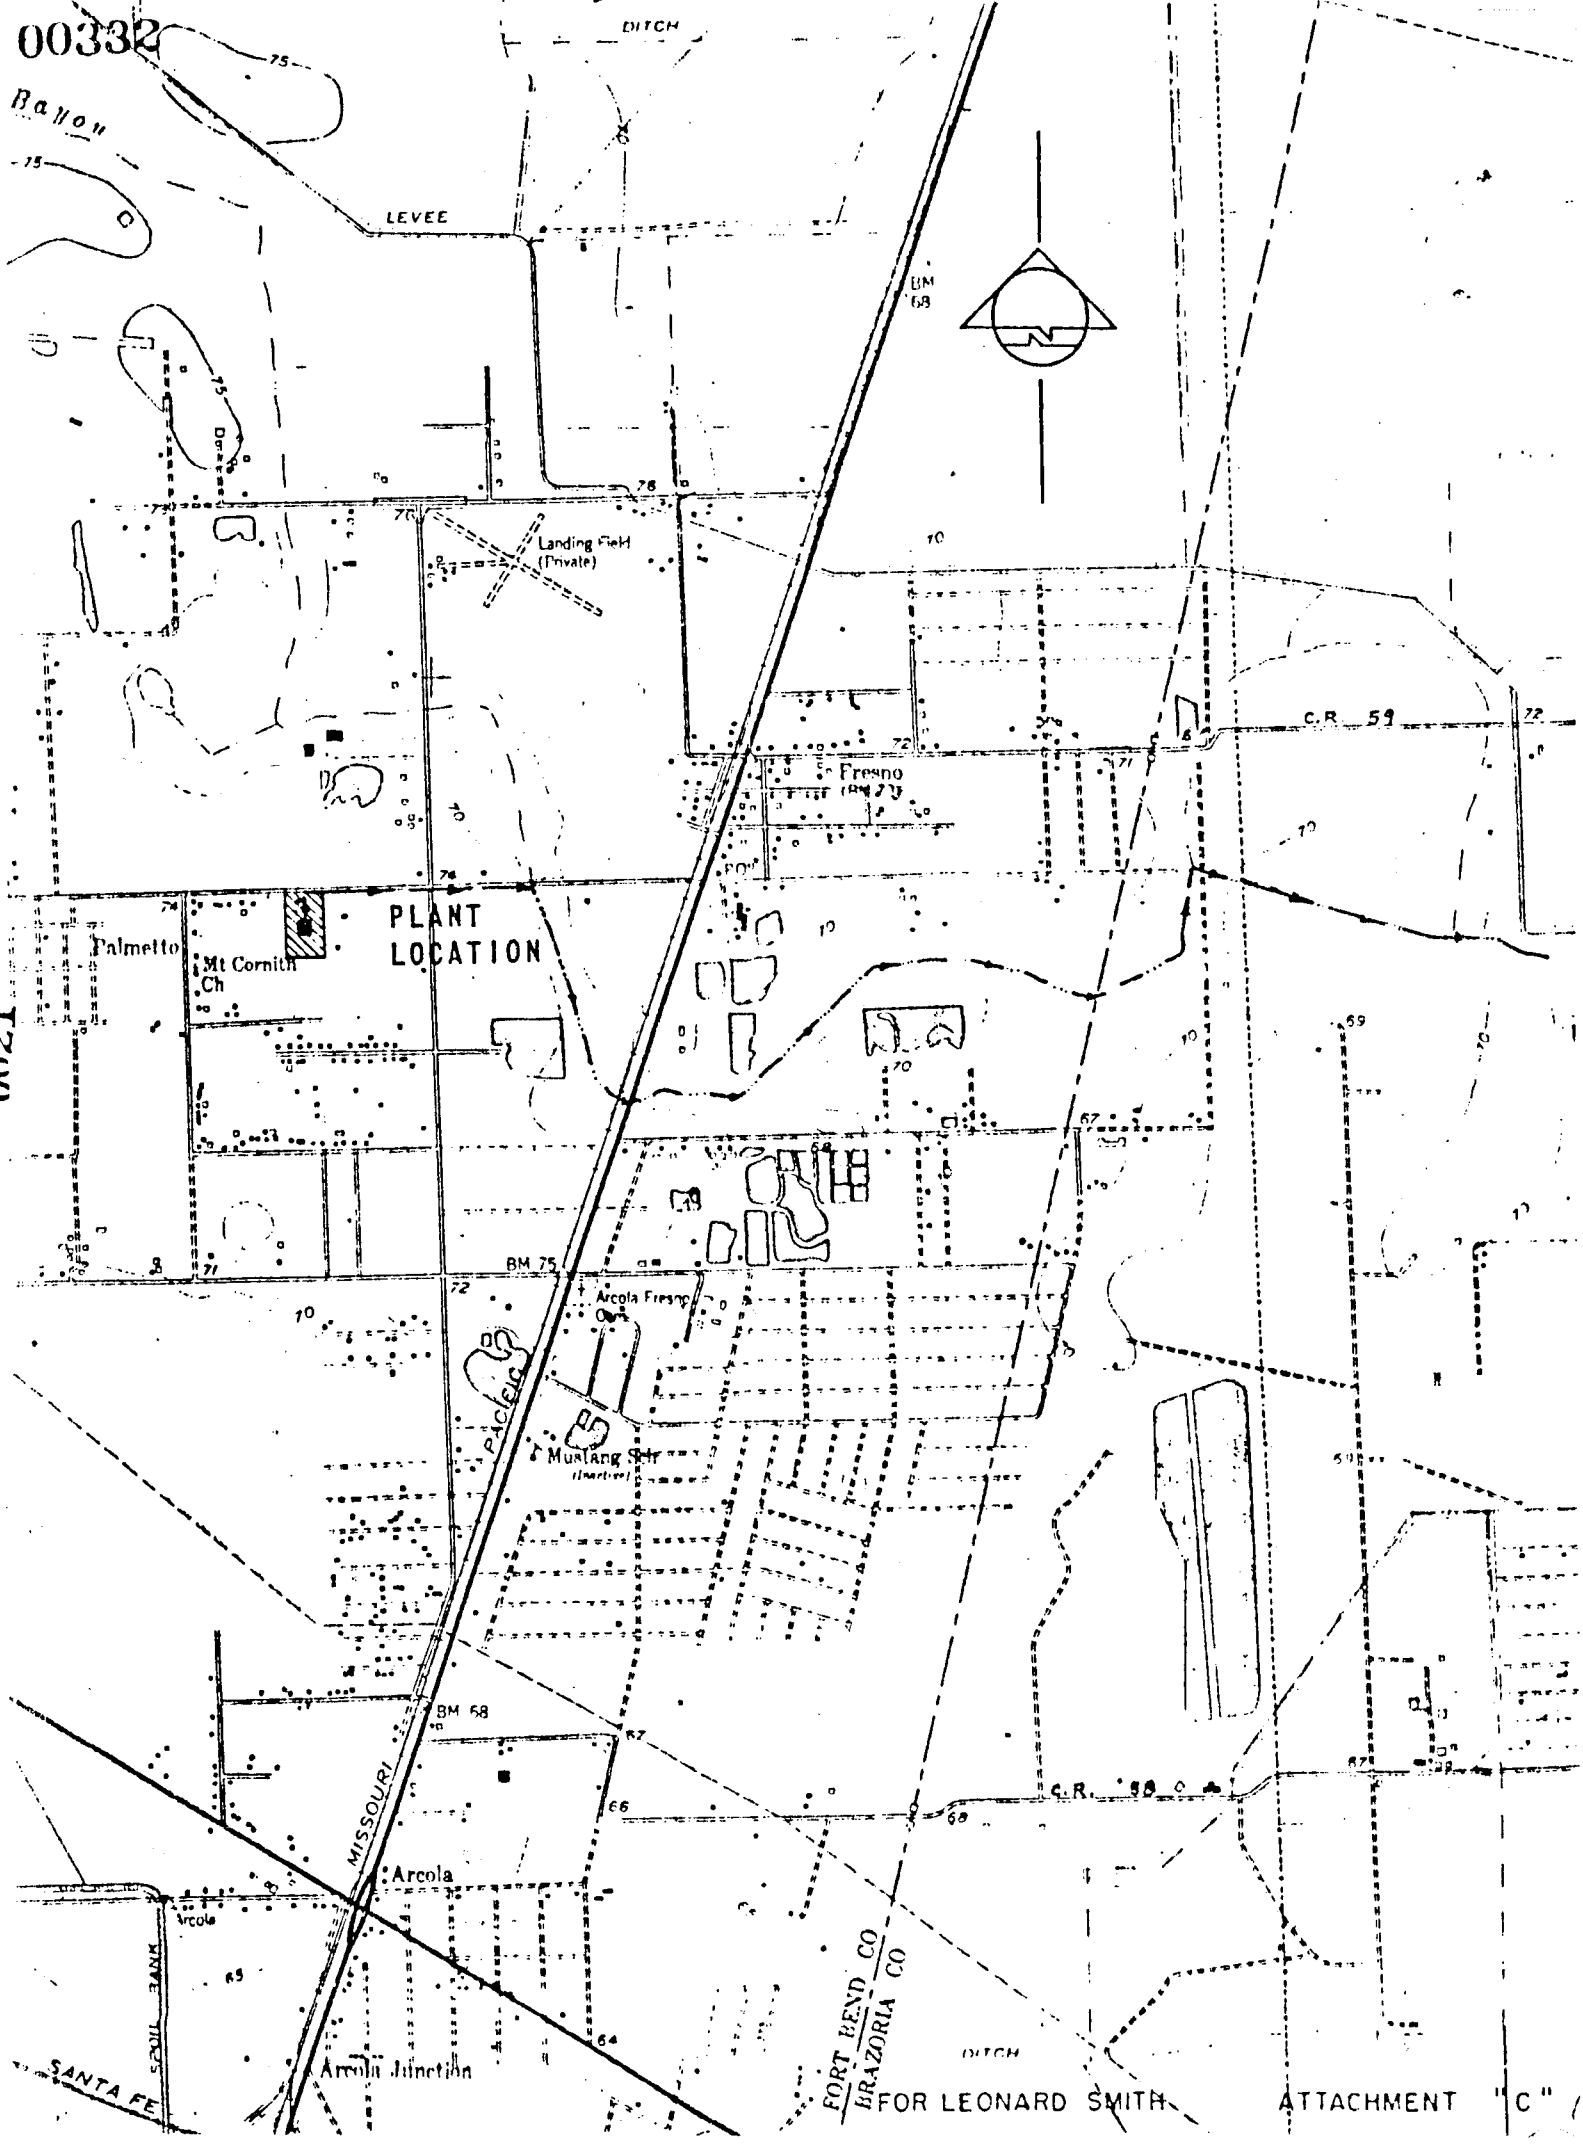

The permission to lay proposed piping will expidite the permitting by the Texas Department Of Water Resources for the proposed waste water treatment facility by invalidating Mr. Mc Kennas' protest.

I pray that you will give close consideration to my request of a permit to lay pipe in the county right of way.

Sincerely,

Leonard Smith

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

THE AGREEMENT, made and entered into by and between FORT BEND COUNTY, a body corporate and politic under the laws of the State of Texas, hereinafter sometimes called "County", acting herein by and through its County Judge duly authorized to so act by an Order of the Fort Bend County Commissioners Court and Fire Departments duly organized and chartered in the State of Texas existing under the laws of the State of Texas, hereinafter sometimes called "Fire Department", providing services to incorporated and unincorporated areas in Fort Bend County, acting herein by and through the Chief of the Fire Department.

0021

W I T N E S S E T H:

WHEREAS, Fort Bend County desires to provide fire protection, fire fighting, and assistance in emergency medical services to certain unincorporated areas of Fort Bend County as hereinafter designated:

and

WHEREAS, the Fire Department of Pecan Grove Volunteer Fire Department is willing to furnish fire protection, fire fighting, and assistance in emergency medical services to said unincorporated areas of Fort Bend County for the considerations hereinafter provided:

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: That in consideration of the mutual covenants, agreements and benefits to both parties, it is agreed as follows:

I.

During the term of this agreement, the Fire Department agrees to furnish fire protection, fire fighting, and assistance in emergency medical services to the unincorporated surrounding areas.

II.

Fort Bend County agrees to pay an established amount to the Fire Department for fire protection, fire fighting, and emergency medical assistance provided by the Fire Department to the unincorporated areas of Fort Bend County pursuant to Paragraph I of this agreement.

III.

The term of this agreement shall be effective on date of approval and until cancellation by either party.

IV.

It is hereby agreed and understood that the fire protection, fire fighting and assistance in emergency medical services to be furnished by the Fire Department under this agreement shall include, but not be limited to, the following: Answering all calls for help and assistance in extinguishing fires in the area designated in Paragraph I of this agreement; furnishing fire fighting personnel, equipment and supplies to fight all fires; and answering all calls and furnishing fire fighting personnel, equipment and supplies to protect persons and property which are endangered by fires; provided that the above described personnel, equipment and supplies are not otherwise engaged in fire fighting.

V.

The Fire Department shall observe and comply with all Federal, State, County and City laws, rules, ordinances and regulations in any manner affecting the conduct of the services herein provided and performance of all obligations undertaken by this agreement.

VI.

It is expressly understood that the county has funds specifically allocated to fully discharge its obligation under this agreement. It is understood that the county will be liable, on an individual basis, for any equipment replacement or equipment damage which may result while performing services in the county. It is specifically provided that the acts of any person or persons while fighting fires, traveling to or from fires, or in any manner furnishing fire protection to the citizens of a county outside the city limits of any city, town, or village, shall be considered as the acts of agents of the county in all respects, notwithstanding such person or persons may be regular employees or firemen of a city, town or village. No city, town or village within a county and/or adjoining counties shall be held liable for the acts of any of its employees while engaged in fighting fires outside the city limits. (Reference Title 44, Article 2351a-1)

VII.

It is further agreed that in the performance of all obligations undertaken by this agreement, the Fire Department has the right to supervise, manage, control and direct the performance of fire protection, fire fighting, and assistance of emergency medical services; the County shall look to the Fire Department for results only and the County (except the County Fire Marshal) shall have no right at any time to direct or supervise the Fire Department or its agents or employees in the performance of such services or as to the manner, means or method in which services are performed.

VIII.

The Fire Department agrees to deliver to the Fire Marshal, authorization of the Fire Department, to enter into this agreement within fifteen (15) days after the execution of this agreement.

0021

IX.

The Fire Department agrees to furnish the County Commissioner and the Fire Marshal of Fort Bend County, not later than the tenth (10th) day of each month, a monthly report listing the total number of runs made into the unincorporated areas of Fort Bend County for the pervious month and such other information relating to fire protection, fire fighting and assistance in emergency medical services of the Fire Department as may be requested by Fire Marshal of Fort Bend County. Said report shall be made on the form provided by the Fort Bend County Fire Marshal and shall be signed by an official of the Fire Department submitting report.

THE AGREEMENT, made and entered into by and between FORT BEND COUNTY, a body corporate and politic under the laws of the State of Texas, hereinafter sometimes called "County", acting herein by and through its County Judge duly authorized to so act by an Order of the Fort Bend County Commissioners Court and Fire Departments duly organized and chartered in the State of Texas existing under the laws of the State of Texas, hereinafter sometimes called "Fire Department", providing services to incorporated and unincorporated areas in Fort Bend County, acting herein by and through the Chief of the Fire Department.

0021

W I T N E S S E T H:

WHEREAS, Fort Bend County desires to provide fire protection, fire fighting, and assistance in emergency medical services to certain unincorporated areas of Fort Bend County as hereinafter designated:

and

WHEREAS, the Fire Department of FULSHEAR is willing to furnish fire protection, fire fighting, and assistance in emergency medical services to said unincorporated areas of Fort Bend County for the considerations hereinafter provided:

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: That in consideration of the mutual covenants, agreements and benefits to both parties, it is agreed as follows:

I.

During the term of this agreement, the Fire Department agrees to furnish fire protection, fire fighting, and assistance in emergency medical services to the unincorporated surrounding areas.

II.

Fort Bend County agrees to pay an established amount to the Fire Department for fire protection, fire fighting, and emergency medical assistance provided by the Fire Department to the unincorporated areas of Fort Bend County pursuant to Paragraph I of this agreement.

III.

The term of this agreement shall be effective on date of approval and until cancellation by either party.

IV.

It is hereby agreed and understood that the fire protection, fire fighting and assistance in emergency medical services to be furnished by the Fire Department under this agreement shall include, but not be limited to, the following: Answering all calls for help and assistance in extinguishing fires in the area designated in Paragraph I of this agreement; furnishing fire fighting personnel, equipment and supplies to fight all fires; and answering all calls and furnishing fire fighting personnel, equipment and supplies to protect persons and property which are endangered by fires; provided that the above described personnel, equipment and supplies are not otherwise engaged in fire fighting.

V.

The Fire Department shall observe and comply with all Federal, State, County and City laws, rules, ordinances and regulations in any manner affecting the conduct of the services herein provided and performance of all obligations undertaken by this agreement.

VI.

It is expressly understood that the county has funds specifically allocated to fully discharge its obligation under this agreement. It is understood that the county will be liable, on an individual basis, for any equipment replacement or equipment damage which may result while performing services in the county. It is specifically provided that the acts of any person or persons while fighting fires, traveling to or from fires, or in any manner furnishing fire protection to the citizens of a county outside the city limits of any city, town, or village, shall be considered as the acts of agents of the county in all respects, notwithstanding such person or persons may be regular employees or firemen of a city, town or village. No city, town or village within a county and/or adjoining counties shall be held liable for the acts of any of its employees while engaged in fighting fires outside the city limits. (Reference Title 44, Article 2351a-1)

VII.

It is further agreed that in the performance of all obligations undertaken by this agreement, the Fire Department has the right to supervise, manage, control and direct the performance of fire protection, fire fighting, and assistance of emergency medical services; the County shall look to the Fire Department for results only and the County (except the County Fire Marshal) shall have no right at any time to direct or supervise the Fire Department or its agents or employees in the performance of such services or as to the manner, means or method in which services are performed.

VIII.

The Fire Department agrees to deliver to the Fire Marshal, authorization of the Fire Department, to enter into this agreement within fifteen (15) days after the execution of this agreement.

IX.

The Fire Department agrees to furnish the County Commissioner and the Fire Marshal of Fort Bend County, not later than the tenth (10th) day of each month, a monthly report listing the total number of runs made into the unincorporated areas of Fort Bend County for the pervious month and such other information relating to fire protection, fire fighting and assistance in emergency medical services of the Fire Department as may be requested by Fire Marshal of Fort Bend County. Said report shall be made on the form provided by the Fort Bend County Fire Marshal and shall be signed by an official of the Fire Department submitting report.

THE AGREEMENT, made and entered into by and between FORT BEND COUNTY, a body corporate and politic under the laws of the State of Texas, hereinafter sometimes called "County", acting herein by and through its County Judge duly authorized to so act by an Order of the Fort Bend County Commissioners Court, and the City of Stafford, a municipal corporation duly organized and existing under the laws of the State of Texas, hereinafter sometimes called "City", acting herein by and through its Mayor duly authorized to so act by an Ordinance duly passed by the City.

W I T N E S S E T H:

WHEREAS, Fort Bend County desires to provide fire protection, fire fighting and assistance in emergency medical services to certain unincorporated areas of Fort Bend County as hereinafter designated;

and

WHEREAS, the City of Stafford is willing to furnish fire protection, fire fighting, and assist in emergency medical services to said unincorporated areas of Fort Bend County for the considerations hereinafter provided;

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: That in consideration of the mutual covenants, agreements and benefits to both parties, it is AGREED as follows:

I.

During the term of this agreement, the City agrees to furnish fire protection, fire fighting, and assist in emergency medical services to the unincorporated areas surrounding the corporate limits of the City.

II.

Fort Bend County agrees to pay an established amount to the City for fire protection, fire fighting, and emergency medical assistance provided by the City to the unincorporated areas of Fort Bend County pursuant to Paragraph I of this agreement.

III.

The term of this agreement shall be effective on date of approval and until cancellation by either party.

IV.

It is hereby agreed and understood that the fire protection, fire fighting, and assistance in emergency medical services to be furnished by the City under this agreement shall include, but not be limited to, the following: Answering all calls for help and assistance in extinguishing fires in the areas designated in Paragraph I of the agreement; furnishing fire fighting personnel, equipment and supplies to fight all fires and answering all calls and furnishing fire fighting personnel, equipment and supplies to protect persons and property which are endangered by fires; provided that the above described personnel, equipment and supplies are not otherwise engaged in fire fighting.

V.

The City shall observe and comply with all Federal, State, County and City laws, rules, ordinances and regulations in any manner affecting the conduct of the services herein provided and performance of all obligations undertaken by this agreement.

VI.

It is expressly understood that the County has funds specifically allocated to fully discharge its obligation under this agreement. It is understood that the County will be liable, on an individual basis, for any equipment replacement or equipment damage which may result while performing services in the County. It is specifically provided that the acts of any person or persons while fighting fires, traveling to or from fires, or in any manner furnishing fire protection to the citizens of a county outside the city limits of any city, town or village, shall be considered as the acts of agents of the county in all respects, notwithstanding such person or persons may be regular employees or firemen of a city, town or village. No city, town or village within a county and/or adjoining counties shall be held liable for the acts of any of its employees while engaged in fighting fires outside the city limits. (Reference Title 44, Article 2351a-1).

VII.

It is further agreed that in the performance of all obligations undertaken by this agreement, the City has the right to supervise, manage, control and direct the performance of fire protection, fire fighting and assistance of emergency medical services; the County shall look to the City for results only and the County (except the County Fire Marshall) shall have no right at any time to direct or supervise the City or its agents or employees in the performance or such services or as to the manner means or method in which the services are performed.

VIII.

The City agrees to deliver to the Fire Marshall of Fort Bend County a certified copy of the ordinance authorizing the City to enter into this agreement within fifteen (15) days after the execution of this agreement.

IX.

The City agrees to furnish the Fire Marshall of Fort Bend County, not later than the tenth (10th) day of each month, a monthly report listing the total numbers of runs made into the unincorporated areas of Fort Bend County for the previous month and such other information relating to fire protection, fire fighting and assistance in emergency medical services of the City as may be requested by Fire Marshall of Fort Bend County. Said reports shall be made on the form provided by the submitting report.

The term of this agreement shall be effective on date of approval and until cancellation by either party.

IV.

It is hereby agreed and understood that the fire protection, fire fighting and assistance in emergency medical services to be furnished by the Fire Department under this agreement shall include, but not be limited to, the following: Answering all calls for help and assistance in extinguishing fires in the area designated in Paragraph I of this agreement; furnishing fire fighting personnel, equipment and supplies to fight all fires; and answering all calls and furnishing fire fighting personnel, equipment and supplies to protect persons and property which are endangered by fires; provided that the above described personnel, equipment and supplies are not otherwise engaged in fire fighting.

V.

The Fire Department shall observe and comply with all Federal, State, County and City laws, rules, ordinances and regulations in any manner affecting the conduct of the services herein provided and performance of all obligations undertaken by this agreement.

VI.

It is expressly understood that the county has funds specifically allocated to fully discharge its obligation under this agreement. It is understood that the county will be liable, on an individual basis, for any equipment replacement or equipment damage which may result while performing services in the county. It is specifically provided that the acts of any person or persons while fighting fires, traveling to or from fires, or in any manner furnishing fire protection to the citizens of a county outside the city limits of any city, town, or village, shall be considered as the acts of agents of the county in all respects, notwithstanding such person or persons may be regular employees or firemen of a city, town or village. No city, town or village within a county and/or adjoining counties shall be held liable for the acts of any of its employees while engaged in fighting fires outside the city limits. (Reference Title 44, Article 2351a-1)

VII.

It is further agreed that in the performance of all obligations undertaken by this agreement, the Fire Department has the right to supervise, manage, control and direct the performance of fire protection, fire fighting, and assistance of emergency medical services; the County shall look to the Fire Department for results only and the County (except the County Fire Marshal) shall have no right at any time to direct or supervise the Fire Department or its agents or employees in the performance of such services or as to the manner, means or method in which services are performed.

VIII.

The Fire Department agrees to deliver to the Fire Marshal, authorization of the Fire Department, to enter into this agreement within fifteen (15) days after the execution of this agreement.

IX.

The Fire Department agrees to furnish the County Commissioner and the Fire Marshal of Fort Bend County, not later than the tenth (10th) day of each month, a monthly report listing the total number of runs made into the unincorporated areas of Fort Bend County for the pervious month and such other information relating to fire protection, fire fighting and assistance in emergency medical services of the Fire Department as may be requested by Fire Marshal of Fort Bend County. Said report shall be made on the form provided by the Fort Bend County Fire Marshal and shall be signed by an official of the Fire Department submitting report.

DEAR SIRS:

THIS IS REGARDING THE FOUR THOUSAND DOLLAR REVOLVING FUND THAT THE COUNTY HAS ESTABLISHED WITH THE DIFFERENT FIRE DEPARTMENTS IN THE COUNTY. THE MISSOURI CITY FIRE DEPARTMENT IS NEXT IN LINE TO RECEIVE THE FUNDS IN JANUARY OF 1984.

I HAVE BEEN IN CONTACT WITH CHIEF ESSA MEANS OF THE FRESNO FIRE DEPARTMENT AND WE HAVE AGREED TO HAVE THE FRESNO FIRE DEPARTMENT RECEIVE THE FUNDS IN JANUARY OF 1984. FRESNO FIRE DEPARTMENT IS SCHEDULED TO RECEIVE THE FUNDS THE FOLLOWING YEAR, JANUARY, 1985, BUT WITH THIS CHANGE A BASIC SWAP WOULD OCCUR MAKING MISSOURI CITY ELIGIBLE FOR THE FUNDING IN JANUARY OF 1985.

RESPECTFULLY,

DANNY R. JAN

NOTICE OF CALCULATION OF EFFECTIVE TAX RATE AND PUBLICATION OF ESTIMATED UNENCUMBERED FUND BALANCES

I, MS. KATHY NORVELL BLACK, TAX ASSESSOR-COLLECTOR for FORT BEND County. in accordance with the provisions of Sec. 26.04, Property Tax Code, have calculated the tax rate which may not be exceeded by more than three percent by the Commissioner's Court of the FORT BEND County without holding a public hearing as required by the code. That rate is as follows:

$ .05627 per $100 for farm-to-market/flood control tax;
$ .29243 per $100 for the general fund, permanent improvement fund and road and bridge fund tax;
+ $ .07612 per $100 for drainage district tax; thus
$ .42482 per $100 TOTAL COUNTY EFFECTIVE TAX RATE

The estimated unencumbered fund balances are as follows:

Farm-to-Market/Flood Control
Maintenance & Operation: $ 210,287.00
Interest & Sinking: $ none

General Fund
Maintenance & Operation: $ 1,514,067.00
Interest & Sinking: $ 329,000.00

Drainage District
Maintenance & Operation: $ 378,517.00
Interest & Sinking: $ none

Joyce Tompkins, County Auditor
October 11, 1983

EMERGENCY MEDICAL TECHNICIAN

TRAINING AGREEMENT

EMERGENCY MEDICAL TECHNICIAN

TRAINING AGREEMENT

THIS AGREEMENT made this _____ day of _____ 19_____, by and between MEMORIAL HOSPITAL SYSTEM ("MHS"), a Texas Non- Profit Corporation, and the Fort Bend County Emergency Medical Services, ("FBCEMS").

WITNESSETH:

WHEREAS, MHS now operates three hospitals located at 7600 Beechnut, 7655 Bellfort Boulevard, and 1635 North Loop West, in the City of Houston, State of Texas, and therein provides health care services for persons in needthereof; and,

WHEREAS, FBCEMS, a governmental entity, conducts a training program for students/employees who are or are to become emergency medical technicians, for the purpose of improving the delivery of health care services to the people of the State of Texas; and,

WHEREAS, in futherance of such purpose, it is necessary that FBCEMS provide its students/employees with clinical educational experiences, and FBCEMS believes that such can best be accomplished by its students/employees being permitted to use the facilities of MHS; and,

WHEREAS, to assist FBCEMS in the achievement of such purpose, MHS has agreed to make certain facilities available for the use by such students/employees.

0021

NOW, THEREFORE, for and in consideration of the premises and of the mutual covenants and agreements herein contained, it is understood and agreedby and between the parties hereto as follows:

I. ARRANGEMENTS FOR FACILITIES AND TRAINING EXPERIENCES

A. Subject to the provisions of this Agreement, MHS agrees to admit the students/employees to its premises, and to allow them to observe and participate in clinical procedures to the extent adequate facilities and personnel are available for this purpose, and to the extent that such is consistent with good patient care.

B. At least two (2) weeks prior to the beginning of any training course, FBCEMS shall submit to MHS in writing proposals regarding the following:

1. the number of individuals to be enrolled in the clinical training courseand the names of such students/employees.

2. whether advanced or basic training is desired for such students/employees.

3. the clinical objectives to be achieved by such students/ employees.

4. the desired clinical experiences for such students/employees.

5. the dates over which the training course will extend.

6. the dates on which each student/employee is to be assigned to each clinical experiences, and,

7. any other information which MHS may reasonably request.

C. Prior to the commencement of the training course, MHS shall accept, reject, or modify the proposals in consultation with FBCEMS. MHS shall designate at which hospital unit the clinical experiences will be provided. During the term of the training course, MHS may make such further modifications in the matters contained in Paragraphs B and C as in its opinion may be required by the availability of facilities and qualified personnel, the necessities of good patient care, or the effective or efficient administration of the training course.

D. MHS and FBCEMS shall each designate one person as liasion to coordinate all matters relating to the training course.

II. ELIGIBILITY OF STUDENTS/EMPLOYEES

A. No student/employee shall be eligible to participate in a training course unless MHS is satisified that the following qualifications are met:

1. Prior to a student's/employee's assignment to MHS, FBCEMS shall furnish MHS with sufficient evidence that the student's/employee's medical condition is acceptable. Such evidence shall include:

a. The student's/employee's current health record, including a report of a recent chest x-ray and evidence that all required immunizations have been accomplished.

0021

b. Satisfactory evidence that the student/employee has no contagious infection. If indicated, routine throat culture and tuberculin tests may be conducted by MHS at its own expense. Costs of necessary treatment will be borne by the student/employee.

c. Evidence that a student/employee with a known medical condition is receiving appropriate medical care and has been cleared by a physician to participate in a training course.

B. Each student/employee must be academically qualified to participate in the clinical experiences for which he has been assigned. For any student/employee, MHS may require evidence of satisfactory completion of classroom or clinical training which it considers prerequisite to any clinical rotation. In the case of advanced emergency medical technician training, MHS may require evidence that the student currently has in force an EMT certificate issued by the State of Texas Department of Health.

D. As a condition to permitting any student/employee of FBCEMS on its premises, FBCEMS will furnish or cause each student to furnish MHS with satisfactory evidence that such faculty member or student/employee has in effect professional liability insurance coverage in an amount not less that one hundred thousand dollars ($ 100,000.00) per occurence, and three hundred thousand dollars ($ 300,000.00) in the aggregate, such coverage to continue in effect while the student/employee is to inform MHS immediately of each renewal, cancellation, or change in content or amount in such coverage. The carrier and terms of such insurance shall not be unreasonably withheld.

III. STATUS OF STUDENTS/EMPLOYEES

It is recognized and agreed between the parties hereto that any facilities or supervision provided by MHS or its personnel are for the benefit of FBCEMS and its students/employees as a prescribed part of the course of instruction administered by FBCEMS for the training and continuing education of emergency medical technicians, basic and advanced. FBCEMS retains full responsibility for all acts of its personnel, and any services which may be provided to MHS or its patients by FBCEMS or its students/employees, are provided by them as independent contractors. No officer, agent, employee, faculty member or student/employee of FBCEMS shall for any purpose be deemed to be the employee, agency, ostensible or apparent agent, representative, servant of borrowed servant of MHS or of any of the personnel of MHS. Neither FBCEMS nor any of

its employees or students shall be eligible for any employee benefit programs of MHS, nor for any benefits under any Worker's Compensation insurance policy maintained by MHS, nor for any statutory benefits from MHS under any Worker's Compensation law. There is no agreement or understanding that the student will be entitled to employment at MHS at the conclusion of the training course.

IV. COMPLIANCE WITH REGULATIONS

A. FBCEMS and students/employees shall at all times comply with:

1. the bylaws, rules, regulations, and policies of MHS as may effect from time to time;

2. the laws, rules, regulations and ordinances, and judicial and administrative interpretations thereof, of the United States, the State of Texas, the City of Houston, and all political subdivisions, agencies and instrumentalities of any of them; and

3. the standards and recommendations of the Joint Commission on the Accreditation of Hospitals.

B. MHS may make further rules, regulations, or policies governing the conduct of the training courses under this agreement. MHS may require students/employees to execute forms pertaining to confidentiality, employment status, or other matters as a condition precedent to the use of it's facilities.

E00

V. INDEMNITY

To the extent permitted by law, FBCEMS agrees to indemnify and hold harmless from and against any and all claims, demands, causes of action, liabilities, cost, damage, expenses, and attorney's fees asserted or adjudged against or incurred by MHS resulting from or incident to:

A. the breach by FBCEMS or any of its students or employees of any of the provisions of this Agreement; or

B. the acts or omissions of FBCEMS or of its students or employees.

VI. DAMAGE TO PROPERTY

FBCEMS agrees to reimburse MHS for any damage to any property, real or personal, owned or leased by MHS resulting from the acts for ommisions of FBCEMS or of its students or employees.

VII. DURATION AND TERMINATION

This agreement shall become effective on _____

_____19_____, and shall continue in effect for a period of one (1) year therefrom, and from year to year thereafter, unless earlier terminated by either party by notice to that effect. This Agreement shall terminate thirty (30) days after the receipt of such notice, unless a later termination date is specified therein, provided that if the termination date would fall during a term during which students are enrolled in a training course and are utilizing the facilities, this Agreement shall terminate on the final day of such term.

VIII. NOTICES

All notices required or permitted to be given under this Agreement must be in writing and must either be delivered personally to a responsible agent of the party to whom the notice is directed, or be mailed by registered or certified mail, return receipt requested, addressed as shown below. Either party may at any time change the address for notices by delivering or mailing as aforesaid, a notice stating the change and setting forth the changed address. Any notice hereunder shall be deemed to have been recieved when personally delivered of three (3) business days after being deposited postpaid with the United states Postal Service, addressed as hereinbefore provided. The addresses of the parties are as follows:

IX. REMEDIES

In the event that MHS resorts to legal action to enforce any of the terms or provisions of this Agreement, MHS shall be entitled to recover the expenses incurred in such action, including without limitation, court cost and attorney's fee's. All rights, powers, and remedies granted to MHS by any particular term of this Agreement are in addition to, and not in limitation of any rights, powers, and remedies which it has under any other term of this agreement, at common law, in equity, by statute, or otherwise, and all such rights, powers, and remedies may be exercised seperately or concurrently, in such order and as often as may be deemed expedient by MHS. No delay or ommission by MHS to exercise any right, power, or remedy, shall impair such right, power, or remedy or be construed to be a waiver of any breach of default or an acquiescene therein. A waiver by MHS of any breach of default hereunder shall not constitute a waiver of any subsequent breach or default.

1200 0021

X. ASSIGNMENT

Neither this Agreement nor any rights, powers, or duties hereunder may be assigned by FBCEMS without the express written consent of MHS, and any such unauthorized assignment shall be void. If any such unauthorized assignment is attempted, MHS shall have the power, at its election, to terminate this Agreement effective immediately upon the giving of notice to FBCEMS. This Agreement shall automatically inure to the benefit of any corporation, person or other entity which succeeds to the rights of MHS.

XI. ENTIRE AGREEMENT

This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof, and superceeds any and all other agreements, negotiations and representations, oral or written, between them.

XII. SEVERABILITY

In the event any provision of this Agreement is held to be invalid or unenforceable by a court of competent jurisdiction, such holding shall not affect the remainder of this Agreement, which shall remain valid and enforceable and shall be construed to give effect to the remaining provisions.

XIII. CAPTIONS

The captions to each Paragraph of this Agreement are included for convenience of reference only and are not to be considered a part hereof, and shall not be deemed to modify, restrict or enlarge any of the terms or provisions of this Agreement.

XIV. CONSTRUCTION OF WORDS

Where the context requires, the gender of all words used herein shall include the masculine, feminine and neuter, and the number of all words shall include the singular and plural.

VX. AMENDMENT

Except as otherwise expressly provided herein, no amendment or variation of the terms of this Agreement shall be valid unless in writing and signed by MHS and FBCEMS in the manner provided in Paragraph XVI.

XVI. EXECUTION IN COUNTERPARTS

This Agreement and any amendments thereto shall be executed in four (4) counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

IN WITNESS, WHEREOF, the parties hereto have executed this AGREEMENT the day and year first above written.

EMERGENCY MANAGEMENT PLAN

FOR

FORT BEND COUNTY, TEXAS

Section 1. Authority

The organization and operational concepts set forth in this plan are promulgated under the following authorities:

A. Fort Bend County Commissioners Court Order dated October 3, 1983 establishing program of Comprehensive Emergency Management and providing authorization for the appointment of an Emergency Management Coordinator.

B. Texas Disaster Act. of 1975, 64th Legislature, Article 6889-7, Vernon's Texas Civil Statutes, as amended.

C. Executive Order of the Governor.

D. Federal Civil Defense Act of 1950, as amended. (Public Law 920, 81st U.S. Congress.)

E. Disaster Relief Act of 1974, as amended. (Public Law 93-288, 93rd U.S. Congress.)

Section II. Purpose

The purpose of this plan is to provide for emergency operations in the County of Fort Bend utilizing the existing forms of government in cooperation with Local, State, and Federal authorities.

Section III. . Situation and Assumptions

A. Situation

1. Fort Bend County, because of its location is designated as a host county for surrounding areas in the event of a disaster or national emergency. Fort Bend County must, therefore, be ready to receive and care for evacuees from outside the county as well as directly care for its own citizens in unincorporated areas. Additionally, Fort Bend County must also be ready to provide collateral support to county residents living in the various municipalities as the disaster or national emergency exceeds local capability and assistance is requested.

2. The rapidly increasing population of Fort Bend County is about 156,000 people. There is a concentration of population from the center of the county toward its eastern boundary. Richmond is the county seat and has

a population of about 9,000 people. Other incorporated areas have populations ranging from 250 to 28,000 people.

3. The Brazos and San Bernard Rivers run through Fort Bend County. Three railroad lines also serve the county. There are two lines of the Southern Pacific and one line of the the Santa Fe Railroad which all run west to east through the county. Highway 90A crosses the county from west to east. Highway 59 crosses the county from southwest to east. Highway 36 crosses the county from north to south as does Highway 6 on the eastern portion of the county. Highway 288 crosses Highway 6 in the extreme eastern portion of the county. Practically all roads in the county are all-weather roads with numerous Farm to Market roads as secondary routes.

4. The airport serving the area is Hull Airport in Sugar Land. It is 8,000 feet in length and 100 feet wide with lighting and instrument approaches. This facility is privately owned at an elevation of 85 feet.

5. Private companies and utility districts provide utility services in the county with Houston Lighting and Power providing electricity and Entex providing natural gas. Numerous independent utility districts and municipalities provide "public" water and sewer services. Four companies provide telephone service--Southwestern Bell, General, Fort Bend, and Sugar Land Telephone companies.

6. Fort Bend County is divided into four Precincts and has an elected Judge, four Commissioners, and Sheriff form of government.

B. Assumptions

1. Becuase of Fort Bend County's geographical location, topography and transportation conditions, its citizens and municipalities are subject to numerous forms of manmade and natural disasters on a large scale as well as smaller, localized emergency situations. Most emergency situations will be resolved through municipal or precinct level resources supported by mutual aid agreements without major county action beyond Sheriff and EMS effort.

2. Fort Bend County will receive large numbers of refugees from outside areas during hurricanes or crises relocation actions. Additionally Fort Bend County, in a nuclear attack, will receive radioactive fallout from detonations. Such situations and other large scale disasters will require activation of the county's Emergency Operations Center for command and control of all county resources, planning and response efforts.

Section IV. Direction and Control

A. Concept of Operations

Existing agencies of the government of Fort Bend County will perfrom emergency activities related to those they perform in normal operations. The basic function of county officials will be to coordinate emergency activity for utmost effectiveness and to assure that any skills not normally available in existing county government is obtained from other community sources.

B. Emergency Operating Center (EOC)

The County Judge is responsible for directing all emergency measures within his jurisdiction upon activation of the EOC. The County Judge, County Commissioners, Emergency Management Coordinator, and Department Heads will exercise direction and control from the county EOC located at the County Courthouse in the allocation of appropriate resources. The County Judge, Sheriff or Emergency Management Coordinator have the authority to activate the county EOC. Those persons having emergency assignments in the EOC will proceed to their respective places when the activation notice is received.

Section V. Assignment of Responsibilities

A. Executive Group Responsibilities

1. The County Judge and Commissioners will direct county departments in emergency actions within their jurisdictions. Citizens will be informed of the situation and actions required. The group will make emergency policy decisions governing the direction of disaster operations and request support aid from other jurisdictions as necessary and required. Only the County Judge or his successor can declare a county emergency and otherwise impose limitations or controls on both public and private resources in Fort Bend County. Such resources then upon order by the County Judge during the emergency declaration may be used as necessary by appropriate county departments. The line of succession after the County Judge shall be the Commissioners in order of continuous seniority on Commissioners' Court followed by the Sheriff and Emergency Management Coordinator or their designees.

2. Emergency Management Coordinator

a. Assist the County Judge in disaster preparedness efforts through program development.

b. Prepare and update the County Emergency Operations Plan as well as coordinate with department heads in their development of standard operating procedures

00590

for emergency actions. Maintain EOC staffing roster, resource inventory, organization charts, reports, and other activities for effective EOC activities.

c. Coordinate with other community agencies, both public and private, for integrated emergency response plans and actions.

d. Arrange appropriate training to meet needs of county departments and other public or private groups.

e. Maintain liaison with State and Federal support agencies.

B. Staff Advisors

1. Radiological Defense Officer (CSP, CRP, CAP)

a. Establish and maintain a monitoring and reporting network.

b. Obtain appropriate training for monitors and instructors.

c. Provide input into statewide monitoring and reporting system.

0021

d. Advise Executive Group of fallout rates, projections, and allowable exposures.

e. In non-nuclear situations, provide damage assessment and charting assistance.

2. Public Information Officer

a. Compile and distribute to the public various awareness and preventative information about emergencies.

b. Arrange regular media briefings by the Executive Group during extended disasters of response efforts and remedial actions to be taken for public awareness.

c. Secure written and photographic documentation of the disaster situation.

C. Emergency Services

Each of the services listed below is a necessary segment of effective emergency management. The individual responsible for each service will develop, maintain, and exercise the systems and procedures necessary for the performance of their functions. Each individual (Service Chief) is also responsible for developing a service annex and standing operating

procedures (SOP's) detailing how that service is to be provided. Additionally, each Service Chief is responsible for coordinating the activities of outside agencies called in to assist in the performance of that service.

Following each service assignment is a brief list of the major tasks associated with that function. A more detailed listing of tasks and assignments will be found in the appropriate service annex.

Emergency Service

1. Law Enforcement

   Sheriff

   Provide police services consisting of law enforcement, traffic control and protection of lives and property through properly trained personnel and adequate equipment. Provide primary communications for effective warning dissemination of all types and support of fire, rescue, ambulance, and interagency efforts of first responders. Provide secondary communications support of collateral efforts such as wrecker service, damage assessment, radiological/hazardous material monitoring, and general intelligence activities between various EOC's and shelter areas.

2. Fire Protection

   Fire Marshal

   Arrange appropriate use of fire department personnel and equipment for fire suppression and hazardous material response as well as conducting rescue operations.

002200

3. Communications and Warning

   Sheriff/RACES

   Primary tasks:

   a. Receive and disseminate warning to public and city officials.

   b. Maintain contact with Disaster District EOC.

   c. Coordinate use of all public and private communications systems necessary during emergency operations (including EBS).

   d. Disseminate emergency public information as requested.

00602

4. Engineering

County Engineer

Develop appropriate plans identifying risk types and areas with sufficient alternate/evacuation routes. Take action to secure unsafe/damaged facilities and provide alternate use recommendations. Coordinate with precinct Highway Departments for debris removal and decontamination including emergency trash services.

Primary tasks:

a. Barricading of hazardous areas.

b. Priority restoration of streets and bridges.

c. Protection and/or restoration of waste treatment and disposal systems.

d. Augmentation of sanitation services.

e. Assessment of damage to streets, bridges, traffic control devices, waste water treatment system, and other public works facilities.

0021

5. Public Utilities

MUD's and Private Utilities

Mutually provide representatives to coordinate efforts for maintaining services and conserving resources. Assist in damage assessment and insure that services are restored by the following priority: EOC's and first responder facilities, hospitals, convalescent facilities, water and sewer facilities, power facilities, shelters and schools, remainder of county.

6. Health and Medical

Health Department

Establish local liaison and coordinate emergency health and sanitation measures including triage and morgue efforts with adequate medical support. Establish a central registry of deaths and injured victims. Advise the Executive Group of protective public measures.

7. Welfare

Red Cross

In a lead role, provide emergency clothing, housing, feeding, registration and rehabilitation services to victims

and evacuees in cooperation with other public welfare agencies through advance integrated planning.

8. Personnel and Finance

Auditor

Provide manpower/labor pool support through temporary employee transfers. Arrange temporary hiring of additional paid staffing and coordinate volunteer assignments for liability purposes. Coordinate these reserve deployments in response to requests. Maintain appropriate records of emergency expenses for personnel and purchases as well as arrange temporary expedient related procedures.

9. Damage Assessment

00121

County Assessor

Gather damage assessment information from department heads and other appropriate sources for decision making by the Executive Group regarding scale of disaster and further assistance needs. Revise property records for complete reflection of disaster results for potential mitigation efforts and insurance purposes.

10. Transportation

ISD's

Provide local transportation resources for evacuation purposes by identification of facilities, equipment, supplies, and drivers. Maintain reimbursement and liability purposes.

11. Emergency Powers of Government

District Attorney

Primary tasks:

a. Advise city officials on emergency powers of local government and necessary procedures for invocation of measures to implement wage, price and rent controls; establish rationing of critical resources; establish curfews; restrict or deny access; specify routes of egress; limit or restrict use of water or other utilities; use any publicly or privately owned resource with or without payment to the owner; and remove debris from publicly or privately owned property.

b. Review and advise city officials on possible liabilities arising from disaster operations, including the exercising of any or all of the above powers.

c. Prepare and/or recommend legislation to implement the emergency powers which may be required during an emergency.

d. Advise city officials and department heads on record keeping requirements and other documentation necessary for the exercising of emergency powers.

12. Rescue

EMS Director

Maintain countywide ambulance service. Coordinate with Sheriff and Fire activities for effective rescue operations including coordination with appropriate Health and Medical personnel for effective victim transport and care. Establish appropriate training and liaison to accomplish responsibilities through sufficient equipment and personnel.

1200

13. Other Agencies

All department and agency heads not assigned a specific function in this plan will be prepared to make their resources available for emergency duty at the direction of the city manager.

Section VI. Increased Readiness Actions for Various Conditions

A. Condition 4: The term "Condition 4" will be used by emergency services personnel to refer to a situation which causes a higher degree to disaster possibility than is normally present. "Condition 4" actions would be triggered by such occurrences as the beginning of tornado season, hurricane season, fire threats due to severe drought, and so forth.

B. Condition 3: The term "Condition 3" will be used by emergency services personnel to identify a situation which presents a greater potential threat than "Condition 4", but no immediate threat to life or property. "Condition 3" might be generated by such events as the issuance of a tornado watch, severe thunderstorm watch, flash flood watch, hurricane watch, or the presence of a hazardous material in transit through town by rail or truck.

C. Condition 2: The term "Condition 2" will be used by emergency services personnel to identify a hazardous situation with a greater potential threat than "Condition 3", and a significant possibility of causing loss of life or property. A "Condition 2" will usually require warning the public of a potential disaster. This condition might be triggered by such events as a tornado warning, hurricane warning, flood warning, severe thunderstorm warning, or any other notification of the existence of a direct threat, such as a major fire, toxic material spill, or growing civil disturbance.

The existence of a "Condition 2" will cause the Sheriff's Department to notify all officials to take appropriate actions.

D. Condition 1: The term "Condition 1" will be used by emergency services personnel to signify the occurrence of a major emergency. Events such as a tornado strike, hurricane strike, large explosion, the arrival of floodwaters. or wide-spread civil disturbance would be "Condition 1" situations.

A "Condition 1" situation will prompt EOC activation.

Section VII. Support

A. Requests for state or federal assistance, including the Texas National Guard or other military services, will be made to the Department of Public Safety District Headquarters.

B. All such requests will be made by the County Judge, or in his name by another official specifically authorized by him.

1200

Section VIII. Emergency Powers of Government

During a declared state of disaster, the County Judge and Commissioners Court may take extraordinary measures in the interest of effective disaster management. Such measures may include, but are not limited to, wage, price and rent controls, rationing of critical resources, establishment of curfews, and restriction of access to, and egress from affected areas. While the Texas Constitution and the Constitution of the United States guarantee to each individual the right to remain in their own homes, the County of Fort Bend may restrict the right of other persons to enter or remain in the disaster area when their presence would unduly endanger emergency personnel or otherwise hamper response and recovery activity.

All physical resources within the County of Fort Bend, whether publicly or privately owned, may be utilized when deemed necessary by the County Judge or Commissioners Court. The county assumes no financial or civil liability for the use of such resources; however, accurate records of such use will be maintained in case reimbursement becomes possible.

Section IX. Lines of Succession

To insure the continuity of government during threatened or actual disaster, the following line of succession is established:

County Judge

Commissioners by continuous Court seniority

Sheriff

Emergency Management Coordinator

Section X. Implementation

This Emergency Operations Plan for Fort Bend County rescinds all previous plans and operational procedures and is effective immediately. This plan will be reviewed each six months by all referenced parties and updated on an annual basis.

Dear Sirs:

It is respectively requested that Fort Bend County accept the sections of Airport Boulevard and Kirkwood Road listed below and dedicated by separate instruments (copies attached). As of May 12, 1982 Ayrshire Corporation and Farm & Home Savings Association have maintained the following streets for a period of greater than one (1) year.

Airport Boulevard, two north lanes: approximately 1,700 linear feet of concrete paving from the east side of a 130 foot drainage easement, eastward to approximately 460 feet west of Kirkwood Road.

Airport Boulevard, four lane divided boulevard: approximately 2,735 linear feet of concrete paving from approximately 460 feet west of Kirkwood Road eastward to U. S. 59 (Southwest Freeway).

Kirkwood Road: approximately 535 linear feet of concrete paving from Airport Boulevard to the south line of the Meadows, Section One subdivision.

I have enclosed: an overall map of the Meadows showing the location of Airport Boulevard and Kirkwood Road; a R.O.W. map of Airport Boulevard and Kirkwood Road; various correspondence with Fort Bend County; and copies of the legal instruments dedicating Airport Boulevard and Kirkwood Road.

If you have any questions please contact me at your convenience.

Yours very truly,

WHEREAS, under the platting and dedication of that certain Subdivision known as Pecan Grove Plantation, Section 3 certain utility easements were dedicated as reflected by the official plat of said Subdivision, recorded in Volume 24, page 11, of the Map Records of Fort Bend County, Texas; and

WHEREAS, Houston Lighting & Power Company has been requested by the present owners of Lots 52 and 53, Block 13

00021

in said Subdivision to release its right of use of that portion of the dedicated easement specified in the next paragraph of this instrument, which Houston Lighting & Power Company is willing to do;

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: That in consideration of the premises, Houston Lighting & Power Company, a Texas corporation, has RELEASED, and does by these presents forever release, all of its right of use of the following portion of the aforesaid dedicated utility easement, which released portion is described as follows:

Ten (10) feet wide easement centered on the entire common line between said Lots 52 and 53, Block 13, Pecan Grove Plantation, Section 3.

This is a partial release only which affects only that part of the easement described in the preceding paragraph and which does not in any manner affect Houston Lighting & Power Company's right to use the remainder of the dedicated utility easements in the aforesaid Subdivision.

HARTFORD CASUALTY INSURANCE COMPANY

Executive Office: Hartford, Connecticut

POWER OF ATTORNEY

Know all men by these Presents, That the HARTFORD CASUALTY INSURANCE COMPANY, a corporation duly organized under the laws of the State of New Jersey, and having its Executive Office in the City of Hartford, County of Hartford, State of Connecticut, does hereby make, constitute and appoint

MARVIN M. DURKENBERGER, DON R. HART, JAMES D. MacWILLIAM, JR., ROY S. TURKINGTON, NANCY COILE and LEE RAUCH of HOUSTON, TEXAS

its true and lawful Attorney(s)-in-Fact, with full power and authority to each of said Attorney(s)-in-Fact, in their separate capacity if more than one is named above, to sign, execute and acknowledge any and all bonds and undertakings and other writings obligatory in the nature thereof on behalf of the company in its business of guaranteeing the fidelity of persons holding places of public or private trust; guaranteeing the performance of contracts other than insurance policies; guaranteeing the performance of insurance contracts where surety bonds are accepted by states and municipalities; and executing or guaranteeing bonds and undertakings required or permitted in all actions or proceedings or by law allowed,

00021

and to bind the HARTFORD CASUALTY INSURANCE COMPANY thereby as fully and to the same extent as if such bonds and undertakings and other writings obligatory in the nature thereof were signed by an Executive Officer of the HARTFORD CASUALTY INSURANCE COMPANY and sealed and attested by one other of such Officers, and hereby ratifies and confirms all that its said Attorney(s)-in-Fact may do in pursuance hereof.

This power of attorney is granted under and by authority of the following Resolutions adopted by the Board of Directors of the HARTFORD CASUALTY INSURANCE COMPANY at a meeting duly called and held on the 15th day of September, 1976:

RESOLVED that the President or any Vice President, acting with any Secretary or Assistant Secretary, shall have power and authority to appoint, for any purpose only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, one or more Resident Vice-Presidents, Resident Assistant Secretaries and Attorneys-in-Fact and at any time to remove any such Resident Vice President, Resident Assistant Secretary or Attorney-in-Fact and revoke the power and authority given to him.

RESOLVED that Attorneys-in-Fact have power and authority, subject to the terms and limitations of the power of attorney issued to them, to execute and deliver on behalf of the Company and to attach the seal of the Company thereto any and all bonds and undertakings and other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed by an Executive Officer and sealed and attested by one other of such Officers.

RESOLVED that Robert N. H. Saner, Assistant Vice President, and Thomas F. Delaney, Assistant Vice-President, shall each have, as long as he holds such office, the same powers as any Vice President pursuant to the preceding Resolution.

RESOLVED that, whereas the President or any Vice President, acting with any Secretary or Assistant Secretary, has the power and authority to appoint by a power of attorney for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, one or more Resident Vice Presidents, Assistant Secretaries and Attorneys-in-Fact,

FURTHER RESOLVED that the signatures of such officers and the seal of the Company may be affixed to any such power of attorney or to any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signatures and facsimile seal shall be valid and binding upon the Company in the future with respect to any bond or undertaking to which it is attached.

RESOLVED that Robert N. H. Saner, Assistant Vice President, and Thomas F. Delaney, Assistant Vice-President, may each, as long as he holds such office, affix his signature by facsimile pursuant to and with the same effect as that granted to Vice-Presidents under the preceding Resolution.

In Witness Whereof, the HARTFORD CASUALTY INSURANCE COMPANY has caused these presents to be signed by its Assistant Vice-President, and its corporate seal to be hereto affixed, duly attested by its Secretary, this 1st day of April, 1983.

SECTION 3A - CONCRETE FORMWORK

Contract Conditions and Division 1 govern this Section.

PART 1 - GENERAL

1.01 WORK SCOPE

A. Work under this section includes furnishing all labor, material, equipment and accessories necessary to complete the form work.

B. Notifying other trades of date when ready for concreting in ample time for each to install his own work or work necessary tests.

PART 2 - PRODUCTS

2.01 FORMS

A. For exposed concrete surfaces, for smooth or rubbed concrete surfaces use B-B Concrete form grade moisture resistant 5/8" or 3/4" plyboard.

B. Metal forms of approved type that will produce surfaces equal to those specified for wood forms may be used.

PART 3 - EXECUTION

3.01 FORMWORK

A. Forms in general shall be built mortar tight and shall be true to shape and size with sufficient strength and rigidity to prevent bulging between supports, or other deformation. They shall be set and maintained to conform with lines and grades of concrete shown on plans. Forms and form lumber shall be maintained clean and in good condition as to smoothness of surface. Face of forms shall be coated before erection to prevent absorption of moisture from the fresh concrete and to facilitate removal of forms. Forms and/or subgrade shall be wetted just before concrete is placed. All faces of grade beams must be formed the full depth of beams.

B. Formwork shall be cambered as required to compensate for anticipated deflection in formwork due to the weight and pressure of fresh concrete and construction loads. Positive means of adjustment (wedges or jacks) of shores and struts shall be provided and all settlement shall be taken up during concrete placing operations. Forms shall be securely braced and tied against lateral deflection. Form work shall be so constructed as to produce a finished concrete surface conforming to the proper lines and the tolerances of Section 3.7., Permissible Deviations For

0021

Concrete Formwork ACI-347.

3.02 COATING

Faces of forms shall be coated before erection to prevent absorption of moisture and to facilitate removal of forms. The Contractor shall exercise care not to use any chemical on the forms which would inhibit the bondability of cement plaster, decorative finishes. Form oils such as Diamond S-105 by Atlantic Richfield Company or equal as a concrete form release oil.

00021

3.03 FORM TIES

Ties or bolts adjustable length and types which will not leave holes larger than 1" in diameter in face of concrete. Ties shall be equipped with plastic cones and be of such a diameter that they will support the theoretical load with a stress not greater than one-half of yield strength.

3.04 FORM REMOVAL

A. Time of removal: remove forms only when concrete has hardened sufficiently not to spall or check loose. Do not remove supporting forms for beams, girders, floor joists and slabs and shoring for these items until structural members have developed sufficient strength to safely support their own weight. Remove carefully to prevent spalling and other damage to the concrete surfaces. Forms shall be removed without hammering or prying against the fresh concrete.

B. Remove tie-rods and fill holes within 12 hours after removal of forms.

SECTION 3B - REINFORCEMENT

Contract Conditions and Division 1 govern this Section.

PART 1 - GENERAL

1.01 MINIMUM SPECIFICATIONS

01 ACI Manual of Standard Practice for Detailing Reinforced Concrete Structures, ACI 315, latest edition.

02 Specifications for Structural Concrete for Buildings (ACI 301-72).

03 Building Code Requirements for Reinforced Concrete (ACI 318-77).

1.02 REINFORCEMENT FOR MISCELLANEOUS WORK

Refer to all Drawings and Specifications for reinforcement relating to the complete Work.

1.03 DRAWING PRECEDENCE

0021

Requirements on Structural Drawings govern this Section.

PART 2 - PRODUCTS

2.01 MATERIAL SPECIFICATIONS

Except where shown otherwise comply with the following:

01 WIRE FABRIC: ASTM A 185

02 BARS: ASTM A 615: all stirrups, ties, #3 bars - Grade 40 or 60; all other bars - Grade 40

2.02 REINFORCEMENT SUPPORTS ON FORMS (where surface becomes exposed to view).

Solid plastic, stainless steel, galvanized with plastic tips.

2.03 REINFORCEMENT SUPPORTS ON EARTH

01 BARS: Support on chairs
02 WIRE FABRIC: Supprt on chairs

PART 3 - EXECUTION

3.01 PLACING

A. GENERAL: Accurately positioned and secured against displacement by using annealed wire of not less than No. 18 guage or suitable clips at intersections, and shall be

supported in a manner that will keep all metal away from the exposed surfaces.

B. CLEANING: Metal reinforcement, before being placed, shall be thoroughly cleaned of dirt and excessive loose rust scale, and of coatings that destroy or reduce the bond. Reinforcement appreciably reduced in section shall be rejected. Where there is delay in depositing the concrete, reinforcement shall be reinspected, and when necessary, cleaned.

C. BUILT-IN ITEMS: Place and fasten all inserts, sleeves, ties, hangers, anchors, bolts, frames and structural steel members required to secure the work of other trades to concrete work. Maintain these in their proper positions during the placement operations.

D. INSPECTION: Give 24 hour notice in advance of concrete placement to permit inspection of the preparatory work and to make any required corrections.

E. TIMING: All reinforcement needed in any one section shall be placed in position before concrete placement is begun.

SECTION 3C - CONCRETE MATERIALS

Contract Conditions and Division 1 govern this Section.

PART 1 - GENERAL

1.01 GENERAL REQUIREMENTS

Construction performed under personal and constant supervision of the job building superintendent or Contractor. Check all grades, levels, drawings for proper elevations, designs and layouts, reinforcing steel and accessories, along with sleeves, screeds, anchor bolts, and openings in concrete for other trades. Notify proper authorities when all forms are set, reinforcing in place and all necessary work completed and ready to make a pour. Use extreme care when pouring not to displace the above items.

2.01 MATERIALS

0021

Portland Cement. Type 1, ASTM C150 or Type II, ASTM C150 at Contractor's option. All concrete shall be composed of fine and course aggregates. Properly weighed materials in the quantities allowed by rated mixing capacity of the mixer shall be thoroughly incorporated by mixing at speed and for the length of time required to produce concrete of uniform consistency.

2.02 MIXTURE

Concrete for this project shall be proportioned with a minimum of five (5) sacks of Portland cement per cubic yard of concrete. Which when properly mixed and hardened will develop 3,000 pounds per square inch compressive strength in 28 days. The allowable slump for reinforced concrete shall never be over 6" maximum to 3" minimum.

PART 3 - EXECUTION

3.01 DEPOSITING CONCRETE

A. The Owner must be given a four (4) hour notice before any pouring of concrete so that it might inspect the reinforcing, accessories, pipes, screeds, etc. and/or have his inspector on site during pour. Remove all water from pour areas before placing. Carefully place concrete so as to prevent segregation and thoroughly compacted by mechanical vibrator, puddly, ram and spade so that honeycombing will be at a minimum.

B. Concrete shall not be placed when the temperature is 45 degrees F. or less and falling. It may be placed when the temperature is 45 degrees F. or more and rising providing

there is no reason to expect a drop in temperature to below 45 degrees F. within twelve (12) hours or less to the conclusion of the pour.

C. Concrete shall be deposited continuously or in layers of such thickness that no concrete will be deposited against which has hardened. If a section cannot be placed continuously, construction joints shall be used placing 30" x 1/2" steel dowels 16" on center. Form work for a construction joint shall contain a key to keep members in alignment. If additional reinforcement is required, this Contractor shall provide same. Before depositing new concrete against old, the forms shall be re-tightened. The hardened surface shall be cleaned and covered with a coating of neat cement grout.

0021

3.02 VAPOR BARRIER

A. Place under slab .006 mil. polyethylene vapor barrier under enclosed building areas.

B. Lap joints a minimum of 12".

C. Cut closely to items projecting through membrane.

D. Patch cuts, punctures and tears with strips extending a minimum of 4" from edges of openings.

SECTION 3D - CONCRETE FINISH

Contract Conditions and Division 1 govern this Section.

PART 1 - GENERAL (Not Used)

PART 2 - PRODUCTS (Not Used)

PART 3 - EXECUTION

3.01 WORKMANSHIP

Finish floor surfaces true to plane with a reasonable tolerance. Pitch surfaces to drains when drains occur. See finish schedule and drawings for types of floor finish to be provided in the various spaces. Quality is established within the period between placing and final troweling.

0021

After the first screeding, then use a jitterbug tamper to bring all rocks below surface. At this time check all, if any, floor slopes or floor drain slopes that they drain properly. Then re-screed if necessary. Then use a long handled bull float or hand float to float out any irregularities.

3.02 TROWEL FINISH:

Begin first trowel finish operation as soon as concrete has stiffened sufficiently to permit operation of power driven machines. Leave slab free of all trowel marks, etc. uniform in texture and color appearance with no blemishes, pot holes or spalls at expansion joints or edges.

3.03 CONCRETE RUBBING

Cut out honeycomb, rocks, pockets and voids before placing cement mortar. Thoroughly clean out pockets, dampen with water and brushcoat the area to be patched with neat cement grout.

All Exposed-To View Surfaces: Shall have a uniform white textured rubbed finish. If not enough, slurry can be made by rubbing to give a textured finish then blend one (1) part standard Portland cement and one (1) part real fine sand. Mix to a heavy slurry and brush on surface. Let dry some then rub with regular carborundum rubbing stone to make a uniform textured finish.

3.04 CLEANING UP

Remove all excess concrete from the site. Leave all work clean, neat and in good condition. Remove all miscellaneous debris. Do not bury any concrete in fill surrounding building.

SECTION 3E - CONCRETE FINISH

Contract Conditions and Division 1 govern this Section.

PART 1 - GENERAL (Not Used)

A. Warrant the Work for one year against becoming unserviceable or objectionable in appearance as a result of being defective or non-conforming.

B. Defects shall include, but not be limited to, the following.

01 Dusting.

02 Stain penetration of exposed floors from ordinary non-solvent, non-dye materials.

03 Noticeable yellowing or darkening.

1.02 MATERIALS APPLIED OVER THIS WORK

Verify the nature of any materials required to be applied over this work. When there is a known or potential problem of incompatibility or bond, do not proceed without additional instructions.

PART 2 - PRODUCTS

2.01 PROHIBITED RESULTS

01 Oily, waxy or loose residue that could interfere with future coatings, flooring adhesives or sealant bond.

02 Discoloration of surfaces designated to remain uncovered.

2.02 CURING SHEETS

01 WATERPROOFING PAPER: ASTM C 171, Type 1 or 2 kraft paper.

02 WHITE POLYETHYLENE SHEETING: AASHO M 171; plastic "Visqueen", concealed locations only.

2.03 LIQUID CURING COMPOUND

01 TYPICAL USES: ASTM C 309, Type 1, clear with figitive tint.

02 OPTIONAL FOR EXTERIOR FLATWORK: ASTM C 309, Type 2, white colored.

03 APPROVED SUPPLIERS: Gifford-Hill, Master Builders, A.C. Horn, Burlen, Symington, Upco, Non-Crete, L & M.

0021

3E

04 SILICATE TYPE: Zero residue; use where resinous flooring, thinset tile or other similar flooring will be applied; Nox-Crete "Bro-Cure", Gifford-Hill "Hardtop", "L & M Cure" or approved equal.

PART 3 - EXECUTION

3.02 PROTECTION

Concrete that is to remain exposed to view without coating or painting shall be protected from staining, discoloration and physical damage. Where possible, placement of such concrete shall be delayed to reduce the exposure to damage. Disfigured or damaged concrete shall be replaced or coated in a manner to provide a durable, attractive finish.

3.02 CURING TIME

A. START OF CURE:

01 Start as soon after finish is complete and cure can be applied without damage.

0021

02 In all cases, start the same day finishing is done.

B. LENGTH OF CURING TIME: 5 day minimum for regular cement.

PART 4 - SCHEDULES

4.01 CURING LOCATIONS

A. REQUIRED FOR:

01 Slab surfaces whether inside, outside, floored, unfloored, on grade, horizontal, vertical or elevated.

02 Miscellaneous surfaces unless designated that curing is not required.

B. NOT REQUIRED FOR:

01 Slab edges; grade beam faces.

02 Concrete poured in earth.

4.02 SHEET CURING

01 Optional in place of liquid curing.

02 Required where subsequently applied materials might cause problems if liquid curing compounds are used.

03 When used on exterior, sheets must be retained against blowing by weights stationed over entire surface and continuously at edges.

SECTION 7A - SEALANTS

Contract Conditions and Division 1 govern this Section.

PART 1 - GENERAL

1.01 GENERAL

Work includes: sealants, caulking

PART 2 - PRODUCTS

A. Sealant and Caulking - Use Tremco "Dymeric" of color as selected by the Architect.

B. Exterior sealant back-up - closed cell polyethylene foam rod, diameter in accordance with manufacturer's instructions for joint width.

C. Interior caulking back-up - rope yarn or oakum.

PART 3 - EXECUTION

A. Seal perimeter of exterior openings, joints between dissimilar materials, control joints and other locations on exterior and interior where sealant is required to produce a weathertight or neat joint.

B. Keep surfaces dry and clean of loose particles, dirt, oil, grease or foreign matter. Set back-up 1/2" from surface.

(1) At exterior building expansion joints, masonry control joints and other joints without suitable back-up, install back-up rod.

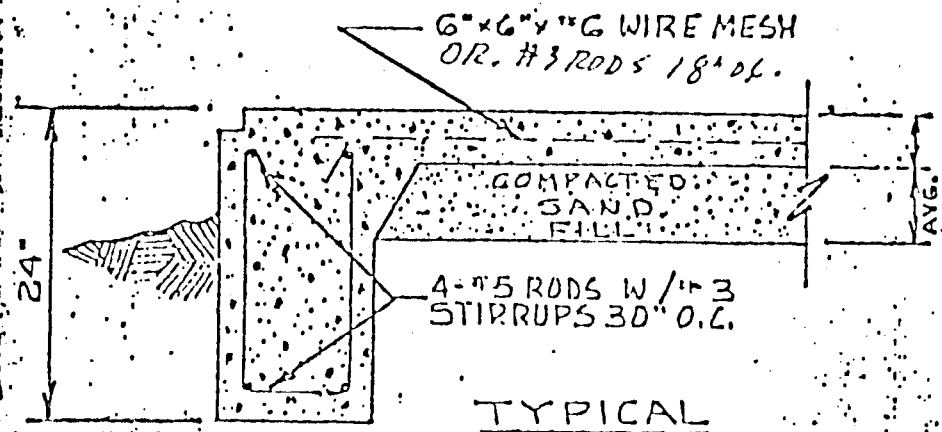

(2) At interior joints without suitable back-up, pack joints with rope yarn.

C. Apply compound with gun of proper nozzle size in accordance with manufacturer's directions. Use sufficient pressure to fill all voids and joints solid. Do not apply sealants when temperature is below 40 degrees F.

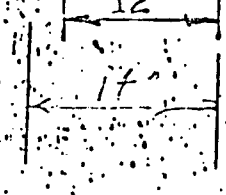

D. Remove excess sealant. Upon completion, surface shall be smooth, even and watertight. Complete caulking before final coat of paint. After surface has cured, remove any material used in dressing joints which would interfere with paint adherence.

Announcing . . .

MP3

Memory Programmer 3 from Clear Light

Two- and three projector multi-image shows have become the overwhelming standard for portable yet powerful multi-image systems. Nearly 90% of the multi-image shows being produced today are in the 2 or 3 projector size categories.

What the industry has needed is a programmer/dissolve that is EASY to operate, RELIABLE, HIGHLY PORTABLE, and VERSATILE. Clear Light has met that need with the new MP3 . . . the most advanced memory programmer available.

The MP3 is packed with useful, time-saving features:

- 1000 cue (equiv.) memory for leisure-time programming.
- Built-in dissolve for playback, or you can playback on any Clear Light dissolve.
- 11 quartz timed dissolve rates: cut, hard cut, soft cut (1/4 second), 1, 2, 4, 6, 8, 12, 16 and 24 seconds.
- "Friendly" programming. You've got to try it to believe how fast and easy it is to create programs on this machine!
- Automatic "Syncrolink™". Lay down your stopwatch! Store cues in order without timing links, then tap them to the beat of the music while the MP3 computer measures and stores the correct time between the cues with 1/100 second accuracy. If you need to change it, do so in a flash with simple editing functions. You can also lock whole sequences or individual timing segments so they won't change when you Syncrolink larger sections. The impact of multi-image is in the timing, and nothing makes timing as easy as the MP3!
- "No delay mode": a Clear Light exclusive. Allows faster cycling of projectors, hard cut.
- Continuous dissolves: another Clear Light exclusive. Overlap the dissolving action of 2 projectors with the third projector. On screen, it gives another dimension in smoothness and continuous flowing from image to image.
- Relative Projector Access: yet another Clear Light exclusive. You program in relative terms instead of addressing specific projectors. For example, fade-to-black is "fade current projector"; super is "fade-up next" ... no matter which projector (A, B, or C) is lit. Programming is faster, and when you change or adjust your show, it really shines. When adding or deleting slides from a sequence, you don't have to reprogram the parts that follow. Powerful!
- Loop and Super-Loop. Repeat any cue string without detracting from memory space. Super-Loop it – without an end – until the operator or remote cue tells the program to continue. Great for live speaker support or staging multi-image modules in conjunction with live talent, etc.
- Brilliant memory features. Scroll forward or backward through memory, instantly or at 10 or 100 cues/sec. Push a button and the projectors instantly (as fast as they can waddle) go to the correct location and status. The programmer ALWAYS knows where they are.
- Automatic homing, even on playback only shows that use the Star 3 or Star Sentry Series dissolves without memory.
- Mechanical homing jack for continuous, unattended presentations.
- Load memory from any tape recorder, then support live speaker presentations with preprogrammed, sophisticated projector control with standard Kodak remote switch. A great way for producers to make their lecturing clients look good!
- Superior taped-cue playback system: With Cue Sentry/20™, you have all the advantages of your show cues right on the tape. Playback your show with any sync deck and any Clear Light dissolve. Tray position, lamp status, dissolve mode information are all on the tape with triple redundancy.

ALSO HAS "CYCLE SENTRY" WHERE DISSOLVE KNOWS WHERE PROJECTORS ARE AT ALL TIMES

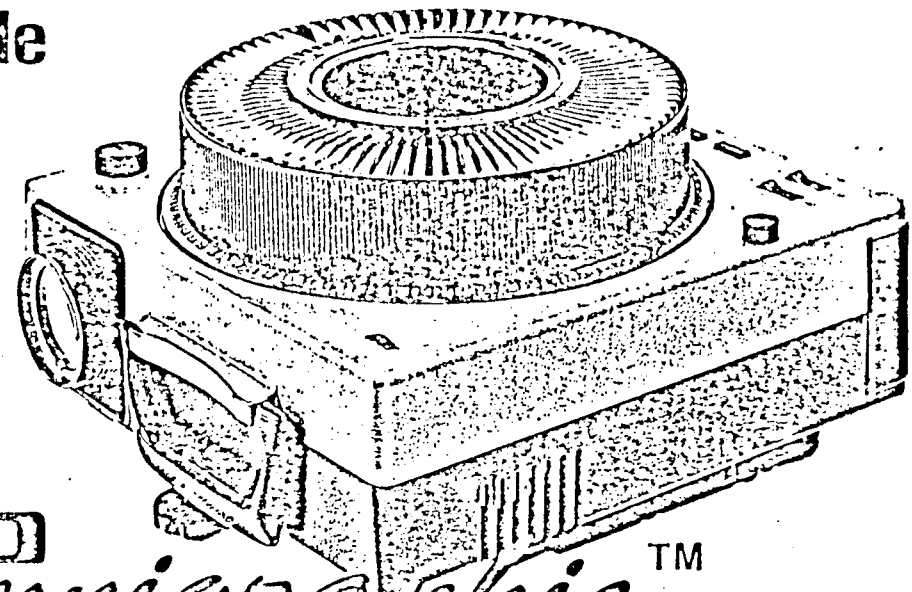

Let MP3 power, MP3 efficiency, and MP3 cost-effectiveness add to your multi-image productions!

Introducing...a major breakthrough in 35mm slide projectors.

0021

ELMO Omnigraphic™

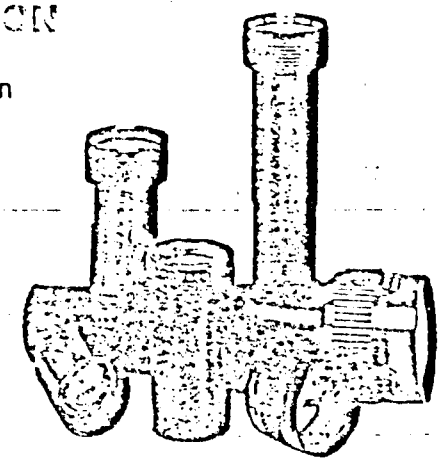

We interviewed hundreds. The message is clear. You want a truly functional slide projector. Here's the ELMO answer: Three new professional projectors that really work—for use singly and for multi-image presentations.

ELMO OMNIGRAPHIC 300 Whisper-quiet...fast...300W brilliance, plus all special effects. Exclusive optical design delivers more than 50% more brilliance than other ELH lamp systems. Uses ENG and ENH lamps as well. Accepts standard programmers, controls and projection lenses. Built-in "tie-down mounts" so you can use it anywhere; fits most projection stands. Uses standard circular trays. A remarkable projector... and only the low price will come as a surprise.

ELMO OMNIGRAPHIC 300 AF Our unique auto-focus model with complete manual override. For multi-image shows, just flip the AF disconnect switch.

ELMO OMNIGRAPHIC 550 XENON

The first and only factory designed and built 35mm slide projector with a powerful 550W Xenon arc-light. Delivers very high light output for wide screens and large auditoriums.

ELMO PROJECTION LENSES

Elmo now offers the most reasonably priced quality line of flat-field professional projection lenses on the market. Designed and manufactured by Elmo in our own factory. Sharp, crisp, brilliant images. Optically superb and accurate. Choose from 50mm (2") to 300mm (12"); perfect for almost any application.

These new advanced slide projectors and lenses are from Elmo ···world leaders for over 60 years in superior-quality audiovisual and motion picture equipment.

ELMO ELMO CO., LTD. *The A-V Innovators since 1921*

Elmo also manufactures the finest 8mm Portable and Regular Projector, 16mm Sound Motion Projectors, Overhead Projectors and Super 8mm Sound Projectors for Movie Cameras.

THE range of equipment under review comprehensively covers the need for a multitrack capability for musicians, small drama groups and others requiring up to 8-track recording equipment. The range includes a set of tape recorders with a matching mixer as well as a cassette-based multitrack machine (reviewed next month) and other ancillary units. In view of the low overall cost of the total system, as well as the many advanced features included as standard, it is quite conceivable that the advent of the Fostex range will cause many significant changes in the recording industry in general, as a substantial number of artists will be able to realise projects which up to now have been difficult or impossible to achieve due to the cost and complexity of 8-track recording.

The range has been conceived for recording at 'domestic' level for creative purposes. In view of this, Fostex open-reel tape machines are designed to use 7in 'cine' spools and ¼in 'long play' (1 mil) tape so that a recording time of about 20min/reel at 15in/s is possible. All input and output 'line level' signals are unbalanced, of medium impedance and at a nominal level of – 10dBV. RCA phono jack connectors are used for the majority of audio connections, ¼in mono jacks being used otherwise. Tape recorder remote leads use the only multiway connectors on the units.

There are three reel-to-reel recorders in the range, an 8-track ¼in, a 4-track ¼in, and a 2-track ¼in. These all use the same transport, and measure 14 x 13½ x 6¾in (whd) and weigh all of 29lb. The decks use three small DC motors, one for each reel and one to drive the capstan. The reel turntables are designed with one large prong to locate the reel and are supplied with clamp screws. They are indirectly driven by a healthy-looking rubber band as is the large diameter capstan. The deck plate is a pressed metal design, although it is sturdy looking, and all functions are solenoid operated. Thus all the transport functions can be readily remote controlled, a boon for one man operation. Tape speeds of 15in/s and 7½ in/s are offered on the 4-track and the 2-track machines although the 8-track only runs at 15in/s. All the tape machines have a built-in varispeed facility of up to ±10% and have a claimed speed accuracy of better than 0.5%. Wow and flutter is claimed to be in the region of 0.06% weighted (IEC) at 15in/s.

Each tape deck is provided with a 4-digit turns counter working off the supply reel. A return-to-zero rewind feature is also built in, as well as a mechanical tape lifter defeat to simplify location of a place on the tape, a mechanically latching hum shield and an edit mode on the deck to facilitate editing. Fast wind through an 1,800ft reel of tape is

taken the place of the noise reduction switch in the *A-8* and the switch that selected the bank of tracks for record is now the sync replay switch. This use of one switch to control all four tracks is a little restrictive as you cannot replay a track out of sync if you want to, for example when creating tape phasing effects or to restore synchronism when, by accident, an overdub has been made while still in replay mode.

Internally, the *A-4* is similar in structure to the *A-8* except for the record/replay boards, and as these only deal with one channel they are a lot less crowded. Once again, all the adjustments necessary to line the recorder up are accessible from the base of the machine, these adjustments including separate controls for replay and sync replay output level and EQ for each tape speed. This is a very good feature as it means that, if the machine is correctly lined up, disturbing level changes when dropping in should not occur, while level-sensitive noise reduction systems such as Dolby-B or -C can be used without severe mismatch problems. On the record side, no record EQ pot is fitted for the high speed once again (strange philosophy this) although the board has been designed for one and it is indeed fitted for 7½in/s line up. All other record adjustments are the same for both speeds so the record bias and level must be the same for 15in/s and 7½in/s. This is quite a common situation even in professional machines and should prove satisfactory in the *A-4*. Line up of the *A-4* proved easy to perform (having the separate replay head helped a lot) and it was evident that an adequate range of adjustment was provided on the trimmers. This model, unlike the 8-track, uses the NAB equalisation curve and the line-up achieved was well within spec (±3dB) with the top end being maintained well up to 20kHz. A low frequency peak of around 3dB at about 120Hz seems to be characteristic of all these machines (the exact frequency of this peak varies from model to model and between sync and replay, so I would assume that it is something to do with the head configuration) and is the main deviation from a curve that is otherwise commendable. I was expecting to be impressed by the noise level of the *A-4* after the good performance of the *A-8* but in this I was disappointed: the noise level seemed worse than the *A-8* and, on listening, had a harsher quality. Rough measurements indicated that the unweighted noise was about 8dB worse than on the *A-8*. As this seems an unlikely situation in view of the wider tracks, and as both sync and replay outputs gave a similar performance I must admit to being somewhat mystified. As with the *A-8*, the replay amp unweighted noise level was some 4dB below that of virgin tape so it seems unlikely that this should be the cause, nor does the adoption of the NAB characteristic fully explain this. The most probable explanation is that this particular machine had a noisy record amp.

Model A-2

The *A-2* is the 2-track member of the set. Once again the same transport is used and the features of the 4-track are all present on this machine, although no internal noise reduction is provided and the noise reduction control socket provided on the *A-4* is not present on this recorder (again, why not!). Once again the appearance of the recorder is similar to the others although in this case the four small meters of the *A-4* have been replaced by two larger ones. These have been supplemented by peak overload LEDs which flash when the output(!) level at the phono sockets is greater than +3dBV. Under the meter, input and output level controls have been provided. One of the control switches has been allocated to the output meter, such that in one position (CAL) it measures the output of the machine before the output level control, in the other the actual output level after the output controls is measured. The other switches are for record select on either track, and output select for either track. Each track can be switched so that line input, sync output or replay will appear on the output sockets.

Construction of the *A-2* is very similar to that of the *A-4* except that only two record/replay cards are mounted in the motherboard and, surprise, the high speed record EQ trimmer is actually there. Pity that it doesn't do much, though, as it only appears to affect the top end performance by about 5dB at 25kHz and little else. As the same motherboard is employed in the *A-2* and the *A-4* it might be possible to have the noise reduction control socket implemented on the *A-2*. The *A-2* lined up well and, apart from the lift at about 100Hz mentioned before and the fact that the top end EQ on record could not be turned down enough, conformed quite well to the NAB characteristic. The noise level achieved with this recorder was altogether better than that obtained with the *A-4*: the replay amp residual noise was some 4dB worse than the noise level produced by tape which had been recorded on, while tape wiped on the machine had a noise level some 4 to 6dB higher than this. It was interesting to note that the sync output did not have a very much poorer noise performance than normal replay, although its top end response was not as good.

Model 350

An 8-channel recording mixer, model *350*, was supplied for review with the machines. This, like all the other Fostex equipment, is extremely small and neat, measuring 18½ × 3¾ × 16in (whd) and weighing 18lb. The optional meter penthouse was also supplied; this contains six VU-style meters and is attached to the rear edge of the mixer at an angle chosen by the user. The unbalanced mic inputs have an input impedance of 50kΩ and use standard ¼in jack sockets. The input level range is from 0.5mV to a maximum of 4V at this socket. External transformers could, of course, be used to accommodate professional mics or to provide more gain. Apart from the connector to the meter penthouse, all other connections use RCA phono sockets. Each channel has a tape input socket, a pair of phono sockets acting as a patch point which are linked when not in use, and a channel direct output. On the channel, the selector switch (mic/line, off, tape) is followed by a input gain trimmer with an overload LED (above the channel fader) monitoring the mic amp. The signal is then routed through the patch point to the channel fader which feeds the EQ unit. The output of the EQ unit feeds the channel direct output point and also the panpot, which is routed to either pair of output groups. These last are controlled by ganged faders and lead to the line-out sockets. A stereo auxiliary buss is also provided and is very cleverly organised so that its input may be selected to be from the channel pre-fader point, the channel post-fader point or the tape input jack. This means that it can be used as a stereo (or 2-mono) foldback buss, a reverb buss (in the post fader position) or a monitor buss while recording. As all line/tape switching is performed on the tape machines, this arrangement is eminently satisfactory. Each of the four main groups have an extra input point with a level control for such things as reverb return, and a similar input exists for the auxiliary buss although no level control is provided. The monitor output has no overall level control on the mixer, which I found a nuisance, and is controlled simply by five switches. One of these is allocated to each output group (A, B, C, D). Output groups A and B are treated as a pair, as are groups C and D. If monitor select switch A is used by itself, output A will appear from the centre of the monitor image; if both A and B are selected, however, A will appear from the left and B from the right. Monitor switches C and D act in a similar fashion. The remaining monitor switch selects the output of the auxiliary buss and takes precedence over the other switches. The monitor outputs have no level control on the mixer, and appear from two phono sockets at the back, ready to be plugged into your hi-fi. However, this monitor output is also routed through a level control to an internal amp which can drive the two headphone sockets (¼in stereo jack) provided on the front panel of the mixer. This useful amp provides a maximum of 100mW into 8Ω.

The EQ provided on each channel of the mixer is interesting in that only two mid-band sweep sections are provided. Each has a maximum lift or

Richmond, Texas 77469

November 7, 1983

Attention: Honorable Judge Jodie E. Stavinoha
and Commissioners Court

Subject: Construction of New Pistol Range
Facility.
Proposal No. I.D. - 109

Gentlemen:

We are pleased to offer for your consideration in complete compliance with attached bid form specifications pages 1 thru 5, Exhibit "A", sheets 1 thru 8 and Addendum No. 1 as outlined below:

One concrete foundation as detailed on bid form specification Exhibit "A", sheet No.'s 6 thru 8.

One (1) Kirby Building Systems pre fabricated structure 60'-0" wide x 120'-0" long x 14'-0" eave height. Building to have a design load 20 PSF live and 25 PSF wind. Building to have space saver frame construction with bearing frame end walls.
Roof to be Kirby Rib II, 26 gauge zinc aluminum. (UL - 90 Rating)
Wall to be "Kirby Wall" 26 gauge (color by customer).
Trim to be KBS. Std. 26 gauge with 6" gutters and downspouts.
(Color by customer).

Complete building erection.

Exterior door to be of metal construction with keyed lock set.

Windows: Aluminum SH with half screens.

Insulation: 1 Lot Roof/Walls: 4" thick White vinyl back with and R-13, UL 25/50 class 1 composite rating. Poultry netting in ceiling only.

Sanitation Facilities: Portable toilets to be furnished during entire construction of facility as specified within contract documents.

Clean Up: Building and site to be cleaned of all rubbish accumulated by construction of the facility as specified within contract documents.

Items Not Included: All taxes, bid, performance, and payment bond. Items not specified within contract documents. Building permits, masonry or any interior work or finishes.

00731

Our proposal includes inspection of the work in progress at any time during the construction of the facility.

Pricing of the facility as outlined:
Building with concrete foundation $50,770.00
Building without concrete foundation $34,348.00

Change Orders: Five (5%) overhead expenses, ten (10%) profit general contractor and ten (10%) to sub contractor.

Prices firm with no escalation through quoted delivery of building and remaining construction at time of order. Forty Five (45%) of total contract price to be obtained at acceptance of contract. Forty Five (45%) of total contract price to be obtained upon delivery of building to job site, as evidenced by shipping documents. Balance due upon project completion.

Warranty: All standard warranty of manufactured items passed to user but not less than (12) months from project completion. Industrial Design and Construction warrants for the same period defects in performance, design and fabrication when performed by us.

Construction/Delivery Schedule:

Building Slab: 3-5 weeks from receipt of formal purchase order.

Building Delivery: 6-8 weeks from receipt of formal purchase order.

Building Erection: 3-4 weeks after receipt of building.

Estimated project completion from receipt of formal purchase order 12-14 weeks.

Thank you for the opportunity to be of service to Fort Bend County. If we can be of any assistance during your evaluation of this proposal, please do not hesitate to contact us. We look forward to receiving your order.
Quotation valid net (30) days.

Very truly yours,

Clem Kotzur, Jr.
President

Enclosures:

of 36,000 psi spaced no greater than 5'-0-0-1/16" o.c. (Refer to Plans for purlin spacings.)

b. Roof Insulation: Shall be non-combustible fiberglass blanket faced with a flexible vapor barrier. The insulation and facing shall carry a UL fire hazard rating indicating a flame spread of 25 or less. Insulation in exposed ceiling areas shall be vinyl faced. R-value shall be minimum of R-11.

c. Roof Openings: Provide the manufacturer's standard accessories and flashings for all roof penetrations.

d. All flashing, gutters, downspouts and related flashings shall match the roof panels and be formed from same manufacturer's material. Gutters to be Colonial red.

e. Thermal Spacers: 6" (max.) wide x 1" thick expanded polystyrene strip (48" lengths) with a minimum density of 2 pcf. Classified, using ASTM E-84 test as having a flame spread rating of 25 or less and a smoke developed rating of no greater than 450.

f. Fasteners: Concealed zinc plated ¼" Ø x 1" hex washer head self-drilling screws to fasten clips to steel purlin. Fasteners for flashing and horizontal swaged end laps to be ¼" Ø x 3/4" "type A" sheet metal screws with weather seal washers and color to match panels.

g. Sealants: Field applied in panel's longitudinal female rib at the building's ridge in an extrudable, nondrying, nonskinning synthetic elastomer material conforming to NAAMM Standard SS-1a-68.

6. Installation: Install in strict accordance with approved shop drawings and the manufacturer's recommendations.

G. BUILDING ANCHORAGE: The building anchor bolts and related anchorage shall be designed to resist the column reactions resulting from the specified loading combinations. The sizes and design shall be as specified by the building manufacturer. Column reactions for all loadings to be listed on building manufacturer's drawings.

H. WARRANTIES: The building manufacturer shall furnish written warranties covering materials and workmanship. Such warranties shall cover the full cost of materials and labor to replace or repair defective materials.

I. See Attachment "A" for plan, elevations and sections.

HARDWARE NOTES

T200 0021

ITEM 1 — The IBM 3274 controller can support up to 32 terminal displays and printers. It supports text entry, graphics, and extended highlighting.

ITEM 2 — The Memorex printer is the low bid item and is the fastest.

ITEM 3 — Seven (7) Memorex terminals are recommended for those people needing a larger screen (15 inch). Six (6) IBm 3178's are recommended for those people not having a lot of space for a terminal.

ITEM 5 — The IBM 3865's run at 9600 Baud and do not require conditioned lines.

ITEM 6 — The IBM 3270-PC is capable of displaying 4 screens simultaneously, while running 3 jobs in background. It has 10 million characters of hard disk, 640,000 characters of main memory and two (2) flexible disk drives.

It is both a sophisticated terminal for host applications, and a true computer on its own.

POLITICAL SUBDIVISIONS

Political subdivisions must have the approval of the State Employees Retirement System of Texas (Social Security Adm.) before filing a claim to recover overpayment of the FICA tax for previous years. Approval is usually granted if an entity can provide records to the State SSA director that document personal illness under an official sick pay plan.

Although the SSA director can not authorize a commercial firm to represent a political entity as agent, Profile Tax Recovery (PTR) has cleared computation and filing procedure with his office. The firm would be very pleased to assist any political entity with the preliminary work necessary to obtain approval to file this retroclaim.

AGREEMENT FOR PROFESSIONAL SERVICES

This agreement between PROFILE TAX RECOVERY (PTR) and FORT BEND COUNTY, TEXAS
(CLIENT)

Contains the following stipulations:

PTR will research pertinent records and submit to client all documents necessary for client to receive a retrcredit for FICA tax overpayments for previous years as authorized by the State SSA director. All research work will be done by PTR personnel at the office of the client.

The fee, 50% of the employers share of the overpayment refund, is due and payable upon clients notification of approval by the SSA office to take a refund credit for the retroclaim filed. The fee is contingent upon such approval being granted.

PTR unconditionally guarantee's the accuracy of finished work and furthur provides that the client must be satisfied with the firm's performance. An allowance for the expense of typing envelopes and postage is deducted from billing to client. Allowance is based on the client's estimate of these expenses after delivery of finished filing documents.

EMERGENCY ACTION PLAN

HAZARDOUS MATERIALS SPILL RECOVERY PLAN

While major spills are rare, the potential is not so rare. Ft. Bend County has an increasing amount of truck traffic as well as rail traffic which carry cargos of hazardous material. This traffic creates a complicated factor due to our flat terrain and increasing population.

This plan, by itself, will not assure Ft. Bend County that it can cope with a major spill. This plan is the beginning process of dealing with a major spill. It can become functional only if there exists a will to devote time, manpower, training, and cooperation of agencies and personnel. Without any of the afore mentioned this plan is a waste of time.

I. Purpose

This plan is designed to provide emergency action to minimize the damage to human life, animal life and the destruction of property, either public or private of the citizens of Fort Bend County, which could result from any accidental discharge of hazardous material.

II. Concept of Operations

This plan will become effective during any situation in which there is a hazard to life or property as a result of an accident involving uncontrolled release or spill of hazardous materials.

The primary responders will consist of law enforcement personnel, fire department, Emergency Medical Service. The extent of the hazard and circumstances involved will control the number of responders to be dispatched to the scene, as designated by Response Team.

III. Definition

A. Hazardous Material - is any substance classified as explosive, toxic, corrosive, radioactive, flammable, or combustible, to include all compressed gases, whether or not flammable or combustible.

B. Spill - to cause or allow accidentally or unintentionally to fall, flow, or run out so as to be lost, wasted or deposited where the hazardous material could cause subsequent release upon the public or create injurious substances or cause other threatening action.

C. Danger Area - This area will initially be 2500 feet in radious or as specified by on the scene commander. This area in which no one except emergency or otherwise designated personnel are authorized to enter.

D. On Scene Commander - will be fire chief of fire district until such time as County Fire Marshall arrives on scene. Exception to be City Fire Chief in chartered cities.

E. Field Command Post (FCP) - is that facility established by the on scene commander where all responding agency personnel will report.

F. Hazardous Material Response Team - a team of designated and specially trained personnel to enter the spill area safely and to make the initial evaluation of the situation. Teams to consist of number of personnel not to exceed five (5) or fewer that three (3) with a Team Chief. Teams should be located in areas of county as selected by County Fire Marshall.

G. Mobile Command Post (MCP) - is a communication vehicle equipped with radios capable of operating on all city and county frequencies of emergency service agencies, law enforcement, fire and emegency medical service as well as mobile phone service. This MCP will be under command of on-scene commander for duration of emergency.

IV. Execution

A. Initial Reporting

1. The first fire department, police officer, or deputy sheriff coming upon or responding to a call concerning an accident involving hazardous material will immediately notify their dispatcher and provide the following information.

a. Location of accident

b. Type of material involved

c. Extent of injuries or damage

d. Estimate of need for vehicles for anticipated area evacuation

e. Wind direction and esimated velocity

B. Initial Notification

f. Relay requirements for evacuating the area to the Sheriff dispatcher via the on-scene ranking police officer.

g. Establish a staging area in the vicinty of the FCP for personnel and equipment entering danger area for recovery and cleaning-up operation.

h. Be responsible for the efforts of his department in reducing the emergency by:

(1) Promptly indentifying the hazardous material and disseminating this information to appropriate emergency forces and citizens in the danger area of the accident.(See appendix 3-4-5)

(2) Obtaining assistance from the Public Health Representative and the County Fire Marshall to determine the hazards involved and the proper limit for the danger area.

(3) Ensuring that all department representatives at the FCP are informed of the danger area limits and of the need, where appropriate, for evacuation of the danger area.

(4) Assisting Sheriff Deputies in the evacuation by providing protective clothing and breathing apparatus if appropriate.

(5) Rescue of injured persons.

(6) Supervising on site operations of ambulance personnel and vehicles.

b. Initiate containment action if safe and appropriate to do so under the known situation and conditions.

c. Advise Senior Fire Department Officer upon his arrival of situation.

2. Senior Fire Official

a. Upon arrival assume duties as on-scene commander.

b. Make an initial evaluation of the situation and determine by evaluation of the situation if it is necessary to implement the hazardous material spill recovery plan and complete notification and information furnished in Appendix 2.

c. Establish a Field Command Post and determine the safest approach route (either upwind or crosswind).

d. If the hazardous material spill recovery plan is to be implemented, advise Sheriff dispatcher of such action including FCP location and best approach route, and request activation of hazardous material spill plan notification chart (Appendix 1).

e. Initiate approriate containment of fire hazard as appropriate to the main situation. Ensure that in the vicinity , if it does, designate a danger area and definite limits.

i. Determining when the area is safe for the return of evacuees and informing the County Fire Marshall who will obtain media assistance to inform an many affected persons as possible.

j. On-scene commander will complete hazardous material emergency report as soon as possible after incident and complete the check list.

3. Sheriffs Department

a. Upon notification that the hazardous material spill plan has been implemented, the dispatcher will initiate notification per hazardous material spill recovery plan notification chart.

b. The Senior Deputy at the accident scene will report to the FCP and:

(1) Keep on radio equipped deputy at the FCP until released by the Fire Official in charge of onsuite operations. Relay information to sheriff dispatcher as may be requested by the Fire Official in charge.

(2) Initiate evacuation of citizens from the danger area when requested to do so by the Fire Official in charge.

(3) Request the assistance of the Fire Department if protective clothing and breathing appartus are required.

(4) Barricade the danger area for safety and deny entry to unauthorized personnel. The size of the area will be determined at the FCP.

(5) Provide necessary normal assistance for identification of bodies and report on the number of fatalities to FCP.

(6) Protect sensitive and critical installation and prevent looting in the danger area.

(7) Enforce traffic control in and around the scene of the accident.

4. County Fire Marshall will:

a. Report to command post.

b. Initiate notification of County Judge and other appropriate persons. (County Commissioner, Representatives of Agencies involved depending on the situation)

c. Advise the County Judge concerning activation of the Emergency Operations Center if necessary.

d. Determine if use of outdoor warning system and Emergency Systems is required. If so recommend their use to the County Judge.

e. When evacuation of the danger area is directed by the Senior Fire Official, coordinate and announce the evacuation operations through all means available.

f. When requested by the Senior Fire Official, coordinate the disemination of information, as soon as is reasonable under the circumstances, that the area is safe for the return of the

5. County Commissoner

   a. When notified of the incident, report to the County Fire Marshall or Command Post.

   b. Deploy personnel to assist in the following:

      (1) Provide barricades around the danger area as required by Senior County Deputy. IN addition provide barricades at a safe distance from the hazardous material, as required by the Senior Fire Official.

      (2) Maintain the Capability to immediately provide sand for building dikes to contain liquids and for use in blotting hazardous materials.

      (3) Cooperate with Sheriffs Deputies to establish an efficient detour route.

      (4) Coordinate with Fire and Sheriff Deputies evidence-gathering personnel in clearing or moving debris.

6. Fort Bend Emergency Medical Service will:

   a. Furnish emergency medical teams for treatment of victims at scene and transporting victim to hospital.

7. American Red Cross Director will be requested to establish multi-purpose centers for sheltering and feeding evacuees. In most circumstances, it is not anticipated that evacuees from a danger area would require shelter for an extended period. If

such a requirement should develop, however, the Red Cross would be responsible for shelter management and for providing sleeping equipment and food service. Red Cross would be notified of any anticipated requirements by the County Fire Marshall as far in advance as possible.

V. Command and Control

A. The ranking Fire Department Official and/or County Fire Marshall will assume command of all on-site operations and will coordinate the efforts of all County forces operating in the area.

B. Field Command Post will be established at the nearest point of safety from which the operation can be viewed and coordinated and which is accessible to vehicular traffic. All personnel and equipment destined for the scene of the accident should report through the FCP.

C. The Mobile Command Post will be deployed when requested by the Sheriffs Dispatcher and will serve as the central communications center.

D. Each department liaison representative at the FCP will be, if possible, with a radio which will enable the representative to communicate with his department.

VI. Logistics

A. County vehicles, equipment, and supplies on hand will be used to the maximum extent possible. See appendix 7 for minimum required.

B. Each department or organization will maintain a log of teir participation showing date, time, and response on activities including equipment and personnel used. A record will be kept of man hour: cost, equipment usage and cost of materials used.

VII. Administration

A. Departmental personnel will conduct administration of their operations in the normal manner, in so far as is possible.

B. Standing Operating Procedures (SOP) will be prepared and maintained as necessary by Task Departments or divisions in support of their respective responsibilities outlined in this annex.

C. Within five (5) working days after the emergency has been concluded, the Fire Marshall will conduct a critique of the operations, to be attended by a Senior Representative of each department and agency involved in the operation.

D. The Fire Marshall will prepare and submit an After Action Report of the operation to the County Judge, with a copy being forwarded to each participating department or agency.

VIII. Implementation and Revision

A. This annex is effective immediately and will be updated as necessary, but reviewed no less than once a year.

00826

B. If any portion of this annex is held to be invalid, such invalidity shall not affect any other portion of the plan, and to this and the provisions of this annex are held to be severable.

STATE OF TEXAS §
COUNTY OF FORT BEND §

ON THIS THE _____ day of December, 1983 at a Special Meeting of the Commissioners' Court, sitting as a governing body of Fort Bend County, Texas, came on to be considered the necessity of revising and reorganizing policies for the approval of subdivision plats in Fort Bend County.

Upon due consideration, the Court was of the opinion that there exists a necessity for such action:

NOW, THEREFORE, by and under the authority vested in the Commissioners' Court, upon the motion of Commissioner Ben Denham of Precinct 3, seconded by Commissioner Bob Dutts of Precinct 4, duly presented and carried, IT IS ORDERED, ADJUDGED AND DECREED that the following policies are hereby adopted and shall be in full force from the date hereof, to-wit:

1. Every owner of any tract of land situated without the corporate limits of any city in Fort Bend County, Texas, who divides the same into two (2) or more parts for the purpose of laying out any subdivision or any such tract of land, or an addition without the corporate limits of any town, or city, or for laying out suburban lots or building lots, and for the purpose of laying out streets, alleys, or parks, or other portions intended for public use, or the use of purchasers or owners of lots fronting thereon or adjacent thereto, shall cause a plat to be made thereof, which shall accurately describe all of said subdivision or addition by metes and bounds and locate the same with respect to an original corner of the original survey of which it is a part, giving the dimensions thereof on said subdivision or addition and the dimensions of all lots, streets, alleys, parks, or other portions of same intended to be dedicated to public use or for the use of purchasers or owners of lots fronting thereon or adjacent thereto.

2. In approving plats for recording in Fort Bend County, the Commissioners' Court will consider the general welfare of the citizens of Fort Bend County. This will include all the specific items listed below plus other considerations that are important to citizens of the area and Fort Bend County. These will include street specifications and widths, traffic flow, drainage and flood protection, sanitary sewer and water systems, recreational facilities, school sites, and any other amenity that applies to the area being considered.

3. These policies and any and all future additions thereto and changes thereof, will be binding in all new subdivisions or re-subdivisions in Fort Bend County, that are not within the legal limits of any incorporated city or town.

4. The plat and plans must be presented to the Engineer and a copy to the Commissioner of the Precinct in which the subdivision is located at least fourteen (14) days prior to the Commissioners' meeting at which time the plat can be approved for record.

5. Construction plans are to be approved by the Engineer before the plat is presented to Commissioners' Court for approval.

6. No construction is to begin until the plat has been approved by the Commissioners' Court and filed.

7. All plats must be made on tracing linen or equal with India ink. This original tracing is to be filed in the County Clerk's Office as a permanent record. If the applicant requires a duplicate original of the plat with signatures, he must submit a reproduced tracing along with the original. He must also furnish a print of the plat for the County file.

0021

8. In the upper right hand corner the plat must provide a small scale key map showing the location of the subdivision with reference to well-known fixed points in Fort Bend County.

9. All streets indicated on the plat are to have a minimum width of sixty (60) feet, and dedicated to the use of the general public. Minimum specifications for streets are given on the attached plat, and said plat is made a part of this policy statement.

10. Fort Bend County will approve fifty (50) foot street right-of-way where the following requirements are met:

A. The streets to be paved with a 28 foot wide back to back concrete curb and gutter.

B. The streets serve detached single family lones.

C. The right-of-way to be used for street paving, storm sewer and water lines only. Any additional utilities will require a seperate utility easement or wider street right-of-way.

D. The street not to extend into any other land use.

E. Street to be a loop not to exceed 1,000 feet; dead end with [illegible] turnaround not to exceed 800 feet, or an interior street that does not exceed one (1) block, (1,400 feet) in length. The Fort Bend County Commissioners' Court and Fort Bend County Drainage District Engineer will determine which streets meet the requirement.

F. No manholes under or in pavement.

G. No utility lines under pavement except at perpendicular crossings.

H. Minimum sixteen (16) foot utility easement at rear of lots.

11. On all streets with curbs and gutters the plasticity index of the subgrade soil shall be determined by the A A S H O method of testing. When the P. I. exceeds 20, subgrade will be lime stabilized to a depth of six (6) inches in accordance with City of Houston specifications.

12. The plat and plans as submitted for approval and filing must show the line and grade of proposed streets and side ditches, drainage ditches, utility easements and the course and location of all existing pipelines or pipeline easements through such proposed subdivision. The plat must provide a note stating that all existing pipelines or pipeline easements through the proposed subdivision have been shown or that there are no existing pipelines or pipeline easements within the limits of the proposed subdivision. The plat must also show one foot interval contour lines.

0021

13. Each lot shall be provided with an adequate (minimum 18 inches or equivalent)(unless otherwise approved) culvert or other approved entrance structure and the size and design of the entrance structure is to be included on the plans submitted.

14. Fort Bend County Commissioners' Court requires that sidewalks will be built within all right-of-way dedicated to the Public. The sidewalks will be within the road right-of-way, four (4) feet in width, four and one half (4½) inch thickness, constructed with five (5) sack steel reinforced concrete. All sidewalks will have a slope toward the street ¼ inch to ½ inch per foot.

15. Subdivisions with all lots being at least one (1) acre or more and not having curb and gutter streets will not be required to have sidewalks.

16. Subdivisions with all lots being at least 2½ acres or more and not having curb and gutter streets are exempt from the requirement of twenty-two (22) feet of Hot Mix hardtop material on the street. Subdivisions which are located on county roads that are not hardtop and lots are at least one acre are exempt from the requirement of 22 feet of Hot Mix hardtop material on the streets. Provided, however, that there must be a note on the plat and each buyer must be notified that the County will assume no responsibility for future topping of the street except where the adjoining landowners agree to pay the cost of such toppings.

17. Lots shall not encroach on drainage easements or roadways.

18. All subdivision and street names must be checked and approved by the Engineering Department to avoid duplication.

19. Drainage easements to be adequate width to allow drainage and flood control to all properties that naturally drain through property being approved for development.

20. The Fort Bend County Drainage District/Engineering Department will set minimum slab elevations for each subdivision to help protect developed property from flooding. Regardless of the minimum slab elevation set by the above method in no case will the top of a slab be less than eighteen (18) inches above natural ground. The minimum slab elevation approved by the Commissioners' Court shall be clearly shown on the front of the plat to be recorded.

21. It shall be the duty of the developer or his Engineer to see that layout and construction follow the plans as presented with the final subdivision plat.

22. A certificate from each tax collector of a political subdivision in which the property is located must accompany the plat to be recorded, showing that all taxes owing to the State, County, and or any other political subdivision have been paid in full to date.

23. A. The Commissioners' Court will not approve any map or plat of any subdivision or resubdivision unless such map or plat is accompanied by a Bond, the amount of which shall be determined by the Commissioners' Court payable to the County Judge; to the effect that the owner or owners will construct the roads, streets, and entrance structures therein shown in accordance with the specifications set out herein, provided however, in lieu of the above Bond, Commissioners' Court may, at its discretion, require the subdivider to furnish the Court with a signed copy of the contract upon which said Bond is written. Form of Bond must be provided by County Attorney.

B. In lieu of subsection (a) the Commissioners' Court may, by Court Order, tentatively approve a subdivision plat subject to the construction of the streets, and entrance structures therein shown in accordance with the specifications set out herein. After the streets and entrance structures have been constructed by the owner or owners of the subdivision in accordance with the specifications set out herein, and all the other provisions have been met, the Commissioners' Court will order the plat approved for filing.

C. The Commissioners' Court of Fort Bend County, may at its discretion, in lieu of the above Bond, accept an irrevocable letter of credit from an acceptable Texas Bank. Form of Bond or letter of credit must be approved by the County Attorney.

D. The Performance Bond or substitutions listed in A., B., and C. above must remain in full force and effect after the subdivision has been approved until all roads, streets and entrance structures in the subdivision have been completed in accordance with rules and specifications as set forth in said "Policies" to the satisfaction of the Commissioners' Court and until the roads, streets and entrance culverts are accepted into the County Road System. The terms of the Bond are to include provisions that when a lot or portion of this subdivision is sold the roads, streets, and driveways that service that lot or portion must be completed in accordance with the rules and specifications as set forth in the "Policies for the Approval of Subdivision plats in Fort Bend County."

24. This policy shall apply to all future subdivisions not now of record in the office of the County Clerk and/or the plat office of Fort Bend County, Texas.

25. After at least 60% of a subdivision or a section of a subdivision has been sold and developed and all the above regulations have been met, and the streets have been maintained for a period of at least one (1) year, interested parties may petition the Commissioners' Court to maintain the streets in said subdivision dedicated to the Public. The Commissioners' Court will consider each request and then determine whether the streets should be maintained by the County. No streets shall be maintained except by vote of Commissioners' Court.

26. This policy shall not apply to any roads now being maintained by the Road Department of Fort Bend County.

27. Before any streets are accepted into the County Road System a complete system of signs (street names, traffic, etc.) must be in place and must conform to a plan submitted to and approved by the Engineering Department.

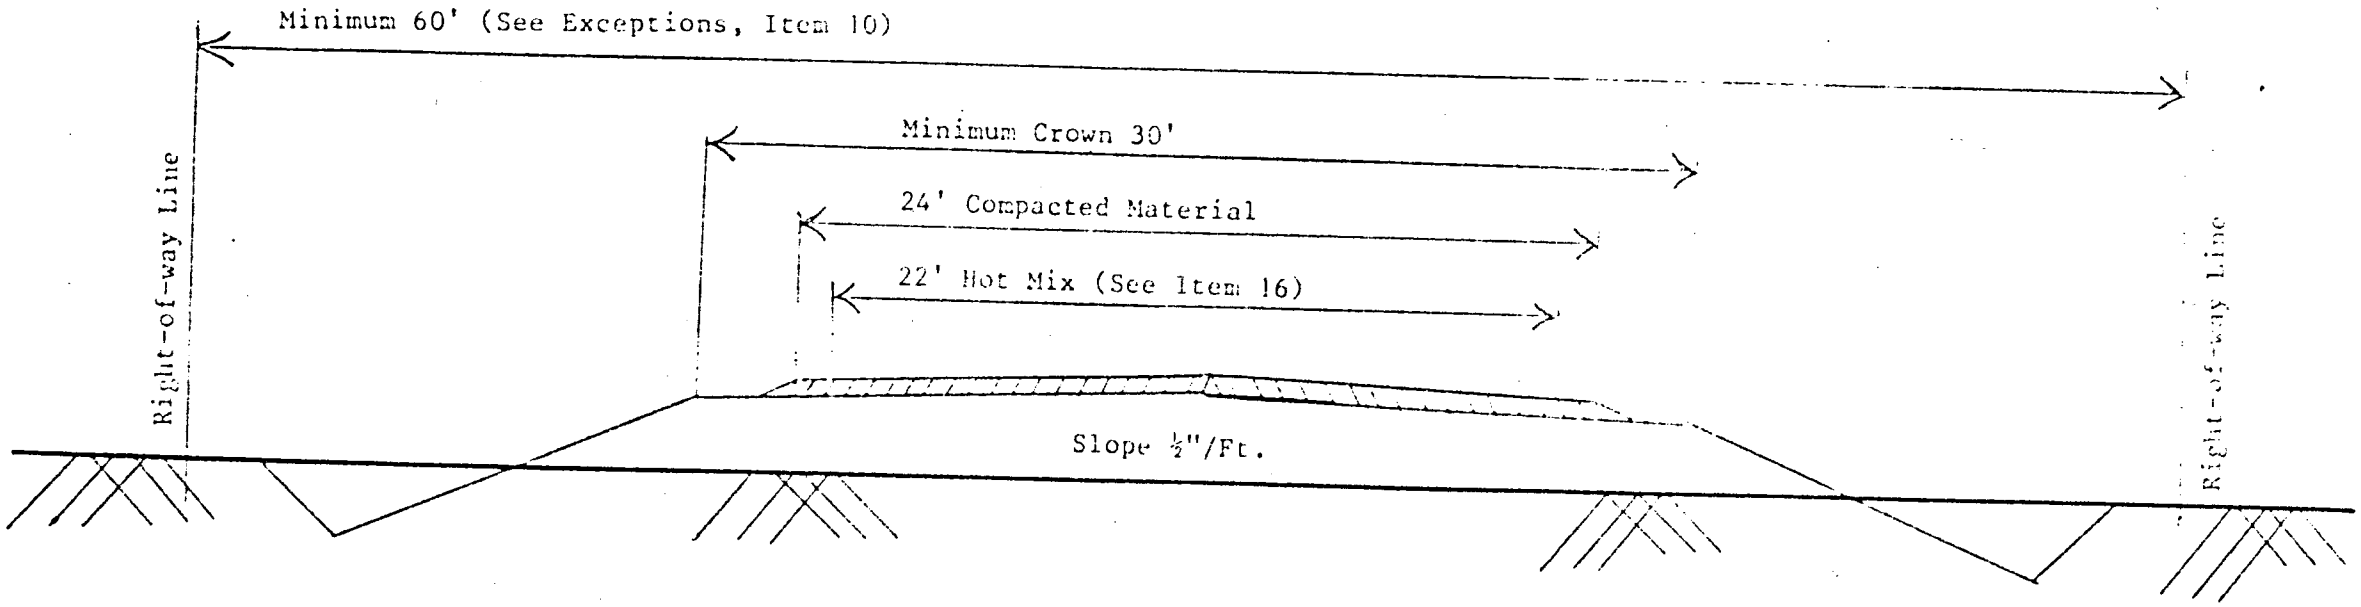

28. No lots shall be less than 5,000 square feet in size.

ADDENDUM TO 21

Adequate inspection will be provided during construction of utilities, paving and drainageways by a Registered Professional Engineer to insure that the construction conforms to the plans and specifications approved by the Fort Bend County Engineering Department and all provisions of the Fort Bend County Commissioners' Court.

MINIMUM SPECIFICATIONS FOR SUBDIVISION

ROADS & STREETS IN FORT BEND COUNTY
