RE: Monthly reports of Fee Officers

Gentlemen:

We have examined the monthly reports of certain Fee Officers identified below for the month of July, 1990. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

The breakdown of the fees paid by the Tax Collector in July is attached to this letter.

The following is the criminal and civil case report for the JPs for the month of July, 1990:

| JP    | # OF CASES: | New | Pending | Dismissed | Paid | Open | Civil Cases |
|-------|-------------|-----|---------|-----------|------|------|-------------|
| JP 1  | Geick       | 738 | 4435    | 155       | 368  | 4650 | 41          |
| JP2-1 | Molina      | 298 | 1695    | 99        | 194  | 1700 | 64          |
| JP2-2 | Fredrickson | 534 | 918     | 171       | 382  | 899  | 4           |
| JP3   | Stahl       | 357 | 1729    | 26        | 144  | 1916 | 47          |
| JP4   | Adolphus    | 573 | 4388    | 259       | 444  | 4258 | 25          |

There was nothing that would lead us to believe that these reports are not, in all material respects, a fair representation of cash transactions of the records presented to us.

We recommend that these reports be approved subject to completion of our examination of reports of such officers for the year ending December 31, 1990.

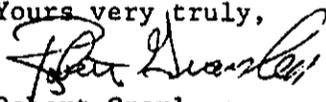

If the Court concurs, the following order might be adopted:

Moved by Commissioner\_\_\_\_, seconded by Commissioner\_\_\_\_, duly put and carried, it is ordered that the monthly reports of fees collected by Fee Officers identified below, for the month of July, 1990 be approved as recommended by the County Auditor in his letter of September 10, 1990.

RE: Monthly reports of Non-Fee Officers

Gentlemen:

We have examined the monthly reports of certain Non-Fee Officers identified below for the month of July, 1990. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

We recommend that these reports be approved subject to completion of our examination of reports of such officers for the year ending December 31, 1990.

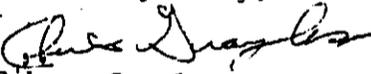

If the Court concurs, the following order might be adopted:

Moved by Commissioner\_\_\_\_, seconded by Commissioner\_\_\_\_, duly put and carried, it is ordered that the monthly reports of fees collected by Non-Fee Officers identified below, for the month July, 1990 be approved as recommended by the County Auditor in his letter of September 10, 1990.

RE: Waiver of Penalty and Interest - Cindy Schwarze  
Account #.907-9960-20-088-0006  
Precinct #3

Ms. Schwarze is requesting waiver of penalty and interest on the above referenced account for 1989.

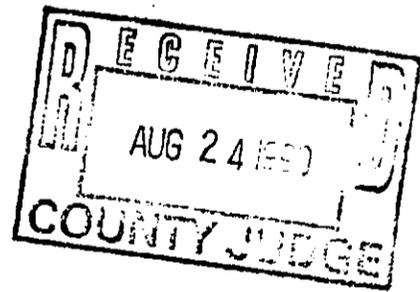

The tax office has carried a correct address on the account since 1988 when the account first appeared on the tax roll.

Breakdown of Tax Paid:

|                      |              |
|----------------------|--------------|
| Base Tax             | \$163.60     |
| Penalty and Interest | <u>24.53</u> |
| Total Paid           | \$188.13     |

I do not recommend waiver of penalty and interest on the above referenced account as there is no evidence of error on the part of the tax office.

AGENDA ITEM

County Judge Jodie E. Stavinoha  
Fort Bend County  
Box 368  
Richmond, Texas 77469

Dear Judge Stavinoha:

As you know, Champion has taken an option on approximately 100 acres of property in Fort Bend County. This site appeals to us because of the proximity to other Champion facilities and the long term relationship with Fort Bend County citizens.

The purchase is subject to a number of contingencies including the receipt of an easement to construct a railroad crossing and the favorable action on our tax abatement request.

We feel that our request is appropriate based on the economic impact study which is enclosed for your review. Please note that we are requesting a minimum of seven years tax abatement.

We would appreciate your review of this matter and your support of our petition.

Very truly yours,

ECONOMIC IMPACT STATEMENT

43 0042

Prepared By  
GREATER FORT BEND ECONOMIC DEVELOPMENT COUNCIL

Approved By  
CHAMPION TECHNOLOGIES, INC.

For Submission To  
FORT BEND COUNTY and FORT BEND INDEPENDENT SCHOOL DISTRICT

General Summary:

Champion Technologies Inc. is the successor corporation to Champion Chemicals Inc. "Champion" has operated facilities in Fort Bend County on Highway 521 at Fresno since 1972. The company manufactures basic chemicals for the oilfield industry; such as, corrosion and scale inhibitors, surfactants, crystal modifiers and water clarifiers. The company has been environmentally responsible and has not received a single notice of environmental non-compliance in its Fort Bend operations in its 18 years operating history. Champion is in the planning process of expanding its existing facilities in Fort Bend and purchasing a new 104 acre site on Highway 521 next to the Browning Ferris Industries' landfill to be used as a production facility. The entire expansion project is currently estimated to exceed \$13 million in capital expenditures on both sites, over a seven year period.

The company currently employs 28 people at its Fort Bend site. The project at the existing 29 acre Fresno site will be expanding its research, development, and technical services laboratory. Corporate engineering, environmental and governmental affairs, and safety groups are also housed in the existing facilities. The company is requesting a minimum of seven year tax abatement from Fort Bend County and the Fort Bend Independent School District.

Factors to be Considered From Tax Abatement Guidelines:

In addition to the values on real estate and equipment, the company estimates it will pay taxes on \$5 million in inventories annually at completion.

- Existing improvements on the Fresno site are currently taxed as follows:

|                                       |                    |
|---------------------------------------|--------------------|
| Fort Bend Independent School District | \$31,692.84 (1989) |
| Fort Bend County                      | 11,804.98 (1989)   |

- Proposed Improvements:

|              |   |
|--------------|---|
| Fresno Site: | \$1,400,000 (under construction, NOT abateable)                 |
|              | 750,000 Remodeling and Equipment (abateable)                    |
|              | <u>2,400,000</u> Expansion of Production Facilities (abateable) |

Total Abateable at Fresno \$3,150,000

New 104 Acre Site\* \$10,000,000 Over seven years for new production facilities

\*Site cost is approximately \$1,000,000.

3. The productive life of the improvements is in excess of 20 years.
4. Improvements will allow the retention of 15 existing jobs.
5. The new jobs to be created will include 32 manufacturing, clerical, Q.C., managerial and transportation jobs at average wages of \$36,000 per year and 12 technical/engineering people at average wages of \$45,000 per year.
6. Total new payroll generated will exceed \$1,692,000 annually.
7. It is anticipated that the majority of jobs provided will be filled by local area residents.
8. New Taxes to be Generated During the Abatement Period:

|                                     |             | <u>County</u> | <u>FBISD</u>  |
|-------------------------------------|-------------|---------------|---------------|
| Taxable Inventories                 | \$5,000,000 | \$26,135      | \$60,000      |
| New Land Purchase Price             | 1,000,000   | 5,227         | 12,000        |
| New Construction (NOT<br>abateable) | 1,400,000   | <u>7,317</u>  | <u>16,800</u> |
| TOTAL                               |             | \$38,679      | \$88,000      |

9. Additional New Taxes to be Generated After Abatement Period:

|                                      |             |               |                |
|--------------------------------------|-------------|---------------|----------------|
| New Construction at Fresno           | \$2,400,000 | \$12,544      | \$28,800       |
| Remodeling at Fresno                 | 750,000     | 3,920         | 9,000          |
| New Construction on<br>104 Acre Site | 10,000,000  | <u>52,270</u> | <u>120,000</u> |
| TOTAL                                |             | \$68,734      | \$156,800      |

10. County Cost to Provide Services = (If applicable, information to be provided by County.)

FBISD Cost to Provide Services = (If applicable, information to be provided by FBISD.)

11. Items #1, 8 and 9 answer the question of tax dollars available for public use before, during and after abatement period.

12. It is anticipated that no more than 10 people will relocate to Fort Bend County as a result of this project.

13. No public improvements will be made by the applicant in connection with this project. All improvements will be located on land owned by the company.

14. Champion Technologies is a direct competitor to certain products produced by Visco Division of Nalco Chemical in Sugar Land. The companies already compete for sales. Nalco is moving some production to a new facility in Freeport. The addition of Champions' project may serve to offset Nalco jobs being lost to its new Freeport plant.

15. The location of these new facilities will create interim construction employment and local sub-contractors should benefit.

16. The location of these facilities will increase rail tonnage and truck volume in Fort Bend.

17. The project meets existing codes and ordinances and will be constructed in strict accordance to applicable codes.

18. The plant will utilize the latest environmental technology available and will comply with all Texas water quality and air quality standards.

Recommendations from Greater Fort Bend Economic Development Council:

We believe this project qualifies for tax abatement consideration from the County of Fort Bend and Fort Bend Independent School District and hereby recommend positive action on this request.

Champion Technologies, Inc.  
Fort Bend County  
Technology Center and Manufacturing Facility

Champion Technologies, Inc.'s expansion of its Fort Bend County Technology Center and Manufacturing facility includes a new \$2.1 million, two-story, 18,000 square foot laboratory facility. The newly developed facility will also include the complete renovation of the existing structure using the same architectural design as before. A new entrance will be installed on the southern side of the property; new concrete roadways and lighted parking lots are being installed; and landscaping and drainage are being developed to make the facility as esthetically pleasing as possible.

The Champion Technologies, Inc. Manufacturing Facility is being expanded on the same location, with a \$2.4 million expansion being proposed. Pre-construction permitting from the Texas Air Control Board with air quality modeling has been completed and approved within the guidelines of the Agency for emissions. State-of-the-art abatement equipment is being installed and the overall facility will be developed in keeping with the currently designed facility.

Presently, this facility is undergoing a \$100,000 upgrading of all roadways and newly developed drum storage that is being covered with asphalt.

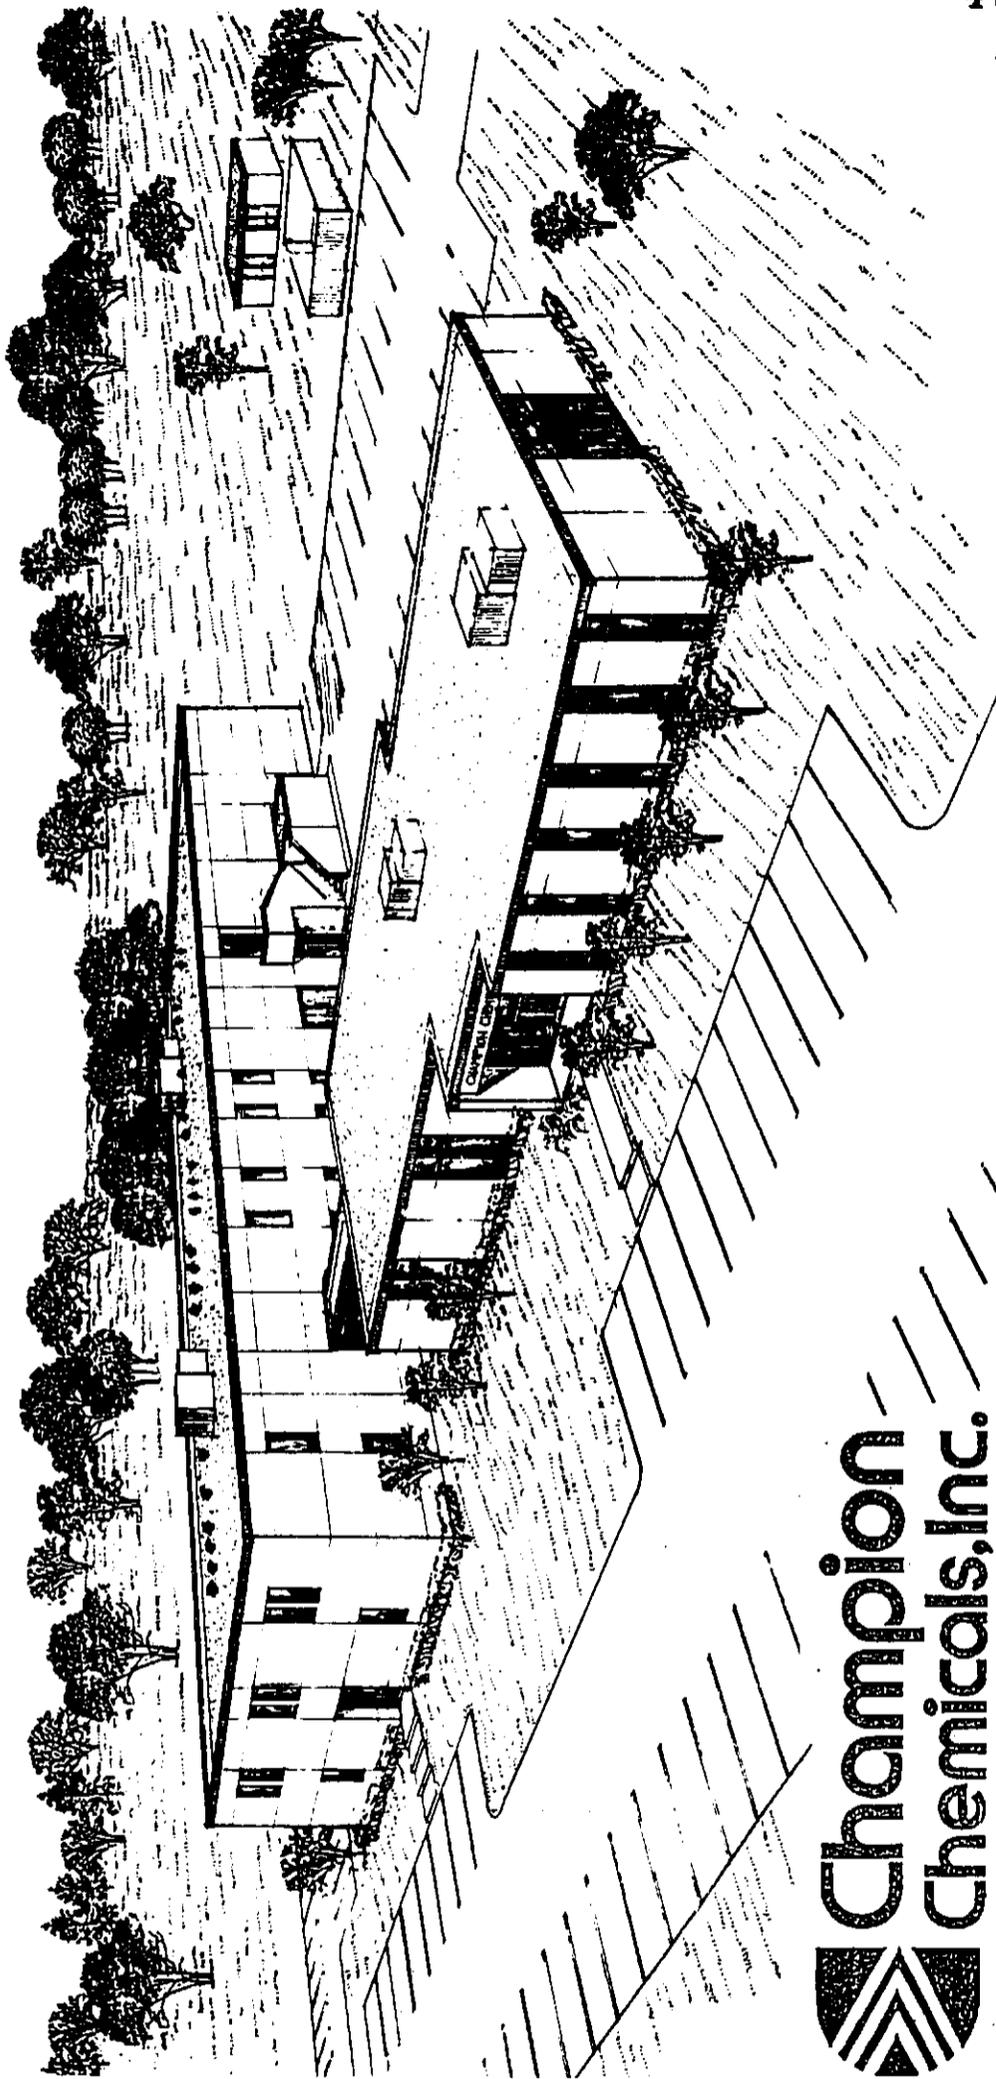

Champion Technologies, Inc.  
Proposed  
Fort Bend County  
Manufacturing Facility

Champion Technologies, Inc.'s proposed new manufacturing facility in Fort Bend County, approximately one mile from the township of Fresno, Texas on FM 521 will be constructed in an environmentally safe manner. It will be a fully permitted facility in compliance with the rules and regulations of the Environmental Protection Agency as set forth in Title 40 of the Code of Federal Regulations and fully permitted prior to the commencement of construction by the Texas Air Control Board and Texas Water Commission. State-of-the-art abatement and treating facilities will be installed and all air and water emissions will be in compliance with all federal and state guidelines.

Architecture, landscaping, and drainage will be developed in a professional manner, keeping in mind the industrial setting within which it lies and in association with its neighboring facilities. Expenditures in the range of \$500,000 to \$1 million will be made as the site is developed.

Re: Fort Bend Flood Control Water Supply Corporation

Dear Judge and Commissioners:

In connection with items to be considered at the next Commissioners' Court meeting, enclosed review copies of the following, in connection with the Oyster Creek Project:

- 1) Resolution Approving Purchase Prices for and Authorizing Execution of Documents for Certain Tracts of Land Required for the Flood Control Improvements to Flat Bank Creek, Middle Oyster Creek, and Stafford Run; and authorizing the Fort Bend Flood Control Water Supply Corporation to Take All Necessary Action to Acquire Such Land.
- 2) Resolution Approving Environmental Assessment of Certain Land in Connection with Flood Control Improvements to Flat Bank Creek, Middle Oyster Creek and Stafford Run; and Authorizing the Fort Bend Flood

Control Water Supply Corporation to Take All Necessary  
Action To Obtain such Environmental Assessments.

- 3) Resolution Ordering the Reimbursement of Costs for  
Relocation or Adjustment of Certain Pipelines

I am placing these items on the agenda for the next  
Commissioners Court meeting. If you have any questions regarding  
the foregoing or revisions to be made, please call me at 651-2674.

Very truly yours,  
VINSON & ELKINS

| Alton Pressley  | Comm., Prec. #3 |
| Bob S. Lutts    | Comm., Prec. #4 |
| Dianne Wilson   | County Clerk    |

and all of said persons being present except \_\_\_\_\_  
Commissioner Bud O'Shieles

Whereupon, among other business, the following was transacted at said meeting:

RESOLUTION APPROVING PURCHASE PRICES FOR LAND REQUIRED FOR THE FLOOD CONTROL IMPROVEMENTS TO FLAT BANK CREEK, MIDDLE OYSTER CREEK AND STAFFORD RUN; AND AUTHORIZING THE FORT BEND FLOOD CONTROL WATER SUPPLY CORPORATION TO TAKE ALL NECESSARY ACTION TO ACQUIRE SUCH LAND

The resolution was duly introduced for the consideration of the Commissioners Court and reviewed in full. It was then duly moved and seconded that the resolution be adopted; and, after due discussion, the motion, carrying with it the adoption of the resolution, prevailed and carried by the following vote:

AYES: \_\_\_\_\_  
NOES: \_\_\_\_\_

The County Judge thereupon announced that the motion had duly and lawfully carried and that the resolution had been duly and lawfully adopted. The resolution thus adopted follows:

RESOLUTION APPROVING PURCHASE PRICES FOR LAND REQUIRED FOR THE FLOOD CONTROL IMPROVEMENTS TO FLAT BANK CREEK, MIDDLE OYSTER CREEK AND STAFFORD RUN; AND AUTHORIZING THE FORT BEND FLOOD CONTROL WATER SUPPLY CORPORATION TO TAKE ALL NECESSARY ACTION TO ACQUIRE SUCH LAND

WHEREAS, the Commissioners Court of Fort Bend County (the "Commissioners Court") has the authority and responsibility to provide flood control and drainage improvements for Fort Bend County, Texas; and

WHEREAS, Article 1434a, Vernon's Texas Civil Statutes, authorizes the creation of a nonprofit water supply corporation to provide water, sewer and drainage services; and

WHEREAS, Fort Bend Flood Control Water Supply Corporation (the "Corporation") has been duly created in accordance with Article 1434a and its Board of Directors has met and organized; and

WHEREAS, a nonprofit corporation whose purposes and activities comply with Revenue Ruling 63-20 is eligible to issue tax-exempt bonds "on behalf" of a political subdivision; and

WHEREAS, the Corporation was created in accordance with Revenue Ruling 63-20 and on February 23, 1987, the Commissioners Court approved the creation of the Corporation to act "on behalf" of Fort Bend County; and

WHEREAS, the Corporation is therefore eligible to issue tax-exempt revenue bonds to finance flood control and drainage improvements; and

WHEREAS, Article III, Section 49-d-2 of the Texas Constitution and the Texas Water Code authorize the Texas Water Development Board (the "Water Development Board") to provide loans of flood control funds to political subdivisions, including Article 1434a corporations, for the development of flood plain management plans and for structural and nonstructural flood control projects; and

WHEREAS, there is a public necessity for flood control improvements to the Flat Bank Creek, Middle Oyster Creek and Stafford Run watersheds (the "Project"), which are located in Fort Bend County, Texas; and

WHEREAS, the Corporation has funds available to finance the Project from the proceeds of its \$20,325,000 Fort Bend Flood Control Water Supply Corporation Revenue Bonds, Series 1989 (the "Bonds"); and

WHEREAS, in connection with the Project, it is necessary for the Corporation to acquire certain land; and

WHEREAS, the Corporation has requested and received certain appraisals of the land required; and

WHEREAS, the Commissioners Court now desires to authorize and proceed with any and all necessary action to authorize the Corporation to consummate purchase of the land described in Exhibit "A"; Now, Therefore

BE IT RESOLVED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY THAT:

Section 1: The Commissioners Court hereby confirms that a public necessity exists for the Project and requires acquisition of the land described in Exhibit "A".

Section 2: The Commissioners Court hereby approves the purchase prices for land submitted by the Corporation which are attached hereto as Exhibit "A", and authorizes the Corporation to acquire such land, to execute all contracts and other documents in connection therewith and to make all payments due pursuant to the terms thereof. No further approval shall be required if the ownership is different from that shown on Exhibit "A," provided, however, in the event that a tract is divided into two or more parcels, the total purchase price shall not exceed the amount shown on Exhibit "A."

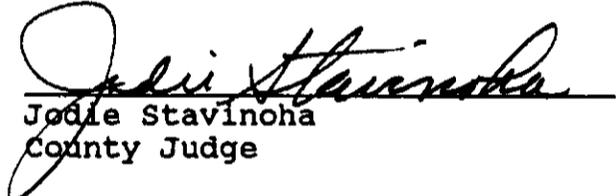

Section 3: The Corporation and its consulting engineers, attorneys and financial advisors are hereby authorized to take all necessary actions to acquire such land necessary to construct and maintain the Project.

PASSED AND APPROVED this 10 day of September, 1990.

**PROPOSAL FOR ENVIRONMENTAL SERVICES  
19 TRACTS FOR DETENTION PONDS  
STAFFORD RUN IMPROVEMENTS  
FORT BEND COUNTY, TEXAS**

Dear Mr. Lippke:

McBride-Ratcliff and Associates, Inc., (MRA) is pleased to submit this proposal to provide environmental services for 19 tracts including the Goldberg tracts as part of the Stafford Run Improvements Project in Fort Bend County, Texas. The estimated cost for the environmental services on the 19 tracts is \$35,000.

**Project Description**

The environmental study will address the three Goldberg tracts and 16 additional tracts within the expanded detention pond complex. The total area of the 19 tracts is about 122 acres. The area includes Pond Nos. 1 through 5 and immediately adjacent land parcels. The 19 tracts presently contain nine separate bodies of water with estimated depths up to 50 ft and 30 structures ranging from sheds to residences.

The intent of the environmental study is to accomplish the following:

- a. Evaluate past and present usage of the properties and determine their regulatory status relative to environmental considerations
- b. Sample and test existing soils, sediments, and water for possible contaminants
- c. Investigate the possible presence of Asbestos-Containing Material (ACM) in the existing structures

The assessment of these concerns should make it possible to evaluate the impact of environmental considerations on the detention pond project.

**Proposed Scope of Study**

The proposed scope of study consists of five primary activities. These activities include site assessment, sediment sampling, soil sampling, asbestos evaluation, and preparation of a report presenting the study findings. The scope of work for each of these activities is discussed as follows:

Fort Bend County Flood Control Water Supply Corporation  
c/o Mr. Paul Lippke  
August 23, 1990  
Page 2

**Site Assessment.** The site assessment will consist of six tasks. These tasks are as follows:

- a. We propose to assemble aerial photography for the previous 30 to 40 years (four photos) to evaluate land usage over that time period. We will look for evidence of environmentally significant activities on the photos.
- b. We will search our computer database of sites and locations regulated under RCRA, TWC, TDH, CERCLIS, and LUST to identify regulated sites within a 1-mile radius of the project area. We will review the contents of the regulatory files for potentially significant sites to obtain additional information on past history, types of activities, operational violations, and legal actions. The files are accessed at the TWC and TDH in Austin and Region VI EPA in Dallas.
- c. We will review available oil and gas well maps for the area and review Railroad Commission files for data on wells that may be located on or very near the project site.
- d. We will perform a site reconnaissance to search for environmentally significant features on site. This activity will be documented with photographs and a site reconnaissance report.
- e. We will subcontract a search of the deed records for the 19 tracts to obtain a history on site ownership. The intent of this exercise is to identify previous or present owners who are involved in environmentally significant activities.
- f. The data collected by this site assessment study will be presented in a section of the final environmental report for the project.

**Sediment Sampling.** There are nine bodies of water on site. Our experience tells us that bottom sediments are typically a much better indicator of environmental status than the impounded water. Consequently, we propose to not sample or test the water and concentrate on the bottom sediments. If we obtain indications of elevated chemical parameter levels in the sediments, we may recommend additional sampling and testing efforts involving the water. The sediment samples will be obtained at 16 locations per lake by a two-man crew working from a boat. We will composite samples in groups of four to reduce analytical testing costs and analyze the total of 36 composited samples for the following:

- a. Total volatile organics
- b. Total petroleum hydrocarbons
- c. pH
- d. Seven metals (lead, cadmium, chromium, zinc, copper, nickel and arsenic)

The analytical testing program is basically a screening exercise looking for important indicators. A full spectrum analysis of each composited sample would increase costs for this activity by a factor of three to five and is not warranted unless a composited sample shows elevated levels of one or more parameters. Full spectrum analyses may be necessary as a second phase effort if positive indications of elevated levels are obtained during this screening activity.

 August 23, 1990  
 Page 3

**Soil Sampling.** We propose to run head-space screening tests with a PID on soil samples recovered from the Goldberg tracts for the geotechnical study. In addition, we plan to obtain shallow (3-ft depth) auger samples from the remaining 16 tracts and run head-space tests on those samples. The primary intent of this exercise is to search for elevated levels of organic compounds in soils distributed across the entire project area.

**Asbestos Evaluation.** We will perform a reconnaissance of the 30 structures with AHERA-trained personnel. Any areas of suspected ACM will be sampled for laboratory analysis. We do not plan to dismantle structural elements and will concentrate solely on materials that are reasonably accessible.

**Report.** We will prepare a report documenting our activities and presenting the accumulated information and database. Conclusions and recommendations related to our findings will also be provided in the report.

**Budget**

Our estimated fee to provide the environmental services for the 19 tracts is \$33,800. This budget will not be exceeded without your prior written approval. A breakdown of the estimated budget is as follows:

|   |                 |
|---|-----------------|
| Site Assessment   | \$ 3,200        |
| Sediment Sampling & Testing<br>(144 specimens composited to 36 samples) |                 |
| - Sampling (9 days)   | 7,300           |
| - Analytical Testing  | 13,000          |
| Soil Sampling & Testing   | 2,200           |
| Asbestos Evaluation   |                 |
| - Reconnaissance  | 1,600           |
| - Sampling & Testing *  |                 |
| (90 samples @ \$30/sample)  | 2,700           |
| Report  | <u>3,800</u>    |
| <b>TOTAL ESTIMATED FEES</b>   | <b>\$33,800</b> |

\* Based on estimated 90 samples

**Schedule**

We can mobilize in the field within three days after notification to proceed is issued. The environmental field work will require 15 working days. Our report can be issued 15 to 20 days after completion of the field work. Our schedule assumes that the geotechnical and environmental studies will be performed concurrently.

The County Judge thereupon announced that the motion had duly and lawfully carried and that the resolution had been duly and lawfully adopted. The resolution thus adopted follows:

RESOLUTION ORDERING THE REIMBURSEMENT OF COSTS FOR  
RELOCATION OR ADJUSTMENT OF CERTAIN PIPELINES

WHEREAS, the Commissioners Court ordered the relocation or adjustment of certain pipelines owned by Industrial Gas Supply Corporation ("Industrial"), a Texas corporation, to accommodate the Flat Bank Creek, Middle Oyster Creek and Stafford Run watersheds drainage project (the "Project") in a Resolution dated February 19, 1990; and

WHEREAS, Industrial has agreed to relocate or adjust its pipelines by its own means for an approximate cost of \$21,000; and

WHEREAS, Fort Bend Flood Control Water Supply Corporation (the "Corporation") has agreed to reimburse to Industrial its costs incurred in such relocation or adjustment; Now, Therefore

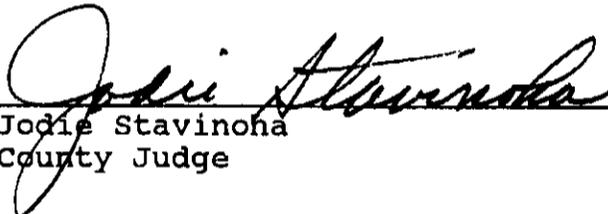

BE IT RESOLVED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY THAT:

Section 1: Industrial will accomplish such agreed to relocation or adjustment of its pipelines by its own means and within 120 days of the date of this Resolution.

Section 2: The Corporation will reimburse Industrial for those costs incurred in such relocation or adjustment at an approximate cost of \$21,000.

PASSED AND APPROVED this 10th day of September, 1990.

Re: July 1990 Invoices  
Fort Bend Flood Control Water Supply Corporation

Dear Mr. Stavinoha:

The enclosed invoices for work performed by consultants, contractors, and the Board of Directors for the FBFCWSC have been reviewed by the Fort Bend County Drainage District and the FBFCWSC bill review committee. The invoices were discussed at the August 22, 1990 FBFCWSC meeting of the Board of Directors and approved for payment.

We recommend payment of the invoices.

Re: Traffic Study - Sandi Lane at Elks Drive

Dear Sir:

Per your request dated 7-31-90, a traffic study was conducted at the above intersection. Three stop signs are warranted as shown on the attached sketch. Speed limits need to be reduced on Elks Drive as indicated on the attached drawing. In addition, add "Slow, Children at Play" signs as shown.

Karl Baker talked with Deputy Bonnie Hyde about the intersection and in particular, the school bus loading situation and turn around. The Katy I.S.D. school bus comes south on Elks Drive, turns into Sandi Lane, loads or unloads children, then backs out onto Elks Drive. Fort Bend Independent School District and Lamar Consolidated Independent School District have a general policy restricting school buses from backing into traffic and the county is required to furnish cul de sacs. A paved cul de sac exists at the end of Sandi Lane which would be a safer route for the school buses to take. Deputy Hyde said she would talk with the Katy Independent School District about the bus situation. No other controls can be placed that would solve this situation except the flashers on the bus. Action should be taken soon to upgrade the traffic control devices in the area as school will be starting at the end of this month.

If you have any questions, please call me or Karl Baker.

Sincerely,

Ronald D. Drachenberg, P.E., R.P.L.S.

FBC ENGINEERING DEPARTMENT  
PERMIT NO. 81190

THE STATE OF TEXAS  
COUNTY OF FORT BEND

KNOW ALL MEN BY THESE PRESENTS, that we Fort Bend County Municipal Utility District No. 2 as principal and Hartford Casualty Insurance as surety, are held and firmly bond unto FORT BEND COUNTY a body corporate and politic under the laws of the State of Texas, in the penal sum of Two Thousand Dollars DOLLARS (\$2,000.00) law full currency of the United States of America, for the payment of which, well and truly to be made, we do hereby bind ourselves, our heirs executors, administrators and successors, jointly and severally and firmly by these presents:

THE CONDITION OF THIS BOND IS SUCH THAT, WHEREAS, the above bounden principal contemplates laying, constructing, maintaining and/or repairing one or more cables, conduits and/or pole lines in, under, across and/or along roads, streets and highways in the County of Fort Bend, and the State of Texas, under the jurisdiction of the Commissioners Court of Fort Bend County, Texas, pursuant to the Commissioners Court order adopted on the 1st day of December, A.D., 1980, recorded in Volume 13, of the Commissioners Court Minutes of Fort Bend County, Texas, regulating same, which Commissioners Court order is hereby referred to and made a part hereof for all purposes as though fully set out herein;

AND WHEREAS, the principal desires to provide Fort Bend County with a performance bond covering all such cable, conduit and/or pole line activity.

NOW THEREFORE, if the above bounden principal shall faithfully perform all its cable, conduit and/or pole line activity (including, but not limited to, the laying construction, maintenance and/or repair of cables, conduits and/or pole lines) in, under, across and/or along roads, streets and highways in the County of Fort Bend and State of Texas, under the jurisdiction of the Commissioners Court of Fort Bend County, Texas, pursuant to and in accordance with the minimum requirements and conditions of the above mentioned Commissioners Court order set forth and specified to be by said principal done and performed, at the time and in the manner therein specified, and shall pay over and make good and reimburse Fort Bend County, all loss and damages which Fort Bend County may sustain by reason of any failure or on the part of said principal, then this obligation shall be null and void, otherwise to remain in full force and effect.

This bond is payable at the County Courthouse in the County of Fort Bend and State of Texas.

It is understood that at any time Fort Bend deems Deems itself insecure under this bond, it may require further and/or additional bonds of the principal.

EXECUTED this 23rd day of August, 19 90.

## POWER OF ATTORNEY

Know all men by these Presents, That the HARTFORD CASUALTY INSURANCE COMPANY, a corporation duly organized under the laws of the State of Indiana, and having its Executive Office in the City of Hartford, County of Hartford, State of Connecticut, does hereby make, constitute and appoint

ROBERT S. WINTER, HARRY A. PEYTON, DONNA REILAND and CHRISTINA D. THOMPSON  
of HOUSTON, TEXAS

its true and lawful Attorney(s)-in-Fact, with full power and authority to each of said Attorney(s)-in-Fact, in their separate capacity if more than one is named above, to sign, execute and acknowledge any and all bonds and undertakings and other writings obligatory in the nature thereof on behalf of the Company in its business of guaranteeing the fidelity of persons holding places of public or private trust; guaranteeing the performance of contracts other than insurance policies; guaranteeing the performance of insurance contracts where surety bonds are accepted by states and municipalities, and executing or guaranteeing bonds and undertakings required or permitted in all actions or proceedings or by law allowed,

and to bind the HARTFORD CASUALTY INSURANCE COMPANY thereby as fully and to the same extent as if such bonds and undertakings and other writings obligatory in the nature thereof were signed by an Executive Officer of the HARTFORD CASUALTY INSURANCE COMPANY and sealed and attested by one other of such Officers, and hereby ratifies and confirms all that its said Attorney(s)-in-Fact may do in pursuance hereof.

This power of attorney is granted under and by authority of the following Resolutions adopted by the Board of Directors of the HARTFORD CASUALTY INSURANCE COMPANY at a meeting duly called and held on the 15th day of June, 1988.

RESOLVED, that, the President or any Vice-President, acting with any Secretary or Assistant Secretary, shall have power and authority to appoint, for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, one or more Resident Vice-Presidents, Resident Assistant Secretaries and Attorneys-in-Fact and at any time to remove any such Resident Vice-President, Resident Assistant Secretary, or Attorney-in-Fact, and revoke the power and authority given to him.

Attorneys-in-Fact shall have power and authority, subject to the terms and limitations of the power of attorney issued to them, to execute and deliver on behalf of the Company and to attach the seal of the Company thereto any and all bonds and undertakings, and other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed by an Executive Officer and sealed and attested by one other of such Officers.

RESOLVED, that, Robert N. H. Sener, Assistant Vice-President, shall have, as long as he holds such office, the same powers as any Vice-President pursuant to the preceding Resolution.

RESOLVED, that, whereas the President or any Vice-President, acting with any Secretary or Assistant Secretary, has the power and authority to appoint by a power of attorney, for purposes only of executing and attesting bonds and undertakings, and other writings obligatory in the nature thereof, one or more Resident Vice-Presidents, Assistant Secretaries and Attorneys-in-Fact.

Now therefore, the signatures of such Officers and the seal of the Company may be affixed to any such power of attorney or to any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by facsimile signatures and facsimile seal shall be valid and binding upon the Company in the future with respect to any bond or undertaking to which it is attached.

RESOLVED, that, Robert N. H. Sener, Assistant Vice-President, may, as long as he holds such office, affix his signature by facsimile pursuant too and with the same effect as that granted to Vice-Presidents under the preceding Resolution.

In Witness Whereof, the HARTFORD CASUALTY INSURANCE COMPANY has caused these presents to be signed by its Assistant Vice-President, and its corporate seal to be hereto affixed, duly attested by its Secretary, this 1st day of March, 1988.

POWER OF ATTORNEY

Know all men by these Presents, That the HARTFORD CASUALTY INSURANCE COMPANY, a corporation duly organized under the laws of the State of Indiana, and having its Executive Office in the City of Hartford, County of Hartford, State of Connecticut, does hereby make, constitute and appoint

ROBERT T. WINTER, HARRY A. PEYTON, DONNA REILAND and CHRISTINA D. THOMPSON of HOUSTON, TEXAS

its true and lawful Attorney(s)-in-Fact, with full power and authority to each of said Attorney(s)-in-Fact, in their separate capacity if more than one is named above, to sign, execute and acknowledge any and all bonds and undertakings and other writings obligatory in the nature thereof on behalf of the Company in its business of guaranteeing the fidelity of persons...

and to bind the HARTFORD CASUALTY INSURANCE COMPANY thereby as fully and to the same extent as if such bonds and undertakings and other writings obligatory in the nature thereof were signed by an Executive Officer of the HARTFORD CASUALTY INSURANCE COMPANY and sealed and attested by one other of such Officers, and hereby ratifies and confirms all that its said Attorney(s)-in-Fact may do in pursuance hereof.

This power of attorney is granted under and by authority of the following Resolutions adopted by the Board of Directors of the HARTFORD CASUALTY INSURANCE COMPANY at a meeting duly called and held on the 15th day of June, 1988.

RESOLVED, that the President or any Vice-President, acting with any Secretary or Assistant Secretary, shall have power and authority to appoint, for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, one or more Resident Vice-Presidents, Resident Assistant Secretaries and Attorneys-in-Fact and at any time to remove any such Resident Vice-President, Resident Assistant Secretary, or Attorney-in-Fact, and revoke the power and authority given to him.

Attorneys-in-Fact shall have power and authority, subject to the terms and limitations of the power of attorney issued to them, to execute and deliver on behalf of the Company and to attach the seal of the Company thereto any and all bonds and undertakings, and other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed by an Executive Officer and sealed and attested by one other of such Officers.

RESOLVED, that, Robert N. H. Sener, Assistant Vice-President, shall have, as long as he holds such office, the same powers as any Vice-President pursuant to the preceding Resolution.

RESOLVED, that, whereas the President or any Vice-President, acting with any Secretary or Assistant Secretary, has the power and authority to appoint by a power of attorney, for purposes only of executing and attesting bonds and undertakings, and other writings obligatory in the nature thereof, one or more Resident Vice-Presidents, Assistant Secretaries and Attorneys-in-Fact.

Now therefore, the signatures of such Officers and the seal of the Company may be affixed to any such power of attorney or to any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by facsimile signatures and facsimile seal shall be valid and binding upon the Company in the future with respect to any bond or undertaking to which it is attached.

RESOLVED, that, Robert N. H. Sener, Assistant Vice-President, may, as long as he holds such office, affix his signature by facsimile pursuant too and with the same effect as that granted to Vice-Presidents under the preceding Resolution.

In Witness Whereof, the HARTFORD CASUALTY INSURANCE COMPANY has caused these presents to be signed by its Assistant Vice-President, and its corporate seal to be hereto affixed, duly attested by its Secretary, this 1st day of March, 1988.

## AGREEMENT

THE STATE OF TEXAS §  
COUNTY OF FORT BEND §

THIS AGREEMENT (this "Agreement"), made and entered into by and between the COUNTY OF FORT BEND, a political subdivision of The State of Texas, hereinafter referred to as "County" and SUGARLAND PROPERTIES INCORPORATED, a Texas corporation, hereinafter referred to as "SPI".

WHEREAS, SPI desires to dedicate a portion of land, described in Exhibit "A" attached hereto, to the County, and further desires to construct all improvements thereon for Elkins Road;

WHEREAS, upon completion of the improvements by SPI, the County desires to abandon the land described in Exhibit "B" attached hereto ("Beltz Road");

WHEREAS, it is the desire of the County and SPI that this Agreement be subject to the terms, conditions, and requirements of Article 5421c-12, Vernon's Texas Civil Statutes; and,

WHEREAS, SPI agrees that the real property to be exchanged described in Exhibit "A" is equal to or greater than the fair market value of the real property described in Exhibit "B".

NOW, THEREFORE, in consideration of mutual understandings and agreements set forth herein, the sufficiency of which is hereby acknowledged by the parties hereto, the County and SPI agree as follows:

1. SPI shall construct improvements on the land described in Exhibit "A" attached hereto and prior to or upon completion of said construction, shall dedicate said land to County as part of Elkins Road.

2. When SPI completes the construction of the improvements on the land described in Exhibit "A" and such roadway improvements have been certified by the County Engineer to meet county standards, the County hereby agrees to accept said improvements into the County Road Maintenance System.

3. After the County has accepted the hereinbefore described land and improvements into the County Road Maintenance System, the County, in consideration for said land and improvements, will abandon and exchange the real property described in Exhibit "B" attached hereto provided, however, the terms and conditions of this exchange are subject to the terms and conditions of Article 5421c-12, Vernon's Texas Civil Statutes.

4. Once the improvements to Elkins Road are completed and the dedication has been accepted by the County, the County will maintain said improvements at its own cost and expense.

5. The County and SPI agree to execute and deliver all further instruments and documents and to take all further action that may be necessary or desirable in order to properly dedicate Elkins Road and abandon "Beltz Road".

IN WITNESS WHEREOF, the parties have executed this Agreement on the dates shown below, but made as of the date of the County's execution hereof.

Subject: HIV/AIDS Policy

Several weeks ago, Ms. Hopie Solomon brought a letter to me addressed to her from the Texas Department of Human Services. The letter said that Fort Bend County had to develop a policy concerning HIV/AIDS along the same guidelines used by the Texas Department of Human Services. I took it upon myself to handle this item.

I developed a policy along the guidelines furnished in the letter. I have had these guidelines approved by the Civil Division of the District Attorney's Office.

Along with the policy, we have to have training for our employees who will be dealing with the public who will be most likely to have HIV/AIDS. The Red Cross is furnishing pamphlets for our employees. Kris Tool from Polly Ryon Hospital has talked with me about conducting workshops for our employees. We are still in the process for developing the workshops.

If we are going to continue to receive state and federal funds in the social service area we have little choice in this matter. If you have any questions, please call me.

RE: HIV/AIDS Policy

Dear Mr. Selleh:

This office has reviewed the enclosed proposed HIV/AIDS policy. The policy contains the required workplace and confidentiality guidelines. It is my understanding that the third Texas Department of Human Services requirement, employee HIV/AIDS educational program, is being developed.

This office does not have any objections to the proposed policy.

Very truly yours,

FORT BEND COUNTYHIV/AIDS and Related Conditions in the Workplace

## GUIDELINES - Fort Bend County HIV/AIDS and related conditions in the workplace

1. The Federal Privacy Act, Texas Commission on Human Rights Act, the Texas Communicable Disease Prevention and Control Act require the County to treat confidentially all medical information concerning a diagnosis of HIV/AIDS. Information about a person's health is private; therefore, every reasonable precaution must be taken to protect this information. Unauthorized disclosure that an employee or client has HIV/AIDS is a criminal offence under the Texas Communicable Disease Prevention and Control Act.
2. Section 504 of the Rehabilitation Act of 1973, as amended, recognizes HIV/AIDS as a medical disability or handicap and prohibits HIV/AIDS-based discrimination by recipients of federal funds. Under the law, persons with HIV infection are entitled to the same rights and opportunities as persons with other communicable diseases.
3. As long as employees with HIV/AIDS are able to meet job performance standards, managers must ensure that they are treated as any other employee. Moreover, according to Section 504 requirements and County Policy, the County grants request for reasonable accommodations for employees with HIV/AIDS unless granting the request poses an undue hardship on the department.
4. The County ensures that development of HIV-related policies with current information from public health authorities, such as the Center for Disease Control of the United States Public Health Services, and with state and federal law and regulations. It is the County's position, based on current scientific information, that there is no risk of HIV/AIDS transmission in the normal work setting. Routine daily encounters with co-workers and clients pose no risk of transmitting the fragile, blood-borne virus.

FORT BEND COUNTYHIV/AIDS and Related Conditions in the Workplace (CONTINUED)

5. To respond to employee's concerns, the County requires that all employees receive education about HIV/AIDS. Knowledge and understanding about HIV/AIDS help increase employees' sensitivity to their colleagues with HIV/AIDS and increase the potential for more compassionate service delivery to clients.
6. On request, the County refers employees to agencies, organizations, and community support groups that offer counseling and support services.

Existing County civil rights complaint procedures are available to employees who believe they have been discriminated against on the basis of HIV/AIDS or related conditions. For more information about HIV/AIDS, please contact your regional or state office Wellness Program staff or EAP coordinator.

TEXAS DEPARTMENT OF HUMAN SERVICES  
**EXECUTIVE LETTER**

May 25, 1990

Number: 90-7

Expiration Date: December 31, 1990

To: All Employees

From: Ron Lindsey  
 Commissioner  
 State Office

Subject: HIV/AIDS and Related Conditions In the Workplace

The Texas Legislature has determined that the creation of workplace guidelines is necessary to ensure that the rights and privileges of individuals infected with the Human Immunodeficiency Virus (HIV) are protected. Senate Bill 959 was enacted by the 71st Legislature to require state agencies to develop these guidelines.

In addition, the Department of Human Services recognizes the sensitive, difficult issues and concerns faced by employees with HIV and its related conditions, including AIDS or seropositive test results. The department also recognizes the issues and concerns pertaining to employees who work directly with colleagues or clients with HIV/AIDS and related conditions.

Therefore, the department has developed the following guidelines to help all employees better understand how to deal with HIV/AIDS and related conditions in the workplace.

#### GUIDELINES

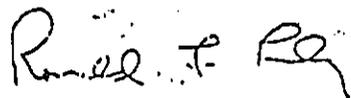

1. The Federal Privacy Act, Texas Commission on Human Rights Act, the Texas Communicable Disease Prevention and Control Act require the department to treat confidentially all medical information concerning a diagnosis of HIV/AIDS. Information about a person's health is private; therefore, every reasonable precaution must be taken to protect this information. Unauthorized disclosure that an employee or client has HIV/AIDS is a criminal offense under the Texas Communicable Disease Prevention and Control Act.
2. Section 504 of the Rehabilitation Act of 1973, as amended, recognizes HIV/AIDS as a medical disability or handicap and prohibits HIV/AIDS-based discrimination by recipients of federal funds. Under the law, persons with HIV infection are entitled to the same rights and opportunities as persons with other communicable diseases.
3. As long as employees with HIV/AIDS are able to meet job performance standards, managers must ensure that they are treated as any other employee. Moreover, according to Section 504 requirements and department policy, the department grants requests for reasonable accommodations for employees with HIV/AIDS unless granting the request poses an undue hardship on the department.

4. The department ensures that development of HIV-related policies is consistent with current information from public health authorities, such as the Center for Disease Control of the United States Public Health Services, and with state and federal law and regulations. It is the department's position, based on current scientific information, that there is no risk of HIV/AIDS transmission in the normal work setting. Routine daily encounters with coworkers and clients pose no risk of transmitting the fragile, blood-borne virus.
5. To respond to employees' concerns, the department requires that all employees receive education about HIV/AIDS. Knowledge and understanding about HIV/AIDS help increase employees' sensitivity to their colleagues with HIV/AIDS and increase the potential for more compassionate service delivery to clients.
6. On request, the department refers employees to agencies, organizations, and community support groups that offer counseling and support services.

In addition, the department provides its employees with the following:

1. Information about how to access the department's Employee Assistance Program (EAP) for confidential counseling and assistance with concerns pertaining to HIV/AIDS and related conditions.
2. Information about health insurance and other benefits to employees with HIV/AIDS.
3. Information about testing concerning HIV infection and counseling through the department's EAP. At an employee's request, the department pays the cost of testing if
  - the employee documents to the department's satisfaction that the employee may have been exposed to HIV while performing duties with the department; and
  - the employee was exposed to HIV in a manner that the United Public Health Services has determined is capable of transmitting HIV.

Existing department civil rights complaint procedures are available to employees who believe they have been discriminated against on the basis of HIV/AIDS or a related condition. For more information about HIV/AIDS, please contact your regional or state office Wellness Program staff or EAP coordinator.

Ms. Hople Solomon, Director  
Fort Bend County Social Services  
P.O. Box 368  
Richmond, Texas 77469

Subject: Senate Bill 959

Dear Ms. Solomon:

This letter is to inform you of the requirements of Senate Bill 959, the Human Immunodeficiency Virus Services Act (Tex. Rev. Civ. Stat. Ann. art. 4419b-4), enacted by the 71st Legislature of the State of Texas, which affects the Texas Department of Human Services (TDHS) and any entities providing direct client services that contract with or are funded by the Department. The Act requires the Department, effective March 1990, to develop and implement HIV workplace guidelines, confidentiality guidelines, and HIV/AIDS education programs for Department employees and clients. TDHS guidelines must be based on Department of Health Model guidelines.

Additionally, it requires entities that contract with or are funded by the department to:

- a. adopt and implement workplace guidelines, similar to TDHS guidelines, for employees and clients;
- b. provide educational programs for employees and clients; and
- c. develop and implement guidelines regarding confidentiality of HIV/AIDS-related medical information for employees and clients served by the entity. These guidelines must be similar to TDHS guidelines and consistent with federal and state law and regulations. Any such entity that fails to adopt confidentiality guidelines will not be eligible to receive state funds until the guidelines are developed and implemented.

Attached are the HIV/AIDS Model Workplace Guidelines developed by the Texas Department of Health (TDH) as a result of Senate Bill 959, and the workplace and confidentiality guidelines developed by the Department pursuant to those requirements. As a DHS contractor, you are required to adopt workplace guidelines similar to these for your own employees and clients effective immediately.

Letter  
July 23, 1990

You are also reminded that TDHS contractors must comply with all state and federal anti-discrimination laws, including section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of handicap under any program or activity receiving federal financial assistance. Persons with contagious diseases are within the coverage of section 504; thus, it is unlawful to discriminate in admission practices or in providing services against persons with contagious diseases who are otherwise eligible for those services.

Sincerely,

Barry Gatlin

STATE OF TEXAS  
COUNTY OF FORT BEND  
AGREEMENT

The parties to this agreement are the Riceland Regional Mental Health Authority, hereinafter called "Authority" and the Fort Bend County Sheriff Department, hereinafter called "Sheriff".

I

The purpose of this agreement is for the parties to cooperate in the establishment and operation of a Mental Health Unit within the Sheriff Department which will provide Crisis Intervention Services including a Crisis Hotline, 24-Hour Emergency Screening and Assessment and Transportation.

When fully implemented, the Mental Health Unit will consist of one Sergeant and four Deputies all of whom will have special training in the handling of mentally disturbed persons. The number and rank of these officers is subject to renegotiation at any time on request of either party.

II

Selection of the above named officers and their replacements will be by mutual agreement of the parties. Hiring and firing shall be the sole responsibility of the Sheriff.

III

Authority shall reimburse Sheriff for the cost of salaries and the standard county employee benefits. Reimbursement shall be monthly based upon a statement of actual costs certified by the County Auditor. Authority shall provide all training and supervision pertaining to Mental Health work.

Authority shall also provide appropriate training and ongoing consultation to Sheriff's Dispatchers in order to assist them in the handling of crisis calls.

IV

Sheriff shall provide one (1) Sergeant and four (4) full time Deputies to staff the Mental Health Unit so that one officer is on duty during every shift every day. Sheriff shall provide for such training and supervision as he deems necessary and proper for these officers.

V

Sheriff shall also provide Emergency/Crisis Hotline service VIA a toll free 800 number (or equivalent) manned by Sheriff's Dispatchers 24 hours per day, every day. This number will be provided VIA taped message to after hours callers by the Fort Bend County Mental Health Clinic and is intended for the use of Fort Bend County callers only.

## VI

Sheriff shall provide all necessary vehicles and communication equipment required to handle crisis intervention and transportation.

## VII

Sheriff shall provide for the transportation of disturbed persons as ordered by the Fort Bend County Courts and/or requested by the Authority. This includes transportation to State Hospital from Fort Bend County regardless of the patient/client county of origin.

## VIII

All officers assigned to the Mental Health Unit shall give first priority to assisting the Authority and to the Fort Bend County Courts in handling the mentally disturbed. Only major disasters of life threatening situations may pre-empt this duty.

## IX

The Sheriff or his designee and the Authority's Executive Director or his designee shall develop specific job descriptions and performance measures for the Mental Health Unit and shall periodically evaluate the performance of the Unit and the individual members thereof.

## X

Authority Funds expended under this agreement shall not exceed \$165,000.

This agreement shall be in effect on September 1, 1990 through August 31, 1991 but may be terminated by either party upon giving thirty (30) days advance notice to the other party of the intent to terminate.

## XI

Sheriff agrees to maintain confidentiality of all Texas Department of Mental Health and Mental Retardation clients' identification, records and enrollment information and not to disclose such identification, records of information except as specifically authorized by law or by the Authority and the client in accordance with the Commissioner's Rules Chapter 403, Subchapter K governing client-identifying information.

September 1, 1990

- 3.14 [Riverside Regional Mental Health Authority (RRMHA) and any party performing services on behalf of RRMHA shall] not engage in procedures or practices which violate the human dignity of a client or a client's privacy or person.
- 3.16 When communication barriers exist, provisions are made to ensure that necessary interpretive services are available (e.g. sign language interpreters, interpreters of languages of major population subgroups, communication boards, etc.). Communication occurs in a language and format understandable to the client.
- 3.17 Consonant with the client-identifying information requirements specified in Chapter 403, Subchapter K [of the Commissioner's Directives], (RRMHA and any party performing services on behalf of RRMHA):
- Insures that all communications are in compliance with laws, rules and regulations governing confidentiality;
  - Has written policies and procedures consistent with the practice for the release of client identifying information;
  - Has a current release of information form within the client record for each occasion in which information is released (except when information is released to another component of the TDMMHR service system). Such form includes at least the [following information] listed in Section 403.299 or 403.300 [of Chapter 403, Subchapter K of the Commissioner's Directives]:
- 403.299 Form of Consent: Clients Other Than Alcohol and Drug Abuse Clients.
- (a) Whenever a person who has the authority to do so gives a written consent to the disclosure of client-identifying information, the information can be disclosed in accordance with the consent for disclosure and without the necessity of securing consent from any other person.
  - (b) Whenever a consent form authorizing the disclosure of client-identifying information concerning a client, other than an alcohol or drug abuse client, is received by a facility, center, or other designated provider, the requested disclosure shall be made if the consent form contains at least the following information:
    - (1) The name of the client
    - (2) A description of the client-identifying information covered by the consent form
    - (3) The person or organization to whom the client-identifying information is to be disclosed
    - (4) The consent for disclosure as evidenced by the signature of a person who has the authority to consent to the disclosure of the client-identifying information
    - (5) The date on which the consent form was signed
    - (6) A statement that the consent is subject to revocation at any time except to the extent that the program which is to make the disclosure has already acted in reliance on it. Acting in reliance includes the provision of treatment or services in reliance on a valid consent to disclose information to a third-party payor
    - (7) The date, event or condition upon which the consent will expire if not revoked before. This date, event, or condition must ensure that the consent will last no longer than reasonably necessary [no longer than one year] to serve the purpose for which it is given.
  - (c) A copy of a consent form required for use in any disclosure by consent initiated within facilities, centers, or other designated providers is [attached form RRMHA 5-11].
- 403.299 Form of Consent: Alcohol and Drug Abuse Clients.
- (a) A written consent to a disclosure must include:
    - (1) The name of the program which is to make the disclosure
    - (2) The name or title of the individual or the name of the organization to which disclosure is to be made

- (3) The name of the client
  - (4) The purpose of the disclosure
  - (5) How much and what kind of information is to be disclosed
  - (6) The signature of the client or person authorized to give consent for the client [spouse, parent, responsible family member, guardian, managing conservator, as appropriate]
  - (7) The date on which the consent is signed
  - (8) A statement that the consent is subject to revocation at any time except to the extent that the program which is to make the disclosure has already acted in reliance upon it. Acting in reliance includes the provision of treatment or services in reliance on a valid consent to disclose information to a third-party payor.
  - (9) The date, event or condition upon which the consent will expire if not revoked before. This date, event or condition must ensure that the consent will last no longer than reasonably necessary to serve the purpose for which it is given.
- (b) A copy of a consent form required for use in any disclosure by consent initiated within facilities, centers, or other designated providers is [attached form RMHA 5-11].
- (c) A disclosure may not be made on the basis of a consent which:
- (1) Has expired
  - (2) Does not comply with paragraph (a) of this section
  - (3) Is known to be revoked
  - (4) Is known, or through a reasonable effort could be known, by the person holding the records to be materially false.

--Releases client-identifying information to other components of the TDMHMR service system in compliance with 403.297 (in Chapter 403, Subchapter K of the Commissioner's Directives as follows:)

403.297 When Consent for Disclosure is not Required: Clients Other Than Alcohol and Drug Abuse Clients.

- (a) When consent has been previously given. Consent for Disclosure is not required if the information has previously been given by the legally authorized person and the duration of the consent has not expired.
- (b) When required by certain court proceedings. In court proceedings, client-identifying information may be disclosed without the consent of the client or the person authorized to consent for the client, as follows:
  - (1) When the proceeding is brought by the client against a professional, as in a malpractice proceeding, and disclosure is relevant to the claim or defense of the professional
  - (2) When the proceeding is brought to collect on a claim for services provided
  - (3) The the facility/center has examined and treated a client pursuant to a court-ordered examination after informing the client that future communications and records are not subject to the privileges of confidentiality
  - (4) When the proceeding is criminal prosecution in which the client is a victim, witness or defendant; however, records which are released in response to a subpoena may only be released to the judge of the court in which the prosecution is pending
- (c) When required by specific individuals in conduct of official business. In other than court proceedings, client-identifying information may be disclosed without consent as follows:
  - (1) To government agencies when required by law
  - (2) To medical or law enforcement personnel when the facility determines that there is a probability of imminent physical injury by or to the client
  - (3) To qualified personnel for audit or research purposes in accord with TDMHMR rules
  - (4) To persons involved in the collection of fees for mental or emotional health services to clients
  - (5) To other professionals under the direction of the treating professional who are participating in the diagnosis, evaluation and treatment of the client
  - (6) To medical personnel to the extent necessary to meet a bona fide medical emergency
  - (7) To personnel legally authorized to conduct investigations concerning complaints of abuse or denial of rights of mentally retarded persons
  - (8) To Advocacy, Incorporated, in the investigation of a complaint by or on behalf of a client with developmental disabilities who does not have a legal guardian or who is a ward of the state. Excepted from this disclosure without consent are records subject to attorney-client privilege, i.e. records of an investigation conducted at the request of a departmental attorney in preparation for potential litigation

- (d) When between components of the TDMHR service system including department facilities, community centers and other designated providers. Client-identifying information can be disclosed without consent of the client or the person legally authorized to consent for the client between components of the TDMHR service system provided:
- (1) That the client and/or legal guardian has been informed that the records may be exchanged at the time of or prior to release
  - (2) That the client and/or legal guardian is informed of the purpose of the release, i.e., to facilitate continuing care for the client and
  - (3) That this advisement is documented in the client's record, dated and signed by the client and/or legal guardian and staff.
- (e) When to attorney ad litem. Client records may be disclosed without the consent to the attorney ad litem representing the client in legal process.

- 5.5 Preservice training is provided to all categories of personnel (full-time, part-time, contract, and contract provider) and volunteers/students prior to assuming duties and is documented in training records. Preservice training includes, but is not limited to, policies and procedures addressing confidentiality, client rights, and client abuse and neglect. Annual updates are also required in these training topic areas.
- 6.9 [RRMHA, through the specified Employee Responsible for Contract Monitoring (E.5.)] monitors services provided by contract entities in accordance with contract provisions. Documentation of contract monitoring activities is maintained by the quality assurance coordinator.

Gentlemen:

During the cold weather in late December 1989 the George Memorial Library experienced a burst water pipe that caused the basement floor to flood. As a result of the water damage and subsequent repairs to ceilings, drywalls and carpeting, we had to pay an unanticipated \$3,292 for the repairs out of our 1990 budget.

This money was subsequently reimbursed by our insurer into the County's insurance fund where it now resides.

At this point in our current budget year we are down to \$2,812 in line item #7012--Building Repairs and we anticipate more expenses than what is remaining. For this reason I would like to rebudget the \$3,292 out of the Insurance Fund into the Library Department Fund 30, line item #7012. This will be an amendment to our budget.

I will appear before you on Monday, September 10, 1990 to ask your approval.

Sincerely,

Gentlemen:

I will appear before you on Monday, September 10, 1990 for your approval to seek bids on the following items for 1991:

- 1) Janitorial Services for the George Memorial Library and for the two branch libraries. Homeworks has the contract this year for the George Memorial Library at \$2,249 monthly, and Jani-King has contracts for Stafford (\$1,620 annual) and Needville (\$1,260 annual).
- 2) Copier Rentals for George Memorial Library and the two branches. We rent 9 copiers all together. This year Kopi-R Services has the contract at \$987.50 per month.

Thank you for your consideration.

Re: Agenda Item

Pursuant to the provisions of Section 118.131 of the Local Government Code, the commissioners court of each county shall set the fees to be charged by county offices for service by the offices of the sheriff and constables. This must be done before October 1 of each year to be effective January 1 of the following year.

I am recommending no changes in these fees for 1991.

Upon passage of the fee schedule, I will forward it to Texas Association of Counties for publication to all counties, State Bar and other agencies.

Please place this matter on the next available agenda.

The Honorable Jodie E. Stavinoha  
and County Commissioners  
Fort Bend County, Texas

RE: Lease Agreement for office of Justice of the Peace  
Precinct No. 4 to Subordination, Non-Disturbance and  
Attornment Agreement

Gentlemen:

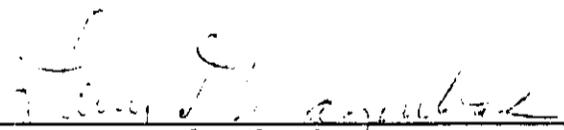

Attached hereto please find a copy of the above stated  
agreement. The landlord, Rod Barry, has requested that the  
County execute same as soon as possible.

The landlord is in the process of refinancing the center and  
the bank is requiring the agreement thereby putting the bank in  
the same position as the current lienholder. Without the County  
(and other lessees) signing the agreement, the bank will probably  
not approve the refinancing.

This agreement does not change the County's position. It in  
essence puts NCNB Texas National Bank in the stead of the current  
lienholder which the County holds its lease subject. No other  
terms or conditions of the lease agreement change.

This office has no material objection to this agreement and  
request that same be placed on Commissioners Court Agenda for  
September 10, 1990 for consideration.

Very truly yours,

Tenants  
Sugar Mill Plaza Shopping Center  
Sugar Land, Texas

Dear Tenant:

We are in the process of transferring ownership of Sugar Mill Shopping Center from "Sugar Mill Plaza" to "Reprise, Ltd.", a Texas Limited Partnership. The management of the center will remain unchanged and the same principals will be involved with the new company.

In connection with this transaction, we are obtaining a new loan from NCNB Texas National Bank.

To assist us in obtaining this new financing, current Tenants are being asked to sign the enclosed Subordination, Non-Disturbance and Attornment Agreement. This Agreement further assures your continued protection under the new loan and assures the lender that "all is in order" with our existing leases.

We look forward to a continuing relationship at Sugar Mill and we appreciate your cooperation in this matter. Please let me know if there are any questions.

Regards,

Rod Barry

SUBORDINATION, NON-DISTURBANCE AND ATTORNMENT AGREEMENT

THIS AGREEMENT is made and entered into as of August \_\_\_\_\_, 1990 by and among \_\_\_\_\_ a \_\_\_\_\_ Fort Bend County

(the "Lessee"), REPRISE, LTD., a Texas limited partnership (the "Borrower"), and NCNB TEXAS NATIONAL BANK, a national banking association (the "Lender").

RECITALS:

A. Borrower owns or shall acquire the real property described in Exhibit "A" hereto and all improvements located thereon, including without limitation, that certain shopping center (the "Property").

B. Lessee is the owner of a leasehold estate affecting the Property created under a certain lease agreement dated January 1, 1986, executed by Lessee, as tenant, and Sugar Mill Plaza, a Texas General Partnership, as landlord. Said lease and all renewals, extensions and modifications thereof are hereinafter collectively called the "Lease". The Lease covers certain space (the "Demised Premises") located at (insert address of Demised Premises) 939 Eldridge in the shopping center known as Sugar Mill Plaza in Fort Bend County, Texas.

C. Borrower will execute a "Deed of Trust" (herein so called) covering the Property, the improvements located thereon and other property for the benefit of Lender as a part of the security for indebtedness of Borrower to Lender evidenced or to be evidenced by one or more promissory notes, as same may be amended from time to time.

D. As a condition to Lender making the loan to Borrower, Lender requires that Lessee subordinate Lessee's leasehold interest in the Property covered by the Lease to the liens and security interests of the Deed of Trust and attorn to Lender pursuant to the terms and conditions herein.

AGREEMENTS:

In consideration of the premises, the mutual covenants and promises herein contained, and other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the undersigned parties hereto agree as follows:

1. With respect to the Lease provisions, Lessee certifies and agrees as follows:

(a) A true and complete copy of the Lease, together with all amendments, supplements, extensions and other modifications thereto of every nature, is attached hereto as Exhibit "B".

(b) The Lease is in full force and effect, and there have been no amendments, supplements, extensions or other modifications of any nature to the Lease, written or oral, except as shown in Exhibit "B".

(c) The commencement date of the Lease is January 1, 1986.

(d) The rent commencement date of the Lease is January 1, 1986. The amount of monthly rent is \$1,663.00 and has been paid through August 1990. No rent has been prepaid under the Lease.

(e) A security deposit in the amount of \$ 0 N/A has been paid under the Lease.

(f) The expiration date of the Lease is \* December 31, 1993.

\* OPTION TO CANCEL WITH 60 DAY WRITTEN NOTICE  
 (g) Lessee claims no rights with respect to the Demised Premises or the Property other than as set forth in the Lease.

(h) To Lessee's actual knowledge, there are no existing defenses or offsets against rent due or to become due under the terms of the Lease, and there are no existing uncured defaults by landlord under the Lease, and no event has occurred which, with the passage of time or the giving of notice or both, would constitute such a default.

(i) The landlord under the Lease has no obligations, matured or not yet matured, with respect to the payment of any amounts of money to Lessee, except as set forth in the Lease. The landlord has offered no rental concession or agreement, other than as stated in the Lease, to induce Lessee to enter into the Lease.

(j) To Lessee's actual knowledge as of the date hereof, there are no existing conditions or events that would permit a cancellation or termination of the Lease by Lessee.

2. Non-Disturbance. Notwithstanding anything contained in this Agreement to the contrary, so long as Lessee is not in default in the payment of rent or in the performance of any of the terms, covenants, conditions of the Lease on Lessee's part to

be performed, and subject to any notices or opportunity to cure any default contained in the Lease, Lessee's possession and occupancy of the Demised Premises and Lessee's rights and privileges under the Lease shall continue in full force and effect and shall not be interfered with or disturbed by Lender during the term of the Lease or any renewal thereof duly exercised by Lessee.

3. Attornment. If the interest of Borrower in the Property and under the Lease shall be acquired by Lender or such other purchaser at any foreclosure sale pursuant to the Deed of Trust and Lender or such other purchaser shall validly succeed to the interest of Borrower under the Lease, Lessee covenants and agrees to attorn to Lender or any other purchaser at any foreclosure sale pursuant to the Deed of Trust, as Lessee's new landlord, and agrees that the Lease shall continue in full force and effect as a direct lease between Lessee and Lender or such other person upon all of the terms, covenants, conditions and agreements set forth in the Lease; provided, however, Lessee shall be under no obligation to pay any monetary obligation set forth within the Lease until Lessee receives written notice from Lender that Lender or such other purchaser has validly succeeded to the interest of Borrower under the Lease due to a foreclosure sale pursuant to the Deed of Trust. However, in no event shall Lender or such other person be:

(a) liable for any act or omission, including, but not limited to, the failure to maintain the common areas, of any previous landlord;

(b) subject to any offset or counterclaim which Lessee might be entitled to assert against any previous landlord;

(c) bound by any payment of minimum rent, percentage rent, common area maintenance or equipment charges or other additional rent made by Lessee to pay any previous landlord for more than one (1) month in advance of the date such payment or payments are due;

(d) bound by any "material modification or amendment" (as hereinafter defined) of the Lease hereafter made without the consent of Lender, such consent not to be unreasonably withheld;

(e) liable to Lessee for any security deposit under the Lease not actually transferred and paid over to Lender; or

(f) bound by any obligation to indemnify Lessee under the Lease for acts by any prior landlord.

The term "material modification or amendment" shall be deemed to be a modification or amendment of the Lease that affects in any manner the rental income or term of the Lease.

4. Collection of Rents and/or Possession of the Property by Lender. The Deed of Trust provides that, under certain conditions, Lender shall be entitled to collect, receive and demand payment of any and all rents due on and under the Lease. Upon receipt by Lessee of a notice from Lender that Lender, in accordance with the terms and conditions of the Deed of Trust, is entitled to collect, receive and demand payment of any and all rents due on and under the Lease, Lessee shall make all payments of monetary obligations due by Lessee under the Lease to Lender or as Lender may in writing direct. Additionally, in the event that Lender, acting either in its own behalf or by and through an agent, shall enter into possession of the Property as a mortgagee-in-possession or otherwise in accordance with its rights under the Deed of Trust but has not at such time as it enters into possession of the Property acquired the interest of the Borrower in and to the Property or under the Lease, the Lease and all terms therein, and the rights of Lessee thereunder, shall continue in full force and effect and shall not be altered, terminated or disturbed, except in accordance with the terms of the Lease, and Lessee shall be bound to Lender under all the terms, covenants and conditions of the Lease for the balance of the term and all exercised renewals thereof with the same force and effect as if Lender were the landlord under the Lease. In such event, Lessee shall attorn to Lender as its landlord, such attornment to be effected and self-operative without the execution of any other instruments on the part of Lender or Lessee, immediately upon Lender entering into possession of the Property. Provided, however, Lessee should be under no obligation to pay any monetary obligations set forth in the Lease to Lender until Lessee receives written notice from Lender that Lender has entered into possession of the Property. Upon receipt by Lessee of such notice from Lender, Lessee shall make all payments and monetary obligations due by Lessee under the Lease to Lender or as Lender may in writing direct. The respective rights and obligations of Lessee and Lender upon such attornment, to the extent of the then remaining balance of the term of the Lease, and all renewals thereof, shall be and are the same as are then in existence as set forth in the Lease. The provisions of this Paragraph 4 with respect to entry of Lender in possession of the Property shall apply only to Lender or any other holder of the Deed of Trust who has given notice to Lessee of its ownership of the Deed of Trust and has furnished to Lessee its mailing address.

5. Subordination. Subject to the terms and conditions of this Agreement, Lessee covenants and agrees with Lender that the Lease and all of Lessee's right, title and interest in and to the Demised Premises covered by the Lease and any lease hereafter

executed by Lessee covering any part of the Property or any improvements situated thereon, is and shall be subject, subordinate and inferior to (a) the liens and security interests of the Deed of Trust and all other security instruments securing payment of any indebtedness of Borrower to Lender which cover or affect the Property, as same may be amended from time to time, and (b) all right, title and interest of Lender in the Property created by the Deed of Trust or any such security instrument, in the same manner and to the same extent as if the Lease had been executed subsequent to the execution, delivery and recordation of the Deed of Trust and such other security instruments.

6. Notice and Opportunity to Cure. Lessee shall furnish to Lender copies of all notices which Borrower is entitled to receive under the Lease relating to a default thereunder by Borrower. Furthermore, Lessee shall notify Lender in writing of the occurrence of any default by Borrower and shall permit Lender the same period of time (the "Cure Period") in which to cure such default as is allowed to Borrower under the Lease prior to proceeding to exercise any of the rights or remedies of Lessee under the Lease, including termination of the Lease, abatement of rental payments due thereunder, or performance of Borrower's covenants or obligations which Lessee asserts to be in default; provided, however, that the Cure Period granted to Lender herein shall be extended by any period of time during which Lender is diligently pursuing the cure of a default which cannot reasonably be expected to be cured within the initial Cure Period.

7. Limitation of Lender Liability. Notwithstanding anything to the contrary contained in this Agreement or the Lease, in the event of any default or breach by Lender with respect to any of the terms, covenants and conditions of the Lease to be observed, honored or performed by Lender as landlord, Lessee shall look solely to the estate and property of Lender in the Property for the recovery of any judgment (or any other judicial procedures requiring the payment of money by Lender) from Lender, it being agreed that Lender shall never be personally liable for any such judgment and that no property or assets of Lender other than Lender's interest in the Property shall be subject to levy, execution or other procedures for satisfaction of Lessee's remedies. Lender shall not be required to respond in monetary damages from any of its properties or assets other than Lender's interests in the Property.

8. Succession in Interest. For purpose of this Agreement, Lender will be deemed to have succeeded to the interest of Borrower under the Lease upon (i) the transfer of title to the Property to Lender, whether by virtue of foreclosure, sale or transfer in lieu of foreclosure, or pursuant to the exercise of any rights and remedies under the Deed of Trust or otherwise, or (ii) the occurrence of any other event as a result of which

Lender may acquire the right, title and interest of Borrower in and to the Lease or the Property.

9. Notices. All notices, requests and communications hereunder shall be given in writing or by telegram confirmed in writing, and shall be delivered or mailed by first class registered or certified mail, postage prepaid, return receipt requested to Lender, Borrower, or Lessee, as the case may be, at the addresses listed next to the signature of each of the foregoing parties. Any notice provided for herein shall become effective only upon and at the time of receipt by the party to whom it is given, unless such notice is mailed by registered or certified mail, in which case it shall be deemed to be received on the earlier of (i) the second business day of Lender following the mailing thereof, or (ii) the day of its receipt if such day is a business day of Lender (or if not a business day, the first business day thereafter). Any party may, by proper written notice hereunder to the other parties, change the individual address to which such notice shall thereafter be sent to such party.

10. Attorney's Fees. In the event any legal action or proceeding is commenced to interpret or enforce the terms of, or obligations arising out of, this Agreement, or to recover damages for the breach thereof, the party prevailing in any such action or proceeding shall be entitled to recover from the nonprevailing party all reasonable attorney's fees, costs and expenses incurred by the prevailing party as shall be plead and proven by such party and awarded by a court of competent jurisdiction.

11. Severability. If any term or provision of this Agreement shall to any extent be held invalid or unenforceable, the remaining terms and provisions hereof shall not be affected thereby, but each term and provision hereof shall be valid and enforceable to the fullest extent permitted by law.

12. Binding Agreement. The agreements herein contained shall be binding upon and shall inure to the benefit of the parties hereto, their respective successors, successors-in-interest and assigns, and, without limiting such, the recognition, non-disturbance, covenants and agreements of Lender shall specifically be binding upon any purchaser of the Property at foreclosure or at a sale under power.

13. Governing Law. The interpretation, validity and enforcement of this Agreement shall be governed by and construed under the laws of the State of Texas and the terms and conditions of this Agreement shall be performable in Houston, Harris County, Texas.

IN TESTIMONY WHEREOF, this instrument is executed effective as of the day and year first above written.

**Notice of Investigative Consumer Report.** In making this application, I understand that an investigative consumer report may be made by a consumer reporting agency. This report may include information as to my character, general reputation, personal characteristics, and mode of living, whichever applicable. I understand that I have the right to make a written request within a reasonable period of time for a complete and accurate disclosure of the nature and scope of the investigative consumer report.

**Information From Third Parties.** I authorize FBC to request and receive responses and information concerning me in addition to the investigative consumer report. I understand that such responses and information may be obtained from sources which include, but are not limited to, personal (e.g. family members, friends, neighbors, other personal acquaintances), consumer reporting agencies, schools, business/professional organizations/associations, law enforcement authorities, governmental agencies, present and past employers, branches of military service, and physicians, hospitals, medical clinics, and custodians of medical records. I authorize any such parties to furnish FBC with responses and information concerning me, and I release FBC and/or its agents from any and all liability and responsibility arising out of the release, request, receipt, or use of such responses and information.

**Truthfulness of Information Furnished.** I certify that the information which I have furnished on this application is true and complete, and I understand that any misrepresentation will be sufficient cause for my not being employed or for dismissal if employed. I also understand that employment is subject to satisfactory academic and past employment record and, if applicable, a satisfactory report of a physical examination by a company designated physician.

**Agreement.** By submitting this application, I agree that if hired I will conform to the rules and policies of the company, and understand that my employment and compensation will be for an indefinite period of time, and may be terminated with or without cause and with or without notice at any time, at the option of either the company or myself. I understand that no supervisor or representative of the company, other than the president, has the authority to enter into any agreement for employment for any specified period of time, or to make any employment guarantees.

I understand and voluntarily agree that I may be requested by the company to take a physical examination and/or urinalysis drug screen test at any time as a condition of initial or continued employment, and that failure to take such a test or unsatisfactory test results may result in my dismissal, as applicable by state law.

If hired, I understand I will be required to serve a ninety-day probationary period.

Each Member  
Commissioner's Court  
Fort Bend County, Texas

Gentlemen,

On Bid #90-073, 11 wheel, 15 ton pneumatic roller we received two bids.

One bid was for \$38,895.00.

The other bid was for \$34,656.00 but contained the notation "UNIT DOES NOT INCLUDE BAFFLES & COVERS FOR WATER BALLAST". The salesman told us in Purchasing that he had been told by someone in the Precinct that the roller would be loaded with sand therefore the covers were not needed. The specifications called for covers and the other salesman based his bid upon this.

It appears that it would be in the best interest of Fort Bend County to reject all bids, re-write the specifications and re-advertise.

I shall be on the Agenda for Monday, September 10th to make the above recommendation.

Thank you,

A large, stylized handwritten signature in black ink, which appears to read "John J. Hammett". The signature is written over the typed name below it.

Dear Panasonic Customer;

The Warranty on your Panasonic facsimile unit will expire on 9-14-90.  
I am enclosing an Equipment Maintenance Agreement for your consideration.  
At the present time, Panasonic is offering three contract lengths, pricing is  
as follows:

| <u>12 MONTHS</u> | <u>24 MONTHS</u> | <u>36 MONTHS</u> |
|------------------|------------------|------------------|
| \$190.00         | \$350.00         | \$515.00         |

Please note Item 2-C and compare the cost per service call to the cost of  
a maintenance contract.

To purchase the agreement, enter in the first line of the maintenance form  
the length of the contract you wish to purchase. Insert EMA price and total  
in Item 2-B. Complete Billing Section, Item 3. Reference your fax telephone  
number, sign and date where indicated. Return all copies to me in the en-  
closed envelope. We will return the customer copy to you after approval by  
our Contract Department.

To order supplies or for large quantity pricing, you may contact the South-  
eastern Regional Office in Atlanta at, 404-438-6030 or from out-of-state,

**EQUIPMENT MAINTENANCE AGREEMENT**

This agreement between the Customer and Panasonic Communications & Systems Company, Office Automation Group, Division of Matsushita Electric Corporation of America (PCSC), is effective for a period of 2yr beginning upon either (i) the expiration of the equipment warranty period or (ii) the date of acceptance of the Agreement by PCSC, whichever occurs later, (the "Initial Term") and may not be cancelled during such Initial Term by either PCSC or the Customer, except as expressly provided herein. Thereafter this agreement will continue in effect for successive one (1) year periods (the "Successive Terms") upon written consent of both parties. The prices specified in the Agreement are firm for the Initial Term only and are subject to change at the commencement of Successive Terms.

**1. EQUIPMENT:**

**A.** This Agreement entitles the Customer to any and all maintenance and repair work, subject to the terms and conditions of this Agreement, necessary to keep the covered equipment in good operating condition. Replacement parts will be new or refurbished parts of equal quality. All removed items become the property of PCSC. PCSC's sole responsibility under this Agreement shall be to repair or replace any material found to be defective in PCSC's sole opinion. The Customer agrees to pay for the following items, the malfunction of which PCSC has attributed to normal wear and tear: paper, drums, developer, rubber rollers, fluorescent lamps, light bulbs, transmit verification stamp, felt, cleaning pads, toner, ribbons, filters, labels, transparencies, document carriers and toner disposal bottles.

**2. COVERAGE AND CHARGES:**

**A.** PCSC agrees to bear the cost of travel of repair personnel, labor and material required to maintain the equipment in good operating condition subject to the "Limitations" and "Exclusions" set forth on the reverse side of this Agreement. PCSC will perform maintenance under this Agreement during the eight (8) hour period from 9:00 AM to 5:00 PM Monday through Friday local time, excluding PCSC holidays ("Service Availability Period"). Any requests for maintenance outside the Service Availability Period or which fall within the Limitations or Exclusions paragraphs of the Terms and Conditions will result in additional charges to the Customer at the then current Standard Service Rates.

**B. MAINTENANCE COSTS:**

Maintenance Costs, taxes thereon, and other amounts related thereto are payable in advance upon acceptance of the Agreement by PCSC. Basic coverage for the Initial Term of this Agreement will be at the rate specified below.

| Quantity     | Model/Part Number | Description    | Unit Price Each | Total Cost |
|--------------|-------------------|----------------|-----------------|------------|
| 1            | UF-150            | FACSIMILE UNIT | \$350.00        |            |
| 1            | UF-250            | FACSIMILE UNIT | \$350.00        |            |
| Total Amount |                   |                |                 | \$700.00   |

**C. STANDARD SERVICE RATES:**

Standard Service Rates for customer requested service not within the Service Availability Period or not covered by this Agreement.

\$90. per hour (minimum charge 2 hours) during normal working hours.

\$135. per hour (minimum charge 2 hours) outside PCSC working hours, excluding Sundays and PCSC holidays.

\$180. per hour (minimum charge 2 hours) for Sundays and PCSC holidays.

Portal to portal expenses plus \$40/day meal/travel expenses (\$0.20/mi., hotel, airline, rental cars at cost) must be added to the Standard Service Rates. (Prices subject to change at any time without notice.)

**3. BILLING:**

The customer shall pay for services contracted, after the initial billing, annually in advance. Payments shall be due whether or not Customer has received any notice that such payments are due. All payments shall be paid to PCSC at the address listed above or as otherwise directed by PCSC or its assignee.

We, the undersigned are residents of the Edgewood Addition to the City of Richmond and live specifically along Damon Street, Baudet Drive and Edgewood Drive from Damon to Baudet.

We are experiencing a very heavy and unusual 18 wheeler and dump truck traffic in our neighborhood and it has become a serious nuisance from a safety stand point and noise factor not to mention the fact that our streets will be destroyed and our property values negatively affected.

Ours was a quiet neighborhood subdivision and we are very disturbed that this situation could happen to us and we are certain that you would be equally as disturbed should this be allowed in your neighborhoods.

We respectfully request that the City Commission and Commissioners' Court take whatever measures necessary to restore peace, quiet and safety to our neighborhood.

Attention: Mr. Tom Moody

**CONCRETE SAMPLING AND TESTING  
FLAT BANK CREEK DIVERSION CHANNEL**

McBride-Ratcliff and Associates, Inc., appreciates the opportunity to provide the concrete sampling and testing services for the referenced project. We look forward to working with Fort Bend County Flood Control - Water Supply Corporation and Lichliter/Jameson & Associates, Inc., (LJA) on this project.

It is our understanding that we will be providing concrete testing services as requested by LJA and/or the contractor. We will invoice for these services in accordance with the enclosed Schedule of Services and Fees. This proposal will not recommend a budget since our services are based on the contractor's schedule and efficiency. At this time we do not have a copy of the schedule. We can provide a total cost estimate if provided with a construction schedule.

**Unit Rates**

The most common unit rates for a project of this type are listed below. Any other services will be invoiced in accordance with the enclosed Schedule of Services and Fees. The engineering technician listed below will be capable of performing the required concrete sampling and testing, sample pick-up and field density tests, if required.

| <u>Description</u>            | <u>Unit Rate</u>  |
|-------------------------------|-------------------|
| Engineering Technician        | \$ 24.00 per hour |
| Compressive Strength Cylinder | 8.50 each         |
| Vehicle Charge                | 34.00 per trip    |

**Miscellaneous**

All field sampling trips will be subject to a four-hour minimum charge. Overtime rates of 1.4 times the appropriate rate will be invoiced for all work on weekends and holidays. As required, engineering services including project administration, site inspection, preparation

Proposal No. P90-C110

Fort Bend County Flood Control - Water Supply Corporation  
c/o Lichliter/Jameson & Associates, Inc.  
11111 Brooklet  
Houston, Texas 77099-3596

Attention: Mr. Tom Moody

**CONCRETE SAMPLING AND TESTING  
MIDDLE OYSTER CREEK DRAINAGE IMPROVEMENTS  
(FROST TRACT TO FM 1092)**

McBride-Ratcliff and Associates, Inc., appreciates the opportunity to provide the concrete sampling and testing services for the referenced project. We look forward to working with Fort Bend County Flood Control - Water Supply Corporation and Lichliter/Jameson & Associates, Inc., (LJA) on this project.

It is our understanding that we will be providing concrete testing services as requested by LJA and/or the contractor. We will invoice for these services in accordance with the enclosed Schedule of Services and Fees. This proposal will not recommend a budget since our services are based on the contractor's schedule and efficiency. At this time we do not have a copy of the schedule. We can provide a total cost estimate if provided with a construction schedule.

**Unit Rates**

The most common unit rates for a project of this type are listed below. Any other services will be invoiced in accordance with the enclosed Schedule of Services and Fees. The engineering technician listed below will be capable of performing the required concrete sampling and testing, sample pick-up and field density tests, if required.

| <u>Description</u>            | <u>Unit Rate</u>  |
|-------------------------------|-------------------|
| Engineering Technician        | \$ 24.00 per hour |
| Compressive Strength Cylinder | 8.50 each         |
| Vehicle Charge                | 34.00 per trip    |

**Miscellaneous**

All field sampling trips will be subject to a four-hour minimum charge. Overtime rates of 1.4 times the appropriate rate will be invoiced for all work on weekends and holidays. As required, engineering services including project administration, site inspection, preparation

of sampling and field and laboratory test programs, office and field engineering supervision of inspection, testing and sampling, visual sample classification, analyses, detailed preparation of engineering reports, and conferences and consultation pertinent to the project will be provided.

**Closing**

If this proposal meets with your approval, please sign as indicated below and return the original to our office. I will call you in about one week to answer any questions you may have concerning this proposal. If you need additional information prior to that time, please call our office.

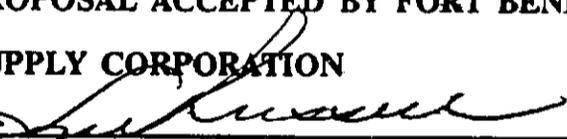

Sincerely,

| Secretarial & Clerical                | 22.00       |

Direct expenses incurred in connection with the project will be invoiced at cost plus 15% for handling. These expenses include the following:

- Services directly applicable to the work, such as legal and accounting expenses, equipment rental, subcontractor services, special consultants, typing, drafting, printing and binding reports and similar costs that are not applicable to general overhead.
- Identifiable communication expense, such as long-distance telephone, telegraph, cable, express charges, and postage, other than for general correspondence.
- Identifiable drafting, photographic and stenographic supplies and expenses charged to the work, as distinguished from such supplies and expenses applicable to two or more projects.
- Identifiable processing and reproduction costs applicable to the work, such as developing, blueprinting, photocopying, mimeographing, printing, etc.
- Out-of-town living and travel expense.

A minimum of 12 hours advance notice is requested for scheduling or canceling field inspection or testing services. Work scheduled with less than 12 hours notice will be serviced subject to available personnel. Work canceled with less than 2 hours notice may be subject to the minimum charge if technician has been dispatched to the field.

All labor rates and transportation charges are invoiced on a portal-to-portal basis from our closest facility. Overtime rates of 1.4 times the standard hourly rate will be applicable for all hours worked before 7:00 a.m., after 5:00 p.m., or over 8 hours per day, Monday through Friday, and all hours worked on Saturdays, Sundays and holidays.

Invoices will be submitted monthly for work in progress and are due and payable upon receipt. Interest will be charged at the rate of 1-1/2% per month for late payments.

TAX ABATEMENT AGREEMENT

THIS TAX ABATEMENT AGREEMENT (Agreement) is made and entered into by and between FORT BEND COUNTY, TEXAS, ("County") and HENLEY INTERNATIONAL, ("Owner") owner of the tract of land and improvements comprising Reinvestment Zone No. 4 within Sugar Land, Texas.

1. AUTHORIZATION This Agreement is authorized by (a) Chapter 312 of the Texas Tax Code as it exists on the effective date of this Agreement, and (b) the Amended Guidelines and Criteria for Granting Tax Abatement in Reinvestment Zones Created in Sugar Land, Texas (as revised), which were approved by the County Commissioners' Court on November 13, 1989. The County has determined that the request for tax abatement presented by the Owner conforms with the criteria established in the Amended Guidelines for Tax Abatement.

2. DEFINED TERMS As used in this Agreement, the following terms shall have the meanings set forth below:

- a. "Certified Appraised Value" means the appraised value of the property, and existing improvements and existing tangible personal property located in Reinvestment Zone No. 4, certified by the Fort Bend County Appraisal District as of the date this Agreement is approved by the County.

- b. "Reinvestment Zone No. 4 means that certain area qualifying for tax abatement pursuant to the Amended Guidelines and Criteria for Granting Tax Abatement in Reinvestment Zones Created in Sugar Land, Texas and Ordinance No. 697A, Exhibit "A", attached hereto and incorporated herein for all purposes.
- c. "Reinvestment Zone No. 4 Ordinance" means City of Sugar Land Ordinance No. 697A, passed March 20, 1990, which created the Reinvestment Zone No. 4.
- d. "Improvements" mean the buildings (or portions thereof) and other improvements used for commercial or industrial purposes which are erected or expanded by the Owner in Reinvestment Zone No. 4 (as contemplated by Section 6 herein).
- e. "Tangible Personal Property" means those items defined and taxed as such under State laws, excluding inventory and supplies, that are located in Reinvestment Zone No. 4 and not located in the Zone at any time prior to the effective date of this Agreement.

3. ADMINISTRATION OF AGREEMENT This Agreement shall be administered by the County Engineer.

4. TERM This Agreement shall be effective on the date of approval by County Commissioners' Court through December 31, 1994, unless terminated earlier, as provided elsewhere herein.

5. TAX ABATEMENT There shall be granted and allowed under to the Owner a property tax abatement on the Improvements constructed or expanded hereunder in Reinvestment Zone No. 4 and the Tangible Personal Property in accordance with the following schedule:

| <u>Tax Year</u> | <u>Percentage Abatement</u> |
|-----------------|-----------------------------|
| 1991            | 100%                        |
| 1992            | 100%                        |
| 1993            | 100%                        |
| 1994            | 25%                         |

The aggregate tax abatement granted hereunder shall in no event exceed 325%. The property tax abatement granted and allowed hereunder shall extend only to all real property ad valorem taxes assessable on the Improvements, as constructed or expanded, and personal property taxes on the Tangible Personal Property.

6. CONTEMPLATED IMPROVEMENTS It is contemplated that the Owner will erect or expand at least \$1,000,000 in Improvements, which improvements shall be used for commercial or industrial purposes. All improvements shall be completed in accordance with the City of Sugar Land Building Code. In addition, in the construction thereof, the Owner shall comply with the applicable provisions of the City of Sugar Land Code of Ordinances, including, but not limited to all zoning regulations.

7. CONSTRUCTION The Owner has given the County written notice at least ten (10) days in advance of the initiation of any construction of Improvements hereunder. Such notice shall

describe generally the nature of the Improvements being constructed and the approximate value of the completed Improvements.

8. REPRESENTATIONS

a. The Owner represents that (1) it has a taxable interest with respect to Improvements placed on the property; (2) all Improvements shall be completed in a workmanlike manner and shall be completed in accordance with the City of Sugar Land Building Code in effect at the time such Improvements are erected; (3) at least \$1,000,000 in improvements or repairs and forty-five (45) new jobs shall be created during the term of the abatement and after the abatement; (4) it shall comply with the applicable provisions of the Code of Ordinances, Sugar Land, Texas; and (5) such other representations, as are outlined in the Owner's application, attached hereto as Exhibit "B" and made a part hereof for all purposes.

b. The County represents that (1) the Reinvestment Zone No. 4 has been created in accordance with Chapter 312 of the Texas Tax Code and the Guidelines and Criteria for Granting Tax Abatement in Reinvestment Zones Created in Sugar Land, Texas, as both exist on the effective date of this Agreement; (2) the property is within such Zone; and (3) that the property is not located within County limits.

- c. The Owner and County represent that no interest in the Improvements is held or subleased by a member of the County Commissioners' Court.

9. ACCESS TO AND INSPECTION OF PROPERTY BY COUNTY

EMPLOYEES The Owner shall allow the County's employees access to the improvements for the purpose of inspecting any Improvements erected to ensure that such Improvements are completed and maintained in accordance with the terms of this Agreement and to ensure that all terms and conditions of this Agreement are being met. All such inspections shall be made only after giving the Owner twenty-four (24) hours notice and shall be conducted in such a manner as to not unreasonably interfere with the construction and/or operation of the Improvements. All such inspections shall be made with one (1) or more representatives of the Owner in accordance with all applicable safety standards.

10. DEFAULT

- a. The County may declare a default hereunder if (1) the Owner fails, refuses, or neglects to comply with any of the terms of this Agreement; or (2) allows ad valorem taxes owed to the County to become delinquent and fails to timely and properly follow the legal procedures for their protest or contest.
- b. If the County declares a default of this Agreement, this Agreement shall terminate (after notice and opportunity to cure as provided for herein), and the County, in such event, shall be entitled to

recapture any property tax which has been abated as a result of this Agreement. The County shall notify the Owner of any default in writing in the manner prescribed herein. The notice shall specify the basis for the declaration of default, and the Owner shall have thirty (30) days from the date of such notice to cure any default (except where fulfillment of any obligation requires activity over a period of time, performance shall be commenced within thirty (30) days after the receipt of notice, and such performance shall be diligently continued until the default is cured).

11. Freeport Goods: Should, during the term of this Agreement, the County approve legislation exempting from taxation property described in Article VIII, Section 1-j of the Texas Constitution, and otherwise known as freeport goods, the abatement granted hereunder shall be reduced annually by an amount equal to the amount of taxes retained annually by the Owner as a result of such legislation.

12. COMPLIANCE WITH STATE AND LOCAL REGULATIONS Nothing in this Agreement shall be construed to alter or affect the obligations of the Owner to comply with any ordinance, rule, or regulation of the County or laws of the State of Texas.

13. ASSIGNMENT OF AGREEMENT This Agreement may be assigned with the approval by resolution of the County subject to the financial capacity of the assignee and provided that all conditions and obligations in this Agreement are guaranteed by

the execution of a new agreement with the County. No assignment shall be approved if the parties to this Agreement or the new owner are liable to any jurisdiction for outstanding taxes or other obligations. Approval shall not be unreasonably withheld.

14. COMMISSIONERS' COURT APPROVAL AS CONDITION PRECEDENT

This Agreement is conditioned entirely upon the approval of the County Commissioners' Court by the affirmative vote of a majority of the members present at a regularly scheduled meeting of the Commissioners' Court.

15. NOTICE All notices shall be in writing. If mailed, any notice or communications shall be deemed to be received three (3) days after the date of deposit in the United States mail. Unless otherwise provided in this Agreement, all notices shall be delivered to the following addresses:

To the Owner: Henley International  
104 Industrial Blvd.  
Sugar Land, Texas 77478

To the County: County Judge  
Fort Bend County  
Fort Bend County Courthouse  
500 Jackson Street  
Richmond, Texas 77469  
Attn: Jodie E. Stavinoha

Either party may designate a different address by giving the other party ten (10) days written notice in the manner prescribed above.

16. ENTIRE AGREEMENT This Agreement contains the entire and integrated tax abatement agreement among the parties and supersedes all other negotiations and agreements, whether written or oral.

IN TESTIMONY OF WHICH, THIS AGREEMENT has been executed by the County on the 17 day of September, 1990; and by the Owner on the 21 day of September, 1990.

CITY OF SUGAR LAND ORDINANCE NO. 697A

AN ORDINANCE CREATING REINVESTMENT ZONE NO. 4 LOCATED ON INDUSTRIAL BOULEVARD IN THE SUGARLAND BUSINESS PARK IN SUGAR LAND, FORT BEND COUNTY, TEXAS; MAKING RELATED FINDINGS; AND PROVIDING REPEALING AND SEVERABILITY CLAUSES.

WHEREAS, City Council has passed and approved Guidelines and Criteria for Granting Tax Abatement in Reinvestment Zones Created in Sugar Land, Texas;

WHEREAS, pursuant to the Guidelines, the City has received an application for creation of a reinvestment zone and tax abatement;

WHEREAS, after proper notice had been given, the City has held a public hearing where all interested persons were given an opportunity to speak and evidence for and against the creation of Reinvestment Zone No. 4 was gathered;

WHEREAS, notice was given to all taxing entities where the proposed zone is to be located;

WHEREAS, City Council has determined, based on evidence gathered, that the improvements sought to be located in proposed Reinvestment Zone No. 4 are feasible and practical and would be a benefit to the land to be included in the Zone and to the City after the expiration of the tax abatement agreement; and

WHEREAS, the creation of Reinvestment Zone No. 4 will be reasonably likely, as a result of its creation, to contribute to the retention or expansion of primary employment or to attract major investment into the Zone that would be a benefit to the property located therein and that will contribute to the economic development of the City of Sugar Land; NOW THEREFORE,

BE IT ORDAINED BY THE CITY COUNCIL OF  
THE CITY OF SUGAR LAND, TEXAS:

Section 1. That the findings and provisions set out in the preamble of this Ordinance are hereby found to be true and correct, and are made a part of this Ordinance for all purposes.

Section 2. That Reinvestment Zone No. 4 is hereby created for purpose of encouraging economic development through tax abatement. A description of boundaries of the Zone is attached hereto as Exhibit "A" and is made a part hereof for all purposes.

Section 3. This designation shall be effective for five (5) years from the date of final passage of this Ordinance.

Section 4. All ordinances or parts of ordinances in conflict herewith are repealed to the extent of such conflict only.

Section 5. If any provision, section, subsection, sentence, clause, or phrase of this Ordinance, or the application of same to any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Ordinance or their application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Ordinance that no portion be inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other portion hereof, and all provisions of this Ordinance are declared to be severable for that purpose.

Section 6. That this Ordinance was read in full upon its first reading, in full compliance with the provisions of Section 2.08 of the Charter of Sugar Land, Texas.

PASSED AND APPROVED upon second reading, after having been read in full upon first reading on the 14th day of March, 1990, this, the 20th day of March, 1990.

Sugar Land Economic Development Committee

FROM: Herbert W. Appel, Jr. *HWA*

SUBJECT: Economic Impact Statement and Request for Tax Abatement from  
Tru-Trac Therapy Products Inc. division of Henley International

Background:

Henley International offices and headquarters its operations in Sugar Land, Texas. The company currently employs over 250 nationally and over 100 in Sugar Land. Henley manufactures products and provides services which fall into three categories:

- o Physical Therapy and Rehabilitation Equipment; such as traction tables, diathermy equipment and home pain management systems utilizing "tens therapy".
- o Hospital Products; such as speciality surgical item, surgical drapes and custom kits and C-section trays.
- o The company also owns the Sugar Land Athletic Club which will become a showroom for some of the products made by Tru-Trac Therapy Products Inc.; such as traction tables and physical therapy equipment.

Tru-Trac Therapy Products is now located in Temecula, California, near Palm Springs. It currently occupies 40,000 sq.ft., employs 48 people. Henley International has acquired this company and plans to move it to its location in Sugar Land. This will require the addition of 40,000-50,000 sq.ft. of manufacturing space, 10,000 sq.ft. of warehouse space and the addition of approximately 2,000 sq.ft. to their offices.

The Howard Turner Company is the developer on the project. On November 29, 1989, Peter Graham, Chief Operating Officer, with Henley International met with Roy Cordes, Jr. and Herb Appel to discuss a possible tax abatement for this project in Sugar Land. In response to our request for project details, the company submits the

following information which conforms to the Sugar Land guidelines for tax abatement.

1. Value of Land and Existing Improvements  
Refer to Exhibit "A"
2. Type and Value of Proposed Improvements  
The company will add 40,000-50,000 sq.ft. of manufacturing facilities, 10,000 sq.ft. of warehouse and 2,500 sq.ft. of office. The cost of these improvements is estimated to be in excess of \$1 million. See Exhibit "B"
3. Productive Life of Proposed Improvements  
The productive life is estimated to be 30 years.
4. Number of Existing Jobs to be Retained by Proposed Improvements  
Not applicable
5. Number and type of Jobs to be Created by Proposed Improvements  
It is estimated that 45 new employees will be added to the payroll of which 4 may move in in managerial positions. The balance will be production and distribution type personnel.
6. Amount of Local Payroll to be Created  
It is estimated that annual payroll will exceed \$1 million.
7. New Jobs to be Created  
These jobs will be filled primarily by persons residing within the affected tax jurisdictions and the areas immediately adjacent. It is anticipated that only three or four people will be moved in from California.
8. Amount of Local Sales Taxes to be Generated Directly  
It is anticipated that annual sales taxes on products sold in Texas will be approximately \$7,000.00.
9. Amount Property Tax Base Valuation  
This will be increased during the term of abatement and after abatement by not less than \$1 million.
10. Cost to be Incurred by the City of Sugar Land and/or MUD #21  
\$30,000 for sewer/water loop
11. Amount of AdValorem Taxes to be Paid the City of Sugar Land During Abatement Period.  
Exhibit "A" shows the existing values on properties occupied by Henley International in Sugar Land. It is estimated that during the period of abatement the company will have approximately \$1 million in taxable inventories in addition to existing taxes to be generated by current values on the property.

TAX ABATEMENT AGREEMENT

THE STATE OF TEXAS  
 COUNTY OF FORT BEND

§  
 §

KNOW ALL MEN BY THESE PRESENTS

THIS TAX ABATEMENT AGREEMENT (Agreement) is made and entered into by and between Fort Bend County, Texas, (hereinafter referred to as "County") a body politic, acting herein by and through its Commissioners' Court and the California Public Employees Retirement System, (hereinafter referred to as "Owner") owner of the tract of land and improvements comprising Reinvestment Zone No. 5; and Union Oil Company of California, dba UNOCAL, (hereinafter referred to as "Lessee") lessee of the land and improvements located in Reinvestment Zone No. 5.

1. AUTHORIZATION This Agreement is authorized by (a) Chapter 312 of the Texas Tax Code as it exists on the effective date of this Agreement, and (b) the Guidelines and Criteria for Granting Tax Abatement in Reinvestment Zones Created in Sugar Land, Texas (as revised), which were approved by the County Commissioners' Court on November 13, 1989. The County has determined that the request for tax abatement presented by the Owner and lessee, conforms with the criteria established in the Amended Guidelines for Tax Abatement.

2. DEFINED TERMS As used in this Agreement, the following terms shall have the meanings set forth below:

a. "Certified Appraised Value" means the appraised value

of the property and existing improvements located in Reinvestment Zone No. 5, certified by the Fort Bend County Appraisal District as of the date this Agreement is approved by the County.

- b. "Reinvestment Zone No. 5 means that certain area qualifying for tax abatement pursuant to the Guidelines and Criteria for Granting Tax Abatement in Reinvestment Zones Created in Sugar Land, Texas and Ordinance No. 708, Exhibit "A", attached hereto and incorporated herein for all purposes.
- c. "Reinvestment Zone No. 5 Ordinance" means City of Sugar Land Ordinance No. 708, passed July 3, 1990, which created the Reinvestment Zone No. 5.
- d. "Improvements" mean the buildings (or portions thereof) and other improvements used for commercial or industrial purposes which are erected, expanded or modified by the Owner in Reinvestment Zone No. 5 (as contemplated by Section 6 herein and specifically excluding any systems-type walls and accoutrements and any improvements associated with City of Sugar Land Building Permit No. 90-01111).

3. ADMINISTRATION OF AGREEMENT This Agreement shall be administered by the County Engineer.

4. TERM This Agreement shall be effective on the date of approval by County Commissioners' Court and shall continue through December 31, 1993, unless terminated earlier, as provided elsewhere herein.

5. TAX ABATEMENT There shall be granted and allowed hereunder to the Owner and the Lessee a property tax abatement on the Improvements constructed, expanded or modified hereunder in Reinvestment Zone No. 5 in accordance with the following schedule:

| <u>Tax Year</u> | <u>Percentage Abatement</u> |
|-----------------|-----------------------------|
| 1990            | 100%                        |
| 1991            | 100%                        |
| 1992            | 100%                        |
| 1993            | 40%                         |

The aggregate tax abatement granted hereunder shall in no event exceed 340%. The property tax abatement granted and allowed hereunder shall extend only to all real property ad valorem taxes assessable on the Improvements, as constructed, expanded or modified.

6. CONTEMPLATED IMPROVEMENTS It is contemplated that the Lessee will erect, expand or modify improvements in an amount of at least \$2,400,000, which improvements shall be used for commercial or industrial purposes and shall specifically exclude any systems type walls and accoutrements and any improvements associated with City of Sugar Land Building Permit No. 90-01111.

All improvements shall be completed in accordance with the City of Sugar Land Building Code. In addition, in the construction thereof, the Lessee shall comply with the applicable provisions of the City of Sugar Land Code of Ordinances, including, but not limited to all zoning regulations.

7. CONSTRUCTION The Lessee has given the City of Sugar Land, Texas written notice that the initiation of the construction of the improvements hereunder shall begin immediately upon approval of this Agreement by The Sugar Land City Council. The notice is attached hereto as Exhibit "C".

8. REPRESENTATIONS

a. The Owner and the Lessee represent that (1) they have a taxable interest with respect to improvements placed on the property; (2) all improvements shall be completed in a workmanlike manner and shall be completed in accordance with the City of Sugar Land Building Code in effect at the time such improvements are erected; (3) at least \$2,400,000 in improvements, repairs or modifications will be completed; (4) they shall comply with the applicable provisions of the Code of Ordinances, Sugar Land, Texas; and (5) such other representations, exclusive of those otherwise specified hereinabove, as are outlined in the joint application, from the Owner and Lessee, attached hereto as Exhibit "B" and made a part hereof for all purposes.

b. The County represents that (1) the Reinvestment Zone No. 5 has been created in accordance with Chapter 312 of the Texas Tax Code and the Amended Guidelines and Criteria for Grant Tax Abatement and Reinvestment Zones Created in Fort Bend County, Texas, as both exist on the effective date of this Agreement; (2) the property is within such Zone; and (3) that the property is not located within the extraterritorial jurisdiction of the City.

c. The Lessee represents, in addition to that specified hereinabove, that approximately 400 employee positions will be filled on or about December 31, 1990.

d. The Owner, the Lessee and the County represent that, to the best of their knowledge, no interest in the improvements is held or subleased by a member of the County Commissioners' Court.

9. ACCESS TO AND INSPECTION OF PROPERTY BY COUNTY

EMPLOYEES The Owner and the Lessee shall allow the County's employees access to the improvements for the purpose of inspecting any improvements erected to ensure that such improvements are completed and maintained in accordance with the terms of this Agreement and to ensure that all terms and conditions of this Agreement are being met. All such inspections shall be made only after giving the Owner and the Lessee twenty-four (24) hours notice and shall be conducted in such a

manner as to not unreasonable interfere with the construction and/or operation of the improvements. All such inspections shall be made with one (1) or more representatives of the Owner and the Lessee in accordance with all applicable safety standards.

10. DEFAULT

a. The County may declare a default hereunder if (1) the Owner or Lessee fails, refuses, or neglects to comply with any of the terms of this Agreement; or (2) allows ad valorem taxes owed to the County to become delinquent and fails to timely and properly follow the legal procedures for their protest or contest.

b. If the County declares a default of this Agreement, this Agreement shall terminate (after notice and opportunity to cure as provided for herein), and the County, in such event, shall be entitled to recapture any property tax which has been abated as a result of this Agreement. The County shall notify the Owner and the Lessee of any default in writing in the manner prescribed herein. The notice shall specify the basis for the declaration of default, and the Owner and the Lessee shall have thirty (30) days from the date of such notice to cure any default (except where fulfillment of any obligation requires activity over a longer period of time, performance shall be commenced within thirty (30) days after the receipt of notice,

and such performance shall be diligently continued until the default is cured).

11. COMPLIANCE WITH STATE AND LOCAL REGULATIONS Nothing in this Agreement shall be construed to alter or affect the obligations of the Owner and the Lessee to comply with any ordinance, rule, or regulation of the County or laws of the State of Texas.

12. ASSIGNMENT OF AGREEMENT This Agreement may be assigned only upon the approval by resolution of the County subject to the financial capacity of the assignee and provided that all conditions and obligations in this Agreement are guaranteed by the execution of a new agreement with the County. No assignment shall be approved if the parties to this Agreement or the new owner are liable to any jurisdiction for outstanding taxes or other obligations. Approval shall not be unreasonably withheld.

13. COMMISSIONERS' COURT APPROVAL AS CONDITION PRECEDENT This Agreement is conditioned entirely upon the approval of the County Commissioners' Court by the affirmative vote of a majority of the members present at a regularly scheduled meeting of the County Commissioners' Court.

14. NOTICE All notices shall be in writing. If mailed, any notice or communications shall be deemed to be received three days after the date of deposit in the United States mail, postage prepaid. Unless otherwise provided in this Agreement, all notices shall be delivered to the following addresses:

CITY OF SUGAR LAND ORDINANCE NO. 708

AN ORDINANCE CREATING REINVESTMENT ZONE NO. 5 LOCATED AT ONE SUGAR CREEK PLACE IN SUGAR LAND, FORT BEND COUNTY, TEXAS; MAKING RELATED FINDINGS; AND PROVIDING REPEALING AND SEVERABILITY CLAUSES.

WHEREAS, City Council has passed and approved Guidelines and Criteria for Granting Tax Abatement in Reinvestment Zones Created in Sugar Land, Texas;

WHEREAS, pursuant to the Guidelines, the City has received an application for creation of a reinvestment zone and tax abatement;

WHEREAS, after proper notice had been given, the City has held a public hearing where all interested persons were given an opportunity to speak and evidence for and against the creation of Reinvestment Zone No. 5 was gathered;

WHEREAS, notice was given to all taxing entities where the proposed zone is to be located;

WHEREAS, City Council has determined, based on evidence gathered, that the improvements sought to be located in proposed Reinvestment Zone No. 5 are feasible and practical and would be a benefit to the land to be included in the Zone and to the City after the expiration of the tax abatement agreement; and

WHEREAS, the creation of Reinvestment Zone No. 5 will be reasonably likely, as a result of its creation, to contribute to the retention or expansion of primary employment or to attract major investment into the Zone that would be a benefit to the property located therein and that will contribute to the economic development of the City of Sugar Land; NOW THEREFORE,

BE IT ORDAINED BY THE CITY COUNCIL OF  
THE CITY OF SUGAR LAND, TEXAS:

Section 1. That the findings and provisions set out in the preamble of this Ordinance are hereby found to be true and correct, and are made a part of this Ordinance for all purposes.

Section 2. That Reinvestment Zone No. 5 is hereby created for purpose of encouraging economic development through tax abatement. A description of the Zone is attached hereto as Exhibit "A" and is made a part hereof for all purposes.

Section 3. This designation shall be effective for five (5) years from the date of final passage of this Ordinance and may be renewed for five-year periods thereafter.

Section 4. All ordinances or parts of ordinances in conflict herewith are repealed to the extent of such conflict only.

Section 5. If any provision, section, subsection, sentence, clause, or phrase of this Ordinance, or the application of same to any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Ordinance or their application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Ordinance that no portion be inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other portion hereof, and all provisions of this Ordinance are declared to be severable for that purpose.

Section 6. That this Ordinance was read in full upon its first reading, in full compliance with the provisions of Section 2.08 of the Charter of the City of Sugar Land, Texas.

PASSED and APPROVED upon second reading, after having been read in full upon first reading on the 19th day of June, 1990, this, the 3rd day of July, 1990.

GREATER FORT BEND  
ECONOMIC DEVELOPMENT  
COUNCIL

ECONOMIC IMPACT STATEMENT  
FOR  
UNOCAL  
One Sugar Creek Place  
Sugar Land, Texas

Unocal has completed a facility analysis of the Houston area for relocation of its North American Oil and Gas Division Texas/Southeastern Region, Accounting/Information Services, Natural Gas Sales/Supply and Marketing and Paleontology; Corporate Division and Marketing Division NGL/Crude Oil Supply Groups and their Gulf Coast Federal Credit Union

The final location is One Sugar Creek Place. The Company will lease up to 180,000 sq.ft. for ten years with options through twenty years. Employment will reach 460 by December 31, 1990. The Company is in a hurry to consummate this transaction and to begin its facilities build-out. Unocal understands that no "build-out of these facilities" is to begin until the tax abatement agreement is signed and that this is necessary in order to meet the "inducement requirements" of the Texas Statute. Expeditious handling by taxing units is requested. A combined city, county and school Greater Fort Bend Economic Development Council Task Force is recommended to be headed by Councilman Roy L. Cordes, Jr., Sugar Land Economic Development Committee Chairman.

The following information is provided to conform to tax abatement guidelines of the City of Sugar Land, the Fort Bend Independent School District and the County of Fort Bend.

1. The project is a 180,000 sq.ft. build-out of raw space now existing in One Sugar Creek Place. The current Fort Bend Central Appraisal District value of land and existing improvements at One Sugar Creek Place is \$19,000,000.
2. The type of improvements to be provided includes walls, doors, ceilings, floor finishes, mechanical, electrical, telecommunications, plumbing, heating, ventilating and air conditioning systems and other items necessary to construct and operate a modern office facility within One Sugar Creek Place. The current construction estimate which is subject to revision is \$2,975,000. In addition, the Company proposes to utilize systems-type walls and accoutrements costing \$357,000 to allow them the flexibility they need for efficient operations. The Company requests consideration of these items for abatement as well. In addition, the Company's parking requirement will necessitate the addition of a 500 space parking garage. Estimated cost is \$2,100,000 subject to change. The total build-out, wall systems and accoutrements and parking garage are estimated to be \$5,932,000 (subject to final revisions).

One Fluor Drive Sugar Land, Texas 77478 (713) 212-0000

## 3. The productive life of the improvements varies:

|                |          |
|----------------|----------|
| Build-Out      | 20 years |
| Wall Systems   | 15 years |
| Parking Garage | 40 years |

The initial term of Unocal's lease is ten years with options through twenty years.

4. 385 Employees will be relocated from existing Houston facilities.
5. Approximately 75 employees will be transferred from locations in California and Midland, Texas. Employment opportunities provided by Unocal are primarily professional, managerial, accounting, legal and clerical in nature.
6. The minimum annualized payroll to be achieved by December 31, 1990, is \$13,000,000.
7. The Company has chosen its location based in part on the quality and availability of workers for its primary job categories. It intends to employ the best qualified candidate for each position. The Company is an equal opportunity employer.
8. The Company will not generate direct sales taxes as it provides a non-taxed service function. However, a portion of the \$13,000,000 annual payroll will trickle down in the form of sales taxes as local purchases are made by employees.
9. The Company and the building owner commit to increased assessed valuations of at least the \$1 million minimum required by the guidelines for tax abatements.
10. The estimated costs to provide services to the facility are as follows:

|                                       |                    |
|---------------------------------------|--------------------|
| City of Sugar Land                    | 0-negligible       |
| County of Fort Bend                   | 0-negligible       |
| Fort Bend Independent School District | \$158,200 annually |

(\$2,300 local tax cost per student) X 125 potential students from transferring families = \$287,500 per year. This number will be reduced by taxes paid on houses purchased in the district:

$$\begin{array}{l}
 \$125,000 \text{ Average Unocal Employee Estimate Home Cost} \\
 \times \quad 75 \text{ Families} \\
 \hline
 \$9,375,000 \div 100 = \$93,750 \times \$1.20 \text{ (tax rate)} = \$112,500
 \end{array}$$

\$287,500 Cost to Educate  
 -112,500 Estimated Housing Taxes  
 - 16,800 Personal Property Taxes Paid to Schools

\$185,200 Net Annual (Worst Case) Cost to Fort Bend Independent School District

11. Current Harris County/Houston valuation on taxable personal property is \$1.4 million. Assuming this property is taxed in a like manner in Fort Bend, the following revenue would be generated:

|        |        |   |          |   |          |
|--------|--------|---|----------|---|----------|
| City   | \$ .48 | X | \$14,000 | = | \$ 6,720 |
| County | .5227  | X | 14,000   | = | 7,317    |
| School | 1.20   | X | 14,000   | = | 16,800   |

12. The immediate population growth impact is estimated to be 275 people. 75 Families X 2 Adults = 150 + 125 Children = 275 Total
13. It is not anticipated that any tax supported public improvements will be needed to allow for occupancy of the facilities by Unocal.
14. Competition to local businesses will be primarily for future employees.
15. Local businesses will receive positive revenues from the expenditures by Unocal employees. Unocal will buy its telecommunications services from SLT Communications, Inc., a Sugar Land headquartered firm.
16. The location of Unocal will not require new business locations for its needs. However, the economy generated by Unocal will have a positive influence toward expansion of existing businesses.
17. This project is totally compatible with the ordinances and planning goals of the City of Sugar Land, Fort Bend County, the Fort Bend Independent School District and the Greater Fort Bend Economic Development Council.
18. The project has no negative impact on the quality of life in Fort Bend County. It will have a major positive impact.

The Company and the building owner understand that there will be a recapture clause in the abatement contract. The Greater Fort Bend Economic Development Council recommends this project to the taxing entities for tax abatements and is pleased by Unocal's selection of Fort Bend County for this expansion of its operations.

PRESIDENT

FORT BEND COUNTY, TEXAS  
MUNICIPAL GOLF COURSE  
DEVELOPMENT AGREEMENT

Fort Bend County, Texas hereby retains Potomac Financial Group, Inc., operating as "PFG Golf", to act as developer/financial consultant for the development of a municipal golf course financed through the issuance of tax-exempt golf course revenue debt obligations.

PFG-Golf will serve as developer/financial consultant to provide Fort Bend County, Texas directly or through PFG Golf's designees, all design, financing, construction, and management services for the Fort Bend County Municipal Golf Facility. PFG-Golf will select the following golf course project participants, subject to Fort Bend County's and Issuer's approval and individual contractual engagement:

Feasibility Consultant  
Design Architect  
Construction Management Company  
Golf Course Management Company  
Debt Underwriters  
Underwriter's Counsel

PFG-Golf will analyze the feasibility report prepared by the feasibility consultant; discuss the acquisition of the proposed site with the other project participants, and Fort Bend County Commissioner's Court; establish the preliminary construction costs; and together with the selected underwriters, determine the debt financing structure. PFG-Golf and the underwriters will prepare and present to Commissioner's Court the preliminary financial feasibility report for their approval. The Commissioner's Court will create the not-for-profit corporation to act on their behalf as Issuer.

The not-for-profit corporation will contractually engage the project participants and the underwriters will prepare the preliminary official offering documentation and, with the approval of the Issuer, make the preliminary public offering.

## POTOMAC FINANCIAL GROUP, INC.

All project participants agree that their total compensation and reimbursed expenses will come solely from the proceeds of the debt issued to finance the golf course facility, and Fort Bend County and the Issuer shall have no other liability therefor. For the services described above, PFG-Golf will be paid a fee of four percent (4%) of the debt issued plus documented out-of-pocket expenses at the closing of the financing.

This agreement is effective on the date of execution set out below and shall remain in full force and effect for a period of one (1) year from that date. Fort Bend County, Texas and its designated Issuer will have no obligation to pay or reimburse PFG-Golf, or any other project participants for the fees and expenses incurred on the project, if Fort Bend County or the Issuer terminates PFG-Golf's contract and the contracts of the other project participants at anytime prior to the execution of the final debt financing documentation.

It is agreed that notice of termination will be given by mailing such notice to PFG-Golf at the address set forth below. All communications from Fort Bend County, Texas, or the issuer to PFG-Golf will be considered delivered three days after mailing to:

PFG-Golf

This development agreement is submitted in duplicate originals. When accepted, it will constitute the entire agreement between Fort Bend County and Potomac financial Group, Inc. doing business as PFG-Golf for the purposes and considerations described herein, and cannot be altered or amended unless done so in writing and signed by both parties.

Respectfully submitted this 17th day of September, 1990.

Honorable Jodie E. Stavinoha  
Fort Bend County Judge  
P. O. Box 368  
Richmond, Texas 77469

Dear Judge Stavinoha:

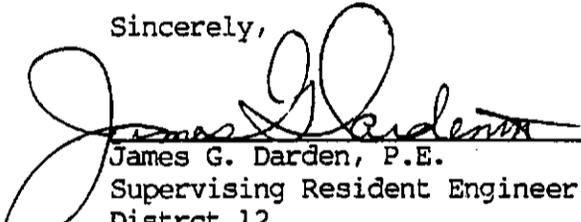

Minute Order #88031 has authorized design work to proceed on improvements to FM 2234 (McHard Road) from FM 3345 (Cartwright Road) in Missouri City, eastward to FM 521. The proposed improvements widen FM 2234 from two (2) lanes to four (4) lanes and include ditch improvements. Also, a curb and gutter urban section is proposed from FM 3345 to approximately 750 feet east of the Missouri City limits.

The widening will require an expansion of the 100 foot right of way width to 180 feet and in one segment 200 feet. The estimated additional right of way is 53 acres. There are also several gas/oil and utility lines requiring adjustment and/or relocation.

In order to begin design we need a commitment from Fort Bend County on funding of right of way acquisition, utility adjustments, storm sewer placement and curb and gutter.

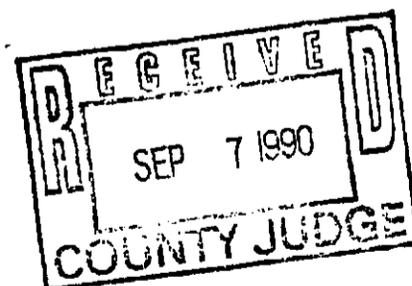

If there are any questions, please contact me or Larry Blazek at 342-5449.

Sincerely,

  
James G. Darden, P.E.

Re: Cooperative Purchasing Program

Political Subdivision Representative:

Local governments desiring to participate in a Cooperative Purchasing Program with the State of Texas are required to have on file with the State Purchasing and General Services Commission a resolution from their governing body indicating their intent to purchase under specific state contracts. We have your resolution on file and you are currently participating in the program. Sections 271.081-271.083, Local Government Code, V.T.C.A., requires the resolution be renewed annually. This may be accomplished by confirming correct participation. Accordingly, a confirmation is now required on the contracts listed on the attachment by commodity class number.

For your convenience we have also attached a sample resolution which must be submitted if your political subdivision has had changes in the authorized individual. Your immediate attention to this matter will be appreciated. If this confirmation or a resolution is not returned by December 31, 1990, you will no longer be eligible to participate in the program. If you have already renewed, please disregard this notice. In case of questions, please contact Kerry Stennett at (512) 463-3368.

Sincerely,

Ron Arnett  
Director for Purchasing

Re: Bois D'Arc Bridge

Dear Sir:

Please find attached the final Right-of-Way Maps and Field Notes for the proposed widening for the above referenced subject. HL&P is in the process of getting a permit to relocate the lines along the west side of Bois D'Arc. The state will let the contract for the project in the near future and will need the power lines relocated before construction can start. I urge HL&P to expedite their plans to resubmit the permit application to relocate the lines. I submitted plans to your department in December of 1989 recommending where the lines should be relocated.

Our personnel have located and flagged the property corners and if you need assistance in the field, please advise.

If you have any questions, please call.

Sincerely,

5. Subrogation against the County under all Contractor's insurance for losses or claims arising out of Contractor's performance of this Contract, shall be, and is hereby, waived. Evidence of such waiver satisfactory in form and substance to the County shall be exhibited in the Certificate of Insurance required herein.

**H. INTERPRETATION AND AMENDMENTS:**

1. All questions about the meaning or intent of the Bid are to be directed to Mr. Karl Baker or Mr. Ron Drachenberg, Office of the Fort Bend County Engineer at (713) 342-3039.
2. Interpretations or clarifications considered necessary by the County Engineer in response to such questions will be issued by Amendments mailed or delivered to all parties recorded as having received the Bid. Questions received less than six days prior to the date of opening of Bids may not be answered. Only questions answered by formal written Amendment will be binding. Oral and other interpretations or clarifications will be without legal effect.

**I. NAME BRAND:**

Specifications may reference name brands; however, it is not the intent of Fort Bend County to restrict these bids in such cases, but to establish a desired quality level of merchandise. Bidders may offer items of equal stature and the burden of proof of such stature rests with them. Fort Bend County shall act as sole judge in determining equality and acceptability of products offered. Manufacturer's specifications sheets for substitutes must be provided upon request.

**J. REFERENCES:**

In order to demonstrate to the Fort Bend County Commissioner's Court that the contractor is responsible, the contractor must have satisfactorily performed construction of a similar nature to that required by these specifications, specifically including asbestos removal. Bidder must submit, WITH BID, at least 3 references. References must include company names, addresses, phone numbers, date of work performed and name of contact person.

**K. MODIFICATION AND WITHDRAWAL OF BIDS:**

Bids may be modified or withdrawn by an appropriate document duly executed at any time prior to the opening of Bids. If, within 24 hours after Bids are opened, any Bidder files a duly signed, written notice with Owner and promptly thereafter demonstrates to the reasonable satisfaction of the County that there was a material and substantial mistake in the preparation of its Bid, that Bidder may withdraw its Bid and the Bid Security will be returned. Thereafter, that Bidder will be disqualified from further bidding on the Work to be provided under this Bid.

**L. BIDS TO REMAIN SUBJECT TO ACCEPTANCE:**

All bids will remain subject to acceptance for 180 calendar days after the day of the Bid opening; however, the County may, at it's sole discretion, release any Bid and return the Bid Security up to that date.

**M. FORCE MAJEURE:**

If, by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of such Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, act of a public enemy, orders of the government of the United States or the State of Texas or any civil authority, insurrections, riots, epidemics, lightning, fires, hurricanes, storms, floods, civil disturbances, explosions, or other causes not reasonably within the control of the party claiming such inability.

**N. AWARD OF CONTRACT:**

1. In evaluating Bids, Fort Bend County will consider the qualifications of the Bidder, whether or not his bid meets specifications and unit price.
2. Fort Bend County may conduct such investigations as it deems necessary to assist in the evaluation of any Bid and to establish the responsibility of Bidder.
3. If the contract is to be awarded, it will be awarded to the lowest responsible Bidder whose evaluation by Fort Bend County indicates that the award will be in the best interest of the County.
4. If the contract is to be awarded, the County will give the Successful Bidder a Notice of Award within 180 calendar days after the day of the Bid opening.

**O. SIGNING OF AGREEMENT:**

Bidder must sign his bid prior to submission; if accepted, the bid shall be signed by the County Judge of Fort Bend County, acting for the Commissioner's Court of Fort Bend County, and at that time the bid becomes a binding contract.

**P. GENERAL PROVISIONS:**

1. In the event of conflicts or discrepancies among the Bid Documents, interpretations will be based on the following priorities.
  - a. The Bid Invitation.
  - b. Amendments, with those of later date having precedence cover those of earlier date.
  - c. Drawings and Specifications.

**SECTION 1: DEMOLITION****1.0 GENERAL REQUIREMENTS****1.1. Scope**

1.1.1. The Asbestos Abatement Contractor is responsible for demolition and/or relocation of those items necessary for the removal of asbestos-containing or asbestos-contaminated materials described herein. All demolition and/or relocation shall be carried out under abatement conditions.

**1.2. Items To Be Demolished by Asbestos Abatement Contractor**

1.2.1. Remove all existing ductwork above the first floor and dispose of as contaminated waste. Remove all existing ductwork above the 2nd floor and dispose of properly.

1.2.2. Remove any wall, framing, partition, and/or covering which is necessary to facilitate the removal of asbestos-containing materials. Removal of any of these items must have prior permission from Owner.

1.2.3. Speakers, fire alarms, or any other salvageable items designated by Owner are to be removed, cleaned, wet-wiped, and removed from the abatement floor to a storage area designated by the building management. These items will be reinstalled after abatement by the abatement contractor.

1.2.4. Replacement of any materials removed or demolished during any phase of this project will be the responsibility of the Asbestos Abatement Contractor.

**1.3. Personnel Protection and Safety**

1.3.1. During the demolition, the Asbestos Abatement Contractor will provide all personnel with suitable protective equipment.

1.3.2. During the demolition, the Asbestos Abatement Contractor will employ generally accepted, safe demolition practices.

**Note:** Demolition should be accomplished in a manner which will reduce dust or debris.

1.3.3. The Asbestos Abatement Contractor will provide the workers with suitable respiratory protection which will reduce the workers' exposure to dust, fumes, mist, or other airborne agents during demolition. Under no circumstances will the Asbestos Abatement Contractor demolish asbestos-containing or asbestos-contaminated material without complying with all respiratory protection requirements specified herein.

SECTION 2: ASBESTOS ABATEMENT

1.0 GENERAL REQUIREMENTS

This section sets forth all General Requirements covering the Abatement of Asbestos. The Contractor must adhere to these provisions prior to, during, and after any Asbestos Abatement activities.

1.1. Scope

1.1.1. The work under this subsection shall include initial site cleanup, site preparation, removal, encapsulation, final cleanup, and hauling/disposal of asbestos-containing materials. This work shall include sprayed-on fireproofing material, sprayed-on textured ceilings, floor tile, and pipe runs and fittings; or any materials containing appreciable amounts (greater than 1 percent) of asbestos. (See the Detailed Scope of Work.)

1.1.2. The Asbestos Abatement Contractor is responsible for and shall furnish all labor, material, equipment, service, and incidentals necessary or required for the performance of the work in accordance with the specifications herein.

1.2. Applicable Regulations, Codes, and Standards

1.2.1. The Asbestos Abatement Contractor shall acknowledge that he is aware of and will maintain strict compliance with all regulations, codes, standards, and ordinances governing the performance of this work. Furthermore, the Asbestos Abatement Contractor shall be responsible for any failure with applicable documents.

1.2.2. Applicable documents include but are not limited to the following:

- (1) Title 29, Code of Federal Regulations, Part 1910, Sections 1910.134, 1910.1001, and Part 1926.58. Occupational Safety and Health Administration (OSHA), U.S. Department of Labor.
- (2) Title 40, Code of Federal Regulations, Part 61, Subpart M, National Emission Standards for Hazardous Air Pollutants. U.S. Environmental Protection Agency (U.S. EPA).
- (3) Title 49, Code of Federal Regulations, Part 172, U.S. Department of Transportation.
- (4) ANSI 86.1-1973 Commodity Specification for Air.
- (5) Section 25, Texas Administrative Code, Chapter 289, Occupational Health and Radiation Control - Asbestos Exposure Abatement in Public Buildings.
- (6) Title 40 Code of Federal Regulations, Part 763 Asbestos Emergency Response Act (AHERA). U.S. Environmental Protection Agency.
- (7) All Federal, State, County, and City regulations, codes, and ordinances as applicable.

1.2.3. The most current issue of each document shall apply. Where conflict among requirements or with these specifications exists, the more strict or stringent requirement or interpretation shall apply.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

1.2.4. The Asbestos Abatement Contractor will provide at least one copy of any EPA, OSHA, State, or City regulations, code, or ordinance at the site available for review.

1.3. Definitions:

For these specifications, the following definitions apply:

1. **Abatement:** the procedure to control fiber release from asbestos-containing building materials. Activities include removal, encapsulation, and enclosure.
2. **Air Lock:** a system for permitting ingress and egress with minimum air movement between a contaminated area and an uncontaminated area (see Plate 2).
3. **Air Monitoring:** the process of measuring the fiber content of a specific volume of air in a stated period of time.
4. **Amended Water:** water to which a surfactant has been added.
5. **Asbestos:** the general name given to a group of fibrous mineral forms including chrysotile, crocidolite, amosite, and others. Asbestos-containing materials are those which contain greater than one percent (1%) asbestos as measured by the EPA interim method.
6. **Asbestos Abatement Contractor:** the Contractor designated in the contract documents as being responsible to the Owner for the control or abatement of asbestos-containing or contaminated materials.
7. **Authorized Visitor:** the building Owner, the Owner's representative, the Consultant, the Consultant's inspector or representative, or any representative of a federal, state, county, city, or local agency having jurisdiction over the project while acting in an official capacity. Any person whose name appears upon an approved authorized visitor's list.
8. **Building Owner:** the Owner or his authorized representative.
9. **Clean Room:** an uncontaminated area or room which is part of the worker decontamination enclosure with provisions for storage of worker's street clothes and protective equipment.
10. **Curtained Doorway:** a device to allow ingress and egress from one room to another while permitting minimal air movement between the rooms, typically constructed by placing two overlapping sheets of plastic over an existing or temporarily framed doorway, securing the vertical edge of one sheet along one vertical side of the doorway, and securing the vertical edge of the other sheet along the opposite vertical side of the doorway (see Plate 3).
11. **Decontamination Enclosure System:** a series of connected rooms, with curtained doorways between any two adjacent rooms, for the decontamination of workers and of materials and equipment. A decontamination enclosure system always contains at least one airlock (see Plates 1 and 2).
12. **Differential Air Pressure Equipment:** a portable local exhaust system equipped with HEPA filtration and capable of maintaining a constant, low velocity air flow into contaminated areas from adjacent uncontaminated areas.
13. **Encapsulant:** a liquid material which can be applied to asbestos-containing materials and which controls the possible release of asbestos fibers from the material either by creating a

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

membrane over the surface (bridging encapsulant) or by penetrating into the material and binding its components together (penetrating encapsulant). (Also sealant).

14. **Encapsulation:** all herein specified procedures necessary to apply an encapsulant to asbestos-containing building materials to control the possible release of asbestos fibers into the air.

15. **Enclosure:** all herein specified procedures necessary to completely enclose asbestos-containing material behind airtight, impermeable, permanent barriers.

16. **Equipment Decontamination Enclosure:** that portion of a decontamination enclosure system designed for controlled transfer of materials and equipment, typically consisting of a washroom and a holding area (see Plate 2).

17. **Equipment Room:** a contaminated area or room which is part of the worker decontamination enclosure with provisions for storage of contaminated clothing and equipment.

18. **Fixed Object:** a unit of equipment or furniture in the work area which cannot be removed from the work area.

19. **Glovebag Technique:** a method with limited applications for removing small amounts of friable asbestos-containing material from HVAC ducts, short pipe runs, valves, joints, elbows, and other non-planer surfaces in a non-contained work area. The glovebag assembly is a manufactured or fabricated device consisting of a glovebag (typically constructed of 6 mil transparent regulite plastic), two inward projecting long sleeve rubber gloves, one inward projecting sleeve, an internal tool pouch, and an attached, labeled receptacle for asbestos waste. The glovebag is constructed and installed in such a manner that it surrounds the object or area to be decontaminated and contains all asbestos fibers released during the removal process. All workers who are permitted to use the glovebag technique must be highly trained, experienced, and skilled in this method.

20. **Holding Area:** a chamber in the equipment decontamination enclosure located between the washroom and an uncontaminated area. The holding area comprises an airlock.

21. **HEPA Filter:** a High-Efficiency Particulate Air (HEPA) filter capable of trapping and retaining 99.97 percent of particles (asbestos fibers) greater than 0.3 micrometers in mass median aerodynamic equivalent diameter.

22. **HEPA Vacuum Equipment:** vacuuming equipment with a HEPA filter system.

23. **Log Book:** a notebook or other book containing essential project data and daily project information and a daily project diary. This book shall be kept up to date and on the project site at all times.

24. **Movable Object:** a unit of equipment or furniture in the work area which can be removed from the work area.

25. **Plant:** the tools, machinery, structures, equipment, etc., necessary to perform a mechanical operation, process, or to carry out a business.

26. **Plasticize:** to cover floors and walls with plastic sheeting as herein specified.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

- 27. **Removal:** all herein specified procedures necessary to remove asbestos-containing materials from the designated areas in an appropriate manner and to dispose of these materials at an acceptable site.
- 28. **Shower Room:** a room between the clean room and the equipment room in the worker decontamination enclosure with hot and cold or warm running water and suitably arranged for complete showering during decontamination.
- 29. **Surfactant:** a chemical wetting agent added to water to improve penetration.
- 30. **Washroom:** a room between the work area and the holding area in the equipment decontamination enclosure system. The washroom comprises an airlock.
- 31. **Wet Cleaning:** the process of eliminating asbestos contamination from building surfaces and objects by using cloths, mops, or other cleaning tools which have been dampened with water, and by afterwards disposing of these cleaning tools as asbestos-contaminated waste.
- 32. **Wiping:** final cleanup stage performed after gross asbestos removal where all surfaces are wet cleaned.
- 33. **Work Area:** designated rooms, spaces, or areas of the project in which asbestos abatement actions are to be undertaken or which may become contaminated as a result of such abatement actions. A contained work area is a work area which has been sealed, plasticized, and equipped with a decontamination enclosure system. A non-contained work area is an isolated or controlled-access work area which has not been plasticized nor equipped with a decontamination enclosure system.
- 34. **Worker Decontamination Enclosure System:** that portion of a decontamination enclosure system designed for controlled passage of workers, and other personnel and authorized visitors, typically consisting of a clean room, a shower room, and an equipment room separated by air locks (see Plate 2).

1.4. Notices and Submittals

No later than 5 days prior to commencement of the work, the Asbestos Abatement Contractor shall submit 4 copies (in three-ring binders, separated by tabs) of the following items:

- 1.4.1. Written Notice of Proposed Abatement activity to the applicable air pollution control agency(ies) and Texas Department of Health, not fewer than ten (10) days before beginning of work. Sample forms are included in Appendix I.
- 1.4.2. Written Notice of Proposed Abatement activity to the OSHA Regional Office or any other agency having jurisdiction.
- 1.4.3. Written proof that all required permits, licenses, and registrations have been received. This shall include Contractor and Project Superintendent Licenses and Asbestos Workers' Registrations under the Texas Department of Health.
- 1.4.4. An executed Special Endorsement (Insurance) Form. A sample form is included in Appendix I.
- 1.4.5. An executed Notification of Asbestos Demolition/Renovation to the Texas Department of Health. A sample form is included in Appendix I.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

1.4.6. A notarized certification containing:

- (1) list of each employee by name and social security number
- (2) indication that each person listed has received instructions on the hazards of asbestos exposure, on the proper use and fitting of respirators, on protective clothing, on the use of decontamination systems (including the proper entry and exit procedures), and on all work procedures and requirements, and that the employees understand these instructions.
- (3) Texas Department of Health registration.

1.4.7. Executed Certificates of Worker's Release Forms. A sample form is included in Appendix 1.

1.4.8. Proof of employee medical exams as required by OSHA and Texas Department of Health regulations, using the Texas Department of Health Physician's Written Statement form. A copy of the form is included in Appendix 1.

1.4.9. A notarized certification of:

- (1) selected landfill site locations,
- (2) transport procedures (Sec. 49 CFR Part 172), and
- (3) use of proper disposal methods.

Note: This may be waived until after cleanup and landfill receipts can be attached or affixed.

1.4.10. Work plans required by the Consultant. Submit a detailed plan of the procedures proposed for use in complying with the requirements of this specification. Include in the plan the location and layout of decontamination areas; the sequencing of asbestos work; the interface of trades involved in the performance of work; work schedule including work shift time, number of employees, date of start and completion including dates of preparation work, removal, and final clearance dates; methods to be used to assure the safety of building occupants and visitors to the site; disposal plan including location of approved disposal site; and a detailed description of the methods to be employed to control pollution. Expand upon the use of portable HEPA ventilation system, closing out of the building's HVAC system, method of removal to prohibit visible emissions in work area, and packaging of removed asbestos debris. The plan must be approved by the Consultant prior to the commencement of work.

1.4.11. A contingency plan for emergencies including fire, accident, power failure, differential air system failure, supplied air system failure, or any other event that may require modification or abridgement of decontamination or work area isolation procedures. Include in plan specific procedures for decontamination or work area isolation. Note that nothing in this specification should impede safe exiting or providing of adequate medical attention in the event of an emergency.

Post: In clean room of Personnel Decontamination Unit, display telephone numbers and locations of emergency services including but not limited to fire, ambulance, doctor, hospital, police, power company, and telephone company.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

1.4.12. Sample of Daily Log.

1.4.13. When rental equipment is to be used in conjunction with an abatement project, a copy of a written notification provided to the rental company informing the rental company that the rented equipment will be used on an asbestos abatement project shall be submitted. The notification shall state how the equipment is to be used and that the rental company has been advised of possible contamination. A representative of the rental company shall sign an acknowledgement of such and return the notification to the Contractor for compliance with this submittal.

1.4.14. Complete operating and maintenance instructions for all components and systems of Supplied Air Respiratory systems including Grade D air certification.

1.4.15. Punch list of damages in work area prior to commencement of Contractor's work.

1.4.16. Manufacturer's Material Safety Data Sheets (MSDS) on all products subject to OSHA Hazard Communication Standard 29CFR1910.1200.

1.5. Air Testing and Other Tests

1.5.1 The Asbestos Abatement Contractor is solely responsible for providing all tests required by the specified applicable regulations, codes, and standards.

- (1) He will pay for these or any tests performed for his use.
- (2) He will provide results as part of the post-abatement submittals to the building Owner and/or Consultant.

1.5.2. The Owner will provide air testing on the work site. These tests may include, but are not limited to:

- (1) clearance testing
- (2) work area samples
- (3) barrier samples
- (4) outside air samples
- (5) personal samples

1.5.3. All testing will be conducted by individuals trained in the NIOSH 582 course on Sampling and Evaluation of Airborne Asbestos Dusts and proficient participant in the NIOSH Proficiency Analytical Testing program.

Note: All air tests will utilize NIOSH Analytical Method 7400 (Phase Contrast Microscopy)

1.5.4. If bulk sampling is required, EPA Interim (PLM) Method shall be used. It shall be performed by a successful participant of the EPA Bulk Insulation Quality Assurance Round-Robin Program.

1.6. Inspections by Asbestos Abatement Contractors

1.6.1. The Asbestos Abatement Contractor acknowledges and agrees that he has sole and primary responsibility and obligation to the Owner to make inspections of his own work

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

at all stages of construction, and he furthermore acknowledges and agrees that he has sole responsibility to supervise or superintend the performance of the work, and that said work shall be in strict adherence and compliance with the methods, materials, regulations, and required standards specified herein.

1.6.2. Prior to commencing the work, conduct an initial progress meeting, recognized as "Pre-Construction Conference": Prior to start of any work, meet at project site with General Superintendent, Owner, Owner's Representative, Project Administrator, and other entities concerned with asbestos abatement work. Record discussions and agreements and furnish copy to each participant. Provide at least 72 hours advance notice to all participants prior to convening Pre-Construction Conference. This is an organizational meeting to review responsibilities and personnel assignments; to identify any visible damage to the existing structure or its condition; to locate the containment and decontamination areas and temporary facilities including power, light, water, etc.

1.6.3. The Asbestos Abatement Contractor will not be held responsible for any item agreed upon and listed on the walk-through inspection report. However, the Asbestos Abatement Contractor shall be held responsible for repairing at his expense any existing damage which was not listed, or which was the result of the abatement or his negligence.

1.7. Superintendent, Foreman, Craftsmen

1.7.1. The Asbestos Abatement Contractor shall have a job superintendent present on the job site at all times that this work is in progress.

1.7.2. The Superintendent shall be thoroughly familiar with and experienced at asbestos abatement and other related work and shall be familiar with and shall enforce the use of all safety procedures and equipment. He shall be knowledgeable of all EPA, OSHA, and NIOSH requirements and guidelines. Proof of qualifications shall be made available to the Owner or Consultant upon request. Superintendent will have successfully completed and passed an examination for an EPA-approved asbestos abatement training course, and be licensed by the State of Texas.

1.7.3. In addition to the Superintendent, the Asbestos Abatement Contractor shall provide one or more Foremen on the job site who are familiar with, and experienced at asbestos abatement, related work, safety procedures, and equipment. Proof of qualifications shall be made available to the Owner or Consultant upon request. All Foremen will have successfully completed and passed an examination for an EPA-approved asbestos abatement training course.

1.7.4. It shall be required that the Superintendent and/or one (1) or more Foremen be inside each work area when work is in progress.

1.7.5. All phases of the work shall be executed by skilled craftsmen experienced in each respective trade.

1.7.6. All Contractor's employees inside work areas shall be registered with the State of Texas as an asbestos worker.

1.8. Disposal of Wastewater

1.8.1. Any water produced by the decontamination of either equipment or persons shall be:

INITIALS OF BIDDER: \_\_\_\_\_ DATE: \_\_\_\_\_

- (1) collected,
- (2) filtered through a system capable of trapping particles 5 microns and/or larger, specifically designed to remove asbestos fibers, and
- (3) disposed of into a local sanitary sewer system.

1.8.2. It is the Asbestos Abatement Contractor's responsibility to comply with any local wastewater systems' regulations regarding the disposal of wastewater from asbestos abatement activities.

1.8.3. In the event contaminated water leaks from the work area, storage areas, trash receptacle, etc., the areas and surfaces coming in contact with the contaminated water will be considered contaminated. Contain the area per Section 2.2 and decontaminate per Section 6.0.

#### 1.9. Disposal Sites and Methods

1.9.1. The Asbestos Abatement Contractor shall not dispose of any asbestos-contaminated waste, debris, or refuse in any location or manner other than the pre-established, approved (for Asbestos Disposal) landfill, using methods specified herein, and in accordance with Federal, State, or local regulations.

1.9.2. The Asbestos Abatement Contractor shall notify the Owner in writing that he has complied with all requirements stated herein and with those set forth by Federal, State, or local agencies as required in Subsection 1.4.8. herein.

1.9.3. The Asbestos Abatement Contractor shall comply with 49 CFR Part 172 and any other applicable regulations regarding the transport of waste friable asbestos.

#### 1.10. Warning Signs and Labels

1.10.1. The Asbestos Abatement Contractor shall adhere to all warnings, labels, and the posting of such notices specified herein or required by Federal, State, or local agencies (see Plate 5).

#### 1.11. Toilet Facilities

1.11.1. Adequate toilet facilities shall be provided outside of the work area by the Asbestos Abatement Contractor. (may be provided by owner)

1.11.2. All required decontamination procedures shall be followed prior to the use of these facilities.

#### 1.12. Project Log Book

1.12.1. The Asbestos Abatement Contractor shall maintain a project log book which will, at a minimum, contain and conform to the following:

- (1) Documentation of all Notices and Submittals for all items in Subsection 1.4.
- (2) Permits
- (3) Medical Records - Proof of Employee Physicals

INITIALS OF BIDDER: \_\_\_\_\_ DATE: \_\_\_\_\_

- (4) Emergency Notification Data
- (5) Sign-in log, filled out daily or as required
  1. Name
  2. Time entered/exited
  3. Affiliation and purpose
  4. Date
  5. Description of activity performed
- (6) Description of Daily Work performed
- (7) Any damages to the structure or furnishings
- (8) Any loss of differential air pressure
- (9) Any accidents (including minor accidents)
- (10) Results of any air samples collected by the Contractor
- (11) Dump receipts and waste manifests
- (12) Signature of Project Superintendent and date

1.12.2. This log book shall be available at the work site, and upon completion of work, four (4) copies (in three-ring binders, separated by tabs) shall be submitted to the Consultant.

**1.13. Work Area Communications**

1.13.1. The Asbestos Abatement Contractor shall provide communication equipment capable of linking the personnel in the work area to those stationed outside, so that communications can be maintained without worker decontamination.

1.13.2. The Contractor shall provide and construct observation/communication window(s) in location(s) specified by Consultant. The window(s) shall be a minimum 1/8 inch Plexiglass or comparable material and placed to allow observation of the entire work area(s).

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

## 2.0 ASBESTOS REMOVAL

### 2.1. Work Area

2.1.1. Each work area will be designated and discussed with the Consultant prior to preparation. As a minimum, topics will include ingress and egress points, work areas, containment procedures, and decontamination system. This may be accomplished at the preconstruction conference.

2.1.2. Prior to commencing any preparation of the work area(s) for removal operations, the Contractor shall post all required documents, warning signs, and erect any physical barriers in order that the work area may be secured. Log book shall be up to date and available for inspection.

2.1.3. The Contractor is responsible for site security upon starting the project. This responsibility extends 24 hours per day. This security person shall be a qualified abatement worker able to enter containment, if necessary. Sufficient security personnel will be required to observe all public access areas simultaneously.

**Note: Only Authorized Visitors Will Be Allowed On The Work Site**

### 2.2. Preparation of the Work Area

2.2.1. Shut down electric power. Provide temporary power and lighting and ensure safe installation of temporary power sources and equipment per applicable electrical code requirements (see Safety 5.8.).

2.2.2. Shut down and isolate heating, cooling, and ventilating air systems to prevent contamination and fiber dispersal to other areas of the structure. During the work, vents and any other openings within the Work Area shall be sealed with tape and plastic sheeting. Filters in the HVAC systems shall be removed and disposed of as contaminated waste. Replacement of filters shall be by the Owner.

2.2.3. The work area shall be completely sealed airtight and contained. All openings including but not limited to doorways, windows, tunnels, ducts, grills, diffusers, skylights, or openings through which pipe conduit passes, or any other openings shall be sealed securely with plastic sheeting. Any fixed objects within the proposed work area will be cleaned using HEPA vacuum equipment and/or wet cleaning methods as appropriate, and enclosed with plastic sheeting. The plastic sheeting shall be minimum 6-mils in thickness and securely fastened.

2.2.4. Open doorways, cased openings, and corridors which will not be used for passage during work shall be sealed with temporary partitions as follows (see Barriers 2.4.):

- (1) Wood or metal studs, 16" o.c., faced with 3/8" plywood sheeting on work side only.
- (2) Both sides of partition covered with double layer of minimum 4 mil plastic sheet with joints staggered and sealed with tape. Edges of partition at floor, walls, and ceiling shall be secured and sealed airtight.

2.2.5. Movable and loose items located in the work area and not removed by the Owner shall be cleaned using HEPA vacuum equipment and/or wet cleaning methods as appropriate, or shall be removed from the work areas to a temporary location designated by the Owner. The items will be received by and protected from future damage or loss by the Owner, and relocated by the Owner.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

2.2.6. Remove and dispose of all carpet, including pad, prior to plasticizing work area. Where carpet-to-remain is scheduled, such carpet shall be thoroughly cleaned using HEPA vacuum equipment. Carpet and pad to be discarded shall be misted with amended water or with an encapsulant prior to and during removal to minimize airborne dust releases, wrapped and sealed airtight in plastic, and disposed of as contaminated material.

2.2.7. Remove and dispose of all curtains or draperies prior to plasticizing work area. Where draperies-to-remain is scheduled, such draperies shall be thoroughly cleaned using HEPA vacuum equipment, sealed in airtight container (bearing appropriate warning labels) and transported to a cleaner experienced and prepared for cleaning asbestos-contaminated furnishings. If curtains or draperies are to be discarded, they shall be misted with amended water or with encapsulant prior to and during removal to minimize airborne dust release, wrapped and sealed airtight in plastic, and disposed of as contaminated wastes.

2.2.8. Exposed pipe insulation, not containing asbestos, shall be protected from exposure to asbestos fibers.

2.2.9. Clean the proposed work area(s) using HEPA vacuum equipment and/or wet cleaning methods as appropriate. Remove heating conductor panels covering heating coils and clean all accessible areas inside the unit. Do not use methods that raise dust, such as dry sweeping or vacuuming with equipment not equipped with HEPA filters.

2.2.10. Cover floor and wall surfaces with plastic sheeting. Use a minimum of three layers of 6 mil plastic on the floors and three layers of 4 mil plastic on the walls. Floor layers shall be applied making sure that plastic is turned-up the wall at least 16 in. and securely fastened. Then apply wall layers overlapping the wall previously turned-up floor plastic by at least 12 in. All joints and seams shall be glued, taped, or stapled securely with care to minimize damage to existing walls or floor, yet in a manner to prohibit water or air movement through the covered areas. If plaster, metal lath, ceiling grid work, or any other material capable of tearing plastic sheeting is being removed, cover plastic on the floor with plywood, tear resistant felt, tar paper, or other tear resistant material capable of protecting the plastic from damage.

2.2.11. Areas immediately adjacent to removal areas such as corridors or hallways which do not receive asbestos material removal, but are necessary routes to and from work areas, shall be protected with plastic on floors, walls, and ceilings, same as described herein. Contractor is permitted to provide plastic enclosed framed-in tunnels in lieu of plasticizing walls and ceilings. Openings from these areas into areas where asbestos material is removed shall have curtained doorways to minimize fiber release into other areas.

2.2.12. Establish emergency and fire exits from the work areas, or establish alternative exits satisfactory to fire officials or applicable codes.

All exists shall be marked in bold lettering "**EXIT**" or "**Emergency Exit**."

2.2.13. Install Asbestos Abatement Contractor's communication equipment. Equipment should be operating properly and maintained as such during removal and clean-up operation (see Subsection 1.13.).

INITIALS OF BIDDER: \_\_\_\_\_ DATE: \_\_\_\_\_

2.2.14. Remove and clean ceiling-mounted objects, such as lights and other items not previously sealed off, that may interfere with removal or other abatement activities. Use hand-held water spraying or HEPA vacuum equipment during fixture removal to reduce fiber release. Care should be taken in the removal, cleaning, and storage of these items to ensure that they can be reinstalled clean and in proper working order.

2.3. Decontamination Enclosure Systems

The decontamination enclosure systems shall be constructed, affixed, and connected in such a manner as not to compromise the airtightness of the containment.

2.3.1. Build suitable wood or metal stud frame; or use an existing room or enclosure approved by the Consultant. Portable, pre-fabricated units may be used if approved by the Consultant. Approval will be based upon, but not limited to, construction, floor plan, dimensions, materials, sizes, thicknesses, plumbing, electrical outlets, etc.

2.3.2. Connect to work area with framed-in tunnels, or to work area ingress/egress point.

2.3.3. If decontamination enclosure system is constructed on the exterior of a building, it shall be constructed of a minimum of 3/8 in. plywood on the exterior face and shall be weathertight.

2.3.4. In all cases, access between contaminated and uncontaminated rooms or areas shall be through a decontamination enclosure system. In all cases, access between any two rooms within the decontamination enclosure shall be through an air lock with two curtained doorways.

2.3.5. Worker and Visitor Decontamination Enclosure:

- (1) Construct a worker's and visitor's decontamination enclosure adjoining the work area consisting of three (3) totally enclosed chambers: shower room, flanked by an equipment room, and a clean room (see Plate 2).
- (2) The equipment room shall be connected to the work area and contain an air lock leading to the shower room. In addition, the equipment room shall:
  - (a) Contain marked receptacle for the discarding of contaminated clothing prior to entering the shower room.
  - (b) Contain a marked receptacle for reusable clothing which is contaminated and is not to be removed.
- (3) The shower room shall be connected to the equipment room and the clean room by an air lock. It shall contain the following:
  - (a) At least one shower with hot and cold or warm water. If necessary, Contractor shall provide portable hot water heater to supply hot water.
  - (b) Removable shower grate approved by Consultant.
  - (c) Sufficient soap, shampoo, and disposable towels at all times.
  - (d) Opaque curtains at each air lock.

INITIALS OF BIDDER: \_\_\_\_\_ DATE: \_\_\_\_\_

- (4) The shower room shall not leak, and the water shall be appropriately filtered and/or properly disposed (see General Requirements).
- (5) The clean room shall be connected to the shower room by one air lock, with a curtained doorway leading to any other non-contaminated space within the Worker Decontamination Enclosure.
  - (a) It shall be large enough to provide storage for the worker's street clothes, towels, or any other non-contaminated items.

#### 2.3.6. Equipment Decontamination Enclosure:

- (1) Construct an equipment decontamination enclosure consisting of two (2) totally enclosed chambers: a washroom and a holding area (see Plate 2).
  - (a) The washroom constituting an air lock shall be connected to the holding area by a curtained doorway.
  - (b) The holding area will be connected to any uncontaminated area by a curtained doorway.
- (2) These spaces shall be for the cleaning and decontamination of bagged wastes. In addition, this is preferred ingress and egress point for equipment. All equipment will be thoroughly decontaminated before removal to an uncontaminated area.
- (3) Water shall be collected, filtered, and/or properly disposed (see General Requirements).

2.3.7. The Decontamination Enclosure System shall be maintained to ensure that the barriers, air locks, and plastic linings are effectively sealed and taped. Repairs should be undertaken immediately upon discovery of a defect.

2.3.8. Visually inspect and thoroughly clean the Decontamination Enclosure System at the beginning and end of each work day.

2.3.9. Prefabricated showers shall be clean upon arrival at the jobsite. Consultant will approve before putting into service.

#### 2.4. Barriers

##### 2.4.1. Barriers shall have:

- (1) Wood or metal studs, 16 in. o.c., faced with 3/8 in. plywood sheeting on work side only.
- (2) Both sides of barrier covered with triple layer of minimum 4 mil plastic sheet with joints staggered and sealed with tape. Edges of barrier connected to floor, walls, and ceiling shall be secured and sealed airtight.

2.4.2. Install 12 inch x 12 inch Plexiglass windows in locations such that the containment area is visible from outside containment. Approve locations with Consultant prior to installation.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

2.5. Differential Air Pressure

It is imperative that the ambient air pressure in contaminated areas be less than that of uncontaminated areas.

2.5.1. After the sealing of the work area, construction of any barriers, and construction of Decontamination Enclosure Systems, the air pressure in the work area shall be less than uncontaminated areas outside the barrier.

2.5.2. This should be accomplished by the use of an appropriate number of air handling units equipped with HEPA filters. Before start of work, submit in writing, design of differential air pressure system to Consultant for approval, including number of differential air machines required and the calculations necessary to determine the number of machines and the locations of the machines in the work area. Spare differential pressure machines should be available to the work area in case of equipment failure.

**No Air Shall Be Exhausted From The Work Area Without HEPA Filtration**

2.5.3. All HEPA air units shall be equipped with an indicator that signals when HEPA filter requires replacement.

2.5.4. If replacement of the HEPA filter is required, this shall be accomplished inside the containment enclosure with adequate differential pressure.

2.5.5. Equipment failure shall not be a valid reason for not maintaining a differential ambient air pressure.

2.5.6. Any question regarding effectiveness of the air handling units or their capabilities will be decided by the Consultant.

2.5.7. Differential air pressure unit(s) will remain in use until a final clearance has been attained.

**No Removal Activities Will Be Allowed Without Proper Differential Air Pressure**

2.5.8. Contractor will supply a device capable of continuously recording ambient air pressure within the work area (Differential Manometer with strip chart recorder).

2.5.9. The work area(s) will be maintained at a differential pressure across any barrier of at least 0.04 inches of water and a sufficient number of air handling units to provide an exchange of air within the work area every 7.5 minutes (8 air changes/hour).

2.5.10. Differential pressure machines shall exhaust to exterior of building.

2.6. Pre-Abatement Walk-Thru

Prior to beginning any abatement activities, the Asbestos Abatement Contractor shall request that the Consultant conduct a walk-thru of the site. This walk-thru will be to visually determine if all appropriate procedures, methods, and measures have been adhered to prior to abatement. It will include:

2.6.1. Observation of work area.

2.6.2. Observation of barriers, air locks, curtained doorways and emergency exits.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

2.6.3. Observation of Decontamination Enclosure System.

2.6.4. Observation of differential pressure equipment and presence of sufficient differential air pressure.

2.6.5. Observation of respirator equipment and Type "C" air supply.

2.6.6. Observation to verify that all notices and warnings are posted.

2.6.7. No abatement shall commence until the Consultant has signed the daily log book indicating that it is appropriate to begin.

## 2.7. Removal Activities

After the Pre-Abatement Walk-Thru, the Asbestos Abatement Contractor shall begin removing asbestos-containing materials.

### Note: Only Wet Removal Techniques Will Be Allowed

2.7.1. Spray asbestos material with amended water, using equipment recommended by the manufacturer capable of providing a "mist" application to reduce the release of fibers. Saturate the material sufficiently so that the amended water penetrates to the substrate without causing excess dripping. Spray the asbestos material and mist the air repeatedly during the work process to maintain a wet condition and to minimize fiber release. Care shall be taken by the workers to apply enough wetting agent to achieve the intent described herein; however, not to the excess that damage will result from overwetting.

2.7.2. The Asbestos Abatement Contractor shall use removal techniques, methods, and equipment which will not permit the fiber count during removal operations to exceed 0.2 fibers/cc of air.

2.7.3. Material shall not be permitted to fall more than 15 ft without intermediate catching devices such as platforms or inclined chutes.

2.7.4. Remove the material in small manageable sections. Do not allow the material to dry out. Begin cleanup immediately as specified by 6.1.

2.7.5. If scraping is to be the removal method, the surface should be wet brushed or sponged clean in order to remove any remnant fibers after stripping the surface of asbestos-containing materials. The brush will have synthetic bristles. Remove all material visible to the naked eye.

2.7.6. Collect the material that has been removed and place it into dark-colored sealable plastic bags (6 mils thick minimum). Each bag will be cleaned, wet wiped, evacuated, and removed from the work area. All plastic bags and containers must be imprinted with required and Specified Warnings and/or Labels (see Plates 4 and 5).

2.7.7. The preferred method is for the material to be placed directly into previously described containers.

2.7.8. Clean the external surfaces of the containers thoroughly in the work area. Next, move the containers into the Equipment Decontamination Enclosure. Proper equipment decontamination requires:

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

- (1) Clean gross contamination in work area
- (2) In Washroom, wet clean thoroughly
- (3) Place in clear sealable plastic bag (6-mils thick minimum) with required warnings and/or labels.
- (4) Seal with as little free air space as possible twist top of bag, gooseneck, and wrap with duct tape.
- (5) Move container into Holding Area.

2.7.9. If project requires complete or partial demolition, use methods designed to reduce loose debris and high fiber levels (see Demolition).

2.7.10. All metal shall be placed in sealable rigid drums or wrapped in tar paper and two layer of 10-mil plastic sheeting. All metal lath will be disposed of as contaminated waste.

2.8. Glovebag Removal of Pipe Insulation

After the pre-abatement walk-thru, the Asbestos Abatement Contractor will begin glovebag removal of asbestos-containing pipe insulation as described in this paragraph.

**Note: Only Wet Removal Techniques will be Allowed.**

2.8.1. Shut off steam or hot water supply lines and allow lines to cool to less than 140 degrees F. before beginning glovebag work.

2.8.2. Post all appropriate asbestos warning signs. Only appropriately trained and licensed personnel involved with the work shall be permitted in and around the work area.

2.8.3. Shut down the HVAC system and seal holes and diffusers in existing ductwork with plastic sheeting and duct tape. A minimum of one layer of 4-mil plastic sheeting shall also be placed over critical barriers in the area such as doors and windows. Differential pressure shall be established in the work area using a differential pressure unit or by using HEPA vacuums in areas containing less than 1000 cubic feet.

2.8.4. Construct a wet decontamination unit per Section 2.3 adjacent to the work area or in the vicinity of multiple work areas. For work areas requiring ladders or scaffolding, construct an equipment decontamination unit also.

2.8.5. Where more than a single pipe fitting is to be removed, enclose the work area with plastic sheeting. Use a minimum of one layer of 6 mil plastic on the floor and one layer of 4 mil plastic as the walls. Any walls adjacent to public access areas shall consist of at least one layer of opaque (black) poly, and as a minimum, shall be firmly secured to furring strips. All joints and seams shall be glued, taped, or stapled with care to minimize damage to existing walls or floor, yet in a manner to prohibit water or air movement through the covered area. Establish differential pressure.

2.8.6. Provide a double airlock at the entrance and exit to the work area.

2.8.7. Following the manufacturer's directions, mix an amending agent, preferably an encapsulant, with water in a small garden sprayer.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

2.8.8. Check the pipe where the work will be performed. If the insulation is damaged, wrap the entire length of the pipe in plastic and "candy stripe" it with duct tape. If the pipe is undamaged, it is still necessary to place one layer of duct tape around the pipe at each location where the glovebag will be attached.

2.8.9. Place a sheet of 6-mil plastic beneath the entire length of pipe to be abated and extending at least 5 feet to either side of the pipe.

2.8.10. Slit the top of the glovebag open and cut down the sides to accommodate the size of the pipe (approximately two inches longer than the pipe diameter).

2.8.11. Place the necessary tools into the tool pouch located inside the glovebag. This will usually include the bone saw, utility knife, rags, scrub brush, wire cutters, and an encapsulant.

2.8.12. Place one strip of duct tape along the edge of the open top slit of the glovebag for reinforcement.

2.8.13. Place the glovebag around the section of pipe to be worked on and seal the top ends together. Next, fold the sealed top flap back and tape it down with a strip of duct tape. This shall provide an adequate seal along the top. Next, duct tape the ends of the glovebag to the pipe itself, previously covered with plastic or duct tape.

2.8.14. Using a smoke tube and aspirator bulb, place the tube into the water sleeve (two-inch opening to glovebag). By squeezing the bulb, fill the bag with visible smoke. Remove the smoke tube and twist the water sleeve closed. While holding the water sleeve tightly, gently squeeze the glovebag and look for smoke leaking out, especially at the top and ends of the glovebag. If leaks are found, seal with duct tape and retest.

2.8.15. Insert the wand from the water sprayer through the water sleeve. Using duct tape, tape the water sleeve tightly around the wand to prevent air leakage.

2.8.16. Cut an additional slit in the plastic approximately the same size as the end of the HEPA vacuum hose nozzle end. Insert the end of the HEPA vacuum hose into the glovebag and seal to the bag with tape. Turn on the HEPA vacuum long enough to fully evacuate all air from the bag.

2.8.17. One person places his hands into the long-sleeved gloves while the second person directs the water spray at the work.

2.8.18. The Asbestos Abatement Contractor will use removal techniques, methods, and equipment which will not permit the fiber count during glovebag removal operations to be more than 0.01 fibers/cc of air as detected by personal air sampling methods. Area fiber counts shall not exceed 0.01 fibers/cc. Any remedial measures taken by the Contractor to meet this requirement will be at the Contractor's expense.

2.8.19. If the section of pipe is covered with an aluminum jacket, this shall be removed first using the wire cutters to cut any bands and the tin snips to remove the aluminum. It is important to fold the sharp edges in to prevent cutting the bag when it is placed in the bottom.

INITIALS OF BIDDER: \_\_\_\_\_ DATE: \_\_\_\_\_

2.8.20. With the insulation exposed, cut the insulation at each end of the section to be removed inside the glovebag. Throughout this process, water is sprayed on the cutting area to keep dust to a minimum.

2.8.21. Once the ends are cut, the section of insulation shall be slit from end to end. The cut shall be made along the bottom of the pipe and water continuously supplied. Again, care shall be taken when using the knife not to puncture the bag. Some insulation may have wire to be clipped as well.

2.8.22. Spray all tools with water inside the bag and place back into pouch.

2.8.23. The insulation can now be lifted off the pipe and gently placed in the bottom of the bag.

2.8.24. Using the scrub brush, rags and water, scrub and wipe down the exposed pipe inside the glovebag.

2.8.25. Thoroughly encapsulate all abated surfaces and exposed ends of insulation with an approved encapsulant.

2.8.26. From outside the bag, pull the tool pouch away from the bag and twist it to separate it from the bag. Place duct tape over the twisted portion and then cut the tool bag from the glovebag, cutting through the twisted/taped section. In this manner, the contaminated tools may be placed directly into the next glovebag without cleaning. Alternately, the tool pouch with the tools can be placed in a bucket of water, opened underwater, and the tools cleaned and dried without releasing asbestos into the air. Rags and the scrub brush shall be disposed of as contaminated waste. If more than one section of pipe is to be removed, a new glovebag must be used for each section. An alternate method for removing the tools from the glovebag is to invert one of the arms so it is outside the bag. Place the tools in the sleeve and twist it. Tape the twisted sleeve at two places approximately 1 inch apart and cut the sleeve between the taped areas.

2.8.27. With the removed insulation in the bottom of the bag, wash down the upper portion of the bag with amended water and twist the bag several times and tape it to keep the material in the bottom during removal of the glovebag from the pipe.

2.8.28. Slip a 6 mil disposal bag over the glovebag (still attached to the pipe). Turn on the HEPA vacuum. Cut and remove the tape and open the top of the glovebag and fold it down into the disposal bag.

2.8.29. Remove the disposable suits and place these into the bag with the asbestos waste.

2.8.30. Twist the top of the bag closed, fold this over, and seal with duct tape. Label the bag with a warning label. Each glovebag shall be used on only one section of pipe and shall not be reused or slid.

2.8.31. If, at any point in the removal or cleanup procedure, a leak or hole in the glovebag is found, the work shall immediately stop and the hole sealed. If necessary, the entire area shall be wet-wiped and cleaned.

2.8.32. After completion of removal, proceed with cleanup per Section 6.0.

3.0 ASBESTOS ENCAPSULATION3.1. General

The extent of encapsulation work is shown on the drawings and as herein specified.

3.1.1. The work includes the encapsulating of asbestos-containing fireproofing located above suspended ceilings.

OR

3.1.2. The work includes the encapsulating of asbestos-containing spray-on acoustical plaster.

OR

3.1.3. The work includes the sealing of all scratch coat plaster from which asbestos-containing finish plaster has been removed.

3.1.4. Submittals

- (1) Submit manufacturer's technical information including label analysis and application instructions for each material proposed for use.
- (2) Submit manufacturer's installation instructions with specific project requirements noted.
- (3) Submit manufacturer's performance guarantee.
- (4) Submit written approval of entity installing the encapsulant from encapsulant manufacturer.
- (5) Submit the Material Safety Data Sheet, or equivalent, in accordance with the OSHA Hazard Communication Standard (29CFR 1910.1200) for each surfactant and encapsulating material proposed for use on the work. Include a separate attachment for each sheet indicating the specific worker protective equipment proposed for use with the material indicated.

3.1.5. Delivery and Storage

- (1) Deliver materials to the job site in original, new and unopened packages and containers bearing manufacturer's name and label, and following information:

Name or title of material  
Manufacturer's stock number and date of manufacture  
Manufacturer's name  
Thinning instructions  
Application instructions

- (2) Deliver materials together with a copy of the OSHA Material Safety Data Sheet for the material.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

### 3.1.6. Quality Assurance

- (1) Install spray-on materials by a firm and personnel approved by the manufacturer of the primary materials.
- (2) Submit written Performance Warranty, executed by the manufacturer and co-signed by the Contractor, agreeing to repair/replace spray-on work which has cracked, fallen from substrate, or otherwise deteriorated to a condition where it would not perform effectively for its intended purposes due substantially to defective materials or workmanship and not due to abuse by occupants, improper maintenance, nonforeseeable ambient exposures or other causes beyond anticipated conditions and manufacturer's/contractor's control.
- (3) Warranty period is one year after date of substantial completion.

### 3.2. Products

3.2.1. Provide penetrating or bridging type encapsulant specifically designed for application to asbestos-containing material.

3.2.2. Use only materials that have a flame spread index of less than 25, when dry, when tested in accordance with ASTM E-84.

3.2.3. Select appropriate encapsulants from those rated as "acceptable" when tested under the procedures of "Battelle Columbus Laboratories" tests for the evaluation of encapsulants for friable asbestos-containing materials.

### 3.3. Execution

#### 3.3.1. General

Prior to Applying any encapsulating material, ensure that application of the sealer will not cause the base material to fall and allow the sealed material to fall of its own weight or separate from the substrate. Should Contractor doubt the ability of the installation to support the sealant, request direction from the Owner's Representative before proceeding with the encapsulating work.

#### 3.3.2. Worker Protection

- (1) Before beginning work with any material for which a Material Safety Data Sheet has been submitted, provide workers with the required protective equipment. Require that appropriate protective equipment be used at all times.
- (2) In addition to protective breathing equipment required by OSHA requirements or by this specification, use painting pre-filters on respirators to protect the dust filters.

#### 3.3.3. Spray-on Fireproofing/Spray-on Acoustical plaster

- (1) Prepare work area as required by Subsection 2.1. through 2.6.
- (2) Provide worker protection and respiratory protection per Subsection 5.0, Safety.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

- (3) It is the intent of this section that the surface to be encapsulated should not be water-damaged, have loose or hanging asbestos-containing materials, and should be prepared for encapsulation as recommended by the manufacturer of the encapsulant.
  - (a) Repair damaged and missing areas of existing sprayed asbestos to obtain a suitable base for sealing and to restore continuity of existing material. Use the specified asbestos-free replacement material in accordance with the manufacturer's recommendations.
  - (b) Remove loose and hanging material. Pack in sealable plastic bags, 6-mil minimum thickness, and place in labeled containers for transport.
  - (c) Cleanup as specified in Subsection 6.1.
- (4) Comply with all manufacturer's instructions for particular conditions of installation in each case. Consult with manufacturer's technical representative for conditions not covered.
- (5) Encapsulate all surfaces in full compliance with manufacturers' procedures.
- (6) At completion of encapsulation and before removal of work area enclosures and differential pressure system, decontaminate space in accordance with requirements of Subsection 6.0, Cleanup Procedures and Clearance Standards.
- (7) At completion of work, submit manufacturer's record of inspection of completed work and Manufacturer's Performance Guarantee executed by both manufacturer and Contractor.

#### 3.3.4. Scratch Coat Plaster

- (1) Apply two (2) coats of encapsulant to the scratch coat plaster after all asbestos-containing material has been removed. Apply in strict accordance with the manufacturer's instructions for use of the encapsulant as an asbestos coating. Any deviations from such printed instructions must be approved by the Owner's Representative in writing prior to commencing work.
- (2) Apply encapsulant with an airless spray gun with air pressure and nozzle orifice as recommended by the encapsulant manufacturer.
- (3) Apply the first coat of encapsulant while the scratch coat is still damp from the asbestos removal procedures. If the surface has been permitted to dry, vacuum surface with a HEPA filtered vacuum cleaner prior to spraying with the encapsulant.
- (4) Apply second coat over the first coat in strict conformance with manufacturer's instructions.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

- (5) Color the encapsulant contrasting colors in alternate coats so that visual confirmation of complete and uniform coverage of each coat is possible. Adhere to manufacturer's instructions for coloring. At the completion of work, the encapsulated surface must be a uniform third color produced by the mixture.
- (6) At completion of encapsulation, and before removal of work area enclosures and differential pressure system, decontaminate space in accordance with requirements of Subsection 6.0, Cleanup Procedures and Clearance Standards.

#### 4.0 ASBESTOS ENCLOSURE

##### 4.1. General

Prepare work area as required by Subsections 2.1. through 2.6.

##### 4.2. Preparation of Enclosed Surface

It is the intent of this Subsection that enclosed asbestos-containing surfaces be in sound condition prior to encapsulation and enclosure.

4.2.1. Remove loose and hanging material. Place in sealable plastic bags, 6-mil minimum thickness, and place in labeled containers for transport.

4.2.2. Cleanup as specified in Subsection 6.1.

4.2.3. Encapsulate surface as per Subsection 3.3.

4.2.4. Secure hangers or other fixing devices.

- (1) Use amended water during this process as necessary to reduce fiber release.

##### 4.3. Enclosure

After installation of hangers or other fixing devices and the proper preparation of the surface, erect, install, and seal the enclosure.

4.3.1. The enclosure shall be (as specified).

4.3.2. Cleanup shall be in accordance with Subsections 6.0

4.3.3. Warning labels should be posted similar to the following:

**"Stop! Within this enclosure are friable asbestos-containing materials. Consult building management prior to working in this area."**

- (1) Post at locations indicated by the Consultant.
- (2) The total number of labels required will be specified in the Supplementary Conditions of the Contract, Subsection 3.0, Description of Work.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

## 5.0 SAFETY

### 5.1. General

The Asbestos Abatement Contractor shall be solely responsible for the safety, and efficiency, and adequacy of his plant, appliances, and methods, and for any damages which may result from their improper construction, maintenance, or operations. He shall erect and properly maintain at all times, as required by the condition and progress of the work, proper safeguards for the protection of the workmen and the public, and shall post warning signs around the site.

5.1.1. The Asbestos Abatement Contractor shall designate a responsible member of his organization on the work site, whose duty shall be the detection, recognition, and prevention of accidents and potential accidents. In the absence of notice to the contrary, filed in writing to the Consultant, this person shall be the supervisor of the Asbestos Abatement Contractor.

5.1.2. The Asbestos Abatement Contractor shall assume all responsibility for any toxic effects to workers of the air supplied to respirators. The Asbestos Abatement Contractor shall assume all responsibility for any toxic effects to personnel or property caused by airborne particulates, mists, vapors, or any wetting agent(s) and for the disposal of said agent(s) and any residual toxic damaging residues.

### 5.2. Workers and Crews

5.2.1. The Asbestos Abatement Contractor shall at all times enforce strict discipline and good order among his employees and shall not employ on the work crew any person not skilled in the work assigned nor anyone who has not received notice and instructions on the dangers of asbestos exposure and the reduction of the dangers associated with its removal. They shall also receive training in the proper use of respirators, safety procedures, equipment, clothing, and work procedures.

5.2.2. The Asbestos Abatement Contractor shall remove any employee from the project not adhering to any standard or requirement set forth herein.

5.2.3. The Asbestos Abatement Contractor shall be responsible for setting the size of his work crews. During removal operations, a minimum of two (2) workers shall be in the work area. Under no circumstances should workers be allowed to work alone while within the work area.

### 5.3. Respiratory Protection

5.3.1. Prior to commencement of work, all workers shall be instructed and shall be knowledgeable in the use of respiratory equipment. **Note:** This shall include emergency evacuation procedures in the event of compressor failure.

5.3.2. All respiratory protection shall be provided to workers in conjunction with a respiratory protection program which shall meet the requirements of OSHA 29 CFR 1910.134 and OSHA 29 CFR 1926.58. This includes qualitative or quantitative fit testing.

5.3.3. The Asbestos Abatement Contractor shall provide workers with personally issued and marked respiratory equipment approved by the Mine Safety and Health Administration (MSHA) and/or the National Institute for Occupational Safety and Health (NIOSH) for use in atmospheres containing asbestos fibers.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

5.3.4. Respiratory protection shall be worn by all persons potentially exposed to asbestos from the initiation of the asbestos abatement project until all areas have been given clearance. Clearance shall be obtained by visual inspection and air monitoring.

5.3.5. Where respirators with disposable filters are employed, provide sufficient filters for replacement as necessary by the worker, or as required by the applicable regulation.

5.3.6. Type "C" respirators shall be supplied-air, pressure demand with full face piece with an emergency HEPA egress filter.

5.3.7. The Asbestos Abatement Contractor shall provide compressed air systems which provide grade "D" breathing air in accordance with OSHA 29 CFR 1926.58 and ANSI Z86.1-1973 Commodity Specifications for Air. Special care should be taken with regard to particulate contamination.

5.3.8. Compressed air systems shall be designed to provide breathing air in sufficient volumes and pressures to accommodate respirator manufacturer's specifications. The air systems shall have a receiver of adequate capacity to allow for escape of all respirator wearers from contaminated areas in the event of compressor failure. Oil-lubricated compressors shall have in-line carbon monoxide monitor/alarm and high-temperature alarm. All compressors shall be equipped with a low pressure alarm. All compressor systems shall have suitable in-line filters and purifying sorbent beds to assure quality breathing air, free of water, oil, dust, fumes, mists, particulates, or odors (see Plate 3). The carbon monoxide monitor/alarm will be tested prior to initial use and at least daily thereafter.

5.3.9. The Asbestos Abatement Contractor shall supply all individuals with adequate respiratory protection, which is set at a minimum in compliance with OSHA requirements. In addition, he shall require and enforce the use of the following activity-related requirements:

- (1) Project Walk-Thru Inspection: (Contractor Option) cartridge-type, air-purifying respirator.
- (2) Pre-Removal Work Activities Not Disturbing Asbestos-Containing Materials: Full face piece high-efficiency Powered Air-purifying Respirators (PAPR).
- (3) Pre-Removal Work Activities Which Disturb Asbestos-Containing Materials: Type "C" respirator.
- (4) Removal Activities: Type "C" respirator.
- (5) Gross Cleanup and Plastic Removal: Type "C" respirator.
- (6) Encapsulation and Containment Cleanup: Type "C" respirator.
- (7) Drum Handling and Disposal Activities: Full face piece high-efficiency Powered Air-purifying Respirator.

Note: The Asbestos Abatement Contractor shall ensure that disposal crew have sufficient number of respirators in transport vehicle for routine or emergency use. This includes at least one extra respirator for landfill personnel.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

- (8) Final Wipe Down and Cleanup: Full face piece high-efficiency Powered Air-purifying Respirator.
- (9) Any question as to respiratory requirements for any activity unnamed or described herein shall, by default, require the maximum protection, or may be directed by the Consultant.
- (10) Proper respiratory equipment shall be used throughout the project, including removal of final layers of plastic after final air clearance is attained.

5.3.10. Provide authorized visitors with suitable respirators and respirator training whenever they are required to enter the work areas, to a maximum of four (4) per day.

5.3.11. Provide one (1) extra designated, personal respirator(s) to enable the Consultant, his inspector, or any testing laboratory inspector to enter the work area without having to wait or be delayed.

5.3.12. Post in the Equipment Room and the Clean Room, all decontamination and safety procedures to be followed for ingress and egress from the work area.

5.3.13. Provide air hoses of sufficient length to allow workers to exit through the decontamination unit under supplied air.

#### 5.4. Protective Clothing

The Asbestos Abatement Contractor shall provide workers with sufficient sets of protection, disposable, full body clothing recommended for use in asbestos operations or equivalent to DuPont "TYVEK-Type 14".

5.4.1. Upon request to the Consultant, the Asbestos Abatement Contractor may be allowed to use non-disposable clothing. Request will be granted based upon proof of disposal or use of proper laundering for contaminated articles.

5.4.2. Such full body clothing shall consist of:

- (1) Foot coverings including shoes, boots, or disposable foot coverings. Rubber boots are recommended.
- (2) Head coverings (disposable are recommended).
- (3) Clothing should be full body coverall type.

5.4.3. Street clothes shall not be worn under protective clothing.

5.4.4. Any non-decontaminated protective clothing shall remain within the contaminated areas, and shall be disposed of as contaminated waste upon completion.

5.4.5. Provide authorized visitors with suitable sets of protective full body clothing including footwear.

5.4.6. Provide eye protection and hard hats as required for job conditions or by applicable safety regulations.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

5.4.7. All clothing shall be sealable by design or by securing with tape at the workers' ankles and wrists. Short pants or short sleeves will not be allowed.

5.5. Worker Protection Procedures

5.5.1. All decontamination procedures are for the protection of the worker and general public and shall be strictly adhered to prior to entering and exiting the work area except under extreme emergencies.

5.5.2. Any person entering the equipment room or the work area shall:

- (1) Remove all street clothes in the clean change room.
- (2) Put on clean protective clothing.
- (3) Put on and utilize the proper respiratory equipment.

5.5.3. Any person exiting the equipment room or work area shall:

- (1) Remove any gross contamination while still in the work area.
- (2) Proceed to the equipment room and remove all protective clothing.

**DO NOT REMOVE RESPIRATOR**

- (3) Still wearing respirator, proceed naked into shower.
- (4) Thoroughly clean first the respirator and then themselves with soap and water.

**Proper Decontamination Includes a Thorough Shampoo and Body Wash Prior to Removing Respirator**

- (5) After showering and drying off, proceed to the clean change room and dress.
- (6) Any contaminated clothing (including footwear) shall remain in the equipment room and be discarded as contaminated waste unless they can be properly decontaminated.

5.5.4. No person shall eat, drink, smoke, chew gum or tobacco in the work area.

5.5.5. At no time will smoking be allowed in the project area.

5.5.6. Workers removing waste containers from the equipment decontamination enclosure shall enter the holding area from the outside wearing a respirator and be dressed in clean disposable coveralls. No worker or person shall use this system as a means of ingress or egress from the work area.

5.6. Work Environment

The work environment is extreme. The Asbestos Abatement Contractor shall be aware of the ever present dangers and shall take the appropriate preventive measures to protect the workers from extreme environments (hot, cold, humid, wet) as well as from exposure to asbestos.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

5.7. Ladders, Scaffolds, and Work Platforms

The Asbestos Abatement Contractor shall adhere to all OSHA regulations and standards with regard to ladders, scaffolds, and work platforms. He shall also follow proper decontamination procedures when removing said devices from the work area.

5.8. Electrical

Due to the extreme conditions present during abatement activities, the Asbestos Abatement Contractor is responsible for assuring work areas are safe from electrical hazards. An adequate Ground Fault Interrupter system shall be used as required in the National Electrical Code. Contractor must also supply power for Consultant's sampling pumps, fans, and leaf blower, using Ground Fault Interrupters.

5.9. Fire Protection

5.9.1. Fire extinguishers, 10A60BC type, will be required in the work areas at a rate of one per 3000 sq ft or within 75 ft of anywhere in the work area.

5.9.2. The minimum number of fire extinguishers will be one in the contained work area and one in the clean area.

5.9.3. Smoke detectors of the battery powered ionization type will be required at a rate of one per 5000 sq ft.

5.9.4. The minimum number of smoke detectors will be one in the clean area and one adjacent to each differential pressure machine.

5.9.5. Smoking, cooking appliances, heaters, etc. are prohibited in and around the work area, including the clean room.

## 6.0 CLEANUP PROCEDURES AND CLEARANCE STANDARDS

### 6.1. Gross Cleanup

Immediately upon removal of asbestos-containing materials, the following clean-up procedures shall commence:

6.1.1. Collect the material that has been removed and place it into dark-colored sealable plastic bags (6 mils thick minimum). Each bag will be cleaned, wet wiped, evacuated, and removed from the work area. All plastic bags and containers must be imprinted with required and Specified Warnings and/or Labels (see Plates 4 and 5).

6.1.2. The preferred method is for the material to be placed directly into previously described containers.

6.1.3. Clean the external surfaces of the containers thoroughly in the work area. Next, move the containers into the Equipment Decontamination Enclosure. Proper equipment decontamination requires:

- (1) Clean gross contamination in work area
- (2) In Washroom, wet clean thoroughly
- (3) Place in clear sealable plastic bag (6-mils thick minimum) with required warnings and/or labels.
- (4) Seal with as little free air space as possible twist top of bag, gooseneck, and wrap with duct tape.
- (5) Move container into Holding Area.

**NOTE:** All asbestos-containing waste materials to be disposed of must be double-bagged.

6.1.4. Once into the Holding Area, all containers will be handled by workers, wearing uncontaminated, clean protective clothing entering from uncontaminated areas. No worker shall exit through the Equipment Decontamination Enclosure.

6.1.5. Containers must be stored in a secure area which has been lined with one layer of 6 mil plastic. Containers should be removed to predetermined and authorized landfill as soon as possible.

6.1.6. All waste containers shall be labeled in accordance with OSHA Regulation 29 CFR 1926.58

6.1.7. Maintain a clean work area at all times. Thoroughly clean work area, including decontamination enclosure system, at the end of each work day and/or work shift.

### 6.2. Initial Cleanup Sequence

6.2.1. Following abatement activities, cleanup remaining gross accumulations of asbestos-containing materials. Do not use sharp metal objects during cleanup that may cause damage to plastic on floors or walls, such as metal shovels or brooms.

6.2.2. Remove all visible accumulations of debris.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

- 6.2.3. Wet clean and HEPA vacuum entire (all surfaces) Work Area.
- 6.2.4. All equipment and containers shall be decontaminated and removed.
- 6.2.5. Remove top layer of plastic sheeting and dispose of as contaminated waste.
- 6.2.6. Wet clean and HEPA vacuum (all surfaces) work area.
- 6.2.7. Request visual clearance by Consultant. Criteria for visual clearance include:
- (1) Completion of Abatement Activity
  - (2) Adequate cleanup of Work Area
- 6.2.8. Upon completion of visual clearance (passing), the Consultant will sign the Log book as "Ready for initial air clearance."

6.3. Initial Air Clearance

- 6.3.1. Upon request by Asbestos Abatement Contractor and after the visual clearance requirements have been met, the Consultant will conduct an initial air clearance test.
- 6.3.2. The standard for initial air clearance is 0.01 fibers/cubic centimeter of air as determined by Phase Contrast Microscopy (PCM). Tests will be conducted using aggressive air sampling techniques.
- 6.3.3. When standard for initial air clearance has been met:
- All existing pipes, fittings, valves, and any other component of the piping system, all areas where asbestos-containing material has been removed, and all plastic sheeting shall receive one coat of identifiable encapsulant.

6.4. Plastic Removal

- 6.4.1. After the Consultant has determined that the encapsulant is dry, remove one layer of plastic sheeting from walls and floors. Care should be taken to avoid pulling down the remaining layer of plastic sheeting. Containerize plastic and any remaining debris, decontaminate container, and dispose of as contaminated waste. All containment devices, including decontamination facilities, shall remain in place.
- 6.4.2. Reclean and HEPA vacuum all surfaces.
- 6.4.3. Apply another coat of identifiable encapsulant to all surfaces.
- 6.4.4. After the Consultant has determined that the encapsulant is dry, remove the remaining layer of plastic sheeting. All plastic over critical barriers shall remain in place. Decontamination facilities shall remain in place and all specified differential pressure requirements shall be maintained.
- 6.4.5. Wet clean and HEPA vacuum the entire work area.
- 6.4.6. Observe a 12-hour hold period.
- 6.4.7. Request final air clearance.

INITIALS OF BIDDER: \_\_\_\_\_ DATE: \_\_\_\_\_

6.5. Final PCM Clearance

6.5.1. Upon request by the Asbestos Abatement Contractor, the Consultant will conduct a final air clearance test. The final clearance test will be conducted using aggressive air sampling techniques, such as leaf blowers, fans, or other agitation devices.

6.5.2. The standard for final air clearance is 0.005 fiber/cubic centimeter of air as determined by Phase Contrast Microscopy (PCM). However, based upon background fiber concentrations, visual inspection, or other factors, the final air clearance standard may be raised to 0.01 fibers/cubic centimeter of air at the discretion of the Owner or Consultant. All samples must meet the clearance standard.

Note: Contractors are reminded about the one retest provision.

6.6. Final TEM Clearance (Where Applicable)

6.6.1. Collection and analysis of TEM samples will be in accordance with Appendix A of AHERA Regulations, Sections I, II, III, and IV.

6.6.2. The clearance standard for final TEM clearance is :

- (1) Average of inside samples less than 70 structures/mm<sup>2</sup> and volumes of all inside samples greater than 1200 liters; or
- (2) Average of field and lab blanks less than 70 structures/mm<sup>2</sup> and average of inside samples is not statistically higher than the average of outside samples using the AHERA Z-test protocol.

6.6.3. Contractor should allow sufficient time in the work schedule for TEM analysis.

6.6.4. If TEM clearance does not meet the specified clearance standard, Contractor will reclean the containment.

6.6.5. After recleaning, upon request by the Contractor, the Consultant will repeat both the PCM final clearance and the TEM clearance. At the Consultant's discretion, the repeat PCM final clearance may be waived.

6.6.6. Contractor is responsible for costs of all retests, at the rate of \$100 per PCM sample and \$400 per TEM sample.

6.6.7. The Asbestos Abatement Contractor shall be required to comply with the clean-up procedures and clearance testing standards.

6.7. Final Clean-up

6.7.1. When the final clearance has been achieved with required respiratory and personal protective equipment:

- (1) Remove remaining layer of plastic sheeting over critical barriers,
- (2) Remove decontamination enclosure,
- (3) Remove all seals, barriers, and any other plastic sheeting, etc.
- (4) Dispose of everything used in the completion of the work as contaminated waste.

INITIALS OF BIDDER: \_\_\_\_\_ DATE: \_\_\_\_\_

6.8. Final Inspection

The work area shall be restored to its original condition.

6.8.1. After thorough cleaning, begin restoration.

6.8.2. If other work is to be done as part of extended renovations, it can commence at this time.

6.8.3. When all objects that have been removed have been restored, all finishes applied, all HVAC, mechanical, and electrical systems are working properly, request a final inspection.

6.9. Disposal of Contaminated Material, Wastes, and Objects

6.9.1. All shipping will be in accordance with Title 49, Code of Federal Regulation, Part 172.

6.9.2. All asbestos waste and asbestos-contaminated materials must be shipped using the following information on shipping papers and manifests:

|   |                                   |
|---|-----------------------------------|
| Hazardous Material<br>proper shipping name: | hazardous substance solid, N.O.S. |
| DOT Hazard Class:                           | ORM-E                             |
| Identification Number:                      | NA 9188 (friable asbestos)        |
| Reportable Quantity:                        | RQ-1 lb                           |

6.9.3. All wastes shall be disposed of at an authorized, predetermined landfill. The landfill location shall be approved by the Consultant prior to transport.

6.9.4. All asbestos waste materials shall be transported directly to the landfill.

6.9.5. All containers shall be properly marked and meet all regulations, codes, or ordinances.

6.9.6. All truck dumping containers shall be enclosed and sealed en route to the landfill.

6.9.7. The landfill shall meet all requirements of 40 CFR Part 61.156.

6.9.8. Asbestos Abatement Contractor shall provide receipts from landfill for material deposited. If a transporter is employed, waste manifests from the hauler shall also be provided.

6.9.9. All respiratory requirements specified herein shall be complied with during all waste handling activities.

SECTION 3: RENOVATIONS

1.0 CEILING TEXTURE REPLACEMENT

1.1. Scope

1.1.1. Contractor will provide all materials, labor, and equipment to sprayback texture coating on cleaned ceiling where asbestos-containing ceiling finish(es) has been removed under this contract.

1.1.2. Furnish, deliver, and install the work of this section in accordance with the manufacturer's installation requirements and in compliance with state, county, and city fire code requirements.

1.1.3. Submit manufacturer's product data on materials to be used.

1.2. Acceptable Manufacturers

1.2.1. Acceptable manufacturer is Lime Products Hi-Sorb Acoustical Plaster or approved equal.

1.3. Material Requirements

1.3.1. Ceiling spray texture:

Material: Foamiculite or vermiculite and gypsum based

Color: Manufacturer's Super White

Texture: Medium

Thickness: A minimum of 1/2 inch

1.4. Execution

1.4.1. Quality Assurance

- (1) Applicator must be experienced in the application of specified or accepted equal product.
- (2) Use total system, encompassing equipment and materials as recommended by manufacturer.
- (3) The applicator is responsible for condition of building in his area of work. Protect adjacent surfaces and equipment to prevent damage from overspray.

1.4.2. Scheduling

Do not apply sprayback until dust generating activities have terminated, removal and cleanup activities are complete and final air clearance level has been achieved according to Sections 6.5. or 6.6. or the Technical Specifications.

1.4.3. Inspection of Surfaces

- (1) Carefully examine surfaces to receive sprayed texture finish. Report, in writing, all unsatisfactory conditions.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

- (2) Verify that surfaces are free of contaminants such as, but not limited to: dirt, rust, grease, oil, scale, loose material, frost, or other matter which would affect adhesion of sprayed texture. Remove all dirt and dust from surface by vacuuming or similar acceptable method.
- (3) Applicator is wholly responsible for quality of this work. Do not proceed with any part of this work until unsatisfactory conditions are corrected.

#### 1.4.4. Preparation

- (1) Verify that ducts, piping, equipment, or other items removed and which would interfere with application of texture coating, are not reinstalled until sprayed texture finish work is completed and cured. Coordinate application of sprayed texture with other trades whose work may be affected by this application.
- (2) Do not begin preparation work and application of textures until temperatures inside the working area and on surfaces to be coated are at least 45°F.
- (3) Properly mask or otherwise protect surfaces not designated to receive texture application against overspray or accidental spillage during application.

#### 1.4.5. Application

- (1) Perform work utilizing experienced, competent applicators in accordance with this specification. Mix, thin, modify, and apply all materials in strict accordance with manufacturer's directions.
- (2) Prepare substrates in accordance with manufacturer's directions.
- (3) Apply material with proper equipment and in accordance with manufacturer's directions to clean surfaces to produce uniform thickness not less than 1/2 inch and completely hide the substrate.
- (4) Assure clean air ventilation across surface of sprayed texture during and after application to accelerate drying. Continuously introduce clean air while exhausting air to outside for proper curing.
- (5) Cure product based on manufacturer's directions. Prior to complete during of texture coating, do not allow any activity on any surface whose underside has received sprayed texture coating.

#### 1.4.6. Protection and Cleanup

- (1) As work progresses throughout texture coating application, maintain equipment in clean and good working order.
- (2) Upon completion of application, remove all masking, surplus materials, scaffolds, similar materials, and equipment from work area. Remove from floors and adjacent areas any overspray, debris, and water. Leave work area in broom clean condition. Clean up and properly dispose of masking

materials, empty bags and adhesive barrels, and leave premises in clean and finished condition acceptable to Consultant.

1.5. Worker Protection

Contractor will provide proper personal protective equipment, including respiratory protection, in accordance with OSHA and other applicable state and local regulations.

## 2.0 EQUIPMENT AND PIPE AND FITTING REINSULATION

### 2.1. Scope

This Section describes the re-insulation work to be performed following abatement activities.

2.1.1. Provide all materials, labor, equipment, and services necessary to provide complete re-insulation of pipes and equipment from which insulation was removed.

2.1.2. Furnish, deliver, and install the work of this section in accordance with the manufacturer's installation requirements and in compliance with state, county, and city fire code requirements.

### 2.2. Sequencing/Scheduling

Contractor shall perform the application of pipe and equipment re-insulation following the acceptance by Consultant of final air test results indicating completion of asbestos removal.

### 2.3. Submittals

Contractor shall submit to Owner and/or Consultant for approval manufacturer's written product information including specifications, performance data, and material composition for the following items that will be used to reinstalled:

- Insulating Cement
- Insulation
- Jackets and Casings
- Accessory Materials
- Lagging Cloth and Lagging Cloth Adhesive

### 2.4. Product Delivery

Every package or standard container of insulation, jackets, cements and adhesives delivered to the project site for use must have the manufacturer's stamp or label attached giving the name of manufacturer, brand and description of material. Insulation packages and all other material containers shall be certified and marked "asbestos-free" by the manufacturer.

### 2.5. Materials

Manufacturers specified are listed to establish a level of quality and are not intended to limit the use of materials or equipment of other approved equal manufacturers.

2.5.1. Piping Insulation: New replacement fiberglass insulation shall conform with the specified temperature ranges and densities in pounds per cubic foot (pcf). Insulation for fittings, flanges, and valves shall be premolded, pre-cut, or job-fabricated insulation of the same thickness and conductivity as used on adjacent piping. Materials shall be Micro-Lok 850 as manufactured by Johns-Manville; Fiberglass 25 ASJ/SSL as manufactured by Owens-Corning Fiberglass Corp.; 850 Snap-On as manufactured by CertainTeed Corp; or approved equal. Insulation materials shall be rated from 30°F to 450°F. Total insulation thickness shall be as specified by the manufacturer for the temperature ranges expected.

2.5.3. Boiler and Boiler Breaching Insulation (Above 450°F): New replacement insulation shall be 2" thick when insulation replacement is done. The insulation shall be hydrous calcium silicate pipe and/or block insulation as manufactured by Johns-Manville, Type Thermo-12; or approved equal.

**INITIALS OF BIDDER:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

2.5.4. Insulating Cement: Finishing and insulating cements shall be used to insulate irregular shapes and surfaces. Use finishing cements for one layer applications and for surfacing block type insulation. Insulating cements shall be used for filling voids and where heavy layered applications are required. All cements shall be rated to a temperature limit of 1200°F. Minimum dry density for finishing cement shall be 40 pcf, and 28 pounds per square foot for insulating cement. Materials shall be Smooth Kote and Tripe-1 as manufactured by Insulation Industries Inc.; No. 375 Cement and No. 460 Cement as manufactured by Johns-Manville; or approved equal.

2.5.5. Fiberglass Lagging Cloth: Fiberglass cloth shall be .033" thick; weigh 18.5 ounces per square yard; and shall be Style #1925/9383 as manufactured by Alpha Associates Inc., or approved equal.

2.5.6. PVC Jackets: One piece premolded plastic covers for insulated fittings, flanges and valves are limited to indoor piping only. Materials shall be Ceel-Tite 130 as manufactured by Ceel-Co.; Zeston, as manufactured by Johns-Manville; Snap Form as manufactured, by CertainTeed Corp.; or approved equal. Fasteners shall be manufacturer's standard tacks, staples or banding; tape alone shall not be allowed.

2.5.7. Metal Jackets: Material shall be aluminum type 5010 and consist of a two-coat epoxy coating. Fabricate jackets from .016 gauge 3/16" corrugated sheets. Materials shall be products manufactured by Childers Products Co. or approved equal.

2.5.8. Adhesive, Sealants, Compounds and Protective Finishes: Shall be compatible with materials to which they are applied and shall be suitable for the application and service, in accordance with the manufacture's recommendations. Painted finishes shall be as manufactured by Kelly-Moore, Pittsburgh, Sherwin-Williams or approved equal.

2.5.9. Chillers, Chilled Water Pump Covers and Related Cooling Equipment: Where insulation has been removed, equipment shall be reinsulated with 1" thick Armoflex II sheet insulation using Armstrong 520 adhesive, and finished with one coat of white Armoflex finish. Chiller heads are to remain removable. Insulation and finish coat is to be applied according to manufacturer's instructions.

2.5.10. Accessories: Bands for metal jackets to be 3/8" minimum width, 0.015" aluminum. Anchor pins and speed washers to be provided as recommended by insulation manufacturer.

## 2.6. Execution

2.6.1. General: Piping and equipment reinsulation shall be conducted following completion of the cleaning sequence and acceptance of final air test results by Consultant. Do not apply insulation until all surfaces have been checked for leaks, dried, and inspected. Report all unsatisfactory conditions to Owner.

### 2.6.2. Application:

- (1) Apply pipe and equipment insulation in accordance with the printed instructions of the materials' manufacturer.
- (2) Installation shall be by experienced craftsman.
- (3) Replacement insulation shall be clean and dry when installed and kept dry during finish application. Wetted insulation will not be approved for installation. Install materials neatly with smooth and even surfaces with

INITIALS OF BIDDER: \_\_\_\_\_ DATE: \_\_\_\_\_

jackets drawn tight and smoothly cemented down on longitudinal and end laps. Scrap pieces shall not be used where a full length section will fit. Install replacement insulation in the longest lengths possible.

- (4) Apply pipe and equipment insulation with appropriate personal respiratory protection, as recommended by manufacturer.
- (5) After completion of reinsulation, all equipment, debris, packaging, etc. shall be cleaned up to the satisfaction of the Owner.

15002-1

SECTION 15002 - MECHANICAL GENERAL PROVISIONS

PART 1 - GENERAL

1.01 REQUEST FOR PROPOSAL (RFP):

- A. Contract Proposal: The Contractor shall prepare and submit a proposal for the inspection and documentation of existing supply air distribution systems on floors one and two, removal of the second floor duct system, duct layout and design for the proposed reinstallation of new air supply systems on two floors, installation of the new air system and cleaning of the two existing rooftop single zone heating/cooling units. The building will be vacated during the scheduled work period except for an asbestos abatement contractor working on the first floor only.
- B. Related Documents: The Conditions of the Contract, Section 15004, "Scope of Work", and this Section govern the work of this Division.

1.02 DESCRIPTION OF WORK:

- A. The RFP requires the Contractor to submit a clear proposal to provide the following documentation and services:
1. Lump sum prices to provide all the services described herein or required by this document for a complete installation.
  2. A proposed schedule showing the work completed in the shortest possible time with a firm lump sum price related to this schedule.
  3. A proposed schedule showing the work completed based on normal work hours and sequence of demolition and construction along with the lump sum price related to this schedule.
  4. A proposed standard contract form referenced to the requirements of this RFP.
  5. Documentation of the existing duct routing, duct sizes and air flows on both the first and second floors.
  6. Documentation of the existing and proposed new distribution systems for engineering review and approval.
  7. Demolition and removal from the site of all existing second floor supply ductwork from the rooftop air conditioning unit to and including the diffusers.
  8. Installation of the approved duct distribution systems on floors one and two.
  9. Cleaning of the existing rooftop units and a report of any recommended or needed repairs. Cleaning shall utilize chemical cleaning or steam in accordance with current trade standards and manufacturers recommendations.
  10. Balance of the air distribution system to the air flows earlier recorded.
  11. Include in the proposal, design and installation of two zone control dampers with necessary controls to modulate air flow to two designated areas in the building. Zone sizing shall be based on 500 cfm.

Thermostat control shall sense supply air temperature to reverse the damper sequence from cooling to heating.

12. Patch and repair any and all damage that results to the existing facility as a result of this work.
  13. Clean up and removal of all construction related waste.
  14. Coordinate all first floor work with the asbestos abatement contractor who will be working on the first floor during a portion of this construction schedule.
  15. Coordinate a final inspection and turn over with the Owner and Engineer.
- B. This Division requires the design, demolition of existing, and furnishing and installing of all new items specified herein, or reasonably inferred as necessary for safe and proper operation; including every article, device or accessory (whether or not specifically called for by item) reasonably necessary to facilitate each system's functioning as indicated by the existing system, the proposed modifications, and the equipment specified. Elements of the work include, but are not limited to, materials, labor, supervision, supplies, equipment, transportation, storage, utilities and all required permits and licenses. All work performed under this Section shall be in accordance with the Specifications, county standards, Contractor proposal, and subject to the terms and conditions of the Contract.
- C. Drawings: Refer to the Mechanical floor plans for general representations, schedules, and notations showing mechanical work.
- D. Specifications: Refer to this Division for the primary technical specifications of mechanical work.
- E. Work Included: This Work includes the furnishing of all labor, materials, equipment, fixtures, apparatus, and appurtenances required for complete layout and installation of a new duct distribution system to provide an operating heating, ventilating, and air-conditioning system as specified, in place and ready for service. Refer to Section 15004, "Scope of Work", for additional requirements.
- F. Miscellaneous Work of This Section: Requirements given within this Section apply to all Work defined by this RFP. The actual performance of the Work remains the responsibility of this Contractor, and is subject to the requirements of this Section to the extent applicable.
1. Finish painting as required and all prime and protective painting shall be provided under this Division.
  2. Access doors in finished surfaces as required. Locations are as required for proper equipment access but may be located in controlled areas only.

1.03 DESIGN CONDITIONS:

- A. General: Components of the heating and air conditioning systems were originally designed and selected according to the following approximate design conditions:

| <u>Indoor Conditions</u> : | <u>Summer</u> | <u>Winter</u> |
|----------------------------|---------------|---------------|
| General Spaces             | 74°F          | 75°F          |

2. Outdoor Conditions:

Summer: 95°F DB and 80°F WB  
 Winter: +23°F DB

1.04 CODES, PERMITS, AND FEES:

- A. General: Comply with the most recently revised versions of applicable laws, rules, regulations, and ordinances of federal, state, and local utilities and authorities. Modifications required by the above said authorities shall be made without change in Contract amount. Where alterations to and deviations from the Contract Documents are required by said authority, report the requirements and secure approval before starting work. Obtain all applicable permits, licenses and inspections and pay all fees charged by above authorities.
- B. Precedence: Where Contract Document requirements are in excess of Code requirements and are permitted under the Code, the Contract Documents shall govern. None of the terms or provisions of the Drawings or specification shall be construed as waiving any of the rules, regulations or requirements of these authorities. In the event of conflict between the Contract Documents and the local enforcing authority, the latter shall rule. Any modifications resulting therefrom shall be made without additional cost to the Owner or Engineer. This Contractor shall report any such modifications to the Engineer and secure his approval before proceeding.

1.05 QUALITY ASSURANCE AND STANDARDS:

- A. Materials/Methods: Manufacturers, materials, and methods described in the various sections of the Specifications, and indicated on the Drawings are intended to establish a standard of quality only. It is not the intention of the Engineer to discriminate against any product, material or method that is equal to the standards as indicated and/or specified, nor is it intended to preclude open, competitive bidding. The fact that a specific manufacturer is listed as an acceptable manufacturer should not be interpreted to mean that the manufacturers standard product will meet the requirements of the project design, Specifications and space constraints. The Engineer shall be the sole judge of quality and equivalence of equipment, materials and methods.
- B. Alternative Materials/Methods: Products by other reliable manufacturers, other materials, and other methods may be accepted provided they have equal capacity, construction, and performance. Under no circumstances shall any substitution be made without the written approval of the Engineer. Wherever a definite product, material or method is specified and there is not a statement that another product, material or method will be acceptable, it is the intention of the Engineer that the specified product, material or method is the only one that shall be used without prior approval. Wherever a definite material or manufacturer's product is specified and the Specification states that products of similar design and equal construction from the specified list of manufacturers may be substituted, it is the intention of the Engineer that products of manufacturers that are specified are the only products that will be acceptable and that products of other manufacturers will not be considered for substitution without prior approval.
- C. Alternative Equipment: Where substituted or alternative equipment is used on the project, it shall be the responsibility of the Contractor or Subcontractor involved to verify that the equipment will fit in the space available, including all required Code and maintenance clearances, and to coordinate all equipment requirements and provisions with the Mechanical (HVAC) Design and all other Contractors.
- D. Standards: This Work shall meet the standards set forth in the applicable portions of the following recognized standards:

1.06 SITE VISIT AND FAMILIARIZATION:

- A. General: Become familiar with the Drawings and Specifications, examine the premises, and understand the conditions under which the Contract shall be performed, prior to submitting a proposal.
- B. Site: Be informed of the site conditions, verify locations of new and existing structure and equipment, and determine exact requirements for connections to existing equipment, hangers and ceiling openings.
- C. Coordination: Tender of a proposal for this project infers that the Contractor has visited the site and has become familiar with the RFP and site conditions and has included in his proposal, all work necessary to properly install the systems on the project.

1.07 DRAWINGS AND SPECIFICATIONS:

- A. General: The Drawings are schematic in nature and indicate approximate locations of the heating, ventilating and air conditioning systems, except where specific locations are noted and dimensioned on the Drawings. All items are shown approximately to scale. The intent is to show how these items shall be integrated into the building. Locate all items by on the job measurements and in accordance with this RFP. Cooperate with other Contractors to ensure project completion as indicated.
- B. Location: Prior to locating diffusers, grilles, other exposed air devices, obtain the Engineer's approval as to exact location or utilize existing locations. Locations shall not be determined by scaling Drawings. Contractor shall be responsible for costs of redoing work of trades necessitated by failure to comply with this requirement.
- C. Specifications: The specifications are intended to supplement the Drawings and it is not in the scope of the specifications to mention any part of the work which the Drawings are competent to fully explain. Conversely, any part of the work which the specification are competent to fully explain, may not be mentioned on the Drawings.
- D. Discrepancies: Disagreement between the Drawings or specifications or within the Drawings or specifications shall be estimated using the better quality or greater quantity of material or installation, and a request for information shall be made to the Engineer.

1.08 DISCREPANCIES:

- A. Clarification: Clarification shall be obtained before submitting a proposal for the Work under this Division as to discrepancies or omissions from the Contract Documents or questions as to the intent thereof.
- B. Detailed Instructions: Should it appear that the work hereby intended to be done or any of the materials relative thereto, is not sufficiently detailed or explained in the Drawings or Specifications, then the Contractor shall apply to the Engineer for such further Drawings or explanations as may be necessary, allowing a reasonable time for the Engineer to supply them. The Contractor shall conform to them as a part of the Contract without additional cost to the Owner or Engineer.
- C. Interpretations: Should any doubt or question arise respecting the true meaning of Drawings or Specifications, reference shall be made to the Engineer, whose decision shall be final and conclusive. No alleged statement by the Engineer will be accepted as an excuse for inferior work.
- D. Contractor Agreement: Consideration will not be granted for misunderstanding of the amount of work to be performed. Tender of a proposal conveys full Contractor agreement of the items and conditions specified, shown, scheduled, or required by the nature of the project.

1.09 EXISTING CONDITIONS:

- A. General: Information shown on the Site Drawings relative to existing conditions is based upon the original design and represents existing conditions to the best of the knowledge of the Engineer.
- B. Coordination: The Contractor shall be responsible for field verification of the actual location of existing elements and shall make modifications necessary for connection to or construction around those conditions at no additional cost to the Owner or Engineer.

1.10 ALTERNATES:

- A. General: The Contractor may propose alternates to the Specification in his proposal but the base proposal shall conform to the requirements stated herein.

1.11 PRECONSTRUCTION CONFERENCE:

- A. Conference: Upon the award of this Contract and prior to commencing any work, the Contractor and his designated major subcontractors, shall confer with the Engineer and other Contractors concerning the Work under this Contract. The conference shall be at a mutually agreeable place and time.

1.12 SITE OBSERVATION:

- A. General: Observation at the site to verify general compliance with Contract Documents shall be made periodically by the Engineer or his representative. Written observation comments shall be submitted to the General Contractor for review and a written response.

1.13 REQUESTS FOR INFORMATION (RFI):

- A. General: All Contractor Requests for Information (RFI's) shall be submitted to the Engineer in writing, for response.
- B. Format: All RFI's shall be submitted on a form which has a space for the requested information and the Engineer's response.

1.14 SUBMITTALS:

A. General: Submittals required for this project shall include, but not be limited to:

1. Shop Drawings and Product Procedure Submittals,
2. Certifications and Test Reports,
3. Design Layout Drawings, and
4. Warranties (Guarantees).

B. Shop Drawings and Product Brochure Submittals: The Contractor shall submit a minimum of eight complete bound sets of Shop Drawings and complete data covering each item of equipment or material. The terms "Submittal" and "Shop Drawing" in this Specification are defined as either product literature, samples of equipment, or actual Shop Drawings. The Engineer and Owner will each retain one copy of all Shop Drawing submittals for their files. Where full size Drawings are involved, submit two prints and one reproducible in lieu of eight sets.

1. Contractor shall prepare complete submittals that include all pertinent information about the product. A single Shop Drawing shall not contain information from more than one Specification section, but a single Specification section may be subdivided into separate submittals for items or equipment that are specified in that section. Shop Drawings shall be separately bound by complete or partial Specification section. Where a single Shop Drawing contains information from more than one Specification section, it will be marked "NOT APPROVED" and returned. Each Shop Drawing shall include the following items enclosed in a suitable binder, Shop Drawings that do not comply with the above requirements will be marked "NOT APPROVED" and returned to the Contractor:
  - a. A cover sheet with the names and addresses of the Project, Mechanical and Electrical Engineer, and the Contractor making the submittal. Resubmittals shall be numbered with the original submittal number plus an "R" in the sequence suffix.
  - b. A list of variations. This page shall list all variations, including unfurnished or additional items or features between the submitted equipment and the specified equipment. If there are no variations, then this page shall state "No Variations". Where variations affect the work of other contractors, then the contractor shall certify on this page that these variations have been fully coordinated with the affected contractors and that all expenses associated with the variations will be paid by the submitting contractor.
  - c. Equipment information including manufacturer's name and designation, size, performance and capacity data. All applicable Listings, Labels, Approvals and Standards shall be clearly indicated.
  - d. Dimensional data and actual sketches as applicable to show that the submitted equipment will fit the space available with all required Code and maintenance clearances.
  - e. Identification of each item of material or equipment matching that indicated on the Drawings.
  - f. Sufficient pictorial, descriptive and diagrammatic data on each item to show its conformance with the Drawings and Specifications. Any options or special requirements shall be so indicated. All applicable information shall be clearly indicated with arrows or another approved method. Any non-applicable information shall be crossed out.
  - g. Additional information as required in other sections of this Division.

- h. Certification by the Contractor that the material submitted is in accordance with the Contract Documents, signed and dated.
  - i. Certified Shop Drawings showing dimensions, loading details, anchor bolt locations, and inserts required for each piece of equipment set on concrete in sufficient time to cause no delay in the Work.
  - j. Equipment and material submittals shall show sufficient data to indicate complete compliance with the Contract Documents, including proper sizes, clearances, capacities, materials, and finishes.
- C. Required Shop Drawing Submittals: Submit Shop Drawings, including, but not limited to the following items:
- 1. Construction program schedule,
  - 2. Drawing of existing conditions,
  - 3. Existing condition air flows,
  - 4. Proposed duct design,
  - 5. Ductwork and plenums (fabrication drawings),
  - 6. Access doors,
  - 7. Fire dampers, if required,
  - 8. Grilles, diffusers, registers, and similar air distribution devices,
  - 9. Ductwork flexible joints,
  - 10. Flexible ductwork,
  - 11. Thermal insulation,
  - 12. Automatic temperature controls,
  - 13. Vibration isolation,
  - 14. Sound isolation, and
  - 15. Coordination Drawings per Section 15002, Paragraph 1.18/B.
- D. Shop Drawing Submittal Review: Shop Drawings will be reviewed for general conformance with the design concept of the project and general compliance with the information given in the Contract Documents. Any action shown in review comments is subject to the requirements of the Contract Documents. The submitting Contractor is responsible for: dimensions which shall be confirmed at the job site; fabrication processes and techniques of construction; coordination of his work with that of all other trades; and the satisfactory performance of his work.
- 1. The Shop Drawing review time in the Engineer's office will be minimum of one week per review, exclusive of transmittal time, and this review time shall be considered by the Contractor when scheduling his work on the project.
  - 2. The Owner's review or approval and the Engineer's review of Shop Drawing shall not relieve the Contractor of the responsibility for errors, omissions or deviations that may be contained in the submittals. If the Contractor proceeds on the basis of undetected errors, omissions or deviations in reviewed Shop Drawings, it shall be at his sole responsibility and the review does not allow deviations from the requirements of the Contract Documents. Noting some errors, omissions, and deviations but overlooking other errors, omissions, and deviations does not grant the Contractor permission to proceed in error. Regardless of any information contained in the Shop Drawing or the Engineer's review thereof, the Contract Documents shall govern the Work and are neither waived or superseded by the Shop Drawing review.
  - 3. It shall be the responsibility of the submitting Contractor to check all equipment and materials for conformance with the Contract Documents and "APPROVED" submittal at the time such equipment and materials are delivered to the job site, and to notify the Engineer of any deviations.

4. Inadequate or incomplete Shop Drawings will not be reviewed by the Owner or the Engineer and will be returned to the Contractor marked "NOT APPROVED" for completion and resubmittal.
  5. Shop Drawings will be marked "APPROVED", "APPROVED AS CORRECTED", "REVISE AND RESUBMIT", or "NOT APPROVED" when reviewed by the Engineer. The definitions of these terms for review purposes is as follows:
    - a. APPROVED - The Shop Drawing was reviewed and no deviations from the general conformance with the design concept and general compliance with the information given in the Contract Documents were noted.
    - b. APPROVED AS CORRECTED - The Shop Drawing was reviewed and found to have either minor deviations from the requirements of the Contract Documents or information missing from the submittals. A complete Shop Drawing resubmittal is not required, however, a written response to all review comments shall be submitted in the format used for a resubmittal.
    - c. REVISE AND RESUBMIT - The Shop Drawing was reviewed and major deviations from general conformance with the design concept and general compliance with the information given in the Contract Documents were observed as noted. The Shop Drawing shall be revised to eliminate the deviations noted and resubmitted.
    - d. NOT APPROVED - The Shop Drawing was reviewed and is not in general conformance with the design concept or in compliance with the information given in the Contract Documents, as noted. A revised Shop Drawing submittal for the specified equipment or materials shall be resubmitted.
  6. Materials and equipment which are purchased or installed without a "APPROVED" Shop Drawing review shall be at the risk of the Contractor and the cost for removal and replacement of such materials and equipment and related work which is judged unsatisfactory by the Owner/Engineer for any reason, shall be at the expense of the Contractor.
  7. Shop Drawings shall be complete and checked prior to submission to the Engineer for review. Where more than three reviews are required for a given Shop Drawing to reach "APPROVED" status, the Subcontractor will be invoiced for extra services at a cost of \$60.00 per hour for review of the fourth and subsequent reviews. If the Subcontractor fails to pay any legitimate extra services invoice in full within 30 days, then that invoice will be forwarded to the Owner requesting him to withhold payment of the amount invoiced from the next Contractors request for payment.
- E. Certifications and Test Reports: Submit a detailed schedule for completion and testing of each system indicating scheduled dates for completion of system installation and outlining tests to be performed and schedule date for each test. This detailed completion and test schedule shall be submittal at least 30 days before the projected project completion date.
1. Test result reporting forms shall be industry standard forms.
  2. Submit four copies of all certifications and test reports to the Engineer for review adequately in advance of completion of the Work to allow for remedial action as required to correct deficiencies discovered in equipment and systems.
- 1.15 PROJECT RECORD DOCUMENTS:
- A. Site Prints: Maintain a set of clearly marked black line prints of the Contract Drawings at the job site which shall be used for recording the work details, final size, location, interrelation, and similar items of all work

under this Division. This set of Drawings shall be corrected daily as the Work progresses and shall clearly indicate all changes to suit field conditions, changes made by "Field Order" or "Change Order", accurate dimensions of all buried or concealed work, precise locations of all concealed work, locations of all concealed valves, controls and devices and any deviations from the work shown on the Construction Documents which are required for coordination. All dimensions shall be to at least two permanent structure points.

- B. Upon completion of the work, the Contractor shall transfer all marks from the site prints to a set of reproducible record "as-built" Drawings using red pencil. The reproducible record "as-built" Drawings shall have the Engineers name and seal removed or blacked out and shall be clearly marked and signed on each sheet as follows:

CERTIFIED RECORD DRAWINGS

DATE: \_\_\_\_\_

\_\_\_\_\_  
 (NAME OF GENERAL CONTRACTOR)

BY: \_\_\_\_\_ (SIGNATURE)

\_\_\_\_\_  
 (NAME OF SUBCONTRACTOR)

BY: \_\_\_\_\_ (SIGNATURE)

- C. Approval: Prior to final acceptance of the Work of this Division, the Contractor shall submit one reproducible and two black line prints of properly certified Record Drawings to the Engineer for review and shall make changes, corrections, or additions as the Engineer may require to the Record Drawings.

1.16 COORDINATION OF MECHANICAL WORK:

- A. General: It is recognized that the Contract Documents are diagrammatic in showing certain physical relationships which must be established within the mechanical work, and in its interface with other work including utilities and electrical work and that such establishment is the exclusive responsibility of the Contractor. The existing Site Drawings show diagrammatically the sizes and locations of the various ductwork and piping systems and equipment items and the sizes of the major interconnecting ducts and pipes, without showing exact details as to elevations, offsets, control lines, and installation details.
1. Arrange mechanical work in a neat, well organized manner with services running parallel with primary lines of the building construction.
  2. The Contractor shall carefully lay out his work at the site to conform to the existing structural conditions, to avoid obstructions and to provide proper grading of lines. Exact locations of outlets, apparatus and connections thereto shall be determined by reference to existing Drawings, equipment Drawings, roughing-in Drawings, etc., by measurements at the building and in cooperation with other Contractors and in all cases shall be subject to the approval of the Engineer. Relocations necessitated by the conditions at the site or directed by the Engineer shall be made without any additional cost to the Owner or Engineer.

3. All ducts except those in the various equipment rooms, in unfinished spaces or where specifically designated or existing shall be run concealed in furrings, plenums and chases. Wherever conditions exist which would cause any of these items to be exposed in finished spaces, the Contractor whose work is involved shall immediately call the situation to the attention of the Engineer.
4. Piping interferences shall be handled by giving precedence to existing pipe lines which require a stated grade for proper operation. Where space requirements conflict, the following order of precedence shall, in general, be observed:
  - a. Existing conditions, and
  - b. New ductwork.
5. Locate operating and control equipment properly to provide easy access. Arrange entire mechanical work with adequate access for operation and maintenance.
6. When submitting Shop Drawings on the project, this Contractor is indicating that all necessary coordination has been completed and that the systems, products and equipment submitted can be installed in the building and will operate as specified and intended, in full coordination with all other Contractors and Subcontractors.

- B. Coordination Drawings: Prepare coordination Drawings (Shop Drawings) showing the actual physical dimensions required for the installation of the new duct system fitted within the allotted spaces. Prepare and submit coordination Drawings prior to purchase-fabrication-installation of any of the elements involved in the coordination.

#### 1.17 MATERIALS AND WORKMANSHIP:

- A. General: Materials and equipment shall be new, of best grade and quality, and standard products of reputable manufacturers regularly engaged in the production of such materials and equipment.
- B. Workmanship: Work shall be executed and materials installed in accordance with the best practice of the trades in a thorough, substantial, workmanlike manner by competent workmen, presenting a neat appearance when completed.
- C. Manufacturer's Recommendations: With exceptions as specified or indicated on the Drawings or in the Specifications, apply, install, connect, erect, use, clean, and condition manufactured articles, materials, and equipment per manufacturer's current printed recommendations. Copies of such printed recommendations shall be kept at the job site and made available as required.

#### 1.18 SPACE REQUIREMENTS:

- A. General: Determine in advance of purchase that the equipment and materials proposed for installation will fit into the confines indicated, leaving adequate clearances for adjustments, repair, or replacement.
- B. Clearance: Allow adequate space for clearance in accordance with requirements of the Code and local inspection department.
- C. Scheduled Equipment: The design is based on the existing equipment.
- D. Responsibility: Since space requirements and equipment arrangement vary, the responsibility for initial access and proper fit rests with the Contractor.

E. Review: Final arrangements of equipment to be installed shall be subject to the Engineer's review.

1.19 SAFETY REGULATIONS:

A. All mechanical work shall be performed in compliance with all applicable and governing safety regulations. All safety lights, guards, signs, and other safety materials and provisions required for the performance of the mechanical work shall be provided by and operated by this Contractor.

1.20 DELIVERY, STORAGE, AND HANDLING OF MATERIALS:

A. General: Protect all materials and equipment to be installed under this Division from physical and weather damage.

B. Scope: Work under this Division shall include, but not limited to:

1. Demolition of existing supply ductwork,
2. Removal from the site and disposal of all ductwork and accessories removed,
3. Shipping from point of manufacture to job site,
4. Storage on site with proper protection as required,
5. Hoisting and scaffolding of materials and equipment included in this Division, and
6. Ensuring safety of employees, materials, and equipment using such hoisting equipment and scaffolding.

C. Coordination: All large pieces of material which are to be removed from or installed in the building and which are too large to permit access through doorways, stairways or shafts shall be brought to the job in sections by the Contractor and shall be placed in the spaces before assembly is completed. All apparatus shall be covered with tarpaulins or other protective covering where required for protection.

1.21 CUTTING AND PATCHING:

A. General: Coordinate penetrations and place equipment in time to avoid unnecessary cutting new construction.

B. Approval: If holes or access openings becomes necessary, it shall be done at no change in Contract amount. Undertake no cutting or patching without first securing written approval from the Engineer. Patching shall create a surface which is structurally and aesthetically equal to the surface surrounding the area patched and shall be the responsibility of this Contractor, at no change in the Contract amount.

C. Protection: Openings through exterior walls or roofs shall be provided with suitable covers while they are left open to protect the property or materials involved.

1.22 NOISE AND VIBRATION:

A. General: Warrant the heating, ventilating, air conditioning systems, and their component parts as installed by this Contractor to operate without objectionable noise or vibration. Noise from systems or equipment which results in noise within occupied spaces above the recommended NC curves (refer to ASHRAE Standard) shall be considered objectionable. Vibration shall not be apparent to the senses in occupied areas of the building. Objectionable noise, vibration, or transmission thereof to the building shall be corrected.

B. Verification: Should a question arise of whether noise and vibration in a particular space or piece of equipment meet the above criteria, the Contractor shall be responsible for providing the services of an approved vibration or acoustic consultant to verify criteria compliance.

1.23 CLEANING, ADJUSTING, AND START-UP:

- A. Start-up Services: Where specified for any individual item of heating, ventilating, and air conditioning equipment, provide cleaning, testing, start-up of equipment, and instruction of Owner's operating personnel. Certify that these services have been performed by including a letter or procedures manual from the manufacturer.
- B. Clean-up: The Contractor shall clean away from the job site all debris, surplus material, and similar items, resulting from his work or operations, leaving the job and equipment in a clean condition. The Contractor shall thoroughly clean all pieces of equipment, ductwork, fixtures, and similar items, leaving the installation in a first class condition.

1.24 FINAL REVIEW:

- A. General: Upon completion of the Work, perform a final test of the entire system.
1. The system shall be operating properly with all air volumes balanced and all temperature controls adjusted.
  2. After the final test, any changes or corrections noted as necessary for the Work to comply with these Specifications or the Drawings shall be accomplished without delay in order to secure final acceptance of the Work.
  3. The date for the final test shall be sufficiently in advance of the Contract completion date to permit execution, before expiration of the Contract, of any adjustments or alterations which the final acceptance tests indicate as necessary for the proper functioning of all equipment. Any such modifications shall be completed within the time allotted for completion of the Contract. Retests shall be conducted as directed and shall be of such time duration as necessary to ensure proper functioning of adjusted and altered items. Retests shall not relieve the Contractor of completion date responsibility.
  4. Certificates, including certificates of occupancy from local authorities and documents required herein, shall be completely in order and presented to the Engineer at least one week prior to the review.
- B. Qualified Person: Individuals knowledgeable of the systems and persons approved by the Engineer, shall be present at this final inspection to demonstrate the system and prove the performance of the equipment.

1.25 OWNER INSTRUCTION:

- A. General: This Contractor shall instruct the Owner's representative in the proper operation and maintenance of all new systems and equipment and shall explain any and all warranties.
- B. Certification: At the conclusion of the instruction period obtain the signature of each person being instructed to signify that he has a proper understanding of the operation and maintenance of the systems.

1.26 CONTRACTOR WARRANTIES AND GUARANTEES:

- A. General: Contractor shall guarantee all material and equipment installed by him against defects in workmanship and material for a period of 12 months after final acceptance of the work by the Owner and he shall repair or replace any materials or equipment developing such defects within that time, promptly on due notice given him by the Owner and at Contractor's sole cost and expense.

- B. Equipment: All equipment bearing a manufacturer's guarantee, such as motors, compressors, condensers, heat exchangers, water heaters, blowers, controls, and similar items, shall be construed to have an extended guarantee to the Owner by the manufacturer. Any such equipment that proves defective in materials or workmanship within the guarantee period is to be replaced by the Contractor in accordance with the manufacturer's guarantee.
- C. Start-up: The Mechanical Contractor shall provide instructions and equipment starting service on new equipment for one complete year after date of final acceptance of the work by the Owner, at Contractor's sole cost and expense.

SECTION 15004 - SCOPE OF WORK

PART 1 - GENERAL

1.01 RELATED DOCUMENTS:

- A. The Conditions of the Contract and Section 15002, "Mechanical General Provisions", govern this Section.

1.02 DESCRIPTION OF WORK:

- A. General: Provide labor, materials, tools, machinery, equipment, appliances, and services necessary to complete the specified mechanical work of this Division. Coordinate Work with other trades to prevent conflicts without impeding job progress.
- B. Utility Charges: The Contractor shall pay fees, and special fees assessed by the local utilities or local authorities.
- C. Work Included: The Work includes, but is not limited to, the following systems, equipment, and services:
  - 1. Air Handling Units: Cleaning and inspection.
  - 2. Air Distribution Systems:
    - a. Sheet metal ductwork,
    - b. Fire dampers,
    - c. Grilles, registers, ceiling outlets,
    - d. Insulation,
    - e. Acoustical treatment of ducts, and
    - f. Sound attenuating equipment (lined elbows and transfer ducts).
  - 3. Automatic Temperature Controls Systems:
    - a. Pneumatic or electric control devices and accessories,
    - b. damper operators, and
    - c. Various relays.
  - 4. Ventilating Systems: Dampers and similar items.
  - 5. Connection of all existing equipment that is to remain.
  - 6. Balancing and adjusting of mechanical systems as required.
  - 7. Structural Openings:
    - a. The Mechanical Contractor shall cut or provide and locate all required holes through the roof or ceiling for his equipment, provide counterflashing for all duct openings in roof and provide roof jackets or pitch pockets for pipe and conduit passing through the roof. Provide reinforcement of all new holes through roof, where required, in a manner approved by the Engineer.

SECTION 15213 - SYSTEM INSULATION

PART 1 - GENERAL

1.01 RELATED DOCUMENTS:

- A. The Conditions of the Contract and applicable requirements of Section 15002, "Mechanical General Provisions", govern this Section.

1.02 DESCRIPTION OF WORK:

- A. Work Included: Provide ductwork system insulation as specified.

1.03 QUALITY ASSURANCE:

- A. Manufacturers: The model numbers listed in the Specifications establish a level of quality and material. The following manufacturers are acceptable subject to compliance with the requirements of these Specifications:
1. Armstrong World Industries,
  2. Certain-Teed Corporation,
  3. Insulation Materials Corporation of America,
  4. Manville, and
  5. Owens/Corning Fiberglas Corporation.

PART 2 - PRODUCTS

2.01 MATERIALS:

- A. Quality: The type of insulation and its installation in accordance with this Section of the Specifications for each service and the application technique shall be as recommended by the manufacturer.
- B. Fire Rating: All insulation shall have a composite (insulation, jacket or facing and adhesive used to adhere facing or jacket to insulation) fire and smoke hazard, as tested by ASTM E84, NFPA 255, and UL 723, not to exceed:
1. Flame Spread - 25, and
  2. Smoke Developed - 50.
- C. Accessories: Accessories such as adhesives, mastics, tapes, and cements shall have the same component ratings as listed.
- D. Labels: Label products and their shipping cartons indicating that flame spread and smoke developed ratings do not exceed the above requirements.

2.02 INSULATION THICKNESS:

- A. Minimum: Insulation thickness shall not be less than the following:

| Low velocity ductwork, acoustical lining (where approved in writing) | 1/2                         |

2.03 DUCTWORK:

- A. Exterior Insulation for Low Velocity Ductwork: Externally insulate rectangular and round ducts supplying conditioned air with Manville, R-Series, R-6 "Microlite" flexible fiberglass duct wrap with kraft-scrim-foil vapor barrier jacket.
- B. Acoustical Duct Lining for Low Velocity Ductwork: Provide rectangular supply and return air ductwork with acoustical duct lining, only where specifically approved in writing by the Engineer, 1.5 pcf density Manville "Linacoustic" fiberglass duct liner with black plastic-coated mat facing  $k=0.26@75^{\circ}\text{F}(24^{\circ}\text{C})$ .

PART 3 - EXECUTION

3.01 INSTALLATION:

- A. General: Install insulation products in accordance with the manufacturer's written instructions and recognized industry practices to ensure that the insulation serves the intended purpose. Surfaces to be insulated shall be thoroughly cleaned with tests completed prior to insulation.

3.02 DUCTWORK APPLICATION:

- A. Exterior Insulation On Low Velocity Ductwork: After preliminary air tests, cover ductwork where shown. On ducts over 18" wide, apply weld clips or stick clips to bottom of duct, spaced 18" on center each way, maximum. Seal all longitudinal and transverse seams and all punctures caused by weld clips or stick clips with 2" wide SMACNA-labeled duct tape and mastic.
- B. Acoustical Duct Lining For Low Velocity Ductwork: Before sheet metal is broken, apply duct liner to sheet metal in a continuous layer of insulation cement and, in addition, on ducts over 18" wide, apply weld clips or stick clips spaced 18" each way, maximum. Allow 1/8" excess duct liner at each end of each section of ductwork. Just before sections of ductwork are hung, coat end laps of duct liner with insulation cement and hang immediately. Use only where approved in writing by the Engineer.
- C. Ductwork Insulation Accessories: Provide staples, bands, wires, tape, anchors, corner angles, cements adhesives, coatings, sealers, protective finishes, and similar com pounds as recommended by the insulation manufacturer for the applications indicated.
- D. Surfaces: Install insulation materials with smooth, even surfaces.
- E. Butt Joints: Clean and dry ductwork prior to insulating. Butt insulation joints firmly together to ensure complete and tight fit over surfaces to be covered.
- F. Vapor Barrier: Maintain integrity of vapor barrier on ductwork insulation and protect barrier to prevent puncture and other damage.

## SECTION 15840 - DUCTWORK

### PART 1 - GENERAL

#### 1.01 RELATED DOCUMENTS:

- A. The Conditions of the Contract and applicable requirements of Section 15002, "Mechanical General Provisions", govern this Section.

#### 1.02 DESCRIPTION OF WORK:

- A. Work Included: Provide ductwork as hereby defined to include sheet metal ductwork with velocities not exceeding 1800 fpm, static pressures not exceeding 2.0" wg and pressure losses not exceeding 0.08" per 100'.
- B. Types: The types of ductwork specified in this Section include, but are not necessarily limited to air conditioning supply and return air systems.

#### 1.03 QUALITY ASSURANCE:

- A. SMACNA Standards: Comply with Sheet Metal and Air Conditioning Contractors National Association (SMACNA), Fourth Edition recommendations for fabrication, construction, details, and installation procedures, except as otherwise indicated in these Specifications.
- B. ASHRAE Standards: Comply with American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) recommendations, except as otherwise indicated in these Specifications.

#### 1.04 SUBMITTALS:

- A. Shop Drawings: Submit dimensioned layouts of ductwork showing both the accurately scaled ductwork and its relation to space enclosure. Show modifications of indicated requirements, made to conform to local shop practice and how those modifications ensure that the free area, materials, and weights are not reduced.

### PART 2 - PRODUCTS

#### 2.01 DUCTWORK MATERIALS:

- A. Exposed Ductwork Materials: Where ductwork is indicated to be exposed to view in occupied spaces, provide materials which are free from visual imperfections including pitting, seam marks, roller marks, oil canning, stains, discolorations, and other imperfections, including those which would impair painting.
- B. Gauges, Rectangular Ductwork: Fabricate steel ductwork (galvanized) from the minimum gauges for sizes up to the corresponding maximum long-side dimensions as indicated in SMACNA Duct Manual "Low Velocity Systems".
- C. Gauges, Round Ductwork: Fabricate steel ductwork (lock-form quality galvanized) from the minimum gauges for diameters up to the corresponding maximum dimensions as indicated in SMACNA Duct Manual "Low Velocity Systems".

HD-1

INITIALS OF BIDDER: \_\_\_\_\_ DATE: \_\_\_\_\_

M9717  
Fort Bend County Juvenile Detention Center  
18 June 1990

2.02 MISCELLANEOUS DUCTWORK MATERIALS:

- A. General: Provide miscellaneous materials and products of the types and sizes indicated and where not otherwise indicated, provide type and size required to comply with ductwork system requirements including proper connection of ductwork and equipment.
- B. Duct Sealant: Provide nonhardening, nonmigrating mastic or liquid elastic sealant (type applicable for the fabrication/installation detail) as compounded and recommended by the manufacturer specifically for sealing joints and seams in ductwork.
- C. Ductwork Support Materials: Except as otherwise indicated, provide hot-dipped galvanized steel fasteners, anchors, rods, straps, trim, and angles for support of ductwork.
- D. Duct Liner Adhesive: Comply with ASC-A-7001 by The Adhesive and Sealant Council, Inc. (see SMACNA standards). Use duct liner only with the Engineers written authorization. All ducts are to be externally insulated.
- E. Duct Liner Fasteners: Comply with SMACNA.
- F. Flexible Ductwork: Insulated flexible ductwork shall be Wiremold Type VTCK. Approved equal flexible ductwork by Certainteed Corporation, Flexaust Company, Genflex or Owens-Corning Fiberglass will be acceptable. Provide either 45 degree angle taps with manual volume dampers or "spin-in" taps with manual volume dampers at main duct tap as shown on Drawings.

PART 3 - EXECUTION

3.01 FABRICATION:

- A. Standards: Round and rectangular sheet metal ductwork shall be constructed in accordance with "Low Velocity Duct Construction Standards", Fourth Edition, ASHRAE Guide and Data Book, "Handbook of Fundamentals", latest edition, specifically Chapter 25 and NFPA Standard 90-A, "Standard for the Installation of Air Conditioning and Ventilating Systems". Duct sizes shown are clear inside dimensions. Where duct liner is allowed and approved in writing, increase each dimension to accommodate that liner.

3.02 DUCT JOINTS AND SEAMS:

- A. Rectangular Ductwork: Joints and seams in ductwork shall be constructed in accordance with Table 1 and Plate No. 5, SMACNA "Low Velocity Duct Construction Standards". Drive slips for rectangular ductwork may be used on short sides only, up to 18" maximum. Gauge of drive slips shall be at least as heavy as ductwork on which they are installed. Bend drive slips over at least 3/4" at corners.
- B. Round Ductwork: Transverse joints for round ductwork shall be slip-type properly secured and sealed. Draw bands shall not be used on "spiral" ductwork.
- C. All Transverse Joints: Seal all transverse joints using SMACNA approved mastic or nonhardening sealant.

3.03 BRANCH CONNECTIONS AND TAKE-OFFS:

- A. General: Where square take-offs to diffuser within 18" are shown, provide extractors with external adjustment, Titus AG-45 with No. 2 operator or approved equal.

HD-1

INITIALS OF BIDDER: \_\_\_\_\_ DATE: \_\_\_\_\_

M9717  
Fort Bend County Juvenile Detention Center  
18 June 1990

3.04 ELBOWS AND TEES:

- A. General: Where radius elbows on rectangular ductwork are shown on ducts, centerline radius shall be 1-1/2 times duct width and radius of throats shall be equal to duct width. Square for radius elbows will not be acceptable. Where square elbows on rectangular ductwork are shown, provide double-thickness, air-foil shaped turning vanes constructed in accordance with Details No. 2 and 3, Fig. B or No. 4 and 5 and Fig. C of Plate No. 22 of Fourth Edition (1969) of SMACNA "Low Velocity Duct Construction Standards", unless single-thickness turning vanes are specifically noted on Drawings, in which case vanes shall be constructed in accordance with Detail No. 1 and Fig. A of Plate No. 22 of Fourth Edition (1969) SMACNA "Low Velocity Duct Construction Standards". Elbows in round ductwork shall be constructed with not less than the number of sections stipulated in SMACNA "Low Velocity Duct Construction Standards". Turning vanes used in transition elbows shall be installed to cut smoothly into the air stream and direct air out of the elbow parallel to the sides of the duct. Use adjustable vanes where required.

3.05 TRANSFORMATIONS:

- A. General: Where duct width increases, maximum angle of slope shall be 20 degrees (one inch in 2.7"). Where duct width decreases, maximum angle of slope shall be 30 degrees (one inch in 1.7").

3.06 FLEXIBLE DUCTWORK:

- A. General: Flexible ductwork shall be allowed only where it replaces existing flexible duct. In no case shall total angularity of turns in any one section of flexible ductwork exceed 135 degrees and radius of turns shall not exceed that recommended by the flexible ductwork manufacturer. The length of any one run of flexible ductwork shall not exceed 8'.

3.07 FLEXIBLE JOINTS IN DUCTWORK:

- A. General: Provide flexible connections where ductwork connects to air-handling units, fans, and similar items and where required for expansion and contraction of the ductwork or the building structure. Flexible connections shall be rigidly connected to metal work on each side and shall be airtight. Bond flanges of flexible duct connectors to ducts and housings to provide airtight connections. Seal seams and penetrations to prevent air leakage.

3.08 INSTALLATION OF DUCTWORK:

- A. General: Assemble and install ductwork in accordance with recognized industry practices which will achieve airtight and noiseless systems, capable of performing each indicated service. Install each run with a minimum of joints. Align ductwork accurately at connections, within 1/8" misalignment tolerance and with internal surfaces smooth. Support ducts rigidly with suitable ties, braces, hangers, and anchors of the type which will hold ducts true-to-shape and prevent buckling.
- B. Completion: Complete fabrication of work at the project as necessary to match shop-fabricated work and accommodate installation requirements.
- C. Run Location: Locate ductwork runs, vertically and horizontally and avoid diagonal runs wherever possible. Locate runs as indicated by existing conditions or, if not otherwise indicated, run ductwork in the shortest route which does not obstruct usable space or block access for servicing the building and its equipment. Hold ducts close to walls, overhead construction, columns, and other structural and permanent-enclosure elements of the building. Where possible, locate insulated ductwork to assure 1.0" clearance of insulation. Wherever possible in finished and occupied spaces, conceal ductwork from view, by locating in mechanical shafts, hollow

wall construction or above suspended ceilings. Do not encase horizontal runs in solid partitions. Coordinate the layout with suspended ceiling and lighting layouts and similar finished work as it exists.

- D. Flanges: Where ducts pass through interior partitions and exterior walls, conceal the space between the construction opening and the duct or duct-plus-insulation with sheet metal flanges of the same gauge as the duct. Overlap the opening on all sides by at least 1-1/2".
- E. Coordination: Coordinate duct installation with installation of accessories, dampers, coil frames, equipment, controls, and other associated work of the ductwork system.
- F. Ductwork Support: Support ductwork from building structure as required and as detailed in SMACNA Duct Manual "Low Velocity Systems". Anchorage and support of all ducts and equipment shall comply with local codes and standards for support.

3.09 CLEANING AND PROTECTION:

- A. General: Clean ductwork internally, section-by-section of dust and debris as it is installed. Clean external surfaces of foreign substances which might cause corrosive deterioration of the metal or, where ductwork is to be painted, might interfere with painting or cause paint damage.

SECTION 15845 - DUCTWORK ACCESSORIES

PART 1 - GENERAL

1.01 RELATED DOCUMENTS:

- A. The Conditions of the Contract and applicable requirements of Section 15002, "Mechanical General Provisions", govern this Section.

1.02 DESCRIPTION OF WORK:

- A. Work Included: Provide ductwork accessories as required for the project including the following:
1. Extractors,
  2. Turning vanes,
  3. Splitter dampers,
  4. Access doors,
  5. Straightening grids, and
  6. Fire dampers.

1.03 QUALITY ASSURANCE:

- A. SMACNA Compliance: Comply with applicable portions of Sheet Metal and Air Conditioning Contractors' National Association (SMACNA) "Low Velocity Duct Construction Standards".
- B. ASHRAE Standards: Comply with American Society of Heating, Refrigerating, and Air-Conditioning Engineers, Inc. (ASHRAE) recommendations pertaining to construction of ductwork accessories, except as otherwise indicated.

1.04 SUBMITTALS:

- A. Shop Drawings: Show modifications of indicated requirements, if applicable, made to conform to local shop practice and show how these modifications ensure that the materials and weights are not reduced and that the fabricated units are equivalent to the specified requirements in every significant way.

PART 2 - PRODUCTS

2.01 DUCTWORK ACCESSORIES, MATERIALS, AND FABRICATION:

- A. General: Provide ductwork accessories which comply with the Sections 15840, "Ductwork", and 15845, "Ductwork Accessories", for applicable product requirements of ductwork materials.

2.02 FLEXIBLE CONNECTIONS:

- A. General: Flexible connections shall be UL-labeled, 30 ounces glass fabric-lined with insulation and coated on both sides with neoprene, complete with attachment accessories, "Vent-Glass" by Vent-Fabrics, Inc. or approved equal.

INITIALS OF BIDDER: \_\_\_\_\_ DATE: \_\_\_\_\_

2.03 DUCTWORK HARDWARE:

- A. General: Damper operators for concealed inaccessible ductwork shall be Young Regulator Company, Catalog No. 700 or No. 315, as shown. Noninsulated accessible ductwork shall be Young Regulator Company, Catalog No. 433. Accessible insulated ductwork shall be Young Regulator Company, Catalog No. 443. Approved equal units by Duo-Dyne or Vent Fabrics, Inc. will be acceptable.

2.04 DIRECTION AND VOLUME CONTROL AND FIRE DAMPERS:

- A. General: Provide all direction and volume control and fire dampers shown or noted on Drawings. All damper control devices shall be installed so as to be fully concealed in finished rooms and spaces.
- B. Control Dampers:
1. Splitter Dampers: Splitter dampers shall be not less than 16 gauge. Splitter dampers shall be 1-1/2 times the width of narrowest duct leaving split, except not less than 12" long and shall have not more than 1/4" less height than duct in which it is installed. Splitter dampers having area less than 2.25 square feet shall be adjusted by means of a locking quadrant mounted on end of shaft. Splitter dampers having larger area shall be adjusted by means of one or more push rods in accordance with Figure 2-5, SMACNA "Low Velocity Duct Construction Standards".
  2. Extractors: Provide extractors of the size and type indicated, with hex-key operated adjustable blades, with gang operated galvanized steel blades on one inch centers.
  3. Pressure Taps: Where rectangular take-offs of branches from main ducts are shown with 45 degree entry, provide manual volume regulators with lockable operators, where required for balancing.
  4. Round Taps: Where taps to main ducts or their branches are shown, provide 45 degree angle taps or 90 degree spin-in taps with manual volume dampers.
  5. Multileaf Dampers: Where multileaf dampers are shown, provide opposed blade-type in accordance with Figure 2-12, SMACNA "Low Velocity Duct Construction Standards".
- C. Fire Dampers: Provide fire dampers at duct penetrations of floors, smoke partitions, fire walls, elsewhere as required by the local building code. Fire dampers shall comply with Uniform Building Code Standard No. 43-7, be inspected and approved by an approved inspection agency and be labeled at the factory in accordance with Uniform Building Code Standard 43, Section 43.714.
1. Provide one hour rated dampers where penetrations are in required one hour fire rated assemblies.
  2. Provide 1-1/2 hour rated dampers where penetrations are in required 2 hour fire rated assemblies.
  3. Provide 3 hour rated dampers where penetrations are in required 4 hour fire rated assemblies; 4 hour occupancy separating walls are excepted.

2.05 FLASHING AND COUNTERFLASHING:

- A. General: Flashing and counterflashing shall be as required by existing conditions.

2.06 TURNING VANES:

- A. General: Provide turning vanes in the size and type required with the following additional construction features:

1. Blades: 2" galvanized steel for up to and including 18" ducts.
2. Blades: 4-1/2" galvanized steel for ducts over 18".
3. Construction: Double wall blade.
4. Types: Fixed blades for 90 degree elbows, adjustable for transition elbows and fixed for 45 degree elbows where required.

2.07 DUCT ACCESS DOORS:

- A. General: Provide hinged duct access doors, gasketed and with insulation where ductwork is indicated to be insulated. Provide construction per SMACNA Standards. Access doors shall be at least 15" x 15".
- B. Inspection Plates: Provide inspection plates as required. Provide a minimum opening of 4" x 4" with a 6" x 6" cover plate. The cover plate shall be one gauge heavier than the ductwork, gasketed and secured with a minimum of eight sheet metal screws.

2.08 MISCELLANEOUS DUCTWORK MATERIALS:

- A. General: Provide miscellaneous materials for ductwork accessories, including hinges, refrigerator latches, sash locks, bolts and wing nuts, gaskets and pitot tubes as recommended by the ductwork accessories manufacturer for the application indicated.

PART 3 - EXECUTION

3.01 INSTALLATION:

- A. Access Doors: Install access doors so that the doors open against the system air pressure wherever feasible and that their latches are operable from either side, except where the duct is too small to be entered. Provide access to each fire damper link to permit resetting.
- B. Multileaf Dampers: Install multileaf volume dampers as required for balancing.
- C. Splitter Dampers: Install splitter dampers at all divisions of ductwork for proper air pattern control.

3.02 TESTING:

- A. General: Check installed ductwork accessories for required operation and leakproof performance during the system's operational test. Repair or replace faulty accessories, as required to obtain proper operation and leakproof performance.

SECTION 15867 - AIR DISTRIBUTION DEVICES

PART 1 - GENERAL

1.01 RELATED DOCUMENTS:

- A. The Conditions of the Contract and applicable requirements of Section 15002, "Mechanical General Provisions", govern this Section.

1.02 DESCRIPTION OF WORK:

- A. Work Included: Provide air distribution devices as required for the project including the following:
1. Ceiling air diffusers,
  2. Grilles and registers, and
  3. Linear grilles.

1.03 QUALITY ASSURANCE:

- A. Manufacturers: Devices manufactured by Metalaire, Titus, Krueger, Anemostat/Waterloo, Aeronca, Carnes, or Barber-Coleman will be acceptable if the devices furnished comply with these Specifications, the conditions scheduled and are similar in performance and appearance to existing equipment.
- B. NFPA Compliance: Comply with National Fire Protection Association (NFPA) Standard No. 90, as applicable to air diffuser construction and installation.
- C. Design Compliance: If so directed by the Engineer, test air outlets to determine compliance with these Specifications. Perform all revisions required to comply with terminal velocity, noise level or maximum temperature variation requirements at no cost to the Owner.
- D. Air Distribution Equipment: Maximum space temperature variation shall not exceed 3°F through each conditioned area from 2' above the floor, to 7' above the floor. The air outlets shall be selected by the manufacturer to suit the volume, throw and noise level requirements and maintain maximum terminal velocities of 50 fpm, unless otherwise indicated.

1.04 SUBMITTALS:

- A. Manufacturer's Test Data: Include test data and results as specified herein. Certify test results by an authorized officer of the company.

1.05 BALANCING ACCESSORIES:

- A. General: Provide factory-calibrated balancing cones for use in air balancing all types of ceiling outlets, linear diffusers or any other special outlet. All cones shall be calibrated for use with Alnor velometer and identified with airflow factors permanently indicated on the sides of the cones.

PART 2 - PRODUCTS

2.01 AIR DISTRIBUTION DEVICES:

- A. General: Except as otherwise indicated, provide air distribution devices of the size, shape, and type, constructed of materials and components and with finish equivalent or superior to existing equipment and material. Apply corrosion resistant treatment to all surfaces prior to applying prime coat.
- B. Ceiling Diffusers: Provide diffusers with corrosion resistant treated surfaces and finished in off-white baked enamel unless indicated otherwise required. Provide volume control dampers with each supply air diffuser. Where applicable, provide adapters with diffusers to permit connection to round supply duct.
- C. Registers and Grilles:
1. General: Provide registers which contain a key-operated multilouvered opposed blade damper operable from the face side. Provide security grilles where they presently exist.
  2. Supply Air Register: Provide all supply air registers of the double deflection type.
  3. Finishes: Anodize devices constructed of aluminum. Submit color selection to Architect for approval.
  4. Return Air Grilles and Return Air Registers: Provide grilles and registers which have fixed face blades and match the face of the supply air registers, unless indicated otherwise by existing conditions.

PART 3 - EXECUTION

3.01 INSTALLATION:

- A. General: Install air distribution devices in accordance with manufacturer's written instructions and recognized industry practices to ensure that products serve intended functions.
- B. Coordination: Coordinate with other trades, including ductwork, and ductwork accessories, as necessary to interface air distribution devices properly with other work.

3.02 FIELD QUALITY CONTROL:

- A. Test: Test installed devices to demonstrate satisfactory compliance with specified and indicated requirements.

## SECTION 15891 - FILTERS AND ACCESSORIES

### PART 1 - GENERAL

#### 1.01 RELATED DOCUMENTS:

- A. The Conditions of the Contract and applicable requirements of Section 15002, "Mechanical General Provisions", govern this Section.

#### 1.02 DESCRIPTION OF WORK:

- A. Work Included: Provide filters and accessories as specified and indicated.

### PART 2 - PRODUCTS

#### 2.01 AIR FILTERS:

- A. Flat Throw-Away Type Filters: Provide throw-away filters for the existing air handling units. Filters shall be UL-labeled with Class II rating and shall be American Air Filter "5700" or Fram Corporation "Fram Glass".

#### 2.02 FILTER RESISTANCE INDICATOR:

- A. General: Provide a Dwyer Model 202 "Dura-Block" solid plastic, stationary inclined gauge manometer with red gauge oil at filter bank of each of the two air-handling units. Provide not less than 2 ounces of red gauge oil for replacement of each manometer furnished under this Section.

### PART 3 - EXECUTION

#### 3.01 AIR FILTERS:

- A. Under no circumstances shall any air-handling unit or fan and coil unit be operated without filters in-place. Filters on units used during construction shall be replaced as necessary and as directed by the Engineer.
- B. In the event that units are operated after the specified cleaning without filters in-place or with filters which have been damaged so as to allow air to bypass filter, the Contractor shall again steam clean all coils and fans in that particular system before balancing the system.
- C. In all cases, filters shall be of the proper size and installed in filter racks in such a manner that there will be no leakage of air around filters. Filters which have been torn, distorted, or damaged in any other way will not be acceptable.
- D. All testing and balancing of air-side systems shall be done using clean filters.
- E. Upon completion of the project and before final acceptance, all filter sections shall be replaced with new filters. This requirement is in addition to the requirement that a stock of replaceable filter media, sufficient to replace all media in the project one time, be left for the Owner's maintenance use.

SECTION 15896 - HVAC OPERATIONAL TEST-ADJUST-BALANCE

PART 1 - GENERAL

1.01 RELATED DOCUMENTS:

- A. The Conditions of the Contract and applicable requirements of Division 1, "General Requirements", and Section 15002, "Mechanical General Provisions", govern this Section.

1.02 DESCRIPTION OF WORK:

A. Work Included:

1. Fully examine the existing and approved systems for this project and determine whether or not sufficient volume, dampers, thermometers, gauges, means of reading static and total pressure in duct systems, and other means of taking data needed for proper air balancing are shown or specified. If, in the opinion of the Contractor, any items have been omitted, notify the Engineer in writing and receive clarification before submitting a proposal for this project. Tender of a proposal conveys full agreement of the system as it exists or is proposed and the balancing means provided. Provide all items required, but not shown, at no additional cost to the Owner.
2. Test, adjust, and balance systems to optimize operating and comfort conditions. Record test data as outlined hereinafter and submit for review and approval. Systems shall be fully tested prior to Building Acceptance.
3. Conduct all tests as specified herein and as required by authorities having jurisdiction, including Local Inspection Department, Owner, or Engineer.
4. Repair or replace all defects discovered or resulting from the required tests to a like new condition.

1.03 QUALITY ASSURANCE:

- A. Personnel: Submit evidence to show that the personnel who will actually balance the systems are qualified. Evidence showing that the personnel have passed the tests required by the Associated Air Balance Council (AABC) or the National Environmental Balancing Bureau (NEBB) will be sufficient.
- B. The Engineer reserves the right to require that the originally approved personnel be replaced with other qualified personnel if, in his opinion, the original personnel are not qualified or are not properly conducting the system balancing.

PART 2 - PRODUCTS

No products are required.

HD-1

INITIALS OF BIDDER: \_\_\_\_\_ DATE: \_\_\_\_\_

PART 3 - EXECUTION

3.01 TEST DATA:

- A. General: Record test data after all balancing has been completed and deliver recorded data to the Engineer for review and evaluation. Should deficiencies or discrepancies be found, repeat balancing procedures to achieve correct test data results. Certify the test and balancing data as being true and correct over the Contractor's signature. Execute the Certification by an authorized officer if the contracting firm is a corporation, by a partner if the firm is a partnership, by the firm's owner if the firm is a sole proprietorship, or by the authorized representative if the firm is a joint venture. Include a copy of the approved test and balancing data in the Owner's Manual.
- B. Test Forms: Record and submit test and balancing data on forms similar to those of the AABC or NEBB.

3.02 CALIBRATION LIST:

- A. Submit to the Engineer for approval a list of the gauges, thermometers, velometer, and other balancing devices to be used in balancing the system. Submit evidence to show that the balancing devices are properly calibrated before proceeding with system balancing.

3.03 PRELIMINARY AIR TESTS:

- A. General: Preliminary air tests shall be performed before ductwork or equipment is insulated. Tests may be conducted on individual systems. Tests will be witnessed by the Engineer. Submit notification when systems are ready for preliminary air tests. Where possible, conduct the tests before the installation of grilles or diffusers.
- B. Tests: Demonstrate that there is no excessive leakage of the ductwork by visual inspection, that fans are operating at essentially the correct speed, that motors will not overload, and that equipment delivers design cfm. Correct any deficiencies found. Repeat preliminary air tests until tests have proven satisfactory.
- C. Inspection: Inspection and acceptance of the Work shall, in addition to the foregoing requirements, be subject to the following conditions:
1. Instruments: All test instruments, devices and similar items, their accuracy and the methods by which instruments are employed, shall be approved by the Engineer prior to use at the job site.

3.04 FINAL AIR BALANCE:

- A. General: When all tests have been completed and systems are complete and ready for operation, perform the following steps of final air balance and record the results.
- B. Motors: Verify correct rotation of all rotating equipment.
- C. Filters: Check air filters or filter media. Balance system only with essentially clean filters or filter media.
- D. Blower Speed: Read and adjust rpm at each fan or blower to design requirements.
- E. Ampere Readings: Read and record full load amperes for motors.
- F. Static Pressures: Read and record static pressure at each fan and blower suction and discharge.

- G. Airflow at Each Unit: Read and record return, outside, and supply air cfm and temperature at each fan and blower.
- H. Coil Temperatures: Set thermostat for full cooling and for full heating loads. Read and record entering and leaving dry bulb and wet bulb temperatures at each cooling coil, heating coil, and at four diffusers per system.
- I. Zone Airflow: Adjust each zone for design cfm.
- J. Outlet Airflow: Adjust each supply diffuser, register, and grille to within  $\pm 5\%$  of design air cfm. Dampers in diffusers may be used for only 10% adjustment from full open airflow. Include all terminal points of air supply.

3.05 SOUND VIBRATION AND ALIGNMENT:

- A. Sound: Read and record sound levels at up to four locations in the building designated by the Engineer. All measurements shall be made using an Octave Band Analyzer. All tests shall be conducted at night in the presence of the Engineer, if he so desires.

3.06 RE-ADJUSTMENT:

- A. General: During 6 months to one year after Final Acceptance, adjust each fan and blower to a new rotative speed as selected by the Owner. Provide two sets of fixed drives and necessary labor for installation to accomplish all required fan speed adjustments during this period.

RE: Agenda Commissioners' Court - September 17, 1990

DATE: September 11, 1990

We have been requested to pull 1,532 pending cases and research files by Judge Brady G. Elliott. This will require two temporary employees to work 4 days at \$3.80 per hour. The total cost to the county would be \$243.20. I am requesting this amount to be added to budget line item #0201.

Thank you for your consideration.

RE: Request by FBCLID2 for the Fort Bend County Drainage  
District to Accept Ownership, Operation and  
Maintenance of the Amil Gates

-----

On May 14, 1990, you directed me to evaluate the request made by the FBCLID2 in their letter dated April 4, 1990 (see Exhibit A) that the Fort Bend County Drainage District ("FBCDD") accept conveyance of the Amil Gates and related structures on the Brooks Lake Diversion Channel for ownership, operation and maintenance. After spending considerable staff time and effort investigating the many issues relating to this request, I have concluded that it would be inappropriate for the Drainage District to accept conveyance of any of these structures, and that the primary beneficiaries of these facilities would be more appropriate entities to accept such responsibility.

The structures on the Brooks Lake Diversion Channel that were considered in this evaluation included the three Amil Gates, the Spur 58 culverts, and the Highway 6 culverts with flap gates. A separate discussion of each of these facilities is preceded by the following brief overview of the history of the Brooks Lake Diversion Channel.

### History of the Brooks Lake Diversion Channel

In 1937, prior to the creation of the FBCDD, fee title to all the drains, ditches, canals, dams, etc. in the vicinity of the Imperial Sugar Company was conveyed to the Water Control and Improvement District ("WCID") No. 1. (1) In 1967, the engineering firm of Turner, Collie & Braden, Inc. ("TC&B") completed a Comprehensive Study of Drainage for WCID No. 1, in which it was proposed that the existing flood flows along Oyster Creek entering the water district's

Fort Bend County Drainage District Board  
September 10, 1990  
Page 2

boundaries upstream of Sugar Land, estimated to be approximately 4,000 c.f.s., be diverted south at Dam No. 1 directly towards the Brazos River. (2) In 1974, TC&B completed two additional studies for Sugarland Properties, Inc. ("SPI").

The first study by TC&B for SPI was an Engineering Report on the Creation of the Fort Bend County Levee Improvement District No. 2 ("FBCLID2"), which contained the previously proposed Dam No. 1 diversion, while the second study involved the investigation of the feasibility of an alternate diversion plan, referred to as the Char Lake Diversion.

This alternate plan had been suggested by the Mayor of Sugar Land as a less expensive means of diverting Oyster Creek flood flows (estimated to be 4,400 c.f.s. under existing conditions) by eliminating certain railroad and bridge crossings, avoiding the complexities of crossing through Imperial Sugar properties, and having available all required rights-of-way as being in tracts acquired by the Hines-Cousins interests. (3) The plan proposed to locate the diversion of Oyster Creek to be above Dam No. 2 and utilize portions of Brooks Lake and Char Lake in creating a diversion channel (now referred to as the Brooks Lake Diversion Channel) that would direct the flow westward to Ditch N (now referred to as Ditch II-H), then southward to the Brazos River. (4) Such a diversion plan was necessary in order to develop the FBCLID2 area, since the levees effectively blocked the path to the Brazos River of natural and man-made overflows from Oyster Creek in this area. (5)

In 1976, TC&B prepared the Plan of Reclamation for the FBCLID2 area, in which it was proposed that the Amil Gates be constructed to replace the existing Char Lake and Brooks Lake spillways, then owned by SPI, as the structure for maintaining water levels within the Oyster Creek system for water supply purposes, while also handling the diversion of existing flood flows. However, in order to reduce the costs involved, the Plan of Reclamation called for this diversion to be designed for only 800 c.f.s., as being the then existing capacity of the Highway 6 culverts. (6) The FBCDD requested the diversion system be designed to accommodate 4,000 c.f.s., which was the original estimate of existing flood flows which were to be diverted from Oyster Creek. (7) An Amended Plan of Reclamation was prepared by TC&B in 1977

Fort Bend County Drainage District Board  
September 10, 1990  
Page 3

that incorporated the FBCDD's request. An easement was granted to FBCLID2 by SPI in 1979 for the construction and maintenance of the various drainage facilities identified in the Amended Plan of Reclamation. (8) The FBCLID2 supposedly designed and constructed their Brooks Lake Diversion Channel and associated structures (including three D-800 Amil Gates, thirteen 108-inch diameter culverts with flap gates under State Highway 6, and twenty-one 84-inch diameter culverts under Spur 58) to handle the requested 4,000 c.f.s.

Recent studies have indicated that, in order to accommodate additional runoff due to future development in the watershed, the preferred alternative plan is to construct the original Dam No. 1 diversion for transporting Oyster Creek flood flows to the Brazos River, thereby allowing the existing Brooks Lake Diversion Channel system to be used for the local runoff from the City of Sugar Land. (9) The FBCDD acquired the necessary easements from the FBCLID2 and the Texas Department of Corrections to implement this plan, involving Ditch II-H, which was to be widened to accommodate the additional flows to be diverted into it at Dam No. 1. (10)

#### Amil Gates

Considerable controversy has surrounded the Amil Gates, which is probably what prompted the FBCLID2 to make their request to the FBCDD. Generally, this controversy has focused on the uncertainty of whether the gates are functioning properly. These gates are designed to open when the upstream water reaches a certain level, and should only open as much as is necessary to maintain that water level. It is, therefore, difficult to know just by looking at the gates whether or not they are functioning properly. In addition, the FBCLID2 does not maintain any records of the operations of these gates and therefore, no one knows if, when and how much these gates have opened during a particular flood event. To alleviate some of these concerns, the FBCLID2 conducted some field tests in cooperation with the Galveston County Water Authority ("GCWA") and the FBCDD to verify that the gates do open at the desired water level. (11) Unfortunately, more information is needed regarding the operations of these gates in order to respond to most of the concerns and questions that have been raised, which would probably eliminate much of the controversy surrounding them. Then,

Fort Bend County Drainage District Board  
September 10, 1990  
Page 4

the responsibility for these structures will not be as burdensome on whatever entity accepts them.

The FBCDD realizes that these gates affect more than just drainage. For example, the Amil Gates also serve the function of retaining water within Oyster Creek. This is done so as not to interfere with the water rights of the Galveston County Water Authority, who provides water to industrial and irrigation users. (12) The constant pools of water in Oyster Creek are also used by residents of the City of Sugar Land and of other areas adjacent to the creek and its connecting lakes for recreational purposes. Imperial Holly Corporation, a major beneficiary of this retained water system in Oyster Creek, highlighted the nondrainage purposes of these gates in a letter to the Fort Bend County Drainage District Board dated May 15, 1990 (see Exhibit "B"), and even noted additional issues of water quality and other environmental considerations. Similarly, concerns have been raised regarding water leakage through the Amil Gates, and the associated liabilities to the owners of those water rights. All of these issues pertain to matters beyond the primary responsibility of the FBCDD.

The FBCDD recognizes its role in providing for the drainage needs in this area of the county. Our recent request that FBCLID2 adjust the operating level of the Amil Gates was in response to information which indicated that the previous operation was unduly restricting flood flows from entering the ditches provided for conveying excess water to the Brazos River. (13) This action by the Drainage District, however, should not be interpreted to suggest that the Drainage District is willing or even able to accept full responsibility and ownership of such facilities. In fact, even if such facilities were solely for drainage, the Fort Bend County Drainage Criteria Manual states that drainage facilities which are constructed and maintained by an entity like the FBCLID2 will not be accepted for maintenance by the FBCDD. (14) This is because, in these situations, the Drainage District is confident that there exists a perpetual taxing entity which has the power and ability to maintain these facilities, which were constructed primarily to serve a particular development, precluding the need to spend Drainage District taxes on maintaining such localized facilities. Additionally, it would place an undue hardship on the FBCDD's current staff, equipment and budget if the Drainage District had to operate and maintain such a

Fort Bend County Drainage District Board  
September 10, 1990  
Page 5

water retention system. The FBCDD's only concern and interest in the Amil Gates is that they do not interfere with or unduly limit proper drainage in the area.

In conclusion, if the FBCLID2 is no longer interested in owning, operating or maintaining their Amil Gates, it is suggested that they look to those entities that primarily benefit from the operation of those gates as a more appropriate party to assume the responsibility (e.g. the City of Sugar Land, GCWA or WCID No. 1).

#### Spur 58 Culverts

These culverts were constructed as part of the Brooks Lake Diversion Channel to provide an opening under the Spur 58 roadway for passing the desired flows. The FBCDD does not maintain drainage structures under roadways; these are normally taken care of by the owner of the roadway.

#### State Highway 6 Culverts with Flap Gates

These culverts were also constructed as part of the Brooks Lake Diversion Channel by FBCLID2 and likewise should be the responsibility of the State Highway Department to maintain. There has been no information provided or found that justifies the need for the flap gates; therefore, it appears inappropriate for the FBCDD to accept maintenance of these facilities.

Re: Acceptance of Amil Gates on Brooks Lake Diversion

Gentlemen:

The purpose of this letter is to request that Fort Bend County Drainage District accept conveyance of the Amil gates and related structures on the Brooks Lake Diversion Channel for ownership, operation and maintenance. It has become clear as the studies and experiences on the Oyster Creek watershed have progressed that the Amil gates are an integral part of the drainage for the Oyster Creek watershed. The importance of the Amil gates for the overall watershed are thoroughly discussed in the Implementation Program for the Master Drainage Plan for the Brooks Lake Service Area prepared for Fort Bend County Drainage District dated February 1990 and the Fort Bend County Master Drainage Plan for Oyster Creek Watershed dated 1987 prepared by Espey, Huston & Associates, Inc. (the "Implementation Report"). Examples of comments and recommendations from the Implementation Report include the following:

"The FBCDD recognizes that the Amil gates play an important role in the overall flood control scheme for the Brooks Lake Service Area, as well as the Middle Oyster Creek Watershed, and therefore has taken the lead role in pursuing the development and implementation of Master Drainage plans in the Oyster Creek watershed,

while coordinating these activities among the various interested parties." (Page 18)

"Such a complex drainage system requires a single entity to oversee and review all of the drainage-related activities in the watershed to insure any changes are consistent with the overall drainage plan, and to identify the need for modifications to the plan. The FBCDD is the entity most capable of assuming this role and to a large extent has done so in the past. The FBCDD needs to strongly consider expanding this role regarding (1) the various drainage facilities currently owned and operated by the FBCLID2 that lie outside the leveed area [principally the Amil gates] and have a direct impact on other entities or property within the county, and (2) the flood control operations of the GCWA at its dams." (Page 30)

Additional excerpts are also attached.

### History

The Fort Bend County Levee Improvement District No. 2 (LID No. 2) was created in 1975 and its purpose has been to construct and maintain: (1) a levee system generally surrounding the First Colony development to protect it from flooding from the Brazos River, (2) internal drainage ditches and a pumping station within the leveed area, and (3) an outfall drainage ditch (Ditch "H") outside the levee to convey internal drainage from the leveed area to the Brazos River.

As part of the drainage system it was necessary to construct an external diversion ditch system (Brooks Lake Diversion; also identified in some reports as the Char Lake Diversion) to convey to an appropriate outfall (Ditch "H") the natural overflows from Oyster Creek that would need to be controlled as a result of the levee constructed by LID No. 2 along Oyster Creek. This overflow was estimated to be approximately 700 cubic feet per second (cfs). The Fort Bend County Drainage District (FBCDD) required that the system to convey this overflow be designed to accommodate flows resulting from future development in the upstream Oyster Creek watershed and to help alleviate existing drainage inadequacies downstream along Oyster Creek. Therefore, it was planned that this diversion channel be designed to ultimately accommodate 4,000 cfs. A major component of the diversion channel is a control structure consisting of three D-800 Amil gates. These gates are designed to open as required based on the water level in Oyster Creek to divert a maximum of 4,000 cfs through the diversion channel to Ditch "H" and then to the Brazos River. In addition to the Amil gates and associated structure, thirteen 108-inch diameter culverts with flap gates were installed under State Highway 6 and twenty-one 84-inch

diameter culverts were placed under Spur 58 at these crossings of the diversion channel.

When the three gates were initially installed a metal stop log was placed upstream of the middle gates so that only two were functional. This was apparently done because at that time there was insufficient upstream development within the Oyster Creek watershed to require the full capacity of the three gates.

Before or after each major storm, some entity or group suggests that the Amil gates will not or did not operate properly, either because of malfunction or misadjustment. LID 2 performed a thorough study in 1987 with full participation of all affected entities, which appeared to satisfy the various entities at that time. However, in 1989 after a severe storm residents in the Riverbend and Lexington Colony subdivisions again made these allegations and the FBCDD requested that LID No. 2 do the following: (1) activate the third Amil gate, and (2) lower the minimum operating level that the gates open from 72.8 feet (NGVD) to 72.3 feet (NGVD). LID No. 2 is in the final stages of activating the third gate and, through a series of tests performed in cooperation with the FBCDD and the Galveston County Water Authority, has adjusted all three gates to open at elevation 72.3 feet (NGVD). Before LID No. 2 makes the third gate operational by removing the metal stop log, it must construct a structure to enable the middle gate to be opened should debris become trapped between the gate and the sill of the gate when the gates are opened. LID No. 2 is in the process of engineering and constructing that structure which should be complete in approximately 30 days. LID 2 agreed to do this work out of a spirit of cooperation rather than a conviction that these adjustments would have any significant effect as long as the Galveston County Water Authority continues its current operating procedures on Dam 2.

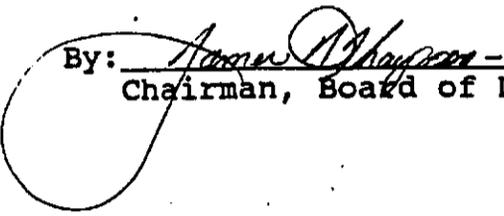

#### Conclusion

As a result of the various discussions with neighborhood groups, the City of Sugar Land, the City of Missouri City, the Fort Bend County Drainage District, the Galveston County Water Authority, and Imperial Sugar Company, it is clear that the role of the Amil gates far exceeds the needs and authority of Fort Bend Levee Improvement District No. 2 and are an integral part of the overall drainage program for the Oyster Creek watershed. The only entity with appropriate authority to govern the operation of the Oyster Creek watershed is the Fort Bend County Drainage District. Accordingly, Fort Bend LID No. 2 requests that the Drainage District accept the Amil gates and related facilities on Brooks Lake Diversion for ownership, operation, and maintenance and establish the operating levels and procedures at a level consistent with the Master Plan for Oyster Creek.

Fort Bend LID No. 2 will be happy to meet with you to discuss this request in more detail at your convenience. If there is any other information which you believe would be helpful in reaching your decision, please advise.

Very truly yours,

Re: Oyster Creek Drainage in Sugar Land

Dear Judge Stavinoha and Commissioners:

The proposal to convey the operation and ownership of the AMIL Gates from FECLID #2 to the Fort Bend County Drainage District focused on some very important concepts of drainage. However, the absence of comment about the unique nature of the Dam 1, Dam 2 and AMIL Gate purpose is worthy of note.

Over the past few years the waterway through Sugar Land has begun to be viewed with the single purpose of Drainage. The result of this approach has had various effects on this water area impacting the levels, volumes, quality of water and sedimentation. Unlike a drainage ditch, this area is also considered a recreation and water use reservoir by various residents and State Agencies.

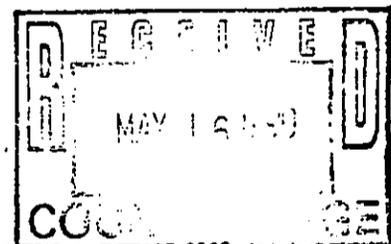

In addition, there are contractual agreements for level maintenance which also extend to any operation or owner of the AMIL Gates.

The Fort Bend County Drainage District should review their Master Drainage Plan involving the AMIL Gates and include the unique environmental aspect of the Sugar Land area. Ignoring the impact of present and future permitted discharges into Oyster Creek, North of Dam 1, will result in down stream environmental conditions which can be viewed as undesirable.

It is our suggestion that the Fort Bend County Drainage District be directed to consider these environmental questions in any plan of drainage in the Sugar Land Oyster Creek - Brooks Lake system.

Sincerely,

Leon A. Anhaizer  
Vice President

342-0141MONTHLY REPORT  
AUGUST, 1990

The removal of vegetation from channels during August, 1990 was accomplished by both shredding operations and herbicide applications.

Thirty-four (34) channels that included Cottonwood Creek II-B-24, Dry Creek II-B-2, Turkey Creek I-D, and Willow Fork of Buffalo Bayou V-A received shredding operations.

Sixty-three (63) channels that included Dry Branch I-E and several of its tributaries, five (5) Keegans Bayou tributaries, Snake Creek I-C and six (6) of its tributaries, and Turkey Creek II-A-2 received herbicide applications.

The bridge crew worked on a variety of projects that included the installation of concrete low-water crossings on Deer Creek II-B-5, Mound Creek I-A, and Robinowitz Ditch II-M. They also replaced a deteriorated bridge on Deer Creek II-B-5.

The Caterpillar EL-240 hydraulic excavator assisted the City of Richmond on the removal and reinstallation of culverts across Lane Drive at Rabbs Bayou Lateral II-D-14 and Precinct #4 with the installation of culverts across Albert Marek Road.

The Link Belt LS-2800 hydraulic excavator set culvert pipes across Stafford Run Creek II-K-1 and Duvall Ditch II-J.

The Fiat Allis FG-85 motor grader re-established backslope drain swales on a section of Keegans Bayou VII and on the entire channel of Keegans Bayou VII-E.

Work was done on Briscoe Ditch II-GG upstream of F.M. 723 to re-establish a uniform flowline and bottom width. The Caterpillar EL-240 hydraulic excavator and Fiat Allis FG-85 motor grader completed this project on August 22.

The excavation of Brazos River Lateral II-H continued where the Northwest 9570 dragline dug forty-six thousand, six hundred (46,600) cubic yards of dirt. This was spread by the Dresser TD-25G bulldozer.

The Deer Creek project also continued during August, 1990 where various equipment was assigned. The Link Belt LS-98A dug approximately fourteen thousand (14,000) cubic yards of dirt, while the Caterpillar D-6D bulldozer worked on the spreading of the spoil material. The Link Belt LS-2800 hydraulic excavator installed several drop inlet pipes that were connected by backslope swale ditches cut by the Fiat Allis FG-85 motor grader. The Caterpillar D-6D bulldozer and Link Belt 98-C assisted the bridge crew with the installation of the concrete low-water crossing previously mentioned.

The renovation of the downstream end of Robinowitz Ditch II-M continued with the Rapier NCK-305 dragline and the Fiat Allis FD-20.

The Fiat Allis FD-20 and FD-30 bulldozers worked on the clearing of the section of Steepbank Creek II-G between Oilfield Road and Hagerson Road.

The Big Creek Bypass project continued, where a combination of Drainage District and contractor equipment dug seventy-three thousand, five hundred (73,500) cubic yards of spoil material.

The following charts show each project that received work and which equipment was assigned during August, 1990.

of the drainage canal and system upon and through the land hereinafter  
described, the sufficiency of which is hereby acknowledged and confessed,  
has bargained, sold, and conveyed, and by these presents hereby grants,  
bargains, sells and conveys unto the said FORT BEND COUNTY, of Fort Bend  
County, Texas, a right-of-way easement for the purpose of constructing,  
maintaining, operating and repairing a drainage canal, upon, over, through  
and across the land of Grantor along the route hereinafter designated, and  
said land being situated in FORT BEND COUNTY, TEXAS, to-wit:

An Easement of an Aggregate Width of 15 feet along the Southwest  
line of Lot 8 in a subdivision of 151.27 acres out of the C. B.  
Stewart Survey, Abstract No. 90;

For Connection from the West Corner of Lot 8 of the said sub-  
division go S 45 Degrees 03 Minutes 20 Seconds East along the  
Southwest line of Lot 8 a Distance of 100 Feet for the Place of  
Beginning;

Thence South 45 Degrees 03 Minutes 20 Seconds East along the  
Southwest line of Lot 8 a Distance of 311 Feet more or less to  
the South corner of Lot 8.

FORT BEND COUNTY shall have all rights and benefits necessary or convenient  
for the full enjoyment or use of the rights herein granted, with the right  
of ingress or egress to and from said drainage canal right-of-way,  
provided, however, that after construction of said drainage canal, said  
right of ingress and egress of FORT BEND COUNTY shall be limited to the  
said right-of-way and to existing roads and passageways. FORT BEND COUNTY  
is given the right from time to time to cut and remove all trees,  
undergrowth, and abate other obstruction, upon said canal right-of-way,  
that may injure, endanger, or interfere with the construction, operation,  
maintenance and repair of said drainage canal.

FORT BEND COUNTY agrees during the life of this easement to repair all  
damage to roads, passageways and fences resulting from the County's use in  
going to and from said easement right-of-way, and to restore the same to  
the previously existing condition as near as possible.

*REC'D  
SEP 27 1990*

Grantor reserves the right to use the facilities offered by the drainage canal for the disposal of surface waters, rain, or any excess waters collecting upon his land, and in such connection Grantor has the right in the manner provided by law and at his own expense to construct and provide ditches, drains and laterals connecting his land or portions thereof with the drainage canal.

Grantor reserves the oil, gas, sulphur and other minerals in and under the land covered by this easement, provided however, that during the life of this easement no mining or drilling operations shall be conducted upon the surface of the area included in the easement right-of-way above described.

It is agreed that if at a future time FORT BEND COUNTY, its successors or assigns, shall permanently cease to use said drainage canal right-of-way for the purpose herein contained, and shall permanently abandon same, then and in such event the said right-of-way above described, together with all rights and interests held by FORT BEND COUNTY by reason of this instrument, shall revert, pass to and vest in the said Grantor, his heirs or assigns.

TO HAVE AND TO HOLD said right-of-way and easement herein granted, unto the said FORT BEND COUNTY, its successors or assigns.

EXECUTED this the 27<sup>th</sup> day of August A.D. 19 90.

COUNTY OF FORT BEND

KNOW ALL MEN BY THESE PRESENTS, that we SAVOIE CONSTRUCTION AND CONTRACTING SERVICES as principal and FIDELITY AND DEPOSIT COMPANY OF MARYLAND as surety, are held and firmly bond unto FORT BEND COUNTY a body corporate and politic under the laws of the State of Texas, in the penal sum of Two Thousand Dollars only DOLLARS (\$ 2000.00) law full currency of the United States of America, for the payment of which, well and truly to be made, we do hereby bind ourselves, our heirs executors, administrators and successors, jointly and severally and firmly by these presents:

THE CONDITION OF THIS BOND IS SUCH THAT, WHEREAS, the above bounden principal contemplates laying, constructing, maintaining and/or repairing one or more cables, conduits and/or pole lines in, under, across and/or along roads, streets and highways in the County of Fort Bend, and the State of Texas, under the jurisdiction of the Commissioners Court of Fort Bend County, Texas, pursuant to the Commissioners Court order adopted on the 1st day of December, A.D., 1980, recorded in Volume 13, of the Commissioners Court Minutes of Fort Bend County, Texas, regulating same, which Commissioners Court order is hereby referred to and made a part hereof for all purposes as though fully set out herein;

AND WHEREAS, the principal desires to provide Fort Bend County with a performance bond covering all such cable, conduit and/or pole line activity.

NOW THEREFORE, if the above bounden principal shall faithfully perform all its cable, conduit and/or pole line activity (including, but not limited to, the laying construction, maintenance and/or repair of cables, conduits and/or pole lines) in, under, across and/or along roads, streets and highways in the County of Fort Bend and State of Texas, under the jurisdiction of the Commissioners Court of Fort Bend County, Texas, pursuant to and in accordance with the minimum requirements and conditions of the above mentioned Commissioners Court order set forth and specified to be by said principal done and performed, at the time and in the manner therein specified, and shall pay over and make good and reimburse Fort Bend County, all loss and damages which Fort Bend County may sustain by reason of any failure or on the part of said principal, then this obligation shall be null and void, otherwise to remain in full force and effect.

This bond is payable at the County Courthouse in the County of Fort Bend and State of Texas.

It is understood that at any time Fort Bend deems Deems itself insecure under this bond, it may require further and/or additional bonds of the principal.

Re: Agenda Item for the meeting of September 24, 1990  
Brundrett Rd. - Precinct 4 (see map enclosed)

Dear Judge Stavinoha:

Commissioner Lutts has submitted for the agenda the acceptance of Brundrett Road into the County Road Maintenance System.

Enclosed please find the original of a Right-of-Way Document which has been executed by the owners of the land adjoining the stated road way, conveying their interest unto Fort Bend County. Mr. Larry Wagenbach's office has approved the document as to legal form, and I have verified current ownership according to Central Appraisal District's (C.A.D.) records.

The legal (Field Note) description is correct according to the Plat of Survey by Steinkamp Surveyor's.

There is no Bond to be released.

Once approved by the court, please have document filed for recording.

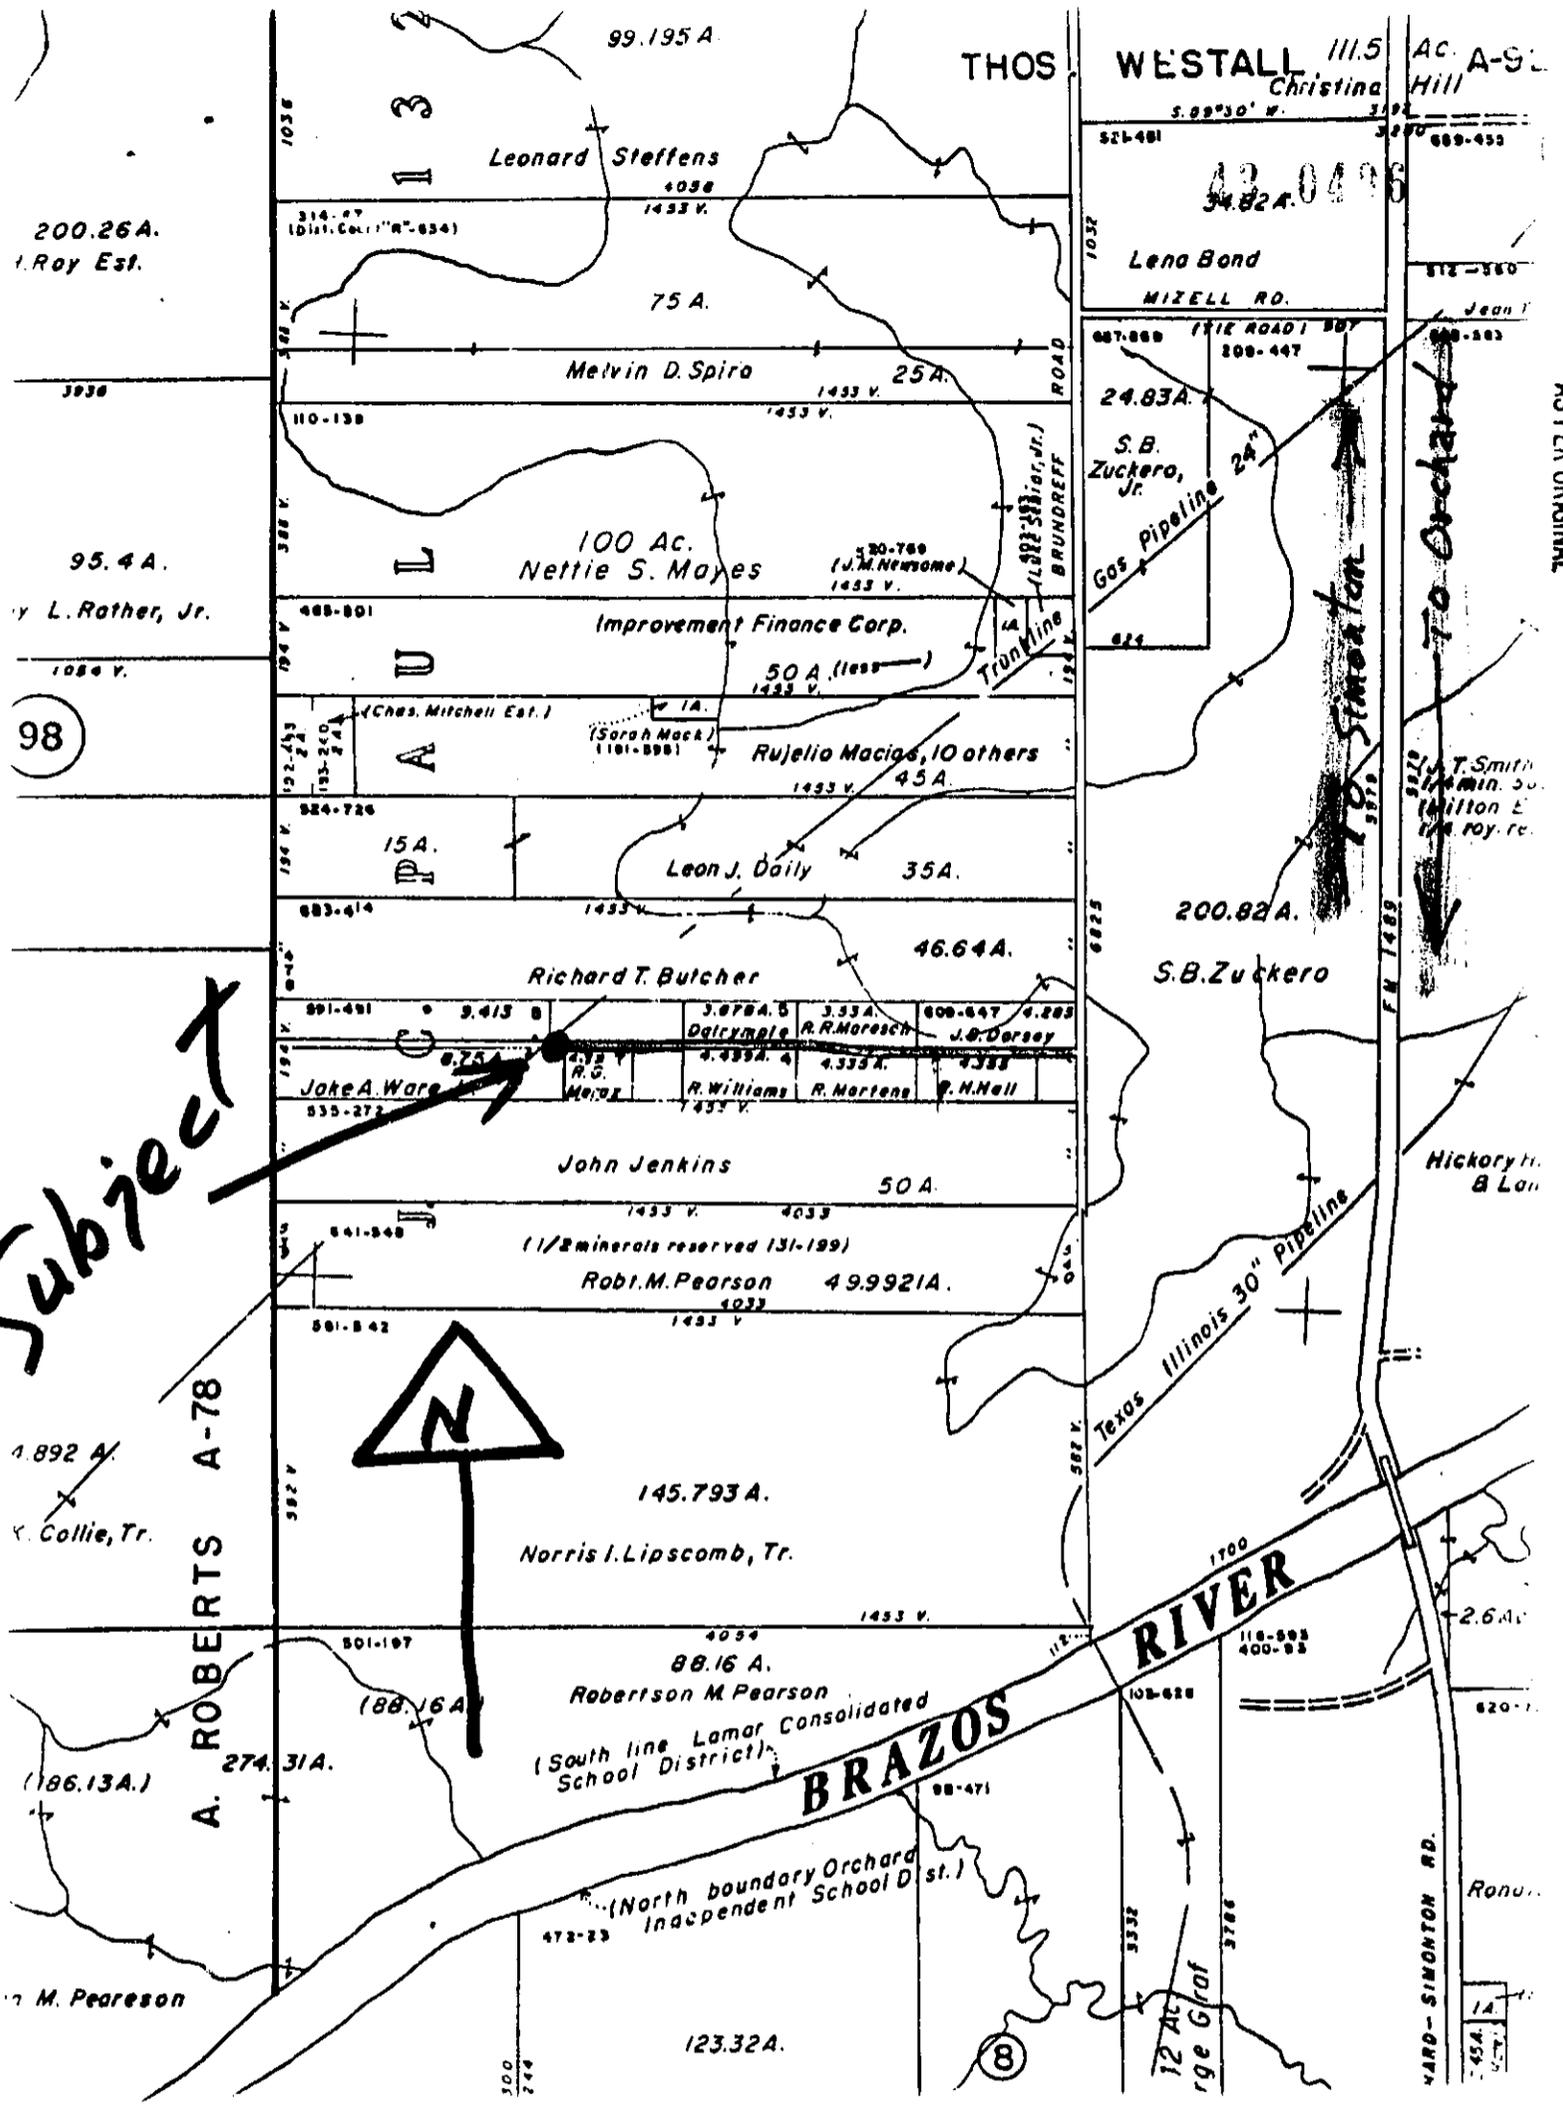

Sincerely,

  
A. J. Noto

RIGHT-OF-WAY

THE STATE OF TEXAS

COUNTY OF FORT BEND

KNOW ALL MEN BY THESE PRESENTS: That the undersigned, of the Counties of Fort Bend and Harris and State of Texas, and in consideration of establishing and maintaining a Public Road or road ditch over and across the land hereinafter described, have Remised, Released and Quit-Claimed, and by these presents do Remise, Release and Quit-Claim, unto the said COUNTY OF FORT BEND the right-of-way over and across the said following described land, situated in said County of Fort Bend and State of Texas, and described as follows, to-wit:

All that certain tract of land lying and being situated in the Thomas Westall Survey, Abstract 92, Fort Bend County, Texas, being a part of 51.21 acres of land, more or less, described in Deed dated August 27, 1959, from William W. Eldredge et ux to S. E. Thompson, recorded in Volume 395, at Page 361, Deed Records, Fort Bend County, Texas, the field notes of the tract herein described shown on Exhibit "A" attached hereto and made a part hereof.

TO HAVE AND TO HOLD the aforesaid right-of-way unto the said County of Fort Bend to be used as a public road forever; provided, however, it is expressly agreed that the said right-of-way grant shall automatically revert to Grantor whenever the same shall be abandoned or discontinued as a public road or road ditch; and provided further that, subject to said right-of-way use, in the meanwhile Grantor reserves and retains from the operation of this grant, all oil, gas, sulphur and other minerals in and under the said right-of-way grant.

WITNESS our hands this \_\_\_\_\_ day of \_\_\_\_\_, 1990.

## AN ORDER DESIGNATING FORT BEND COUNTY REINVESTMENT ZONE NO. 1

WHEREAS, the County Commissioners Court has passed and approved Amended Guidelines and Criteria for Granting Tax Abatement in Reinvestment Zones Created in Fort Bend, Texas on November 13, 1989;

WHEREAS, pursuant to the Amended Guidelines, the County has received an application for designation of a reinvestment zone and tax abatement;

WHEREAS, notice was given to all taxing entities where the proposed zone is to be located;

WHEREAS, after proper notice had been given, the County has held a public hearing where all interested persons were given an opportunity to speak, and evidence for and against the designation of Fort Bend County Reinvestment Zone No. 1 ("Reinvestment Zone No. 1") was gathered;

WHEREAS, the County Commissioners Court has determined, based on evidence gathered, that the improvements sought to be located in proposed Reinvestment Zone No. 1 are feasible and practical and would be a benefit to the land to be included in Reinvestment Zone No. 1 and to the County after the expiration of the tax abatement agreement; and

WHEREAS, the designation of Reinvestment Zone No. 1 will be reasonably likely to contribute to the retention or expansion of primary employment, to attract major investment and to contribute to the economic development of both the property in Reinvestment Zone No. 1 and to Fort Bend County; NOW, THEREFORE,

BE IT ORDAINED BY THE COUNTY COMMISSIONERS COURT  
OF FORT BEND COUNTY

Section 1. That the findings and provisions set out in the preamble of this Order are hereby found to be true and correct, and are made a part of this Order for all purposes.

Section 2. That Fort Bend County Reinvestment Zone No. 1 is hereby designated pursuant to the Amended Guidelines for the purpose of encouraging economic development in Fort Bend County through tax abatement. A description of the Zone is attached hereto as Exhibit "A" and is made a part hereof for all purposes.

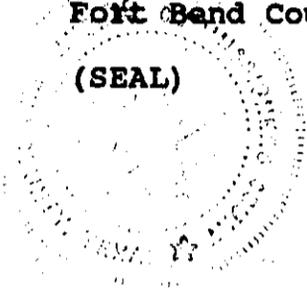

Section 3. This designation shall be effective for five (5) years from the date of final passage of this Order and may be renewed for five-year periods thereafter.

PASSED and APPROVED this, the 24th day of September, 1990.

Gentlemen:

This letter, when accepted by you, will evidence your approval of the performance by this firm of the services described herein in connection with the designation of a reinvestment zone in Fort Bend County and the preparation of a tax abatement agreement between Fort Bend County and Champion Technologies, Inc.

We will perform all necessary services as legal counsel in connection with the granting of tax abatement to Champion Technologies, Inc. by Fort Bend County (the "County"). Our firm will prepare the public notice of the public hearing to establish the reinvestment zone and the resolution designating such reinvestment zone. If the County designates a reinvestment zone, we will send notice to Fort Bend I.S.D. of the intent of the County to enter into a tax abatement agreement, and we will prepare the tax abatement agreements for the County. Our services also include all necessary meetings and telephone conversations with the parties and attendance at the public hearings. We will coordinate our efforts with the designated attorney in the Civil Division of the District Attorney's office.

For the services outlined above, our fees will be determined by the time consumed in providing the service, the level of experience and ability of the attorney performing the service, and the difficulty and complexity of the task involved. The County will be billed for such work on an hourly basis. These fees will be billed at the completion of our services pertaining to the tax abatement agreement with Champion Technologies, Inc. We expect that the estimated cost of all services pertaining to the designation of the reinvestment zone and preparation of the tax abatement agreements to be approximately \$10,000.

In addition, the County will reimburse us for actual out-of-pocket expenses such as printing and reproduction of documents, secretarial overtime, travel, telephone, telegraph, telex and

similar expenses and all other items paid for by us on behalf of the County. All of our expenses will be reasonable and subject to the approval of the Commissioner's Court.

This agreement may be terminated by either the County or by us at any time. We would expect to be paid all fees and expenses to the date of termination.

If the terms and conditions set forth above are satisfactory, please take formal action to employ this firm and indicate your acceptance of this agreement by your signature below.

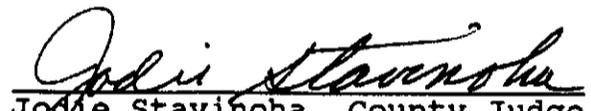

Respectfully submitted,

VINSON & ELKINS

  
Joe B. Allen

Summary of Issues Concerning  
Fort Bend County Office Space

1. We suspended our search for office space in Fort Bend and did not budget for it because we expected to be able to use the county offices that were used by Drainage and Engineering.
2. The other counties involved have provided us the following:
  - A. Wharton - Caney Valley Hospital
  - B. Matagorda - Larger office space, 3200 square feet occupied on 9-4-90.
  - C. Colorado - Remodeled current space and offered a separate building available 11-1-90 for Community Support Programs.
3. Office space at 200 S. Tenth in Richmond was considered temporary and now has the following problems:
  - A. 14 positions housed in 8 rooms.
  - B. Confidentiality violations for the case management clients who must be interviewed in a common hallway occupied by 3 staff members.
  - C. A cap on Psychosocial Rehabilitation programming being done in 14' x 20' room. 15 people on a waiting list, 30 people who would be referred if not for the cap and the waiting list.
4. The basement office in the Richmond Professional Building that is occupied by Youth Services is experiencing the following problems:
  - A. 5 staff and a psychiatrist once a week and 2 therapists one day a week each occupying 3 interior offices and a partitioned area. The whole space is only 1000 square feet.
  - B. Computer screen with confidential records is open to public view.
  - C. Voices can be heard through the temporary office walls so that therapy, histories, and calls cannot be conducted confidentially.
  - D. In seven months, we have received 2 formal complaints concerning confidentiality, one threatening a law suit.

## MEMORANDUM

DATE: 9-14-90  
TO: CHARLIE BOONE, DEPUTY DIRECTOR FOR PROGRAMS  
FROM: C. DON MCKINNEY, DIRECTOR YOUTH SERVICES  
RE: OFFICE FACILITIES, YOUTH SERVICES - FT. BEND COUNTY

Dear Charlie:

This memo is to advise you of my concerns regarding the Riceland facilities for Youth Services in Ft. Bend County. My concerns are of both a management and clinical nature. Bascom Hodges instructed me to come to Ft. Bend County and establish and maintain a professional image. The facilities here are not adequate to accomplish that task. Staff do not have adequate office space to perform their duties. Specifically: (1) We have three (3) offices and five (5) full time staff - Dr. Remy is here on Wednesday and one contract therapist on Monday and one contract therapist on Tuesday. Six (6) people cannot fit into three offices; (2) The offices are separated by portable dividers that do not inhibit sound so staff must talk softly when discussing confidential information with each other or with clients; (3) when a client comes for services they usually bring the entire family, the offices are not large enough to accommodate more than two (2) persons plus the Doctor or the therapist and the waiting room is not sufficient to control several active youngsters; (4) The furnishings are deplorable and an embarrassment when other professionals visit the facility; (5) The CRT screen is available from virtually any point in the office; (6) Telephone calls cannot be conducted unless the office doors are closed and three staff have no doors to close and; (7) In the past six (6) months two formal complaints (One a threatened law suit) have been registered. These complaints were in regard to breeches of confidentiality, i.e. these clients reported that confidential information revealed in Youth Services Offices was being circulated in the community. Investigation by Riceland indicated no wrong doing by Riceland Staff. The only other conclusion is the lack of privacy in the offices where the confidential information was discussed.

I have been aware of the non professional, bordering on unethical, conditions here at Ft. Bend Youth Services for the past six (6) months. However, I was under the impression that adequate office space was forthcoming, now I understand this is not the case? I would appreciate the opportunity to discuss these issues, in detail, with you and Bascom at your earliest convenience.

RE: OFFICE SPACE IN FORT BEND CENTER

Please accept this memo as official notification of my concern for the shortage of office space in the Ft. Bend County Service Center

Position number 97 is currently budgeted and an excellent applicant has been selected. However, this position cannot yet be filled as the current facility is too small to accommodate another office.

Your assistance in resolving this problem would be most appreciated.

Kindest regards.

MEMORANDUM

TO: Charlie Boone, Deputy Director of Programs  
FROM: Sherry Norris, CSP Director   
DATE: September 18, 1990  
RE: Office Space for Fort Bend Clinic

This is to advise you that I believe there is a serious breach of client confidentiality involved in the office space arrangement in Fort Bend for the Case Managers.

The three (3) Case Managers are housed together in what amounts to be a large hallway or open space at one end of the clinic. Access to other programs and offices requires a traffic flow of both staff and other clients through this area. Conversations are easily overheard by anyone in the area. Consequently, confidentiality cannot be assured at any time when a client is being interviewed or counseled by a Case Manager.

This is a professionally unacceptable arrangement and a priority concern that requires immediate attention and resolution.

Also, in Fort Bend, adequate space for the Rainbow Club of the PSR Program is a major concern for the quantity of services that can be delivered. Currently, we are only able to have ten (10) clients participate in the club due to lack of space. The actual service needs are more than double that with approximately fifteen (15) on a waiting list.

I would appreciate your assistance in addressing these office space needs with the appropriate level of administration.

Thank you for your help in this matter.

## Memorandum

TO: Charlie Boone, Deputy Director for Programs  
Sherry Norris, CSP Director

FROM: Susan Davenport, <sup>JD</sup> PSR Manager

DATE: September 20, 1990

RE: Office Space in Fort Bend County Service Center

This is to advise you that the Psychosocial Rehabilitation Program in the Fort Bend County Service Center lacks adequate and appropriate space for clubhouse skills training.

The PSR program services ten clients from the Fort Bend County Service Center. Currently, the social and independent living skills are taught in a room 14'x20'. These trainings are not conducted in a natural setting, i.e. there is no kitchen to teach cooking skills.

Since the maximum number of clients that can be serviced in PSR is ten, (10) only three formal written referrals have been received. However, after receiving feedback from the CTC/CM's in the service center, the verbal referrals total approximately forty-five (45). Due to the inadequate space, the program is unable to fulfill many doctor's orders and strategies listed on the comprehensive treatment plan.

At the present time, the club members are trying to provide a limited number of social activities to those clients needing the PSR program. This is accomplished through a social day that is sponsored by the members on a monthly basis. The clients that attend these socials are increasing in number each month.

I would appreciate your assistance in addressing the need for additional and appropriate space for this rehabilitation service.

Thank you for your time in this matter.

and all of said persons being present except \_\_\_\_\_

Whereupon, among other business, the following was transacted at said meeting:

**RESOLUTION ADOPTING GUIDELINES AND CRITERIA FOR GRANTING  
TAX ABATEMENT IN REINVESTMENT ZONES CREATED IN FORT BEND  
COUNTY DRAINAGE DISTRICT**

The resolution was duly introduced for the consideration of the Commissioners Court and reviewed in full. It was then duly moved and seconded that the resolution be adopted; and, after due discussion, the motion, carrying with it the adoption of the resolution, prevailed and carried by the following vote:

AYES: \_\_\_\_\_  
NOES: \_\_\_\_\_

The County Judge thereupon announced that the motion had duly and lawfully carried and that the resolution had been duly and lawfully adopted. The resolution thus adopted follows:

RESOLUTION ADOPTING GUIDELINES AND CRITERIA  
FOR GRANTING TAX ABATEMENT IN REINVESTMENT  
ZONES IN FORT BEND COUNTY DRAINAGE DISTRICT

WHEREAS, the enhancement of the local economy is in the best interests of the citizens of Fort Bend County Drainage District (the "District"); and

WHEREAS, the provision of certain economic development incentives may encourage prospective businesses and companies to relocate in the District or encourage existing local businesses and companies to expand; and

WHEREAS, the establishment of specific criteria, guidelines and procedures are necessary to effectively and fairly administer the provision of economic development incentives; and

WHEREAS, state law requires the adoption of criteria and guidelines governing the establishment of tax abatement agreements; Now, Therefore

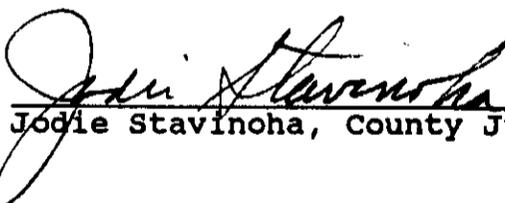

BE IT RESOLVED BY FORT BEND COUNTY COMMISSIONERS COURT:

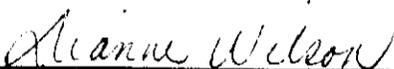

Section 1: In accordance with state law, the Commissioners Court hereby adopts and establishes guidelines and criteria for granting tax abatement in reinvestment zones in Fort Bend County Drainage District, attached hereto as Exhibit "A" and made a part hereof for all purposes.

Section 2: The Commissioners Court authorizes the Fort Bend County Drainage District to become eligible to participate in tax abatement.

PASSED AND APPROVED this 24th day of September, 1990.

ATTEST:

Commissioners Court of  
Fort Bend County, Texas

**GUIDELINES AND CRITERIA  
FOR GRANTING TAX ABATEMENT IN REINVESTMENT ZONES  
CREATED IN THE FORT BEND COUNTY DRAINAGE DISTRICT**

F

Whereas, the creation and retention of job opportunities that bring new wealth is the highest civic priority; and

Whereas, the Fort Bend County Drainage District (the "District") must compete with other localities across the nation currently offering tax inducements to attract new plant and modernization projects; and

Whereas, any tax incentives offered in the District would reduce needed tax revenue unless strictly limited in application to those new and existing industries that bring new wealth to the community; and

Whereas, any tax incentives should not adversely affect the competitive position of existing companies operating in the District; and

Whereas, the abatement of property taxes, when offered to attract primary jobs in industries which bring in money from outside a community instead of merely recirculating dollars within a community, has been shown to be an effective method of enhancing and diversifying an area's economy; and

Whereas, Texas law requires any eligible taxing jurisdiction to establish Guidelines and Criteria as to eligibility for tax abatement agreements prior to granting of any future tax abatement, said Guidelines and Criteria to be unchanged for a two year period unless amended by a three-quarters vote; and

Whereas, these Guidelines and Criteria shall not be construed as implying or suggesting that the District is under an obligation to provide tax abatement or other incentive to any applicant, and all applicants shall be considered on a case-by-case basis;

Now, therefore be it resolved that the District does hereby adopt these Guidelines and Criteria for granting tax abatement in reinvestment zones in the District.

**DEFINITIONS -- Section 1.**

- (a) "Abatement" means the full or partial exemption from ad valorem taxes of certain real property and/or Tangible Personal Property in a reinvestment zone designated by a city or Fort Bend County for economic development purposes.
- (b) "Agreement" means a contractual agreement between a property owner and/or lessee and the District.
- (c) "Base year value" means the assessed value of eligible property January 1 preceding the execution of the agreement plus the agreed upon value of eligible property improvements

and Tangible Personal Property made after January 1 but before the execution of the Agreement.

- (d) "Deferred maintenance" means improvements necessary for continued operation which do not improve productivity or alter the process technology.
- (e) "Eligible Facilities" means new, expanded or modernized buildings and structures, including fixed machinery and equipment, which is reasonably likely as a result of granting abatement to contribute to the retention or expansion of primary employment or to attract major investment in the reinvestment zone that would be a benefit to the property and that would contribute to the economic development within the District, but does not include Facilities which are intended primarily to provide goods or services to residents or existing businesses located in the District such as, but not limited to, restaurants and retail sales establishments. Eligible Facilities may include, but shall not be limited to, Hotels and Office Buildings.
- (f) "Expansion" means the addition of buildings, structures, machinery, equipment or payroll for purposes of increasing production capacity.
- (g) "Facility" means property improvements completed or in the process of construction which together comprise an integral whole.
- (h) "Hotel" means a commercial structure which provides overnight accommodations to travelers and which contains 150 rooms or more.
- (i) "Modernization" means a complete or partial demolition of Facilities and the complete or partial reconstruction or installation of a Facility of similar or expanded production capacity. Modernization may result from the construction, alteration, or installation of buildings, structures, machinery or equipment, or both.
- (j) "New Facility" means a property previously undeveloped which is placed into service by means other than or in conjunction with Expansion or Modernization.
- (k) "Office Building" means a new office building to be occupied at least 50% by one owner or one tenant.
- (l) "Productive Life" means the number of years a property improvement is expected to be in service in a facility.
- (m) "Tangible Personal Property" means tangible personal property classified as such under state law, but excluding inventory and/or supplies and tangible personal property that was

located in the reinvestment zone at any time before the period covered by the agreement with the District.

ABATEMENT AUTHORIZED -- Section 2

- (a) **Eligible Facilities.** Upon application, Eligible Facilities shall be considered for tax abatement as hereinafter provided.
- (b) **Creation of New Value.** Abatement may only be granted for the additional value of eligible property improvements made subsequent to and specified in an abatement agreement between the District and the property owner or lessee, subject to such limitations as the District may require.
- (c) **New and Existing Facilities.** Abatement may be granted for new Facilities and improvements to existing Facilities for purposes of Modernization or Expansion.
- (d) **Eligible Property.** Abatement may be extended to the value of buildings, structures, fixed machinery and equipment, site improvements, and related fixed improvements necessary to the operation and administration of the Facility.
- (e) **Ineligible Property.** The following types of property shall be fully taxable and ineligible for tax Abatement: land; supplies; housing; Deferred Maintenance; property to be rented or leased except as provided in Section 2(f); property which has a Productive Life of less than 10 years.
- (f) **Owned/Leased Facilities.** If a leased Facility is granted abatement, the agreement shall be executed with the lessor and the lessee.
- (g) **Economic Qualification.** In order to be eligible for and receive tax abatement the planned improvement:
  - (1) must be expected to have an increased appraised ad valorem tax value of at least \$1,000,000 based upon the Fort Bend Central Appraisal District's assessment of the Eligible Property;
  - (2) must be expected to prevent the loss of payroll or retain, increase or create payroll on a permanent basis in the District; and
  - (3) must not be expected to solely or primarily have the effect of transferring employment from one part of the District to another.
- (h) **Standards for Tax Abatement.** The following factors, among others, shall be considered in determining whether to grant tax Abatement and, if so, the percentage of value to be abated and duration of the tax Abatement:

- (1) value of land and existing improvements, if any;
- (2) type and value of proposed improvements;
- (3) Productive Life of proposed improvements;
- (4) number of existing jobs to be retained by proposed improvements;
- (5) number of type of new jobs to be created by proposed improvements;
- (6) amount of local payroll to be created;
- (7) whether the new jobs to be created will be filled by persons residing or projected to reside within affected taxing jurisdictions; and
- (8) amount of local sales taxes to be generated directly;
- (9) amount property tax base valuation will be increased during term of Abatement and after Abatement, which shall include a definitive commitment that such valuation shall not, in any case, be less than \$1,000,000;
- (10) the costs to be incurred by the District to provide facilities or services directly resulting from the new improvements;
- (11) the amount of ad valorem taxes to be paid the District during the Abatement period considering (a) the existing values, (b) the percentage of new value abated, (c) the Abatement period, and (d) the value after expiration of the Abatement period;
- (12) the population growth of the District that occurs directly as a result of new improvements;
- (13) the types and values of public improvements, if any, to be made by applicant seeking Abatement;
- (14) whether the proposed improvements compete with existing businesses to the detriment of the local economy;
- (15) the impact on the business opportunities of existing businesses;
- (16) the attraction of other new businesses to the area;
- (17) the overall compatibility with the comprehensive plan for the area;

- (18) whether the project is environmentally compatible with no negative impact on quality of life perceptions.

Each Eligible Facility shall be reviewed on its merits utilizing the factors provided above. After such review, Abatement may be denied entirely or may be granted to the extent deemed appropriate after full evaluation.

- (i) Denial of Abatement. An Abatement Agreement shall not be authorized if it is determined that:
- (1) there would be a substantial adverse effect on the provision of government service or tax base;
  - (2) the applicant has insufficient financial capacity;
  - (3) planned or potential use of the property would constitute a hazard to public safety, health or morals;
  - (4) violation of other codes or laws; or
  - (5) any other reason deemed appropriate by the District.
- (j) Taxability. From the execution of the Abatement to the end of the Agreement period, taxes shall be payable as follows:
- (1) the value of ineligible property as provided in Section 2(e) shall be fully taxable; and
  - (2) the base year value of existing eligible property as determined each year shall be fully taxable;

The additional value of new eligible property shall be fully taxable at the end of the Abatement period.

#### APPLICATION -- Section 3.

- (a) Any present or potential owner of taxable property in the District may request tax abatement by filing a written request with the District.
- (b) The application shall consist of a completed application form which shall provide detailed information on the items described in Section 2(h) hereof; a map and property description; a time schedule for undertaking and completing the planned improvements. In the case of Modernization a statement of the assessed value of the facility, separately stated for real and personal property, shall be given for the tax year immediately preceding the application. The application form may require such financial and other information as may be deemed appropriate for evaluating the financial capacity and other factors of the applicant.

- (c) No other notice or hearing shall be required except compliance with the Open Meetings Act, unless the County Commissioners Court deems them necessary in a particular case.
- (d) Information that is provided<sup>F</sup> to the District in connection with an application or request for tax abatement and that describes the specific processes or business activities to be conducted or the equipment or other property to be located on the property for which tax abatement is sought is confidential and not subject to public disclosure until the tax abatement agreement is executed. That information in the custody of a taxing unit after the agreement is executed is not confidential.

AGREEMENT -- Section 4.

- (a) After approval of a tax abatement application, the District shall formally pass a resolution and execute an Agreement with the owner of the Facility and lessee as required which shall include:
  - (1) estimated value to be abated and the base year value;
  - (2) percent of value to be abated each year as provided in Section 2(g);
  - (3) the commencement date and the termination date of Abatement;
  - (4) the proposed use of the Facility; nature of construction, time schedule, map, property description and improvement list as provided in Application, Section 3(b);
  - (5) contractual obligations in the event of default, violation of terms or conditions, delinquent taxes, recapture, administration and assignment as provided in Sections 2(a), 2(f), 2(g), 6, 7 and 8;
  - (6) size of investment and average number of jobs involved; and

Such agreement shall normally be executed within sixty (60) days after the applicant has forwarded all necessary information and documentation to the District.

RECAPTURE -- Section 5.

- (a) In the event that the company or individual (1) allows its ad valorem taxes owed the District to become delinquent and fails to timely and properly follow the legal procedures for their protest and/or contest; or (2) violates any of the terms and conditions of the Abatement Agreement and fails to cure during the Cure Period, the agreement then may be terminated and all

taxes previously abated by virtue of the agreement will be recaptured and paid within thirty (30) days of the termination.

- (b) Should the District determine that the company or individual is in default according to the terms and conditions of its Agreement, the District shall notify the company or individual of such default in writing at the address stated in the Agreement, and if such is not cured within thirty (30) days from the date of such notice ("Cure Period"), then the Agreement may be terminated.

ADMINISTRATION -- Section 6.

- (a) The Chief Appraiser of the Fort Bend Central Appraisal District will annually determine an assessment of the real and personal property comprising the reinvestment zone. Each year, the company or individual receiving abatement shall furnish the Appraiser with such information as may be necessary for the Abatement. Once value has been established, the Chief Appraiser will notify the District of the amount of the assessment.
- (b) The Abatement Agreement shall stipulate that employees and/or designated representatives of the District will have access to the reinvestment zone during the term of the Abatement to inspect the Facility to determine if the terms and conditions of the Agreement are being met. All inspections will be made only after the giving of twenty-four (24) hours prior notice and will only be conducted in such manner as to not unreasonably interfere with the construction and/or operation of the Facility. All inspections will be made with one or more representatives of the company or individual and in accordance with its safety standards.
- (c) Upon completion of construction the designated representative of the District shall annually evaluate each Facility receiving Abatement to insure compliance with the agreement, and a formal report shall be made to the County Commissioners Court.
- (d) The District shall timely file with the Texas Department of Commerce and the State Property Tax Board all information required by the Tax Code.

ASSIGNMENT -- Section 7.

Abatement may be transferred and assigned by the holder to a new owner or lessee of the same Facility upon the approval by resolution of the County Commissioners Court subject to the financial capacity of the assignee and provided that all conditions and obligations in the Abatement Agreement are guaranteed by the execution of a new contractual Agreement with the District. No

assignment or transfer shall be approved if the parties to the existing Agreement, the new owner or new lessee are liable to any jurisdiction for outstanding taxes or other obligations. Approval shall not be unreasonably withheld.

SUNSET PROVISION -- Section 8.

These Guidelines and Criteria are effective upon the date of their adoption and will remain in force for two years, unless amended by three-quarters vote of the County Commissioners Court at which time all tax Abatement Agreements created pursuant to these provisions will be reviewed to determine whether the goals have been achieved. Based on that review, the Guidelines and Criteria may be modified, renewed or eliminated.

DISCRETION OF DISTRICT -- Section 9.

The adoption of these Guidelines and Criteria by the District does not:

- (1) limit the discretion of the District to decide whether to enter into a specific tax abatement agreement;
- (2) limit the discretion of the District to delegate to its employees the authority to determine whether or not the District should consider a particular application or request for tax abatement; or
- (3) create any property, contract, or other legal right in any person to have the District consider or grant a specific application or request for tax abatement.

TERMS AND CONDITIONS:

Service Availability

The basic monthly maintenance charge entitles the Customer to Preventive Maintenance on equipment requiring such maintenance and Remedial Maintenance at location specified on front, Monday through Friday, 8:00 a.m. - 5:00 p.m., excluding holidays.

Preventive Maintenance at a Hi-Tech Service Center

When EQUIPMENT is delivered to a Hi-Tech Service Center, by appointment, Service will take the action necessary to insure performance to catalog specifications. This includes cleaning as necessary, checking, calibrating, verifying operation, etc. Preventive Maintenance tasks may be performed at the time of Remedial Maintenance.

Parts

Replacement of parts necessary to restore EQUIPMENT to catalog specifications is included in the maintenance charge unless otherwise specified. In providing maintenance, Hi-Tech Service Center personnel, at their discretion, may add approved modifications to the EQUIPMENT in order to improve performance and/or reliability.

If the Customer requests modifications to be made to EQUIPMENT or additions of non-approved devices or accessories to the EQUIPMENT a separate agreement for such modifications/additions detailing Hi-Tech's Service Center responsibilities may be negotiated and signed by both parties.

Limitations

Hi-Tech's Service Center will not be obligated to furnish maintenance under this agreement and may charge for services rendered if the EQUIPMENT has been damaged, abused or misused, through no fault of Hi-Tech's Service Center; or if unauthorized attempts to modify, repair or service the equipment have impaired the performance of the EQUIPMENT or made servicing more difficult, or if trouble is/was caused by equipment not under contract.

Hi-Tech's Service Center will not refinish, nor furnish materials to refinish, the EQUIPMENT under this agreement. If specifically requested by the Customer, Hi-Tech's Service Center will refinish the EQUIPMENT or furnish the material at Hi-Tech's current, standard rates.

Repair of accessories is not included in this agreement unless specified on the EQUIPMENT List.

Employee Assignment

Hi-Tech's Service Center reserves the right to determine the assignment of its employees in the performance of this Maintenance Agreement.

Additional Equipment

Additional equipment may be added to this agreement at the current Hi-Tech standard rates. If the product is over six (6) months old it is subject to inspection by Hi-Tech's Service Center prior to coverage, at the customer's expense.

Modifications and Terminations

Either party may terminate this agreement prior to the scheduled date by notifying the other party in writing thirty (30) days in advance. Any modifications and/or additions to this agreement must be in writing and signed by both parties.

Response Times

A reasonable effort will be made to provide telephone response within four (4) hours. If loaner equipment is to be provided by Hi-Tech, a reasonable effort will be made to deliver or ship within twenty-four (24) hours.

Transportation

Transportation charges are included in the basic maintenance unless otherwise agreed upon by Customer and Hi-Tech Service personnel.

Taxes

All sales, use or similar taxes imposed on the services performed, or materials supplied, will be added to the charges specified in this agreement and will be paid by the Customer.

Payment

Payment for maintenance charges or for services provided outside the contracted coverage, and the applicable taxes, will be made within thirty (30) days from the date of the invoice. Terms are Net 30 Days.

Governing Law

This agreement shall be interpreted in accordance with the laws of the State of Texas.

Regulation at Customer Facility

In the performance of maintenance work under this agreement at the Customer's facility, Hi-Tech's Service Center personnel will comply with all reasonable laws, regulations and procedures in effect at such location.

Consequential Damages

Hi-Tech's Service Center will not be liable for interruption of Customer's business or for loss of profit by the Customer or for consequential damages or for claims by third parties against the Customer.

Assignment of Agreement

Customer will not assign this Maintenance Agreement nor any of its rights thereunder without prior written approval of Hi-Tech's Service Center.

RE: Monthly reports of Non-Fee Officers

Gentlemen:

We have examined the monthly reports of certain Non-Fee Officers identified below for the month of August, 1990. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

We recommend that these reports be approved subject to completion of our examination of reports of such officers for the year ending December 31, 1990.

If the Court concurs, the following order might be adopted:

Moved by Commissioner\_\_\_\_, seconded by Commissioner\_\_\_\_, duly put and carried, it is ordered that the monthly reports of fees collected by Non-Fee Officers identified below, for the month August, 1990 be approved as recommended by the County Auditor in his letter of October 1, 1990.

RE: Monthly reports of Fee Officers

Gentlemen:

We have examined the monthly reports of certain Fee Officers identified below for the month of August, 1990. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

The breakdown of the fees paid by the Tax Collector in August is attached to this letter.

The following is the criminal and civil case report for the JPs for the month of August, 1990:

| JP    | # OF CASES: | New | Pending | Dismissed | Paid | Open | Civil Cases |
|-------|-------------|-----|---------|-----------|------|------|-------------|
| JP 1  | Geick       | 610 | 4650    | 299       | 443  | 4518 | 51          |
| JP2-1 | Molina      | 339 | 1700    | 100       | 210  | 1729 | 42          |
| JP2-2 | Fredrickson | 542 | 899     | 177       | 388  | 876  | 5           |
| JP3   | Stahl       | 531 | 1916    | 15        | 179  | 2253 | 64          |
| JP4   | Adolphus    | 621 | 4258    | 201       | 362  | 4316 | 36          |

There was nothing that would lead us to believe that these reports are not, in all material respects, a fair representation of cash transactions of the records presented to us.

Gentlemen:

We have received a \$23,700 grant from the U.S. Department of Education for use in the County's literacy services. This money will fund a part-time position (30 hours per week) and will allow us to purchase some teaching materials. We will work together with Literacy Volunteers of Fort Bend County in order to coordinate our service with other county-wide efforts.

We intend to recruit and train at least 50 tutors who will work one-on-one with 50 students for one year, teaching them to read. We will do this primarily in the West side of the County (the East side has been well-served for several years now). This program will operate out of the George Memorial Library.

This grant is for 1 year, from October 1, 1990 to September 30, 1991. We will apply for a continuation for the following year if this program is effective.

I neglected to come before you in November 1989 when we first applied for this grant. I am sorry for that but hope that you will agree to accept this important DOE grant nonetheless. It is a feather in the County's cap to receive it and we certainly can use it for the all-important effort to deal with illiteracy.

I will appear before you on Monday, October 1, 1990 to ask for your approval.

Sincerely,

The goal of the literacy project of the Fort Bend County Library System (FBCLS) is to promote the use of volunteer tutors and to reduce the adult illiteracy in Fort Bend County.

This goal will be accomplished by a project assistant who will work from the George Memorial Library, the main library of the FBCLS. The project assistant will recruit 50 tutors and 50 adult students through such efforts as speaking engagements, radio announcements, fliers and newspaper ads. Recruitment will be followed by training of tutors through two 12-hour training sessions to be held during the project period. Tutors will then be matched with students who have similar schedules for one-to-one tutoring.

Based on the total population of Richmond/Rosenberg from the 1980 census and Jonathan's Kozol's formula that one out of every five Americans is illiterate, approximately 6,091 persons in those two cities need help with functional literary skills.

Barbara S. Crosby, the Special Services Consultant at the Texas State Library, has determined that the proposed budget is in compliance with the LSCA State-Administered Program literacy provisions.

#### NARRATIVE

Fort Bend County, an area of some 900 square miles is approximately thirty miles southwest of metropolitan Houston and requires an hour's drive during peak traffic to reach the city.

Gentlemen:

The new library automation system that was authorized by the November 1989 Bond Election and approved by you for RFP's and bidding will require a special computer room to be built in the basement of the George Memorial Library.

The funding for this computer room will come from bond funds assigned to make improvements at the George Memorial Library. We estimate the cost to be \$50,000 to \$60,000. The room will be approximately 540 sq. ft., have a raised floor, special insulation and wiring, and its own HVAC system.

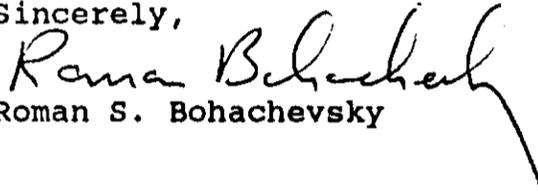

The items housed here will be the control module for our new telephone system, the mini-computer running the library automation system, and several workstations. It is possible that we can also resolve the problem of off-site storage of computer backup records of Data Processing and Auditor's Office by including fire-proof cabinets for this purpose. I know this is a concern for you and we may have the solution.

We would like to hire the firm of Ann Knauth & Associates to do the planning, specifying and designing work for this project. The fee will not exceed \$6,500 plus reimbursables as described in the attached contract.

I would like to appear before you on Monday, October 1, 1990 to ask for your approval. Please call me if you have further questions.

Thanks for your consideration.

ANN KNAUTH & ASSOCIATES

---

September 6, 1990

The Honorable Jodie Stavinoha  
County Judge of Fort Bend  
500 Jackson  
Richmond, Texas 77469

Dear Judge Stavinoha:

Pursuant to our discussions, Ann Knauth & Associates propose to provide design services to Fort Bend County. Services will be for designing a Basement Level Computer Room and Basement Level Entry Corridor (North side of Bldg.) at George Memorial Library, an existing three-story bldg., 1001 Golfview Drive, Richmond, Texas 77469, (hereinafter referred to as the "Project").

ANN KNAUTH & ASSOCIATES WILL BE HEREINAFTER REFERRED TO AS AKA.  
FORT BEND COUNTY WILL BE HEREINAFTER REFERRED TO AS CLIENT.

AKA and CLIENT agree that the areas of the Project under consideration for design are:

1. New Basement Level Computer Room:  
(See attached "Building Program Outline")  
540 Square Ft.
  - a. Suspended floor with capability of supporting a point load of 1,000 lbs. at any location. The floor will be constructed of removable, sectioned tile of between 9" to 18" per tile and composed of a material that is nonstatic and nonwaxed.
  - b. Work Stations: (2) Two initially; allow more space for growth.
  - c. New partition wall with windows and security entry door. Special consideration will be given to acoustical requirements of the room.
  - d. Co-ordination with M.E.P. Engineer and Computer Specialist on design of the room in relation to the special Mechanical and Electrical requirements of the computer equipment and any other equipment to be located in the room.

2. New Basement Level Entry Corridor, North side of Bldg.
  - a. New partition wall with new door.
  - b. Location of any electrical to be relocated.

Co-ordination of all design professionals and engineers on the project will be by Ann Knauth & Associates.

AKA proposes to provide the following services:

#### BASIC SERVICES

---

##### SCHEMATIC DESIGN

Working with representatives of CLIENT, a project time schedule will be established, as well as CLIENT'S preferences for design. The CLIENT will at that time provide to AKA all available existing plans, specifications, analyses, or other pertinent information which will assist AKA in the development of the PROJECT.

AKA will communicate SCHEMATIC DESIGN to CLIENT by drawings: plans, elevations, etc. deemed necessary to adequately communicate design concepts to CLIENT. AKA will carefully review with CLIENT concept drawings for input and approval.

##### DESIGN DEVELOPMENT / CONSTRUCTION DOCUMENTATION

Project Schematic Designs will be developed and completed as required to develop spatially and visually the final design. Appropriate construction documents will be prepared and finalized to include plans (architectural, electrical, as necessary); elevations as necessary; building sections as necessary; interior finish specifications; building specifications, building details and notes as necessary.

##### BID NEGOTIATION

Working with the CLIENT, AKA will obtain, review and evaluate the bids of the General Contractors. We will then evaluate the bid of the qualified General Contractor selected for the work.

##### CONSTRUCTION ADMINISTRATION

AKA will work with the General Contractor of choice to implement the PROJECT, including shop drawing review, reasonable observation of construction, and the preparation of a final punch list for the Project.

##### COMPENSATION

Compensation for the services mentioned above will be \$6,500.00 plus Reimbursable Expenses.

An initial deposit of \$1,000 shall be made to AKA upon the execution of an agreement and credited to the CLIENTS' account at the end of the Bid Negotiation Phase.

Subsequent payments for BASIC SERVICES shall be made monthly in proportion to services provided so that the compensation at the completion of each Phase shall equal the following Percentages of the total Basic Compensation:

|  |      |
|--|------|
| Pre-Design &<br>Schematic Design Phases              | 20 % |
| Design Development &<br>Construction Document Phases | 75 % |
| Bid Negotiation Phase                                | 85 % |
| Construction Administration                          | 100% |

#### REIMBURSIBLE EXPENSES

Reimbursible Expenses shall be defined as our actual expenditures made in the interest of the PROJECT plus a handling charge of twenty-five percent (25%). These include expense of blueprinting and/or photo copy reproduction and reproduction of specifications; cost of photography and photography prints; expense of courier service, shipping and delivery charges. Any engineering consultation, when approved by you in advance, will be invoiced with no handling charge as a reimbursable expense. Automobile expense will be invoiced at \$.25/mile with no handling charge.

#### ADDITIONAL SERVICES

Services other than those described above shall be provided by AKA when requested by the CLIENT and agreed to by both parties in writing and shall be compensated for as ADDITIONAL SERVICES on an hourly basis as listed below, plus Reimbursable Expenses:

|           |                                 |
|-----------|---------------------------------|
| Principal | \$65.00 per hour                |
| Associate | Multiple of 3 times Actual Wage |
| Staff     | Multiple of 3 times Actual Wage |

Payment of compensation for Basic Services, Additional Services and Reimbursable Expenses shall be made monthly to AKA by CLIENT upon receipt of invoices for services provided and expenses incurred. Payments are due AKA on the date of billing and shall bear interest at prime rate on the date billing is due, plus two percent (2%), commencing thirty (30) days after the date of billing. If payment is received within thirty (30) days after the date of billing, interest will not be charged.

This Agreement may be terminated by either party upon Five days written notice. In the event of termination, AKA shall be paid by the Client for services provided to termination date, including Reimbursable expenses then due.

Drawings and Specifications, as instruments of Service, are and shall remain our property whether the Project for which they are made is executed or not. They are not to be used on other Projects or extensions to this Project except by written agreement.

This Agreement represents the entire agreement between AKA and the CLIENT and may only be amended by written instrument signed by both parties. This Agreement is governed by the laws of the State of Texas.

The CLIENT'S signature of approval of this letter, when returned to this office, will serve as notice to proceed with the services enumerated under this Agreement. This Agreement is valid, unsigned, for sixty (60) days from this date.

Sincerely,

APPROVED AND ACCEPTED

Re: Account #907-2610-04-007-0180  
Lot:18, Blk:7, Sec:4, Colony Bend

Dear Ms. Schultz:

San Jacinto Savings Association would like to request a refund for 1989 taxes paid on the above referenced property. Due to a change in tax personnel, not realizing San Jacinto Savings was no longer the servicer, 1989 taxes were inadvertently paid on the above referenced property. I have enclosed the original tax receipt and copy of the canceled check. Reimbursement should be made to the following:

San Jacinto Savings Association  
6800 West Loop South  
Bellaire, Tx. 77401  
Attn: Rene Mandell

Below is a brief history of the property ownership and San Jacinto's relationship to the property:

On May 31, 1983 San Jacinto Savings (Beneficiary) entered into a Deed of Trust on above referenced property, with Jarrell Speer and wife Dianah Speer, Grantors (Borrower), secured by a Promissory Note dated May 31, 1983. This Promissory Note was assigned to Norwest Mortgage (GMAC) on same date, at which time San Jacinto became the servicer of said Note for GMAC. October 3, 1989 said property was sold at public auction to First Wisconsin Trust Company by GMAC Mortgage Corporation. At this time San Jacinto Savings was relieved of its servicing responsibilities. The property was sold February 28, 1990 to David Wayne Wofford and Sandra Jo Wofford.

I have attached a copy of the Trustee's Deed (from foreclosure) and the Settlement Statement (dated February 28, 1990) as reference. Should you have any questions concerning this matter please let me know. I can be reached at 669-4871.

Sincerely,

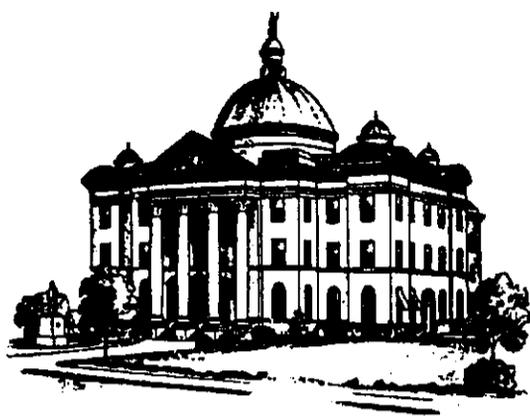

Rene Mandell

Attn: Jim McCormick

Dear Mr. McCormick:

Please find enclosed bills from Bruce Pharmacy, Thompson Clinic, Polly Ryan Memorial Hospital, Baylor Radiologists, Dr. Robert Hillery, & Dr. Meenkashi Jadhav on Mr. Derrick Perry totalling \$31,922.21. Mr. Perry was an inmate at the Fort Bend County Jail when he became ill and surgery had to be performed on him. It has been determined that he is an indigent resident of Harris County and that the Harris County Hospital District is responsible for his bills. The Fort Bend County Sheriffs Department has sent a certified letter to Mr. Derrick to no avail. Please take these bills into consideration as soon as possible.

If you have any questions, please feel free to contact our office as soon as possible.

Thank you,

AGREEMENT BETWEEN THE COUNTY OF FORT BEND  
AND WALLIS-ORCHARD ISD

This agreement is entered into between the County of Fort Bend, hereinafter referred to as "County", and the Wallis-Orchard Independent School District, hereinafter referred to "W-OISD".

WHEREAS, W-OISD desires to use the facilities of the Fort Bend County Library for the use of students who live outside Fort Bend County, and are enrolled in W-OISD; and,

WHEREAS, the governing body of W-OISD has duly authorized this agreement; and,

WHEREAS, the County desires to assist W-OISD by allowing students who live outside the County enrolled at W-OISD the use of the facilities of the Fort Bend County Library; and,

WHEREAS, the governing body of the County has duly authorized this agreement;

NOW THEREFORE, County and W-OISD mutually agree as follows:

1. W-OISD will pay County five dollars (\$5.00) each for students that live outside the county and are enrolled at W-OISD and apply for library cards from the Fort Bend County Library, and seven dollars and fifty cents (\$7.50) each for staff members who live outside the county and are employed by W-OISD and apply for library cards.

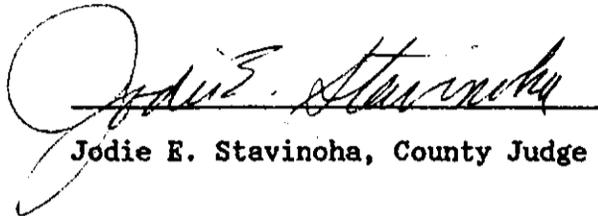

AS PER ORIGINAL

2. It is expressly understood and agreed by the County and by W-OISD that W-OISD will recover overdue library loans for the Fort Bend County Library with all the remedies that is has available when students have books overdue from the Fort Bend County Library. It is further agreed by W-OISD that after a period of six weeks has passed since said loans are first overdue, W-OISD will reimburse the County for the cost of replacement of said overdue loans.
3. It is expressly understood and agreed by W-OISD that W-OISD will provide the Fort Bend County Library with the names of all the students who are eligible to apply for a library card under the terms of this agreement.
4. It is expressly agreed and understood by both parties that W-OISD will not discriminate against any application for enrollment because of race, color, creed, or national origin.
5. W-OISD hereby idemnifies and holds the County and the Fort Bend County Library, Commissioners' Court, Directors, Officers, and all County employees harmless, insofar as any use of the Fort Bend County Library under this agreement.
6. It is expressly agreed and understood that this agreement may be terminated by either party without cause by giving thirty (30) days written notice to the other party.
7. The term of this agreement is for one year commending on the 1st day of September, 1990, and ending on the 31st day of August, 1991.

8. This agreement is automatically renewed on the 1st day of September each year thereafter unless either the County or W-OISD gives thirty (30) days written notice prior to the automatic renewal date of the intention not to renew this agreement.

Signed this 1 day of October, 1990.

Subject: 1991 Plan Year Benefit and Funding

Dear Kathy,

I appreciate the time that each of you took to discuss and review the Group Life, Medical and Dental Plan of Fort Bend County. As we approach the 1991 Plan Year and the 1991 Budget, it was important to review the realities of how the medical and dental claims are running and what our expectations are for 1991 to help guide us in the decisions that need to be made as to how the plan is going to be funded, and what are the benefits going to be.

I realized that we were faced with some critical questions and decisions, however, I believe that the unanimous decisions were the right ones to make. I would like to review what those decisions were.

- 17
- 1) Increase the non-PPO deductible to \$250 from the current \$200.
  - 2) Increase the coinsurance breakpoint for the non-PPO benefits to 70% of the first \$4,000; 100% thereafter from the current 70% of the first \$3,000; 100% thereafter.
  - 3) Require those that wish to cover their dependent(s) for medical coverage to contribute \$25 per pay period ( $\$25 \times 26 = \$650$ ).

The results of these benefit changes will result in a projected reduction in claims of \$150,768.00. This amount is based on an average of 900 employees covered, with a monthly savings rate of \$13.96 per employee.

The requirement of contributions from the employees carrying dependents will provide \$454,350.00 in revenue to the plan. This is based on the current 699 employees covering dependents continuing. If the actual number is less than 699, remember that through the plan will not receive the revenue, the plan will lose the corresponding liability.

September 4, 1990  
Page 2

In review, the following is the projected 1991 Plan Year Cost and the expected revenue. These figures are based on 905 employees and 699 dependents for medical, and 561 dependents for dental.

**Projected 1991 Plan Year Cost**

|   |          |
|---|----------|
| Fixed Cost (Adm Fee, Specific Stop Loss, UR/PPO, etc.): ..... | \$34.23  |
| Medical/Dental Claims: .....                                  | \$368.71 |
| Total Projected Plan Cost: .....                              | \$402.94 |

**Revenue Sources**

|  |          |
|--|----------|
| Interest Earnings: .....               | \$10.00  |
| Dependent Dental Contributions: .....  | \$11.54  |
| Plan Design Changes: .....             | \$13.96  |
| Dependent Medical Contributions: ..... | \$41.84  |
| Fort Bend County Contributions: .....  | \$325.00 |

I believe that these changes are in the best interest of Fort Bend County and the employees and dependents. We must continue to explore old ways and new and innovative ways to deal with the ever escalating cost to provide a quality Group Medical and Dental Plan. Your support and cooperation is appreciated as always. If you have any questions, please feel free to call me. Thank you.

Sincerely,

Burke O. Sunday

RE: REQUEST FOR PUBLIC HEARING

Enclosed please find another print of the partial replat of LEXINGTON CORRIDOR COMMERCIAL CLUSTER, which you should have seen previously. You may notice that it has been slightly modified, and now reflects ten commercial reserves rather than nine.

Pursuant to the requirements of the State Legislation, a public hearing in Commissioner's Court will be required in order to replat this Reserve. Would you please request that public hearing be set at the earliest possible convenience. I would anticipate that the date of the hearing would be the 22nd of October if your request is made on October 1, 1990.

If our documents are in order and we are able to keep the rest of our schedule, I may request consideration of this plat on the same agenda. Naturally that request would be made at a later date by other correspondence.

Should you have any questions or comments, do not hesitate to contact my office.

Sincerely,

Randy S. McClendon

THE STATE OF TEXAS  
COUNTY OF FORT BEND

DALTON SKINNER, INC. dba

KNOW ALL MEN BY THESE PRESENTS, that we ALLGREEN ASSOCIATES  
as principal and SAFECO INSURANCE COMPANY OF AMERICA  
as surety, are held and firmly bond unto FORT BEND COUNTY a body corporate and politic under the laws of the State of Texas, in the penal sum of TWO THOUSAND AND NO/100 DOLLARS (\$2,000.00\*\*\*\*\* ) law full currency of the United States of America, for the payment of which, well and truly to be made, we do hereby bind ourselves, our heirs executors, administrators and successors, jointly and severally and firmly by these presents:

THE CONDITION OF THIS BOND IS SUCH THAT, WHEREAS, the above bounden principal contemplates laying, constructing, maintaining and/or repairing one or more cables, conduits and/or pole lines in, under, across and/or along roads, streets and highways in the County of Fort Bend, and the State of Texas, under the jurisdiction of the Commissioners Court of Fort Bend County, Texas, pursuant to the Commissioners Court order adopted on the 1st day of December, A.D., 1980, recorded in Volume 13, of the Commissioners Court Minutes of Fort Bend County, Texas, regulating same, which Commissioners Court order is hereby referred to and made a part hereof for all purposes as though fully set out herein;

AND WHEREAS, the principal desires to provide Fort Bend County with a performance bond covering all such cable, conduit and/or pole line activity.

NOW THEREFORE, if the above bounden principal shall faithfully perform all its cable, conduit and/or pole line activity (including, but not limited to, the laying construction, maintenance and/or repair of cables, conduits and/or pole lines) in, under, across and/or along roads, streets and highways in the County of Fort Bend and State of Texas, under the jurisdiction of the Commissioners Court of Fort Bend County, Texas, pursuant to and in accordance with the minimum requirements and conditions of the above mentioned Commissioners Court order set forth and specified to be by said principal done and performed, at the time and in the manner therein specified, and shall pay over and make good and reimburse Fort Bend County, all loss and damages which Fort Bend County may sustain by reason of any failure or on the part of said principal, then this obligation shall be null and void, otherwise to remain in full force and effect.

This bond is payable at the County Courthouse in the County of Fort Bend and State of Texas.

It is understood that at any time Fort Bend deems Deems itself insecure under this bond, it may require further and/or additional bonds of the principal.

Re: Invoice No. 1 for Engineering Services

Attn: Honorable Judge Stavinoha

Dear Judge Stavinoha:

Attached please find Invoice No. 1 for the amount of \$366,675 for services rendered on this project from project inception to July 31, 1990. You will recall a contract was signed on November 20, 1989 between the District and Lichliter/Jameson.

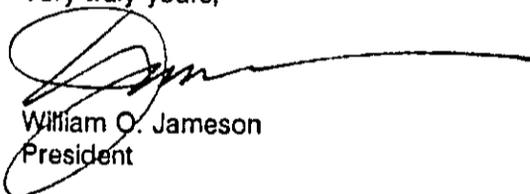

The invoice covers work included under that contract for all services to the District during the past five years in bringing the project to fruition.

The invoice is broken down in the amount of \$336,150 covering basic services and the amount of \$30,525 covering additional services covered under section 2.1.4 of our contract. These additional services involved effort for the district creation, the securing of the agricultural exception waivers, and engineering work related to the election and bond sale.

All payments included in this invoice have been included in the bond issue scheduled to close and fund on September 27, 1990.

Your early consideration and approval of this invoice will be appreciated.

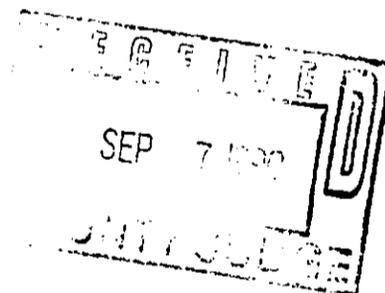

Very truly yours,

  
William O. Jameson  
President

Honorable Jodie E. Stavinoha,  
County Judge, and Members of  
Commissioners Court of  
Fort Bend County, Texas  
Fort Bend County Courthouse  
Richmond, Texas 77469

Dear Sirs:

In planning and performing our audit of the general purpose financial statements of Fort Bend County, Texas ("County") as of December 31, 1989, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing an opinion on the general purpose financial statements and not to provide assurance on the internal control structure. Such consideration would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

We did note other certain related to the County's internal control structure and other administrative and operating matters. These recommendations resulted from our observations made in connection with our audit of the County's general purpose financial statements as of December 31, 1989 and are listed in the foregoing table of contents.

A separate report to management concerning the Fort Bend Flood Control Water Supply Corporation was issued on April 12, 1990.

This report is intended solely for the use of the County. This restriction is not intended to limit the distribution of this report which, upon acceptance by the County's Commissioners Court, is a matter of public record.

We will be pleased to assist you in implementing any of the suggestions.

Yours truly,

*Deloitte & Touche*

1. SELF-INSURANCE INTERNAL SERVICES FUND

Observation: The County receives monthly reports detailing premiums paid, claims and other pertinent information. However, such information is not analyzed and monitored in order to strengthen the County's control over such programs. In addition, the accumulated deficit has grown from about \$548,000 in 1988 to \$746,000 in 1989.

Recommendations: Establish a risk management function to continuously manage all insurance activities of the County, with an emphasis placed on the self-insurance program for health care costs. Some of the functions and duties of this department would be to:

- . Develop and implement a strategic plan which describes in qualitative, operational and financial terms the County's goals and objectives as they relate to health care benefit programs.
- . Implement safety programs to increase awareness of health issues, etc. Many companies and some governments are developing such programs under the theme of establishing a healthy workplace.
- . Develop and regularly prepare analyses concerning the frequency and severity of claims which can be used to improve the accuracy of the budgeting process, monitor trends impacting the program, and project future costs.
- . Monitor the program status on a continuing basis in relation to budget appropriations and policies set by the Commissioners Court.
- . Make recommendations to the County regarding policy decisions, future health care needs and budget appropriations.

Consider additional funding for the self insurance fund so that the deficit can be reduced and eliminated.

2. ADMINISTRATION OF FEDERAL AND STATE GRANTS

Observation: The County's use of federal and state grants has grown in number. The administration of these programs is decentralized which makes it difficult to maintain adequate internal accounting control, monitor compliance with laws and regulations of each grant and separately track and report the related revenues and expenditures.

Background: Although the magnitude of federal and state program grant expenditures has decreased over the past few years due to the loss of revenue sharing, the number of grants received has increased.

Recommendation: Centralize the administration of these programs within an established department. The administrator's responsibilities would include:

- . Monitoring compliance with laws and regulations of all grants;
- . Establishing internal controls over revenues and expenditures;
- . Developing and maintaining a system for separately tracking grant awards, revenues, expenditures and fund balances in the County's general ledger; and
- . Preparing an annual schedule of financial assistance on the modified accrual basis of accounting.

### 3. DATA PROCESSING

#### A. Information Security

Observation: Information security controls help to ensure the integrity of the County's application software and data. Without such controls the risk that the computer systems will produce inaccurate or incomplete information increases, as does the risk of unauthorized disclosure of confidential or proprietary data.

Recommendation: Develop a comprehensive, County-wide security strategy. Such a strategy should include a formal Information Security Policy statement and address procedures and responsibilities on a County-wide basis. The following issues should be addressed in the security strategy:

- . Data processing personnel responsible for application programming support should be restricted from updating production libraries and accessing production data files.
- . User passwords should be changed frequently to ensure that they are not compromised. Currently, these are changed once each year.

- User management should review access to systems for which they are responsible at least quarterly. This review is a good procedure to detect persons who may have changed jobs or terminated employment and may need their access modified or revoked. Currently, this is done once a year.

B. Comprehensive Business Recovery Planning

Observation: The County has not developed a business recovery strategy or plan which addresses how key functions would be resumed in the event of the loss of current facilities or data processing equipment.

Background: Business recovery planning is essential to minimize the impact of the loss of facilities or computer equipment. It encompasses all aspects and functions of the County's business.

Planning should include an analysis of critical functions, physical space needs, administrative needs and information system needs. In developing a plan consideration should include information detailing how facilities and equipment can be recovered, restored or replaced.

Recommendation: Develop a comprehensive business recovery strategy encompassing all aspects of the County's business and its physical, financial and information needs.

C. Record Storage and Retention

Observation: Documents, records and reports that are retained for an extended period of time are stored in paper form. Some are filed in an organized manner; many are not.

Background: Storing information in this manner is inefficient. It requires a great deal of space and the condition of the medium deteriorates over time. Due to space limitations information is not always filed properly, in an orderly manner and on a timely basis.

Recommendation: County management should consider evaluating its records retention policies to determine which data to retain and for how long. Consideration should be given to producing microfiche versions of information that needs to be stored for extended periods yet is readily accessible. Smaller and requiring less storage space, microfiche will not deteriorate significantly when stored properly, thus retaining its usefulness longer.

D. Access to Production Programs

Observation: Access to production programs is not sufficiently controlled to prohibit unauthorized modification of the programs.

Background: Program files are stored in accounts associated with each system on the Hewlett Packard computer. Security has been implemented so only the creator of the file can delete or rename the file. However, anyone with access to the account can modify or delete the contents of the file.

Recommendation: The ability to update production programs should be restricted to authorized persons. This could be accomplished by utilizing the security tools available on the Hewlett Packard system to restrict the types of access to program files.

E. Allocation of Data Processing Costs

Observation: Costs incurred to operate the computer system, develop new application systems and maintain existing systems are not allocated to user departments.

Charging for data processing may reduce unnecessary development or changes of systems and improve data processing cost-effectiveness.

Recommendation: Consider establishing a procedure whereby users are charged for data processing costs. These costs should be incorporated into each department's budget. The budget for each department's data processing costs should be determined based upon planned commitments of data processing resources to fulfill projects planned for the year, in addition to requirements to maintain existing systems.

4. UPDATING OF INVESTMENT POLICY

Observation: The County's investment policy has not been updated and reviewed by Commissioner's Court since September 1987. In addition, the County should consider strengthening its policy.

Recommendation: Establish a policy whereby Commissioners Court reviews the investment policy every year. Consider expanding the investment policy to include the following:

- . The use of master repurchase agreements with all appropriate dealers.

- . Routine reporting by the County Treasurer to the Court of investment activity, investment performance and strategies, as well as compliance with the investment policy.
- . The legal implications of the County's investing on behalf of the Drainage District and the Water Supply Corporation.
- . The use of an Investment Committee which would meet periodically to advise the County on investment strategies.

5. STAFFING IN COUNTY AUDITOR'S OFFICE

Observation: In performing our audit it was noted that the preparation of audit schedules, financial statements and other supporting information for the Comprehensive Annual Financial Report, as well as performing regular daily assignments, required excessive overtime on the part of certain employees within the County Auditor's office.

Background: During the past several years the responsibilities assigned to the County Auditor's office have increased. Additionally, future plans, including the implementation of an encumbrance system, indicate a possible need for additional staffing.

Recommendation: Assess the current and near-term workload within the County Auditor's office to determine if staffing is sufficient. Consider the addition of another certified public accountant in order to provide the ability for enhanced financial analysis and similar skills.

6. EMERGENCY MANAGEMENT ASSISTANCE PROGRAM - SEGREGATION OF DUTIES

Observation: The Emergency Management Assistance Program director requests, and directly receives, program reimbursements from the state, creating the potential for diversion of funds. This lack of segregation of duties could result in errors or omissions not being detected on a timely basis.

Background: Reimbursements received by the grant director are forwarded to the County Treasurer's office for deposit.

Recommendation: Request that grant reimbursements be sent directly to the County Treasurer for deposit. The Treasurer can then notify the grant director of the receipt. Maintain copies of the reimbursement request forms and the reimbursement checks in the County Auditor's office.

7. TAX ASSESSOR AND COLLECTOR - TAX ROLL ADJUSTMENTS

Observation: Certain tax assessor and collector employees have both access to tax collections and the ability to post tax roll adjustments to the tax roll. In addition, no independent review of posted adjustments is performed within the tax assessor and collector's department to ensure validity and accuracy.

The use of sensitive transactions, those that allow the modification or deletion of data once it has been entered and posted, should be reported and reviewed by management to ensure that they are used properly.

Background: Although only certain tax assessor and collector employees are knowledgeable of tax roll adjustments procedures, no controls exist within the department to prohibit fictitious or erroneous adjustments.

The use of the adjustments is reported as part of a recap of all transactions. The format of this report is not conducive to an effective management review of the use of these transactions.

Recommendation: Establish controls within the department to prohibit tax assessor and collector employees' access to cash and recording of tax roll adjustments. This should be accomplished by segregating the duties of posting changes and collecting payments and by requiring a supervisory review of the supporting documentation for tax roll adjustments.

Develop a report which lists the adjustment transactions performed each day. Management should review this report to ensure proper use of the transaction and to identify problems which may be resulting in the need to perform an excessive number of adjustments.

It is our understanding that a new software package installed in April 1990 will address these issues.

## 8. COUNTY TREASURER - RECORDING OF CASH TRANSACTIONS

Observation: The County Treasurer's office closes its books on the last business day of each month, regardless of the number of days in the month. In addition, certain accounts reflected interfund outstanding warrants to accounts for which there were no corresponding deposits in transit.

Background: The above-mentioned items create a cutoff problem at year end, as cash received on December 31 is not recorded until the subsequent year, resulting in an understatement of cash.

Recommendation: Ensure that all cash transactions are recorded in the proper period, and that all interfund transactions are properly recorded.

## 9. DEFERRED COMPENSATION PLAN

Observation: The County's Deferred Compensation Plan (the "Plan") is administered by an independent administrator. Although the County reconciles the biweekly contributions made to the Plan with deposit slips received from the administrator, the County does not check the accuracy of the amount of plan assets in total or as allocated to the individual participants.

Background: By placing total reliance on the Plan administrator's accounting function, plan assets could be misstated and/or misallocated among the individual participant accounts and not detected on a timely basis.

Recommendation: Implement procedures in the Personnel Department to monitor the administrator's accounting for plan assets in total and at the participant level, or consider having the Plan audited. This audit could be performed by the County Auditor or an independent auditor.

## 10. REDUNDANT FIXED ASSETS RECORDS

Observation: The County currently maintains two sets of fixed asset records. The County Auditor and Purchasing Agent both maintain fixed asset records which could be merged into one complete set to serve all informational needs of the County.

**Background:** The County Auditor maintains fixed asset records for purposes of preparing essential data included in the Comprehensive Annual Financial Report and the Drainage District financial statements filed with the Texas Department of Water Resources. As part of his official duties, the Purchasing Agent maintains fixed asset records which neither follow the County's capitalization policy nor include the total costs of assets purchased.

**Recommendation:** Merge the fixed asset records into one complete and accurate set which will be maintained by the Purchasing Agent. Then, the County Auditor's role would be to audit these records at least annually to ensure accuracy and provide a means of internal control and essential data for the County's reporting requirements.

Gentlemen:

Star Concrete Construction, Inc. has re-evaluated, at your request, the cost of placing broken concrete riprap at the lower end of the above referenced project in lieu of 5" concrete slope paving. The placement of a portion of this riprap will be wet construction. Ulrich Engineers, who have reviewed the soil conditions and visited the site with you, recomend allowing the boiling sand section to be flooded, then excavated and rock riprap placed under water. We estimate the water will be 4ft deep during this construction.

The total quantity of riprap involved will be 5,213 square yards of which we estimate 982 square yards to be wet construction. The quantity of riprap that does not fall under wet construction will be done at the unit price bid of \$28.50 per square yard, however we must increase the portion done under wet construction to \$41.75 per square yard due to extra expense and reduction of production rates in this area.

Your consideration on this matter will be appreciated.

Sincerely,  
STAR CONCRETE CONSTRUCTION, INC.

Recommendations for Design Changes  
Erosion Protection  
Flat Bank Creek Channel Improvements  
Fort Bend County, Texas

This letter presents recommendations for design changes to the erosion protection in the diversion channel at about Sta. 223+00 where the diversion channel intersects Flat Bank Creek. On August 10, 1990, Mr. Moody requested that Clarence J. Ehlers, P.E. of Ulrich Engineers, Inc. visit the site of the Flat Bank Creek channel improvements on August 13, 1990 and submit this letter with recommendations for design changes based on site observations.

Project Description

There is a bend at the upstream end or beginning of the new diversion channel at Flat Bank Creek. The proposed channel improvements include excavation and installation of erosion protection systems in the bend of the diversion channel. The channel bottom and the slope on the outside of the bend are designed to be lined with three different erosion protection systems. The upstream portion of the bend within the Flat Bank Creek channel will be protected with prefabricated concrete mats, changing to concrete paving followed by rip rap at the downstream end of the bend.

Lichliter/Jameson and Associates, Inc.  
Job No. 8767 and 90087

August 24, 1990  
Page 2

The contractor began excavating in the dry at the upstream end of the bend and was proceeding downstream when a water-bearing sand was encountered. The excess hydrostatic head in the sand caused the sand to become fluid like and flow, and a stable channel excavation could not be cut to design grade. Soil conditions in the initial dry, stable portion of the channel excavation were similar to the soil conditions disclosed by Boring 36 as presented in our Report No. 8767-1 dated January 2, 1989. The disclosure of the sand was unexpected and represents a change in soil conditions.

#### Recommendations

Installation of the proposed concrete lining or paving in the bend of the diversion channel will require a dry, stable excavation. A dry excavation can be achieved only by the installation of a temporary dewatering system around and within the portion of the channel excavation where the sand is present. The dewatering system will have to be installed before excavation in the sand extends below the groundwater level and will have to remain in operation until the concrete lining is constructed and the channel is filled with water to the normal water level in Flat Bank Creek and the diversion channel. If the slope surface on the inside of the bend is unlined and the normal water level in the channel is at or above the groundwater level, there will not be a need for weep holes in the concrete liner to relieve the hydrostatic pressure beneath the concrete lining.

To avoid the expense and delay of installing and operating a dewatering system, we recommend that rip rap be used in place of a concrete lining for erosion protection. The rip rap should be of the same design as the rip rap being used in the other downstream bends of the diversion channel. Areas to be covered with rip rap should be underlain by a Mirafi type filter fabric to prevent migration or piping of the supporting soils through the rip rap. The filter fabric should be properly anchored on the ends and sides where the rip rap terminates.

August 24, 1990

Excavation to grade below the groundwater level in areas where sand is present will require that the excavation be filled with water to the level of the groundwater level or higher. Therefore, the existing excavation for the bend of the diversion channel at Flat Bank Creek should be filled with water to the level of the groundwater level as observed in the sand. Then the excavation can be completed in the wet. The drainage fabric and rip rap will have to be installed in the wet also.

We appreciate the opportunity to be of service to you. Please call if you have any questions concerning this letter or encounter additional construction difficulties in the future.

Sincerely,

ROMAN S. BOHACHEVSKY  
COUNTY LIBRARIAN

October 5, 1990

Honorable Jodie E. Stavinoha  
Commissioner R.L. "Bud" O'Shieles  
Commissioner Ben Denham  
Commissioner Alton Pressley  
Commissioner Bob Lutts

Gentlemen:

Enclosed is a contract for architectural services from Ann Knauth and Associates for the design of a computer room and a basement level entry corridor at the George Memorial Library.

This contract has been modified per your request to not exceed \$6,500 or 10% of the project. Our estimate of the cost of this project is \$50,000 to \$60,000, but most likely it will be greater than that due to off-site storage capacity for other county departments.

I recommend we enter into this contract because:

- 1) Modifications to our building should be designed by an architect for compatibility and continuity of design.
- 2) We want a turnkey job that will be supervised by a professional.
- 3) Plans and full specifications need to be drawn up.
- 4) Bidding, bid review, and awarding will be coordinated by the architect.
- 5) Observation of construction and final punch list will be done by the architect.
- 6) There will be no limit on the number of meetings and consultations needed during the term of this project.
- 7) We are not certain of the type of equipment that will be housed here and the architect will provide coordination between our automation consultant, special consultants, and staff regarding space requirements.
- 8) Specialists in computer room design may be hired on an hourly basis to assist in the design phase of this project.
- 9) Also to be designed and built is a new entry corridor and door to the technical services area of this basement.

Commissioners Court  
Page 2  
October 5, 1990

- 10) We are bound by the contract for a new automation system to prepare quality environment for special computers and software in order to have guarantees that the new equipment will operate as designed.

I will appear before you on Monday, October 8, 1990 to recommend this contract to you.

Sincerely,

Roman S. Bohachevsky

ANN KNAUTH &amp; ASSOCIATES

October 1, 1990

The Honorable Jodie Stavinoha  
County Judge of Fort Bend  
500 Jackson  
Richmond, Texas 77469

Dear Judge Stavinoha:

Pursuant to our discussions, Ann Knauth & Associates propose to provide design services to Fort Bend County. Services will be for designing a Basement Level Computer Room and Basement Level Entry Corridor (North side of Bldg.) at George Memorial Library, an existing three-story bldg., 1001 Golfview Drive, Richmond, Texas 77469, (hereinafter referred to as the "Project").

ANN KNAUTH & ASSOCIATES WILL BE HEREINAFTER REFERRED TO AS AKA.  
FORT BEND COUNTY WILL BE HEREINAFTER REFERRED TO AS CLIENT.

AKA and CLIENT agree that the areas of the Project under consideration for design are:

1. New Basement Level Computer Room:  
(See attached "Building Program Outline")  
540 Square Ft.
  - a. Suspended floor with capability of supporting a point load of 1,000 lbs. at any location. The floor will be constructed of removable, sectioned tile of between 9" to 18" per tile and composed of a material that is nonstatic and nonwaxed.
  - b. Work Stations: (2) Two initially; allow more space for growth.
  - c. New partition wall with windows and security entry door. Special consideration will be given to acoustical requirements of the room.
  - d. Co-ordination with M.E.P. Engineer and Computer Specialist on design of the room in relation to the special Mechanical and Electrical requirements of the computer equipment and any other equipment to be located in the room.

2. New Basement Level Entry Corridor, North side of Bldg.
  - a. New partition wall with new door.
  - b. Location of any electrical to be relocated.

Co-ordination of all design professionals and engineers on the project will be by Ann Knauth & Associates.

AKA proposes to provide the following services:

#### BASIC SERVICES

---

##### SCHEMATIC DESIGN

Working with representatives of CLIENT, a project time schedule will be established, as well as CLIENT'S preferences for design. The CLIENT will at that time provide to AKA all available existing plans, specifications, analyses, or other pertinent information which will assist AKA in the development of the PROJECT.

AKA will communicate SCHEMATIC DESIGN to CLIENT by drawings: plans, elevations, etc. deemed necessary to adequately communicate design concepts to CLIENT. AKA will carefully review with CLIENT concept drawings for input and approval.

##### DESIGN DEVELOPMENT / CONSTRUCTION DOCUMENTATION

Project Schematic Designs will be developed and completed as required to develop spatially and visually the final design. Appropriate construction documents will be prepared and finalized to include plans (architectural, electrical, as necessary); elevations as necessary; building sections as necessary; interior finish specifications; building specifications, building details and notes as necessary.

##### BID NEGOTIATION

Working with the CLIENT, AKA will obtain, review and evaluate the bids of the General Contractors. We will then evaluate the bid of the qualified General Contractor selected for the work.

##### CONSTRUCTION ADMINISTRATION

AKA will work with the General Contractor of choice to implement the PROJECT, including shop drawing review, reasonable observation of construction, and the preparation of a final punch list for the Project.

##### COMPENSATION

Compensation for the services mentioned above shall be ten percent of the construction costs for the Project plus Reimbursable Expenses. However such compensation shall not be less than \$4,500.00 and not exceed \$6,500.00.

An initial deposit of \$1,000 shall be made to AKA upon the execution of an agreement and credited to the CLIENTS' account at the end of the Bid Negotiation Phase.

AS PER ORIGINAL

Subsequent payments for BASIC SERVICES shall be made monthly in proportion to services provided so that the compensation at the completion of each Phase shall equal the following Percentages of the total Basic Compensation:

|  |      |
|--|------|
| Pre-Design &<br>Schematic Design Phases              | 20 % |
| Design Development &<br>Construction Document Phases | 75 % |
| Bid Negotiation Phase                                | 85 % |
| Construction Administration                          | 100% |

#### REIMBURSIBLE EXPENSES

Reimbursible Expenses shall be defined as our actual expenditures made in the interest of the PROJECT plus a handling charge of twenty-five percent (25%). These include expense of blueprinting and/or photo copy reproduction and reproduction of specifications; cost of photography and photography prints; expense of courier service, shipping and delivery charges. Any engineering consultation, when approved by you in advance, will be invoiced with no handling charge as a reimbursable expense. Automobile expense will be invoiced at \$.25/mile with no handling charge.

#### ADDITIONAL SERVICES

Services other than those described above shall be provided by AKA when requested by the CLIENT and agreed to by both parties in writing and shall be compensated for as ADDITIONAL SERVICES on an hourly basis as listed below, plus Reimbursable Expenses:

|           |                                 |
|-----------|---------------------------------|
| Principal | \$65.00 per hour                |
| Associate | Multiple of 3 times Actual Wage |
| Staff     | Multiple of 3 times Actual Wage |

Payment of compensation for Basic Services, Additional Services and Reimbursable Expenses shall be made monthly to AKA by CLIENT upon receipt of invoices for services provided and expenses incurred. Payments are due AKA on the date of billing and shall bear interest at prime rate on the date billing is due, plus two percent (2%), commencing thirty (30) days after the date of billing. If payment is received within thirty (30) days after the date of billing, interest will not be charged.

This Agreement may be terminated by either party upon Five days written notice. In the event of termination, AKA shall be paid by the Client for services provided to termination date, including Reimbursable expenses then due.

Drawings and Specifications, as Instruments of Service, are and shall remain our property whether the Project for which they are made is executed or not. They are not to be used on other Projects or extensions to this Project except by written agreement.

This Agreement represents the entire agreement between AKA and the CLIENT and may only be amended by written instrument signed by both parties. This Agreement is governed by the laws of the State of Texas.

The CLIENT'S signature of approval of this letter, when returned to this office, will serve as notice to proceed with the services enumerated under this Agreement. This Agreement is valid, unsigned, for sixty (60) days from this date.

Sincerely,

APPROVED AND ACCEPTED

## MEMORANDUM

**TO:** Larry Wagenbach, Civil DA **DATE:** 8/14/90  
**FROM:** Roman S. Bohachevsky  
**SUBJECT:** Termination of a lease/purchase agreement

We are in the 2nd year of an agreement with Gestetner Corporation to lease/purchase a tabletop offset press.

We have been unhappy with the quality of the publications that have been produced on this press, and maintenance has been somewhat unsatisfactory.

We have decided to abandon using the offset printing press for the above reasons, and because of the chemicals and vapors involved in the printing process. Our printing area is not well ventilated and there is some staff concern.

We would prefer in the next budget year (FY 1991) to rent copiers that prepares our publications to be at least as good as those produced on an offset press--and perhaps better.

We would like to terminate this lease based on "non-appropriation", as it is quoted in the contract. May we do this and what is involved.

Thanks for your prompt attention.

Judge Stavinoha:

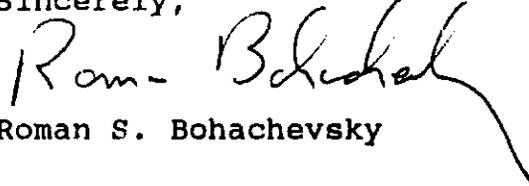

The Fort Bend County Bar Association agreed at its most recent (9/25/90) Law Library Board meeting to continue its agreement with the County whereby the Fort Bend County Library manages the County Law Library. Ms. Lorraine Wilson, President of the Bar in 1990 will send a letter to you affirming this action.

Our agreement specifies that both parties shall give written notice of their intention to renew at least 30 days prior to renewal date (January 1, 1991).

The County Library System is agreeable to renewing this agreement. We have established a well-managed program of service at the Law Library. We developed the initial 1990 Budget and have proposed a 1991 Budget that is well within the expected revenues from court costs. This entire library operation is funded by Law Library Fund No. 16.

After you receive Ms. Wilson's letter, please put this item on the Commissioners Court agenda for discussion and approval.

Sincerely,

Roman S. Bohachevsky

Enclosure

TAX ABATEMENT AGREEMENT

THE STATE OF TEXAS §  
 § KNOW ALL MEN BY THESE PRESENTS:  
 COUNTY OF FORT BEND §

THIS TAX ABATEMENT AGREEMENT (this "Agreement") is made and entered into by and between FORT BEND COUNTY, TEXAS, (the "County"), and CHAMPION TECHNOLOGIES, INC. (the "Owner"), owner of the tract of land comprising Reinvestment Zone No. 1 within Fort Bend County.

1. Authorization. This Agreement is authorized by (a) Chapter 312 of the Texas Property Tax Code as it exists on the effective date of this Agreement, and (b) the Amended Guidelines and Criteria for Granting Tax Abatement in Reinvestment Zones Created in Fort Bend County, Texas, which were approved by the County Commissioners Court on November 13, 1989. The County has determined that the request for tax abatement presented by the Owner conforms with the criteria established in the Amended Guidelines for Tax Abatement.
2. Defined Terms. As used in this Agreement, the following terms shall have the meanings set forth below:
  - a. "Certified Appraised Value" means the appraised value of the property and existing improvements located in Reinvestment Zone No. 1, certified by the Fort Bend County Appraisal District for each tax year during the term of this Agreement.
  - b. "Reinvestment Zone No. 1" means that certain area qualifying for tax abatement pursuant to the Amended Guidelines and Criteria for Granting Tax Abatement in Reinvestment Zones Created in Fort Bend County, Texas, and Order Designating Fort Bend County Reinvestment Zone No. 1, Exhibit "A" attached hereto and incorporated herein for all purposes.
  - c. "Order Designating Fort Bend County Reinvestment Zone No. 1" means the Fort Bend County Order passed by the Commissioners Court on September 24, 1990, which designated the Reinvestment Zone No. 1.
  - d. "Improvements" mean the buildings (or portions thereof) and other improvements used for commercial or industrial purposes which are erected or expanded by the Owner in Reinvestment Zone No. 1 (as contemplated by Section 6 herein) after the date of this Agreement.

- e. "Tangible Personal Property" means tangible personal property classified as such under state law, but excluding inventory and/or supplies, and excluding tangible personal property that was located in Reinvestment Zone No. 1 at any time before the period covered by this Agreement.
- f. "Property" means both the 28.037 acres of land and the 104.128 acres of land described in Exhibit "B," and all improvements currently located on both tracts.
3. Administration of Agreement. This Agreement shall be administered by the County Engineer.
4. Term. This Agreement shall be effective on the date of approval and shall continue through December 31, 1997, unless terminated earlier, as provided elsewhere herein.
5. Tax Abatement.
- a. There shall be granted and allowed hereunder to the Owner property tax abatement on the Improvements constructed or expanded hereunder and the Tangible Personal Property in Reinvestment Zone No. 1 in accordance with the following schedule:

| <u>Tax Year</u> | <u>Percentage Abatement</u> |
|-----------------|-----------------------------|
| 1991            | 100%                        |
| 1992            | 100%                        |
| 1993            | 100%                        |
| 1994            | 100%                        |
| 1995            | 100%                        |
| 1996            | 100%                        |
| 1997            | 100%                        |

The aggregate tax abatement granted hereunder shall in no event exceed 700%. The property tax abatement granted and allowed hereunder shall extend only to all real property ad valorem taxes assessable on the Improvements, as constructed or expanded, and personal property taxes on the Tangible Personal Property.

- b. Should, during the term of this Agreement, the County by official action, exempt certain personal property from ad valorem taxation, pursuant to Art. 8, 1-j of the Texas Constitution, the abatement granted in this Agreement shall be reduced by an amount that is equal to the tax revenues lost to the County each year by virtue of such exemption.

6. Representations.

- a. The Owner represents that (1) it has or is contemplating acquiring a taxable interest with respect to Improvements and Tangible Personal Property placed on the Property; (2) all Improvements shall be completed in a workmanlike manner and shall be completed in accordance with the existing codes and ordinances of Fort Bend County in effect at the time such Improvements are erected; (3) the Certified Appraised Value of the Improvements and Tangible Personal Property by the end of the abatement period shall not be less than \$13,150,000.00; (4) the Certified Appraised Value of the Inventory of Personal Property by the end of the abatement period shall not be less than \$5,000,000; (5) it will employ approximately 45 additional full time employees on the Property by the end of the abatement period with a total new payroll generated at approximately \$1,692,000 annually; (6) it has, as of the effective date of this Agreement, the financial resources to implement the above representations; and (7) it shall comply with the applicable provisions of any existing codes and ordinances of Fort Bend County, Texas.
- b. The County represents that (1) the Reinvestment Zone No. 1 has been created in accordance with Chapter 312 of the Texas Property Tax Code and the Amended Guidelines and Criteria for Granting Tax Abatement in Reinvestment Zones Created in Fort Bend County, Texas, as both exist on the effective date of this Agreement; (2) the Property is within such Zone; and (3) that the Property is located within the County limits.
- c. The Owner and the County represent that no member of the County Commissioners Court owns or leases the Property, Improvements or Tangible Personal Property.

7. Access to and Inspection of Property by County Employees. The Owner shall allow the County's employees and/or designated representatives of the County access to the Improvements for the purpose of inspecting any Improvements erected to ensure that such Improvements are completed and maintained in accordance with the terms of this Agreement and to ensure that all terms and conditions of this Agreement are being met. All such inspections shall be made only after giving the Owner twenty-four (24) hours notice and shall be conducted in such a manner as to not unreasonably interfere with the construction and/or operation of the Improvements. All such inspections shall be made with one (1) or more representatives of the Owner in accordance with all applicable safety standards. Upon completion of construction, the designated representative of the County shall evaluate each facility receiving abatement

to ensure compliance with the Agreement, and a formal report shall be made to the County Commissioners Court.

8. Default.
  - a. The County may declare a default hereunder if (1) the Owner fails, refuses, or neglects to comply with any of the terms, conditions or representations of this Agreement and fails to cure during the cure period; or (2) allows ad valorem taxes owed to the County to become delinquent and fails either to cure during the cure period or to timely and properly follow the legal procedures for their protest or contest.
  - b. If the County declares a default of this Agreement, this Agreement shall terminate (after notice and opportunity to cure as provided for herein), and the County, in such event, shall be entitled to recapture any property tax which has been abated as a result of this Agreement. The County shall notify the Owner of any default in writing in the manner prescribed herein. The notice shall specify the basis for the declaration of default, and the Owner shall have thirty (30) days from the date of such notice to cure any default (except where fulfillment of any obligation requires activity over a period of time, performance shall be commenced within thirty (30) days after the receipt of notice, and such performance shall be diligently continued until the default is cured).
9. Changes in Tax Laws. The tax abatement provided in this Agreement is conditioned upon and subject to any changes in the state tax laws during the term of this Agreement.
10. Compliance with State and Local Regulations. Nothing in this Agreement shall be construed to alter or affect the obligations of the Owner to comply with any ordinance, rule, or regulation of the County or laws of the State of Texas.
11. Assignment of Agreement. This Agreement may be assigned with the approval by resolution of the County subject to the financial capacity of the assignee and provided that all conditions and obligations in this Agreement are guaranteed by the execution of a new agreement with the County. No assignment shall be approved if either the County has declared a default hereunder which has not been cured or the new Owner is delinquent in the payment of ad valorem taxes owed to the County. Approval shall not be unreasonably withheld.
12. Commissioners Court Approval and Consummation of Purchase Agreement as Conditions Precedent. This Agreement is conditioned entirely upon (1) the approval of the County Commissioners Court by the affirmative vote of a majority of the members present at a duly scheduled meeting of the County

Commissioners Court and (2) Owner's purchasing the Premises as described in the hereinafter described Earnest Money Contracts (pursuant to the terms of that certain Earnest Money Contract by and between Owner and F.M.P. Joint Venture No. 227 for 89 acres dated July 11, 1990 and the Earnest Money Contract for 14.3 acres by and between owner and Fred V. Cannata, Jr. dated July 31, 1990) within 90 days from the date hereof.

13. Notice. All notices shall be in writing. If mailed, any notice or communications shall be deemed to be received three (3) days after the date of deposit in the United States mail. Unless otherwise provided in this Agreement, all notices shall be delivered to the following addresses:

THE STATE OF TEXAS §  
 §  
 COUNTY OF FORT BEND §

The Commissioners Court of Fort Bend County, Texas (the "Commissioners Court"), acting for and on behalf of Fort Bend County convened in regular session at a regular term of said Court, open to the public, on the 24th day of September, 1990, at the County Courthouse, and the roll was called of the duly constituted officers and members of the Commissioners Court, to-wit:

|                 |                           |
|-----------------|---------------------------|
| Jodie Stavinoha | County Judge              |
| Bud O'Shieles   | Commissioner, Precinct #1 |
| Ben Denham      | Commissioner, Precinct #2 |
| Alton Pressley  | Commissioner, Precinct #3 |
| Bob S. Lutts    | Commissioner, Precinct #4 |
| Dianne Wilson   | County Clerk              |

and all of said persons being present except Alton Pressley

Whereupon, among other business, the following was transacted at said meeting:

ORDER DESIGNATING FORT BEND COUNTY REINVESTMENT ZONE NO. 1

The order was duly introduced for the consideration of the Commissioners Court and reviewed in full. It was then duly moved and seconded that the order be adopted; and, after due discussion, the motion, carrying with it the adoption of the order, prevailed and carried by the following vote:

AYES: \_\_\_\_\_  
 NOES: \_\_\_\_\_

The County Judge thereupon announced that the motion had duly and lawfully carried and that the order had been duly and lawfully adopted. The order thus adopted follows:

**AN ORDER DESIGNATING FORT BEND COUNTY REINVESTMENT ZONE NO. 1**

WHEREAS, the County Commissioners Court has passed and approved Amended Guidelines and Criteria for Granting Tax Abatement in Reinvestment Zones Created in Fort Bend, Texas on November 13, 1989;

WHEREAS, pursuant to the Amended Guidelines, the County has received an application for designation of a reinvestment zone and tax abatement;

WHEREAS, notice was given to all taxing entities where the proposed zone is to be located;

WHEREAS, after proper notice had been given, the County has held a public hearing where all interested persons were given an opportunity to speak, and evidence for and against the designation of Fort Bend County Reinvestment Zone No. 1 ("Reinvestment Zone No. 1") was gathered;

WHEREAS, the County Commissioners Court has determined, based on evidence gathered, that the improvements sought to be located in proposed Reinvestment Zone No. 1 are feasible and practical and would be a benefit to the land to be included in Reinvestment Zone No. 1 and to the County after the expiration of the tax abatement agreement; and

WHEREAS, the designation of Reinvestment Zone No. 1 will be reasonably likely to contribute to the retention or expansion of primary employment, to attract major investment and to contribute to the economic development of both the property in Reinvestment Zone No. 1 and to Fort Bend County; NOW, THEREFORE,

BE IT ORDAINED BY THE COUNTY COMMISSIONERS COURT  
OF FORT BEND COUNTY

Section 1. That the findings and provisions set out in the preamble of this Order are hereby found to be true and correct, and are made a part of this Order for all purposes.

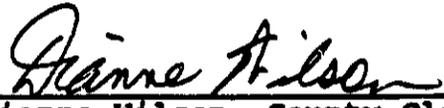

Section 2. That Fort Bend County Reinvestment Zone No. 1 is hereby designated pursuant to the Amended Guidelines for the purpose of encouraging economic development in Fort Bend County through tax abatement. A description of the Zone is attached hereto as Exhibit "A" and is made a part hereof for all purposes.

Section 3. This designation shall be effective for five (5) years from the date of final passage of this Order and may be renewed for five-year periods thereafter.

PASSED and APPROVED this, the 24th day of September, 1990.

  
Jodie Stavisha, County Judge

THE STATE OF TEXAS §  
 COUNTY OF FORT BEND §

I, the undersigned, the duly elected, qualified and acting County Clerk and Ex-Officio Clerk of the Commissioners Court of Fort Bend County, Texas (the "Commissioners Court"), acting for and on behalf of the Commissioners Court do hereby certify that the attached and foregoing is a true and correct copy of an order entitled:

ORDER DESIGNATING FORT BEND COUNTY REINVESTMENT ZONE NO. 1

adopted by said Commissioners Court at a meeting, open to the public, held on the 24th day of September, 1990, together with an excerpt from the minutes of said meeting showing the adoption thereof, as same appears of record in the official minutes of said Commissioners Court on file in my office.

I further certify that the written notice of the date, hour, place and subject of the meeting of the Commissioners Court, at which the foregoing order was adopted, was posted on a bulletin board located at a place convenient to the public in the County Courthouse and readily accessible to the general public at the earliest possible time, pursuant to Article 6252-17 of Vernon's Texas Civil Statutes, as amended.

WITNESS MY HAND AND THE OFFICIAL SEAL OF SAID COURT, this 24th day of September, 1990.

THE STATE OF TEXAS            )  
                                  )  
COUNTY OF FORT BEND         )

INTERLOCAL AGREEMENT BETWEEN  
THE COUNTY OF FORT BEND AND  
THE CITY OF MISSOURI CITY

This interlocal agreement is entered into between the County of Fort Bend, hereinafter referred to as "County", and the City of Missouri City, hereinafter referred to as "City".

WHEREAS, the City desires the County's assistance in purchasing certain governmental administrative functions, goods or services;

WHEREAS, the governing body of the City has duly authorized this agreement;

WHEREAS, the governing body of said County has duly authorized this agreement; and

WHEREAS, this agreement is made pursuant to and under the provisions of Article 4413 (32c), Vernon's Texas Civil Statutes.

NOW, THEREFORE, In consideration of the foregoing and further consideration of the mutual promises, covenants and conditions herein County and City hereby agree as follows:

ARTICLE 1. PURCHASE OF CERTAIN MATERIALS AND SERVICES

The City appoints County its true and lawful purchasing agent for the purchase of certain materials and services through the County's purchasing program, as enumerated through the submission to the County's purchasing agent of a duly executed purchase order, order form or resolution. This Agreement shall apply only to those materials and services which the County desires to purchase for its own needs and where the City desires to purchase the same or similar materials and services. All materials and services purchased hereunder shall be in accordance with specifications established by County.

The materials and services shall be procured in accordance with procedures governing competitive bidding by County; and the costs for materials and services purchased by City pursuant to this Agreement shall be the prices as reflected by the lowest responsible bidder.

ARTICLE 2. TERMS AND CONDITIONS OF PURCHASE

In addition to the other terms and conditions contained in this Agreement, the goods and services will be purchased in

accordance with the terms and conditions and in the quantities set forth in the bid specifications to be used by County, taking into consideration the amount and kinds of materials and services requested by the City.

The County shall be responsible for the preparation of specifications, advertisement of bids and such other administrative duties as may be necessary to facilitate the processing and preparation relating to the purchase of certain materials and services hereunder. The County shall also be responsible for receiving, opening and awarding of the bids. The County promises to consult with the City prior to the preparation of all bids pertaining to this Agreement to determine the specific amount and kind of materials and services requested by the City. Additionally, at the City's request, the County promises to keep the City informed of the status of all procurements which are the subject of this Agreement. Specifications, submittal of bids, tabulations and all other documents relating thereto that pertain to the procurement of items in accordance with the terms of this Agreement shall be made available to the City at all reasonable times for inspection. County agrees to provide bid tabulations on all applicable bids.

The County agrees that it shall award the bid, for items which it had previously designated for purchase, to the lowest responsible bidder.

Nothing herein shall obligate the City to purchase any materials or services from the County.

The City agrees to buy any and all services and materials covered by this Agreement except those services or materials where the quantity of such service or material is less than the minimum quantity stated in each bid by the Vendor.

#### ARTICLE 3. RESPONSIBILITY

The City and County agree that the ordering of supplies and materials purchased through this agreement shall be their individual responsibility and that any dispute arising between individual successful bidders and the City shall be handled by the City and the bidder. Bidders shall bill the City directly for the materials ordered by it.

#### ARTICLE 4. LIABILITY

Both parties shall be liable to the successful bidder only for supplies or materials ordered by and received by it, and shall not by the execution of this agreement assume any additional liability.

ARTICLE 5. PRICE AND PAYMENT

The goods and services will be purchased for the price(s) stated in the lowest and best bid(s) received and awarded by County to Vendor(s). City agrees to pay Vendor(s) directly for all goods and services delivered or picked up by City in accordance with the price specified in the bid(s) of the successful bidder(s). The City agrees to pay within thirty (30) days after receipt from the Vendor of invoice by City's Finance Department.

Ownership (title) of material purchased shall transfer directly from the successful bidder to the City.

ARTICLE 6. APPLICABLE LAWS

County and City agree to conduct all activities under this agreement in accordance with all applicable rules, regulations, ordinances and laws in effect or promulgated during the term of this Agreement.

ARTICLE 7. WHOLE AGREEMENT

This Interlocal Agreement, as provided herein, constitutes the complete Agreement between the parties hereto, and supersedes any and all oral and written agreements between the parties relating to matters herein. Except as otherwise provided herein, this Agreement cannot be modified without written consent to the parties.

ARTICLE 8. DURATION

The period of this Interlocal Agreement shall commence upon the date of full execution of this Agreement by both parties hereto and shall extend for the balance of the calendar year 1990. This contract shall thereafter automatically be renewed annually for each succeeding calendar year.

The County or the City may cancel this Agreement at any time upon thirty (30) days written notice to the other party to this Agreement. The obligations of the City, including its obligation to pay County for all costs incurred under this Agreement prior to such notice shall survive such cancellation, as well as any other obligation incurred under this Agreement, until performed or discharged by the City.

ARTICLE 9. CHANGES AND AMENDMENTS

Any alterations, additions, or deletions to the terms of this Agreement which are required by changes in Federal and State law or regulations are automatically incorporated into this Agreement without written amendment thereto, and shall become effective on the date designated by such law or regulation.

ARTICLE 10. NOTIFICATION

Unless otherwise provided herein, any notice, tender or delivery to be given hereunder by either party to the other may be effected by personal delivery in writing or by registered or certified mail, postage prepaid, return receipt requested. Mailed notices shall be addressed as set forth below, but each party may change its address by written notice in accordance with this section.

**TERMS AND CONDITIONS OF AGREEMENT BETWEEN OWNER AND ARCHITECT**

**ARTICLE 1**

**ARCHITECT'S RESPONSIBILITIES**

**1.1 ARCHITECT'S SERVICES**

**1.1.1** The Architect's services consist of those services performed by the Architect, Architect's employees and Architect's consultants as enumerated in Articles 2 and 3 of this Agreement and any other services included in Article 12.

**1.1.2** The Architect's services shall be performed as expeditiously as is consistent with professional skill and care and the orderly progress of the Work. Upon request of the Owner, the Architect shall submit for the Owner's approval a schedule for the performance of the Architect's services which may be adjusted as the Project proceeds, and shall include allowances for periods of time required for the Owner's review and for approval of submissions by authorities having jurisdiction over the Project. Time limits established by this schedule approved by the Owner shall not, except for reasonable cause, be exceeded by the Architect or Owner.

**1.1.3** The services covered by this Agreement are subject to the time limitations contained in Subparagraph 11.5.1.

**ARTICLE 2**

**SCOPE OF ARCHITECT'S BASIC SERVICES**

**2.1 DEFINITION**

**2.1.1** The Architect's Basic Services consist of those described in Paragraphs 2.2 through 2.6 and any other services identified in Article 12 as part of Basic Services, and include normal structural, mechanical and electrical engineering services.

**2.2 SCHEMATIC DESIGN PHASE**

**2.2.1** The Architect shall review the program furnished by the Owner to ascertain the requirements of the Project and shall arrive at a mutual understanding of such requirements with the Owner.

**2.2.2** The Architect shall provide a preliminary evaluation of the Owner's program, schedule and construction budget requirements, each in terms of the other, subject to the limitations set forth in Subparagraph 5.2.1.

**2.2.3** The Architect shall review with the Owner alternative approaches to design and construction of the Project.

**2.2.4** Based on the mutually agreed-upon program, schedule and construction budget requirements, the Architect shall prepare, for approval by the Owner, Schematic Design Documents consisting of drawings and other documents illustrating the scale and relationship of Project components.

**2.2.5** The Architect shall submit to the Owner a preliminary estimate of Construction Cost based on current area, volume or other unit costs.

**2.3 DESIGN DEVELOPMENT PHASE**

**2.3.1** Based on the approved Schematic Design Documents and any adjustments authorized by the Owner in the program,

schedule or construction budget, the Architect shall prepare, for approval by the Owner, Design Development Documents consisting of drawings and other documents to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, materials and such other elements as may be appropriate.

**2.3.2** The Architect shall advise the Owner of any adjustments to the preliminary estimate of Construction Cost.

**2.4 CONSTRUCTION DOCUMENTS PHASE**

**2.4.1** Based on the approved Design Development Documents and any further adjustments in the scope or quality of the Project or in the construction budget authorized by the Owner, the Architect shall prepare, for approval by the Owner, Construction Documents consisting of Drawings and Specifications setting forth in detail the requirements for the construction of the Project.

**2.4.2** The Architect shall assist the Owner in the preparation of the necessary bidding information, bidding forms, the Conditions of the Contract, and the form of Agreement between the Owner and Contractor.

**2.4.3** The Architect shall advise the Owner of any adjustments to previous preliminary estimates of Construction Cost indicated by changes in requirements or general market conditions.

**2.4.4** The Architect shall assist the Owner in connection with the Owner's responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project.

**2.5 BIDDING OR NEGOTIATION PHASE**

**2.5.1** The Architect, following the Owner's approval of the Construction Documents and of the latest preliminary estimate of Construction Cost, shall assist the Owner in obtaining bids or negotiated proposals and assist in awarding and preparing contracts for construction.

**2.6 CONSTRUCTION PHASE—ADMINISTRATION OF THE CONSTRUCTION CONTRACT**

**2.6.1** The Architect's responsibility to provide Basic Services for the Construction Phase under this Agreement commences with the award of the Contract for Construction and terminates at the earlier of the issuance to the Owner of the final Certificate for Payment or 60 days after the date of Substantial Completion of the Work, unless extended under the terms of Subparagraph 10.3.3.

**2.6.2** The Architect shall provide administration of the Contract for Construction as set forth below and in the edition of AIA Document A201, General Conditions of the Contract for Construction, current as of the date of this Agreement, unless otherwise provided in this Agreement.

**2.6.3** Duties, responsibilities and limitations of authority of the Architect shall not be restricted, modified or extended without written agreement of the Owner and Architect with consent of the Contractor, which consent shall not be unreasonably withheld.

**2.6.15** The Architect shall interpret and decide matters concerning performance of the Owner and Contractor under the requirements of the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made with reasonable promptness and within any time limits agreed upon.

**2.6.16** Interpretations and decisions of the Architect shall be consistent with the intent of and reasonably inferable from the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and initial decisions, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or decisions so rendered in good faith.

**2.6.17** The Architect's decisions on matters relating to aesthetic effect shall be final if consistent with the intent expressed in the Contract Documents.

**2.6.18** The Architect shall render written decisions within a reasonable time on all claims, disputes or other matters in question between the Owner and Contractor relating to the execution or progress of the Work as provided in the Contract Documents.

**2.6.19** The Architect's decisions on claims, disputes or other matters, including those in question between the Owner and Contractor, except for those relating to aesthetic effect as provided in Subparagraph 2.6.17, shall be subject to arbitration as provided in this Agreement and in the Contract Documents.

### ARTICLE 3

#### ADDITIONAL SERVICES

##### 3.1 GENERAL

**3.1.1** The services described in this Article 3 are not included in Basic Services unless so identified in Article 12, and they shall be paid for by the Owner as provided in this Agreement, in addition to the compensation for Basic Services. The services described under Paragraphs 3.2 and 3.4 shall only be provided if authorized or confirmed in writing by the Owner. If services described under Contingent Additional Services in Paragraph 3.3 are required due to circumstances beyond the Architect's control, the Architect shall notify the Owner prior to commencing such services. If the Owner deems that such services described under Paragraph 3.3 are not required, the Owner shall give prompt written notice to the Architect. If the Owner indicates in writing that all or part of such Contingent Additional Services are not required, the Architect shall have no obligation to provide those services.

##### 3.2 PROJECT REPRESENTATION BEYOND BASIC SERVICES

**3.2.1** If more extensive representation at the site than is described in Subparagraph 2.6.5 is required, the Architect shall provide one or more Project Representatives to assist in carrying out such additional on-site responsibilities.

**3.2.2** Project Representatives shall be selected, employed and directed by the Architect, and the Architect shall be compensated therefor as agreed by the Owner and Architect. The duties, responsibilities and limitations of authority of Project Representatives shall be as described in the edition of AIA Document B352 current as of the date of this Agreement, unless otherwise agreed.

**3.2.3** Through the observations by such Project Representatives, the Architect shall endeavor to provide further protection for the Owner against defects and deficiencies in the Work, but the furnishing of such project representation shall not modify the rights, responsibilities or obligations of the Architect as described elsewhere in this Agreement.

##### 3.3 CONTINGENT ADDITIONAL SERVICES

**3.3.1** Making revisions in Drawings, Specifications or other documents when such revisions are:

- .1 inconsistent with approvals or instructions previously given by the Owner, including revisions made necessary by adjustments in the Owner's program or Project budget;
- .2 required by the enactment or revision of codes, laws or regulations subsequent to the preparation of such documents; or
- .3 due to changes required as a result of the Owner's failure to render decisions in a timely manner.

**3.3.2** Providing services required because of significant changes in the Project including, but not limited to, size, quality, complexity, the Owner's schedule, or the method of bidding or negotiating and contracting for construction, except for services required under Subparagraph 5.2.5.

**3.3.3** Preparing Drawings, Specifications and other documentation and supporting data, evaluating Contractor's proposals, and providing other services in connection with Change Orders and Construction Change Directives.

**3.3.4** Providing services in connection with evaluating substitutions proposed by the Contractor and making subsequent revisions to Drawings, Specifications and other documentation resulting therefrom.

**3.3.5** Providing consultation concerning replacement of Work damaged by fire or other cause during construction, and furnishing services required in connection with the replacement of such Work.

**3.3.6** Providing services made necessary by the default of the Contractor, by major defects or deficiencies in the Work of the Contractor, or by failure of performance of either the Owner or Contractor under the Contract for Construction.

**3.3.7** Providing services in evaluating an extensive number of claims submitted by the Contractor or others in connection with the Work.

**3.3.8** Providing services in connection with a public hearing, arbitration proceeding or legal proceeding except where the Architect is party thereto.

**3.3.9** Preparing documents for alternate, separate or sequential bids or providing services in connection with bidding, negotiation or construction prior to the completion of the Construction Documents Phase.

##### 3.4 OPTIONAL ADDITIONAL SERVICES

**3.4.1** Providing analyses of the Owner's needs and programming the requirements of the Project.

**3.4.2** Providing financial feasibility or other special studies.

**3.4.3** Providing planning surveys, site evaluations or comparative studies of prospective sites.

## **ARTICLE 5**

### **CONSTRUCTION COST**

#### **5.1 DEFINITION**

**5.1.1** The Construction Cost shall be the total cost or estimated cost to the Owner of all elements of the Project designed or specified by the Architect.

**5.1.2** The Construction Cost shall include the cost at current market rates of labor and materials furnished by the Owner and equipment designed, specified, selected or specially provided for by the Architect, plus a reasonable allowance for the Contractor's overhead and profit. In addition, a reasonable allowance for contingencies shall be included for market conditions at the time of bidding and for changes in the Work during construction.

**5.1.3** Construction Cost does not include the compensation of the Architect and Architect's consultants, the costs of the land, rights-of-way, financing or other costs which are the responsibility of the Owner as provided in Article 4.

#### **5.2 RESPONSIBILITY FOR CONSTRUCTION COST**

**5.2.1** Evaluations of the Owner's Project budget, preliminary estimates of Construction Cost and detailed estimates of Construction Cost, if any, prepared by the Architect, represent the Architect's best judgment as a design professional familiar with the construction industry. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials or equipment, over the Contractor's methods of determining bid prices, or over competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's Project budget or from any estimate of Construction Cost or evaluation prepared or agreed to by the Architect.

**5.2.2** No fixed limit of Construction Cost shall be established as a condition of this Agreement by the furnishing, proposal or establishment of a Project budget, unless such fixed limit has been agreed upon in writing and signed by the parties hereto. If such a fixed limit has been established, the Architect shall be permitted to include contingencies for design, bidding and price escalation, to determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents, to make reasonable adjustments in the scope of the Project and to include in the Contract Documents alternate bids to adjust the Construction Cost to the fixed limit. Fixed limits, if any, shall be increased in the amount of an increase in the Contract Sum occurring after execution of the Contract for Construction.

**5.2.3** If the Bidding or Negotiation Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, any Project budget or fixed limit of Construction Cost shall be adjusted to reflect changes in the general level of prices in the construction industry between the date of submission of the Construction Documents to the Owner and the date on which proposals are sought.

**5.2.4** If a fixed limit of Construction Cost (adjusted as provided in Subparagraph 5.2.3) is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall:

- .1 give written approval of an increase in such fixed limit;
- .2 authorize rebidding or renegotiating of the Project within a reasonable time;

.3 If the Project is abandoned, terminate in accordance with Paragraph 8.3; or

.4 cooperate in revising the Project scope and quality as required to reduce the Construction Cost.

**5.2.5** If the Owner chooses to proceed under Clause 5.2.4.4, the Architect, without additional charge, shall modify the Contract Documents as necessary to comply with the fixed limit, if established as a condition of this Agreement. The modification of Contract Documents shall be the limit of the Architect's responsibility arising out of the establishment of a fixed limit. The Architect shall be entitled to compensation in accordance with this Agreement for all services performed whether or not the Construction Phase is commenced.

## **ARTICLE 6**

### **USE OF ARCHITECT'S DRAWINGS, SPECIFICATIONS AND OTHER DOCUMENTS**

**6.1** The Drawings, Specifications and other documents prepared by the Architect for this Project are instruments of the Architect's service for use solely with respect to this Project and, unless otherwise provided, the Architect shall be deemed the author of these documents and shall retain all common law, statutory and other reserved rights, including the copyright. The Owner shall be permitted to retain copies, including reproducible copies, of the Architect's Drawings, Specifications and other documents for information and reference in connection with the Owner's use and occupancy of the Project. The Architect's Drawings, Specifications or other documents shall not be used by the Owner or others on other projects, for additions to this Project or for completion of this Project by others, unless the Architect is adjudged to be in default under this Agreement, except by agreement in writing and with appropriate compensation to the Architect.

**6.2** Submission or distribution of documents to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the Architect's reserved rights.

## **ARTICLE 7**

### **ARBITRATION**

**7.1** Claims, disputes or other matters in question between the parties to this Agreement arising out of or relating to this Agreement or breach thereof shall be subject to and decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association currently in effect unless the parties mutually agree otherwise.

**7.2** Demand for arbitration shall be filed in writing with the other party to this Agreement and with the American Arbitration Association. A demand for arbitration shall be made within a reasonable time after the claim, dispute or other matter in question has arisen. In no event shall the demand for arbitration be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable statutes of limitations.

**7.3** No arbitration arising out of or relating to this Agreement shall include, by consolidation, joinder or in any other manner, an additional person or entity not a party to this Agreement.

the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for the Architect on the construction sign and in the promotional materials for the Project.

## ARTICLE 10

### PAYMENTS TO THE ARCHITECT

#### 10.1 DIRECT PERSONNEL EXPENSE

10.1.1 Direct Personnel Expense is defined as the direct salaries of the Architect's personnel engaged on the Project and the portion of the cost of their mandatory and customary contributions and benefits related thereto, such as employment taxes and other statutory employee benefits, insurance, sick leave, holidays, vacations, pensions and similar contributions and benefits.

#### 10.2 REIMBURSABLE EXPENSES

10.2.1 Reimbursable Expenses are in addition to compensation for Basic and Additional Services and include expenses incurred by the Architect and Architect's employees and consultants in the interest of the Project, as identified in the following Clauses.

~~10.2.1.1 Expense of transportation in connection with the Project; expenses in connection with authorized out-of-town travel; long-distance communications; and fees paid for securing approval of authorities having jurisdiction over the Project.~~

~~10.2.1.2 Expense of reproductions, postage and handling of Drawings, Specifications and other documents.~~

~~10.2.1.3 If authorized in advance by the Owner, expense of overtime work requiring higher than regular rates.~~

10.2.1.4 Expense of renderings, models and mock-ups requested by the Owner.

10.2.1.5 Expense of additional insurance coverage or limits, including professional liability insurance, requested by the Owner in excess of that normally carried by the Architect and Architect's consultants.

~~10.2.1.6 Expense of computer-aided design and drafting equipment time when used in connection with the Project.~~

#### 10.3 PAYMENTS ON ACCOUNT OF BASIC SERVICES

~~10.3.1 An initial payment as set forth in Paragraph 11.1 is the minimum payment under this Agreement.~~

10.3.2 Subsequent payments for Basic Services shall be made monthly and, where applicable, shall be in proportion to services performed within each phase of service, on the basis set forth in Subparagraph 11.2.2.

10.3.3 If and to the extent that the time initially established in Subparagraph 11.5.1 of this Agreement is exceeded or extended through no fault of the Architect, compensation for any services rendered during the additional period of time shall be computed in the manner set forth in Subparagraph 11.3.2.

10.3.4 When compensation is based on a percentage of Construction Cost and any portions of the Project are deleted or otherwise not constructed, compensation for those portions of the Project shall be payable to the extent services are performed on those portions, in accordance with the schedule set forth in Subparagraph 11.2.2, based on (1) the lowest bona fide bid or negotiated proposal, or (2) if no such bid or proposal is received, the most recent preliminary estimate of Construction Cost or detailed estimate of Construction Cost for such portions of the Project.

#### 10.4 PAYMENTS ON ACCOUNT OF ADDITIONAL SERVICES

10.4.1 Payments on account of the Architect's Additional Services and for Reimbursable Expenses shall be made monthly upon presentation of the Architect's statement of services rendered or expenses incurred.

#### 10.5 PAYMENTS WITHHELD

10.5.1 No deductions shall be made from the Architect's compensation on account of penalty, liquidated damages or other sums withheld from payments to contractors, or on account of the cost of changes in the Work other than those for which the Architect has been found to be liable.

#### 10.6 ARCHITECT'S ACCOUNTING RECORDS

10.6.1 Records of Reimbursable Expenses and expenses pertaining to Additional Services and services performed on the basis of a multiple of Direct Personnel Expense shall be available to the Owner or the Owner's authorized representative at mutually convenient times.

## ARTICLE 11

### BASIS OF COMPENSATION

The Owner shall compensate the Architect as follows:

~~11.1 AN INITIAL PAYMENT of \_\_\_\_\_ Dollars (\$ \_\_\_\_\_ ) shall be made upon execution of this Agreement and credited to the Owner's account at final payment.~~

#### 11.2 BASIC COMPENSATION

11.2.1 FOR BASIC SERVICES, as described in Article 2, and any other services included in Article 12 as part of Basic Services, Basic Compensation shall be computed as follows:

*(Insert basis of compensation, including stipulated sums, multiples or percentages and identify phases to which particular methods of compensation apply, if necessary.)*

7.5% of the Base Bid or actual construction cost, whichever is greater.

IN THE MATTER OF THE ABANDONMENT § IN THE COMMISSIONERS' COURT  
OF THAT CERTAIN PUBLIC ROADWAY § OF FORT BEND COUNTY, TEXAS  
AND RIGHT-OF-WAY §

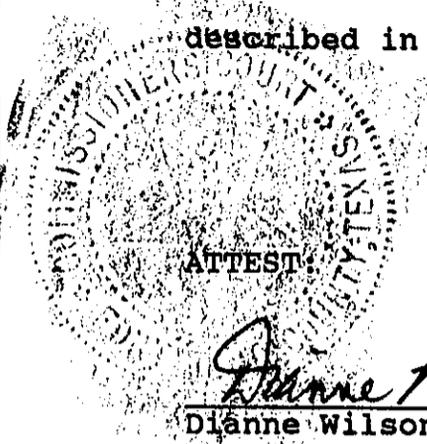

ORDER

ON THIS the 8<sup>th</sup> day of OCTOBER, 1990, came on to be heard by the Commissioners' Court of Fort Bend County, Texas the motion of Commissioner Lutts, for an Order of this Court to abandon a portion of that public roadway and right-of-way known as OILFIELD ROAD, which roadway and right-of-way is described by metes and bounds in Exhibit "A" attached hereto and incorporated herein for all purposes.

The Court having reviewed the evidence submitted in support thereof and the matter having been fully heard and considered by the Court, the Court finds:

1. That no other persons, firms, or corporation would be adversely affected by the abandonment of said public roadway and right-of-way;
2. No one has appeared and objected to the abandonment of said public roadway and right-of-way; and,
3. Because the Court is of the opinion that the public roadway and right-of-way as described in Exhibit "A" is unnecessary and shall not be used in the future, and that this abandonment should be granted, it is accordingly;

ORDERED, ADJUDGED AND DECREED by the Court upon motion of Commissioner Lutts, seconded by Commissioner Pressley, duly put and unanimously carried, that the public roadway and right-of-way described in Exhibit "A" is hereby abandoned.

Re: Garage location and request for variance

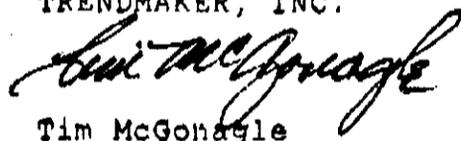

Please accept this as our written request for a garage variance in Walker's Station Section II, Lot 3/Block 2 to move this garage to 3 feet of the property line in order to accommodate a 3-car garage. The plat for Walker's Station Section II does state a 5 foot property line, however the Developer, Markborough, has given us a preliminary approval.

The City of Houston requirement is 3 feet to the property line, so this would meet their requirements as this property does lie in the City of Houston's E.T.J. Attached please find the Uniform Building Code, Chapter 5, Table 5-A where this is addressed.

We would like for this variance to be granted by the Commissioners Board at their meeting on Monday, September 17, 1990. If you should have any additional questions, please feel free to contact me at 565-0174. Thank you in advance for your assistance with this matter.

Sincerely,

STATE OF TEXAS

October 2, 1990

Honorable Judge Stavinoha  
and Commissioners Court  
Fort Bend County  
Richmond, Texas 77469

Dear Sirs:

Fort Bend County has experienced some unusual weather conditions during the 1990 year, which have affected the fire service. Our rural fire run payment period runs from November 1st through October 31st. Because of the early freeze and the drying conditions in December and January, fire runs for those months were extremely high. A dry summer and late heat wave are resulting in fire runs that are currently running higher than expected.

At this point in time, we have a deficiency in our rural fire run budget of \$20,275.13. This amount is needed to complete paying bills that have already been submitted. We also need two (2) months fire run reimbursements, which are averaging approximately \$37,491.75 per month.

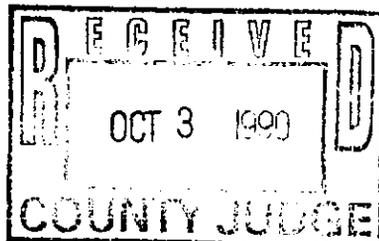

Any assistance you can give us in this matter will be greatly appreciated.

Sincerely,

Gary A. Tilton

Re: Right-of-Way Deed for Guttenberger Road, Precinct 2  
Agenda Item for October 8, 1990

Dear Judge Stavinoha:

Please find enclosed an original of a donation Right-of-Way Deed into Fort Bend County from Mrs. Laura Kueck.

Be advised that consideration for the grant obligates Fort Bend County to replace Mrs. Kueck's fence when the additional Right-of-Way is utilized.

The court is requested to accept the Deed and order it recorded.

Sincerely,

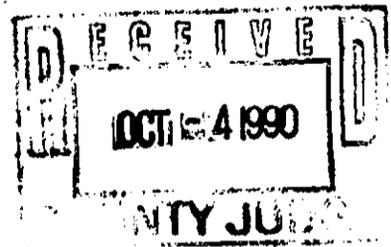

A.J. Noto

Judge Jodie Stavinoha  
% Ft. Bend County Courthouse  
Richmond, Texas 77469

Believe me, I am going to miss you being at the Courthouse. With your retiring it is going to be like the taking of the cornerstone out or taking the Dome away. I tried to call you a few minutes ago, but you were out judging the sheep at the fair, so I will get this letter off, and call you Monday. My current plans are to see you Wednesday or Thursday.

Judge, I am writing about the letter of September 21, 1990, signed by Paul J. Council, Vice President of the Ft. Bend Flood Control Water Supply Corporation. The letter head has no address or telephone number, which is most unusual. As I see this, it is set up to "generate unnecessary legal fees". I personally do not like to see my County Tax Money spent that way.

I have EXCLUSIVE RIGHT TO SELL LISTING AGREEMENTS with a number of the people listed under item 9.A. of your minutes of the Special Session of the Commissioner's Court of the 10th of September, 1990. In addition, I personally own property in the very middle of the property referred to, but am not on the list. Some very unusual obvious omissions have come to light as I have reviewed the papers received presumably from the Attorneys and not Mr. Paul Council.

1. In the letter it refers to an offer made by FBFCWSC. There are papers there without signature which is not an offer at all.
2. The signature of the Surveyor on both the surveys certifying same along with date, as well as on the legal descriptions are conspicuous by their absence.
3. There is no explanation as to how the values were arrived at as shown in your Minutes of Commissioners Court of September 10, 1990.

As things appear on the surface, it appears Ft. Bend County will spend more on legal fees in handling this than if they paid their taxpayers a fair market value for their property. It appears they are offering about \$2100.00 per acre. Both you and I would, I believe, purchase site unseen about any acre in Harris, Montgomery, or East Ft. Bend County that the seller would furnish a Title Policy on for \$2100.00 per acre. As things now stand, I will recommend to my clients that they do not even acknowledge the "offers". On one piece of property that I have checked out with Ft. Bend C.A.D., the C.A.D. value is nearly 500% (Five Hundred Percent) higher than what FBFCWSC is "offering".

Judge, I have been involved, as President of a Life Insurance Company in Harris County with similar events in years past. Normally, the Government agency retains someone that knows property values to contact the property owners and negotiate around an M.I.A. Appraisal. I predict that if FBFCWSC has an "Appraisal" it is a "M.A.I. Appraisal" - MADE AS INSTRUCTED. This will only generate LEGAL FEES FOR CONDEMNATION PROCEEDURE

Page two; letter to Judge Jodie Stavinoha, September 28, 1990.

Listed below are a few things I will request of you which I hope you can obtained for me by next Wednesday without expending legal fees.

1. The address and telephone number of FBFCWSC. Could I also have a photostatic copy of their Charter, Bylaws, names of Officers and Directors?

2. Please furnish me now, with more requests to follow, a signed Certified Copy of the surveys of the George McKinzie, Herbet Timmie and Hurbet Tony McKinzie property, along with signed copies of the legal descriptions. I presume this will come from Lichliter/Jamison & Assoc.

3. In accordance with the Open Records Act of the State of Texas, as a Taxpayer, and one that owns property in the center of the project in question I ask for copies of any and all Appraisals whether made "in house" by County personnel, or contracted for with qualified Appraisors that were used to establish the values as shown in Minutes of Commissioners Court of September 10, 1990. I would like to have the Appraisors qualifications enumerated.

As a Management Consultant for nearly 25 years, I would like to volunteer my time in outlining a plan to produce the greatest revenue for the taxpayers for their land with the least expenditure of taxpayers funds for legal fees. HOW MUCH HAS THE FBFCWSC OR THE COMMISSIONERS COURT ALLOCATED FOR LEGAL FEES? Is this amount open ended? What hourly rate are the Attorneys being paid for their services? I believe all of this information is justified under the Open Records Act.

Judge, when this project was in the hands of Missouri City, I dedicated my self to see that they taxpayers received maximum dollar for their property in view of unethical procedureds employed by Missouri City that I will not enumerate at this time. My correspondence files of the past several years will testify to what I have just said. With the apparent current established procedureds of Ft. Bend County, I renew my pledge. Last night two more property owners signed EXCLUSIVE RIGHT TO SELL AGREEMENTS, and I am sure more will next week.

If Ft. Bend County desires to generate the most revenue for the property owners WITH THE LEAST AMOUNT OF LEGAL FEES, then I will work with the County to procure the property at a fair market price for the County. If an open ended Legal Fee allotment is the modus operindi, then I predict that this project will be tied up in Condemnations Procedures for some time to come. I note that John Cangelosi, Attorney, is a property owner. Having known John for over a quarter of a century, I know, without having talked to him, that he is of the same opinion I am. His father trained him well in this area of government.

Respectfully submitted,

*Bill*

GOLD MINE FT. BEND COUNTY

There is GOOD NEWS today. Ft. Bend County has a Goldmine.

Prospectors from Ft. Bend County are not allowed to work the mine.

Taxpayers from Ft. Bend County are not allowed to pick up nuggets.

The vast majority of the Gold being mined is by Business and Professional Consultants from Harris County.

Eight years ago Missouri City announced the development of MISSOURI CITY CENTRAL PARK utilizing some abandoned sand pits as Retention Ponds and also utilized as Recreational Lakes. This was an ingenious idea. This was to be a part of the Flood Control Ditch known as Stafford Run Creek. This is located at the South end of Packer Lane and Moore Road off of Fifth Street in the Hispanic area of Mo. City.

Some land was purchased for the project. Construction was started. Large dirt movers started shifting the terrain. Construction stopped dead in its tracks about three years ago with no explanation. NO MORE MONEY?

On September 21, 1990, property owners in the area of MISSOURI CITY CENTRAL PARK received a letter from the Ft. Bend Flood Control Water Supply Corp. (FBFCWSC) without an address or telephone number on the letterhead with instructions to contact FBFCWSC's Attorney to act. They were offered a \$10.00 Earnest Money Contract, believe it or not. 10% is customary.

The essence of the letter was ACCEPT AN "OFFER" FOR YOUR LAND AT THE PRICE FBFCWSC OFFERED OR FACE CONDEMNATION PROCEEDINGS. FBFCWSC made no other approach to these property owners which is highly unusual in such Public Interest Projects.

One Senior Citizen Couple who had lived in their home for nearly 30 years were justifiably SHOOK UP. The husband is totally disabled by a stroke that paralyzed his Esophagus. His food is ingested via an abdominal tube. The wife works to supplement what income they have from Social Security and other similar fixed income sources.

Missouri City had offered them verbally almost double for their home over what FBFCWSC offered, which was not acceptable. Their beautiful comfortable home of over 2500 sq. ft. is to be sacrificed to FBFCWSC for approximately \$15.00/sq.ft. or be taking by Eminent Domain. At this price, allowing funds for moving and paying off a \$9,000 mortgage would leave them about \$22,000 for new living accommodations.

Would you voluntarily leave a 2500 sq. ft. home of 30 years that is comfortable for the Golden years of life for what they might be able to purchase for \$22,000.00? What if Rest Home care for the husband is needed? These folks are proud Texans, and won't give up their home without a fight. I have great admiration for them.

There was no diplomatic Representative of FBFCWSC that knocked on their door to investigate, converse and endeavor to find an equitable relocation. Just a cold threatening letter -- SELL OR WE WILL TAKE YOUR PROPERTY BY CONDEMNATION. This is not how to win friends and influence taxpayers.

Paul Weaver of the Wall Street Journal recently stated "The decent thing to do is also the smart and effective thing to do." Apparently the Officers and Directors of FBFCWSC did not read that issue of the Wall Street Journal.

On another piece of property the owner was offered approximately 20% of the Tax Appraised Value with the Ft. Bend County Central Appraisal District. Some "qualified appraisor" had not done his homework thoroughly.

A businessman was offered \$2100.00/acre for the land he has used as the site for his business for over 25 years. He would have to move, literally start over with a new address and new telephone number at approximately 50 years of age. This businessman might just as well file for Bankruptcy if he is forced to sell his Business site for \$2100.00/acre.

Personally, I would purchase, site unseen, any acre of land in Harris, Montgomery or East Ft. Bend County that had ingress and egress with a clear Policy of Title Insurance for \$2100.00. Even agricultural land in Ft. Bend County is selling for more than this. These prices are not a quest for purchase in my opinion, but instead is LEGALIZED THIEVRY.

A cold statistical appraisal which can even be "MADE AS INSTRUCTED" does not place a realistic value on property. I am qualified to take my Real Estate Brokers examination before the Texas Real Estate Commission. Today, this is the equivalent of a B. A. College Degree in Real Estate. Prerequisite courses in Property Appraisal are a major requirement in eligibility for taking the exam. The slow lingering death of my 91 year old mother this year has precluded my taking the examination. Missouri City told property owners they had Appraisals from Qualified appraisors. Their values generally were double what FBFCWSC has offered based on the appraisals they have received. Possibly M.A.I. appraisals. The values offered are completely devoid of values of property to the current owners. It appears the Attorneys handling these property acquisitions will receive more in legal fees than the property owners and taxpayers will receive. THIS IS NOT THE MORAL AND ETHICAL APPROACH TO THE CIRCUMSTANCES.

Over \$30,000,000.00 of tax money has been received for the Oyster Creek, Flat Bank and Stafford Run Flood Control Project. The FBFCWSC upon the recommendations of their Profession Consultants from Harris County are spending these funds as if the Gold Mine will never run dry. Let me give you just two examples of what I refer to.

On September 10, 1990 this august body passed a resolution that authorized the expenditure of \$35,000.00 to conduct an Environmental Assessment of property most of which has not been purchased yet. The unsigned Earnest Money Contract that accompanied the FBFCWSC letter of September 21, 1990, makes provision for such an investigation within 45 days after a Escrow was opened. The FBFCWSC has no authority to trespass on these properties to do this survey. Of course they can spend legal fees to force the assessment.

As a part of the survey any buildings on the properties are to be inspected for asbestos contamination. On the properties I have Exclusive Sales Right Agreements on there are approximately 12 houses that will be bulldozed as soon as the Escrow closes. WHY SPEND TAXPAYERS FUNDS TO LOOK FOR ASBESTOS CONTAMINATION ON BUILDINGS TO BE DESTROYED?

In the minutes of 29 meetings of FBFCWSC Board of Directors meeting I have reviewed the Board of Directors have never once appointed a committee to investigate the recommendations of their Profession Consultants from Harris County. Further in all 29 meetings, the five Directors on every motion recommended by their Professional Consultants have voted UNANIMOUSLY their approval. I believe it was Mark Twain III that stated "If two people agree on everything at all times, there is no reason to exercise both of their brains. Let one of them sleep." When you as Commissioners receive a Resolution from the Board of Directors of FBFCWSC you logically assume that the facts have been totally investigated. BUT HAVE THEY?

The Professional Consultants making recommendations for the expenditure of Tax Payers Funds have no Fiduciary responsibilities to the taxpayers, but you as Commissioners do, as does the Board of Directors of FBFCWSC. I cannot find any evidence in the Minutes of the FBFCWSC where the Directors of the Corporation have been bonded.

AS A MANAGEMENT CONSULTANT WITH OVER 40 YEARS OF SENIOR EXECUTIVE EXPERIENCE RECOMMEND THAT THE DIRECTORS OF FBFCWSC BE BONDED IMMEDIATELY.

I have only had five days to analyze what records I have been able to review. Basically, the Minutes of the Corporation Meetings, which have a few voids, from March 4, 1987, the Charter, the By-Laws which in places are not being followed, and a few of the invoices of their Legal Consultants. Based on what I see thus far, and I hope as more records from the History of the Corporation are made available to me, requested under the Open Records Act, I will be able to concluded otherwise. As I see it you may have an embryo that could mature into a Lincoln Savings and Loan, or Silverado Savings and Loan fiasco.

Here is another example to illustrate my position. In the Commissioner's Court of September 10, 1990, wherein authorization was made to offer property owners established prices for their properties one individual was to be offered \$78,400 for his property. In Minutes of the FBFCWSC I note that this individual received contracts in the amount of \$420,000.00 for his property -- 535% more than authorized in your minutes of September 10, 1990. It is possible this individual owns property other than in Stafford Run, but the Minutes of FBFCWSC nor Commissioners Court Minutes reflect such facts.

It is most interesting to me that the Board of Directors of FBFCWSC need two and usually three legal Consultants present in every Board Meeting. As the President of Mid American Life Insurance Company for twelve years, I do not remember even once having an Attorney in our Board of Directors meetings. We considered Attorney's and Doctors as necessary evils. We did not go to a Doctor without pronounced symptoms nor to an Attorney without a major cause that our Officers and Directos could not handle themselves.

I am not questioning the capabilities or motivations of FBFCWSC legal consultants. I do question as to whether Ft. Bend County Taxpayers can afford such quality. I predict that the five businessmen serving as Directors of FBFCWSC will in their own businesses drive a Honda instead of a Rolls Royce, if it means a positive cashflow. The three legal consultants fees that are regularly used in the Board meetings totals \$390.00/hour. Assuming they are paid "Portal to Portal" with just one hour in the Board meeting and two hours in traveling time to and from downtown Houston to Ft. Bend County each Board meeting is costing over \$1,000.00/meeting for Legal Consultants. This does not include the fees of three or four other Profession Consulting firms operating apparently on the basis of hourly fees. It is predicted that each Board meeting of FBFCWSC could be costing the taxpayers \$5,000.00/meeting. In some months there are two or three meetings. If the FBFCWSC insist they must have these Rolls Royce Consultants, the Board meetings could at least meet in the board rooms of the legal firm to eliminate \$390.00/hr. travel time.

The invoices of the legal consultants show the date of when they serve, but without a time reference. All time is tabulated without identification separately. There is no way for the Ft. Benc County to audit their statements. In our Life Insurance Companies we required our legal consultants to itemize the project with the time consumed together.

AS A MANAGEMENT CONSULTANT CONFRONTED WITH THIS PROBLEM ON A NUMBER OF OCCASSIONS RECOMMEND THAT PROFESSIONAL CONSULTANTS BE REQUIRED TO ITEMIZE THEIR TIME ALONG WITH THE PROJECT WORKED ON ON THE SAME LINE OF THE INVOICE

Included with this copy of my presentation is an analysis of the Rates of the Legal Consultants being used by FBFCWSC. This data is taken from their April 1 - May 31, 1990 invoice. In a few days I will have similian analysis of the other Consultants serving on Hourly fees. If the majority of the taxpayers of Ft. Bend County were to have this information they would be screaming for the application of the Gramm Rudman Legislation.

Also as a part of this presentation is an Exhibit of a Secretarial Service in Ft. Bend County that are qualified to keep minutes of Board of Directors Meetings, handle Correspondence, even answer telephones and take messages.

Ladies and Gentlemen, we need the Flood Control Project that is being constructed. Te big question is can't we have it with a more frugal medium of bringing it into fruition. I believe any business Executive operating under the control of a Board of Directors who have a profitable operation furnished with the information I have been privy to would conclude as I have

A. The Profession Consultants are functioning as the Chief Executive Officers of the FBFCWSC without Fudiciary Responsibilities to our Taxpayers.

B. The Board of Directors consistant voting record of unanimous approval for whatever their Profession Consultants recommend for three years without one recorded objection in their Minutes are in effect just a vesel through which our tax funds flow.

C. There is much that could be done with motivation of service to our taxpayers from a position of integrity and moral responsibility as the men who are responsible for FBFCWSC actions serve their own businesses to reduce expenses drastically. A Management Consultant could earn his fees several times over with the cooperation of this Court and the Board of Directors of FBFCWSC.

Human beings have certain inherent characteristics that are predicatable. If one is presented with facts he does not want to face, he simply ignores the facts, impugns the motives of the one presenting the facts and smears his character. Having gone through this so many times in the past 25 years I can predict the future and I do not need Jeane Dixson's Consultation. Let me give you an example, that if you are still breathing, you will recognize as having happened among your friends.

A Doctor in a small town, lets say Hungerford, diagnoses a patient of 25 years as having an abdominal tumor that is likely malignant. The patients immediate response is invariably, "Doctor, with your being confined here in Hungerford for the past 25 years, you have not had the opportunity to keep current on either new diagnostic equipment, or diagnostic techniques. I don't feel too bad, and have some things at the store I have to take care of before I can go to Houston to see one of those big Cancer specialists. Hopefully, I can get away in a few weeks". In approximately a year you attended the funeral of that friend.

Had the patient accepted the proven and loving concern of his Doctor for his well being he would have asked the Doctor to make an immediate appointment in Houston for another opinion. He could be alive today.

I predict there are going to be ones that will not want to face these facts. They will ignore them, stating that Bill Strube is an enterprising real estate hawker likened unto an ambulance chaser that is trying to exploit the Flood Control Project for his own benefit. They will come up with other unflattering "I have it on very reputable authority ta da-ta da. I am calloused to these techniques. When some one tells you that they have facts about me, make them produce them in black and white and I will meet with you to answer the false charges.

It is suggested you postpone your game of 42, and get a bucket brigade working to put water on your fire before it gets totally out of control.

HE WHO IGNORES THE FACTS OF HISTORY IS CONDEMNED TO REPEAT ITS MISTAKES.

THANK YOU FOR THIS TIME WITH YOU.

AUTHORIZE ENVIRONMENTAL ASSESSMENT FOR DETENTION POND AREAS

Mr. Allen informed the Board that there has been a lot of backfill added to the areas that will be purchased for the Stafford Run Detention Pond. He stated that it would be a good idea to obtain an environmental assessment on these tracts to be sure there has been no contaminated dumping. He then stated that two proposals have been received for this work as follows: (1) McBride Ratcliff & Associates at an approximate cost of \$35,000; and (2) Associated Environmental Consultants at an approximate cost of \$55,250. After review and discussion, Director Council moved that the Board employ McBride Ratcliff & Associates to provide environmental assessments for the detention pond areas. Director Zapalac seconded the motion which was approved by unanimous vote.

The intent of the environmental study is to accomplish the following:

- a. Evaluate past and present usage of the properties and determine their regulatory status relative to environmental considerations
- b. Sample and test existing soils, sediments, and water for possible contaminants
- c. Investigate the possible presence of Asbestos-Containing Material (ACM) in the existing structures

The assessment of these concerns should make it possible to evaluate the impact of environmental considerations on the detention pond project.

**AUTHORIZE EXECUTION OF EARNEST MONEY AGREEMENTS AND CLOSING DOCUMENTS**

Mr. Allen first stated that he has received signed earnest money contracts from Mr. Raymond Schindler for tracts No. 25 and 27. He stated that these contracts authorize payment to Mr. Schindler in the amount of \$420,000 for both tracts. He added that this contract provides for a temporary construction easement for the storage of dirt and Mr. Schindler will have ownership of this dirt. After all discussion, Director Howard moved that the Board authorize the execution of the earnest money contracts with Mr. Raymond Schindler in amounts of \$300,000 for tract 25 and \$120,000 for tract 27. Director Colbert seconded the motion, which was approved by unanimous vote.

HON. JODIE STAVINOHHA Dear Judge Stavinoha:

Due to an increase in personnel (hiring of one receptionist/clerk) there is a need for \$224.97 in our property and equipment line item for FY90. We are requesting line item transfers in our budget (see attached request) to cover the purchase of one (1) 24 button telephone.

We are not asking for additional funds. If you have any questions feel free to call me.

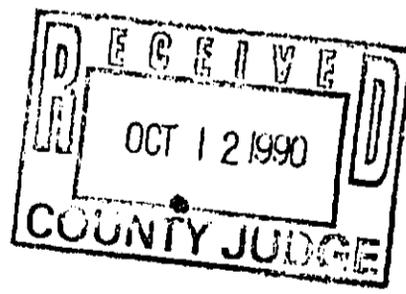

Sincerely,

*Dennis A. McAfee*

GENERAL INVOICE INFORMATION

43 0853

AS PER ORIGINAL

• POSTAGE METERS

**General Information**

Meter rentals are billed either quarterly or annually based upon your selection at time of contract. If you are a new user, your initial invoice prorates the rental from the installation date into one of our quarterly or annual billing cycles and will not cover an exact quarter or annual period.

All meters are billed 30 days in advance with the rental period commencing on the 1st or 16th of the month.

**Tri-Rate Meters**

All new tri-rate customers will be billed at the minimum level during the first year. During the first year each customer will receive two meter reading cards. In order to establish meter usage history, it is the responsibility of the customer to accurately record readings and return this postage paid card to Pitney Bowes. These readings will be used to determine the second year billings, at a minimum, mid or maximum rate; however, if Pitney Bowes does not receive the meter card, the customer will be billed at the maximum range level.

Every year after the first year an annual reslotting of all tri-rate meter customers is conducted. Reading information is provided from meter inspections; however, if readings are not available a single card will be mailed.

**Range Levels**

The wear and tear on a meter is directly related to usage. The tri-rate rental structure, therefore, was created to match this cost against quarterly postage usage. The present structure has three usage ranges: minimum, mid, and maximum. This rate structure enables you to process postage at the least costly price per piece in relation to your mail volume.

**Flat Rate Meters**

Flat Rate meters are billed at a set rate, regardless of the amount of postage used.

• EQUIPMENT MAINTENANCE AGREEMENT

Pitney Bowes will provide repair and maintenance service for all equipment covered by an Equipment Maintenance Agreement. This service will be provided for the period shown on the invoice and will continue in force after that date until we provide the owner with 30 days notice of cancellation.

All Equipment Maintenance Agreements are billed 30 days in advance of the effective date.

• MACHINE RENTALS

Machine rentals are billed 30 days in advance with the rental period commencing on the 1st or 16th of the month. They are billed either quarterly or annually based upon your selection at time of contract.

If you have any questions regarding this invoice please contact your local Pitney Bowes office. Their telephone number has been printed in the upper left hand corner of this invoice for your convenience.

Please send your remittance, along with the bottom portion of this invoice to:

**TERMS AND CONDITIONS****GENERAL PROVISIONS**

All services under this Agreement will be performed during the normal working hours of Simplex's normal working days unless specifically outlined as a special provision to the agreement.

The Customer will promptly notify Simplex of any malfunction in the system(s) which comes to the Customer's attention.

It is agreed that, in providing the system or services included in this Agreement, Simplex is not an insurer, and does not guarantee that no damage or injury to persons or property will occur.

In the event that the system or any equipment or component thereof is altered, modified, changed, or moved, this Agreement may be immediately terminated at Simplex's option.

Simplex refers to Simplex Time Recorder Co., a Massachusetts Corporation with Headquarters in Gardner, MA.

**CUSTOMER RESPONSIBILITIES:**

Customer agrees:

to provide free access to the equipment;

to provide necessary equipment to reach inaccessible equipment and peripheral devices;

to supply suitable electrical service; and

that in the event of an emergency or system failure, reasonable safety precautions will be taken to protect life and property during the period of time from when Simplex is first notified of the emergency or failure and until such time as Simplex notifies the Customer that the system is operational or the emergency has cleared.

**SIMPLEX RESPONSIBILITIES**

Simplex will maintain the System in good working order in accordance with the highest standards of workmanship. This includes, where applicable, the adjustment and replacement of serviceable parts in the main frame and panels.

**PAYMENTS**

Payment terms are net cash upon receipt of invoice. All payments for ongoing service will be made in advance of the period during which service is performed.

Customer agrees to pay all taxes including state or local sales or excise taxes however designated, levied or based on the service charges pursuant to this Agreement.

**TERM OF AGREEMENT**

The term of agreement will begin on the date indicated for a term of one year and continue from year to year until terminated. Either party may terminate this Agreement by giving written notice thirty (30) days prior to the anniversary date.

**WARRANTY**

OTHER THAN THE OBLIGATION OF SIMPLEX EXPRESSLY SET FORTH HEREIN, SIMPLEX DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. SIMPLEX SHALL NOT BE RESPONSIBLE FOR INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES INCLUDING BUT NOT LIMITED TO DAMAGES ARISING FROM THE USE OR PERFORMANCE OF THE SYSTEM OR THE LOSS OF USE OF THE SYSTEM.

**FORCE MAJEURE**

Simplex shall not be responsible for failure to render service due to causes beyond its control including but not limited to work stoppages, fires, civil disobediences, riots, rebellions, acts of God and similar occurrences.

**OTHER**

Simplex's responsibility for damage or injury to persons or property that may be caused by or arise through furnishing, installing, maintaining, servicing, monitoring, or performing or failing to do any of these things, or any other obligation under this Agreement will be limited to losses proximately caused by Simplex's negligence. IN NO EVENT WILL SIMPLEX BE LIABLE FOR INDIRECT, CONSEQUENTIAL, SPECIAL, SPECULATIVE, OR REMOTE DAMAGES OF ANY KIND. The customer's sole remedy in the event of a breach of this agreement by Simplex, which breach Simplex has no remedy after reasonable written notice thereof by customer, shall be the return of the purchase price for the ?

## Fire Alarm and Security System Testing and Inspection

---

Simplex will test and inspect the Fire Alarm and/or Security System described in the attached list of equipment and/or on the following system drawings:

### Testing and Inspection

Each inspection call will be scheduled by Simplex so that all tasks are performed using properly trained technicians and the special tools and instrumentation required to analyze the system to maintain its proper performance.

Tasks include: System performance evaluation, adjustment, and calibration of system components.

Simplex will perform 1-100% test(s) per year on initiating devices.

Simplex will provide the Customer with a report that such tests have been completed.

### Predictive Maintenance

Simplex will analyze equipment covered under this Agreement to detect potential failures. If corrective actions are found necessary, repair charges will be submitted for Customer's approval.

**TERMS AND CONDITIONS**

---

**GENERAL PROVISIONS**

This Agreement assumes the system covered to be in maintainable condition. If repairs are found necessary upon initial inspection, repair charges will be submitted for approval. Should these charges be declined, those non-maintainable items will be eliminated from the program and the agreement price adjusted accordingly.

It is understood that repair, replacement, and emergency service are not covered by this Agreement.

This Agreement includes and incorporates all of the terms and conditions found on the reverse of coversheet to which this rider is attached.

**CUSTOMER ASSISTED TESTS AND INSPECTIONS**

The Customer will assist the Simplex representative in performing the required tests and inspections. The customer will be required to oversee the control panel or main frame and inform the Simplex representative of alarm conditions, as well as, reset the panel and monitor the remaining tests.

If a Customer selects this option and either fails to supply the required assistance or is not qualified to perform the required assistance, the scheduled testing and inspection will be canceled or at Simplex's option, the Customer will be billed for the additional time and materials expended.

---

**Special  
Services/Provisions**

---

1. Customer will provide assistance as part of this agreement.
2. Simplex will provide a detailed report with the following:
  - a. Panel location and operational verification.
  - b. Device location and operational verification.
  - c. Any repair recommendations.
3. Simplex will provide an on-site log book containing activity reports, agreement copies, service logs, and all state required reports.
4. Simplex will certify (and tag) the Fire Alarm System according to the most recent NFPA and State Insurance Codes requirements.
5. Customer will make available to all Simplex personnel the on-site log book. The on-site log book is part of this agreement and must be returned upon termination of this agreement.

RE: Waiver of Penalty and Interest - Kathleen M. Gary  
Account 5040-01-005-0090-907  
Precinct #3

Mrs. Gary is requesting waiver of penalty and interest and attorney fees on the above referenced account for 1987.

1. Kathleen Gary purchased property January, 1988.
2. Stewart Title attempted to pay the taxes 1-21-88 and was refunded their payment as taxes had been paid by Fireman's Fund.
3. Fort Bend County Appraisal District removed the Homestead exemption and Fireman's received the refund. Tax Office set up Supplemental Account.
4. Neither Kathleen Gary or the Title Co were sent notice of taxes due.

Breakdown of taxes paid:

RE: Monthly reports of Fee Officers

Gentlemen:

We have examined the monthly reports of certain Fee Officers identified below for the month of September, 1990. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

The breakdown of the fees paid by the Tax Collector in September is attached to this letter.

The following is the criminal and civil case report for the JPs for the month of September, 1990:

| JP    | # OF CASES: | New | Pending | Dismissed | Paid | Open | Civil Cases |
|-------|-------------|-----|---------|-----------|------|------|-------------|
| JP 1  | Geick       | 603 | 4518    | 120       | 368  | 4633 | 36          |
| JP2-1 | Molina      | 231 | 1729    | 82        | 158  | 1720 | 61          |
| JP2-2 | Fredrickson | 396 | 876     | 130       | 326  | 816  | 4           |
| JP3   | Stahl       | 191 | 2253    | 14        | 146  | 2284 | 33          |
| JP4   | Adolphus    | 421 | 4316    | 198       | 336  | 4203 | 20          |

There was nothing that would lead us to believe that these reports are not, in all material respects, a fair representation of cash transactions of the records presented to us.

We recommend that these reports be approved subject to completion of our examination of reports of such officers for the year ending December 31, 1990.

If the Court concurs, the following order might be adopted:

Moved by Commissioner\_\_\_\_, seconded by Commissioner\_\_\_\_,  
duly put and carried, it is ordered that the monthly  
reports of fees collected by Fee Officers identified  
below, for the month of September, 1990 be approved as  
recommended by the County Auditor in his letter of  
October 22, 1990.

Gentlemen:

We request the following item be included on the Commissioner's Court Agenda for Monday, October 15, 1990.

Approve appointment of Michael Alan Jackson and David James Thompson as Reserve Deputies with the Fort Bend County Sheriff Department.

This Office has completed an extensive background check on the above named individuals and recommends appointment. Mr. Richard Selleh, Personnel Director, has also completed a check on these individuals and concurs with our recommendation.

Your favorable consideration of this request will be most appreciated.

Sincerely,

Subject: Cancellation of Gasoline Contract - Bid #90-051.

Each Member  
Commissioner's Court  
Fort Bend County, Texas

Gentlemen,

On Monday, October 22nd I shall appear before the Court and recommend that the contract between South Coast Fuel, Inc. and Fort Bend County be canceled, for cause, effective COB that date.

On Wednesday, October 17th, for the second time this year, a gasoline spill of major proportions occurred at the County Jail fuel pumps. Prior to dumping a load of gasoline the driver from South Coast Fuel failed to open the underground tank vent, this oversight caused a buildup of pressure inside the tank and resulted in a blow back geyser of gasoline. A witness, Ms Barbara Sanders, described the geyser to be twenty feet high. The mishap, which the driver said contained 28 gallons of gasoline, required the services of 3 City of Richmond Fire Department emergency vehicles, the use of fire retardant foam over some 3600 square feet of surface, the building of a levee to contain the fuel, and the service of a vacuum truck to pick up the fuel and emulsion during cleanup. Decontamination will probably be required.

When an event such as this happens on an asphalt surface the gasoline dissolves the surface and extensive repairs are usually required. I was told by Sheriff Department Captain Marshall Whichard that damage from a similar spill on April 12th of this year has not been repaired.

43 0887

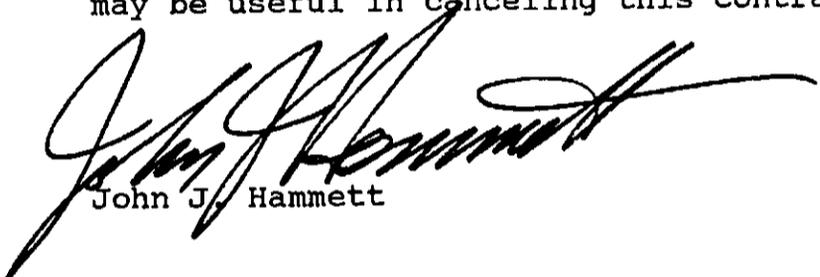

43 0876

If we take no action now, and South Coast Fuel, Inc. is low bidder on the 1 January contract, we will have difficulty in denying them the bid.

My recommendations are as follows:

1. That Bid #90-051, Contract for the Purchase of Gasoline, be canceled as of 4:30 PM, October 22, 1990.
2. That the \$1,000.00 Performance Security check be deposited in the bank and applied to the expenses of decontamination, replacement of base and asphalt topping at the site.
3. That monies due South Coast Fuel from previous deliveries be frozen until EPA approved decontamination and paving repairs have been completed and paid for.
4. That South Coast Fuel, Inc. be considered "other than responsible" on further fuel bids.
5. That gasoline purchases under \$10,000.00, thru 31 December 1990, be made on the open market.

If you have any questions or additional information which may be useful in canceling this contract, please call me.

John J. Hammett

RE: Fuel Spill

DATE: April 16, 1990

Enclosed please find a copy of the complaint form sent to Purchasing for the fuel spill April, 12, 1990. A representative of South Coast Fuel delivered gasoline and left the truck unattended as fuel was being pumped into the Sheriff's Department's underground tank. The tank vent for the underground tank is inadequate for high speed fuel delivery. Normally a pipe end cap, located on the vent, is removed to provide better tank ventilation. The vent cap was not removed and fuel was delivered pressurizing the tank which spewed fuel from the tank inlet. The fuel spilled down the drive into the drainage ditches and into the underground culverts. The Richmond Fire Department was contacted immediately and South Coast Fuel was notified of the problem.

South Coast Fuel contacted a recovery company to remove the fuel, contaminated asphalt, and contaminated ditch water. The remaining damage includes contaminated asphalt and soil, which from my understanding, needs to be removed and disposed of properly. Purchasing suggested that your office should contact South Coast Fuel or their insurance agency and request a complete clean up and repair. If you have any questions please call me.

Gentlemen:

On April 12, 1990 South Coast Fuel, Inc., in accordance with a then existing contract for the purchase of gasoline for Fort Bend County, was delivering gasoline to our main west side fuel facility at 1410 Ransom Road in Richmond.

An overflow of gasoline resulted in a shutdown of this facility for several hours and necessitated the call out of the Richmond Fire Department, County Fire Marshal, County Emergency Management Director, and sub-contractors.

This incident in April of 1990 caused asphalt damage in addition to the understandable expense of manpower expended to recover pollutants and protect county property. Reimbursement for needed repairs has to date, not been resolved and has been referred to our District Attorney's office for assistance.

Today a similar incident of greater hazardous potential occurred at the same location. We again had to call on the Fire Department, County Fire Marshal, and a private sub-contractor in our efforts to protect county property and ensure the continued safety of my employees and those inmates in my charge.

Your assistance and direction in rectifying this continuing hazard would be greatly appreciated.

Sincerely,

Mr. John J. Hammett  
Purchasing Agent  
Fort Bend County, Texas

Dear Mr. Hammett,

This letter is to serve as a formal complaint against South Coast Fuel, Inc.. On October 17, 1990 at approximately 10:50 AM, a fuel spill once again occurred at the Jail pumps which is adjacent to my office. The driver from South Coast Fuel arrived and started his normal fuel drop, he then came into my office to use the telephone. Suddenly I noticed a geyser of gasoline shooting 25 feet into the air, mass confusion then followed. This fuel spill could have resulted into a major disaster. Fortunately this time the spill was immediately contained; however, we may not be so lucky next time.

Mr. Hammett, please do what ever you can to see to it that this company (South Coast Fuel) is not allowed to deliver fuel to our facility again. I will assist you in any way possible.

Sincerely,

A handwritten signature in cursive script that reads "Barbara A. Sanders".

STATE OF TEXAS           §  
COUNTY OF FORT BEND §

RESOLUTION

On this the 22 day of OCTOBER, 1990, at the regular meeting of the Commissioners' Court of Fort Bend County, Texas, acting as the governing body of Fort Bend County, Texas, upon motion of Commissioner DENHAM, and seconded by Commissioner O'SHIELES, duly put and carried:

WHEREAS, certain residential areas within Fort Bend County abutting the City of Arcola and the Fresno Community (unincorporated) suffer from potential public health problems related to an increasing concentration of septic systems and shallow private water wells in the developing area; and,

WHEREAS, the City of Arcola has established a Municipal Water/Sewer system for its citizens within the city limits and adjacent areas (see attached map) with participation from State and Federal funding agencies; and,

WHEREAS, the State of Texas and Federal agencies have designated a management area for the City of Arcola water/sewer facilities; and,

WHEREAS, the City of Arcola is in the process of applying for numerous federal grants for service within and outside the present designated management service area; and,

WHEREAS, there will be no Joint Application prior to the Fifth Street Sanitary Sewer Collection System project phase three acquisition of funding from the Texas Community Development Program.

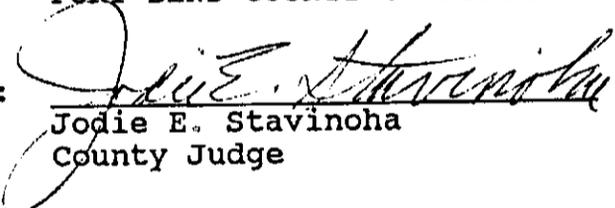

NOW THEREFORE, BE IT HEREBY RESOLVED by Commissioners Court of Fort Bend County, Texas that it is in concurrence that the City of Arcola's management service area for water/sewer be extended to areas beyond the current boundaries, as related on the attached map and that this worthwhile project would be in the best interest of the effected citizens of Fort Bend County in those areas, and there is no other projected plan to serve these areas now before Commissioners Court; and, any Application filed by Fort Bend County with the Texas Department of Commerce that is funded shall be managed by Fort Bend County.

AND FURTHER, LET IT BE ACKNOWLEDGED that this Resolution does not obligate either the City of Arcola nor Fort Bend County to provide service within any certain period of time. This is to be reviewed annually by the City and the County for renewal.

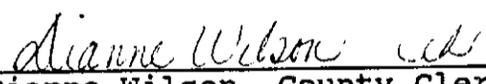

PASSED AND APPROVED this \_\_\_\_\_ day of \_\_\_\_\_, 1990.

Re: Rural Fire Run Budget

Dear Sirs:

On Monday, October 8, 1990, I received a call from the Fort Bend County Auditor's Office, stating that the Rural Fire Run Budget was overdrawn. I stated that I had been to Commissioners Court that morning, and received \$20,275.13, to bring this line item to a zero balance. The Auditor's Office stated that, in spite of the additional \$20,275.13, this line item was still overdrawn by \$12,173.35.

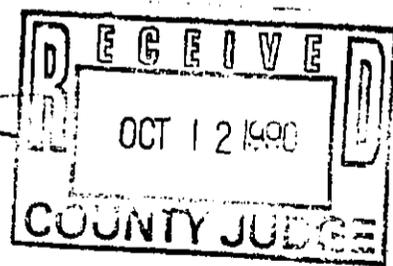

In meeting with the Auditor's Office and reviewing the records, it was discovered that an error had been made, in not accounting for the overdrawn amount showing on the computer printout, when we tabulated the amount we were short in the line item. Our total amount needed should have reflected an additional \$12,173.35 in meeting the bills that had been submitted.

Therefore, I am requesting an additional \$12,173.35 be placed in the Rural Fire Run line item of the miscellaneous budget, in order to complete paying our bills, and leave us with a zero balance.

Your consideration in this matter is greatly appreciated.

Sincerely,

Gary A. Tilton

To: Employees of Fort Bend County  
and their Dependents

From: Kathy Hynson

Re: Group Medical and Dental Plan

Effective January 1, 1991 there will be several plan benefit changes to the group medical plan, along with a change in the dependent medical premium contribution level. The medical plan changes are as follows:

1. Non-PPO Deductible will be increased to \$250 (maximum 3 per family) from the current \$200 (maximum 3 per family).
2. The Non-PPO Coinsurance breakpoint will be increased from \$3,000 to \$4000. The percentage payable in excess of the deductible will remain at 70%. The out-of-pocket maximum will increase from \$900 (plus deductible) to \$1,200 (plus deductible).

In other words, if you use doctors or hospitals that are not part of the Network that Fort Bend County has provided for you, you will have to pay out of your own funds \$1,450 before the coverage will be paid at 100%.

There will be no changes to the Preferred Provider (PPO) benefits. It is the intent of the commissioners' court to encourage the use of PPO providers whenever possible.

Up to now Fort Bend County employees and their dependents have been provided coverage at no cost to the employees or dependents for medical coverage. Very few employers (public or private) continue to provide free coverage to both the employee or dependent. In an effort to continue to provide the highest level of benefits, but recognizing certain financial realities effective January 1, 1991, Fort Bend County will continue to provide employee coverage at no cost. However, if you wish to cover your dependent(s) you will be required to contribute \$25 per pay period towards the cost of dependent coverage.

The dental benefit plan will remain the same. The current dependent coverage contribution cost of \$15.00 for one dependent and \$20.00 for two or more will remain the same as well.

Group meetings will be held soon to explain in detail these changes, and to provide you with the opportunity to ask any questions you may have. At that time you will be required to sign a form either to continue to carry dependent coverage and to authorize salary reduction of \$25 per pay period or to waive dependent coverage. The premium that you will be required to pay is an eligible item for the county's "Cafeteria Plan."

THRUST BLOCKING NOTES

1. CONCRETE THRUST BLOCKS SHALL BE CONSTRUCTED OF 2500 P.S.I. (28 DAY) CONCRETE.
2. BEARING AREAS SHALL BE DETERMINED ACCORDING TO THE APPLICABLE TABLE SHOWN ON THIS SHEET.
3. SOIL TYPES AND SAFE BEARING LOADS SHOWN IN THE TABLE ARE TO SERVE AS A GENERAL GUIDE. IF SOIL CONDITIONS ARE FOUND TO BE DIFFERENT FROM THOSE DESCRIBED IN THE TABLE, THE CONTRACTOR IS TO PROVIDE ADEQUATE THRUST BLOCKING BASED ON THE ACTUAL SOIL CONDITIONS FOUND.
4. THRUST BLOCKING SHALL BEAR AGAINST UNDISTURBED TRENCH WALLS.
5. BLOCKING OF BEARING AREAS OF TWO (2) SQUARE FEET OR MORE SHALL REQUIRE FORM CONSTRUCTION.
6. DIMENSION 'A' TO BE LARGE AS POSSIBLE WITHOUT INTERFERING WITH MECHANICAL JOINT BOLTS.
7. WHERE A FITTING IS USED TO MAKE A VERTICAL BEND, ANCHOR THE FITTING TO A CONCRETE THRUST BLOCK DESIGNED TO KEY INTO UNDISTURBED SOIL AND TO HAVE ENOUGH WEIGHT TO RESIST UPWARD AND OUTWARD THRUST.
8. BLOCKING SHALL HAVE BEEN IN PLACE FOUR (4) DAYS PRIOR TO TESTING THE PIPELINE.
9. THRUST BLOCKING SHALL BE PROVIDED AT ALL BENDS, TEES, ELBOWS, REDUCERS, CROSSES, OFFSETS, WYES, DEAD ENDS, AND VALVES.
10. PRESSURE LINES OTHER THAN THOSE NOTED IN THE TABLE ON THIS PAGE SHALL BE INSTALLED WITH THRUST BLOCKING FOR 10 P.S.I.
11. THRUST BLOCKING REQUIRED FOR PUSH ON OR MECHANICAL JOINT PIPE ONLY. THRUST BLOCKING NOT REQUIRED ON RESTRAINED JOINT.

ACTIVITY IN, UNDER, ACROSS OR ALONG FORT BEND COUNTY ROADS  
AUTHORIZED

Bond No. 29-0130-10474-90-7.

THE STATE OF TEXAS

COUNTY OF FORT BEND

KNOW ALL MEN BY THESE PRESENTS, that we UTICON, INC.  
as principal and UNITED STATES FIDELITY AND  
GUARANTY COMPANY as surety, are held and firmly bond unto FORT BEND  
COUNTY a body corporate and politic under the laws of the State of Texas, in  
the penal sum of TWO THOUSAND AND NO/100  
DOLLARS (\$2,000.00) law full currency of the United States of America,  
for the payment of which, well and truly to be made, we do hereby bind  
ourselves, our heirs executors, administrators and successors, jointly and  
severally and firmly by these presents:

THE CONDITION OF THIS BOND IS SUCH THAT, WHEREAS, the above bounden  
principal contemplates laying, constructing, maintaining and/or repairing one  
or more cables, conduits and/or pole lines in, under, across and/or along  
roads, streets and highways in the County of Fort Bend, and the State of  
Texas, under the jurisdiction of the Commissioners Court of Fort Bend County,  
Texas, pursuant to the Commissioners Court order adopted on the 1st day of  
December, A.D., 1980, recorded in Volume 13, of the Commissioners Court  
Minutes of Fort Bend County, Texas, regulating same, which Commissioners Court  
order is hereby referred to and made a part hereof for all purposes as though  
fully set out herein;

AND WHEREAS, the principal desires to provide Fort Bend County with a  
performance bond covering all such cable, conduit and/or pole line activity.

NOW THEREFORE, if the above bounden principal shall faithfully perform  
all its cable, conduit and/or pole line activity (including, but not limited  
to, the laying construction, maintenance and/or repair of cables, conduits  
and/or pole lines) in, under, across and/or along roads, streets and highways  
in the County of Fort Bend and State of Texas, under the jurisdiction of the  
Commissioners Court of Fort Bend County, Texas, pursuant to and in accordance  
with the minimum requirements and conditions of the above mentioned  
Commissioners Court order set forth and specified to be by said principal done  
and performed, at the time and in the manner therein specified, and shall pay  
over and make good and reimburse Fort Bend County, all loss and damages which  
Fort Bend County may sustain by reason of any failure or on the part of said  
principal, then this obligation shall be null and void, otherwise to remain in  
full force and effect.

This bond is payable at the County Courthouse in the County of Fort Bend  
and State of Texas.

It is understood that at any time Fort Bend deems Deems itself insecure  
under this bond, it may require further and/or additional bonds of the  
principal.

THIS BOND COVERS THE FOLLOWING JOB: WOODS EDGE, SECTION 1A

The term of this bond is for a period of two (2) years commencing on the date  
hereof, and may be continued from year to year by continuation certificate ex-  
ecuted by the principal and the surety.

EXECUTED this 10th, day of October, 19 90.

## MEMORANDUM

TO: JUDGE JODIE STAVINOHA, COUNTY JUDGE  
FROM: PAM WITTNEBEN, FIRST ASSISTANT/TAX OFFICE  
SUBJECT: SUGAR CREEK INTERIORS  
DATE: OCTOBER 8, 1990

Cindy Schwarze, of Sugar Creek Interiors had a change made on her personal property, which we received on October 8, 1990 from the Central Appraisal District. According to Sections 25.25 and 42.08 of the Texas Property Tax Code, the property owner must pay the amount of tax which is not in dispute or the preceeding years tax, whichever is greater.

The change form has nothing to do with the penalty and interest which is due, and the tax office still does not recommend waiver , as there is no evidence of error on our part.

I have enclosed a copy of the change form, Section 25.25, and Section 42.08. Please let me know if there is any other information you require to make your decision.

**Cross References:**

Approval prohibited until substantially all protests completed, see Sec. 41.12.  
Appraisal records generally, see Sec. 25.02.

**Sec. 25.25. Correction of Appraisal Roll.** (a) Except as provided by Chapters 41 and 42 of this code and by this section, the appraisal roll may not be changed.

(b) The chief appraiser may change the appraisal roll at any time to correct a name or address, a description of property, or a clerical error that does not affect the amount of tax liability.

*(Text of subsection (c) as amended by SB 379, 71st Leg., 1989, effective June 14, 1989.)*

(c) At any time, the appraisal review board, on motion of the chief appraiser, or of a property owner may direct by written order changes in the appraisal roll to correct:

- (1) clerical errors that affect a property owner's liability for a tax imposed in that tax year;
- (2) multiple appraisals of a property in that tax year; or
- (3) the inclusion of property that does not exist in the form or at the location described in the appraisal roll.

*(Text of subsection (c) as amended by HB 432, effective January 1, 1990.)*

(c) At any time before the end of three years after January 1 of the tax year, the appraisal review board, on motion of the chief appraiser or of a property owner, may direct by written order changes in the appraisal roll to correct:

- (1) clerical errors that affect a property owner's liability for a tax imposed in that tax year; or
- (2) multiple appraisals of a property in that tax year.

(d) At any time prior to the date the taxes become delinquent, on a motion filed jointly by the chief appraiser and a property owner stating that a substantial error has been made on the appraisal roll involving the property of the property owner, the appraisal review board shall hold a hearing to determine whether to make a change in the appraisal roll to correct the alleged error. Not later than the 10th day before the date of the hearing, the secretary of the appraisal review board shall deliver written notice of the proposed change in the appraisal roll and of the date, time, and place fixed for the hearing to the presiding officer of the governing body of each taxing unit in which the property is located. Each taxing unit is entitled to

offer evidence or argument at the hearing. If the appraisal review board determines that a substantial error exists as alleged, the board shall direct by written order that the appraisal roll be changed to correct the error.

(e) A property owner who files the motion provided by Subsection (d) of this section must comply with the payment requirements of Section 42.08 of this code or he forfeits his right to a final determination of the joint motion.

(f) The chief appraiser shall certify each change made as provided by this section to the assessor for each unit affected by the change within five days after the date the change is entered.

Amended by 1981 Tex. Laws (1st C.S.), p. 162, ch. 13, Sec. 113; amended by 1985 Tex. Laws, p. 6158, ch. 828, Sec. 1; amended by SB 379, 71st Leg., 1989, eff. June 14, 1989; amended by HB 432, 71st Leg., 1989, eff. Jan. 1, 1990.

HB 1500 (68th Leg., 1983) also provides the following: (a) A tax roll prepared by the tax assessor for a taxing unit before the participation of the unit in an appraisal district and approved by the board of equalization or appraisal review board for the unit may be corrected as provided by this section. A change in the tax roll that affects the tax liability of a property owner is subject to Section 26.15(d), (e), or (f), Tax Code, as applicable.

(b) The tax assessor for the unit may change the tax roll at any time to correct a name or address, a description of property, or a clerical error that does not affect the amount of tax liability.

(c) At any time, the governing body of the taxing unit, on motion of the tax assessor for the unit or of a property owner, may direct by written order changes in the tax roll to correct:

- (1) clerical errors that affect a property owner's liability for a tax;
- (2) the tax liability of a property owner who has qualified for a residence homestead exemption for the tax year as provided by Section 11.431, Tax Code; or
- (3) multiple appraisals of a property in a single year.

(d) The assessor for the unit shall enter on the tax roll the changes made as provided by this section.

**Notes:**

A taxpayer seeking correction of a clerical error that affects tax liability must exhaust his administrative remedies by filing a correction motion with the Appraisal Review Board before bringing suit in district court for a refund. *Liland v. Dallas CAD*, 731 S.W.2d 109 (Tex.App.—Dallas 1987, no writ).

While a taxing unit is not bound to do anything by a court decision against the appraisal district and appraisal review board, the unit is affected by court ordered changes by the appraisal district and review board in correcting rolls because of initial inappropriate appraisal procedures. *Alief Independent School District v. Harris County Appraisal District and Harris County Appraisal Review Board*, 731 S.W.2d 628 (Tex.App.—Houston 1987, writ ref'd n.r.e.).

**Remedies****Sec. 42.08**

of the administrative review proceedings to challenge the assessment. *Texas Architectural Aggregate, Inc. v. Adams*, 690 S.W.2d 640 (Tex. App.—Austin 1985, no writ).

A taxing unit must strictly adhere to the requirement of filing a written notice of appeal within 15 days after the date of receipt of the notice of the appraisal review board's determination. *Thorndale Independent School District v. Rockdale Independent School District*, 681 S.W.2d 225 (Tex.App.—Austin 1984, writ refd n.r.e.).

**Sec. 42.07. Costs of Appeal.** The reviewing court in its discretion may charge all or part of the costs of an appeal taken as provided by this chapter against any of the parties.

**Notes:**

A taxpayer cannot be reimbursed for an appraisal paid for by the taxpayer as "costs" of suit under this section. *Estep v. Miller*, 731 S.W.2d 677 (Tex.App.—Austin 1987, writ refd n.r.e.).

**Sec. 42.08. Forfeiture of Remedy for Nonpayment of Taxes.** (a) The pendency of an appeal as provided by this chapter does not affect the delinquency date for the taxes on the property subject to the appeal. However, that delinquency date applies only to the amount of taxes required to be paid under Subsection (b). If the property owner complies with Subsection (b), the delinquency date for any additional amount of taxes due on the property is determined by Section 42.42 (c), and that additional amount is not delinquent before that date.

(b) A property owner who appeals as provided by this chapter must pay taxes on the property subject to the appeal in the amount required by this subsection before the delinquency date or the property owner forfeits the right to proceed to a final determination of the appeal. The amount of taxes the property owner must pay on the property before the delinquency date to comply with this subsection is:

- (1) the amount of taxes due on the portion of the taxable value of the property that is not in dispute or the amount of taxes imposed on the property in the preceding year, whichever is greater; or
- (2) the amount of taxes due on the property under the order from which the appeal is taken.

(c) A property owner that pays the amount of taxes greater than that required by Subsection (b) does not forfeit the property owner's right to a final determination of the appeal by making the payment. If the property owner files a timely appeal under this chapter, taxes paid on the property are considered paid under protest, even if paid before the appeal is filed.

(d) On the motion of a party, the court shall hold a hearing to review and determine compliance with this section. If the court determines that the property owner has not substantially complied

AS PER ORIGINAL

**Sec. 42.08****Property Tax Code**

with this section, the court shall dismiss the pending action. If the court determines that the property owner has substantially but not fully complied with this section, the court shall dismiss the pending action unless the property owner fully complies with the court's determination within 30 days of the determination.

Amended by 1983 Tex. Laws, p. 5049, ch. 910, Sec. 1; amended by 1985 Tex. Laws, p. 1050, ch. 195, Sec. 1; amended by HB 432, 71st Leg., 1989, eff. June 15, 1989.

**Notes:**

Section 42.08 is procedural rather than substantive. Where 1985 amendment to Sec. 42.08 (allowing a property owner 30 days after hearing to cure incorrect payment of taxes under protest) took effect during the pendency of a suit, it was error for the trial court to dismiss the suit under the terms of the law in effect before the amendment. *Missouri Pacific Railroad Company v. Dallas County Appraisal District*, 732 S.W.2d 717 (Tex.App.—Dallas 1987, no writ).

By paying full amount of taxes due, taxpayer did not comply with the statutory payment requirement for avoiding forfeiture of right to appeal. *Hunt County Tax Appraisal District v. Rubbermaid Inc.*, 719 S.W.2d 215 (Tex.App.—Dallas 1986, writ refiled n.r.e.).

Property owner's tender of taxes into registry of court rather than to tax collector constituted substantial compliance with statute allowing appeal of property appraisal where petition for review was on file. *Morris County Tax Appraisal District v. Nail*, 708 S.W.2d 473 (Tex.App.—Texarkana 1986, writ refiled n.r.e.).

**Sec. 42.09. Remedies Exclusive.** (a) Except as provided by Subsection (b) of this section, procedures prescribed by this title for adjudication of the grounds of protest authorized by this title are exclusive, and a property owner may not raise any of those grounds:

(1) in defense to a suit to enforce collection of delinquent taxes; or

(2) as a basis of a claim for relief in a suit by the property owner to arrest or prevent the tax collection process or to obtain a refund of taxes paid.

(b) A person against whom a suit to collect a delinquent property tax is filed may plead as an affirmative defense:

(1) if the suit is to enforce personal liability for the tax, that the defendant did not own the property on which the tax was imposed on January 1 of the year for which the tax was imposed; or

(2) if the suit is to foreclose a lien securing the payment of a tax on real property, that the property was not located within

## V. G. Young Institute of County Government

1990-1991

*Educational Programs of Interest to County Officials*

### What is the V. G. Young Institute of County Government?

The V. G. Young Institute of County Government is a part of the Texas Agricultural Extension Service and is headquartered at Texas A&M University. The Institute is committed to the Extension philosophy of *People Helping People* and its objective is to help county officials become more effective local leaders through a variety of conferences, seminars, workshops and printed materials.

The Institute's educational program is centered around four annual conferences for County Judges and Commissioners, County and District Clerks, County Treasurers, and County Tax Assessor-Collectors which are held in College Station.

### Teaching Concept

Learning through teaching each other involves the senses of hearing, seeing and feeling. This is the approach used by the V. G. Young Institute of County Government. Learning by this method prepares one to go beyond instruction toward creativity in problem solving. Most of the sessions will be led by one's peers who will share their knowledge and experience. Some sessions involve a wide scope of information while other sessions concentrate on specifics. All educational programs are carefully planned in cooperation with officers of the various associations for county officials.

### Mark Your Calendar

Please mark your calendar for the upcoming educational programs sponsored by the V. G. Young Institute of County Government. Elected officials will receive a pre-registration letter approximately six weeks in advance of a conference or seminar. Deputies and employees are also welcome to attend. If you need further information, contact your local county Extension agent or the V. G. Young Institute at (409) 845-4572.
