RE: Monthly reports of Fee Officers

Gentlemen:

We have examined the monthly reports of certain Fee Officers identified below for the month of June, 1991. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

The breakdown of the fees paid by the Tax Collector in June is attached to this letter.

The following is the criminal and civil case report for the JPs for the month of June, 1991.

JP	# OF CASES:	New	Pending	Dismissed	Paid	Open	Civil Cases
JP 1	Geick	379	4493	270	302	4300	22
JP 2-1	Molina	169	1913	146	121	1815	91
JP 2-2	Fredrickson	312	506	119	284	415	18
JP 3	Franks	147	2297	12	120	2312	61
JP 4	Adolphus	316	3780	149	281	3666	24

There was nothing that would lead us to believe that these reports are not, in all material respects, a fair representation of cash transactions of the records presented to us.

We recommend that these reports be approved subject to completion of our examination of reports of such officers for the year ending December 31, 1991.

If the Court concurs, the following order might be adopted:

> Moved by Commissioner____, seconded by Commissioner____, duly put and carried, it is ordered that the monthly reports of fees collected by Fee Officers identified below, for the month of June 1991 be approved as recommended by the County Auditor in his letter of August 5, 1991.

The Honorable Kathy Hynson
County Treasurer
Fort Bend County, Texas

RE: Texas Public Funds Investment Pool; Propriety of County Treasurer serving on Board of Directors

Dear Ms. Hynson:

You have recently asked this office to investigate the Texas Public Funds Investment Pool, an investment pool created under Article 4413(32c), Vernon's Annotated Civil Statutes, the Interlocal Cooperation Act, Article 4413(34c), Vernon's Annotated Civil Statutes, an act relating to the investment of local funds and Article 842a-2, Vernon's Annotated Civil Statutes, the Public Funds Investment Act. (Copies enclosed).

We have examined the three unexecuted documents with which you have provided us:

1. Information Statement
2. Interlocal Agreement
3. Bylaws

The pool, as envisioned by these documents, is appropriately drafted and conforms to the requirements of the above mentioned statutes. In the event participation in this pool is determined by your office and the Court to be desirable, we would wish to review any final, original documents prior to their execution.

You have also advised us that your participation has been requested on the Board of Directors of this essentially administrative agency. Our research indicates that accepting a position on the board would not violate any statutory, constitutional or common law prohibitions because:

AS PER ORIGINAL

1. The members of the Board of Directors of the Texas Public Funds Investment Pool exert no sovereign authority and report to and serve at the pleasure of a body called the Supervisory Council;

2. Membership on the board is a non-compensated position; and,

3. We can think of no reason why accepting the position would be incompatible with your County duties.

Finally, we make no recommendations regarding the desirability or financial prudence of entering this particular Pool. County funds must be invested pursuant to the County's stated policy; please see Article 4413(34c), Section 2a, Vernon's Annotated Civil Statutes. Investment decisions are within the scope of authority of those officers and employees designated by the County to invest public funds. Our advise goes only to the draft Interlocal Agreement and associated documents which you have furnished to us. Again, the Pool is structured in conformity with state statutes.

Very truly yours,

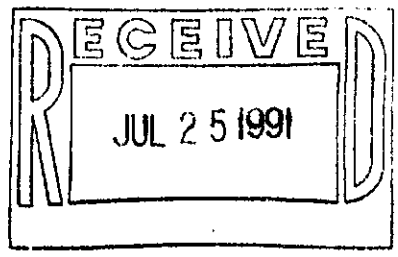

Bruce B. Donaldson
Assistant County Attorney

RE: Proposal to Perform a Phase I Environmental Assessment on a 1.6383 acre tract of land adjacent to the Fort Bend County Jail, Richmond, Texas.
AEC P-91-091

Dear Judge Cordes:

In response to your request, Associated Environmental Consultants, Inc. ("AEC"), is pleased to present this proposal to perform an environmental assessment at the above referenced site (the "Site").

OBJECTIVES

The specific objectives of the assessment are the following:

1. To obtain information that can be used to characterize the historical and present utilization of the site.

2. To characterize the current and previous uses of the site with regard to the existence of hazardous substances, as defined by the following environmental laws: (the "Regulations"):

   * Comprehensive Environmental Response, Compensation and Liability Act as amended by the Superfund Amendments and Reauthorization Act of 1986

   * Toxic Substances Control Act

   * Resource Conservation and Recovery Act as amended by the Solid Waste Disposal Act Amendments of 1984

   * Corresponding state statutes and local ordinances, if any.

10701 Corporate Drive, Suite 215 • Stafford, Texas 77477 • (713) 240-3371 • Fax (713) 240-5009

3. To address historical and existing land uses of nearby properties, to the extent that they may have an environmental impact on the subject Site.

4. To assess the impact of any hazardous substances on the subject site or on the environment or target populations near the site.

SCOPE

A Phase I environmental assessment will be conducted, including an inspection of the entire Site for hazardous substances. The purpose of the assessment will be to determine if historical or present uses of the Site and nearby properties indicate that the site may be affected by substances controlled by the Regulations.

A more detailed description of the Phase I assessment is set forth in Attachment I.

If it is determined that a more comprehensive assessment is required, AEC will consult with the Client to review its reasons for making such a recommendation. Such recommendation may occur if underground storage tanks are located on the Site or if contamination is suspected from other sources.

Other standard terms and conditions are set forth in Attachment III.

PRICE

AEC will complete the Phase I assessment for a fee of $1050.00.

AEC will conduct a limited asbestos survey for a fee of $25.00 per sample. The limited asbestos survey will consist of up to and not exceeding 15 samples.

All prices are subject to limitations, adjustments, and payment terms as set forth in Attachment II.

To assist in the assessment, the Client or the Client's representative will do the following:

1. Provide a copy of any available Site plans, surveys, legal description, specifications and previous environmental and geotechnical reports or studies.

2. Provide copies of all environmental permits held by the facility, if any.

AS PER ORIGINAL

3. Provide such other information as may be available and applicable regarding the Site, including:

   a. All environmental checklists required by any lender;

   b. Facility design drawings;

   c. Site land use and development history;

   d. Past and present tenant lists;

   e. Names of personnel available for interviews; and

   f. Such other information as may be reasonably requested by AEC.

Associated Environmental Consultants, Inc. stands ready to begin this project as soon as you give us instructions to proceed. We estimate that this project will take approximately 10 working days to complete. This estimate is based on the assumption that AEC will have all required information at the time this contract is signed. If required information is not available at the time this contract is signed, additional days to complete the project may be necessary. We sincerely appreciate this opportunity to be of service to you.

Should the terms of this proposal be acceptable to you, please indicate so by signing in the space below and return one original of this proposal to us.

Sincerely,

Brent Leftwich
President

ATTACHMENT I

SCOPE OF WORK

PHASE I ASSESSMENT

1. Question owner or available personnel, for purpose of identifying polychlorinated biphenyl (PCB) transformer locations, and any other hazardous material handling or storage areas.

2. Review topography and geology/hydrogeology of the subject site and the surrounding area to identify underlying soils and any potential impact on nearby water systems.

3. Conduct a visual inspection of the site and the vicinity of the site for the purpose of identifying existing facilities and tenant activities, with particular interest in obtaining visible evidence of hazardous or potentially hazardous substances, violations of known permits or regulations, existing construction materials, friable asbestos containing materials (ACM) and PCB transformer areas.

4. Review available aerial photography to identify historical utilization of the site and of adjacent properties which may include hazardous waste generating facilities.

5. Conduct at minimal sampling/analysis program to include sampling and analyzing for suspected friable asbestos (if any is located). Suspected non-friable asbestos will not be sampled, but may be referenced in our final report.

6. Conduct a search of past titleholders of the site for the purpose of identifying possible owners involved in activities known or reported to include the generation, handling, or disposition of hazardous waste.

7. Review of permits and records of regulatory agencies having jurisdiction in the area to obtain information concerning the usage, storage,treatment and disposal of hazardous substances at facilities existing within reasonable distance of the subject site.

8. Evaluate the accuracy of any registration with the Texas Water Commission and make application for amendment of such registration, if appropriate.

9. Prepare a final written report setting forth our activities, conclusions, and recommendations, if any.

LIMITATIONS

During its prime, asbestos was used in over 3000 different products and can still be found in some products today. Consequently, attempts to locate and identify "all" asbestos in a survey would be both impractical and cost prohibitive. If retained to conduct an asbestos survey, AEC will direct its efforts at locating accessible friable asbestos and non-friable asbestos which might become friable as a result of remodeling activities.

Several thousand chemicals, wastes, and other materials have been designated as hazardous or toxic by various laws and regulations. Attempts to locate and identify "all" such materials in a survey would also be impractical. If retained to conduct an assessment with respect to such materials, AEC will direct its efforts at locating the most significant sources, or potential sources, of such materials with potential for the most significant impact.

ATTACHMENT II

PRICE

PRICE SUMMARY:

1. Phase I Assessment Base Price $ 1050.00

2. Limited Asbestos Survey at a fee of $25.00 per sample, up to and not exceeding 15 samples.

PAYMENT TERMS:

All amounts are due and payable upon receipt of our invoice. Invoices may be submitted at the earliest of (1) completion of the work; (2) if the assessment is being conducted in connection with a sale or lease of the site, at the time of closing the sale or lease; or (3) if the work takes more than 30 days, monthly. Invoices become past due 30 days after their date and are subject to interest at the rate of 1-1/2% per month.

ATTACHMENT III

STANDARD TERMS AND CONDITIONS

Associated Environmental Consultants, Inc. ("AEC") is being engaged to render professional services involving hazardous materials. AEC will be compensated largely on the basis of completion of the tasks described in the Scope of Work and on the time required in rendering these professional services--not on the basis of potential legal liabilities created by any risks associated from the hazardous materials and ACM.

AEC will not be liable for damage or injury arising from damage to subterranean structures (pipes, tanks, telephone cables, etc.) which are not disclosed to AEC in writing in advance and correctly shown on the plans furnished to AEC in conjunction with the work to be performed.

Client represents and warrants that no condition exists, that it is aware of, in or around the area in which AEC will be performing the duties under the terms of this Agreement which could be dangerous to life or health of AEC's employees, contractors or any third party.

AEC's liability shall be limited to the amount of its comprehensive general liability insurance.

LIMITED WARRANTY

AEC will perform its services in accordance with the standard of care and diligence normally practiced by recognized professional firms in performing services of a similar nature under similar circumstances. AEC makes no other warranties or guarantees, expressed or implied and all other warranties are expressly disclaimed.

This proposal and any assessment or report hereafter prepared is for the sole benefit of the Client named herein. No other person is entitled to rely thereon.

MEMORANDUM

To: All County Judges & Commissioners

From: Texas Association of Counties

Subject: Environmental Protection Agency, N.P.D.E.S., Group Permit Application for Storm Water Discharges, 40 CFR Parts 122, 123, and 124, Federal Clean Water Act (Landfills)

Date: July 26, 1991

The Texas Association of Counties is sponsoring a program to assist Texas counties with determining whether their landfills (active and inactive) are required to be permitted under EPA regulations. T.A.C. is sponsoring this program in an effort to reduce costs to Texas counties on those landfills that require permits and to prevent the unnecessary registration of landfills which do not come within the purview of the EPA regulations.

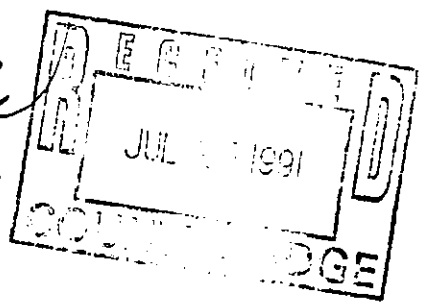

The Texas Department of Health records indicate that your county has one or more landfills. EPA regulations require storm water discharge permits for active or inactive landfills which have received waste from certain businesses. County Business Patterns, a Department of Commerce publication, lists business activities in your county that may have disposed of waste in your landfill. Failure of counties to determine permit requirements and to take proper action may result in assessment of penalties by EPA.

If you choose to participate in the T.A.C. program, a registered professional engineer will review the data you furnish on the enclosed questionnaire. The engineer will determine whether your landfill is subject to the EPA regulations. In the event your county landfill is not subject to the regulations, you will receive a certificate to that effect which you should retain in your county files for EPA inspection purposes (T.A.C. cannot warrant immunity from EPA penalties or fines).

If the T.A.C. engineer determines your landfill should be permitted, the group application program offers your county an opportunity to reduce EPA permit costs. Please review the enclosed booklet which explains the program. Should you have any questions please contact us.

Very truly yours,

Sam D. Seale,
Executive Director

for

TEXAS ASSOCIATION OF COUNTIES EPA GROUP PERMIT POOL

This Agreement, entered into by and between the Texas Association of Counties (hereinafter called "TAC") and FORT BEND County (hereinafter called "Pool Member") shall be effective as of the date hereinafter shown.

RECITALS:

WHEREAS, FORT BEND County wishes to participate as a member in a Pool formed under the Interlocal Cooperation Act being organized pursuant to the recommendation of the TAC to assist Texas Counties in meeting storm water permit requirements imposed by EPA regulations issued on November 16, 1990; the deadline for filing Part 1 of the group application to EPA is September 30, 1991; the deadline to complete and return the questionnaire(s) is August 30, 1991; the information provided will be used to determine whether each landfill is eligible to participate in the group; and

WHEREAS, the $500.00 fee (per landfill) covers the costs for Part 1 of the group application; a separate fee will be required for each landfill for Part 2. The fee for Part 2 has not been determined at this time and will be in addition to the Part 1 application fee; acceptance of TAC's group application is a discretionary matter to be determined by EPA; there is no assurance that such acceptance will be issued by EPA; and

WHEREAS, quantitative data including sampling and testing of the storm water will be required for 10% of the landfills covered by the group application or a minimum of 10 facilities, whichever is greater; and the landfill described in the questionnaire(s) may be reviewed and considered by the group for development of the quantitative data, including stormwater sampling and testing, that is required to support the group application.

NOW, THEREFORE, the said parties hereby contract and agree as follows:

1) TAC will act as the "representative entity" authorized within the EPA regulations for the purpose of making a group application for a storm water discharge permit covering the landfills of Pool Member as specifically described in the appropriate information questionnaire.

2) Pool Member will pay $500.00 per landfill (for engineering certification and Part 1) to TAC upon receipt of a bill from TAC.

3) Pool Member will provide to TAC all information required for the filing of Parts 1 and 2 of the application.

4) Costs for Part 2 will be allocated among counties with landfill sites that are included in the group application.

5) TAC is authorized to employ all necessary engineers, attorneys, accountants and other specialists as may be required. However, T.A.C. does not warrant or assure immunity from the EPA penalties or fines or other damages which may result from any aspect of the performance or non-performance of this contract including the work of said specialists.

6) The Environmental Protection Agency's approval is discretionary and acceptance cannot be assured. Compliance with federal regulations covering EPA permits issued to a Pool Member shall be the responsibility of the Pool Member.

7) Pool Member shall make the payments under this contract from current revenues available to Pool Member.

RE: TRAFFIC STUDY-DELBARTON DR. FROM GAINES RD. TO WOODLEIGH DR.

Dear Commissioner Pressley:

Per your request of June 17, and attached letter of June 11, a study has been made on the above street in Providence Subdivision. Circled on the attached letter are the requests made by Mr. Daniel Shafer. The following comments and recomendations for each item is as follows:

1) A speed limit of 20 is reserved for school zones but 25 is acceptable in subdivisions and the proposed sign locations are shown on the attached sketch. Basically they are located at the east and west end of Delbarton Drive and in the middle.

2) Attach to the "Speed Limit 25" sign post a "Slow Children at Play" sign.

3) Post "No Through Traffic" sign on Delbarton Drive at Gaines Road, Charlmont Road at Highway 6, and Stanbridge at Highway 6.

4) "Slow-Children at Play" is a standard for Precinct 3 and should be sufficient wording.

If you should have any questions or need additional information, please feel free to call me at 342-3039, Ext. 132 or Karl E. Baker, Ext. 115.

Sincerely,

For Ron D. Drachenberg, P.E., R.P.L.S

Fort Bend County Commissioner Pct 3

Dear Sir,

I am contacting your office because Delbarton Drive in the Providence Subdivision has become increasingly dangerous in the past several months. Motorist routinely use Delbarton as an access route to Gaines Road since the western end of the road has been cut through. Consequently, there is heavy traffic on this street. Cars routinely race up and down this residential neighborhood road at speeds exceeding 45 mph. Two stop signs have been installed, but one is routinely ignored due to its placement and the other is regularly "rolled". The Sheriff's Department is doing all that they can to reduce the speeds of motorists, but unfortunately, they do not have the resources to permanently post a traffic officer in our neighborhood.

While I am concerned about getting hit as I back out of my driveway from one of these speeding motorists, my concern is significantly increased because of the number of young children who live on our street. I have two young children myself, and I know of 20 children that live very close to me (within 4 houses). The children routinely play in their front yards, and the speeding traffic presents a hazard. Something must be done in order to eliminate or reduce the hazard to our children, before one of them gets seriously injured. I respectfully request that your office investigate the traffic patterns on our street, and consider the following actions:

1. Reduce the speed limit on Delbarton to 20 mph.
2. Post "Children at Play" signs on the street.
3. Restrict through traffic in the neighborhood by posting "No Through Traffic/Truck" signs at all entrances to the neighborhood.
4. Install "Please Drive Slowly, We Love Our Children" signs.

I realize that these type of suggestions will require a public hearing to determine need for such action. I would be happy to voice my concern over these issues at that time. I'm sure that my neighbors share my concern over this emotional issue. I have contacted the president of the Providence Community Association, Mike Bergstrom, and his opinion on this issue matches mine. Perhaps the entire neighborhood could benefit from the implementation of these suggestions.

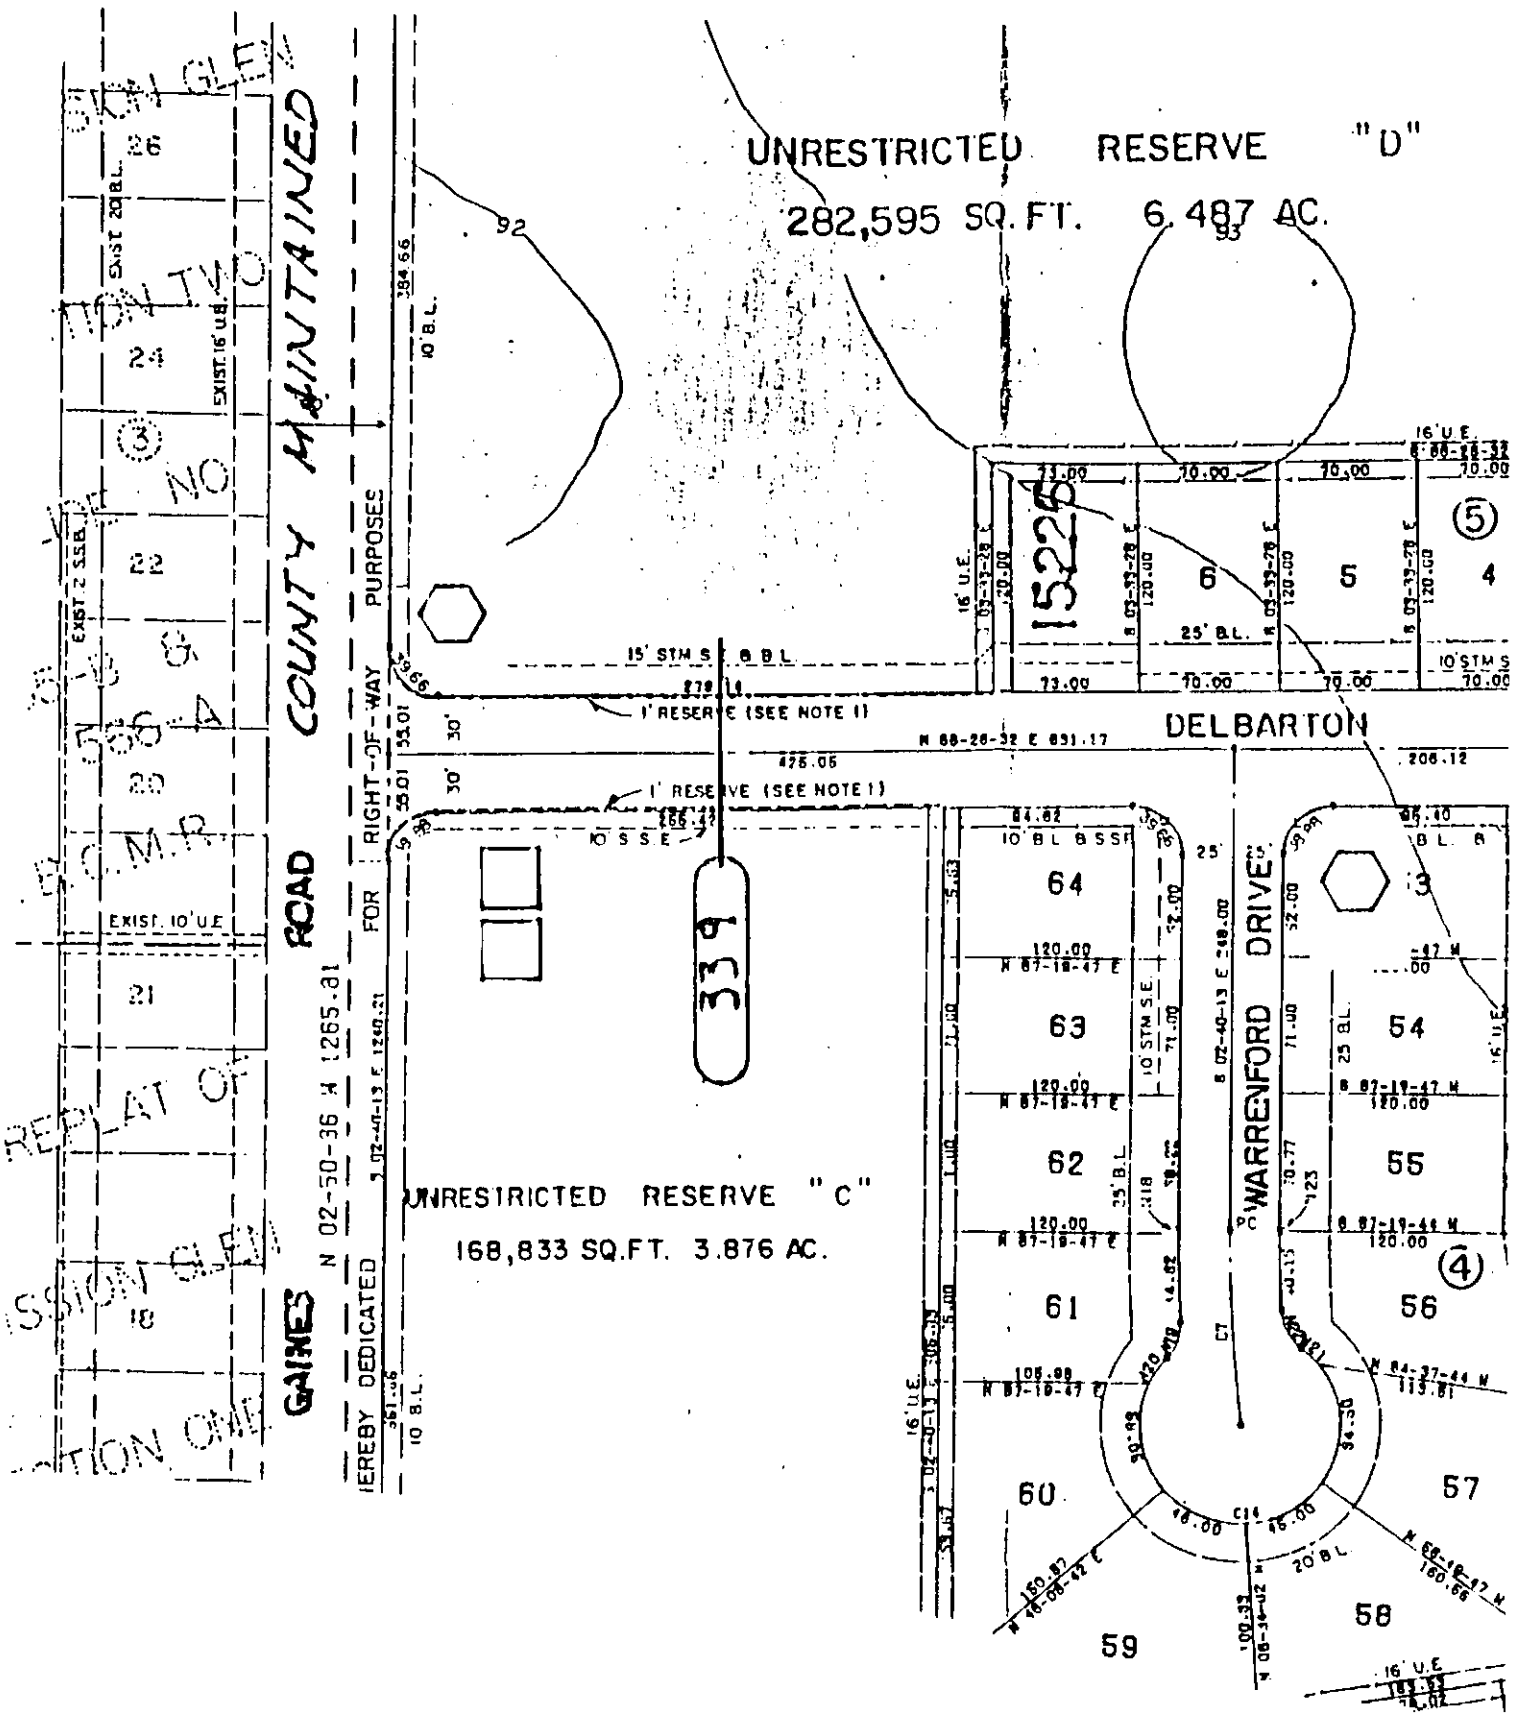

I can be reached during the day at 493-8566, and during evening hours at 530-5830. I look forward to hearing from you about what your office can do to eliminate this hazard.

Sincerely,

David Shafer

FORT BEND COUNTY, TEXAS

CONTRACT DEPUTY PROGRAM

The Precinct Two Contract Deputy Program is designed to provide a highly visible, responsive, crime prevention-oriented neighborhood patrol function. The main objectives of this program are crime prevention and immediate police services to citizens in need. This service is provided to subdivisions and to home owners associations within Fort Bend County, Texas.

The Contract Deputy Program is not a security service employing part-time or off-duty officers. It is, however, a respected law enforcement program provided by the Constable's office. Precinct Two employs only qualified, professional peace officers who work forty hours a week, providing police services in their assigned area of responsibility.

CERTIFIED POLICE OFFICERS

The employees of Fort Bend County Precinct Two Constable's patrol division are certified police officers, licensed by the State to enforce the laws of the State of Texas. The Constables on patrol are Fort Bend County Deputies. The deputies are uniformed, armed, and drive distinctively marked, emergency equipped, law enforcement vehicles.

All deputies receive continuous training as mandated by the Texas Commission on Law Enforcement Standards and Education. This training keeps the deputies abreast of recent laws and decisions handed down by the courts.

CONCEPT OF THE CONTRACT DEPUTY CONSTABLE'S PROGRAM

Home owner associations who contract with the County for this program are assigned deputies who will patrol within the geographical boundaries of that neighborhood, forty hours per week, on a five day work schedule. Deputies will focus their attention on patrolling their area of responsibility unless they are on a police service call or citizen assistance response. Your neighborhood will benefit by the following:

1. Highly visible patrolling by marked vehicles. This greatly reduces the criminal's opportunity to violate the law.

2. Daily patrolling enables the deputies to become familiar with the neighborhood, thereby alerting them to "out of the ordinary" situations, such as suspicious persons or vehicles.

3. This familiarity will enable the deputies to minimize their response time on calls. A deputy's response time to calls within his assigned contract area will average two to five minutes.

4. Knowing the deputies are only a phone call away and minutes from their home results in feelings of security and confidence by the residents.

In addition to preventing crime and/or apprehending criminals, the deputies perform many valuable services, i.e., searching for missing persons, taking reports, traffic control and/or traffic enforcement, recovering property, rendering citizen assistance, etc.

VACATION WATCH

While away overnight or longer, your home can receive special attention during the hours the deputy assigned to your area is on duty. Requests for this service should be made one week in advance when possible. The vacation watch form may be obtained from a designated person in your subdivision or from the deputy who patrols your area or by calling the Constable's office.

ACCOUNTABILITY

To insure that the residents receive services for which they contract, it is necessary that there be one person, referred to as a Community Contact, who will act as a liaison between the Constable's office and residents of each subdivision. The deputies on patrol will provide activity reports on a daily basis to their community contacts and meet with them regularly to exchange information. The Constable meets personally with the Community Contacts every two months. The Community Contacts are notified by mail when these meetings are scheduled.

LIABILITY

Fort Bend County is self-insured for liability and its employees are covered by the Texas tort claims act, Vernon codes annotated, civil practice and remedies code, section 101.001. The County and its employees have liability exposure limited to $100,000 per accidents and/or claims that occur while in the course and scope of their employment for Fort Bend County, Texas.

Fort Bend County is also self-insured for workers compensation coverage. All legal work is handled by the County Attorney's Office.

COST

court approved 95%/5% split

Contract Deputy Contracts must be approved by Commissioner's Court. Contracts within the city limits must also be approved by City Council. The County will pay ~~twenty~~ Five percent (~~20~~ 5%) of the cost for contracts within areas of Fort Bend County. The remaining percentage (95) is paid by residents of the subdivision subscribing to the program.

TWENTY FOUR HOUR RESPONSE FOR POLICE SERVICES

The program is designed so that whenever your deputy is not on duty the residents can call the Precinct Two dispatcher, who will dispatch the closest available deputy. In an emergency, you are urged to call 911 in addition to the Precinct Two number.

HOME SECURITY CHECKS

This service is provided to help home owners better secure their home. When a home passes a home security survey, the homeowner is eligible to receive a 5% reduction in their homeowners insurance rates. The Constable provides this service at no cost to the homeowners. To schedule a deputy for your home security survey, call 437-4741 between 8:00 a.m. and 5:00 p.m., Monday thru Friday.

TRAFFIC CONTROL

We will respond to reckless or thoughtless drivers who endanger the lives and property of others, particularly in school zones and through streets. Usually a small amount of traffic enforcement in these areas will result in an immediate and noticeable decrease in these violations.

ADVANTAGES OF THE PROGRAM

The contract deputy program has established procedures which provide accountability to the residents they serve.

1) High visibility patrol which is a deterrent to crime, and

2) Quick response time which is essential to protect lives and property.

You can protect yourself and your neighbors from injuries and loss of property by being aware of suspicious activity in your neighborhood and notifying the police immediately.

WHAT IS CONSIDERED SUSPICIOUS?

1. Someone running from a car or home.

2. Someone screaming. If you cannot determine what the screams are for, call the police and report it.

3. Someone going door to door in the neighborhood or looking into windows and parked cars.

4. A person who seems to have no purpose wandering in the neighborhood.

5. Any unusual or suspicious noise that you cannot explain, such as breaking glass, or pounding.

6. Vehicles moving slowly, without lights, or with no apparent destination.

7. Business transactions conducted from a vehicle. This could involve the sale of drugs or stolen goods.

8. Offers of merchandise at ridiculously low prices. They are probably stolen.

9. Property carried by persons on foot at an unusual hour or place, especially if the person is running.

10. Property being removed from closed business(es) or residence(s) that are known to be occupied.

11. A stranger entering a neighbor's home or apartment that appears to be unoccupied.

12. A stranger in a car stopped to beckon to a child.

13. A child resisting the advances of an adult.

14. You begin receiving several wrong numbers or hang-up calls.

WHO SHOULD I CALL?

For Emergency - 911
Precinct 2 - 437-4741
Non-Emergency - Precinct 2 - 437-4741
Houston Police - 222-3131

WHAT SHOULD I SAY?

1. Give your name, address, and phone number. Give your contract number when calling Precinct Two.

2. Describe the event in as brief a manner as possible. When, where, how, and who did it.

3. Tell if the crime is in progress or if it has already occurred.

4. Describe the suspect - what sex, race, age, height, weight, hair color, clothing, accent, beard or mustache, and distinctive characteristics or clothing.

5. Describe the vehicle if one was involved - color, make, model, year, license plate, special markings, dents, which direction did it go?

THINGS TO MAKE YOUR HOME MORE SECURE

1. Keep shrubs trimmed. They should not cover any part of your windows. This will eliminate hiding places for burglars.

2. Use lighting at night to illuminate dark areas around the outside of your house. This elluminates hiding places and also lets you see if anyone is hiding as you approach your house.

3. Use double key dead-bolt locks anytime that you have glass within 40 inches of the lock. This keeps anyone from breaking a glass and reaching in to unlock the door.

4. Install auxillary locking devices on windows. This keeps anyone from raising windows even though they defeat the factory lock. These auxillary devices should be easy to remove from the inside in case of fire.

9.01 It is further understood and agreed that this agreement is not intended (nor shall it be construed) to obligate the Constable of Precinct Two in any manner whatsoever, to assign extra deputies and that the County shall have no liability whatsoever for failure of the officer to assign extra deputies to the Contractors other than to refund the money paid by the Contractors to County pursuant to this agreement if the Constable of Precinct Two does not assign the extra deputies to devote

substantially ninety-five percent (95%) of their working time to said area. If the extra deputies are removed from such assignment or if for some other reason the extra deputies do not devote substantially ninety-five percent (95%) of their working time to said area for the said period of one year, then and in that event, the Contractors shall be obligated to pay the County only a proportionate part of the annual sum, and if the amount paid by the Contractors to the County exceeds said proportionate part, the Contractors shall be entitled to a refund from the County of the excess amount paid. Such proportionate amount shall be calculated by dividing the annual sum (the sum stated in Section VII of this agreement) by the above-stated number of extra deputies desired by the Contractors to determine the annual rate per deputy, then determining for each of the extra deputies the fraction of the term (or period of this agreement) that such deputy devoted substantially ninety-five percent (95%) of his/her working time to said area, then calculating the appropriate amount of each of the extra deputies by applying his/her fraction to the above-mentioned annual rate per deputy, then taking the sum of the said appropriate amounts, said sum being the proportionate amount hereinabove mentioned. Any and all questions as to whether or not the extra deputies devoted substantially ninety-five percent (95%) of their working time to an area would be determined by the Constable of Precinct Two. Any refund that would be due is determined by the Fort Bend County Auditor and his determination shall be final and conclusive.

SECTION X.

ASSIGNMENTS

SECTION XI.

HOLD HARMLESS

11.01 The Contractors agree for themselves, their heirs, assigns, and legal representatives to release and hold harmless the Commissioners' Court of Fort Bend County, Texas and any and all of its officials, staff, employees and servants wheresoever, arising out of or related to any loss, damage, or injury, including death, that may be sustained while performing under the terms of this agreement.

SECTION XII.

12.01 The provisions of this agreement are severable, and if any word, phrase, clause, sentence, paragraph, section or other part of this contract or the application thereof, to any person or circumstance, shall ever be held by any court or regulatory authority of competent jurisdiction to be invalid or unconstitutional for any reason, the remainder of this agreement and the application of such word, phrase, clause, sentence, paragraph, section or other part of this agreement to other persons or circumstances shall not be affected thereby, unless in the opinion of the County, the purposes of this agreement have been rendered useless.

Any alterations, amendments, deletions, or waivers of the provisions of this agreement shall be valid only when expressed in writing and duly signed by the parties.

SECTION XIV

SERVICES NOT PROVIDED FOR

14.01 The terms and provisions of this agreement constitute the entire agreement between the County and the Contractors, and no modification of this contract shall be effective unless in writing and executed by an executive officer of the Contractors.

RE: Proposal to Perform a Phase I Environmental Assessment on Stafford Run Tracts 11-27
(17 total tracts)
AEC P-91-083

Dear Mr. Allen:

In response to your request, Associated Environmental Consultants, Inc. ("AEC"), is pleased to present this proposal to perform an environmental assessment at the above referenced site (the "Site").

ENVIRONMENTAL SITE ASSESSMENT REPORT

I. PURPOSE AND SCOPE

The purpose of this Phase I Environmental Site Assessment is to attempt to identify the obvious presence of or the potential for contamination of the subject property by hazardous substances. The scope of services, for each tract, includes the following activities:

- Review of available geotechnical or environmental reports which exist for the subject site;

- Physical inspection of the site and visual inspection of adjacent tracts;

- Review of reasonably obtainable historical aerial photographs of the site;

- Review of reasonably obtainable public agency records concerning the storage, treatment and/or disposal of hazardous substances and the registration of and reported releases of petroleum storage tanks in the vicinity of the subject property;

- Review of previous ownership records including deeds, easements, liens, and mineral leases for a minimum of fifty (50) years;

- Interviews with persons familiar with site history and current operations, when available;

- If structures are found to be located on the tracts or part of the tracts, AEC will perform a preliminary asbestos assessment of facilities to include the collection and analysis of bulk samples by an accredited testing laboratory for the presence of asbestos fibers and review of available plans and specifications for the subject facilities;

- Preparation of a report summarizing the findings of this Phase I Environmental Site Assessment and including recommendations for further study, if warranted.

Other standard terms and conditions are set forth in Attachment II.

PRICE

AEC will complete the Phase I assessment for a total fee of $11,900.00. ($700.00 per tract)

All prices are subject to limitations, adjustments, and payment terms as set forth in Attachment I.

To assist in the assessment, the Client or the Client's representative will do the following:

1. Provide a copy of any available Site plans, surveys, specifications and previous environmental and geotechnical reports or studies.

2. Assist in obtaining permission to enter upon the tracts to perform site assessment, if necessary.

3. Provide such other information as may be available regarding the Site, including:

   a. Site land use and development history;

   b. Past and present owner and tenant lists;

   c. Names of individuals available for interviews; and

   d. Such other information as may be reasonably requested by AEC.

AS PER ORIGINAL

Associated Environmental Consultants, Inc. stands ready to begin this project as soon as you give us instructions to proceed. We estimate that this project will take approximately 20 working days to complete. This estimate is based on the assumption that AEC will have all required information at the time this contract is signed. If required information is not available at the time this contract is signed, additional days to complete the project may be necessary. We sincerely appreciate this opportunity to be of service to you.

Should the terms of this proposal be acceptable to you, please indicate so by signing in the space below and return one original of this proposal to us.

Sincerely,

STANDARD TERMS AND CONDITIONS

Associated Environmental Consultants, Inc. ("AEC") is being engaged to render professional services involving hazardous materials and asbestos containing materials ("ACM"). AEC will be compensated largely on the basis of completion of the tasks described in the Scope of Work and on the time required in rendering these professional services--not on the basis of potential legal liabilities created by any risks associated from the hazardous materials and ACM.

AEC will not be liable for damage or injury arising from damage to subterranean structures (pipes, tanks, telephone cables, etc.) which are not disclosed to AEC in writing in advance or correctly shown on the plans furnished to AEC in conjunction with the work to be performed.

Client represents and warrants that no condition exists in or around the area in which AEC will be performing the duties under the terms of this Agreement which could be dangerous to the safety or health of AEC's employees, contractors or any third party. ~~Client shall indemnify and hold AEC harmless against any and all claims by any person resulting from any act of AEC taken in reliance upon any information or instrument furnished to AEC by Client, the information contained in which fails to disclose the condition resulting in such damage.~~

~~In no event shall AEC's liability to Client or to any third party for injury or damage to persons or property arising out of work performed hereunder ever exceed the amount of fees actually paid to AEC under the terms of this Agreement.~~

~~Client shall indemnify AEC against any claims of any third party which either (1) in the aggregate exceed the limitation on AEC's liability provided for in the preceding paragraph or (2) result from acts or omissions of Client.~~

LIMITED WARRANTY

AEC will perform its services in accordance with the standard of care and diligence normally practiced by recognized professional firms in performing services of a similar nature under similar circumstances. AEC makes no other warranties or guarantees, expressed or implied and all other warranties are expressly disclaimed.

This proposal and any assessment or report hereafter prepared is for the sole benefit of the Client named herein. No other person is entitled to rely thereon.

AS PER ORIGINAL

LIMITATIONS

During its prime, asbestos was used in over 3000 different products and can still be found in some products today. Consequently, attempts to locate and identify "all" asbestos in a survey would be both impractical and cost prohibitive. If retained to conduct an asbestos survey, AEC will direct its efforts at locating accessible friable asbestos and non-friable asbestos which might become friable as a result of remodeling activities.

Likewise, several thousand chemicals, wastes, and other materials have been designated as hazardous or toxic by various laws and regulations. Attempts to locate and identify "all" such materials in a survey would also be impractical. If retained to conduct an assessment with respect to such materials, AEC will direct its efforts at locating the most significant sources, or potential sources, of such materials with potential for the most significant impact.

Important Notice:
All computer generated matters contained in this report, including statistical ratios or formulas, are derived from information taken directly from Public Law 94-171 files of the United States Census Bureau.

Neither Allison & Associates nor Map Resource, Inc. is responsible for errors which may occur in the PL94-171 data.

Public Law 94-171 required that all voter tabulation districts (VTDs) follow census block boundaries. In many cases, county voting districts had been drawn in a manner which did not follow a census block boundary. This required the State of Texas, acting in conjunction with the State Data Center and the Texas Legislative Council, to move the actual voting district boundary to coincide with a nearby census block boundary for tabulation purposes only. The resulting VTD was no longer "actual", but an approximation of the voting district referred to as a "pseudo voting district."

Every reasonable effort will be made to conform the pseudo voting district to actual VTD boundaries. However, due to the nature of the available data base, and the requirements of Public Law 94-171, there may be a necessity to alter voting district boundaries to match the census block format. In this event, every reasonable effort will be made to insure accuracy while retaining the integrity of the data base upon which reapportionment must rely.

Public Law 94-171 required that all voter tabulation districts (VTDs) follow census block boundaries. In many cases, county voting districts had been drawn in a manner which did not follow a census block boundary. This required the State of Texas, acting in conjunction with the State Data Center and the Texas Legislative Council, to move the actual voting district boundary to coincide with a nearby census block boundary for tabulation purposes only. The resulting VTD was no longer "actual" , but an approximation of the voting district referred to as a "pseudo voting district."

Every reasonable effort will be made to conform the pseudo voting district to actual VTD boundaries. However, due to the nature of the available data base, and the requirements of Public Law 94-171, there may be a necessity to alter voting district boundaries to match the census block format. In this event, every reasonable effort will be made to insure accuracy while retaining the integrity of the data base upon which reapportionment must rely.

Ideal Population is defined to be 25% of total county population. **Absolute** and **Relative (%) Deviations** are difference in actual and ideal.

-2,274 to 1,620 — **Absolute Range** is the spread in absolute deviation from the smallest precinct to the largest.

-4.04% to 2.87% — **Relative Range** is the spread in relative deviation (%) from the smallest precinct to the largest.

1281 — **Absolute Mean Deviation** is the average deviation which is calculated by adding all the absolute deviations (ignoring their + and - signs) and dividing by 4.

2.27% — **Relative Mean Deviation** is the average deviation which is calculated by adding all the relative deviations (ignoring their + and - signs) and dividing by 4.

1710 — **Standard Deviation of Population** is the square root of the the sum of the squares of all the absolute deviations divided by 4.

3.03% — **Standard Deviation of Relative Deviations** is the square root of the sum of the squares of all the relative (%) deviations divided by 4.

6.91% — **Total Maximum Deviation** is the sum of the relative deviations(%) of the smallest and largest precincts, ignoring + and - signs.

9.09% — **Total Absolute Deviation** is the sum of all relative deviations ignoring + and - signs.

Important Notice:
All computer generated matters contained in this report, including statistical ratios or formulas, are derived from information taken directly from Public Law 94-171 files of the United States Census Bureau.

Neither Allison & Associates nor Map Resource, Inc. is responsible for errors which may occur in the PL94-171 data.

Public Law 94-171 required that all voter tabulation districts (VTDs) follow census block boundaries. In many cases, county voting districts had been drawn in a manner which did not follow a census block boundary. This required the State of Texas, acting in conjunction with the State Data Center and the Texas Legislative Council, to move the actual voting district boundary to coincide with a nearby census block boundary for tabulation purposes only. The resulting VTD was no longer "actual", but an approximation of the voting district referred to as a "pseudo voting district."

Every reasonable effort will be made to conform the pseudo voting district to actual VTD boundaries. However, due to the nature of the available data base, and the requirements of Public Law 94-171, there may be a necessity to alter voting district boundaries to match the census block format. In this event, every reasonable effort will be made to insure accuracy while retaining the integrity of the data base upon which reapportionment must rely.

1473 — **Absolute Mean Deviation** is the average deviation which is calculated by adding all the absolute deviations (ignoring their + and - signs) and dividing by 4.

2.61% — **Relative Mean Deviation** is the average deviation which is calculated by adding all the relative deviations (ignoring their + and - signs) and dividing by 4.

2028 — **Standard Deviation of Population** is the square root of the the sum of the squares of all the absolute deviations divided by 4.

Important Notice:
All computer generated matters contained in this report, including statistical ratios or formulas, are derived from information taken directly from Public Law 94-171 files of the United States Census Bureau.

Neither Allison & Associates nor Map Resource, Inc. is responsible for errors which may occur in the PL94-171 data.

Public Law 94-171 required that all voter tabulation districts (VTDs) follow census block boundaries. In many cases, county voting districts had been drawn in a manner which did not follow a census block boundary. This required the State of Texas, acting in conjunction with the State Data Center and the Texas Legislative Council, to move the actual voting district boundary to coincide with a nearby census block boundary for tabulation purposes only. The resulting VTD was no longer "actual" , but an approximation of the voting district referred to as a "pseudo voting district."

Every reasonable effort will be made to conform the pseudo voting district to actual VTD boundaries. However, due to the nature of the available data base, and the requirements of Public Law 94-171, there may be a necessity to alter voting district boundaries to match the census block format. In this event, every reasonable effort will be made to insure accuracy while retaining the integrity of the data base upon which reapportionment must rely.

Honorable Roy Cordes, Jr.
Commissioner R.L. Bud O'Shieles
Commissioner Grady Prestage
Commissioner Alton Pressley
Commissioner Bob Lutts

Gentlemen:

The Library Board of Trustees is pleased to recommend to you the acceptance of a gift of a beautiful new fountain for the George Memorial Library from Lillian Humpola in memory of her husband Cyril.

At yesterday's Library Board meeting, Lillian offered the donation of a new fountain and we accepted. The value of her donation is $12,846, and it will provide the George Memorial Library with a spectacular and beautiful piece of art that will grace the outdoor plaza.

Since its opening in 1986, the George Memorial Library's outdoor plaza and amphitheater has been in need of a special effect, a special focal point. The existing fountain, a semicircular pool that has 6 spouts dropping water into it is not particularly interesting to observe. We have received many suggestions regarding the "livening up" of this part of our library.

Six months before he died, Joe Grillo became interested in Jaroslav Belik's water art and he discussed a fountain with Mr. Belik. Mr. Belik made a model of a possible fountain and Joe began searching for a donor. He died before he could find one.

Mrs. Lillian Humpola, a member of the Board for many years lost her husband not long ago. She was aware of Joe Grillo's interest in a new fountain and so it developed that Lillian became interested in this project. Her donation of this new fountain is a statement of her caring for our libraries and of her desire to memorialize her husband Cyril who was also a big library supporter.

As you may know, Mr. Belik is a native of Czechoslovakia who immigrated to Rosenberg 6 years ago. He is now a well known kinetic artist with many exhibits to his credit. In recent years

he has also been developing his "water art" in the form of creative and spectacular fountains.

The George Memorial Library is a fine public building. The addition of this beautiful fountain will make the library an even more spectacular place for public events. We hope you will accept this gift from Lillian Humpola and approve a contract with Jaroslav Belik for its construction.

Mr. Roman Bohachevsky will appear before you on Monday, August 19, 1991 to announce this gift and to recommend approval of a contract.

The Library Board is pleased to work with you toward the beautification of our community.

Sincerely,

Lynn Helm

August 14, 1991

County Judge Roy Cordes
County of Fort Bend
500 Jackson Street, Suite 103
Richmond, Texas 77469

Dear Judge Cordes:

I am delighted to have the opportunity to build a water sculpture/fountain for the County of Fort Bend, to be located at the George Memorial Library in Richmond, Texas.

I understand that this is a donation to the County from Mrs. Lillian Humpola, as a memorial to her late husband, Cyril. This fountain will be erected in the existing pool in the library's outdoor plaza/amphitheater.

The Belik Creation Company proposes to build this fountain for a cost not to exceed $12,846. Upon approval of this contract, a down payment of $6,100 is due in order to begin the project. Upon completion and acceptance by the County, the balance, $6,746, will be due, after 1 week of successful operation.

The Belik Creation Company will fabricate and construct this fountain, and will coordinate the entire project to completion. Date of completion will be no later than October 25, 1991.

Attached to this letter of agreement and considered to be part of this agreement is the Art Work Commission Contract signed by Mrs. Humpola. It describes the project in detail. Technical drawings and specifications have also been prepared, to be reviewed by the County's Engineering Department before the work begins.

I look forward to working with you toward a successful, timely and satisfying completion of this project.

Sincerely,

Jaroslav Belik

Re: Increased rate for the 420' level of our Rosenberg #2 tower site.

Dear Sir,

The FCC has recently made it a high priority that the painting and lighting requirements addressed in FCC rules, Part 17.47 a & b, and Part 17.48 a & b be strictly enforced.

In order to implement a comprehensive electronic monitoring, painting, and lighting maintenance program, it is imperative that Bowen-Smith Corp. increase rental prices 10¢/ft. While Bowen-Smith Corp. had not planned on any price increase at this time, recent FCC actions have necessitated our rate change.

Thank you for your continued support. Should you have any questions concerning these charges, please do not hesitate to call our office.

Sincerely,

Max Bowen

Dear Commisioner Lutts:

Thank you for addressing our homeowner's meeting in July. I think it really adds to the meetings when we can get our people directly in touch with their elected officials.

You mentioned at our meeting that any requests for stop signs would have to be in the form of a petition. At several of homeowner's request, I am taking you up on this. The specific request is for stop signs at the intersection of Farmer Rd. and Victoria Garden Drive. This is near the Pecan Grove water tower and specifically, on the stretch of Farmer Rd. which cuts through the Pecan Grove neighborhood. Stop signs at the intersection would help the traffic flow tremendously in this area.

I realize there is a multiple step process involved in getting control devices installed. We are ready to start the "ball rolling" on this one. If there is a time when homeowner comments would be pertinent before the Commissioner's Court, I would appreciate it if could please let me know. I am confident that several homeowners from the surrounding area will be very willing to appear.

Sincerely,

JOINT DEVELOPMENT AGREEMENT

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

RECITALS

The present and prospective traffic congestion in Fort Bend County (the "County") and the lack of sufficient public controlled-access highway facilities is an impediment to the economic growth and development of the County and the area within Fort Bend Parkway Road District (the "District").

The development of a new controlled-access highway linking Fort Bend County to Harris County will benefit the residents of the County and District by aiding the County's efforts to encourage economic growth and development in the County and the District, reduce unemployment and create new job opportunities, stimulate commerce and diversify the economy of the County and the District, enhance the health, safety, and welfare of the residents of the County and District, and promote efficiency and ease of transit within the County and District.

The Fort Bend Parkway Association (the "Association") was created by the State Highway and Public Transportation Commission (the "Commission") pursuant to Minute Order No. 90618, adopted by the Commission on July 31, 1990, and pursuant to the terms of the Texas Transportation Corporation Act, Art. 1528l, TEX. REV. CIV.

STAT. ANN., for the purpose of assisting the State Department of Highways and Public Transportation (the "Department") in the promotion and development of the Fort Bend Parkway, designated as State Highway 122, a new controlled-access highway from Sam Houston Parkway South (Beltway 8) at Hillcroft to its intersection with the Grand Parkway (the "Fort Bend Parkway").

The District was created by order of the Commissioners Court of the County on October 16, 1989 and comprises approximately 4,613 acres of land, which includes most of Segment I of the Fort Bend Parkway. On January 20, 1990 at an election called and held for that purpose, the qualified electors of the District authorized the Commissioners Court of Fort Bend County to issue, on behalf of the District, bonds in the maximum amount of $4,500,000 (the "Bonds") to pay the local share of the costs of the first phase of Segment I of the Fort Bend Parkway attributable to the County as set forth in Minute Order No. 89978 attached hereto as Exhibit "A". The proceeds of the sale of the District's Bonds (after payment of two years' interest during construction, cost of issuance and other expenses of the District including the expenses of the Engineers and its other consultants with regard to the Fort Bend Parkway) will be available for the acquisition of land for and the development of the Fort Bend Parkway (the "Available Funds").

The District has a contract with the Engineers to prepare preliminary and final engineering and environmental assessments for Phase I of Seqment I of the Fort Bend Parkway, and will make the

Engineers available to assist the Association. The Association anticipates conducting a hearing on the alignment of the Fort Bend Parkway during the year 1991. Thereafter, the District anticipates preparing final engineering design for the Fort Bend Parkway and the preparation of the descriptions of land needed for Segment I. The Association will use is best efforts to acquire the land necessary for the Fort Bend Parkway in order to meet its commitments to the Commission set forth in Minute Order No. 89978. In order for the Association to proceed with the acquisition of land for and the development of Segment I of the Fort Bend Parkway, it is necessary for it to secure a source of funding.

The Commissioners Court of the County, sitting as the governing body of the District, is willing to commit the District's funds to the extent of the Available Funds toward the Association's cost of the acquisition of land for and the development of Segment I of the Fort Bend Parkway including its administrative costs and its legal, fiscal and other fees and expenses associated therewith.

The Association recognizes that the District does not have funds for all of the costs of the development of the Fort Bend Parkway, and it will be necessary for the Association to secure funds from other political subdivisions and private interests in order to complete the full mission that has been delegated to it by the Commission.

The construction and opening of the Fort Bend Parkway will increase significantly the tax base of the County and District and generate additional tax revenues for the County and District.

The Association desires to see the Fort Bend Parkway constructed as soon as possible and is willing to render services to the District for the planning, development, and design of the Fort Bend Parkway.

The District and the Association are authorized to enter into this Agreement pursuant to which the District will pay the Association for planning and developing Segment I of the Fort Bend Parkway and the acquisition of land for the Parkway under authority granted by Section 4.448 of the County Road and Bridge Act, Arts. 6702-1 and 6702-3, TEX. REV. CIV. STAT. ANN., by the provisions of House Bills 696 and 2485, Regular Session, 71st Texas Legislature, 1989, and by the provisions of the Interlocal Co-operation Act, Art. 4413-32c, TEX. REV. CIV. STAT. ANN.

NOW, THEREFORE, Fort Bend Parkway Road District and Fort Bend Parkway Association hereby agree as follows:

Section 2.07. Adequacy of Funds. The District recognizes that, at this time, the Association does not have funds available from any source other than the District to pay the cost of Segment I of the Fort Bend Parkway and has no funds available to pay costs associated with development of other segments of the Fort Bend Parkway beyond Segment I. The District also recognizes that if the funds the District provides the Association is not adequate to pay the Association's costs of the development of Segment I of the Fort Bend Parkway as set forth herein, the Association may not be able to complete its obligations under this Agreement unless additional funding is secured from some other source. Accordingly, the District agrees that it will not hold the Association liable in damages in the event the Association is unable to pay all of the costs associated with Segment I of the Fort Bend Parkway including the acquisition of land needed for right-of-way, outfall drainage and wetlands mitigation for the Fort Bend Parkway. This Agreement only places on the Association the burden to use its best efforts in accomplishing its obligations under this Agreement.

The contracts provide for similar services to each entity. In order to coordinate payment to the consultants by the District with those paid by the Association and to avoid duplicate payment, the Commissioners Court has requested the Association to review and make recommendations with respect to the payment of the costs the District will incur in the development of the Fort Bend Parkway (including the payments to the consultants). The Association is willing to assist the Commissioners Court. The Association agrees that either the Board or a designated board member or members will review invoices submitted to the District for payment of costs associated with the development of Segment I of the Fort Bend Parkway and will make recommendation to the Commissioners Court and the District with respect to payment of same.

FORT BEND PARKWAY

JOINT DEVELOPMENT AGREEMENT

THE STATE OF TEXAS §
§
COUNTY OF FORT BEND §

RECITALS

The present and prospective traffic congestion in Fort Bend County (the "County") and the lack of sufficient public controlled-access highway facilities is an impediment to the economic growth and development of the County and the area within Fort Bend Parkway Road District (the "District").

The development of a new controlled-access highway linking Fort Bend County to Harris County will benefit the residents of the County and District by aiding the County's efforts to encourage economic growth and development in the County and the District, reduce unemployment and create new job opportunities, stimulate commerce and diversify the economy of the County and the District, enhance the health, safety, and welfare of the residents of the County and District, and promote efficiency and ease of transit within the County and District.

The Fort Bend Parkway Association (the "Association") was created by the State Highway and Public Transportation Commission (the "Commission") pursuant to Minute Order No. 90618, adopted by the Commission on July 31, 1990, and pursuant to the terms of the Texas Transportation Corporation Act, Art. 1528l, TEX. REV. CIV.

STAT. ANN., for the purpose of assisting the State Department of Highways and Public Transportation (the "Department") in the promotion and development of the Fort Bend Parkway, designated as State Highway 122, a new controlled-access highway from Sam Houston Parkway South (Beltway 8) at Hillcroft to its intersection with the Grand Parkway (the "Fort Bend Parkway").

The District was created by order of the Commissioners Court of the County on October 16, 1989 and comprises approximately 4,613 acres of land, which includes most of Segment I of the Fort Bend Parkway. On January 20, 1990 at an election called and held for that purpose, the qualified electors of the District authorized the Commissioners Court of Fort Bend County to issue, on behalf of the District, bonds in the maximum amount of $4,500,000 (the "Bonds") to pay the local share of the costs of the first phase of Segment I of the Fort Bend Parkway attributable to the County as set forth in Minute Order No. 89978 attached hereto as Exhibit "A". The proceeds of the sale of the District's Bonds (after payment of two years' interest during construction, cost of issuance and other expenses of the District including the expenses of the Engineers and its other consultants with regard to the Fort Bend Parkway) will be available for the acquisition of land for and the development of the Fort Bend Parkway (the "Available Funds").

The District has a contract with the Engineers to prepare preliminary and final engineering and environmental assessments for Phase I of Segment I of the Fort Bend Parkway, and will make the

Engineers available to assist the Association. The Association anticipates conducting a hearing on the alignment of the Fort Bend Parkway during the year 1991. Thereafter, the District anticipates preparing final engineering design for the Fort Bend Parkway and the preparation of the descriptions of land needed for Segment I. The Association will use is best efforts to acquire the land necessary for the Fort Bend Parkway in order to meet its commitments to the Commission set forth in Minute Order No. 89978. In order for the Association to proceed with the acquisition of land for and the development of Segment I of the Fort Bend Parkway, it is necessary for it to secure a source of funding.

The Commissioners Court of the County, sitting as the governing body of the District, is willing to commit the District's funds to the extent of the Available Funds toward the Association's cost of the acquisition of land for and the development of Segment I of the Fort Bend Parkway including its administrative costs and its legal, fiscal and other fees and expenses associated therewith.

The Association recognizes that the District does not have funds for all of the costs of the development of the Fort Bend Parkway, and it will be necessary for the Association to secure funds from other political subdivisions and private interests in order to complete the full mission that has been delegated to it by the Commission.

The construction and opening of the Fort Bend Parkway will increase significantly the tax base of the County and District and generate additional tax revenues for the County and District.

The Association desires to see the Fort Bend Parkway constructed as soon as possible and is willing to render services to the District for the planning, development, and design of the Fort Bend Parkway.

The District and the Association are authorized to enter into this Agreement pursuant to which the District will pay the Association for planning and developing Segment I of the Fort Bend Parkway and the acquisition of land for the Parkway under authority granted by Section 4.448 of the County Road and Bridge Act, Arts. 6702-1 and 6702-3, TEX. REV. CIV. STAT. ANN., by the provisions of House Bills 696 and 2485, Regular Session, 71st Texas Legislature, 1989, and by the provisions of the Interlocal Co-operation Act, Art. 4413-32c, TEX. REV. CIV. STAT. ANN.

NOW, THEREFORE, Fort Bend Parkway Road District and Fort Bend Parkway Association hereby agree as follows:

This Agreement and all the terms and provisions hereof shall be liberally construed to effectuate the purposes set forth herein.

ARTICLE II

SERVICES TO BE PROVIDED BY ASSOCIATION

Section 2.01. Right-of-Way Services. The Association shall acquire or cause to be acquired all right-of-way required by the Commission and the Department for construction of Phase I of Segment I of the Fort Bend Parkway including that needed for offsite drainage and wetlands mitigation. The Association shall provide or cause to be provided to the Department all deeds, escrow agreements where appropriate for holding title to right-of-way parcels prior to conveyance to the Department, and appropriate title insurance for right-of-way parcels as requested by the Department. Copies of all escrow agreements, deeds, scenic easements, title insurance policies, and related documents pertaining to Segment I shall be available for inspection by the District and shall be provided by the Association to the District upon request.

Section 2.02. Public Information Services. The Association will assist the District in developing an environmental report and other public information documents for Segment I of the Fort Bend

Parkway. The Association also shall conduct or cause to be conducted any public hearings required by the Department prior to construction of Segment I of the Parkway. The Association shall also assist the District in developing a detailed schematic of the alignment of Segment I in a form acceptable to the Department that may be used by the District and the County for transportation planning and to provide public information on the Fort Bend Parkway. Copies of all such reports and documents shall be provided to the Association, the District and the County.

Section 2.03. Engineering Services. The Association shall assist the District in developing engineering plans, specifications, and details required for construction of the Phase I of Segment I of the Fort Bend Parkway. Copies of all engineering plans, specifications, and details shall be provided to the Association, the District and the County.

Section 2.04. Utility Services. The Association shall use its best efforts to cause the Department to adjust or relocate all utilities within the right-of-way of Segment I of the Fort Bend Parkway requiring adjustment or relocation. The Association shall conduct or initiate negotiations with pipeline companies, telephone companies, electrical companies, entities providing water supply and sewage treatment services, and all other utilities that may have facilities within the right-of-way of Segment I of the Fort Bend Parkway, to the extent requested or required by the Department.

Section 2.05. Administrative Services. The Association shall provide all information on the status of the Fort Bend Parkway reasonably requested by the District, County or Commissioners from time to time. The Association shall conduct negotiations with landowners and the Department to obtain purchase options and donations of right-of-way necessary for the Fort Bend Parkway in the District and in adjoining areas to the extent possible, and shall work with the Department to obtain approval of construction of additional segments of the Fort Bend Parkway beyond Segment I.

Section 2.06. Reporting Services. The Association shall periodically provide reports on its financial status and its progress on the promotion and development of the Fort Bend Parkway during the term of this Agreement. The Association also shall provide a copy of any fiscal year-end audit to the District and the County upon completion of said audit during the term of this Agreement. All books and records of the Association shall be open to inspection by the District and County and the general public during normal business hours to the full extent required by the Open Records Act, Art. 6252-17a, TEX. REV. CIV. STAT. ANN. All meetings of the Association shall be open to the public and conducted in accordance with the provisions of the Open Meetings Act, Art. 6252-17, TEX. REV. CIV. STAT. ANN. Written notice of all meetings of the Board shall be given to the County Judge of the County and to the Commissioner for Precinct No. 2.

Section 2.07. Adequacy of Funds. The District recognizes that, at this time, the Association does not have funds available from any source other than the District to pay the cost of Segment I of the Fort Bend Parkway and has no funds available to pay costs associated with development of other segments of the Fort Bend Parkway beyond Segment I. The District also recognizes that if the funds the District provides the Association is not adequate to pay the Association's costs of the development of Segment I of the Fort Bend Parkway as set forth herein, the Association may not be able to complete its obligations under this Agreement unless additional funding is secured from some other source. Accordingly, the District agrees that it will not hold the Association liable in damages in the event the Association is unable to pay all of the costs associated with Segment I of the Fort Bend Parkway including the acquisition of land needed for right-of-way, outfall drainage and wetlands mitigation for the Fort Bend Parkway. This Agreement only places on the Association the burden to use its best efforts in accomplishing its obligations under this Agreement.

The Association agrees to use its best efforts to accomplish its obligations under this Agreement and will attempt to secure funds from other sources, including the Metropolitan Transit Authority of Harris County, the County, the City of Missouri City, the City of Houston and other private and public sources to enable it to pay the local share of the cost of developing the Fort Bend Parkway as envisioned in Minute Order No. 89978. The Association

recognizes that the District has no funds available other than the Available Funds. The Association agrees that it will not request the District for funds in excess of the Available Funds to complete the development of Segment I of the Fort Bend Parkway and that it will seek and solicit funding for any shortfalls from other sources.

Section 2.08. Review of District Invoices. The Association and District are aware that each have contracts with the same consultants for services relating to the development of the Fort Bend Parkway. The contracts provide for similar services to each entity. In order to coordinate payment to the consultants by the District with those paid by the Association and to avoid duplicate payment, the Commissioners Court has requested the Association to review and make recommendations with respect to the payment of the costs the District will incur in the development of the Fort Bend Parkway (including the payments to the consultants). The Association is willing to assist the Commissioners Court. The Association agrees that either the Board or a designated board member or members will review invoices submitted to the District for payment of costs associated with the development of Segment I of the Fort Bend Parkway and will make recommendation to the Commissioners Court and the District with respect to payment of same.

Dear Kathy:

Attached is a summary of the two arbitrage penalty calculations performed for the above-captioned bond issue. The first calculation covered the period from 5/23/90 to 11/23/90, and the second computation covered the period from 11/23/90 to 5/23/91.

As you are probably aware, the report covering the period from 5/23/90 to 11/23/90 is being filed late. The original payment was due 2/21/91. Under the arbitrage regulations, failure to file a penalty payment on time can result in the loss of the issue's tax exemption unless a late filing penalty plus interest is paid to the Internal Revenue Service. Our report reflects the additional penalty for late filing.

It will be necessary for the County to write two separate checks for these reports. These are summarized as follows:

November 23, 1990 report	$10,936.30
May 23, 1991 report	$34,094.48

FIRST Southwest COMPANY

AS PER ORIGINAL

52 2081

In addition, it is necessary to have separate transmittal letters for each of the reports since we must request the Secretary of the Treasury to waive the failure to file the first report on time. You should also note, that **unless both checks are sent certified mail by Wednesday, August 21, 1991,** additional penalties must be paid in the amount of approximately $17,000. Please expedite the mailing of these two checks.

The bound rebate reports together with instruction letters and Form 8038-T filing forms are being sent overnight to arrive early tomorrow morning. This should provide sufficient time to put the packages together before Wednesday.

If you have any questions, please do not hesitate to contact me at 1-800-442-7161 or directly at (214) 953-4031.

$5,900,000
Fort Bend County, Texas
Permanent Improvement Bonds, Series 1990

Enclosed is a check in the amount of $10,936.30 representing payment of arbitrage penalty for the above-captioned bond issue pursuant to Internal Revenue Code Section 148(f)(4)(C) for the semiannual period from November 23, 1990 through May 23, 1991 and the late filing penalty pursuant to Section 148(f)(4)(C)(x).

The enclosed payment was not filed within the permitted 90 day period following the first six month anniversary date of the issue due to an innocent failure and not willful neglect. Accordingly, the enclosed amount includes a 50% penalty for failure to file on a timely basis as well as interest at the underpayment penalty rate in effect on the failure date. We respectfully request the Secretary to treat such failure as not occurring pursuant to the requirements of Section 148(f)(4)(C)(x) of the Internal Revenue Code of 1986.
