AT&T and Customer agree as follows:

## 1. COVERAGE

A. AT&T will provide to Customer, on the terms and conditions set forth in this Agreement, maintenance service for the products described on the reverse hereof and, on subsequent orders for maintenance signed by Customer and accepted by AT&T. Such orders when accepted by AT&T shall become an integral part of this Agreement.

B. AT&T's maintenance service includes, as determined by AT&T, scheduled preventive maintenance and remedial maintenance required by products when used under normal operating conditions. Replacement parts and products may, at the discretion of AT&T, be new, remanufactured, or refurbished, and will be furnished on an exchange basis. The removed parts and products will become the property of AT&T.

C. Maintenance service shall be provided in accordance with the option selected by Customer from the available options offered by AT&T (as described in the document entitled AT&T Standard Maintenance Offerings).

D. Any equipment purchased from AT&T by Customer and co-located with similar equipment covered by maintenance under this Agreement, including equipment acquired subsequent to the effective date of this Agreement, shall upon expiration of any applicable warranty be included in maintenance provided under this Agreement subject to the effective monthly maintenance charges for such equipment, and the period of maintenance for such equipment shall be coterminous with the period of maintenance for the covered equipment.

E. Dispatch of AT&T service personnel to Customer's premises is limited to specific geographic areas, and AT&T reserves the right to impose additional charges for travel outside those areas.

F. Maintenance work requested to be performed at a time or in a manner beyond the coverage selected by Customer or maintenance work required as a result of an action or condition listed in Section 9 "Maintenance Not Covered" may be provided subject to additional charges.

## 2. TERM

This Agreement shall become effective when signed by Customer and accepted in writing by AT&T and shall continue until terminated by either party upon thirty (30) days' written notice. All orders hereunder will continue under the terms of the Agreement as if the Agreement had not been terminated and will expire upon their first normal expiration date unless terminated in accordance with Section 15.

Except as otherwise provided herein maintenance service shall be provided for an initial term as specified on the order and shall be automatically renewed for successive one (1) year terms at the charges and on the terms and conditions in effect at the time of renewal unless either party gives the other written notice of termination at least thirty (30) days in advance of the expiration of the order. The period of maintenance coverage for additions to products already covered by an existing order will be coterminous with the existing order.

## 3. PRICE AND PAYMENT

Customer agrees to pay the monthly charges set forth on the order for the initial term and the applicable charges for any renewal term. Customer may prepay the entire initial term of the contract at the discounted price set forth on the order. Payment of invoices is due within thirty (30) days of the invoice date.

## 4. TAXES

Customer agrees to pay any applicable local, state and Federal taxes, however designated (excluding taxes on AT&T's net income), imposed on or based upon the provision or use of services rendered under this Agreement, unless Customer provides AT&T a certificate of exemption.

## 5. OWNERSHIP/LICENSEE

Customer warrants that it is the owner of any equipment covered by this Agreement or that it has the product owner's authorization to enter into this Agreement. Customer further warrants that it is the Licensee of the software programs covered by this Agreement and that the software programs are properly registered with AT&T.

## 6. CUSTOMER'S RESPONSIBILITIES

Throughout the term of this Maintenance Agreement Customer agrees to:

- Follow all AT&T's installation, operation and maintenance instructions
- Provide the proper environment and electrical and telecommunications connections as specified by AT&T.
- Provide access to the products to enable AT&T to perform maintenance.
- Provide adequate communications facilities, work space and storage space for AT&T spare parts.
- Have a representative at the equipment location during any AT&T maintenance activity on the premises.
- Maintain a procedure external to the software program(s) and host computer for reconstruction of lost or altered files, data or programs to the extent deemed necessary by Customer.

## 7. EQUIPMENT RELOCATION OR MODIFICATION

Customer agrees to advise AT&T promptly of any change in the address of any product covered by this Agreement. If Customer moves or modifies any product covered by this Agreement, and, in the opinion of AT&T, such move or modification impedes or increases the cost of AT&T's testing or repairs, creates a safety hazard or is likely to cause a product malfunction, AT&T may, at its option, either terminate the order, effective as of that date, as to that product or, with Customer's concurrence, eliminate any safety hazard and continue to perform the maintenance and charge Customer for any extra costs it incurs because of the move or modification. AT&T reserves the right to inspect the product before determining whether it will terminate the order as to such product.

## 8. RELOCATION, MODIFICATION OR IMPROPER USAGE OF SOFTWARE

AT&T shall be under no obligation to continue provision of service of software under this Agreement if:

- The software program(s) has been modified without the written approval of AT&T.
- The original software program identification marks have been removed or altered.
- The software program(s) is moved from the street address where it was initially installed without the prior written approval of AT&T.
- System software (i.e., core operating system, system utilities and libraries, drivers, etc.) are not also supported by AT&T.
- Host computer does not conform to the update level necessary to support the software or has been modified, other than by AT&T personnel, so as not to conform to the specifications for which the software was designed.
- Customer's software does not conform to the software currently listed as software subject to maintenance support; or
- The software program is being used by Customer in violation of Customer's software license.

## 9. MAINTENANCE NOT COVERED

This Agreement does not cover maintenance required to repair damages, malfunctions or service failures caused by:

- Customer's failure to follow AT&T's installation, operation or maintenance instructions;
  - Repair, modifications or movement of the equipment or software by other than AT&T personnel, or attachment to the products of non-AT&T equipment, or failure of a host computer, other equipment or software not maintained by AT&T or of removable rotating storage media;
  - Abuse, misuse or negligent acts; and
  - Power failure or surges, lightning, fire, flood, pest damage, accident, actions of third parties and other events outside AT&T's reasonable control or not arising under normal operating conditions.
- AT&T may agree to perform maintenance services in such instances on a time and materials basis.

## 10. WARRANTIES

AT&T MAKES NO WARRANTIES, EXPRESS OR IMPLIED, AND SPECIFICALLY DISCLAIMS ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

## 11. EXCLUSIVE REMEDIES

Customer's sole remedies against AT&T, its affiliates, or any affiliated subcontractor or supplier for loss or damage caused by or arising in connection with the performance or non-performance of maintenance services under this Agreement, regardless of the form of action, whether in contract, tort including negligence, strict liability or otherwise, shall be the lesser of the amount of actual direct damages which are proven or \$100,000. These remedies shall be exclusive of all other remedies at law or in equity except for Customer's right to claim damages for bodily injury to any person caused by the negligence of AT&T.

## 12. LIMITATIONS

NOTWITHSTANDING ANY OTHER PROVISIONS OF THIS AGREEMENT:

- NEITHER AT&T NOR ITS AFFILIATES, SUBSIDIARIES, PARENT CORPORATION, OR ANY OF ITS PARENT'S AFFILIATES OR SUBSIDIARIES SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS) SUSTAINED OR INCURRED IN CONNECTION WITH MAINTENANCE OR REPAIR WORK PERFORMED UNDER THIS AGREEMENT REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT INCLUDING NEGLIGENCE, STRICT LIABILITY OR OTHERWISE; AND WHETHER OR NOT SUCH DAMAGES ARE FORESEEN OR UNFORESEEN.
- NEITHER AT&T NOR ITS AFFILIATES, SUBSIDIARIES, SUBCONTRACTORS, PARENT CORPORATION, OR ANY OF ITS PARENT'S AFFILIATES OR SUBSIDIARIES SHALL BE LIABLE IN ANY WAY FOR DELAY, FAILURE IN PERFORMANCE, LOSS OR DAMAGE DUE TO ANY OF THE FOLLOWING FORCE MAJEURE CONDITIONS: FIRE, STRIKE, EMBARGO, EXPLOSION, POWER BLACKOUT, EARTHQUAKE, VOLCANIC ACTION, FLOOD, WAR, WATER, THE ELEMENTS, LABOR DISPUTES, CIVIL OR MILITARY AUTHORITY, ACTS OF GOD, PUBLIC ENEMY, INABILITY TO SECURE RAW MATERIALS, INABILITY TO SECURE PRODUCTS, INABILITY TO SECURE FUEL, TRANSPORTATION FACILITIES, ACTS OR OMISSIONS OF CARRIERS, OR OTHER CAUSES BEYOND ITS REASONABLE CONTROL, WHETHER OR NOT SIMILAR TO THE FOREGOING.
- AT&T SHALL NOT BE LIABLE FOR ANY DELAY, LOSS, DAMAGE OR PRODUCT FAILURE ATTRIBUTABLE TO ANY SERVICE, PRODUCT OR ACTIONS OF ANY PERSON OTHER THAN AT&T, ITS EMPLOYEES AND AGENTS.
- ANY LEGAL ACTION ARISING FROM OR IN CONNECTION WITH MAINTENANCE OR REPAIR WORK PERFORMED FOR CUSTOMER OR ANY OTHER ACTIVITY IN CONNECTION WITH THIS AGREEMENT MUST BE BROUGHT WITHIN TWO (2) YEARS AFTER THE CAUSE OF ACTION ARISES.

## 13. ASSIGNMENT

This Agreement may not be assigned by either party without the written consent of the other, except that AT&T may, without Customer's consent, assign this Agreement to an affiliate or subsidiary and may assign its right to receive payments hereunder.

## 14. SUBCONTRACTING

AT&T may subcontract any or all of the work to be performed by it under this Agreement but shall retain responsibility for the work subcontracted.

## 15. TERMINATION

A. Customer may terminate any order under this Agreement if AT&T fails to perform or observe any material term or condition of this Agreement with respect to such order and such failure shall continue unremedied for thirty (30) days after AT&T's receipt of notice thereof from Customer. Customer will be in default of this Agreement and AT&T may terminate this Agreement or any orders accepted hereunder if Customer fails to pay any charge when due or fails to perform or observe any term or condition of this Agreement, if such failure shall continue unremedied for thirty (30) days after receipt of written notice thereof from AT&T.

B. Prior to the Maintenance Service Commencement Date, Customer may cancel any order under this agreement without penalty. Cancellation of prepaid orders will result in a full refund.

C. After the Maintenance Service Commencement Date, Customer may terminate any order upon thirty (30) days written notice and payment of a termination charge. The termination charge is the greater of 25% of the remaining monthly charges or \$300.00. For prepaid orders, the termination charge shall be the greater of 25% of the pro rata price of the remaining term or \$300.00. A refund or credit will be issued if applicable for terminated prepaid orders. The termination charge shall not exceed the remaining monthly charges or the remaining pro rata price of the prepaid order.

## 16. GENERAL

A. Any modification or waiver of any provision of the Agreement must be made in writing and signed by authorized representatives of both parties; except that AT&T may, upon ninety (90) days prior written notice to Customer, modify the terms and conditions of this Agreement, which modifications will be effective only as to renewals and new orders placed by Customer and accepted by AT&T after the effective date of such modification.

B. If any term or provision of this Agreement shall be held invalid or unenforceable, the remainder of this Agreement shall not be affected thereby and each term and provision hereof shall be valid and enforced to the fullest extent permitted by law.

C. The waiver by either party of any breach of this Agreement by the other party in a particular instance shall not operate as a waiver of subsequent breaches of the same or different kind. The failure of either party to exercise any rights under this Agreement in a particular instance shall not operate as a waiver of the party's right to exercise the same or different rights in subsequent instances.

D. This Agreement shall be construed in accordance with and governed by the laws of the State of New Jersey.

E. THIS IS THE ENTIRE AGREEMENT BETWEEN THE PARTIES WITH RESPECT TO THE MAINTENANCE SERVICE PROVIDED HEREUNDER AND SUPERSEDES ALL PRIOR AGREEMENTS, PROPOSALS OR UNDERSTANDINGS WHETHER WRITTEN OR ORAL.

**AN EQUAL EMPLOYMENT OPPORTUNITY EMPLOYER**

COOPERATIVE AGREEMENT  
FOR TITLE IV-D EXPEDITED PROCESS PROGRAM  
BETWEEN  
AND  
FORT BEND COUNTY, TEXAS

STATE OF TEXAS        †

†

COUNTY OF TRAVIS     †

**SECTION 1. PARTIES**

This contract and agreement is made and entered into by and between the Office of the Attorney General of the State of Texas, hereinafter referred to as "Attorney General", and the County of Fort Bend, Texas, hereinafter referred to as "County". The parties hereto have severally and collectively agreed and by the execution hereof are bound to the mutual obligations and to performance and accomplishment of the tasks hereinafter described.

**SECTION 2. CONTRACT PERIOD**

This contract shall commence September 1, 1989, and shall terminate August 31, 1990, unless terminated at an earlier date pursuant to the provisions of Section 15 of this contract.

**SECTION 3. ATTENDANT CIRCUMSTANCES**

Attorney General, as the state agency designated by Chapter 76 of the Texas Human Resources Code to administer a statewide plan for child support enforcement in compliance with Title IV, Part D, of the federal Social Security Act and the regulations promulgated thereunder, is interested in obtaining the performances contemplated of County by this contract as a means of meeting certain requirements of federal law pertaining to the administration of such child support enforcement program. County is required by state law to implement certain measures relating to the use of masters in the adjudication of legal actions for child support and may partially satisfy such requirements by rendering the performances contemplated of County by this contract.

**SECTION 4. COUNTY PERFORMANCE****A. GENERAL**

County, in compliance with Subchapter D of Chapter 14 of the Texas Family Code, shall employ masters and other personnel as may be required and shall provide services necessary to assure the timely disposition of cases involving child support obligations, the establishment and enforcement of which are being conducted pursuant to Title IV, Part D, of the federal Social Security Act. The amount of time for which a master is employed pursuant to this agreement (i.e., full time, half time or quarter time) shall be devoted exclusively to the adjudication of the aforementioned child support cases.

**B. FEDERAL LAW**

It is expressly understood and agreed by the parties hereto that the performances rendered by County hereunder are for the purpose of effecting full compliance by the State of Texas with requirements for expedited processes required by Title IV, Part D, of the federal Social Security Act and the regulations promulgated thereunder. All performances by County hereunder shall be rendered so as to achieve full compliance with the requirements for the Expedited Process Program contained in Title IV, Part D, of the federal Social Security Act and the rules and regulations promulgated thereunder.

The parties understand and agree that the presiding judge of the administrative judicial region may appoint a master pursuant to Subchapter D of Chapter 14, Texas Family Code, to serve more than one county. County agrees that it shall be the employer of any and all masters, and any and all personnel, employed to carry out the terms of this contract for the following jurisdiction: Second Administrative Judicial Region.

**C. ENUMERATED FUNCTIONS**

County shall perform such functions as may be necessary and appropriate to fulfill its obligations pursuant to Subsection A of this section including, but not limited to, the following enumerated functions with respect to the Expedited Process Program rendered hereunder:

- (1) paying the salaries and direct costs of masters who are appointed by the presiding judge of the administrative judicial region pursuant to Subchapter D of Chapter 14, Texas Family Code;

- (2) paying the salaries and direct costs of administrative assistants to the aforementioned masters;
- (3) providing office space, supplies, equipment and other personnel as may be required by a master to perform his or her official duties; and
- (4) preparing, maintaining and transmitting forms, records, reports and correspondence essential to the effective operation of this contract.

## SECTION 5. ATTORNEY GENERAL OBLIGATIONS

### A. REIMBURSEMENT OF ALLOWABLE COSTS

In consideration of full and satisfactory performance hereunder, Attorney General shall reimburse the allowable expenses of County as identified under Attachment A, subject to the limitations set forth in Paragraphs 1 through 9 of Subsection B of this Section 5.

### B. LIMITATIONS ON REIMBURSEMENT

1. It is expressly understood and agreed by the parties hereto that any and all of Attorney General's obligations hereunder are contingent upon the existence of a State Plan for Child Support Enforcement approved by the federal Office of Child Support Enforcement providing for the statewide program of child support enforcement. In the event that such a State Plan should lapse or otherwise terminate, Attorney General shall promptly notify County of such fact in writing and Attorney General shall discontinue payment hereunder subsequent to County's receipt of such written notification.

2. Attorney General shall not be required to reimburse costs pursuant to Subsection A of this Section incurred before commencement of this contract or after termination of this contract. Additionally, Attorney General shall not be required to reimburse any salary or costs of a master or other personnel which is incurred before or after the term of appointment of that master by the presiding judge of the administrative judicial region.

3. Attorney General shall not be required to reimburse costs pursuant to Subsection A of this Section 5 incurred by County of a type not described by, or in excess of the total amounts identified for, the respective categories of cost specified by Attachment A to this contract, except as provided by the remainder of this Paragraph 3. County may transfer amounts between individual line items of Attachment A provided such transfers do

not result in a cumulative increase or decrease from the beginning of this contract in any such line item of more than three thousand dollars (\$3,000.00) and provided further that County notifies Attorney General in the manner specified by Attorney General of such transfer prior to such transfer. The authority for County to make budget transfers as provided by the preceding sentence shall not be construed as authorizing any increase whatsoever in the total of all line items of Attachment A. Any change in Attachment A other than those provided by the second sentence of this Paragraph 3 shall be made pursuant to Section 16 of this contract.

4. Attorney General shall not be required to reimburse any costs incurred or performances rendered unless such costs are incurred and such performances are rendered strictly in accordance with the terms of this contract.

5. Attorney General shall not be liable pursuant to Subsection A of this Section for costs associated with travel and related expenses except as provided by Section 8 of this contract.

6. It is expressly understood and agreed by the parties hereto that the financial obligations of Attorney General are limited to and include no actions other than reimbursement of County's allowable expenses as described in paragraph C below.

7. Attorney General has the right to decline to reimburse any and all reports requesting reimbursement of costs which are submitted more than ninety (90) days after the calendar month for which such costs are incurred.

8. The purpose of this contract is to increase the funds of County available for the collection and enforcement of child support, and County shall not reduce the amount of funds provided for these purposes because of the availability of funds from this contract. In no case may funds reimbursed under this contract be used to pay the salary of a district or statutory county court judge.

9. The amount allocated in Attachment A for equipment to be used by County to implement this contract may be claimed by County for reimbursement pursuant to this contract provided that:

- (a) Attorney General approves the specific purchase;
- (b) Any such expense is submitted by County and reimbursed by Attorney General in accordance with this Section 5; and
- (c) The equipment or residual value of the equipment is transferred to Attorney General when the equipment is no longer needed to carry out the work under this contract or when this contract is terminated, whichever event occurs first.

**C. METHOD FOR PRESENTING REQUESTS FOR REIMBURSEMENT OF ALLOWABLE COSTS**

1. For each calendar month during the period of performance of this contract, County shall report to Attorney General costs incurred by County in accordance with the provisions of this contract not previously reported by County and unreimbursed which have accrued pursuant to Subsection A of this Section 5. County shall report to Attorney General in the manner and/or on the forms specified by Attorney General and shall provide such information and documentation as Attorney General may reasonably require.

2. County shall keep records as provided pursuant to Sections 7 and 11 of this contract in substantiation of such reports.

3. Attorney General agrees that reports received by Attorney General within fifteen (15) days after the end of the calendar month for which such reports are made shall be reviewed and either returned to County for correction or further information within ten (10) working days of receipt of such reports or processed and submitted to Comptroller for payment within fifteen (15) working days of receipt of such reports.

4. County shall refund within thirty (30) days to Attorney General, any sum of money which has been paid to County which Attorney General determines has resulted in an overpayment to County. County shall be solely responsible and liable for settlement of all audit exceptions which may be taken by the United States Department of Health and Human Services (hereinafter "DHHS"). In the event that Attorney General makes a settlement with DHHS pursuant to a determination by DHHS that certain of County's expenses are not allowable under this contract or federal regulations, County will pay to Attorney General the amounts so determined, provided that Attorney General shall give County timely notice of any such audit exceptions. Attorney General may deduct amounts payable by County to Attorney General pursuant to this paragraph from amounts reimbursable by Attorney General to County pursuant to Subsection C of this Section 5.

5. Notwithstanding any other provision of this contract, it is expressly understood and agreed by the parties hereto that Attorney General may, at its sole option and in its sole discretion, offset any amounts not reimbursed or otherwise owing to County hereunder against any amount owing but unpaid by County to Attorney General arising from this or any other obligation between Attorney General and County.

**SECTION 6. ATTORNEY GENERAL OBLIGATION**

Attorney General agrees to keep County informed in a timely manner of all changes or amendments to Attorney General policy or procedure, federal policy or procedure and changes or amendments to the Code of Federal Regulations which might affect the Expedited Process Program.

**SECTION 7. REPORTING AND RECORD KEEPING****A. TIME RECORDS**

For all court masters and County personnel not devoted one hundred percent (100%) to the functions required under this contract, the County is required to keep continuous daily time records to be adequate to reflect the amount of time spent in processing cases reimbursable under this contract. The County is also required to maintain other records required by state and federal laws and regulations.

**B. RECORD RETENTION**

County shall maintain and retain for a period of three (3) years after the submission of the final expenditure report, or until all audit or litigation matters are resolved, whichever time period is longer, such records as are necessary to fully disclose the extent of services provided under this contract, including records which will show the basis of the direct cost charges made.

**SECTION 8. TRAVEL**

The costs incurred for travel and related expenses shall not exceed the amount computed for such travel at the rates established by law for State of Texas employees in classified positions. Such costs also shall not exceed amounts equivalent to County reimbursements for other County employees similarly situated. Expressly included in the term "travel" for the purposes of this contract shall be the cost for attendance by a master or administrative assistant of short-term seminars and/or workshops approved by Attorney General directly related to enhancement of such master's or administrative assistant's competencies to perform the functions contemplated by this contract.

**SECTION 9. MONITORING AND AUDITING**

Attorney General will monitor and conduct fiscal and/or program audits pursuant to state and federal laws and regulations including, but not limited to, 45 C.F.R. Part 74, at reasonable times and provide consultative and technical assistance for the continuous development of the services contemplated by this agreement. County will grant access at reasonable times to all books and records to representatives of the United States Department of Health and Human Services, the Comptroller General of the United States, the State Comptroller of Public Accounts, and/or Attorney General for purposes of inspecting, monitoring, auditing or evaluating said materials.

**SECTION 10. ACKNOWLEDGMENT OF FUNDING**

County agrees to place in all literature describing its services covered under this contract prominent notices acknowledging the funding provided by the State of Texas and the federal Office of Child Support Enforcement to County and such notice shall also be placed in County's annual reports.

**SECTION 11. COMPLIANCE WITH OTHER REQUIREMENTS**

County shall perform its obligations hereunder in such manner so as to assure its compliance with federal and state law and so as to assure, with respect to County's performances hereunder, that Attorney General is fully and completely meeting obligations imposed by rules, regulations and law upon Attorney General in carrying out the program of child support enforcement pursuant to Subchapter D of Chapter 14 of the Texas Family Code and Title IV, Part D, of the federal Social Security Act.

**SECTION 12. EQUAL OPPORTUNITY**

County agrees that no person shall on the ground of race, color, religion, sex, national origin, age, handicap, political affiliation or belief be excluded from participation in, be denied the benefits of, be subjected to discrimination under or be denied employment in the administration of or in connection with any program or activity funded in whole or in part with funds made available under this contract.

**SECTION 13. INDEPENDENT CONTRACTOR**

It is expressly understood and agreed by both parties hereto that Attorney General is contracting with County as an independent contractor.

It is further expressly understood and agreed that any master, and any other personnel, employed to carry out the terms of this contract is deemed to be an employee of County for purposes of retirement benefits, health insurance and any and all other purposes.

#### SECTION 14. ATTACHMENT

An attachment, entitled "Attachment A, Budget", is attached hereto and is hereby made a part of this contract.

#### SECTION 15. TERMINATION

##### A. DISCRETIONARY TERMINATION

Either of the parties to this contract shall have the right, in such party's sole discretion and at its sole option, to terminate this contract by notifying the other party hereto in writing of such termination at least thirty (30) days prior to the effective date of such termination. Such notification of termination shall state the effective date of such termination.

##### B. REQUIREMENT CHANGES

In the event that state or federal law or other requirements as specified in Section 11 of this contract should be amended, judicially interpreted or otherwise changed so as to render the terms of this contract, on the part of either party hereto, substantially unreasonable or impossible, or if the parties should be unable to agree upon modifying amendments which would be needed because of such amendments, judicial interpretations or other changes to enable the substantial continuation of the services contemplated herein, then and in that event the parties shall be discharged from further obligation under the terms of this contract, except for the equitable settlement of the respective accrued interests or obligations incurred up to the date of termination.

##### C. REJECTION CHANGE

Upon notification by County to Attorney General of County's rejection of a change pursuant to the provisions of Subsection B of Section 16 of this contract, this contract shall terminate without further action by either party, such termination to be effective as of the date County sends its written rejection.

**D. NONEXCLUSIVE REMEDY**

Notwithstanding any exercise by Attorney General of its rights or early termination pursuant to this Section 15, County shall not be relieved of any liability to Attorney General for damages due to Attorney General by virtue of any breach of this contract by County, or for amounts otherwise due Attorney General by County. Attorney General may withhold any payment to County until such time as the exact amount due to Attorney General from County is agreed upon or is otherwise determined.

**SECTION 16. CHANGES AND AMENDMENTS****A. CHANGES IN LAW**

Any alterations, additions or deletions to the terms of this contract which are required by changes in state or federal law are automatically incorporated into this contract without written amendment hereto, and shall be effective on the date designated by such state or federal law or other requirement, unless this contract has been terminated prior to such date through operation of Subsection B of Section 15 of this contract or has been otherwise terminated.

**B. CHANGES BY ATTORNEY GENERAL**

It is understood and agreed by the parties hereto that this contract must at all times be in compliance with state and federal law and that changes, interpretations and clarifications of such state and federal law and other requirements made by the United States Department of Health and Human Services during the contract period will have the effect of qualifying the terms of this contract. Based on these considerations, and in order to ensure the legal and effective performance of this contract by both parties, it is agreed by the parties hereto that this contract may be amended in the following manner. Attorney General shall have the right to propose amendments hereto from Attorney General to County. Attorney General must furnish County written notification of all amendments made pursuant to this Subsection B. Upon such notification by Attorney General to County, an amendment proposed pursuant to this Subsection B shall be deemed accepted and effective immediately upon receipt by County, unless County notifies Attorney General within two (2) weeks of such receipt of its rejection of the proposed amendment, in which case this contract will terminate in accordance with the provisions of Subsection C of Section 15 of this contract. Upon County's acceptance of the proposed amendment, such amendment becomes binding upon County and Attorney General as if written in this contract.

**C. CONVENTIONAL AMENDMENT**

Except as specifically provided otherwise by this Section 16, any alterations, additions or deletions to the terms of this contract shall be by amendment hereto in writing and executed by both parties to this contract.

**SECTION 17. ORAL AND WRITTEN AGREEMENTS**

All oral and written agreements between the parties to this contract relating to the subject matter of this contract that were made prior to the execution of this contract have been reduced to writing and are contained in this contract.

**SECTION 18. VENUE**

This agreement shall be governed by and construed in accordance with the laws of the State of Texas. The venue of any suit brought for any breach of this agreement is fixed in any court of competent jurisdiction in Travis County, Texas, and all payments shall be due and payable in Travis County.

SUBJECT: Including Part Time Employees Who Work 900 or More Hours a Year in the  
County Retirement System

This office has had several requests by part time employees to be included in our retirement system. Last November I requested an opinion from our Civil District Attorneys Office on this matter and their opinion was that these employees should be included in the system.

In 1989 we have nine part time employees who have worked in excess of 900 hours. They are:

Being this is a decision that should be made by Commissioners' Court I will place this item on the agenda for the August 14th court meeting. It is my recommendation that we accept the opinion of the Civil District Attorney's Office and place all part time employees who exceed 900 hours in the retirement system.

If you have any questions or would like to discuss this item further please give me a call.

RE: Retirement Benefit Health Insurance  
for a county employee

Dear Mr. Selleh:

You have asked this office for an opinion on whether a person who works for the county in excess of 900 hours per year may waive the retirement benefit. You would also like to know if part-time employees must be included in the health insurance program of the county.

On July 25, 1988 this office wrote the enclosed opinion that outlined the Texas County and District Retirement System. Section 51.001, subsection 6 states in part as follows:

"Employee" means a person who is certified by a subdivision as being employed in, or elected or appointed to a position or office in the subdivision that normally requires services from the person for not less than 900 hours a year, and for which the person is compensated by the subdivision. The term includes a person employed on a probationary basis except as provided by Section 52.107(c) of this subtitle.

According to Texas Attorney General's Opinion M-520, 1969 most county employees may not waive the retirement benefit. The Texas County and District retirement System was preceded by Article 6228g, Vernon's Texas Civil Statutes. The summary of Attorney General Opinion M-520 reads as follows:

Under subparagraph 2(a), Section 3, Article 6228g, V.C.S., all persons who are employees of a participating subdivision on the effective date of its participation in the Texas County and District Retirement System

automatically become members of the system on the effective date the subdivision elects to participate in the system and cannot refrain from doing so, except in those instances in which the employee has a basis of employment with the subdivision which would be violated by the requirement that he become a member.

AS PER ORIGINAL

Based upon the foregoing, most county employees may not waive the benefits under the Texas County and District Retirement System. Section 52.201 expressly provides that elected or appointed state or district officials who receive supplemental compensation from the county may waive the benefits of the County and District Retirement System.

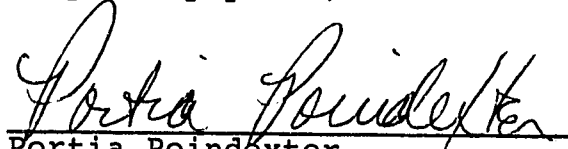

The above stated provision, however, does not apply to other county employee benefits. Unlike the retirement program, the commissioners court may provide hospitalization insurance to county employees. Section 157.001 of the Texas Local Government Code reads in part as follows:

The commissioners court of a county may provide hospitalization insurance to a county official, deputy, assistant, or other county employee.

It is the opinion of this office that it is within the discretion of commissioners court as to whether part-time employees will be included in the health insurance program, as long as there is no discrimination between part-time employees. This is a policy that must be established by the commissioners court.

In conclusion, a county employee who meets the definition of an "employee" under the Texas County and District Retirement System statute must participate in the retirement program of Fort Bend County. The Fort Bend County Commissioners' Court may exclude all part-time employees from the county health insurance program, regardless of length of service.

RE: Eligibility of Part Time County Employees for Mandatory  
Payment of Contribution to the County Retirement and  
Benefit System

Dear Mr. Selleh:

This letter is in reference to your inquiry of when a part time employee becomes eligible for County contributions to the County Retirement and Benefit System. Section 51.001, Subsection 6 of Title 110B, Vernon's Texas Civil Statutes, defines "Employee" in the following terms:

"Employee" means a person who is certified by a subdivision as being employed in, or elected or appointed to, a position or office in the subdivision that normally requires services from the person for not less than 900 hours a year and for which the person is compensated by the subdivision. The term includes a person employed on a probationary basis except as provided by Section 52.107(c) of this subtitle.

Section 52.107 (c) of Title 110B, Vernon's Texas Civil Statutes reads as follows:

A subdivision that was participating in the retirement system before January 1, 1987, and that had in effect before that date and continues to have a policy of hiring new personnel on a probationary basis for a specified period may exclude new personnel from membership during the probationary period but may not, for purposes of retirement system membership, increase the length of the probationary period beyond the length of the period in effect on January 1, 1987. The subdivision may reduce or eliminate the period.

Section 52.101 of Title 110B, Vernon's Texas Civil Statutes, further states:

(a) Except as otherwise provided by this subchapter, a person who is not a member becomes a member of the retirement system if:

- (1) on the date the subdivision's participation in the retirement system becomes effective, the person is a subdivision employee;
- (2) before September 1, 1987, and after the date the subdivision's participation in the retirement system became effective, the person became a subdivision employee and was less than 60 years old at the time of employment; or
- (3) after August 31, 1987, and after the date the subdivision's participation becomes effective, the person becomes a subdivision employee.

(b) A person to whom Subsection (a)(1) of this section applies becomes a member of the retirement system on the date the subdivision's participation becomes effective, and a person to whom Subsection (a)(2) or (a)(3) of this section applies becomes a member of the retirement system on the first day of the person's employment. A person who heretofore became a member pursuant to Subsection (a)(2) of this section on the first day of the month subsequent to the month of employment and who did not receive credit for the initial month of employment may obtain credit for the month preceding the date of membership by depositing with the system for credit to his or her individual account the amount that would have been deducted as the member contribution had the person become a member on the date of employment.

From the above quoted provisions, it is the opinion of this office that a person whose normal job responsibilities would require more than 900 hours per year is an employee for the purposes of membership in the County Retirement and Benefit System.

Very truly yours,

SUBJECT: Joining Industrial Foundation of America

The Industrial Foundation of America is a Non-Profit Membership Organization that verifies employee workers compensation histories. I discussed using this type service with Mr. Clore and Mr. Moore the attorneys from Fulbright and Jaworski when they were out here for our workshop. They said the use of this type of service was legal and they recommend its use. They said some of their clients were using these services with good results.

In the beginning I would think that the County would use this service on new employees for the Law Enforcement Departments, Road and Bridge, Drainage, E.M.S., Vehicle Maintenance and Animal Control. The cost of membership for up to 400 employees would be \$1,100 for one year. I have \$500 in Fees and Services in my budget that could be used towards the \$1,100 cost. We would need an additional \$600 for the first years cost. Payment in advance is required.

There is no other source for us to acquire this information. We used the information furnished by the Industrial Accident Board and found it to be a waste of the County's time and money. For this information to be of value to the County all new employees in the above named departments should be channeled through the Personnel Department where a workmans compensation history would be verified before the person is hired. While this information cannot be the sole basis used in hiring decisions it will be useful in the selection of similar candidates.

## HOW TO USE THE FOUNDATION'S SERVICES

Instruct all persons in charge of handling employee applicants to use the Foundation's service in the case of **each** applicant before placing him or her on your payroll.

1. Require a written application of each prospective employee. Either use your own forms or purchase snap-set application forms available from the IFA office.
2. For immediate verification, call the Foundation's office as soon as the form is completed, giving the prospective employee's full name and social security number. After identifying yourself and company making the inquiry, you will receive a report from the IFA files.
3. For the convenience of all IFA members - Long distance verification from any member placing a call within Texas may be made by dialing 1-800-592-1433. Out of state calls may be made by dialing 1-800-351-1540.
4. If you prefer, you may mail a copy of the prospective employee's application to the Foundation's office. Make sure the social security number and full name of each applicant is legible. A verification will be mailed or reported by phone on the date your inquiry is received by IFA. If your inquiry is answered by mail, a photocopy of any pertinent information, such as lawsuit, claim, or injury will be mailed with the verification.
5. Please do not duplicate the above services. If you call the Foundation's office for verification on an applicant, it is not necessary to send in a written application on the same individual.
6. We urge you to report the status of each employee as they are injured. **This is very important!** Remember, other companies are reporting this information in order to assist you and they are depending on your active participation.
7. The IFA office is closed on the following five holidays: Christmas, New Years Day, July 4th, Labor Day and Thanksgiving.

**SAM W. DICK**  
CRIMINAL DISTRICT ATTORNEY  
FORT BEND COUNTY, TEXAS

August 14, 1989

Honorable County Judge  
and County Commissioners  
Fort Bend County, Texas

Re: Partition of property owned by Teletower, a  
Texas Partnership

Gentlemen:

Reference is made to Item No. 21, Agenda of Commissioners' Court meeting for August 14, 1989. It is my understanding that this matter was approved subject to final approval of this office.

The facts of this matter may be found in a letter dated June 28, 1989 from Lederer/Miller & Associates to Ron Drachenberg, County Engineer; letters of Gene Fround, Assistant County Engineer dated July 26, 1989 to Lederer/Miller & Associates; and a letter dated October 25, 1988 from City of Houston Planning Department to Timothy J. Howard, attorney at law.

The City of Houston has waived the requirement of the property owners to plat, owing to the nature of this matter. This office can find no legal objection of Commissioners' Court to likewise waive the requirement of platting.

The Fort Bend County Subdivision Platting Policy dated December 4, 1985 at Section 2.1 sets forth the General Policy of Fort Bend County as follows:

Every owner of any tract of land situated outside the corporate limits of any city in Fort Bend County, Texas, who divides the same into two (2) or more parts for the purpose of laying out any subdivision of any such tract of land, outside the corporate limits of any town, or city or for laying out suburban lots or building lots, and for the purpose of laying out streets, alleys, or parks, or other portions intended for public use, or the use of purchasers or owners of lots fronting thereon or

Honorable County Judge  
and County Commissioners  
August 14, 1989  
Page two

adjacent thereto, shall cause a plat to be made thereof which shall accurately describe all of said subdivision by metes and bounds and locate the same with respect to an original corner of the original survey of which it is a part, and using the best available information in the event the exact location of the original survey cannot be located, giving the dimensions thereof on said subdivision and the dimensions of all lots, streets, alleys, parks, or other portions of same intended to be dedicated to public use or for the use of purchasers or owners of lots fronting thereon or adjacent thereto.

§232.001, Texas Local Government Code, provides at Subsection (a) as follows:

(a) The owner of a tract of land located outside the limits of a municipality who divides the tract into two or more parts to lay out a subdivision of the tract, including an addition, or to lay out suburban lots or building lots, and to lay out streets, alleys, squares, parks, or other parts of the tract intended to be dedicated to public use or for the use of purchasers or owners of lots fronting on or adjacent to the streets, alleys, squares, parks, or other parts must have a plat of the subdivision prepared.

The Commissioners' Court is given sole jurisdiction to set out the requirements of platting. In both above quoted provisions, a key element is whether a property owner is laying out a subdivision of the land in question or laying out suburban lots.

The county regulations find if this be the case, a plat shall be recorded. However, pursuant to the facts presented, the owner of the land is not dividing its land for such purpose, therefore, the City of Houston, apparently, and the Commissioners' Court have waived platting requirements.

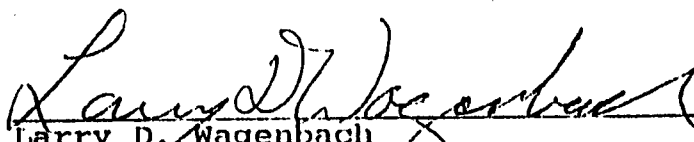

This office has no legal objection to the action of Commissioners' Court in this matter. The action taken is discretionary as to the facts presented and does not constitute a legal issue for this office to determine.

Re: Teletower Properties

Dear Sir:

The Fort Bend County Engineering Department has reviewed the subject plat with the following requirements:

1. Title Report including:
  - a. date of examination of records
  - b. legal & "metes & bounds" descriptions
  - c. owner's name & acquiring instruments
  - d. recording on lienholder's instrument
  - e. statement of current property taxes
2. Tax certificates need to be presented.
3. No minimum slab elevation is noted.
4. Print should be of reproduceable quality.
5. Adjacent properties should be clearly defined.
6. Vertical control notation.
7. Data sheet showing that boundary survey closes to within 1:10,000.
8. Standard coversheet with all pertinent information and signatures:
  - a. name of property
  - b. owners name, address, phone number
  - c. abstract, survey, acreage and "Fort Bend County, Texas"
  - d. engineering/surveying firm, name, address & phone number
  - e. date drawn
  - f. vicinity map at 1" = 100' with N arrow and graphic/numeric scale
  - g. space for County Engineer signature
  - h. space for County Commissioners signatures
  - i. space for County Clerk's signature
  - j. city planning commission (if necessary)
  - k. notary public affidavit
  - l. owner's affidavit
  - m. general notes section

RE: Partition of Teletower Tract in Thomas Hobermacher  
Survey, Fort Bend County.

Dear Mr. Drachenberg:

This letter concerns the subject proposed partition about which you and I have talked previously by telephone. You have also had conversations and correspondence with Teletower's Attorney in Fort Worth, Mr. Tim Harvard. The purpose of this letter is to submit to you, and to the Commissioners Court, the enclosed plats showing the proposed partition and requesting your and their consideration of an exemption for some or all of the requirements of the County's Subdivision Platting Policy, for the reasons discussed below.

The entire tract of 589 acres is about a half mile wide, has a narrow frontage of 120 feet at the north end on McHard Road, (State Highway FM-2234), and extends southward almost two miles to Senior Road. The entire tract is now owned by Teletower, a Texas Partnership, composed of Capitol Cities Communications and Metro Media Television. The northerly 157 acres is now developed and improved with two television antenna towers, about 2200 feet tall, with broadcast transmitter buildings, access roads, guy wires and anchors, etc. Each partner owns his own tower and is desirous of partitioning the northerly 157 acres into separately owned parcels containing their own individual facilities. They intend to leave the remainder, the southerly 430 acres, in joint ownership by the present partnership.

Other than the existing improvements in the 157 acre tract just described, no "development" per se is planned or intended over the rest of the property, no further division into small parcels or lots, no properties are to be sold to others, no streets public or private are to be extended or built. None of the usual items of development associated with a regular subdivision of land are intended by this present partnership.

This subject land lies within the Extra-Territorial Jurisdiction of the City of Houston. I enclose a copy of an October 25, 1988, letter from Ted Siaweleski, Department of Planning and Development, City of Houston, which, in effect, grants an exemption from the City of Houston's usual platting requirements for this particular parcel of land and for (only) the partitioning process which I have described to you above, and for which we are making this request to you now.

Page 2  
Mr. Ron Drachenberg  
June 28, 1989

The recording of a plat, as required by paragraph 2.1 of Section 2 of the Platting Policy would be a very clean-cut way to accomplish this desired partition. However fulfilling all of the other requirements for the preparation and consideration of such a plat prior to its recording would be difficult and expensive in this case. Such requirements as a scale of 1"=100' with maximum sheet sizes of 24" by 36" would be impossible. Surveying to determine one-foot contours over 589 acres would be very expensive. Even the preparation of the usual dedicatory statements would add unnecessary costs, inasmuch as it is intended that no streets, easements or other public areas will be dedicated nor created.

I repeat the purpose of this request and submittal is to request your consideration of the grant of an exemption from recording a plat of the partition or a relaxation of the requirements for recording such a plat. If you so recommend, can this request be forwarded to Commissioners Court for their consideration also?

This submittal, as enclosed, is preliminary and informal in its form. If any other data or information is required to enable it to be presented to the Court, please advise us, and please call me at the telephone number on the letterhead with any questions or comments you may have. Also, should it be desirable for either Mr. Harvard or I to appear before Commissioners Court, please let us know. Thank you.

Sincerely,

Chalmers R. Miller, P.E., R.P.S.

Re: Partition of property owned by Teletower,  
a Texas Partnership

Dear Mr. Harvard:

This letter is written in response to your October 12, 1988 letter requesting written confirmation that pursuant to Chapter 212 of the Local Government Code a plat of the property is not required as a prerequisite to your client's partition of its property. We understand that Teletower intends to partition a 157.2645-acre tract of land into two tracts to be conveyed to a corporation which is part of the partnership.

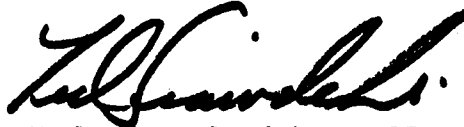

We also understand that the tract is currently used as a site for broadcast towers and that no development is anticipated at this time.

The Department is currently in the process of revising its Development Ordinance to allow certain bulk sale conveyances without requiring final platting. These conveyances, though, will have some conditions attached to them that, at this time, have not been finalized, but will address this type of conveyance.

Therefore, this Department offers no objections to the referenced conveyance of property without a plat being filed at this time. This determination is based upon the review of the metes and bounds and the survey of the proposed transaction. This determination is also with the understanding that should the tracts of land be further subdivided or developed, the property must be platted in accordance with the City of Houston's requirements.

I trust that this letter will satisfy your request. Please do not hesitate to contact me at AC 713/247-1180 should you have additional questions.

Best regards,

Ted Siaweleski, AICP, Planner IV

**A. SCOPE:**

It is the intent of Fort Bend County to contract with one (1) or more vendors to laydown/apply road materials, as needed for Fort Bend County. This bid will be used in conjunction with Road Materials, Earthen - Bid #89-057 and Road Materials, Chemical - Bid #89-058.

**B. PERIOD OF CONTRACT:**

This contract will be for the preiod 14 August 1989 thru 31 Decmeber 1989.

**C. GENERAL:**

1. Formula used in determining low bidder.
  - a. Availability of contractor.
  - b. Bid price of Road Materials using Bids #89-057 & 89-058, plus
  - c. Mileage charges from plant/pit/siding to jobsite (if applicable), plus
  - d. Laydown/application charges.
2. Fort Bend County will continue to laydown/apply road material with County equipment and personnel; however, when the County Commissioner in charge of a road project deems it necessary to use someone other than County employees to laydown/apply the road materials specified herein, this contract will be used. Fort Bend County will then use the formula stated in #1 above to determine the low bidder for the project and a purchase order will be issued to that vendor.
3. All orders for laydown services must be authenticated by a Purchase Order issued by the Fort Bend County Purchasing Agent. Invoices not bearing a purchase order number will not be paid.
4. Laydown/apply is defined as the process whereby material(s) is (are) physically placed into contact with the roadbed under construction and prepared for the application of the next or final course of material. Laydown/apply specifically does not include mileage to the jobsite. Methods used for laydown or application must be as described in Division II or Division III Texas State Department of Highways and Public Transportation 1982 Standard Specifications for Construction of Highways, Streets, and Bridges for the particular material being used.

**D. POINT OF CONTACT:**

Point of contact will be Mr. Gilbert D. Jalomo, Assistant Purchasing Agent, at (713) 341-8646.

Re: Opposition to sand and gravel permit from Brazos River

Gentlemen:

Enclosed please find a proposed resolution and order concerning the above stated matter. This office requests that this matter be placed on the August 14, 1989 Commissioners' Court agenda for closed session to discuss same.

Fort Bend County has until August 31, 1989 to file its appeal in State District Court in Travis County, Texas of the Texas Parks and Wildlife Commission's granting of the permit in question. This office is requesting direction of Commissioners' Court on whether to proceed in this matter.

Very truly yours,

RESOLUTION AND ORDER OPPOSING THE REMOVAL OF  
SAND AND GRAVEL FROM THE BRAZOS RIVER  
IN THE VICINITY OF VALLEY LODGE  
AND SIMONTON, TEXAS

THE STATE OF TEXAS           §  
COUNTY OF FORT BEND       §

On the 14th day of August, 1989, at a regular meeting of the Commissioners' Court of Fort Bend County, Texas, acting as the governing body of Fort Bend County, Texas, upon motion of Commissioner LUTTS, seconded by Commissioner PRESSLEY, duly put and carried:

WHEREAS, the Texas Parks and Wildlife Commission has granted a license to remove sand and gravel from the Brazos River in the vicinity of Valley Lodge and Simonton, Texas; and,

WHEREAS, Fort Bend County has an interest in protecting the residents of Fort Bend County in the area adjacent to Simonton, Texas from activities and enterprises detrimental to their health, economic well being, and environmental conditions; and

WHEREAS, the removal of sand and gravel in that part of the Brazos River in the vicinity of Simonton, Texas would result in a serious detrimental impact on the economic, environmental and health conditions of Fort Bend County immediately adjacent to Valley Lodge and Simonton, Texas; and

WHEREAS, the removal of sand and gravel in that part of the Brazos River in the vicinity Valley Lodge and Simonton, Texas could and probably would cause damage to the Farm to Market Road 1093 bridge over the Brazos River and endanger the public health and safety of the residents of Fort Bend County; and,

WHEREAS, the removal of sand and gravel in that part of the Brazos River in the vicinity of Valley Lodge and Simonton, Texas could and probably would cause damage to other structures located in the vicinity on the Brazos River; and,

WHEREAS, the removal of sand and gravel in that part of the Brazos River near Valley Lodge and Simonton, Texas would cost Fort Bend County more than would be received by the State of Texas from the operations of the applicant in taking sand and gravel from the Brazos River.

NOW, THEREFORE, BE IT RESOLVED that the Commissioners' Court of Fort Bend County, Texas, hereby opposes the removal of sand and gravel from the Brazos River in the vicinity of Valley Lodge and Simonton, Texas, and it is further ordered that the District Attorney's office is authorized to appeal the decision of the Parks and Wildlife Department in the District Court of Travis County, Texas as well as pursue other appropriate legal action to prevent the said removal of sand and gravel from this area of the Brazos River.

PASSED AND APPROVED this 14<sup>th</sup> day of August, 1989.

Re: City of Missouri City Recommendations  
Proposed Additions to the  
Middle Oyster Creek Flood Control Improvements  
Fort Bend Flood Control Water Supply Corporation

AS PER ORIGINAL

Dear Judge Stavinoha:

As per your request, we have reviewed the Missouri City Letter of Recommendations for the above project (July 18, 1989). The following four major areas of concern were considered. We will present our comments and recommendations for your consideration at the August 21, 1989 Commissioners Court Meeting.

1. Revegetation of Disturbed Areas

The objective of the revegetation program for the channel slopes will be to ensure the rapid growth of quality grass through the following requirements:

- A. Our current standard contract calls for the owner to retain payment of one-half of the bid price for revegetation until seed has shown evidence of germination. Final payment will not be paid until 85% of areas to be revegetated have grass four inches in height, with no bare spots in excess of 100 square feet.
- B. Alternative bid items will be inserted in the bid packages for broadcast seeding, hydromulching and the Standard Harris County Flood Control Specification (the use of a seed drill, topsoil, and straw mulch). Our estimate of relative costs are:
  - 1. Broadcast Seeding \$ 500 /AC
  - 2. Hydromulch 1,200 /AC
  - 3. Seed Drill Method 1,350 /AC

If 60% of the total area to be revegetated, (approximately 48 acres adjacent to residential development), was done so with method 3, the increase in construction cost would be \$7,200 vs. method 2 and \$40,800 vs. method 1.

2. Low Flow Section

In order to confine low flows to help prevent the development of swampy areas and to provide water levels in the creek similar to those found under existing conditions, Missouri City has requested that a low flow channel be included in the construction of the channel (FM 1092 to Highway 6). We have proposed the low flow channel

Indicated in exhibit "A" to meet those goals. Our estimate of probable costs for the construction of the low flow channel is:

a.	Five Sheetpile Checkdams	\$ 15,000
b.	49,000 cyd Excavation @ \$2.25/yd.	<u>110,000</u>
	SUB-TOTAL	125,000
c.	Contingencies @ 10%	12,500
d.	Engineering @ 15%	<u>20,600</u>
	TOTAL	\$ 158,100

3. Pedestrian Bridges

Missouri City has requested that modifications be made to the golf cart and pedestrian bridges to prevent trash buildup under the bridge. Our analysis has indicated that the project will not affect the structural stability of the bridges. Our estimate of costs per bridge, including engineering, is \$16,000. Based on these estimates, total cost for modifications to the bridges would be \$32,000.

4. Contract

A. Our standard contract documents call for a work day to be Monday through Friday excluding legal holidays and that the contractor may work on Saturday, Sunday and holidays, provided the engineer is notified 48 hours in advance. We can modify the document for the project to forbid work on Saturday, Sunday and holidays. Working hours will be established from 7 a.m. to 5 p.m. This will bring the contract in compliance with Missouri City ordinance.

B-C. Exhibit "B" presents a plan that would satisfy the concerns Missouri City has for the protection of City Streets and for the minimizing of inconvenience to home owners. The four defined access points will be the only access points for most of the project. It is anticipated that the Missouri City Park Parking Lot and Senior Road would be reconstructed to prior conditions at completion of the project. The plan would eliminate most use of Missouri City Streets by the contractor. We anticipate some problems moving construction equipment in the channel between the pedestrian bridge and golf cart bridge, as well as between Hampton Road and Glen Lakes Drive. The contract documents would indicate that the contractor would need to approach City Staff and be prepared to supply maintenance bonds if he anticipates utilizing any City Street for delivery and removal of equipment or hauling operations.

- D. Temporary Fencing - Fencing is required in the first two construction contracts to define the construction limits in a heavily vegetated area. The reasons that Missouri City has suggested for temporary construction fencing in the reach of Oyster Creek from FM 1092 to State Highway 6, is to keep citizens away from the construction area, keep equipment confined, and tree protection. We propose to include fencing for one-half of the total length of the project on both sides and any additional fencing would be bid as an alternative pay item. We estimate additional project costs to be approximately  $\$2/\text{LF} \times 22,000 \text{ LF} = \$44,000$ .
- E. We have a liquidated damages clause in our contract based on \$500/day beyond contract completion date. We agree with Missouri City that an early completion incentive should be included in the project and that a reasonable daily incentive will be provided, so as to have a positive effect on construction time.
- F. The City Engineer will be invited to any pre-bid, pre-construction and construction progress meetings for all projects within Missouri City.

We have estimated the total costs for additional items requested from Missouri City to be:

1.	Revegetation	\$ 7,200*	\$ 40,800**
2.	Low Flow Section	158,100	158,100
3.	Pedestrian Bridges	32,000	32,000
4.(d)	Temporary Fencing	44,000	44,000
5.	Redesign	30,000	30,000
6.	Tree Surveys	<u>10,000</u>	<u>10,000</u>
		\$281,300	\$314,900

## ProTech Data, Inc.

39

#8  
1300

August 9, 1989

Ms. Marsha Gaines  
Tax Assessor-Collector  
County of Fort Bend  
County Courthouse Annex  
Richmond, Texas

Dear Marsha:

We, at ProTech Data, believe that our company is uniquely qualified to provide the tax collection software for Fort Bend County. We have done tax collection conversions in three counties of similar size, Jefferson, Brazoria and most recently Nueces County. No other company has this much experience in counties of your size. We already have a Fort Bend Appraisal District Certified roll load program which has been in production for three years. This means that we can successfully make a September implementation date.

Our new lease/purchase plan will distribute the cost of purchasing our tax system over several years. In your case this will allow you to install our system at a very reasonable first year cost.

We are extremely interested in placing our tax system in your tax office. To that end we extend the following offer:

- (A) We will install the tax system, convert your data and train your staff for a one time fee of \$8,500.00
- (B) For a monthly fee of \$2,484.00 you will receive a object code license to the ProTech Tax Collection System. After three years, you will receive a fully paid license to the ProTech Data Tax Collection System for collection of taxes for Fort Bend County and any other jurisdictions that are within the boundaries of the County.
- (C) For a monthly support fee of \$1,750.00 you will receive the following: annual load of the certified appraisal roll, the generation of tax rolls and statements, telephone consultation, new program

features and enhancements, program corrections, the annual user meeting, and 12 on-site days per year to assist in any capacity. Support services fee will be \$1000.00 a month once you receive a permanent license.

- (D) You may cancel this lease with 30 days notice to ProTech Data, in writing, without penalty.

At this time I am not sure how much, if any, additional hardware would be required for an efficient implementation of the system. I would like to do a hardware inventory after the demonstration today.

Additionally, ProTech Data can provide laser printed tax statements for 17 cents each. This includes the perforated paper, printing, two envelopes (a #10 size for mailing out and a #9 size for payment return), folding, and delivery to the tax office. All you would need to do is apply postage and drop them at the post office. Second and May notices are the same price.

Using the information provided in the proposal options I have projected what I think is a realistic budget for data processing support for the tax office for the remainder of the current year and the next four fiscal years below.

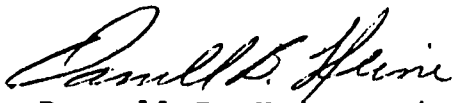

PROJECTED BUDGET FOR TAX OFFICE DATA PROCESSING:

	1989	1990	1991	1992	1993
Equipment:	\$ ?????.	\$ -0-	\$ -0-	\$ -0-	\$ -0-
Installation:	8,500.	-0-	-0-	-0-	-0-
Lease charge:	9,936.	29,808.	29,808.	19,872.	-0-
Support charge:	<u>4,000</u>	<u>21,000.</u>	<u>12,000.</u>	<u>12,000.</u>	<u>12,000.</u>
Total Budget:	\$22,436.	\$50,808.	\$41,808.	\$31,872.	\$12,000.

As an added incentive we will allow 100 percent of all lease charges to apply against an IBM version license of our system when it becomes available. We will also guarantee that your cost for an IBM license cannot exceed \$120,000. This will protect your investment in our software in the event your County decides to become 100 percent IBM shop.

Please give me a call if you would like more information or if you would like me to visit you to work-out the details.

Sincerely,

Darrell B. Heine, Vice President

EVERYONE IS PROPRIETARY.
7. IF GO WITH HEARD AND H.P. SYSTEM NEEDS REPLACING WOULD NOT BE ABLE TO RUN  
SOFTWARE OFF ANY OTHER SYSTEM?  
THIS IS TRUE, BUT THAT IS TRUE ON ANY PACKAGE.
8. COST OF NEW HARDWARE AND MAINTENANCE VS H.P. MAINTENANCE OVER 5 YEAR  
PERIOD.  
ANSWER PENDING.
9. IF PRESENT H.P. NOT MAINTAINED COST OVER 5 YEARS OF GOING WITH SOFTWARE  
GROUP AND MAINTENANCE PROGRAM.  
ANSWER PENDING.
10. IF WE STAY WITH PRESENT SYSEM APPROX. TIME FRAME AND COST TO BRING SYSTEM  
IN LINE WITH HEARD, SOFTWARE GROUP, AND PROTECH?  
ANSWER PENDING.
11. NEW HARDWARE WITH CONFIGURATIONS UNIVERSAL TO ALL NEW SOFTWARE PACKAGES.  
NO SUCH THING NOW, MAYBE IN THE FUTURE.
12. IF PRESENT SYSTEM KEPT WHEN WILL ALL OLD H.P. TERMINALS BE REPLACED.  
WILL TRY TO REPLACE TERMINALS LATER PART OF THIS YEAR OR FIRST  
OF NEXT YEAR.
13. WILL NUMBER OF PORTS AVAILABLE BE EFFECTED.  
JUST ADDED 8 MORE PORTS, BUT HE WILL CHECK TO SEE HOW MANY MORE WE

Re: Release of Private Street Maintenance Bonds, Weston  
Lakes, Sections 1 - 6

Dear Commissioner Lutts:

I appreciate your meeting with myself and representatives of the Weston Lakes Project Developer on August 1, at which meeting we delivered to you the following:

1. Copy of overall development plat;
2. Articles of Incorporation for the Weston Lakes Property Owner's Association (POA) filed with the Secretary of State on April 8, 1985;
3. Copy of Bylaws for the POA effective May 1, 1985;
4. Copy of recorded Deed Restrictions for Weston Lakes.

Several years ago it was agreed that upon approval and acceptance of the Private Streets in Weston Lakes by Fort Bend County the construction bonds would be replaced with maintenance bonds until such time as it could be demonstrated the POA was responsibly maintaining the Private Streets and was in a position to continue doing so.

At the present time there are in excess of 500 property owners in the Weston Lakes Project each paying \$150.00 per year to the POA to support its street maintenance activities. The maintenance obligation of each property owner is secured by a valid enforceable lien against each lot in the project created by the recorded Deed Restrictions. Each prospective purchaser at Weston Lakes acknowledges in writing the receipt of the HUD report containing the above information prior to purchase of property.

The Private Streets in Weston Lakes, Sections 1 - 6 have been conveyed to the POA and the POA maintains the streets under the terms and provisions of its Bylaws and the recorded Subdivision Restrictions. Please find enclosed herewith copy of the recorded Deeds conveying the streets in Weston Lakes, Sections 1 - 6 to the POA.

Based on the foregoing, we request on behalf of the Weston Lakes Property Owner's Association, Inc. that the maintenance

bonds be released for Weston Lakes, Sections 1 - 6, which streets and maintenance bond numbers are shown on Exhibit "A" attached hereto.

It is my understanding that because the POA has demonstrated the capability of maintaining the Private Streets in the Weston Lakes Project, that when Fort Bend County approves the construction of Private Streets in the Weston Lakes Project and approves the release of road construction bonds; same will be cancelled as opposed to being replaced with maintenance bonds.

Thank you for your time and consideration.

Very truly yours,

THAT, UNITED FINANCIAL CORPORATION, a Texas corporation (hereinafter referred to as "Grantor"), for and in consideration of the sum of Ten Dollars (\$10.00) cash and other good and valuable consideration paid by WESTON LAKES PROPERTY OWNERS ASSOCIATION, INC., a Texas non-profit corporation (hereinafter called "Grantee"), the receipt of which is hereby acknowledged, has GRANTED, SOLD and CONVEYED and by these presents does GRANT, SELL and CONVEY unto the said Grantee all of that certain real property situated in Fort Bend County, Texas, described in Exhibit "A" attached hereto and made part hereof for all purposes, together with all street paving and related street improvements located thereon or hereafter made to such property (collectively, the "Streets"), but specifically excluding any sanitary sewer lines, storm sewer lines, water lines, force mains, electrical, telephone, gas and cable television lines and appurtenances located within the Street right-of-ways, which excluded improvements are owned by utility companies, utility districts, Grantor or private entities.

This conveyance is made by Grantor and accepted by Grantee subject to all reservations, restrictions, covenants, conditions, right-of-way easements and other instruments of record, if any, insofar as the same presently affect the Streets, including, without limitation, that certain Declaration of Covenants, Conditions and Restrictions Weston Lakes Section 1 ("Declaration") recorded on April 10, 1985, in the Official Records of Real Property of Fort Bend County, Texas, under Clerk's File No. 8516635, as said Declaration may hereafter be amended, the plat ("Plat") of said Weston Lakes Section 1 Subdivision recorded under Slide Nos. 746B and 747A of the Plat Records of Fort Bend County, Texas and the rights and reservations described in Exhibit "A" attached hereto. Grantor, as Declarant under the Declaration, also reserves the right to maintain and repair the Streets if the Grantee fails to do so in a timely manner as required by the Declaration (including, without limitation, within a reasonable time period following the Grantee's receipt of written notice of the need for repairs from the Grantor), at the cost and expense of the Grantee. In no event shall the Grantee grant, convey, dedicate or transfer any common areas or facilities (including any portion of the Streets) to any public or governmental agency or authority, except in the manner expressly provided for in the Declaration.

Grantor retains and reserves all oil, gas and other minerals in, on, or under the Streets owned by Grantor (subject, of course, to the outstanding royalty interests and mineral interests affecting the Streets). However, Grantor waives all rights to use the surface of the Streets, including, without limitation, the right to enter upon the surface of the Streets for purposes of exploring for, developing, drilling, producing, or treating of oil, gas and other minerals in and under the Streets. Nothing herein contained shall ever be construed to prevent the Grantor, or its successors and assigns, from developing or producing any oil, gas and other minerals in and under the Streets by pooling or by directional drilling or otherwise from off the surface of the Streets. Without limiting the foregoing, Grantor does further hereby expressly covenant and agree for Grantor and its successors and assigns, including any lessee's of the mineral estate owned by Grantor, that Grantor

will not use the surface of the Streets by reason of rights obtained from the undivided mineral interest in the Streets owned by persons other than Grantor and that any oil, gas or mineral lease entered into or executed by Grantor in favor of any person, firm or corporation, covering or affecting any portion of the mineral estate of the Streets shall be expressly made subject to the terms and provisions of this instrument.

By this conveyance from Grantor to Grantee, the Streets become part of the "Common Area" (as defined in the Declaration) of the aforesaid Weston Lakes Section 1 Subdivision. Grantee hereby confirms that Grantor shall have the right, without the consent of the Grantee or any other party, from time to time to grant further easements over, across, through and under the Streets for any lawful purpose, as more particularly described in the Declaration. Grantee also acknowledges that the Fort Bend County Municipal Utility District No. 81 and certain utility companies (such as Houston Lighting & Power Company, Southwestern Bell Telephone Company and Entex Gas Company) have the right to use the Street right-of-ways to install, construct, repair, replace or otherwise maintain utility improvements in accordance with the provisions of the Plat. In connection with the Grantor's dedication of said easements pursuant to the Plat, the Declaration or by separate instrument, the holder of said easements shall have the right to make reasonable use of the surface of said easement for constructing, installing, maintaining, protecting, repairing, altering, changing the size of, replacing, moving, removing and/or operating its lines and appurtenances to be installed within said easement, but such surface shall forthwith be restored by the holder of said easement to the same or better condition as that existing prior to such use, except as otherwise provided in the Declaration.

TO HAVE AND TO HOLD the Streets together with all and singular, the rights and appurtenances thereto and anywise belonging to the Grantee, its successors and assigns, forever; and Grantor does bind itself, its successors and assigns to WARRANT and FOREVER DEFEND all and singular the Streets unto the Grantee, its successors and assigns, against every person whomsoever lawfully claiming or to claim same or any part thereof, by, through, or under Grantor, but not otherwise, subject to the provisions of this instrument.

                                  §     KNOW ALL MEN BY THESE PRESENTS:  
COUNTY OF FORT BEND       §

THAT, UNITED FINANCIAL CORPORATION, a Texas corporation (hereinafter referred to as "Grantor"), for and in consideration of the sum of Ten Dollars (\$10.00) cash and other good and valuable consideration paid by WESTON LAKES PROPERTY OWNERS ASSOCIATION, INC., a Texas non-profit corporation (hereinafter called "Grantee"), the receipt of which is hereby acknowledged, has GRANTED, SOLD and CONVEYED and by these presents does GRANT, SELL and CONVEY unto the said Grantee all of that certain real property situated in Fort Bend County, Texas, described in Exhibit "A" attached hereto and made part hereof for all purposes, together with all street paving and related street improvements located thereon or hereafter made to such property (collectively, the "Streets"), but specifically excluding any sanitary sewer lines, storm sewer lines, water lines, force mains, electrical, telephone, gas and cable television lines and appurtenances located within the Street right-of-ways, which excluded improvements are owned by utility companies, utility districts, Grantor or private entities.

This conveyance is made by Grantor and accepted by Grantee subject to all reservations, restrictions, covenants, conditions, right-of-way easements and other instruments of record, if any, insofar as the same presently affect the Streets, including, without limitation, that certain Declaration of Covenants, Conditions and Restrictions Weston Lakes Section 5 ("Declaration") recorded on March 5, 1986, in the Official Records of Real Property of Fort Bend County, Texas, under Clerk's File No. 8609657, as said Declaration may hereafter be amended, the plat ("Plat") of said Weston Lakes Section 5 Subdivision recorded under Slide Nos. 822B and 823A of the Plat Records of Fort Bend County, Texas and the rights and reservations described in Exhibit "A" attached hereto. Grantor, as Declarant under the Declaration, also reserves the right to maintain and repair the Streets if the Grantee fails to do so in a timely manner as required by the Declaration (including, without limitation, within a reasonable time period following the Grantee's receipt of written notice of the need for repairs from the Grantor), at the cost and expense of the Grantee. In no event shall the Grantee grant, convey, dedicate or transfer any common areas or facilities (including any portion of the Streets) to any public or governmental agency or authority, except in the manner expressly provided for in the Declaration.

Grantor retains and reserves all oil, gas and other minerals in, on, or under the Streets owned by Grantor (subject, of course, to the outstanding royalty interests and mineral interests affecting the Streets). However, Grantor waives all rights to use the surface of the Streets, including, without limitation, the right to enter upon the surface of the Streets for purposes of exploring for, developing, drilling, producing, or treating of oil, gas and other minerals in and under the Streets. Nothing herein contained shall ever be construed to prevent the Grantor, or its successors and assigns, from developing or producing any oil, gas and other minerals in and under the Streets by pooling or by directional drilling or otherwise from off the surface of the Streets. Without limiting the foregoing, Grantor does further hereby expressly covenant and agree for Grantor and its successors and assigns, including any lessee's of the mineral estate owned by Grantor, that Grantor

will not use the surface of the Streets by reason of rights obtained from the undivided mineral interest in the Streets owned by persons other than Grantor and that any oil, gas or mineral lease entered into or executed by Grantor in favor of any person, firm or corporation, covering or affecting any portion of the mineral estate of the Streets shall be expressly made subject to the terms and provisions of this instrument.

By this conveyance from Grantor to Grantee, the Streets become part of the "Common Area" (as defined in the Declaration) of the aforesaid Weston Lakes Section 1 Subdivision. Grantee hereby confirms that Grantor shall have the right, without the consent of the Grantee or any other party, from time to time to grant further easements over, across, through and under the Streets for any lawful purpose, as more particularly described in the Declaration. Grantee also acknowledges that the Fort Bend County Municipal Utility District No. 81 and certain utility companies (such as Houston Lighting & Power Company, Southwestern Bell Telephone Company and Entex Gas Company) have the right to use the Street right-of-ways to install, construct, repair, replace or otherwise maintain utility improvements in accordance with the provisions of the Plat. In connection with the Grantor's dedication of said easements pursuant to the Plat, the Declaration or by separate instrument, the holder of said easements shall have the right to make reasonable use of the surface of said easement for constructing, installing, maintaining, protecting, repairing, altering, changing the size of, replacing, moving, removing and/or operating its lines and appurtenances to be installed within said easement, but such surface shall forthwith be restored by the holder of said easement to the same or better condition as that existing prior to such use, except as otherwise provided in the Declaration.

TO HAVE AND TO HOLD the Streets together with all and singular, the rights and appurtenances thereto and anywise belonging to the Grantee, its successors and assigns, forever; and Grantor does bind itself, its successors and assigns to WARRANT and FOREVER DEFEND all and singular the Streets unto the Grantee, its successors and assigns, against every person whomsoever lawfully claiming or to claim same or any part thereof, by, through, or under Grantor, but not otherwise, subject to the provisions of this instrument.

Re: Release of Private Street Construction Bond, Weston  
Lakes, Section 9

Dear Commissioner Lutts:

On behalf of Mr. J. Bruce Belin, Jr., representative of the Developer of the West Lakes Project, we request you have the Fort Bend County Engineering Department verify the streets constructed in Weston Lakes, Section 9 qualify for the Release of the Construction Bond and thereafter request Commissioners' Court to release same.

The streets involved and the bond number are set forth in Exhibit "A" attached hereto.

It is our understanding that it will not be necessary to replace the construction bond with a maintenance bond because the West Lakes Property Owner's Association has demonstrated the ability of maintaining the private streets. Please find enclosed herewith copy of recorded Deed conveying the streets in Weston Lakes, Section 9 to the Property Owner's Association.

Thank you for your attention to this matter.

Very truly yours,

THAT, UNITED FINANCIAL CORPORATION, a Texas corporation (hereinafter referred to as "Grantor"), for and in consideration of the sum of Ten Dollars (\$10.00) cash and other good and valuable consideration paid by WESTON LAKES PROPERTY OWNERS ASSOCIATION, INC., a Texas non-profit corporation (hereinafter called "Grantee"), the receipt of which is hereby acknowledged, has GRANTED, SOLD and CONVEYED and by these presents does GRANT, SELL and CONVEY unto the said Grantee all of that certain real property situated in Fort Bend County, Texas, described in Exhibit "A" attached hereto and made part hereof for all purposes, together with all street paving and related street improvements located thereon or hereafter made to such property (collectively, the "Streets"), but specifically excluding any sanitary sewer lines, storm sewer lines, water lines, force mains, electrical, telephone, gas and cable television lines and appurtenances located within the Street right-of-ways, which excluded improvements are owned by utility companies, utility districts, Grantor or private entities.

This conveyance is made by Grantor and accepted by Grantee subject to all reservations, restrictions, covenants, conditions, right-of-way easements and other instruments of record, if any, insofar as the same presently affect the Streets, including, without limitation, that certain Declaration of Covenants, Conditions and Restrictions Weston Lakes Section 9 ("Declaration") recorded on October 31, 1988, in the Official Records of Real Property of Fort Bend County, Texas, under Clerk's File No. 8855330, as said Declaration may hereafter be amended, the plat ("Plat") of said Weston Lakes Section 9 Subdivision recorded under Slide No. 956A of the Plat Records of Fort Bend County, Texas and the rights and reservations described in Exhibit "A" attached hereto. Grantor, as Declarant under the Declaration, also reserves the right to maintain and repair the Streets if the Grantee fails to do so in a timely manner as required by the Declaration (including, without limitation, within a reasonable time period following the Grantee's receipt of written notice of the need for repairs from the Grantor), at the cost and expense of the Grantee. In no event shall the Grantee grant, convey, dedicate or transfer any common areas or facilities (including any portion of the Streets) to any public or governmental agency or authority, except in the manner expressly provided for in the Declaration.

Grantor retains and reserves all oil, gas and other minerals in, on, or under the Streets owned by Grantor (subject, of course, to the outstanding royalty interests and mineral interests affecting the Streets). However, Grantor waives all rights to use the surface of the Streets, including, without limitation, the right to enter upon the surface of the Streets for purposes of exploring for, developing, drilling, producing, or treating of oil, gas and other minerals in and under the Streets. Nothing herein contained shall ever be construed to prevent the Grantor, or its successors and assigns, from developing or producing any oil, gas and other minerals in and under the Streets by pooling or by directional drilling or otherwise from off the surface of the Streets. Without limiting the foregoing, Grantor does further hereby expressly covenant and agree for Grantor and its successors and assigns, including any lessee's of the mineral estate owned by Grantor, that Grantor

will not use the surface of the Streets by reason of rights obtained from the undivided mineral interest in the Streets owned by persons other than Grantor and that any oil, gas or mineral lease entered into or executed by Grantor in favor of any person, firm or corporation, covering or affecting any portion of the mineral estate of the Streets shall be expressly made subject to the terms and provisions of this instrument.

By this conveyance from Grantor to Grantee, the Streets become part of the "Common Area" (as defined in the Declaration) of the aforesaid Weston Lakes Section 1 Subdivision. Grantee hereby confirms that Grantor shall have the right, without the consent of the Grantee or any other party, from time to time to grant further easements over, across, through and under the Streets for any lawful purpose, as more particularly described in the Declaration. Grantee also acknowledges that the Fort Bend County Municipal Utility District No. 81 and certain utility companies (such as Houston Lighting & Power Company, Southwestern Bell Telephone Company and Entex Gas Company) have the right to use the Street right-of-ways to install, construct, repair, replace or otherwise maintain utility improvements in accordance with the provisions of the Plat. In connection with the Grantor's dedication of said easements pursuant to the Plat, the Declaration or by separate instrument, the holder of said easements shall have the right to make reasonable use of the surface of said easement for constructing, installing, maintaining, protecting, repairing, altering, changing the size of, replacing, moving, removing and/or operating its lines and appurtenances to be installed within said easement, but such surface shall forthwith be restored by the holder of said easement to the same or better condition as that existing prior to such use, except as otherwise provided in the Declaration.

TO HAVE AND TO HOLD the Streets together with all and singular, the rights and appurtenances thereto and anywise belonging to the Grantee, its successors and assigns, forever; and Grantor does bind itself, its successors and assigns to WARRANT and FOREVER DEFEND all and singular the Streets unto the Grantee, its successors and assigns, against every person whomsoever lawfully claiming or to claim same or any part thereof, by, through, or under Grantor, but not otherwise, subject to the provisions of this instrument.

CONSULTANT AGREEMENT

Agreement made as of the \_\_\_\_\_ of August, 1989 by and between THE COUNTY OF FORT BEND, TEXAS, hereinafter referred to as Client, and EXURBAN DEVELOPMENT, hereinafter referred to as Consultant. In consideration for the mutual promises herein contained, the parties hereto agree as follows:

RECITALS

It is the desire of the Client to engage the services of the Consultant to perform for the Client certain consulting services regarding the securing of contracts with and grants from, Federal, State, County, Municipal, and other governmental and quasi-governmental funding sources, as an independent contractor and not as an employee or agent of the Client. Consultant shall undertake grant writing and packaging services and Economic Development activities for Client as may be mutually agreed upon from time to time.

It is the desire of the Consultant to consult with Client and its administrative staff, and to undertake for the Client, consultation as to the direction of certain functions.

**1. TERM OF AGREEMENT**

The respective duties and obligations of the parties hereto shall be for a period necessary to investigate, develop, and submit one Community Development Block Grant on behalf of Client, provided that this agreement may be terminated by either party by giving 5 days written notice to the other party.

**2. CONSULTATIONS**

The Consultant shall make itself available to consult with the management of the Client at reasonable times, and upon request of the Client concerning matters pertaining in general, to any problem of importance with respect to the business affairs of the Client, as the same relates to contracts and grants, and which are secured through the services of the Consultant ( hereinafter referred to as the Contracts ). Consultant shall render the following services for the benefit of the Client:

- a. Briefing the Client on significant factors affecting contracts.
- b. Furnishing the Client, if applicable, with information regarding the relevant agencies' involvement with the Contracts and the procurement requirements of the Contracts, including pre-qualification, bid requirements, contracting procedures and any other related matters.

- c. Assisting the Client in the preparation and submittal of bids for the Contracts.
- d. Assisting the Client by lawful means to obtain award of the Contracts in a suitable manner.
- e. Assisting the Client in negotiations from time to time as may be requested by the Client.
- f. Assisting the Client by lawful means in the negotiation of Contracts, obtaining documentation required by relevant agencies in the course of the negotiation of Contracts, and providing continuing liaison with the relevant agencies, if applicable.
- g. Taking any lawful steps requested by the Client to maintain, for the benefit of the Client, a good business relationship with the relevant agencies in connection with the contracts.
- h. Assisting the Client in reviewing present revenue sources and recommending possible revenue sources.
  - 1. Consultant shall submit funding application packages to Client. Upon presentation of potential packages, Consultant and Client management shall confer regarding the feasibility of submitting packages and shall reach agreement as to packages to be submitted for funding.
  - 2. Expenses and costs incurred by Consultant and its office shall be borne by Consultant. All out of State travel expenses, including, but not limited to, travel, lodging, and meals shall be borne by Client. Prior written approval for any such expenses shall be given by Client to Consultant.

### 3. COMPENSATION

The Client will pay Consultant compensation at the rate of \$1,500.00 ( fifteen hundred and no/100 dollars ) for its grant writing, packaging, and other services as necessary for submission of the aforementioned grant.

### 4. TERMS OF PAYMENT

Compensation shall be paid in full by Client to consultant as follows:

\*\* \$750.00 ( seven hundred fifty and no/100 dollars ) payable upon execution of agreement by Client

\*\* \$750.00 ( seven hundred fifty and no/100 dollars ) payable upon completion ( document finalized and awaiting Client signature for submission ) of the aforementioned application.

5. EXURBAN DEVELOPMENT is authorized and approved to perform administrative and other services for the Client or any entity thereof. This agreement is non-exclusive and the Client reserves the right to retain the services of any other administrative or management firm for any such services. Upon receiving a request for management and administration services from the Client, a specific

agreement or contract shall be made between Exurban Development and the Client, which shall contain among other items, the specific services to be performed and the compensation thereof.

#### 6. REPRESENTATIONS

Consultant hereby represents, warrants, and agrees as follows:

a. That in providing its services to Client, Consultant has complied with, and is fully qualified to represent the Client under all applicable laws, rules, regulations, and the like, including, but not limited to, anti-bribery and tax laws, rules, regulations, and the like.

b. That no governmental official and no official of any contracting agency, is associated with or owns any interest in Consultant, or has any legal or beneficial interest in this agreement or the payment to be made by Client hereunder.

Consultant does not warrant the results of its applications. Consultant does warrant that he will devote his efforts, skills, and attention toward securing funds for Client.

#### 7. NOTICE

All notices hereunder shall be sent postage prepaid by certified mail, return receipt requested, and shall be addressed to the parties as follows:

or to such other address as the parties may hereafter designate by notice in accordance with this paragraph. Notices shall be deemed given when received or refused by the other party.

#### 8. ASSIGNMENT

Neither Consultant or Client shall subcontract or assign any of its obligations or rights under this agreement without prior written consent of the other party. The agreement

shall be binding upon heirs, representatives, successors, and assigns of both parties.

#### 9. REMEDIES

If any action, law or equity is necessary to enforce or interpret the terms of this agreement, the prevailing party shall be entitled to reasonable attorney's fees, costs, and necessary disbursements in addition to any other relief to which the party may be entitled.

#### 10. TEXAS LAW TO APPLY

This agreement shall be construed under and in accordance with the laws of the State of Texas and all obligations of the parties created hereunder are performable in Harris County, Texas.

#### 11. INDEPENDENT CONTRACTOR RELATIONSHIP

Nothing in this agreement shall be construed to constitute either party as a partner, employee, or agent of the other nor shall either party have authority to bind the other in any respect, it being intended that each party shall remain an independent contractor solely responsible for its own actions. No employee or agent of one party hereto shall be considered an employee or agent of the other party herein.

#### 12. PRIOR AGREEMENT SUPERSEDED

This agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understanding or written or oral agreements between the parties respecting the subject matter within.

Irrevocable Letter of  
Credit No. 51

Gentlemen:

We hereby establish our Irrevocable Letter of Credit in your favor for the account of Pecan Grove Associates, for a sum or sums, not to exceed in the aggregate, the amount of two hundred nine thousand eight hundred fifty dollars Dollars (\$209,850), in U.S. Dollars, available by your draft at sight drawn on us, to be accompanied by an affidavit from Fort Bend County Judge Jodie E. Stavinoha, or his successors in office, stating one of the following:

1. "The undersigned, \_\_\_\_\_, hereby certifies to American General Investment Corporation, as the issuer of Letter of Credit No. 51 dated August 14, 1989, in the amount of two-hundred-nine-thousand-eight hundred fifty Dollars (\$209,850), that Pecan Grove Associates has failed to build and/or maintain roads and/or drainage facilities of Pecan Grove Plantation Section II, in accordance with the Subdivision Regulations of Fort Bend County, Texas prior to the roads being accepted for permanent maintenance by Fort Bend County and, by virtue of such failure, Beneficiary is entitled to receive funds in the amount of \_\_\_\_\_ (\$ \_\_\_\_\_)".
2. "The undersigned, \_\_\_\_\_, hereby certifies to American General Investment Corporation, as issuer of Letter of Credit No. 51, dated August 14, 1989, in the amount of two hundred nine thousand eight hundred fifty Dollars (\$209,850), that Pecan Grove Associates has delivered notice of intent to not automatically renew Letter of Credit No. 51 for a period no less than one year from the present expiration date and, by virtue of said delivery and notification, beneficiary is entitled to receive funds equal in amount to the undrawn balance on this Letter of Credit such amount being \_\_\_\_\_ Dollars (\$ \_\_\_\_\_)".

It is the condition of this Letter of Credit that it shall be automatically renewed for a period no less than one year from the present or each future expiration date, unless at least 30 days prior to such date we, the Issuer, shall notify Fort Bend County Judge Jodie E. Stavinoha or his successors in office that we elect not to renew this Letter of Credit for such additional periods.

Partial drawings on this Letter of Credit are permitted.

Notwithstanding any reference in this Letter of Credit to other documents, instruments or agreements, or references in such other documents, instruments or agreements to this Letter of Credit, this Letter of Credit contains the entire agreement among the account party, beneficiary and the issuer hereunder relating to the obligations of the issuer hereunder.

Any draft drawn under this Letter of Credit must be marked "Drawn under the Letter of Credit No. 51, dated August 14, 1989 issued by American General Investment Corporation. It is further stipulated and understood that the approval of the map or plat of the above Subdivision(s) is conditioned upon and subject to the strict compliance by the Principal herein with the aforesaid specifications, and that the terms of said specifications, including all deletions, additions, changes or modifications of any kind or character, constitute a contract between the County of Fort Bend and Principal; and it is understood by the Principal that the approval of said map or plat of the above Subdivision(s) was obtained only by the undertaking of the Principal to so comply with the said regulations and specifications, and that without such undertaking such approval would have not been granted.

NOW THE CONDITION OF THIS OBLIGATION IS SUCH, that if the above bounded Principal, his, their, or its heirs, executors, administrators, successors, assigns, and legal representatives, and each and every one of them to do in all things well and truly observe, perform, fulfill, keep and comply with all and singular the rules, regulations, requirements and specifications above referred to, including any deletions, additions, changes or modifications of any kind or character, in the construction and maintenance of all roads and streets in the above named Subdivision(s) and that upon approval of the construction of said roads or streets by the County Engineer and upon the approval of such maintenance by the County Engineer, then this obligation to be void and of no force and effect.

The Principal and Surety hereon each agree, bind and obligate themselves to pay to the County Judge of Fort Bend County, State of Texas, for the use and benefit of Fort Bend County, all loss or damages to it occasioned by reason of failure of the Principal to comply strictly with each and every provision contained in the rules, regulations, requirements and specifications above referred to relating to the construction and maintenance of roads and streets in the above named Subdivision(s), and further agree, bind and obligate themselves to save and keep harmless the County of Fort Bend from any and all damages, expenses, and claims of every kind and character which the County of Fort Bend may suffer, directly or indirectly, as a result of the Principals' failure to comply with the rules, regulations and specifications relating to the construction and maintenance of the roads and streets in the above named Subdivision(s).

The word Principal when used herein means Principal or Principals whether an individual, individuals, partnership, corporations, or other legal entity having the capacity to contract. The words Roads or Streets used herein mean each and every road or street in said Subdivision(s). The word Maintenance as used herein means all needful, necessary and proper care and repair from completion of the roads or streets and approval thereof by the County Engineer until acceptance of the roads and streets by the Commissioners Court. The word Surety when used herein means Surety or Sureties, and it is understood by the parties that any and all liabilities of any kind or character assumed or imposed upon the Principal by the terms hereof extends in full force and vigor to each and every Surety jointly and severally.

INTERLOCAL AGREEMENT BETWEEN  
THE FORT BEND COUNTY DRAINAGE DISTRICT  
AND  
ELDRIDGE ROAD MUNICIPAL UTILITY DISTRICT

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

This Interlocal Agreement ("Agreement") is entered into between the Fort Bend County Drainage District, hereinafter referred to as "Drainage District" and Eldridge Road Municipal Utility District, hereinafter referred to as "Eldridge Road".

WHEREAS, Eldridge Road desires that the Drainage District assist in the maintenance of certain drainage improvements more particularly described on Exhibit "A" attached hereto and made a part hereof (the "Drainage Improvements").

WHEREAS, the governing body of Eldridge Road has duly authorized this Agreement;

WHEREAS, the Drainage District desires to assist Eldridge Road in the maintenance of Drainage Improvements;

WHEREAS, the governing body of said Drainage District has duly authorized this Agreement; and,

WHEREAS, this Agreement is made pursuant to and under the provisions of Article 4413 (32c), Vernon's Texas Civil Statutes.

NOW, THEREFORE, the Drainage District and Eldridge Road mutually agree as follows:

1. The Drainage District hereby agrees, subject to the conditions stated herein, to maintain the Drainage Improvements upon written notice by the Board of Directors of Eldridge Road to the County Commissioner within whose precinct said drainage is located.
2. The written notice from the Board of Directors of Eldridge Road shall set forth the following:
  - a. Describe in detail the Drainage Improvements which Eldridge Road desires the Drainage District's assistance in maintaining and describe in detail the work Eldridge Road desires the Drainage District to perform.
  - b. The approximate date upon which Eldridge Road desires the Drainage District to commence such maintenance and the approximate duration of time that Eldridge Road desires the Drainage District to continue such maintenance.
  - c. The construction materials that are anticipated by Eldridge Road to be used by the Drainage District in performing such maintenance, if any.
  - d. That Eldridge Road agrees to pay for any and all such materials as may be used by the Drainage District pertaining to the request.
3. Upon receipt of such written request, the County Commissioner within whose precinct the said drainage is located, will review and consider the request and review same with the Manager of the Drainage District, and if equipment and man-power are available, and the use of same will not interfere with or interrupt normal construction and maintenance of Fort Bend County drainage, the Drainage District will make arrangements to perform maintenance on the Drainage Improvements.
4. Once the Drainage District has determined that equipment and man-power are available to perform the requested maintenance, as provided in Paragraph 3 above, the Drainage District agrees to furnish all necessary equipment and labor, at no cost to Eldridge Road, necessary for the maintenance of the Drainage Improvements, subject to the conditions herein stated.

5. Eldridge Road agrees to indemnify and hold the Drainage District harmless with respect to any claim, demand or suit arising out of the Drainage District's performance of the maintenance of said Drainage Improvements. Notwithstanding any of the above provisions, if it is determined that the Drainage District is solely negligent with regard to any claim, demand or suit arising out of the aforementioned project, Drainage District will hold Eldridge Road harmless and indemnify Eldridge Road from all costs incurred in connection therewith.
6. It is expressly understood and agreed that this Agreement may be terminated at any time by either party upon thirty (30) days written notice.
7. It is expressly understood and agreed that this Agreement automatically terminates on the 31st day of December, 1989 and must be renewed annually.
8. It is expressly understood and agreed by the parties hereto that said Agreement will have no force or effect until duly executed by all parties as provided herein below.

## EXECUTIVE SUMMARY

Recent experiences in the Middle Oyster Creek Watershed, involving drainage problems and over \$20 million in flood control projects to be financed primarily through bonds, prompted the Fort Bend County Drainage District to contract for this study to develop a program for implementing drainage plans so as to avoid flooding problems from being created in the future as development continues in the county.

The scope of the study covered the Upper Oyster Creek Watershed, where some development has been occurring in this relatively rural area, and where it is anticipated that development will accelerate in the near future. With considerable development having already occurred in the Middle Oyster Creek Watershed and the City of Sugar Land, both located downstream, it was determined that there was a need to devise a plan for preventing additional development in the Upper Oyster Creek Watershed from increasing runoff that would eventually create flooding problems downstream.

The Fort Bend County Drainage District had recognized this need for long-range planning of drainage improvements by previously contracting for a county-wide Master Drainage Study whereby master plans were established for most of the major watercourses in the county. The Master Plan for the Upper Oyster Creek Watershed was prepared in 1987 and was updated in the study herein using more recent information. The original Master Plan was also revised in this study to produce a plan that was less costly and more closely resembled the natural drainage patterns of the watershed.

The revised Master Drainage Plan involves no channel improvements to Upper Oyster Creek itself, but rather utilizes the existing channel capacity of the creek to transport floodflows to five designated overflow points that will direct the excess floodwaters directly to the Brazos River via two major channel projects (referred to as the Ditch II-H Master Project and the LID 7 External Channel Master Project). Such overflows occur naturally and have prevented excessive runoff from passing through the City of Sugar Land along Oyster Creek. The total estimated cost of the revised Master Drainage Plan is approximately \$33 million, including excavation, bridge replacement, pipeline adjustments, right-of-way acquisition and control structures.

An impact fee of \$1587 per acre was computed to be imposed on new development in the Upper Oyster Creek Service Area, encompassing 20,685 acres, of which only 8 percent is currently developed. The County's share of the total project cost was computed to be only \$2,625,600 as representing the project cost attributable to existing development for which no impact fees can be assessed.

An implementation program was structured so that various phases of the Master Plan would be constructed only after certain levels of

development have occurred against which impact fees have been collected. The program has been designed to implement drainage projects when they are needed to serve the additional runoff generated from new development while at the same time providing a large portion of the financing for these projects through the collection of impact fees. The result of this program will be a phased implementation of the Master Drainage Plan tied to the amount of development that is occurring, which will avoid creating downstream flooding problems while reducing the financial burden on the County.

## I. INTRODUCTION

In 1987, a county-wide Master Drainage Study was conducted for the Fort Bend County Drainage District by Espey, Huston & Associates, Inc. (EH&A) for the purpose of developing master drainage plans for most of the major watersheds in the county, including the Oyster Creek Watershed (See Vicinity Map on Exhibit No. 1). The Master Drainage Plan for the Oyster Creek Watershed basically called for channel improvements along most of Oyster Creek, in addition to three bypass channels for transporting flood overflows from Oyster Creek directly into the Brazos River (i.e. along Flat Bank Creek, Ditch II-H and a new channel along FM1464).

A Capital Improvements Plan and Impact Fee were subsequently prepared for implementing the drainage improvements of the Master Drainage Plan associated with the Middle Oyster Creek Watershed (i.e. Dam No. 3 downstream to Flat Bank Creek), including Stafford Run and Flat Bank Creek. Due to the flooding problems being experienced in that watershed, with approximately 35 percent of the watershed having already been developed and more development being anticipated for the near future, it was concluded that immediate construction of the C.I.P. drainage projects was warranted. Thus, bonds in excess of \$20 million were obtained from the Texas Water Development Board to pay for the cost of constructing the drainage improvements of the Master Drainage Plan for Middle Oyster Creek, Flat Bank Creek and a portion of Stafford Run. Fort Bend County will be responsible for repaying almost half of the bond money to cover the cost of constructing the improvements necessary to correct the existing flooding problems. To repay the remaining portion of the bond money used to construct the drainage improvements that are attributable to new development, an impact fee of approximately \$2,000 was adopted to be imposed on all new development within that area.

Development has also begun to occur within the upper portion of the Oyster Creek Watershed, and is anticipated to accelerate in the near future. To determine how the Master Drainage Plan for this part of the Oyster Creek Watershed would be implemented to serve the major outfall drainage needs of this new development and to prevent any unreasonable flooding problems from being created, the Fort Bend County Drainage District took the initiative to have this study conducted.

The purpose of this study was twofold: (1) update the Master Drainage Study for the Upper Oyster Creek Watershed, and (2) determine an Implementation Program and Impact Fee for the Updated Master Drainage Plan.

The scope of the study covered the Upper Oyster Creek Watershed, which involved all of the area draining into Oyster Creek upstream of Dam #1 (Station 6497+00), as shown on Exhibit No. 2, including Red Gully, and Ditch II-H, including Bullhead

Bayou.

The first part of this study was to update the Master Drainage Study, which involved reviewing existing reports and studies that had been conducted for the area, collecting new survey cross-sectional data along Oyster Creek, establishing the current level of development within the watershed, updating the existing conditions flood profiles and evaluating possibly more cost-effective flood control alternatives for the Master Drainage Plan.

After updating the Master Drainage Plan, the second part of the study was to determine an Implementation Program and Impact Fee. This involved using the cost estimate of the Updated Master Drainage Plan and the area being serviced to compute an impact fee, and establishing phases for constructing the Master Plan along with the amount of development that can occur before each phase needs to be completed.

Under Texas law, an impact fee can only be assessed against new development to pay for the engineering, financing and construction of the capital improvements to outfall drainage needed to serve the new development. Thus, the implementation program must be structured in such a way so as to be consistent with the Texas Impact Fee laws and also the Texas drainage laws, yet not be a financial burden on the citizens of Fort Bend County.

## II. UPDATING MASTER DRAINAGE STUDY

### 1. Introduction

The original Master Drainage Study for the Upper Oyster Creek Watershed was prepared for the Fort Bend County Drainage District by Espey, Huston & Associates, Inc. in September 1987 as part of a county-wide master drainage study. The purpose here is to update that study with more current information and to more closely examine alternatives to the original Master Plan as the County moves closer to constructing a portion of that plan.

### 2. Review of Existing Data

Numerous reports had been prepared concerning drainage projects within the Upper Oyster Creek Watershed subsequent to the Master Drainage Study of 1987. These reports were reviewed to determine the current status of drainage projects in the watershed, either constructed or planned to be constructed, so that the Master Plan could be updated to incorporate these projects as appropriate. The reports that were provided by the Drainage District for review are discussed below.

A. Red Gully Study. Reports prepared by Lichliter/Jameson & Associates, Inc. presented the results of studies that they had conducted in the Red Gully Watershed associated with drainage from the proposed Madden Road Landfill and the development of MUD 41, dated February 1989 and July 1987, respectively. These studies indicated that the area upstream of Madden Road is planned to be used as a landfill and, therefore, the drainage from that area would not exceed existing runoff rates. In addition, as a result of plans to develop MUD 41, certain channel improvements to Red Gully downstream of the development have been or are being constructed. More detailed computer models were developed during these studies for the Red Gully Watershed and were provided for use in updating the Master Plan.

B. Bullhead Bayou Study. A report prepared by LJA dated January 1989 presented the results of a realignment and easement study conducted for New Territory that provided some possible channel dimensions for handling the drainage from ultimate development depending upon the existence of upstream diversions.

C. Ditch H Study. A report, including construction plans, prepared by VanSickle, Michelson & Klein, Inc. dated July 1988 provided information concerning the proposed channel improvements for Ditch H for both interim and ultimate conditions. Computer models were also made available that were used in this study.

D. LID 7 Drainage Study. A report prepared by VMK

AS PER ORIGINAL

provided information, including computer models, on the drainage improvements being constructed for development of LID 7. The external channel serving LID 7 was being considered by the Drainage District as becoming an integral part of the proposed FM1464 overflow channel of the Master Drainage Plan.

E. Upper Oyster Creek Diversion Channel Study. A report prepared by the Fort Bend County Drainage District dated October 1988 provided information on the District's current plans for the overflow channel being proposed for Oyster Creek near FM1464 to take excess flood flows along Oyster Creek and transport them directly to the Brazos River, as part of the Master Plan for the Upper Oyster Creek Watershed.

### 3. New Surveyed Cross-sectional Data

The cross-sections used in the Master Drainage Study of 1987 were from the Flood Insurance Study that was conducted for Oyster Creek in the late 1970's. There were 25 sections coded in the HEC-2 model for the portion of Oyster Creek upstream of Dam #1, including 2 bridges, in that study. Generally, sections were spaced every 2 miles. The Fort Bend County Drainage District performed new surveys of the Oyster Creek channel from high bank to high bank at a spacing of approximately every one-half mile for use in updating the Master Plan. This resulted in 78 cross-sections, including 18 bridges, being provided for use in the HEC-2 model for Upper Oyster Creek.

The stationing used for these new cross-sections corresponded to the stationing in the Master Drainage Study of 1987. Exhibit No. 3 provides a map showing the location of both the old cross-sections and the new surveyed data. Updated roughness values were also obtained for the Oyster Creek channel for use in the HEC-2 model.

### 4. Current Level of Development

The amount of development in the Upper Oyster Creek Watershed as shown in the Master Drainage Study was updated to reflect both the current level of actual development and those areas that have already been platted for development for which no impact fee can be assessed. Meetings were held with the engineering staff of Fort Bend County and the City of Sugar Land to obtain the latest information on platted and developed areas within their respective jurisdictions. These areas have been marked on a working map of the watershed and provided to the Drainage District, with the information having been tabulated and shown in Table 1.

The information obtained for this study indicated that for the Upper Oyster Creek Watershed upstream of Dam #1 (and west of Ditch H), approximately 8% has been developed as compared to 6% in the Master Drainage Study. This 8 percent for the watershed

The area between Dam #1 and Dam #2 was shown to have approximately 66 percent development (or platted to be developed), as compared to only 50 percent of the area as shown in the 1987 Master Drainage Study.

#### 5. Updating of Existing Conditions

The HEC-1 model for the Upper Oyster Creek Watershed was updated from the Master Drainage Study to incorporate all of the information that had been obtained and reviewed to more accurately reflect current conditions within the watershed. First, some of the drainage areas were revised to reflect information provided in the Red Gully Study by LJA, as well as that provided by the City of Sugar Land. Exhibit No. 4 shows which subarea boundaries were revised from the Master Drainage Study for this study. Next, the unit hydrograph parameters (TC & R) and the imperviousness (I) values were revised to reflect the current level of development. Table 2 displays the new values for these parameters that were used in the HEC-1 model for updating existing conditions. In addition, the HEC-1 model used in the Red Gully Study by LJA was directly used to replace that portion of the HEC-1 model representing the Red Gully Watershed for the Master Drainage Study.

Finally, the routing criteria in the HEC-1 model for flows along the Upper Oyster Creek channel were revised according to the HEC-2 storage run based on the new surveyed cross-sections.

Input and summary output listings of the revised HEC-1 model and the HEC-2 storage run which has the new surveyed cross-sections are provided in Appendix A. The updated 25-year and 100-year flood discharges for existing conditions using these new models are shown in Table 3.

The revised flood discharges were incorporated into the HEC-2 model containing the new surveyed cross-sections and channel roughness values to obtain updated flood profiles along Upper Oyster Creek. The HEC-2 model used for Ditch H was obtained from the study performed by VMK concerning proposed channel improvements to the ditch. Exhibit No. 5 provides the new flood profiles for the Upper Oyster Creek and Ditch H channels. Updated flood profiles for Red Gully were developed in the Red Gully Study by LJA using an updated HEC-2 model which they prepared. Appendix B contains the input and summary output listings for the 25-year and 100-year flood profile computer runs for existing conditions.

#### 6. Updating of Master Plan

Having updated existing conditions with the new HEC-1 and HEC-2 models of Upper Oyster Creek, a review of the Master Plan was made with a twofold purpose: (1) to update the Plan using the new computer models, and (2) to consider other flood control measures

that could be more cost-effective.

The Master Plan was originally devised under the assumption that virtually all of the Upper Oyster Creek Watershed would be developed at a high-density level (i.e. 55 percent imperviousness) in the future. At the time, this was considered a conservative assumption and appropriate for planning purposes. The recent VMK study of Ditch H assumed a level of future development of medium density (i.e. 35 percent imperviousness) throughout the watershed draining into Ditch H. Based upon current development trends in the area, this medium-density level seems to be a more appropriate assumption for developing the Master Plan. Therefore, the HEC-1 model used for calculating the expected peak flood flows associated with the updated existing conditions was revised to reflect ultimate conditions by incorporating an imperviousness of 35 percent for each subarea throughout most of the watershed. The resulting peak flows would then be used to revise the Master Plan so that these new discharges could be handled. Table 4 provides a listing of the various parameters used in the HEC-1 model to reflect ultimate development conditions.

With new and revised computer models to represent ultimate conditions, the second step in updating the Master Plan was to consider possible alternatives to the original plan that might be more cost-effective. The original Master Drainage Study considered various flood control alternatives for the Upper Oyster Creek Watershed and recommended a plan similar to the plan being implemented in Middle Oyster Creek, i.e. channel improvements to Oyster Creek with an overflow channel to take flood flows directly to the Brazos River. This alternative was found to be less costly than improving all of Oyster Creek. In addition, regional detention was not considered to be a desirable alternative for economic and land use reasons to the recommended plan, however, some existing lakes were assumed to be used to provide some minimal detention for localized areas.

The concerns with the recommended Master Plan for the Upper Oyster Creek Watershed are: (1) that the existing water supply canal using Upper Oyster Creek restricts excavation to the upper portion of the channel section so as not to interfere with the water supply system, (2) that the Drainage District currently has no recorded easements along Upper Oyster Creek, and (3) that the meandering of the Upper Oyster Creek channel increases the amount of excavation and right-of-way that is required over that of a straighter channel. All of these concerns tend to increase the cost of the flood control projects associated with the recommended Master Plan and therefore an attempt was made to find an alternative that would minimize or eliminate any channel improvements to Upper Oyster Creek.

Regional detention in existing lake areas was considered and again found not to be desirable for both economic and land use reasons.

Since Upper Oyster Creek currently overflows at various locations, sending these flows into other channels and eventually into the Brazos River, a number of alternatives were evaluated that would attempt to channelize these overflows along existing ditches in order to reduce the need for Oyster Creek improvements and to reduce the total amount of excavation and right-of-way that would be needed.

The recommended alternative to the Master Plan for the Upper Oyster Creek Watershed involves replacing the proposed channel improvements to Oyster Creek in the original Master Plan with a series of overflow channels connecting to Bullhead Bayou which would be improved to convey these flows to the two primary diversion channels (LID 7 External Channel and Ditch II-H) that would carry these flows directly to the Brazos River. In addition, most of the channel improvements and right-of-way to be acquired involve property currently owned by the State of Texas, which should simplify the land acquisition process.

#### 7. Revised Master Plan

There are two major components to the revised Master Plan for the Upper Oyster Creek Watershed, excluding the Red Gully plan. First, there is the Ditch II-H master project, which includes the improvements to Ditch II-H and its connection to Oyster Creek upstream of Dam #1, along with the improvements to East Bullhead Bayou and its connecting overflow channel from Oyster Creek. The second major component is the LID 7 External Channel master project, which includes the improvements to the external channel along LID 7 and its connecting channel with Oyster Creek just upstream of the FM1464 bridge, along with the improvements to West Bullhead Bayou and its connecting overflow channels from Oyster Creek.

The revised Master Plan for the Upper Oyster Creek Watershed is shown on Exhibit No. 6 and detailed in Table 5, including a breakdown of its estimated cost of \$33 million. Table 6 provides a tabulation of the discharge values for the 25-year and 100-year flood events for ultimate conditions in the Upper Oyster Creek Watershed with the revised Master Plan in-place, including Red Gully with its updated Master Plan in-place. Exhibit No. 7 displays 25-year and 100-year flood profiles for ultimate conditions that are associated with the revised Master Plan for the Upper Oyster Creek Watershed.

Input and summary output listings of the HEC-1 and HEC-2 computer runs for the Master Plan for the Upper Oyster Creek Watershed are provided in Appendix C.

## III. DEVELOPMENT OF IMPLEMENTATION PROGRAM AND IMPACT FEE

## 1. Introduction

Having revised the original Master Plan and established an estimated cost for it, the second purpose of this study was to develop an impact fee and an implementation program for the new Master Plan. The impact fee would be assessed against all future development at the time of platting to cover the cost of constructing that portion of the Master Plan needed to handle the runoff associated with future development. The remaining portion of the Master Plan is needed to handle the runoff from the existing development in the watershed, which is to be paid for by Fort Bend County.

The purpose of the implementation program is to develop a schedule for constructing the various components of the Master Plan in such a way so as to be economically efficient and in compliance with Texas drainage and impact fee laws. It is impractical for each individual development to construct the necessary drainage improvements to compensate for the minimal effects from increased runoff that is created throughout the downstream drainage system. Yet, it is the cumulative effect of numerous developments and their local drainage improvements that produce the significant downstream drainage problems which are to be addressed by the implementation program.

It is only proper that the financing of these major drainage improvements be supported by the developments whose drainage needs are being served by them. Practical considerations necessitate that a governmental entity like Fort Bend County assume the responsibility for administering the implementation of these drainage projects on the major watercourses. However, the cost for constructing these improvements should be borne by the individual developments through the imposition of impact fees. The new Texas Impact Fee law regulates how these impact fees are calculated, imposed, collected and spent.

## 2. Impact Fees

In accordance with the new Texas law dealing with impact fees, these fees can only be assessed against new development and only to pay for the engineering, financing and construction of the capital improvements associated with and attributable to the new development.

The revised Master Drainage Plan identifies the major drainage improvements needed to adequately serve ultimate development within the Upper Oyster Creek Watershed. The estimated cost of these improvements, excluding the Red Gully Master Plan, is \$32,820,000, as outlined in Table 5. The area that will be served by these drainage improvements and therefore will be

AS PER ORIGINAL

assessed the impact fee to pay for their construction is referred to as the "Service Area" as shown on Exhibit No. 6. As can be seen from this exhibit, the Service Area covers the entire Upper Oyster Creek Watershed upstream of Dam #1 and the areas draining into Ditch II-H upstream and west of the Ditch A confluence, including all of the Bullhead Bayou Watershed, for a total of 20,685 acres. The area between Dams #1 and #2 drains through the Brook's Lake Diversion Channel system and as such is within its own service area to be served by its own Master Plan.

Since the impact fee can only be imposed on new development at the time of platting, the cost of the project attributable to the existing development must be borne by Fort Bend County and deducted from the total project before computing the impact fee. The County's share was determined by multiplying the total estimated project cost by the percentage of the Service Area that is already developed (i.e. 8 percent according to Table 1), as follows:

$$\begin{aligned} \text{County's Share of Total} &= \$32,620,000 \times 0.08 \\ \text{Estimated Project Cost} &= \$ 2,625,600 \end{aligned}$$

To compute the impact fee, the remaining cost estimated for the drainage improvements attributable to new development was divided by the total undeveloped acreage of the Service Area, as follows:

$$\begin{aligned} \frac{\text{Total Est. Project Cost for New Development}}{\text{Total Undeveloped Acreage To Be Served}} &= \frac{\$30,194,400}{19,030 \text{ acres}} \\ &= \$ 1,587/\text{acre} \end{aligned}$$

This impact fee of \$1,587 per acre is based on estimated project costs using recent pricing information obtained from the Fort Bend County Drainage District. In the future, as better information becomes available, not only as to pricing but as to any of the other factors that are involved in computing the impact fee, updating and revising of this impact fee may be warranted.

It should also be noted that the impact fee computed herein is to cover the cost of implementing the plan to handle the drainage once it enters either Upper Oyster Creek, Bullhead Bayou or Ditch II-H. Additional drainage improvements or projects may be needed to transport runoff from a particular area or tributary into these major watercourses.

### 3. Implementation Program

With the Master Drainage Plan and its associated Impact Fee having been developed for the Upper Oyster Creek Service Area, the final step in this study was to establish a program for implementing the Plan. Due to the relatively small amount of development that has occurred in this area, there was no indication that any significant

#4 DD

potential flood damages existed. Therefore, there was no apparent need for immediate construction of any major portion of the Master Plan that would require obtaining bonds for financing. Yet it was clear that as development continues, the potential for flood damage being caused by the additional runoff would increase, and in time, drainage improvements would be required and funding for these projects would then need to be made available.

Since the need for drainage improvements in this area is directly related to the amount of development that exists in the watershed, it was decided to structure this implementation program so that certain phases of the Master Plan are constructed only when they are needed.

Each of the two Master Projects were segmented into four phases, designed to serve the drainage from a certain amount of new development. It was found that, in this watershed, up to twenty percent (20%) of the watershed could be developed before any drainage improvements would be required to prevent any significant flood damage from occurring. Therefore, the first phases of the Master Projects should be implemented by the time there has been twenty percent development within the watershed being served by a Master Project. Currently, approximately thirteen percent (13%) of the watershed between FM1464 and Dam No. 1, which will eventually drain into the Ditch II-H Master Project, has been developed. Only three percent (3%) of the watershed upstream of FM1464, which will drain into the LID 7 External Channel Master Project, has already been developed. Table 7 gives a detailed breakdown of each phase of the Master Projects and its associated cost, including the percent of development that can be allowed before each phase of a master project must be completed.

Once the first phase has been constructed, it will provide sufficient outfall drainage capacity to serve not only the 20% of development that would be existing but also additional development up to 40%. Similarly, the remaining phases of each Master Project would be implemented to provide for the drainage of future development, since the potential for flood damage beyond 20% development of the watershed is significant enough to justify constructing the necessary improvements before the development occurs (i.e. before any flooding problems are experienced). While it would be ideal to be able to implement the entire Master Drainage Plan all at one time prior to any development, fiscal constraints prevent that from happening. However, phasing the construction of these projects in the manner described herein should provide for the outfall drainage needs of the watershed during its development, without placing such a financial burden on the County. This is because impact fees will be collected prior to construction and thus provide a major portion of the funding required to implement these projects.

## DISCUSSION OF THE PROBLEM:

On Tuesday, August 1, 1989, the Middle Oyster Creek Watershed experienced between 8.5 and 11 inches of rainfall within a 10-12 hour period. This event backed up Oyster Creek below Dam #3 into Creekshire, Riverbend North, Lexington Colony and Lexington Boulevard. No structures in these areas were known to be flooded due to this event but it was reported some structures were close to being flooded. The streets were impassable until Thursday in some areas and water did not recede completely from some streets until late Friday. At some point in the storm Dam #2 and Dam #3 were fully open and passing maximum flow. At this same time, two of the three Amil gates were observed to be functioning but considerably less than capacity. Ditch II-H had very little flow, running approximately 3 feet deep. Observations of Dam #2 and Dam #3 were made and it appeared that the flows passing over the dam were in excess of the design flows assumed for the Middle Oyster Creek Project. If this was indeed the case and since Oyster Creek will be left untouched from Dam #3 to Dulles Avenue, this same storm event may have a similar effect on these areas even after the Middle Oyster Creek Project is completed.

Assuming that the Middle Oyster Creek Project would not in itself solve the street flooding problem that exists in this area, several additional alternatives were discussed. They are as follows:

- 1) Cleaning out Oyster Creek from Dulles Avenue to Lexington Boulevard would allow the channel to convey more runoff and lower the water surface. This alternative would be difficult to accomplish because a 404 permit exists in the name of Sugarland Properties, Inc. that prohibits removing any vegetation in this reach of Oyster Creek. Currently, Water Control Improvement District #1 has the easement on this portion of Oyster Creek. Representatives of Missouri City also expressed concern about the higher water surface elevations downstream if in fact flows are increased.
- 2) Constructing a high flow diversion from the bend in Oyster Creek to Dulles Avenue would accomplish the same result as Alternative #1. The main roadblock would be cost. Preliminary plats have already been submitted to the City of Sugar Land for the area the diversion would cross. The excess flows could be handled by a channel that might compromise the subdivision or through an oversized storm sewer which would be expensive.
- 3) Changing the operations of the Galveston County Water Authority (G.C.W.A.) on Dam #2 and Dam #3. The G.C.W.A. will cooperate with and provide operating assistance to any entity willing to take responsibility for changing the current operating procedures of the dams. This could be a solution to excessive flows coming across the dams by allowing the ponding elevation behind Dam #2 to rise enough to have the Amil gates become fully operations and divert flows down Ditch II-H. Concerns were expressed about changing a working operation and allowing the water to rise to a higher elevation behind Dam #2.

4) A composite solution of changing operations on the Amil Gates, opening the third gate and rectifying the channel which diverts flows to the gates. The gates would be reweighted to allow them to open approximately 0.4 feet lower than the current operating elevation. This would allow more runoff to be diverted to Ditch II-H without changing the procedures of the G.C.W.A. The constant ponding elevation behind the gates would have to be confirmed for this procedure so that the interests of the G.C.W.A. and the Imperial Sugar Company are not significantly affected. With this plan, the opening of the third gate and the channel rectifications could be considered for implementation as soon as possible. Fort Bend County Levee Improvement District #2 has offered to rectify the gates, the City of Sugar Land is negotiating for right-of-way and the Drainage District can construct the channel improvements.

5) Upper Oyster Creek diversions. This alternative would divert flows upstream of Dam #1 to Ditch II-H which would limit the volume of runoff entering the lake system. This project is currently being studied by the Drainage District and could possibly have impact fees, service areas and planned improvements set by next year. Although this will certainly help alleviate the problem, significant improvements may not be observed for several years, until a portion of the project is completed.

PLAN OF ACTION:

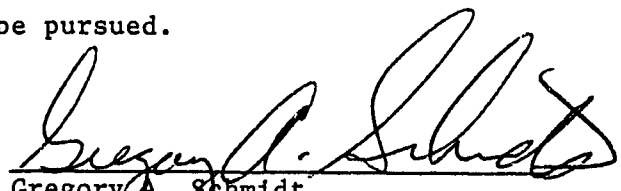

Fort Bend County and the Drainage District are beginning the Middle Oyster Creek Project very soon with a completion date set for approximately 3 years. The implementation of Alternative #5, the Upper Oyster Creek project, is also being prepared for approval from Commissioners Court.

Alternative #4, the Amil Gate rectification, will also be pursued. This hopefully will reduce flows over Dams 2 & 3 to modeled levels and can be implemented in a timely manner.

A study and implementation plan is proposed to determine the effect of the improvements on the system and the impact of the project on the G.C.W.A. and the Imperial Sugar Company. The study would also determine the specific roles for each entity in the implementation process. The study itself can be conducted by the Drainage District, the City of Sugar Land, or a joint venture between the two, depending on the direction of the Sugar Land City Council and Fort Bend County Commissioners Court.

After the study and implementation plan are complete, improvements should be made at the earliest possible date.

Alternatives 1, 2 and 3 will not be pursued.

JULY, 1989

THE REMOVAL OF VEGETATION FROM CHANNELS DURING JULY, 1989 WAS ACCOMPLISHED BY BOTH SHREDDING OPERATIONS AND BY HERBICIDE APPLICATIONS. ONE HUNDRED TEN (110) CHANNELS RECEIVED WORK.

SHREDDING WAS DONE ON THIRTY (30) OF THESE CHANNELS AND INCLUDED BUFFALO CREEK I-B, DEER CREEK II-B-5, DRY CREEK II-B-2, AND RED GULLY II-K-9. SINCE EARLY SPRING, SHREDDING HAS BEEN USED ONLY TO SUPPLEMENT OUR HERBICIDE OPERATIONS. AN INCREASED EMPHASIS WILL BE PLACED ON SHREDDING DURING AUGUST AND WILL BECOME OUR PRIMARY VEGETATION CONTROL METHOD DURING SEPTEMBER AND REMAIN SO UNTIL FEBRUARY, 1990.

HERBICIDES WERE APPLIED TO EIGHTY (80) CHANNELS THAT INCLUDED FLEWELLEN DITCH II-E-10 AND II-E-10-B, EIGHT (8) KEEGANS BAYOU TRIBUTARIES, AND TEN (10) SIMS BAYOU TRIBUTARIES.

THE DISTRICT'S BRIDGE CREW REPLACED BRIDGES ON SNAKE CREEK I-C AND BIG CREEK II-B-6, REPAIRED A BRIDGE ON FAIR-CHILDS CREEK II-B-10-A, REPLACED WATERGATES ON SNAKE CREEK I-C AND DRY CREEK II-B-2, AND MODIFIED A LOW-WATER CROSSING ON DRY CREEK II-B-2.

WORK CONTINUED ON TWO (2) PROJECTS THROUGH INTERLOCAL AGREEMENTS FOR THE CITY OF ROSENBERG. THE LINKBELT LS-98A DRAGLINE AND CATERPILLAR D-6 BULLDOZER WORKED ON THE EXCAVATION OF A PIT AREA THAT WILL BE USED TO DEPOSIT REFUSE THAT WILL NEED TO BE MOVED BECAUSE OF FUTURE MODIFICATIONS AT THE CITY OF ROSENBERG LANDFILL. THE FIAT ALLIS FD-20 WORKED ON THE REPAIR OF AN ERODED TRIBUTARY OF THE BRAZOS RIVER.

WORK ALSO CONTINUED ON THE BIG CREEK BYPASS WITH THE NORTHWEST 9570 DRAGLINE AND BOTH DRESSER TD-25 BULLDOZERS.

THE LINKBELT LS-98C DRAGLINE COMPLETED ITS WORK ON WILLOW WATERHOLE VIII-C-1 DURING JULY. SOME DOZER WORK STILL REMAINS TO BE DONE, AS WELL AS SOME TRACKHOE WORK THAT INCLUDES THE SETTING OF SEVERAL DROP INLET PIPES.

RE: Monthly reports of Fee Officers

Gentlemen:

We have examined the monthly reports of certain Fee Officers identified below for the month of July, 1989. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

The breakdown of the fees paid by the Tax Collector in July is attached to this letter.

The following is the criminal and civil case report for the JPs for the month of July, 1989:

JP	# OF CASES:	New	Pending	Dismissed	Paid	Open	Civil Cases
JP 1	Geick	427	3806	138	297	3798	42
JP2-1	Molina	467	1190	102	242	1313	68
JP2-2	Fredrickson	468	842	68	303	939	12
JP3	Stahl	132	321	14	101	338	50
JP4	Adolphus	364	4456	151	173	4496	19

There was nothing that would lead us to beleive that these reports are not, in all material respects, a fair representation of cash transactions of the records presented to us.

We recommend that these reports be approved subject to completion of our examination of reports of such officers for the year ending December 31, 1989.

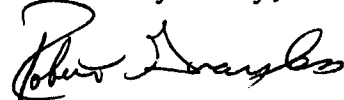

If the Court concurs, the following order might be adopted:

Moved by Commissioner\_\_\_\_, seconded by Commissioner\_\_\_\_,  
duly put and carried, it is ordered that the monthly  
reports of fees collected by Fee Officers identified  
below, for the month of July, 1989 be approved as  
recommended by the County Auditor in his letter of  
August 28, 1989.

Re: Joint Development Agreement between Grand Parkway  
Association and Fort Bend County

Dear Judge Stavinoha:

Enclosed is a revised agreement between the Grand Parkway Association and Fort Bend County. This agreement has been revised to include suggested changes by Commission Alton Pressley. I have reviewed these changes with Assistant District Attorney Larry Wagenbach and he has advised me that he finds the suggested changes legally acceptable. The changes have been blacklined for your convenience. There are four changes made to the agreement.

1) The first change fixes the interest rate at nine percent (9%) per annum rather than the prime lending rate in Fort Bend County on the date of execution of the agreement. The prime lending rate in Fort Bend County at the present time is ten and one-half percent (10.5%) with one bank having a prime lending rate of eleven and one-half percent (11.5%). I am attaching a list which shows the present prime lending rates of several banks in Fort Bend County. By fixing a nine percent (9%) rate, the County will be paying less in interest on its obligation to the Association. Nine percent (9%) is acceptable to the Association.

2) Commissioner Pressley also requested that we delete the language in Section 3.02 of the agreement in which the Commissioners Court made the finding and determination that the additional taxes the County would receive as a result of the completion of the Grand Parkway would be greater than the County's obligation under the agreement. Although the Grand Parkway Association believes this is the case and the tax study done by Tax Tech projects that the additional taxes received by the County will be much greater than the County's obligation, Commissioner Pressley felt that there was no way that the Commissioners Court could be

guaranteed of this and preferred to delete it. The Association has no opposition to its deletion.

3) We have also included a provision in Section 4.04 of the agreement to the effect that the assignment to be made by the Association to the Association's lender will not in any way increase the County's obligations under the agreement.

4) We have also shortened the term of the agreement from twenty years to five years and inserted a date of August 28, 1989.

We anticipate presenting this to the Commissioners Court at its meeting on August 28, 1989. I am enclosing an order authorizing the execution of this agreement which we hope the Commissioners Court will adopt at this meeting. This order has been given to Mr. Wagenbach who had advised me he has no objection to its form.

We look forward to making the presentation to you at your August 28 meeting. Thank you for your consideration.

Very truly yours,

VINSON & ELKINS

GRAND PARKWAY  
JOINT DEVELOPMENT AGREEMENT

THE STATE OF TEXAS  
COUNTY OF FORT BEND

§  
§  
§

RECITALS

The present and prospective traffic congestion in Fort Bend County and the lack of sufficient public controlled-access highway facilities is an impediment to the economic growth and development of the County.

The development of new public controlled-access highway facilities linking various areas of Fort Bend County will benefit the County's residents by aiding Fort Bend County's efforts to encourage economic growth and development in the County, reduce unemployment and create new job opportunities, stimulate commerce and diversify the economy of the County, enhance the health, safety, and welfare of the County's residents, and promote efficiency and ease of transit within the County.

The Grand Parkway Association was created by the State Highway and Public Transportation Commission (the "Commission") pursuant to Minute Order No. 82325 adopted by the Commission on October 29, 1984, and pursuant to the terms of the Texas Transportation Corporation Act, Art. 1528<sup>1</sup>, TEX. REV. CIV. STAT. ANN., for the purpose of assisting the State Department of Highways and Public Transportation (the "Department") in the promotion and

development of the Grand Parkway, designated as State Highway 99, a new controlled-access highway encircling the greater Houston, Texas area and passing through Fort Bend County (the "Grand Parkway").

On December 19, 1984 and October 24, 1985, the Commission adopted Minute Orders No. 82605 and No. 83736, wherein the Commission agreed to construct that segment of the Grand Parkway between U. S. Highway 59 (SW) and Interstate Highway 10 (W) ("Segment D") provided that the Association, inter alia, acquired all rights-of-way required for Segment D.

The Commission subsequently adopted Minute Order No. 85865 on May 27, 1987, wherein the Commission authorized construction funding for Segment D, provided that the Association completes all necessary planning and engineering for Segment D.

The Association has secured all of the right-of-way required by the Commission for Segment D but does not have sufficient funds to prepare all of the engineering plans and specifications required by the Commission before it will authorize the Department to construct Segment D. All additional right-of-way required for Segment D of the Grand Parkway will be acquired by the Association or the Commission at no cost to the County.

The construction and opening of the Grand Parkway will encourage economic growth and development in Fort Bend County, will reduce and help to eliminate unemployment and underemployment in the County, will enhance the health, safety, and welfare of the

County's residents, and will promote efficiency and ease of transit within the County.

The construction and opening of the Grand Parkway will increase significantly the tax base of Fort Bend County and generate additional tax revenues for the County in future years, thus allowing Fort Bend County to provide new and increased services to its residents without any increase in the County's ad valorem tax rate.

Fort Bend County desires to see the Grand Parkway constructed as soon as possible and is willing to pay a portion of the Association's cost of the planning, development, and design of the Grand Parkway.

The Association desires to see the Grand Parkway constructed as soon as possible and is willing to render services to Fort Bend County for the planning, development, and design of the Grand Parkway.

The value of the right-of-way for Segment D of the Grand Parkway in Fort Bend County, including outfall drainage, and the costs of adjusting utilities associated therewith is estimated to be \$44,230,000.00.

On a typical state highway project the County pays ten percent (10%) of the costs of right-of-way and utility adjustments, which in the case of Segment D of the Grand Parkway in Fort Bend County would be approximately \$4,423,000.00.

The amount to be paid the Association pursuant to this contract will be less than the County normally pays toward the costs of a state highway in the County.

Fort Bend County and the Association are authorized to enter into a contract pursuant to which the County may pay the Association for planning, developing, and designing the Grand Parkway under authority granted by Section 4.448 of the County Road and Bridge Act, Arts. 6702-1 and 6702-3, TEX. REV. CIV. STAT. ANN., by the provisions of House Bills 696 and 2485, Regular Session, 71st Texas Legislature, 1989, and by the provisions of the Interlocal Co-operation Act, Art. 4413-32c, TEX. REV. CIV. STAT. ANN.

NOW, THEREFORE, Fort Bend County and the Association hereby agree as follows:

#### ARTICLE I

##### DEFINITIONS

Section 1.01. Definitions. Throughout this contract, the following terms and expressions as used herein shall have the meanings set forth below, unless the context clearly indicates otherwise:

"Association" shall mean the Grand Parkway Association transportation corporation created by the Commission.

"Commission" shall mean the Texas State Highway and Public Transportation Commission.

"County" shall mean Fort Bend County, Texas, and, where appropriate, the Commissioners Court of such County.

"Department" shall mean the Texas State Department of Highways and Public Transportation and any successor organization that may assume the responsibilities of the Department for the Texas state highway system.

"Grand Parkway" shall mean the new controlled-access highway encircling the greater Houston, Texas area designated as State Highway 99 by the Commission and all appurtenant facilities.

"Segment D" shall mean the segment of the Grand Parkway located between Interstate Highway 10 (Katy Freeway) and U. S. Highway 59 (Southwest Freeway).

Section 1.02. Interpretations. All terms defined herein and all pronouns used in this contract shall be deemed to apply equally to singular and plural and to all genders. The titles and headings of the articles and sections of this contract have been inserted for convenience and shall not in any way modify or restrict any of the terms and provisions hereof. This contract and all the terms and provisions hereof shall be liberally construed to effectuate the purposes set forth herein.

## ARTICLE II

### SERVICES TO BE PROVIDED BY ASSOCIATION

Section 2.01. Right-of-Way Services. The Association shall acquire or cause to be acquired all right-of-way required by the

Commission and the Department for construction of Segment D of the Grand Parkway. The Association shall provide or cause to be provided to the Department surveys of all right-of-way parcels, escrow agreements where appropriate for holding titles to right-of-way parcels prior to conveyance to the Department, and appropriate title insurance for right-of-way parcels as requested by the Department. Copies of all escrow agreements, deeds, scenic easements, title insurance policies, and related documents pertaining to Segment D shall be available for inspection by the County and shall be provided by the Association to the County upon request.

Section 2.02. Public Information Services. The Association shall develop an environmental report and other public information documents for Segment D of the Grand Parkway. The Association also shall conduct or cause to be conducted any public hearings required by the Department prior to construction of the Grand Parkway. The Association also shall develop a detailed schematic of the alignment of Segment D in a form acceptable to the Department that may be used by the County for transportation planning and to provide public information on the Grand Parkway. Copies of all such reports and documents shall be provided by the Association to the County upon request.

Section 2.03. Engineering Services. The Association shall develop or cause to be developed all engineering plans, specifications, and details required for construction of the

initial facility in Segment D of the Grand Parkway. Copies of all such engineering plans, specifications, and details shall be provided by the Association to the County upon request.

Section 2.04. Utility Services. The Association shall adjust or relocate or cause to be adjusted or relocated all utilities within the right-of-way of Segment D of the Grand Parkway requiring adjustment or relocation. The Association shall conduct or initiate negotiations with pipeline companies, telephone companies, electrical companies, entities providing water supply and sewage treatment services, and all other utilities that may have facilities within the right-of-way of Segment D of the Grand Parkway, to the extent requested or required by the Department.

Section 2.05. Administrative Services. The Association shall maintain an office and staff for the promotion and development of the Grand Parkway which shall provide all information on the status of the Grand Parkway reasonably requested by the County from time to time. The Association and its staff shall conduct negotiations with landowners and the Department to obtain donations of right-of-way necessary for extensions of the Grand Parkway in Fort Bend and adjoining counties, and shall work with the Department to obtain approval of construction of additional segments of the Grand Parkway beyond Segment D.

Section 2.06. Reporting Services. The Association shall provide quarterly reports on its financial status and its progress on the promotion and development of the Grand Parkway during the

term of this contract. The Association also shall provide a copy of its annual fiscal year-end audit to the County upon completion of said audit during the term of this contract. All books and records of the Association shall be opened to inspection by the County and the general public during normal business hours to the full extent required by the Open Records Act, Art. 6252-17a, TEX. REV. CIV. STAT. ANN. All meetings of the Association shall be open to the public and conducted in accordance with the provisions of the Open Meetings Act, Art. 6252-17, TEX. REV. CIV. STAT. ANN. Written notice of all meetings of the Board shall be given to the County Judge of the County.

### ARTICLE III

#### OBLIGATIONS OF THE COUNTY

Section 3.01. Payments to the Association. The County shall pay to the Association two million dollars (\$2,000,000.00), plus interest on the unpaid balance at the rate of nine percent (9%) per annum, for the services rendered and to be rendered by the Association pursuant to Article II of this contract. The County's payment to the Association shall be in four annual installments of five hundred thousand dollars (\$500,000.00) each plus accrued interest on the unpaid balance. Interest shall accrue at the rate of nine percent (9%) per annum on unpaid installments from March 1, 1990 through the date of payment. Such installment payments shall be made to the Association by March 1 of each year with the first

payment due no later than March 1, 1991 and the final payment due no later than March 1, 1994. The County may prepay all or any part of its remaining obligation to the Association on any March 1. If the County elects to prepay all or any part of its obligation to the Association, it must notify the Association of its election setting forth the amount of the prepayment no later than January 1 of the year in which the prepayment is to be made. Notwithstanding any other provision of this contract to the contrary, however, the County shall not be required to make any payments to the Association until the Department has awarded a contract for construction of a substantial, usable portion of Segment D in Fort Bend County, Texas.

Section 3.02. Levy of Tax. Contemporaneously with or prior to approval of this contract, the County has levied a tax on all property subject to taxation by the County sufficient to pay the County's obligations under this contract and to create a sinking fund of not less than two percent (2%) to pay its obligations under this contract when due. In each year, the County will levy the necessary tax to produce the amount payable under this contract.

#### ARTICLE IV

##### MISCELLANEOUS PROVISIONS

Section 4.01. Force Majeure. In the event either party is rendered unable, wholly or in part, by force majeure, to carry out any of its obligations under this contract, it is agreed that

on such party's giving notice and full particulars of such force majeure in writing or by telecopy to the other party as soon as possible after the occurrence of the cause relied upon, then the obligations of the party giving such notice, to the extent it is affected by force majeure and to the extent that due diligence is being used to resume performance at the earliest practicable time, shall be suspended during the continuance of any inability so caused to the extent provided, but for no longer period nor greater extent. Such cause shall as far as possible be remedied with all reasonable dispatch.

The term "force majeure" as used herein, shall include, but not be limited to, acts of God, strikes, lockouts or other industrial disturbances, acts of the public enemy, war, blockades, insurrections, riots, epidemics, landslides, lightening, earthquakes, fires, storms, floods, washouts, droughts, tornados, hurricanes, arrests and restraints of governments and people, explosions, breakage or damage to machinery or pipelines and any other incapacities of either party, whether similar to those enumerated or otherwise, and not within the control of the party claiming such inability, which by the exercise of due diligence and care such party could have avoided.

Section 4.02. Approval. Whenever this contract requires or permits approval or consent to be hereafter given by either party, such approval or consent shall be evidenced by a resolution adopted by the governing body of the party or by an appropriate

certificate executed by a person, firm or entity previously authorized to determine and give such approval or consent on behalf of the party pursuant to an ordinance or resolution adopted by the governing body. The parties agree that no such approval or consent shall be unreasonably withheld.

Section 4.03. Address and Notice. Unless otherwise provided in this contract, any notice, communication, request, reply or advice (herein severally and collectively, for convenience, called "notice") herein provided or permitted to be given, made or accepted by either party to the other must be in writing and may be given or served by depositing the same in the United States mail post paid and registered or certified and addressed to the party to be notified, with return-receipt requested, or by delivering the same to an officer of such party, or by telecopy, when appropriate, addressed to the party to be notified. Notice deposited in the mail in the manner hereinabove described shall be conclusively deemed to be effective, unless otherwise stated in this contract, from and after the expiration of three (3) days after it is so deposited.

Notice given in any other manner shall be effective only if and when received by the party to be notified. However, in the event of service interruption or hazardous conditions, neither party will delay remedial action pending the receipt of formal notice. For the purposes of notice, the addresses of the parties shall, until changed as hereinafter provided, be as follows:

2155 2057

39 1507

If to the Association, to:

Grand Parkway Association  
5757 Woodway  
140 East Wing  
Houston, Texas 77057

If to the County, to:

The Honorable Jodie E. Stavino  
Fort Bend County Courthouse  
P. O. Box 368  
500 Jackson Street  
Richmond, Texas 77469

The parties shall have the right from time to time and at any time to change their respective addresses and each shall have the right to specify as its address any other address in Fort Bend or Harris counties, Texas, by at least fifteen (15) days written notice to the other party.

Section 4.04. Assignability. This contract shall bind and benefit the respective parties and their legal successors and assigns. The County hereby specifically consents to the assignment of this contract by the Association to a financial institution, lender of money, provider of services, business enterprise or individual who may advance funds to the Association in exchange for the Association's assignment of its right to receive payments hereunder. Any assignee of the Association shall be a third party beneficiary to this contract. No assignment by the Association shall increase or otherwise affect the County's obligations under this contract.

Section 4.05. Regulatory Agencies. This contract shall be subject to all present and future valid laws, orders, rules and

regulations of the United States of America, the State of Texas, the Commission, and of any regulatory body having jurisdiction.

Section 4.06. No Additional Waiver Implied. The failure of either party hereto to insist, in any one or more instances upon performance of any of the terms, covenants, or conditions of this contract, shall not be construed as a waiver or relinquishment of the future performance of any such term, covenant, or condition by the other party hereto, but the obligation of such other party with respect to such future performance shall continue in full force and effect.

Section 4.07. Captions. The captions appearing at the first of each numbered section in this contract are inserted and included solely for convenience and shall never be construed or given any effect in construing this contract, or any provisions hereof, or in connection with the duties, obligations, or liabilities of the respective parties hereto or in ascertaining intent, if any question of intent should arise.

Section 4.08. Severability. The provisions of this contract are severable, and if any provision or part of this contract or the application thereof to any person or circumstance shall ever be held by any court of competent jurisdiction to be invalid or unconstitutional for any reason, the remainder of this contract and the application of such provision or part of this contract to other persons or circumstances shall not be affected thereby.

Section 4.09. Merger. This contract embodies the entire understanding between the parties and there are no prior effective representations, warranties, or agreements between the parties, except as may be set forth in the order of the County levying taxes for payment of its obligations under this contract.

Section 4.10. Construction of Contract. The parties agree that this contract shall not be construed in favor of or against either party on the basis that the party did or did not author this contract.

Section 4.11. Term. This contract shall be in force and effect from the date of execution hereof for a term of five (5) years or until such time as both parties have performed all of the services and obligations required of the parties pursuant to this contract, unless this contract is otherwise previously terminated pursuant to some other term or condition of this contract.

IN WITNESS WHEREOF, the parties hereto have executed this contract in multiple copies, each of which shall be deemed to be an original, this 28th day of August, 1989.

ORDER AUTHORIZING A JOINT DEVELOPMENT AGREEMENT BETWEEN  
FORT BEND COUNTY AND THE GRAND PARKWAY ASSOCIATION

RECITALS

The present and prospective traffic congestion in Fort Bend County (the "County") and the lack of sufficient public controlled-access highway facilities is an impediment to the economic growth and development of the County.

The development of new public controlled-access highway facilities linking various areas of the County will benefit the County's residents by aiding the County's efforts to encourage economic growth and development in the County, reduce unemployment and create new job opportunities, stimulate commerce and diversify the economy of the County, enhance the health, safety, and welfare of the County's residents, and promote efficiency and ease of transit within the County.

The Grand Parkway Association (the "Association") was created by the State Highway and Public Transportation Commission (the "Commission") pursuant to Minute Order No. 82325 adopted by the Commission on October 29, 1984, and pursuant to the terms of the Texas Transportation Corporation Act, Art. 15281, TEX. REV. CIV. STAT. ANN. The Association was created to act on behalf of the Department and to assist the State Department of Highways and Public Transportation (the "Department") in the promotion and development of the Grand Parkway, designated as State Highway 99, a new controlled-access highway encircling the greater Houston, Texas area and passing through the County (the "Grand Parkway").

On December 19, 1984, October 24, 1985, and May 27, 1987, the Commission adopted Minute Orders No. 82605, No. 83736, and No. 85865, wherein the Commission agreed to construct that segment of the Grand Parkway between U. S. Highway 59 (SW) and Interstate Highway 10 (W) ("Segment D") provided that the Association, inter alia, acquired all rights-of-way required for Segment D and complete all necessary planning and engineering for Segment D.

The Association has secured all of the right-of-way required by the Commission for Segment D but does not have sufficient funds to prepare all of the engineering plans and specifications required by the Commission before it will authorize the Department to construct Segment D.

Pat Glida  
12/28/89

2155 2062  
39 1517

The County desires to see the Grand Parkway constructed as soon as possible and is willing to pay a portion of the Association's cost of the planning, development, and design of the Grand Parkway.

It is estimated by the Association that the value of the right-of-way for Segment D of the Grand Parkway, including outfall drainage, in the County and the costs of adjusting utilities associated therewith is estimated to be \$44,230,000.

On a typical state highway project the County pays ten percent (10%) of the costs of right-of-way and utility adjustments, which in the case of Segment D of the Grand Parkway in the County would be approximately \$4,423,000.

The amount to be paid the Association pursuant to the Agreement will be less than the County normally pays toward the costs of a state highway in the County.

The construction and opening of the Grand Parkway will increase significantly the tax base of the County and generate additional tax revenues for the County in future years.

BE IT ORDERED by the Commissioners Court of Fort Bend County, Texas that:

SECTION 1. AUTHORIZATION OF AGREEMENT. The Commissioners Court hereby approves an agreement substantially in the form of the Agreement dated as of August 28, 1989, attached hereto as Exhibit "A." The Commissioners Court, by a majority vote of its members, at a regular meeting, hereby approves the form, terms, and provisions of said Agreement between the Association and the County and authorizes the County Judge to execute and deliver the Agreement and the County Clerk to attest thereto.

SECTION 2. TAX LEVY AND PLEDGE. The County has covenanted and agreed in the Agreement to make periodic payments to the Association ("Contractual Obligation"). While the Contractual Obligation remains unpaid, there is hereby levied and there shall be annually assessed and collected in due time, form, and manner, at the same time as other County taxes are assessed, levied, and collected, in each year a continuing direct annual ad valorem tax, within the limits prescribed by law, upon all taxable property in the County sufficient to pay the Contractual Obligation of the County as the same becomes due and to provide and maintain a sinking fund of not less than two (2%) percent of the principal

amount of the Contractual Obligation or the amount required to pay each installment of the Contractual Obligation as the same becomes due, whichever is greater, full allowance being made for delinquencies and costs of collection. Said taxes are hereby irrevocably pledged to the payment of the interest on and principal of the Contractual Obligation of the County to the Association and to no other purpose.

SECTION 3. AUTHORIZATION PLEDGE. The County recognizes that it will be necessary for the Association to borrow money and provide security for such borrowing by pledging the moneys the County is obligated to pay the Association pursuant to the Agreement. The County consents to and approves of the Association borrowing against the receipts it expects to receive under the Agreement and agrees to be bound by the Agreement in order that the Association will be able to meet its obligations pursuant to any such loan when such obligations mature.

SECTION 4. FURTHER ACTIONS. The County Judge, County Auditor, Commissioners Court, County Clerk, and the other officials of the Commissioners Court are hereby authorized, jointly and severally, to execute and deliver such certificates, documents, or papers necessary and advisable and to take such actions as are necessary to carry out the intent and purposes of this Order.

SECTION 5. OPEN MEETING. Sufficient written notice of the date, hour, place, and subject of the meeting of the Association at which this Order was adopted was posted for the time required by law preceding this meeting and such meeting was open to the public as required by law and at all times during which this Order and the subject matter thereof were discussed, considered, and

GRAND PARKWAY  
JOINT DEVELOPMENT AGREEMENT

THE STATE OF TEXAS  
COUNTY OF FORT BEND

§  
§  
§

RECITALS

The present and prospective traffic congestion in Fort Bend County and the lack of sufficient public controlled-access highway facilities is an impediment to the economic growth and development of the County.

The development of new public controlled-access highway facilities linking various areas of Fort Bend County will benefit the County's residents by aiding Fort Bend County's efforts to encourage economic growth and development in the County, reduce unemployment and create new job opportunities, stimulate commerce and diversify the economy of the County, enhance the health, safety, and welfare of the County's residents, and promote efficiency and ease of transit within the County.

The Grand Parkway Association was created by the State Highway and Public Transportation Commission (the "Commission") pursuant to Minute Order No. 82325 adopted by the Commission on October 29, 1984, and pursuant to the terms of the Texas Transportation Corporation Act, Art. 1528<sup>1</sup>, TEX. REV. CIV. STAT. ANN., for the purpose of assisting the State Department of Highways and Public Transportation (the "Department") in the promotion and

development of the Grand Parkway, designated as State Highway 99, a new controlled-access highway encircling the greater Houston, Texas area and passing through Fort Bend County (the "Grand Parkway").

On December 19, 1984 and October 24, 1985, the Commission adopted Minute Orders No. 82605 and No. 83736, wherein the Commission agreed to construct that segment of the Grand Parkway between U. S. Highway 59 (SW) and Interstate Highway 10 (W) ("Segment D") provided that the Association, inter alia, acquired all rights-of-way required for Segment D.

The Commission subsequently adopted Minute Order No. 85865 on May 27, 1987, wherein the Commission authorized construction funding for Segment D, provided that the Association completes all necessary planning and engineering for Segment D.

The Association has secured all of the right-of-way required by the Commission for Segment D but does not have sufficient funds to prepare all of the engineering plans and specifications required by the Commission before it will authorize the Department to construct Segment D. All additional right-of-way required for Segment D of the Grand Parkway will be acquired by the Association or the Commission at no cost to the County.

The construction and opening of the Grand Parkway will encourage economic growth and development in Fort Bend County, will reduce and help to eliminate unemployment and underemployment in the County, will enhance the health, safety, and welfare of the

County's residents, and will promote efficiency and ease of transit within the County.

The construction and opening of the Grand Parkway will increase significantly the tax base of Fort Bend County and generate additional tax revenues for the County in future years, thus allowing Fort Bend County to provide new and increased services to its residents without any increase in the County's ad valorem tax rate.

Fort Bend County desires to see the Grand Parkway constructed as soon as possible and is willing to pay a portion of the Association's cost of the planning, development, and design of the Grand Parkway.

The Association desires to see the Grand Parkway constructed as soon as possible and is willing to render services to Fort Bend County for the planning, development, and design of the Grand Parkway.

The value of the right-of-way for Segment D of the Grand Parkway in Fort Bend County, including outfall drainage, and the costs of adjusting utilities associated therewith is estimated to be \$44,230,000.00.

On a typical state highway project the County pays ten percent (10%) of the costs of right-of-way and utility adjustments, which in the case of Segment D of the Grand Parkway in Fort Bend County would be approximately \$4,423,000.00.

The amount to be paid the Association pursuant to this contract will be less than the County normally pays toward the costs of a state highway in the County.

Fort Bend County and the Association are authorized to enter into a contract pursuant to which the County may pay the Association for planning, developing, and designing the Grand Parkway under authority granted by Section 4.448 of the County Road and Bridge Act, Arts. 6702-1 and 6702-3, TEX. REV. CIV. STAT. ANN., by the provisions of House Bills 696 and 2485, Regular Session, 71st Texas Legislature, 1989, and by the provisions of the Interlocal Co-operation Act, Art. 4413-32c, TEX. REV. CIV. STAT. ANN.

NOW, THEREFORE, Fort Bend County and the Association hereby agree as follows:

#### ARTICLE I

##### DEFINITIONS

Section 1.01. Definitions. Throughout this contract, the following terms and expressions as used herein shall have the meanings set forth below, unless the context clearly indicates otherwise:

"Association" shall mean the Grand Parkway Association transportation corporation created by the Commission.

"Commission" shall mean the Texas State Highway and Public Transportation Commission.

"County" shall mean Fort Bend County, Texas, and, where appropriate, the Commissioners Court of such County.

"Department" shall mean the Texas State Department of Highways and Public Transportation and any successor organization that may assume the responsibilities of the Department for the Texas state highway system.

"Grand Parkway" shall mean the new controlled-access highway encircling the greater Houston, Texas area designated as State Highway 99 by the Commission and all appurtenant facilities.

"Segment D" shall mean the segment of the Grand Parkway located between Interstate Highway 10 (Katy Freeway) and U. S. Highway 59 (Southwest Freeway).

Section 1.02. Interpretations. All terms defined herein and all pronouns used in this contract shall be deemed to apply equally to singular and plural and to all genders. The titles and headings of the articles and sections of this contract have been inserted for convenience and shall not in any way modify or restrict any of the terms and provisions hereof. This contract and all the terms and provisions hereof shall be liberally construed to effectuate the purposes set forth herein.

## ARTICLE II

### SERVICES TO BE PROVIDED BY ASSOCIATION

Section 2.01. Right-of-Way Services. The Association shall acquire or cause to be acquired all right-of-way required by the

Commission and the Department for construction of Segment D of the Grand Parkway. The Association shall provide or cause to be provided to the Department surveys of all right-of-way parcels, escrow agreements where appropriate for holding titles to right-of-way parcels prior to conveyance to the Department, and appropriate title insurance for right-of-way parcels as requested by the Department. Copies of all escrow agreements, deeds, scenic easements, title insurance policies, and related documents pertaining to Segment D shall be available for inspection by the County and shall be provided by the Association to the County upon request.

Section 2.02. Public Information Services. The Association shall develop an environmental report and other public information documents for Segment D of the Grand Parkway. The Association also shall conduct or cause to be conducted any public hearings required by the Department prior to construction of the Grand Parkway. The Association also shall develop a detailed schematic of the alignment of Segment D in a form acceptable to the Department that may be used by the County for transportation planning and to provide public information on the Grand Parkway. Copies of all such reports and documents shall be provided by the Association to the County upon request.

Section 2.03. Engineering Services. The Association shall develop or cause to be developed all engineering plans, specifications, and details required for construction of the

initial facility in Segment D of the Grand Parkway. Copies of all such engineering plans, specifications, and details shall be provided by the Association to the County upon request.

Section 2.04. Utility Services. The Association shall adjust or relocate or cause to be adjusted or relocated all utilities within the right-of-way of Segment D of the Grand Parkway requiring adjustment or relocation. The Association shall conduct or initiate negotiations with pipeline companies, telephone companies, electrical companies, entities providing water supply and sewage treatment services, and all other utilities that may have facilities within the right-of-way of Segment D of the Grand Parkway, to the extent requested or required by the Department.

Section 2.05. Administrative Services. The Association shall maintain an office and staff for the promotion and development of the Grand Parkway which shall provide all information on the status of the Grand Parkway reasonably requested by the County from time to time. The Association and its staff shall conduct negotiations with landowners and the Department to obtain donations of right-of-way necessary for extensions of the Grand Parkway in Fort Bend and adjoining counties, and shall work with the Department to obtain approval of construction of additional segments of the Grand Parkway beyond Segment D.

Section 2.06. Reporting Services. The Association shall provide quarterly reports on its financial status and its progress on the promotion and development of the Grand Parkway during the

2155 2072

39 1527

term of this contract. The Association also shall provide a copy of its annual fiscal year-end audit to the County upon completion of said audit during the term of this contract. All books and records of the Association shall be opened to inspection by the County and the general public during normal business hours to the full extent required by the Open Records Act, Art. 6252-17a, TEX. REV. CIV. STAT. ANN. All meetings of the Association shall be open to the public and conducted in accordance with the provisions of the Open Meetings Act, Art. 6252-17, TEX. REV. CIV. STAT. ANN. Written notice of all meetings of the Board shall be given to the County Judge of the County.

### ARTICLE III

#### OBLIGATIONS OF THE COUNTY

Section 3.01. Payments to the Association. The County shall pay to the Association two million dollars (\$2,000,000.00), plus interest on the unpaid balance at the rate of nine percent (9%) per annum, for the services rendered and to be rendered by the Association pursuant to Article II of this contract. The County's payment to the Association shall be in four annual installments of five hundred thousand dollars (\$500,000.00) each plus accrued interest on the unpaid balance. Interest shall accrue at the rate of nine percent (9%) per annum on unpaid installments from March 1, 1990 through the date of payment. Such installment payments shall be made to the Association by March 1 of each year with the first

payment due no later than March 1, 1991 and the final payment due no later than March 1, 1994. The County may prepay all or any part of its remaining obligation to the Association on any March 1. If the County elects to prepay all or any part of its obligation to the Association, it must notify the Association of its election setting forth the amount of the prepayment no later than January 1 of the year in which the prepayment is to be made. Notwithstanding any other provision of this contract to the contrary, however, the County shall not be required to make any payments to the Association until the Department has awarded a contract for construction of a substantial, usable portion of Segment D in Fort Bend County, Texas.

Section 3.02. Levy of Tax. Contemporaneously with or prior to approval of this contract, the County has levied a tax on all property subject to taxation by the County sufficient to pay the County's obligations under this contract and to create a sinking fund of not less than two percent (2%) to pay its obligations under this contract when due. In each year, the County will levy the necessary tax to produce the amount payable under this contract.

#### ARTICLE IV

##### MISCELLANEOUS PROVISIONS

Section 4.01. Force Majeure. In the event either party is rendered unable, wholly or in part, by force majeure, to carry out any of its obligations under this contract, it is agreed that

on such party's giving notice and full particulars of such force majeure in writing or by telecopy to the other party as soon as possible after the occurrence of the cause relied upon, then the obligations of the party giving such notice, to the extent it is affected by force majeure and to the extent that due diligence is being used to resume performance at the earliest practicable time, shall be suspended during the continuance of any inability so caused to the extent provided, but for no longer period nor greater extent. Such cause shall as far as possible be remedied with all reasonable dispatch.

The term "force majeure" as used herein, shall include, but not be limited to, acts of God, strikes, lockouts or other industrial disturbances, acts of the public enemy, war, blockades, insurrections, riots, epidemics, landslides, lightening, earthquakes, fires, storms, floods, washouts, droughts, tornados, hurricanes, arrests and restraints of governments and people, explosions, breakage or damage to machinery or pipelines and any other incapacities of either party, whether similar to those enumerated or otherwise, and not within the control of the party claiming such inability, which by the exercise of due diligence and care such party could have avoided.

Section 4.02. Approval. Whenever this contract requires or permits approval or consent to be hereafter given by either party, such approval or consent shall be evidenced by a resolution adopted by the governing body of the party or by an appropriate

certificate executed by a person, firm or entity previously authorized to determine and give such approval or consent on behalf of the party pursuant to an ordinance or resolution adopted by the governing body. The parties agree that no such approval or consent shall be unreasonably withheld.

Section 4.03. Address and Notice. Unless otherwise provided in this contract, any notice, communication, request, reply or advice (herein severally and collectively, for convenience, called "notice") herein provided or permitted to be given, made or accepted by either party to the other must be in writing and may be given or served by depositing the same in the United States mail post paid and registered or certified and addressed to the party to be notified, with return-receipt requested, or by delivering the same to an officer of such party, or by telecopy, when appropriate, addressed to the party to be notified. Notice deposited in the mail in the manner hereinabove described shall be conclusively deemed to be effective, unless otherwise stated in this contract, from and after the expiration of three (3) days after it is so deposited.

Notice given in any other manner shall be effective only if and when received by the party to be notified. However, in the event of service interruption or hazardous conditions, neither party will delay remedial action pending the receipt of formal notice. For the purposes of notice, the addresses of the parties shall, until changed as hereinafter provided, be as follows:

2155 2076

39 1531

If to the Association, to:

Grand Parkway Association  
5757 Woodway  
140 East Wing  
Houston, Texas 77057

If to the County, to:

The Honorable Jodie E. Stavino  
Fort Bend County Courthouse  
P. O. Box 368  
500 Jackson Street  
Richmond, Texas 77469

The parties shall have the right from time to time and at any time to change their respective addresses and each shall have the right to specify as its address any other address in Fort Bend or Harris counties, Texas, by at least fifteen (15) days written notice to the other party.

Section 4.04. Assignability. This contract shall bind and benefit the respective parties and their legal successors and assigns. The County hereby specifically consents to the assignment of this contract by the Association to a financial institution, lender of money, provider of services, business enterprise or individual who may advance funds to the Association in exchange for the Association's assignment of its right to receive payments hereunder. Any assignee of the Association shall be a third party beneficiary to this contract. No assignment by the Association shall increase or otherwise affect the County's obligations under this contract.

Section 4.05. Regulatory Agencies. This contract shall be subject to all present and future valid laws, orders, rules and

regulations of the United States of America, the State of Texas, the Commission, and of any regulatory body having jurisdiction.

Section 4.06. No Additional Waiver Implied. The failure of either party hereto to insist, in any one or more instances upon performance of any of the terms, covenants, or conditions of this contract, shall not be construed as a waiver or relinquishment of the future performance of any such term, covenant, or condition by the other party hereto, but the obligation of such other party with respect to such future performance shall continue in full force and effect.

Section 4.07. Captions. The captions appearing at the first of each numbered section in this contract are inserted and included solely for convenience and shall never be construed or given any effect in construing this contract, or any provisions hereof, or in connection with the duties, obligations, or liabilities of the respective parties hereto or in ascertaining intent, if any question of intent should arise.

Section 4.08. Severability. The provisions of this contract are severable, and if any provision or part of this contract or the application thereof to any person or circumstance shall ever be held by any court of competent jurisdiction to be invalid or unconstitutional for any reason, the remainder of this contract and the application of such provision or part of this contract to other persons or circumstances shall not be affected thereby.

Section 4.09. Merger. This contract embodies the entire understanding between the parties and there are no prior effective representations, warranties, or agreements between the parties, except as may be set forth in the order of the County levying taxes for payment of its obligations under this contract.

Section 4.10. Construction of Contract. The parties agree that this contract shall not be construed in favor of or against either party on the basis that the party did or did not author this contract.

Section 4.11. Term. This contract shall be in force and effect from the date of execution hereof for a term of five (5) years or until such time as both parties have performed all of the services and obligations required of the parties pursuant to this contract, unless this contract is otherwise previously terminated pursuant to some other term or condition of this contract.

2155 2079

39 1534

IN WITNESS WHEREOF, the parties hereto have executed this contract in multiple copies, each of which shall be deemed to be an original, this 28th day of August, 1989.

Gentlemen:

I will be appearing before you on Monday, August 28, 1989 to ask for approval to renew 5 contracts that expire at the end of the year. They all have "renewal" clauses in them, and the various suppliers have done a good job for us. We would like to renew--

<u>BID #</u>	<u>DESCRIPTION</u>	<u>EXP. DATE</u>
1 87-74	Annual contract for periodical subscriptions with <u>National Organization</u> (approx. \$20,000) (400 @ \$50 approx)	12-31-89
2 87-75	Annual contract for high demand books with <u>Ingram</u> (approx. \$19,000)	12-31-89
3 88-11	Annual contract for the purchase of books and audio-visual materials with <u>Richardson</u> (approx. \$10,000)	12-31-89
4 89-019	Annual contract for the purchase of books with <u>Brodart</u> (approx. \$90,000)	12-31-89
5 88-12	Annual contract for the purchase of genealogical microfilm with <u>American Genealogical Lending Library</u> (approx. \$10,000)	12-31-89

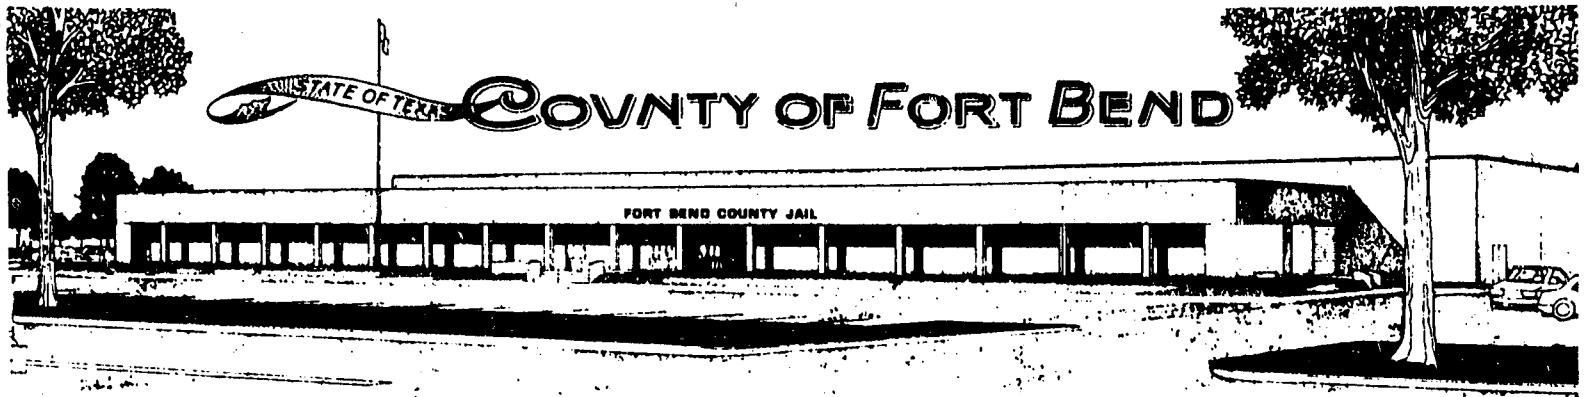

The reason we would like to renew these contracts relatively early is that it takes between 30 and 90 days to initiate changes in titles ordered and we would like to do that before the end of the year.

Thank you for your consideration.

Sincerely,

## FATS II P002

**Decision, Reaction and Accuracy:** The FATS II System creates high stress situation under which decision, reaction and accuracy are scored and thoroughly analyzed.

**Video Tape & Video Disc Capability:** FATS provides the option of either video tape, video disc or a combination of both.

**Video Disc:** Video disc offers faster access time and flexibility than video tape. In addition you will have access to our increasing FATS library of video discs.

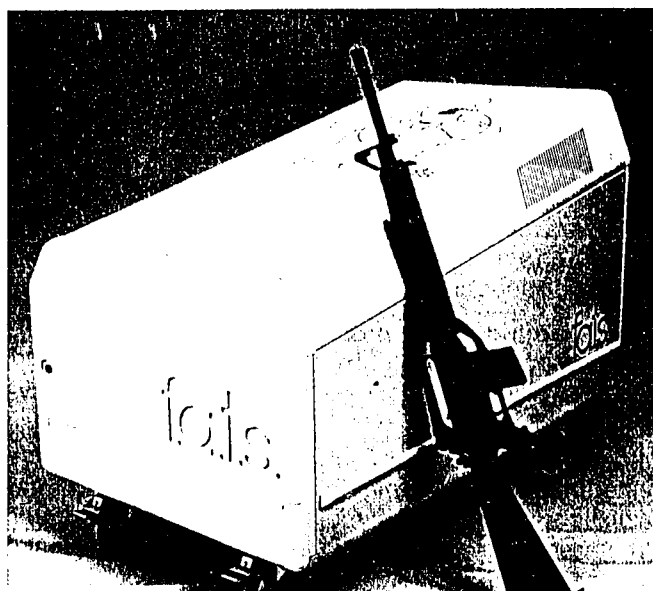

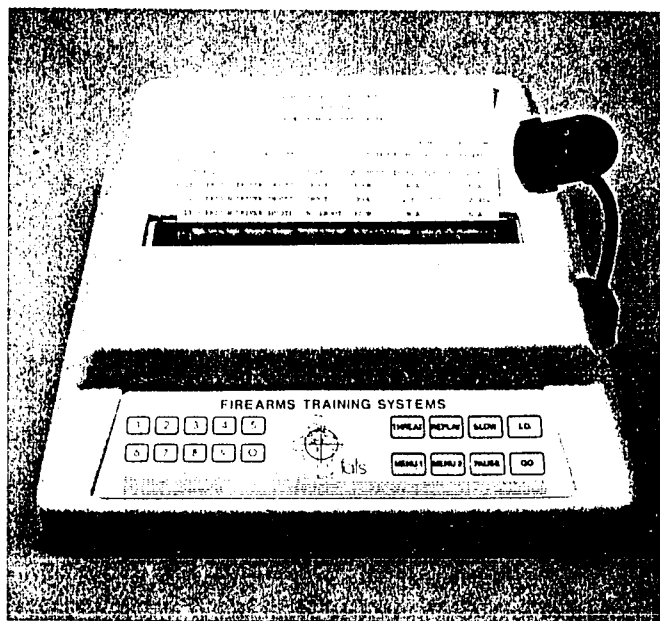

**Video Tape:** Video tape provides a department with the ability to produce low cost, in-house training materials to meet particular training needs. FATS supplies an easy to use authoring system for the department to program their own scenarios.

**Standard Weapon:** The FATS II P002 utilizes a standard service revolver retrofitted with a laser emitting device. Primers are used to give the sound of a real firing situation. A Smith and Wesson .357, 4" barrel revolver is supplied as standard, however a variety of other weapons are available.

**Simple Push-button Operation:** No special instructor training is required. No previous knowledge or experience of computers is necessary. The system is very simple to operate with only eighteen push buttons, with ten for entering instructor and student identifiers. 5 minute set-up.

**No Special Facilities Requirements:** Room Measuring 10' x 20' (3m x 6.1m) or larger utilizing two 120 (or 220) volt AC outlets.

**Remote Operation Console and Printer:** Enables the instructor to control the training session from a different room.

AS PER ORIGINAL

**Low Profile Console:** The unit is only 32 inches (82.5cm) high allowing the student unobstructed freedom of movement and view during training.

**Projected Life-Size:** The trainee views various life-sized "Shoot/Don't Shoot" scenarios taken from police records of actual incidents.

**Immediate Marking of the "Bullet Holes":** The bullet "holes" are instantly marked on the screen with different colors to indicate the sequence in which they were fired, providing instructor and officer with immediate feedback and positive training reinforcement. The scenario can then be replayed, either from the beginning or from the "threat" encounter and the officer's shots will be displayed to help critique his actions.

**On Screen Computerized Scoring:** The system instantly displays information on the screen and on the hard copy printout (if optional printout has been selected).

**Instructor Override Option:** This software program allows the instructor to override the pre-programmed evaluation criteria based upon a student's ability to justify his actions.

**Departmental Statistic Comparison:** This software program stores data obtained from the student's training on the FATS System and provides statistics relating to the average reaction time for the department for each scenario.

**Hardcopy Printout:** At the end of the training session, a printout of the individual's results is available, identifying the instructor and student by I.D. numbers, depicting the scenarios by name and number and the result for each Shoot or Don't Shoot situation. Accuracy is scored on number of hits and misses, the reaction time is scored in 1/1000's of a second.

**System Expansion:** The FATS II series of systems are designed to have the capability to be upgraded at a later date to any of the configurations described below.

## ADDITIONAL WEAPONS

All F.A.T.S. weapons are actual weapons that have been modified for use with the F.A.T.S. system. Each has been fitted with an eye-safe laser and has been modified to preclude the chambering or firing of live ammunition; this makes all weapons completely safe for use in the classroom. Care has been taken to avoid any unnecessary modification and each weapon looks, feels and functions as the weapon did prior to modification.

The shotgun and revolvers have a full three month warranty covering parts and labor. If an extended warranty is purchased for the system, these weapons are included in the coverage.

## SOFTWARE RANGE TARGET PROGRAMS

F.A.T.S. Range Target Programs reproduce live range target training. This provides an instructor with the ability to both familiarize officers with range training and conduct remedial training in the classroom. The results are reflected by higher qualifying scores, considerably less time on the range, and reduction in expenditure of live rounds. Both the Federal Law Enforcement Training Center Practical Pistol Course and the F.B.I./D.E.A. Qualification Course have been developed from the departments' actual range qualifying courses.

### Federal Law Enforcement Training Center Practical Pistol Range Course

\$ 500

Range Target Software  
MFG P/N: SWR001

This practical pistol course is used by the Federal Law Enforcement Training Center in Glynco, Georgia. It encompasses shooting from three, seven, fifteen and twenty-five yard distances, together with timed requirements, reloading drill, and firing from different positions.

- Floppy Disk Holder

### Federal Bureau of Investigation Revolver Course

\$ 500

Range Target Software  
MFG P/N: SWR002

This FBI/DEA Qualification course has been developed from the department's actual range qualifying course. It can be used to qualify, re-qualify and to train new recruits. It includes six different qualification and requalification courses with target distances ranging from 1 to 50 yards.

Range Target Software Accessories include:

- Instructor's Information Sheet
- Floppy Disk Holder

### Instinct Shooting Course

\$500

Range Target Software

### Video Disc

MFG P/N: LVD001

Judgmental Pistol Shooting, Disc I, Part I, is the laser video disc supplied with all F.A.T.S. police systems. The disc was developed by the Federal Law Enforcement Training Center (F.L.E.T.C.). The disc contains 40 "Shoot/Don't Shoot" scenarios requiring the officer to utilize his training and skills to determine whether lethal force is justifiable. The scenarios include a variety of tactical lessons from which the trainee can learn, and the Seven Major Training Principles for officer survival should be applied.

Dear Mr. Selleh,

Reference our conversation in your office this date, pertaining to the driving record of Mr. Sylvester Jones, Jr., wherein you advised that should Mr. Jones complete a Defensive Driving Course (DDC) prior to operation of a County owned vehicle, a strong probability existed that he would be acceptable as a Reserve Deputy with this Department.

I have contacted Mr. Jones and provided him with that information, and suggested that he expedite the completion of the DDC, and provide this office with a copy of course completion certificate. Meanwhile, Mr. Jones provided me with a copy of a DDC certificate which he completed in September, 1988 (current), a copy of which is hereby forwarded for your review. Although the September, 1988 certificate is current, he stated he would again attend the DDC sometime during this current month.

As discussed, Mr. Jones would not be allowed to operate a County vehicle prior to completing the course. In addition, Mr. Jones (as a Deputy) would be required to complete our in-house training course under the supervision of an F.T.O. before being allowed to operate a County vehicle without a second officer aboard.

With the above assurances, I strongly urge that Mr. Jones be approved for further consideration as a Reserve Deputy with this Department.

Respectfully submitted,

Dear Constable Breeding:

After completing my checks on Mr. Wyman Curtis Alexander and Mr. Ricardo P. Gonzales I have no problem with them going to work in your department.

Because of his driving record I can not recommend that you use Mr. Sylvester Jones Jr. in your department.

Because of incomplete data on their applications I was unable to complete my checks on the other applications. If you still want us to run a check on any of these applications please see that phone numbers and supervisors at prior work locations are filled in and then return them to my office and then we will check them out for you.

If you have any questions please call me.

THE STATE OF TEXAS       §  
                                   §  
 COUNTY OF FORT BEND      §

The Commissioners Court of Fort Bend County, Texas (the "Commissioners Court"), acting for and on behalf of Fort Bend County convened in regular session at a regular term of said Court, open to the public, on the 28th day of August, 1989, at the County Courthouse, and the roll was called of the duly constituted officers and members of the Commissioners Court, to-wit:

Jodie Stavinoha	County Judge
Bud O'Shieles	Comm., Prec. #1
Ben Denham	Comm., Prec. #2
Alton Pressley	Comm., Prec. #3
Bob S. Lutts	Comm., Prec. #4
Dianne Wilson	County Clerk

and all of said persons being present except None

Whereupon, among other business, the following was transacted at said meeting:

RESOLUTION APPROVING FINAL PURCHASE PRICES FOR AND AUTHORIZING EXECUTION OF DOCUMENTS FOR CERTAIN TRACTS OF LAND REQUIRED FOR THE FLOOD CONTROL IMPROVEMENTS TO FLAT BANK CREEK, MIDDLE OYSTER CREEK AND STAFFORD RUN; AND AUTHORIZING THE FORT BEND FLOOD CONTROL WATER SUPPLY CORPORATION TO TAKE ALL NECESSARY ACTION TO ACQUIRE SUCH LAND

The resolution was duly introduced for the consideration of the Commissioners Court and reviewed in full. It was then duly moved and seconded that the resolution be adopted; and, after due discussion, the motion, carrying with it the adoption of the resolution, prevailed and carried by the following vote:

AYES: 5  
 NOES: 0

The County Judge thereupon announced that the motion had duly and lawfully carried and that the resolution had been duly and lawfully adopted. The resolution thus adopted follows:

*mailed

RESOLUTION APPROVING FINAL PURCHASE PRICES FOR AND AUTHORIZING EXECUTION OF DOCUMENTS FOR CERTAIN TRACTS OF LAND REQUIRED FOR THE FLOOD CONTROL IMPROVEMENTS TO FLAT BANK CREEK, MIDDLE OYSTER CREEK AND STAFFORD RUN; AND AUTHORIZING THE FORT BEND FLOOD CONTROL WATER SUPPLY CORPORATION TO TAKE ALL NECESSARY ACTION TO ACQUIRE SUCH LAND

WHEREAS, there is a public necessity for flood control improvements to the Flat Bank Creek, Middle Oyster Creek and Stafford Run watersheds (the "Project"), which are located in Fort Bend County, Texas; and

WHEREAS, in connection with the Project, it is necessary for the Corporation to acquire certain land; and

WHEREAS, by Resolutions dated January 16, 1989, and April 10, 1989, the Commissioners Court authorized the Corporation to acquire certain land after finding that a public necessity exists for the Project and requires acquisition of such land;

WHEREAS, the Corporation has funds available for the purpose of acquiring land for the Project;

WHEREAS, the Commissioners Court now desires to authorize and proceed with any and all necessary action to authorize the Corporation to finalize acquisition of certain tracts of land; Now, Therefore

BE IT RESOLVED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY THAT:

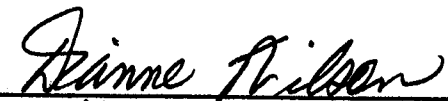

Section 1: The Commissioners Court hereby approves the final purchase prices for the tracts of land submitted by the Corporation which are attached hereto as Exhibit "A", and authorizes the Corporation to acquire such tracts of land, to execute all contracts and other documents in connection therewith, to make all payments due pursuant to the terms thereof, to execute closing documents necessary to consummate purchase of such tracts of land, and to issue a check in the amount of \$104,545 payable to Stewart Title Company for the purchase price and closing costs for each tract of land, as shown on Exhibit "A" attached hereto.

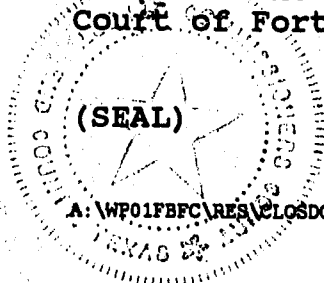

Section 2: The Corporation and its consulting engineers, attorneys and agents are hereby authorized to take all necessary actions to finalize acquisition of the tracts of land described in Exhibit "A" attached hereto.

PASSED AND APPROVED this 28th day of August, 1989.

Re: Frank Street drainage  
(exhibits enclosed)

Dear Commissioner Pressley,

Per your request the Drainage District has reviewed, inspected and surveyed the drainage in the area of Frank Street in the Martinez Subdivision.

We were unable to find drainage plans for the area in question.

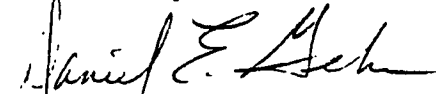

Typically, the area is drained by the road ditches which flow in an easterly direction.

Frank Street, which is laid out in an east-west direction, slopes toward the east. The road ditches transition to natural ground elevation at the east boundary line of the subdivision. From this point the runoff sheet flows across the adjacent property (pasture) and eventually enters into a drainway which flows in a southerly direction. Fort Bend County or Fort Bend County Drainage District does not have easements or right-of-way on the unmaintained drainway.

The drainage in the area is poor as a whole, with no plans for improvement in the near future.

If you need additional information, please let me know.

Yours truly,

Daniel E. Gerken, P.E.  
Drainage District Manager/Engineer

THE STATE OF TEXAS §

COUNTY FORT BEND §

RESOLUTION OF COMMISSIONERS' COURT TO EXEMPT MOTOR  
VEHICLES UNDER ARTICLE 6701m-2 VERNON'S TEXAS  
CIVIL STATUTES

On this the 28 day of August, 19\_\_, at a regular meeting of Commissioners' Court of Fort Bend County, Texas acting as the governing body of Fort Bend County, Texas, upon motion of Commissioner Pressley and seconded by Commissioner O'Shields, duly put and carried:

WHEREAS, the Commissioners' Court of Fort Bend County has found that Article 6701m-2 of Vernon's Texas Civil Statutes shall not apply to the Fort Bend County Sheriff's Department motor vehicles when used in the performance of official duties; and,

WHEREAS, Commissioners' Court of Fort Bend County requests that the State Department of Highways and Public Transportation issue regular license plates to the Fort Bend County Sheriff's Department upon proper application; and,

WHEREAS, Commissioners' Court of Fort Bend County authorizes Fort Bend County Sheriff, Gus George, or his duly appointed representative to sign the forms required for a motor vehicle registration that is exempt under Article 6701m-2 of Vernon's Texas Civil Statutes, and,

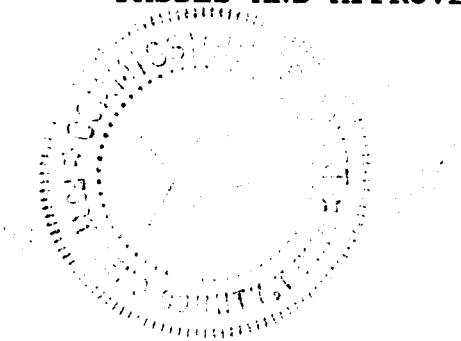

NOW, THEREFORE BE IT RESOLVED, ADJUDGED AND DECREED that Commissioners' Court of Fort Bend County hereby orders that Article 6701m-2 of Vernon's Texas Civil Statutes shall not apply

to the Fort Bend County Sheriff's Department motor vehicles when used in the performance of official duties.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that the Fort Bend County Sheriff's Department make proper application for regular license plates in order for the Texas Department of Highways and Public Transportation to comply with the request of Commissioners' Court.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that Fort Bend County Sheriff, Gus George, or his duly appointed representative is authorized to sign the forms required for a motor vehicle registration exemption under Article 6701m-2 of Vernon's Texas Civil Statutes.

PASSED AND APPROVED this 28 day of August, 1989.

LICENSE AGREEMENT FOR TAX COLLECTION SYSTEM

DATE

SEPTEMBER 1, 1989

MESSAGE:

ATTACHED IS A COPY OF THE LICENSE AGREEMENT FOR THE TAX COLLECTION SYSTEM.  
PLEASE INCLUDE IN COMMISSIONERS COURT MINUTES.

**LICENSE AGREEMENT FOR TAX COLLECTION SYSTEM****THE STATE OF TEXAS****COUNTY OF FORT BEND**

THIS CONTRACT is made and entered into by and between **FORT BEND COUNTY**, on behalf of **FORT BEND COUNTY** and on behalf of the collector of taxes for its taxing authorities and all authorities for whom it collects taxes, acting herein by and through its governing body, hereinafter called County, and **HEARD, GOGGAN, BLAIR & WILLIAMS**, Attorneys at Law, hereinafter called **HGB&W**.

**I.****Tax Collection System**

**HGB&W** hereby grants County a non-exclusive, non-assignable license to use the Tax Collection System ("the System"). Said license is granted for the purpose of facilitating tax collection services in **FORT BEND COUNTY**. The System shall not be used for tax collection in other counties without the prior written consent of **HGB&W**.

The license granted herein includes the right to copy the System in machine readable form, in whole or in part, only as necessary for the County's own business use. In order to protect **HGB&W**'s trade secrets and copyrights in the System, the County agrees to reproduce and incorporate **HGB&W**'s trade secret or copyright and other proprietary notice(s), if any, in any copies, enhancements, or partial copies.

At any one time, the County shall maintain no more than three (3) copies of source code or object code for the System, secured so as to protect **HGB&W**'s proprietary rights herein.

## II.

### Title to the System and Confidentiality

The Tax Collection System licensed hereunder and all additions, modifications and enhancements thereto by whomsoever developed are and shall remain proprietary to HGB&W with all relevant patent, copyright, trademark, and/or trade secret rights and remedies pertaining thereto being vested solely in HGB&W.

County shall not sell, transfer, publish, display, or otherwise make available the System or copies of the System to any person or entity other than as expressly provided herein. County agrees to secure and protect the System and all modules of the System and all documentation in a confidential manner, consistent with protection of HGB&W's trade secrets rights. Access to the System shall be strictly limited to those whose services are necessary for its use by County; however, such persons shall not include any person or entity engaged or prospectively engaged in providing tax collection or tax appraisal services. Upon termination of this Agreement, County shall deliver to HGB&W all machine readable or visually readable copies of the System and all enhancements, including source code, and all related documentation to HGB&W.

County shall not create or attempt to create, or permit others to create or attempt to create, by reverse engineering or otherwise, all or any part of the source code or any program or set of programs performing substantially equivalent functions as those performed by the System. The System shall be kept in a secure place under access and use restrictions not less stringent than those restrictions imposed upon County's most valuable and sensitive software and related materials. County agrees to notify HGB&W immediately of the possession, use or knowledge of any part of the System by any person not authorized by this Agreement to have such possession, use or knowledge. County will promptly furnish HGB&W details of such possession, use or knowledge, will assist HGB&W in preventing the recurrence

of such possession, use or knowledge and will cooperate with HGB&W in any litigation against third parties deemed necessary by HGB&W to protect its proprietary rights in the System.

The duties provided by this section shall continue for so long as County, directly or indirectly possesses any element of or proprietary information pertaining to the System whether or not during the term of this Agreement. Violation of any duty of this Section shall be grounds for termination of the license granted in hereby, if same is still in effect, and shall entitle HGB&W to injunctive as well as other relief.

### III.

#### Software Support Services

Support services provided by HGB&W to County at no charge include 200 manhours of programming in the first year to customize the system for use in Fort Bend County, and 80 manhours of programming in each subsequent year that this agreement is in effect. If the County requests any additional support services from HGB&W in connection with the System, such services shall be rendered at an hourly rate of \$65 plus out-of-pocket expenses, including travel and lodging. Such services include, but are not limited to, customization of software, training, problem resolution, and balancing assistance.

### IV.

#### Warranty

The parties contemplate that the System shall conform to its published descriptions for the purpose of tax collection, but it is not the parties' intent that HGB&W assume County's risks in this regard. Accordingly, HGB&W MAKES NO WARRANTIES EXPRESS OR IMPLIED AS TO THE SERVICES OR GOODS TO BE PROVIDED, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN

NO EVENT SHALL HGB&W BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM USE OF THE SYSTEM, EVEN IF HGB&W HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. No damages shall be imposed against HGB&W if any loss or damage is caused by the failure of County to furnish correct input required by the System, the failure of any utility or communications company, modifications made by County, or for any other reason beyond the control of HGB&W. County may notify HGB&W in writing, within thirty (30) days of installation of the System of its claim of any defect that substantially affects performance. If the System is found defective by HGB&W, HGB&W's sole obligation is to remedy such defect in a manner consistent with HGB&W's regular business practices, provided that HGB&W shall have no such obligation after modification of the System by County. HGB&W's liability shall not exceed any amounts paid by County in connection with this license.

#### V.

##### Term of License

This license is granted by HGB&W to County and remains in effect so long as County is in full and complete compliance with the terms and conditions of this agreement.

#### VI.

##### Compensation

The license fee for use of the tax collection system is \$10,000.00 per annum. This fee is payment for routine maintenance services to assure that the system is free of programming flaws and to make any system modifications or enhancements necessary to implement changes in the Tax Code. In consideration of the economies realized by HGB&W in the collection of County's delinquent taxes as a consequence of County's use of the tax collection system, the license fee will be waived for so long as HGB&W provides delinquent tax collection services for the County.

**VII.****Entire Agreement**

This Agreement supersedes any and all other agreements between the parties hereto. This instrument contains the entire agreement between the parties relating to the rights herein granted and obligations herein assumed. Any oral representations or modifications concerning this instrument shall be of no force or effect excepting a subsequent modification in writing, signed by the party to be charged.

**VIII.****Breach of Obligation**

This Agreement is entire as to all of the performances to be rendered under it. Breach of any obligation to be performed by either party shall constitute a breach of the entire Agreement and shall give the other party the right to terminate this Agreement except that the duties prescribed in Section VI shall survive any such termination.

**IX.****Law Governing**

This Agreement shall be governed by and construed in accordance with the laws of the State of Texas.

**X.****Venue**

The obligations and undertakings of each of the parties to this Agreement shall be performable in Fort Bend County, Texas.

## XI.

## Authority

County hereby certifies that it is authorized to enter into this Agreement, and that Fort Bend County Commissioners' Court has authorized the execution of such Agreement by its presiding officer, its County Judge.

EXECUTED in triplicate on this the 1<sup>st</sup> day of SEPTEMBER, 1989, at Richmond, Fort Bend County, Texas.

Mr. Richard Selleh  
Personnel Director  
Fort Bend County  
P. O. Box 326  
Richmond, Texas 77469

Dear Mr. Selleh:

I am pleased to present this report of the completed review of Fort Bend County's classification and pay plan.

As agreed in our letter of April 6, 1989, the purpose of the review was to audit the classification and pay plan to identify possible weaknesses, irregularities or inconsistencies. This has been accomplished and this report includes my findings, observations and recommendations.

It is obvious that Fort Bend County has truly advanced in the four years since the original 1985 compensation study. You have implemented and maintained a basically sound, fair and consistent compensation plan for the County's employees. This was a difficult and major undertaking and one for which the County should be commended.

I want to thank you, Bill Thomas and the Fort Bend employees and officials with whom I came in contact for your cooperation and assistance during the review; and I look forward to the possibility of being of service to the County and its employees in the future.

Thank you.

Very truly yours,

Curtis E. Dobbs

**BACKGROUND AND SCOPE**

## SECTION A

### BACKGROUND AND SCOPE

#### Introduction

We originally discussed the idea for a review of the classification and pay plan in late 1988. Discussions continued into early 1989 and the project was confirmed and agreed upon in my letter of April 6, 1989. Work actually began in June and will be completed with the presentation to the Commissioners Court scheduled for August 28, 1989.

#### Purpose, Scope and Work Plan

The purpose of the project was to audit the existing classification and compensation plan in order to identify possible weaknesses, irregularities or inconsistencies in the pay grade and classification structure itself as well as within the compensation ranges. My work plan was as follows:

1. Initial data collection and project planning.
2. Interviews with available members of the Commissioners Court.
3. Interviews with available elected officials, department heads and the Personnel Department.
4. A review of compensation to include:
  - a. Available market data compared to current salary levels
  - b. Adequacy of current market data
  - c. Compensation ratios
  - d. Possible compression problems between pay grades
  - e. General review of the step program
  - f. Review of salary range spreads (percentage)
5. Testing of job ratings and review of factor/degree definitions.
6. Preparation of a report summarizing findings, observations and recommendations.
7. Presentation of key report findings, observations and recommendations to the Commissioners Court.

I anticipated being on-site for approximately 4-1/2 days; two days for the interviews indicated above, one day for the compensation review, and another day for the testing of ratings and factor/degree definitions and miscellaneous tasks. The final on-site visit is the presentation to the Commissioners Court on August 28, 1989.

Since the project was by nature a plan audit, there was not a complete review of all jobs and all employees. Similarly, the number of individual interviews was limited due to time and availability. The key interviews were for informational purposes, not job audits. Existing salary market data was reviewed; but additional data, as needed, was collected by Mr. Bill Thomas and the Sheriff's Department. Mr. Thomas also provided various computer lists and analyses. The performance appraisal process was not included in the audit's scope.

Due to the limitations of time and scope of the review, it was not possible to review the report's recommendations with anyone other than Messrs. Selleh and Thomas. Also, as defined in the project's scope, all pay grade and employee salary data was collected and prepared by Fort Bend personnel; although some was edited by the consultant.

Finally, it is recognized that the enclosed recommendations will ultimately require Personnel Department and/or Commissioner Court approval prior to implementation. And, as always, the recommendations will require a spirit of support and acceptance by elected officials and department heads.

### Summary of Interview Responses

The following pages contain a summary of comments made by interviewed individuals and by others whom were contacted during the course of the audit. The comments are paraphrased and are not listed in any predetermined sequence or according to exact number of times made. They are listed here simply to give a flavor of the type of information derived from the conversations.

Comments are divided into four areas: Compensation Plan, Plan Administration, Pay Levels, Performance Appraisal.

#### Compensation Plan

1. "I do not have any problems personally with the implemented compensation and pay plan."
2. "We have no major problems at all with the system."
3. "I do not see any major problems with the classification and pay plan."
4. "I think we still need to iron out some salary administration issues under the new plan although basically it is a good program."
5. "It might be good to recalculate the steps so that the difference between the steps are exact percentages."
6. "I wonder if the Knowledge factor should be reviewed."
7. "Is there too much weighting placed on Working Conditions?"
8. "There are a number of jobs in the library system which need to be audited, especially now that the new library and organization is being fully established."
9. "I really like the overall pay grade system, including the steps and the pay grades."
10. "Some EMS jobs may need to be reviewed due to changes in duties and responsibilities."
11. "I think there may be some job titles that need to be changed in my area (although this may not change their pay grades)."
12. "Basically I think our initial implementation back in '85 was very good. We have made some changes to that program, some of which may not be as good."

13. "I am very supportive of the classification and pay system."
14. "It is a good system. I have no problems with it."
15. "In my opinion, since the study was implemented, we have put in place the best possible compensation plan."
16. "The new classification and pay plan has been a good help to department heads."

#### Plan Administration

1. "Our salary administration needs to be uniform across the entire county."
2. "The administrative procedures under the compensation plan need to be followed by all elected officials and department heads."
3. "Administrative procedures need to be written out clearly and distributed to all appropriate parties."
4. "It seems to me that sometimes the Commissioners don't listen to department heads and Personnel when detailed pay grade and classification decisions are being made."
5. "Our job descriptions seem to be pretty good but I'm not sure that we are keeping them up-to-date. It would seem that we should review them regularly to make sure they adequately reflect all job duties. We should also make sure the pay grade assignment is correct."
6. "I'm not sure the Commissioners understand what they can and cannot do under the system."
7. "I don't like the two-step limit on pay increases; however, I could accept three steps."
8. "It seems to me that there may be favorites in the administration process, e.g., the Commissioners, Data Processing, Auditor's Office."
9. "I don't understand the administrative procedures about how to have jobs audited and possibly have pay grades changed."
10. "Some of the administrative procedures need to be made more clear."

11. "It seems to be hard to move some employees to midpoint even though they deserve to be there."
12. "I'm a little concerned about the two-step merit limit and wonder whether it's too tight."
13. "I sometimes wonder how many exceptions have gone to the Commissioners."
14. "We seem to have some difficulty in moving people to the midpoint."
15. "The Commissioners approved and established the pay grades and our current system and sometimes I feel they need to be reminded to follow the procedures they have approved."
16. "I would rather see merit increases granted on one date (e.g., January 1) rather than tied to an employee anniversary date."
17. "The system that has been implemented is very good but it seems that a few people seem to be getting around it."
18. "I have a problem with the step limit for increases."
19. "I don't think I like the idea of granting increases on anniversary dates. It seems that may have hurt some people."
20. "The pay grades are okay but we need to be able to move three steps for increases without special approval."
21. "We need to be able to move more than one step. I could accept a three-step limit."
22. "I'm not sure what the procedures are for changing titles or pay grades or how the Commissioners Court fits into that process."
23. "I don't like the two-step limit on merit increases."
24. "I think Bill Thomas has done an excellent job in working with me, with my jobs and classifications."
25. "I think sometimes people get merit increases by raising a job's pay grade."

26. "We really need to have a central authority where all changes are monitored. We need one office to be knowledgeable and fair in administration of the whole process and all the department heads and elected officials and the Commissioners Court need to back that office."
27. "Despite the many improvements over the last three or four years, we still have some people doing their own thing."
28. "Bill Thomas has been very helpful to me as I looked at job descriptions, job classification and rating of jobs."
29. "I think some of our department heads and elected officials need to listen to Personnel more when it comes to administration of the system. They are the experts."
30. "There seems to be a problem regarding merit increases in small departments. Larger departments can live within limited budgets because they have money available due to turnover, but this does not happen with smaller departments."
31. "I have a feeling that some individuals, or certain department heads, or elected officials are able to get things through the system that other people cannot."

#### Pay Levels

1. "We definitely need an overall structure increase."
2. "Overall, our salaries are too low. Turnover is still high in my department and I think it relates to salaries."
3. "We may have some low salaries at the lower pay grade levels."
4. "For certain positions library pay is behind that of major job market competition."
5. "I would like to see incentive pay be considered for sworn officers who complete specified education and/or certification requirements."
6. "I think the overall salary range structure may need to be adjusted."

7. "There may be low salaries among some professional staff, for example, attorneys and engineers."
8. "I think we probably need an overall structure adjustment and a general increase to go along with it."
9. "Most of our employees are paid pretty well right now."
10. "I think we should have adjusted the overall pay structure a couple of years ago; but since we haven't, I think we need such an adjustment now."

#### Performance Appraisal

1. "There seem to be some problems with the performance appraisal program but it is getting better."
2. "It seems to me that we need to look at performance appraisal. I'm not sure that we are really paying properly for performance."
3. "We need to do a better job of tying an individual's salary progression to performance and maybe even consider length of service."
4. "I don't like the performance appraisal form."
5. "The performance appraisal form is okay."
6. "It seems that our people are getting step or merit increases regardless of performance. It doesn't seem like anybody gets turned down. The new classification and pay plan has been a good help to department heads."
7. "The performance appraisal process needs improvement."
8. "The performance appraisal program needs to be strengthened which will allow the merit increase program to operate more as it should."
9. "The merit increase program really isn't working as well as it should. It seems that many people are getting increases just because they are here as opposed to increases which reflect their actual performance on the job."

**CONSULTANT FINDINGS  
AND OBSERVATIONS**

## SECTION C

### CONSULTANT FINDINGS AND OBSERVATIONS

#### Basic Pay Plan

The main objective of the 1985 study was to develop a position evaluation methodology and set of compensation techniques which would provide means for eliminating pay inequities and which would provide for future equitable handling of positions within the County. A further objective was to enhance the County's own capability to independently maintain and administer position evaluation, classification and salary administration in the future.

Both of these key objectives have been met. A 22 pay grade structure was developed and implemented which reflected, at the time, 730 employees classified into 110 jobs. A unique point/factor job evaluation system was developed which remains intact.

At the time of implementation in the Fall of 1985, 126 employees (17%) were being paid under the newly established minimums of their pay grades. In the 1989 audit it was determined that no employee is now being paid below the established minimum.

In 1985, 59 employees were being paid above the maximum of their pay grades. The current audit revealed that only one employee is still being paid above maximum.

During the audit, 46 employees were found not to be placed in a pay grade. However, 43 of these are employees in departments not participating in the plan - County Auditor, Adult Probation, Court Masters, Court Reporters. Three other employees are in the process of having their jobs properly evaluated and assigned to pay grades.

The Personnel Department has maintained a complete file of position descriptions along with point-factor job ratings for each of the positions. A check of the descriptions revealed that virtually all jobs had a description and that most seemed to be adequate. It is also true, however, that most of the descriptions have not been changed since the original 1985 study.

I selected 15 positions for review of their point/factor ratings. I concurred completely with the factor/degree ratings of 10 of the positions. I purposely selected four library positions because of the changes at the library and do see the possibility of changes in ratings for the Assistant Library Department Head, Library Department Head, Branch Librarian, and Assistant County Librarian. I feel that one other position should be reviewed, the Director of Indigent Care.

Overall, the basic plan implementation by the County has been excellent.

### Central Authority

At the time of the 1985 study there was a strong recommendation for a central authority to administer the new plan. This was important in order to provide uniform, consistent employee treatment on a county-wide basis; and in order to develop needed technical expertise in the areas of job evaluation, classification and salary administration. This authority at Fort Bend County was vested with the Personnel Department.

I am pleased to note that, with some exceptions, the idea of this central authority has been implemented and is working.

### Salary Structure

The original structure was implemented in October of 1985 and was not changed until October 1988, three years later. At that time a 2% adjustment was made to the structure and given as a general increase. The merit increase guideline for that year was 3%.

The original pay grade salary ranges were further defined into 9 pay steps usually 3% apart. In 1988 steps 10, 11 and 12 were added. This had the effect of moving the pay grade midpoint to step 6.

The salary range spreads reflect the following:

Pay Grade	1985 Range Spread Minimum to Maximum	1989 Range Spread Minimum to Maximum
1	32%	43%
2	32	43
3	32	44
4	32	43
5	32	43
6	32	43
7	32	43
8	38	51
9	38	51
10	38	51
11	38	51
12	44	59
13	44	59
14	44	59
15	50	67
16	50	67
17	50	67
18	50	67
19	56	75
20	56	75
21	56	75
22	56	75

The addition of steps 10, 11 and 12 has been positive; however, the salary range spreads are now larger than normal compensation ranges. Generally, having such wide range spreads tends to weaken the importance of the pay grades themselves. The pay grades were carefully designed to differentiate internal equity among Fort Bend County positions. The salary ranges then defined the minimum and maximum value of each job in a pay grade. Large salary ranges weaken that definition.

#### Fort Bend County Salary Philosophy

A key part of the 1985 study was the development of a salary philosophy for the County. The major elements which evolved from the study are summarized below. I have repeated them in this report because they are important to remember and to review periodically. They are generally being followed. Any deviations from this philosophy should be made only after careful evaluation. At present, I do not see the need for any changes in salary philosophy.

In 1985 there was a clear consensus that Fort Bend County needed to be "competitive" in order to attract and retain the quality of employees needed to provide services for the County. This was particularly true in light of the dynamic growth of the County. The County had already made progress in this area by paying certain positions relatively well. Further, the County had developed a very strong benefit package which employees seemed to appreciate.

The proximity of the City of Houston and Harris County were other unique factors to be considered. Again, there was a consensus among supervisors at Fort Bend that Harris County salaries needed to be taken into account, but that Fort Bend should not have to pay salaries quite at the Harris County level.

Another point was that Fort Bend competes with both private industry and some other governmental units for employees. Thus, both have to be considered in establishing salary ranges.

Finally, it was recognized that some higher level and unique or technical positions require strong salary ranges in order to attract key employees which were very important to the County's growth. These positions generally fell in to pay grade 19 and above.

After discussing all these issues, the Steering Committee endorsed the following basic salary philosophy statement:

Fort Bend average salaries should generally equal the average of competitive salaries for the same or similar positions.

The following points were deemed to be important in the establishment and fulfillment of the above philosophy:

1. The Fort Bend salary pay grade midpoint represents the salary the County wishes to pay an employee who can satisfactorily perform all aspects of his or her job.
2. The Fort Bend salary range midpoints should equal the average of the salary survey (or market) jobs for those pay grades (as adjusted to June of the following year).
3. The salary or market survey should include both government and private industry jobs.
4. Pay ranges for pay grades 19 and higher should be formulated as follows:
  - a. Pay grade 19 midpoint should be 15% higher than the midpoint of pay grade 18. Similarly, pay grade 20 should be 15% higher than 19, etc.
  - b. The spread from midpoint to minimum and midpoint to maximum should be 25% each.
5. Each year the salary structure (that is, the pay grade range) needs review, based upon the result of an annual salary/market survey. Thus, each year the possibility exists for both a structure increase (across the board general increase to all satisfactory employees) and a merit increase.
6. The Sheriff's Department: Sworn positions were rated according to the job evaluation techniques developed in the 1985 project and slotted into the appropriate pay grades. However, due to the unique nature of the department's one-rate structure and law enforcement in general, a complete review of local enforcement salaries should also be done every year (in addition to the regular salary survey). Following the above principle of pegging salaries equal to the average of the survey salary, the single rates for sworn positions at Fort Bend should equal the local law enforcement survey averages and probably be established at or near the maximum of the appropriate Fort Bend pay grades.

During the audit it was determined that a complete salary/market survey was not being prepared each year as recommended. Partial data was accumulated each year, but full data which would allow comprehensive comparisons of the Fort Bend salary structure with the market has not been available. Such data was, however, collected during the 1989 audit.

### Compensation Plan Administration and Maintenance

A classification and compensation plan cannot be considered to be successful if it is not maintained properly. In 1985 it was noted that in order for proper maintenance to occur, certain elements must exist:

- o Formalized policy and procedures must be established for evaluation of jobs and resolution of controversy.
- o Procedures must be established for ongoing review and revision of salary structures.
- o County employees must believe in the basic integrity of the system.
- o County elected officials, department heads and supervisors must want to maintain the proper equity relationships between jobs.

The 1985 project report included a number of recommendations for formalized policy and procedures regarding the evaluation of jobs and resolution of any controversy regarding job evaluation. In general the recommendations of the study have been followed although there was evidence during the interviews that a number of individuals are not clear what all the procedures are. The original 1985 study detailed suggested procedures starting on page 66 of the project report.

The County does currently have a Performance Review Committee which exists to review differences regarding pay grade assignment, exceptions to the merit increase step guidelines and exceptions to guidelines regarding approved hiring rates. In my opinion the committee has an appropriate membership and advisory support. It has met approximately 10 times since implementation which is an indication of the lack of an abundance of plan administration problems.

As mentioned above, the County has not followed through with the recommendation regarding a complete salary/market survey each year in order to provide an on-going review and possible revision of the salary structure.

It is apparent from the interviews and from the lack of extensive activity with the Performance Review Committee that County employees do seem to believe in the basic integrity of the system. It is also true that most County officials, department heads and supervisors apparently want to maintain the proper equity relationship between jobs. This of course is vital to the on-going integrity of the system.

While the performance appraisal process was not included in the scope of this audit, I should comment that the County has made progress in this area. However, there continues to be considerable concern among many supervisors and apparently employees regarding the adequacy of the system. The Personnel Department has attempted to put in place the basics of a sound performance appraisal system, although it is apparent that a goal of "pay-for performance" has not yet been reached.

### Observations - Current Employee Salaries

The key observation I have regarding current employee salaries has to do with the relationship of average salaries in each pay grade to the midpoint. A key measuring statistic for any salary structure is the "compa-ratio," the comparison of average salaries in a pay grade to midpoint. A compa-ratio of 1.00 indicates that average salaries are equal to midpoint. A compa-ratio higher than 1.00 indicates that salaries are higher than midpoint and usually indicates the presence of unusually qualified employees or the possibility of a lower-than-market midpoint. A compa-ratio of less than 1.00 indicates new or not fully experienced employees or possibly a midpoint that is set too high. Also a ratio below 1.00 may indicate a situation in which a new structure has been placed in effect and employees have not yet had the opportunity to reach midpoint.

In the case of Fort Bend the overall average compa-ratio per pay grade is .98 which is satisfactory; however, the compa-ratio for pay grades 3 through 9 ranges from .91 to .96, indicating the possibility of lower salaries than might normally be expected in those ranges. In pay grades 10 and up, compa-ratios range from .91 to 1.08 with eight pay grades having ratios of over 1.00. The conclusion which may be drawn is that for the higher pay grades the County is paying employees relatively well.

This review of the compa-ratio by pay grade thus raises the question of whether employees in lower pay grades may be still low paid compared to their fellow employees in higher pay grades.

### Observations - Sheriff's Department Salaries

The County is clearly following its stated philosophy of paying law enforcement employees, particularly sworn officers, toward the high end of the ranges. Exhibit 2 indicates that Fort Bend Sheriff's Department salaries for the eight positions surveyed exceed the survey averages by 8.8% to a high of 26.7%. The 26.7% is for the jailer position and may be explained by the fact that Fort Bend basically pays its jailers just below the rate of deputies.

Exhibit 2 includes data provided by the Sheriff's Department itself, however it may be misleading since many of the jurisdictions reported are not true "competitive" departments for the Fort Bend County Sheriff's Department. Therefore I have presented in Exhibit 2A a comparison to a more narrow group of survey sources. The purpose here is to look more closely at "competitive" departments and salaries. Here the Fort Bend salaries are still ahead of the survey, however, the percentages are lower, ranging from 6.3% to 25.4% (again the jailer position). The key deputy position is 9.5% higher.

The overall impression is that the Sheriff's Department salaries are indeed quite fair as compared to the market. However, since most deputies are at step 11, there is little room to grow for this position.

One area of compensation discussed with representatives of the Sheriff's Department was incentive pay for those sworn officers who have put in the time and effort to achieve approved certification. These certificates, particularly the intermediate and advanced certificates, require major effort on the part of an employee and do serve to improve the overall quality of law enforcement effort provided by the department. Currently there is no additional pay, bonus or incentive amount paid by the County for achievement of these levels of certification.

#### **Observations - Fort Bend Salaries vs. Market Salaries**

Exhibit 3 contains considerable data and comparisons between existing Fort Bend salaries, the pay grade midpoints and market salary data. There are two key statistics:

1. On the average the market data is 2/10ths of 1% per pay grade higher than current Fort Bend midpoints.
2. On the average the market data is 2.9% higher per pay grade than Fort Bend actual average salaries.

The conclusion that may be drawn is that the current pay grade midpoints are approximately correct as they relate to current market data. However, since employee actual salaries are still somewhat behind the market data, it appears that the County has not moved employees within existing structures as quickly as it might. This conclusion is also supported by the compa-ratio data mentioned above.

Again, the major discrepancies between market and actual Fort Bend County salaries come at the lower pay grades. This is also true when comparing market data vs. the midpoints.

It must be kept in mind that Exhibit 3 reports current market salaries. The approved salary philosophy approach as detailed in the 1985 study was to review Fort Bend salaries vs. the market as it may be in the middle of the coming year. The idea of this approach is to not fall too far behind since it can be assumed that salaries will increase during the year. Consequently Exhibit 3A takes the market data from Exhibit 3 and increases it by a factor of 2%. Now the key data becomes:

1. On the average the market data is 1.7% per pay grade higher than current Fort Bend midpoints.
2. On the average the market data is 4.5% higher per pay grade than Fort Bend actual average salaries.

The difference between the data in Exhibit 3A and Exhibit 3 is not materially significant; however, it does suggest the possibility that a structure adjustment is soon to be needed.

**SECTION D**  
**RECOMMENDATIONS**

## SECTION D

### RECOMMENDATIONS

#### Summary of Findings and Conclusions

The most significant finding of the review is a very favorable one. Fort Bend County has succeeded in implementing the basic classification and pay plan as developed and recommended in the 1985 study. The pay grade system and salary structure have been implemented virtually as recommended. Some adjustments have been made to fine-tune the plan, e.g., the step program. The integrity of the plan has not been damaged by any administrative procedures or on-going maintenance of the plan. In fact, the basic factor/degree definitions are still virtually identical to those originally written.

While the implementation of the results of the 1985 study has been excellent, there have been a few problems with the on-going administration of the program. These problems have not really been major. This is an area, however, for improvement in the future.

The other key area which was reviewed was the basic adequacy of pay as reflected by current Fort Bend salaries. The basic structure has only been adjusted once (by 2%) since implemented in 1985. Based on various cost-of-living and salary survey sets of data, it would be easy to assume that the structure might well be further behind the market than it actually is. For example, the Bureau of Labor Statistics puts out a comprehensive area wage survey for the Houston area which includes Montgomery, Liberty, Waller, Harris, Brazoria, and Fort Bend Counties. 1989 data is not yet available but in clerical, data processing and maintenance positions in the BLS survey, there has been an increase in salary from 1985 to 1988 of 9.4%.

I have already mentioned in Section C that it is likely that some employees in lower pay grades may very well be not as well paid as some employees in higher pay grades. In fact a review of the distribution of employees in the steps within pay grades is in itself enlightening. These are summarized below:

<u>Step</u>	<u>% of Employees</u>
Start	7.5%
1	14.3
2	9.7
3-5	21.1
6 (midpt.)	7.0
7-9	20.5
10-12	20.0

As can be seen from the above, 52.6% of the current employees are below the midpoint and 31.5% of employees are in the bottom three steps, i.e., start through step 2.

Before moving on to specific recommendations, I would like to point out the comments made in Section B. I think these are particularly significant for three reasons:

1. They are virtually all supportive of the compensation classification and pay plan which has now been implemented.
2. While there are many comments regarding administration, the comments are constructive and helpful.
3. There is also the strong implication that the majority of County elected officials and department heads are clearly behind having a unified, consistent county-wide compensation program.

I feel that the comments in Section B give an important flavor regarding the opinion of the people contacted and interviewed regarding the Fort Bend County Classification and Pay Plan.

#### Recommendations - Salary Structure

##### 1. Salary Structure Adjustment

I recommend no salary structure adjustment for fiscal 1990. The market data, in my view, does not quite yet justify a full structure movement especially in view of tight budget restraints. A structure adjustment may well be necessary in 1991. In the meantime, the existing structure can still accommodate individual salary increases which need to be made.

The County should begin planning in 1990 for a probable 2% adjustment in structure and accompanying 2% general increase to employees to be effective in 1991. These changes would of course be based on a complete market survey (see item #1 below).

##### 2. Merit Increases

While I have no specific information regarding 1990 budget limits and priorities, I recommend that a merit increase figure of 3 - 4.5% be utilized for fiscal 1990. This is based primarily on the market data as it compares to Fort Bend actual salaries. Exhibit 3 shows that the market is 2.5% ahead of average salaries and Exhibit 3A (including a 2% adjustment) yields a 4.5% figure.

##### 3. Small Departments

These departments are continually in a bind regarding the merit increase guidelines. Larger departments, given a 3, 4, 5% merit pool from which to make increases, can easily handle the regular merit increases. They can even handle some special adjustments and promotions because they will in essence have extra money due to turnover. For example, if an employee leaves in a larger department

and is not replaced, there is a certain amount of payroll dollars saved which can be used for special increases or promotions. In small departments this usually cannot happen because they cannot afford to not replace an employee.

Therefore I recommend that small departments, perhaps those under 10 employees, be allowed to budget 1% of their payroll to be spent for special employee pay raises. So that these would not be abused, these adjustments would be allowed only with the approval of the Performance Review Committee.

#### 4. Salary Range Spreads

I also feel that the salary range spreads need to be reduced. This could be done by eliminating the current start, step 1 and step 2 positions. This change, of course, also means the movement of employees from the step eliminated to the next step. It would appear that a phased change would be the smoothest and most economical transition. For example:

1990 - Eliminate Start  
1991 - Eliminate Step 1  
1992 - Eliminate Step 2

The chart below shows the effect on salary spreads of dropping the first three steps.

Pay Grade	Possible		
	1985 Range Spread	1989 Range Spread	1992 Range Spread
	Minimum to Maximum	Minimum to Maximum	Minimum to Maximum
1	32%	43%	34%
2	32	43	34
3	32	44	34
4	32	43	34
5	32	43	34
6	32	43	34
7	32	43	34
8	38	51	39
9	38	51	39
10	38	51	39
11	38	51	39
12	44	59	45
13	44	59	45
14	44	59	45
15	50	67	50
16	50	67	50
17	50	67	50
18	50	67	50
19	56	75	56
20	56	75	56
21	56	75	56
22	56	75	56

## 5. Special Adjustments

I further recommend that, if possible, a 2% figure be allowed for special adjustments (including the step elimination in item #4 above) to bring lower paid employees higher in the pay ranges and closer to midpoint. I recommend that this adjustment percentage be limited to employees below midpoint and further suggest that each such increase require the review and approval of the Performance Review Committee. In this way the County can better assure equal and consistent treatment of all employees.

## 6. Law Enforcement Certification Incentives

In light of the importance of the law enforcement certification program and the increased emphasis given to it within the Sheriff's Department, I recommend that a program of incentives be reviewed and implemented during 1990. It may be that this program should not be started until June in order to spread the effect of the cost. I would recommend the following:

- o The first level - \$25 per month.
- o The intermediate level - an additional \$50 per month.
- o The advanced level - an additional \$75 per month.

The total for all levels of certification would be \$150 per month or \$1,800 per year. This would equate to approximately a 7% per year incentive.

## Recommendations - Administration

### 1. Annual Market Survey

This is a very important survey which was originally recommended in the 1985 study. I strongly recommend that a complete market survey be conducted every year to include benchmark positions throughout the pay grades as well as law enforcement positions. It is important to survey not only governmental entities but private industries also.

Such a survey can be a time consuming task; therefore, I recommend that published and third party surveys be utilized if those surveys include matching positions. Among others, such surveys include the Trace Consultants Survey, the Business and Legal Reports Survey (BLR), and the Administrative Management Society Survey (AMS). The Houston Area Bureau of Labor Statistics Survey (BLS) should also be utilized. Finally, the County itself should endeavor to contact necessary employers to obtain data on specific jobs to complete the total market survey. This recommendation implies that some monies be budgeted for the purchase of published and third party surveys.

## 2. Library

I recommend a total audit of all library positions in view of the establishment of the new library and the many changes and advancements taking place there. I do not anticipate that such an audit will result in all library positions being reclassified. However, there will be some positions which will require a pay grade adjustment. This audit can follow the procedures as outlined in the report from the 1985 project.

## 3. Review of Knowledge Factor

During the audit it became apparent that the knowledge factor may need some further review and revision. A key test for the current definitions will be the audit of library jobs referred to above. Depending upon the results of this audit it is possible that the knowledge factor should be expanded to 9 degrees. This would require a slight revision of the current 7th degree and development of a new definition for a degree between the current degrees 7 and 8. Then the current degree 8 would be slightly revised and would become degree 9. Once this was done, all jobs should be re-rated with the new point totals resulting from the change in number of degrees in the Knowledge factor. This should be done to insure that the rest of the job evaluation system and particularly the basic internal equity that has been already determined is not disturbed.

## 4. Scheduled Job Description and Position Reviews

I recommend that Personnel develop a schedule in which all job descriptions will be reviewed for proper content no less than once every three years. This procedure may result in some job audits and possible reclassifications to other pay grades.

Personnel should also set up a schedule of routine job audits in order to monitor job content and ratings. This schedule will result in all jobs being audited (at least by way of the detailed job questionnaire) and re-rated for proper pay grade designation no less than once every three years.

## 5. Merit Increase Step Guidelines

Currently merit increases of more than one step must be reviewed by the Performance Review Committee and the maximum allowed is a two-step increase. Several individuals have suggested that the maximum be raised to three steps.

I recommend that the current two step guideline be retained at least for now. A three step increase could result in an increase as high as 9 to 15%. A two step increase can still be 6 to 9%, which is quite significant. It is usually only the larger departments which can afford these "extra" amounts. The special adjustment recommended above will help with employees (below midpoint) who truly need adjustments. Another assistance could come from the possible 1991 structure adjustment and general increase.

#### 6. Performance Appraisal

The current appraisal program is in its first year and is still undergoing an improvement process. Forms, timing, procedures, etc. are actually still being refined. I recommend that Personnel, the Performance Review Committee and elected officials and department heads maintain effective communications during this time in order to develop the best possible system. Further, I strongly encourage that all supervisors be trained in appraisal techniques. (I understand that this is already being considered.)

The basic goal should be to improve employee performance and feedback on that performance with the ultimate goal to reach a "pay-for-performance" form of salary administration which would be based on effective performance appraisal.

#### 7. Administrative Procedures

I recommend that detailed administrative procedures be prepared and written again, including both salary administration items as well as job audit and job reclassification procedures. These were detailed in the original 1985 study and can be updated using material which Mr. Selch has prepared over the last few years. The procedures should be reviewed and approved by the Commissioners Court and then published for all elected officials and department heads. Further, the procedures should be republished from time to time so that all appropriate personnel are familiar with them.

## REGULAR SESSION

BE IT REMEMBERED That on this 5TH day of SEPTEMBER, 1989 Commissioners' Court of Fort Bend County, Texas met in Regular Session with the following present:

JODIE STAVINOA	COUNTY JUDGE
BUD O'SHIELES	COMMISSIONER PRECINCT 1
BEN DENHAM	COMMISSIONER PRECINCT 2
ALTON PRESSLEY	COMMISSIONER PRECINCT 3
BOB LUTTS	COMMISSIONER PRECINCT 4
DIANNE WILSON	COUNTY CLERK

When the following were had and the following orders were passed to wit:

1. APPROVE MINUTES OF MEETING OF AUGUST 28, 1989:

Moved by Commissioner O'Shieles, Seconded by Commissioner Denham, duly put and unanimously carried, it is ordered to approve minutes of August 28, 1989 with corrections to #7, #33 & #31.

2. APPROVE CHANGES IN DEPOSITORY PLEDGE CONTRACTS:

None

3. APPROVE LINE ITEM TRANSFERS IN BUDGETS:

Moved by Commissioner Denham, Seconded by Commissioner Pressley, duly put and unanimously carried, it is ordered to approve line item transfers in budget for COMMISSIONER #1, #2, PURCHASING, SHERIFF and DATA PROCESSING. (Recorded in minutes in full)

4. APPROVE OUT-OF-TOWN TRAVEL REQUESTS FOR COUNTY PERSONNEL:

Moved by Commissioner Denham, Seconded by Commissioner Pressley, duly put and unanimously carried, it is ordered to approve out of town travel for VETERAN OFFICER, SHERIFF, COMMISSIONER #3, #2 and DRAINAGE DISTRICT. (Recorded in minutes in full)

5. MEET IN CLOSED SESSION TO DISCUSS LITIGATION (REDISTRICTING), AS AUTHORIZED BY ART. 6252-17, SEC. 2(E), V.T.C.S., AND CONSIDER TAKING ACTION:

Moved by Commissioner Denham, Seconded by Commissioner O'Shieles, duly put and unanimously carried, it is ordered to authorize to withdraw the proposed redistricting plan at this time because of the late response by the Justice Department and the voluminous additional information that is being requested would be costly and time consuming and would possibly interfere with the upcoming election process.

Disposing of Depositions according to Rule 209, Texas Rules of Court, and Government Code, Section 441.095:

- 1). According to Rule 209, notice was given to the attorneys of record (both plaintiff's attorney and defendant's attorney) and 30 days was allowed for the attorney to notify our office that they planned on picking up the deposition. If more than one party requested the deposition, costs of duplicating the deposition was absorbed by the attorneys equally.
- 2). A list of depositions has been prepared for the sixty day notification to the State Librarian as required by Government Code, Section 441.095.
- 3). Destruction of the public documents had been previously taken care of by Maintenance who would subsequently have the documents burned in a nearby incinerator. That method is no longer available due to the inconvenience to the company owning the incinerator.

Today the only practical method available is shredding the documents in the county shredder and then forwarding them on to maintenance for burial in the county landfill.

The other alternative is to sell the documents to Able Recovery Inc., 47 N. Hamilton, Houston, Texas; Ed Linares at 223-0529.

Cost: \$ .13 per lb for destruction (run through a machine and shred to a pulp. Metal fasteners must be removed.)

If the quality of paper for destruction is of the value that the company can turn it around to a paper mill, they will buy the records for \$5.50 per 100 lbs.

Destroyed by cutting the document into 1/4ths and then bale and sold to a paper mill.

(Repealed Dec. 5, 1983, eff. April 1, 1984.)  
For subject matter of former rule 210, see, now, rule 206.  
For subject matter of former rules 211 to 213, see, now, rule 207.

**RULE 215. ABUSE OF DISCOVERY; SANCTIONS**

1. **Motion for Sanctions or Order Compelling Discovery.** A party, upon reasonable notice to other parties and all other persons affected thereby, may apply for sanctions or an order compelling discovery as follows:

a. *Appropriate Court.* On matters relating to a deposition, an application for an order to a party may be made to the court in which the action is pending, or to any district court in the district where the deposition is being taken. An application for an order to a deponent who is not a party shall be made to the court in the district where the deposition is being taken. As to all other discovery matters, an application for an order will be made to the court in which the action is pending.

b. *Motion.*

(1) If a party or other deponent which is a corporation or other entity fails to make a designation under Rules 200-2b, 201-4 or 208; or

(2) if a party, or other deponent, or a person designated to testify on behalf of a party or other deponent fails:

(a) to appear before the officer who is to take his deposition, after being served with a proper notice; or

(b) to answer a question propounded or submitted upon oral examination or upon written questions; or

(3) if a party fails:

(a) to serve answers or objections to interrogatories submitted under Rule 168, after proper service of the interrogatories; or

(b) to answer an interrogatory submitted under Rule 168; or

(c) to serve a written response to a request for inspection submitted under Rule 167, after proper service of the request; or

(d) to respond that discovery will be permitted as requested or fails to permit discovery as requested in response to a request for inspection submitted under Rule 167;

the discovering party may move for an order compelling a designation, an appearance, an answer or answers, or inspection or production in accordance with the request, or apply to the court in which the action is pending for the imposition of any sanction authorized by paragraph 2b herein without the ne-

tions, even though that person is not a certified shorthand reporter.

Section 5, by reference to new Rules 205 and 206, conforms the taking of the written deposition, its filing and other procedures to the oral deposition practice.

**RULE 208a. [REPEALED]**

**RULE 209. RETENTION AND DISPOSITION OF DEPOSITION TRANSCRIPTS AND DEPOSITIONS UPON WRITTEN QUESTIONS**

The clerk of the court in which the deposition transcripts and depositions upon written questions are filed shall retain and dispose of same as directed by the Supreme Court.

(Added July 15, 1987, eff. Jan. 1, 1988.)

For subject matter of former rule 209, see, now, rule 205.

**SUPREME COURT ORDER RELATING TO RETENTION AND DISPOSITION OF DEPOSITION TRANSCRIPTS AND DEPOSITIONS UPON WRITTEN QUESTIONS**

In compliance with the provisions of Rule 209, the Supreme Court hereby directs that deposition transcripts and depositions upon written questions be retained and disposed of by the clerk of the court in which the same are filed upon the following basis.

This order shall apply only to: (1) those cases in which judgment has been rendered on service of process by publication and in which no motion for new trial was filed within two years after judgment was signed; and, (2) all other cases in which judgment has been signed for one year and in which no appeal was perfected or in which a perfected appeal was dismissed or concluded by a final judgment as to all parties and the issuance of the appellate court's mandate such that the case is no longer pending on appeal or in the trial court.

After first giving all the attorneys of record written notice that they have an opportunity to claim and withdraw the same, the clerk, unless otherwise directed by the court, may dispose of them thirty days after giving such notice. If any such document is desired by more than one attorney, the clerk shall make the necessary copies and prorate the cost among all the attorneys desiring the document.

Order effective Jan. 1, 1988.

§ 441.095. Disposition of Obsolete Records

(a) A custodian may dispose of a county record that is subject to an approved records schedule and implementation plan as provided by the implementation plan, the county records manual, and this subchapter, if:

- (1) the applicable retention period has expired; and
- (2) the custodian believes that the record is no longer needed.

(b) Not later than 60 days before the date that a county record is destroyed under an implementation plan, the custodian shall give written notice of the intent to destroy the record to the director and librarian. The notice must sufficiently describe the record to enable the director and librarian to determine if the record should be transferred to the Texas State Library for preservation in a regional historical resource depository. On request of the director and librarian, the custodian shall make this transfer.

(c) Not later than the 10th day before a record is destroyed, the custodian shall file and record a notice with the county clerk. The notice must indicate the record to be destroyed, how it is to be destroyed, and the date of its destruction. On the day the notice is filed, the county clerk shall post a copy of it in the same manner that a notice of a meeting is posted under Chapter 271, Acts of the 60th Legislature, Regular Session, 1967 (Article 6252-17, Vernon's Texas Civil Statutes).

(d) A county record may be destroyed only by sale for recycling purposes, shredding, or burning. Adequate safeguards shall be employed to ensure that the record does not remain in its original state and is no longer recognizable as a county record.

(e) A person is not civilly liable for destruction of a record in accordance with this subchapter and an approved records schedule and implementation plan.

Re: September 11, 1989 Commissioners Court Agenda - Big Creek By-Pass  
Contract with VanSickle, Mickelson and Klein, Inc.

Dear Judge Stavino:

As per the Contract for Engineering Services for the Design and Construction of Structures on the Big Creek By-Pass, enclosed please find a proposal for additional surveying services for your review. These surveying services are necessary to accurately determine the boundaries of the channel easement; to establish the structures' locations within the easement; and to provide information to the soils consultant.

A request for approval of this proposal will be placed on the September 11, 1989 Commissioners Court Agenda for your consideration.

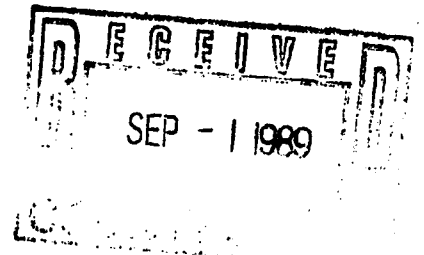

If you have any questions, please do not hesitate to call.

Yours truly,

*Daniel E. Gerken*

Re: Big Creek By-Pass Channel  
Establishment of Existing Easements  
VMK P.N. 89-34

Dear Ms. Gilligan:

Pursuant to your letter dated August 22, 1989, VanSickle · Mickelson & Klein, Inc. (VMK) is pleased to submit this revised proposal for the field survey and office related services for the above referenced project. The purpose of this proposal is to accurately construct the easements along the Big Creek By-Pass Channel alignment such that an exact location of the proposed structures will be determined for further design.

The easement deeds for the by-pass channel are written as bounds description (i.e. "a strip of land 410 feet wide beginning at the northwest corner of the Grantor's 531.33 acre tract, thence south and west along the property line to the Brazos River"). Because of this, we will have to field survey the property lines that are paralleled by the easements in order to establish bearings and distances for design and construction.

The following is a description of the revised scope of services which includes the additional tasks outlined in your August 22nd letter.

- RESEARCH
  - Obtain necessary deeds, including the subject tract and all adjoiners subject to conflict with the said easement, and create a record deed plat.
- HORIZONTAL CONTROL
  - Establish recoverable traverse control for the project.
  - Permanent control monuments will be set and referenced at intervals not to exceed 2500 feet and at all easement right-of-way corners, angle points, points of curvature, etc. except where deemed unnecessary such as the easement corners at the Brazos River.
- PROPERTY CORNER TIES
  - Locate and tie found monuments of subject tract and all adjoiners subject to conflict with the said easement to traverse control.

Continued. . .

Mr. Dan Gerken

-2-

August 25, 1989

## • CALCULATIONS &amp; PLOT

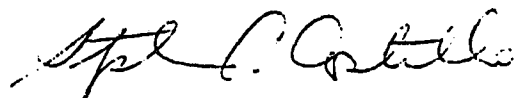

- Construct existing easement deeds and prepare a computer plot at a scale of 1" = 200'. This plot will be signed and sealed by a Registered Public Surveyor and certified that the survey was conducted under and meets the Texas Society of Professional Surveyors Standards and Specifications for a Category 1B, Condition IV Survey. A metes and bounds legal description of the easement suitable to be filed as part of a revised deed will also be provided to the Drainage District along with coordinates and descriptions of all points generated for this survey.

VMK proposes to provide the above outlined services on a time and materials basis, in accordance with Section VI Additional Services of our contract, for a fee of \$13,760. This amount will not be exceeded without prior written approval of the Drainage District. Tasks not specifically addressed in this proposal will be considered additional services. Please note that the original fee was increased by \$5440 to account for the additional tasks requested.

We are prepared to commence work immediately upon receipt of the Drainage District's notice to proceed. Receipt of this proposal, authorized by a representative of the Drainage District, shall constitute notice to proceed. Any questions relative to the contents of this proposal should be directed to Archie Stout, R.P.S., Manager of VMK's Survey Department.

Sincerely,

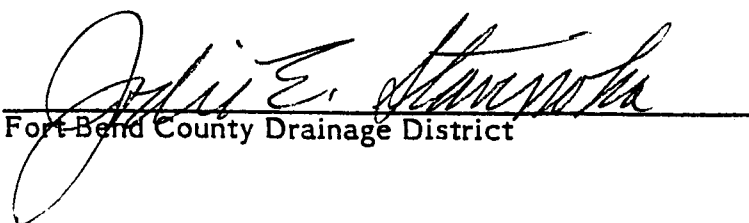

VanSickle - Mickelson &amp; Klein, Inc.

Dear Doctor Culpepper:

The 1990 contract for public health services is submitted for signature. Both copies must be completed and returned as soon as possible but no later than 45 days after receipt. Final signature will be obtained and a fully executed copy returned for the record.

Contract provisions are basically the same as in the past; however, some have been reworded for clarification. The cover pages (3) contain blanks which require signature and data pertaining to the Performing Agency, Authorized Contracting Entity, and Vendor/Payee. Please verify the Vendor/Payee name and address as it relates to the vendor identification number. This information must be accurate and complete to ensure timely processing. The attached explanation sheet may be helpful. If adequate information is not filled in, the contract may be returned and/or payments delayed.

The General Provisions contain articles which apply to all TDH contracts. If there are special requirements, restrictions, or deviations from the General Provisions, they will be found in the Special Provisions section of the appropriate Attachment. Each Attachment is numbered and has several sections, which include the term of the contract, legal authorization, special provisions, and the budget. The number of clients/units of service and service area should be entered, if applicable. Please read the Attachment carefully to make sure the data is accurate. The document and attachment numbers should be referenced in all future correspondence.

Financial procedures are available upon request for the finance official responsible for accounting, billing, and reporting. Use of these procedures will facilitate claims processing and help avoid delay in your receipt of reimbursements.

If you have any questions, please call us at (512) 458-7470.

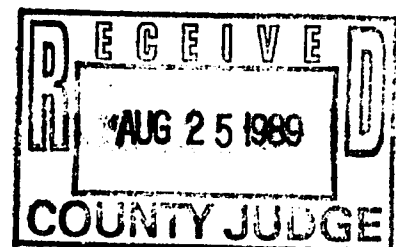

Sincerely,

TEXAS DEPARTMENT OF HEALTH CONTRACTS  
COVER PAGE INFORMATION

- a. Performing Agency is defined as an entity that is performing services for the Texas Department of Health through a contractual agreement.
- b. Authorized Contracting Entity refers to the Performing Agency's governing body.
- c. The designation of Vendor/Payee organization is required. Please verify or fill in the blank with the appropriate classification (some examples are listed on cover page 1).
- d. Designate whether Performing Agency is a small business and/or minority/woman owned business. See definitions below.

For this purpose, "small business" is defined by using the criteria contained in 13 CFR Part 121. Generally, if no standard for an industry's field of operation is provided in the regulations, a small business concern means an independently owned and operated business that is not dominant in its field of operation. It may include, but is not limited to, an individual, a partnership, a corporation, a joint venture, an association, or a cooperative. In addition, the concern must make a significant contribution to the U.S. economy through payment of taxes and/or use of American products, materials, and labor.

A minority-owned enterprise is a business, at least 50 percent of which is owned by minority group members, or in the case of publicly owned business, at least 51 percent of the stock of which is owned by minority group members.

A women-owned business is defined as a business which is, at least, 51 percent owned, controlled and operated by a woman or women.

- e. Vendor/Payee Name, Vendor Address and State of Texas Vendor Identification No. Please verify/provide us with the vendor name, address and ID No. to be used on billings submitted against this contract. This information must match exactly with the vendor record as on file with the State Comptroller's Office.
- f. Enter name and title of Financial Officer/Contact person.
- g. Signature, Name and Title of Person Authorized to Sign Contracts must be completed. If authority to sign contracts has been delegated by the governing body to someone other than the governing body or Performing Agency director, a letter from the governing body must be attached.
- h. The Performing Agency director must sign "Recommended By" section if he/she is not the one authorized to sign the contract. Interim or acting director/administrator should sign if the director position is vacant.

If you need assistance in determining status of an item, please call Grants Management Division at (512) 458-7470.

PERFORMING AGENCY and RECEIVING AGENCY agree this contract, assurances, general and/or special provisions, and attachments(s) with detailed scope(s) of work and budget(s), as applicable, incorporate all covenants and agreements pertaining hereto. No prior agreement or understanding, oral or otherwise, of the parties or their agents will be valid or enforceable unless embodied in this contract.

The person or persons signing and executing this contract on behalf of PERFORMING AGENCY, or representing themselves as signing and executing this contract on behalf of PERFORMING AGENCY, do hereby warrant and guarantee that he, she, or they have been duly authorized by PERFORMING AGENCY to execute this contract on behalf of PERFORMING AGENCY and to validly and legally bind PERFORMING AGENCY to all terms, performances, and provisions herein set forth.

PERFORMING AGENCY hereby assures compliance with the following terms and conditions unless otherwise specified in the attachments(s) hereto:

**ARTICLE 1. Scope of Work**

PERFORMING AGENCY will perform the work outlined in the Scope(s) of Work contained in the attachments(s) hereto which is/are referenced in the Details of Attachments and hereby incorporated and made a part of this contract, plus amendments which may be added by additional attachments(s) from time to time as hereinafter provided.

Satisfactory performance of this contract will be measured in part by: (1) adherence to the contract; (2) results of CPA or State Auditor reports; and, 3) timeliness, completeness, and accuracy of required reports.

**ARTICLE 2. Term**

The time period of this contract will be governed by the term(s) on the attachments(s). No commitment of contract funds is permitted prior to the first day nor subsequent to the last day of the term. The term may be extended by amendment(s).

**ARTICLE 3. Funding**

This contract is contingent upon funding being available for the term of the attachments(s) and PERFORMING AGENCY will have no right of action against RECEIVING AGENCY in the event that RECEIVING AGENCY is unable to perform its obligations under this contract as a result of the suspension, termination, withdrawal, or failure of funding to RECEIVING AGENCY or lack of sufficient funding of RECEIVING AGENCY for any attachments(s) to this contract. If funds become unavailable, provisions of the Termination Article will apply.

**ARTICLE 4. Amendments**

This contract may be amended, and such amendments will be in writing and duly executed by the parties hereto.

39 1711

this contract and may be grounds for termination at the option of RECEIVING AGENCY.

**ARTICLE 7. Assurances**

PERFORMING AGENCY assures that no person will, on the grounds of race, creed, color, handicap, national origin, sex, political affiliation or beliefs, be excluded from, be denied the benefit of, or be subjected to discrimination under any program or activity funded in whole or in part under this agreement.

Incorporated by reference the same as if specifically written herein are the rules, regulations, and all other requirements imposed by law including, but not limited to, compliance with those pertinent rules and regulations of the State of Texas and those of United States agencies providing funds to the State of Texas.

None of the funds, materials, property, or services contributed by the parties under this contract will be used in the performance of this contract for any partisan political activity or to further the election or defeat of any candidate for public office. In addition, none of the funds reimbursed under this contract will be used to pay the salary or the expenses of anyone for any activity designed to influence legislation or appropriation pending before legislative bodies of the state and/or federal government.

**ARTICLE 8. Standards For Financial Management**

PERFORMING AGENCY will develop, implement, and maintain financial management and control systems that meet or exceed the requirements of UGCMS. Those requirements include at a minimum:

1. Financial planning including the development of budgets that adequately reflect all functions and resources necessary to carry out authorized activities and the adequate determination of costs;
2. Financial management system including accurate, correct, and complete payroll, accounting, and financial reporting records, cost source documentation, effective internal and budgetary controls, determination of reasonableness, allowability, and allocability of costs, and timely and appropriate audits and resolution of any findings; and,
3. Billing and collection policies including a charge schedule, a system for discounting or adjusting charges based on a person's income and family size, and a mechanism capable of billing and making reasonable efforts to collect from patients and third parties.

**ARTICLE 9. Allowable Costs**

Only those costs allowable under UGCMS and/or applicable federal cost principles are eligible for reimbursement under this contract. Applicable cost principles are:

1. OMB Circular A-87, Cost Principles Applicable to Grants and Contracts with State and Local Governments;
2. OMB Circular A-21, Cost Principles for Educational Institutions; and,
3. OMB Circular A-122, Cost Principles for Nonprofit Organizations.

**ARTICLE 12. Advance Payments**

PERFORMING AGENCY may request, in writing, a one time advance with proper justification and the concurrence of RECEIVING AGENCY. Amount of advance will be determined by the amount and term of the attachments(s); however, for each attachment, the amount of the advance will not exceed one-sixth (1/6th) of a twelve-month attachment. Advance will be requested on a State of Texas Purchase Voucher at the beginning of attachment period or at a single later time in the attachment period if circumstances so warrant and the request is approved. Advance funds will be liquidated during the attachment term so that, after final monthly billing, PERFORMING AGENCY will not have advance funds on hand. Advance funds may be drawn only to meet immediate cash needs for disbursement (UGCMS and federal circulars).

Amendments to this contract may require upward or downward adjustment to the allowable advance until it equates 1/6th of a twelve-month attachment or approximates two months operating costs. In the case of a downward adjustment, PERFORMING AGENCY and RECEIVING AGENCY will agree on the amount of adjustment to the advance. RECEIVING AGENCY retains the option to reduce future claims by the required amount. In the case of an upward adjustment and PERFORMING AGENCY needs additional funds to meet immediate operating expenses, PERFORMING AGENCY may submit to RECEIVING AGENCY a written justification and State of Texas Purchase Voucher in the amount necessary to correct the ratio.

**ARTICLE 13. Program Income**

PERFORMING AGENCY will develop a fee for service system and a schedule of fees for personal health services in accordance with the provisions of Article 4414c, V.T.C.S., and the Texas Board of Health rules covering Fees for Clinical Health Services (25 TAC, Sec. 1.91) and other applicable laws provided, however, that a patient may not be denied a service due to inability to pay.

All revenues received from the delivery of contract services will be identified, reported, and deducted from total project costs.

**ARTICLE 14. Financial Reports**

Financial reports are required as provided in UGCMS and will be filed regardless of whether or not expenses have been incurred.

**Quarterly**

Financial Status Report, State of Texas Supplemental Form 269a (TDH Form GC-4), will be submitted within 20 days following the end of each quarter.

**Annual/Final**

A final financial report, Request for Advance or Reimbursement, Form 270 (TDH Form GC-10) will be submitted not later than 45 days following the end of attachment term(s). An amended Form 269a will be submitted if the amount of expenditures reported in the last quarter changed. If necessary, a State of Texas Purchase Voucher will be submitted if all costs have not been recovered or a refund will be made of excess monies if costs incurred were less than funds received.

**ARTICLE 17. Confidentiality**

PERFORMING AGENCY will have a system in effect to protect from inappropriate disclosure of patient records and all other documents deemed confidential by law which are maintained in connection with the activities funded under contract attachment(s). Any disclosure of confidential patient information by PERFORMING AGENCY, including information required by the Reports and Inspections Article, will be in accordance with applicable law.

**ARTICLE 18. Equipment and Supplies**

Equipment is defined as tangible nonexpendable property with an acquisition cost of over \$500 and a useful life of more than one year. In accordance with Article 601b, V.T.C.S., Section 8.02(c), title to all equipment purchased from funds provided herein will be in the name of PERFORMING AGENCY throughout the contract/attachment(s) term(s).

Unless initially listed and approved in the contract/attachment(s), prior written approval from RECEIVING AGENCY is required for any additions to or deletions of approved equipment purchases having an acquisition cost exceeding \$500. To receive approval for data processing hardware and software purchases with an acquisition cost over \$500, PERFORMING AGENCY must submit a detailed justification which includes description of features, make and model, and cost, etc.

PERFORMING AGENCY will maintain an annual property and inventory and submit a report to RECEIVING AGENCY at the end of the contract/attachment(s) term(s). PERFORMING AGENCY will administer a program of maintenance, repair, and protection of assets under this contract/attachment(s) so as to assure their full availability and usefulness. In the event PERFORMING AGENCY is indemnified, reimbursed, or otherwise compensated for any loss of, destruction of, or damage to the assets provided under this contract/attachment(s), it will use the proceeds to repair or replace said assets.

PERFORMING AGENCY agrees that upon termination of contract/attachment(s), title to any remaining equipment purchased from funds as hereinabove provided will be transferred to the RECEIVING AGENCY or any other party designated by the RECEIVING AGENCY; provided, however, that RECEIVING AGENCY may, at its option and to the extent allowed by law, transfer title to such property to the PERFORMING AGENCY.

**ARTICLE 19. Subcontracting**

PERFORMING AGENCY may enter into agreements with subcontractors unless restricted or otherwise prohibited in specific attachments(s). If PERFORMING AGENCY elects to enter into an agreement which subcontracts out a substantial

This contract or any attachments(s) hereto may be terminated in whole, or in part, when both parties agree that continuation would not produce results commensurate with further expenditure of funds. Both parties will agree on the effective date and, in the case of partial termination, the portion to be terminated. RECEIVING AGENCY will immediately send PERFORMING AGENCY written notice of the terms agreed to and such notice will become a part of the contract. PERFORMING AGENCY will not incur new obligations for the terminated portion after the effective date of termination and will cancel as many outstanding obligations as possible. RECEIVING AGENCY will allow full credit to PERFORMING AGENCY for noncancelable obligations which were properly incurred prior to the termination date.

This contract or any attachments(s) hereto may be terminated if funds allocated for any attachments(s) hereto should become reduced, depleted, or unavailable during any attachments(s) budget period, and RECEIVING AGENCY is unable to obtain additional funds for such purposes. RECEIVING AGENCY will immediately provide written notification to PERFORMING AGENCY of such fact and such attachments(s) to this contract is/are terminated upon receipt of that notification. PERFORMING AGENCY will not incur new obligations after the effective date of termination and will cancel as many outstanding obligations as possible. RECEIVING AGENCY will allow full credit to PERFORMING AGENCY for noncancelable obligations which were properly incurred prior to the termination date.

This contract or any attachments(s) hereto may be terminated in the event that federal or state laws or other requirements should be amended or judicially interpreted so as to render continued fulfillment of this contract, on the part of either party, unreasonable or impossible. If the parties should be unable to agree upon amendment which would therefore be needed to enable the substantial continuation of the services contemplated herein, then, upon written notification by RECEIVING AGENCY to PERFORMING AGENCY, the parties will be discharged from any further obligations created under the terms of this contract, except for the equitable settlement of the respective accrued interests or obligations as of the date of termination.

#### ARTICLE 23. Personnel

All personnel funded by attachment(s) to this contract are employees of PERFORMING AGENCY which will be responsible for their direction and control and liable for any of their acts or omissions.

PERFORMING AGENCY will have in place legally sufficient Due Process Hearing Procedures for all of its employees filling state budgeted positions.

PERFORMING AGENCY will have full authority to employ, promote, suspend, demote, discharge, and transfer within its organization any and all state budgeted personnel funded by attachment(s) to this contract provided, however, that any demotion, suspension, or discharge of such state budgeted employees will be in accordance with the Due Process Hearing Procedures as set out above. The only distinction between state budgeted and local paid employees is that employees on state budgeted positions receive state benefits and are subject to certain duties, obligations, and restrictions as state employees as contained in state law. One such restriction, as contained in the State Appropriations Act, is that no employee paid on a state budgeted position may receive a salary supplement from any source unless specifically

PERFORMING AGENCY: FORT BEND COUNTY HEALTH DEPARTMENT

RECEIVING AGENCY PROGRAM: IMMUNIZATION DIVISION

TERM: September 1, 1989 THROUGH August 31, 1990

SECTION I. SCOPE OF WORK:

PERFORMING AGENCY will conduct an immunization program to prevent, control, reduce and eradicate vaccine-preventable diseases through the provision of vaccines, promotion of immunizations and application of epidemiologic and outbreak control techniques within budgetary constraints, as follows.

A. Initiate investigations on 100 percent of suspected cases of measles, rubella, pertussis, poliomyelitis and diphtheria within 24 hours of receipt of report by the PERFORMING AGENCY. Initiate investigations on 90 percent of suspected mumps cases and 100 percent of suspected tetanus cases within 48 hours of receipt of report by the PERFORMING AGENCY.

1. Outbreak control measures must be implemented within 48 hours of investigation for measles, rubella, pertussis, mumps, poliomyelitis and diphtheria cases.
2. Outbreak control measures include:
  - a. appropriate antibiotic treatment for cases and contacts of pertussis and diphtheria cases.
  - b. assess the immunization status of contacts to suspected cases of measles, rubella, pertussis, poliomyelitis, diphtheria and mumps.
  - c. in institutional settings (day care, public schools, private schools, etc.), implement exclusion procedures for 100 percent of susceptible persons who are contacts to suspected cases or cases of measles, rubella, poliomyelitis, mumps or diphtheria and who are unprotected because of religious/medical exemptions or lack proof of a vaccine history/disease.
  - d. offer appropriate vaccine by age (measles, rubella, mumps, diphtheria, poliomyelitis, pertussis) to the people in institutional settings for boosters and primary immunizations.

B. Vaccine Accounting

1. By January 31, 1990, provide RECEIVING AGENCY, Immunization Division, with a report to include: (a) age and location (clinic site) of each vaccine storage refrigerator, and (b) type of temperature monitoring system for each refrigerator and procedures implemented to detect interruption of electricity, malfunctioning refrigerator or other causes of possible vaccine spoilage.
2. Provide reports in the format and frequency prescribed by the RECEIVING AGENCY, Immunization Division: (a) ending and beginning vaccine/toxoid inventories by category, (b) number of doses administered by specified age groups for each vaccine/toxoid

category, (c) the number of each dose in a vaccine/toxoid series, (d) the amounts of vaccine/toxoid unaccounted for (wasted, lost, destroyed and other reasons), and (e) account for all vaccines/toxoids using lot numbers and expiration dates. Forms to report doses administered, vaccine use, vaccine transfers and vaccine waste are to be obtained from RECEIVING AGENCY, Immunization Division, 1-800-252-9152.

3. Ensure that daily temperatures are recorded for all refrigerators storing vaccines/toxoids.
4. a. Provide RECEIVING AGENCY, Immunization Division, with semiannual and annual reports on vaccine accounting data indicating the number and percent of vaccine doses (DTP, DT, Td, measles, mumps, rubella, measles-rubella, measles-mumps-rubella, Hib, influenza, pneumonia, hepatitis B, inactivated polio vaccine, OPV) wasted or unaccounted for during the period September 1989 through August 1990. The semiannual report (September 1989-February 1990) and the annual report (September 1989-August 1990) should be submitted to RECEIVING AGENCY, Immunization Division, no later than 30 days following the reporting period. To complete the reports, use the following:

- A = vaccine/toxoid inventory on hand September 1, 1989 (conduct physical count of all storage sites),
- B = number of doses received per vaccine/toxoid category during the two reporting periods,
- C = number of doses per vaccine/toxoid administered during the two reporting periods,
- D = number of doses per vaccine/toxoid distributed to private providers during the two reporting periods (include EPSDT providers),
- E = number of doses per vaccine/toxoid in inventory on February 27, 1990 (semiannual report), and on August 31, 1990 (annual report),
- F = number of doses per vaccine/toxoid unaccounted for during the two reporting periods,

-formula to compute answer for letter F:

$$A + B - C - D - E = F$$

- G = percent of vaccines/toxoids unaccounted for during the two reporting periods,

-formula to compute percent for each vaccine/toxoid is:

$$G = \frac{F}{A + B} \times 100$$

- b. The PERFORMING AGENCY is responsible for monitoring vaccine usage and obtaining the required vaccine reports (doses administered, waste, loss and inventory stock levels) from private physicians who received state-supplied vaccines/toxoids from PERFORMING AGENCY.

PERFORMING AGENCY will provide an estimated \_\_\_\_\_ clients with services/units of service in or benefitting the county(ies)/area defined as: FORT BEND.

Each Member  
Commissioners Court  
Fort Bend County, Texas

Gentlemen,

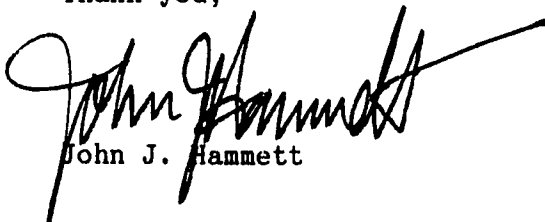

On August 7, 1989 Commissioners Court approved an Interlocal Cooperation Act Contract between the County of Fort Bend and the State Purchasing and General Services Commission for reduced rate long distance service (TEX-AN) to the Tax Assessor/Collector for the period 1 September 1989 to 31 August 1990.

The State Purchasing and General Services Commission has studied our long distance usage through the Courthouse switchboard and recommends we install 2 TEX-AN lines at \$347.20 each per month. My research indicates that with TEX-AN we can expect to save \$461.00 per month by using that network as opposed to conventional commercial service. Installation charges will run about \$300.00 for S.W. Bell service and \$1,600.00 for AT&T parts installation and programming; those are one time charges.

I will ask the Court, on Monday September 11th, to authorize the addition of 2 TEX-AN lines to the Courthouse switchboard and to amend the contract in force.

Your support will be appreciated.

Thank you,

  
John J. Hammett

CONTRACT NUMBER G47

THE STATE OF TEXAS

COUNTY OF TRAVIS

INTERLOCAL COOPERATION ACT CONTRACT

This Contract and Agreement is entered into by and between the State Agency and the Local Governmental Body or Federal Governmental Body shown below as Contracting Parties, pursuant to the authority granted and in compliance with the provisions of the "Interlocal Cooperation Act," Article 4413 (32c) V.T.C.S.

**I. CONTRACTING PARTIES:**The Receiving Party County of Fort BendThe Performing Party State Purchasing and General Services Commission**II. STATEMENT OF SERVICES TO BE PERFORMED:**

Intercity long distance voice telephone service provided on the Texas Agency Network (TEX-AN) and data and/or specialized voice circuits, on an as available basis, as requested by the Receiving Party.

(NOTE: Local service, i.e., keysets, PBX, CENTREX, etc., and long distance service not placed on the TEX-AN will continue to be billed to the Receiving Party by the local telephone company as heretofore.)

The Performing Party agrees to the following:

- A. To reimburse all concerned telephone companies for the costs of the network.
- B. To make available to the Receiving Party the use of the TEX-AN scheduled in such a way as to meet the needs of the Receiving Party, provided this does not violate the rules and regulations necessary to operate the system.
- C. Specialized voice and data circuits will be provided on a space available basis.

The Receiving Party agrees to the following:

- A. To abide by the administrative rules and regulations necessary for the efficient operation of the system and those necessary for the Performing Party to meet its commitment with the telephone industry.
- B. Reimburse the Performing Party for the initial installation charges for interconnection of the TEX-AN with the Receiving Party's PBX or other facilities, as required, as well as for subsequent installation/modification charges if and as necessary. The Receiving Party will continue to be billed by the local telephone company for the use of any equipment or facilities which is not common to the Texas Agency Network.
- C. To provide the Performing Party at least sixty (60) days advance notice, in writing, in the event cancellation of this contract becomes necessary.

**III. BASIS FOR CALCULATING REIMBURSABLE COSTS:**

The monthly billing to the Receiving Party will include the following:

- A. A minimum monthly charge for TEX-AN switched voice service equal to the direct and indirect costs incurred by state government for providing the service or a monthly charge based on usage, whichever is higher. Direct costs are those charges for equipment which are required to obtain access to the TEX-AN network and depend upon the current telephone industry tariffs and the number and types of access circuits provided. Indirect costs are based on a prorata share of charges for network common equipment (when applicable) as determined by proportionate usage of those facilities. The current minimum

monthly charge based on the number and types of circuits presently installed and projected usage of those circuits is \$623.76. When actual usage charges exceed the minimum monthly charge, billing will be for usage. The addition or deletion of circuits which provide access to the TEX-AN network will result in corresponding changes to the minimum monthly charge. Such changes will be accomplished by executing an amendment to this contract.

- B. A charge for specialized voice and/or data circuits as requested by each party on an actual cost basis.
- C. An overhead charge for the operation of the system by the State Purchasing and General Services Commission at a rate not to exceed 15% of the total of Items A and B above, prorated on an actual cost basis.

Amendment to this contract may be necessary if specialized circuits are requested and provided, Receiving Party usage increases, telephone company rates increase, or for other unforeseen causes.

#### IV. CONTRACT AMOUNT:

The total amount of this contract shall not exceed ten thousand dollars (\$10,000.00)

#### V. PAYMENT FOR SERVICES:

Receiving Party shall pay for services received upon receipt of a proper invoice or voucher prepared by the Performing Party within fifteen (15) days from receipt of same.

Payment for services performed shall be billed monthly.

Payment received by the Performing Party shall be credited to its current appropriation item(s) or account(s) from which the expenditures of that character were originally made.

#### VI. TERM OF CONTRACT:

This contract is to begin September 1, 1989 and  
shall terminate August 31, 1990

THE UNDERSIGNED CONTRACTING PARTIES do hereby certify that, (1) the services specified above are necessary and essential for activities that are properly within the statutory functions and programs of the affected parties of Local, State, and/or Federal Government, (2) the proposed arrangements serve the interest of efficient and economical administration of Local, State, and/or Federal Government, and (3) the services, supplies or materials contracted for are not required by Section 21 of Article 16 of the Constitution of Texas to be supplied under contract given to the lowest responsible bidder.

Receiving Party further certifies that it has the authority to contract for the above services by authority granted in Article 4413(32c) V.T.C.S. and/or Section 10, Article 601b, V.T.C.S.

Performing Party further certifies that it has authority to perform the services contracted for by authority granted in Article 4413(32c) V.T.C.S. and/or \_\_\_\_\_

ABOUT TMPRA

**1** The Texas Municipal Parks & Recreation Association was organized in 1960 to better represent city parks and recreation departments in the state.

**69** TMPRA continues to meet the needs, concerns and problems of its members in a variety of ways.

**Two-Way Communication** -- Encourages the exchange of up-to-date information about trends in the municipal park and recreation profession through meetings, reports, correspondence and telephone calls.

**Legislative Action** -- Serves actively with the Texas Municipal League (TML) to represent and advance the views of municipal park and recreation practitioners.

**Conventions and Meetings** -- Provides opportunities for continued growth and self-development of members through annual meetings. Offers opportunities to interact with other professionals in the same or related field, develop professional contacts and relationships, share ideas and information, and view TMPRA activities and plans.

TMPRA is an affiliate organization of the Texas Municipal League, which represents some 98% of Texas' urban population through its over 900 member cities and towns. Organized in 1913 as an informal association of 14 municipalities, TML today is a progressive, multi-million dollar enterprise offering a wide variety of services to Texas cities.

As partners, TML and TMPRA offer the best in representation and assistance to cities and their respective colleagues.

MEMBERSHIP INFORMATION

Benefits

• **Professional Development** -- Through its activities and services, TMPRA officers and staff encourage and help all members to enhance, expand and cultivate their professional abilities.

• **Discounted TML Publications** -- TMPRA membership provides each member with an opportunity to receive, at significantly reduced prices, one subscription to the Texas Municipal League's monthly magazine *Texas Town & City* (Regular Price \$15; Affiliate Price \$7.50) and/or one 1988 *TML Directory of City Officials* (Regular Price \$50; Affiliate Price \$30), available July 1988.

Membership

TMPRA membership consists of three categories: *Professional, Associate and Affiliate*.

Eligibility

**Professional** -- Administrative head or director of a municipal park and/or recreation department, community services department or similar municipal department responsible for the provision of park and/or recreation services, or the head of a major sub-division. In lieu of such department, the highest ranking person in a municipality responsible for park and/or recreation services shall be eligible for professional members. Professional members are entitled to hold office and shall have one (1) vote.

**Associate** -- Municipal employees of supervisory rank or higher responsible for the provision of services related to parks and/or recreation. Such members shall be persons having an interest in, and the furtherance of, good municipal parks and/or recreation programs. Associate members are not entitled to hold office or vote, with the exception that a member be appointed to chair a committee of the association, in which case that member shall be entitled to one (1) vote as an appointed member of the executive committee for their respective term.

**Affiliate** -- Private sector persons, members of private or independent parks and/or recreation organizations, and/or persons of supervisory rank or higher responsible for non-municipal park and/or recreation services, who are interested in the continuance and improvement of municipal parks and recreation programs. Members of an official municipal park, recreation, or parks and recreation commission or board of a city affiliated with the Texas Municipal League shall automatically become affiliate members of the association during their term of service with the approved professional membership of their department head or director. Affiliate members are not eligible to chair committees, hold office or vote.

Dues

Membership is based on a fiscal year of July 1 through June 30, based upon these membership classifications:

KNOW ALL MEN BY THESE PRESENTS:

THAT PECAN GROVE ASSOCIATES, a Joint Venture  
of Harris County, Texas hereinafter called the Principal, and FIDELITY  
AND DEPOSIT COMPANY OF MARYLAND, a Corporation existing under and by  
virtue of the laws of the State of Maryland and authorized to do an  
indemnifying business in the State of Texas, and whose principal office is  
located in the City of Baltimore, State of Maryland,  
whose officer residing in the State of Texas, authorized to accept service  
in all suits and actions brought within said State, is M. D. Scott  
                    , residing in the City of Houston, hereinafter called the  
Surety, are held and firmly bound unto Jodie E. Stavino County Judge of  
Fort Bend County, Texas, in the full sum of Thirty-Seven Thousand Two  
Hundred Forty and No/100-----(\$37,240.00) Dollars current, lawful money of  
the United States of America, to be paid to Jodie E. Stavino,  
County Judge of Fort Bend County, or his successors in office, to which  
payment well and truly to be made and done, we, the undersigned, bind our-  
selves and each of us, our heirs, executors, administrators, successors,  
assigns, and legal representatives, jointly and severally, by these presents.

WHEREAS, the said Principal is the owner of the following Subdivision:  
The Grove  
Pecan Grove Plantation, Section 4

and,

WHEREAS, the Commissioners Court of Fort Bend County, Texas has pro-  
mulgated certain rules, regulations and requirements relating to Subdivisions  
in Fort Bend County, Texas, as more specifically set out in Section 1 of the  
policies for approval of plats in Fort Bend County; same being made a part  
hereof for all purposes, as though fully set out herein; wherein it is provided,  
among other things, that the owner of a Subdivision will maintain roads and  
streets until such time as such roads and streets have been accepted and for  
maintenance by the Commissioners Court of Fort Bend County, Texas.

It is further stipulated and understood that the approval of the map or  
plat of the above Subdivision is conditioned upon and subject to the strict  
compliance by the Principal herein with the aforesaid specifications, and that  
the terms of said specifications, including all deletions, additions, changes or  
modifications of any kind or character, constitute a contract between the County  
of Fort Bend and Principal; and it is understood by the Principal that the  
approval of said map of plat of the above Subdivision was obtained only by the  
undertaking of the Principal to so comply with the said regulations and  
specifications, and that without such undertaking such approval would not have  
been granted.

BOND NO. 9387166Bond To Pay Liens & Claims  
Vol. 2 Page 723

NOW THE CONDITION OF THIS OBLIGATION IS SUCH, that if the above bounded Principal, his, their, or its heirs, executors, administrators, successors, assigns, and legal representatives, and each and every one of them to do in all things well and truly observe, perform, fulfill, keep and comply with all and singular the rules, regulations, requirements and specifications above referred to, including any deletions, additions, changes or modifications of any kind or character, in the maintenance of all roads and streets in the above named Subdivision, and upon the approval of such maintenance by the County Engineer, then this obligation to be void and of no force and effect.

The Principal and Surety hereon each agree, bind and obligate himself and themselves to pay to the County Judge of Fort Bend County, State of Texas, for the use and benefit of Fort Bend County, all loss or damages to it occasioned by reason of failure of the Principal to comply strictly with each and every provision contained in the rules, regulations and specifications relating to maintenance of the roads and streets in the above named Subdivision.

The word Principal when used herein means Principal or Principals whether an individual, individuals, partnership, corporation, or other legal entity having the capacity to contract. The words Roads or Streets used herein mean each and every road or street in said Subdivision. The word Maintenance as used herein means all needful, necessary and proper care and repair from completion of the roads or streets and approval thereof by the County Engineer until acceptance of the roads and streets by the Commissioners Court. The word Surety when used herein means Surety or Sureties, and it is understood by the parties that any and all liabilities of any kind or character assumed or imposed upon the Principal by the terms hereof extends in full force and vigor to each and every Surety jointly and severally.

In the event of suit hereunder, such suit shall be brought in Fort Bend County, Texas.

The obligation of FIDELITY AND DEPOSIT COMPANY OF MARYLAND,  
the Surety on this bond, shall be limited to \$37,240.00.

Executed this 10th day of May, 19 82.

Re: Landfill Gas Management System  
Header Pipe Modifications / Change Order A  
Fort Bend County Landfill

Dear Ron:

Enclosed is the Invoice for work in July and August; and per your request, a cost estimate for the expanded scope of services to include collection header modifications.

Task 1 has been modified to include the design/review of the gas extraction well layout and header routing/sizing for the entire landfill. A design drawing detailing well locations and header construction information will be prepared. WET will also provide to the county a list of materials for the HDPE header installation as referenced in the July 19, 1989 letter of the above titled subject.

As part of Task 1, WET will provide construction layout and project coordination of the header construction. Construction will be coordinated with the county's construction crew. WET will provide a 3 man crew with pickup, 4" thru 8" HDPE pipe fusion machine, laser level for trench control, and own hand tools. County is to provide track backhoe with operator, dump truck(s) with operator for hauling garbage to active face and trench backfill, rubber tire front loader/backhoe without operator, and all materials for project.

Preparation of the Landfill Testing Report is approximately 50% complete. Due to the field constraints of the existing header system and the inability to directly measure landfill gas quantity and quality, additional in office time has been required to extrapolate the necessary design information for proper blower and flare sizing. Costs for this additional effort are detailed below:

## Task 2: LANDFILL GAS SYSTEM TESTING AND PERMITTING

|                               |              |        |       |
|-------------------------------|--------------|--------|-------|

| Clerical                      | 16 hrs. @ \$ | 25/hr. | 400   |

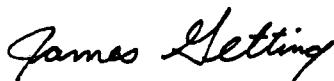

|                                  |         |
|----------------------------------|---------|
| Estimated Additional Task 2 Cost | \$3,200 |
|----------------------------------|---------|

A new Task 7 has been added to the project to account for the time spent reviewing the ongoing gas monitoring data and provide telephone support to your field technician. \$3,400 has been budgeted thru December 1989, of which \$270 has been billed to date.

Our current schedule is to have the header design pipe sizes complete this week, and materials list complete by mid next week; and spec out the permanent blower by September 15 and the enclosed flare system by September 30. The testing report information will be used for the above deliverables, and the written report completed in mid September. As soon as the HDPE pipe and fittings are onsite (delivery time is approximately 2 weeks from order), WET can have the necessary personnel onsite.

Please call if you have any comments or questions.

Sincerely,

James A. Getting, PE

Each Member  
Commissioners Court  
Fort Bend County, Texas

Gentlemen,

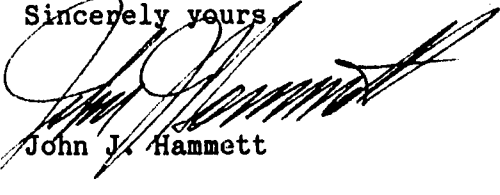

1. Section 262.024 of the Texas Local Government Code provides for the exemption from competitive bids under certain conditions. The Code requires that Commissioners Court "by order grants the exemption" (Sec. 262.024(a)), and, "after accepting a signed statement from the county official who makes purchases for the county as to the existence of only one source, must enter in its minutes a statement to that effect." (Sec. 262.024(b)).

2. On August 28, 1989 Commissioners Court authorized the advertising for bids for F.A.T.S., II for the Sheriff Department.

3. This system is manufactured and sold directly to end users by Firearms Training Systems, Inc. of Norcross, Georgia. Please see attached. There are no other sources. The total cost including options and freight will not exceed \$53,000.00.

4. Please accept this letter as my signed statement to the effect that there exists only one source for the F.A.T.S., II, grant an exemption to the competitive bid requirements of the Code, and enter this order into the minutes of the Court.

Sincerely yours,

  
John J. Hammett

Dear Mr. Jalomo,

I am in receipt of your FAX requesting a list of retail vendors from whom you may solicit competitive bids for a FATS II System. Please be advised that we do not have vendors who resale our equipment or compete with us on bids.

Firearms Training Systems, Inc. is the sole source of supply for the F.A.T.S. System. The firearms simulator was developed and is manufactured only by Firearms Training Systems, Inc. and is not available from any other vendor, distributor or manufacturer. A specification sheet is attached for your reference together with a brochure describing the system.

The President of Firearms Training Systems, Mr. Jody Scheckter, is presently on vacation and will not return until September 5, 1989. In his absence, I have signed this document. If you would like his signature upon his return, please advise and I will be glad to provide it for your files. If I can be of further assistance, please do not hesitate to call me at (404) 448-7318.

Sincerely,

Phyllis Pearce

RE: Waiver of Penalty and Interest - Wanda L. Tefft  
1988 Tax Account .914-0262-03-023-0000  
Precinct #3

Mrs. Wanda Tefft is requesting waiver of penalty and interest on the above referenced account for 1988.

Mrs. Tefft attempted to pay this account in December 1988 along with two other accounts. Three checks were written, one for each account, and mailed to NCNB Bank (lockbox). Two of the checks went through the system and the appropriate accounts were posted. The third check did not go through the system and the account remains due. To date the third check has not cleared the Tefft's bank.

The breakdown of taxes due:

|                      |              |
|----------------------|--------------|
| Base Tax             | \$ 74.13     |
| Penalty and Interest | 14.83        |
| Attorneys Fees       | <u>13.34</u> |
| Total Due            | \$102.30     |

I recommend waiver of penalty, interest and attorney fees as the Tefft's did attempt to pay the taxes in a timely manner.

THE STATE OF TEXAS           §  
COUNTY OF FORT BEND       §

AGREEMENT

AGREEMENT FOR MANAGEMENT OF THE  
FORT BEND COUNTY FAIRGROUNDS

This Agreement is entered into between the County of Fort Bend, hereinafter referred to as "County" and the Fort Bend County Fair Association, a non-profit Texas corporation, hereinafter referred to as "Association".

WHEREAS, the County desires the assistance of the Association in the management of and the conducting of activities under §319.001 of the Texas Local Government Code, including but not limited to the maintenance, use, and operation of buildings, and improvements at the Fort Bend County Fair Grounds, and;

WHEREAS, the Association desires to assist the County in the management of, and the conducting of activities under §319.001 of the Texas Local Government Code, including but not limited to the maintenance, use, and operation of buildings, and improvements at the Fort Bend County Fair Grounds, and;

NOW THEREFORE, it is mutually agreed by the parties hereto as follows:

SECTION I  
DEFINITIONS

1.01 Definitions: For the purpose of this agreement, the following shall mean:

- a. Income: Proceeds from the annual Fort Bend County Fair.
- b. Property: The property commonly referred to as the Fort Bend County Fair Grounds and/or facilities thereon more specifically described in Section III herein.

c. Rent: Rent and security deposit paid by the Fort Bend County Fair Ground Tenants.

d. Tenant Lease: Agreement prepared by the Association for users of the Property.

e. Tenants: An individual, group of individuals, or an entity that pays a rental fee for the use of the Fort Bend County Fair Ground and/or facilities. The County, when using the Fairgrounds and/or facilities for a county purpose, shall be treated as any other tenant except no rental charge shall be required.

## SECTION II.

### TERM

2.01 The term of the Agreement is for two (2) years commencing on the 1st day of June, 1989 and ending on the 31st day of May, 1991.

2.02 This Agreement is automatically renewed on the 1st day of June of each year thereafter unless either the County or the Association gives thirty (30) days written notice prior to the automatic renewal date of the intention not to renew the agreement.

## SECTION III

### DUTIES & RESPONSIBILITIES OF THE ASSOCIATION

3.01 Management of Fairgrounds: The Association shall assist the County in the management and leasing of the Fort Bend County Fair Grounds and/or facilities, more particularly described as follows:

Being 81.02 acres of land in the Samuel Stone Survey, Abstract 392, Fort Bend County, Texas, and being the same property described in deed from Rose-Rich, Inc. to Fort Bend County dated August 15, 1969 recorded in Volume 518, page 14 of the Deed Records of Fort Bend County, Texas, to which refer in aid hereof and all facilities and improvements thereon.

3.02 Collection of Rent: The Association shall collect and enforce the collection of all rent and fees due for the use of the Property.

3.03 Inspection and Repairs:

a. The Association shall do everything reasonable and necessary for the proper maintenance of the property.

b. Such duty includes, but is not limited to making or arranging for periodic inspections, and upon Associations prior approval, assisting in supervision of all required maintenance and repairs, and supervising the caretaker and caretaker's helpers provided by the County.

c. The Association may pay all reasonable expenses and charges for the operation and maintenance of the Fairgrounds and/or facilities from its own account and present the invoices for such expenses and charges to the County for approval and reimbursement within a reasonable time, but not less than sixty (60) days from the date the expense was incurred.

3.04 Negotiation of Tenant Leases:

a. Association shall have the authority and exclusive right to negotiate the tenant leases, subject to a County approved rental rate.

b. When being used for a County purpose, by letter of authority as recorded in the Court Records, there shall be no charge for the use of the property by the County, subject to availability of the property. However, when the County has an activity on the property, any third-party users operating under such activities are subject to the terms and conditions of the Association's Tenants Lease Agreement.

c. Any approval or denial by the Association for the use of the Property may be reviewed by the Fort Bend County Commissioners' Court; and Commissioners' Court shall have the final authority to overturn any such decision of the Association.

3.05 Tenant Matters: Association shall handle all tenant concerns and negotiations that may arise from time to time.

3.06 Record Keeping:

a. The Association shall maintain accurate records of all monies received and disbursed in connection with the management of the property. Such records shall be open for inspection by County at all reasonable times.

b. The Association shall also render to County Auditor a monthly statement showing all receipts and disbursements for the previous month, with supporting vouchers, which shall be submitted on or before the 15th day of each month.

3.07 Payment to County: Association shall pay monthly to County Treasurer the funds collected for prior month's rentals for the account of County or make payments as County may otherwise designate in writing.

3.08 Payment of Utilities:

a. The Association shall provide and pay for the telephone system used by the Association.

b. The Association shall be responsible for all electrical usage charges which are incurred on the property during the annual Fort Bend County Fair and shall reimburse the County for those charges incurred during said time period.

3.09 Insurance: The Association agrees to provide the County with a certificate of insurance for a minimum coverage of \$100,000 for each person and \$300,000 for each single occurrence for bodily injury or death, and \$10,000 for each single occurrence for injury to or destruction of property.

3.10 Annual Report: In January of each year, the Association shall provide the County with a financial report reflecting the rental activities only for the previous year. Such report shall also include major changes, if any, of the property and buildings.

3.11 Income from Fair: The Association shall retain all income derived from the annual Fort Bend County Fair.

SECTION IV.

DUTIES AND RESPONSIBILITIES OF THE COUNTY

4.01 Caretaker: The County shall provide a caretaker, caretaker's living quarters along with telephone and utilities for said living quarters, caretaker's helpers and the necessary uniforms and equipment for their use.

4.02 Insurance: The County shall provide the Association with copies of all insurance policies that relate to the Property, facilities or the Association management and leasing duties during the term of this agreement.

SECTION V.

ASSOCIATION FUND RAISING

5.01 Use of Fair Grounds:

a. The Association may use the Property free of charge for fundraising so long as the proceeds are used directly for the Fort Bend County Fair Grounds and/or scholarship fund.

b. No capital improvement projects can be commenced by the Association on the Property without the prior written approval of the Commissioners' Court.

SECTION VI.

ASSIGNMENTS

6.01 Assignments:

a. The Association shall not assign this agreement without prior written approval of the Commissioners' Court.

SECTION VII  
INDEPENDENT CONTRACTOR/NO CO-PARTNERSHIP

7.01 Independent Contractor:

a. It is agreed by the parties that at all times and for all purposes hereunder Association is an independent contractor and not an employee of Fort Bend County. No statement contained in this agreement shall be construed so as to find Association an employee of the County, and Association, its agents and employees shall be entitled to none of the rights, privileges, or benefits of the county employees.

b. The Association is to be and shall remain an independent contractor with respect to all services performed under this agreement.

7.02 No Co-Partnership:

a. It is agreed that nothing herein contained is intended or should be construed as in any manner creating or establishing a relationship of co-partners between the parties, or as constituting Association (including its officers, employees, and agents) the agent, representative, or employee of the County for any purpose, or in any manner, whatsoever.

b. The Association is to be and shall remain an independent contractor with respect to all services performed under this agreement.

SECTION VIII  
SEVERABILITY

8.01 Severability: The provisions of this agreement are severable. If any paragraph, section, subdivision, sentence, clause, or phrase of this agreement is for any reason held to be contrary to law, or contrary to any rule or regulation having the force and effect of law, such decision shall not affect the remaining portions of the agreement. However, upon the occurrence of such event, either party may terminate this agreement forthwith upon the delivery of written notice of termination of the other party.

SECTION IX  
ENTIRE AGREEMENT: REQUIREMENT OF A WRITING

9.01 Entire Agreement: It is understood and agreed that the entire agreement of the parties is contained herein and that this agreement supersedes all oral agreements and negotiations between the parties relating to the subject matter hereof as well as any previous agreements presently in effect between the parties relating to the subject matter hereof. Any alterations, amendments, deletions, or waivers of the provisions of this agreement shall be valid only when expressed in writing and duly signed by the parties.

SECTION X  
SERVICES NOT PROVIDED FOR

10.01 Services Not Provided: The Association shall not perform any work or furnish any materials other than in the normal course of performing reasonable and necessary repairs for proper maintenance of the property unless same is approved in writing by the County and the Association. Such approval shall be considered to be a modification of the agreement.

SECTION XI  
COMPLIANCE WITH LAWS AND REGULATIONS

11.01 Compliance with Laws:

a. It is understood that the terms and conditions of this agreement are governed by the laws of the State of Texas.

b. In providing all services pursuant to this contract, The Association shall abide by all statutes, ordinances, rules, and regulations pertaining to, or regulating the provision of, such services, including those now in effect and hereafter adopted. Any violation of said statutes, ordinances, rules, or regulations shall constitute a material breach of this contract, and shall entitle the County to terminate this contract immediately upon delivery of written notice of termination to the Association.

SECTION XII  
NOTICE

12.01 Notice: Notices, correspondence, and all other communications shall be addressed to the Fort Bend County Commissioners' Court and submitted to the following representative:

Fort Bend County  
P.O. Box 368

TO THE HONORABLE COUNTY JUDGE AND COUNTY COMMISSIONERS OF THE  
COUNTY OF FORT BEND, TEXAS:

The undersigned (herein the "Applicant"), holding title to land hereinafter described by metes and bounds, and acting pursuant to the provisions of Article 6702-1, Vernon's Texas Civil Statutes, as amended, respectfully requests the Commissioners' Court of Fort Bend County, Texas (the "Court"), for the creation and establishment of a county road district, and would show the following:

I.

The proposed name of the District is Fort Bend County Road District No. 1 (the "District").

II.

The District shall be created and organized under the terms and provisions of Article III, Section 52, of the Constitution of Texas and Article 6702-1, Vernon's Texas Civil Statutes.

III.

After the creation of the District, Applicant requests the Court to conduct a hearing and order an election to determine whether or not the bonds of the District shall be issued for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid of these purposes and whether taxes shall be levied on all taxable property within the District in payment of the bonds and in support of the operations of the District.

The District shall contain an area of approximately 4613 acres of land, more or less, situated in Fort Bend County, depicted on the map attached as Exhibit "A" and described by metes and bounds in Exhibit "B", both of which are attached hereto and incorporated herein for all purposes. The District is partially within the corporate limits of the

City of Houston. All the area in the proposed District not in the corporate limits of the City of Houston lies exclusively within the extraterritorial jurisdiction of the City of Houston, Texas and the City of Missouri City, Texas. All of the land proposed to be included in the District may properly be included in the District.

IV.

The Applicant holds title to land within the District, and herewith agrees to taxation of such property to support the bonds and operations of the District.

V.

The general nature of the work to be done by the District is the acquisition of land for the proposed Fort Bend Freeway, a new state highway from the South Beltway 8 to State Highway 6, the preparation of the preliminary layout for the highway, environmental studies, hearings and the preliminary and final design of this section of the Fort Bend Freeway.

VI.

There is a necessity for the above-described work for the following reasons. The area within the District is urban in nature, is within the growing environs of the greater Houston, Texas and Missouri City, Texas areas and is in close proximity to populous and developed sections of Fort Bend County, Texas. There is not now available within the area, which will be developed for commercial and residential uses, adequate roads or highways and related drainage works. The growth and development of the area proposed to be in the District and the area and of territories adjacent thereto require the acquisition and construction of a major new state road. A public necessity therefore exists for the creation of the District to assist Fort Bend and Harris Counties, the Houston Metropolitan Transit Authority, the Cities of Houston and Missouri City, and the Texas Department of Highways and Public Transportation with the construction, acquisition, maintenance, and operation of the Fort Bend Freeway and to promote the development and welfare of the community.

WHEREFORE, the Applicant prays that the District be created, that after it is created, the Court consider issuance of bonds, fix a time and place for a hearing thereof, give notice of the public hearing as required by law, and that at such hearing, the Court call an election on the question of the issuance of the bonds of the District for the purpose set forth above.

APPLICATION REQUESTING CREATION OF  
FORT BEND COUNTY ROAD DISTRICT NO. 1

TO THE HONORABLE COUNTY JUDGE AND COUNTY COMMISSIONERS OF THE  
COUNTY OF FORT BEND, TEXAS:

The undersigned (herein the "Applicant"), holding title to land hereinafter described by metes and bounds, and acting pursuant to the provisions of Article 6702-1, Vernon's Texas Civil Statutes, as amended, respectfully requests the Commissioners' Court of Fort Bend County, Texas (the "Court"), for the creation and establishment of a county road district, and would show the following:

I.

The proposed name of the District is Fort Bend County Road District No. 1 (the "District").

II.

The District shall be created and organized under the terms and provisions of Article III, Section 52, of the Constitution of Texas and Article 6702-1, Vernon's Texas Civil Statutes.

III.

After the creation of the District, Applicant requests the Court to conduct a hearing and order an election to determine whether or not the bonds of the District shall be issued for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid of these purposes and whether taxes shall be levied on all taxable property within the District in payment of the bonds and in support of the operations of the District.

The District shall contain an area of approximately 4613 acres of land, more or less, situated in Fort Bend County, depicted on the map attached as Exhibit "A" and described by metes and bounds in Exhibit "B", both of which are attached hereto and incorporated herein for all purposes. The District is partially within the corporate limits of the

City of Houston. All the area in the proposed District not in the corporate limits of the City of Houston lies exclusively within the extraterritorial jurisdiction of the City of Houston, Texas and the City of Missouri City, Texas. All of the land proposed to be included in the District may properly be included in the District.

IV.

The Applicant holds title to land within the District, and herewith agrees to taxation of such property to support the bonds and operations of the District.

V.

The general nature of the work to be done by the District is the acquisition of land for the proposed Fort Bend Freeway, a new state highway from the South Beltway 8 to State Highway 6, the preparation of the preliminary layout for the highway, environmental studies, hearings and the preliminary and final design of this section of the Fort Bend Freeway.

VI.

There is a necessity for the above-described work for the following reasons. The area within the District is urban in nature, is within the growing environs of the greater Houston, Texas and Missouri City, Texas areas and is in close proximity to populous and developed sections of Fort Bend County, Texas. There is not now available within the area, which will be developed for commercial and residential uses, adequate roads or highways and related drainage works. The growth and development of the area proposed to be in the District and the area and of territories adjacent thereto require the acquisition and construction of a major new state road. A public necessity therefore exists for the creation of the District to assist Fort Bend and Harris Counties, the Houston Metropolitan Transit Authority, the Cities of Houston and Missouri City, and the Texas Department of Highways and Public Transportation with the construction, acquisition, maintenance, and operation of the Fort Bend Freeway and to promote the development and welfare of the community.

WHEREFORE, the Applicant prays that the District be created, that after it is created, the Court consider issuance of bonds, fix a time and place for a hearing thereof, give notice of the public hearing as required by law, and that at such hearing, the Court call an election on the question of the issuance of the bonds of the District for the purpose set forth above.

The undersigned (herein the "Applicant"), holding title to land hereinafter described by metes and bounds, and acting pursuant to the provisions of Article 6702-1, Vernon's Texas Civil Statutes, as amended, respectfully requests the Commissioners' Court of Fort Bend County, Texas (the "Court"), for the creation and establishment of a county road district, and would show the following:

I.

The proposed name of the District is Fort Bend County Road District No. 1 (the "District").

II.

The District shall be created and organized under the terms and provisions of Article III, Section 52, of the Constitution of Texas and Article 6702-1, Vernon's Texas Civil Statutes.

III.

After the creation of the District, Applicant requests the Court to conduct a hearing and order an election to determine whether or not the bonds of the District shall be issued for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid of these purposes and whether taxes shall be levied on all taxable property within the District in payment of the bonds and in support of the operations of the District.

The District shall contain an area of approximately 4613 acres of land, more or less, situated in Fort Bend County, depicted on the map attached as Exhibit "A" and described by metes and bounds in Exhibit "B", both of which are attached hereto and incorporated herein for all purposes. The District is partially within the corporate limits of the

City of Houston. All the area in the proposed District not in the corporate limits of the City of Houston lies exclusively within the extraterritorial jurisdiction of the City of Houston, Texas and the City of Missouri City, Texas. All of the land proposed to be included in the District may properly be included in the District.

IV.

The Applicant holds title to land within the District, and herewith agrees to taxation of such property to support the bonds and operations of the District.

V.

The general nature of the work to be done by the District is the acquisition of land for the proposed Fort Bend Freeway, a new state highway from the South Beltway 8 to State Highway 6, the preparation of the preliminary layout for the highway, environmental studies, hearings and the preliminary and final design of this section of the Fort Bend Freeway.

VI.

There is a necessity for the above-described work for the following reasons. The area within the District is urban in nature, is within the growing environs of the greater Houston, Texas and Missouri City, Texas areas and is in close proximity to populous and developed sections of Fort Bend County, Texas. There is not now available within the area, which will be developed for commercial and residential uses, adequate roads or highways and related drainage works. The growth and development of the area proposed to be in the District and the area and of territories adjacent thereto require the acquisition and construction of a major new state road. A public necessity therefore exists for the creation of the District to assist Fort Bend and Harris Counties, the Houston Metropolitan Transit Authority, the Cities of Houston and Missouri City, and the Texas Department of Highways and Public Transportation with the construction, acquisition, maintenance, and operation of the Fort Bend Freeway and to promote the development and welfare of the community.

WHEREFORE, the Applicant prays that the District be created, that after it is created, the Court consider issuance of bonds, fix a time and place for a hearing thereof, give notice of the public hearing as required by law, and that at such hearing, the Court call an election on the question of the issuance of the bonds of the District for the purpose set forth above.

RESPECTFULLY SUBMITTED this 15<sup>th</sup> day of Dec., 1988.

ORDER SETTING HEARING FOR THE CREATION OF FORT BEND  
COUNTY ROAD DISTRICT NO. 1

THE STATE OF TEXAS           §  
COUNTY OF FORT BEND       §

RECITALS

The Commissioners Court of Fort Bend County, Texas, has been requested by certain Fort Bend County property owners to create and establish a county road district to be known as Fort Bend County Road District No. 1 of Fort Bend County, Texas (the "District"). The area to be included in the proposed District is depicted in the plat attached as Exhibit "A" and described by metes and bounds in Exhibit "B".

Article 6702-1, Vernon's Texas Civil Statutes, as amended, confers jurisdiction on the Commissioners Court of Fort Bend County, Texas to create and establish a road district; however, prior to the creation of a road district, the Commissioners Court must conduct a public hearing on the question of the creation of the road district.

The Commissioners Court of Fort Bend County desires to set a date for a public hearing on the creation and establishment of the proposed District and authorize notice to be given of the time and place of the hearing.

IT IS THEREFORE ORDERED, ADJUDGED, AND DECREED by the Commissioners Court of Fort Bend County, Texas, that:

Section 1:       The foregoing recitals are hereby found to be true and correct.

Section 2:       A public hearing shall be held and conducted on the question of the creation and establishment of Fort Bend County Road District No. 1 of Fort Bend County, Texas, at 10:00 o'clock a.m., on October 16, 1989, in the Commissioners Court Room on the 1st floor of the Fort Bend County Courthouse Annex,

Richmond, Texas, at a regular meeting of the Commissioners Court of Fort Bend County, Texas.

Section 3: The County Clerk shall issue notice of such hearing and shall post same or cause the same to be posted at five (5) public places in Fort Bend County not later than the twenty-first (21st) day before the date of such hearing. One (1) copy of such notice shall be posted on the Courthouse door, one (1) copy on the bulletin board used for posting notices of meetings of the Fort Bend County Commissioners Court, and the remaining three (3) copies of such notice shall be posted in public places within the boundaries of the proposed District.

Section 4: Further notice of the hearing shall be given by publishing one (1) time in a newspaper of circulation in Fort Bend County not earlier than the thirtieth (30th) day or later than the tenth (10th) day before the hearing.

Section 5: All residents and property owners within the District, and all other interested persons, are hereby invited to appear in person or by their attorney and contend for or contest the creation and establishment of the proposed District, and offer testimony pertinent to any issue presented on the question of the creation and establishment of the District, including evidence on whether the District and the proposed improvements are necessary, desirable, feasible and practicable, whether the proposed improvements would be a public benefit, and whether or not the land and other property proposed to be included in the District will be benefitted by the creation of the District.

Section 6: A copy of this Order shall be recorded in the minutes of this Court.

Section 7. Sufficient written notice of the date, hour, place, and subject of the meeting of Commissioners Court at which this Order was adopted was posted for the time required by law preceding this meeting and such meeting was open to the public as required by law and at all times during which this Order and the subject matter thereof were discussed, considered, and formally acted upon, all as required by the Open Meetings Act, Texas Civil Statutes Annotated, Article 6252-17, as amended.

PASSED AND ADOPTED this 18th day of September, 1989.

RE: Property Tax Refunds in excess of \$500

In addition to the auditor's approval for a taxing unit, section 31.11 of the Texas Property Tax Code requires the governing body of a taxing unit to also approve refunds in excess of \$500 for overpayment or erroneous payment of property taxes.

Before approving a property tax refund, my internal auditing department requires proper documentation from the Tax Office. This procedure is followed on a daily basis. With this documentation in hand, the following amount(s) has/have been approved for payment:

Fort Bend County Judge Jodie Stavinoha  
and Commissioner's Court  
Fort Bend County, Texas

Dear Sirs:

I have met several times with Richmond Fire Marshal Mark Todd and Richmond Fire Chief Stephen Noto regarding the evacuation procedures for the William B. Travis, Jane Long, and Courthouse buildings.

These buildings are in the City of Richmond's jurisdiction and Fire Marshal Todd has given me a list of procedures for the evacuation of these buildings. I am submitting a copy of these procedures to Commissioner's Court for your consideration.

With your approval, a training class has been scheduled for October 3, 1989, for the evacuation of the William B. Travis Building. We would like to have two classes, one from 8:30 A.M. to 9:30 A.M., and the second from 9:30 A.M. to 10:30 A.M., and would have these meetings in the Commissioner's Courtroom. Each department should divide their employees equally, so that normal operations can be continued in each department, and have all employees attend the class.

If you have any questions, please feel free to contact my office at any time!

Sincerely,

GENERAL EVACUATION PROCEDURES

1. You should evacuate the building when one of the following conditions exist.
  - A. The fire alarm sounds on your floor.
  - B. There is fire or smoke visible in your area
  - C. The "Fire Warden" in your area announces that the area should be evacuated.
2. DO NOT use the elevators for evacuation. You should go to the nearest exit stairway and go down to the first floor and exit the building. You should assist any visitors in properly exiting the building.
3. After exiting the building, you should go directly to the front lawn of the Courthouse and report to your designated evacuation site for your area, and remain there until further instructions are given.
4. You should not return to the building until it has been determined that it is safe by the fire department and you have been told to return to the building.

## EVACUATION DRILL RULES

1. Each department shall have at least two persons appointed to serve as "Fire Wardens" who shall be responsible for:
  - A. Making a check of their area to determine if all occupants of their area are aware of the alarm and are evacuating the building.
  - B. Assisting the public in finding the correct exit.
  - C. Accounting for the employees of their department at the evacuation site by taking roll.
  - D. Reporting any missing employees to the Fire Department.
2. Each department shall develop a plan to allow those persons handling money or sensitive materials to quickly secure them, and evacuate the building in a reasonable amount of time.
3. ALL employees should know the proper evacuation routes and procedures.
4. Fire drills shall be conducted quarterly, and all employees shall participate in the fire drills.

Re: Proposed Structures on Big Creek By-Pass Channel  
Design Field Surveys Proposal  
VMK Job No. 520-01

VanSickle · Mickelson & Klein, Inc. (VMK) is pleased to submit this proposal for the field survey services for the above referenced project. This proposal assumes that horizontal and vertical control for the three sites, where the structures are proposed along the Big Creek By-Pass Channel, will be provided by Fort Bend County. The following is a description of the scope of services.

- Set baseline and provide design survey data for the proposed erosion control structures at the intersection of Big Creek and the By-Pass Channel. Cross-section limits are:
  - 200' North along proposed Big Creek
  - 200' East along Rabbs Bayou
  - 200' South along proposed channel
  - 500' West and south along existing Big Creek
- Set baseline and provide design survey data for the Siphon structure at Waters Lake Bayou. Cross-sections are to be taken beginning 50' upstream from the north by-pass right-of-way to 50' downstream from the south right-of-way. Sections will also be taken on the small ditch that parallels the south fence line. The existing structure over Waters Lake Bayou will be field located.
- Set baseline and provide design survey data for the proposed drop structure at the east end of the By-Pass Channel. Cross-sections will be taken 300' upstream and downstream of the proposed location.

VMK proposes to provide the above outlined services on a time and materials bases, in accordance with Section VI Additional Services of our contract, for a fee of \$6100.00. This amount will not be exceeded without prior written approval of the Drainage District. Tasks not specifically addressed in this proposal will be considered additional services.

RESOLUTION APPROVING  
INITIAL PROJECT CONCEPTS  
IN THE CLEAR CREEK WATERSHED

WHEREAS, the Texas Water Development Board and the Harris County Flood Control District have agreed to sponsor the Clear Creek Regional Drainage Plan Study;

WHEREAS, the Commissioners Court of Harris County have agreed to support the Clear Creek Regional Drainage Plan Study by resolution dated the 1st day of August, 1989;

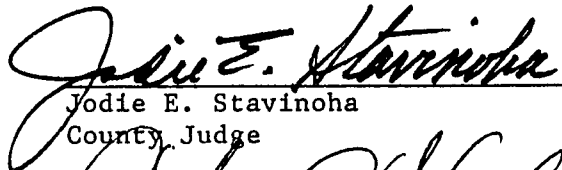

WHEREAS, the need for a Regional Drainage Plan for the Clear Creek Watershed has been demonstrated repeatedly by flood damages associated with the extensive flood plain which occurs along the entire length of Clear Creek;

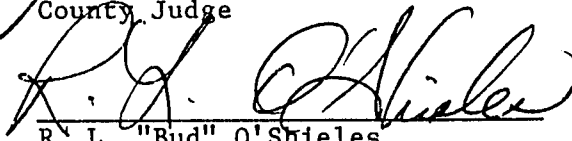

WHEREAS, portions of the Clear Creek Watershed have undergone rapid urban expansion in the past and is a prime area for continued development;

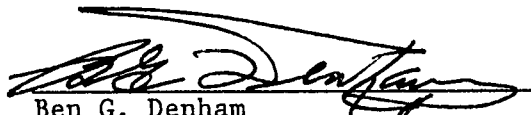

WHEREAS, the Clear Creek Watershed contains numerous entities with authority for drainage policy and enforcement which must depend on each other for responsible flood management;

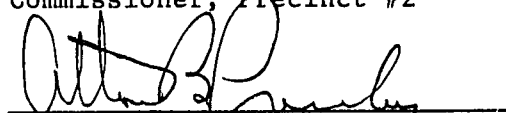

NOW, THEREFORE, BE IT RESOLVED, that Fort Bend County Drainage District recognizes the need for a comprehensive regional approach to flood management in the Clear Creek Watershed and thereby supports the Clear Creek Regional Drainage Plan study effort, and will participate in and support the Steering Committee for the Clear Creek Watershed Regional Drainage Plan and actively pursue recommendations by the Committee to develop cooperative drainage policies and agreements with the other jurisdictional authorities involved with the project.

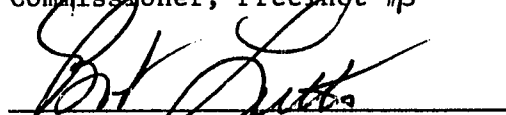

PASSED AND APPROVED THIS 18 DAY OF SEPTEMBER, 1989.

Re: Proposed Structures on Big Creek By-Pass Channel  
Design Field Surveys Proposal  
VMK Job No. 521-01

VanSickle · Mickelson & Klein, Inc. (VMK) is pleased to submit this proposal for the field survey services for the above referenced project. This proposal assumes that horizontal and vertical control for the three sites, where the structures are proposed along the Big Creek By-Pass Channel, will be provided by Fort Bend County. The following is a description of the scope of services.

- Set baseline and provide design survey data for the proposed erosion control structures at the intersection of Big Creek and the By-Pass Channel. Cross-section limits are:
  - 200' North along proposed Big Creek
  - 200' East along Rabbs Bayou
  - 200' South along proposed channel
  - 500' West and south along existing Big Creek
- Set baseline and provide design survey data for the Siphon structure at Waters Lake Bayou. Cross-sections are to be taken beginning 50' upstream from the north by-pass right-of-way to 50' downstream from the south right-of-way. Sections will also be taken on the small ditch that parallels the south fence line. The existing structure over Waters Lake Bayou will be field located.
- Set baseline and provide design survey data for the proposed drop structure at the east end of the By-Pass Channel. Cross-sections will be taken 300' upstream and downstream of the proposed location.

VMK proposes to provide the above outlined services on a time and materials bases, in accordance with Section VI Additional Services of our contract, for a fee of \$6100.00. This amount will not be exceeded without prior written approval of the Drainage District. Tasks not specifically addressed in this proposal will be considered additional services.

MONTHLY REPORT  
AUGUST, 1989

Construction / Maintenance  
6400 Homestead Road  
Rosenberg, Texas 77471  
342-0141

The removal of vegetation from channels during August, 1989 was accomplished primarily by shredding operations. Shredding was done on forty-one (41) channels that included Aylor Ditch II-NN, Deer Creek II-B-5 and three (3) of its tributaries, Fairchilds Creek II-B-10 and five (5) of its tributaries, Sims Bayou VIII and six (6) of its tributaries, and Turkey Creek I-D.

Herbicides were applied to thirty-three (33) channels that included Buffalo Creek I-B-3, Red Gully II-K-9, and Snake Creek I-C.

The District's bridge crews worked on the repair or replacement of several watergates and low-water crossings. Watergates were replaced on Brazos River II-GG-1, Deer Creek II-B-5, Dry Bayou II-B-0, Fairchilds Creek II-B-10-a, Snake Creek I-C, Turkey Creek I-D, Willow Fork of Buffalo Bayou V-A, and Willow Fork of Buffalo Bayou V-A-3. Low-water crossings were installed on Dry Creek II-B-2, Fairchilds Creek II-B-10-a-1, Brookshire Creek II-F-1, and Deer Creek II-B-5.

The District continued to assist the City of Rosenberg at their landfill adjacent to the Brazos River. The Linkbelt LS-98A dragline and Caterpillar D-6 bulldozer completed the excavation of a new pit at the site on August 23. The next phase on the project will involve lining the new pit area with clay to meet current Texas Health Department regulations.

Work continued during August on the Big Creek Bypass with several machines which dug and levelled twenty thousand (20,000) cubic yards of spoil dirt.

The excavation of Rabbs Bayou also continued during August where six thousand (6,000) cubic yards of dirt were dug, trucked, and levelled within the Fort Bend Country Club property.

The Linkbelt LS-2800 hydraulic excavator worked on the setting of several backslope drain drop inlet pipes, as well as limited channel excavations on the Willow Waterhole project.

The following charts show each project worked and which equipment was used during August, 1989.

RE: Monthly reports of Fee Officers

Gentlemen:

We have examined the monthly reports of certain Fee Officers identified below for the month of August, 1989. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

The breakdown of the fees paid by the Tax Collector in August is attached to this letter.

The following is the criminal and civil case report for the JPs for the month of August, 1989:

| JP    | # OF CASES: | New | Pending | Dismissed | Paid | Open | Civil Cases |
|-------|-------------|-----|---------|-----------|------|------|-------------|
| JP 1  | Geick       | 722 | 3798    | 213       | 369  | 3938 | 43          |
| JP2-1 | Molina      | 439 | 1313    | 114       | 307  | 1331 | 59          |
| JP2-2 | Fredrickson | 328 | 939     | 52        | 260  | 955  | 2           |
| JP3   | Stahl       | 178 | 338     | 12        | 81   | 423  | 52          |

RE: Monthly reports of Non-Fee Officers

Gentlemen:

We have examined the monthly reports of certain Non-Fee Officers identified below for the month of August, 1989. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

We recommend that these reports be approved subject to completion of our examination of reports of such officers for the year ending December 31, 1989.

If the Court concurs, the following order might be adopted:

Moved by Commissioner\_\_\_\_, seconded by Commissioner\_\_\_\_, duly put and carried, it is ordered that the monthly reports of fees collected by Non-Fee Officers identified below, for the month of August, 1989 be approved as recommended by the County Auditor in his letter of September 25, 1989.

Subject: Houston Area Library Automation.

Gentlemen,

1. On Monday, September 25th the County Librarian will come before the Court to request a continuation of our existing agreement with the Houston Public Library System for certain computer services.
2. The services provided are unique to the Houston Public Library and are tied into their main computer system.
3. In as much as this service can be obtained only from the Houston Public Library I recommend that the Commissioners Court of Fort Bend County accept this statement as to the existence of only one source for this service and grant an exemption to the competitive bid requirement of Sec. 262.023 Vernon's Texas Local Government Code.

AGREEMENT BETWEEN FORT BEND COUNTY  
AND THE CITY OF FULSHEAR  
TO COORDINATE EMERGENCY MANAGEMENT PROGRAMS

THIS AGREEMENT is entered into by and between the COUNTY OF FORT BEND, TEXAS, hereinafter referred to as "County", and the CITY OF FULSHEAR, TEXAS, a Municipal Corporation duly organized and existing under the laws of the State of Texas, hereinafter referred to as "City".

RECITALS

WHEREAS, the Texas Disaster Act of 1975, Chapter 418, Texas Government Code, provides for the requirements of municipal and county emergency management programs; and,

WHEREAS, the County has heretofore on October 3, 1983 enacted an emergency management plan that was revised by emergency management plan enacted March 25, 1985; and,

WHEREAS, City has not enacted an emergency management plan of its own and desires to coordinate the emergency management needs of the City with the heretofore stated program of the County; and,

WHEREAS, County desires to coordinate the emergency management program of County with the emergency management needs of City.

NOW, THEREFORE, in consideration of the mutual promises, covenants and conditions contained herein, the County and City agree as follows:

1. The City hereby agrees to coordinate the emergency management needs of its jurisdictional limits by and through the emergency management plan of County.

2. The City shall designate a liaison officer to facilitate the cooperation and protection of the City by and through the County emergency management plan.

3. The County has heretofore created the Office of Emergency Management to coordinate its emergency management plan, hereinafter referred to as "County Coordinator".

4. It is understood and agreed by all parties that the County emergency management plan will extend within and include the territorial limits of City. It is further understood and agreed that unless an emergency is entirely localized in nature within City, the overall administration of this plan shall be with County.

(a) In the event of a localized emergency, the County Coordinator will assist the City liaison officer in providing for disaster preparedness, response, recovery and rehabilitation.

(b) In the event of a generalized emergency, the program will be administered by the County Coordinator, as provided in the County emergency management plan, assisted by the City liaison officer.

5. It is further understood and agreed between the parties that this agreement can be terminated by either party upon thirty (30) days written notice.

6. It is further understood and agreed that this agreement shall be of no force and effect until formally approved by the respective governing bodies.

7. Each of the parties to this agreement represents and warrants to the other that the execution of this agreement has been duly authorized by their respective governing bodies.

THE STATE OF TEXAS

BOND NO. 182567

COUNTY OF FORT BEND

KNOW ALL MEN BY THESE PRESENTS, that we BROWN-HARRIS, INC.  
\_\_\_\_\_ as principal and SEABOARD SURETY COMPANY  
\_\_\_\_\_ as surety, are held and firmly bond unto FORT BEND  
COUNTY a body corporate and politic under the laws of the State of Texas, in  
the penal sum of TWO THOUSAND AND NO/100  
DOLLARS ( 2,000.00 ) law full currency of the United States of America,  
for the payment of which, well and truly to be made, we do hereby bind  
ourselves, our heirs executors, administrators and successors, jointly and  
severally and firmly by these presents:

THE CONDITION OF THIS BOND IS SUCH THAT, WHEREAS, the above bounden  
principal contemplates laying, constructing, maintaining and/or repairing one  
or more cables, conduits and/or pole lines in, under, across and/or along  
roads, streets and highways in the County of Fort Bend, and the State of  
Texas, under the jurisdiction of the Commissioners Court of Fort Bend County,  
Texas, pursuant to the Commissioners Court order adopted on the 1st day of  
December, A.D., 1980, recorded in Volume 13, of the Commissioners Court  
Minutes of Fort Bend County, Texas, regulating same, which Commissioners Court  
order is hereby referred to and made a part hereof for all purposes as though  
fully set out herein;

AND WHEREAS, the principal desires to provide Fort Bend County with a  
performance bond covering all such cable, conduit and/or pole line activity.

NOW THEREFORE, if the above bounden principal shall faithfully perform  
all its cable, conduit and/or pole line activity (including, but not limited  
to, the laying construction, maintenance and/or repair of cables, conduits  
and/or pole lines) in, under, across and/or along roads, streets and highways  
in the County of Fort Bend and State of Texas, under the jurisdiction of the  
Commissioners Court of Fort Bend County, Texas, pursuant to and in accordance  
with the minimum requirements and conditions of the above mentioned  
Commissioners Court order set forth and specified to be by said principal done  
and performed, at the time and in the manner therein specified, and shall pay  
over and make good and reimburse Fort Bend County, all loss and damages which  
Fort Bend County may sustain by reason of any failure or on the part of said  
principal, then this obligation shall be null and void, otherwise to remain in  
full force and effect.

This bond is payable at the County Courthouse in the County of Fort Bend  
and State of Texas.

It is understood that at any time Fort Bend deems Deems itself insecure  
under this bond, it may require further and/or additional bonds of the  
principal.

The term of this bond is for a period of two (2) years commencing on the date  
hereof, and may be continued from year to year by continuation certificate ex-  
ecuted by the principal and the surety.

EXECUTED this 6th, day of July, 19 89.

The Honorable County Judge  
and Commissioners Court

RE: Fire Department Dispatch Agreements

Dear Sirs:

Some weeks ago you received from Ms. Portia Poindexter, of the District Attorneys Office, copies of modified fire department dispatch agreements. The modifications were necessary to better serve the County and each fire department we provide this service too. One of the addition's to the agreement is an indemnication clause which provides protection for the County.

The agreements have been signed by all other parties, and await final approval from you. Please consider action on this item at the October 2nd Commissioners Court session.

Sincerely,  
  
Daniel Kosler

COUNTY OF FORT BEND §

FIRE DEPARTMENT DISPATCH AGREEMENT

This Agreement is entered into between the County of Fort Bend, hereinafter referred to as "County" and the Pecan Grove Volunteer Fire Department, hereinafter referred to as "Fire Department."

WHEREAS, the County desires to provide dispatchers through Fort Bend County Emergency Medical Service Department, and;

WHEREAS, the Fire Department desires the services of the dispatchers provided through the Fort Bend County Emergency Medical Service, and;

NOW THEREFORE, it is mutually agreed by the parties hereto as follows:

SECTION I.  
DEFINITIONS

1.01 For the purpose of this agreement, the following means:

a. Service: Fort Bend County Emergency Medical Service

SECTION II.  
TERMS

2.01 The term of the Agreement is for \_\_\_\_\_ year commencing on the \_\_\_\_\_ day of \_\_\_\_\_, 1989.

2.02 This Agreement is automatically renewed on the \_\_\_\_\_ day of \_\_\_\_\_ each year thereafter unless either the County or the Fire Department gives thirty (30) days written notice prior to the automatic renewal date of the intention not to renew the agreement.

SECTION III.  
DUTIES & RESPONSIBILITIES OF THE COUNTY

3.01 The County will provide dispatchers by and through the Service.

3.02 The County, by and through the Service, will transmit/handle only necessary communications essential to the operations of the Fire Department.

SECTION IV.  
DUTIES & RESPONSIBILITIES OF THE FIRE DEPARTMENT

4.01 The Fire Department will provide the phone lines, pagers, and other required dispatching radio equipment under this agreement.

SECTION V.  
INDEMNIFICATION

5.01 The Fire Department agrees for itself, its heirs, assigns, and legal representatives to release and hold harmless the County and any and all of its officials, staff, employees and servants wheresoever, arising out of or related to any loss, damage or injury, or death sustained under the performance of this agreement.

SECTION VI.  
NO CO-PARTNERSHIP

6.01 a. It is agreed that nothing herein contained is intended or should be construed as in any manner creating or establishing a relationship of co-partners between the parties, or as constituting Fire Department (including its officers, employees, and agents) the agent, representative, or employee of the County for any purpose, or in any manner, whatsoever.

b. The Fire Department is to be and shall remain an independent contractor with respect to all services performed under this agreement.

SECTION VII.  
SEVERABILITY

7.01 The provisions of this agreement are severable. If any paragraph, section, subdivision, sentence, clause, or phrase of this agreement is for any reason held to be contrary to law, or contrary to any rule or regulation having the remaining portions of the agreement. However, upon the occurrence of such event, either party may terminate this agreement forthwith upon the delivery of written notice of termination of the other party.

SECTION VIII.  
ENTIRE AGREEMENT: REQUIREMENT OF A WRITING

8.01 It is understood and agreed that the entire agreement of the parties is contained herein and that this agreement supersedes all oral agreements and negotiations between the parties relating to the subject matter hereof as well as any previous agreements presently in effect between the parties relating to the subject matter hereof. Any alterations, amendments, deletions, or waivers of the provisions of this agreement shall be valid only when expressed in writing and duly signed by the parties.

SECTION IX.  
SERVICES NOT PROVIDED FOR

9.01 The Fire Department shall not perform any work or furnish any materials other than in the normal course of performing reasonable and necessary repairs for proper maintenance of the property unless same is approved in writing by the County and the Fire Department. Such approval shall be considered to be a modification of the agreement.

SECTION X.  
COMPLIANCE WITH LAWS AND REGULATIONS

10.01 a. It is understood that the terms and conditions of this agreement are governed by the laws of the State of Texas.

b. In providing all services pursuant to this contract, the Department shall abide by all statutes, ordinances, rules, and regulations pertaining to, or regulating the provision of such services, including those now in effect and hereafter adopted. Any violation of said statutes, ordinances, rules, or regulations shall constitute a material breach of this contract, and shall entitle the County to terminate this contract immediately upon delivery of written notice of termination to the Association.

XI.  
NOTICE AND TERMINATION

11.01 This Agreement may be terminated by either party at any time, with or without cause, upon not less than 30 days written notice delivered by mail or in person to the other party.

Dear Gentlemen:

Attached is a letter from Mr. McAfee outlining the change order requested. The work needs to be done to accomplish the desired changes originally planned and appears to be within reasonable costs.

Thank you for your consideration and if you have any questions, please contact me.

Sincerely,

Ron D. Drachenberg, P.E., R.P.S.

Dear Gentlemen:

Enclosed please find three change orders necessary for continued renovations. One window needs to be removed between two offices to insure confidentiality. This window was not outlined in the original specifications. When construction began on the relocation of two doors, it was determined that a brick wall was behind the paneling at the two new locations. This could not have been foreseen in our original specifications. These walls need to be removed to allow for proper entry to office space.

Your consideration for approval of these changes would be greatly appreciated.

PERFORMANCE BOND COVERING ALL CABLE, CONDUIT AND/OR POLE LINE  
ACTIVITY IN, UNDER, ACROSS OR ALONG FORT BEND COUNTY ROADS  
AUTHORIZED

39 2166

AS PER ORIGINAL

THE STATE OF TEXAS

COUNTY OF FORT BEND

KNOW ALL MEN BY THESE PRESENTS, that we Abbey Enterprises, Inc.  
as principal and Amwest Surety Insurance  
Company as surety, are held and firmly bond unto FORT BEND  
COUNTY a body corporate and politic under the laws of the State of Texas, in  
the penal sum of TWO THOUSAND AND NO/100  
DOLLARS ( 2,000.00 ) law full currency of the United States of America,  
for the payment of which, well and truly to be made, we do hereby bind  
ourselves, our heirs executors, administrators and successors, jointly and  
severally and firmly by these presents:

THE CONDITION OF THIS BOND IS SUCH THAT, WHEREAS, the above bounden  
principal contemplates laying, constructing, maintaining and/or repairing one  
or more cables, conduits and/or pole lines in, under, across and/or along  
roads, streets and highways in the County of Fort Bend, and the State of  
Texas, under the jurisdiction of the Commissioners Court of Fort Bend County,  
Texas, pursuant to the Commissioners Court order adopted on the 1st, day of  
December, A.D., 1990, recorded in Volume 13, of the Commissioners Court  
Minutes of Fort Bend County, Texas, regulating same, which Commissioners Court  
order is hereby referred to and made a part hereof for all purposes as though  
fully set out herein;

AND WHEREAS, the principal desires to provide Fort Bend County with a  
performance bond covering all such cable, conduit and/or pole line activity.

NOW THEREFORE, if the above bounden principal shall faithfully perform  
all its cable, conduit and/or pole line activity (including, but not limited  
to, the laying construction, maintenance and/or repair of cables, conduits  
and/or pole lines) in, under, across and/or along roads, streets and highways  
in the County of Fort Bend and State of Texas, under the jurisdiction of the  
Commissioners Court of Fort Bend County, Texas, pursuant to and in accordance  
with the minimum requirements and conditions of the above mentioned  
Commissioners Court order set forth and specified to be by said principal done  
and performed, at the time and in the manner therein specified, and shall pay  
over and make good and reimburse Fort Bend County, all loss and damages which  
Fort Bend County may sustain by reason of any failure or on the part of said  
principal, then this obligation shall be null and void, otherwise to remain in  
full force and effect.

This bond is payable at the County Courthouse in the County of Fort Bend  
and State of Texas.

It is understood that at any time Fort Bend deems Deems itself insecure  
under this bond, it may require further and/or additional bonds of the  
principal.

EXECUTED this 15th day of September, 19 89

IN THE MATTER OF THE ABANDONMENT §  
OF THAT CERTAIN PUBLIC ROADWAY §  
AND RIGHT-OF-WAY §

IN THE COMMISSIONERS' 39 2177  
COURT OF FORT BEND  
COUNTY, TEXAS

ORDER

ON THIS the 2ND day of OCTOBER, 1989, came on to be heard by the Commissioners' Court of Fort Bend County, Texas, the application of Sugarland Properties Incorporated for an Order of this Court to abandon a portion of that public roadway and right-of-way known as Beltz Road, which roadway and right-of-way is described by metes and bounds in Exhibit A attached hereto and incorporated herein for all purposes.

The Court having reviewed the application and evidence submitted in support thereof and the matter having been fully heard and considered by the Court, the Court finds:

1. Pursuant to that certain Agreement by and between the County of Fort Bend and Sugarland Properties Incorporated and executed by the County on \_\_\_\_\_, Sugarland Properties Incorporated in exchange for this abandonment of Beltz Road will concurrently dedicate for public roadway purposes certain land to be part of Lexington Boulevard;
2. The terms and conditions of the exchange are subject to the terms and conditions of Article 5421 C-12, Vernon's Texas Civil Statutes, as amended, and have been satisfied.
3. That no other persons, firms, or corporations would be adversely affected by the abandonment of said public roadway and right-of-way;
4. That Sugarland Properties Incorporated is the owner of all property encumbered by, appurtenant to, abutting and adjoining the public roadway and right-of-way herein described and hence Sugarland Properties Incorporated is owner of fee title to such property, and that no one has appeared and objected to the grant of this application or to the abandonment of said public roadway and right-of-way; and
5. Because the Court is of the opinion that the public roadway and right-of-way as described in Exhibit A and A-1 is unnecessary and shall not be used in the future, and that this application should be granted, it is accordingly;

ORDERED, ADJUDGED and DECREED by the Court upon motion of Commissioner LUTTS, seconded by Commissioner PRESSLEY, duly put and unanimously carried, that the public roadway and right-of-way described in Exhibit A and A-1 is hereby abandoned.

SUGARLAND PROPERTIES INCORPORATED, a Texas corporation having an address of 1250 Shoreline Drive, Suite 360, Sugar Land, Texas 77478 (hereinafter called "Grantor"), for and in consideration of the benefits to be derived therefrom, has given, granted and conveyed and does hereby give, grant, and convey unto FORT BEND COUNTY, TEXAS, a political subdivision of the State of Texas (hereinafter called "Grantee"), having a mailing address of P. O. Box 368, Richmond, Texas 77469, subject to the reservations, restrictions, conditions and provisions herein set forth, those certain parcels or tracts of land (the "Property") containing 3.031 acres and 5.551 acres, respectively, situated in the S.M. Williams League, Abstract 97, Fort Bend County, Texas, and being more particularly described by metes and bounds in Exhibit A and Exhibit A-1, respectively, attached hereto, made a part hereof and incorporated herein for all purposes.

This conveyance is made by Grantor and accepted by Grantee subject to the following:

- (1) To all valid, subsisting and presently recorded easements, rights-of-way, restrictions, reservations, covenants, conditions, oil and gas leases, mineral severances and other matters that affect the Property, except liens, mortgages, taxes and assessments.
- (2) The restriction that the Property shall be used only for public road and right-of-way purposes.
- (3) The possibility of reverter that if the Property is for any reason abandoned as public road right-of-way and not used for road purposes, then in such event, the Property shall automatically revert to and become the property of Grantor herein, its successors and/or assigns, without the necessity for re-entry or any further action on its part.

TO HAVE AND TO HOLD the Property, together with all and singular the rights and appurtenances thereto in anywise belonging unto Grantee and its successors, forever, subject to the reservations, restrictions, conditions, and provisions hereinabove set out, and subject thereto, Grantor hereby binds itself and its legal representatives and successors to warrant and forever defend all and singular the said Property unto Grantee, its successors and assigns, against every person whomsoever lawfully claiming or to claim the same or any part thereof, by, through, or under Grantor, but not otherwise.

Grantee joins in the execution hereof to evidence its agreement to the covenants, reservations, conditions, restrictions and provisions, hereinabove set forth, all of which shall be binding upon Grantee and its successors and assigns.

Subject: Cheryl Bakhtiari's Training Request

I spoke with Cheryl today and discussed your note to me concerning her request for reimbursement for attending the Texas A&M Rescue School.

What I'd like to do is schedule an extrication day class. This could be planned for September 9th, in the morning. This is a Saturday. I will utilize Cheryl and myself as the instructors. I can arrange with some of our contacts to get two or three wrecked cars and a Fire Deptment to utilize the rescue tools. Afterwards maybe have a barbecue lunch.

I have attended this rescue course, Al Burciaga went a couple of years ago. I can say it is very informative for the "Street Medic" along with the firefighter. It stresses safety as number one, and teaches you some of your limitations, and when you need to call for more help. I recommend this course to any paramedic.

6/05/89

AS PER ORIGINAL

TO Daniel Koster,

I would be very happy to instruct other employees on Rescue Techniques. Perhaps an "Extrication Day" could be set up with the help of training and some cooperation from the appropriate Fire Departments.

Sincerely,  
Cheryl K. Balch

Re: Fort Bend County Levee Improvement District No. 12  
Appointment of New Director

Dear Commissioner Pressley:

As we have discussed by telephone, on behalf of my client, Fort Bend County Levee Improvement District No. 12 (the "District"), I am enclosing a proposed Order Appointing Director for the District (the "Order") for consideration at the October 9, 1989, meeting of the Fort Bend County Commissioners Court (the "Commissioners Court").

Under Chapter 57 of the Texas Water Code, the Commissioners Court appoints the Directors of the District. By prior order the Commissioners Court appointed Frank Dzierzanowski as a Director of the District. Director Dzierzanowski has since notified the District that he intends to resign as a Director at the District's October 10, 1989 meeting of its Board of Directors.

The District requests that the Commissioners Court fill the vacancy created by Director Dzierzanowski's resignation by appointing Mr. Alec Williams. Mr. Williams is qualified to assume Mr. Dzierzanowski's position and his appointment has been agreed to by the current Directors of the District, Mr. Jerry D. Johnson and Mr. Lewis G Odair, and other interested parties. Mr. Williams is a systems analyst for Memorial City Medical Center, is a resident of the District and resides at 23102 North Water Lilly in the City of Richmond. Mr. Williams would be happy to meet or talk with you prior to the October 9, 1989 Commissioners Court meeting or to attend the meeting, if appropriate.

I have already arranged with Norma Landry to place approval of the enclosed Order on the agenda for the October 9, 1989, meeting of the Commissioners Court. Please review the enclosed Order and, if it meets with your approval, please adopt it at your October 9, 1989 meeting. If you would like to make changes to the Order, please notify me at your earliest convenience. The form of the Order is the same as was used by the Commissioners Court to appoint Director Lewis G. Odair earlier this year. By copy of this letter, I also am forwarding a copy of the Order to Larry Wagenbach for his review. After approval of the Order by the Commissioners Court, please return an executed certified copy of the Order to me for the District's files.

If you have any questions regarding this matter, please call me at 225-7338. Thank you for your consideration.

Very truly yours,

RESOLUTION APPROVING THE FORT BEND FLOOD CONTROL WATER SUPPLY CORPORATION'S APPLICATION FOR FINANCIAL ASSISTANCE FROM THE TEXAS WATER DEVELOPMENT BOARD; AUTHORIZING SUCH CORPORATION TO TAKE ALL NECESSARY ACTION TO OBTAIN SUCH FINANCIAL ASSISTANCE AND CONTAINING OTHER PROVISIONS RELATING THERETO

The resolution was duly introduced for the consideration of the Commissioners Court and reviewed in full. It was then duly moved and seconded that the resolution be adopted; and, after due discussion, the motion, carrying with it the adoption of the resolution, prevailed and carried by the following vote:

AYES: 4  
NOES: 0

The County Judge thereupon announced that the motion had duly and lawfully carried and that the resolution had been duly and lawfully adopted. The resolution thus adopted follows:

RESOLUTION APPROVING THE FORT BEND FLOOD CONTROL WATER SUPPLY CORPORATION'S APPLICATION FOR FINANCIAL ASSISTANCE FROM THE TEXAS WATER DEVELOPMENT BOARD; AUTHORIZING SUCH CORPORATION TO TAKE ALL NECESSARY ACTION TO OBTAIN SUCH FINANCIAL ASSISTANCE AND CONTAINING OTHER PROVISIONS RELATING THERETO

WHEREAS, the Commissioners Court of Fort Bend County (the "Commissioners Court") has the authority and responsibility to provide flood control and drainage improvements for Fort Bend County, Texas; and

WHEREAS, Article 1434a, Vernon's Texas Civil Statutes, authorizes the creation of a nonprofit water supply corporation to provide for, among other things, flood control and drainage services; and

WHEREAS, Fort Bend Flood Control Water Supply Corporation (the "Corporation") has been duly created in accordance with Article 1434a and its Board of directors has met and organized; and

WHEREAS, a nonprofit corporation whose purposes and activities comply with Revenue Ruling 63-20 is eligible to issue tax-exempt bonds "on behalf" of a political subdivision; and

WHEREAS, the Corporation was created in accordance with Revenue Ruling 63-20 and on February 23, 1987, the Commissioners Court approved the creation of the Corporation to act "on behalf" of Fort Bend County; and

WHEREAS, the Corporation is therefore eligible to issue tax-exempt revenue bonds to finance flood control and drainage improvements; and

WHEREAS, Article III, Section 49-d-2 of the Texas Constitution and the Texas Water Code authorize the Texas Water Development Board (the "Water Development Board") to provide loans of flood control funds to political subdivisions, including Article 1434a corporations, for the development of flood plain management plans and for structural and nonstructural flood control projects; and

WHEREAS, there is a substantial need for flood control improvements to Big Creek, which is located in Fort Bend County, Texas; and

WHEREAS, on September 27, 1989 the Board of Directors of the Corporation adopted a resolution authorizing application for financial assistance from the Texas Water Development Board (the "Water Development Board") in the amount of \$10,765,000 to finance regional flood control improvements to Big Creek, and such resolution authorized the president and officers of the Corporation and the Corporation's consulting engineers, financial advisors, attorneys and marketing analysts to submit the attached application to the Water Development Board for financial assistance and to do any and all things necessary and/or desirable in connection with such resolution; and

WHEREAS the rules of the Water Development Board require the Corporation to comply with certain requirements prior to selling its Bonds to the Water Development Board, including obtaining approval from the Water Development Board of certain legal documentation and engineering plans and specifications for the flood control improvements; and

WHEREAS, in accordance with the Corporation's articles of incorporation any financings, indebtedness or obligations of the Corporation must be approved by the Commissioners Court; and

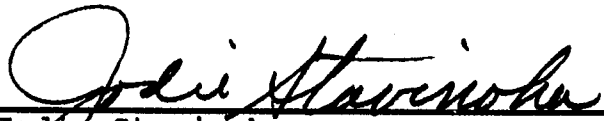

WHEREAS, the Commissioners Court now desires to authorize and proceed with any and all necessary action to authorize the Corporation to sell its Bonds to the Water Development Board; Now, Therefore

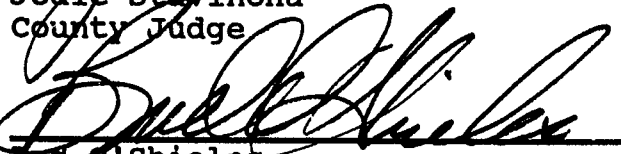

BE IT RESOLVED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, THAT:

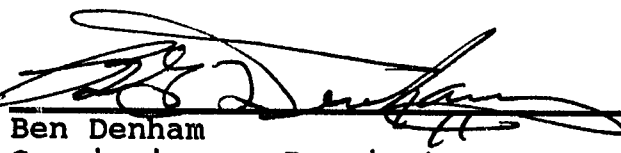

Section 1: The Commissioners Court hereby authorizes the Corporation to apply to the Water Development Board for financial assistance in the amount of \$10,765,000 to be evidenced by the sale of its Bonds to the Water Development Board.

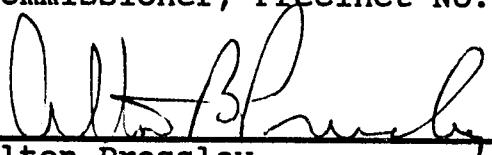

Section 2: The Commissioners Court hereby approves the application for financial assistance to the Water Development Board attached hereto and authorizes the Corporation's Board of Directors and the Corporation's consultants to do any and all things necessary and proper in connection with such application to the Water Development Board.

**FORT BEND FLOOD CONTROL WATER SUPPLY CORPORATION**  
**APPLICATION TO TEXAS WATER DEVELOPMENT BOARD**  
**FOR \$10,765,000 FINANCIAL ASSISTANCE**  
**FOR BIG CREEK FLOOD CONTROL IMPROVEMENTS**

**PROJECT DESCRIPTION:** The Big Creek watershed contains approximately 145,000 acres of land located in central Fort Bend County, west of the Brazos River. The existing Big Creek channel is inadequate to convey the 100-year flood flows within channel banks, thus a portion of the land within the watershed is located within the 100-year flood plain. The first phase flood control project includes channel improvements, pipeline relocations and bridge improvements required to provide localized drainage relief to existing properties and provide drainage capacity within the Big Creek channel for the future development of approximately 3400 acres. The channel improvements (as shown on Exhibit A) include a 6-mile by-pass channel from the confluence of Dry Creek and Big Creek to the Brazos River and approximately 25 miles of upstream improvements along Big Creek from Rabbs Bayou to Coon Creek.

**ONGOING ACTIVITIES:** The Fort Bend County Drainage District has begun the initial construction of the Big Creek by-pass channel. To date, a trapezoidal earthen channel consisting of a 55-foot bottom width with 3:1 side slopes has been constructed from the high bank of the Brazos River upstream for approximately 3500 feet. Competitive bids have been received to expand this channel section to the ultimate 110 foot bottom width and continue construction of the ultimate channel section to Station 74+00. A construction contract was awarded and channel excavation is in progress.

In addition to the channel construction activity, the Fort Bend County Drainage District has authorized the preliminary design of three drainage structures to be constructed along the alignment of the Big Creek by-pass channel. At the outfall of the by-pass channel a drop structure/energy dissipation structure is proposed to prevent erosion along the high bank of the Brazos River. The second structure will be a siphon facility designed to convey nominal runoff from Waters Lake Bayou under the by-pass channel into the Brazos Bend State Park. During extreme flood events, runoff exceeding the capacity of the siphon facility will be directed into the by-pass channel. The third structure will be the erosion protection improvements at the confluence of Big Creek, Dry Creek and Big Creek by-pass channel.

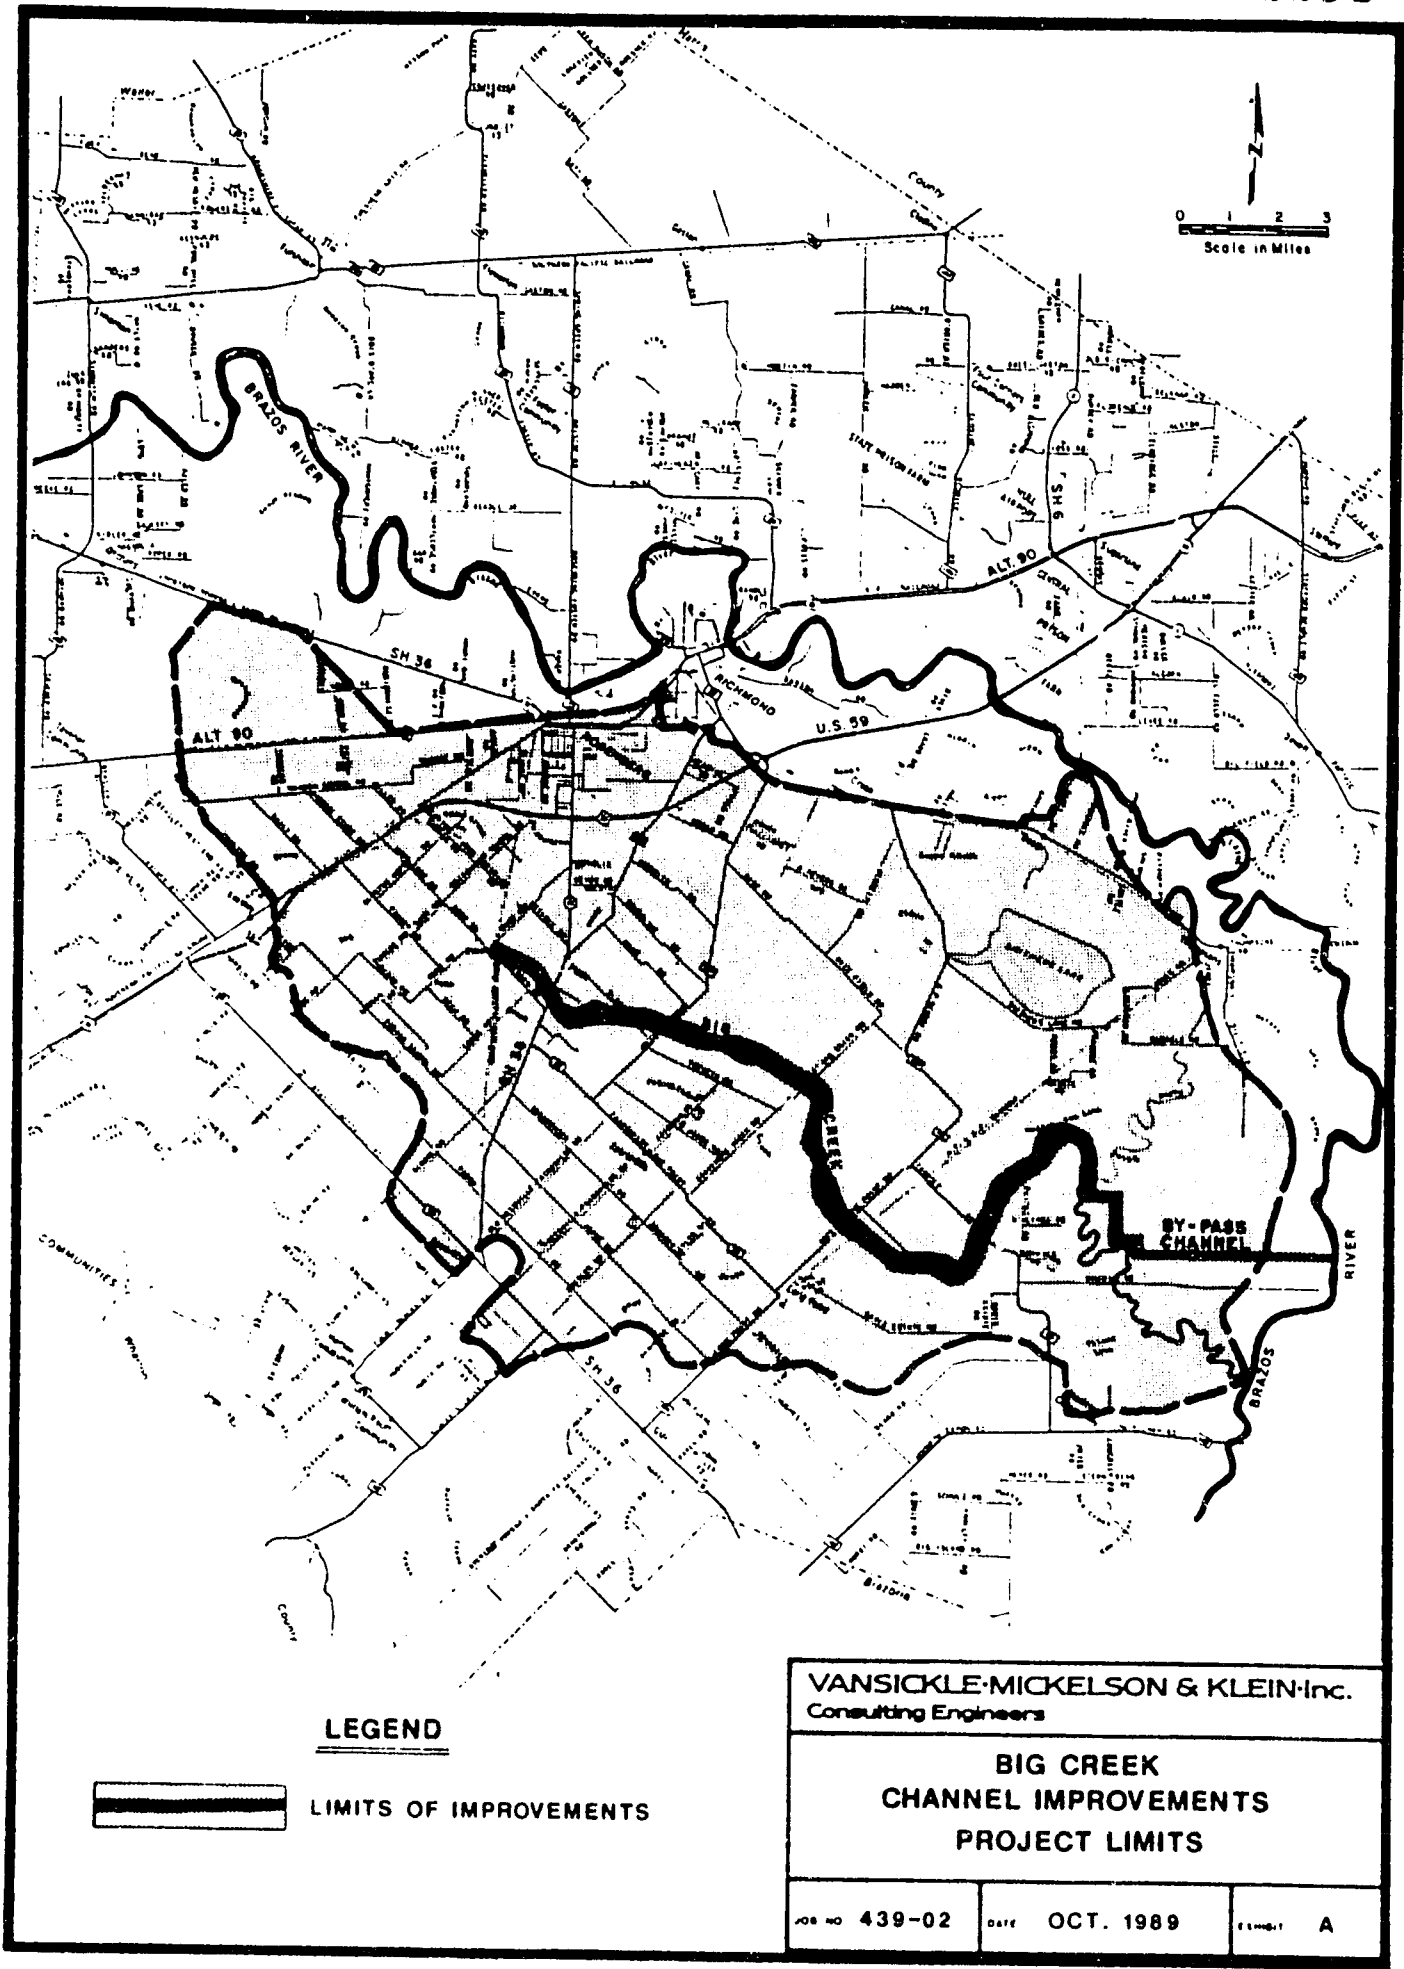

**PROJECT COSTS:** The latest estimate of project costs is as follows:

| <u>Item</u>                               | <u>Cost</u>            |
|-------------------------------------------|------------------------|
| Construction & Contingencies              | \$ 9,228,600.00        |
| Engineering & Surveying                   | 800,000.00             |
| Channel Right-of-Way                      | 250,000.00             |
| Highway Bridges                           | 1,000,000.00           |
| Contingencies                             | 573,900.00             |
| Pipeline Adjustments                      | <u>1,000,000.00</u>    |

| <br>                                      |                        |
| Issuance Expenses                         | 161,475.00             |
| Administration, Operations & Market Study | 100,000.00             |
| Capitalized Interest                      | 1,456,895.45           |
| Contingencies                             | <u>23.13</u>           |
| <b>GRAND TOTAL</b>                        | <b>\$14,570,893.58</b> |

**PROJECT FUNDING:** The project is proposed to be funded as follows:

|                                                      |                        |
|------------------------------------------------------|------------------------|
| Fort Bend County Drainage District                   | \$ 2,000,000.00        |
| Highway Bridges                                      | 1,000,000.00           |
| Financial Assistance from Water<br>Development Board | 10,765,000.00          |
| Construction Fund Earnings                           | <u>805,893.58</u>      |
| <b>TOTAL</b>                                         | <b>\$14,570,893.58</b> |

**IMPACT ON COUNTY TAXES:** Approximately 74% (\$9,510,850) of the total construction cost of \$12,852,500 is associated with improving the channel for existing drainage conditions. The remaining 26% (\$3,341,650) is required to increase the capacity of Big Creek to facilitate development of 3400 acres within the watershed. The anticipated initial impact fee will be \$983 per acre. In the event that no development occurs within the watershed during the life of the bonds and no impact fees are collected, amortization of the bonds will be the sole responsibility of the County. Therefore, the required County tax would be approximately \$0.015 per \$100 valuation.

Dear Commissioner Lutts:

Attached herewith is a "Grant of Road Easement" executed by the Lamar Consolidated Independent School District to Fort Bend County.

The metes and bounds were drafted by Cotton Surveying Company. The final document was prepared by our school attorney (Mr. Harold R. DeMoss, Jr., Bracewell & Patterson) in conjunction with Fort Bend County Attorney (Mr. Larry Wagenbach) and approved by the Lamar CISD Board of Trustees on September 28, 1989.

Your assistance would be appreciated in submitting this to the Fort Bend County Commissioners Court as follows:

Consider Accepting Additional 20' Right-of-Way Dedication on Pitts Road out of Pecan Grove Plantation, Sec. 2, Lot 1, Block 1

Thank you for your help.

KNOW ALL MEN BY THESE PRESENTS, that we UTICON, INC.  
as principal and FIDELITY AND GUARANTY INSURANCE  
UNDERWRITERS, INC. as surety, are held and firmly bond unto FORT BEND  
COUNTY a body corporate and politic under the laws of the State of Texas, in  
the penal sum of FIVE THOUSAND AND NO/100  
DOLLARS ( \$5,000.00 ) law full currency of the United States of America,  
for the payment of which, well and truly to be made, we do hereby bind  
ourselves, our heirs executors, administrators and successors, jointly and  
severally and firmly by these presents:

THE CONDITION OF THIS BOND IS SUCH THAT, WHEREAS, the above bounden  
principal contemplates laying, constructing, maintaining and/or repairing one  
or more cables, conduits and/or pole lines in, under, across and/or along  
roads, streets and highways in the County of Fort Bend, and the State of  
Texas, under the jurisdiction of the Commissioners Court of Fort Bend County,  
Texas, pursuant to the Commissioners Court order adopted on the 1st day of  
December, A.D., 1980, recorded in Volume 13, of the Commissioners Court  
Minutes of Fort Bend County, Texas, regulating same, which Commissioners Court  
order is hereby referred to and made a part hereof for all purposes as though  
fully set out herein;

AND WHEREAS, the principal desires to provide Fort Bend County with a  
performance bond covering all such cable, conduit and/or pole line activity.

NOW THEREFORE, if the above bounden principal shall faithfully perform  
all its cable, conduit and/or pole line activity (including, but not limited  
to, the laying construction, maintenance and/or repair of cables, conduits  
and/or pole lines) in, under, across and/or along roads, streets and highways  
in the County of Fort Bend and State of Texas, under the jurisdiction of the  
Commissioners Court of Fort Bend County, Texas, pursuant to and in accordance  
with the minimum requirements and conditions of the above mentioned  
Commissioners Court order set forth and specified to be by said principal done  
and performed, at the time and in the manner therein specified, and shall pay  
over and make good and reimburse Fort Bend County, all loss and damages which  
Fort Bend County may sustain by reason of any failure or on the part of said  
principal, then this obligation shall be null and void, otherwise to remain in  
full force and effect.

This bond is payable at the County Courthouse in the County of Fort Bend  
and State of Texas.

It is understood that at any time Fort Bend deems Deems itself insecure  
under this bond, it may require further and/or additional bonds of the  
principal.

The term of this bond is for a period of two (2) years commencing on the date  
hereof, and may be continued from year to year by continuation certificate ex-  
ecuted by the principal and the surety.

THE STATE OF TEXAS

COUNTY OF FORT BEND

KNOW ALL MEN BY THESE PRESENTS, that we ~~MILLIS DEVELOPMENT AND~~  
~~CONSTRUCTION CO., INC.~~ as principal and ~~UNIVERSAL SURETY OF~~  
~~AMERICA~~ as surety, are held and firmly bond unto FORT BEND  
COUNTY a body corporate and politic under the laws of the State of Texas, in  
the penal sum of ~~TWO THOUSAND~~  
DOLLARS ( ~~2,000.00~~ ) law full currency of the United States of America,  
for the payment of which, well and truly to be made, we do hereby bind  
ourselves, our heirs executors, administrators and successors, jointly and  
severally and firmly by these presents:

THE CONDITION OF THIS BOND IS SUCH THAT, WHEREAS, the above bounden  
principal contemplates laying, constructing, maintaining and/or repairing one  
or more cables, conduits and/or pole lines in, under, across and/or along  
roads, streets and highways in the County of Fort Bend, and the State of  
Texas, under the jurisdiction of the Commissioners Court of Fort Bend County,  
Texas, pursuant to the Commissioners Court order adopted on the 1st day of  
December, A.D., 1980, recorded in Volume 13, of the Commissioners Court  
Minutes of Fort Bend County, Texas, regulating same, which Commissioners Court  
order is hereby referred to and made a part hereof for all purposes as though  
fully set out herein;

AND WHEREAS, the principal desires to provide Fort Bend County with a  
performance bond covering all such cable, conduit and/or pole line activity.

NOW THEREFORE, if the above bounden principal shall faithfully perform  
all its cable, conduit and/or pole line activity (including, but not limited  
to, the laying construction, maintenance and/or repair of cables, conduits  
and/or pole lines) in, under, across and/or along roads, streets and highways  
in the County of Fort Bend and State of Texas, under the jurisdiction of the  
Commissioners Court of Fort Bend County, Texas, pursuant to and in accordance  
with the minimum requirements and conditions of the above mentioned  
Commissioners Court order set forth and specified to be by said principal done  
and performed, at the time and in the manner therein specified, and shall pay  
over and make good and reimburse Fort Bend County, all loss and damages which  
Fort Bend County may sustain by reason of any failure or on the part of said  
principal, then this obligation shall be null and void, otherwise to remain in  
full force and effect.

This bond is payable at the County Courthouse in the County of Fort Bend  
and State of Texas.

It is understood that at any time Fort Bend deems Deems itself insecure  
under this bond, it may require further and/or additional bonds of the  
principal.

Dear Ms. Wilson,

I have researched our files to determine the proposed projects in the area of your proposed 138 KV transmission line. I have indicated the proposed or existing projects on a copy of the map you provided.

In the area north of F.M. 1093 the Drainage District will need approximately 350 feet of right-of-way on Willow Fork. Also, the area in red indicates the proposed Fort Bend-Barker County park limits. There is also a proposed 470 foot diversion channel south of the Willow Fork channel.

South of F.M. 1093 the transmission line will cross Long Point Creek. Long Point Creek is currently within 110 foot right-of-way but will be relocated to the south within a 160 foot right-of-way. In all cases where the drainage easements cross the transmission line corridor the developers' engineers indicate they are working with Houston Lighting and Power.

Fort Bend County Precinct #3 has constructed a maintenance facility on the east side of the Houston Lighting and Power transmission line on Canal Road.

Please call if you need additional information.

Sincerely,

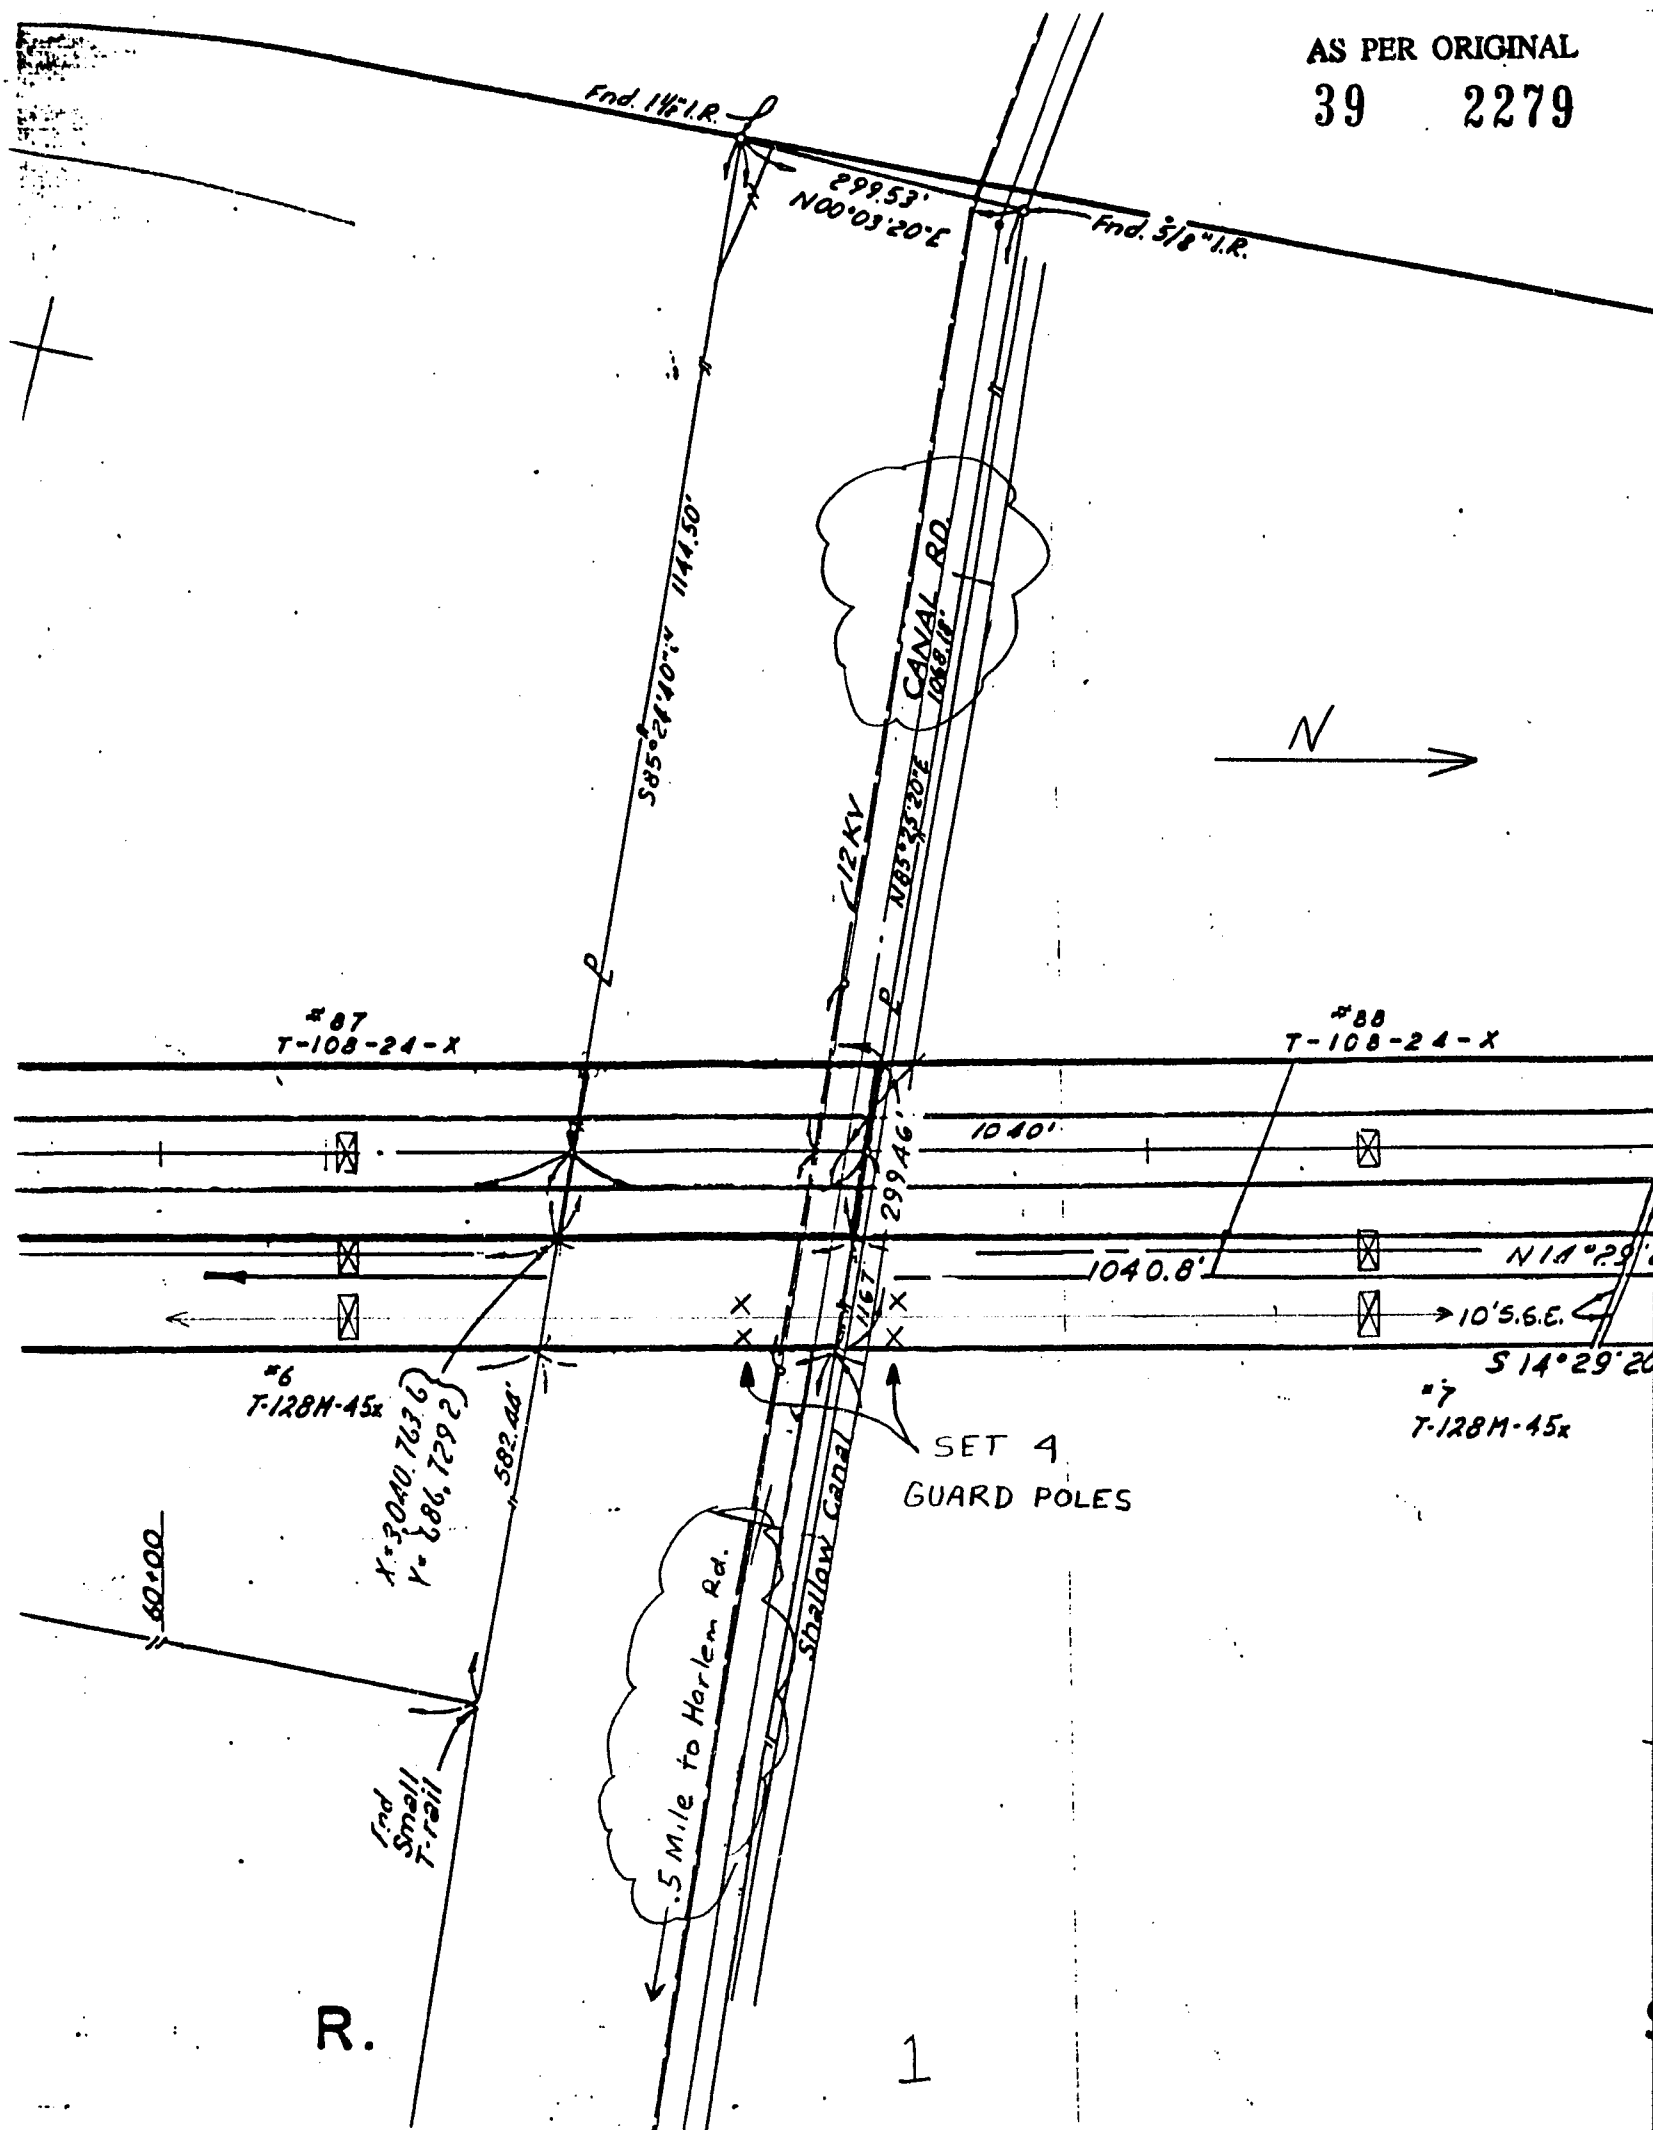

Dan Gerken, P.E.

Notice of Charter of New Association and Conservatorship

Dear Sir or Madam:

As you are aware, the Federal Home Loan Bank Board, by Resolution No. 89-153, dated February 10, 1989, appointed the Federal Savings and Loan Insurance Corporation as Conservator for Sandia Federal Savings and Loan Association, a Federally-chartered stock savings and loan association (the "Old Association").

On September 13, 1989, by Order No. 89-160, the Director of the Office of Thrift Supervision ("Director") appointed the Resolution Trust Corporation ("RTC") as Receiver for the Old Association. Thereafter, the Receiver took possession of the Old Association, and succeeded to all rights, titles, powers and privileges of the Old Association. By Order No. 89-161, dated September 13, 1989, the Director authorized and directed the issuance of a charter for a new federal savings association, Sandia Federal Savings Association ("New Federal Association"). By order No. 89-162, dated September 13, 1989, the Director appointed the RTC as Conservator for the New Federal Association. On September 14, 1989, the Receiver transferred substantially all of the Old Association's assets and certain liabilities to the New Federal Association which will continue the business of the Old Association.

The Old Association's records indicate that you may have been a creditor of the Old Association as of September 14, 1989.

All persons having claims, except claims for deposits, against Sandia Federal Savings and Loan Association pursuant to Title II, Section 212 of the Financial Institutions Reform, Recovery and Enforcement Act of 1989, must present said claims and legal proof thereof to:

Grand Mission, Section 2 - Letter of Credit #1989-03 (\$ 55,125.00)

Dear Sir:

Letters of Credit #1989-02 and 1989-03, issued by Sandia Federal Savings and Loan Association for the account of The Grand Mission Corporation is due to expire on October 25, 1989.

Please let me know by October 4, 1989, what provisions are being made to renew these Letters of Credit covering the construction and maintenance of roads in Grand Mission Sections 1 & 2.

Current requirements state that Letters of Credit list County Judge Jodie E. Stavinoha or his successors as beneficiary and contain an automatic renewal provision.

You will find attached a copy of expiring Letter of Credit #1989-02 and #1989-03 and also Fort Bend County's "Letter of Credit form", that we prefer you to use.

If you require additional information, please call.

Sincerely,

Ronald D. Drachenberg, P.E., R.P.S.

Re: Irrevocable Commercial Letter of Credit No. 1989-02  
Amount: \$98,930.00

Gentlemen:

We hereby establish our Irrevocable Letter of Credit in your favor for the account of The Grand Mission Corporation to the extent of and not exceeding Ninety-Eight Thousand Nine Hundred Thirty Dollars and NO/100 (\$98,930.00).

This Letter of Credit has been established to guarantee the contractual agreement between The Grand Mission Corporation and Fort Bend County, Texas, to provide a maintenance bond for roads in Grand Mission Section One; VMK Job. No. 179-21.

This Letter of Credit is available at sight at Sandia Federal Savings and Loan Association, 500 Marquette, NW, Albuquerque, New Mexico. All drafts must be drawn and negotiated no later than 5:00 p.m. on October 25, 1989. Each draft must be marked "drawn under Letter of Credit Number 1989-02, Sandia Federal Savings and Loan Association, Albuquerque, New Mexico, dated April 25, 1989," and the amount of each draft so drawn so endorsed by the negotiating bank on the reverse side thereof. The presentment of any such draft shall be a warranty by the negotiating bank that such an endorsement has been made.

The original of this Letter of Credit must also accompany all drawings. All drafts drawn under this Letter of Credit shall be accompanied by a sworn statement signed by Fort Bend County Judge Jodie E. Stavinocha or his successors in office certifying that Grand Mission Corporation has failed to build and/or maintain roads within Grand Mission Section One; VMK Job No. 179-21.

We hereby agree with the drawers, endorsers, and bona fide holders of drafts under and in compliance with the terms of this credit that the same shall be duly honored on due presentation and delivery to drawee of documents as specified.

- D. The retainage of \$1,250.00 shall be due upon completion of contracted construction of the Sewer Facilities activity.

#### IV. ADDITIONAL SERVICES

- A. If authorized in writing by Client, the Consultant shall furnish Additional Services of the following types which are not considered normal or customary Basic Services; these will be paid for by the Client at an hourly rate of Forty-Five and no/100 Dollars (\$45.00).
1. Services resulting from significant changes in general scope of project necessitating the revision of previously accepted reports, documents, and studies or requiring programmatic amendments to Client's contract with the State.
  2. Reassessment of the environmental clearance letter from the Texas Department of Commerce.
  3. New and/or additional acquisition activities resulting from unknown needs prior to project initiation, site changes, and/or condemnation proceedings.
  4. Preparation of financial statements and records normally generated by the Client to satisfy project regulations.
  5. Additional or extended services made necessary by: 1) a significant amount of defective work of any construction contractor, consulting engineer and/or architect; 2) prime construction contractor utilizing more than three (3) sub-contractors; 3) default of any construction contractor, consulting engineer and/or architect.
  6. Additional monitoring visits (other than the normal interim and final) which are conducted by the state or federal administering agencies as necessitated by actions or non-actions other than those of the Consultant.
  7. Preparing to serve, or serving, as a consultant or witness for Client in any litigation, other legal or administrative proceeding involving this project.
  8. Additional services resulting from new or revised program guidelines or regulations as mandated by the state or federal administering agency during the term of this Agreement.

## V. COMPLIANCE WITH LOCAL LAWS

- A. The Consultant shall comply with all applicable laws, ordinances and codes of the State of Texas and local governments, and the Consultant shall save the Client harmless with respect to any damages arising from any tort done in performing any of the work embraced by this Contract.

## VI. TERMINATION OF CONTRACT FOR CAUSE

- A. If, through any cause, the Consultant shall fail to fulfill in a timely and proper manner his/her obligations under this Contract, or if the Consultant shall violate any of the covenants, agreements, or stipulations of this Contract, the Client shall thereupon have the right to terminate this Contract by giving written notice to the Consultant of such termination and specifying the effective date thereof, at least five (5) days before the effective date of such termination. In such event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs and reports prepared by the Consultant under this Contract shall, at the option of the Client, become its property and the Consultant shall be entitled to receive just and equitable compensation for any work satisfactorily completed hereunder.

Notwithstanding the above, the Consultant shall not be relieved of liability to the Client for damages sustained by the Client by virtue of any breach of the Contract by the Consultant, and the Client may withhold any payments to the Consultant for the purpose of set-off until such time as the exact amount of damages due the Client from the Consultant is determined.

## VII. CHANGES

- A. The Client may, from time to time, request changes in the scope of services of the Consultant to be performed hereunder. Such changes, including any increase or decrease in the amount of the Consultant's compensation, which are mutually agreed upon by and between the Client and the Consultant, shall be incorporated in written amendments to this Contract.

## VIII. ASSIGNABILITY

- A. The Consultant shall not assign any interest on this Contract, and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of the Client thereto: Provided, however, that claims for money by the Consultant from the Client under this Contract may be assigned to a bank, trust company, or other financial institution without such approval. Written notice of any such assignment or transfer shall be furnished promptly to the Client.

## IX. RECORDS AND AUDIT

- A. The Consultant shall maintain accounts and records, including personnel, property and financial records, adequate to identify and account for all costs pertaining to this contract and such other records as may be deemed necessary by the Client to assure proper accounting for all project funds, both Federal and non-Federal shares. These records will be made available for audit purposes to the Client or any authorized representative, and will be retained by Consultant for three years after the expiration of this Contract unless permission to destroy them is granted by the Client.

## X. MISCELLANEOUS PROVISIONS

- A. This Agreement shall be construed under and accord with the laws of the State of Texas, and all obligations of the parties created hereunder are performable in Fort Bend County, Texas.
- B. This Agreement shall be binding upon and ensure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representative, successors and assigns where permitted by this Agreement.
- C. In any case one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof and this Agreement shall not be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

## XI. TERMS AND CONDITIONS

- A. This Agreement is subject to the provisions titled, "Terms and Conditions" and attached hereto and incorporated by reference herein.

IN WITNESSETH HEREOF, the Client and the Consultant have executed this Agreement as of the date indicated above.

CONTRACT FOR CONSULTANT SERVICES  
PART II - TERMS AND CONDITIONS

1. PERSONNEL. The Consultant shall secure at his own expense, all personnel required in performing the services under this Contract. Such personnel shall not be employees of or have any contractual relationship with the Client. All of the services required hereunder will be performed by the Consultant and all personnel engaged in the work shall be fully qualified and shall be authorized or permitted under State and Local law to perform such services.
2. REPORTS AND INFORMATION. The Consultant, at such times and in such forms as the Client may require, shall furnish the Client such periodic reports as it may request pertaining to the work or services undertaken pursuant to this Contract, the costs and obligations incurred or to be incurred in connection therewith, and any other matters covered by this Contract.
3. FINDINGS CONFIDENTIAL. All of the reports, information, data, etc., prepared or assembled by the Consultant under this contract are confidential and the Consultant agrees that they shall not be made available to any individual or organization without the prior written approval of the Client.
4. COPYRIGHT. No report, maps, or other documents produced in whole or in part under this Contract shall be the subject of an application for copyright by or on behalf of the Consultant.
5. INDEMNIFICATION. Consultant shall comply with the requirements of all applicable laws, rules and regulations, and shall exonerate, indemnify, and hold harmless the Client and its agency members from and against them, and shall assume full responsibility for payments of Federal, State and local taxes on contributions imposed or required under the Social Security, worker's compensation and income tax laws.
6. CIVIL RIGHTS ACT OF 1964. Under Title VI of the Civil Rights Act of 1964, no person shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits, or be subjected to discrimination under any program or activity receiving Federal financial assistance.
7. SECTION 109 OF THE HOUSING AND COMMUNITY DEVELOPMENT ACT OF 1974
  - a. No person in the United States shall on the ground of race, color, national origin, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded in whole or in part with funds made available under this Title.

8. EQUAL EMPLOYMENT OPPORTUNITY. During the performance of this Contract, the Consultant agrees as follows:
- A. The Consultant will not discriminate against any employee or applicant for employment because of race, creed, sex, color or national origin. The Consultant will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, sex, color or national origin. Such action shall include, but not be limited to, the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Consultant agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Client setting forth the provisions of this non-discrimination clause.
  - B. The Consultant will, in all solicitation or advertisements for employees placed by or on behalf of the Consultant, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, sex, or national origin.
  - C. The Consultant will cause the foregoing provisions to be inserted in all subcontracts for any work covered by this Contract so that such provisions will be binding upon each subcontractor, provided that the foregoing provisions shall not apply to contracts or subcontracts for standard commercial supplies or raw materials.
  - D. The Consultant will include the provisions (a) through (c) in every subcontract or purchase order unless exempted.
9. "SECTION 3" COMPLIANCE IN THE PROVISION OF TRAINING, EMPLOYMENT AND BUSINESS OPPORTUNITIES.
- A. The work to be performed under this contract is on a project assisted under a program providing direct Federal financial assistance from the Department of Housing and Urban Development and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u. Section 3 requires that to the greatest extent feasible opportunities for training and employment be given lower income residents of the project area and contracts for work in connection with the project be awarded to business concerns which are located in, or owned in substantial part by persons residing in the area of the project.
  - B. The parties to this contract will comply with the provisions of said Section 3 and the regulations issued pursuant thereto by the Secretary of Housing and Urban Development set forth in 24 C.F.R. 135, and all applicable rules and orders of the Department issued thereunder prior to the execution of this Contract. The parties to this Contract certify and agree that they are under no contractual or other disability which would prevent them from complying with these requirements.

- C. The contractor will send to each labor organization or representative of workers with which he/she has a collective bargaining agreement or other contract or understanding, if any, a notice advising the said labor organization or workers' representative of his/her commitments under this Section 3 clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.
- D. The contractor will include this Section 3 clause in every subcontract for work in connection with the project and will, at the direction of the applicant for or recipient of Federal financial assistance, take appropriate action pursuant to the subcontract upon a finding that the subcontractor is in violation of regulations issued by the Secretary of Housing and Urban Development, 24 C.F.R. Part 135. The contractor will not subcontract with any subcontractor where it has notice or knowledge that the latter has been found in violation of regulations under 24 C.F.R. Part 135 and will let any subcontract unless the subcontractor has first provided it with a preliminary statement of ability to comply with the requirements of these regulations.
- E. Compliance with the provisions of Section 3, the regulations set forth in 24 C.F.R. Part 135, and all applicable rules and orders of the Department issued hereunder prior to the execution of the contract, shall be a condition of the federal financial assistance provided to the project, binding upon the applicant or recipient for such assistance, its successors and assigns. Failure to fulfill these requirements shall subject the applicant, its contractors and subcontractors, its successors and assigns to those sanctions specified by the grant or loan agreement or contract through which federal assistance is provided, and to such sanctions as are specified by 24 C.F.R. Part 135.
- 10. INTEREST OF MEMBERS OF CLIENT. No member of the governing body of the Client and no other officer, employee, or agent of the Client who exercises any functions or responsibilities in connection with the planning and carrying out of the program, shall have any personal financial interest, direct or indirect, in this Contract; and the Consultant shall take appropriate steps to assure compliance.
- 11. INTEREST OF OTHER LOCAL PUBLIC OFFICIALS. No member of the governing body of the Client and no other public official of Client, who exercises any functions or responsibilities in connection with the planning and carrying out of the program, shall have any personal financial interest, direct or indirect, in this Contract; and the Consultant shall take appropriate steps to assure compliance.
- 12. INTEREST OF CONSULTANT AND EMPLOYEES. The Consultant covenants that it presently has no interest and shall not acquire interest, direct or indirect, in the study area or any parcels therein or any other interest which would conflict in any manner or degree with the performance of its services hereunder. The Consultant further covenants that in the performance of this Contract, no person having any such interest shall be employed.

13. SECTION 503 HANDICAPPED (IF \$2,500 OR OVER) AFFIRMATIVE ACTION FOR HANDICAPPED WORKERS:

- A. The contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap in regard to any position for which the employee or applicant for employment is qualified. The contractor agrees to take affirmative action to employ, advance in employment and otherwise treat qualified handicapped individuals without discrimination based upon their physical or mental handicap in all employment practices such as the following: Employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
- B. The contractor agrees to comply with rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the Act.
- C. In the event of the contractor's non-compliance with the requirements of this clause, actions for non-compliance may be taken in accordance with the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the Act.
- D. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the Director, provided by or through the contracting officer. Such notices shall state the contractor's obligation under the law to take affirmative action to employ and advance in employment qualified handicapped employees and applicants for employment, and the rights of applicants and employees.
- E. The contractor will notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the contractor is bound by the terms of Section 503 of Rehabilitation Act of 1973, and is committed to take affirmative action to employ and advance in employment physically and mentally handicapped individuals.
- F. The contractor will include the provisions of this clause in every subcontract or purchase order of \$2,500 or more unless exempted by rules, regulations, or orders of the Secretary issued pursuant to Section 503 of the Act, so that such provisions will be binding upon each subcontractor with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs may direct to enforce such provisions, including action for non-compliance.

**WORTHLESS CHECK DIVISION:**

This division processes 5,000 checks per year. The rate of collection to date is 65%. As you know, when checks are turned over by the merchant to our office, every effort to collect has been made by the merchant. Essentially, our office prosecutes the uncollectibles. This division is handled by two employees.

The addition of an investigator is needed to allow the employees to staff the checks and give needed service to the merchant citizenry.

**Sec. 13-20. Fire alarm and detection systems.**

All fire alarm systems installed in the City of Houston shall be done in accordance with the Code of Ordinances of the City of Houston and appropriate sections of the city building code:

- (1) Fire alarm systems shall be installed in such occupancies as required in the current City of Houston Building Code.

Note: All building owners, occupants, and tenants should check with current state and federal regulations regarding special requirements for worker occupational safety. Hospitals and other institutions operating under accrediting boards may be subjected to other requirements.

- (b) All fire alarm systems installed inside the City of Houston shall be approved by the fire marshal in terms of arrangement and function and shall meet the requirements of N.F.P.A. Standards Nos. 71, 72A, 72B, 72C, 72D, and 74 as applicable.
- (c) All maintenance shall be done in accordance with N.F.P.A. Pamphlet No. 72A and such other codes and ordinances adopted by the City of Houston. The fire marshal, upon occasion, may request a test be given of any fire alarm system installed inside the City of Houston in compliance with this code. A permanent record of all maintenances and tests shall be maintained in such a manner as requested by the fire marshal.
- (d) Fire detection systems: All such systems or individual units installed in the City of Houston shall be of the "approved" type (Underwriters' Laboratory or Factory Mutual). Installation and maintenance shall be done in accordance with

**Standard for the  
Installation, Maintenance and Use of  
Local Protective Signaling Systems  
for Guard's Tour, Fire Alarm and Supervisory Service  
1985 Edition**

This edition of NFPA 72A, *Standard for the Installation, Maintenance and Use of Local Protective Signaling Systems for Guard's Tour, Fire Alarm and Supervisory Service*, was prepared by the Technical Committee on Protective Signaling Systems, released by the Correlating Committee on Signaling Systems, and acted on by the National Fire Protection Association, Inc. at its Fall Meeting held November 12-15, 1984 in San Diego, California. It was issued by the Standards Council on January 18, 1985, with an effective date of February 9, 1985, and supersedes all previous editions.

Changes other than editorial are indicated by a vertical rule in the margin of the pages on which they appear. These lines are included as an aid to the user in identifying changes from the previous edition.

**Origin and Development of NFPA 72A**

This standard has a long history dating back to 1898. Originally, Local Protective Signaling Systems was covered in a general NFPA standard on signaling systems but this material was separated from the other types of systems in 1964 as part of a program designed to simplify the guidance being offered.

protective signaling purposes. Combination fire alarm and guard's tour boxes are acceptable.

3-2.1.2 Each box shall be securely mounted. The bottom of the box shall be not less than  $3\frac{1}{2}$  ft (1.1 m) and not more than 5 ft (1.4 m) above the floor level.

3-2.1.3 Manual fire alarm boxes shall be distributed throughout the protected area so that they are unobstructed, readily accessible, and located in the normal path of exit from the area, and as follows:

(a) At least one box shall be provided on the first floor and on each succeeding alternate floor except that one box shall be provided for each floor where the area is 10,000 sq ft (929 m<sup>2</sup>) or more.

(b) Additional boxes shall be provided so that travel distance to the nearest box will not be in excess of 200 ft (61 m).

3-2.1.4\* Coded Alarm Signal. A coded alarm signal shall consist of not less than three complete rounds of the number transmitted and each round shall consist of not less than three impulses.

### 3-3 Guard's Tour Supervisory Service.

#### 3-3.1 General.

3-3.1.1 The number of guard's reporting stations, their locations, and the route to be followed by the guard for operating the stations shall be approved for the particular installation.

3-3.1.2 A permanent record indicating each time each signal-transmitting station is operated shall be made at the main control unit. When intermediate stations which do not transmit a signal are employed in conjunction with signal-transmitting stations, distinctive signals shall be transmitted at the beginning and end of each tour of a guard and a signal-transmitting station shall be provided at intervals not exceeding ten stations. Intermediate stations which do not transmit a signal shall be capable of operation only in a fixed order of succession.

#### 3-3.2 Suppressed (Exception Reporting) Signal Device.

3-3.2.1 The system shall comply with the provisions of 3-3.1.1.

3-3.2.2 The system shall transmit a "start" signal to the main control unit and shall be initiated by the guard at the start of continuous tour rounds.

3-3.2.3 The system shall automatically transmit a "delinquency" signal within 15 minutes after a predetermined time if the guard fails to actuate tour stations as scheduled.

3-3.2.4 A "finish" signal shall be transmitted with a predetermined schedule after the guard completes the last tour of the premises.

3-3.2.5 For periods of over 24 hours, during which tours are continuously conducted, a "start" signal shall be transmitted at least once every 24 hours.

3-3.2.6 The "start," "delinquency," and "finish" signals shall be recorded at the main control unit.

### 3-4 Automatic Fire Detection and Alarm Service.

#### 3-4.1 General.

3-4.1.1 Automatic fire detectors shall be located, maintained, and tested in accordance with NFPA 72E, the *Standard on Automatic Fire Detectors*.

3-4.1.2 Automatic fire detectors which have integral trouble contacts shall be wired on the initiating device circuit so that a trouble condition on one detector will not impair the alarm operation from other initiating devices.

#### 3-4.2 Special Features on Gas-Operated Systems.

3-4.2.1 For test purposes, each compressed gas-operated system shall have a manually operated cylinder of gas installed in the tubing at the point most remote from the alarm-sounding device. If branch tubing circuits are installed, a test cylinder shall be installed at the end of each branch of tubing so the entire tubing circuit will be tested. A manual test cylinder may be provided with a shutoff valve and used repeatedly for tests until the supply of gas is exhausted. A check valve shall be installed so that a manual test cylinder can be removed for replacement without interfering with the operation of the system in case of fire. In systems using low pressure for pressurizing the tubing for supervision purposes, means shall be provided to bleed off the high pressure resulting from the use of the above test cylinder. Means shall also be provided to repressurize at low pressure to restore supervision of this tubing.

3-4.2.2 A manual test cylinder shall be distinct and separate from a manually operated cylinder installed for supplementary alarm signal purposes in accordance with 3-4.2.1. A supplementary manual alarm cylinder shall comply with all of the requirements of 2-3.10.

### 3-5 Sprinkler System Water Flow Alarm and Supervisory Signal Service.

#### 3-5.1 Purpose.

3-5.1.1\* The provisions of this article apply to sprinkler system signaling attachments for indicating the flow of water in the system and for indicating the off-normal condition of a sprinkler system component which may affect the performance of the system adversely.

#### 3-5.2 General.

3-5.2.1 A dry-pipe sprinkler system equipped for water flow alarm signals shall provide supplementary supervision of the system air pressure to avoid false signals due to neglect in maintaining air pressure.

3-5.2.2 Signals transmitted shall indicate distinctively the particular function (such as valve position, temperature pressure, etc.) of the automatic sprinkler system which is abnormal and its restoration to a normal condition.

3-5.2.3 A signal attachment and its circuits shall be so designed and installed that they cannot be readily tampered with or removed without causing a signal to be produced. This specifically includes junction boxes on the outside of the buildings.

and compared with that previously recorded. Any change in loop resistance shall be investigated.

### 8-3.3 Smoke Detectors.

**8-3.3.1** All smoke detectors shall be tested at least semiannually. (See 8-2.2.) Except where a different frequency is required or permitted by the authority having jurisdiction, the sensitivity test cited in 8-2.2.2 shall be performed within one year after installation and every alternate year thereafter.

**8-3.3.2** Air duct detector testing and maintenance shall consist of:

(a) A visual inspection of the detector installation, including seals, looking for any misreatment or modification of the device or installation and its intended operation.

(b) Using the manufacturer's recommendations, verify that the device will measure/detect smoke in the air stream (i.e., measuring pressure drop for devices using sampling tubes is acceptable).

(c) Using the manufacturer's recommended procedures, determine that the sensitivity of the detection devices is correct.

(d) Using smoke or a substitute, or a calibrated test method, perform a full-functional test of the detector, put the detector into alarm, and determine that proper operation occurs. This can be done by directly injecting the smoke or a substitute into the detection chamber or sampling means.

**8-3.4 Flame Detectors, Fire-Gas Detectors and Other Fire Detectors.** All flame detectors, fire-gas detectors and other fire detectors shall be tested at least semiannually as prescribed by the manufacturer and more often if found to be necessary for the application.

**8-4 Cleaning and Maintenance.** Detectors require periodic cleaning to remove dust or dirt which has accumulated. The frequency of cleaning will depend upon the type of detector and the local ambient conditions. For each detector, the cleaning, checking, operation, and sensitivity adjustment shall be attempted only after consulting the manufacturer's instructions.

**8-5 Tests Following an Alarm.** All detectors shall be restored to service as promptly as possible after each test or alarm, and shall be kept in normal condition for operation. Detectors requiring resetting or replacement shall be reset or replaced as promptly as possible after each test or alarm. All detectors exposed to a fire shall be tested.

### 8-6 Inspection Forms.

**8-6.1** An inspection form shall be provided and include the following information on initial tests:

- (a) Date.
- (b) Name of property.
- (c) Address.
- (d) Installer/maintenance company name, address and representative.

(e) Approving agency(ies) name, address, and representative.

(f) Number and type of detectors per zone for each zone.

(g) Functional test of detectors. (See Section 8-2.) (Warning: See also 8-1.3.)

(h) Check of all smoke detectors. (See 8-2.2.1.)

(i) Loop resistance for all fixed temperature line-type detectors. (See 8-2.1.2.)

(j) Other tests as required by equipment manufacturers.

(k) Signature of tester and approval authority representative.

**8-6.2** An inspection form shall be provided and include the following information for periodic tests:

(a) Date.

(b) Test frequency.

(c) Name of property.

(d) Address.

(e) Maintenance company name, address and representative.

(f) Approving agency(ies) name, address, and representative.

(g) Designation of the detector(s) tested (tests performed in accordance with Section 8-3).

(h) Functional test of detectors. (See Section 8-2.) (Warning: See also 8-1.3.)

(i) Check of all smoke detectors. (See 8-2.2.1.)

(j) Loop resistance for all fixed temperature line-type heat detectors. (See 8-2.1.2.)

(k) Other tests as required by equipment manufacturers.

(l) Signatures of tester and approval authority representative.

## Chapter 9 Smoke Detectors for Control of Smoke Spread

### 9-1 General.

**9-1.1** Note: See NFPA 101®, *Life Safety Code*®, for definition of smoke compartment and NFPA 90A, *Air Conditioning and Ventilating Systems*, for definition of duct systems.

**9-1.2** This chapter covers installation and use of all types of smoke detectors to prevent smoke spread by initiating control of fans, dampers, doors, and other equipment. Detectors for this use may be classified as:

(a) area detectors which are installed in the related smoke compartments.

(b) detectors which are installed in the air duct systems.

RE: Waiver of Penalty and Interest - Virginia D. Crain  
Account .907-0279-00-000-0800  
Precinct #2

Mrs. Crain is requesting waiver of penalty and interest on the above referenced account for 1988.

1. A mortgage code for James A. Hall and Associates was carried on this account for 1987 and 1988.
2. 1988 first notice was mailed to James A. Hall and Associates.
3. Information notice mailed to F. Carter Crain, Tr. on March 8, 1989 indicating 1988 taxes still due.
4. Duplicate 1988 statement mailed March 27, 1989.
5. Mrs. Crain sent check #4329 dated April 2, 1989 in payment of 1988 taxes paying base tax only.
- 6. May 3, 1989 the tax office sent a letter requesting the additional amount due of \$246.62 for April penalty and interest.
- 7. No response was received and the tax office refunded the Crain's original check on July 25, 1989 and included a statement indicating amount of taxes due for July.
8. The check sent to the Crain's by the tax office was cashed on September 26, 1989.
- 9. Delinquent 1988 statement was mailed by the delinquent attorney in mid August 1989.
10. Mrs. Crain spoke with the tax office on September 11th and 20th.
- 11. Payment was received on October 3, 1989 including penalty, interest, and attorney fees.

RE: Waiver of Penalty and Interest - Mr. Norbert Willard  
Account #.907-5725-04-017-2400  
Precinct #4

Mr. Willard is requesting waiver of penalty and interest on the above referenced account for years 1976 and 1978 through 1982.

1. Mr. Willard assumed ownership of this property from Mr. Baines in August 1975.
2. At the time Mr. Willard assumed ownership, he was under the impression that the property was located in Harris County and Alief School District.
3. With the creation of the Central Appraisal District in 1982, the property was then split 60/40 between the Alief School District and Fort Bend ISD and Harris and Fort Bend County.
4. In working with Mr. Willard in 1988 regarding the possibility of being taxed twice for 1982, the tax office did not research the county records prior to 1982 under the assumption that prior to 1982 Mr. Willard was taxed 100% in Harris County.
5. Due to a recent delinquent mailing by Heard, Goggan, Blair and Williams, it was discovered that 50% of Mr. Willard's property has always been assessed in Fort Bend County.

## Breakdown of taxes due:

|                      |          |

Mr. Haines is requesting waiver of penalty and interest on the above referenced account for 1978.

1. Mr. Haines purchased the property in November 1977.
2. The property was carried on the 1978 through 1980 tax rolls under the name of Reed Construction.
3. Mr. Haines paid the 1980 delinquency without penalty and interest in January 1986.
4. The tax office failed to inform Mr. Haines of the additional delinquency at the time he paid the 1980 tax.

The tax office is requesting waiver of penalty and interest on the above referenced account for Mrs. Robertson for years 1978 and 1980.

Mrs. Robertson's property was carried on the tax rolls incorrectly for years 1978, 1979, and 1980. The tax office attempted to clear up this problem in 1983 but the work was incomplete and the problem was not resolved. In addition, the delinquent attorneys mailed a statement to Mrs. Robertson for taxes due that did not belong to her.

Honorable Jodie E. Stavinoha ✓  
Commissioner R. L. "Bud" O'Shieles  
Commissioner Ben Denham  
Commissioner Alton Pressley  
Commissioner Bob Lutts

Gentlemen:

I will be appearing before you on Monday, October 16, 1989 seeking approval of a contract with Ann Knauth and Associates, AIA for the purpose of space planning for the 2nd floor of the George Memorial Library in Richmond.

The time has come for us to prepare plans for the finishing of the George Memorial Library. Library activities have grown to such a point that we need to move various public services to the second floor.

We would like to hire Ann Knauth and Associates, AIA of Sugar Land on an hourly basis (not to exceed \$3,500) to help us prepare the architectural program for expansion. Ms. Ann Knauth has rich and varied experience in space planning of existing buildings and has already done some complementary work for the library. Her firm is close by and will be easy to work with.

Enclosed please find the proposed contract. I will be prepared on Monday to answer any questions you may have.

Thanks for your continued support.

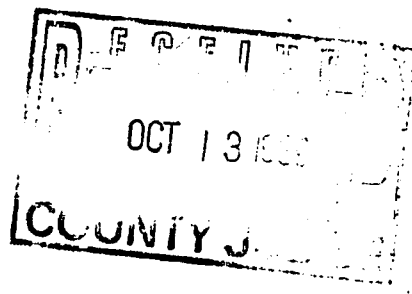

Sincerely,

*Roman Bohachevsky*

---

October 5, 1989

Mr. Roman Bohachevsky  
Fort Bend County Library Director  
George Memorial Library  
1001 Golfview Drive  
Richmond, Texas 77469

Dear Roman:

Pursuant to our discussions, Ann Knauth & Associates propose to provide design services to Fort Bend County and George Memorial Library.

Design Services will be for:

Assistance to the George Memorial Library staff in PROGRAMMING 12,000 Square Feet of unfinished space on the second floor of George Memorial Library, 1001 Golfview Drive, Richmond, Texas. This will include the consideration of the effect of the second floor renovation on the rest of the building and may include programming for the affected areas.

The above PROGRAMMING project will hereinafter be referred to as the "Project". Co-ordination of all design professionals including engineers and other consultants on the project will be by Ann Knauth & Associates.

ANN KNAUTH & ASSOCIATES WILL BE REFERRED TO AS AKA.  
FORT BEND COUNTY/ GEORGE MEMORIAL LIBRARY WILL BE REFERRED TO AS CLIENT.

AKA assisted by designated representatives of George Memorial Library proposes to perform the following services:

BASIC SERVICES

---

1. AKA will identify the basic elements of the PROJECT and set up a structure for collecting information and making decisions.
2. AKA will document and evaluate the present building conditions: how much space is used by each entity/employee, what works well and what does not, etc.
3. AKA will prepare a space requirements outline (Outline Program) with the designated representatives of George Library.
4. AKA will describe overall building requirements with respect to use, purpose and general requirements.

101 SOUTHWESTERN BLVD., SUITE 208, SUGAR LAND, TEXAS 77478 (713) 242-9703

5. AKA will define the fundamental functional, spatial, and visual relationships among components of the project.
6. AKA will identify measures to allow for future growth and change wherever possible.
7. AKA will summarize key requirements of governing codes and regulations.
8. AKA will define energy and environmental requirements.
9. AKA will develop a space program.
10. AKA will present the program to CLIENTS' representatives.

#### COMPENSATION

Compensation for BASIC SERVICES will be on an hourly basis as listed below:

|           |                                     |
|-----------|-------------------------------------|
| Principal | \$65.00 per hour                    |
| Associate | Multiple of 2 1/2 times actual wage |
| Staff     | Multiple of 2 1/2 times actual wage |

An initial payment of \$1,000 shall be made to AKA upon the execution of this agreement and credited to CLIENT'S account. Initial authorized project expenses will be billed monthly by AKA and deducted from this account. Cost will not exceed \$3,500 for basic services. *AK ges*

#### REIMBURSIBLE EXPENSES

Reimbursible Expenses shall be defined as our actual expenditure made in the interest of the PROJECT plus a handling charge of twenty-five percent (25%). These include expense of blueprinting and/or photo copy reproduction and reproduction of specifications; cost of photography and photography prints; cost of data processing; cost of preparation of perspectives or models for your use. Any engineering or special consultants fees will be approved by you in advance and will be invoiced with no handling charge as a reimbursable expense. Automobile expense will be invoiced at \$.25/mile with no handling charge.

#### ADDITIONAL SERVICES

Services other than those described above shall be performed by AKA when requested by the CLIENT and agreed to by both parties in writing and shall be compensated for as ADDITIONAL SERVICES on an hourly basis as listed below, plus Reimbursible Expenses:

|           |                                     |
|-----------|-------------------------------------|
| Principal | \$65.00 per hour                    |
| Associate | Multiple of 2 1/2 times actual wage |
| Staff     | Multiple of 2 1/2 times actual wage |

**PAYMENT**

Payment of compensation for BASIC SERVICES, ADDITIONAL SERVICES and REIMBURSIBLE EXPENSES shall be made monthly to AKA by CLIENT upon receipt of Invoices for services performed and expenses incurred. Payments are due AKA on the date of billing and shall bear interest at prime rate on the date billing is due, plus two percent (2%), commencing thirty (30) days after the date of billing. If payment is received within thirty (30) days after the date of billing, interest will not be charged.

This Agreement may be terminated by either party upon Five days written notice. In the event of termination, AKA shall be paid by the CLIENT for services performed to termination date, including REIMBURSIBLE EXPENSES then due.

This Agreement represents the entire agreement between AKA and the CLIENT and may only be amended by written instrument signed by both parties. This Agreement is governed by the laws of the State of Texas.

Representatives of the CLIENT will provide AKA the existing building plans, elevations, sections, specifications, furniture lay-out and specifications, and any other pertinent existing documents that may assist with the project programming, as soon as possible after the legal representatives of the CLIENT have approved this letter of agreement with their signatures.

The CLIENT'S signature of approval of this letter, when returned to this office, will serve as notice to proceed with the services enumerated under this Agreement. This Agreement is valid, unsigned, for sixty (60) days from this date.

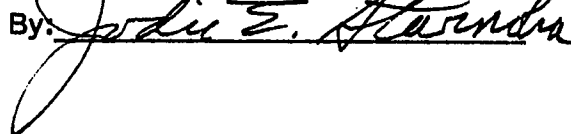

Sincerely,

APPROVED AND ACCEPTED

RE: Property Tax Refunds in excess of \$500

In addition to the auditor's approval for a taxing unit, section 31.11 of the Texas Property Tax Code requires the governing body of a taxing unit to also approve refunds in excess of \$500 for overpayment or erroneous payment of property taxes.

Before approving a property tax refund, my internal auditing department requires proper documentation from the Tax Office. This procedure is followed on a daily basis. With this documentation in hand, the following amount(s) has/have been approved for payment:

## Notice of Effective Tax Rate

1989 Property Tax Rates in FORT BEND County

This notice concerns 1989 property tax rates for FORT BEND County. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's *effective* tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's *rollback* tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

## EXHIBIT "C"

(a) The District must obtain approval from the Directors of Planning and Development, Traffic and Transportation, and the Department of Public Works of the final alignment of the Fort Bend Freeway ("Freeway"), prior to the completion of final design and construction of phase one of the Freeway.

(b) The District shall use its best efforts to obtain the consent, approval and agreement of the Texas Highways Department to set aside a minimum of 1% of the construction budget for the Freeway for use in providing landscaping of the Freeway.

(c) The District shall coordinate its activities with the City of Houston Department of Planning and Development in its designation and approval of all major thoroughfares within the corporate limits and the extraterritorial jurisdiction of the City, whether said thoroughfares are constructed or not constructed.

(d) The District shall, after such time as the final alignment and rights-of-way for the Freeway have been established and acquired, agree to the creation and designation by the Houston City Council of a scenic district along and immediately adjacent to the Freeway.

## PETITION FOR CONSENT TO THE CREATION OF A ROAD DISTRICT

TO THE HONORABLE MAYOR AND CITY COUNCIL OF THE CITY OF HOUSTON, TEXAS:

The undersigned (herein the "Petitioner"), holding title to land hereinafter described by metes and bounds, and acting pursuant to the provisions of Article 6702-1, Vernon's Texas Civil Statutes, as amended, respectfully petitions the City Council of the City of Houston, Texas, for its written consent to the creation of a road district and would show the following:

## I.

The name of the proposed road district shall be Fort Bend County Road District No. 1 (the "District").

## II.

The District shall be created and organized under the terms and provisions of Article III, Section 52, of the Constitution of Texas and Article 6702-1, Vernon's Texas Civil Statutes.

## III.

The District shall contain an area of approximately 4,613 acres of land, more or less, situated in Fort Bend County, Texas, and depicted on the map attached as Exhibit "A" and described by metes and bounds in Exhibit "B", both of which are attached hereto and incorporated herein for all purposes. The District is partially within the corporate limits of the City of Houston. All the area in the proposed District not in the corporate limits of the City of Houston lies exclusively within the extraterritorial jurisdiction (as such term is defined in Article 970a, as amended, Vernon's Texas Civil Statutes) of the City of Houston, Texas and the City of Missouri City, Texas. All of the land proposed to be included in the District may properly be included in the District.

## IV.

Petitioner holds title to land within the District.

## V.

The general nature of the work to be done by the District is the acquisition of the land for the proposed Fort Bend Freeway, a new state highway from the South Beltway 8 to State Highway 6, the preparation of the preliminary layout for the highway, environmental studies, hearings, and the preliminary and final design of this section of the Fort Bend Freeway.

## VI.

There is, for the following reasons, a necessity for the above-described work. The area within the District is urban in nature, is within the growing environs of the Greater Houston, Texas and Missouri City, Texas areas and is in close proximity to populous and developed sections of Fort Bend County, Texas. There is not now available within the area, which will be developed for commercial and residential uses, adequate roads or highways and related drainage works. The growth and development of the area proposed to be in the District and of the territories adjacent thereto require the construction, acquisition, maintenance, operation, and financing of a major new state highway. A public necessity therefore exists for the creation of the District to assist Fort Bend and Harris Counties, the Houston Metropolitan Transit Authority, the Cities of Houston and Missouri City, and the Texas Department of Highways and Public Transportation with the acquisition and construction of the Fort Bend Freeway and to promote the development and welfare of the community.

## VII.

Petitioners request consent to the creation of the aforesaid District at the earliest possible time.

Petitioner holds title to land within the District.

## V.

The general nature of the work to be done by the District is the acquisition of the land for the proposed Fort Bend Freeway, a new state highway from the South Beltway 8 to State Highway 6, the preparation of the preliminary layout for the highway, environmental studies, hearings, and the preliminary and final design of this section of the Fort Bend Freeway.

## VI.

There is, for the following reasons, a necessity for the above-described work. The area within the District is urban in nature, is within the growing environs of the Greater Houston, Texas and Missouri City, Texas areas and is in close proximity to populous and developed sections of Fort Bend County, Texas. There is not now available within the area, which will be developed for commercial and residential uses, adequate roads or highways and related drainage works. The growth and development of the area proposed to be in the District and of the territories adjacent thereto require the construction, acquisition, maintenance, operation, and financing of a major new state highway. A public necessity therefore exists for the creation of the District to assist Fort Bend and Harris Counties, the Houston Metropolitan Transit Authority, the Cities of Houston and Missouri City, and the Texas Department of Highways and Public Transportation with the acquisition and construction of the Fort Bend Freeway and to promote the development and welfare of the community.

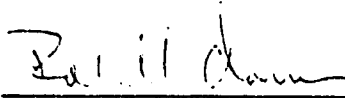

## VII.

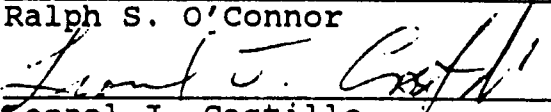

Petitioners request consent to the creation of the aforesaid District at the earliest possible time.

WHEREFORE, Petitioner prays that this petition be heard and that your Honorable Body duly pass and approve an ordinance or resolution granting the consent to the creation of the District and authorizing the inclusion of the land described in Exhibit "B" within the District.

## PETITION FOR CONSENT TO THE CREATION OF A ROAD DISTRICT

TO THE HONORABLE MAYOR AND CITY COUNCIL OF THE CITY OF HOUSTON, TEXAS:

The undersigned (herein the "Petitioner"), holding title to land hereinafter described by metes and bounds, and acting pursuant to the provisions of Article 6702-1, Vernon's Texas Civil Statutes, as amended, respectfully petitions the City Council of the City of Houston, Texas, for its written consent to the creation of a road district and would show the following:

## I.

The name of the proposed road district shall be Fort Bend County Road District No. 1 (the "District").

## II.

The District shall be created and organized under the terms and provisions of Article III, Section 52, of the Constitution of Texas and Article 6702-1, Vernon's Texas Civil Statutes.

## III.

The District shall contain an area of approximately 4,613 acres of land, more or less, situated in Fort Bend County, Texas, and depicted on the map attached as Exhibit "A" and described by metes and bounds in Exhibit "B", both of which are attached hereto and incorporated herein for all purposes. The District is partially within the corporate limits of the City of Houston. All the area in the proposed District not in the corporate limits of the City of Houston lies exclusively within the extraterritorial jurisdiction (as such term is defined in Article 970a, as amended, Vernon's Texas Civil Statutes) of the City of Houston, Texas and the City of Missouri City, Texas. All of the land proposed to be included in the District may properly be included in the District.

## IV.

Petitioner holds title to land within the District.

Petitioner holds title to land within the District.

## V.

The general nature of the work to be done by the District is the acquisition of the land for the proposed Fort Bend Freeway, a new state highway from the South Beltway 8 to State Highway 6, the preparation of the preliminary layout for the highway, environmental studies, hearings, and the preliminary and final design of this section of the Fort Bend Freeway.

## VI.

There is, for the following reasons, a necessity for the above-described work. The area within the District is urban in nature, is within the growing environs of the Greater Houston, Texas and Missouri City, Texas areas and is in close proximity to populous and developed sections of Fort Bend County, Texas. There is not now available within the area, which will be developed for commercial and residential uses, adequate roads or highways and related drainage works. The growth and development of the area proposed to be in the District and of the territories adjacent thereto require the construction, acquisition, maintenance, operation, and financing of a major new state highway. A public necessity therefore exists for the creation of the District to assist Fort Bend and Harris Counties, the Houston Metropolitan Transit Authority, the Cities of Houston and Missouri City, and the Texas Department of Highways and Public Transportation with the acquisition and construction of the Fort Bend Freeway and to promote the development and welfare of the community.

## VII.

Petitioners request consent to the creation of the aforesaid District at the earliest possible time.

WHEREFORE, Petitioner prays that this petition be heard and that your Honorable Body duly pass and approve an ordinance or resolution granting the consent to the creation of the District and authorizing the inclusion of the land described in Exhibit "B" within the District.

RESPECTFULLY SUBMITTED this 7<sup>th</sup> day of October, 1988.

## PETITION FOR CONSENT TO THE CREATION OF A ROAD DISTRICT

TO THE HONORABLE MAYOR AND CITY COUNCIL OF THE CITY OF HOUSTON, TEXAS:

The undersigned (herein the "Petitioner"), holding title to land hereinafter described by metes and bounds, and acting pursuant to the provisions of Article 6702-1, Vernon's Texas Civil Statutes, as amended, respectfully petitions the City Council of the City of Houston, Texas, for its written consent to the creation of a road district and would show the following:

## I.

The name of the proposed road district shall be Fort Bend County Road District No. 1 (the "District").

## II.

The District shall be created and organized under the terms and provisions of Article III, Section 52, of the Constitution of Texas and Article 6702-1, Vernon's Texas Civil Statutes.

## III.

The District shall contain an area of approximately 4,613 acres of land, more or less, situated in Fort Bend County, Texas, and depicted on the map attached as Exhibit "A" and described by metes and bounds in Exhibit "B", both of which are attached hereto and incorporated herein for all purposes. The District is partially within the corporate limits of the City of Houston. All the area in the proposed District not in the corporate limits of the City of Houston lies exclusively within the extraterritorial jurisdiction (as such term is defined in Article 970a, as amended, Vernon's Texas Civil Statutes) of the City of Houston, Texas and the City of Missouri City, Texas. All of the land proposed to be included in the District may properly be included in the District.

## IV.

Petitioner holds title to land within the District.

RECITALS

There has been presented to the Commissioners Court of Fort Bend County, Texas, the petition of a majority of the qualified voters of Fort Bend County Road District No. 1 of Fort Bend County, Texas, (the "District") praying that said Commissioners Court order an election within the District for their action thereon on the following proposition, to-wit:

PROPOSITION I

SHALL THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, ("COMMISSIONERS COURT") BE AUTHORIZED TO ISSUE AND SELL AT ANY PRICE OR PRICES THE BONDS OF FORT BEND COUNTY ROAD DISTRICT NO. 1 (THE "DISTRICT") IN ONE OR MORE ISSUES OR SERIES IN THE MAXIMUM AMOUNT OF \$4,500,000 MATURING SERIALLY OR OTHERWISE IN SUCH INSTALLMENTS AS ARE FIXED BY THE COMMISSIONERS COURT OVER A PERIOD OR PERIODS NOT TO EXCEED THIRTY YEARS FROM THEIR DATE OR DATES, BEARING INTEREST AT ANY RATE OR RATES NOT TO EXCEED THE MAXIMUM RATE NOW OR HEREAFTER AUTHORIZED BY LAW, ALL AS MAY BE DETERMINED BY THE COMMISSIONERS COURT FOR THE PURPOSE OF PURCHASING, CONSTRUCTING, ACQUIRING, OWNING, MAINTAINING, AND OPERATING PAVED ROADS AND TURNPIKES FOR THE DISTRICT, OR IN AID THEREOF, INCLUDING PAYMENT OF (1) THE COST OF ACQUISITION OF LAND FOR THE FORT BEND PARKWAY (THE "PARKWAY"), INCLUDING LAND FOR OUTFALL DRAINAGE AND STORM WATER DETENTION FACILITIES, OR FOR ENVIRONMENTAL MITIGATION, (2) PAYMENT OF FEES AND EXPENSES OF THE DISTRICT ASSOCIATED WITH LAND ACQUISITION, PUBLIC HEARINGS, ENVIRONMENTAL IMPACT STATEMENTS, LANDSCAPING, PRELIMINARY AND FINAL PLANS AND SPECIFICATIONS FOR THE PARKWAY, INCLUDING DRAINAGE AND STORM WATER DETENTION FACILITIES, OR FOR ENVIRONMENTAL MITIGATION, AND ALL OTHER FEES, EXPENSES, OR COSTS NECESSARY OR USEFUL IN THE DESIGN OF THE PARKWAY, OR TO SECURE THE COMMITMENT OF THE TEXAS DEPARTMENT OF HIGHWAYS AND PUBLIC TRANSPORTATION TO CONSTRUCT THE INITIAL PHASE OF THE PARKWAY, (3) INTEREST DURING CONSTRUCTION OF THE PARKWAY, (4) FEES AND EXPENSES RELATING TO THE ISSUANCE OF THE BONDS, (5) OPERATING AND ADMINISTRATIVE EXPENSES OF THE DISTRICT, AND (6) OTHER

FEES, EXPENSES, AND COSTS RELATING TO THE DISTRICT OR THE ACQUISITION OR CONSTRUCTION OF THE PARKWAY, INCLUDING LANDSCAPING, DRAINAGE OR STORM WATER DETENTION FACILITIES, OR ENVIRONMENTAL MITIGATION; AND TO PROVIDE FOR THE PAYMENT OF PRINCIPAL AND REDEMPTION PRICE OF AND INTEREST ON THE BONDS BY THE LEVY AND COLLECTION OF A SUFFICIENT TAX UPON ALL TAXABLE PROPERTY WITHIN THE DISTRICT, ALL AS AUTHORIZED BY THE CONSTITUTION AND LAWS OF THE STATE OF TEXAS; PROVIDED, FURTHER, HOWEVER, THAT THE RIGHT-OF-WAY OF THE PARKWAY SHALL ABUT THE WEST LINE OF THE G. T. BARRON TRACTS, SAME BEING THE EAST LINE OF THE FIRST ASSEMBLY OF GOD OF STAFFORD TRACT, LOCATED IN THE H. SHROPSHIRE SURVEY, ABSTRACT 313, FORT BEND COUNTY, TEXAS?

It appears to the Commissioners Court and the Commissioners Curt hereby finds that said petition is signed by a majority of the duly qualified voters of said District.

It further appears that the District has heretofore been duly and legally created and established.

It further appears that said petition complies with all requirements of law and that it should be set down for hearing as provided by law.

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, THAT:

Section 1: The petition described in the preamble of this order shall be heard before the Commissioners Court in the Commissioners Court Room at the County Courthouse in the City of Richmond, Texas, on the 13th day of November, 1989, at 10:00 a.m., which date is not less than fifteen (15) nor more than ninety (90) days from the date of this order, and all persons concerned shall have the right to appear at such time and place and contend for, or protest, the ordering of such bond election.

Section 2: The County Clerk and Ex-Officio Clerk of the Commissioners Court shall issue notice of such hearing and shall post same or cause the same to be posted at five (5) public places in Fort Bend County not later than the twenty-first (21st) day before the date of such hearing. One (1) copy of such notice shall be posted on the Courthouse door, one (1) copy on the bulletin board used for posting notices of meetings of the Fort Bend County Commissioners Court, and the remaining three (3) copies of such notice shall be posted in public places within the boundaries of the proposed District. Such notice shall state the amount of bonds proposed to be issued; shall describe the District by its name and number; shall include a description of the property comprising the

District and its estimated acreage and boundaries as is reasonably calculated to inform interested parties of the area comprising the District; shall include a map or diagram of the area reasonably calculated to show the boundaries of the District and the major roadways in or adjacent to the District; and shall designate the county officer or employee from whom further details may be obtained.

Section 3: Further notice of the hearing shall be given by publishing one (1) time in a newspaper of circulation in Fort Bend County not earlier than the thirtieth (30th) day or later than the tenth (10th) day before the hearing.

Section 4: All residents, property owners, and qualified voters within the District, and all other interested persons, are hereby invited to appear in person or by their attorney and contend for or contest the calling of the proposed bond election in the District, and offer testimony pertinent to any issue presented on the question of the calling of the bond election.

Section 5: A copy of this Order shall be recorded in the minutes of this Court.

Section 6: Sufficient written notice of the date, hour, place, and subject of the meeting of Commissioners Court at which this Order was adopted was posted for the time required by law preceding this meeting and such meeting was open to the public as required by law and at all times during which this Order and the subject matter thereof were discussed, considered, and formally acted upon, all as required by the Open Meetings Act, Texas Civil Statutes Annotated, Article 6252-17, as amended.

PASSED AND APPROVED this 16th day of October, 1989.

COUNTY OF FORT BEND §

**RECITALS**

On September 18, 1989, the Commissioners Court of Fort Bend County, Texas ("Commissioners Court") was requested by certain Fort Bend County property owners to create and establish a county road district to be known as Fort Bend County Road District No. 1 of Fort Bend County, Texas (the "District"), under the authority of Article 3, Section 52, Texas Constitution, and Article 6702-1, Vernon's Texas Civil Statutes, as amended (the "Act").

The Commissioners Court, by order duly passed on September 18, 1989, set a public hearing on the question of the creation and establishment of the District to be held on October 16, 1989, at 10:00 o'clock a.m., and issued notice of such hearing, both by publication in a newspaper of circulation in Fort Bend County and in the proposed District and by posting in five public places in Fort Bend County.

Upon such hearing being convened, there was presented proper proof and evidence that notice of such hearing had been posted and published in accordance with the provisions of the Act and the September 18, 1989 order of the Commissioners Court.

The Commissioners Court invited all residents and property owners within the District, and all other interested persons, to appear in person or by their attorney and contend for or contest the creation and establishment of the proposed District, and offer testimony pertinent to any issue presented on the question of the creation and establishment of the District, including evidence on whether the District and the proposed improvements are necessary, desirable, feasible and practicable, whether the proposed improvements would be a public benefit, and whether or not the land and other property proposed to be included in the District will be benefitted by the creation of the District.

The proponents of the District and others offered evidence, both oral and documentary, in favor of all of the foregoing matters and the creation of the District.

Such hearing has been properly convened and based upon the evidence and testimony presented, this Court finds as follows:

(a) That the hearing has been properly called, held, and conducted and that notice of such hearing has been posted within the County and published in a newspaper of circulation in Fort Bend County and in the proposed District as required by law;

(b) That this Court has jurisdiction to hold and conduct a hearing on the question of the creation of the District and to enter upon the record and minutes of this Court its finding relative to such hearing under the provisions of the Act;

(c) That the District is not being created over any other existing road district, levee district, drainage district, or other improvement district created under any law passed pursuant to Article 3, Section 52 of the Texas Constitution;

(d) That there are no other existing road districts or defined districts in Fort Bend County, the Commissioners Court having heretofore abolished all such districts in Fort Bend County;

(e) That all of the territory of the District lies wholly within Fort Bend County and within the corporate limits or the extraterritorial jurisdiction of the Cities of Missouri City and Houston, both cities have consented to the creation of the District, and Commissioners Court of Fort Bend County has jurisdiction to consider the creation of this District;

(f) That creation of the proposed District and the proposed improvements are necessary, desirable, feasible, and practicable and would be a public benefit and would benefit all the land and other property proposed to be included in the District; and

(g) That this meeting of the Commissioners Court of Fort Bend County, Texas, is open to the public.

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, THAT:

Section 1: That the foregoing findings and judgments of this Court are hereby determined to be true, correct, and complete and are hereby approved and adopted.

Section 2: That Fort Bend County Road District No. 1 of Fort Bend County, Texas is hereby created and established, and the boundaries of the District are hereby defined as containing 4,613 acres of land, more or less, in Fort Bend County, Texas, as more particularly described by metes and bounds in Exhibit "A" attached hereto and shown on the plat attached hereto as Exhibit "B", both of which are hereby incorporated for all purposes as if set forth in full herein.

Section 3: The District shall operate under the provisions of, and shall have all of the powers granted by, Article 3, Section 52, Texas Constitution, Article 6702-1, Vernon's Texas Civil Statutes, as amended, and all other laws governing or applicable to road districts created by a county.

SECTION 4: Sufficient written notice of the date, hour, place, and subject of the meeting of the Association at which this Order was adopted was posted for the time required by law preceding this meeting and such meeting was open to the public as required by law and at all times during which this Order and the subject matter thereof were discussed, considered, and formally acted upon, all as required by the Open Meetings Act, Texas Civil Statutes Annotated, Article 6252-17, as amended.

NOTICE OF HEARING FOR BOND ELECTION WITHIN FORT BEND  
COUNTY ROAD DISTRICT NO. 1 OF FORT BEND COUNTY, TEXAS

THE STATE OF TEXAS §  
§  
COUNTY OF FORT BEND §

TO ALL RESIDENTS, PROPERTY OWNERS, AND QUALIFIED VOTERS WITHIN FORT  
BEND COUNTY ROAD DISTRICT NO. 1 OF FORT BEND COUNTY, TEXAS:

Notice is hereby given that a hearing will be held at 10:00 o'clock a.m.; on the 13th day of November, 1989, before the Commissioners Court of Fort Bend County, Texas, in the Commissioners Court Room on the 1st floor of the Fort Bend County Courthouse Annex, Richmond, Texas, on a petition requesting the Commissioners Court to call a bond election within Fort Bend County Road District No. 1 (the "District") in keeping with an Order of the Commissioners Court of Fort Bend County, Texas, duly adopted on the 16th day of October, 1989. The District comprises approximately 4,613 acres of land in Fort Bend County, Texas. Attached as Exhibit "A" is a description of the boundaries of the District which has been prepared to generally inform interested parties of the area comprising the District. Attached as Exhibit "B" is a map or diagram of the area reasonably calculated to show the boundaries of the District and the major roadways in or adjacent to the District. The official metes and bounds description of the area comprising the District and the official map showing the District are attached as exhibits to an order of the Commissioners Court, dated October 16, 1989, creating the District, to which reference is made for a complete description of the District. Following is the proposition upon which a majority of the qualified voters within the District has requested the Commissioners Court to call an election:

PROPOSITION I

SHALL THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, ("COMMISSIONERS COURT") BE AUTHORIZED TO ISSUE AND SELL AT ANY PRICE OR PRICES THE BONDS OF FORT BEND COUNTY ROAD DISTRICT NO. 1 (THE "DISTRICT") IN ONE OR MORE ISSUES OR SERIES IN THE MAXIMUM AMOUNT OF \$4,500,000 MATURING SERIALLY OR OTHERWISE IN SUCH INSTALLMENTS AS ARE FIXED BY THE COMMISSIONERS COURT OVER A PERIOD OR PERIODS NOT TO EXCEED THIRTY YEARS FROM THEIR DATE OR DATES, BEARING INTEREST AT ANY RATE OR RATES NOT TO EXCEED THE MAXIMUM RATE NOW OR HEREAFTER AUTHORIZED BY LAW, ALL AS MAY BE DETERMINED BY THE COMMISSIONERS COURT FOR THE PURPOSE OF PURCHASING, CONSTRUCTING, ACQUIRING, OWNING, MAINTAINING, AND OPERATING PAVED ROADS AND TURNPIKES FOR THE DISTRICT, OR IN AID THEREOF, INCLUDING PAYMENT OF (1) THE COST OF

ACQUISITION OF LAND FOR THE FORT BEND PARKWAY (THE "PARKWAY"), INCLUDING LAND FOR OUTFALL DRAINAGE AND STORM WATER DETENTION FACILITIES, OR FOR ENVIRONMENTAL MITIGATION, (2) PAYMENT OF FEES AND EXPENSES OF THE DISTRICT ASSOCIATED WITH LAND ACQUISITION, PUBLIC HEARINGS, ENVIRONMENTAL IMPACT STATEMENTS, LANDSCAPING, PRELIMINARY AND FINAL PLANS AND SPECIFICATIONS FOR THE PARKWAY, INCLUDING DRAINAGE AND STORM WATER DETENTION FACILITIES, OR FOR ENVIRONMENTAL MITIGATION, AND ALL OTHER FEES, EXPENSES, OR COSTS NECESSARY OR USEFUL IN THE DESIGN OF THE PARKWAY, OR TO SECURE THE COMMITMENT OF THE TEXAS DEPARTMENT OF HIGHWAYS AND PUBLIC TRANSPORTATION TO CONSTRUCT THE INITIAL PHASE OF THE PARKWAY, (3) INTEREST DURING CONSTRUCTION OF THE PARKWAY, (4) FEES AND EXPENSES RELATING TO THE ISSUANCE OF THE BONDS, (5) OPERATING AND ADMINISTRATIVE EXPENSES OF THE DISTRICT, AND (6) OTHER FEES, EXPENSES, AND COSTS RELATING TO THE DISTRICT OR THE ACQUISITION OR CONSTRUCTION OF THE PARKWAY, INCLUDING LANDSCAPING, DRAINAGE OR STORM WATER DETENTION FACILITIES, OR ENVIRONMENTAL MITIGATION; AND TO PROVIDE FOR THE PAYMENT OF PRINCIPAL AND REDEMPTION PRICE OF AND INTEREST ON THE BONDS BY THE LEVY AND COLLECTION OF A SUFFICIENT TAX UPON ALL TAXABLE PROPERTY WITHIN THE DISTRICT, ALL AS AUTHORIZED BY THE CONSTITUTION AND LAWS OF THE STATE OF TEXAS; PROVIDED, FURTHER, HOWEVER, THAT THE RIGHT-OF-WAY OF THE PARKWAY SHALL ABUT THE WEST LINE OF THE G. T. BARRON TRACTS, SAME BEING THE EAST LINE OF THE FIRST ASSEMBLY OF GOD OF STAFFORD TRACT, LOCATED IN THE H. SHROPSHIRE SURVEY, ABSTRACT 313, FORT BEND COUNTY, TEXAS?

All residents, property owners, and qualified voters within the District, and all other interested persons, are hereby invited to appear in person or by their attorney and contend for or contest the calling of the proposed bond election in the District, and offer testimony pertinent to any issue presented on the question of the calling of the bond election.

Additional information or details may be secured by contacting Dianne Wilson, Fort Bend County Clerk, at 713/342-3411.

AND CONTAINING OTHER PROVISIONS RELATING TO THE SUBJECT**

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

**RECITALS**

On September 18, 1989, the Commissioners Court of Fort Bend County, Texas ("Commissioners Court") was requested by certain Fort Bend County property owners to create and establish a county road district to be known as Fort Bend County Road District No. 1 of Fort Bend County, Texas (the "District"), under the authority of Article 3, Section 52, Texas Constitution, and Article 6702-1, Vernon's Texas Civil Statutes, as amended (the "Act").

The Commissioners Court, by order duly passed on September 18, 1989, set a public hearing on the question of the creation and establishment of the District to be held on October 16, 1989, at 10:00 o'clock a.m., and issued notice of such hearing, both by publication in a newspaper of circulation in Fort Bend County and in the proposed District and by posting in five public places in Fort Bend County.

Upon such hearing being convened, there was presented proper proof and evidence that notice of such hearing had been posted and published in accordance with the provisions of the Act and the September 18, 1989 order of the Commissioners Court.

The Commissioners Court invited all residents and property owners within the District, and all other interested persons, to appear in person or by their attorney and contend for or contest the creation and establishment of the proposed District, and offer testimony pertinent to any issue presented on the question of the creation and establishment of the District, including evidence on whether the District and the proposed improvements are necessary, desirable, feasible and practicable, whether the proposed improvements would be a public benefit, and whether or not the land and other property proposed to be included in the District will be benefitted by the creation of the District.

The proponents of the District and others offered evidence, both oral and documentary, in favor of all of the foregoing matters and the creation of the District.

Such hearing has been properly convened and based upon the evidence and testimony presented, this Court finds as follows:

(a) That the hearing has been properly called, held, and conducted and that notice of such hearing has been posted within the County and published in a newspaper of circulation in Fort Bend County and in the proposed District as required by law;

(b) That this Court has jurisdiction to hold and conduct a hearing on the question of the creation of the District and to enter upon the record and minutes of this Court its finding relative to such hearing under the provisions of the Act;

(c) That the District is not being created over any other existing road district, levee district, drainage district, or other improvement district created under any law passed pursuant to Article 3, Section 52 of the Texas Constitution;

(d) That there are no other existing road districts or defined districts in Fort Bend County, the Commissioners Court having heretofore abolished all such districts in Fort Bend County;

(e) That all of the territory of the District lies wholly within Fort Bend County and within the corporate limits or the extraterritorial jurisdiction of the Cities of Missouri City and Houston, both cities have consented to the creation of the District, and Commissioners Court of Fort Bend County has jurisdiction to consider the creation of this District;

(f) That creation of the proposed District and the proposed improvements are necessary, desirable, feasible, and practicable and would be a public benefit and would benefit all the land and other property proposed to be included in the District; and

(g) That this meeting of the Commissioners Court of Fort Bend County, Texas, is open to the public.

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, THAT:

Section 1: That the foregoing findings and judgments of this Court are hereby determined to be true, correct, and complete and are hereby approved and adopted.

Section 2: That Fort Bend County Road District No. 1 of Fort Bend County, Texas is hereby created and established, and the boundaries of the District are hereby defined as containing 4,613 acres of land, more or less, in Fort Bend County, Texas, as more particularly described by metes and bounds in Exhibit "A" attached hereto and shown on the plat attached hereto as Exhibit "B", both of which are hereby incorporated for all purposes as if set forth in full herein.

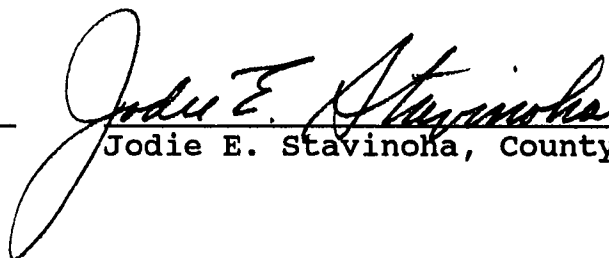

Section 3: The District shall operate under the provisions of, and shall have all of the powers granted by, Article 3, Section 52, Texas Constitution, Article 6702-1, Vernon's Texas Civil Statutes, as amended, and all other laws governing or applicable to road districts created by a county.

SECTION 4: Sufficient written notice of the date, hour, place, and subject of the meeting of the Association at which this Order was adopted was posted for the time required by law preceding this meeting and such meeting was open to the public as required by law and at all times during which this Order and the subject matter thereof were discussed, considered, and formally acted upon, all as required by the Open Meetings Act, Texas Civil Statutes Annotated, Article 6252-17, as amended.

PASSED AND APPROVED this 16th day of October, 1989.

ORDER FIXING DATE FOR HEARING ON PETITION FOR BOND  
ELECTION WITHIN FORT BEND COUNTY ROAD DISTRICT NO. 1 OF  
FORT BEND COUNTY, TEXAS

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

RECITALS

There has been presented to the Commissioners Court of Fort Bend County, Texas, the petition of a majority of the qualified voters of Fort Bend County Road District No. 1 of Fort Bend County, Texas, (the "District") praying that said Commissioners Court order an election within the District for their action thereon on the following proposition, to-wit:

PROPOSITION I

SHALL THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, ("COMMISSIONERS COURT") BE AUTHORIZED TO ISSUE AND SELL AT ANY PRICE OR PRICES THE BONDS OF FORT BEND COUNTY ROAD DISTRICT NO. 1 (THE "DISTRICT") IN ONE OR MORE ISSUES OR SERIES IN THE MAXIMUM AMOUNT OF \$4,500,000 MATURING SERIALLY OR OTHERWISE IN SUCH INSTALLMENTS AS ARE FIXED BY THE COMMISSIONERS COURT OVER A PERIOD OR PERIODS NOT TO EXCEED THIRTY YEARS FROM THEIR DATE OR DATES, BEARING INTEREST AT ANY RATE OR RATES NOT TO EXCEED THE MAXIMUM RATE NOW OR HEREAFTER AUTHORIZED BY LAW, ALL AS MAY BE DETERMINED BY THE COMMISSIONERS COURT FOR THE PURPOSE OF PURCHASING, CONSTRUCTING, ACQUIRING, OWNING, MAINTAINING, AND OPERATING PAVED ROADS AND TURNPIKES FOR THE DISTRICT, OR IN AID THEREOF, INCLUDING PAYMENT OF (1) THE COST OF ACQUISITION OF LAND FOR THE FORT BEND PARKWAY (THE "PARKWAY"), INCLUDING LAND FOR OUTFALL DRAINAGE AND STORM WATER DETENTION FACILITIES, OR FOR ENVIRONMENTAL MITIGATION, (2) PAYMENT OF FEES AND EXPENSES OF THE DISTRICT ASSOCIATED WITH LAND ACQUISITION, PUBLIC HEARINGS, ENVIRONMENTAL IMPACT STATEMENTS, LANDSCAPING, PRELIMINARY AND FINAL PLANS AND SPECIFICATIONS FOR THE PARKWAY, INCLUDING DRAINAGE AND STORM WATER DETENTION FACILITIES, OR FOR ENVIRONMENTAL MITIGATION, AND ALL OTHER FEES, EXPENSES, OR COSTS NECESSARY OR USEFUL IN THE DESIGN OF THE PARKWAY, OR TO SECURE THE COMMITMENT OF THE TEXAS DEPARTMENT OF HIGHWAYS AND PUBLIC TRANSPORTATION TO CONSTRUCT THE INITIAL PHASE OF THE PARKWAY, (3) INTEREST DURING CONSTRUCTION OF THE PARKWAY, (4) FEES AND EXPENSES RELATING TO THE ISSUANCE OF THE BONDS, (5) OPERATING AND ADMINISTRATIVE EXPENSES OF THE DISTRICT, AND (6) OTHER

FEEES, EXPENSES, AND COSTS RELATING TO THE DISTRICT OR THE ACQUISITION OR CONSTRUCTION OF THE PARKWAY, INCLUDING LANDSCAPING, DRAINAGE OR STORM WATER DETENTION FACILITIES, OR ENVIRONMENTAL MITIGATION; AND TO PROVIDE FOR THE PAYMENT OF PRINCIPAL AND REDEMPTION PRICE OF AND INTEREST ON THE BONDS BY THE LEVY AND COLLECTION OF A SUFFICIENT TAX UPON ALL TAXABLE PROPERTY WITHIN THE DISTRICT, ALL AS AUTHORIZED BY THE CONSTITUTION AND LAWS OF THE STATE OF TEXAS; PROVIDED, FURTHER, HOWEVER, THAT THE RIGHT-OF-WAY OF THE PARKWAY SHALL ABUT THE WEST LINE OF THE G. T. BARRON TRACTS, SAME BEING THE EAST LINE OF THE FIRST ASSEMBLY OF GOD OF STAFFORD TRACT, LOCATED IN THE H. SHROPSHIRE SURVEY, ABSTRACT 313, FORT BEND COUNTY, TEXAS?

It appears to the Commissioners Court and the Commissioners Curt hereby finds that said petition is signed by a majority of the duly qualified voters of said District.

It further appears that the District has heretofore been duly and legally created and established.

It further appears that said petition complies with all requirements of law and that it should be set down for hearing as provided by law.

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, THAT:

Section 1: The petition described in the preamble of this order shall be heard before the Commissioners Court in the Commissioners Court Room at the County Courthouse in the City of Richmond, Texas, on the 13th day of November, 1989, at \_\_\_\_ a.m., which date is not less than fifteen (15) nor more than ninety (90) days from the date of this order, and all persons concerned shall have the right to appear at such time and place and contend for, or protest, the ordering of such bond election.

Section 2: The County Clerk and Ex-Officio Clerk of the Commissioners Court shall issue notice of such hearing and shall post same or cause the same to be posted at five (5) public places in Fort Bend County not later than the twenty-first (21st) day before the date of such hearing. One (1) copy of such notice shall be posted on the Courthouse door, one (1) copy on the bulletin board used for posting notices of meetings of the Fort Bend County Commissioners Court, and the remaining three (3) copies of such notice shall be posted in public places within the boundaries of the proposed District. Such notice shall state the amount of bonds proposed to be issued; shall describe the District by its name and number; shall include a description of the property comprising the

District and its estimated acreage and boundaries as is reasonably calculated to inform interested parties of the area comprising the District; shall include a map or diagram of the area reasonably calculated to show the boundaries of the District and the major roadways in or adjacent to the District; and shall designate the county officer or employee from whom further details may be obtained.

Section 3: Further notice of the hearing shall be given by publishing one (1) time in a newspaper of circulation in Fort Bend County not earlier than the thirtieth (30th) day or later than the tenth (10th) day before the hearing.

Section 4: All residents, property owners, and qualified voters within the District, and all other interested persons, are hereby invited to appear in person or by their attorney and contend for or contest the calling of the proposed bond election in the District, and offer testimony pertinent to any issue presented on the question of the calling of the bond election.

Section 5: A copy of this Order shall be recorded in the minutes of this Court.

MONTHLY REPORT  
SEPTEMBER, 1989

Construction / Maintenance  
6400 Homestead Road  
Rosenberg, Texas 77471

The removal of vegetation from channels during September, 1989 was accomplished primarily by shredding operations. Herbicide applications were made as follow-up treatments to channels that had recently been cut.

Shredding was done on fifty-six (56) channels that included Big Creek II-B, Brays Bayou IX, Duval Ditch II-J and its tributaries, and Sims Bayou and several of its tributaries. Herbicides were applied to twenty-six (26) channels.

The District's bridge crews worked on a variety of projects that included the installation of a new low-water crossing on Snake Creek I-C. They also built a new concrete chute on Brookshire Creek II-F-1 that eliminated an eroded confluence with an incoming tributary. The crew also replaced eight (8) watergates on Sims Bayou VIII, Snake Creek I-C, Turkey Creek II-A-2, and Willow Fork of Buffalo Bayou V-A-2. They also made repairs to a bridge across Flewellen Ditch II-E-10 and began the replacement of the bridge across Snake Creek I-C at Meyer Road in Precinct #2. Two (2) members of the crew hauled dirt on the Rabbs Bayou II-D project the entire month.

Work continued on the Big Creek Bypass. The District's Northwest 9570 and Rapier NCK-305 draglines dug approximately twenty-three thousand (23,000) cubic yards. In September Lonnie Lischka Company began excavation on the project. Their equipment, consisting of three (3) rubber-tired scrapers, dug one hundred sixty-eight thousand (168,000) cubic yards.

The Linkbelt LS-98C dragline continued to dig on Rabbs Bayou II-D. Approximately seven thousand three hundred (7,300) cubic yards were dug, trucked and levelled.

The Linkbelt LS-2800 completed the installation of drop inlet pipes on Willow Waterhole VIII-C-1, and then began work on an inter-local agreement project with the City of Missouri City.

The following charts show each project worked and which equipment was used during September, 1989.

PETITION FOR BOND ELECTION IN  
FORT BEND COUNTY ROAD DISTRICT NO. 1  
OF FORT BEND COUNTY, TEXAS

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

TO THE HONORABLE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS:

WE, the undersigned, being a majority of the qualified voters of Fort Bend County Road District No. 1 of Fort Bend County, Texas (the "District"), collectively the "Petitioners", respectfully petition your honorable body to order an election to be held in the District at the time prescribed by law for the purpose of submitting to the duly qualified voters of the District for their action thereon the following proposition:

PROPOSITION I

SHALL THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, ("COMMISSIONERS COURT") BE AUTHORIZED TO ISSUE AND SELL AT ANY PRICE OR PRICES THE BONDS OF FORT BEND COUNTY ROAD DISTRICT NO. 1 (THE "DISTRICT") IN ONE OR MORE ISSUES OR SERIES IN THE MAXIMUM AMOUNT OF \$4,500,000 MATURING SERIALLY OR OTHERWISE IN SUCH INSTALLMENTS AS ARE FIXED BY THE COMMISSIONERS COURT OVER A PERIOD OR PERIODS NOT TO EXCEED THIRTY YEARS FROM THEIR DATE OR DATES, BEARING INTEREST AT ANY RATE OR RATES NOT TO EXCEED THE MAXIMUM RATE NOW OR HEREAFTER AUTHORIZED BY LAW, ALL AS MAY BE DETERMINED BY THE COMMISSIONERS COURT FOR THE PURPOSE OF PURCHASING, CONSTRUCTING, ACQUIRING, OWNING, MAINTAINING, AND OPERATING PAVED ROADS AND TURNPIKES FOR THE DISTRICT, OR IN AID THEREOF, INCLUDING PAYMENT OF (1) THE COST OF ACQUISITION OF LAND FOR THE FORT BEND PARKWAY (THE "PARKWAY"), INCLUDING LAND FOR OUTFALL DRAINAGE AND STORM

WATER DETENTION FACILITIES, OR FOR ENVIRONMENTAL MITIGATION, (2) PAYMENT OF FEES AND EXPENSES OF THE DISTRICT ASSOCIATED WITH LAND ACQUISITION, PUBLIC HEARINGS, ENVIRONMENTAL IMPACT STATEMENTS, LANDSCAPING, PRELIMINARY AND FINAL PLANS AND SPECIFICATIONS FOR THE PARKWAY, INCLUDING DRAINAGE AND STORM WATER DETENTION FACILITIES, OR FOR ENVIRONMENTAL MITIGATION, AND ALL OTHER FEES, EXPENSES, OR COSTS NECESSARY OR USEFUL IN THE DESIGN OF THE PARKWAY, OR TO SECURE THE COMMITMENT OF THE TEXAS DEPARTMENT OF HIGHWAYS AND PUBLIC TRANSPORTATION TO CONSTRUCT THE INITIAL PHASE OF THE PARKWAY, (3) INTEREST DURING CONSTRUCTION OF THE PARKWAY, (4) FEES AND EXPENSES RELATING TO THE ISSUANCE OF THE BONDS, (5) OPERATING AND ADMINISTRATIVE EXPENSES OF THE DISTRICT, AND (6) OTHER FEES, EXPENSES, AND COSTS RELATING TO THE DISTRICT OR THE ACQUISITION OR CONSTRUCTION OF THE PARKWAY, INCLUDING LANDSCAPING, DRAINAGE OR STORM WATER DETENTION FACILITIES, OR ENVIRONMENTAL MITIGATION; AND TO PROVIDE FOR THE PAYMENT OF PRINCIPAL AND REDEMPTION PRICE OF AND INTEREST ON THE BONDS BY THE LEVY AND COLLECTION OF A SUFFICIENT TAX UPON ALL TAXABLE PROPERTY WITHIN THE DISTRICT, ALL AS AUTHORIZED BY THE CONSTITUTION AND LAWS OF THE STATE OF TEXAS; PROVIDED, FURTHER, HOWEVER, THAT THE RIGHT-OF-WAY OF THE PARKWAY SHALL ABUT THE WEST LINE OF THE G. T. BARRON TRACTS, SAME BEING THE EAST LINE OF THE FIRST ASSEMBLY OF GOD OF STAFFORD TRACT, LOCATED IN THE H. SHROPSHIRE SURVEY, ABSTRACT 313, FORT BEND COUNTY, TEXAS.

WHEREFORE, your Petitioners respectfully pray that the Commissioners Court fix a time and place for hearing on this Petition, that due notice thereof be given, that said hearing be held, and that said election be ordered as herein prayed for.

DATED this the 16th day of October, 1989.
