THE STATE OF TEXAS §
§
COUNTY OF FORT BEND §

**THIS AGREEMENT** is made on this the 14 day of April, 1991, by and between **FORT BEND COUNTY** (hereinafter referred to as the **"County"**), a body politic, acting herein by and through its duly authorized and empowered, Commissioners' Court and **HERMAN HOSPITAL** (hereinafter referred to as **"Provider"**), acting herein by and through its duly appointed officers.

**WHEREAS**, Chapter 61 of the Texas Health and Safety Code cited as the Indigent Health Care and Treatment Act (the "Act") provides for emergency assistance, i.e., trauma services, to each eligible resident of said County who does not reside in the area that the hospital has a legal obligation to serve; and

**WHEREAS**, Herman Hospital Trauma Services are exempt from Chapter 262 of the Texas Local Government Code cited as the County Purchasing Act because it is the only source of such services.

**NOW, THEREFORE**, in consideration of the mutual understanding and agreements set forth, the **County** and **Provider** agree as follows:

It is understood and agreed between the parties that the primary purpose of this agreement is to retain a Provider so that the **County** meets all requisite requirements as set forth in the Texas Indigent Health Care and Treatment Act.

I.

A. **Provider** agrees to provide trauma services to eligible screened Fort Bend County residents.

B. The **Provider** agrees to include eligible recipients in its utilization review process while the patient is hospitalized.

II.

A. The **County** by and through its Fort Bend County Indigent Health Care Program agrees to reimburse the Provider for County screened eligible recipients at the following rates:

| | |
|---|---|
| 1. Inpatient Services | 72% of Billed Charges |
| 2. Outpatient Services | 72% of Billed Charges |

III.

A. The **Provider** shall provide at least one physician who must be present at all times.

B. The **Provider** shall provide a sufficient nursing staff to provide care to the volume of indigent patients.

C. **Provider** agrees to keep patient records and make reports to County as may be required by the Act.

IV.

A. Notwithstanding the foregoing, if for any reason the Texas Department of Human Resources determines that the **County** has not met the requirements of the Texas Indigent Care and Treatment Act, the **County** shall have the right to terminate this

Agreement at any time thereafter or the County may, at its sole discretion, give Provider an opportunity to correct the non-compliance as determined by the Texas Department of Human Resources so as the County would qualify under the said Act.

B. The provisions of this Agreement are severable, and if any word, phrase, clause, sentence, paragraph, section or other part of this Agreement or the application thereof to any person or circumstances shall ever be held by any court or regulator authority of competent jurisdiction to be invalid or unconstitutional for any reason, the remainder of this Agreement and the application of such word, phrase, clause, sentence, paragraph, section or other part of this Agreement to other persons or circumstances shall not be affected thereby, unless in the opinion of the County or Provider the purposes of this Agreement have been rendered useless.

C. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns, provided, however, this Agreement cannot be assigned without prior written consent of the County.

D. This Agreement shall be subject to all valid rules, regulations, and laws applicable hereto passes or promulgated by the United States of America, the State of Texas, or any authorized representative or agency of any of them.

E. Each party represents and warrants to the other that this Agreement is binding upon and enforceable against such party.

IN WITNESS WHEREOF, the parties to this Agreement have hereunto set their hands on the dates written below.

V.

This Agreement will be effective February 1, 1991 through December 31, 1991. The Agreement may be terminated by the County for any reason if the Provider is given thirty (30) days written notice of the County's intent to terminate the Agreement.

Fort Bend County Data Processing

COUNTY OF FORT BEND

May 10, 1991

Subject: Awarding of Bid for Renovation of Jane Long Annex Data Center.

To: Each Member of the Commissioner's Court
Fort Bend County, Texas

Each of you has in the past received a tabulation of the bids for building a "real" computer room in the Jane Long Annex. Mr. John Hammett our County Purchasing Agent has identified Bass Construction Company of Rosenberg as the only bidder who met all of the bid specifications.

The original bid was $281,972.00. However, by choosing roof air conditioning, omitting a new Uninterruptible Power Supply, and omitting the Auxiliary Generator, the cost is cut to $182,805.00. A more powerful Uninteruptible Power Supply and an Auxiliary Generator are needed but their purchase can be postponed.

Only $100,000.00 was budgeted in the Building Fund for this project. Thus, there is a shortage of $82,805.00. If these extra funds are available somewhere in the Building Fund, I urge you to allocate them for this project and to award the bid on Monday, May 13th. Their is a great need to have this work done.

Dear Applicant:

Enclosed is a new National School Lunch/School Breakfast Programs Agreement. You will also find the forms applicable to apply for the National School Lunch/School Breakfast Programs (NSLP/SBP) for Fiscal Year 1992. A one page listing of forms necessary is attached to this letter, listing the form numbers, titles, number of copies included in this packet and very brief instructions pertaining to each form.

After your application is approved you will receive additional forms for operating the program, including Forms 1625a and 4504 with updated standards for determining Free and Reduced-Price Eligibility.

If you charge for meals, you are required to publish a public release statement at the beginning of each school year. The statement must include a copy of the Standards for Determining Free and Reduced-price Eligibility and samples of the letters to parents. Copies of examples are attached to Form 1610 for your convenience.

Please fill out the application forms carefully and completely. If they are incomplete, they will be returned to you for correction. Only a school official authorized by a Form 4508, Certificate of Authority, may sign the forms.

The new contract year begins July 1, 1991. Please submit the application forms by May 17, 1991, to the contract manager designated on the attached list of Contract Managers.

If you have any questions, please contact your designated contract manager.

Sincerely,

Ron Thompson

# NATIONAL SCHOOL LUNCH/SCHOOL BREAKFAST PROGRAMS AGREEMENT

STATE OF TEXAS §

COUNTY OF TRAVIS §

The Texas Department of Human Services, hereinafter referred to as TDHS,

AND

County of Fort Bend, State of Texas, hereinafter referred to as the contractor, do hereby make and enter into this contract, as required by the National School Lunch Act and the National School Lunch and School Breakfast Programs, hereafter referred to as the NSLP and SBP, Federal Regulations (7 Code of Federal Regulations [CFR], Parts 210 and 220, respectively).

## I.

## MUTUAL AGREEMENTS

The Parties mutually agree:

A. If the contractor fails to provide services according to the provisions of this contract, TDHS may, upon notifying the contractor in writing, immediately terminate the whole or any part this contract and refuse to pay claims for reimbursement. Such termination and/or refusal to pay claims will not be an exclusive remedy but an addition to any other rights and remedies provided by law or under this contract.

B. If federal and state laws or other requirements are amended or judicially interpreted so that for either party fulfilling of this contract, would be substantially unreasonable or impossible, or if the parties are unable to agree upon any amendment that would therefore be needed to enable the substantial continuation of the services contemplated by this contract, then the parties will be discharged from any further obligations under the terms of this contract, except for the equitable settlement of respective accrued interest or obligations, including audit findings, incurred up to the termination date.

C. This contract may be cancelled by mutual consent. If mutual consent cannot be attained, then either party may consider it cancelled without cause by giving thirty (30) days written notice to the other party, thus cancelling this contract when the thirty (30) day period expires. Nothing in this paragraph may be construed to prohibit immediate cancellation according to above paragraphs A and/or B.

## II.

## CONTRACTOR PROGRAM ADMINISTRATION AND FINANCIAL MANAGEMENT

A. The contractor and participating schools under its jurisdiction will comply with the NSLP/SBP Federal Regulations (7 CFR, Parts 210 and 220 respectively and CFR Parts 245 and 250, as amended), Uniform Federal Assistance Regulation (7 CFR, Part 3015, as amended), and state policies and procedures as issued and amended by TDHS (including but not limited to the DHS NSLP/SBP handbook). The contractor further agrees to perform as described in its application (including its Policy Statement and supporting documents and approved amendments to the application) for participation.

B. The contractor agrees to price the lunch as a unit.

C. The contractor agrees to enter into an agreement to receive donated foods as required by Federal Regulations (7 CFR Part 250).

## VI.

## IMMIGRATION

The contractor agrees to comply with the requirements of the Immigration Reform and Control Act of 1986 regarding employment verification and retention of verification forms for any individuals hired after November 6, 1986, who will perform any labor or services under this contract.

## VII.

## CERTIFICATION

The contractor certifies that all information submitted pursuant to this agreement is true and correct. The contractor understands that deliberately misrepresenting or withholding information is a violates this contract and may result in prosecution under applicable state and federal statutes.

## VIII.

## EFFECTIVE DATE AND SIGNATURES

For the faithful performance of the terms of this contract, the parties hereto, in their capacities stated, affix their signatures and bind themselves.

## II. POLICY STATEMENT FOR FREE AND REDUCED-PRICE MEALS

If the school food authority operates a program that requires separate charges for meals, it must comply with Sections A and C.

If the school food authority operates a program that does not require separate charges for meals, it must comply with Sections B and C.

If the school food authority operates programs that require both a separate charge and no separate charge for meals, it must comply with Sections A, B, and C.

### SECTION A—Programs that Charge Separately ONLY N/F

1. The school food authority accepts responsibility for providing free and reduced-price meals to eligible children.
2. The school food authority assures DHS that it will uniformly implement the following policy to determine children's eligibility for free and reduced-price meals in the National School Lunch Program and School Breakfast Program. In fulfilling its responsibilities, the school food authority agrees to:
   a. Serve free meals to children from households whose income is at or below the free limit on the Standards for Determining Free and Reduced-price Eligibility, applicable to the contract period, or to children from food stamp households or AFDC assistance units that provide a case number.
   b. Serve reduced-price meals to children from households whose income exceeds the limit but is at or below the Standards for Determining Free and Reduced-price Eligibility, applicable to the contract period.
   c. Provide these benefits to children from families submitting completed applications, whose income meets the criteria on Form 4504 and to foster children and to children from families whose income meets the criteria on Form 4504 because of strikes, layoffs, or unemployment.
   d. Designate N/A (NAME) . N/A (TITLE) to review applications and determine eligibility. This official must use the criteria in this policy to determine which children are eligible for free or reduced-price meals.
   e. Prohibit physical segregation of, or any other discrimination against, any child because of his eligibility for free or reduced-price meals. The names of these children must not be published, posted, or announced in any manner. They must not be overtly identified by special tokens or tickets or by any other means. They must not be required to (1) work for their meals; (2) use a separate lunchroom; (3) go through a separate serving line; (4) enter the lunchroom through a separate entrance; (5) eat a meal different from the one sold to children paying the full price; or (6) eat meals at a different time from the other children.
   f. Establish and use a fair hearing procedure for parents who appeal the school's/RCCI's decisions on applications and for officials of schools/RCCIs who dispute information in an application or the eligibility of children for free or reduced-price meals. During the appeal and hearing, the child must continue to receive free or reduced-price meals. Records must be kept according to record retention requirements in the National School Lunch/Breakfast Programs Handbook and agreement.

   Before beginning the hearing procedure, the parent or local school/RCCI official may request a conference. The conference should provide an opportunity for the parent and school/RCCI official to discuss the situation, present information, and obtain an explanation of data submitted in the application and of decisions made. A conference must not prejudice or diminish the right to a fair hearing.

   The hearing procedure must provide:

   (1) A simple, publicly announced method for making an oral or written request for a hearing.

   (2) An opportunity to be assisted or represented by an attorney or other person.

   (3) An opportunity to examine, before and during the hearing, the documents and records presented to support the decision being appealed.

   (4) Reasonable promptness and convenience in scheduling a hearing and adequate notice of the time and place of the hearing.

   (5) An opportunity to present oral or documentary evidence and arguments supporting a position, without undue interference.

   (6) An opportunity to question or refute testimony and evidence and to confront and cross-examine adverse witnesses.

   (7) A decision made by a hearing official conducting the hearing who was not involved in the decision being appealed or in any previously held conference.

   (8) A decision by the hearing official based on oral and documentary evidence presented at the hearing that is made a part of the hearing record.

   (9) Written notification of the hearing official's decision, including the household's right to reapply any time during the year, provided to the parties concerned and their designated representatives.

   (10) A written record that includes the decision being appealed, documentary evidence, and a summary of oral testimony presented at the hearing, the hearing official's decision and the reasons for the decision, and a copy of the notification of the hearing official's decision to the parties concerned.

   (11) Record retention of the hearing for three years and 90 days after the end of the fiscal year to which it pertains. If audit findings have not yet been resolved, the records must be kept until the audit issues are resolved. The record must be available for examination by the parties concerned, or their representatives, at any reasonable time and place during the retention period.

g. Submit information for public release to the news media, local unemployment offices, and major employers contemplating large layoffs in the area served by the school/RCCI. The school food authority must send the information for public release by letter at the beginning of each school year and when eligibility standards change. All changes in eligibility criteria must be publicly announced. The school food authority must keep a copy of the letter transmitting the public release information for three years and 90 days after the end of the fiscal year to which it pertains or until audit issues are resolved.

The public release must include:

(1) A sample of the letter to the parents (Form 1625).

(2) Form 4504.

The information for public release was or will be provided to the organizations on the dates that follow (attach a sheet if more space is needed.):

h. Establish a procedure to collect money from children who pay for their meals and a procedure to accurately record the number of free, reduced-price, and full-price meals served. The procedure described in this item must be used so that children will not be aware of who is receiving free and reduced-price meals.

**Check the collection procedure the school food authority uses.**

☐ **Collection Procedure 1**—Each day children can buy tickets in the cafeteria manager's office but they do not receive the tickets. The cafeteria manager then sends the purchased tickets and the tickets for free or reduced-price meals to the classroom. The teacher distributes the tickets just before meal time. The tickets are coded for accounting purposes.

☐ **Collection Procedure 2**—Each day children pay for their meals in the office. A list of all children who paid or are eligible for free or reduced-price meals is prepared and sent to the cafeteria. A cashier familiar with the children checks names as children pass through the line. After the meal service, the list is returned to the office for accounting purposes. This method works only in a small school/RCCI where the cashier knows all the children.

☐ **Collection Procedure 3**—The homeroom teacher gives each child an envelope for daily, weekly, or monthly payments. Children return the envelopes with the payments enclosed or empty if eligible for free meals. The envelopes are collected in the office and coded tickets are issued to each child.

☐ **Collection Procedure 4**—Parents pay in advance by the month. Each teacher receives a list of those children who have paid. Children who receive free meals are marked paid, so only the bookkeeper knows which children receive a free meal. Teachers keep daily records of each child served and send the records to the office for accounting purposes.

☐ **Collection Procedure 5**—Meal payments are collected in the secretary's office. Payments can be made by children or parents daily, weekly, or monthly. The secretary records payments and knows which children qualify for free or reduced-price meals. In the classrooms, the secretary distributes identical tickets labeled only with the children's names. Since the parents may pay, even the children may not know whether their meals are free, full- or reduced-price.

☐ **Collection Procedure 6**—Parents are billed monthly for full- or reduced-price meals their children are served. All payments are mailed in. All participating children receive a coded ticket each month, which is punched at each meal service. At the end of the month, the tickets are collected and a clerk calculates the amount to be billed.

☐ **Collection Procedure 7**—Other. Explain in detail (attach a sheet if needed).

N/A

i. Describe how the daily numbers of free, reduced price, and full-price meals are identified and counted, and the numbers recorded (attach a sheet if needed).

N/A

j. Describe how daily point-of-service (the point in the food service operation when it can be accurately determined that a meal is reimbursable) counts are taken. This is usually the end of the line If tickets or tokens are collected at the beginning, explain how you assure that a reimbursable meal was taken (attach a sheet if needed).

N/A

**SECTION B—Programs that DO NOT Charge Separately ONLY**

1. The school food authority is responsible for providing program benefits to eligible children.
2. The school food authority assures DHS that although no identifiable charge is established for meals, it will uniformly implement the following policy. In fulfilling its responsibilities, the school food authority agrees to:
   a. Claim as free meals only those meals served to children from families whose income is equal to or less than the income eligibility standard for free meals on Form 4504, Standards for Determining Free and Reduced-price Eligibility, applicable to the contract period, or to children from food stamp households or AFDC assistance units that provide a case number.
   b. Claim as reduced-priced meals only those meals served to children from families whose income is above the income eligibility standard for free meals but equal to or less than the standard for reduced-price meals on Form 4504, Standards for Determining Free and Reduced-priced Eligibility, applicable to the contract period.
   c. Keep documentation to support individual eligibility decisions for three years and 90 days after the end of the fiscal year to which they pertain. If audit findings are not resolved, the records must be until audit issues are resolved.
   d. Prevent physical segregation of, or any other discrimination against, any child. The names of the children eligible for free or reduced-price meals may not be published, posted, or announced in any manner and children must not be overtly identified. Children must not be required to (1) work for their meals; (2) use a separate lunchroom; (3) go through a separate serving line; (4) enter the lunchroom through a separate entrance; (5) eat meals at a different time; or (6) eat a different meal.
   e. Designate Dennis A. McAfee (NAME), Chief Juvenile Probation Off. (TITLE) to determine eligibility for free and reduced-price meals. This official will use the criteria outlined in this policy to determine which individual children's claims may be made for free or reduced-price meals.
   f. Develop and keep a list with the following information about each child (for school food authorities operating RCCIs only):
      (1) Name
      (2) Birth date
      (3) Dates of admission and release
      (4) Income
      (5) Eligibility determination and data (initialed by official making determination).

      (NOTE: Children at RCCIs are considered a family of one. Exceptions to this are children of house parents living at the institution. These children must have an application on file as described in Section C, number 2.)

**SECTION C—Programs that Charge Separately AND Programs that DO NOT Charge Separately**

In fulfilling its responsibilities, the school food authority agrees to:

1. Prohibit discrimination against children in operating child nutrition programs based on race, sex, color, national origin, age, or handicap.
2. (Applicable only if operating day schools and boarding schools)—Develop and distribute to each child's parent or guardian a letter, according to the sample attached, and an application form for free or reduced-price meals. These must be distributed at the beginning of each school year and when eligibility criteria changes.
   a. The school food authority must complete (1) or (2) as applicable:
      (1) Form 1625 is a sample of the letter to parents whose children are in a program that charges separately for meals. Is the school food authority using the attached sample? ..... ☐ Yes ☒ No
      (2) Form 1626 is a sample of the letter to parents whose children are in a program that does not charge separately for meals. Is the school food authority using the attached sample? N/A ..... ☐ Yes ☐ No

      If the answer to either (1) or (2) is "No," the school food authority must submit to DHS with this application form a copy of the letter they send to parents. DHS must approve this letter before the school food authority sends it to parents. On approval, the school food authority must attach Form 4504A to the letter and send these to parents.

   b. Form 4524 is a sample of the application for free and reduced-price meals. Is the school food authority using the attached sample? N/A ..... ☐ Yes ☐ No

The school food authority must ask parents to complete the application and return it to the determining official named in Section A of this form. Applications and documentation of action taken are kept for three years and 90 days after the end of the fiscal year to which they pertain. If audit findings are not resolved, the records are kept until the issues are resolved.

Applications may be filed at any time during the year. The school food authority must supply an application to parents enrolling a child in a school/RCCI for the first time, at any time during the year. If a child transfers from one school/RCCI to another under the jurisdiction of the same school food authority, his eligibility for a free or reduced-price meal is also transferred.

**Programs that Charge Separately ONLY:**

a. All children from the same family must receive the same benefits. Within 10 workdays of receiving applications, parents or guardians must be notified individually of the decision on their applications. Children are served meals as soon as they are determined eligible.

b. Form 1623 is a sample of the notification letter to the parents about the application for free and reduced-price meals. Is the school food authority using the attached sample? N/A ..... ☐ Yes ☐ No

   If "No," the school food authority must attach a copy of the letter being sent to parents.

c. When an application is denied, parents or guardians are informed in writing of the reason for denial and the hearing procedure. The designated hearing official is N/A (NAME), N/A (TITLE).

This person must be someone not involved in the original eligibility determination. It is suggested that the hearing official hold a position superior to the determining official's. The hearing official and the determining official cannot be the same person.

3. Submit to DHS any proposed changes to this policy statement before it is implemented. Changes are effective only when they are approved by DHS.
4. Agrees to verify eligibility according to the National School Lunch/School Breakfast Program Handbook and program regulations.
5. Indicate which of the provisions of this section, if any, it wants to participate in, for free and reduced-price meals.

Two special provisions are available to school food authorities that affect free and reduced-price meal policy and procedures.

A. **Provision 1**—The annual certification of children eligible to receive FREE meals may be reduced to one every two years in schools/RCCIs. This period can be reduced if 80% of the children in attendance are eligible for free and/or reduced-price meals based on data from March of the previous year. Applications must still be sent annually to students who pay full- or reduced-price or who are newly enrolled.

For claiming purposes, school staff must continue to keep a daily record of the number of paid, free, and reduced-price meals served to children.

☒ **We choose NOT to participate in Provision 1.**

☐ **We will participate in Provision 1, and certify that the following schools had 80% or above free and/or reduced-price recipients participating.**

**Our first year under Provision 1 will be:** .....

B. **Provision 2**—School food authorities may choose to serve all children free meals. Any school/RCCI which chooses to serve all children free meals may reduce the frequency of certification for children eligible for free and/or reduced-price meals to once every three years.

School food authorities choosing Provision 2 must use local sources other than federal reimbursements to absorb the cost of (1) meals served to children not eligible for free or reduced-price meals; and (2) the difference between the cost of the meal and the federal reimbursement received for each free or reduced-price meal served to children eligible for meals.

School food authorities of schools/RCCIs using Provision 2 are required to send letters and applications to parents only at the beginning of the three-year period.

Schools/RCCIs are required to determine daily during the first year of the three-year period the actual number of meals served to all attending children, by type (free, reduced-price, and paid). In the second and third years, monthly claims for meals served, by type (free, reduced-price, and paid), are based on a percentage of the total number of meals served by type in the corresponding month of the first year.

☒ **We choose NOT to participate in Provision 2.**

☐ **The following schools/RCCIs will participate in Provision 2.**

**Our first year under Provision 2 will be:** .....

Form 1626 is a sample of the letter to parents whose children are in programs with no separate charges for meals; it can be sent to parents for Provision 2 participants.

If the school food authority chooses to participate in Provision 2, the following question must be answered:

**Is the school food authority using the attached sample?** ..... N/A ..... ☐ **Yes** ☐ **No**

If "No," the school food authority must attach a copy of the letter being sent to parents.

The following attachments are a part of the policy statement for free and reduced-price meals:

**Form 1625—Letter to Parents (programs that charge separately for meals)**

**Form 1626—Letter to Parents (programs that do not charge separately for meals)**

Commissioner Bob Lutts

Gentlemen:

I will appear before you on Monday, May 20, 1991, to request approval of Change Order #1 for the Computer Center construction at the George Memorial Library.

This is due to the need for a "quick ship" action on the special AC unit (which normally would have taken up to 8 weeks) and the installation of a plywood telephone board. Total cost is $610.00.

Enclosed please find documentation by the engineer and the general contractor.

Thank you,

Roman Bohachevsky

**RE: George Memorial Library Computer Center**
**Air Handler Delivery**

Dear Roman:

Bass Construction has informed me that the specified Liebert air conditioning unit is a six to eight week (6-8 wk) lead time for delivery. As you are aware, this will not accomodate the May 3 completion date.

The factory does have a 'quick ship' program that will put the unit here within three (3) weeks for an additional $500.00 charge. I recommend that we pursue the quick ship option, noting that we are substantially under budget for the project.

I also suggest that we furnish and install a 4'x8' painted plywood telephone board to facilitate the relocation of the telephone system. The cost from the contractor for this work is $55.00.

Please let me know if you would like to exercise these options. Thanks for your help.

Very truly yours,

Terry Maxwell

3. Attorney General Opinion MW-140

C. Local

1. Fort Bend County Commissioners Court Order of October 3, 1983.

2. City Ordinances as appear in appendix A of this plan

## II. PURPOSE

This plan seeks to reduce the effects of a hazard, through measures and actions taken to protect life and minimize damage to property, to establish emergency response procedures, and to return Fort Bend County to its normal state, with a recovery system utilizing the resources of the local emergency response organizations.

Personnel from fire, emergency medical, law enforcement, and public works departments will perform tasks to expedite the recovery process. Each agency will coordinate efforts in such a manner as to define who does what, when, where and how to recover from the effects of war, natural disasters, technological accidents and other major incidents.

## III. SITUATIONS AND ASSUMPTIONS

A. SITUATION

Fort Bend County is exposed to many hazards due to its proximity to the Gulf Coast, industrial complexes and chemical plants in the areas that surround the County; with the occurrence of

natural hazards, such as hurricanes, floods, tornadoes, storms and even the possibility of an earthquake. There is also the threat of hazards from war such as nuclear, biochemical, or conventional attack. Other situations could develop into disasters, such as hazardous material spills, major transportation accidents, terrorism, civil disorder, or conflagration.

B. ASSUMPTIONS

1. Fort Bend County will continue to be exposed to the hazards noted above, as well as others which may develop in the future.

2. Outside assistance will be available in most emergency situations affecting this county. Although this plan defines procedures for coordinating such assistance, it is essential for Fort Bend County to be prepared to carry out disaster response and short term actions on an independent basis.

3. It is a possibility for a major disaster to occur at any time, and at any place in the county. In some cases, dissemination of warning and increased readiness measures may be possible. However, many disasters and events can, and will, occur with little or no warning.

4. Local government officials recognize their responsibilities for the safety and well-being of the public and will assume their responsibilities in the implementation of the emergency plan.

5. Proper implementation of this plan will reduce or prevent disaster related losses.

## IV. CONCEPT OF OPERATIONS

A. GENERAL

It is the responsibility of government to undertake comprehensive emergency management in order to protect life and property from the effects of hazardous events. Local government has the primary responsibility for emergency management activities. The preparedness and response activities will be those outlined in this plan. A local state of emergency may be declared by the presiding officer of the governing body of the local government. The effect of the declaration is to activate the recovery and rehabilitation aspects of the plan and to authorize the furnishing of aid and assistance.

When the emergency exceeds the local government's capability to respond, assistance will be requested from the state government. The federal government will provide assistance to the state where needed. This plan is based on the concept that the emergency functions for the various groups involved in Emergency Management will generally parallel their normal day-to-day functions. To the extent possible, the same personnel and material resources will be employed in both cases.

B. PHASES OF MANAGEMENT

1. MITIGATION

Mitigation activities are those which eliminate or reduce the probability of a disaster occurring. Also included are those long-term activities which lessen the undesirable effects of unavoidable hazards.

2. PREPAREDNESS

Preparedness activities serve to develop the response capabilities in the event an emergency should arise. Planning and training are among the activities conducted under this phase.

3. RESPONSE

Preparedness is the actual provision of emergency services during a crisis. These activities help to reduce casualties and damage, and speed recovery. Response activities include warning, evacuation, rescue, and other similar operations.

4. RECOVERY

Recovery is both a short term and a long term process. Short term operations seek to restore vital services to the community and provide for the basic needs of the public. Long term recovery focuses on restoring the community to its normal, or improved, state of affairs. The recovery period is also an opportune time to institute mitigation measures, particularly those related to the recent emergency. Examples of recovery actions would be temporary housing and food, restoration of non-vital government services, and reconstruction of damaged areas.

## V. ORGANIZATION AND ASSIGNMENT OF RESPONSIBILITIES

### A. GENERAL

Most of the departments within the County have emergency functions, in addition to their normal duties. Each department is responsible for developing and maintaining their own emergency management procedures. Specific responsibilities are outlined below under the sections entitled Task Assignments, as well as in individual annexes.

### B. ORGANIZATION

1. EXECUTIVE GROUP

The Executive Group is referred to in this plan as a single body, but in fact has several components, with representation from each local political jurisdiction, within the emergency management program. Each group is responsible for the activities conducted within the respective jurisdiction. The members of the group include both elected and appointed executives with certain legal responsibilities such as; the County Judge, Mayors Commissioners, Council Members, County Attorney and the Emergency Management Coordinator.

E. OTHER AGENCIES

Other department and agency heads, not assigned a specific function in this plan will prepare to make their resources available for emergency duty at the direction of the County Judge.

## IV. DIRECTION AND CONTROL

A. GENERAL

The County Judge, as Emergency Management Director for the County, is responsible for assuring that coordinated and effective emergency response systems are developed and maintained. Existing agencies of government will preform emergency response activities closely related to those they perform routinely. Specific positions and agencies are responsible for fulfilling their obligations as presented in the basic plan and individual annexes. Department heads will retain control over their employees and equipment unless otherwise directed by the Emergency Management Director. Each agency will be responsible for having its own Standard Operations Procedures to be followed during response operations.

Outside assistance, whether from other political jurisdictions or organized volunteer groups, will be requested and used only as an adjunct to existing County services, beyond the capabilities of the County response agencies. Request for state or federal assistance is covered in section IX.

B. EMERGENCY OPERATING CENTER (EOC)

Response activities will be coordinated from the Emergency Operating Center, which is located at 309 South Fourth Street, Suite 629, William Travis Building, Richmond, Texas. The EOC will be

activated upon notification of a possible or actual emergency. EOC responsibilities and activation procedures are included in Annex N. During emergency situations, certain agencies will be required to relocate to the EOC. During large scale operations, the EOC, will in, fact become the seat of government for the duration of the crisis.

C. EMERGENCY AUTHORITY

1. A compilation of primary state and local legal documents pertaining to emergency management is shown in Attachment 2.
2. In accordance with Section * (g) of the Texas Disaster Act of 1975, as amended, the County Judge may take extraordinary measures in the interest of effective emergency management. Procedures for implementing emergency powers are contained in Annex U. The powers include, but not limited to:

   a. declaration of a local state of disaster
   b. wage, price, and rent controls and other economic stabilization measures
   c. curfews, blockades, and limitations on utility usage
   d. rules governing ingress and egress to the affected area
   e. other security measures.

## VII. INCREASED READINESS CONDITIONS

A. Most emergencies follow recognizable build-up periods during which actions can be taken to achieve a state of maximum readiness. General department actions are outlined in the annex while specific actions will be detailed in the SOP's.

B. The following *INCREASED READINESS CONDITIONS* will be used as a means of increasing the County alert posture.

1. CONDITION 4: The term "CONDITION 4" will be used by the County to denote a situation that causes a higher degree of readiness than is normally present.

   a. "CONDITION 4" actions could be triggered by the onset of hurricane season
   b. An increase in international tensions could also trigger a "CONDITION 4"
   c. The potential for local civil unrest could also trigger a "CONDITION 4"
   d. Declaration of "CONDITION 4" by the Emergency Management Director/Coordinator will generally require the initiation of the increased readiness of activities in each annex.

2. CONDITION 3: The term "CONDITION 3" will be used by the County to refer to a situation which presents a potential threat greater than "CONDITION 4", but poses no immediate threat to life and/or property. This condition includes situations that could develop into a hazardous condition.

   a. "CONDITION 3" actions could be generated by severe weather watch information issued by the National Weather Service such as:

      1. Hurricane Watch: threat of hurricane conditions within 24-36 hours
      2. Tornado Watch: issued to alert persons to the possibility of a tornado development in specific area, for a specific time. Persons in the watch area should maintain their daily routine but be prepared to respond to a tornado warning.
      3. Flash Flood Watch: issued to alert persons to the possibility of flash flooding in a particular area due to heavy rains occurring or expected to occur. Persons should remain alert and prepared to take immediate action.

b. "CONDITION 3" actions could be generated when the international situation has deteriorated to the point that emeny attack is a possibility. This condition probably would allow sufficient time for an orderly evacuation and/or preparation of shelters.
c. "CONDITION 3" actions could also be generated when small-scale civil unrest is present in a localized area
d. Declaration of "CONDITION 3" by the Emergency Management Director/Coordinator will generally require the initiation of increased readiness activities identified in each annex.

3. "CONDITION 2" : The term "CONDITION 2" will be used by the County to signify hazardous situations with a significant potential and probability of causing loss of life and/or property. This condition will normally require some degree of warning to the public.

a. "CONDITION 2" actions could be triggered by severe weather warning information issued by the National Weather Service such as:
   1. Hurricane Warning: issued when hurricane conditions are expected in a specified coastal area in 24 hours or less. Hurricane conditions include:
      a. sustained winds of 74 mph or higher and/or
      b. dangerously high water or combination of dangerously high water and exceptionally high waves, even though expected winds may be less than hurricane force.
   2. Tornado Warnings: issued when a tornado has actually been sighted in the area or indicated by radar, and may strike in the vicinity of Fort Bend County.
   3. Flash Flood Warning: issued to alert persons that flash flooding is imminent or occurring on certain streams or designated areas, and immediate actions should be taken.
   4. Winter storm warning: issued when heavy snow, sleet, or freezing rain are forecast to occur, separately or in combination. The effects of a winter storm are a major factor for this area, if they are of any duration or longer than 24 hours.
b. "CONDITION 2" actions could be generated when the international situation has deteriorated to the point that enemy attack is probable. This condition may not allow sufficient time for an early evacuation.
c. "CONDITION 2" actions could also be triggered by civil disorder, with relatively large scale localized violence.

4. "CONDITION 1": The term "CONDITION 1" will be used by the County to signify that hazardous conditions are imminent. This condition denotes a greater sense of danger and urgency than associated with "CONDITION 2" event.

a. "CONDITION 1" actions could also be generated by severe weather warning information issued by the National Weather Service combined with factors making the event more imminent, such as:
   1. Hurricane land fall predicted in 12 hours or less
   2. Tornado sighted especially close to a populated area or moving in the path of a populated area
   3. Flooding is imminent or occurring at specific locations
b. "CONDITION 1" actions could be generated when an enemy attack is imminent, based upon the of intelligence data. This warning (ATTACK WARNING) is declared and disseminated by the FEMA National Warning Center over the FEMA National Warning System (NAWAS).
c. "CONDITION 1" actions could also be implemented when civil disorder precipitates large scale and wide spread violence.
d. Declaration of "CONDITION 1" by the Emergency Management Director/Coordinator will

generally require the initiation of increased readiness activities identified in each annex.

## VIII. CONTINUITY OF GOVERNMENT

### A. SUCCESSION OF GOVERNMENT

1. Line of succession within the County is from the Judge to the Commissioners, in order of their seniority.
2. Line of succession to the Emergency Management Coordinator will be the Assistant Coordinator.
3. Line of succession to each department head is according to the Standard Operation Procedures established by each department.

### B. PRESERVATION OF RECORDS

In order to provide normal government operations following a disaster, vital records must be protected. These would include legal documents, as well as personal documents, such as property deeds and tax records. The principal causes of damage to records are fire and water; therefore, essential records should be protected accordingly.

## XI. ADMINISTRATION AND SUPPORT

### A. SUPPORT

Request of state or federal assistance, including the Texas National Guard or other military services, will be made to the District Disaster Committee in Pierce, Texas at DPS Headquarters. All requests will be made by the County Judge or by another Official duly authorized by the County Judge.

### B. AGREEMENTS AND UNDERSTANDINGS

Should local resources prove to be inadequate during an emergency, request will be made for assistance from other local jurisdictions and agencies in accordance with existing or emergency negotiated mutual-aid agreements and understandings.

Such assistance may take the form of equipment, supplies, personnel, or other available capabilities. All agreements will be entered into by duly authorized officials and will be formalized in writing, whenever possible.

### C. REPORTS AND RECORDS

Required reports will be submitted to the appropriate authorities in accordance with individual annexes.

### D. RELIEF ASSISTANCE

All individual relief assistance will be provided in accordance with the policies set forth in state and federal provisions.

### E. CONSUMER PROTECTION

Consumer complaints pertaining to alleged unfair or illegal business practices will be referred to the State Attorney General's Consumer Protection Division.

## X. PLAN DEVELOPMENT, MAINTENANCE, AND IMPLEMENTATION

A. If a plan is to be effective, its contents must be known and understood by those who are responsible for its implementation. The Coordinator will brief the appropriate officials concerning their roles in emergency management, and this plan, and ensure proper distribution of the plan and changes thereto.

B. All agencies will be responsible for the development and maintenance of their respective annexes and SOP's identified in Section V. Organization and Assignment of Responsibility.

C. The Coordinator will be responsible for ensuring that an annual review of this plan is conducted by all officials involved and that the plan is recertified biennially by the chief elected official.

D. The plan will be updated, as necessary, based upon deficiencies identified by drills and exercises, changes in local government structure, technological changes, etc. The Coordinator will incorporate approved changes to the plan and will forward changes to all organizations and individuals identified as having responsibility for implementation. Revised pages will be dated and marked to show where the changes have been made. The plan will be activated at least once a year in the form of a simulated emergency, in order to provide practical experience to those having EOC responsibilities.

E. This plan supersedes and resends all previous editions of the Fort Bend County Emergency Management Plan and is effective upon acceptance and signing by the Commissioner's Court, County Judge, and Mayors of cities which have entered into agreement with the County, accepting the County plan. If any portion of this plan is held invalid by judicial or administration ruling, such ruling shall not affect the validity of the remaining portions of this plan.

# PERFORMANCE BOND COVERING ALL CABLE, CONDUIT AND/OR POLE LINE ACTIVITY IN, UNDER, ACROSS OR ALONG FORT BEND COUNTY ROADS AUTHORIZED

THE STATE OF TEXAS

COUNTY OF FORT BEND

KNOW ALL MEN BY THESE PRESENTS, that we Joel A. Trimm Construction Company, Inc. as principal and Fidelity And Deposit Company of Maryland as surety, are held and firmly bond unto FORT BEND COUNTY a body corporate and politic under the laws of the State of Texas, in the penal sum of Two Thousand Seven Hundred Dollars and no/100 DOLLARS ($2,700.00 - - - - - -) law full currency of the United States of America, for the payment of which, well and truly to be made, we do hereby bind ourselves, our heirs executors, administrators and successors, jointly and severally and firmly by these presents:

THE CONDITION OF THIS BOND IS SUCH THAT, WHEREAS, the above bounden principal contemplates laying, constructing, maintaining and/or repairing one or more cables, conduits and/or pole lines in, under, across and/or along roads, streets and highways in the County of Fort Bend, and the State of Texas, under the jurisdiction of the Commissioners Court of Fort Bend County, Texas, pursuant to the Commissioners Court order adopted on the 1st. day of December, A.D., 1980, recorded in Volume 13, of the Commissioners Court Minutes of Fort Bend County, Texas, regulating same, which Commissioners Court order is hereby referred to and made a part hereof for all purposes as though fully set out herein;

AND WHEREAS, the principal desires to provide Fort Bend County with a performance bond covering all such cable, conduit and/or pole line activity.

NOW THEREFORE, if the above bounden principal shall faithfully perform all its cable, conduit and/or pole line activity (including, but not limited to, the laying construction, maintainence and/or repair of cables, conduits and/or pole lines) in, under, across and/or along roads, streets and highways in the County of Fort Bend and State of Texas, under the jurisdiction of the Commissioners Court of Fort Bend County, Texas, pursuant to and in accordance with the minimum requirements and conditions of the above mentioned Commissioners Court order set forth and specified to be by said principal done and performed, at the time and in the manner therein specified, and shall pay over and make good and reimburse Fort Bend County, all loss and damages which Fort Bend County may sustain by reason of any failure or on the part of said principal, then this obligation shall be null and void, otherwise to remain in full force and effect.

This bond is payable at the County Courthouse in the County of Fort Bend and State of Texas.

It is understood that at any time Fort Bend deems Deems itself insecure under this bond, it may require further and/or additional bonds of the principal.

EXECUTED this 8th, day of May, 19 91.

STATE OF TEXAS :
COUNTY OF FORT BEND:

Grant of Easement

1. That Fort Bend County, Texas acting herein and through its Commissioners Court, hereinafter called Grantor, for and in consideration of the sum of Ten and no/100 Dollars ($10.00) to Grantor in hand paid by the CITY OF ROSENBERG, P.O. Box 32, Rosenberg, Texas 77471, hereinafter called Grantee, the receipt and sufficiency of which are hereby acknowledged, does hereby grant, sell and convey unto Grantee: The following 10.0 foot wide strips for utility easements for placement of water lines being more particularly described by metes and bounds on attached Exhibits "A" through "E".

Purpose of Easement

2. The easement herein granted shall be used only for the purpose of placing, constructing, operating, repairing, maintaining, rebuilding, replacing, relocating and removing public utility lines.

Construction on Easement

3. Grantor agrees during the life of this easement that no buildings or improvements shall be placed in, or along said easement and further that the Grantee shall be and is hereby released and relieved from any and all liability from any damages occasioned by and in the reasonable exercise of its rights granted herein or hereunder.

Repairs to Easement

4. Grantee agrees during the life of this easement to repair all damage to roads, passageways and fences resulting from the City's use in going to and from said easement, and to restore the same to the previously existing condition as near as possible.

Duration of Easement

5. The easement, rights and privileges granted shall be perpetual for so long as Grantee or its successors and assigns use said easement. If the easement is not used for any of the purposes described in Paragraph 2 above for a period of one year, then the easement shall be deemed abandoned by the Grantee. Grantor hereby binds itself, it successors and assigns, to warrant and forever defend the above described easement unto Grantee, it successors and assigns against every person whomsoever lawfully claiming or to claim the same or any part thereof.

IN WITNESS WHEREOF, this instrument is executed this 30 day of May, 1991.

Re: Grand Parkway (State Highway 99) Right-of-Way

Gentlemen:

By deed executed on August 17, 1987 and recorded on June 14, 1990 in Volume 2217, Page 2236, of the Official Records of Fort Bend County, Harlan Smith, Inc. conveyed several tracts of land to the State of Texas for Grand Parkway purposes (the "conveyed property"). A copy of the recorded deed is attached. The conveyed property is a portion or subset of property now or previously owned by Harlan Smith, Inc.

All or a portion of the conveyed property lies within the taxing jurisdiction executing this letter. There are delinquent taxes and other fees levied against the property now or previously owned by Harlan Smith, Inc., of which the conveyed property is or was a part.

We understand that the State Department of Highways and Public Transportation may be concerned about delinquent taxes and other fees potentially allocable to the conveyed property. To alleviate this concern, we hereby waive any right to collect or demand payment from the State of Texas of any taxes, fees or cost assessed against the property conveyed to the State of Texas by the deed which is attached to and made a part of this Waiver.

Very truly yours,

# MEMORANDUM

April 5, 1991

RE: Enforceability of Property Tax Liens Against Property Held by the State for Public Purposes

## FACTS

Harlan Smith, Inc. donated land to be used as right-of-way for a portion of the Grand Parkway. The deed from Harlan Smith, Inc. to the State of Texas was executed in August of 1987 and immediately placed in an escrow held by Stewart Title Company. A memorandum acknowledging the existence of the escrow agreement was filed in the Fort Bend County deed records in September of 1988. The deed was taken out of escrow and recorded in the Fort Bend County deed records in early June of 1990.

The State Department of Highways and Public Transportation requires the Grand Parkway Association to provide a title insurance policy for all donated right-of-way before it will award a contract for construction of any portion of the highway facility to be built on the donated right-of-way. On March 12, 1991, the Grand Parkway Association received notice from Stewart Title Company that property taxes on the Harlan Smith, Inc. right-of-way for the years 1989 and 1990 remain unpaid. It appears that the Fort Bend County Appraisal District has not distinguished between the Grand Parkway right-of-way and the remainder of the Harlan Smith, Inc. parcel.

## QUESTION PRESENTED

Whether land held by the state for the construction of a state highway is subject to liens for property taxes that have not been paid by the corporation that conveyed the property to the state.

## BRIEF ANSWER

The land held by the state for construction of a state highway is not subject to foreclosure for property tax liens so long as such property is held by the state for such public purpose. The taxing authorities may enforce collection of the unpaid property taxes against only (i) the entity that owned the property at the time that liability for the taxes arose (which in this case is Harlan Smith, Inc.) based on such owner's personal liability for the taxes and (ii) the property, other than the portion conveyed to the state, that was subject to the tax lien. The property would be subject to a lien for such unpaid taxes upon its sale or transfer to a private party.

DISCUSSION

Texas case law establishes that property held by the state for public purposes is not subject to preexisting liens for property taxes that were not paid by the previous owner. The Texas Attorney General has relied on such case law in recently opining that such liens are not enforceable against land held by the state for public purposes. These authorities are discussed below.

The first Texas case to consider the enforceability of a taxing authority's lien for preexisting property taxes against property subsequently acquired by the state for public purposes was State v. Stovall, 76 S.W.2d 206 (Tex. Civ. App.--Waco 1934, writ ref'd). In that case, state land previously held for state prison purposes was sold to private parties that eventually failed to pay the purchase money promissory notes. The state foreclosed its mortgage lien and held the property for use as part of a state hospital. The private parties had failed to pay the property taxes due and owing to the school district for the period during which they held the property, and the school district attempted to enforce its lien for such taxes against the property after it was reacquired by the state. The state contended as follows:

> though real property may be charged with a lien for unpaid taxes duly and legally levied by the state or by a county, municipality, or school district, when thereafter the legal title to such property is acquired by or vests in the state, and the same is used by it for a public purpose, all subsequent proceedings to collect such tax by enforcing such lien are without effect and void.

Id. at 208. Noting that the question was apparently one of first impression in Texas, the court relied on numerous precedents in other states to endorse the state's position and hold that the property was not subject to sale to satisfy the unpaid school district property taxes.

In State v. City of San Antonio, 209 S.W.2d 756 (Tex. 1948), the Texas Supreme Court cited State v. Stovall in holding that the state and county could not foreclose their property tax liens against property that the city and school district held for sale after foreclosing the city and school district property tax liens. The court stated that

> [a]lthough the state and county did have a lien against the lot for taxes due them while the lot was privately owned by Barnes and others, the lien became unenforceable after the city and school district acquired title to it by the tax sale in 1938 and while they continue to hold it for public purposes; and the lot, while so held, was not subject to seizure and sale to

> satisfy a judgment for taxes levied by the state and county during the time it was so privately owned.

Id. at 757. Thus, the Texas Supreme Court agreed with the State v. Stovall court that the taxing authorities could not foreclose their tax liens while another governmental unit held the property for public purposes.

With respect to the status of preexisting property tax liens upon a subsequent sale by a governmental unit to a private party, the court in Lubbock Independent School District v. Owens, 217 S.W.2d 186 (Tex. Civ. App.--Amarillo 1948, writ ref'd), held that the city and school district could foreclose their preexisting property tax liens against property that was purchased by a private party from the state and county. In addition, the court noted that the statute of limitations for enforcement of the property tax liens was tolled during the period that the property was held by the state in its sovereign capacity.

Citing State v. City of San Antonio, Lubbock Independent School District v. Owens and Childress County v. State, 92 S.W.2d 1011 (Tex. 1936), the Texas Attorney General recently opined that property tax liens created by a previous owner's failure to pay property taxes are unenforceable while the state holds the property in the Veterans' Land Fund. Op. Tex. Att'y Gen. No. JM-1085 (1989). In addition, the Attorney General noted that (i) such liens would be enforceable against any subsequent purchaser of the property and (ii) the owner against whom the property taxes were originally assessed would remain personally liable for the taxes.

Finally, the Texas Attorney General previously has noted that land held by the state for the widening of a state highway is held for a public purpose. Op. Tex. Att'y Gen. No. WW-456 (1958).

The foregoing authorities establish that property held by the state for public purposes is not subject to foreclosure for preexisting property tax liens. The liens will remain on the state's property and may be enforced against a subsequent purchaser. Thus, property tax liens for taxes that Harlan Smith, Inc. failed to pay cannot be enforced against the property that Harlan Smith, Inc. conveyed to the state so long as the state continues to hold such property for a public purpose.[1/]

**SUPPLEMENT**

**TO GRAND PARKWAY**

**JOINT DEVELOPMENT AGREEMENT**

STATE OF TEXAS §
§
COUNTY OF FORT BEND §

**RECITALS**

On August 28, 1989, Fort Bend County (the "County") and the Grand Parkway Association (the "Association") entered into a Joint Development Agreement (the "Agreement") concerning the development of a segment ("Segment D") of State Highway 99 between Interstate Highway 10 and U. S. Highway 59 in Fort Bend County (the "Grand Parkway").

The Agreement placed an obligation on the Association to acquire right-of-way and design Segment D of the Grand Parkway and for the County to make payment of some of the Association's costs and expenses of acquisition of right-of-way and the design and development of the Grand Parkway.

The Agreement placed no obligation on the County to make payment to the Association until such time as the Texas Department of Highways and Public Transportation (the "Department") awarded a contract for the construction of a substantial useable portion of the Grand Parkway in the County.

EXHIBIT "A"

On April 30, 1991, the Department awarded construction of a substantial useable portion of the Grand Parkway in the County by awarding a construction contract for the segment of the Grand Parkway between Interstate Highway 10 and F. M. 1093 to H. B. Zachary and Company at an estimated price of $27,269,180.58. Construction of this segment of the Grand Parkway will soon commence.

Shortly thereafter, the County made its first payment to the Association pursuant to the terms of the Agreement which the Association has used for the purposes of paying some of its costs associated with the development of Segment D of the Grand Parkway. Because of a shortage of funds, the Association desires to make arrangements to borrow against the future payments to be made by the County pursuant to the terms of the Agreement. In order to permit the Association to borrow at the best rate available and at the lowest possible cost, the Association has requested the County to make a formal determination that the contract awarded by the Department for the segment of the Grand Parkway between Interstate Highway 10 and F. M. 1093 amounted to a "contract award for construction of a substantial useable portion of Segment D in Fort Bend County, Texas, and for the County to reaffirm its obligation to make the remaining payments under the Agreement to the Association."

The County is willing to amend the Agreement in this respect in order to permit the Association to continue developing other segments of the Grand Parkway.

NOW THEREFORE, Fort Bend County and the Grand Parkway Association hereby agree as follows:

Section 1. The County reaffirms its remaining obligation to pay to the Association $1,500,000 plus interest on the unpaid balance at the rate of 9 percent per annum for the services rendered by the Association pursuant to the Agreement. The County's remaining obligation to the Association shall be paid in three annual installments of $500,000 each plus accrued interest on the unpaid balance. Interest shall accrue at the rate of 9 percent per annum on unpaid installments from March 1, 1991, through the date of payment. Such installment payments shall be made to the Association by March 1 of each year, with the first payment due no later than March 1, 1992, and the final payment due no later than March 1, 1994. The County may prepay all or any part of its remaining obligation to the Association after written notice as hereinafter provided. If the County elects to prepay all or any part of its obligation to the Association, it must notify the Association of its election to prepay setting forth the amount of the prepayment no later than sixty (60) days prior to the date of the prepayment.

Section 2. The County agrees that the April 30, 1991, award by the Department of a construction contract to H. B. Zachary and Company for the segment of the Grand Parkway from Interstate Highway 10 to F. M. 1093 constituted a "contract award for construction of a substantial useable portion of Segment D in Fort Bend County, Texas."

Section 3. The County hereby consents and agrees to the assignment of this Agreement by the Association to a financial institution, lender of money, provider of services, business enterprise, or individual who may advance funds or services to the Association in exchange for the Association's assignment of its right to receive payments hereunder. Any assignee of the Association shall be a third party beneficiary of this Supplemental Agreement and the Agreement. No assignment by the Association shall increase or otherwise affect the County's obligations under this Agreement. It is the County's intention that interest to be paid by the County under this Agreement shall be exempt from the payment of federal income taxes under the provisions of the Internal Revenue Code of 1986, by the Association, or any assignee thereof. The county judge and other appropriate county officials are authorized to sign and deliver such forms as necessary to aid and assist the Association in consummating its financing in order to permit the Association to continue to meet its duties and

responsibilities with respect to the continuing development of the Grand Parkway.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement in multiple copies, each of which shall be deemed to be an original, this 20th day of May, 1991.

**JOINT DEVELOPMENT AGREEMENT**

STATE OF TEXAS §
§
COUNTY OF FORT BEND §

**RECITALS**

On August 28, 1989, Fort Bend County (the "County") and the Grand Parkway Association (the "Association") entered into a Joint Development Agreement (the "Agreement") concerning the development of a segment ("Segment D") of State Highway 99 between Interstate Highway 10 and U. S. Highway 59 in Fort Bend County (the "Grand Parkway").

The Agreement placed an obligation on the Association to acquire right-of-way and design Segment D of the Grand Parkway and for the County to make payment of some of the Association's costs and expenses of acquisition of right-of-way and the design and development of the Grand Parkway.

The Agreement placed no obligation on the County to make payment to the Association until such time as the Texas Department of Highways and Public Transportation (the "Department") awarded a contract for the construction of a substantial useable portion of the Grand Parkway in the County.

EXHIBIT "A"

On April 30, 1991, the Department awarded construction of a substantial useable portion of the Grand Parkway in the County by awarding a construction contract for the segment of the Grand Parkway between Interstate Highway 10 and F. M. 1093 to H. B. Zachary and Company at an estimated price of $27,269,180.58. Construction of this segment of the Grand Parkway will soon commence.

Shortly thereafter, the County made its first payment to the Association pursuant to the terms of the Agreement which the Association has used for the purposes of paying some of its costs associated with the development of Segment D of the Grand Parkway. Because of a shortage of funds, the Association desires to make arrangements to borrow against the future payments to be made by the County pursuant to the terms of the Agreement. In order to permit the Association to borrow at the best rate available and at the lowest possible cost, the Association has requested the County to make a formal determination that the contract awarded by the Department for the segment of the Grand Parkway between Interstate Highway 10 and F. M. 1093 amounted to a "contract award for construction of a substantial useable portion of Segment D in Fort Bend County, Texas, and for the County to reaffirm its obligation to make the remaining payments under the Agreement to the Association."

The County is willing to amend the Agreement in this respect in order to permit the Association to continue developing other segments of the Grand Parkway.

NOW THEREFORE, Fort Bend County and the Grand Parkway Association hereby agree as follows:

Section 1. The County reaffirms its remaining obligation to pay to the Association $1,500,000 plus interest on the unpaid balance at the rate of 9 percent per annum for the services rendered by the Association pursuant to the Agreement. The County's remaining obligation to the Association shall be paid in three annual installments of $500,000 each plus accrued interest on the unpaid balance. Interest shall accrue at the rate of 9 percent per annum on unpaid installments from March 1, 1991, through the date of payment. Such installment payments shall be made to the Association by March 1 of each year, with the first payment due no later than March 1, 1992, and the final payment due no later than March 1, 1994. The County may prepay all or any part of its remaining obligation to the Association after written notice as hereinafter provided. If the County elects to prepay all or any part of its obligation to the Association, it must notify the Association of its election to prepay setting forth the amount of the prepayment no later than sixty (60) days prior to the date of the prepayment.

Section 2. The County agrees that the April 30, 1991, award by the Department of a construction contract to H. B. Zachary and Company for the segment of the Grand Parkway from Interstate Highway 10 to F. M. 1093 constituted a "contract award for construction of a substantial useable portion of Segment D in Fort Bend County, Texas."

Section 3. The County hereby consents and agrees to the assignment of this Agreement by the Association to a financial institution, lender of money, provider of services, business enterprise, or individual who may advance funds or services to the Association in exchange for the Association's assignment of its right to receive payments hereunder. Any assignee of the Association shall be a third party beneficiary of this Supplemental Agreement and the Agreement. No assignment by the Association shall increase or otherwise affect the County's obligations under this Agreement. It is the County's intention that interest to be paid by the County under this Agreement shall be exempt from the payment of federal income taxes under the provisions of the Internal Revenue Code of 1986, by the Association, or any assignee thereof. The county judge and other appropriate county officials are authorized to sign and deliver such forms as necessary to aid and assist the Association in consummating its financing in order to permit the Association to continue to meet its duties and

responsibilities with respect to the continuing development of the Grand Parkway.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement in multiple copies, each of which shall be deemed to be an original, this 20th day of May, 1991.

RE: United Savings Association of Texas FSB and United Financial Corporation Replacement Letters of Credit

Dear Mr. Crocker:

In 1990, several letters of credit were issued by Texas Commerce Bank ("TCB") on behalf of the above corporations to meet requirements of the Fort Bend County Subdivision Ordinance. The TCB letters of credit have an expiration date of May 31, 1991 and will be replaced with letters of credit from United Savings Association of Texas FSB ("United") prior to the expiration date.

The following is a listing of the letters of credit United will be replacing:

| TCB LOC# | Amount | Purpose |
|---|---|---|
| E-412-836 | $113,976 | Mission Glen, Section 4A, paving bond |
| E-412-800 | 77,240 | Mission Glen, Section 2, paving bond |

| E-413-978 | 105,750 | Bradford on the Bend, Section 3, paving bond |

You will likely be advised by TCB in the very near future that the letters of credit will not be renewed. As in the past, it is our intention to cooperate with the County in meeting the requirements set out in the Subdivision Ordinance.

By this letter, United is requesting that the replacement of the TCB letters of credit with letters of credit issued by United be placed on the May 20, 1991 agenda of the County Commissioners Court for consideration and approval. Attached are draft copies of each of the above letters of credit. The executed originals will be available at commissioners court on May 20, 1991.

Please make arrangements to have the TCB letters of credit available at the meeting in order to the complete exchange.

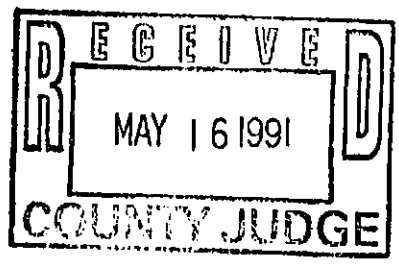
RE: Initial Assessment of Fort Bend County, Texas

Dear Judge Cordes,

Attached to this letter you will find our detailed assessment of all existing political boundaries for Fort Bend County, Texas. This assessment will permit the Commissioners Court to evaluate reapportionment requirements imposed by state and federal law from an informed position.



I will be in contact with you in the next few days to discuss the findings contained in this assessment, and if you deem it necessary, to schedule a meeting of the Commissioners Court to review these findings. Time is now of the essence, and we recommend your earliest decision as to the need for reapportionment in Fort Bend County.

I enclose a document entitled "Notice to Proceed with Reapportionment." Allison & Associates will be unable to complete all additional reapportionment tasks until we receive authorization from you to proceed. Therefore, we would request that you execute and return the Notice to Proceed with Reapportionment as soon as a decision is made to reapportionment Fort Bend County. This decision should be made as soon as possible, but certainly no later than June 1, 1991.

Thank you for your interest and cooperation.

Sincerely,

Bob Bass

Enclosures: Original and five (5) copies of Initial Assessment

NOTICE TO PROCEED WITH REAPPORTIONMENT

BE IT REMEMBERED that the firm of Allison & Associates was retained by this Commissioners Court on May 16, 1990 to conduct an Initial Assessment of the population demographics of Fort Bend County, Texas, and upon issuance of a formal Notice to Proceed with Reapportionment, to assist the County in the preparation of a submission to the Department of Justice in conformity with the Voting Rights Act of 1973, as amended. The Initial Assessment was completed by Allison & Associates and delivered to the Commissioners Court of Fort Bend County, Texas on May 17, 1991.

Based upon the facts and findings contained within the Initial Assessment, the Commissioners Court of Fort Bend County, Texas, finds that a Total Maximum Deviation of 61.73 percent exists between the currently existing Commissioners Court precincts No. 3 and No. 1. This total maximum deviation, being in excess of 10%, mandates reapportionment for Fort Bend County, Texas.

BE IT THEREFORE RESOLVED that the Commissioners Court of Fort Bend County, Texas, formally issue this Notice to Proceed with Reapportionment to the firm of Allison & Associates, and to formally empower Allison & Associates to continue with its representation of Fort Bend County relative to the reapportionment process.

BE IT FURTHER RESOLVED that this duly executed Notice to Proceed with Reapportionment be forwarded to Allison & Associates as evidence of authority to complete the tasks necessary to obtain pre-clearance of a new plan for the reapportionment of Fort Bend County political boundaries.

SIGNED THIS 20th day of May, 1991.

**MONTHLY REPORT**
**APRIL, 1991**

The removal of vegetation from channels during April, 1991 was accomplished by both shredding operations and by herbicide applications.

Shredding was done on forty-two (42) channels that included Buffalo Creek I-B-3 and three (3) tributaries, Oyster Creek II-K, and several Sims Bayou tributaries.

Herbicides were applied to thirty-seven (37) channels that included Dry Creek II-B-2, Turkey Creek I-D, and Willow Fork of Buffalo Bayou V-A.

The bridge crew assisted Precinct #1 with the replacement of the bridge across Coon Creek on Kroesche Road and replaced five (5) watergates. They also assisted with the installation of an Armorflex structure on Rabbs Bayou. The structure is designed to eliminate erosion in Rabbs Bayou where a tributary enters the bayou.

The excavation of Cow Creek II-A continued in April where various equipment was assigned. The Link Belt LS-98C dragline dug dirt while the Fiat Allis FD-16 and FD-30 bulldozers spread dirt and cleared trees and brush. The Fiat Allis FG-85 motor grader established back slope drain ditches.

The Deer Creek II-B-5 project also continued where the Rapier nck-305 dragline dug approximately four thousand (4,000) cubic yards of dirt.

The Northwest 9570 dragline worked on Brazos River II-H and dug approximately seven thousand (7,000) cubic yards of dirt.

Work also continued on the Big Creek Bypass. The District's contractor dug approximately ninety-three thousand (93,000) cubic yards of dirt while Drainage District personnel worked on seeding the new channel and spoil area.

The following charts show each project that received work during April, 1991 and which equipment was assigned.

INDEPENDENT AUDITORS' REPORT

County Judge Roy L. Cordes, Jr.
and Members of the Commissioners Court
of Fort Bend County, Texas:

We have audited the accompanying financial statements of Fort Bend County Drainage District ("District") as of December 31, 1990 and for the year then ended, listed in the foregoing table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the District and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

FORT BEND COUNTY DRAINAGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1990

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Reporting Entity

These financial statements include all of the funds and activities of the legal entity of Fort Bend County Drainage District ("District"), which is a component unit of the reporting entity of Fort Bend County, Texas ("County").

The Commissioners Court, as the elected governing body of the County, serves as the governing body of the District. As such, the Commissioners Court exercises oversight responsibility for the District by selecting its management personnel and by approving its annual budget, its annual property tax rates and levy and all borrowings.

### Fund Accounting

The accounts of the District are organized on the basis of funds and an account group, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund balance, revenues and expenditures. Government resources are allocated to, and accounted for in, individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

### Purpose of Funds and Account Group

Maintenance Available (General) Fund - used to account for all revenues and expenditures, not accounted for in other funds, relating to general operations.

Capital Projects Fund - used to account for proceeds of revenues whose expenditures are restricted to the construction and acquisition of major flood control projects and improvements.

General Fixed Assets Account Group - used to account for tangible assets having a useful life longer than a year and having a monetary value large enough to warrant maintaining related custodial records.

Basis of Accounting

The accounts of the Maintenance Available (General) Fund and Capital Projects Fund are maintained, and the financial statements have been prepared, on the modified accrual basis of accounting.

Under this basis of accounting, revenues are recognized when they become susceptible to accrual (i.e., both measurable and available). Available means collected within the current year or soon enough thereafter to be used to pay liabilities of the current year. Substantially all revenues, except property taxes, are considered to be susceptible to accrual. Property taxes, which are levied in October and collected by the County before year-end, are deferred at year-end because such revenues are considered budgeted revenues of the next calendar year.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Budgets and Budgetary Accounting

The County Judge and County Auditor prepare the proposed budget, using revenue estimates furnished by the County Auditor, and submit the data to Commissioners Court. A public hearing is held on the budget by Commissioners Court. Before determining the final budget, Commissioners Court may increase or decrease the amounts requested by the various departments. In the final budget, which is usually adopted in October or November, expenditures for current operating funds cannot exceed the estimated available cash balances in such funds at January 1, plus the estimate of revenues for the ensuing year. At any time during the year, Commissioners Court may increase the budget for unexpected revenues. Commissioners Court may transfer amounts among individual budget line items within major expenditure categories during the year, but no such transfer may increase the overall total of the budget.

Formal budgetary integration is employed for the Maintenance Available (General) Fund. The budget for this fund is prepared on the cash basis. Formal budgetary integration (annualized budgeting) is not employed in the Capital Projects Fund. Effective budgetary control in this fund is achieved through individual project budgeting.

A reconciliation of revenues and expenditures on the budgetary basis to revenues and expenditures on the modified accrual basis for the Maintenance Available (General) Fund is as follows:

| | |
|---|---|
| Revenues on budgetary basis and modified accrual basis | $5,956,755 |
| Expenditures: | |
| Budgetary basis | 4,826,339 |
| Incurred during 1989 but paid in 1990 | (101,353) |
| Incurred during 1990 that will be paid in 1991 | 105,780 |
| Expenditures on modified accrual basis | 4,830,766 |
| Operating transfers out: | |
| Budgetary basis | 989,787 |
| Operating transfer recorded in 1989 which was paid in 1990 | (83,075) |
| Operating transfers out on modified accrual basis | 906,712 |
| Revenues under expenditures and other financing uses on modified accrual basis | $ 219,277 |

General Fixed Assets

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated. No depreciation has been provided on general fixed assets.

The District has elected not to capitalize public domain fixed assets consisting of drainage rights-of-way.

The costs of purchasing or constructing capital assets are recorded as expenditures in the various funds and capitalized in the General Fixed Assets Account Group.

Vacation and Sick Leave

Employees are credited with up to twenty days a year of vacation leave but may only accumulate up to a maximum of twenty days. Upon termination, employees are paid for any unused, accumulated vacation. The District's liability for accumulated, earned vacation leave is recorded in the Maintenance Available (General) Fund since it will be liquidated with expendable available financial resources.

Employees are credited with eight days a year of sick leave and may accumulate an unlimited number of days. Upon termination, employees are not paid for any unused sick leave. The District's liability for accumulated earned sick leave, which was not material at December 31, 1990, is recorded as an expenditure when used.

Total Columns on Combined Statements

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns does not present financial position or results of operations in conformity with generally accepted accounting principles. Such data is not comparable to a consolidation because interfund eliminations have not been made in the aggregation of this data.

2. CASH AND TEMPORARY INVESTMENTS

The carrying amount of the District's demand deposits at December 31, 1990 was $241,281. The bank balance of the District's demand deposits of $436,558 was entirely covered by federal depository insurance or by pledged collateral held at a third-party bank (the County's agent) in the County's name. Such total collateralization and insurance coverage is required by State statutes.

State statutes authorize the District to invest in fully collateralized or insured time deposits, direct debt securities of the United States and fully collateralized repurchase agreements. The repurchase agreements must be purchased pursuant to a master repurchase agreement which specifies the rights and obligations of both parties and which requires that the securities involved in the transaction be held in a safekeeping account subject to the control and custody of the District. Investments in security repurchase agreements may be made only with the County's depository bank or with state or national banks domiciled in the State of Texas.

The District's investments at December 31, 1990 consisted of repurchase agreements and governmental agency securities with a cost of $73,220 and $1,994,579, respectively, which approximates market value. All related investments were held at third-party banks (the County's agent) or registered in the County's name.

3. PROPERTY TAXES

Levy and Collection

Property is appraised and a lien on such property becomes enforceable as of January 1, subject to certain procedures for rendition, appraisal, appraisal review and judicial review. Property taxes are levied by October 1 of the year in which assessed, or as soon thereafter as practicable. Taxes become delinquent February 1 of the following year and are subject to interest and penalty charges.

Property taxes for the District are billed and collected by the County Tax Assessor and Collector. Collections of these taxes pending distribution to the District are accounted for in a County agency fund.

Tax Rates

The District's tax rate for 1990 was $0.0658 per $100 of assessed valuation. The District is permitted by law to levy taxes up to $0.25 per $100 of assessed valuation.

Fort Bend Central Appraisal District

The Fort Bend Central Appraisal District ("CAD"), a separate governmental entity, is responsible for the recording and appraisal of property for all taxing units within the County, including the District. The CAD is required by state law to assess property at 100% of its appraised value. Further, real property must be reappraised at least every four years. Under certain circumstances, taxpayers and taxing units, including the District, may challenge orders of the CAD's Appraisal Review Board through various appeals and, if necessary, legal action.

The Commissioners Court will continue to set tax rates on property. State law also provides that, if approved by the qualified voters in the CAD, collection functions may be assigned to the CAD.

4. GENERAL FIXED ASSETS

General fixed assets transactions for the year ended December 31, 1990 are summarized as follows:

| | Balance, January 1 | Additions | Deductions | Balance, December 31 |
|---|---|---|---|---|
| Land | $ 4,125 | $ 897,060 | | $ 901,185 |
| Buildings | 94,170 | | $19,295 | 74,875 |
| Equipment | 4,042,631 | 249,868 | 28,289 | 4,264,210 |
| Total | $4,140,926 | $1,146,928 | $47,584 | $5,240,270 |

5. PENSION PLAN

Plan Description

The District, as a component unit of the County, provides retirement, disability and death benefits for all of its officials and full-time employees and part-time employees working 900 hours annually through a nontraditional, joint contributory, defined contribution plan ("Plan") in the state-wide Texas, County and District Retirement System ("TCDRS"), an agent multiple-employer public employee retirement system. The County as a whole participates in the TCDRS and, therefore, separate actuarial information is not available for the District.

It is the opinion of TCDRS management that the plans in TCDRS are substantially defined-contribution plans, but they have elected to provide additional voluntary disclosure to help foster a better understanding of some of the nontraditional characteristics of the Plan.

The Plan provisions are adopted by the governing body of the County, within the options available in the state statutes governing TCDRS. Members can retire at age 60 and above with 10 or more years of service or when the sum of their age and years of service equals 80 or more. A member is vested after 10 years of service but must leave any accumulated contributions in the Plan. If a member withdraws his/her personal contributions in a lump sum, that member is not entitled to any amounts contributed by the employer.

Benefit amounts are determined by the sum of the employee's contributions to the Plan, with interest, and employer-financed monetary credits, with interest. The level of these monetary credits is adopted by the County conditioned by the actuarial constraints imposed by a statute that mandates that the resulting benefits can be expected to be adequately financed by the commitment of the District to contribute the same amount as the member employees. The District's current benefit plan provides for employer-financed monetary credits for service since the Plan began of 230% of the employee's accumulated contributions, and for employer-financed monetary credits for service before the Plan began of 165% of a theoretical amount equal to twice what would have been contributed by the employee, with interest, prior to establishment of the Plan. At retirement, the benefit is calculated as if the sum of the employee's accumulated contributions and employer-financed monetary credits were used to purchase an annuity within TCDRS.

Contribution Requirements

The contribution rate of the District and the County is 7% of the employee members' earnings. This rate, which is not actuarially determined, is a fixed percentage equal to the contribution rate payable by the employee member, and is one of the rates that can be adopted in accordance with the TCDRS Act.

The District's total payroll in calendar year 1990 was $1,723,750, and the District's contributions were based on a covered payroll of $1,717,750. Employer and employee contributions for 1990 were made as required, and each totaled $120,243. There were no related-party transactions.

Although the substance of the Plan is not to provide a defined-benefit in some form, some additional voluntary disclosure is appropriate due to the nontraditional (for a defined-contribution plan) existence of an unfunded pension-benefit obligation and employer-financed monetary credits in excess of 100% of the employees' personal contributions.

Of the District's and County's 7% contribution, the normal cost of 6.47% is to fund the currently accruing monetary credits, while the remaining portion, .53%, is to amortize the unfunded pension-benefit obligation quantified below. The Plan had an initial unfunded pension-benefit obligation due to the monetary credits granted by the District and County for services rendered before the Plan began and can have additions to the unfunded pension-benefit obligation through the periodic adoption of increases in benefit credits and benefits.

While the County's and District's obligation to the Plan is only their commitment to make contributions equal to those of their employees, it is expected that the commitment to make equal contributions will eventually result in the full funding of all employer-financed monetary credits. In a practical sense, therefore, the County's and District's obligation to the Plan includes the unfunded pension-benefit obligation.

Governmental Accounting Standards Board ("GASB") Statement No. 5 defines pension-benefit obligation as a standardized disclosure measure of the actuarial present value of pension-benefits, adjusted for the effects of projected salary increases, estimated to be payable in the future as a result of employee service to date. The measure is intended to help users assess the funding status of public employees pension plans, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among public employee pension plans.

Funding Status

The pension-benefit obligation shown below is similar to nature to standardized disclosure measure for defined-benefit plans except that there is no need to project salary increases since the benefit credits earned for service to date are not dependent upon future salaries. The calculations were made as part of the annual actuarial valuation as of December 31, 1989. Because of the money-purchase nature of the Plan, the interest rate assumption, currently at 9% per year, does not have as much impact on the results as it does for a defined-benefit plan. The market value of the assets for TCDRS as a whole as of December 31, 1989, was 104.9% of book value. Market value of assets is not determined separately for the various funds.

Total unfunded pension-benefit obligation to the County and District was actuarially determined at December 31, 1989 and 1988 as follows:

| | 1989 | 1988 |
|---|---|---|
| Annuitants | $ 4,523,959 | $ 3,923,804 |
| Current employees: | | |
| Accumulated employee contributions including allocated investment earnings | 10,332,417 | 8,764,361 |
| Employer-financed vested | 8,180,472 | 6,851,025 |
| Employer-financed nonvested | 5,906,317 | 4,550,181 |
| Total pension-benefit obligation | 28,943,165 | 24,089,371 |
| Net assets available for benefits, at book value | 23,531,944 | 20,011,842 |
| Unfunded pension-benefit obligation | $ 5,411,221 | $ 4,077,529 |

The unfunded pension-benefit obligation is being amortized with a level percent of payroll, assumed to be .53% each year in the valuation above. The rate available to amortize the unfunded pension-benefit obligation may, however, vary slightly from year to year since it is determined as the County and District contribution rate (7%) minus its normal cost contribution rate (recalculated annually). As a result, the amortization period may vary from year to year. If it is assumed that only .53% of payroll is available for amortization each year in the future, then the unfunded pension-benefit obligation will not be amortized. However, the TCDRS Board of Trustees has initiated action to have the TCDRS Act amended in the 1991 regular session of the Texas Legislature. One of the amendments will strengthen the actuarial condition of every plan in TCDRS by changing the way interest is allocated each year. The actuary for TCDRS is of the opinion that this amendment will improve the actuarial condition for this plan so that the amortization of the unfunded pension benefit obligation will be accomplished over a period of less than forty (40) years.

The amortization period above applies only to the unfunded part of the total pension-benefit obligation. The funded ratio, the portion of the total pension-benefit obligation that is fully funded, is 81.3% for the County. Therefore, the amortization period applies only to 18.7% of the pension-benefit obligation. The amounts shown above reflect changes in the actuarial assumptions since the previous actuarial valuation. These changes in assumptions had the net effect of increasing the pension-benefit obligation by $671,998.

Trend Information

Trend information gives an indication of the progress made in accumulating sufficient assets to pay benefits when due. The following presents the trend information for plan years ended December 31, 1987 through December 31, 1989. Trend information prior to 1987 is unavailable.

| Plan Year | Net Assets Available for Benefits as a Percentage of Pension-Benefit Obligation | Unfunded Pension Benefit Obligation as a Percentage of Covered Payroll | Employer Contribution as a Percentage of Annual Covered Payroll |
|---|---|---|---|
| 1989 | 81.3% | 27.0% | 7% |
| 1988 | 83.1% | 22.0% | 7% |
| 1987 | 81.7% | 21.3% | 7% |

6. FORT BEND FLOOD CONTROL WATER SUPPLY CORPORATION

During 1989 the County formed the Fort Bend Flood Control Water Supply Corporation ("Corporation") for the purpose of financing the acquisition and construction of flood control and drainage services. The Corporation issued $20,325,000 of revenue bonds which are payable from impact fees assessed and collected by the District and taxes assessed and collected by the County. When the revenue bonds were issued on July 5, 1989, the District deposited all impact fees collected and $1,100,000 of the District's available funds into the Corporation, less amounts previously spent on project costs, as defined. In 1990 the District transferred $136,712 in impact fees to the Corporation. When flood control projects and improvements are completed, they will be conveyed to the County for recording as fixed assets and will be maintained by the District.

7. CONTINGENT LIABILITIES

The District is contingently liable for lawsuits and other claims arising in the ordinary course of its operations. The settlement of such contingencies under the budgetary process would not materially affect the financial position of the District at December 31, 1990.

# GUARANTEED MAINTENANCE AGREEMENT
## COPYING SYSTEMS DIVISION

Lanier Worldwide, Inc. (hereinafter referred to as "Lanier") with offices at 2300 Parkdale Drive N.E., Atlanta, Georgia 30345, by its acceptance hereof, agrees to furnish to the herein-named Customer, who agrees to accept under the terms and conditions of this Agreement, maintenance service on the Equipment listed herein.

**1. Term.** This Agreement shall cover a one-year period beginning on the effective date listed below, and will be automatically renewed for successive one-year periods at the then current maintenance charge for the Equipment covered by this Agreement until terminated by either party as provided herein.

**2. Acceptance.** This Agreement shall become binding when it has been accepted by Lanier's service manager or his designee, provided, however, that if there are any modifications to this Agreement, then this Agreement is not valid until it has been accepted in writing by the signature of an authorized representative of Lanier at 2300 Parkdale Drive N.E., Atlanta, GA 30345. In such case, this is the sole and exclusive manner of acceptance. Any other promise or act, including a promise to perform maintenance service or the performance of any maintenance service, shall not constitute acceptance by Lanier of this Agreement.

**3. Charges.** Customer agrees to pay the Basic Maintenance Charge listed herein for the maintenance service on the Equipment covered by this Agreement beginning on the effective date of this Agreement. The effective date of this Agreement will be the date designated herein or the day following the last day of the Lanier Equipment Warranty Period of the applicable Lanier purchase agreement, whichever is later. The Basic Maintenance may be changed on an anniversary date of this Agreement.

Except for the applicable zone charge, there will be no additional charge for travel expense associated with the services performed during Lanier's normal business hours, except that the actual travel expense and Lanier's applicable hourly rates and terms then in effect shall be charged in those instances where the site at which the Equipment is located is not accessible by private automobile.

In addition to the charges due under this Agreement, the Customer agrees to pay any tax now or hereafter imposed on or in connection with the sale, delivery, or furnishing of such services or materials described herein, exclusive of taxes based on net income.

**4. Additional Equipment.** Upon agreement of the Parties, additional Equipment may be added to this Agreement and be eligible to receive maintenance service as described herein for the remaining term of this Agreement. Customer agrees to pay the pro rata portion of the Basic Maintenance Charge that is current at the time the additional Equipment is added to this Agreement. To receive maintenance service on this additional Equipment, Customer shall issue a purchase order or written request that references this Agreement, states the date on which maintenance service shall commence, and lists the type, model, and serial number of the additional Equipment to be covered by this Agreement. Lanier reserves the right to inspect any equipment to be added to this Agreement which is not new, and, if necessary in Lanier's opinion, to refurbish such equipment prior to acceptance hereunder.

**5. Maintenance Service.** Lanier agrees to provide to the Customer, during Lanier's normal business hours, the maintenance service necessary to keep the Equipment in, or restore the Equipment to, good working order in accordance with Lanier's policies then in effect. This maintenance service includes maintenance based upon the specific needs of individual Equipment, as determined by Lanier, and unscheduled, on-call remedial maintenance. For each unscheduled service call requested by the Customer, Lanier shall have a reasonable time within which to respond.

Maintenance will include lubrication, adjustments, and replacement of maintenance parts deemed necessary by Lanier. Maintenance parts will be furnished on an exchange basis, and the replaced parts become the property of Lanier. Maintenance service provided under this Agreement does not assure uninterrupted operation of the Equipment.

If available, maintenance service requested and performed outside Lanier's normal business hours will be charged to the Customer at Lanier's applicable time and material rates and terms then in effect, unless Lanier and Customer have a written agreement providing for afterhours maintenance service.

**6. Exclusions to Maintenance Service.** Maintenance service provided by Lanier under this Agreement does not include:

(a) Repair of damage or increase in service time caused by failure of the Customer to provide continually a suitable installation environment with all facilities prescribed by Lanier, including, but not limited to, the failure to provide, or the failure of adequate electrical power, air-conditioning, or humidity-control.

(b) Repair of damage or increase in service time caused by: accident; disaster, which shall include but not be limited to fire, flood, water, wind, and lightning; transportation; neglect; power transients; abuse or misuse; failure of the Customer to follow Lanier's published operating instructions; and unauthorized modifications or repair of Equipment by persons other than authorized representatives of Lanier.

(c) Repair of damage or increase in service time caused by use of the Equipment for purposes other than those for which designed.

(d) Replacement of parts which are consumed in normal Equipment operation, unless specifically included.

(e) Furnishing supplies or accessories, painting or refinishing the Equipment or furnishing the material therefor, inspecting altered Equipment, performing services connected with relocation of Equipment or adding or removing accessories, attachment or other devices.

(f) Repair of damage, replacement of parts (due to other than normal wear) or repetitive service calls caused by use of incompatible supplies.

(g) Complete unit replacement or refurbishment of the Equipment.

(h) Electrical work external to the Equipment or maintenance of accessories, attachments, or other devices not furnished by Lanier.

(i) Increase in service time caused by Customer denial of full and free access to the Equipment or denial of departure from Customer's site.

The foregoing items excluded from maintenance service, if performed by Lanier, will be charged to the Customer at Lanier's applicable time and material rates and terms then in effect.

**7. Service Warranty and Limitation of Liability.** Lanier warrants to the Customer that the maintenance service provided herein will be performed in accordance with industry practices, and material and parts furnished under this Agreement will be free of defects in material and workmanship at the time of installation. If any failure to meet the foregoing warranty appears and written notice thereof is provided by Lanier within the term of this Agreement, Lanier will correctly re-perform the services identified, or repair or replace the defective material or part provided. The foregoing service warranty constitutes Customer's sole and exclusive remedy. THE FOREGOING WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND LANIER MAKES NO ADDITIONAL WARRANTY, EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. LANIER SHALL NOT UNDER ANY CIRCUMSTANCES BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES OR ECONOMIC LOSS, INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS, REVENUE, OR LOSS OF EQUIPMENT USE, EVEN IF LANIER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR LOSS, OR FOR ANY CLAIM AGAINST CUSTOMER BY ANY OTHER PARTY.

**8. Invoicing.** The Basic Maintenance Charge will be invoiced in advance. The Basic Maintenance for a partial month's service will be prorated on the basis of a thirty (30) day month. Payment will be made within the terms stated on the invoice. If the Equipment is being leased or rented from Lanier, the Basic Maintenance charge may be added to the Lease charges on invoiced month.

**9. Access.** Customer shall grant to Lanier service personnel full and free access to the Equipment to provide maintenance service and engineering changes thereon, subject only to the Customer's security regulations.

**10. Engineering Changes.** Engineering changes determined applicable by Lanier, will be controlled and installed by Lanier on Equipment covered by this Agreement. Engineering changes which provide additional capabilities to the Equipment covered herein will be made at the Customer's request at Lanier's applicable time and material rates and terms then in effect.

**11. Equipment Transfer.** Any transfer of Equipment covered by this Agreement to a person other than the Customer listed herein, or to a location outside of Lanier's normal servicing area, will exclude such Equipment from the terms of this Agreement. Transfer of Equipment to a different zone within Lanier's normal servicing area will result in an adjustment of charges to the applicable rate for the new zone.

**12. Indemnification.** Except as otherwise provided in paragraph 7, Lanier agrees to indemnify and hold Customer harmless from and against any loss, cost, damage, claim, expense, or liability as a result of injury to or death of any person or damage to any personal property of Customer where such personal injury or damage arises out of or in connection with the sole negligence of Lanier, or its employees in the performance of this Agreement, provided Lanier receives prompt written notice of such personal injury or damage and provided further that Lanier shall have the sole control of the defense of any such action and all negotiations for its settlement or compromise.

**13. Assignment.** This Agreement shall be binding on and inure to the benefit of, the parties to it and their respective heirs, legal representatives, successors, and assigns. Lanier reserves the right to delegate its duties hereunder to one or more independent contractors. This Agreement may not be assigned by Customer without prior written approval of Lanier, and any attempted assignment in violation of this provision shall be void.

**14. Termination.** This Agreement may be terminated effective at the end of the first year, or thereafter by either party without incurring any liability to the other party as a result of such termination, provided thirty (30) days advance written notice of termination is given to the other party. Notwithstanding the above, either party may terminate this Agreement for failure of the other to comply with any of its terms and conditions. Maintenance service performed by Lanier after the termination of this Agreement shall be charged to the Customer at Lanier's applicable time and material rates and terms then in effect. Lanier may suspend performance under this Agreement if customer is in default or in arrears in payments to Lanier under this or any other agreement.

**15. All Modifications To Be In Writing.** No variation or modification of this Agreement whether by Customer's purchase order or otherwise, and no waiver of any of the Agreement's provisions or conditions shall be binding unless in writing and signed by duly authorized agents of Lanier and Customer.

**16. Waiver.** The waiver of any breach or default under this Agreement by either party shall constitute a waiver only as to such particular breach or default and shall not constitute a waiver of any other breach or default. No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of a claim or right unless the waiver or renunciation is in writing and signed by an officer of the aggrieved party.

**17. Force Majeure.** Lanier shall not be responsible for failure to render service due to causes beyond its reasonable control.

**18. Notices.** Service of all notices under this Agreement shall be in writing and sent by first class mail, postage prepaid, and addressed to the last known address of the party to be served therewith. Notices sent by certified mail-return receipt requested-shall be presumed to have been received.

**19. Headings.** The subject headings of the paragraphs of this Agreement are included for the purpose of convenience only and shall not affect the construction or interpretation of any of its provisions.

RE: Monthly reports of Fee Officers

Gentlemen:

We have examined the monthly reports of certain Fee Officers identified below for the month of April, 1991. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

The breakdown of the fees paid by the Tax Collector in April is attached to this letter.

The following is the criminal and civil case report for the JPs for the month of April, 1991.

| JP | # OF CASES: | New | Pending | Dismissed | Paid | Open | Civil Cases |
|---|---|---|---|---|---|---|---|
| JP 1 | Geick | 588 | 4625 | 328 | 363 | 4522 | 42 |
| JP2-1 | Molina | 265 | 1959 | 150 | 164 | 1910 | 46 |
| JP2-2 | Fredrickson | 490 | 513 | 139 | 325 | 539 | 11 |
| JP3 | Franks | 199 | 2480 | 228 | 165 | 2286 | 38 |
| JP4 | Adolphus | 451 | 4068 | 285 | 345 | 3889 | 12 |

There was nothing that would lead us to believe that these reports are not, in all material respects, a fair representation of cash transactions of the records presented to us.

We recommend that these reports be approved subject to completion of our examination of reports of such officers for the year ending December 31, 1991.

If the Court concurs, the following order might be adopted:

> Moved by Commissioner____, seconded by Commissioner____, duly put and carried, it is ordered that the monthly reports of fees collected by Fee Officers identified below, for the month of April, 1991 be approved as recommended by the County Auditor in his letter of June 3, 1991.

RE: Monthly reports of Fee Officers

Gentlemen:

We have examined the monthly reports of certain Fee Officers identified below for the month of April, 1991. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

The breakdown of the fees paid by the Tax Collector in April is attached to this letter.

The following is the criminal and civil case report for the JPs for the month of April, 1991.

| JP | # OF CASES: | New | Pending | Dismissed | Paid | Open | Civil Cases |
|---|---|---|---|---|---|---|---|
| JP 1 | Geick | 588 | 4625 | 328 | 363 | 4522 | 42 |
| JP2-1 | Molina | 265 | 1959 | 150 | 164 | 1910 | 46 |
| JP2-2 | Fredrickson | 490 | 513 | 139 | 325 | 539 | 11 |
| JP3 | Franks | 199 | 2480 | 228 | 165 | 2286 | 38 |
| JP4 | Adolphus | 451 | 4068 | 285 | 345 | 3889 | 12 |

There was nothing that would lead us to believe that these reports are not, in all material respects, a fair representation of cash transactions of the records presented to us.

RECEIVED
MAY 29 1991
COUNTY JUDGE

We recommend that these reports be approved subject to completion of our examination of reports of such officers for the year ending December 31, 1991.

Re: Tract 51 - 9.190 acre tract in the William T. Neal 1/4 League, A-64, Fort Bend County, Texas

Dear Mr. Barber:

The Fort Bend Flood Control Water Supply Corporation (the "Corporation") is in the process of acquiring the necessary rights-of-way for improvements to Stafford Run. Ms. Anna Lee Cangelosi, Mr. John Charles Cangelosi, Jr. (Individually and as Trustee for John Charles Cangelosi, III), Mr. Harold P. Barber (Individually and as Trustee for Harold P. Barber, Jr., John Thomas Barber and Richard Damian Barber), Ms. Lena Jo Barber (Individually and as Trustee for Harold P. Barber, Jr., John Thomas Barber and Richard Damian Barber), Ms. Dorothea Ann Valka (Individually and as Trustee for Vanessa Ann Valka), are the purported owners (the "Owners") of Tract 51 more specifically described by Exhibit "A" attached to this letter (the "Tract"). The Corporation requires your agreement and consent to authorize the Corporation and its contractors, Lichliter/Jameson & Associates, Inc., McBride-Ratcliff & Associates, Inc., and others (the "Consultants") to perform a geotechnical survey to evaluate the types and estimated quantities of material that might possibly be excavated from the above-described Tract; to evaluate the costs to remove trees and vegetation, to refill the existing excavations with on-site spoil and, if necessary, to fill dirt from other sources to establish a compaction sufficient to make the site usable for normal commercial and industrial uses; and to conduct an environmental assessment of existing soils, sediments and water for possible contaminants. Such evaluation and testing will generally consist of coring, surveying and sampling. The Corporation will test such soils

to a depth of 45 feet. The Owners have requested that the Corporation test soils to a depth below 45 feet and have agreed to pay all additional expenses incurred by the Corporation to perform the additional testing and to have an additional report prepared to reduce to writing the results of such testing of soils below 45 feet. Neither the Corporation nor the Owners shall be bound by the results of the tests. Should this matter proceed to trial, the Owners and the Corporation expressly waive any right to inform the trier of fact that the contractors employed to do the work contemplated by this Agreement are or were associated with either the Owners or the Corporation. This work is being done for the purposes of settlement.

In consideration of the Owners granting their authorization to conduct the above-described tests, the Corporation agrees to the following:

1. It will give Harold Barber a minimum of 48 hours of notice in advance of commencement of geotechnical and environmental surveys so that the Owners and their agents may be present during all testing to allow for complete observation of the tests;

2. It will provide Harold Barber a complete copy of all final reports prepared by the Consultants resulting from the above-described testing within five (5) business days after receipt of the reports by the Board of Directors of the Corporation or its attorney or appraiser;

3. It will cause to be repaired or filled all holes made by the Consultants during all testing to avoid injury to any pedestrians; and

4. It will require it's Consultants and their agents to carry liability insurance sufficient to pay property damage and personal injury claims proximately caused by the negligence of the Consultants in performing the testing of their work.

The Corporation agrees that it will use due diligence in completing such testing and evaluation, and the Owners agree that they will not interfere with such work while in progress. The Owners represent that they have the authority to grant authorization to the Corporation to enter the Tract on behalf of any legal owners of Tract 51 who have not signed below. The Owners shall not be allowed to revoke this authorization without cause after work commences. Should the Owners desire to revoke this authorization before work commences, they must give written notice to Joe B. Allen, attorney for the

Corporation. The revocation will be effective 24 hours after Joe B. Allen's receipt of the Notice.

Yours truly,

Don L. Russell
President, Fort Bend Flood Control
Water Supply Corporation

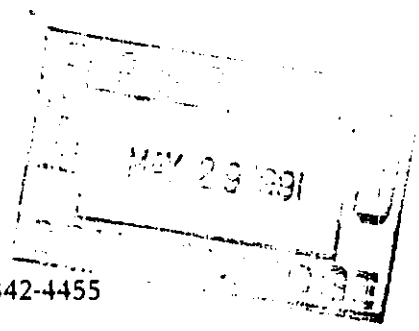
Gentlemen:

I would like your approval of a letter of agreement between the County and Lamar CISD for the leasing of 8 Apple IIe computers with associated software for the period June 3, 1991 to July 31, 1991.

We would like to use this equipment at the George Memorial Library for the pleasure of elementary and intermediate school students who would like to continue their education during the summer months.

Last year we had 4 computers with 2,300 children registered for their use. We would like to expand that program this year.

This program will cost $1.00 to implement and we will be responsible for care and upkeep of equipment and software. There were no problems last year.



I will appear before you on Monday, June 3, 1991 to seek your approval.

Sincerely,

Roman S. Bohachevsky

Dear Roman:

This is a letter of agreement between Lamar C.I.S.D. and the Fort Bend County Library System for the leasing of 8 Apple IIe computers, and 4 copies of 8 MECC software programs for the period of June 3, 1991 through July 31, 1991. The cost for the lease of this equipment will be one dollar ($1.00).

These items are valued as follows:

| | |
|---|---|
| 8 Apple IIe computers with color monitors | $6,800 |
| 10 MECC Software Programs | 958.40 |
| Total Value | $7,758.40 |

The County Library System is responsible for insuring and maintaining this property while in use by the Fort Bend County Library System. If you are in agreement with this lease arrangement, please sign the enclosed copy and return a signed copy to me with a check for $1.00 payable to L.C.I.S.D. Please contact Mr. Ken Walla at 341-2115 to make arrangements for the delivery of the computers.

Sincerely,

Paul Slocumb, Ed.D.

Gentlemen:

I will appear before you on Monday, June 3, 1991 to request approval to go out for bids for the Missouri City branch library building project.

At this point in time the architects are estimating that the building construction cost will be approximately $1,505,773. I have attached a progression of budget estimates for this project, beginning with the initial bond program estimate.

Also attached please find a listing of the Missouri City Building Committee and a proposed schedule of construction.

The plans and specifications are essentially complete at this writing. They have been reviewed by all parties involved--the library staff, the Library Board, the Building Committee, the Public Works Department of Missouri City and the County Engineer's Office.

We have had a meeting with Purchasing, County Attorney's Office (Bruce Donaldson), the architects (Dan Holt) and staff and have agreed on procedures and schedules.

Please note that we propose to open bids on Wednesday, June 26, 1991 at 1:30 pm. This will be a change from normal Monday afternoon bid openings.

Gentlemen:

I request permission to go out for bids for what we call "general" book buying, meaning the bulk of general interest novels and non-fiction that we typically buy each year.

We are doing this a little early this year, necessitated by the requirements of our automation system. This is a bid for FY 1992 and it will require some tailoring to our new automation system once awarded.

The current successful bidder for "general interest" books is Brodart, Inc. and we will spend approximately $81,000 with them this year. Next year's book buying will include books for the Missouri City branch library and we may spend approximately $100,000 all together.

I will appear before you on Monday, June 3, 1991 to ask for your approval.

RE: Proposal to Perform a Phase I Environmental Assessment on a 2.02 acre tract of land at the corner of Grant's Lake Boulevard and Austin Parkway, Sugar Land, Texas.
AEC P-91-053

Dear Judge Cordes:

In response to your request, Associated Environmental Consultants, Inc. ("AEC"), is pleased to present this proposal to perform an environmental assessment at the above referenced site (the "Site").

OBJECTIVES

The specific objectives of the assessment are the following:

1. To obtain information that can be used to characterize the historical and present utilization of the site.

2. To characterize the current and previous uses of the site with regard to the existence of hazardous substances, as defined by the following environmental laws: (the "Regulations"):

   * Comprehensive Environmental Response, Compensation and Liability Act as amended by the Superfund Amendments and Reauthorization Act of 1986

   * Toxic Substances Control Act

   * Resource Conservation and Recovery Act as amended by the Solid Waste Disposal Act Amendments of 1984

   * Corresponding state statutes and local ordinances, if any.

10701 Corporate Drive, Suite 215 • Stafford, Texas 77477 • (713) 240-3371 • Fax (713) 240-5009

3. To address historical and existing land uses of nearby properties, to the extent that they may have an environmental impact on the subject Site.

4. To assess the impact of any hazardous substances on the subject site or on the environment or target populations near the site.

SCOPE

A Phase I environmental assessment will be conducted, including an inspection of the entire Site for hazardous substances. The purpose of the assessment will be to determine if historical or present uses of the Site and nearby properties indicate that the site may be affected by substances controlled by the Regulations.

A more detailed description of the Phase I assessment is set forth in Attachment I.

If it is determined that a more comprehensive assessment is required, AEC will consult with the Client to review its reasons for making such a recommendation. Such recommendation may occur if underground storage tanks are located on the Site or if contamination is suspected from other sources.

Other standard terms and conditions are set forth in Attachment III.

PRICE

AEC will complete the Phase I assessment for a fee of $1350.00.

All prices are subject to limitations, adjustments, and payment terms as set forth in Attachment II.

To assist in the assessment, the Client or the Client's representative will do the following:

1. Provide a copy of any available Site plans, surveys, legal description, specifications and previous environmental and geotechnical reports or studies.

2. Provide copies of all environmental permits held by the facility, if any.

3. Provide such other information as may be available and applicable regarding the Site, including:

   a. All environmental checklists required by any lender;

   b. Facility design drawings;

   c. Site land use and development history;

   d. Past and present tenant lists;

   e. Names of personnel available for interviews; and

   f. Such other information as may be reasonably requested by AEC.

Associated Environmental Consultants, Inc. stands ready to begin this project as soon as you give us instructions to proceed. We estimate that this project will take approximately 15 working days to complete. This estimate is based on the assumption that AEC will have all required information at the time this contract is signed. If required information is not available at the time this contract is signed, additional days to complete the project may be necessary. We sincerely appreciate this opportunity to be of service to you.

Should the terms of this proposal be acceptable to you, please indicate so by signing in the space below and return one original of this proposal to us.

Sincerely,

Brent Leftwich
President

ATTACHMENT I

SCOPE OF WORK

PHASE I ASSESSMENT

1. Question owner or available personnel, for purpose of identifying polychlorinated biphenyl (PCB) transformer locations, and any other hazardous material handling or storage areas.

2. Review topography and geology/hydrogeology of the subject site and the surrounding area to identify underlying soils and any potential impact on nearby water systems.

3. Conduct a visual inspection of the site and the vicinity of the site for the purpose of identifying existing facilities and tenant activities, with particular interest in obtaining visible evidence of hazardous or potentially hazardous substances, violations of known permits or regulations, existing construction materials and PCB transformer areas.

4. Review available aerial photography to identify historical utilization of the site and of adjacent properties which may include hazardous waste generating facilities.

5. Conduct a search of past titleholders of the site for the purpose of identifying possible owners involved in activities known or reported to include the generation, handling, or disposition of hazardous waste.

6. Review of permits and records of regulatory agencies having jurisdiction in the area to obtain information concerning the usage, storage,treatment and disposal of hazardous substances at facilities existing within reasonable distance of the subject site.

7. Evaluate the accuracy of any registration with the Texas Water Commission and make application for amendment of such registration, if appropriate.

8. Prepare a final written report setting forth our activities, conclusions, and recommendations, if any.

**LIMITATIONS**

Several thousand chemicals, wastes, and other materials have been designated as hazardous or toxic by various laws and regulations. Attempts to locate and identify "all" such materials in a survey would also be impractical. If retained to conduct an assessment with respect to such materials, AEC will direct its efforts at locating the most significant sources, or potential sources, of such materials with potential for the most significant impact.

PRICE

PRICE SUMMARY:

| | | |
|---|---|---|
| 1. | Phase I Assessment Base Price | $ 1350.00 |
| | TOTAL | $ 1350.00 |

PAYMENT TERMS:

All amounts are due and payable upon receipt of our invoice. Invoices may be submitted at the earliest of (1) completion of the work; (2) if the assessment is being conducted in connection with a sale or lease of the site, at the time of closing the sale or lease; or (3) if the work takes more than 30 days, monthly. Invoices become past due 30 days after their date and are subject to interest at the rate of 1-1/2% per month.

**ATTACHMENT III**

**STANDARD TERMS AND CONDITIONS**

Associated Environmental Consultants, Inc. ("AEC") is being engaged to render professional services involving hazardous materials. AEC will be compensated largely on the basis of completion of the tasks described in the Scope of Work and on the time required in rendering these professional services--not on the basis of potential legal liabilities created by any risks associated from the hazardous materials and ACM.

AEC will not be liable for damage or injury arising from damage to subterranean structures (pipes, tanks, telephone cables, etc.) which are not disclosed to AEC in writing in advance and correctly shown on the plans furnished to AEC in conjunction with the work to be performed.

Client represents and warrants that no condition exists, that it is aware of, in or around the area in which AEC will be performing the duties under the terms of this Agreement which could be dangerous to life or health of AEC's employees, contractors or any third party.

AEC's liability shall be limited to the amount of its comprehensive general liability insurance.

AEC, its contractors or agents, agree to indemnify and save Seller harmless from and against any and all damages, costs, injuries and liabilities to the property and/or any persons or property of any persons which may occur by reason of or in connection with this assessment.

**LIMITED WARRANTY**

AEC will perform its services in accordance with the standard of care and diligence normally practiced by recognized professional firms in performing services of a similar nature under similar circumstances. AEC makes no other warranties or guarantees, expressed or implied and all other warranties are expressly disclaimed.

This proposal and any assessment or report hereafter prepared is for the sole benefit of the Client named herein. No other person is entitled to rely thereon.

Re: Traffic Study - Marisol at Sierra Grande

Dear Sir:

Please find attached a sketch showing the existing traffic counts and stop signs. This study was made per your request with attached petitions.

From the study and the petitions it is recommended that two additional stop signs are warranted on Sierra Grande, thus making it a 4-way stop. A "4-Way Stop" can be added to all stop signs.

If you should have any questions, please feel free to contact Mr. Karl Baker.

RE: Bid Award - Bid #91-061 DATE: May 30, 1991
Combustible Gas Sensor System
Blume Road Facility

On June 3, 1991 Commissioners Court will be requested to award Bid #91-061. The low responsive bidder and bid amounts are:

Contractor: Pfeifer & Son
Base Bid Price: $56,592.00
Additional Sensor Bid Price: $1,934.00 per sensor

The Base Bid Price listed above covers the cost of installing combustible gas sensors in the attic space, along the ridge of the three Drainage District buildings and the Engineering Department building at the Drainage District facility on Blume Road. Included as a bid item was the cost of installing additional sensors through the building, up to a maximum of 81 sensors.

Additional sensors are requested to be installed in the return air supply of the HVAC units in buildings 1, 3 and 4. One additional sensor must be installed in building #2 because of City required fire walls.

**ADDITIONAL STOP SIGNS ON AUSTIN PARKWAY**

Dear Commissioner Lutts:

This letter is to request that stop signs be placed on Austin Parkway at its intersection with Commonwealth Boulevard (previously Oil Field Road). The three way intersection currently has a stop sign on Commonwealth Boulevard only.

We feel this intersection is hazardous due to the rise in Austin Parkway over the levee just east of the intersection and due to the increasing number of vehicles trying to exit from Commonwealth Boulevard from the new neighborhoods in that area. I understand that a traffic study a few years ago may have supported this request.

This item was discussed at the 5/21/91 FCCSA Neighborhood Representatives meeting. Representatives from approximately 30 of the First Colony neighborhoods were present including all nearby neighborhoods. The vote for this request was unanimous. I would ask that you take this strong vote by our elected representatives in lieu of a petitioned request.

Thank you for your assistance in this matter. Please let me know if I can provide further information on this request.

Sincerely,

Ralph A. Troiano

SUBJECT: Utility Line Crossing

Mr. Maurice Nance
Southwestern Bell Telephone Company
14575 Presidio Square, Room 140
Houston, Texas 77083

Dear Mr. Nance:

This is in reference to your Department of the Army permit application to place two 4-inch galvanized pipes across Barker Dam along the east side of Mason Road, Houston, Fort Bend County, Texas.

A site visit by Ms. Mona G. Coleman, of my staff, indicates that the project is located in uplands; therefore, a Department of the Army permit is not required for the subject project. However, you are required to coordinate your project with Ms. Shirley Winckler of our Real Estate Division. Ms. Winckler can be contacted by calling 409/766-3807. Your application is being returned for your disposition.

Should you have any questions, please contact Ms. Coleman at the above letter address or by calling 409/766-3936.

Sincerely,

Dolan Dunn

Public reporting burden for this collection of information is estimated to average 5 hours per response for the majority of cases, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Applications for larger or more complex projects, or those in ecologically sensitive areas, will take longer. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Services, Directorate for Information Operations and Reports, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503.

The Department of the Army permit program is authorized by Section 10 of the Rivers and Harbors Act of 1899, Section 404 of the Clean Water Act and Section 103 of the Marine, Protection, Research and Sanctuaries Act. These laws require permits authorizing activities in or affecting navigable waters of the United States, the discharge of dredged or fill material into waters of the United States, and the transportation of dredged material for the purpose of dumping it into ocean waters. Information provided on this form will be used in evaluating the application for a permit. Information in this application is made a matter of public record through issuance of a public notice. Disclosure of the information requested is voluntary; however, the data requested are necessary in order to communicate with the applicant and to evaluate the permit application. If necessary information is not provided, the permit application cannot be processed nor can a permit be issued.

One set of original drawings or good reproducible copies which show the location and character of the proposed activity must be attached to this application (*see sample drawings and instructions*) and be submitted to the District Engineer having jurisdiction over the location of the proposed activity. An application that is not completed in full will be returned.
