MEMORANDUM

TO: Judge Stavinoha and all commissioners 0027

FROM: Marsha Gaines

SUBJECT: New Phone Lines at Sugar Creek Sub-Station

DATE: April 9, 1985

Proposal I

The following is an estimation of the cost for installing 2 new lines and phones and also, moving a phone from one place to another.

$ 291.50	For moving one line and running two new lines
1,103.40	Additional monthly charge of $122.60 April - December
84.30	Two line cards installed
35.00	Service Charge
312.00	Hourly charge of $39.00 for eight hours(estimate)
158.00	One phone from SLT
$1,984.20	Total

Any additional equipment used will be an additional cost.

Proposal II

To buy the existing system, which is a com-key system, including 5 phones, intercom, metal box, all equipment, and line cards would cost $795.00. Plus a monthly charge of $242.80 for 4 lines.

Proposal III

To purchase a Merlin system from AT&T, which would include 5 phones to accomodate 4 incoming lines, costs $2,478.00. Plus an installation charge of $87.00, plus wire and labor charges, and also, would include a monthly charge.

Proposal I dollars are lower - because Sugar Land Telephone Company originally told us we could not run our own lines - George is now going to run the lines -

LOSS CONTROL SERVICES

This schedule of services is based on information provided to Nationwide by Fort Bend County Risk Planning Group. The proposal responds to the specific service requests in the bid specifications. This proposal also contains additional information on the full range of Nationwide Loss Control capabilities available to Fort Bend County.

I. RISK CONTROL PROGRAM

Nationwide will provide the following services:

1. Develop a master Risk Control Program for Fort Bend County. The basis of any Risk Control Program rests with a Policy Statement which outlines Management's commitments to Risk Control and delineates responsibilities for carrying out the program to appropriate personnel. Because a statement is the basis of the Risk Control program, assistance in its implementation is a basic function of the Nationwide Loss Control specialists.

   The specialist will review the present program with top operating management, and offer suggestions in order to refine and clarify both policies and implementation procedures. This includes reviewing areas of policy formation, committee designation and functions overview, supervisory accident investigation and responsibilities, and employee training.

2. The county will be contacted quarterly for the purpose of surveying each department jointly with the Designated County Representative. In agreement with the County, additional visits will be dictated by serious accidents, loss trends, and training needs.

3. Management and Supervisory Training will be provided as outlined below:
   a. training seminars in safety management
   b. audio visual facilities and educational and motivational materials will be provided at our cost
   c. training in effective accident investigation techniques

00054

NATIONWIDE INSURANCE

II. SPECIAL RISK PROGRAMS

Proposed Loss Control Services will be provided each entity in accordance with the discussion with the Risk Control Department of Fort Bend County.

A. Monthly meetings with the precincts will be done in order to coordinate and evaluate service and provide training.

B. Employee orientation program: Nationwide will help develop an orientation procedure and program which as a minimum introduces the safety policy, management's commitment to accident prevention and general safety rules.

C. Employee handbooks: County operations offer a variety of exposures that can endanger the safety and health of employees. While there is considerable commonality in the functions of the departments, there can be appreciable differences in exposures to the employee. To this extent it would be our intent to develop a safety handbook or handbooks to fit the individual needs of different types and sizes of departments.

D. Office safety and health: Two broad classes of office exposures have been identified--falls and hand injuries from material handling. In addition, discomfort among employees within an office environment usually can be traced to office equipment furnishings, air intake and ventilation. Symptoms of skin, eye, and mucous membrane irritation would indicate a chemical problem, while physical hazards such as low level vibration from word processors may cause nausea. A training and education program for workers combined with a self-inspection and worker interview program to address these issues will be implemented.

E. 25% of service calls at selected locations will be directed to an evaluation of selection procedures on new employees. A study guide will be developed with safety departments so surveys will have the same format and conslusions can be evaluated.

F. A Loss Control Study will be made of locations selected by the County in order to determine the effectiveness of existing programs. Results of the study will be submitted in a letter to management quarterly.

G. County fleet operations will be studied quarterly. This will also help target employee selection and training needs.

H. A tractor safety training program will be established.

I. A chainsaw training program will be established.

J. The Commercial Account Reporting System is a computer print-out of losses that will be provided to help Fort Bend monitor costs of losses. Risk Control Specialists analyze the loss information, compile meaningful reports and make recommendations based on this information.

K. Reporting Requirements: All risk control contacts will be confirmed by letter covering at a minimum: loss trends, recommendations, unresolved recommendations, major programs addressed, and future plans. A report to management will be provided annually outlining progress made on loss control service and what can be expected in the future.

L. Construction preplanning (bridges, pile-driving): construction pre-planning for bridges, roads and pile-driving will be discussed and appropriate elements of loss control such as personal protective equipment (hearing protection during pile-driving, safety belts when climbing piles) and liability controls (vibration exposure to adjacent properties during pile-driving, traffic controls during road construction)will be delineated.

RECOMMENDATIONS

During Nationwide Loss Control's preliminary visit to Fort Bend County on April 8 and 9, the following recommendations were made and are subject to a complete and formal engineering survey upon writing of Insurance with Nationwide:

Recommendations Include:

85-1: Establish criteria for MVR analysis.
Risk will do.

85-2: Require pursuit driving training for police (and emergency training for ambulance continued). Some police have had this training.
Risk will do.

85-3: Provide roll over protection for tractor mowers (and safety belts).

85-4: Provide fixed leads so loft workers on pile drivers can engage safety belt lanyard to leads-OSHA 1926.603.

85-5: Continue to check for pre-existing lines before bridge excavation.

85-6: Require use of metal detector for underground lines.

85-7: Continue to require certificates of insurance and hold harmless agreements.

85-8: Write out policy for use of police force.

85-9: Require formal crane operator training and engineer loads.

CRANES

85-10: Install boom angle indicators on all cranes (as well as load charts). Boom stops to be included on maintenance checklist.

LIABILITY

85-11: Continue to pre-engineer and pre-survey jobs and check for potential vibration damage to existing structures from adjacent pile-driving. (see service proposal)

NATIONWIDE INSURANCE

00057

ROADS

85-12: Continue to provide traffic warning warning devices at road job sites.

85-13: Expand maintenance checklist (cranes, scaffolds).

85-14: Continue to motivate wearing of personal protective equipment
- hearing protection on pile-drivers and equipment operators
- long sleeves, shoes, near hot asphalt
- eye protection- mechanics
- dust masks on some jobs

TEXAS JUSTICE COURT TRAINING CENTER

SOUTHWEST TEXAS STATE UNIVERSITY
San Marcos, Texas 78666

April 17, 1985

Hon. Jodie E. Stavinoha
Fort Bend County
Courthouse
Richmond, Texas 77469

Dear Judge Stavinoha:

During the week of April 9-12, 1985, Judge Jim Scott successfully completed a twenty hour course in the duties of the office of Justice of the Peace. Article 5972 of the Texas Revised Civil Statutes requires each newly elected/appointed Justice of the Peace to complete a forty hour course in the duties of the Justice of the Peace office and to also complete a twenty hour course each year thereafter. This article affects all justices who took office since August 30, 1963 and are not licensed attorneys. This training program is provided at virtually no cost to the county through a grant from the Governor's Office, Criminal Justice Division.

We at the Training Center realize how important it is to you and the people you serve to insure that your county Justices of the Peace are properly trained and equipped to carry out the duties and obligations of the office. As almost ninety percent of our citizenry have their one and only contact with a lower court judge, it is imperative that this contact be as judicious as possible.

You may wish to enter this letter in the minutes of your next commissioners court meeting in order that it may become a permanent record. If we at the Training Center can ever be of assistance, please do not hesitate to call.

Sincerely,

Scott C. Smith
Executive Director

TO: Judge Jodie Stavinoha and the Honorable Commissioners Court

FROM: Richard Selleh, Administrative Coordinator-Personnel Director

SUBJECT: Compensation Plan Consultant Selection Committee Report

On March 25, 1985, the Commissioners Court approved a request for proposals (RFP) to hire a consultant to develop a classification and compensation plan for Fort Bend County. The RFP was advertised in Fort Bend County and in Houston newspapers. Additionally, the specifications for the project were mailed to twelve local, regional, and national firms.

In order to assist me in a thorough examination of the eleven proposals we received and to provide the Commissioners Court with the soundest possible recommendation, a broad spectrum consultant selection committee was formed. Those who served with me on the committee were:

Rodney Bradshaw - Employment and Training Manager
Houston-Galveston Area Council

Fred Davenport - District Manager, Houston Lighting and Power

Gus George - Sheriff, Fort Bend County

Chuck Miller - Data Processing Director
Fort Bend County

Joe Passmore - Employee Relations Director,
Imperial Sugar

Larry Wagenbach - Assistant County Attorney,
Fort Bend County

County Commissioner Bob Lutts served as a non-voting, exofficio member of the Committee and can share with the Commissioners Court his observations of the selection process.

Richard Selleh

The committee reviewed the eleven proposals (a list of the eleven proposals is attached to this report) and met three times in order to develop a report and recommendation to the Commissioners Court. The consultant selection committee considered ten factors in analyzing the proposals. Those factors were:

- Overall Project Approach
- Classification Methodology
- Compensation Methodology
- Training to be Provided
- Project Cost
- Compensation Plan Experience
- Project Team Information
- Project Documentation
- Project Scheduling
- Overall Proposal Evaluation

The Committee read and evaluated each of the proposals and selected four proposals, that in the judgement of the Committee, would best meet the personnel management needs of Fort Bend County and were within the established financial constraints.

The four selected firms were: ✓Coopers & Lybrand; A.S. Hansen; Towers, Perrin, Forster and Crosby; and Trace Consultants. Tower, Perrin, Forster and Crosby were unable to attend the meeting. The other three firms each made presentations to the committee and were questioned by committee members about their proposals.

It was the conclusion of the committee that all of the proposals and presentations were highly professional and competitive. However, based on the selection criteria listed above, the selection committee unanimously concluded that in consideration of the written information, the presentations and the experience of the firms, that the firm best able to meet the specific needs of Fort Bend County at this time is Coopers & Lybrand.

Therefore, it is the recommendation of the consultant selection committee that Fort Bend County enter into a contract with Coopers & Lybrand for the development of a classification and compensation plan to be implemented as a part of the 1985 1986 Fort Bend County Budget.

Gentlemen:

I would request the following items be included on the Commissioners' Court Agenda for Monday, April 22, 1985.

I have received two checks, (1) $250.00 from the City of Needville, and (2) $250.00 from ABM of Needville as donations to help defray expenses in purchasing flood lights for our Crime Scene Van. I would request that these checks be deposited in the Sheriffs Department 1985 Budget in Line Item #1010 - Property & Equipment.

I have also received three checks, (1) $1,886.09 from Members Insurance Co., (2) $285.92 from Farmers Insurance Co., and (3) $305.85 from State Farm Insurance Co. These checks are liability insurance payments from accidents involving their insured and Sheriffs Department vehicles. I would request that these checks be deposited in the Sheriffs Department 1985 Budget in Line Item #7019 - Maintenance & Repairs so that we may repair these vehicles and get them back on the street.

Your favorable consideration of the above requests will be appreciated.

Sincerely,

Gus George

Re: Recent Flooding Problem at Mr. Buddy McVea's Residence on Pecan Grove Road; VMK Job No. 117-17

Dear Commissioner Lutts:

On Thursday morning, March 14, 1985, we were notified of the above-referenced flooding problem by Mr. Alan Greenwood with Lexington Development Company. He had been notified of the flooding by Mr. Blaine Kinnebrew with the County Engineer's office. As Lexington's representative, we investigated the problem by speaking with Mr. David Jalowy of the Fort Bend County Drainage District, who had visited the site. McVea told Mr. Jalowy that water had come over the berm between his home and the adjacent drainage ditch (see attachment, Reference 1). However, while Mr. Jalowy was at the site, the water was about 5" or more below the top of the berm. Mr. Jalowy indicated to us that he didn't feel the on-going construction had caused the problem but suggested that we go out and take a look around.

That same afternoon, Mr. Mike Ihnat and Mr. David Day of our office went out to the site to investigate the problem. Although the berm was very soft and muddy, they found no visable evidence that it had been overtopped. There was, however, a large quantity of water ponding in the wooded area behind McVea's yard (Reference 2). The water appeared to extend to the east a large distance, which seems reasonable when looking at the aerial topography of the area (Reference 3). Shortly after their arrival, Mr. McVea came out to speak to Mr. Ihnat and Mr. Day. He indicated that there was a low spot in the berm where the water came over and that he felt the construction was the problem since he had experienced 12" rains before without a problem. (The recent rainfall was estimated at 4 - 5 inches in a 6-hour time period.) Mr. McVea also said that a swale had been cut from the water plant to the drainage ditch adjacent to the house (Reference 4). Mrs. McVea then joined the conversation and said that she felt the water plant access road was blocking drainage from the north and concentrating it at the west corner of Thompson Chapel Road (Reference 5). Although many other items were discussed during the conversation, the above represents the McVea's concerns regarding the effects of the construction on their flooding situation.

Cont'd. . . . .

As the engineers for Lexington, FBCMUD 69 and FBLID No. 7, we do not feel that the construction has caused their problem. In fact, the diversion of Alcorn Bayou flows (Reference 6) may have lessened the amount of water that the ditch in question receives since there would be no overflows from Alcorn Bayou to get into the ditch (Reference 7). In response to the concern regarding the swale which had been cut from the water plant down to the south, the original topo shows that there has always been a swale in that location. The water plant contractor simply bladed out the swale while running his pump test. In addition, as previously mentioned, there should be little, if any, flow getting into that ditch now that Alcorn Bayou has been filled (Reference 6). The concern with regard to the access road is also not valid because the drainage patterns have not been altered and if anything, the culverts under the road tend to back-up water north of the road, thereby reducing the rate at which the water enters the out-tract (Reference 8), which may, in turn, lessen flooding downstream.

After our inspection of the McVea's flooding situation, and the condition of the ditches into which they drain, it is our opinion that it is not the construction that caused their problem but a combination of two things, as detailed below:

1. Their lot is the lowest spot in the out-tract and they are bounded by a berm on the west side, high ground on the south side, and higher ground to the north and east. Therefore, if the ditch which drains their property is backed-up, they are very vulnerable to flooding.

2. The ditch which serves as the main outfall to both the berm ditch and the ditch which drains McVea's house was severely blocked with debris at several fence crossings on the morning after the rain (Reference 9). Also, there is a high point in the main ditch which tends to act as a drainage divide, forcing water in the berm ditch to flow to the west rather than the east, thereby necessitating a higher gradient (Reference 10).

STATUTORY REQUIREMENT FOR WRITTEN REQUISITION

Art. 1661. [1484-5] Requisites of approval

Section 1. He shall not audit or approve any such claim unless it has been contracted as provided by law, nor any account for the purchase of supplies or materials for the use of said county or any of its officers, unless, in addition to other requirements of law, there is attached thereto a requisition signed by the officer ordering same and approved by the county judge. Said requisition must be made out and signed and approved in triplicate by the said officers, the triplicate to remain with the officer desiring the purchase, the duplicate to be filed with the county auditor, and the original to be delivered to the party from whom said purchase is to be made before any purchase shall be made. All warrants on the county treasurer, except warrants for jury service, must be countersigned by the county auditor.

Sec. 2. The county judge of a county having an auditor may waive by his own written order the approval of the county judge on requisitions. The order shall be recorded in the minutes of the Commissioners Court. If the county judge's approval is waived, all claims must be approved by the Commissioners Court in open court.

Amended by Acts 1973, 63rd Leg., p. 357, ch. 155, § 1, eff. May 23, 1973.

Note: Article 1661 pertains to a portion of the responsibilities of the County Auditor

WAIVER OF COUNTY JUDGE OF APPROVAL OF

THE STATE OF TEXAS :

COUNTY OF FORT BEND :

INTERLOCAL AGREEMENT BETWEEN
THE COUNTY OF FORT BEND AND
THE COUNTY OF COLORADO

This interlocal agreement is entered into between the County of Fort Bend, hereinafter referred to as "Fort Bend", and the County of Colorado, hereinafter referred to as "Colorado".

WHEREAS, Colorado desires Fort Bend assistance in housing of juveniles at the Fort Bend County Juvenile Detention Center;

WHEREAS, the governing body of Colorado has duly authorized this agreement;

WHEREAS, Fort Bend desires to assist Colorado in the housing of juveniles in the Fort Bend County Juvenile Detention Center;

WHEREAS, the governing body of Fort Bend has duly authorized this agreement; and,

WHEREAS, this agreement is made pursuant to and under the provisions of Article 4413 (32c), Vernon's Texas Civil Statutes.

NOW, THEREFORE, the County of Fort Bend and the County of Colorado mutually agree as follows:

1. The cost of housing juveniles in the Fort Bend County Juvenile Detention Center will be $38.00 per day per person, which will include three meals per day and one snack. Fort Bend will bill Colorado monthly for the paymentof said housing and any other costs incurred, pursuant to this interlocal agreement, and said bill will be paid by Colorado to Fort Bend within (30) days of receipt of same.

2. It is understood and agreed between the parties hereto that Fort Bend County Juvenile Department will not accept any first or second time runaways nor truants.

3. All cost of transportation shall be paid by the transferring agency and/or Colorado, which includes, but is not limited to, all transportation to doctors, medical clinics, and court. Provided, however, in the event of any emergency medical assistance, a juvenile housed by Fort Bend, pursuant to this agreement, may be transferred by Fort Bend for doctor, medical treatment, and/or court appearances, with Colorado being responsible for any and all medical, hospital, emergency room, and drug costs pertaining to same.

4. Under no instance will Fort Bend be responsible for any cost, whatsoever, incurred by a juvenile housed pursuant to this agreement, or in behalf of such juvenile, at any time such juvenile is housed in the Fort Bend County Juvenile Detention Center.

5. At the time the juvenile is transferred to Fort Bend, pursuant to this agreement, an authorization for emergency medical care must be forwarded with such juvenile, signed, witnessed, and notarized by the parents and/or guardians, and in addition thereto, the placing agency.

6. It is understood and agreed between the parties that it will be the responsibility of Colorado (and not Fort Bend) to pick up and transfer any and all juveniles under their jurisdiction being held in Fort Bend County Juvenile Detention Center, pursuant to this agreement, for any adjudication hearing, detention hearing, or any other Court appearance.

7. It is understood and agreed between the parties that Fort Bend is not, and will not be, responsible for keeping tract of any court appearances of the juveniles from Colorado County being held, pursuant to this agreement.

8. The visitation of juveniles in Fort Bend County Juvenile Detention Center is Tuesdays and Thursdays between 2 and 4 p. m., with no visitation on week-ends nor visitation on holidays.

9. It is understood and agreed between the parties that Fort Bend County retains the absolute right to refuse to accept any juvenile, with or without reason, and it is further understood and agreed, that Fort Bend has a right to request that any juvenile detained, pursuant to this agreement, be removed by Colorado upon ten (10) hours notice.

10. It is further understood and agreed that any officer who brings a juvenile to Fort Bend County Juvenile Detention Center must stay with such juvenile until the juvenile has been processed into said center.

11. It is understood and agreed that this agreement may be terminated by either party at any time.

12. It is understood and agreed that this agreement automatically terminates on December 31, 1985.

COUNTY OF FORT BEND

INTERLOCAL AGREEMENT BETWEEN
THE COUNTY OF FORT BEND AND
THE CITY OF SUGAR LAND

This interlocal agreement is entered into between the County of Fort Bend, hereinafter referred to as "County", and the City of Sugar Land, hereinafter referred to as "City".

WHEREAS, the City desires the County's assistance in the maintenance, repair and construction of streets, roads, and drainage within the corporate limits of City;

WHEREAS, the governing body of the City has duly authorized this agreement;

WHEREAS, the County desires to assist the City in the maintenance, repair and construction of streets, roads, and drainage within the corporate limits of said City;

WHEREAS, the governing body of said County has duly authorized this agreement; and,

WHEREAS, this agreement is made pursuant to and under the provisions of Article 4413 (32c), Vernon's Texas Civil Statutes.

NOW, THEREFORE, the County and City mutually agree as follows:

1. The County may repair, maintain and/or construct streets, roads, and/or drainage within the corporate limits of City upon written notice by the Mayor of the City to the County Commissioner within whose precinct said streets, roads, and drainage are located.

2. The letter from the Mayor of the City shall set forth the following:

   a. Describe in detail the street, road, and/or drainage the City desires the County's assistance on and describe in detail the work the City desires the County to perform.

b. The approximate time the City desires the County to commence and the approximate time the City desires the County to complete the work.

c. That the City has current revenue funds available to pay the County for any and all materials used pursuant to the request.

d. That the City agrees to pay for any and all materials used by the County pertaining to the request.

3. Upon receipt of such written request, the County Commissioner within whose precinct the said street, road, and/or drainage is located will review and consider the request, and if equipment and man-power are available, and the use of same will not interrupt normal construction and maintenance of county streets, roads, and/or drainage, the County may, at its sole discretion, make arrangements to assist the City, provided, however, it is understood and agreed between the parties that the assistance, if any, shall be at the sole discretion of the County.

4. Once the terms as provided in Paragraph 3 are consummated, the County thereafter agrees to furnish all necessary equipment and labor, at no cost to the City, necessary for the repairs, maintenance, and/or construction of the streets, roads, and/or drainage made the subject of such conditions.

5. The City agrees to indemnify and hold the County harmless with respect to any claim, demand or suit commencing during the time of the County's performing the necessary task of repair, maintenance, and/or construction of said streets, roads, and/or drainage. Notwithstanding any of the above provisions, if it is determined that Fort Bend County is solely negligent with regard to any claim, demand or suit arising out of the aforementioned project, Fort Bend County will hold the City harmless and indemnify the City from all costs incurred.

6. The City agrees to indemnify and hold the County harmless with respect to any claim, demand or suit arising after the repair, maintenance, and/or construction is completed on said street, road, and/or drainage.

Re: 1985 ad valorem tax Exemption application for Historic Site - Arroyo Seco Historical Park

Honorable Judge Stavinoha:

Enclosed is the subject application with a survey and metes and bounds description attached thereto.

The purpose for submitting this application is to request the county taxing districts approval for exempt status for the 1985 tax year. According to the Central Appraisal District of Fort Bend County we must obtain the governing taxing districts approval each tax year for historical sites. This happens to be an exception to the appraisal districts authority to grant exemption once a property has been designated exempt, such as the agriculture exemption.

We would appreciate your placing this application on the commissioners court agenda for their review and decision.

If you will notify me when it is scheduled for commissioners court I shall be happy to be in attendance to answer any questions; that is if you feel that my attendance would be helpful or necessary.

Your, honor I want to thank you and the county commissioners for your attention and trouble in this matter. If any additional information is needed concerning the application please contact me at the above address or by telephone at 342-6109.

Sincerely,

Donald R. Hensley

BID ITEMS RECOMMENDED

FOR ACCEPTANCE

SHERIFF'S EQUIPMENT

BID OF FEBRUARY 25, 1985

I. Two (2) Remote Terminal Controllers.

Recommended: Two (2) IBM 3274 Model 41C's; $9,871.55 each, $19,743.10 total plus $88.00 transportation and maintenance of $103.00 per month.

- LOW BID -

II. Thirty-Three (33) CRT Terminals.

Recommended: (33) IBM 3179 Model 100 display; $1491.75 each, $49,277.75 in total plus $462.00 transportation and maintenance of $4,455.00 per year for all thirty - three.

- LOW BID -

III. Terminal Printers with sheet feed capabilities.

Recommended: One (1) 3820 Model 1 LASER PRINTER.

$31,975.00 plus $254.00 transportation and maintenance of $360.00 per month.

This is an alternate bid. It is recommended because the LASER PRINTER can put 8 pages of printout on one produced page. This would work well in archiving reports. The printer has reduction and duplexing capabilities. It can run as fast as 6 terminal printers.

00166

0027 IV. Six (6) Terminal Printers.

Recommended: Six (6) IBM 3268 Model 2 printers; $4875.00 each, $29,250.00 total plus $444.00 freight and monthly maintenance of $378.00 for all six.

The Memorex bid is $175.00 per unit less. But, the IBM printers include a durable stand and the users seem to prefer them. They are an extremely solid unit. Other users have used them for years without a maintenance call.

V. Four (4) Modems.

Recommended: a. One (1) IBM 3866 Model 2 rack mount; $3,045.00 + $31.00 freight and $108.00 per year maintenance.

* b. Four (4) IBM 3868 Model 3 modems; $4,300.00 each, total price of $17,200.00 plus $96.00 freight and $648.00 per year maintenance for all four in total.

* c. Two (2) IBM 3865 Model 1 remote modems; $4,945.00 each, total price $9,890.00 plus $20.00 freight and $457.00 annual maintenance for the two units.

These are all the low bid items.

* One extra 3868 and one extra 3865 is included as part of the alternate bid to drive the laser printer at its maximum speed since each phone line is only 9600 bps.

Money is available in my budget for the above. The total is $161,775.85 including freight but not annual maintenance.

THE STATE OF TEXAS §
§
COUNTY OF FORT BEND §

ORDER AMENDING ORDER GRANTING PETITION FOR CREATION OF FORT BEND COUNTY LEVEE IMPROVEMENT DISTRICT NO. 12

WHEREAS, commencing at 10 o'clock a.m. on the 28th day of January, 1985, the Commissioners Court of Fort Bend County, Texas (the "Commissioners Court") met in regular session at its regular meeting place in the City of Richmond, Fort Bend County, Texas, with the following members present, to wit:

Jodie Stavinoha	County Judge
Johnny Pustka	Commissioner, Precinct 1
Ben Denham	Commissioner, Precinct 2
Alton Pressley	Commissioner, Precinct 3
Bob Lutts	Commissioner, Precinct 4

WHEREAS, notice of such meeting was published pursuant to Article 6252-17, Vernon's Texas Civil Statutes, as amended; and

WHEREAS, on February 4, 1985, after notice and public hearing, Commissioners Court adopted an Order Granting Petition for Creation of Fort Bend County Levee Improvement District No. 12 (the "Original Order") thereby creating, organizing, and establishing as a levee improvement district Fort Bend County Levee Improvement District No. 12 (the "District") under the terms and provisions and with the power and authority established by Chapter 57, Texas Water Code, as amended.

WHEREAS, in order to clarify and amend the boundaries of the District to conform with the boundaries originally intended by Commissioners Court and to assure that such boundaries form a contiguous closure, Commissioners Court has determined it to be advisable to amend the Original Order by the adoption of this Order Amending Order Granting Petition for Creation of Fort Bend County Levee Improvement District No. 12 (the "Amending Order");

WHEREAS, after notice pursuant to law, all interested persons, or their attorneys, were invited and given full opportunity to appear and offer testimony pertinent to the Amending Order;

NOW, THEREFORE, BASED UPON THE AFOREMENTIONED EVIDENCE AND ON MATTERS OFFICIALLY NOTICED, THE COMMISSIONERS COURT HEREBY ADOPTS THE FOLLOWING

FINDINGS

1. On April 15, 1985, the Commissioners Court passed an Order Setting Hearing Date for Order Amending Order Granting Petition for Creation of Fort Bend County Levee Improvement District No. 12, setting a hearing on the Petition at the time, date, and place first above-mentioned and ordering that notice thereof be given as required by law. All actions taken in connection with such Order are hereby ratified and affirmed.

2. The Commissioners Court has duly received, set a hearing on, and heard all testimony and evidence on the Amending Order; the Commissioners Court has jurisdiction of this proceeding; all notices, proceedings, and actions incident to this hearing and have been given, taken, made, and had as required by law.

3. The above described hearing on the Petition was duly and properly called and notice thereof was duly and properly

given (a) pursuant to Article 6252-17, Vernon's Texas Civil Statutes, as amended, (b) by posting notice at the courthouse door and at four different places within the District, said notice being posted at least 10 days before the date of the hearing, and (c) such notice of hearing was mailed to the executive director of the Texas Department of Water Resources in Austin, Texas, all as required by Chapter 57.015 of the Code.

4. In creating the District, Commissioners Court intended that the boundaries thereof form a contiguous closure.

5. The territory sought to be included in the District comprises approximately 4015.6 acres of land, more or less, lying wholly within Fort Bend County, Texas. The boundaries of such parcels of land form a closure and are described by metes and bounds as set forth on Exhibit "A", attached hereto and incorporated herein for all purposes.

NOW, THEREFORE, upon motion duly made and seconded and carried and adopted unanimously, all Commissioners present voting "aye," IT IS HEREBY ORDERED BY COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, THAT:

1. The boundaries of the District are hereby amended to include the land described by metes and bounds attached as Exhibit "A" to the Order and incorporated herein for all purposes.

2. Except as amended hereby, the Original Order is hereby ratified and affirmed in all respects and shall continue in full force and effect and is with the organization, creation, and establishment of the District to continue to be effective from and after the date of adoption of the Original Order.

ORDERED AND ADJUDGED this May 6, 1985.

9 May 1985

Commissioners Court
Fort Bend County
Richmond, Texas

Dear Sirs,

I will come before the Court on the 13th of May 1985 to request your approval for the following items.

RESERVE

1. Consider 5 Deputy Constables:
   Mike Jasper
   Gary Ackman
   Larry Easley
   Bill Odom
   Carl Miller
2. Request four (4) additional slots for Deputy Constables. This will be needed due to the volume of paper flow and lack of adaquate budget to handle the load.
3. Request a budget amendment to aquire funds to hire a Clerk for the Constables Office. If a person were to be hired to start on the 18th of May and was paid the accepted rate of 1,000 monthly the total amount needed would be approx. 9500 thru Dec. 31st 1985.

Your favorable consideration of these needs would be appreciated and if you have any questions please call.

Thank you,

Richard Pring

Dear Senator Sharp:

Fort Bend County Commissioners' Court unanimously approved the amendment to House Bill 2324 which reads as follows:

"Section 1. Article 2351, Chapter 2, Title 44 of the Revised Civil Statutes is amended by adding section 21 to read as follows:

"Sec. 21. The Commissioners Court of each county of this state, shall expend funds in all cases where the state has mandated the county to perform a new service or to increase the current level of activity of a service, or to provide service beyond that required by existing law, when the state provides sufficient funding or alternative sources of revenue to the county to fulfill the mandate; until funding or an alternative source of revenue is provided to the county by the state, the mandate does not have the force of law."

Yours very truly,

Jodie E. Stavinoha

TAXPAYER PROTECTION BILL NEEDS HELP

Rep. Pete Laney's HB 2324 (text printed below) needs your help to get it out of the House Calendars Committee and onto the House floor for debate. Laney's bill simply requires that the state provide a county either with the funds or the revenue capability to provide funds for state programs that counties are mandated to implement.

HB 2324 is especially important to counties during this session--a session characterized by a search for state funds short of increasing taxes. This search has made county fees vulnerable to raids by the legislature. The NEWSLETTER has carried several articles over the past few months describing fee bills that divert more county revenue to the state treasury. Laney's bill would not prevent the state from mandating counties to provide services, but it would require the state to consider the question of how counties will pay for the mandated service.

You can help bring this bill up for consideration by writing and calling members of the House Calendars Committee urging them to place this bill on the House Calendar. The committee members are Bill Messer, chairman; Ashley Smith, vice chair; Tom Uher, Charles Evans, Ray Keller, Randy Pennington, Hugo Berlanga, Doc Arnold, and Ron Wilson. You may write these members at Texas House of Representatives, P.O. Box 2910, Austin, Texas 78769.

Laney's bill reads as follows:

HB 2324.

"SECTION 1. Article 2351, Chapter 2, Title 44 of the Revised Civil Statutes is amended by adding section 21 to read as follows:

"Sec. 21. The Commissioners Court of each conty of this state, shall expend funds in all cases where the state has mandated the county to perform a new service or to increase the current level of activity of a service, or to provide service beyond that required by existing law, when the state provides sufficient funding or alternative sources of revenue to the county to fulfill the mandate; until funding or an alternative source of revenue is provided to the county by the state, the mandate does not have the force of law.

To: J. E Stevenson
Judge, Ft Bend County

0027

Dear Sir,

This is possibly the most difficult thing that I have ever had to write, however, after much consideration and prayer, I feel that I must resign my position as Supervisor of Ft Bend County Animal Control, effective May 10, 1985.

I have done my best to provide more and better animal control service to the citizens of this County which is my prime. I do not feel that it is in the best interests of the residents of this county for me to remain with the internal problems and the fact that my reputation has been, and will continue to be systematically destroyed as long as I am Supervisor.

Please try to make sure that Officers Ann Dulay and Cindi Reeves do not leave, for they are the best officers any department could hope for, their dedication and ability is without compare. Kennelmaster Vernon Ueschneider is also a treasure. Officers Downs and Hernanden also show great promise, but it will be up to someone other than I to make final evaluation of them.

In looking for a new department head, it would probably be a good idea to hire a veterinarian since it

would ultimately save the county a tremendous amount in fees paid to other veterinarians, and vaccinations could be given prior to release or adoption. The current system is not effective, with less than 40 % of the animals are actually ever vaccinated once released even though the $7.50/xx has been paid, it is also not entirely in line with stipulations in the state acts 4477-6a and 4477-6b. I also feel this would effectively remove a great amount of criticism and ill feeling from both within and without the department.

It has been an honor to have been associated with you, and I appreciate the loyalty and confidence you have shown the Animal Control Department and me personally.

Most respectfully
Marjorie K Bohle

Re: Fort Bend County Library

Dear Judge Stavinoha:

Enclosed is this months Application and Certificate for Payment from Warrior Constructors. You will notice that the amount I am certifying is different than the amount requested. This is because I feel that the structural contractor is not 99% complete, but is about 97% complete. This is due to my jobsite observations and the fact that the retaining wall at the east side of the plaza still needs extensive work to make it straight and correct some faults with this wall. Also, the retaining wall at the staff entrance is also in need of work to correct the alignment of it to what it is supposed to be. I feel these items justify lowering the percentage complete from 99% to 97%.

I trust this is satisfactory with you. If you have any question, please call me at 859-1317.

Sincerely,

Ronald Wedemeyer

MONTHLY REPORT

April, 1985

The removal of vegetation from channels in April consisted primarily of herbicide application.

April is a very important month for herbicide use because almost all plants are actively growing and are still young enough that minimal amounts of herbicides are effective. This is when plants are most vulnerable.

Because of the variety of plant species that were abundant, a variety of herbicides were used. Mesamate and Roundup were used where grasses, primarily Johnsongrass, needed to be removed. In areas of the county where no affected crops were near Banvel 720 was used for weed and brush removal. Dowpon was used in areas where marsh grasses and weeds were problems. These consisted primarily of cattails. This group of plants is the hardest to kill because they grow in water. This makes killing of the root system very difficult. Another factor that makes April a critical month for herbicide use is that most plants have not yet matured enough to produce seeds. If these plants are eradicated before they drop seeds, then the unwanted species can be completely removed so that beneficial plants can spread, therefore reducing the amount of required maintenance.

Some of the ditches treated were Stafford Run Creek, Fulshear Creek, Willow Fork of Buffalo Bayou and laterals, Deer Creek and Flewellen Ditch. A list of all ditches treated is included later in this report.

To augment our vegetation management program the District began in April seeding ditchbanks that have recently been dredged and have not yet re-vegetated. The purposes for seeding are several fold.

Firstly, seeding operations allow us to determine the type of grass that will be growing on the ditchbanks. During April bermuda grass was planted. This grass when mature grows to a short height. This grass will create minimal resistence to water flow and will seldom if ever require mowing.

Secondly, the seeding will speed up the re-vegetation time. This will help eliminate eroding of the sideslopes due to vertical water flow across the sideslopes. This will reduce the amount of siltation in the ditchbed, therefore, allowing more room for water flow through the ditch. This also will cause less damage to District tractors that must travel the ditchbanks.

On several days during April winds were too high to continue herbicide application. When this happened shredding was done. Some of the ditches worked were Buffalo Creek, Briscoe Ditch, Big Creek and Snake Creek lateral I-C-10.

Work continued on several dredging projects during April.

The District's Northwest 41 Dragline finished Buffalo Creek Lateral I-B-3-d on April 19.

The Cow Creek project also continued with the District's Northwest 9570 Dragline. Brazoria County is providing a dozer to clear ahead of our machinery and will be spreading the spoil dirt.

The District's Ruston Bucyrus dragline continued on Turkey Creek I-D.

The Northwest 41 dragline owned by Precinct #4 dredged 4,300 cubic yards from Fulshear Creek. It also installed a series of watergate piles on the same channel.

Rebel Contractors also continued on several projects.

On Rabbs Bayou they removed 29,400 cubic yards. This is one of the projects that is being seeded with Bermuda grass.

The Dry Creek project also continued with Rebel excavating 26,400 cubic yards. The District's FD-20 and FD-30 Bulldozers worked here most of the month on spreading spoil dirt.

Rebel Contractors used two machines on the Sienna Plantation External Drainage Ditch (Lower Oyster Creek) to excavate 64,200 cubic yards.

The following charts show where each piece of equipment worked during April.

THE STATE OF TEXAS

COUNTY OF FORT BEND

INTERLOCAL AGREEMENT BETWEEN
THE FORT BEND COUNTY DRAINAGE DISTRICT AND
THE CITY OF SUGAR LAND, TEXAS

This interlocal agreement is entered into between the Fort Bend County Drainage District, hereinafter referred to as "Drainage District" and the City of Sugar Land, hereinafter referred to as "City".

WHEREAS, the City desires that the Drainage District assist in the maintenance, repair and construction of drainage within the corporate limits of City;

WHEREAS, the governing body of the City has duly authorized this agreement;

WHEREAS, the Drainage District desires to assist the City in the maintenance, repair and construction of drainage within the corporate limits of said City;

WHEREAS, the governing body of said Drainage District has duly authorized this agreement; and,

WHEREAS, this agreement is made pursuant to and under the provisions of Article 4413 (32c), Vernon's Texas Civil Statutes.

NOW, THEREFORE, the Drainage District and City mutually agree as follows:

1. The Drainage District may repair, maintain and/or construct drainage within the corporate limits of City upon written notice by the Mayor of City to the County Commissioner within whose precinct said drainage is located.

2. The letter from the Mayor of City shall set forth the following:

   a. Describe in detail the drainage the City desires the Drainage District's assistance in and describe in detail the work the City desires the Drainage District to perform.

b. The approximate time the City desires the Drainage District to commence and the approximate time the City desires the Drainage District to complete the work.

c. That the City has current revenue funds available to pay the Drainage District for any and all materials used pursuant to the request.

d. The City agrees to pay for any and all materials used by the Drainage District pertaining to the request.

3. Upon receipt of such written request, the County Commissioner, within whose precinct the said drainage is located, will review and consider the request and review same with the Manager of the Drainage District, and if equipment and man-power are available, and the use of same will not interfere or interrupt normal construction and maintenance of Fort Bend County drainage, the Drainage District may make arrangements to assist the City, provided, however, it is expressly understood and agreed between the parties that such assistance shall be at the sole discretion of the County.

4. Once the terms as provided in Paragraph 3 are consummated, the Drainage District agrees to furnish all necessary equipment and labor, at no cost to the City, necessary for the repairs, maintenance, and/or construction of drainage made the subject of such conditions.

5. The City agrees to indemnify and hold the Drainage District harmless with respect to any claim, demand or suit commencing during the time of the Drainage District's performing the necessary task of repair, maintenance, and/or construction of said drainage. Notwithstanding any of the above provisions if it is determined that Fort Bend County Drainage District is solely negligent with regard to any claim, demand or suit arising out of the aforementioned project, Fort Bend County Drainage District will hold the City harmless and indemnify the City from all costs incurred.

6. The City agrees to indemnify and hold the Drainage District harmless with respect to any claim, demand or suit arising after the repair, maintenance, and/or construction is completed on said drainage.

7. It is expressly understood and agreed that this agreement may be terminated at any time by either party upon thirty (30) days written notice.

8. It is expressly understood and agreed that this Agreement automatically terminates on the 31st day of December, 1985, and must be renewed annually thereafter.

9. It is expressly understood and agreed by the parties hereto that this Agreement will have no force or effect until duly executed by all parties as provided herein below.

SIGNED this 5th day of March, 1985.

Re: Letter of Agreement

Dear Judge Stavinoha:

The State Department of Highways and Public Transportation (State) currently owns a certain section of right of way located at FM 1489 and the Brazos River in Fort Bend County, Texas, as indicated by the blue color-coded section on the sketch marked Exhibit "A," attached hereto and made a part hereof. Fort Bend County (County) currently owns a certain strip of property adjacent to the above-mentioned right of way owned by the State, also located at FM 1489 and the Brazos River in Fort Bend County, as indicated by the red color-coded section on the sketch marked Exhibit "A."

And wheras the State is currently utilizing that certain strip of property owned by the County for purposes of storing construction materials, and whereas the County is desirous of using that certain section of right of way owned by the State as a pipe storage area.

It is hereby mutually agreeable between the parties that the County shall have the use of that certain section of right of way owned by the State located at FM 1489 and the Brazos River in Fort Bend County as a pipe storage area; and the State shall continue to have the use of that certain strip of property owned by the County, also located at FM 1489 and the Brazos River in Fort Bend County, Texas for purposes of storing construction materials.

This arrangement shall continue for so long as it is mutually agreeable between the parties to do so. In addition, this arrangement may be reconsidered should either party find it necessary to do so.

PROJECT: Fort Bend County Library Richmond, Texas

Gentlemen:

We propose to:

1. Change reinforcing to #4 at 24" for 5" pavement and #4 at 12" for 6" pavement
2. Increase culvert pipe from 18" to 24" and change headwalls to 6:1 end slopes for driveway at FM 762
3. Change headwalls to 6:1 end slopes at Golfview Drive
4. Change 6" ACWL pipe to 6" ductile iron pipe across Golfview Drive
5. Add 2-2" flange valves and 1-3" flange valve at meters
6. Change 4" water line to 2" domestic water line and 3" fire line
7. Add meter vault approximately 8'x4'x7' in height to house meters and valves
8. Add additional Entex gas line to meet existing location
9. Modify 15" PVC force main tie-in at inlet
10. Regrading and filling of parking lot to new grades which will provide clearance for pipe and inlet
11. Thicken paving headers

All these revisions are in accordance with RWA Request For Pricing Number 11, Items 1.01-1.03, dated April 16,1985.

THE STATE OF TEXAS

COUNTY OF FORT BEND

KNOW ALL MEN BY THESE PRESENTS:

That this lease agreement is made and entered into by and between the Commissioners' Court of Fort Bend County, Texas, (hereinafter referred to as "Lessor") and the Fresno Volunteer Fire Department, Fresno, Texas, (hereinafter referred to as "Lessee") by the terms of which Lessor has let, leased, and demised and by these presents does hereby let, lease, and demise unto the said Lessee all that certain tract or parcel of land lying and being situated in Fort Bend County, Texas, and more particularly described as follows, to-wit:

> The Southwest corner of a 4.95 acre tract of land out of the M. Escalera Survey, Abstract 170, Fort Bend County, Texas, being commonly referred to as the Mustang School property; more specifically, 32 feet to the north from the north wall of the existing building and 150 feet to the east from the northeast corner of the said building;

subject, however, to such use of the grounds or any portion thereof as may be deemed necessary or expedient by Fort Bend County as a precinct facility or county annex facility.

I.

This lease is made for a Twenty-five (25) year period beginning on the 1st day of January, 1985, and ending on the 31st day of December, 2010; provided, however, whenever the above described property is ceased to be used by the Lessee herein, then and thereupon this lease shall be null and void; provided that no temporary cessation, of not longer than six (6) consecutive months, shall be deemed a failure in such respect; and provided, however, that the above described property is annexed by the City of Houston, this lease will automatically terminate when the City of Houston Fire Department services are made available to the Fresno area.

OFFICIAL RECORDS

1685 846

II.

Lessee agrees that it will maintain the premises and keep said premises continually in a neat, clean and respectable condition. That the property in question will be used for a fire house only, located on the southwest corner of the said Mustang School property, and no other part of the property may be used for any purpose without the prior written approval of Fort Bend County. All future improvements and activities conducted on said property by the Fresno Volunteer Fire Department must first meet the requirements of and be approved by the Commissioners' Court of Fort Bend County, Texas.

III.

All utilities for operations of the fire house and the improvements by Lessee shall be independent of Fort Bend County and located on the designated area for the Lessee.

IV.

Lessor agrees that Lessee may remove any building, improvement, and all personal property placed or erected on said leased premises by Lessee at the termination of this lease, or any extension thereof, provided, that the removal of any such property shall be effected before the expiration of said term, or the extension thereof, and all damages caused to said premises by such removal shall be repaired by Lessee on or before the expiration date.

V.

Lessee has in the past and desires, in the future, to hold certain annual activities for the purpose of fund-raising. Due to County policies, liabilities and insurance, before Lessee will hold any such activity, it must first receive permission in writing from the County Commissioner in whose precinct the said

property is located at least two weeks in advance of such activity.

VI.

Lessee has, at Lessee's expense, made improvements on the above stated property at no cost to Lessor, and further, Lessee intends to make additional improvements on said property at no cost to Lessor. Therefore, in consideration of the improvements made to said property and the services that the Fresno Volunteer Fire Department provides the citizens in the Fresno, Fort Bend County, Texas, area, the rent on said property will be One Dollar ($1.00) per year in advance during the term of this lease.

Commissioners Court
Fort Bend County Courthouse
Richmond, Texas 77469

Dear Sirs:

Our records indicate that your Veterans County Service Officer, Patrick R. Conrad, was appointed some time ago, and has not yet participated in a training session conducted by our Commission in accordance with State laws. Such special training is necessary in order to certify that a County Service Officer meets all of the statutory requirements of the law. We believe you will agree that a certain amount of formal training will, in most instances, enable a person to perform his or her duties more competently.

We are planning a training session for County Service Officers, and would like for your officer to attend if at all possible. This session will be held June 18-20, 1985, at the E. O. Thompson Building, Rm. 105, 10th and Colorado Street, Austin, Texas. The sessions will be from 9:00 a.m. to 5:00 p.m. on each of these days. During this seminar, we will be discussing in detail the duties and responsibilities of the Veterans County Service Officer, the many veterans benefits programs with which he or she must be familiar, and how to file claims and applications for benefits under the various State and Federal laws.

Even though your Service Officer may have been on the job for several months, we believe this training session will be of great interest and value to him or her. The knowledge which will be provided during the training should increase his or her ability to cope with the large number of veterans and their dependents and survivors who come seeking assistance.

Under a State law enacted by the 67th Texas Legislature in 1981, our Commission is now authorized to pay the travel and per diem expenses necessary for newly appointed County Service Officers to report for our scheduled training classes held for their benefit. If the Commissioners Court will approve the absence of the Service Officer for the period mentioned above, plus the required travel time, our office will provide reimbursement to the individual for his or her expenses. There are some limitations, however, on the amounts that can be paid, and we will provide your Service Officer with full information covering the expense account when we are informed of the approval for him or her to attend our training session. Our authorization to pay the expenses for your Service Officer applies only to this initial period of training following appointment. We trust that the counties will continue to authorize the Service Officers to attend the regularly scheduled conferences held for their benefit each Spring (3 days) and each Fall (5 days).

SESQUICENTENNIAL

Celebrating One Hundred and Fifty Years—1836-1986

Please give this matter your earliest possible attention, and see that we are are informed whether your Service Officer will be participating in the training session in Austin, as we must determine the number who will attend.

Please let us hear from you or your Service Officer as soon as possible, so we will know whether he or she will be among those to undergo the training planned for June 18-20, 1985.

Sincerely yours,

AUBREY L. BULLARD
Executive Director

Mr. Richard Selleh

Fort Bend County
P.O. Box 326

Dear Richard,

It is good news that your classification and pay project is going well. I hope the project moves to a smooth and successful conclusion. I will stay in touch with you and provide any assistance I can based the experience I have had with the same type of project.

As we agreed, after I left Rice Center, I continued as a consultant to you on the consultant selection process. You indicated that I should not spend time in excess of a $1,500 ceiling. Since the time I had planned to use working with you on the contract was not required, the invoice is well within the ceiling you established.

The meetings required to conclude the RFP, analysis of the 11 proposals received and the meetings required to move the process to a contract award by the Commissioners Court required 25 hours of work. The rate we agreed to for this work was $50 per hour and was to include all related expenses (such as transporation and computer rental).

Therefore, please consider this letter an invoice for $1,250 for the services provided. The payment should be made to:

Lawrence D. Hughes
1835 Bissonnet
Houston, TX 77005

I enjoyed working with you, Judge Stavinoah, and your staff. If things work out as I hope they might, we might get to be neighbors soon.

Sincerely yours,

Lawrence D. Hughes

AGREEMENT BETWEEN FORT BEND COUNTY, TEXAS
AND COOPERS & LYBRAND

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

This contract and agreement made and entered into by and between FORT BEND COUNTY, a body corporate and politic under the laws of the State of Texas, hereinafter sometimes referred to as "County" and COOPERS & LYBRAND, 1999 Bryan Street, Dallas, Texas 75201.

WITNESSETH

WHEREAS, the County is desirous of obtaining the personal services of a consultant to develop an employees' Classification and Compensation Plan for Fort Bend County, Texas;

WHEREAS, Coopers & Lybrand is willing to provide the above mentioned personal service for Fort Bend County, Texas; and

WHEREAS, the Commissioners' Court of Fort Bend County, Texas, after due deliberation and consideration, has awarded the contract to Coopers & Lybrand for such personal services;

NOW, THEREFORE, in consideration of the mutual covenants, agreements and benefits to both parties herein named, it is agreed as follows:

I.

Coopers & Lybrand agrees to perform the services as requested in Fort Bend County's proposal dated March 4, 1985 and detailed in Coopers & Lybrand's proposal March 22, 1985. The fees for Coopers & Lybrand will conform to its letter dated April 15, 1985, not to exceed $55,000.00, all of which has been approved by the Commissioners' Court of Fort Bend County, Texas, in session on April 22, 1985.

County's request for proposal, Coopers & Lybrand's preliminary investigation of the work to be done, Coopers & Lybrand's experience in performing such work, and the assumption that County department heads and employees will cooperate with the consultants assigned to the project. Further, Coopers & Lybrand's fees reflect the fact that a County Job Analyst will be assigned essentially full time to the project. It is understood and agreed by all parties that Fort Bend County will not be responsible for any additional work or fees to Coopers & Lybrand unless the same are agreed to and approved by Commissioners' Court at a regular or special session.

VII.

It is understood and agreed that Coopers & Lybrand will submit monthly invoices to the County for the costs incurred during the prior billing period. These invoices will be submitted through Mr. Richard Selleh for his review and initial approval, but it is understood and agreed that the final approval must be made by Commissioners' Court of Fort Bend County. The invoices will include a summary of services provided during the billing period. Coopers & Lybrand's initial invoice will be forwarded in late June for the period April 29, 1985 through May 31, 1985.

VIII.

In the unlikely event that the County decides to end the project prior to full completion, all Coopers & Lybrand fees and expenses through the mutually agreed upon project ending date would be due and payable at that time.

It is understood and agreed by all parties that the above stated referenced materials, including the proposal by Coopers & Lybrand for classification and compensation plan development, a copy of which is attached hereto and made a part hereof for all purposes, is a full and complete agreement.

IX.

The effective date of this agreement is April 29, 1985, and will continue thereafter until the project is fully and finally completed.

The foregoing constitutes the entire agreement of the parties regarding the subject matter hereof and there are no oral or parole provisions to this agreement.

WITNESS the hands of the parties hereto this the 3rd day of July, 1985.

Dear Judge Stavinoha:

It has been suggested that there should be a letter of understanding signed between the four effected governmental units concerning the Willow Waterhole Regional Drainage Plan.

Attached is a copy of a proposed letter of understanding as prepared by our City Attorney. If you have suggested changes, please let me know so that corrected letters can be furnished to each governmental unit.

The general subject of agreement to a letter of understanding is on the City Council agenda for Missouri City on Monday, May 20, 1985.

LETTER OF UNDERSTANDING

Upper Willow Waterhole Regional Drainage Plan
Harris County Flood Control Units D140-00-00 and D140-04-01

changed to cooperation. B

It is mutually agreed among the undersigned entities that a cooperation effort in implementing the Upper Willow Waterhole Regional Drainage Plan will result in long term benefits for the communities involved. The objective of the Plan is to maximize discharge from Upper Willow Waterhole without increasing flow rates downstream where house flooding has occurred.

The Harris County Flood Control District has determined the allowable discharge on D140-00-00 (Channel C) and D140-04-01 (Channels A and B) at Haralson Road which will satisfy these objectives. The permitted peak discharge at Haralson Road on D140-00-00 (Channel C) is 300 cfs. The permitted peak discharge at Haralson Road on D140-04-01 (Channels A and B) is 1100 cfs.

0027 THE STATE OF TEXAS

COUNTY OF FORT BEND

INTERLOCAL AGREEMENT BETWEEN
THE FORT BEND COUNTY DRAINAGE DISTRICT AND
THE CITY OF MISSOURI CITY

This interlocal agreement is entered into between the Fort Bend County Drainage District, hereinafter referred to as "Drainage District" and the City of Missouri City, hereinafter referred to as "City".

WHEREAS, the City desires that the Drainage District assist in the maintenance, repair and construction of drainage within the corporate limits of City;

WHEREAS, the governing body of the City has duly authorized this agreement;

WHEREAS, the Drainage District desires to assist the City in the maintenance, repair and construction of drainage within the corporate limits of said City;

WHEREAS, the governing body of said Drainage District has duly authorized this agreement; and,

WHEREAS, this agreement is made pursuant to and under the provisions of Article 4413 (32c), Vernon's Texas Civil Statutes.

NOW, THEREFORE, the Drainage District and City mutually agree as follows:

1. The Drainage District may repair, maintain and/or construct drainage within the corporate limits of City upon written notice by the Mayor of City to the County Commissioner within whose precinct said drainage is located.

2. The letter from the Mayor of City shall set forth the following:

   a. Describe in detail the drainage the City desires the Drainage District's assistance in and describe in detail the work the City desires the Drainage District to perform.

b. The approximate time the City desires the Drainage District to commence and the approximate time the City desires the Drainage District to complete the work.

c. That the City has current revenue funds available to pay the Drainage District for any and all materials used pursuant to the request.

d. The City agrees to pay for any and all materials used by the Drainage District pertaining to the request.

3. Upon receipt of such written request, the County Commissioner, within whose precinct the said drainage is located, will review and consider the request and review same with the Manager of the Drainage District, and if equipment and man-power are available, and the use of same will not interfere or interrupt normal construction and maintenance of Fort Bend County drainage, the Drainage District may make arrangements to assist the City, provided, however, it is expressly understood and agreed between the parties that such assistance shall be at the sole discretion of the County.

4. Once the terms as provided in Paragraph 3 are consummated, the Drainage District agrees to furnish all necessary equipment and labor, at no cost to the City, necessary for the repairs, maintenance, and/or construction of drainage made the subject of such conditions.

5. The City agrees to indemnify and hold the Drainage District harmless with respect to any claim, demand or suit commencing during the time of the Drainage District's performing the necessary task of repair, maintenance, and/or construction of said drainage. Notwithstanding any of the above provisions if it is determined that Fort Bend County Drainage District is solely negligent with regard to any claim, demand or suit arising out of the aforementioned project, Fort Bend County Drainage District will hold the City harmless and indemnify the City from all costs incurred.

6. The City agrees to indemnify and hold the Drainage District harmless with respect to any claim, demand or suit arising after the repair, maintenance, and/or construction is completed on said drainage.

00440

7. It is expressly understood and agreed that this agreement may be terminated at any time by either party upon thirty (30) days written notice.

8. It is expressly understood and agreed that this Agreement automatically terminates on the 31st day of December, 1985, and must be renewed annually thereafter.

9. It is expressly understood and agreed by the parties hereto that this Agreement will have no force or effect until duly executed by all parties as provided herein below.

Dear Ms. Lower:

Re: Fort Bend County Drainage District's activities on, along, or near streams of Fort Bend County, Texas (DE8505002)

This is in response to your May 9, 1985, letter concerning the referenced subject. We have reviewed this matter with regard to Texas Department of Water Resources authority under Section 16.236, V.A.C.S., of the Texas Water Code.

TDWR does not know who or what funds are being used to undertake the activities described in your letter. The Department has not received any Application for Approval of Reclamation Project from the Fort Bend County Drainage District for channel modifications described in your letter. This activity appears to require permits from the U.S. Army Corps of Engineers, the Texas Parks and Wildlife Department, and the Texas Water Commission. Sections 11.086 and 16.236, V.A.C.S., of the Texas Water Code provide redress to adjacent property owners and political entities who may be affected or potentially affected by the effect of the project.

As soon as scheduling allows, Don Andrews of our Engineering and Technical Services Section will notify you and conduct an on-site inspection of the area in concern. Meanwhile, should you have any questions, please do not hesitate to contact us.

Sincerely,

Tommy Knowles, PhD, P.E.

Faithful Performance Blanket Position Bond Coverage

4. Loss caused to the Insured through the failure of any of the Employees, acting alone or in collusion with others, to perform faithfully his duties or to account properly for all monies and property received by virtue of his position or employment during the Bond Period, the amount of indemnity on each of such Employees being the amount stated in the Table of Limits of Liability applicable to this Insuring Agreement 4.

GENERAL AGREEMENT

Loss Under Prior Bond

If the coverage of an Insuring Agreement of this Bond is substituted for any prior bond carried by the Insured or by any predecessor in interest of the Insured which prior bond is terminated, canceled or allowed to expire as of the time of such substitution, the Surety agrees that such Insuring Agreement applies to loss sustained by, or caused to, the Insured, as the case may be, prior to or during the Bond Period, provided that such loss is discovered after the beginning of the Bond Period and prior to the expiration of three years from the cancelation of this Bond as an entirety and that such loss would have been recoverable by the Insured or such predecessor under such prior bond except for the fact that the time within which to bring suit, action or proceeding of any kind thereunder had expired, and provided further:

(1) the indemnity afforded by this General Agreement shall be a part of and not in addition to the amount of coverage afforded by the applicable Insuring Agreement of this Bond; and

(2) such loss would have been covered under such Insuring Agreement had such Insuring Agreement with its agreements, conditions and limitations as of the time of such substitution been in force when the acts or defaults causing such loss were committed; and

(3) recovery under such Insuring Agreement on account of such loss shall in no event exceed the amount which would have been recoverable under such Insuring Agreement in the amount for which it is written as of the time of such substitution, had such Insuring Agreement been in force when such acts or defaults were committed, or the amount which would have been recoverable under such prior bond had such prior bond continued in force until the discovery of such loss if the latter amount be smaller.

00448

0027

THE FOREGOING INSURING AGREEMENTS AND GENERAL AGREEMENT ARE SUBJECT TO THE FOLLOWING CONDITIONS AND LIMITATIONS:

DEFINITIONS

Section 1. The following terms, as used in this Bond, shall have the respective meanings stated in this Section:

"Employee" as used in Insuring Agreements 1 and 2 means a person while in the employ of the Insured during the Bond Period who is not required by law to give bond conditioned for the faithful performance of his duties and who is a member of the staff or personnel of the Insured but does not mean the Treasurer or Tax Collector, by whatever title known, of the Insured.

"Employee" as used in Insuring Agreements 3 and 4 means a person while in the employ of the Insured during the Bond Period who is not required by law to furnish an Individual Bond to qualify for office and who is a member of the staff or personnel of the Insured but does not mean any Treasurer or Tax Collector by whatever title known.

STUDENT ACTIVITIES

When this bond is written for a Public School System, "Employee" as above defined shall also be deemed to include any student enrolled in a school under the jurisdiction of the Insured while handling or having possession of property or funds in connection with student activities or while handling or having possession of U. S. Savings Bonds or Stamps or funds in connection with the purchase or sale of such Bonds or Stamps.

Any loss of such property, funds, Bonds or Stamps through any act or default covered by this Bond and committed by any Employee shall be deemed to be a loss sustained by the Insured under this Bond, whether or not the Insured is legally liable therefor.

UNIDENTIFIABLE EMPLOYEE

Section 2. In case a loss is alleged to have been caused to the Insured through acts or defaults by an Employee covered under an applicable Insuring Agreement of this Bond, while such Insuring Agreement is in full force and effect and the Insured shall be unable to designate the specific Employee causing such loss, the Insured shall nevertheless have the benefit of such Insuring Agreement provided that the evidence submitted reasonably establishes that the loss was in fact caused by such Employee through such acts or defaults and provided, further, that regardless of the number of such Employees concerned or implicated in such loss, the aggregate liability of the Surety for any such loss shall not exceed the amount stated in Item 4 of the Declarations applicable to such Insuring Agreement.

EXCLUSION

Section 3. This Bond does not cover any loss sustained by, or caused to, the Insured under circumstances whereby and to the amount which the Obligee or the Insured voluntarily undertakes or is obligated by law to exonerate or indemnify any of the Employees against liability incurred by them in the performance of their duties.

LIMITS OF LIABILITY

Section 4. Indemnification by the Surety for any loss under Insuring Agreement 1 or 3 shall not reduce the Surety's liability for other losses under the applicable Insuring Agreement, whenever sustained; provided, however, that the Surety's total liability under each such Insuring Agreement for any loss caused by any Employee or in which such Employee is concerned or implicated is limited to the applicable amount of indemnity specified in the Table of Limits of Liability.

Indemnification by the Surety for any loss under Insuring Agreement 2 or 4 shall not reduce the Surety's liability for other losses under the applicable Insuring Agreement, whenever sustained; provided, however, the Surety's total liability under each such Insuring Agreement as to each Employee is limited to the applicable amount of indemnity specified in the Table of Limits of Liability.

Regardless of the number of years this Bond shall continue in force and the number of premiums which shall be payable or paid, the limit of the Surety's liability as specified in the Table of Limits of Liability shall not be cumulative from year to year or period to period.

LIMIT OF LIABILITY UNDER THIS BOND AND ANY PRIOR BOND

Section 5. With respect to loss under Insuring Agreement 1 or 3 caused by any Employee or in which such Employee is concerned or implicated or which is chargeable to such Employee as provided in Section 2 of this Bond and with respect to loss under Insuring Agreement 2 or 4 caused by any Employee or which is chargeable to such Employee as provided in Section 2 of this Bond and with respect to loss under any Insuring Agreement which occurs partly during the Bond Period and partly during the period of other bonds issued by the Surety to the Insured or to any predecessor in interest of the Insured and terminated or canceled or allowed to expire and in which the period specified therein for bringing suit, action or proceeding of any kind, or if no such period is specified therein, then within the period prescribed by the applicable statute of limitations, has not expired at the time such loss thereunder is discovered, the total liability of the Surety under this Bond and under such other bonds shall not exceed, in the aggregate, the amount carried under the applicable Insuring Agreement of this Bond on such loss or the amount available to the Insured under such other bonds, as limited by the terms and conditions thereof, for any such loss if the latter amount be larger.

CANCELATION

Section 6. This Bond shall be deemed canceled as to any Employee:

(a) Immediately upon discovery by the Obligee or the Insured of any act on the part of such Employee which would constitute a liability of the Surety under the applicable Insuring Agreement covering such Employee;

(b) Upon the death, resignation or removal of such Employee; or

(c) At 12 o'clock night upon the effective date specified in a written notice mailed to the Obligee and the Insured. Such date shall be not less than thirty days after the date of mailing. The mailing by the Surety of notice as aforesaid to the Obligee and the Insured shall be sufficient proof of notice. Delivery of such written notice by the Surety shall be equivalent to mailing.

This Bond may be canceled by the Obligee or the Insured by mailing to the Surety written notice stating when thereafter the cancelation shall be effective. This Bond may be canceled by the Surety by mailing to the Obligee and the Insured written notice stating when, not less than thirty days thereafter, such cancelation shall be effective. The mailing of notice as aforesaid shall be sufficient proof of notice. Delivery of such written notice either by the Obligee or the Insured or by the Surety shall be equivalent to mailing. If the Obligee or the Insured cancels, earned premium shall be computed in accordance with the customary short rate table and procedure. If the Surety cancels, earned premium shall be computed pro rata. Premium adjustments may be made at the time cancelation is effective or as soon as practicable after cancelation becomes effective, but payment or tender of unearned premium is not a condition of cancelation.

If any of the cancelation provisions set forth in either or both of the foregoing paragraphs of this Section are prohibited or made void by any law controlling the construction of this Bond, such provisions to the extent they are so prohibited or made void shall be deemed to be nullified and of no effect.

LEGAL PROCEEDINGS

Section 7. No suit, action or proceeding of any kind to recover on account of loss under this Bond shall be brought after the expiration of three years from the cancelation of this Bond as an entirety provided, however, that if such limitation for bringing suit, action or proceeding is prohibited or made void by any law controlling the construction of this Bond, such limitation shall be deemed to be amended so as to be equal to the minimum period of the limitation permitted by such law.

NO. 49,937

FORT BEND COUNTY, TEXAS	§	IN THE DISTRICT COURT
VS.	§	OF FORT BEND COUNTY, TEXAS
R. L. "TINY" GASTON	§	240th JUDICIAL DISTRICT

FINAL JUDGMENT

On this 23rd day of May, 1985, came on to be heard Plaintiff's Original Petition, Plaintiff's Request for Temporary Restraining Order, Temporary Injunction, and Writ of Sequestration.

Petitioner, FORT BEND COUNTY, appeared in person and by and through its attorney of record. Respondent, R. L. "TINY" GASTON, appeared in person and by and through his attorney of record.

The Court, having determined that it had jurisdiction of the subject matter and parties of this lawsuit, and having heard the evidence and arguments of counsel, the Court finds that the Petitioner is the owner of one (1) Air Stream Travel Trailer, the object and subject of this lawsuit, and that Petitioner is entitled to possession of same by virtue of said ownership. The Court further finds that the Respondent has executed a release of possession of the said travel trailer to Petitioner on April 24, 1985, and that Petitioner is now in possession of same and has been in possession at all times subsequent to said letter. The Court further finds that the original forfeiture of said Air Stream travel trailer was granted in Cause No. AD-1-5C, the State of Texas vs. James Stanley in the Justice Court, Precinct Number 2 of Fort Bend County, Texas, on September 9, 1983. The Court further finds that the said Air Stream trailer was confiscated by the Sheriff's Department of Fort Bend County, Texas, and the same should be used by said Department for law enforcement purposes only. The Court further finds that in the event that the same should be sold at a public sale, the proceeds of said sale should be used by the Fort Bend County Sheriff's Department for the benefit of the Fort Bend County Law Enforcement Academy.

WHEREFORE, PREMISES CONSIDERED, it is ORDERED, ADJUDGED and DECREED that the title and possession of the above stated Air Stream travel trailer be (and the same shall vest) vested in Fort Bend County, Texas.

It is further ORDERED, ADJUDGED and DECREED that the benefit and use of the said Air Stream travel trailer shall vest in and be used by the Fort Bend County Sheriff's Department for law enforcement purposes only, and in the event that the same should be sold at a public sale, all proceeds from such sale shall be used by the Fort Bend County Sheriff's Department for the benefit of the said Department's Law Enforcement Academy.

It is further ORDERED, ADJUDGED and DECREED that the Defendant, R. L. "TINY" GASTON, has no rights, titles or interest in the above stated Air Stream travel trailer, and it is further ORDERED and DECREED that the said Defendant is not entitled to any income, revenues, rents or any other monetary enumeration by virtue of the said Air Stream travel trailer being parked on his property.

It is further ORDERED, ADJUDGED and DECREED that cost of Court shall be paid by the parties incurring the same.

SIGNED this 23rd day of May, 1985.

TERMS AND CONDITIONS OF AGREEMENT BETWEEN OWNER AND ARCHITECT

002

ARTICLE 1

ARCHITECT'S SERVICES AND RESPONSIBILITIES

BASIC SERVICES

The Architect's Basic Services consist of the five phases described in Paragraphs 1.1 through 1.5 and include normal structural, mechanical and electrical engineering services and any other services included in Article 15 as part of Basic Services.

1.1 SCHEMATIC DESIGN PHASE

1.1.1 The Architect shall review the program furnished by the Owner to ascertain the requirements of the Project and shall review the understanding of such requirements with the Owner.

1.1.2 The Architect shall provide a preliminary evaluation of the program and the Project budget requirements, each in terms of the other, subject to the limitations set forth in Subparagraph 3.2.1.

1.1.3 The Architect shall review with the Owner alternative approaches to design and construction of the Project.

1.1.4 Based on the mutually agreed upon program and Project budget requirements, the Architect shall prepare, for approval by the Owner, Schematic Design Documents consisting of drawings and other documents illustrating the scale and relationship of Project components.

1.1.5 The Architect shall submit to the Owner a Statement of Probable Construction Cost based on current area, volume or other unit costs.

1.2 DESIGN DEVELOPMENT PHASE

1.2.1 Based on the approved Schematic Design Documents and any adjustments authorized by the Owner in the program or Project budget, the Architect shall prepare, for approval by the Owner, Design Development Documents consisting of drawings and other documents to fix and describe the size and character of the entire Project as to architectural, structural, mechanical and electrical systems, materials and such other elements as may be appropriate.

1.2.2 The Architect shall submit to the Owner a further Statement of Probable Construction Cost.

1.3 CONSTRUCTION DOCUMENTS PHASE

1.3.1 Based on the approved Design Development Documents and any further adjustments in the scope or quality of the Project or in the Project budget authorized by the Owner, the Architect shall prepare, for approval by the Owner, Construction Documents consisting of Drawings and Specifications setting forth in detail the requirements for the construction of the Project.

1.3.2 The Architect shall assist the Owner in the preparation of the necessary bidding information, bidding forms, the Conditions of the Contract, and the form of Agreement between the Owner and the Contractor.

1.3.3 The Architect shall advise the Owner of any adjustments to previous Statements of Probable Construction Cost indicated by changes in requirements or general market conditions.

1.3.4 The Architect shall assist the Owner in connection with the Owner's responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project.

1.4 BIDDING OR NEGOTIATION PHASE

1.4.1 The Architect, following the Owner's approval of the Construction Documents and of the latest Statement of Probable Construction Cost, shall assist the Owner in obtaining bids or negotiated proposals, and assist in awarding and preparing contracts for construction.

1.5 CONSTRUCTION PHASE—ADMINISTRATION OF THE CONSTRUCTION CONTRACT

1.5.1 The Construction Phase will commence with the award of the Contract for Construction and, together with the Architect's obligation to provide Basic Services under this Agreement, will terminate when final payment to the Contractor is due, or in the absence of a final Certificate for Payment or of such due date, sixty days after the Date of Substantial Completion of the Work, whichever occurs first.

1.5.2 Unless otherwise provided in this Agreement and incorporated in the Contract Documents, the Architect shall provide administration of the Contract for Construction as set forth below and in the edition of AIA Document A201, General Conditions of the Contract for Construction, current as of the date of this Agreement.

1.5.3 The Architect shall be a representative of the Owner during the Construction Phase, and shall advise and consult with the Owner. Instructions to the Contractor shall be forwarded through the Architect. The Architect shall have authority to act on behalf of the Owner only to the extent provided in the Contract Documents unless otherwise modified by written instrument in accordance with Subparagraph 1.5.16.

1.5.4 The Architect shall visit the site at intervals appropriate to the stage of construction or as otherwise agreed by the Architect in writing to become generally familiar with the progress and quality of the Work and to determine in general if the Work is proceeding in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of such on-site observations as an architect, the Architect shall keep the Owner informed of the progress and quality of the Work, and shall endeavor to guard the Owner against defects and deficiencies in the Work of the Contractor.

1.5.5 The Architect shall not have control or charge of and shall not be responsible for construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, for the acts or omissions of the Contractor, Sub-

contractors or any other persons performing any of the Work, or for the failure of any of them to carry out the Work in accordance with the Contract Documents.

1.5.6 The Architect shall at all times have access to the Work wherever it is in preparation or progress.

1.5.7 The Architect shall determine the amounts owing to the Contractor based on observations at the site and on evaluations of the Contractor's Applications for Payment, and shall issue Certificates for Payment in such amounts, as provided in the Contract Documents.

1.5.8 The issuance of a Certificate for Payment shall constitute a representation by the Architect to the Owner, based on the Architect's observations at the site as provided in Subparagraph 1.5.4 and on the data comprising the Contractor's Application for Payment, that the Work has progressed to the point indicated; that, to the best of the Architect's knowledge, information and belief, the quality of the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in the Certificate for Payment); and that the Contractor is entitled to payment in the amount certified. However, the issuance of a Certificate for Payment shall not be a representation that the Architect has made any examination to ascertain how and for what purpose the Contractor has used the moneys paid on account of the Contract Sum.

1.5.9 The Architect shall be the interpreter of the requirements of the Contract Documents and the judge of the performance thereunder by both the Owner and Contractor. The Architect shall render interpretations necessary for the proper execution or progress of the Work with reasonable promptness on written request of either the Owner or the Contractor, and shall render written decisions, within a reasonable time, on all claims, disputes and other matters in question between the Owner and the Contractor relating to the execution or progress of the Work or the interpretation of the Contract Documents.

1.5.10 Interpretations and decisions of the Architect shall be consistent with the intent of and reasonably inferable from the Contract Documents and shall be in written or graphic form. In the capacity of interpreter and judge, the Architect shall endeavor to secure faithful performance by both the Owner and the Contractor, shall not show partiality to either, and shall not be liable for the result of any interpretation or decision rendered in good faith in such capacity.

1.5.11 The Architect's decisions in matters relating to artistic effect shall be final if consistent with the intent of the Contract Documents. The Architect's decisions on any other claims, disputes or other matters, including those in question between the Owner and the Contractor, shall be subject to arbitration as provided in this Agreement and in the Contract Documents.

1.5.12 The Architect shall have authority to reject Work which does not conform to the Contract Documents. Whenever, in the Architect's reasonable opinion, it is necessary or advisable for the implementation of the intent of the Contract Documents, the Architect will have authority to require special inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not such Work be then fabricated, installed or completed.

1.5.13 The Architect shall review and approve or take other appropriate action upon the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for conformance with the design concept of the Work and with the information given in the Contract Documents. Such action shall be taken with reasonable promptness so as to cause no delay. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

1.5.14 The Architect shall prepare Change Orders for the Owner's approval and execution in accordance with the Contract Documents, and shall have authority to order minor changes in the Work not involving an adjustment in the Contract Sum or an extension of the Contract Time which are not inconsistent with the intent of the Contract Documents.

1.5.15 The Architect shall conduct inspections to determine the Dates of Substantial Completion and final completion, shall receive and forward to the Owner for the Owner's review written warranties and related documents required by the Contract Documents and assembled by the Contractor, and shall issue a final Certificate for Payment.

1.5.16 The extent of the duties, responsibilities and limitations of authority of the Architect as the Owner's representative during construction shall not be modified or extended without written consent of the Owner, the Contractor and the Architect.

1.6 PROJECT REPRESENTATION BEYOND BASIC SERVICES

1.6.1 If the Owner and Architect agree that more extensive representation at the site than is described in Paragraph 1.5 shall be provided, the Architect shall provide one or more Project Representatives to assist the Architect in carrying out such responsibilities at the site.

1.6.2 Such Project Representatives shall be selected, employed and directed by the Architect, and the Architect shall be compensated therefor as mutually agreed between the Owner and the Architect as set forth in an exhibit appended to this Agreement, which shall describe the duties, responsibilities and limitations of authority of such Project Representatives.

1.6.3 Through the observations by such Project Representatives, the Architect shall endeavor to provide further protection for the Owner against defects and deficiencies in the Work, but the furnishing of such project representation shall not modify the rights, responsibilities or obligations of the Architect as described in Paragraph 1.5.

1.7 ADDITIONAL SERVICES

The following Services are not included in Basic Services unless so identified in Article 15. They shall be provided if authorized or confirmed in writing by the Owner, and they shall be paid for by the Owner as provided in this Agreement, in addition to the compensation for Basic Services.

1.7.1 Providing analyses of the Owner's needs, and programming the requirements of the Project.

1.7.2 Providing financial feasibility or other special studies.

1.7.3 Providing planning surveys, site evaluations, environmental studies or comparative studies of prospective sites, and preparing special surveys, studies and submissions required for approvals of governmental authorities or others having jurisdiction over the Project.

1.7.4 Providing services relative to future facilities, systems and equipment which are not intended to be constructed during the Construction Phase.

1.7.5 Providing services to investigate existing conditions or facilities or to make measured drawings thereof, or to verify the accuracy of drawings or other information furnished by the Owner.

1.7.6 Preparing documents of alternate, separate or sequential bids or providing extra services in connection with bidding, negotiation or construction prior to the completion of the Construction Documents Phase, when requested by the Owner.

1.7.7 Providing coordination of Work performed by separate contractors or by the Owner's own forces

1.7.8 Providing services in connection with the work of a construction manager or separate consultants retained by the Owner.

1.7.9 Providing Detailed Estimates of Construction Cost, analyses of owning and operating costs, or detailed quantity surveys or inventories of material, equipment and labor.

1.7.10 Providing interior design and other similar services required for or in connection with the selection, procurement or installation of furniture, furnishings and related equipment.

1.7.11 Providing services for planning tenant or rental spaces.

1.7.12 Making revisions in Drawings, Specifications or other documents when such revisions are inconsistent with written approvals or instructions previously given, are required by the enactment or revision of codes, laws or regulations subsequent to the preparation of such documents or are due to other causes not solely within the control of the Architect.

1.7.13 Preparing Drawings, Specifications and supporting data and providing other services in connection with Change Orders to the extent that the adjustment in the Basic Compensation resulting from the adjusted Construction Cost is not commensurate with the services required of the Architect, provided such Change Orders are required by causes not solely within the control of the Architect.

1.7.14 Making investigations, surveys, valuations, inventories or detailed appraisals of existing facilities, and services required in connection with construction performed by the Owner.

1.7.15 Providing consultation concerning replacement of any Work damaged by fire or other cause during construction, and furnishing services as may be required in connection with the replacement of such Work.

1.7.16 Providing services made necessary by the default of the Contractor, or by major defects or deficiencies in the Work of the Contractor, or by failure of performance of either the Owner or Contractor under the Contract for Construction.

1.7.17 Preparing a set of reproducible record drawings showing significant changes in the Work made during construction based on marked-up prints, drawings and other data furnished by the Contractor to the Architect.

1.7.18 Providing extensive assistance in the utilization of any equipment or system such as initial start-up or testing, adjusting and balancing, preparation of operation and maintenance manuals, training personnel for operation and maintenance, and consultation during operation.

1.7.19 Providing services after issuance to the Owner of the final Certificate for Payment, or in the absence of a final Certificate for Payment, more than sixty days after the Date of Substantial Completion of the Work.

1.7.20 Preparing to serve or serving as an expert witness in connection with any public hearing, arbitration proceeding or legal proceeding.

1.7.21 Providing services of consultants for other than the normal architectural, structural, mechanical and electrical engineering services for the Project.

1.7.22 Providing any other services not otherwise included in this Agreement or not customarily furnished in accordance with generally accepted architectural practice.

1.8 TIME

1.8.1 The Architect shall perform Basic and Additional Services as expeditiously as is consistent with professional skill and care and the orderly progress of the Work. Upon request of the Owner, the Architect shall submit for the Owner's approval a schedule for the performance of the Architect's services which shall be adjusted as required as the Project proceeds, and shall include allowances for periods of time required for the Owner's review and approval of submissions and for approvals of authorities having jurisdiction over the Project. This schedule, when approved by the Owner, shall not, except for reasonable cause, be exceeded by the Architect.

ARTICLE 2

THE OWNER'S RESPONSIBILITIES

2.1 The Owner shall provide full information regarding requirements for the Project including a program, which shall set forth the Owner's design objectives, constraints and criteria, including space requirements and relationships, flexibility and expandability, special equipment and systems and site requirements.

2.2 If the Owner provides a budget for the Project it shall include contingencies for bidding, changes in the Work during construction, and other costs which are the responsibility of the Owner, including those described in this Article 2 and in Subparagraph 3.1.2. The Owner shall, at the request of the Architect, provide a statement of funds available for the Project, and their source.

2.3 The Owner shall designate, when necessary, a representative authorized to act in the Owner's behalf with respect to the Project. The Owner or such authorized representative shall examine the documents submitted by the Architect and shall render decisions pertaining thereto promptly, to avoid unreasonable delay in the progress of the Architect's services.

2.4 The Owner shall furnish a legal description and a certified land survey of the site, giving, as applicable, grades and lines of streets, alleys, pavements and adjoining property; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions and complete data pertaining to existing buildings, other improvements and trees; and full information concerning available service and utility lines both public and private, above and below grade, including inverts and depths.

2.5 The Owner shall furnish the services of soil engineers or other consultants when such services are deemed necessary by the Architect. Such services shall include test borings, test pits, soil bearing values, percolation tests, air and water pollution tests, ground corrosion and resistivity tests, including necessary operations for determining subsoil, air and water conditions, with reports and appropriate professional recommendations.

2.6 The Owner shall furnish structural, mechanical, chemical and other laboratory tests, inspections and reports as required by law or the Contract Documents.

2.7 The Owner shall furnish all legal, accounting and insurance counseling services as may be necessary at any time for the Project, including such auditing services as the Owner may require to verify the Contractor's Applications for Payment or to ascertain how or for what purposes the Contractor uses the moneys paid by or on behalf of the Owner.

2.8 The services, information, surveys and reports required by Paragraphs 2.4 through 2.7 inclusive shall be furnished at the Owner's expense, and the Architect shall be entitled to rely upon the accuracy and completeness thereof.

2.9 If the Owner observes or otherwise becomes aware of any fault or defect in the Project or nonconformance with the Contract Documents, prompt written notice thereof shall be given by the Owner to the Architect.

2.10 The Owner shall furnish required information and services and shall render approvals and decisions as expeditiously as necessary for the orderly progress of the Architect's services and of the Work.

ARTICLE 3

CONSTRUCTION COST

3.1 DEFINITION

3.1.1 The Construction Cost shall be the total cost or estimated cost to the Owner of all elements of the Project designed or specified by the Architect.

3.1.2 The Construction Cost shall include at current market rates, including a reasonable allowance for overhead and profit, the cost of labor and materials furnished by the Owner and any equipment which has been designed, specified, selected or specially provided for by the Architect.

3.1.3 Construction Cost does not include the compensation of the Architect and the Architect's consultants, the cost of the land, rights-of-way, or other costs which are the responsibility of the Owner as provided in Article 2.

3.2 RESPONSIBILITY FOR CONSTRUCTION COST

3.2.1 Evaluations of the Owner's Project budget, Statements of Probable Construction Cost and Detailed Estimates of Construction Cost, if any, prepared by the Architect, represent the Architect's best judgment as a design professional familiar with the construction industry. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials or equipment, over the Contractor's methods of determining bid prices, or over competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Project budget proposed, established or approved by the Owner, if any, or from any Statement of Probable Construction Cost or other cost estimate or evaluation prepared by the Architect.

3.2.2 No fixed limit of Construction Cost shall be established as a condition of this Agreement by the furnishing, proposal or establishment of a Project budget under Subparagraph 1.1.2 or Paragraph 2.2 or otherwise, unless such fixed limit has been agreed upon in writing and signed by the parties hereto. If such a fixed limit has been established, the Architect shall be permitted to include contingencies for design, bidding and price escalation, to determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents, to make reasonable adjustments in the scope of the Project and to include in the Contract Documents alternate bids to adjust the Construction Cost to the fixed limit. Any such fixed limit shall be increased in the amount of any increase in the Contract Sum occurring after execution of the Contract for Construction.

3.2.3 If the Bidding or Negotiation Phase has not commenced within three months after the Architect submits the Construction Documents to the Owner, any Project budget or fixed limit of Construction Cost shall be adjusted to reflect any change in the general level of prices in the construction industry between the date of submission of the Construction Documents to the Owner and the date on which proposals are sought.

3.2.4 If a Project budget or fixed limit of Construction Cost (adjusted as provided in Subparagraph 3.2.3) is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall (1) give written approval of an increase in such fixed limit, (2) authorize rebidding or renegotiating of the Project within a reasonable time, (3) if the Project is abandoned, terminate in accordance with Paragraph 10.2, or (4) cooperate in revising the Project scope and quality as required to reduce the Construction Cost. In the case of (4), provided a fixed limit of Construction Cost has been established as a condition of this Agreement, the Architect, without additional charge, shall modify the Drawings and Specifications as necessary to comply

AIA DOCUMENT B141 • OWNER-ARCHITECT AGREEMENT • THIRTEENTH EDITION • JULY 1977 • AIA® • © 1977
THE AMERICAN INSTITUTE OF ARCHITECTS, 1735 NEW YORK AVENUE, N.W., WASHINGTON, D.C. 20006

with the fixed limit. The providing of such service shall be the limit of the Architect's responsibility arising from the establishment of such fixed limit, and having done so, the Architect shall be entitled to compensation for all services performed, in accordance with this Agreement, whether or not the Construction Phase is commenced.

ARTICLE 4

DIRECT PERSONNEL EXPENSE

4.1 Direct Personnel Expense is defined as the direct salaries of all the Architect's personnel engaged on the Project, and the portion of the cost of their mandatory and customary contributions and benefits related thereto, such as employment taxes and other statutory employee benefits, insurance, sick leave, holidays, vacations, pensions and similar contributions and benefits.

ARTICLE 5

REIMBURSABLE EXPENSES

5.1 Reimbursable Expenses are in addition to the Compensation for Basic and Additional Services and include actual expenditures made by the Architect and the Architect's employees and consultants in the interest of the Project for the expenses listed in the following Subparagraphs:

~~**5.1.1** Expense of transportation in connection with the Project; living expenses in connection with out-of-town travel; long distance communications; and fees paid for securing approval of authorities having jurisdiction over the Project.~~

5.1.2 Expense of reproductions, postage and handling of Drawings, Specifications and other documents, excluding reproductions for the office use of the Architect and the Architect's consultants. & 20 sets for construction.

~~**5.1.3** Expense of data processing and photographic production techniques when used in connection with Additional Services.~~

~~**5.1.4** If authorized in advance by the Owner, expense of overtime work requiring higher than regular rates.~~

~~**5.1.5** Expense of renderings, models and mock-ups requested by the Owner.~~

5.1.6 Expense of any additional insurance coverage or limits, including professional liability insurance, requested by the Owner in excess of that normally carried by the Architect and the Architect's consultants.

ARTICLE 6

PAYMENTS TO THE ARCHITECT

6.1 PAYMENTS ON ACCOUNT OF BASIC SERVICES

6.1.1 An initial payment as set forth in Paragraph 14.1 is the minimum payment under this Agreement.

6.1.2 Subsequent payments for Basic Services shall be made monthly and shall be in proportion to services performed within each Phase of services, on the basis set forth in Article 14.

6.1.3 If and to the extent that the Contract Time initially established in the Contract for Construction is exceeded or extended through no fault of the Architect, compensation for any Basic Services required for such extended period of Administration of the Construction Contract shall be computed as set forth in Paragraph 14.4 for Additional Services.

6.1.4 When compensation is based on a percentage of Construction Cost, and any portions of the Project are deleted or otherwise not constructed, compensation for such portions of the Project shall be payable to the extent services are performed on such portions, in accordance with the schedule set forth in Subparagraph 14.2.2, based on (1) the lowest bona fide bid or negotiated proposal or, (2) if no such bid or proposal is received, the most recent Statement of Probable Construction Cost or Detailed Estimate of Construction Cost for such portions of the Project.

6.2 PAYMENTS ON ACCOUNT OF ADDITIONAL SERVICES

6.2.1 Payments on account of the Architect's Additional Services as defined in Paragraph 1.7 and for Reimbursable Expenses as defined in Article 5 shall be made monthly upon presentation of the Architect's statement of services rendered or expenses incurred.

6.3 PAYMENTS WITHHELD

6.3.1 No deductions shall be made from the Architect's compensation on account of penalty, liquidated damages or other sums withheld from payments to contractors, or on account of the cost of changes in the Work other than those for which the Architect is held legally liable.

6.4 PROJECT SUSPENSION OR TERMINATION

6.4.1 If the Project is suspended or abandoned in whole or in part for more than three months, the Architect shall be compensated for all services performed prior to receipt of written notice from the Owner of such suspension or abandonment, together with Reimbursable Expenses then due and all Termination Expenses as defined in Paragraph 10.4. If the Project is resumed after being suspended for more than three months, the Architect's compensation shall be equitably adjusted.

ARTICLE 7

ARCHITECT'S ACCOUNTING RECORDS

7.1 Records of Reimbursable Expenses and expenses pertaining to Additional Services and services performed on the basis of a Multiple of Direct Personnel Expense shall be kept on the basis of generally accepted accounting principles and shall be available to the Owner or the Owner's authorized representative at mutually convenient times.

ARTICLE 8

OWNERSHIP AND USE OF DOCUMENTS

8.1 Drawings and Specifications as instruments of service are and shall remain the property of the Architect whether the Project for which they are made is executed or not. The Owner shall be permitted to retain copies, including reproducible copies, of Drawings and Specifications for information and reference in connection with the Owner's use and occupancy of the Project. The Drawings and Specifications shall not be used by the Owner on

other projects, for additions to this Project, or for completion of this Project by others provided the Architect is not in default under this Agreement, except by agreement in writing and with appropriate compensation to the Architect.

8.2 Submission or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the Architect's rights.

ARTICLE 9

ARBITRATION

9.1 All claims, disputes and other matters in question between the parties to this Agreement, arising out of or relating to this Agreement or the breach thereof, shall be decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association then obtaining unless the parties mutually agree otherwise. No arbitration, arising out of or relating to this Agreement, shall include, by consolidation, joinder or in any other manner, any additional person not a party to this Agreement except by written consent containing a specific reference to this Agreement and signed by the Architect, the Owner, and any other person sought to be joined. Any consent to arbitration involving an additional person or persons shall not constitute consent to arbitration of any dispute not described therein or with any person not named or described therein. This Agreement to arbitrate and any agreement to arbitrate with an additional person or persons duly consented to by the parties to this Agreement shall be specifically enforceable under the prevailing arbitration law.

9.2 Notice of the demand for arbitration shall be filed in writing with the other party to this Agreement and with the American Arbitration Association. The demand shall be made within a reasonable time after the claim, dispute or other matter in question has arisen. In no event shall the demand for arbitration be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable statute of limitations.

9.3 The award rendered by the arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

ARTICLE 10

TERMINATION OF AGREEMENT

10.1 This Agreement may be terminated by either party upon seven days' written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination.

10.2 This Agreement may be terminated by the Owner upon at least seven days' written notice to the Architect in the event that the Project is permanently abandoned.

10.3 In the event of termination not the fault of the Architect, the Architect shall be compensated for all services performed to termination date, together with Reimbursable Expenses then due and all Termination Expenses as defined in Paragraph 10.4.

10.4 Termination Expenses include expenses directly attributable to termination for which the Architect is not otherwise compensated, plus an amount computed as a percentage of the total Basic and Additional Compensation earned to the time of termination, as follows:

.1 20 percent if termination occurs during the Schematic Design Phase; or

.2 10 percent if termination occurs during the Design Development Phase; or

.3 5 percent if termination occurs during any subsequent phase.

ARTICLE 11

MISCELLANEOUS PROVISIONS

11.1 Unless otherwise specified, this Agreement shall be governed by the law of the principal place of business of the Architect.

11.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201, General Conditions of the Contract for Construction, current as of the date of this Agreement.

11.3 As between the parties to this Agreement: as to all acts or failures to act by either party to this Agreement, any applicable statute of limitations shall commence to run and any alleged cause of action shall be deemed to have accrued in any and all events not later than the relevant Date of Substantial Completion of the Work, and as to any acts or failures to act occurring after the relevant Date of Substantial Completion, not later than the date of issuance of the final Certificate for Payment.

11.4 The Owner and the Architect waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages covered by any property insurance during construction as set forth in the edition of AIA Document A201, General Conditions, current as of the date of this Agreement. The Owner and the Architect each shall require appropriate similar waivers from their contractors, consultants and agents.

ARTICLE 12

SUCCESSORS AND ASSIGNS

12.1 The Owner and the Architect, respectively, bind themselves, their partners, successors, assigns and legal representatives to the other party to this Agreement and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of this Agreement. Neither the Owner nor the Architect shall assign, sublet or transfer any interest in this Agreement without the written consent of the other.

ARTICLE 13

EXTENT OF AGREEMENT

13.1 This Agreement represents the entire and integrated agreement between the Owner and the Architect and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both Owner and Architect.

S.B. No. 449

AN ACT

relating to the deposit, investment, and management of county funds and to the imposition of certain handling charges involving county funds or funds held in trust by a county or district clerk; imposing certain fees; amending Chapter 467, Acts of the 62nd Legislature, Regular Session, 1971, by amending Section 2 and adding Subsection (h) to Section 4; amending Article 2544, Revised Statutes; amending Section (c) and adding Sections (d) and (e), Article 2549, Revised Statutes; adding Section 4c to Chapter 14, General Laws, Acts of the 41st Legislature, 4th Called Session, 1930 (Articles 1709a, 2544, 2549, and 2558a, Vernon's Texas Civil Statutes); adding Article 3943f to Title 61, Revised Statutes; and repealing Chapter 694, Acts of the 66th Legislature, 1979 (Article 1644f, Vernon's Texas Civil Statutes).

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 2, Chapter 467, Acts of the 62nd Legislature, Regular Session, 1971 (Article 1709a, Vernon's Texas Civil Statutes), is amended to read as follows:

"Section 2. The [~~From and after the effective date of this Act, the~~] County Treasurer in each county of this State shall receive all moneys belonging to the county from whatever source they may be derived. A county officer who receives funds shall deposit them with the County Treasurer or his successor not later than the next regular business day after the day on which the funds are received, but in no event shall deposits be made later than

seven business days after receipt of said funds with the following exception. In counties with a population of under 50,000, the Commissioners Court, at its discretion, may extend the time during which funds shall be deposited with the County Treasurer or his successor, up to 30 days from the time said funds are received. Clarification as to moneys and mode and manner of receipt thereof not inconsistent with existing laws follows:

"(a) All fees, commissions, funds and moneys belonging to the county shall be turned over to the County Treasurer by the officer who collected them in accordance with any applicable procedures prescribed by or under Articles 1656 and 1656a, Revised Civil Statutes of Texas, 1925, or in the case of the County Assessor-Collector, in accordance with the procedures prescribed by or under the Tax Code or other laws[~~;--in-the-manner--prescribed--in Chapter-98;--Acts-of-the-43rd-Legislature;-1933;-as-amended-(Article 1656a;--Vernon's--Texas-Civil-Statutes)~~]. Such deposit of funds in the county treasury shall not in any wise change the ownership of any fund so deposited, except to indemnify said officer and his bondsman or other owners of such funds during the period of deposit with the county.

"(b) All deposits that are made in the county treasury shall be upon deposit warrant issued by the County Clerk in triplicate; said warrants shall authorize the treasurer to receive the amount named, for what purpose, and to which fund the same shall be applied. The treasurer shall retain the original; the duplicate shall be signed and returned to the clerk and the triplicate signed

and returned to the depositor as provided in Article 1657, Revised Civil Statutes of Texas, 1925. In each county of this State having a County Auditor the County Clerk shall give his copy to the auditor, who then shall enter same upon his books as a check and balance, charging the amounts to the County Treasurer and crediting the same to the depositing party.

"(c) The treasurer shall not under any circumstances receive any money in any other manner than that named herein. However, this Act does not affect the authority of a Commissioners Court to adopt an order under Article 1657, Revised Civil Statutes of Texas, 1925, relieving the County Clerk of the duties prescribed by Article 1657. Furthermore,[~~except that~~] in counties of whose population exceeds 1,200,000 the County Clerk is relieved of all duties prescribed by Article 1657, Revised Civil Statutes of Texas, 1925. In [~~such~~] counties with that population the County Treasurer shall prepare a triplicate receipt for all moneys received, retain one copy of the receipt and transmit the original and the duplicate to the county auditor and the depositor respectively, as provided in Chapter 235, Acts of the 60th Legislature, 1967 (Article 1657a, Vernon's Texas Civil Statutes)."

SECTION 2. Section 4, Chapter 467, Acts of the 62nd Legislature, Regular Session, 1971 (Article 1709a, Vernon's Texas Civil Statutes), is amended by adding Subsection (h) to read as follows:

"(h) The County Treasurer, if satisfied that an original check or other order drawn on the county treasury by a proper

authority is lost or destroyed, may issue a duplicate instrument in lieu of the original. However, the duplicate instrument may not be issued until an applicant has filed an affidavit with the County Treasurer stating that the applicant is the true owner of the original instrument and that the original is lost or destroyed. The County Treasurer may require the applicant to execute a bond that is double the amount of the claim. The bond must be executed with two or more good and sufficient sureties, must be made payable to the County Judge, must be notarized, must be approved by the County Treasurer, and must be conditioned that the applicant will hold the county harmless and will return to the County Treasurer upon demand by the County Treasurer the duplicate instrument or the amount of money named in the duplicate, together with all costs that may accrue against the county in collecting the amount.

"After the issuance of the duplicate instrument, if the County Treasurer determines that the duplicate was improperly issued or that the applicant or party to whom the duplicate was issued is not the owner of the original instrument, the County Treasurer shall at once demand the return of the duplicate, if unpaid, or the amount paid out by the county, if the duplicate is paid. On the failure of the party to return the duplicate instrument or the amount of money called for, suit shall be instituted on the bond by the County Treasurer through the office of the County or District Attorney. Venue for the suit is in the county in which the County Treasurer serves."

SECTION 3. Article 2544, Revised Statutes, is amended to

immediately to pay obligations of the county or required to be kept on deposit under the terms of the depository contract[~~,~~] and to

"[~~(2)~~] invest those funds in:

"(1) direct debt securities of the United States; or

"(2) fully collateralized repurchase agreements purchased pursuant to a master contractual agreement which specifies the rights and obligations of both parties and which requires that securities involved in the transaction be held in a safekeeping account subject to the control and custody of the county.

"(d) Investments in security repurchase agreements may be made only with the county depository bank or with state or national banks domiciled in this State.

"(e) In this article 'security repurchase agreement' means a simultaneous agreement to buy, hold for a specified time, and then sell back at a future date any of the following securities, obligations, or participation certificates: United States government securities; direct obligations of the United States; obligations the principal and interest of which are guaranteed by the United States; or direct obligations of, or participation certificates guaranteed by, the Federal Intermediate Credit Banks, Federal Land Banks, Federal National Mortgage Association, Federal Home Loan Banks, or Banks for Cooperatives."

SECTION 5. Chapter 14, General Laws, Acts of the 41st Legislature, 4th Called Session, 1930 (Article 2558a, Vernon's Texas Civil Statutes), is amended by adding Section 4c to read as follows:

read as follows:

"Article 2544. NOTICE TO BANKS. The Commissioners Court of each county is hereby authorized [~~and-required~~] at the February Regular Term [~~thereof-next--following--each--general--election~~] to enter into a contract with any banking corporation, association or individual banker in such county for the depositing of the public funds of such county in such bank or banks. <u>However, the Commissioners Court is required at the February Regular Term next following each general election to enter into such a contract for the depositing of public funds.</u> Notice that such contracts will be made by the Commissioners Court shall be published by and over the name of the County Judge, once each week for at least twenty (20) days before the commencement of such term in some newspaper published in said county; and if no newspaper be published therein, then in any newspaper published in the nearest county. In addition thereto, notice shall be published by posting same at the courthouse door of said county."

SECTION 4. Article 2549, Revised Statutes, as amended, is amended by amending Section (c) and by adding Sections (d) and (e) to read as follows:

"(c) Unless expressly prohibited by law or unless it is in contravention of any depository contract between a county and any depository bank, the Commissioners Court may direct the county treasurer to[~~:~~

"[~~(1)~~] withdraw any amount of funds of the county that are deposited in a county depository and that are not required

Section 4c. (a) To offset the expense of handling District Clerk and County Clerk Trust Funds for the benefit of litigants in civil proceedings, a county may collect from the nonprevailing party in the litigation or from the party the court shall designate a fee of $50.

"(b) Funds collected under this section shall be deposited by the County Treasurer in the General Fund of the county."

SECTION 6. Title 61, Revised Statutes, as amended, is amended by adding Article 3943f to read as follows:

"Article 3943f. OTHER FEES OF COUNTY TREASURER

"Section 1. County treasurers may collect the following fees from the appropriate individuals, firms, corporations, governmental agencies, governmental representatives, or other legal entities:

"(1) for checks presented to a county in payment of any service, fee, claim, registration, fine, or other cost of the county for which the deposited check was returned to the county by the depository bank of the county or by any other bank due to insufficient funds to cover the check, account closed, signature not authorized, drawn on uncollected funds, or for any other reason deemed the fault of the drawer.....$15; or

"(2) for placement of a stop-payment order on each check issued by a county for which the county will directly or indirectly be charged by the depository bank of the county or by any other bank.....$15; or

"(3) for each copy made of a page or part of a page of records, orders, checks, or other papers on file or of record in

the treasurer's office, whether certified or not.....$1.

"Section 2. Funds received under Section 1 of this article shall be deposited in the general fund of the county to the credit of county treasurer fees of office."

SECTION 7. Section 2, Chapter 467, Acts of the 62nd Legislature, Regular Session, 1971 (Article 1709a, Vernon's Texas Civil Statutes), as amended by this Act, applies only to the deposit of funds received by a county officer on or after the effective date of this Act. The deposit of funds received before the effective date of this Act is governed by the law in existence at the time the funds were received. The prior law is continued in effect for this purpose as if this Act were not in force.

SECTION 8. Chapter 694, Acts of the 66th Legislature, 1979 (Article 1644f, Vernon's Texas Civil Statutes), is repealed.

SECTION 9. The importance of this legislation and the crowded condition of the calendars in both houses create an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days in each house be suspended, and this rule is hereby suspended.

FISCAL NOTE

March 14, 1985

Honorable Gary Thompson, Chair

In Re: Senate Bill No. 449,
as engrossed
By: Leedom

Sir:

In response to your request for a Fiscal Note on Senate Bill No. 449, as engrossed (relating to the deposit, investment, and management of county funds and to the imposition of certain handling charges involving county funds or funds held in trust by a county or district clerk) this office has determined the following:

No fiscal implication to the State is anticipated.

The fiscal implication to units of local government cannot be determined but could be significant since counties would have the authority to collect fees for services which they currently perform without compensation.

BILL ANALYSIS

0027

S. B. 449

By: Leedom

PURPOSE: Amends various provisions relating to the deposit, investment, and management of county funds and imposes certain handling charges involving county funds or funds held in trust by a county or district clerk.

SECTION 1

Amends Section 2 of Article 1709a, V.T.C.S., by :

(1) adding language requiring a county officer who receives county funds to deposit them with the County Treasurer not later than the next regular business day after the day on which the funds are received,

(2) adding new langauge to provisions relating to fees, commissions, funds and moneys belonging to the county being turned over to the County Treasurer by the officer who collected them "in accordance with any applicable procedures prescribed by or under Article 1656 and 1656a, REvised Civil Statutes of Texas, 1925, or in the case of the County Assessor-Collector, in accordance with the procedures prescribed by or under the Tax Code or other laws, and

(3) adding the provision that this act does not affect the authority of a Commissioners Court to adopt an order under Article 1657, Revised Civil Statutes of Texas, 1925, relieving the county clerk of the duties prescribed by Article 1657. This last provision does not affect counties with populations in excess of 1,200,000, in which the County Clerk is relieved of all duties prescribed by Article 1657, Revised Statutes.

SECTION 2

Adds a new subsection (h) to Section 4 of Article 1709a, V.T.C.S., which permits the County Treasurer to issue a duplicate instrument to replace lost or destroyed checks or other orders, provided that the applicant for the duplicate instrument has filed an affidavit with the County Treasurer concerning the lost or destroyed original instrument. Also permits the County Treasurer to require the applicant to execute a bond that is double the amount of the claim and sets conditions relating to the bond. Also permits the County Treasurer to institute a suit on the bond through the County or District Attorney, with venue for the cuit in the county in which the Treasurer serves, if the duplicate was improperly issued and if the applicant for the duplicate fails to return that duplicate or make compensation.

SECTION 3

Amends Article 2544, Revised Statutes, to require the Commissioners Court at the February Regular Term next following each general election to enter into such a contract for the depositing of public funds.

SECTION 4

Amends Article 2549, Revised Statutes, by adding provisions to language which permits commissioners courts to direct the County Treasurer to invest funds in direct debt securities to also include security repurchase agreements, to be made only with the county depository bank or with state or national banks domiciled in this State. Also provides a definition of "security repurchase agreements."

SECTION 5

A new Section 4c is added to Article 2558a, V.T.C.S., to permit a county to collect certain fees for deposit by the County Treasurer in the General Fund of the county in order to offset the expense of handling District Clerk and County Clerk Trust Funds for the benefit of litigants in civil proceedings. Those fees are $25 for each transaction of $5,000 or less and $50 for each transaction of more than $5,000.

SECTION 6

Permits county treasurers to collect fees for checks presented to the county in payment if the check is returned to the county for insufficient funds, closed account, improper endorsement or other reasons, with the fees to be set in the following amounts: (1) amount of check less than $100---fee of $10; (2) amount of check $100 or more but less than $300---fee of $30; (3) amount of check $300 or more but less than $500---$50; (4) amount of check $500 or more---$75; (5) stop-payment order---$10: (6) for each copy made of a page or part of a page of records, orders, checks, or other papers, whether certified or not---$1. Further provides that funds received under Section 1 of this article shall be deposited in the general fund of the county to the credit of county treasurer fees of office.

SECTION 7

Provides that the changes made by Section 1 of this bill apply only to the deposit of funds received by a county officer on or after the effective date of this act and that the deposit of funds received before the effective date of this act is governed by the law in existence at the time the funds were received.

SECTION 8

Repeals Article 1644f, V.T.C.S.,which permits contracts for deposits of public funds in counties of less than 200,000, similar to the statewide provisions included as Section 3 of this bill.

Dear Sir:

Reference is made to your letter dated May 31, 1984, wherein you advised that the county wished to defer their contribution on the subject project until appraisals had been made. We advise that appraisals have been completed and an approved value has been obtained from our Austin office. It is requested that the county issue a check in the amount of $479,000.00 which represents the county's (10 per cent) contribution.

We realize that this amount is substantially higher than our original request of $109,000.00. As you are aware, this area has experienced rapid growth and property values have escalated tremendously.

It is our understanding that Missouri Pacific Railroad has had many offers from private individuals to acquire various parts of this right of way and that a few small portions have already been sold.

00484

We have been in contact with the railroad and they still wish to sell their remaining property to the State, but will continue to sell to private individuals until we make them an offer.

Your early attention to this matter will be greatly appreciated.

Very truly yours,

for John C. Smith

JOYCE TOMPKINS

COUNTY AUDITOR

STATE OF TEXAS COUNTY OF FORT BEND

P. O. DRAWER 549
RICHMOND, TEXAS
77469

JULY 1, 1985

Commissioners Court
Fort Bend County, Texas

RE: Monthly reports of Non-Fee Officers

Gentlemen:

We have examined the monthly reports of certain Non-Fee Officers identified below for the month of May 1985. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

We recommend that these reports be approved subject to completions of our examination of reports of such officers for the year ending December 31, 1985.

If the Court concurs, the following order might be adopted:

A G R E E M E N T

THE STATE OF TEXAS §
§
COUNTY OF HARRIS §

THIS AGREEMENT, made and entered into by and between HARRIS COUNTY, hereinafter referred to as the "County," acting herein by and through its County Judge, pursuant to an order duly passed by the Commissioners Court of the County, and the FORT BEND COUNTY, a body politic and corporate, organized and existing by virtue of the laws of the State of Texas, hereinafter referred to as the "Participating Agency," acting herein by and through its duly authorized officers, pursuant to a valid resolution of its governing body,

W I T N E S S E T H:

WHEREAS, the Sheriff and the Constables of the County in conjunction with the Justice Information Management System ("JIMS") and the County Central Data Processing Department, as a computer resource utility, maintain records of outstanding criminal warrants issued for the arrest of defendants charged with or convicted of felony and/or misdemeanor offenses in the County; and

WHEREAS, the County desires to have more of its outstanding warrants executed by making such warrant information available to other law enforcement agencies and has implemented a computer system known as the SouthEast Texas Crime Information Center ("SETCIC") to accomplish the aforesaid purpose; and

WHEREAS, the Participating Agency desires to improve law enforcement within its jurisdiction by arresting persons within its jurisdiction which have outstanding warrants of arrest as contained in the said computer system; and

WHEREAS, the County and the Participating Agency, pursuant to the provisions of the Interlocal Cooperation Act, TEX. REV. CIV. STAT. ANN. art. 4413(32c) (Vernon Supp. 1984), have determined that

it would be in the best interest of the County and the Participating Agency and the citizens and inhabitants thereof, for the Participating Agency's law enforcement branch to have access to SETCIC for the purpose of storing and retrieving information regarding outstanding warrants of arrest held by the County, the Participating Agency and other participants;

NOW, THEREFORE, in consideration of the mutual covenants, agreements and benefits to both parties it is agreed as follows:

I.

The County agrees to provide the Participating Agency's law enforcement branch with access to and use of the information maintained by SETCIC.

II.

The Participating Agency agrees to do the following:

A. Abide by the rules, regulations, policies and procedures governing SETCIC, having been promulgated by the JIMS Executive Board and attached hereto as Exhibit A;

B. Work in concert with other participants in SETCIC in the service of outstanding criminal warrants;

C. Work in concert with the County's JIMS in maintaining and improving SETCIC;

D. Use its existing stand-alone terminal device and printer as connected to the Texas Department of Public Safety communication switcher installation in Austin to provide its access to SETCIC;

E. Provide JIMS with its current Texas Law Enforcement Telecommunications System Mnemonic Address to facilitate return communications;

F. Provide the telephone circuits and modems to SETCIC or maintain existing equipment and circuits to the Department of Public Safety communication switcher installation in Austin; and

G. Remit the amount of $3000.00 for annual access charge and a monthly fee amounting to $3.00 per executed warrant.

III.

Upon execution of this Agreement, the County shall furnish the Participating Agency's law enforcement branch a list of transaction codes and/or system message key mnemonics to enable authorized terminal operators to obtain access to SETCIC and modify or delete its own data in SETCIC. The Participating Agency shall designate in writing the names and addresses of all authorized terminal operators who shall be trained by the JIMS Training Section. Use of SETCIC by a person or persons not certified as trained by JIMS Training Section shall be grounds for termination of this Agreement pursuant to Paragraph IX below. The term of this Agreement shall be for a period of one (1) year, beginning on the date of execution which is written just above the signatures below.

IV.

It is expressly understood and agreed that the Participating Agency's law enforcement branch shall have access only to the information available to them through the transaction codes and/or system message key mnemonics provided to them by the County, for law enforcement purposes only, and to no other computer data without the express consent of the County. Further, it is understood that the

dissemination or release of confidential information to any law enforcement agency, peace officer or individual shall be governed by local, state and/or federal rules, regulations, statutes, or judicial decisions.

V.

The Participating Agency shall have access to SETCIC twenty-four (24) hours a day, each and every day of the week. The County shall not be liable for any inability of the Participating Agency's law enforcement branch to obtain access due to maintenance, break downs, and other causes beyond the control of the County. In the event that the capacity of SETCIC is inadequate to meet the needs of the Participating Agency and the County, the rights of the County shall prevail.

VI.

The County does not guarantee the accuracy or timeliness of the information contained in SETCIC and in the event of mistake or inaccuracy, the County shall bear no liability. Further, the Participating Agency agrees to verify the accuracy of the records with the office of the appropriate law enforcement agency which has in its possession the original warrants of arrest. FAILURE TO VERIFY WITH EACH LAW ENFORCEMENT AGENCY PRIOR TO THE EXECUTION OF THE WARRANT OF ARREST SHALL BE GROUNDS FOR TERMINATION OF THIS AGREEMENT. Further, such failure shall relieve the County of any and all liability which may arise as the result of an inaccurate and/or incomplete record.

VII.

The Participating Agency hereby agrees that the Participating Agency is liable to the County for any use (authorized or unauthorized) of the Participating Agency's terminal and/or printer by the Participating Agency or any person.

VIII.

The Participating Agency agrees to keep the Participating Agency's terminal and printer functioning at an acceptable level as determined by the County so as not to interfere with SETCIC. Failure to do so shall be grounds for termination.

IX.

The County reserves the right to terminate this Agreement immediately in the event of any or all of the following:

A. Use of the Participating Agency's computer terminal and/or printer to obtain information from SETCIC by any person who has not been assigned a password, or otherwise authorized, by JIMS;

B. Any attempt to gain access to information in SETCIC which is not authorized by JIMS;

C. The event that the computer capacity of SETCIC is inadequate to meet the computer needs of both the County and the Participating Agency and that such condition continues for a period of thirty (30) days;

D. Violation of the rules, regulations, policies and/or procedures established by the JIMS Executive Board (Attachment A);

E. Failure to remit, upon execution of this Agreement, the annual and/or monthly usage fees within ten (10) days of issuance of invoice of charges..

X.

The County reserves the right to modify or delete County information contained in SETCIC and that which is available to the Participating Agency and/or to change the transaction codes and programs from time to time. Prior to any change affecting the Participating

Agency the County shall give written notice of any such change not less than ten (10) days before said change shall become effective.

XI.

All notices and communications under this Agreement may be mailed by certified mail, return receipt requested, or delivered, to the Participating Agency at the following address:

Fort Bend County Sheriff's Department
1410 Ransom Road, P. O. Box 40
Richmond, Texas 77469
Attention: Gus George, Sheriff

All notices and communications under this Agreement may be mailed by certified mail, return receipt requested, or delivered to the County at the following address:

Harris County
Justice Information Management System
406 Caroline, 4th Floor
Houston, Texas 77002
ATTENTION: Jimmy Ray, Director

Notices mailed as above shall be deemed given and completed on the day of deposit in the United States mail.

XII.

This Agreement shall not become effective until it is signed by both the County and the Participating Agency and approved by the County's Director of JIMS by signing below the word "Approved" below the signature line for the County and the Participating Agency.

XIII.

This instrument contains the entire Agreement between the parties relating to the rights herein granted and the obligations

herein assumed. Any oral representations or modifications concerning this Agreement shall be of no force or effect excepting a subsequent modification in writing signed by all parties hereto.

EXECUTED in duplicate originals on this the 19th day of March, 1985.

EXHIBIT "A"

SETCIC - PHASE I

POLICIES

I. GENERAL

A. All policies, procedures, and standards will be derived, issued and enforced by the Harris County Justice Information Management System (JIMS) Executive Board.

B. Failure of any participant to comply with established policies and procedures will result in immediate cessation of services and purge of all records from the data base.

C. All non-Harris County participants will access SETCIC via DPS Austin Switcher using existing telecommunications facilities unless approved 3270-type devices or computer-to-computer interfaces already exist or are implemented using direct data lines.

D. Data integrity and control will be the responsibility of the agency intially entering the data.

E. File/record certification/validation procedures will be established regarding periodic file purges, requiring authorized signatures of agency heads for certain data retention.

F. Participants will be assessed an annual user fee established by the Executive Board.

G. Participants will be billed on a mmonthly basis an amount determined by a fixed formula based upon warrants served.

H. All entries/inquiries will be automatically logged for billing and auditing purposes.

I. The JIMS Executive Board may modify these policies at any time without prior notice given.

II. OPERATIONAL

A. Update and inquiry formats and data content for stand-alone TLETS connected devices will be as nearly identical to existing TCIC/NCIC as possible to facilitate entry/inquiry to SETCIC, TCIC, NCIC in single operations from the user terminal.

B. Data elements, edit and verifications criteria will be identical to those used in TCIC/NCIC except where SETCIC requirements dictate data or edits beyond those required by TCIC/NCIC. In such cases, SETCIC edit and verification criteria will prevail.

C. Harris County in-house terminals can access SETCIC with normal transaction processing methods, i.e. 3270-type protocol.

0027

D. Sheriff's/Constable's office warrant system processing procedures should not change as a result of implementation of SETCIC. Update of SETCIC will be automatic with warrant acknowledgement/execution.

E. Periodic reports will be provided indicating error conditions and records eligible for purge based upon age or other qualification established by Executive Board policy.

F. Positive action in the form of record modification to a verification field will be required to retain records marked for automatic purge.

G. Records will be stored in a keyed sequence of the assigned SETCIC identification number, unique per record.

This is required data on all records create/update operations.

H. Cross-references will be maintained using driver's license number, social security number, alien registration number and JIMS SPN when available.

I. Inquiries into the system can be made by name with or without identifiers, by SETCIC ID number, or by existing cross-reference numbers.

J. Inquiry can be made using partial key data for a return of possible matches. This list would then be used to determine the actual key to be used.

K. Record retrieval for update purposes will require SETCIC ID number or exact match of name, race, sex, date of birth and:

1. Entry Agency Identifier
2. Offense Classification

    a. C = Class C Misdemeanor
    b. M = Misdemeanor A or B
    c. F = Felony
    d. A = Fugitive or Foreign Warrant
    e. X = Capital Offense

L. Initial warrant entry into system will require as minimum data:

1. Entry Agency Identifier (ORI)
2. Name
3. Race
4. Sex
5. Date of Birth
6. Offense
7. Date of Warrant
8. At least one of the following:

    a. TDL number
    b. Social Security number
    c. Official DPS ID number
    d. Alien Registration number
    e. Others

M. Upon positive response from SETCIC Inquiry, requesting agency must immediately confirm with the originating agency that the warrant is valid and in force.

III. SECURITY

A. Access to SETCIC files and functions will be limited to authorized agencies.

B. Agencies wishing access to SETCIC will apply to the JIMS Executive Board for approval and subsequent contract agreement with the Harris County Commissioners Court.

C. Agency identifier will be the TCIC originating agency identifier.

D. JIMS staff will operationally maintain any security files, programs and reports under the control of the Executive Board.

E. Agencies will be allowed inquiry, update, or both functions based upon approval of the Executive Board only and upon execution of an approved contract with Harris County. Security profiles will be established and maintained to disallow unauthorized activity.

F. Sanctions regarding security violations or attempted unauthorized activity will be established and enforced by the Executive Board and may include removal of the participating agency from access of SETCIC.

G. All entries/inquiries will be automatically logged for security auditing purposes. Information captured will include but not be limited to:

1. Agency identifier
2. Operation
3. Selection information supplied
4. Hit/no-hit information
5. Security breach attempt indicator
6. Date/time

H. No access to the files and/or records of the Harris County JIMS Criminal or Civil applications will be allowed via the State network unless specifically approved by the JIMS Executive Board.

I. Necessary system software and file implementation, maintenance, and monitoring will be performed by the personnel of the Central Data Processing Department Technical Systems Group under specific contract or agreement with the JIMS Executive Board and Commissioners Court.

J. Hardware housed within the Central Data Processing facility will be secured under terms of the aforementioned contract or agreement.

K. No "dial-up" telecommunications access will be permitted.

Mr. John Hammett
Purchasing Agent
Fort Bend County
P. O. Box 368
Richmond, Texas 77469

Dear Mr. Hammett:

After reviewing the bid tabulation with the submitted samples and specifications, Mr. Radoff and I recommend that you accept the following bids:

Group N - Item #1 - Gaylord $10,250.00

(Although Aetnastak bid is low, the bookend is not equal in design or size to that specified.)

Items #2, 4, 5 and 6 - Andrew Wilson (low bid)

Group R - All items - Aetnastak (low bid)

Accepting the bid from Aetnastak requires a small change in the sizes of some end panels and counter tops. These changes are outlined in "Change Order Two". The net result of the changes should only **reduce** the bid price by the unit cost of (1) R-2 ($94.30).

Please call me or Mr. Radoff if you have any questions regarding this recommendation.

Sincerely,

Janet R. Sanders

Commissioners Court
Fort Bend County Courthouse
Richmond, Texas 77469

Gentlemen:

Under State laws, our Commission is to provide all duly appointed Veterans County Service Officers with training and instruction to help them serve their veterans, dependents and survivors. On June 18-20, 1985, we conducted a training session for new County Service Officers in our Austin office. We are pleased to inform you that your County Service Officer was present for this session, and we appreciate your authorizing him to attend.

We are pleased to furnish the enclosed certificate attesting to the participation by your County Service Officer. We would like to suggest that this certificate be appropriately presented to your Service Officer as soon as possible, when your Court is in session.

We are pleased that your Service Officer attended this training session, and we look forward to assisting in every way possible to see that the veterans in your county are provided with the service they need and deserve.

Sincerely yours,

Aubrey L. Bullard

Re: Request for Hearing Concerning Awarding of Bid on Construction Project I.D. No. 85-26

Gentlemen:

The undersigned, on behalf of Drymalla Construction Co. Inc., in accordance with the laws of the State of Texas, hereby requests the opportunity to appear before you to present evidence showing that Drymalla Construction Co., Inc. is a responsible bidder. Since it was the lowest bidder, it is entitled to be awarded the bid for this project.

Please notify us of the time and place of said hearing.

Sincerely,

James H. Whitcomb

JHW:ms

cc: Drymalla Construction Co., Inc.

Moved by Commissioner Pressley and again failed due to lack of second, to reject all bids and readvertise for steel building and concrete foundation Precinct 3 maintenance facility.

Moved by Commissioner Pustka, Seconded by Commissioner Denham, duly put and carried, with Commissioner Pressley voting to abstain and Judge Stavinoha voting yes, based on evidence presented at public hearing it has been determined that Drymalla Construction Co. is a responsible bidder.

RECESS:

Commissioners' Court recessed at 10:50 a.m.

RECONVENE:

Commissioners' court reconvened at 2:00 p.m.

15. 2:00 P.M.- CONTINUE PUBLIC HEARING ON A PETITION TO HOLD ELECTION TO CREATE A RURAL FIRE PREVENTION DISTRICT IN THE FULSHEAR-SIMONTON AREA:

Moved by Commissioner Pressley, Seconded by Commissioner Pustka, duly put and unanimously carried, that the creation of Fort Bend County Rural Fire District No. 1 as prayed for is feasible and practicable, would benefit the land included therein, and will be conclusive to the public safety, welfare and convenience, and aid in the conservation of the real property or natural resources within said district, the court so find and grant the petition setting the election for August 10, 1985 and fix the boundaries thereof. All registered voters living within the proposed district district are eligible to vote in this election on August 10, 1985 from 7:00 a.m. to 7:00 p.m.

16. ADJOURNMENT:

Moved by Commissioner Pustka, Seconded by Commissioner Pressley, duly put and unanimously carried, it is ordered that Commissioners' Court be adjourned at 2:40 p.m. Monday, July 8, 1985.

The return of each officer executing such notice shall be endorsed or attached to a copy of the same, and show the execution of the same, specifying the dates of posting, and publication, and shall be accompanied by a printed copy of such publication.

Hearing on petition by Commissioners Court; jurisdiction and powers

Sec. 5. At the time and place set for the hearing of the petition, or such subsequent date as may then be fixed, the Commissioners Court shall proceed to hear such petition and all issues in respect to the creation of such proposed district, and any person interested may appear before the court in person or by attorney and contend for or contest the creation of such district, and offer testimony pertinent to any issue thereon. Such court shall have exclusive jurisdiction to determine all issues in respect to the creation of such district, may adjourn the hearing from day to day and from time to time as the facts may require, and shall have power to make all incidental orders deemed proper in respect to the matters before it.

Granting or denying petition; fixing boundaries of district

Sec. 6. If it shall appear on hearing by the court that the organization of a district as prayed for is feasible and practicable, would benefit the land included therein, and will be conclusive to the public safety, welfare and convenience, and aid in the conservation of the real property or natural resources within said district, the court shall so find and grant the petition and fix the boundaries thereof; otherwise it shall deny the petition.

Appeal to district court by persons aggrieved

Sec. 7. Any person or other owner of real or personal property situated within said district as created, who may consider himself aggrieved by the decision of the Commissioners Court, may appeal to the district court in the same manner as is provided for appeals in cases involving estates of decedents.

Elections

Sec. 8. Upon granting of the petition, the Commissioners Court shall call an election to confirm the organization and authorize the levy of a tax, not to exceed three cents (3¢) on the One Hundred Dollars ($100.00) valuation. The election shall be held not less than thirty (30) nor more than sixty (60) days from the order calling the same; and notice of such election shall be given in the same mode and manner as hereinabove required for hearing on the petition to form the District. The notice shall contain the proposition submitted, the classification of voters who are authorized to vote, and the time and place for holding the election.

IN MATTERS PENDING BEFORE THE HONORABLE COUNTY JUDGE OF FORT BEND COUNTY, TEXAS

BE IT REMEMBERED, that on the 8th day of July, 1985, came on for hearing in due order before the undersigned County Judge of Fort Bend County, Texas, the Amended Application for Incorporation of the Town of Crabb, Fort Bend County, Texas, dated July 3, 1985 duly filed in the office of said County Judge on July 3, 1985 and praying that an election be ordered on the question of the incorporation of such proposed town as provided by Tex. Rev. Civ. Stat. Ann. Art. 1133, et seq. (1963) with other applicable laws of the State of Texas.

Said County Judge, having duly considered said Application for Incorporation and the satisfactory proof, evidence and testimony made and adduced at the hearing, thereon, hereby finds that said Application was and is subscribed by twenty (20) applicants, all of whom are inhabitants and residents of the proposed, now unincorporated Town of Crabb, Fort Bend County, Texas, having resided within the limits of said proposed town as stated therein for more than six (6) months next preceding the date of said Application, and all of whom are duly qualified, registered electors and voters possessing the requisite voter qualifications and meeting the requirements prescribed by the Texas Election Code; that said Application for Incorporation duly states the boundaries of such proposed town and the name by which it is to be known when incorporated and is accompanied with a plat of such proposed town encompassing a superficial area exceeding two (2) square miles and including therein no territory except that which is intended to be used for strictly town purposes, and contains no territory on extra-territorial jurisdiction of any of the incorporated town, city or village.

Based upon said Application for incorporation and such satisfactory proof, evidence and testimony made and adduced at the hearing thereon, said County Judge hereby further finds that the proposed incorporated Town of Crabb, Fort Bend County, Texas, contains the requisite number of inhabitants for incorporation under the laws of this State, same being at least two hundred and twenty-five (225) and less than ~~two~~ Ten thousand ~~(2,000)~~ 10,000 inhabitants.

Based upon the aforesaid findings, it is accordingly hereby ORDERED, ADJUDGED and DECREED by said County Judge as follows:

I.

That an election be held within the proposed Town of Crabb, Fort Bend County, Texas at the Gonyo's Grocery on FM 762 on Saturday, August 10, 1985 between the hours of seven o'clock a.m. and seven o'clock p.m. for the purpose of submitting the question of the incorporation of such proposed town to a vote of the people, such election to be held in the manner prescribed for holding elections in other cases by the Texas Election Code and such other laws of the State of Texas and of the United States of America as may be applicable in the premises:

II.

That previous notice of such election be duly given in the manner and for the length of time as prescribed by the Texas Election Code and such other laws of the State of Texas and the United States of America as may be applicable in the premises;

III.

That RAY TURNER an inhabitant and resident of such proposed Town of Crabb, Fort Bend County, Texas, and an applicant whose name is subscribed to said Application for Incorporation, be and is hereby ORDERED APPOINTED as the officer to preside at such election and that the said RAY TURNER be and he is hereby ORDERED to select two (2) duly qualified judges and two (2) clerks to assist him in holding such election; and

IV.

That should the majority of votes casts in such election be in favor of incorporation of the proposed Town of Crabb, Fort Bend County, Texas, then the election officers shall make return of such election to the County Judge of Fort Bend County, Texas, within ten

(10) days in the manner prescribed by the Texas Election Code and such other Laws of the State of Texas and the United States of America as may be applicable in the premises.

SIGNED, RENDERED and ENTERED this 8th day of July, 1985.

0027 ORDER UPON HEARING OF PETITION TO CREATE FIRST COLONY LEVEE IMPROVEMENT DISTRICT NO. 2 OF FORT BEND COUNTY, TEXAS; MAKING FINDINGS AND DETERMINATIONS IN CONNECTION THEREWITH; FINDING JURISDICTION TO CONSIDER THE PETITION; ADJOURNING THE HEARING UNTIL A FURTHER DATE; AND CONTAINING OTHER PROVISIONS RELATING TO THE SUBJECT

THE STATE OF TEXAS §
§
COUNTY OF FORT BEND §

WHEREAS, on the 19th day of June, 1985, there was presented to the County Judge of Fort Bend County, Texas, a petition (hereinafter sometimes referred to as the "Petition") requesting creation of a levee improvement district to be known as First Colony Levee Improvement District No. 2 of Fort Bend County, Texas, under the authority of Article XVI, Section 59, Texas Constitution and Title 4, Chapter 57, Texas Water Code, as amended, a copy of which Petition is attached hereto as Exhibit "A" and made a part hereof for all purposes; and

WHEREAS, by Order duly entered by the County Judge on the 19th day of June, 1985, a hearing before the Commissioners' Court of Fort Bend County, Texas, on the Petition was set for 2:00 o'clock p.m. on the 15th day of July, 1985, such date being less than thirty (30) but more than fifteen (15) days from the date of adoption by the County Judge of the Order Setting Hearing on a Petition to Create a Levee Improvement District; and

WHEREAS, upon such hearing being convened there was presented proper proof and evidence that notice of such hearing had been posted and had been mailed to the Executive Director of the Texas Department of Water Resources in accordance with the provisions of Chapter 57, Section 57.015, Texas Water Code, as amended; and

WHEREAS, at such hearing there was presented to the Commissioners' Court proof and evidence concerning the Petition, Notice of the Hearing, and the jurisdiction of the Commissioners' Court to conduct the hearing; and

WHEREAS, this Court, based upon the evidence and testimony presented, finds as follows:

(a) That the Petition is in proper form and has been properly executed by the owners of a majority of the acreage in the proposed district and is accompanied by a deposit of Fifty Dollars ($50.00) and has been properly presented to this Court;

(b) That the hearing upon such Petition has been properly called, held and conducted and that notice of such hearing has been posted and mailed to the Texas Department of Water Resources as required by law; and

(c) That this Court has jurisdiction to entertain such Petition and to hold and conduct a hearing thereon and to enter upon the record and minutes of this Court its findings relative to such hearing under the provisions of Title 4, Chapter 57, Texas Water Code, as amended; and

(d) That this meeting of the Commissioners' Court of Fort Bend County, Texas, is open to the public and that notice thereof has been given as required by law.

WHEREAS, a representative of the Texas Department of Water Resources requested that the July 15, 1985 hearing on the petition of First Colony Levee Improvement District No. 2 of Fort Bend County, Texas be delayed until a future date to permit the Department to complete its investigation and report; and

WHEREAS, the Commissioners' Court has determined to grant the request of the Texas Department of Water Resources for continuance and to adjourn this hearing from day to day until August 5, at 2:00 o'clock p.m., when this matter will again be considered at the Commissioners' Courtroom, Fort Bend County Courthouse, Richmond, Texas;

NOW, THEREFORE, BE IT ORDERED, ADJUDGED AND DECREED by the Commissioners' Court of Fort Bend County, Texas:

Section 1: That the foregoing findings and judgments of this Court are hereby determined to be true, correct and complete and are hereby approved and adopted;

Section 2: That Commissioners' Court hereby determines that it has jurisdiction to consider this matter;

Section 3: That the July 15, 1985 hearing on the creation of First Colony Levee Improvement District No. 2 of Fort Bend County, Texas is hereby adjourned until 2:00 o'clock p.m., August 5, 1985, when further evidence and testimony will be received in this matter at the Commissioners' Courtroom, Fort Bend County Courthouse, Richmond, Texas.

PASSED AND ADOPTED this 15th day of July, 1985.

MONTHLY REPORT

JUNE, 1985

The removal of vegetation during June consisted of both shredding and herbicide applications. The number of ditches worked by each method were approximately the same. Shredding was done on 17 streams while herbicides were applied to 18.

Three herbicides were used during June. These were Round-up, Dowpon and MSMA. Some of the major streams worked were Fairchilds Creek and several of its laterals, Big Creek laterals II-B-6 and II-B-7 and Jackson Ditch. A list of all streams treated is included later in this report.

More emphasis was placed on shredding operations than in previous months. Major streams worked were Buffalo Creek, Flewellen Ditch, Dry Creek, Rabb's Bayou and Cottonwood Creek. A list of all streams worked by shredders is included later in this report.

The excavation of Turkey Creek I-D continued with the Ruston Bucyrus dragline which removed 4,500 cubic yards of dirt. This work began at Darst Road and will continue to just downstream of U.S. Highway #59.

The Cow Creek project also continued. This stream forms the Southern boundary line for the county and this project is a cooperative effort between Fort Bend and Brazoria Counties. The District's Northwest 9570 dredged over 33,000 cubic yards from this stream during June.

The excavation of Middle Bayou continued with the use of the District's Linkbelt LS 128 dragline. Some mechanical problems limited this machine during June, so only 9,500 cubic yards were removed.

Rebel Contractors worked on 3 projects. These were Rabb's Bayou, Lower Oyster Creek (Sienna Plantation External Drainage Ditch), and Dry Creek.

The machine on Rabb's Bayou worked in the area just downstream of F.M. 2759 (Crabb River Road). It excavated 65,800 cubic yards while the District's FD-20 and TD-25 bulldozers spread and levelled this amount.

Rebel had 2 machines on Lower Oyster Creek and excavated 96,800 cubic yards while working double shifts. This work is progressing quickly with the hope that the project will be finished by year's end.

Rebel's machine on Dry Creek removed 23,000 cubic yards. The machine's location is upstream of F.M. 2977 on the Homecraft property.

The District's seeding program also continued in June. Unhulled Bermuda grass was the only seed used and was planted on Middle Bayou, Rabb's Bayou, Cow Creek and Mustang Bayou.

The District's bridge crew worked on several locations with most work being done on Rabb's Bayou. This included primarily installing watergates at fencelines.

The following charts show where each piece of equipment worked during June.

Dear Mr. Kurcherka:

As per your telephone conversation with Mr. Herbert Lum of this office on March 14, 1985, attached for your further handling with Judge Stavinoha and members of the Commissioners Court are four copies of a revised Supplemental Contractual Agreement for Right of Way Procurement on the above referenced project. This revised agreement deletes the requirement of fencing by Fort Bend County within the project limits. In addition, adjustment of utilities will also be handled by the Department with the utility owners. With reference to our letter dated February 25, 1985, Fort Bend County's commitment of an additional $120,000 to this project will permit us to proceed in agreements with the affected utilities toward adjusting their facilities.

Appraisal assignments are being held pending signing of the attached agreement. Upon receipt of the executed agreement in our office, in quadruplicate, along with the Commissioners Court order, appraisal assignment will resume. We will return a fully executed copy of the agreement for your files.

Should you desire additional information, kindly contact Mr. Herbert Lum at 869-3211, extension 566.

Dear Sir:

We wish to advise that right of way acquisition on this project has progressed to the point that we now are ready to initiate the adjustment of utility installation.

Based on current construction cost, it is estimated utility adjustments for the entire project will cost approximately $1,200,000. The County's portion of this expense will be $120,000.

It is requested you review this matter and advise when the State can expect to receive Fort Bend County's share of the estimated utility adjustment cost.

Should you desire additional information, contact Mr. Tommy Little at 869-3211, extension 545.

RESOLUTION

WHEREAS, in 1974 the United States Congress extended the application of the Federal Fair Labor Standards Act to the 50 states and their political subdivisions; and

WHEREAS, the United States Supreme Court two years later invalidated that action for most purposes, holding that the Congress had no power to enforce overtime and minimum wage provisions against states in areas of traditional governmental functions (National League of Cities v. Usery, 426 U.S. 833 [1976]); and

WHEREAS, on February 19, 1985, however, the court overruled its earlier opinion, finding that the distinctions created by the opinion to be unworkable while commenting that the states and their political subdivisions, if dissatisfied with the courts new opinion, could encourage the Congress to modify the law (Garcia v. San Antonio Mass Transit Authority, 53 LW 4135 [1985]); and

WHEREAS, the effect of the Garcia decision has been to make all state agencies and political subdivisions subject to the law immediately, without time to prepare for the transition; and

WHEREAS, the County of Fort Bend has for many years provided an equitable compensatory time system for county employes who work overtime and many county employees prefer that system of compensation to the one that is now to be required; and

WHEREAS, the Federal Law, as characterized by the Supreme Court in 1976, is an interference "with the integral governmental functions" of state and local governments to such a degree as to "impair the states" ability to function effectively in a federal system; and

WHEREAS, it results in substantially increased costs in a time of limited revenue, weakens the delivery of public services to the citizens of Fort Bend County and penalizes the county of choosing to hire governmental employees on terms that are different from, but not necessarily less beneficial than,those sought by the Congress; and

WHEREAS, this imposition is especially ironic, given that the United States Congress is itself exempt from the law: Now, therefore, be it

RESOLVED, that the Commissioners Court of Fort Bend County hereby request the United States Congress to exempt state and local government employees from the Federal Fair Labor Standards Act; and

That the Commissioners Court of Fort Bend County hereby request that the Secretary of Labor, while we attempt to influence the Congress to amend the Fair Labor Standards Act, to work with the representatives of the National Association of Counties, the Texas Association of Counties and other public interest groups to provide administrative relief under the Department of Labor's regulatory authority to develop rules which provide some flexibility for key governmental operations such as fire, police; and

That the Clerk of the Commissioners Court forward copies of this resolution to the President of the United States, to the President of the Senate and Speaker of the House of Representatives of the United States Congress, to the Secretary of Labor, and to each member of the Texas delegation to the Congress, with the request that it be entered in the Congressional Record as a memorial to the Congress of the United States of America.

NOW, THEREFORE, BE IT RESOLVED, that the Fort Bend County Commissioners Court, in regular meeting on this the 23 day of July, 1985, formally adopts the aforegoing resolution.

Subject: Petition for traffic control signage in Pecan Grove Community (Sections 1, 2, and 3)

Dear Sir:

We, the undersigned residents of Pecan Grove Plantation, Richmond, Texas, request your consideration and attention to this petition.

During the past five years of development Pecan grove has had a tremendous increase in residential population. The majority of this population is comprised of families with you children in the 3 to 9 year age group. Add to this the increased vehicle traffic problems and, as you can see, we have a volatile situation. Fortunately we have had no auto/child fatalities. However, as residents and parents, we are extremely concerned for the continued safety of our children and of ourselves.

As citizens of this county, we are in desperate need of traffic control signage to help in controlling this significant problem. We appeal to you in hope that this dire situation may be alleviated.

Your support is desperately needed before a tragedy forces an even more desperate request.

Sincerely,

Hal Werlein

RE: Monthly reports of Non-Fee Officers

Gentlemen:

We have examined the monthly reports of certain Non-Fee Officers identified below for the month of June 1985. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

We recommend that these reports be approved subject to completions of our examination of reports of such officers for the year ending December 31, 1985.

If the Court concurs, the following order might be adopted:

Moved by Commissioner,seconded by Commissioner, duly put and carried, it is ordered that the monthly reports of fees collected by Non-Fee Officers identified below, for the month of June 1985 be approved as recommended by the County Auditor in her letter of July 22, 1985.
