RE: Impact Fee Refund

DATE: April 15, 1991

After questioning by persons subject to paying impact fees in the Stafford Run/Oyster Creek/Flat Bank Creek/Steep Bank Creek Service Area, the Drainage District has asked legal counsel for the Fort Bend Flood Control/Water Supply Corporation and the County Attorney's office to review the Commissioners Court resolution authorizing collection of impact fees. This review indicates that the District has been in error when it collected impact fees on lots in platted subdivisions where all streets underground utilities and other approved drainage structures were in place on the ground.

Review of our files indicates that the following have paid such impact fees collected in error and that they should receive a refund.

Re: Proposal for Consulting Services to the FBCDD

Dear Mr. Gerken:

This letter contains a proposal for the undersigned to provide consulting services to the Fort Bend County Drainage District on an as-needed basis. The purpose of these services is to assist the District in various matters in which the District believes it would derive benefit from the advice and expertise of the undersigned. These consulting services will not include legal services, but will be of a technical nature.

In an attempt to efficiently achieve the above, this proposal is requesting the FBCDD Board give its approval to the FBCDD Manager to seek and obtain such consulting services from the undersigned as the need arises. Such services would be obtained by issuing specific scopes of work, each for a fee not to exceed a fixed amount, but in no event would such amount exceed $10,000, based on an hourly rate of $100. This authorization by the Board does not limit the number of scopes that can be issued by the FBCDD Manager, but rather limits the total cumulative fee for services obtained from the undersigned under this authorization to $37,500, covering scopes issued from the date this proposal is accepted by the Board through December 31, 1991.

If the above proposal is acceptable to the FBCDD Board, please have the County Judge sign below and return a signed copy of this proposal to the undersigned.

Very Truly Yours,

Lawrence G. Dunbar

MONTHLY REPORT
MARCH, 1991

The removal of vegetation from channels during March 1991 was accomplished by both shredding operations and by herbicide applications. Thirty-three channels that included Buffalo Creek I-B-3 and five (5) of its tributaries, Keegans Bayou VII-B, and several Sims Bayou tributaries received shredding operations.

Herbicide applications were made to sixteen (16) channels that included Big Creek II-B, Rabbs Bayou II-D, and Willow Fork of Buffalo Bayou V-A. The most targeted pest plant was giant ragweed.

The bridge crews worked on watergate replacements, bridge repairs and fence replacement. Seven (7) watergates were repaired or replaced on Cedar Creek I-B, Coon Creek II-B-3-d, Cottonwood Creek II-B-24, Deer Creek II-B-5, and Snake Creek I-C. Two (2) bridges were replaced on Big Creek II-B and Cottonwood Creek II-B-24-b and one (1) was repaired on Snake Creek I-C-7. The crew also worked on the replacement of fence along Brazos River II-H.

The excavation of Deer Creek II-B-5 continued with a variety of equipment. Approximately eight thousand, two hundred (8,200) cubic yards of spoil dirt were dug and spread. Work was also done on the establishment of back slope drain swales.

The LinkBelt LS-98C dragline continued on Cow Creek II-A. Approximately fourteen thousand, two hundred (14,200) cubic yards were dug.

The Brazos River II-H project also continued where the Northwest 9570 dragline dug eighteen thousand, four hundred (18,400) cubic yards of dirt.

Various equipment assisted with precinct projects during March. The Caterpillar D-6 bulldozer assisted Precinct #2 with the installation of a temporary crossing of Big Creek II-B at Sawmill Road, while the Caterpillar EL-240 hydraulic excavator assisted Precinct #4 with the installation of culverts across Turkey Creek at Hopkins Road. The Fiat Allis FD-20 assisted Precinct #3.

The following charts show each project that received work during March, 1991 and which equipment was assigned.

RE: Monthly reports of Fee Officers

Gentlemen:

We have examined the monthly reports of certain Fee Officers identified below for the month of March, 1991. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

The breakdown of the fees paid by the Tax Collector in March is attached to this letter.

The following is the criminal and civil case report for the JPs for the month of March, 1991.

| JP | # OF CASES: | New | Pending | Dismissed | Paid | Open | Civil Cases |
|---|---|---|---|---|---|---|---|
| JP 1 | Geick | 569 | 4502 | 108 | 338 | 4625 | 44 |
| JP2-1 | Molina | 272 | 1981 | 106 | 188 | 1959 | 61 |
| JP2-2 | Fredrickson | 462 | 523 | 169 | 303 | 513 | 6 |
| JP3 | Franks | 144 | 2623 | 90 | 197 | 2480 | 40 |
| JP4 | Adolphus | 458 | 4037 | 181 | 246 | 4068 | 15 |

There was nothing that would lead us to believe that these reports are not, in all material respects, a fair representation of cash transactions of the records presented to us.

We recommend that these reports be approved subject to completion of our examination of reports of such officers for the year ending December 31, 1991.

If the Court concurs, the following order might be adopted:

> Moved by Commissioner____, seconded by Commissioner____, duly put and carried, it is ordered that the monthly reports of fees collected by Fee Officers identified below, for the month of March, 1991 be approved as recommended by the County Auditor in his letter of May 6, 1991.

The Honorable District Judges and Commissioners' Court
Fort Bend County, Texas 77469

We have examined the receipts and disbursements of the Fee Officers for Fort Bend County for the year ended December 31, 1990. Our examination excluded tax collections of the Tax Collector which are separately examined and reported on for the tax fiscal years ending on June 30th.

Our examination included such tests of transactions and such other auditing procedures as we considered appropriate under the circumstances. In developing and evaluating the Fee Officers Accounting System, consideration is given to the adequacy of internal accounting controls. I believe that the internal controls surrounding the Fee Officers Accounting System adequately safeguard assets and provide reasonable but no absolute assurance of the proper recording and reporting of relevant financial transactions.

The general accounting records were maintained by employees of this office, but our examination was conducted by staff members who did not participate in the original accounting work.

During our examination, nothing came to our attention that would cause us to believe that the accompanying financial statements do not present fairly, in all material respects, the financial transactions that are presented on an accrual basis of accounting of the Fort Bend County Fee Officers for the year ending December 31, 1990.

If you accept this report, an order similar to the following should be entered in the minutes:

*Upon motion by Commissioner _____, seconded by Commissioner _____, duly put and carried, it is ordered that the report of Robert N. Grayless, County Auditor, being the annual report of District, County and Precinct Fee Officers of receipts and disbursements of fees be accepted and filed for record.*

In accordance with the law, copies of this report will be furnished to the companies bonding the officials.

Respectfully,

Robert N. Grayless,
County Auditor

Re: Lexington Colony Section 2
Bulkhead, Middle Oyster Creek
(Dulles Avenue to Ditch "B")

Dear Mr. Russell:

You may recall that this project was originally bid on March 12, 1991 resulting in one bid in the amount of $127,500.00 by Shirley & Sons. The bid was rejected and the project was re-bid on April 2, 1991. Three bids were received as follows: EMC Services, Inc., $116,856.40; John G. Holland, $100,170.00; Shirley & Sons, $87,680.00.

Shirley & Sons has done very satisfactory work on other projects with our firm, such as Lake Olympia, Sugar Lakes and Colony Bay. I hereby recommend awarding this contract to Shirley & Sons for their bid amount of $87,680.00.

I will be happy to respond to any questions you may have regarding this matter.

Very truly yours,

Tom Moody

dren, Luther, fifteen; William, eleven; Walter, six; Samuel, three; Josephine, one. Three boys were born after this census. There are descendants of Samuel Pharr and Lucy Pentacost living in Fort Bend County today.

The Pentacosts came from Maine in 1829 and George W., fifty-two, and children were living on their plantation in 1850. There were Susan, eighteen; Jane, twenty-one; William, eighteen; James D., twenty-five; Samuel B., three. George W. Pentacost was a veteran of San Jacinto where he served in Captain McIntire's Company. He is buried in Brown Cemetery on Big Creek along with Andrew Jackson Beard.

Among the descendants of Andrew Jackson Beard living in Fort Bend County today are Shirley Beard, Mrs. M. V. Brumbelow, Mrs. H. Brumbelow, Mrs. George Duty and Thurman Brown.

Down the Big Creek way there were many Pilants in 1850. William, fifty-eight, and Elizabeth, fifty-six, from North Carolina; and George B., thirty-eight, and Sarah, twenty-four; Mary Ann, twenty, and Susan C., fourteen, from Alabama. George had gone with his neighbor Captain Ryon on the Mier Expedition and was now home.

There was also a Dr. E. P. Pilant, twenty-nine, and his wife, Mary C. M., twenty-nine, from Tennessee, and their infant son, Alexander. The Doctor made the modest declaration in 1850 that his worldly goods were worth $800. Ten years later the Doctor told the census taker he was worth $48,000. Many evidences of such marvelous increase in wealth are found in this decade.

Robert Hodges, forty-five, stock raiser, lived on his league on the Bernard. He was from South Carolina and his wife, Susan, thirty-nine, from Louisiana. They had five children, all born in Texas: Edwin R., sixteen; Robert, fourteen; Samuel, nine; Jane, six; Susan, an infant.

Samuel C. Douglas, sixty-three, and his two sons John C., thirty-nine, and Freeman W., thirty-eight, were farmers and stock raisers from Georgia. Freeman W. was a veteran of San Jacinto and also one of the Mier men and drew a white bean and came home to tell the tales of his two years in Mexico.

Neighbors to the Hodges and the Douglases was the interesting family of Emory Holman Darst, then thirty-six, and his wife, Mary Ann, thirty, who was a daughter of the Colonist Elisha Moore, whose league lay partly across the Bernard. The 1850 census taker enumerated their children William M., eight; Jane L., five; Harriet, one, but later there were born David, Emma, Warren, Robert and Mary. After a residence of fifty-eight years

n Fort Bend County Emory H. died in 1880, but his wife, Mary Ann, lived until 1902. The daughter, Harriet Darst, married Sam, son of Robert Hodges, and the oldest son of Emory H. and Mary Ann, William M., married Susan, daughter of Robert Hodges.

William M. Darst, who was born in Fort Bend in 1842, was a most forceful and attractive personality and lived his whole life there. Of his several children only two survive (in 1939), Homer N. and Janie E.

Homer's son, Homer, who married Miss Inez Nott of Wharton, has two children, Elizabeth and William M., great-grandchildren of William Moore Darst.

Robert H. Darst, youngest son of Emory H. and Mary Ann, died in Richmond in 1938 and left surviving three sons, Harris, Thomas B. and Robert M.

Mary, the youngest daughter of Emory H. and Mary Ann, married Lewis Lum, son of Milton Lum and brother of Mrs. Sam Allen of Harrisburg who were natives of Fort Bend County.

Mary D. Lum, daughter of Lewis Lum and Mary Darst, married Raymond Moore, son of John M. Moore, and their daughter Lottie married Judge Max Rogers of Huntsville.

Jane Darst, daughter of Emory H. and Mary Ann, married Harry S. Mason and is survived by two sons, Harry S. and Turner Mason.

Emma Darst, daughter of Emory H. and Mary Ann, married James Davis and among their descendants are a son Sidney and a daughter Lida.

No family in all the annals of Texas has been more thoroughly identified with the progress of the State than the Darsts, who since they first came in the Colonial days, have been worthy men and women, and each generation has contributed its part.

Emory H., the father of the Fort Bend County Darsts, was born in Missouri, son of Abraham, who married Tobethy Calloway, granddaughter of Daniel Boone. Abraham's father Abraham was a native of Virginia and a soldier in the American Revolution. Abraham, the father of Emory H. and his wife Tobethy, granddaughter of Daniel Boone, had a headright league granted in 1831 which includes Damons Mound in Brazoria County. Their first corn crop in 1832 was very much ravaged by bears, but they had ample meat for they killed sixty bears in the cornfield.

One of Abraham's daughters, Lorena, sister of Emory H., married Samuel Damon and from them have sprung a multitude of Damons, who like the Darsts, have been and are worthy citizens.

Abraham Darst and his son, Emory H., were both at the battle of Velasco in 1832 and Emory and his four brothers and his brother-in-law, Sam Damon, were in the siege of Bexar in December, 1835.

Emory and his brother, John G., were with McNutt's Company at Harrisburg during the battle of San Jacinto and the brothers Patrick, Edmond and Richard were in the battle.

Jacob C. Darst, uncle of Emory H., who was a Colonist with DeWitt, was among those who perished in the Alamo.[9]

Benjamin Z. Boone, the Mier man, who like the Darsts was descended from Daniel Boone, was their neighbor on the Bernard in 1850.

William T. Lightfoot lived on the Bernard in 1850. He was then thirty-eight years old and a native of Kentucky. He had fought in the battle of San Jacinto in William Heard's Company, had married Sarah Jane Scott, twenty-four, and they had two small children, Joseph, five, and Mary Ann, eight. Mr. Lightfoot died on his plantation in 1850.

R. J. Calder, forty, with Mary W., his wife, thirty-four, and Robert J., ten; Jane, eight; Zemula, four; Ann M., three; Samuel D., one, were residents of the Bernard.

Calder came from Maryland before the Revolution of 1835-6 and commanded the Brazoria troops at San Jacinto. After the war he was first Sheriff of Brazoria County.

His son Robert J. was with Terry's Rangers and was killed at the battle of Moss Creek, Tennessee. Jane afterwards married W. L. Davidson, a Richmond lawyer whom, by courtesy, we called Major Davidson at the close of the century, and little Sam many years later married the daughter of Ex-President Lamar.

Ann married J. C. Williams, a Richmond lawyer, who was County Judge in the '80s and was County Attorney when he died in August, 1888. Although he identified himself with the Parker party, he, like Judge Somerville, had many friends and did not arouse enmities.

David, fifty-five, and Nancy Randon, thirty-four, lived on their league up the river. Old David, who was part Indian, was a very thrifty, sporty fellow and gave his worth at $33,000, a

They started in 1849, but came by land, and had a long and tedious trip, crossing the line of Texas, however, in the last named year. They first settled in Washington County, but soon came on to Fort Bend. About one year after arriving here her husband accidently killed himself with a gun. In November, 1853, she married Mr. Worthington.

came to Texas in the early '20s from St. Charles County, Missouri, and settled at Damon's Mound. This famous mound is situated partly in Fort Bend County and partly in Brazoria, all of the league of Mr. Darst being in the latter county. He was married twice, the children of the first wife being Emery, John, Edmund and Patrick. By his last wife were Rosetta and Richard. Emery Darst married Miss Mary Ann Moore. She was born in St. Charles County, Mo., and died in 1902, in the eighty-third year of her age. Her people came to Texas in 1827, when she was about seven years of age. Her father was Elisha Moore, also a native of Missouri, and a relative of Daniel Boone. Benjamin Boone, a Mier prisoner who died in Blanco County a few years ago, was a cousin to Mary Ann Moore. Lon Moore, an old settler and Indian fighter of Medina County, also says that he is related to Daniel Boone, and must be a branch of the same family. Some of the Darsts moved further west, and a creek in Guadalupe County is named for them. Some settled at Gonzales, and one was killed in the Alamo. Dave Darst and his family were the last ones to leave Gonzales on the approach of the Mexicans, and before they had proceeded far the smoke from the burning town was seen.

The Darsts were brave, reliable citizens, as all the old settlers were, with few exceptions, who came as colonists under Stephen F. Austin. Two of the Darsts, Edward

and R. B., fought at the battle of San Jacinto in the company of Captain William H. Patton.

W. H. Darst ("Chuck"), one of the sons of Emery Darst, was a Terry Ranger, and at one time served as sheriff of Fort Bend County. He still resides in the county and is a prominent stock man.

Robert Darst, another son of Emery Darst, and also one of the staunch citizens of Fort Bend County, resides in Richmond.

Mrs. Hallie Hodge, a sister, keeps a boarding house in Richmond.

There are many old settlers of Fort Bend County whom the writer can only give a passing notice of, as their history could not be procured.

Levi P. Scott was one of Fannin's men.

Courtney Gibbs was an old settler of this county.

J. W. Eckman came to Fort Bend in 1857 from Maryland.

John H. Herndon, another old ettler, and a member of the Somerville expedition.

Freeman Douglas was a Mier prisoner, and an uncle of Mrs. Mary W. Frost, Mrs. Phoebe D. Everett and Mrs. W. L. Davidson, of Richmond.

Mrs. Irene Hocker, born in Richmond.

Ingham S. Roberts, well posted on the Masonic history of Fort Bend.

Henrietta Lamar, wife of General Lamar, died October 8th, 1891, and is buried at Richmond.

M. M. Battle, an old settler of Fort Bend County, was born in New Orleans February 20th, 1800, and died at Richmond, Fort Bend County, January 15th, 1856. He at one time held the office of County Judge of Fort Bend.

$1,280. The payment was made in silver dollars.

A bronze tablet distinguishing the grave of David Darst, a Revolutionary soldier, was placed on a stone marker over his burial place in the Pleasant Hill Cemetery, one mile south of Defiance. The tablet was placed there by the Daughters of the American Revolution on Aug 22, 1928.

A PART OF HIS service record, obtained from the files of the Virginia State Library, show that he marched from Kentucky County, Va, on an expedition against the Shawnee Indians on July 8, 1785.

The march was under the command of Col George Rogers Clark. The manuscript payroll, known as 1-PD49, recites that he received five pounds, three shillings, in English money for his service.

He was the father of nine children. Two of the children were Abraham and Jacob Darst.

Abraham married Tabaitha Calloway, the daughter of Jerima Boone and Flanders Calloway. Tabaitha's paternal grandfather was Daniel Boone.

## Two came to Texas

Of the nine children, seven remained in Missouri and reared large families. Abraham and Jacob came to Texas.

Abraham came with Stephen F. Austin's second colony in 1829.

Jacob came with the DeWitt Colony. Green DeWitt, of Missouri, had a contract to settle 400 families in an area west of Austin's colony, and west of San Antonio Road.

San Antonio Road was the travel route from Nacogdoches to San Antonio, to Mexico City and to the eastern part of America. The DeWitt colony established the town of Gonzales.

Jacob settled in the Gonzales area and was one of 32 volunteers from that town who fought and died at the Alamo.

Abraham settled at what is now known as Damon's Mound in Brazoria County, which was at one time a part of Fort Bend County.

Abraham's property consisted of 4,428 acres, a league of land. Each settling family was to receive a league and a labor of land. A labor contains 177 acres. Abraham's property was known as the A. Darst League. It was granted to him in 1831 by the Mexican government.

Abraham Darst had five children by his first wife, Tabaitha. Lorena was one of the children. She was born in 1811 and married Samuel Damon from the state of Maine at Damon Mound in 1834. Their children were Daniel Boone Damon, Sylvester W. Damon, Warren, Samuel, Annie and Amanda Damon.

In 1833 Abraham died and was buried at Damon Mound.

## Emory born in 1814

Another child of Abraham and Tabaitha was Emory Holman Darst, the man of our cemetery story. He was born on Jan 26, 1814, in Saint Charles County, Mo, before his parents left for Texas. When Abraham came to Texas, his son Emory was 15 years old.

In 1841 Emory Darst married Miss Mary Ann Moore, a daughter of Elisha Moore. The Moores were members of Austin's original 300 colonists in 1827.

At the time of Emory's death an obituary appeared in the Texas Christian Advocate. The death notice carried a Richmond, Texas, dateline and was written by Mrs George W. Pleasants.

## 'With rifle in hand'

The obituary notice stated Emory Darst died in the Pleasants' residence "in his 67th year, for 52 years a resident of Texas."

The notice read as follows:

"From the capture of the Fort at Velasco from the then-existing government of Mexico in June, 1832, to the final action of that despotic government, he was always present with rifle in hand.

"He was in the campaign of 1835 under the command of Stephen F. Austin, which resulted in the storming and capture of San Antonio and all of the forces that were defending it, and in the campaign of 1836 under Gen Sam Houston, which resulted in the Battle of San Jacinto and the expulsion of the marauders of our soil.

"Emory Darst belonged to that class of soldiers who were their own quartermasters.

"When the toscin sounded, the mess started in and lasted from 12 to 24 hours with the packhorses or mules carrying all necessary supplies and ammunition and substance for immediate consumption. When the night overtook them and they bivouacked, their horses claimed their attention. They were staked and properly cared for and then the comfort of the inner man was attended to.

## Married Mary Moore

"Emory H. Darst in the year 1841 married Miss Mary Ann Moore, the descendant of two families of worth and eminence in the early years of Texas, the Moores and the Gillets. By this union there were eight children. Emory and his wife settled on the San Bernard River in the western portion of Fort Bend County where they lived in great happiness and reared their families. The distinguished traits of this old veteran were firmness and justice which procured him and influenced acquaintances rarely accorded to individuals in this locality.

"No trickery or crookedness in business or politics received countenance from him the whole course of his life. He had no cause whatever to be in courts either as plaintiff, defendant or prosecutor. His simple word was as good as his bond in his transactions with his fellowman."

AS PER ORIGINAL

The Darst history background contains the information that Emory and his father Abraham were with John Austin's company and participated in the Battle of Velasco in 1832 and at that time Emory was 18 years old.

## *Stormed San Antonio*

Emory and four of his brothers and his brother-in-law, Sam Damon, were with Burleson's army in the campaign which terminated in the capture and storming of San Antonio in December, 1835. He and his brothers, John G., Patrick E., Edmund E. and Richard B. Darst, together with Sam Damon, were with Sam Houston's army in the San Jacinto campaign.

**Emory, his brother John G. and Sam Damon were detailed to guard the camp equipment opposite Harrisburg during the actual battle.**

Patrick, Edmund and Richard participated in the actual engagement. They were all members of Capt William H. Patton's company, the family history relates.

## *Guarded Santa Anna*

Emory Darst was one of the members of Capt Patton's company detailed to guard Santa Anna when the Mexican general was held prisoner at the Phelp's Plantation in Brazoria County after the Battle of San Jacinto.

In his own written accounts of incidents that occurred concerning the battle, Emory Darst told of having reported every cannon shot fired during the battle by cutting notches on a tree with his pocket knife.

**He told of how he used the leg of an extra pair of "drawers" as a sack to hold his share of the sugar distributed among the soldiers. The supplies had been captured from the Mexican army.**

Another incident he related of his experiences during the early days stated that during the first year after the Darst family arrival in Texas they killed as many as 60 black bears in the corn patch near their home at Damon's Mound, Brazoria County.

William Moore Darst, eldest child of Emory and Mary A. Darst, married Miss Susan Hodges (daughter of Susan and Robert Hodges, members of Austin's original 300).

## *Ball HS teacher*

One of his sons, Homer Norwood Darst, married Miss Inez Nett of Wharton. To this union was born one son, Homer William (Jack) Darst, who married Miss Elisabeth Robertson of Galveston. (Jack Darst died July 3, 1965.) Their two children are Elisabeth Fontaine, an artist, and William Maury. William Maury married Miss Mary Lou Hughes of Bellaire. Their son is Robert Maury, three months. Maury Darst is head of the journalism department at Galveston's Ball High School.

**When Emory and Mary Darst began their marriage, they erected a one-room log house. It had a dirt floor. The house was situated where Turkey Creek empties into the San Bernard River on the northeast corner of the Elisha Moore league of land in Fort Bend County.**

The house was added to from time to time. It finally consisted of a living room, four bedrooms, a dining room, all in the main house. A shed room was used as an extra bedroom and kitchen. Dairy units were connected by a passageway. They contained a shed on either side used as a smokehouse, tool house and storage area.

## *Home, barns burned*

The barn and stables, cow lot and other outbuildings were to the west of the house. Beautiful monarch cypress trees grow along the river where the home once stood. It burned many years ago. One of the original log barns was still standing until the early 1930s when it also burned.

Snake Creek Cemetery contains graves of many of the area's early-day settlers. Some are marked only by iron stakes. They are all important because they are the link to our past.

The most recent grave is that of Louis Kallwelt, 1892-1960. His daughter, Mrs Gilbert Oberhoff of Rosenberg, said:

**"My father roped cattle there in his young years and wanted to be buried there. Once someone asked him why he wanted to be buried away out there in that lonesome spot and my father laughed and replied, 'Well, if there's any news I guess we'll get it if in Snake Creek Cemetery."**

The cemetery, believed to be about 100 years old, is situated about 200 feet from Snake Creek. The land belongs to Ladd Stavinoha of Needville. Emory Darst lived about 13 miles from the cemetery.

**Perhaps some day the spot will become a recognized landmark of historical Texas.**

**Written records state that he was in the Battle of Velasco. He was in the campaign of 1835 under the command of Stephen F. Records show that later, after his defeat and capture, Santa Anna was held prisoner at the Phelps Plantation, Oroximbo, a few miles above Columbia, and one of the guards detailed to watch him was young Emory H. Darst.

David Darst was born in Shenandoah County, Va, Dec 18, 1757. He married Rosetta Holman in 1763 and they moved to Woodford County, Ky, in 1784.

IN 1798 they migrated to Saint Charles County, Mo, and settled in the valley near Defiance, which since has been known as Darst Bottom on Osage Creek.

The place is pretty hard to find. I'll show you where the place is if you're interested. I'd sure like to know what a relative of Daniel Boone is doing buried 'way out there.'"*

"Texas is heaven for men and dogs, but hell for women and oxen."

That quote, often repeated in our state, was said to have been made by young men in the days of the Texas Revolution.

THE REMARK was made about those days, when Texas was on the brink of freedom from Mexico, a wild land where the battles were against the elements, animals, Indians, the vastness, and Mexico.

Those were the times when men dared to venture forth and stay longer. One of those men was Emory Holman Darst, a great-grandson of Daniel Boone. Boone was the famous and romantic adventurer in Kentucky, who, after exploratory trips, set out with a band of settlers for that region in 1773.

Emory Darst was a good Texan. He is buried in Snake Creek Cemetery about eight miles southwest of Needville in Fort Bend County.

Gentlemen:

I will appear in Court on Monday, April 22, 1991, to request permission for the issuance of an RFP for the purchase of "Opening Day" book collections for our new branches.

These Requests For Proposals will be received by book wholesalers who are in the business of providing books to libraries. The books will be prepared for us, ready to be put on the shelf. The entire process is closely associated with the Dynix automation system that we purchased not long ago.

We are proposing minimum purchases for all 4 new branches (Missouri City, First Colony, Sugar Land and Simonton-Fulshear) in order to negotiate the best discount. These branches will of course open one-by-one and it will be several years before we build them all. We would like the successful bidder to be aware of the total scope of our buying, so that he can propose a good discount.

Overall we may buy a minimum of $665,000 worth of books for the branches in this way. Funds for these "opening day" collections were part of the bond funding for the branches.

Sincerely,

Honorable Roy Cordes, Jr.
Commissioner R.L. Bud O'Shieles
Commissioner Grady Prestage
Commissioner Alton Pressley
Commissioner Bob Lutts

Gentlemen:

I would like to apply for a grant of $100,000 available from the Texas State Library.

This Library Services and Construction Act Title II Public Library Construction grant program is federally-funded and distributed by the Texas State Library. It may be used for everything except the purchase of library books and materials in a capital improvement project.

This grant will be applicable to the First Colony Branch Library construction and if received will most likely be used to defray architectural costs. This project will begin late this year.

We applied for and received an $88,100 grant for the Missouri City Branch Library last year. We hope to be as successful this year.

Attached please find a list of assurances that must be made at the time of this application. They are all do-able and we are in the process of implementing a number of them now as we begin spending last year's LSCA Grant for Missouri City.

I will appear before you on Monday, May 6, 1991 to present this request.

Sincerely,

Roman S. Bohachevsky

Re: Southwest Savings Association, et al. vs. The Fort Bend Appraisal District and The Fort Bend County Appraisal Review Board; Cause No. 65988 (1881-23965)

Dear Mike:

Southwest Savings recently received 24 Applications for Tax Refund forms from the Fort Bend County Tax Assessor/Collector which she stated would need to be filled out before my client's refund would be processed.

As you know, the Agreed Judgment states that any refund due would be issued pursuant to Code § 42.43, and this section of the Code does not require my client to calculate the amount of refunds it is owed or fill out any forms in order to receive its refunds. The amount of refund which is owed by the County is a mathematical calculation which the County ought to be able to do without too much trouble. My client is willing to make a written request for all the refunds which it is owed by all of the taxing units, and you can consider this letter as such a request, but my client will not be put in the position of filling out 72 different refund application forms.

I also note that these refund forms from Fort Bend County were mailed to Southwest Federal Savings in Austin, Texas. I wanted to call this matter to your attention since Stipluation No. 4 requires that the refunds be delivered to my office.

Mike, I am forwarding this letter to you rather than directly to Marsha Gaines so you can handle this situation in the

manner you deem appropriate. If you would like for me to correspond directly with Ms. Gaines, please let me know and I will be glad to do so.

Sincerely,

GEARY, STAHL & SPENCER

# Independent Auditors' Report

The Board of Directors
Fort Bend Subsidence District
Richmond, Texas:

We have audited the balance sheet of the Fort Bend Subsidence District (the District) as of December 31, 1990 and the related statement of revenues, expenditures and changes in fund balance - General Fund - budget and actual for the year then ended. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the General Fund of the Fort Bend Subsidence District as of December 31, 1990 and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

## Notes to Financial Statements

December 31, 1990

### (1) Summary of Significant Accounting Policies

The following is a summary of the significant accounting policies followed by the Fort Bend Subsidence District (the District).

#### (a) District Formation

The District was created under Article 16, Section 59 of the Texas Constitution, as passed by the Texas Legislature, House Bill 2819 (the Act) in 1989 and began operations January 1, 1990. The Act provides that the District is responsible for the regulation of the withdrawal of ground-water within the boundaries of Fort Bend County for the purpose of ending subsidence in that area. Persons or entities operating or drilling water wells are required by the Act to apply for a permit.

The District's Board of Directors is responsible for the approval and issuance of permits and set the rate of permit fees, which are based on the permit term and the maximum annual amount of ground-water authorized to be withdrawn from the well.

Permit fees collected by the District are used to cover the costs of issuing permits and performing other regulatory functions under the Act.

#### (b) Basis of Presentation - Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of a fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures.

The acquisition and uses of the District's expendable financial resources and the related liabilities are accounted for in the General Fund, a type of governmental fund. The measurement focus of this fund is based upon the determination of changes in financial position rather than net income.

#### (c) Basis of Accounting

The modified accrual basis of accounting is used to account for General Fund operations. Under this method of accounting, revenues are recorded when received except for revenues susceptible to accrual, i.e., both measurable and available. Expenditures are generally recorded when the liability is incurred and expected to be paid from available resources.

Permit fees are recognized as revenues in the year in which the permit term begins. Any permit holder who does not pump the total amount of water which was approved by the District is entitled to a permit fee rebate based on the amount of under pumpage, provided that the rebate is requested within ninety days of the permit termination date. All permit fee rebates are recognized on a cash basis and reduce permit fee revenues in the period refunded.

## FORT BEND SUBSIDENCE DISTRICT
### Notes to Financial Statements

**(d) Budgeting**

The District uses the following procedures in establishing the budgets reflected in the financial statements:

- Prior to the close of the fiscal year, the Board of Directors is presented with a proposed budget for the following fiscal year. The budget includes proposed expenditures and the means of financing them. The Board of Directors establishes rates for permit fees to support the approved budget.

- Budgets are considered a management control and planning tool and as such are incorporated into the accounting system of the District.

- An annual budget is adopted for the General Fund. The budget is prepared on a basis of accounting that is used for reporting in accordance with generally accepted accounting principles.

**(e) Fund Balances**

The District had no restricted or designated fund balances at year-end. The entire unrestricted fund balance at December 31, 1990 is available for future use.

**(f) Provision for Income Taxes**

The District is an organization described in Internal Revenue Code Section 115 and no tax provision is necessary in regard to its excess revenue.

**(2) Reporting Entity**

The District is the lowest level of government exercising oversight responsibility and control over all activities related to the operation of the District. The District is not included in any other governmental "reporting entity" as defined by generally accepted accounting principles applicable to governmental entities since the Board of Directors has decision-making authority, the power to designate management, the ability to significantly influence operations and primary accountability for fiscal matters.

**(3) Cash and Investments**

The District's investment policies and the types of insurance and collateral maintained on cash and certificates of deposit were as follows:

As of December 31, 1990, the District had cash of $29,608 in its general account at the District's central depository bank. Since this amount is less than $100,000 and is fully insured by the Federal Deposit Insurance Corporation, the depository bank is not required by the Act to maintain any other collateral to secure it.

## FORT BEND SUBSIDENCE DISTRICT
### Notes to Financial Statements

**(4) Related Parties**

The District entered into an Interlocal Agreement (the Agreement) with the Harris-Galveston Coastal Subsidence District (HGCSD) on December 14, 1989. The Agreement provides for certain services to be performed by HGCSD for the District relating to the administration and operations of the District. In exchange for these services, the District is required to remit an agreed-upon portion of all permit fees collected and all application fees collected. The total expense recognized in 1990 related to this agreement was $209,901 or 91% of total reported revenues. The liability related to the Agreement was $14,148 at December 31, 1990.

POSSIBLE CHANGE ORDERS

Dear John:

As a review the status on Change Orders on this Project are:

| | | | |
|---|---|---|---|
| C.O. #1 | Roof Support Steel | $4,080 | Approved by Comm.Court. I have asked Marsha's Office to follow up on obtaining Judge Cordes signature on the C.O. Form. |
| #2 | Insulation | $305 | Drachenberg is currently considering this. M.E.P. Engineer recommends this. |
| #3 | Grab Bars @ R.R. | $780 | AK has asked Wohman for a further break-down on this. AK is checking the design w/Missouri City. |
| #4 | Window Wall @ Marsha's Office | $1,404 | Marsha is considering this now. |

I do not forsee any other Change Order possibilities. Do you agree?

Sincerely,

Ann Knauth

It is hereby agreed between the parties, however, that if the Development Guidelines are amended after the Effective Date (as defined herein), such amendments shall not be applied retroactively to reverse or rescind any prior approvals extended or granted with respect to the Property. The Development Guidelines shall be substantially similar in form and content to that attached hereto as Exhibit D (see Section 9.05).

"Earnest Money" means the sum of Seven Thousand Five Hundred and No/100 ($7,500.00) to be paid by check made payable to the Title Company and which shall be delivered by Purchaser to Seller with Purchaser's executed originals of this Contract. Purchaser shall then deliver one original, signed by Purchaser and the Title Company, to Seller. In the event Purchaser fails to execute this Contract and deliver same with the Earnest Money to the Title Company on or before May 15, 1991, then in such event, this Contract shall be null and void and any Earnest Money delivered by Purchaser to Seller shall be returned to Purchaser.

## TITLE, SURVEY, AND INSPECTIONS

3.01 Title Commitment. Seller, at Seller's sole cost and expense, has caused the Title Company to issue and deliver to Purchaser the Title Commitment, accompanied by one (1) copy of all recorded documents relating to or affecting the Property as shown in Schedule B of the Title Commitment.

3.02 Survey. Within twenty (20) days after the Effective Date, Seller, at Seller's sole cost and expense, shall have caused the Survey to be completed by the Surveyor and has caused to be delivered three (3) sets thereof to Purchaser and one (1) set thereof to the Title Company.

3.03 Permitted Exceptions. All Existing Title Exceptions not objected to by Purchaser by notice to Seller within thirty (30) days after receipt of both the Title Commitment and the Survey, shall be deemed to be Permitted Exceptions. Should Purchaser make objection to Seller within such period, Seller may (but shall not be obligated to) cure such objections, and if same shall not be cured within twenty (20) days after Purchaser's notice to Seller of said objections, Purchaser may either waive said objections or (only by notice to Seller given within five (5) days after the expiration of such twenty (20 day period) terminate this Contract, in which latter event Purchaser shall then be entitled to the prompt return of the Earnest Money and all accrued interest. If Purchaser fails to give notice of termination within such five (5) day period, Purchaser shall be deemed to have waived said objections, the uncured exceptions shall be deemed Permitted Exceptions, and Purchaser shall purchase the Property subject thereto.

3.04 Inspections. Seller agrees that at any time after the Effective Date, Purchaser or Purchaser's agents may enter upon the Property and make, at Purchaser's sole cost, risk and expense, any inspections, tests, surveys and studies of the Property which Purchaser may desire; provided, however, Purchaser shall deliver (in the event of Purchaser's termination of this Contract pursuant to this paragraph) to Seller a copy of every report of findings which is issued as a result of such activities, and Purchaser shall cause the Property to be restored to its condition prior to any of Purchaser's or its agent's activities which alter the condition of the Property. Purchaser agrees to have each of its contractors or agents, which are retained by Purchaser to perform any tests or inspections on the Property indemnify and save Seller harmless from and against any and all damages, costs, injuries and liabilities to the Property and/or any persons or property of any persons which may occur by reason of or in connection with any such inspections, tests, surveys, studies or any other entry upon or use of the Property by Purchaser's agents or contractors; regardless of whether such injuries or damages are caused in part by the negligence of Seller, but such indemnity provided herein shall not be applicable to any occurrence resulting from the sole negligence or willful misconduct of Seller. Purchaser shall notify Seller before the end of the Feasibility Period that as a result of Purchaser's inspections, tests, survey or studies, Purchaser has determined that the Property is not suitable for Purchaser's intended use and accordingly desires to terminate this Contract, in which event this Contract shall terminate and Purchaser shall receive a refund of the Earnest Money save and except $100.00, which $100.00 shall be paid to Seller as

consideration for such inspection period. Failure to give such notice prior to the end of the Feasibility Period shall constitute Purchaser's election not to terminate this Contract pursuant to this Section 3.04.

## ARTICLE IV

4.04 Prorations. General and special real estate taxes and assessments for the then current year relating to the Property and rents, if any, shall be prorated as of the Closing Date and shall be adjusted in cash at the Closing. If the Closing shall occur before the tax rate is fixed for the then current year, the apportionment of the taxes shall be estimated upon the basis of the tax rate for the preceding year applied to the latest assessed valuation, and an appropriate cash adjustment shall be made between the parties based upon actual taxes (if different from the esti-

mate) within thirty (30) days after request by one party of the other after the amount of such taxes becomes known. This agreement to adjust shall survive Closing.

4.05 Closing Costs. All costs of closing the sale and purchase of the Property shall be borne as follows:

A. Cost of the Survey to be paid by Seller.

B. Cost of the Owner's Title Policy to be paid by Seller, but, any costs or premiums charged by the Title Company to modify or delete standard printed exceptions (e.g., deletion of the survey exception except for "shortages in area") shall be borne by Purchaser and Purchaser will also pay for title insurance in excess of the Purchase Price.

C. Filing fees for the Deed to be paid by Purchaser.

D. Escrow fee, if any, charged by the Title Company to be paid one-half by Seller and one-half by Purchaser.

E. Attorneys' fees of Seller and Purchaser to be paid by each, respectively.

F. Any other closing costs, unless otherwise specified in this Contract, to be borne in accordance with custom in Fort Bend County, Texas.

## ARTICLE V

## EARNEST MONEY

5.01 Purchaser. For the purpose of securing performance of Purchaser under the terms and provisions of this Contract, Purchaser shall deliver the Earnest Money to the Title Company upon its execution of this Contract. Seller and Purchaser hereby request that the Title Company invest the Earnest Money in an interest bearing account at Texas Commerce Bank National Association. All interest earned upon the Earnest Money shall be distributed as part of the Earnest Money in accordance with this Contract. The Earnest Money shall be collected and delivered by the Title Company to Seller in the event Purchaser breaches this Contract as provided in Article VII hereof. At Closing, the Earnest Money shall be applied to the Purchase Price.

5.02 Escrow Agent. In connection with the escrow of the Earnest Money by the Title Company, it is understood that Title Company (i) does not assume or have any liability for performance or non-performance of any party, and (ii) has the right to require the receipt, release, and authorization in writing of all parties before paying the Earnest Money to any party.

5.03 Attorneys' Fees. In the event either Seller or Purchaser becomes entitled to the Earnest Money upon termination of this Contract in accordance with its terms, Purchaser and

Seller covenant and agree to deliver a letter of instruction to the Title Company directing disbursement of the Earnest Money to the party entitled thereto. In the event either party hereto fails or refuses to sign or deliver such an instruction letter when the other party is entitled to disbursement of the Earnest Money, such party shall pay, upon the final order of a court with appropriate jurisdiction, all reasonable attorneys' fees incurred by the party so entitled to the Earnest Money in connection with the recovery thereof and interest on such amount disbursed at the lesser of 18% per annum or the maximum rate allowed by state or federal law from the date of refusal to sign such a letter releasing the Earnest Money.

## ARTICLE VI

## BREACH BY SELLER

If Seller shall fail to fully and timely perform any of its obligations hereunder, either prior to or at the Closing for any reason other than (a) the termination of this Contract by Seller pursuant to a right of termination provided for in this Contract or (b) Purchaser's failure to perform Purchaser's obligations under this Contract, then Purchaser shall have the following remedies, which shall be Purchaser's exclusive remedies: (i) to enforce specific performance of Seller's obligations under this Contract, subject, however, to the Permitted Exceptions and any additional exceptions affecting the Property (Seller having no obligation whatsoever to cure such exceptions except for voluntary liens imposed on the Property by Seller), or (ii) to terminate this Contract by giving written notice thereof to Seller prior to or at the Closing whereupon neither party hereto shall have any further rights or obligation hereunder, and the Title Company shall deliver the Earnest Money to Purchaser, free of any claims by Seller or any other person with respect thereto.

## ARTICLE VII

## BREACH BY PURCHASER

If Purchaser shall fail to fully and timely perform any of its obligations hereunder, either prior to or at the Closing for any reason other than (a) the termination of this Contract by Purchaser pursuant to a right of termination provided for in this Contract or (b) Seller's failure to perform Seller's obligations under this Contract, then Seller, as Seller's sole and exclusive remedy, shall be entitled to terminate this Contract and receive the Earnest Money from the Title Company, such amount being agreed upon as liquidated damages (and not as a penalty, Seller and Purchaser hereby acknowledging that the amount of damages resulting from a breach of this Contract by Purchaser would be difficult or impossible to accurately ascertain) for the failure of Purchaser to perform the duties, liabilities and obligations imposed upon it by the terms and provisions of this Contract, and Seller agrees to accept and take said Earnest Money as its total damages and relief.

## ARTICLE VIII

## NOTICE

Any notice, communication, request, reply, consent, approval or advice ("Notice") in this Contract provided or permitted to be given or made by either party to the other must be in writing and shall, unless otherwise in this Contract expressly provided, be given or served by depositing the same in the United States mail, postage prepaid and registered or certified and addressed to the party to be notified, with return receipt requested, or by delivering the same in person to the party to be notified, or by postpaid telegram addressed to the party to be notified. Except as otherwise expressly provided in this Contract, Notice deposited in the mail in the manner herein above described shall be effective from and after two (2) days (exclusive of Saturdays, Sundays and postal holidays) after such deposit. Notice given in any other manner shall be effective only if and when received by the party to be notified. For purposes of Notice, the addresses for the parties shall, until changed as hereinafter provided, be as follows:

If to Purchaser, to:

## ARTICLE IX

## UTILITIES AND CONDITIONS PRECEDENT

9.01 Utilities. There shall be in existence at Closing within public street rights-of-way or utility easements contiguous to the Property, water, storm drainage, and sanitary sewer lines which are available to provide utility service to the Property and sufficient in size to serve Purchaser's intended use of the Property, but all customary costs or fees required to tie or tap into such utilities shall be borne by Purchaser. Notwithstanding the foregoing, Seller, at Seller's cost and expense, shall bring the storm drainage line to the edge of the Property. Seller has conveyed the necessary easements for electrical and gas utility service for the Property; however, Purchaser

must make arrangements with Houston Lighting and Power and Entex, respectively, to obtain such utility service for the Property.

9.02 Utility Commitment Letters. Seller shall cause sufficiently sized utility lines to be installed to serve the Property. It is understood that prior to Closing, Seller, on behalf of Purchaser, shall be responsible for applying for and the securing of utility commitment letters from all utility companies or districts serving the Property, certifying that each has sufficient capacity available and allocated to the Property to service the facilities to be construed thereon. In the event Seller is unable to secure utility commitment letters from all utility companies and districts serving the Property, Purchaser shall have the option, as its sole remedy, of notifying Seller and the Title Company in writing that Purchaser is terminating this Contract, whereupon all the Earnest Money (i.e., without deducting the costs for Replatting) shall be delivered by the Title Company to Purchaser and neither Seller nor Purchaser shall have any further obligations or liabilities under this Contract. Seller makes no representation on behalf of the utility companies or districts as to the allocation of utility service to the Property.

9.03 Sidewalks and Curb Cuts.

A. Purchaser acknowledges being informed that the City of Sugar Land requires the installation of sidewalks not less than four (4) feet in width on both sides of all major and minor streets in any platted subdivision. Purchaser agrees as part of Purchaser's construction of improvements on the Property, at Purchaser's sole cost and expense, to construct sidewalks on the Property, if necessary and required by the City of Sugar Land, meeting the guidelines of the Association and the regulations and ordinances of the City of Sugar Land. This obligation of Purchaser shall survive the Closing.

B. All curb cuts for the Property will be in accordance with the Development Guidelines and will be subject to Association approval. Purchaser acknowledges that no esplanade cuts will be needed to serve the Property.

9.04 Replatting. Unless the Property is condemned by Purchaser (see Section 9.05), Purchaser acknowledges that it is aware that the Property will need to be replatted by Seller before the Property may be sold to Purchaser. Accordingly, as a condition precedent to Seller's obligation to sell the Property to Purchaser, the Property shall be replatted by Seller before Closing as a "Restricted Reserve"; being restricted for public buildings (including, but not limited to, a county library facility). Purchaser is aware that such Replatting may take as long as five (5) months. Purchaser acknowledges that Seller will start the Replatting on or after the Effective Date. Accordingly, if Purchaser terminates this Contract as provided herein and such termination is not due to any fault of Seller, Purchaser shall reimburse Seller for any costs it incurs in Replatting the Property, but in no event shall such reimbursement exceed $3,500.00. The Title Company is hereby instructed to deduct such amount from the Earnest Money and pay the same to Seller. In the event Closing has not occurred within one hundred fifty (150) days of the Effective Date, Purchaser shall have the option, as its sole remedy, of notifying Seller and the Title Company in writing that Purchaser is (a) terminating this Contract, whereupon all the Earnest Money (i.e., without

deducting the costs for Replatting) shall be delivered by the Title Company to Purchaser and neither Seller nor Purchaser shall have any further obligations or liabilities under this Contract, or (b) extending the Closing Date up to an additional ninety (90) days to allow the Replatting to be completed. If Purchaser elects to extend the Closing Date as provided in the preceding sentence and Replatting is still not completed within the ninety (90) day extension, this Contract shall be null and void and all the Earnest Money (without deducting any costs for Replatting) shall be delivered by the Title Company to Purchaser.

9.05 Supplemental Restrictions and Condemnation. Purchaser acknowledges being informed that the Supplemental Restrictions currently restrict the use of the Property for "residential dwellings and no other purpose." Seller acknowledges that Purchaser has, by law, the right of eminent domain to condemn the Property or any interest therein for any public purpose pursuant to Chapter 261 of the Local Government Code. Instead of Purchaser condemning the fee estate in and to the Property, Purchaser has agreed, in consideration for a $15,000.00 adjustment to the Purchase Price, to only condemn the Supplemental Restrictions or such lesser interests Seller has in the Property so as to permit the use of the Property for the construction and maintenance of a public building, specifically, a county library facility.

9.06 Development Guidelines. Seller hereby reserves the right to promulgate and issue the Development Guidelines, all as Seller may deem necessary for the orderly development of the Property. During the Feasibility Period, Purchaser shall have the right to review the Development Guidelines before Seller formally promulgates said Development Guidelines or issuing same. In the event the Development Guidelines are materially different from Exhibit D, or render the Property unusable for a county library facility, or for good reason are not acceptable to Purchaser, then this Contract may be terminated by Purchaser upon written notice to Seller, whereupon neither party hereto shall have any further obligations or liabilities to the other hereunder and the Earnest Money shall be refunded to Purchaser.

## ARTICLE X

## BROKERAGE COMMISSIONS

10.01 Purchaser's Representation. Seller represents and warrants to Purchaser that it has had no dealings or contacts of any kind with any real estate broker or agent with respect to this Contract, the negotiations thereof or any transaction incident or related thereto. The foregoing representation and warranty shall survive the Closing or termination of this Contract.

10.02 Seller's Representation. Purchaser represents and warrants to Seller that it has had no dealings or contacts of any kind with any real estate broker or agent with respect to this Contract, the negotiations thereof, or any transaction incident or related thereto. The foregoing representation shall survive Closing or termination of this Contract.

## ARTICLE XI

Seller hereby represents to Purchaser that the facts recited below are true and accurate and that if prior to the date of Closing Date Seller discovers that one or more of such facts are untrue or inaccurate it will inform Purchaser in writing of its discovery. The obligation of Purchaser to consummate this transaction shall be contingent upon the lack of any material variance with respect to the truth and accuracy of all such facts as of the Closing Date. In accordance with the immediately preceding sentences, Seller represents to Purchaser as follows:

(iii) Subject to Section 10.05 of this Contract, to the best of Seller's knowledge, there is no action, suit, proceeding or claim affecting the Property or any portion thereof relating to or arising out of the ownership, operation, sue or occupancy of the Property by Seller pending or being prosecuted in any court or by or before any federal, state, county or municipal department, commission, board, bureau or agency or other governmental instrumentality nor, to the best of Seller's knowledge, is any such action, suit, proceeding or claim threatened.

(iv) Subject to Section 10.05 of this Contract, to the best of Seller's knowledge, there is no pending condemnation or similar proceeding affecting the Property or any portion thereof, and Seller has not received any written notice that any such proceeding is contemplated.

(v) Seller has no knowledge of any pending or threatened governmental proceeding or any other fact or condition which would limit or result in the termination of the existing access to the Property.

(vi) There are no tenant leases affecting the Property.

(vii) There are no attachments, executions, assignments for the benefit of creditors, receiverships, conservatorships or voluntary or involuntary proceedings in bankruptcy or pursuant to any debtor relief laws filed by Seller or pending against Seller or the Property.

(viii) No part of the Property has been assessed for real estate taxes during the preceding five (5) years using (i) "agricultural use" value within the meaning of TEX. Const. Art. XIII, 1-d to value the Property or any part thereof, or (ii) by treating the Property or any part thereof as "open-space land devoted to timber production on the basis of its productive capacity" or "open-space land devoted to farm or ranch purposes on the basis of its productive capacity" within the meaning of TEX. Const. Art. XIII, 1-d-1, or (iii) by treating the Land or any part thereof as "land designated for agricultural use" within the meaning of TEX. TAX CODE ANN. 23.41-23.46 (Vernon 1982, as amended); or, (iv) by treating the Property or any part thereof as "qualified open space land" within the meaning of TEX. TAX CODE ANN. 23.51-23.57 (Vernon 1982, as amended); or, (v) by treating the Land or any part thereof as "Qualified Timber Land" within the meaning of TEX. TAX CODE ANN. 23.71-23.79 (Vernon 1982, as amended).

(ix) Seller is not and has never been a "foreign person" within the meaning of Sections 1445(f)(3) and 7701(a)(30) of the Internal Revenue Code of 1986, as amended.

(x) Seller represents and warrants that during Seller's ownership of the Property and, to the best of Seller's knowledge without any special investigation or inquiry, prior to Seller's ownership, that there has been no application, use, treatment, production, generation, discharge disposal or storage on, from, or onto the Property, of any "hazardous waste", as that term is defined in the Resource Conservation and Recovery Act, the Comprehensive Environmental Resources, Compensation and Liability Act, and/or the regulations issued pursuant thereto by the Environmental Protection Agency ("EPA"), and there is no proceeding or inquiry threatened or pending by any governmental body with respect thereto.

(xi) To the best of Seller's knowledge and belief, no portion of the Property has been identified by any governmental agency and Seller has not identified any portion of the Property to contain land that is wetlands pursuant to existing laws or regulations.

## ARTICLE XII

RESTRICTIVE COVENANTS

The terms used hereinafter shall have the following meanings:

"Association" means the First Colony Community Services Association, Inc., a Texas non-profit corporation.

"Declaration" means that Declaration of Covenants, Conditions and Restrictions for First Colony dated June 18, 1982, and filed for record on June 22, 1982 under Clerk's File Number 24932 and in Volume 1059, Page 152, et seq., of the Deed Records of Fort Bend County, Texas, as amended by those instruments filed for record under Clerk's File Number 36382 and in Volume 1077, Page 448, et seq., of the Deed Records of Fort Bend County, Texas, and by those instruments filed for record under Clerk's File Number 8523500 and in Volume 1672, Page 769, et seq.; Clerk's File Number 8640159 and in Volume 1872, Page 1684, et seq.; Volume 1899, Page 231, et seq.; and Clerk's File Number 8827135 and in Volume 2039, Page 2590, et seq., respectively, of the Official Records of Fort Bend County, Texas.

"Development Guidelines" means the Grants Lake Section Two Municipal Development Guidelines, as promulgated and issued by the New Construction Committee (the "NCC") of the Association, setting forth architectural, site improvement, and signage guidelines; procedures for the submission of plans and specifications for approval; and any additional standards or criteria for the Property, as the same may be adopted, promulgated, and amended from time to time by the NCC.

"Restrictions" mean those covenants, conditions, restrictions, and other matters affecting the Property, including, but not limited to the Declaration, as amended, filed for record in the Official Records of Fort Bend County, Texas, as set forth in Exhibit B to this Deed.

Except as otherwise specifically set forth in these Restrictive Covenants, all capitalized terms used herein shall have the meanings set forth in the Declaration, the Restrictions, and the Development Guidelines.

1. Permitted Uses. The Property may be used solely for county library facility or other county service facility of Fort Bend County, Texas.

2. NCC Approval Required. No Improvement shall be constructed, remodeled, replaced, or altered in any manner on any portion of the Property unless Plans (as defined and contemplated in the Declaration; including, but not limited to, a Design Development Plan, Exterior Plan, Lighting Plan, Signage Plan, Landscaping Plan, and Site Plan) have first been submitted to and approved in writing by the NCC, as required and specified in the Declaration. The purpose of the

approval process shall be (i) to ensure compliance with these restrictive covenants and with the Development Guidelines as promulgated from time to time by the NCC, and (ii) to confirm that the quality of the materials, colors, and external design of the proposed Improvement are compatible with the surrounding topography. The construction, remodeling, replacement, or alteration of any Improvement shall comply in all respects with the Development Guidelines now in existence and as promulgated from time to time by the NCC. Copies of the Development Guidelines shall be furnished upon request to the NCC. Approval of Plans shall not cover or include approval for any other purpose; specifically, but without limiting the foregoing, no such approval shall be construed as a representation by Declarant, the NCC, or the Association as to any responsibility for the design or quality of any Improvement or for the ultimate construction of any such Improvement.

3. Exterior Construction. All buildings on the Property shall have exterior walls of face brick, or an equivalent, permanent material approved in advance by the NCC. No building on the Property shall be covered with sheet or corrugated aluminum, asbestos, iron, or steel.

4. Mechanical Equipment. All roof-top mechanical equipment shall be screened from the view of adjacent streets and buildings, which screening shall be accomplished by the use of materials compatible with the building's architecture, or by the use of a parapet wall. Ground-mounted equipment, such as power transformers and air conditioning equipment, shall be screened from public view by fencing or landscaping, all of which must be approved in writing by the NCC.

5. Underground Utilities. No pipe, conduit, cable, or line for water, gas, sewage, drainage or steam shall be installed or maintained (outside of any building) above the surface of the ground within the Property, unless otherwise approved by the NCC. Electricity or any other energy or service may be installed above ground with approval from the NCC.

6. Setback Lines and Areas.

a. Setback Lines are established with respect to the Property (measured from the applicable boundary line of the Property):

| | Building Setback Line (in feet) | Surface Parking Setback Line (in feet) |
|---|---|---|
| Austin Parkway | 40 | N/A |
| Grants Lake Boulevard | 35 | 25 |
| Side Property | 25 | 10 |
| Rear Property | 25 | 10 |

b. No Improvements on or above natural ground level may be located within a Setback Area other than utility installations, landscaping (including berms or other sculptured landscaping), signs, lighting, sidewalks, walkways, streets, driveways, drives,

FORT BEND COUNTY LIBRARY

running tracks, benches, bus shelters, water fountains and drinking fountains, all as approved by the NCC.

7. Parking Spaces. The number of Parking Spaces for motor vehicles to be constructed on the Property shall be equivalent to ten (10) parking spaces plus one (1) additional space for every three hundred square feet (300 sq.ft.) of Gross Building Area in excess of two thousand square feet (2,000 sq.ft.). No use shall be made of the Property which requires or is reasonably expected to require parking in excess of the capacity of the facilities maintained on the Property for parking.

8. Landscaping.

a. All areas of the Property not otherwise improved shall be landscaped in accordance with the Landscaping Plan approved as provided in the Declaration, the Development Guidelines, and these Restrictive Covenants, and shall conform to the Site Improvement Guidelines. Unless the NCC permits otherwise in writing, Grantee shall be responsible for and shall landscape the area between the boundary lines of the Property and the curbline of any adjacent street, and the Landscaping Plan shall provide therefor.

b. The work required by the Landscaping Plan (the "Landscaping Work") shall be completed within thirty (30) days of substantial completion of the first building located on the Property or the initial occupancy of such building, whichever occurs first. If weather or construction conditions do not permit the completion of the Landscaping Work, then the same shall be completed as soon thereafter as such conditions permit. If Grantee fails to complete the Landscaping Work as required above, then the Association shall advise Grantee in writing that Grantee has ten (10) days to complete the Landscaping Work. If Grantee then fails to complete the Landscaping Work, the Association shall have the right (but not the obligation) to enter upon the Property and complete the Landscaping Work. All costs incurred by the Association in completing the Landscaping Work shall be reimbursed to the Association within thirty (30) days after receipt of a statement for such work. If Grantee fails to reimburse the Association as described above, the amount of such charge shall constitute a lien on the Property on which the Landscaping Work was performed and shall be enforceable in the same manner as any other assessment lien as provided for in the Declaration or these Restrictive Covenants.

9. Signs.

a. All signs and their locations, design; and materials must be approved by the NCC in writing prior to installation. All signs shall conform to the requirements of the Signage Design Guidelines. Temporary site identification, construction and leasing signage are also specifically subject to approval by the NCC and the requirements of the Signage Design Guidelines.

b. Any sign erected in violation of the Declaration, the Development Guidelines, and these Restrictive Covenants shall be removed within five (5) days of receipt of written notice from the Association demanding such removal. If Grantee fails to remove such sign within such five (5)-day period, the Association shall have the right (but not the obligation) to enter upon the Property and remove such sign. The cost of such removal shall be assessed against and paid by Grantee in the manner provided in the Declaration, the Development Guidelines, and these Restrictive Covenants. If the amount of such charge is not paid, such charge shall constitute a lien on the Property and shall be enforceable like any other assessment lien as provided for in the Declaration, the Development Guidelines, and these Restrictive Covenants.

c. All signs, if illuminated, shall be backlit in such a manner so as not to create an unsightly appearance.

d. Grantee shall be responsible for and shall erect all necessary traffic, directional, and warning signs of the size and character appropriate for such purposes.

e. Temporary signs shall be permitted during construction, provided that Grantee first secures the written approval of the NCC. Approval of the NCC shall be valid for the period of time specified by the NCC, but in no event shall such approval extend beyond a period of two (2) years.

10. Screening.

a. The right of Grantee to use any building or buildings shall not be construed to permit the keeping of articles, goods, materials, incinerators, storage tanks, or like equipment in the open or exposed to either public view or view from any adjacent building. If it becomes necessary to store or to keep such materials or equipment in the open, they shall be screened (including berming) from view, and the screen shall be of a height at least equal to that of the materials or equipment being stored, but in no event less than six feet (6') in height. Added screening must also be provided to shield such stored materials and equipment from view from adjacent buildings.

b. No storage of rubbish or trash shall be permitted at any time outside any building, except in dumpsters screened from view by permanent walls of a height that is at least two feet (2') higher than the dumpsters, but in no event less than six feet (6') high. Such walls shall be constructed of concrete, steel, or masonry compatible with the Approved Building and shall have a permanent gate for access to the storage area, which gate shall not be visible from a Front Property Line or Grants Lake Boulevard and shall remain closed when not in use. No storage area shall be permitted between any building on the Property and the Front Property Lines of the Property.

c. Water towers, storage tanks, processing equipment, stand fans, skylights, cooling towers, communicating towers, vents, and any other structures or equipment shall be

architecturally compatible with the Approved Building or effectively screened from public view by an architecturally sound method.

d. No boats, trailers, campers, horse trailers, buses, inoperative vehicles of any kind, camping rigs off trucks, boat rigging, or other vehicles or associated equipment of recreational or commercial nature shall be parked or stored permanently or semi-permanently on the Property unless properly screened from public view in a manner approved, in writing, prior to construction by the NCC.

11. Limitation on Street Curb Cuts. Grantee will neither seek permission to construct nor construct curb cuts not reflected on the approved Plans without the prior written approval of the NCC. In no event shall any curb cuts be allowed on Austin Parkway.

12. Fences. No fence shall be constructed or maintained within any Setback Area. No fence in other areas of the Property (except fences screening mechanical equipment and utility connections) shall be constructed or maintained without the prior written approval of the NCC. Chain link fences and wood lined fences shall not be permitted.

13. Exterior Illumination. All surface parking areas, driveways, and the front sides of all buildings shall have exterior illumination facilities of a power and design approved by the NCC as part of the Lighting Plan and in conformity with the Development Guidelines. Such illumination shall be designed so that it does not produce glare on adjacent streets. All ground level floodlighting fixtures shall be depressed or screened from public view in a manner approved by the NCC.

14. Maintenance. Grantee shall have the duty of and responsibility for keeping the Property in a well-maintained, safe, clean, and attractive condition at all times. If, in the opinion of the Association, Grantee is failing in this duty and responsibility, then the Association may give Grantee notice of such fact, and Grantee must, within five (5) days of such notice, undertake the care and maintenance required to restore the Property to a safe, clean and attractive condition. If Grantee fails to fulfill this duty and responsibility after such notice, then the Association shall have the right and power to perform such care and maintenance, and Grantee (and both of them) shall be liable for the cost of any such work and shall promptly reimburse the Association for the cost thereof. If Grantee fails to reimburse the Association within thirty (30) days after receipt of a statement from the Association for the cost of such maintenance, the amount of such maintenance cost shall constitute a lien on the Property and shall be enforceable as any other assessment lien in the manner provided for in the Declaration, or these Restrictive Covenants.

15. Grading and Drainage. Surface drainage shall be collected on-site and connected to underground storm drain structures. Care shall be taken to prevent damage to adjacent property during construction or after completion of any Improvements. Grading of the site shall be done without damaging existing trees.

16. Loading Docks. No loading docks having a dock-high or overhead door shall be permitted on the Property. Double door entryways at grade shall be permitted, provided that such doors are approved in advance by the NCC.

17. Open Space. Open Space within the Property shall be landscaped and maintained by Grantee; provided, however, that the Association has landscaped and shall continue to maintain certain Open Space areas, title to which is held in fee or easement by the Association.

18. Prohibited Structures. No metal fabricated buildings, trailers, tents, shacks, barns or temporary buildings or structures, other than construction offices and structures for related purposes during the construction period, shall be installed or maintained on the Property without the prior written approval of the NCC. All temporary structures used for construction purposes must receive the approval of the NCC with regard to location and appearance and must be removed promptly upon completion of construction.

19. Standards and Procedures. The NCC has established and promulgated the Development Guidelines, which the NCC may modify or amend as it deems necessary and appropriate; but not limited to, those portions of the Development Guidelines regarding workmanship, materials, building methods, observance of requirements concerning installation and maintenance of public utility facilities and services and compliance with governmental regulations. The rules, standards and procedures set forth in the Development Guidelines, as may be amended, shall be binding and enforceable against Grantee in the same manner as any other restriction set forth in the Declaration or these Restrictive Covenants.

20. Variances. Variances to the restrictions contained in these Restrictive Covenants may be granted in the manner prescribed in the Declaration.

## I. INTRODUCTION

A. Property Description. The Property contains 2.0 acres of land, more or less, out of Residential Reserve "G" (hereinafter referred to as the "Grants Lake Governmental Facilities Area" or the "GLGFA") of Grants Lake Section Two, according to the map or plat thereof recorded under Slide Numbers 621/B and 622/A of the Plat Records of Fort Bend County, Texas, and located at the intersection of Austin Parkway and Grants Lake Boulevard in the master-planned community known as First Colony. The Property is included in the real property described in Exhibit "A" to that Declaration of Covenants, Conditions and Restrictions for First Colony dated June 18, 1982, and filed for record under Clerk's File Number 24932 and in Volume 1059, Page 152, et seq., of the Deed Records of Fort Bend County, Texas, as well as all amendments thereto (hereinafter collectively referred to as the "Declaration"), and is therefore subject to all of the covenants, conditions, restrictions, and assessments contained in the Declaration, including but not limited to those covenants, conditions, restrictions, and assessments contained in that Grants Lake Section Two Supplemental Amendment dated December 9, 1983, and filed for record under Clerk's File Number 61580 and in Volume 1345, Page 787, et seq., of the Official Records of Fort Bend County, Texas (the "Supplemental Amendment"). Unless otherwise specifically defined in these Development Guidelines, all capitalized terms used herein shall have the meanings set forth in the Declaration and/or the Supplemental Amendment.

The GLGFA is currently planned to include a county library site or other county service facility site under the administration of Fort Bend County, a political subdivision of the State of Texas.

B. Purpose. The purpose of these Development Guidelines is to create a high quality development by maintaining influence over the design, concept, and construction of improvements in the GLGFA. The GLGFA abuts currently planned townhome sites on two (2) sides, and these Development Guidelines are intended to integrate commercial and residential uses harmoniously.

Specific guidelines are presented herein in order to achieve attractive environmental results and desirable visual elements in the GLGFA. They are intended to provide direction to the owner/contractor/developer by defining certain items and areas which should be common to the project as a whole. Pursuant to the Declaration, the First Colony Community Services Association, Inc. (the "Association") will be responsible for enforcing these Development Guidelines. However, it should be noted that in some

instances the owner/contractor/developer will have to obtain approvals and/or permits from the City of Sugar Land, Texas. In such cases, the owner/contractor/developer will be required to comply with the City requirements, regulations, and codes as they pertain to the owner/contractor/ developer's project.

C. Architectural Review. As provided in the Declaration, and in order to ensure the integrity of the development concepts defined in these Guidelines, all new construction, subsequent construction, exterior remodeling, expansion, and demolition of structures are subject to the approval of the New Construction Committee ("NCC") or the Modifications Committee ("MC"), as applicable, of the Association.

These Development Guidelines are further intended to provide standards of a general nature to Owners and Occupants in the GLGFA; however, it must be recognized that the NCC maintains a high degree of flexibility and latitude in its approval/disapproval of Plans in order to accommodate, in its judgment, the objectives of the development as well as continuing its efforts toward securing the full benefits of advanced technology, improved efficiency, and progressive developmental concepts.

D. Standards and Procedures. The NCC has established and promulgated these Development Guidelines, may be modified, amended, and supplemented from time to time, without notice, as the NCC deems necessary for the orderly development of the GLGFA; including, but not limited to, the modification of provisions regarding workmanship, materials, building methods, observance of requirements concerning the installation and maintenance of public utility facilities and services, and compliance with governmental regulations. In no event, however, shall any such modification or amendment of these Development Guidelines be applied retroactively by the NCC to reverse any approval previously granted to any Owner or Occupant within the GLGFA.

## II. ARCHITECTURAL GUIDELINES

In evaluating submissions for its approval pursuant to these Development Guidelines, the NCC's decisions shall not be based on personal opinion or taste. Rather, judgments of acceptable design will be based on the following criteria:

A. Conformance with Protective Covenants. All submissions will be reviewed to confirm that the Improvements conform with all covenants, conditions, and restrictions affecting the GLGFA.

B. Validity of Concept. The basic idea for the type of proposed Improvements must be sound and appropriate for the surroundings.

C. Design Compatibility. The proposed Improvements must be compatible with the architectural characteristics of the applicant's building, adjoining buildings, and the setting as a whole. Compatibility is defined as similarity in architectural style, quality of workmanship, and type and application of materials, color, and construction details. The NCC will strive for compatibility while allowing opportunity for fresh interpretations.

D. Location and Impact on Surrounding Property. The proposed Improvements should relate favorably to the landscape, the existing structures, and the surrounding property. The primary concerns are access, view, sunlight, ventilation, and drainage. Specifically, all four (4) sides of the proposed library building should present a favorable elevation with windows rather than any "back-side" view of a building.

E. Scale. The size (in three dimensions) of the proposed Improvement should relate well to both adjacent structures and its surroundings.

F. Materials and Colors. Materials for proposed Improvements should be compatible in both texture and color. All buildings shall have exteriors of brick veneer. The brick may have both a primary brick and an accent brick or be a blend of approved brick. The accent brick's location and quantity shall be approved by the NCC. Approved brick is limited to the following:

| **Manufacturer** | **Description** |
|---|---|
| St. Joe Brick Works, Inc. | Light, Soft Red, Rose Blend, Full Range, Dark Range |

These approved bricks represent blends of bricks which are acceptable. Any combination of the blends may be acceptable, but such combination of bricks must be approved in advance by the NCC. Often, a panel will be required for submission prior to final approval by the NCC. Brick similar in color and texture from a different manufacturer than specified will be considered by the NCC. Jumbo Brick will be allowed for structures over 8,000 square feet. All brick should be modular for buildings containing 8,000 square feet or less.

G. Fence. In no event shall any fence be installed on the GLGFA without the prior written approval of the NCC. Any such approved fence shall be, in the sole discretion of the NCC, designed to relate favorably with the landscape, the existing structures, and the surrounding property, and constructed out of materials which are designated by the NCC.

H. Workmanship. The quality of workmanship should be equal to or better than that of the surrounding area, since poor practices, in addition causing the Owner problems, can

be visually objectionable to others and can also create safety hazards. Neither the Association nor the NCC assumes any responsibility for the safety of new construction with respect to design or workmanship.

I. Timing. Projects which remain incomplete for long periods of time are visually objectionable, as well as creating a potential nuisance and safety hazard for neighbors and the community; therefore, all submissions must include estimated completion dates. If the proposed construction time period is considered unreasonable, the NCC may disapprove the submission.

J. Roof Pitch & Material. Flat roofs will not be permitted. Roofs must be pitched between 8/12 and 10/12 and shall be standing seam or super slate in a dark gray color range similar to the following:

| Roof Manufacturer | | Color |
|---|---|---|
| AEP Span | (1) | Slate Grey |
| | (2) | Zinc Grey |
| Berridge | (1) | Zinc Grey |
| | (2) | Charcoal Grey |

No roof vents of any kind will be allowed on any street elevation.

## III. SITE DEVELOPMENT GUIDELINES

The GLGFA is depicted on Exhibit "A", together with the required building siting (at the intersection of Austin Parkway and Grants Lake Boulevard), with the parking north of the building, accessing only Grants Lake Boulevard. Setbacks, siting, and landscape requirements are shown on Exhibits "A", "B", and "C", as described below.

A. Landscaping Plan and Guidelines. Prior to any construction within the GLGFA, the Owner must submit and obtain NCC approval of its Landscaping Plan. The Landscaping Plan shall include: (i) drawings and specifications with respect to lawns, shrubs, decorative plantings, trees, and plants, and the size and location thereof; (ii) an underground irrigation sprinkler system; (iii) the screening of all storage, loading and unloading areas, surface parking areas, driveways, and front sides of all buildings and all other areas where lighting is to be used; (iv) sidewalk design plans; and (v) other matters reasonably requested for inclusion in the Landscaping Plan by the NCC.

Within the parking Setback Area Owners must provide for and install a hedge of ligustrums three feet (3') in height and three feet (3') in depth surrounding the parking

field. The ligustrums shall be triangularly spaced thirty-six inches (36") on center in a double row. The initial ligustrum plants shall be at least five gallon (5 gal.), container-grown plants having a diameter of approximately thirty-six inches (36") or an NCC-approved equivalent. Sites shall be landscaped in order to prevent a passerby from seeing either the lower portion of traffic or parked vehicles.

Trees and grass lawns have been installed, irrigated, and maintained along Austin Parkway and Grants Lake Boulevard. The Association will continue to maintain, replace, and irrigate the trees and lawn along Austin Parkway between the street curb and the sidewalk. The maintenance and irrigation of trees and lawns along Grants Lake Boulevard will be the responsibility of the Owner of a Tract, or in a case where trees are located in the street right-of-way adjacent to a Tract, the adjacent Tract Owner will be responsible for all maintenance, replacement, and irrigation.

Tree plantings shall be as follows:

| | | | | |
|---|---|---|---|---|
| • | Along Grants Lake Boulevard | 65 gal. | Live Oak | 50' o.c. (see Exhibit B) |
| • | Along Northernmost Side of Property | 65 gal. | Live Oak | 50' o.c. (see Exhibit C) |
| • | Along Easternmost Side of Property | 65 gal. | Live Oak | 50' o.c. (see Exhibit C) |

Owners adjacent to the northernmost and easternmost boundaries of the GLGFA shall plant sixty-five gallon (65 gal.) live oaks fifty feet (50') on center, alternating with the above tree plantings.

Site landscaping shall be included in the Landscaping Plan to soften the impact of the buildings and other structures within the GLGFA, to be accomplished by plantings immediately adjacent to such buildings and structures.

All Open Space (as defined below) shall be landscaped either with trees and shrubs as herein provided, or sodded with Bermuda grass. Acceptable plant materials include the following:

(i) Shade Trees. Live Oak, Red Oak, Drake Elm, Willow Oak, Pecan, Ash, and Water Oak.

(ii) Ornamental Trees. Magnolia, River Birch, Redbud, Savannah Holly, Deodar Cedar, Dogwood, Crepe Myrtle, and Flowering Pear.

(iii) Shrubs. Ligustrum, Azalea, Xylosma, Nandina, Spirea, Aspidistra, Abelia, Pittosporum, Indian Hawthorne, Photinia, Holly, and Dwarf Crepe Myrtle.

If an Owner does not commence construction of Improvements on a Tract within six (6) months of the date of acquisition of the Tract, such Owner shall landscape that part of the Tract located within the parking Setback Area along all Primary Thoroughfares with an appropriate ground cover, such as Bermuda grass and trees as described above. Thereafter, the Owner shall maintain such ground cover and trees in a clean, neat, and safe condition and keep same free of weeds and mowed until the commencement of construction of Improvements on the Tract. The foregoing six (6)-month period may be extended with the written approval of the NCC. These requirements shall not apply, however, to any portion of the GLGFA owned by Declarant.

B. Drainage, Water, and Sewer. All the sites within the GLGFA shall be graded and paved to drain into the storm drains interior to the site. Any areas that will contribute to storm drain run-off shall not carry contaminates from those areas into the storm drains. Driveways shall be kept swept and clean and free of contaminating spills. Applicable federal, state, and municipal codes shall apply.

C. Governing Codes. An Owner's construction on, occupancy of, or use of a site, including that by a lessee, contractor, or other person or entity constructing or occupying and/or using the site, shall at all times comply with all laws, regulations, orders, and ordinances governing or protecting the environment or public health. These include, but are not limited to, the Federal Clean Water Act, 33 U.S.C. §1251 et seq.; the Federal Clean Air Act, 42 U.S.C. §7200 et seq.; the Resource Conservation and Recovery Act, 42 U.S.C. §6291 et seq.; the Comprehensive Environmental Response Compensation and Liability Act (Super Fund), 42 U.S.C. §9801 et seq.; the Toxic Substances Control Act, 16 U.S.C. et seq.; the Endangered Species Act, 16 U.S.C. et seq.; the Migratory Bird Treaty Act 16 U.S.C. §703 et seq.; the Texas Solid Waste Disposal Act, Article 4477-7, V.T.C.S.; the Texas Clean Air Act, Article 4477-S, V.T.C.S.; the Texas Water Code; the Texas Radiation Control Act, Article 4590-F, V.T.C.S.; and the Texas Sanitation Law, Article 4477-1, V.T.C.S.

D. Driveways and Sidewalks. External points of ingress and egress shall connect with each other and shall be no more proximal than one hundred feet (100'). These points will serve the entire GLGFA and form a consistent flow for all Tracts.

A concrete sidewalk has been installed along Austin Parkway. Owners shall be responsible for installing a sidewalk along Grants Lake Boulevard as shown on Exhibit B. The sidewalk will follow these specifications:

1. Sidewalks at street corners will provide handicapped ramps.

2. The ground will be excavated four inches (4") to allow for subgrade material placement.

3. Two inches (2") of sand will line the excavated area.

4. Six inch by six inch (6"x6") wire mesh will be used in all sidewalk composition.

5. Concrete will be 3,000 psi.

6. Sidewalks will be four feet wide and at least four inches in depth (4'x4").

7. A four inch (4") picture-frame edge with grooves every four feet (4') will be installed.

8. Redwood expansion joints will be placed every twenty feet (20').

9. Slopes immediately adjacent to the surface of the sidewalk will be graded to prevent erosion onto or adjacent to the sidewalk.

E. Pavement. All site pavement will be steel-reinforced concrete. Pavement materials and textures shall be consistent with those used in common and public areas. Highlight accents must be approved by the NCC.

F. Minimum Slab Elevation. Each Approved Building on any Tract shall have a slab elevation at least eighteen inches (18") above natural ground and at least eighteen inches (18") above the 100-year flood plain as designated by the Federal Emergency Management Agency. Minimum natural ground elevations shall be as indicated on the respective plats.

G. Illumination. Applicants shall submit a Lighting Plan which depicts the design layout and illustrate a point-by-point foot candle on the site, as well as the type, size, and style of the lighting. The Lighting Plan must take into consideration the planned townhome use of land adjacent to the GLGFA, using lighting that does not present glare to the townhomes.

Exterior area lighting fixtures shall be high pressure sodium-controlled beam fixtures. The following fixture is approved for use throughout the GLGFA, but any other fixture similar, but not equal, to the following will be allowed only on specific approval of the NCC:

Lithonia Hi-Tek
Vertical Lamp Site Light

30 foot square pole mounted and length of bracket shall not exceed 18 inches

Exterior Accent lighting and spot lighting shall be quartz fixtures (narrow beam).

The lighting fixtures shall be bronze finish, either baked enamel or anodized.

H. Hydrocarbon Filtration. If, after reviewing surface drainage plans for Tract operations, the NCC determines that operations on the Tract site will produce any run-off effluent that is environmentally unacceptable (such as, but not limited to, an effluent containing unacceptable levels of petroleum derivatives or hydrocarbons) the NCC may require that such effluent be filtered through a sand and aggregate filtration system to improve run-off water quality.

I. Other. Book drop boxes and bike racks shall be designed and located so they will not detract from the aesthetics of the GLGFA as a whole.

## IV. SIGNAGE DESIGN GUIDELINES

The design, location, and materials of all signs must be described in a Signage Plan to be approved in advance by the NCC.

The color and type of signage must compliment the character of a structure, as well as the GLGFA as a whole. One (1) color per sign is preferred; however, deviations may be considered by the NCC to accommodate registered company trademarks.

The NCC criteria for evaluating and approving signs are attached ("Signage Design Guideline"). Signage in the GLGFA shall be constructed of materials compatible to the building rather than retail style, ground-mounted signs.

## V. CONSTRUCTION GUIDELINES

A. Guidelines. The location and physical character of all temporary structures shall be subject to review by the NCC.

Construction materials shall be stored on-site in an orderly manner that will not interfere with roadway traffic. Material storage methods and locations shall be subject to the review of the NCC. Streets shall be maintained in a clean condition and swept and cleaned at least weekly (more often if needed).

Existing trees that are to be preserved within the tree screen, street right-of-way, greenbelt, and other Open Space areas must be adequately protected from damage during construction as outlined hereafter.

Existing trees that require removal shall be flagged ten (10) days prior to commencement of construction and the Association notified in writing to allow for appropriate tree removal. Street trees that are the property of the Association and shall not be removed or relocated by any other parties.

Trees that have been designated for preservation must be adequately protected during construction. Those trees selected for preservation within an approved building site must be flagged and encircled with protective fencing; preferably four inch by four inch (4" x 4") posts eight feet (8') on center with three (3) two inch by 4 inch (2" x 4") cross members eighteen inches (18") on center. The fencing must extend beyond the full spread of the tree's branches to provide adequate protection. The clearing of underbrush under a tree's dripline should not occur until completion of construction activities.

Owner/contractor/developer should respect a tree's protectional area by avoiding the following actions:

- Dumping backfill into the protected area.
- Excavating soil from the protected area.
- Felling trees into the protected area.
- Parking under trees.
- Driving construction equipment into or through the protected area.
- Stacking or storing supplies and/or equipment in the protected area.
- Changing the site grading in any manner that allows drainage to flow into or collect in the protected area.
- Locating temporary construction buildings in the protected area.
- Dumping of paints, thinners and other toxic materials into the protected area.
- Burning refuse materials within fifty feet (50') of the protected area.

Whenever it is necessary to trench or bore near protected trees for utilities, all possible care should be used to avoid injury to tree roots. Excavations in areas where roots are two inches (2") or larger in diameter should be done by hand and the roots tunneled under.

In the event any tree designated for preservation is damaged, it should be repaired or replaced in a NCC-approved manner at Owner's expense as soon as possible. If necessary, a tree specialist should be consulted and appropriate measures taken to prevent loss of specimen trees.

B. Controls. In an effort to avoid errors in building placement, the owner/contractor/developer is required to notify the NCC one (1) week prior to completion of foundation forms and prior to any concrete being poured for slabs, piers, footings, or any foundation component. Upon such notification, the NCC will conduct a verification of foundation placement as evidenced by forming and as required by approved plans and specifications. This verification procedure will be done at the NCC's expense and will be performed in a timely manner. After this verification is performed and confirmed in writing by the NCC, the owner/contractor/developer may proceed with foundation construction.

Dear Judge Cordes:

On April 12, 1991 President Bush declared Cameron County a disaster area as a result of damages caused by severe storms on April 5-6, 1991. In addition, the counties of Brazoria, Jackson, Victoria and Willacy have been added to the Presidential Declaration as of April 23, 1991.

Your county is contiguous to a declared county in the State of Texas. Therefore, farmers and ranchers are eligible to apply for emergency loans through the local Farmers Home Administration Offices (FmHA) serving your county. Also, businesses in your county that have suffered economic injury as a result of these storms are eligible to apply for Economic Injury Loans through the Small Business Administration (SBA). Businesses may file applications through the SBA by calling 1-800-527-7735.

**Service Changes.** The type, size and amount of equipment, the frequency of service, and corresponding changes in rates, may be changed by the parties, either in writing or by the practices and actions of the parties, without affecting the validity of this Agreement. This Agreement shall continue in effect for the term provided herein and shall apply to changes of service address location of the Customer within the area in which BFI provides collection service.

**Failure to Perform.** In the event Customer terminates this Agreement prior to the expiration of its term, Customer agrees to pay BFI as liquidated damages an amount equal to the sum of Customer's monthly billings for the most recent six (6) months, or, if Customer has not been serviced for six (6) months, Customer's average monthly billings for the months serviced or if none, the billing projected by BFI for the first month, multiplied by six (6). Customer acknowledges that the foregoing liquidated damages are reasonable in light of the anticipated loss to BFI caused by the termination and are not imposed as a penalty. In the event Customer fails to pay BFI all amounts which become due under this Agreement, or fails to perform its obligations hereunder, and BFI refers such matter to an attorney, Customer agrees to pay, in addition to the amount due, any and all costs incurred by BFI as a result of such action, including, to the extent permitted by law, reasonable attorneys' fees.

**Excused Performance.** Neither party hereto shall be liable for its failure to perform or delay in performance hereunder due to contingencies beyond its reasonable control including, but not limited to, strikes, riots, fires, and acts of God.

**Assignment.** Neither party shall assign this Agreement without the prior written consent of the other party, except that BFI without Customer's consent may assign this Agreement to any corporation affiliated with BFI.

*Terms and Conditions*

Apple offers a manufacturer-sponsored, prepaid service plan for your Apple personal computer system, including Apple-manufactured peripheral devices and interface cards.

AppleCare agrees to service and provide all parts and labor necessary to repair your covered Apple equipment listed on the reverse side under Equipment Covered, and restore it to proper operating order, upon the following terms and conditions.

**AppleCare may be purchased only through a participating authorized Apple reseller. To be sure you are purchasing AppleCare from a participating authorized reseller, call 1-800-538-9696.**

If you want AppleCare coverage for a machine that is no longer under warranty or under an AppleCare Agreement, a participating authorized Apple reseller must first inspect the machine to determine its acceptability for AppleCare coverage. There may be a separate charge for this inspection.

*I. Terms of Agreement*

You can purchase AppleCare Service Plan coverage for up to three years (36 months). The term of this Agreement does not begin until after the expiration of the Apple Limited Warranty.

All charges for coverage shall be due and payable as of the date of this Agreement and shall be nonrefundable once paid.

*II. Services Provided*

**Except as otherwise set forth in this Agreement, Apple agrees to provide the remedial maintenance and repair, including all parts and labor, that Apple deems necessary and appropriate to restore failed Covered Equipment to proper working condition.**

*III. Services Excluded*

Coverage under this Agreement shall not include:

- Inspection and testing by the reseller resulting in "no trouble found." **(The reseller may charge you for this service.)**
- Electrical work external to the Covered Equipment, as well as the addition, installation, removal, and maintenance of accessories, attachments, machines, or other devices (Apple and non-Apple) not covered by this Agreement.
- Repair, maintenance, and adjustment to the Covered Equipment required for reasons other than ordinary wear and tear, including, but not limited to, neglect, misuse (including faulty installation, repair, or maintenance by parties other than Apple or a participating authorized Apple reseller), accident, modification without Apple's prior written approval, use with other devices not covered under this Agreement, improper environment (including lack of proper temperature or humidity control), unusual physical or electrical stress or interference, failure or fluctuation of electrical power, lightning, static electricity, fire, relocation or reinstallation of the equipment by anyone other than Apple or a participating authorized Apple reseller, or acts of God.
- Routine maintenance such as, but not limited to, periodic cleaning of printer head, ribbon replacement, furnishing of supplies, accessories, or consumable items such as, but not limited to, paper, ribbons, and disks.
- Service necessary to comply with requirements of regulations of any government body or agency arising after the date of this Agreement, or if the serial numbers of the Equipment have been tampered with or removed.

*IV. Obtaining Service*

In order to obtain service, you should deliver the Covered Equipment to be serviced, during the term of this Agreement, to the participating authorized Apple reseller from whom you purchased AppleCare coverage, or to any other participating authorized Apple reseller who carries the product in need of service. (For the location of a participating authorized Apple reseller near you, call Apple Computer at 1-800-538-9696.)

The Covered Equipment must be accompanied by your AppleCare Confirmation Certificate (or this order form, if you have not received your Confirmation Certificate). All interconnecting cords and cables must accompany the Covered Equipment to be serviced.

All non-Apple equipment, accessories, attachments, and modifications, and all programs, data, and storage media must be removed from the Covered Equipment before it is delivered for service. Apple shall not be responsible for items that are not removed.

*V. Limitation of Liability*

Apple, in its sole discretion, may replace the Covered Equipment in whole or in part with comparable equipment and may use remanufactured and refurbished parts and modules in performing service. Replacement parts and modules shall become your property; the replaced parts shall become the property of Apple. Apple shall have no obligation to return replaced parts.

**In no event shall Apple be liable for any delay in rendering service under this Agreement.**

Apple's maximum liability under this Agreement shall be limited to the replacement of the portion of the Covered Equipment under dispute with comparable equipment.

**This is a service contract. Apple shall have no liability or responsibility to you or any other person or entity with respect to any liability, loss, or damage caused directly or indirectly by Apple equipment or programs sold or provided by Apple, Apple replacement parts or units, or service provided by Apple, including, but not limited to, any interruption of service, loss of business or anticipatory profits, or consequential damages resulting from the use or operation of the equipment. In no event shall Apple be liable for loss of profits or any indirect, special, or consequential damages arising out of any breach of this Agreement. If, during the term of this Agreement, any of the equipment is damaged as a result of its use with equipment not covered by this Agreement, Apple shall have the option, at its own election, to terminate this Agreement.**
