c. The Owner represents that no interest in the Improvements is held or subleased by a member of the Fort Bend County Commissioners' Court.

d. The Owner certifies and agrees that Owner shall have a minimum of FIFTEEN MILLION ($15,000,000) DOLLARS of inventory in the facility on each January 1, beginning January 1, 1993, and ending on January 1, 2001, and if the Owner fails to maintain a $15,000,000 minimum inventory, the Owner shall be required to pay ad valorem taxes on the improvements and inventory equal to that which would have been due that year up to a total maximum taxable value of $15,000,000. However, if all the improvements on the property and the inventory are valued at less than $15,000,000 by the Fort Bend Central Appraisal District, the Owner shall only pay ad valorem taxes on the assessed value of the improvements

and inventory and supplies. This will not affect any ad valorem taxes to be paid on the land. The ad valorem taxes to be paid on the land shall be in addition to any taxes paid on improvements, inventory and supplies.

9. ACCESS TO AND INSPECTION OF PROPERTY BY COUNTY EMPLOYEES The Owner shall allow the County's employees access to the improvements for the purpose of inspecting any improvements erected to ensure that such improvements are completed and maintained in accordance with the terms of this Agreement and to ensure that all terms and conditions of this Agreement are being met. All such inspections shall be made only after giving the Owner twenty-four (24) hours notice and shall be conducted in such a manner as to not unreasonably interfere with the construction and/or operation of the improvements. All such inspections shall be made with one (1) or more representatives of the Owner in accordance with all applicable safety standards.

10. DEFAULT

a. The County may declare a default hereunder if (1) the Owner fails, refuses, or neglects to comply with any of the terms of this Agreement; or (2) allows ad valorem taxes owed to the County to become delinquent and fails to timely and properly follow the legal procedures for their protest or contest.

b. If the County declares a default of this Agreement, this Agreement shall terminate (after notice and opportunity to cure as provided for herein), and the County, in such event, shall be entitled to recapture any property tax which has been abated as a result of this Agreement. The County shall notify the Owner of any default in writing in the manner prescribed herein. The notice shall specify the basis for the declaration of default, and the Owner shall have thirty (30) days from the date of such notice to cure any default (except where fulfillment of any obligation requires activity over a longer period of time, performance shall be commenced within thirty (30) days after the receipt of notice, and such performance shall be diligently continued until the default is cured).

11. COMPLIANCE WITH STATE AND LOCAL REGULATIONS Nothing in this Agreement shall be construed to alter or affect the obligations of the Owner to comply with any ordinance, rule, or regulation of the County or laws of the State of Texas.

12. FREEPORT GOODS Should the tax exemption on inventory considered "freeport goods", as determined by the Fort Bend County Central Appraisal District and in accordance with the State law, be implemented during the term of this Agreement, the amount of taxes abated hereunder shall decrease in an amount equal to the exempted inventory.

13. ASSIGNMENT OF AGREEMENT This Agreement may be assigned only upon the approval by resolution of the County subject to the financial capacity of the assignee and provided that all conditions and obligations in this Agreement are guaranteed by the execution of a new agreement with the County. No assignment shall be approved if the parties to this Agreement or the new owner are liable to any jurisdiction for outstanding taxes or other obligations. Approval shall not be unreasonably withheld.

14. CONTINGENCY CLAUSE This Tax Abatement Agreement shall be of no force and effect unless BERGEN BRUNSWIG DRUG COMPANY acquires fee ownership of the acreage specified in this agreement within ninety (90) days from the date of the County's execution hereof and provides proof of such ownership satisfactory to the County and all requisite consents and approvals are obtained from the City of Sugar Land and the Fort Bend County Independent School District by August 31, 1991.

15. COMMISSIONERS' COURT APPROVAL AS CONDITION PRECEDENT

This Agreement is conditioned entirely upon the approval of the Fort Bend County Commissioners' Court by the affirmative vote of a majority of the members present at a regularly scheduled meeting of Fort Bend County Commissioners' Court.

16. PROPERTY REPORT It is understood and agreed to by he County and the Owner that the Owner must complete the Confidential Personal Property Report, attached hereto as Exhibit "C", and made a part hereof for all legal purposes, and forward

the report to the Fort Bend County Central Appraisal District. In order to allow the County to determine the value of the inventory and supplies at the facility on January 1 of each year covered by this agreement, the Owner agrees to submit the Confidential Personal Property Report, marked as Exhibit "C", to the County Judge of Fort Bend County, P.O. Box 368, Richmond, Texas 77469, prior to April 1 of each year.

Dear Sheriff Hillegeist:

Enclosed herewith is our proposed contract for the Mental Health Unit to cover fiscal year September 1, 1991 through August 31, 1992.

Please note that the not to exceed figure has been reduced from $165,000 to $150,000. This reduction is one of several cuts required in order for us to be able to present a balanced budget to our Board for their approval on August 22, 1991. This budget is written with the assumption that our State General Revenue will be the same as FY '91. We had to write it this way because of the delay of the Legislature in producing an Appropriations Bill. At this point in time, a Bill has been passed and sent to the Governor for approval. The Bill provides for an increase of $18.5 million for contracted community mental health services for FY '92. We believe that we will be awarded a part of that increase by TXMHMR when they allocate funds to the 35 community mental health authorities. This should occur in September.

If all goes as expected, we hope to be able to amend this proposed contract later and thereby replace the $15,000. We would most likely do this in November or December.

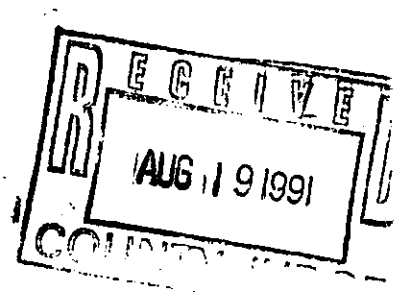

Sincerely,

BLH

AGREEMENT

The parties to this agreement are the Riceland Regional Mental Health Authority, hereinafter called "Authority" and the Fort Bend County Sheriff's Department, hereinafter called "Sheriff".

I

The purpose of this agreement is for the parties to cooperate in the establishment and operation of a Mental Health Unit within the Sheriff's Department which will provide Crisis Intervention Services including a Crisis Hotline, 24-Hour Emergency Screening and Assessment and Transportation.

When fully implemented, the Mental Health Unit will consist of one Sergeant and four Deputies all of whom will have special training in the handling of mentally disturbed persons. The number and rank of these officers is subject to renegotiation at any time on request of either party.

II

Selection of the above named officers and their replacements will be by mutual agreement of the parties. Hiring and firing shall be the sole responsibility of the Sheriff.

SUBJECT: Landscaping services--Missouri City Branch

Enclosed please find a contract with James Burnett regarding landscape architectural services for the Missouri City branch library.

Mr. Burnett has met with Missouri City officials, the Building Committee and with the architects in preparation for this proposal.

There is an allowance within the construction contract with Drymalla for these services. The City of Missouri City has agreed to spend $50,000 for landscape improvements, around the library and connecting to the South side of the Civic Center. We in turn would like to hire this architect for the planning.

The base fee for the project will be $2,500 and total cost will not exceed $7,500. This is a highly recommended firm that has worked with our architects before and its fees and charges are similar to others in this field.

I will appear before you on Monday, August 19, 1991 to request approval.

Re: Missouri City Library

Dear Roman:

I am extremely pleased to submit this proposal for Landscape Architectural services that follows the phone conversation we had today. We look forward to working closely with you in creating an exciting image for the Missouri City Complex and Library. I have structured this proposal to focus primarily on a Landscape Master Plan that would allow the project to be phased. We will provide a cost estimate at the completion of our approved Master Plan that would help to prioritize the phasing.

The proposal is outlined in the four phases that we discussed. This agreement is by and between The Office of James Burnett (OJB) and the County of Fort Bend.

Phase One

- Master Plan

  The Master Plan for the Missouri City Complex involves an interactive on-site work session with the client group to determine the goals and concepts for the vision of the landscape development. This plan will define the character and essentials of the project, including approximate cost estimates for each of the defined areas. Upon approval of the Master Plan and written authorization to proceed the landscape development fees will be determined for the library site which is Phase Two. The Missouri City Complex Master Plan will include:

1. Development of conceptual design for the site open space in conjunction with the architects, addressing the issues of pedestrian circulation, landscape, water features and other speciality elements.

2. Development of conceptual site grading plan. (Civil engineer will be responsible for mass grading construction documents).

3. Development of planting design concepts for the building area and common area.

4. Preparation of one schematic statement of probable construction costs.

5. Preparation of a Master Plan graphic presentation package including a rendered site plan, slide presentation and additional support graphics as may be required to express the design concepts.

6. Up to three (3) coordination/presentation meetings to be identified.

Phase Two

- Design Development for the Library Site

  Upon client's approval of the Master Plan, and statement of probable construction costs and authorization to proceed, OJB will provide design development services based upon clients resolved base plans and describing the size and character of its components. The design development scope of services include:

  1. Layout, fine grading, material selection and surface drainage of exterior pedestrian and vehicular pavements and exterior planting areas. OJB will select drain inlet/catch basin fixtures. (Drainage system provided by Civil Engineer).

  2. Exterior planting layout and species selection for building courtyards and common areas.

  3. Design of exterior hardscape elements including steps, bollards, walls, headers, rails, fences and related site specialty elements. (Civil or structural engineering fees are not included in this proposal).

  4. Design of fountains and water elements in conjunction with the Architects. Fountain mechanical/electrical consultant will be directed by OJB. (Fountain mechanical consultant and structural engineering fees have been excluded in this proposal).

  5. Layout and conceptual selection of site furniture including plant pots, trash receptacles, benches, tables, chairs, flag poles, banners, or other fixtures as required.

  6. Design, selection and layout for exterior site lighting fixtures. (Circuitry and photometric studies shall be conducted by civil or electrical engineer).

  7. Review of civil and structural engineering for site elements, specialty features, utilities and connections.

  8. Review of statement of probable construction costs to be prepared by Contractor.

  9. Preparation of Design Development drawings and outline specifications to conform to applicable codes and regulations of government bodies having jurisdiction over the work. (Drawings shall be reviewed by Civil Engineer for code and jurisdictional compliance).

  10. Up to four coordination/presentation meetings to be identified.

Phase Three

- Construction Drawings and Specifications

1. Upon the approval of the Design Development drawings, outline specifications and Estimate of Probable Construction Costs, OJB will coordinate and develop drawings and technical sections of the specifications setting forth in detail the requirements for the construction of the project.

2. In developing Construction Documents and technical sections of specifications, OJB shall endeavor to coordinate and to maintain a construction budget in accordance with the schematic design estimate approved by Client. When the final estimate of construction cost is one hundred ten percent (110%) of the most current approved budget estimate, or less, the final estimate will be acceptable to the Client.

3. Should the bids come in higher then one hundred ten percent (110%), OJB shall without additional charge modify drawings and specifications as necessary to comply with the budget. Such redesign shall be the limit of OJB liability. In addition, OJB cannot be held responsible for cost fluctuations within the construction industry that are beyond its control.

4. Production of design and details for hardscape elements, site specialty elements and fountains. (Structural, mechanical, electrical connections and support details are not included in this proposal and shall be by appropriate engineer).

5. Detailed exterior irrigation design downstream from mainline point of connection. Civil engineer shall provide point of connection location and technical data.

6. Review of site drainage and mass grading plans to be prepared by Civil Engineer.

7. Review of site utilities and surface fixtures, routing, locations and treatments relative to landscape paving and planting.

8. Preparation of Construction Drawings and Technical Specifications for OJB's portion of scope. Drawings shall conform to applicable codes and regulations of governmental bodies having jurisdiction over the work. (The Architect shall be responsible for Bidding Contract Requirements and General Requirements division of the specifications).

9. Up to four(4) coordination/presentation meetings to be determined.

10. Assistance to Architect in bidding and contract letting procedures conducted by the Construction Agent as related to landscape construction documents.

Phase Four

- Construction Observation

  During the construction of the project landscape, OJB will attend the pre-construction meeting with the contractor, provide clarifications of the drawings and observe the construction in periodic visits to be identified in the construction schedule. More specifically:

  OJB will provide day-to-day construction observation for the following scope items:

  1. Review of site drainage and fine grading.
  2. Review of vehicular and pedestrian paving layout and detailing.
  3. Selection and tagging of plant material.
  4. Review of site speciality elements and features.
  5. Review of irrigation system.
  6. Review of planting installation.

  OJB and the Architects shall spend the appropriate time on site to evaluate the construction progress, quality and to determine in general if the construction is proceeding in accordance with the design intent and Construction Documents.

  On the basis of its observations while at the site, OJB will keep Client informed of the progress of construction. OJB may recommend to the Client and Architect, the rejection of work failing to conform to the contract documents.

  OJB shall advise and assist Architect with change order issues only upon their request.

  OJB shall endeavor to secure compliance by the contractor to the plans and specifications. OJB shall not be responsible for job site safety or for construction means, methods, techniques, sequences or procedures in connection with the work and OJB shall not be responsible for the contractor's errors or omissions or failure to carry out the work in accordance with the contract documents.

Exclusions To Scope of Services

The Client shall provide the following information or services as required for performance of the work including: topographic and boundary surveys; legal descriptions of the property; soils testing; engineering services (soils, structural, electrical, mechanical, traffic, civil, etc.); base information; controlled aerial photographs; site photography and site program.

OJB assumes no responsibility for the accuracy of such information or services and shall not be liable for error or omissions therein. Should OJB be required to provide service in obtaining or coordinating compilation of this information, such services shall be charged as Extra Services, but only after they are approved by Client.

Fees and Terms

Fees for Phase One, Master Plan shall be provided for a maximum fee of Two Thousand Five Hundred Dollars ($2,500.00).

Fees for Phase Two, The Library Site - Design Development, Phase Three - Construction Documentation and Phase Four - Construction Observation shall be 10% of construction as related to scope of work.

All fees shall be charged in accordance with the terms and conditions in Appendix A attached; hereto, and which is incorporated and made part of this agreement by reference reimbursable expenses are in addition to the above fee.

We look forward to working with you on this project and would be pleased to answer questions you may have or to clarify the various points above.

Sincerely,

James D. Burnett, ASLA

Enclosed you will find the form appointment for a term of September 1, 1991 through August 31, 1993. I will appear before you on Monday, August 26, 1991 to request that you appoint Mr. Keller as the library's representative to HALS.

SUBJECT: Grillo Memorial Fund #31

I would like your permission to close out the Grillo Memorial Fund #31 and to transfer $1,150.62 to the Library Donation Fund #32.

The reason for doing so is as follows: In January 1991 we received an $8,000 challenge/matching grant from the George Foundation for the creation of a Science Center in the Children's Department of the George Memorial Library. You approved this grant provided we raise the matching monies--$8,000 from private sources.

To date we have received donations of $2,350 from various firms in the county. At the time of Joe Grillo's death, a total of $3,150 was received by the Library and by the Friends of the Library. Of the total, $1,150 was deposited in the Grillo account and $2,000 was received by the Friends.

On Tuesday, at their executive board meeting the Friends (and library staff) agreed to earmark the funds from both accounts for the purpose of supporting the Science Center. The $2,000 from the Friends has been deposited in the library's donation account. We would now like to transfer the $1,150 in the Grillo account into the library donation account so that all funds will be together. In this way it will be easier to document the match for the George Foundation, and to account for the eventual spending out of one account.

The George Foundation has agreed to the naming of the Science Center in memory of Joe Grillo. It will be called the "Joe Grillo Science Center", to be located in the Children's Department of the George Memorial Library.

I will appear before you on Monday, August 26, 1991 to request your approval.

Re: Transfer of line item

Dear Judge Cordes,

I would like to take this oppurtunity to request to be placed on the agenda for the August 26th meeting of the Fort Bend County Commissioner's Court. At that time I will be asking for a transfer of funds in my rental line item.

After my 1991 budget was approved and granted, an increase of office rent was requested from lessor, K. B. Otto. This increase was approved by commissioners. Upon approval of the new rate for rent I was advised the money would be placed in my rental line item when needed.

I have attached a breakdown of vendors paid out of my rental line item and amount needed to pay each of them the remaining four months in this year. As you can see, I will need a tranfer of approximately $2,000.00.

Please advise me if this matter can be handled on the August 26th meeting. If you have any questions regarding this, please call my office at 713-342-7807 or 409-793-3403.

Thank you for your time.

Dear Judge Cordes:

The provisions of Article 6675a-9a, Vernon's Civil Statutes, provide counties with the option of imposing, in addition to the registration fee, a county road and bridge fee in an amount set by the Commissioners Court that does not exceed $10.00 for each vehicle registered in the county.

During the 72nd Texas Legislature, Regular Session, Senate Bill 460 was passed authorizing counties to collect another optional fee to fund a school crossing guard program. Both optional fees are similar in that the amounts are both set by Commissioners Court. Additionally, counties are statutorily required to notify the Department of their intent by September of the year preceding the year in which the fee takes effect. The deadline for notifying the Department of the road and bridge fee continues to be September 1, while the deadline for notifying the Department of the new school crossing guard fee is September 10. If you have any questions regarding the fee that your county may collect for the School Crossing Guard Fund, you may wish to consult with your county attorney.

Counties which choose to collect the road and bridge fee, to change the amount of their current road and bridge fee, to remove the current extra fee, or to collect the new school crossing guard fee are respectfully requested to notify the Department as soon as possible and not later than the respective deadlines for each fee. Notification, however, is not necessary if your county currently has a commissioners court order on file with this Department, and you do not wish to change the extra fee your county currently collects or will not be collecting the new school crossing guard fee.

Implementation of House Bill 2 - personnel requirements

We believe that the Fort Bend County Tax Office will need three additional employees in order to comply with the provisions of House Bill 2 that require the clerk to verify proof of liability insurance on a vehicle before issuing registration, while maintaining the current level of service to our residents. The state is paying for these employees with an increase in the commission paid to us.

We expect that it will take an additional minute per transaction to verify this information if the customer has proof of insurance in his possession when applying for registration. The clerk will have to verify that:

1. The name of the owner(s) of the vehicle agrees with the name(s) on the insurance policy;
2. The make and model shown on the policy agrees with the make and model of the vehicle being registered;
3. The proof of coverage has a statement that the coverage complies with the minimum amounts of liability insurance required by the Texas Motor Vehicle Safety-Responsibility Act;
4. The policy coverage period is listed and current;
5. The name of the insurer and policy number are listed.

If the customer does not have the proof of insurance in his possession while in the office, but has it in the vehicle in the parking lot, the process will be slowed down as the clerk explains that we must see the document and sends the customer to get it. We will have to serve most customers twice.

If the customer does not have the required form with him it may take longer to explain to the customer why he must be refused registration at this time. This will be most noticed during the end of the month rush when the customer has waited until the last minute and is more likely to argue the point with the clerk.

The registration applications that are mailed in without a photocopy of the proof of insurance will require more time since correspondence must be sent explaining why the registration application must be denied and a log maintained of the rejection.

The Division of Motor Vehicles expects that there will be a 30% rejection rate upon the inplementation of this bill. Rejections take double the time to process since the rejection must be explained and then the work needs to be re-checked when the customer returns with the requested documentation.

The legislature appropriated the additional forty cent commission to counties to help offset the additional expenses the counties face complying with this legislation. We complain that we do not get funds from the state when programs are passed on to us. We worked hard to get funding for this program. If we do not use it for the purpose intended we may lose it.

If we use the funds as they were intended to be used, we may see the state fund other programs they pass down to the counties. If we fight for it like we did in this case.

We may find that we may not need to fill a position that comes open in a year, after everyone in the state knows that they must comply with this new law. It takes a year for everyone to know because of staggered registration periods. We expect the lines to move much more quickly once everyone knows so we may be able to lose a position through attrition as well as when the Division of Motor Vehicles puts us on computer in late 1992.

Implementation of House Bill 2 - proof of liability insurance

Expected additional revenue and expenses

Income is expected to increase by $63,120.00 based on an increase of 40¢ commission per sticker issued. 157,800 receipts were issued in 1990.

Three additional clerks will be required to maintain the level of service that is currently offered.

The cost of three additional clerks will be $63,193.32 ($21,064.44 per clerk).

Salary for Clerk II, pay grade 6/1

Line item	pay period	annual cost
Salary	$ 573.00	$ 14,898.00
Insurance	150.00	3,900.00
Retirement	40.11	1,042.86
Social Security	43.83	1,139.58
Worker's Comp	3.23	84.00
Total	$ 810.17	$ 21,064.44

Three Clerk II's at the rate of $ 21,064.44 = $ 63,193.32.

Additional income	$63,120.00
Additional expense	- $63,193.32
Cost to County	- 73.32

Cost for the remainder of 1991:

$21,064.44 /12 = 1,755.37
$ 1,755.37 * 4 = $ 7,021.48

1 clerk at $7,021.48 * 3 = $21,064.44

Number of registrations issued September 1 - December 31, 1990 were 48,795.
Additional income of 40¢ for 48,795 receipts equals $ 19,518.00

SECTION 1. PARTIES

This agreement is made and entered into by and between the following parties: the Office of the Attorney General of the State of Texas, hereinafter referred to as "Attorney General", and the County of Fort Bend, Texas, hereinafter referred to as "County". The parties hereto have severally and collectively agreed and by the execution hereof are bound to the mutual obligations and to performance and accomplishment of the tasks hereinafter described.

SECTION 2. AGREEMENT PERIOD

This agreement shall commence September 1, 1991, and shall terminate August 31, 1992, unless terminated at an earlier date pursuant to the provisions of Section 14 of this agreement.

SECTION 3. AUTHORITY AND REPRESENTATIONS

Attorney General, as the state agency designated by Chapter 76 of the Texas Human Resources Code to administer a statewide plan for child support enforcement in compliance with Title IV, Part D, of the federal Social Security Act of 1935, as amended (hereinafter referred to as "the Act"), and the regulations promulgated thereunder, is interested in obtaining the performances contemplated of County by this agreement as a means of meeting certain requirements of federal law pertaining to the administration of such child support enforcement program. County may be required by state law to implement certain measures relating to the use of IV-D court masters in the adjudication of legal actions for child support and may partially satisfy such requirements by rendering the performances contemplated of County by this agreement.

SECTION 4. COUNTY PERFORMANCE

A. GENERAL

County, in compliance with Subchapter D of Chapter 14, Texas Family Code, shall employ IV-D court masters and administrative assistants as may be required and shall provide services necessary to assure the timely disposition of cases involving child support obligations, the establishment and enforcement of which are being conducted pursuant to Title IV, Part D, of the Act. A IV-D court master employed pursuant to this agreement shall be devoted exclusively to the adjudication of the aforementioned child support cases.

B. FEDERAL LAW

It is expressly understood and agreed by the parties hereto that the performances rendered by County hereunder are for the purpose of effecting full compliance by the State of Texas with requirements for expedited processes required by Title IV, Part D, of the Act and the regulations promulgated thereunder. All performances by County hereunder shall be rendered so as to achieve full compliance with the requirements for the Expedited Process Program contained in Title IV, Part D, of the Act and the rules and regulations promulgated thereunder for the following jurisdiction: Second Administrative Judicial Region of Texas.

The parties understand and agree that the presiding judge of the administrative judicial region may appoint a IV-D court master pursuant to Subchapter D of Chapter 14, Texas Family Code, to serve more than one county. County agrees that it shall be the employer of any and all IV-D court masters and any and all other personnel, employed to carry out the terms of this agreement for the following jurisdiction: Second Administrative Judicial Region of Texas.

C. ENUMERATED FUNCTIONS

County shall perform such functions as may be necessary and appropriate to fulfill its obligations pursuant to Subsection A of this Section 4 including, but not limited to, the following enumerated functions:

(1) paying the salaries and other necessary and allowable costs of IV-D court masters who are appointed by the presiding judge of the administrative judicial region pursuant to Subchapter D of Chapter 14, Texas Family Code;

(2) paying the salaries and other necessary and allowable costs of administrative assistants to the aforementioned IV-D court masters;

(3) providing office space, supplies, furniture, equipment and other personnel in Fort Bend County, Texas, as may be required by a IV-D court master to perform his or her official duties; and

(4) preparing, maintaining and transmitting forms, records, reports and correspondence essential to the effective operation of this agreement.

D. PERFORMANCE STANDARDS

The performances called for in this agreement shall be rendered strictly in accordance with the applicable provisions of the Act and the rules and regulations of the United States Department of Health and Human Services (hereinafter referred to as "HHS"). Such provisions include, but are not limited

to, the regulations mandating time frames for the processing of cases found in Section 303.101 of Title 45 of the Code of Federal Regulations. The regulations in force on the effective date of this agreement require that actions to establish or enforce child support obligations subject to Title IV, Part D, of the Act must be completed in accordance with the following time frames:

1. Ninety percent (90%) must be completed within three (3) months from the time of filing to the time of disposition;

2. Ninety-eight percent (98%) must be completed within six (6) months from the time of filing to the time of disposition; and

3. One hundred percent (100%) must be completed within twelve (12) months from the time of filing to the time of disposition.

(The federal Office of Child Support Enforcement has permitted "time of filing" to be defined as the date of service.)

County shall not be held responsible hereunder for failure to achieve the performance standards specified by this Subsection to the extent that Attorney General has precluded the possibility of compliance within the time frames specified herein.

SECTION 5. ATTORNEY GENERAL OBLIGATIONS

A. REIMBURSEMENT OF ALLOWABLE COSTS

In consideration of full and satisfactory performance hereunder, Attorney General shall reimburse the allowable costs incurred by County in the performance of the obligations assumed by it pursuant to this agreement and as identified in Attachment A hereto. Such obligation of Attorney General shall be subject to the limitations set forth in Paragraphs 1 through 10 of Subsection B of this Section 5. Attorney General shall reimburse County only for those costs which are allowable according to the provisions of the federal Office of Management and Budget Circular A-87, "Cost Principles for State and Local Governments," published by the Executive Office of the President of the United States of America.

B. LIMITATIONS ON REIMBURSEMENT

1. It is expressly understood and agreed by the parties hereto that any and all of Attorney General's obligations hereunder are contingent upon the existence of a State Plan for Child Support Enforcement approved by the federal Office of Child Support Enforcement providing for the statewide program of child support enforcement. In the event that such a State Plan should lapse or otherwise terminate, Attorney General shall notify County within ten (10) days of such fact in writing and Attorney General shall discontinue payment hereunder subsequent to County's receipt of such written notification, except that Attorney

General shall reimburse County for any costs incurred pursuant to this agreement for which Attorney General receives money from the federal Office of Child Support Enforcement.

2. Attorney General shall not be required to reimburse costs pursuant to Subsection A of this Section 5 incurred before commencement of this agreement or after termination of this agreement. Additionally, Attorney General shall not be required to reimburse any salary or costs of a IV-D court master or other personnel which is incurred before or after the term of appointment of that IV-D court master by the presiding judge of the administrative judicial region.

3. Attorney General shall not be required to reimburse costs pursuant to Subsection A of this Section 5 incurred by County of a type not described by, or in excess of the total amounts identified for, the respective categories of cost specified by Attachment A to this agreement, except as provided by the remainder of this Paragraph 3. County may transfer amounts between individual line items of Attachment A provided such transfers do not result in a cumulative increase or decrease from the beginning of this agreement in any such line item of more than Three Thousand Dollars and No Cents ($3,000.00) and provided further that County notifies Attorney General in writing of such transfer prior to such transfer. The authority for County to make budget transfers as provided by the preceding sentence shall not be construed as authorizing any increase whatsoever in the total of all line items of Attachment A. Any change in Attachment A other than those provided by the second sentence of this Paragraph 3 shall be made pursuant to Section 15 of this agreement.

4. Notwithstanding any other provision of this agreement, nothing in this agreement shall be construed to require Attorney General to disburse to County under the terms of this agreement in excess of the aggregate sum of One Hundred Fifty-Nine Thousand Seven Hundred Twenty Dollars and No Cents ($159,720.00).

5. Attorney General shall not be required to reimburse any costs incurred for performances rendered unless such costs are incurred and such performances are rendered strictly in accordance with the terms of this agreement.

6. Attorney General shall not be liable pursuant to Subsection A of this Section 5 for costs associated with travel and related costs except as provided by Section 7 of this agreement.

7. It is expressly understood and agreed by the parties hereto that the financial obligations of Attorney General are limited to and include no actions other than reimbursement of County's allowable costs.

8. Attorney General has the right to decline to reimburse any and all reports requesting reimbursement of costs which are submitted more than ninety (90) days after the calendar month for which such costs are incurred.

9. The purpose of this agreement is to increase the funds of County available for the collection and enforcement of child support, and County shall not reduce the amount of funds provided for these purposes because of the availability of funds from this agreement. In no case may funds accruing to County under this agreement be used to pay any part of the salary or costs of a district judge, an associate district judge, a constitutional county court at law judge or a statutory county court at law judge.

10. Any amount allocated in Attachment A for equipment to be used by County to implement this agreement may be claimed by County for reimbursement pursuant to this agreement provided that:

(a) Attorney General provides written advance approval of the specific purchase;

(b) Any such expense is submitted by County and reimbursed by Attorney General in accordance with this Section 5; and

(c) The equipment or residual value of the equipment is transferred to Attorney General when the equipment is no longer needed to carry out the work under this agreement or when this agreement is terminated, whichever event occurs first.

C. METHOD FOR PRESENTING REQUESTS FOR REIMBURSEMENT OF ALLOWABLE COSTS

1. For each calendar month during the period of performance of this agreement, County shall report to Attorney General costs incurred by County in accordance with the provisions of this agreement not previously reported by County and unreimbursed which have accrued pursuant to Subsection A of this Section 5. County shall report to Attorney General in the manner and on the forms specified by Attorney General and shall provide such information and documentation as Attorney General may reasonably require.

2. County shall keep records as provided pursuant to Sections 6 and 10 of this agreement in substantiation of such reports.

3. Attorney General agrees that reports received by Attorney General within fifteen (15) days after the end of the calendar month for which such reports are made shall be reviewed and either returned to County for correction or further information within ten (10) working days of receipt of such reports or processed and submitted to the State Comptroller of Public Accounts for payment within fifteen (15) working days of receipt of such reports. Attorney General further agrees that reports received by Attorney General more than fifteen (15) days after the end of the calendar month for which such reports are made shall be reviewed and either returned to County for correction or further information within twenty (20) working days of receipt of such reports or processed and submitted to Comptroller for payment within thirty (30) working days of receipt of such reports.

4. County shall refund within thirty (30) days to Attorney General, any sum of money which has been paid to County which Attorney General determines has resulted in an overpayment to County. County shall be solely responsible and liable for settlement of all audit exceptions which may be taken by HHS. In the event that Attorney General makes a settlement with HHS pursuant to a determination by HHS that certain of County's costs are not allowable under this agreement or federal regulations, County shall pay to Attorney General the amounts so determined, provided that Attorney General shall obtain from County its prior written consent to any such settlement. Attorney General may deduct amounts payable by County to Attorney General pursuant to this paragraph from amounts reimbursable by Attorney General to County pursuant to Subsection C of this Section 5.

5. Notwithstanding any other provision of this agreement, it is expressly understood and agreed by the parties hereto that Attorney General may, at its sole option and in its sole discretion, offset any amounts owing to County hereunder against any amount owing but unpaid by County to Attorney General arising from this or any other obligation between Attorney General and County.

SECTION 6. REPORTING AND RECORD KEEPING

A. TIME RECORDS

County shall require all IV-D court masters appointed pursuant to Subchapter D of Chapter 14 of the Texas Family Code and all administrative assistants assigned to such IV-D court masters to keep time records consisting of a daily time report of completed activities whenever the IV-D court master or administrative assistant is not employed or utilized by County solely to hear and dispose of cases brought pursuant to Title IV, Part D, of the Act. The daily time report shall contain an accounting in increments of fifteen (15) minutes for all of the time spent on activities undertaken pursuant to Title IV, Part D, of the Act, Subchapter D of Chapter 14 of the Texas Family Code and this agreement. The report shall contain information sufficient to identify each of the child support enforcement cases upon which any work was undertaken during the reporting period. County shall maintain and retain such records in accordance with Subsection B of this Section 6.

B. RECORD RETENTION

County shall maintain and retain for a period of three (3) years after the submission of the final expenditure report, or until full and final resolution of all audit or litigation matters which arise before the expiration of the three (3) year period after the submission of the final expenditure report, whichever time period is longer, such records as are necessary to fully disclose the extent of services provided under this agreement, including records which will show the basis of the allowable cost charges made.

SECTION 7. TRAVEL

The costs incurred for travel and related expenses shall not exceed the amount computed for such travel at the rates established and periodically revised by law for State of Texas employees in classified positions. Such costs also shall not exceed amounts equivalent to County's reimbursement rate in effect for other County employees similarly situated at the time the costs were incurred. Expressly included in the term "travel" for the purposes of this agreement shall be the cost for attendance by a IV-D court master or administrative assistant of short-term seminars or workshops approved by Attorney General directly related to enhancement of such IV-D court master's or administrative assistant's competencies to perform the functions contemplated by this agreement.

SECTION 8. MONITORING AND AUDITING

County shall arrange for an independent audit of the costs incurred and the performances rendered under this agreement. Such audit may be performed in conjunction with, or as a part of, a regular audit of all County operations, provided that the auditing of transactions and activities carried out under the terms of this agreement shall be conducted in accordance with generally accepted accounting principles and shall be acceptable under the standards mandated in the federal Office of Management and Budget Circular A-87, "Cost Principles for State and Local Governments," published by the Executive Office of the President of the United States of America. Any report(s) or other informational material generated by such audit shall be furnished to Attorney General no later than one (1) year after the date of the termination of this agreement.

Notwithstanding any other audits conducted pursuant to the direction of County, County agrees to grant access at reasonable times to all books and records to representatives of HHS, the Comptroller General of the United States, the State Comptroller of Public Accounts and Attorney General for purposes of inspecting, monitoring, auditing or evaluating said materials.

SECTION 9. ACKNOWLEDGMENT OF FUNDING

County agrees to place in all literature describing its services covered under this agreement notices acknowledging the funding provided by the State of Texas and the federal Office of Child Support Enforcement to County and such notice shall also be placed in County's annual reports.

SECTION 10. COMPLIANCE WITH OTHER REQUIREMENTS

County shall perform its obligations hereunder in such manner to assure its compliance with federal and state law and to assure, with respect to County's performances hereunder, that Attorney General is fully and completely meeting obligations imposed by rules, regulations and law upon Attorney General in carrying out the Expedited Process Program of child support enforcement pursuant to Subchapter D of Chapter 14, Texas Family Code, and Title IV, Part D, of the Act.

SECTION 11. EQUAL OPPORTUNITY

County agrees that no person shall on the ground of race, color, religion, sex, national origin, age, handicap, political affiliation or belief be excluded from participation in, be denied the benefits of, be subjected to discrimination under or be denied employment in the administration of or in connection with any program or activity funded in whole or in part with funds made available under this agreement.

SECTION 12. INDEPENDENT CONTRACTOR

It is expressly understood and agreed by the parties hereto that County is an independent contractor who shall have exclusive responsibility for any and all claims, demands, causes of action of every kind and character which may be asserted by any third party occurring from, in any way incident to, arising out of or in connection with the activities to be performed by County hereunder.

It is further expressly understood and agreed that any IV-D court master, and any other personnel, employed to carry out the terms of this agreement is deemed to be an employee of County for purposes of retirement benefits, health insurance and any and all other purposes.

SECTION 13. ATTACHMENT

An attachment, entitled "Attachment A, Budget", consisting of one (1) page, is attached hereto and is hereby made a part of this agreement.

SECTION 14. TERMINATION

A. DISCRETIONARY TERMINATION

Either of the parties to this agreement shall have the right, in such party's sole discretion and at its sole option, to terminate this agreement by notifying the other party hereto in writing of such termination at least thirty (30) days prior to the effective date of such termination. Such notice of termination shall state the effective date of such termination.

B. REQUIREMENT CHANGES

In the event that state or federal law or other requirements as specified in Section 10 of this agreement should be amended, judicially interpreted or otherwise changed so as to render the terms of this agreement, on the part of either party hereto, substantially unreasonable or impossible, or if the parties should be unable to agree upon modifying amendments which would be needed because of such amendments, judicial interpretations or other changes to enable the substantial continuation of the services contemplated herein, then and in that event, the parties shall be discharged from further obligation under the terms of this agreement, except for the equitable settlement of the respective accrued interests or obligations incurred up to the date of termination which shall be five (5) days after written notice of such termination is given by either party to the other party.

C. REJECTION CHANGE

Upon notification by County to Attorney General of County's rejection of a change pursuant to the provisions of Subsection B of Section 15 of this agreement, this agreement shall terminate without further action by either party, such termination to be effective as of the date County sends its written rejection pursuant to the notice provisions of Section 16 of this agreement.

D. NONEXCLUSIVE REMEDY

Notwithstanding any exercise by Attorney General of its rights or early termination pursuant to this Section 14, County shall not be relieved of any liability to Attorney General for damages due to Attorney General by virtue of any breach of this agreement by County, or for amounts otherwise due Attorney General by County. Attorney General may withhold any payment to County until such time as the exact amount due to Attorney General from County is agreed upon or is otherwise determined.

Notwithstanding any exercise by County of its rights or early termination pursuant to this Section 14, Attorney General shall not be relieved of any liability to County for damages due to County by virtue of any breach of this agreement by Attorney General, or for amounts otherwise due County by Attorney General.

SECTION 15. CHANGES AND AMENDMENTS

A. CHANGES IN LAW

Any alterations, additions or deletions to the terms of this agreement which are required by changes in state or federal law are automatically incorporated into this agreement without written amendment hereto, and shall be effective on the date designated by such state or federal law or other requirement, unless this agreement has been terminated prior to such date through operation of Subsection B of Section 14 of this agreement or has been otherwise terminated.

B. CHANGES BY ATTORNEY GENERAL

It is understood and agreed by the parties hereto that this agreement must at all times be in compliance with state and federal law and that changes, interpretations and clarifications of such state and federal law and other requirements made by HHS during the agreement period will have the effect of qualifying the terms of this agreement. Based on these considerations, and in order to ensure the legal and effective performance of this agreement by both parties, it is agreed by the parties hereto that this agreement may be amended in the following manner. Attorney General shall have the right to propose to County amendments hereto that relate to such compliance and performance. Attorney General must furnish County written notice pursuant to the provisions of Section 16 of this agreement of all amendments made pursuant to this Subsection B. Upon such notice by Attorney General to County, an amendment proposed pursuant to this Subsection B shall be deemed accepted and effective immediately upon receipt by County, unless County notifies Attorney General pursuant to the provisions of Section 16 of this agreement within fifteen (15) days of such receipt of its rejection of the proposed amendment, in which case this agreement will terminate in accordance with the provisions of Subsection C of Section 14 of this agreement. Upon County's acceptance of the proposed amendment, such amendment becomes binding upon County and Attorney General as if written in this agreement.

C. CONVENTIONAL AMENDMENT

Except as specifically provided otherwise by this Section 15, any alterations, additions or deletions to the terms of this agreement shall be by amendment hereto in writing and executed by both parties to this agreement.

RE: Monthly reports of Fee Officers

Gentlemen:

We have examined the monthly reports of certain Fee Officers identified below for the month of July, 1991. We maintain certain records relating to financial transactions of these officers and accordingly, our examination included such auditing procedures as we considered appropriate in the circumstances.

The breakdown of the fees paid by the Tax Collector in July is attached to this letter.

The following is the criminal and civil case report for the JPs for the month of July, 1991.

JP	# OF CASES:	New	Pending	Dismissed	Paid	Open	Civil Cases
JP 1	Geick	459	4300	181	324	4254	58
JP 2-1	Molina	249	1815	320	162	1582	93
JP 2-2	Fredrickson	526	415	128	344	469	15
JP 3	Franks	184	2312	9	95	2392	65
JP 4	Adolphus	587	3666	151	342	3760	14

There was nothing that would lead us to believe that these reports are not, in all material respects, a fair representation of cash transactions of the records presented to us.

We recommend that these reports be approved subject to completion of our examination of reports of such officers for the year ending December 31, 1991.

If the Court concurs, the following order might be adopted:

> Moved by Commissioner____, seconded by Commissioner____, duly put and carried, it is ordered that the monthly reports of fees collected by Fee Officers identified below, for the month of July 1991, be approved as recommended by the County Auditor in his letter of August 26, 1991.

*JUNE REPORT

Testimony submitted to the Fort Bend County Commissioner's Court on Redistricting on August 26, 1991 :

We appreciate the efforts of the Citizens Redistricting Board who were appointed to the Commissioners Court. We know that they reviewed all the plans submitted to them. They made their decisions based on the advice of legal counsel hired by the county to deal with the redistricting process. Please, keep in mind, as wer share with you our conserns of how the ocunty handled the redistricting process that we are not questioning the fact that members of the Citizens Redistricting Board offered their own Plans E, F, and G to be considered by the Citizens Redistricting Board. But what we are questioning is that Plans E, F, and G were submitted to the Citizens Redistricting Board for consideration without a complete analysis. The fact is that the first time we heard of a Plan G was on Saturday, August 10, 1991, when a sub-committee of the Citizens Redistricting Board met with representatives of the Fairness Committee and the Fair Plan Committee told that they were going to recommed Plans B and G on Monday, August 12, 1991 to the Commissioner's Court. The figures given to the representatives of the Fairness Plan Commitee on that day August 10 were that under Plan G the Hispanic Population for Precinct #1 was at 39.31%. Then on Monday, August 12, the Fair Plan Committee was given the analysis by Mr. Jim Allison, legal cousel for the ocnty for Plan G that showed the Hispanic population for Precinct #1 under Plan G at 34. 75% and not at 39.31%. Consequently the members of the Citizens Redistricting Board voted on Saturday, August 10, 1991 to recommend Plan G based on an incorrect analysis.

We are also questioning the fact that we were told by one of the member of Commissioner's Court, that the only plans that were going to

be considered by the Commissioner's Court for a vote were Plans B and G. Yet Plans B and G were recommended by the Citizens Redistricing Board to the Commissioner's Court at the 5th Public Hearing on August 12, 1991. On this date public input was still being taken for consideration. On that same day Monday, August 12 a member of the Fair Plan Committee gave notice to the Commissioner's Court that the Fair Plan Committee would be revising Plan D and owuld be submitting the revised plan to the Court before a formal vote was taken. Even then after this notice of our intentions a member of the Commissioner's Court told representatives of the Fair Plan Committee that they might considere our revised plan. We had no real assurances that a vote would not be taken, and that our revised plan would be considered.

We are again, not questioning the fact of the need of making correction on a Redistricting Plan, namely, Plan G. But again what concerns us is that if a vote is taken today and our revised Plan D is not considered because the Redistricting Board was advised by legal counsel that our Plan D was unconstitutional, then that clearly shows that if we are not given that same opportunity to make necessary revisions, on our Plan D, The Fair Plan, then that makes this process totally unfair.

Another serious concern that we have is that on August 12 at the public hearing in Commissioner's Court the Fair Plan Committe requested that Jim Allison send us a legal opinion, in writing, as to why some of the precinct lines in our original Plan D, the Fair Plan, were not contigous. * As of today we have not received any response to that request that we made publicly to legal cousel and to the Commissioner's Court. That clearly puts us at an unfair disadvantage. We are asking that the Commissioner's Court not only consider, but adopt our revised Plan D, The Fair Plan.

Dear Mr. Allen:

In accordance with your request, we have reviewed the map prepared by Lichliter-Jameson & Associates, Inc. and inspected the properties in reference to proposed easement acquisitions along Stafford Run Creek.

Our appraisal of each property would estimate the value of the whole property, the value of the part taken and the value of the remainder before and after the taking. The appraisal we propose to submit would include: a legal description of the property, a neighborhood description, a site description, a plat of the property, pictures, comparable sales data for the last five year period, sales map and analysis and estimate of value for the part taken and damages, if any, to the remainder.

We will submit the appraisals within a 45 day time period allowed subsequent to our receiving authorization to proceed. Should this period not meet with your scheduling requirements, we will complete the appraisals within the time frame necessary.

Our appraisal fees are estimated on an hourly rate of $100. Any additional time required for updating or preparation in court will be billed at the same hourly rate. Actual time involved in testimony, either in deposition or trial, will be billed at an hourly rate of $150.

It is estimated that Parcels 1-9 can be completed for a fee of $800 each or $6,400. Parcels 9A, 10 and 10A may involve more detailed analysis due to possible damage to remaining land or improvements. These three appraisal should not exceed $3,600. Total fee is estimated at $10,000. This provides approximately one day per parcel for Tracts 1-9 and 1.5 days per parcel for Tracts 9A, 10 and 10A to: make inspection; take pictures; research, confirm, inspect and analyze comparable sales; analyze the appraisal problem, write the report and prepare exhibits.

Dear Mr. Jalomo:

I am returning to you, per our telephone conversation, the original purchase order for the playground equipment.

I am very sorry, about the mis-understanding, as my bid was an equal to the specification, which was not completely defined, as you understood it, so as of this date it is necessary to withdraw items numbered 5, 6, 7, 8, 9. These items were specified as Quality Industries, and our bid would be completely Miracle Recreation Manufacured items, submitted to be reviewed as equals..

Thank you, I am

Sincerely,

The Honorable County Judge
and Commissioners Court

Dear Sirs:

As requested, the following information reflects, (a) the back pay cost from December 4, 1990 to August 31, 1991 (b) estimated increase in extra help for remaining year, and (c) cost of one additional shift.

A review of the previous 17 pay periods, including payroll 26 of 1990, reflects that $49,265.92 is due to the employees, $2,798.66 in straight time and $46,467.26 at time and one-half.

Also, by averaging the extra help of the previous 17 pay periods the estimated increase in extra help cost for the remaining 10 pay periods is $2,900 per period or $29,000 for the year.

Finally, the estimated cost to place an additional shift into service is ~~$529,334~~ 536,572.67, or $237,715 over the existing extra help line item of $310,435.

Sincerely,

Daniel Kosler

HOURLY PLAN
PROPOSAL B

Employee status: Hourly Non-Exempt

Employee(s) effected: Paramedics and EMTs working the unit

Work Schedule (field): On 24, Off 48 w/split shift on Friday

	S	S	M	T	W	T	F|F	S	S	M	T	W	T	F|F	S	S	M	T	W	T	F|F
A	(16)			(16)			(8)			(16)			(16)		(8|8)			(16)			(16)	
B		(16)			(16)		(8|8)			(16)			(16)		(16)			(16)			(8)	
C			(16)			(16)		(16)			(16)			(8)			(16)			(16)		(8|8)

Except on Fridays, employees of A, B, and C shifts are actually at there station for a full 24 hours. Eight hours of each full 24 hour shift may be deducted for sleep time, which reduces their actual work time, barring interruptions, to 40 hours per week. Employees must be compensated for all interruptions at 150%. If more that 3 of the 8 hours are interrupted then the employee must be awarded the full eight. *What is actually shown in the above work calendar is the shift less sleep time.

Resultant Hourly Rate (RHR): This unfluctuating hourly rate is multiplied by the number of hours worked collectively in a given week. This rate is multiplied by the overtime percentage rate (OPR) of 150%.

Use:
a) Compensation of hours worked over 40/week (premium pay)

Benefit Time: ACCRUED at a rate consistent with 40 hour/week employee

Vacation: 6.67 hours / month, or 80 hours / year

Sick time: 8 hours / month, or 64 hours / year

Holiday time: (Recommended) 8 hours / holiday, or 96 hours / year

Recommendation: Permit EMS (field) employees to earn 8 holiday hours per month, and also establish a policy which mandates that these employees must take off two-thirds of their holiday time within 30 days after it has been earned, or lose it. The remaining one-third time (32 hours) would be compensated by the department based upon a rotating schedule. Compensation is suggested based upon the fact that they are currently receiving straight time compensation for unused holidays hours, and totally removing earning potential will create staying difficulties. The compensation schedule would appear as below.

A shift - January, April, July and October
B shift - February, May, August and November
C shift - March, June, September and December

Hourly Plan
Proposal B

Benefit pay: Hours are excluded from hours worked and paid at a rate determined by the county. (778.218)

Compensation: Can be reduced when an employee does not have sufficient amounts of accrued time. (541.118)

Estimated Cost:

Benefit pay:

Based upon an estimated 150% of averaged hourly salaries:

Vacation:	80 hours/year x 36 = 2880 x $18.21 =	$ 52,444.00
Sick :	64 hours/year x 36 = 2304 x $18.21 =	$ 41,956.00
Holiday :	96 hours/year x 36 = 3456 x $18.21 =	$ 62,934.00
		$157,334.00

Current	Recommended
Hourly wage based upon 2920	Hourly wage based upon 2080
$10.09 (averaged)	$12.14
Benefit time: Based upon 56 hour work week	Based upon 40 hour work week
Holiday: 12 hours/	8 hours/
Sick: 12 hours/month	5.334/
Vacation:	
1 to 60 months employment 10 hr/mo	6.67

MONTHLY REPORT
JULY, 1991

The removal of vegetation from channels during July, 1991 was accomplished by herbicide applications and by shredding operations. Fifty-nine (59) channels that included Coon Creek II-B-3, Jones Creek II-E-5, several Keegans Bayou tributaries, and Snake Creek I-C received herbicide treatments. Shredding was done on thirty-four (34) channels that included Dry Creek II-B-2, Flewellen Ditch II-E-10, Red Gully II-K-9, and Seabourne Creek II-B-4.

The District's bridge crew worked on several small jobs, with the primary project being a 16' x 135' bridge across Lower Oyster Creek III.

Work continued on the excavation of the Big Creek Bypass where one hundred seven thousand, five hundred (107,500) cubic yards of spoil dirt were removed.

The LinkBelt LS-98A dragline and the Fiat Allis FD-20 bulldozer worked on the renovation of Turkey Creek II-A-2 upstream of Rycade School Road. Approximately three thousand, four hundred (3,400) cubic yards of dirt were removed.

The Northwest 9570 dragline dug approximately eight thousand, six hundred (8,600) cubic yards of dirt on Brazos River II-H upstream of U.S. Highway 59.

The excavation of Cow Creek II-A has been completed to the point where it veers from the Fort Bend/Brazoria County line. Work continued upstream from that point during July on Cow Creek II-A-5. The LinkBelt LS98C dragline dug three thousand, four hundred (3,400) cubic yards on the project.

The following charts show each project that received work during July, 1991 and which equipment was assigned.

Terms and Conditions

ACCEPTANCE Acceptance of this Agreement by Houston Equipment Co. hereafter referred to as H.E.C. is contingent upon (1) a satisfactory credit report on the customer and (2) with regard to the dollar amounts stated herein, the absence of any mathematical error or deviation from standard prices. Unless advised to the contrary within fifteen days, the customer may consider this Agreement to have been accepted by H.E.C. as written.

TERM This Agreement will be automatically renewed for successive one-year periods upon receipt of payment for Service Agreement charges in effect at the time of renewal. Either party may withdraw a unit from this Agreement or terminate this Agreement at any time by giving thirty days prior written notice to the other party.

CHARGES The customer agrees to pay all charges due hereunder. H.E.C. will render initial annual Service Agreement charge billing in advance upon receipt of a signed copy of this Agreement. Terms are net thirty days. Alterations, attachments or specification changes may require an increase in service charges.

Parts will be furnished on an exchange basis and will be new parts or parts guaranteed to perform as new when used in the equipment.

A zone charge shall be added to the Service Agreement charge for each unit of equipment located more than fifteen miles from our nearest point of service. Travel and labor time plus travel expenses will be charged at established hourly and milage rates for service rendered at the customer's request after normal business hours or on Saturdays, Sundays, and holidays.

If the site at which the machine is located is not normally accessible by private automobile and the service representative is unable to get to and from the customer location in one day by scheduled public transportation with adequate time in-between for equipment repair, normal zone charges will not apply. Travel charges will consist of actual travel expense plus travel and waiting time at the prevailing per call rate.

TAXES There shall be added to all charges (including any zone charges) amounts equal to any taxes, however designated, levied or based on such charges or on this Agreement or the services rendered or parts supplied pursuant hereto, including state and local privilege or excise taxes based on gross revenue, and any taxes or amounts in lieu thereof paid or payable by H.E.C. in respect of the foregoing exclusive, however, of taxes based on net income.

DEFAULT If the customer does not pay the amount due hereunder: (1) H.E.C. may (a) refuse to continue to service the equipment or (b) furnish service only on a "Per Call" basis; and (2) the customer agrees to pay costs and expenses of collection, including the maximum attorney's fee permitted by law, said fee not to exceed 25 percent of the amount due hereunder.

INSPECTION Inspection(s) will be made during normal business hours. If equipment is not made available for service at the location indicated on this Agreement at the time our representative calls to make an inspection, the inspection will be performed at the customer's request. There will be no refund if in any such case the customer fails to request an inspection.

At the customer's request, H.E.C. will make an "additional" inspection of any unit of equipment at H.E.C.'s then prevailing rate for an "additional" inspection.

WARRANTY: REMEDY H.E.C. warrants that: (1) it will provide Service Availability for equipment covered by this Agreement, and; (2) all parts furnished hereunder will be free of defects in material and workmanship at the time of installation. In the event of H.E.C.'s breach of any warranty, the customer's exclusive remedy shall be that, provided this Agreement is still in effect as to the unit involved, H.E.C. will: (1) make all necessary adjustments, repairs and replacements, subject to the terms and conditions of this Agreement; and (2) replace any parts which were installed hereunder and found to be defective as of the time of installation.

NO OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING THE WARRANTY OF MERCHANTABILITY, SHALL APPLY TO SERVICE OR PARTS.

RECONDITIONING When in H.E.C.'s opinion a shop reconditioning is necessary because normal repair and parts replacement cannot keep a unit of equipment in satisfactory operating condition, H.E.C. will submit a cost estimate of needed repairs which will be in addition to Service Agreement charges. If the customer does not authorize such work, H.E.C. may refuse to renew this Agreement for the unit.

GENERAL This Agreement does not cover; (1) service or parts required by causes other than normal use or necessitated by the installation of or malfunction of non-H.E.C. parts, attachments, or devices, and (2) resetting recorders to correct time due to power failures and or daylight savings time changes, and (3) expendable supply items, H.E.C. shall not be liable for incidental or consequential damages. H.E.C. shall not be responsible for failure to render service due to strikes, fire, flood, and causes beyond its control. This Agreement constitutes the entire contract between H.E.C. and the customer with respect to service of the equipment covered by this Agreement and no representation or statement not expressed herein shall be binding on H.E.C. The terms and conditions herein shall prevail notwithstanding any variance with the terms and conditions of any order submitted by the customer with respect to service.

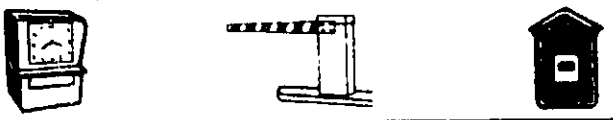

Automatic Service Agreement Provision:
Each unit of equipment purchased after this Automatic Service Agreement Provision is signed will automatically be placed under Service Agreement at the termination of its Warranty Period for the balance of the then current contract year of the Service Agreement under which the customer chooses to place the unit on maintenance. However, any such unit may be excluded from the Service Agreement by written notice to H.E.C. thirty days prior to the expiration of its Warranty Period.

The Initial Annual Service Agreement charge for each unit will be the lower of (1) the Charge in effect on the effective date of the Service Agreement under which it is placed on service or, (2) if that Service Agreement has been renewed, the charge in effect on the date it was last renewed, prorated for the balance of the then current contract year.

ALL TERMS AND CONDITIONS LISTED ABOVE FOR H.E.C. STANDARD SERVICE AGREEMENT APPLY TO THIS AGREEMENT EXCEPT THAT NO INSPECTION IS PROVIDED AND ALL PARTS ARE FURNISHED.

RE: Waiver of Penalty and Interest - Chung-Yee & Ellen Huang
Account 0175-00-000-0900-907
Precinct #3

Mr. and Mrs. Huang is requesting waiver of penalty, interest and attorney fees on the above referenced account for 1990.

The address carried on the tax roll since 1980 is Box 6685, c/o Aramco, Dhahran, Saudi Arabia. This address matches the address on the Huang's check and letter.

Breakdown of Taxes Paid:

Base	$606.81
Penalty and Interest	109.23
Attorney Fees	107.40
Total Paid	$823.44

I do not recommend waiver as there is no evidence of error on the part of tax office or the Central Appraisal District.

Dear Mr. Cordes:

We are writing to request an appeal to waive the penalty and interest on our property of 0175 Benj George, Acres 7.224, pt lot 8 due to the reasons stated below:

We received the postcard today (see the attached copy) dated May 31, 1991 and June 3, 1991. According to our long-distance telephone conversation with Ms. Judy Harms at the Fort Bend County Office, the original tax bill was mailed out in December, 1990. It just so happened during the imminent war time in the Middle East. The mail has never reached us. Besides, the computer printout address appeared on the postcard seems very confusing and unclear as it should be Dhahran 31311, Saudi Arabia. We feel that the bill was not being ignored but simply not being delivered due to the circumstances that was out of anyone's control. Please consider the situation and review our case with thoughtfulness. Your prompt response to this matter is indeed appreciated.

Thank you for your attention and support.

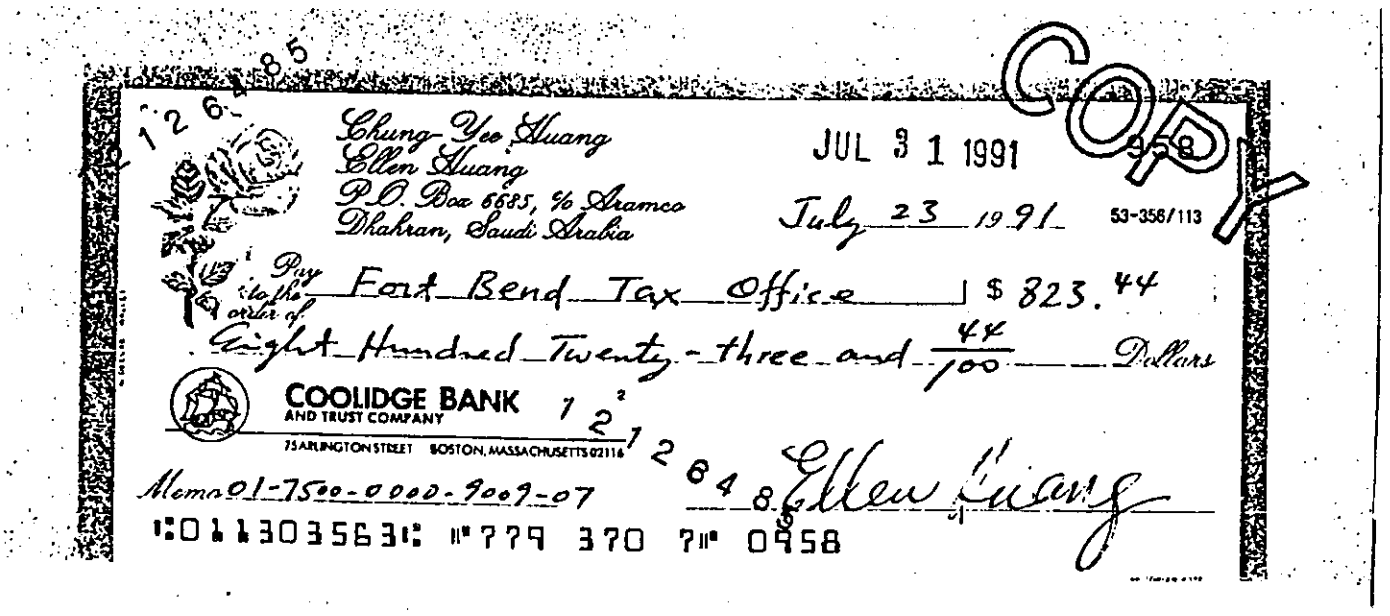

Sincerely yours,

Chung-yee Huang Ellen Huang

CONSULTING ENGINEERS AND PLANNERS

Re: Stafford Run Flood Control Improvements
Acquisition of Cangelosi, McKenzie & Strube Tracts

Dear Mr. Russell:

The Stafford Run Flood Control project includes approximately 115 acres of detention facilities. Within the 115 acres, are a number of existing said pits. The Goldberg family, John Cangelosi, George McKenzie, W. P. Strube, and Missouri City, all own tracts that contain sand pits:

9.320 acres, Henry Goldberg et ux (tract 38)

25.405 acres, Goldberg Sand, Inc., (tract 49)

5.000 acres, Jacob Goldberg (tract 50)

12.144 acres, Missouri City (tract 28-B)

9.190 acres, John Cangelosi (tract 51)

7.813 acres, George McKenzie (tract 46)

2.337 acres, W. P. Strube (tract 46-A)

The consultants for the Corporation recommend that prior to making an offer for the above properties, we should perform an analysis to assist the appraiser in determining any remaining mining potential on all seven (7) tracts. In addition, a feasibility determination on reclaiming the Cangelosi tract for future development will be performed.

It has been requested by the corporation that soil borings be performed on all tracts except the Goldberg tracts. Since the Goldberg tracts are virtually surrounded by the other four (4) tracts, the soils data gathered from these four (4) tracts will be used to make a determination on the Goldberg tracts.

A. <u>SOILS INVESTIGATION (McBRIDE-RATCLIFF)</u>

Our proposed scope of study consists of a minimum of three phases: field exploration, laboratory testing, and engineering analyses of the field and laboratory data. The proposed work scope for each of these phases is outlined in the following paragraphs.

Field Exploration

We propose to drill borings on all applicable sites to a depth of 45 feet below existing natural ground, in order to evaluate soil stratifications and freshwater conditions in the depth which complies with the current Missouri City Ordinance on said pits. We also propose to continue all borings to a depth of 90 feet below existing natural ground to make similar evaluations between 45 and 90 feet of depth below existing natural ground.

The borings will be continually sampled to a depth of 10 feet and at five foot intervals thereafter. The samples recovered in the initial 45 foot of depth will be split to permit geotechnical testing and head space measurements. The remaining samples will be tested for geotechnical parameters only.

The borings in the western section of the McKenzie tract will be continually sampled because of the known presence of fill materials. Analytical testing will be performed to evaluate the potential for environmental risks resulting from the fill materials.

Because of the variable terrain at the sites, we propose to use buggy-mounted equipment to complete the soil borings. The drill rig will be decontaminated between bore holes at each location to reduce possible cross contamination. The samples recovered from the exploration will be split with one sample used for geotechnical testing, and the other used for environmental screening. Ground surface evaluations will be provided by Lichliter/Jameson & Associates, Inc., before drilling proceeds.

The number of borings proposed for each tract are as follows:

Cangelosi tract - 9 borings
McKenzie tract - 8 borings
Strube tract - 2 borings
Missouri City tract - 6 borings

Laboratory Testing

We will perform laboratory testing on selected representative samples to evaluate the physical and engineering properties of the recovered soils. Index testing will typically consist of Atterberg limits, natural moisture content, percent passing the No. 200 sieve, and grain size analyses.

Each of the recovered samples from both tracts will be initially screened in our laboratory by measuring organic vapor concentrations with a portable photoionization detector. On the basis of the headspace measurements and the conditions encountered during the field exploration, we will select samples for additional analytical testing. For the purposes of this proposal, we have assumed that total petroleum hydrocarbons, BTEX, and PCB testing will be performed. The analytical program for each tract will be developed after more information becomes available about the type of fill located in the western section of the McKenzie/Strube tract.

Engineering Analyses

We will prepare a report addressing the soil conditions encountered at the site. Our report will include:

- Description of the soil stratifications encountered in the project borings with constructed soil profiles showing our interpreted soil stratifications across the existing pits and across areas where future mining may be undertaken
- Description of the observed free-water conditions at the boring locations
- Evaluation of the suitability of the encountered soils for use as fill or other engineering purposes
- Descriptions of the environmental characteristics of the recovered samples based on the analytical test results

B. MAPPING OF EXISTING PONDS (L/JA)

We propose to perform the necessary surveying tasks to determine the profile of the bottoms of the existing ponds within the sites. The surveying activities include:

1. Control
2. Soundings
3. Tie in bore holes (except Goldberg tracts)
4. Office work by survey technician

C. DETERMINE THE QUANTITY OF REMAINING SAND (L/JA)

Utilizing previously obtained topography and the additional information obtained in A and B and the available computer software (digital terrain model) determine the amount of minable material remaining on site.

D. PREPARE A REPORT FOR APPRAISERS (L/JA - MRA)

Prepare a report indicating an analysis of the sites, the resulting quantities of materials to be mined, and the feasibility of reclamation on the Cangelosi tract. The report will be submitted to the project appraiser for their evaluation and use in determining the value of the sand operation.

Subject: Extended Sick Leave of Employee of Constable Precinct # 2

Deputy Constable Frank Twardowski of Precinct # 2 recently underwent back surgery. Mr. Twardowski qualifies for four days extended sick leave under the County policy. He has never abused his sick time and in his twenty months with the County had accumulated 94.34 hours of sick time. It is my recommendation that extended sick leave be granted to Deputy Constable Twardowski.

RE: AGENDA FOR SEPTEMBER 9, 1991

Please place the following on the September 9 agenda:
SET 1992 FEE SCHEDULE AS MANDATED BY SECTION 118.131, LOCAL GOVERNMENT CODE.

Pursuant to the provisions of Section 118.131 of the LOCAL Government CODE, Commissioners Court of each county shall set the fees to be charged by county offices for service by the offices of Sheriff and Constables. This must be done before October 1 of each year to be effective January 1 of the following year.

Texas Association of Counties (see letter) has requested this information by September 15 to include Fort Bend County in their annual fee schedule book.

Based on my conversation with the Sheriff and several Constables, I am recommending increases as follows (see attached fee schedule): Also, attached is a copy of the schedule as approved in 1989 and 1990. We have not had a change since 1989.

Upon passage, I will forward a copy to TAC for publication to all counties, State Bar and other agencies.

RE: COMMITMENT COSTS

The fees for a commitment case would be:

Clerk	$ 40.00
Judge	2.00
Sheriff	40.00*
Constable	40.00**
Law Library	20.00
Court Reporter	15.00
JTP	3.00
ADR	10.00
APPELLANT	5.00
	$175.00

* The Sheriff is only paid if he transports the patient. The Sheriff's office transports most patients at least once.

** The Constable is only paid if he serves the notice. Most of the patients are in Fort Bend County hospitals, and our Constables serve the notices. If the patient is out of county, the constable or sheriff that served the notice was mailed the service fee. This was a problem. The out of county offices either were not setup to handle payments on commitments, or their fee was not the same as ours.

MOST CASES HAVE BOTH SHERIFF AND CONSTABLE FEES.

I called Harris County. Their fees for commitments are as follows:

Clerk	$ 40.00
Judge	2.00
Constable	45.00
CJE(JTP)	3.00
Law Library	15.00
ADR	10.00
CRS(COURT REP.)	15.00
Appellant	5.00

FROM: SAM D. SEALE, EXECUTIVE DIRECTOR

DATE: AUGUST 19, 1991

RE: REQUEST FOR FEE SCHEDULES REQUIRED BY SECTION 118.113, LOCAL GOVERNMENT CODE

As you know, Section 118.113, Local Government Code, mandates that your county commissioners court must not set fees pursuant to this Article more than once per year. Additionally, the court must set these fees before October 1 of each year to become effective January 1 of the following year.

In addition, your county must provide written notice of these fees, if they are to be changed from the current years fees, no later than October 15 of each year to: 1) the commissioners court of each Texas county; 2) the State Bar of Texas, and 3) any statewide association of counties, or officers of the counties, that may request notice of such fees, in writing, before September 30, 1991. This letter constitutes the request of the Texas Association of Counties be informed of the fees set by your county's commissioners court.

As in past years, TAC will compile the fee schedules from each county responding to this request and provide, without charge, a copy to all Texas county commissioners court, in care of the county clerk's office, as well as the State Bar Association. Additional copies of the report may be purchased for $10.00.

So that we may have a concise publication, please complete the enclosed form, even if your county's fees have not changed, and return it to us as soon as possible. We would like to have your completed form by September 15.

If you have any questions, please feel free to contact Mary Yanes or Ken King with the TAC staff. Thank you for your assistance.

Re: Agenda Item

Pursuant to the provisions of Section 118.131 of the Local Government Code, the commissioners court of each county shall set the fees to be charged by county offices for service by the offices of the sheriff and constables. This must be done before October 1 of each year to be effective January 1 of the following year.

I am recommending no changes in these fees for 1991.

Upon passage of the fee schedule, I will forward it to Texas Association of Counties for publication to all counties, State Bar and other agencies.

Please place this matter on the next available agenda.

State: $0 Federal: $32,927 Amount Requested: $32,927

DESCRIPTION:
The primary purpose of this type of grant is to enable local juvenile boards, probation departments, and counties to comply with the federal Juvenile Justice and Delinquency Prevention Act. Major requirements of the act are (1) removal of accused status offenders from secure detention facilities within 24 hours; (2) removal of juveniles from adult jails and lockups within six hours; and (3) increased diversion of minorities to facilities and services, in appropriate cases, if the grantee has received documentation that juvenile minorities within the grantee's jurisdiction are detained or confined in secure facilities in greater proportion than the proportion of juvenile minorities in the grantee's general population. After these goals are met, supervision and services may also be purchased in the private sector for other juveniles coming to the attention of the court. Grant funds may be used to purchase services such as emergency shelter, emergency transportation of runaways, foster family home placement, individual and family counseling, psychological testing, placement in residential treatment facilities, and purchase of secure detention in neighboring counties in order to remove juveniles from adult jails and lockups. For example, this grant will be used to purchase the following services for juveniles in Fort Bend County: short-term family counseling for 55 families of juveniles coming before the court, parenting education for 20 families, 73 days of emergency shelter, 267 days of residential placement, and other psychological and medical services for juveniles coming to the attention of the court.

The program includes strategies for saying "no" to drugs and resisting peer pressure to use drugs, for improving self-esteem and self-assertiveness, and for managing stress without taking drugs. The curriculum also teaches a decision-making process, after which students are presented factual information about drug and alcohol use, followed by exercises using skills they have learned. The D.A.R.E. program is being conducted in the Fort Bend, Lamar Consolidated, and Needville school districts. The 17 week D.A.R.E. core curriculum will be provided to 1,350 elementary students and the ten week middle school curriculum will be provided to 350 students. Re: Contract for Engineering Services

Dear John:

On August 7, 1991, Mr. Mike Petre, Mr. Stanley Kucherka and yourself reported to the County Landfill Committee composed of Commissioner O'Shieles, Commissioner Prestage, County Engineer Ron Drachenberg and Assistant Engineer Karl Baker that you are at or near the 67% completion in the above mentioned contract. The map of Fort Bend County with overlays of flood plain, soil types, cities with their population and pipe lines presented at the meeting by Mr. Mike Petre showed limited areas left in the county for a landfill. The cost of buying property, permitting and operating a landfill in these and future times is expensive and somewhat unknown, not including the liability during the operation and post closure. The Committee recommends (based on your reports to date) that the county should not pursue any new landfills beyond the ones now in existence on Klauke Rd. and finds any continuance of this study and report unnecessary.

Based on the oral report, Commissioners Court desires the Contract for Engineering Services be terminated. In closing out this project, the County requests that data, maps or other information, gathered or developed during this contract, be copied and provided to Fort Bend County.

If you should have any questions or require additional information, please call me at 341-8606.

Sincerely,

Roy L. Cordes, Jr.

Re: Traffic Study - Sweetwater and Alcorn Oaks Dr.

Dear Sir:

I am submitting this study disregarding the fact that the FBISD has canceled their request. You can file it for your records.

Please find attached Drawing 9119 on which I have shown the 24 hour vehicle counts, local stop signs, crosswalks, and sidewalks (schematic only, not to scale). As noted, the counts on Sweetwater are about 5 times greater than on Alcorn Oaks, thus not warranting additional stop signs at this intersection. The sidewalks that have been added in Alcorn Bayou and ending at Elkins and Sweetwater eliminate the need for a school crossing and stop signs at Alcorn Oaks Drive.

If you should have any questions, please call.

Sincerely,

Karl E Baker

Mr. Bob Lutts
County Commissioner Precinct 4
P.O. Box 168
Fulshear, Texas 77441

Dear Commissioner Lutts:

In a letter dated August 5, 1991, we requested the installation of stop signs to be placed at the intersection of Sweetwater Boulevard and Alcorn Oaks Drive.

Since making this request we have learned that sidewalks will be installed by the first day of school that will enable our students to walk from Alcorn Oaks Drive to Elkins Boulevard. Once on Elkins Boulevard they will cross Sweetwater where a crossing guard and crosswalks will already be in place.

Mike Cox with Sugar Land Properties has agreed to send correspondence to all residences in question to make them aware of the sidewalk and encourage the parents to have their children follow this route to school.

As a result of the new sidewalk from Alcorn Oaks Drive to Elkins Boulevard we no longer plan to cross students at Alcorn Oaks Drive and Sweetwater Boulevard, and wish to withdraw our request for stop signs at this intersection.

Respectfully,

Glenn McManus

This is particularly critical when promotions to newly classified jobs are required.

We are requesting Commissioner's Court review of the attached job noting the associated grade level 15, and are requesting formal approval so that we may comply with the Auditor's requirements.

Should you have questions or concerns related to this job or the associated classification, please contact us with these. Thank you for your review of this job description.

Sam D. Seale
Executive Director TAC

Austin, Texas 78701

Dear Sam:

Let me introduce myself, I am the new Administrative Assistant to the Taylor County Commissioners' Court. I have been employed by the Taylor County Tax Assessor since 1983, so I am familiar with county government and TAC.

Recently I attended the Post-Legislative Conference. My main reason for attending was the Risk Management Workshop. The trip to Austin was productive and the seminar was not disappointing. The purpose of my letter is actually three-fold.

I attended the basic and advanced insurance concepts seminars on Wednesday. Those seminars hit the nail on the head as far as what I needed. I want to commend Max Wilson. His delivery and personality were excellent. The information gained through him in that one hour probably tripled the knowledge that thirty years of living had taught me. The loss that TAC will experience from the absence of Kathlene Miller was evident also.

The Risk Management brochure that was available at your information booth offered several "primary services", one of which was education. I would appreciate any information you could send which would increase my knowledge. Max told me he would get me on your mailing list so this request may be duplicating the effort. Also, please continue these seminars on Risk Management.

Finally, I would like to say that there are more than a few administrative Assistants to Commissioners' Courts now. I would think maybe some kind of seminars or round table discussions would be of the kind of service which you and TAC are known for. This would help Administrative Assistants further their capabilities and keep TAC on the cutting edge.

Sincerely,

Larry G. Bevill
Administrative Assistant

As its share of the above costs, the City will pay the County a sum of money equal to the total of the following:

B. In the event there is a rental charge for the fourteen voting places, the City shall pay one-half of the rent;

C. $.18 shall be charged per ballot used. It is contemplated that the City will use 4870 ballots at a cost of EIGHT HUNDRED SEVENTY-SIX AND 60/DOLLARS ($876.60) and cost of shipping from printer to Fort Bend County. Provided, however, in the event the actual cost per ballot is not $.18, the actual cost per ballot multiplied by the number supplied to the City shall be charged;

hereto shall have any responsibility or duty in connection with the submission relating to the election to be held at the expense of any other party hereto. Furthermore, no party hereto shall have any authority or control over the presiding judges and/or clerks in connection with, or in any manner relating to, things and acts done, or to be done, by the presiding judges and/or clerks as the presiding judges and/or clerks of any election held at the expense of any other party hereto.

TO: COMMISSIONERS COURT
FROM: DIANNE WILSON, COUNTY CLERK
DATE: SEPTEMBER 12, 1991
RE: September 16 AGENDA

AGENDA ITEM: "DISCUSS AND SET POLLING PLACES, TIME, NUMBER OF CLERKS AND PAY RATE FOR NOVEMBER 5 GENERAL ELECTION; AND POSSIBLE DECEMBER RUNOFF":

Pursuant to HB1234, effective September 1, 1991, a county over the population of 200,000 is required to have one early voting polling place in each commissioner's precinct, other than the main early voting polling location. Therefore, I recommend the following for consideration:

PCT #1	Wm. B. TRAVIS BLDG., 309 S. 4th, 6th FLOOR, RICHMOND
PCT #1	LOCATION TO BE DETERMINED
PCT #2	7131 WEST FUQUA, MISSOURI CITY
PCT #3	MISSOURI CITY COMMUNITY CENTER
PCT #4	LOCATION TO BE DETERMINED

DATES: OCTOBER 16-NOVEMBER 1

TIME:	OCTOBER 16-25	8AM to 5PM
	October 26	7AM to 7PM
	OCTOBER 27	12 PM TO 5PM
	OCTOBER 28-NOVMBER 1	7AM to 7PM

NUMBER OF STAFF: JUDGE, ALTERNATE & ONE CLERK AT EACH LOCATION

RATE OF PAY: $5.00 per hour

The cost of early voting must be at county expense. If the county agrees to a joint election contract with the City of Houston for the November 5 election, there is a good chance of a run-off in December. All cost for the run-off, including early voting, must be paid by City of Houston.

A possible December run-off election for City of Houston would require an early voting polling place at the West Fuqua location, staffed by 3. The Richmond (main) location can be administered by in-house staff at no additional cost.

EXTENDED SICK LEAVE FOR CYNTHIA DeLUNA

AGENDA ITEM:"CONSIDER GRANTING EXTENDED SICK LEAVE FOR COUNTY CLERK EMPLOYEE"

Due to the sudden and tragic death today of Cynthia DeLuna's 18 year old daughter, Rhonda. I am requesting an extended sick leave not to exceed 16 work days beginning Tuesday, September 17,for Ms. DeLuna.

She has been a valuable employee since November, 1984, and will need time to grieve. Personal finances does not allow Ms. DeLuna the luxury to be absent without pay during this painful time.

Rhonda has been a temporary employee with this office over the past three years, most recently this summer. She will be missed by the entire staff of this office.

Honorable Roy Cordes, Jr., County Judge
Commissioner R.L. O'Shieles, Precinct 1
Commissioner Grady Prestage, Precinct 2
Commissioner Alton Pressley, Precinct 3
Commissioner Bob Lutts, Precinct 4

Gentlemen:

As you are aware, Fort Bend County has a written Employee Information Manual, first revised January 11, 1982 and has since under gone 10 revisions; the most recent Policy and Procedure Manual was adopted by the commissioners court on June 26, 1989.

The county records of the administration of the policy for granting extended sick leave clearly shows that the commissioners have allowed and approved extended sick leave pay retroactive to Commissioners Court action. The treatment of my case should be no different. Failure to grant me this same benefit prior to changing the established practice as indicated by the records and prior to the county attorney's opinion would not be administration of justice by the Commissioners Court and would be unjust, most unfair and discriminatory to me and my family.

The County Attorney's opinion can not change the record of administration of past practice but should be only effective on the date of the opinion for future cases after action by the commissioners Court revises the policy.

Therefore, I request the extended sick leave pay. If sick leave pay is not granted, I request to go before the Commissioners Court in the grievance procedure prior to the courts final decision concerning the request on my behalf.

Sincerely,
Shirley Davis

DAN MORALES
ATTORNEY GENERAL

Child Support Enforcement Division
P. O. Box 12017
Austin, TX 78711-2017

August 28, 1991

THE HONORABLE ROY CORDES
COUNTY JUDGE
FORT BEND COUNTY
P.O. BOX 368
RICHMOND, TX 77469

Dear JUDGE CORDES:

House Bill No. 202, (H.B. 202) enacted during the Regular Session of the 72nd Texas Legislature, permits the Office of the Attorney General to pay certain fees charged by district clerks, sheriffs and constables in child support cases filed. This crucial piece of legislation was the result of a joint effort by the County and District Clerks Association of Texas and the Office of the Attorney General to secure funding for counties performing work in Title IV-D child support cases. The Texas Legislature responded by assuring funding for essential services provided by district clerks, sheriffs, and constables in these cases. Our office has now completed arrangements for the implementation of H.B. 202 and the much needed funding for counties.

Under the terms of H.B. 202, which adds Section 76.009 to the Human Resources Code, effective September 1, 1991, the Attorney General will pay the following:

1. $45 filing fee for a suit affecting the parent child relationship (SAPCR), paternity action or case under Chapter 21 of the Family Code ;
2. $15 filing fee for a Motion to Enforce, a Motion to Modify or a Notice of Delinquency;
3. $8 fee for a citation, a notice or a capias;
4. $4 fee for a subpoena;
5. $5 fee for a writ or an employer's order;
6. $35 fee for service of process (per person/per case).

Federal regulations require that a Cooperative Agreement be executed between the county and the Office of the Attorney General in order that the Attorney General be permitted under federal laws and regulation to pay these fees. Counties which have executed a Cooperative Agreement may bill the Attorney General monthly for services performed in Title IV-D child support cases on the forms provided by the Attorney General, or in cases of larger counties which have automated systems, on forms approved by the Attorney General.

53 1720

The Attorney General is required to pay fees set forth in the bill in an amount not to exceed that reimbursed by the federal government unless the Legislature makes an appropriation to the Attorney General for the "state share" of those costs. In the absence of a state share appropriation, counties receive only the federal funding received, which at this time is 66 percent.

Alternatively, in larger counties having at least two employees exclusively performing Title IV-D work in filing and serving process in Title IV-D cases, the Legislature authorizes the Attorney General to enter into a contractual agreement with the county. In this case, the Attorney General will pay the employees' salaries in lieu of court costs and fees. If your county is interested in this alternative, please contact Assistant Attorney General, Jo Alene Kirkel, (512) 463-2181, ext. 5740. Even if you plan to pursue this alternative arrangement, I would urge you to please execute the enclosed Cooperative Agreements so that your county may be paid court costs prior to executing a contract for reimbursement of staff costs.

Except as noted above, H.B. 202 states that a district or county clerk, sheriff, constable, or other government officer or employee may not charge the Attorney General, or a private attorney or political subdivision that has entered into a contract with the Attorney General, any fees or other amounts otherwise imposed by law for services rendered in, or in connection with, a Title IV-D case.

We are awaiting input from our federal regional office on our contract forms and other documents. While there may be some changes, we anticipate that any changes would most likely affect internal procedures at the state level rather than the arrangements between the state and your county. Federal regulations require that the method of calculating eligible expenditures must account for specific costs incurred on behalf of cases receiving services under the federal Social Security Act of 1935, as amended. Our form and voucher were formulated to clearly identify per case fees to satisfy the above federal requirements. Determination that the amounts are reasonable and necessary and are reasonably assignable to services should be fully documented in county records.

This letter is being sent to all County Judges, District Clerks, Sheriffs, and in larger counties, the Constables. Cooperative Agreements and the Certification Regarding Lobbying are being sent to the County Judges only. Throughout August and September, Office of the Attorney General staff will be attending various District Clerks' area conferences and meetings to provide assistance with the procedures involved in the implementation of H.B. 202. Please feel free to call Celeste Johnson at (512) 326-7915 if your District Clerk's office has not yet been contacted or if additional assistance is required.

It is essential that the Cooperative Agreements which are enclosed be executed without change before any payment can be made. This agreement was specifically designed to satisfy federal requirements enabling the payment of costs through federal financial participation. Additionally, federal law mandates that states, and parties with whom states

53 1721

have Cooperative Agreements, must file a Certification Regarding Lobbying, by September 30, 1991, when federal funding in excess of $100,000 is received. The Federal Register outlining this requirement and the Certification Regarding Lobbying are enclosed.

Please execute three originals of the Cooperative Agreement and the Certification Regarding Lobbying and return them to us as soon as possible. We expect that execution of the Cooperative Agreement will be required at the federal level as a condition of federal funding, so please forward these originals as soon as you sign them. To expedite return of the Cooperative Agreements and Certification Regarding Lobbying, a mailing envelope is enclosed for your convenience. Upon execution, you will be sent an original, fully executed Cooperative Agreement and a verification letter for your files indicating that the Attorney General has been authorized to pay.

If you have any questions regarding the forms or the agreement, please call Assistant Attorney General Jo Alene Kirkel, at (512) 463-2181, extension 5740. We are eager for these Cooperative Agreements to be in effect so that our constituents can enjoy improved services and your county can be compensated for the essential role it plays in the establishment and enforcement of child support obligations. It is anticipated that in the fiscal year 1992, counties will receive an estimated $4,637,170 in federal funds. We look forward to continuing our mutual efforts to secure support for the children of Texas.

Sincerely,

Cecelia Burke

BETWEEN
THE OFFICE OF THE ATTORNEY GENERAL
STATE OF TEXAS
AND
FORT BEND COUNTY, TEXAS

53 1722

STATE OF TEXAS)
)
COUNTY OF FORT BEND)

SECTION 1. PARTIES

This agreement is made and entered into by and between the Office of the Attorney General of the State of Texas, hereinafter referred to as "Attorney General", and the County of FORT BEND, Texas, hereinafter referred to as "County". The parties hereto have severally and collectively agreed and by the execution hereof are bound to the mutual obligations and to performance and accomplishment of the tasks hereinafter described.

SECTION 2. AGREEMENT PERIOD

This agreement shall commence September 1, 1991, and shall terminate August 31, 1993, unless terminated at an earlier date pursuant to the provisions of Section 10 of this agreement.

SECTION 3. AUTHORITY AND REPRESENTATIONS

Attorney General, as the state agency designated by Chapter 76 of the Texas Human Resources Code to administer a statewide plan for child support enforcement in compliance with Title IV, Part D, of the federal Social Security Act of 1935, as amended, hereinafter referred to as "Title IV-D", and the regulations promulgated thereunder, seeks to obtain the performances contemplated of County by this agreement as a means of meeting certain requirements of federal and state law pertaining to the administration of such child support enforcement program. County may be required by state law to provide services and performances in a suit affecting the parent-child relationship under Title IV-D, TEX. FAM. CODE ANN. Title 2 (Vernon 1990) including a suit to establish paternity, a suit to establish a child support obligation, a motion to enforce or modify a decree, or a notice of child support delinquency, or in a suit under TEX. FAM. CODE ANN. Ch. 21 (Vernon 1990), and may be partially reimbursed for such services as provided in House Bill 202, Regular Session, 72nd Legislature, hereinafter referred to as "H.B. 202".

SECTION 4. PERFORMANCE STANDARDS

The performances called for in this agreement shall be rendered strictly in accordance with the applicable provisions of Title IV-D and the rules and regulations of the United States Department of Health and Human Services, hereinafter referred to as "DHHS". Such provisions include, but are not limited to, Part 300 of Title 45 of the Code of Federal Regulations and other applicable federal regulations relating to the child support program. In accordance with 45 CFR 303.107, standards of performance must meet federal requirements, and are those specified by this agreement and in H.B. 202, which enumerate the performances County is to provide in return for the payment of fees by Attorney General to the extent specified by H.B. 202 and federal law. Financial arrangements include budget estimates, which have been made on a statewide basis for agreements of this type by the Attorney General; covered expenditures, which are specified by H.B. 202; and methods of determining charges and procedures for billing, which are specified by Subsection C of Section 6 and other provisions of this agreement together with the forms and instructions provided hereunder. The beginning and ending dates of this agreement, conditions for revision or renewal and termination provisions are set forth herein. Payments for services purchased by the Attorney General from County under this agreement must be in accordance with rates of payment which do not exceed the amounts reasonable and necessary to assure the quality of such services and the charges reasonably assignable to such services. The charges or amounts set forth in H.B. 202 represent less than, or no more than, the actual costs expended by the County in performing services for which the Attorney General is liable under this agreement. In no event shall County charges exceed actual costs of performances required pursuant to H.B. 202 and this agreement.

SECTION 5. COUNTY PERFORMANCE

A. GENERAL

53 1723

County shall carry out certain duties provided by state law regarding the filing, service of process and the issuance of subpoenas, writs and orders in actions filed in conducting a statewide program of child support enforcement pursuant to Title IV-D. County shall provide Attorney General all the performances for which fees are listed in TEX. GOV'T. CODE ANN., Section 51 (Vernon 1990).

B. ENUMERATED FUNCTIONS

County shall provide such performances as may be necessary and appropriate to fulfill its obligations pursuant to Subsection A of this Section 5 including, but not limited to, the following enumerated functions:

1. filing and processing actions in suits affecting the parent-child relationship (SAPCR) under Title 2, Texas Family Code, including a suit to establish paternity, a motion to enforce or modify a decree or a notice of child support delinquency, and a suit under Chapter 21, Texas Family Code; and

2. the issuance of service of process; and

3. the issuance of writs, orders and subpoenas as specified in H.B. 202; and

4. filing and processing transfer cases under Section 11.06(1) of the Texas Family Code; and

5. the issuance of orders and writs of income withholding as provided by Sections 14.43 and 14.45 of the Texas Family Code.

SECTION 6. ATTORNEY GENERAL OBLIGATIONS (FINANCIAL)

A. MEASURE OF LIABILITY

In consideration of full, satisfactory and timely performance hereunder, Attorney General shall be liable to County as specified by this Subsection, subject to the limitations set forth in Subsection C of this Section 6, and further subject to the reduction of liability for credits pursuant to Subsection B of this Section 6.

1. Attorney General shall be liable to County in an amount equal to the applicable reimbursement rate (which is sixty-six percent at the signing of this agreement) multiplied by the total permissible amount of charges as specified by Section 5 of H.B. 202 for services or performances provided by County, such charges representing no more than the actual costs incurred by County in performing Title IV-D services payable under H.B. 202.

2. Attorney General shall be liable to County in an amount equal to the state share of the charges by which the applicable reimbursement rate is multiplied pursuant to Paragraph 1 of this Subsection. (It is noted that this Paragraph 2 will not operate to create additional liability on the part of the Attorney General until appropriations in addition to those in effect on the beginning date of this agreement have been made.)

3. The term, "applicable reimbursement rate", shall mean that fractional proportion of allowable child support enforcement program charges for which the federal Office of Child Support Enforcement may and will make payment as federal financial participation (FFP) under federal law and regulations regarding the administration of the child support enforcement program.

4. The term, "state share", means the difference between the total permissible charges by which the applicable reimbursement rate is multiplied pursuant to Paragraph 1 of this Subsection and the liability of Attorney General pursuant to Paragraph 1 of this Subsection.

B. CREDITS

1. If the County recovers direct payments from obligors specifically for services or performances rendered in a Title IV-D child support case and for which Attorney General is liable or has made payment hereunder, then County shall credit such amounts to Attorney General on the billing to the Attorney General for the month during which such recovery

is made. All such credits shall be described and documented as Attorney General may reasonably require. Except as further provided by this Paragraph, County shall either, at its option:

a) reduce the total permissible charges by which the applicable reimbursement rate is multiplied pursuant to Paragraph 1 of Subsection A of this Section 6 by the amount of such credits; or

b) refund to Attorney General that amount of such credits for which the Attorney General is liable pursuant to Subsection A of this Section 6 or has made payment pursuant to Subsection D of this Section 6.

In the event that the total of such credits exceeds the total permissible charges by which the applicable reimbursement rate is multiplied pursuant to Paragraph 1 of Subsection A of this Section 6, County shall refund to Attorney General that amount of such excess credits for which Attorney General has made, or is in the process of making, payment pursuant to Subsection D of this Section 6.

2. County is not required to credit sums pursuant to Paragraph 1 of this Subsection B recovered from obligors for charges or fees for which Attorney General is not liable hereunder.

C. LIMITATIONS ON LIABILITY

1. It is expressly understood and agreed by the parties hereto that any and all of Attorney General's obligations hereunder are contingent upon the existence of a State Plan for child support enforcement approved by the federal Office of Child Support Enforcement providing for the statewide program of child support enforcement and upon a valid state appropriation statute. In the event that such a State Plan should lapse or otherwise terminate, Attorney General shall notify County within ten (10) days of such fact in writing and Attorney General shall not be liable hereunder subsequent to County's receipt of such written notification, except that Attorney General shall be liable to County for any expenses incurred pursuant to this agreement for which Attorney General receives money from the federal Office of Child Support Enforcement.

2. Attorney General shall be liable pursuant to Subsection A of this Section 6 only for charges and fees becoming due after commencement of this agreement and before termination of this agreement.

3. Attorney General shall not be liable for any charges pursuant to Subsection A of this Section 6 incurred by County of a type not described by, or in excess of, the amounts specified by Section 5 of H.B. 202.

4. Attorney General shall not be required to pay any charges incurred for performances rendered unless such charges are incurred and such performances are rendered strictly in accordance with the terms of this agreement. County must certify that payments for performances do not exceed the reasonable and necessary expenditures assignable to such performances.

5. Attorney General shall not be liable for any County charges pursuant to Subsection A of this Section 6 billed by County which are submitted more than ninety (90) days following the end of the calendar month in which such charges became due.

6. The Attorney General is liable to County pursuant to Paragraph 1 of Subsection A of this Section 6 for any charge only to the extent that the FFP is received by the Attorney General, and if an amount is paid by the Attorney General and that amount is disallowed by the federal government or the FFP is not otherwise received, the District Clerk, Sheriff or Constable to whom the payment was made shall return the amount to the Attorney General not later than the 30th day after the date on which notice to do so is given by Attorney General to County.

7. Attorney General shall be liable to County hereunder only to the extent that an appropriation or appropriations have been made to Attorney General expressly, specifically and exclusively for the purpose of meeting Attorney General's obligations to counties pursuant to Section 5 of H.B. 202. (It is noted that on the beginning date of this agreement an appropriation is made by Section 9 of H.B. 202 from which Attorney General may pay liabilities arising pursuant to Paragraph 1 of Subsection A of this Section 6, but no appropriation has been made from which Attorney General may pay any amounts pursuant to Paragraph 2 of Subsection A of this Section 6.)

D. METHOD OF PAYMENT

1. Except as further provided by this Paragraph, for each calendar month during the period of performance of this agreement, County shall bill Attorney General for liabilities of Attorney General not previously billed by County and unpaid by Attorney General which have accrued pursuant to this Section. County shall bill Attorney General in the

manner and on the forms specified by Attorney General and shall provide such information and documentation as Attorney General may reasonably require. The billing otherwise required by this Paragraph shall not be required for those calendar months during which no liabilities or credits as provided by this Section 6 are applicable.

2. County shall keep records as provided by this Section 6 and Section 9 of this agreement in substantiation of such billings.

3. Attorney General agrees that billings received within fifteen (15) days after the end of the calendar month for which such billings are made shall be reviewed and either:

a) returned to County for correction or further information within fifteen (15) days of receipt of such billings; or

b) processed and submitted to Comptroller for payment in accordance with state procedures for issuing state payments.

4. County shall submit monthly vouchers with the accompanying processing forms attached to Attorney General. County shall furnish any other reports or information required by Attorney General or the federal government.

5. A District Clerk, Sheriff and/or Constable may submit monthly vouchers on behalf of County.

6. Notwithstanding any other provision of this agreement, it is expressly understood and agreed by the parties hereto that Attorney General may, at its sole option and in its sole discretion, offset any amounts owing to County hereunder against any amount owing but unpaid by County to Attorney General arising from this or any other obligation between Attorney General and County.

7. In the event that a state appropriation from which Attorney General may pay all amounts pursuant to Paragraph 2 of Subsection A of this Section 6 does not exist (which is the case upon the beginning date of this agreement), the state share shall be met by certified public expenditure by the County through the District Clerk, Sheriff or Constable to the extent the state share is not paid by Attorney General, and County shall certify such fact to Attorney General in such form as may be reasonably requested.

E. EXCESS PAYMENTS

County shall refund within thirty (30) days to Attorney General, any sum of money which has been paid to County which Attorney General determines has resulted in an overpayment to County. County shall be solely responsible and liable for settlement of all audit exceptions which may be taken by DHHS or by Attorney General. In the event that Attorney General makes a settlement with DHHS of audit exceptions for which County is liable or if County's expenses are not allowable under this agreement or federal regulations, County will pay to Attorney General the amounts so determined, provided that Attorney General shall give County timely notice of such exceptions. Attorney General may deduct amounts payable by County to Attorney General pursuant to this Paragraph from amounts payable by Attorney General pursuant to Subsection C of this Section 6.

SECTION 7. FUNDS SECURITY

County shall insure that every person, who, as a part of his or her employment, receives, disburses, handles, or has access to funds collected pursuant to this agreement is covered by a bond against loss resulting from employee dishonesty.

County further agrees to maintain methods of administration designed to assure that persons responsible for handling cash receipts and checks in payment for the fees for services for which Attorney General also may be charged pursuant to this agreement do not participate in accounting or operating functions which would permit them to conceal in the accounting records the misuse of those payments. Such methods of administration shall follow generally recognized accounting standards.

SECTION 8. COMPLIANCE WITH OTHER REQUIREMENTS

County and Attorney General expressly agree they shall comply with federal and state laws and will completely meet obligations imposed by rules, regulations and law in carrying out the program of child support enforcement pursuant to H.B. 202; TEX. FAM. CODE, Section 14.13 (Vernon 1990, as amended) and Title IV-D.

SECTION 9. EQUAL OPPORTUNITY

County agrees that no person shall on the ground of race, color, religion, sex, national origin, age, handicap, political affiliation or belief be excluded from participation in, be denied the benefits of, be subjected to discrimination under or be denied employment in the administration of, or in connection with, any program or activity funded in whole or in part with funds made available under this agreement.

SECTION 10. TERMINATION, CHANGES AND AMENDMENTS

A. DISCRETIONARY TERMINATION

Either of the parties to this agreement shall have the right, in such party's sole discretion and at its sole option, to terminate this agreement by notifying the other party hereto in writing of such termination at least five (5) calendar days prior to the effective date of such termination. Such notice of termination shall state the effective date of such termination.

B. REJECTION CHANGE

Upon notification by County to Attorney General of County's rejection of a change pursuant to this Section 10, this agreement shall terminate without further action by either party, such termination to be effective as of the date County sends its written rejection.

C. CHANGES IN LAW

Any alterations, additions or deletions to the terms of this agreement which are required by changes in state or federal law are automatically incorporated into this agreement without written amendment hereto, and shall be effective on the date designated by such state or federal law or other requirement, unless this agreement has been terminated prior to such date.

D. CHANGES BY ATTORNEY GENERAL

It is understood and agreed by the parties hereto that this agreement must at all times be in compliance with state and federal law, and regulations and procedures set forth by Attorney General, and that changes, interpretations and clarifications of such state and federal law and Attorney General's regulations and procedures and other requirements made by DHHS during the agreement period will have the effect of qualifying the terms of this agreement. Based on these considerations, and in order to ensure the legal and effective performance of this agreement by both parties, it is agreed by the parties hereto that this agreement may be amended in the manner provided herein. Attorney General shall have the right to propose to County amendments hereto that relate to such compliance and performance. Attorney General shall furnish County written notice of all amendments proposed pursuant to this Subsection D. Upon such notice by Attorney General to County, an amendment proposed pursuant to this Subsection D shall be deemed accepted and effective immediately upon receipt by County, unless County notifies Attorney General in writing within five (5) calendar days of such receipt of its rejection of the proposed amendment, in which case this agreement will terminate in accordance with the provisions of Subsection B of this Section 10 of this agreement. Upon County's acceptance of the proposed amendment, such amendment becomes binding upon County and Attorney General as if written in this agreement.

E. CONVENTIONAL AMENDMENT

Except as specifically provided otherwise by this Section 10, any alterations, additions or deletions to the terms of this agreement shall be by amendment hereto in writing and executed by both parties to this agreement.

SECTION 11. NOTICE

A. GENERAL

Any notice required or permitted to be given under this agreement by one party to the other party shall be in writing and shall be given and deemed to have been given immediately if delivered in person to the address set forth in this Section for the party to whom the notice is given, or on the date of certified receipt following mailing if placed in the United States mail, postage prepaid, by registered or certified mail with return receipt requested, addressed to the party at the address hereinafter specified.

indicated that the conferees "expect that all agencies shall expeditiously promulgate regulations to implement the requirements of this section, and that all such regulations shall be uniform and shall comply with the government-wide guidance issued by the Office of Management and Budget pursuant to paragraph (b)(7). Also, major agencies, as designated by OMB, shall issue a common rule complying with the guidance issued by OMB."

On December 18, 1989, OMB issued interim final governmentwide guidance. This guidance was published on December 20, 1989 (54 FR 52306–52332). In OMB's guidance, the following 29 major agencies were identified: Departments of Agriculture, Commerce, Defense, Education, Energy, Health and Human Services, Housing and Urban Development, Interior, Justice, Labor, State, Transporation, Treasury, Veterans Affairs; ACTION, Agencies for International Development, Environmental Protection Agency, Export-Import Bank of the United States, Federal Emergency Management Agency, General Services Administration, National Aeronautics and Space Administration, National Endowment for the Arts, National Endowment for the Humanities, National Science Foundation, Overseas Private Investment Corporation, Peace Corps, Small Business Administration, Tennessee Valley Authority and United States Information Agency.

A second interim final common rule, part of the Federal Acquisition Regulation (FAR), for most contracts was published on January 30, 1990 (55 FR 3190). The FAR rule, this common rule, and OMB's interim final guidance will share a public docket. The final versions of all three will be published simultaneously.

Submission of Appendix A, Certification for Contracts, Grants, Loans, and Cooperative Agreements or Statement for Loan Guarantees and Loan Insurance, does not bind the Federal Government to award a contract, grant, loan, or cooperative agreement, or to make a commitment for a loan guarantee or loan insurance.

B. Regulatory Process Matters

This rule is not a major rule under Executive Order 12291. The Act requires certifications and disclosures to be made by all types of entities, including State agencies. For this reason, the agencies have determined that the rule will not have sufficient Federalism implications to warrant the preparation of a Federalism Assessment under Executive Order 12012.

As a statutory matter, this rule applies to all entities, regardless of size.

The agencies find that publishing a notice of proposed rulemaking on this matter would be impracticable, unnecessary, and contrary to the public interest, since it would prevent compliance with the statutory deadline (60 days from the statute's date of enactment) for issuance of OMB's governmentwide guidance and the governmentwide effective date.

Consequently, this rule is published as an interim final rule. As an interim final rule, this regulation is fully in effect and binding. No further regulatory action by the agencies is essential to the legal effectiveness of the rule. In order to benefit from comments that interested parties and the public may make however, the agencies will keep the rulemaking docket open for 60 days. Comments are invited, on all portions of the rulemaking, through April 27, 1990. Following the close of the comment period, OMB and the agencies will respond to the comments and, if appropriate, amend provisions of OMB's governmentwide guidance and this rule.

C. Paperwork Reduction Act

This rule contains information collection requirements subject to the Paperwork Reduction Act. A Paperwork Reduction Act emergency approval was requested by OMB pursuant to 44 U.S.C. 3507(g) and 5 CFR 1320.18 and was granted under OMB control number 0348–0046. OMB estimates the reporting burden for this information collection to average 30 minutes per response. The time necessary for filing the first disclosure may differ from that for the subsequent disclosures. However, in the absence of experience with such reporting, OMB does not have sufficient data to determine the universe of total covered Federal actions or the volume of activity that will be affected by this rule. Therefore, an estimate of the total burden of this information collection requirement is not provided at this time. Public comment is requested to assist in accurately estimating the burden of this information collection, including: (1) Estimates of the amount of time required to comply with this reporting requirement, (2) estimates of the number of expected disclosure reports, and (3) the basis for these estimates.

(5) The extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

§ _____110 Certification and disclosure.

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:

(1) Award of a Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

(1) A Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000,

unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

(1) A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either Subpart B or C.

Subpart B—Activities by Own Employees

§ _____200 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in § _____100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.

(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and,

(2) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

(d) For purposes of paragraph (a) of this section, the following agencies and legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:

(1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,

(3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Public Law 95-507 and other subsequent amendments.

(e) Only those activities expressly authorized by this section are allowable under this section.

§ _____205 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in § _____100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of

AS PER ORIGINAL 53 1733

a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ _____.210 Reporting.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

Subpart C—Activities by Other Than Own Employees

§ _____.300 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in § _____.100 (a), does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) The reporting requirements in § _____.110 (a) and (b) regarding filing a disclosure form by each person, if required, shall not apply with respect to professional or technical services rendered directly in the preparation, submission, or negotiation of any commitment providing for the United States to insure or guarantee a loan.

(c) For purposes of paragraph (a) of this section, "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting or a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

Subpart D—Penalties and Enforcement

§ _____.400 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see Appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.

(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.

(e) First offenders under paragraphs (a) or (b) of this section shall be subject to a civil penalty of $10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between $10,000 and $100,000, as determined by the agency head or his or her designee.

(f) An imposition of a civil penalty under this section does not prevent the United States from seeking any other remedy that may apply to the same conduct that is the basis for the imposition of such civil penalty.

§ _____.405 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. sections 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these

AS EXHIBIT 53 1734

provisions are not inconsistent with the requirements herein.

§ ____.410 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

Subpart E—Exemptions

§ ____.500 Secretary of Defense.

(a) The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.

(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.

Subpart F—Agency Reports

§ ____.600 Semi-annual compilation.

(a) The head of each agency shall collect and compile the disclosure reports (see Appendix B) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or September 30, respectively, of that year.

(b) The report, including the compilation, shall be available for public inspection 30 days after receipt of the report by the Secretary and the Clerk.

(c) Information that involves intelligence matters shall be reported only to the Select Committee on Intelligence of the Senate, the Permanent Select Committee on Intelligence of the House of Representatives, and the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(d) Information that is classified under Executive Order 12356 or any successor order shall be reported only to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives or the Committees on Armed Services of the Senate and the House of Representatives (whichever such committees have jurisdiction of matters involving such information) and to the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(e) The first semi-annual compilation shall be submitted on May 31, 1990, and shall contain a compilation of the disclosure reports received from December 23, 1989 to March 31, 1990.

(f) Major agencies, designated by the Office of Management and Budget (OMB), are required to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives no later than with the compilations due on May 31, 1991. OMB shall provide detailed specifications in a memorandum to these agencies.

(g) Non-major agencies are requested to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives.

(h) Agencies shall keep the originals of all disclosure reports in the official files of the agency.

§ ____.605 Inspector General report.

(a) The Inspector General, or other official as specified in paragraph (b) of this section, of each agency shall prepare and submit to Congress each year, commencing with submission of the President's Budget in 1991, an evaluation of the compliance of that agency with, and the effectiveness of, the requirements herein. The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency's covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

TESTIMONY SUBMITTED BY Guadalupe Nieto, MEMBER OF THE FAIR PLAN COMMITTEE, TO THE FORT BEND COUNTY COMMISSIONERS' COURT ON SEPTEMBER 16, 1991.

Good morning. My name is Guadalupe Nieto. I am a member of the Fair Plan Committee. Let the record reflect that I am submittting this testimony to Commissioners' Court on September 16, 1991, testimony as to the Redistricting Plans that will be under the consideration of Commissioners' Court for a vote. Let the record also reflect that Southwest Voter Registration Education Project has also assisted the Fair Plan Committee on the redistricting plans that have been submitted to Commissioners' Court.

First of all it our understanding that the Redistricting Advisory Committee will be recommending Plan B2 and Plan D6 to Commissioners' Court today. We received a copy of the analysis of Plan B2 and along with a copy of the map from Judge Roy Cordes on September 12, 1991. Let the record reflect that we object to Plan B2 for the following reasons:

1. Under Plan B2, Commissioner Precinct 1 is not compact and dilutes the voting strength of the minority population
2. Under proposed Plan B2, the Hispanic population retrogresses from 40% to 35.42%. According to the Census data, the Hispanic population in Commissioner Precinct One as it is now is at 40%. Proposed Plan B2 reduces it to 35.42%.
3. Under proposed Plan B2, Commissioner Precinct One is a majortiy anglo Commissioner Precinct. As the population is now in Commissioner One, Commissioner One is a majority minority Commissioner Precinct according to the Census data. Consequently, under Proposed Plan B2 the minority retrogresses.
4. also Proposed Plan B2 does not make an attempt to connect communities of interest as regards to the Hispanic population, when the possibilities are clearly there.

Let the record also reflect that Plan D6 as revised by the the Redistricting Advisory Committee is also not compact enough and also intrudes into the compactness of Commissioner Precinct 2,

which is now a majority minority Commissioner Precinct.

We also want the record to reflect our objections of the failure of Commissioners' Court, Jim Allison, legal counsel for the county on redistricting and the Redistricting Advisory Committee to adequately respond to our questions on our redistricting plans that we submitted for consideration.

According to Mr. Ted Garcia, a member of the Redistricting Advisory Committee, Our Revised Plan D (Plan D1) was not considered by the Redistricting Advisory Committee (RAC) because the RAC was advised by Mr. Allison that Plan D1 violated the Texas Election Code. To date we have not received a response as to the clear specifics of those violations, even though we requested a response.

We again ask that Commissioners' Court choose Plan D1 as the Redistricting Plan for Fort Bend County. Plan D1 which is our Revised Plan D creates in Commissioner Precinct One, a Commissioner Precinct that has a majority minority population, is more compact, is contiguous and also connects communities of interest.

Again, we are at distinct disadvantage in submitting this testimony to you, not knowing what further revisions are being made on any of the plans that will be under the consideration of Commissioners' Court today. According to the Herald Coaster, the local newspaper in an article dated September 15, 1991, Mr. Allison will be meeting in closed session as to the "legalities of redistricting proposals" with Commissioners' Court today. We are clearly at a disadvantage to adequately respond to any changes being made.

Again let the record reflect that we object to Plan B2 and Plan D6 for the reasons mentioned above and we urge Commissioners' Court to vote for Plan D1, our Revised Plan D, the Fair Plan. Thank you.

Respectfully Submitted,

Guadalupe Nieto

Important Notice:
All computer generated matters contained in this report, including statistical ratios or formulas, are derived from information taken directly from Public Law 94-171 files of the United States Census Bureau.

Neither Allison & Associates nor Map Resource, Inc. is responsible for errors which may occur in the PL94-171 data.

Public Law 94-171 required that all voter tabulation districts (VTDs) follow census block boundaries. In many cases, county voting districts had been drawn in a manner which did not follow a census block boundary. This required the State of Texas, acting in conjunction with the State Data Center and the Texas Legislative Council, to move the actual voting district boundary to coincide with a nearby census block boundary for tabulation purposes only. The resulting VTD was no longer "actual", but an approximation of the voting district referred to as a "pseudo voting district."

Every reasonable effort will be made to conform the pseudo voting district to actual VTD boundaries. However, due to the nature of the available data base, and the requirements of Public Law 94-171, there may be a necessity to alter voting district boundaries to match the census block format. In this event, every reasonable effort will be made to insure accuracy while retaining the integrity of the data base upon which reapportionment must rely.

All computer generated matters contained in this report, including statistical ratios or formulas, are derived from information taken directly from Public Law 94-171 files of the United States Census Bureau.

Neither Allison & Associates nor Map Resource, Inc. is responsible for errors which may occur in the PL94-171 data.

Public Law 94-171 required that all voter tabulation districts (VTDs) follow census block boundaries. In many cases, county voting districts had been drawn in a manner which did not follow a census block boundary. This required the State of Texas, acting in conjunction with the State Data Center and the Texas Legislative Council, to move the actual voting district boundary to coincide with a nearby census block boundary for tabulation purposes only. The resulting VTD was no longer "actual" , but an approximation of the voting district referred to as a "pseudo voting district."

Every reasonable effort will be made to conform the pseudo voting district to actual VTD boundaries. However, due to the nature of the available data base, and the requirements of Public Law 94-171, there may be a necessity to alter voting district boundaries to match the census block format. In this event, every reasonable effort will be made to insure accuracy while retaining the integrity of the data base upon which reapportionment must rely.

Request for Expedited Consideration

Confusion surrounding the accuracy of the 1990 Census, coupled with delays imposed by legislative efforts to redistrict Texas Congressional and Legislative boundaries, has resulted in unanticipated complications in the preparation of this Submission. Due to requirements of the Texas Election Code, expedited consideration of this submission is requested. By Texas law, the filing period for elective office opens December 3, 1991. In order to allow for an orderly and timely election process, the plan for reapportionment of Fort Bend County political boundaries must be pre-cleared prior to December 3, 1991.

Fort Bend County should be permitted to conduct its 1992 primary and general elections in compliance with state law. There are no provisions in Texas law to allow postponements or rescheduling of such elections. The plan submitted has been prepared in good faith and with a reasonable belief that is complies in all regards with the Voting Rights Act. Considerable effort has been made to avoid retrogression of minority interests, and where possible to enhance minority electoral opportunities. In all respects, the plan submitted satisfies the requirements of both Section 2 and Section 5 of the Voting Rights Act.

With the filing period requisite for candidates seeking office under the newly proposed political boundaries opening December 3, 1992, and closing January 2, 1992, there is scant time to pre-clear the attached submission using normal periods of review. Failure to obtain pre-clearance, with the attendant confusion and possible judicial intervention to extend filing periods and/or election dates will result in an adverse impact upon voter participation in the electoral process.

Therefore, Fort Bend County, Texas respectfully requests that expedited consideration be given to this submission, and that the Department of Justice issue its pre-clearance opinion prior to December 3, 1991.

I. INTRODUCTION TO REAPPORTIONMENT SUBMISSION

1. ISSUES AND CONCEPTS OF REAPPORTIONMENT

> "No right is more precious in a free country than that of having a voice in the election of those who make the laws under which, as good citizens, we must live. Other rights, even the most basic, are illusory if the right to vote is undermined."
>
> --Earl Warren, in
> Reynold v. Sims

Although the concept of apportioned representation is constitutional, (U.S. Constitution, Article I, Section 4), the Courts of this nation remained relatively inactive in the area for many, many years. Recognizing the "political thicket", courts recognized the authority of the (Congress) to address the issue without defining the actual details of how and when such intervention would be appropriate. Ex Parte Yarbarough, (1884).

However, the nation underwent major demographic change. Less rural, more industrialized, highly mixed in racial terms, the nation simply outgrew the doctrines of judicial restraint. The 1960's brought these complex issues directly to the forefront of judicial concerns. In Baker v. Carr (1962), state legislatures were considered. Gray v. Sanders (1963) eliminated weighted systems that gave more influence to areas with less population. It was in Sanders that Justice Douglas stated the rule that still applies:

> "The conception of political equality from the Declaration of Independence, to Lincoln's Gettysburg Address, to the Fifteenth, Seventeenth and Nineteenth Amendments could mean only one thing: ONE PERSON, ONE VOTE."

From that point on, the march of cases moved relentlessly toward a clear standard: Wesberry v. Sanders, (1964), applied the concept of one person, one vote to Congressional Districts, and required the same to be balanced in number as nearly as could be accomplished.

Reynolds v. Sims (1964), and Baker v. Carr (1962), extended the rule of one person one vote to state legislatures. However, Lucas v. Forty-fourth General Assembly (1964) refrained from holding that state legislatures could not adopt some rationale for a plan of reapportionment which diverged from a strict population basis. A rush of state cases, primarily in the deep south, attempted to avoid reapportionment on a population basis. This in turn led to a legislative remedy, in the form of the Voting Rights Act of 1965 (42 USC 1973c). This Act cannot be considered without placing it into the context of the times. The Act was adopted shortly after the Civil Rights movement gained the attention of the media. Scenes of black citizens, sprayed with fire hoses and attacked by police dogs, seared the minds and hearts of Americans from all walks of life. With a near religious zeal, the Congress adopted strong measures which required certain states to abide by a stringent set of "pre-clearance" procedures, with Department of Justice review to insure that all citizens were afforded the privileges of citizenship.

The law continued to develop with cases such as Avery v. Midland County (1968), which declared that groups of voters could not be discriminated against by gerrymandering for racial or other purposes, and extended the duties of periodic reapportionment to Texas Commissioners Courts.

From this line of cases the concept of "single member districts" arose. As the 1960's came to an end, each state and local government could look forward to the periodic task of redrawing it's political boundaries to address changes in population. With the 1970 census, the nation again came to grips with the evolving law, but again, questions remained. How close to "balanced" must the district come? What groups were protected? How must a local government proceed in order to avoid the sanctions of law?

In White v. Register (1973), for the first time, a single member plan was mandated by the Court. United Jewish Organizations v. Carey (1977) recognized that in order to protect the right of a minority to adequate representation, the deliberate creation of a racial majority district would be a necessary step. Hence, where a simple application of traditional boundary formation would result in dilution or fragmentation of an identifiable racial or ethnic group, those lines must be redrawn to give voice to minority political participation.

The net result is that virtually all governmental entities governed by popularly elected officeholders will be required to "re-apportion" in 1990. The reapportionment process must address not only numerical balance, but also address racial makeup in a manner that neither discriminates nor isolates identifiable racial minorities.

The entire thrust of periodic reapportionment is that political boundaries are fluid, and are not to be used to deny political participation to any person. Therefore, every 10 years, following the federal census, governments are required to reassess their boundaries with an eye to population change within their jurisdictions. If the existing

political boundaries continue to fairly address the issues raised by the concepts of "one person, one vote" and racially based equality, then no change is required. However, if the population has ceased to be balanced between districts, or if the population has changed in its demographic makeup, there is a legal duty imposed upon the government to change political boundaries in order to correct these unconstitutional ills.

In this process, the key words are participation and involvement. The governmental unit should make serious efforts to involve as much public dialogue as possible in the decision making process. Political boundaries should not be imposed without regard to political consequences, but at the same time, concepts of fairness and participation are paramount.

STEPS INCIDENT TO SUBMISSION PREPARATION

The political subdivision's existing political boundaries will serve as the basis for any new reapportionment plan. It is possible that some counties have never submitted a formal redistricting plan. During 1990, the Texas Legislative Council made an attempt to identify all current political lines in all 254 Texas Counties. Maps of all political boundaries were reduced to a computer data base, and were provided to the County Judge in each county with a request that these maps, showing current voting box boundaries, justice of the peace, constable and commissioners court lines, be reviewed for accuracy and corrected if necessary. The resulting "approved" maps were then digitized and entered into the computer files that serve as the basis for 1990 reapportionment. These files, known as the 94-171 files, contain the demographic and

political data necessary for the 1990 reapportionment process. The success of this process is still to be determined, but generally, the data available from the 1990 census, together with that provided by the Texas State Data Center, is the most complete ever assembled.

The 94-171 files are merged with map files, known as TIGER files, which are generated from U.S. Geological maps to produce a compatible mapping/demographic data base that can be manipulated by PC based computers. This new approach greatly expedites the mechanical functions of reapportionment by allowing relatively quick, cost effective analysis of population data in relation to existing and proposed political boundaries.

With the available data, the County Commissioners Court precincts are analyzed to determine two primary issues:

1. Do the current political boundaries provided for numerically balanced populations among all four precincts. In other words, does each commissioner precinct have an equal number of residents? If there is a "disparity" of population among precincts that exceeds 10% from top to bottom, then reapportionment will be required.

2. If numerical balance indicates that reapportionment is required, any reapportionment effort must comply with the Voting Rights Act to afford real political participation by minorities.

With these goals in mind, the reapportionment process involves considerable trial and error testing of possible boundaries that will address not only the requirements of law,

but also the administrative functions required of County Government. Eventually, a plan or plans is submitted to public hearings and finally to formal adoption.

After final approval by the Commissioner's Court, all necessary maps, data charts, and other documentation to complete the submission to the U.S. Justice Department for pre-clearance under the Voting Rights Act are assembled, indexed and prepared for submission.

2. STATEMENT OF NATURE OF CHANGE

Following receipt of the Initial Assessment, Fort Bend County Commissioners determined that reapportionment of political boundaries would be necessary. This submission is made by Fort Bend County, Texas, in the belief that it has complied with all requirements imposed by the Voting Rights Act and by state law.

Fort Bend County is located in Southeast Texas. Organized in 1838, Fort Bend County is named for a river bend where Austin's colonists settled. Richmond, Texas is the county seat of Fort Bend County. Sugarland is the largest urban area in Fort Bend County.

A review of the demographic data will reveal a statistically large minority population, contained in a complex urban/rural mixture.

3. STATUTORY AUTHORITY FOR CHANGE

The Texas Constitution requires that each county be divided into four "commissioners precincts" from which one commissioner is elected to a four-year term.

These four Commissioners, together with the County Judge, constitute the County Commissioners Court. This Commissioners Court exercises such powers and jurisdiction over all county business as may be described either by the Constitution or statutes.

The Texas Election Code vests responsibility to periodically reapportion County Election Precincts, Commissioners Precincts and Justice of the Peace Precincts with the Commissioners Court.

Texas Counties are subject to the Constitutional concepts of "One-Person-One-Vote". Avery v. Midland County, Texas 390 U.S. 474, 88 S.Ct. 1114, 20 L.Ed.2d 45 (1968). Likewise, Texas is subject to the Voting Rights Act. McDaniel v. Sanchez, 452 U.s. 130, 101 S.Ct. 2224, 68 L.Ed.2d 724 (1981).

Based upon this authority, this formal Submission for Pre-clearance of various changes in the political boundaries of Fort Bend County, Texas is made by the Commissioners Court of Fort Bend County, Texas, composed of the following individuals:

County Judge:	Hon. Roy Cordes

SUBCHAPTER A. COUNTY ELECTION PRECINCTS

Sec. 42.001. Precincts established by commissioners court. Each commissioners court by order shall divide all the territory of the county into county election precincts in accordance with this subchapter. The precincts must be compact and contiguous.

Local preclearance under federal Voting Rights Act of changes in precinct boundaries, see note under Sec. 31.031.

Sec. 42.002. Required use of county precincts. (a) The county election precincts are the election precincts for the following elections:

(1) the general election for state and county officers;

(2) a special election ordered by the governor;

(3) a primary election; and

(4) a countywide election ordered by the commissioners court, county judge, or other county authority, except an election subject to Section 42.062(2).

(b) Except as provided by Sections 42.008 and 42.009, county election precincts may not be consolidated for an election.

Consolidation of precincts in special election under certain conditions, see Sec. 42.008.

Consolidation of precincts in a primary election, see Sec. 42.009.

Use of county precincts in countywide local option election on sale of alcoholic beverages, see Sec. 251.34, Alcoholic Beverage Code.

Sec. 42.003. Boundary description. Each county election precinct must be described by natural or artificial boundaries or by survey lines.

Sec. 42.004. Precinct identification. The commissioners court shall identify each county election precinct by a number.

Sec. 42.005. Relationship to wards, districts, and justice and commissioners precincts.(a) A county election precinct, including a consolidated precinct, may not contain territory from more than one of each of the following types of territorial units:

(1) a commissioners precinct;

(2) a justice precinct;

(3) a congressional district;

(4) a state representative district;

(5) a state senatorial district;

(6) a ward in a city with a population of 10,000 or more; or

(7) a State Board of Education district.

(b) If application of this section conflicts with application of Section 42.006, this section prevails.

(c) In this section, "ward" means a territorial unit of a city, regardless of its designation under other law, from which a member of the city's governing body is elected by only the voters residing in the territorial unit.

(d) County election precincts are not required to comply with Subsection (a)(6) if:

(1) the commissioners court by order recorded in its minutes determines that compliance is impracticable because of the requirements of a federal court order affecting elections in the county; and

(2) not later than January 1 of each year, the voter registrar furnishes to each political subdivision affected by the federal court order that is authorized or required to hold elections in the county during that year a list of registered voters for each election precinct used in the political subdivision's elections.

How population is determined. Section 311.005(3) of the Code Construction Act (see note under Sec. 1.003) provides that "population" means that shown by the most recent federal decennial census. Municipalities, counties, and other political subdivisions, as well as the state, are required to recognize and act on the census reports beginning on September 1 of the year immediately following the calendar year during which the census was taken, except that a political subdivision with a governing body elected from single-member districts may recognize and act on the census population tabulations, for purposes of redistricting, on or after the date the governor receives the report of the basic tabulations from the Secretary of Commerce. See Art. 29d, Vernon's Tex. Civ. Stat.

Sec. 42.006. Population requirements. (a) Except as otherwise provided by this section, a county election precinct must contain at least 100 but not more than 2,000 registered voters.

(b) For an election precinct in a county with a population under 100,000, the minimum number of registered voters the precinct may contain is 50, except as provided by Subsection (c).

(c) In a county with a population under 50,000, a county election precinct may contain fewer than 50 registered voters if the commissioners court receives a written petition, signed by at least 25 registered voters of the county, requesting establishment or continuation of the precinct.

(d) In a county in which a voting system has been adopted for use in the general election for state and county officers, the maximum number of registered voters a precinct may contain is:

(1) 3,000, in a county with a population of 250,000 or more;

(2) 4,000, in a county with a population of 175,000 or more but less than 250,000; and

(3) 5,000, in a county with a population of less than 175,000.

How population is determined, see note under Sec. 42.005.

Sec. 42.007. Combining incorporated and unincorporated territory. A commissioners court may not establish a county election precinct containing territory inside a city with a population of 10,000 or more and unincorporated territory outside that city unless the commissioners court determines that either of the two areas:

(1) cannot constitute a separate election precinct of suitable size or shape that contains the permissible number of voters; or

(2) cannot be combined with other territory on the same side of the city boundary to form an election precinct of a suitable size or shape that contains the permissible number of voters without causing another election precinct to fail to meet those requirements.

Sec. 42.008. Consolidating precincts in special election. (a) In a special election for which use of county election precincts is required, the commissioners court may consolidate two or more county election precincts into a single precinct if:

(1) the polling place is located so it will adequately serve the voters of the consolidated precinct; and

(2) no office or measure is to be voted on in the consolidated precinct only by the voters of the county or of an area situated wholly within the county.

(b) If county election precincts are consolidated for a countywide election, at least one consolidated precinct must be situated wholly within each commissioners precinct.

Necessity for preclearance under federal Voting Rights Act, see note under Sec. 31.031.

Notice of consolidated precinct, see Sec. 4.003(b), (e).

Sec. 42.009. Consolidating precincts in primary election. The county executive committee of a political party holding a primary election may order two or more county election precincts consolidated into a single precinct if:

(1) the polling place is located so it will adequately serve the voters of the consolidated precinct; and

(2) at least one consolidated precinct is situated wholly within each commissioners precinct.

Necessity for preclearance under federal Voting Rights Act, see note under Sec. 31.031.

Secretary of state's authority to limit number of polling places for which operating expenses are payable with state funds, see Sec. 173.007.

Notice of consolidated precinct, see Secs. 172.1112 and 173.081(f).

SUBCHAPTER B. CHANGING COUNTY PRECINCT BOUNDARIES

Sec. 42.031. Reviewing precincts for compliance: boundary changes. (a) During March or April of each odd-numbered year, each commissioners court shall determine whether the county election precincts comply with Sections 42.005, 42.006, and 42.007. The commissioners court may make that determination during March or April of an even-numbered year. Before May 1 of the year in which the determination is made, the commissioners court shall order the boundary changes necessary for compliance.

(b) The commissioners court may order a boundary change only during March or April unless the change is necessary to:

(1) comply with Section 42.005 or 42.032;

(2) reduce the number of registered voters in a precinct so it does not exceed the maximum number permitted by Section 42.006; or

(3) include within a precinct a suitable building available for use as a polling place if no suitable building is available for that purpose within the existing precinct boundary.

Necessity for preclearance under federal Voting Rights Act, see note under Sec. 31.031.

Sec. 42.032. Redistricting: boundary changes. If changes in county election precinct boundaries are necessary to give effect to a redistricting plan under Article III, Section 28, of the Texas Constitution, each commissioners court shall order the changes before October 1 of the year in which the redistricting is done.

Necessity for preclearance under federal Voting Rights Act, see note under Sec. 31.031.

Sec. 42.033. Effective date of boundary change. (a) A change in a county election precinct boundary takes effect on the first day of the first even-numbered voting year following the voting year in which the change is ordered.

(b) Except as provided by Subsection (c), for a boundary change under Section 42.031(b), the commissioners court may order an earlier effective date than that prescribed by Subsection (a) if:

(1) an election for an officer of a territorial unit under Section 42.005(a) is scheduled or may be scheduled to be held before the effective date of the change under Subsection (a) and the territorial unit contains the election precinct as changed; and

(2) the voter registrar has sufficient time to correct the registration records before the effective date of the change.

(c) A change in a county election precinct boundary may not take effect on a date occurring between the date of the general primary election and the date of the general election for state and county officers unless the change is necessary to:

(1) comply with Section 42.005 after a boundary change made under Article V, Section 18, of the Texas Constitution;

(2) include within a precinct a suitable building available for use as a polling place if no suitable building is available for that purpose within the existing precinct boundary; or

(3) comply with a court order.

Sec. 42.034. Notice to registrar. The commissioners court shall deliver a certified copy of an order changing a county election precinct boundary to the voter registrar not later than the seventh day after the date the order is adopted.

Correction of registration records, see Sec. 15.022.

Registrar's notice to affected voters, see Sec. 15.027.

Sec. 42.035. Public notice. (a) Beginning with the first week following the week in which an order changing a county election precinct boundary is adopted, the commissioners court shall publish notice of the change in a newspaper in the county once a week for three consecutive weeks.

(b) The notice must include a brief, general description of the boundary change.

(c) If no newspaper is published in the county, the commissioners court shall post the notice at the county courthouse on the bulletin board used for posting notice of meetings of the commissioners court. The notice must remain posted continuously for three consecutive weeks.

(d) The county clerk shall deliver a copy of the notice to the secretary of state not later than the 20th day after the date the order changing the boundary is adopted.

Sec. 42.036. Additional notice in populous counties. (a) This section applies only to a county with a population of 500,000 or more.

(b) The commissioners court shall deliver written notice of each proposed change and of each order making a change in a county election precinct boundary to:

(1) the county chairman of each political party that held a primary election in the county on the most recent general primary day;

(2) the political party's precinct chairman of each affected election precinct; and

(3) the presiding judge appointed by the commissioners court for each affected election precinct.

(c) The notice of a proposed boundary change must be delivered not later than the seventh day before the date of the commissioners court meeting at which the proposed change will be considered. The notice of an order making a boundary change must be delivered not later than the seventh day after the date the order is adopted.

(d) The notice of a proposed change must describe the proposed change in brief, general terms, identify the precincts to be affected by the proposed change, and state the date, hour, and place of the meeting.

(e) The notice of an order making a boundary change must describe the change in brief, general terms and identify the changed precincts. As an alternative, the notice to the county chairman may be a copy of the order, and the notice to a precinct chairman or presiding judge may be a copy of the portion of the order affecting the precinct served by that person.

(f) A person entitled to notice under this section may challenge a boundary change made in violation of this section by petition to the district court. The petition must be filed not later than one year after the date the change is scheduled to take effect. If the court determines that the commissioners court failed to comply with this section, the court shall declare the boundary change void. The validity of an election held before the date of a final judgment declaring a change void is not affected by the judgment. Noncompliance with this section may not be challenged in any other manner.

(g) For one year following the effective date of a change in a county election precinct boundary, the commissioners court shall maintain a record containing a copy of each notice required by this section in connection with the boundary change and showing the date the notice was delivered.

How population is determined, see note under Sec. 42.005.

Methods of delivering notice, see Sec. 1.007. Timeliness of notice delivered by mail, see Secs. 1.008 and 1.009.

Sec. 42.037. Filing map of precinct boundary changes with secretary of state. (a) Not later than the 120th day after the date an order changing a county election precinct boundary is adopted, the county clerk shall deliver to the secretary of state a map depicting the affected precinct's boundary as changed and showing the number of the precinct.

(b) The secretary of state shall retain each map for 10 years after receipt. After that period, the secretary shall transfer the map to the state library.

(c) The state librarian shall retain the map for 20 years after receipt.

SUBCHAPTER C. OTHER ELECTION PRECINCTS

Sec. 42.061. Precincts of political subdivision other than county. (a) The governing body of a political subdivision other than a county shall establish the election precincts for elections ordered by an authority of the political subdivision.

(b) The precincts may be established before each election or, once established, remain established until changed, at the governing body's discretion.

(c) An election precinct established for an election ordered by a city authority may not divide a county election precinct except as necessary to follow the city's boundary.

Necessity for preclearance under federal Voting Rights Act, see note under Sec. 31.031.

A precinct of a political subdivision situated in more than one county may include territory in more than one county, cf. Sec. 112.003.

Sec. 42.062. Precincts for certain special elections. A county authority ordering an election shall establish the election precincts for the election if:

(1) the election is a special election affecting only part of the county; or

(2) the election relates to the creation, organization, functioning, or existence of one or more political subdivisions other than the county.

Necessity for preclearance under federal Voting Rights Act, see note under Sec. 31.031.

Section 251.34, Alcoholic Beverage Code, provides that the election precincts established by the municipality shall be used in a local option election under that code that is only in a single municipality.

4. RELEVANT DATES AFFECTING VOTING

Texas conducts its preliminary elections on what is known as "Super Tuesday", that being the first Tuesday of March. Therefore, the proposed change must be pre-cleared and implemented before the filing period for candidates seeking office in the March primary. This filing period opens December 3, 1991, and closes January 2, 1992 at 6:00 p.m.

REQUEST FOR EXPEDITED CONSIDERATION

Due to the need for pre-clearance before the proposed change may be implemented, expedited consideration is necessary. Fort Bend County respectfully requests such early evaluation and review.

5. STATEMENT OF IMPLEMENTATION

In compliance with Section 5, 42 U.S.C. 1973(c), implementation of the proposed change of political boundaries is submitted for pre-clearance to the Department of Justice. No implementation has taken place prior to pre-clearance.

6. ANTICIPATED IMPACT OF CHANGE ON MINORITIES

Fort Bend County is a classic example of what could be called a "Third World" county. This term serves to dramatize the tremendous change being imposed upon a relatively rural/suburban county very quickly becoming an urban county. With tremendous population growth, the stress and strain or urban populations requires sophistication in governmental services, yet the rural base of the county remains. In terms of reapportionment, significant minority populations of Hispanic and African-American descent require careful attention in order to avoid retrogression in representation potential. Fortunately, Fort Bend County has moved forward to meet the challenges of the coming decade by keeping abreast of change and demonstrating a willingness to accept the challenges rather than resisting them.

Fort Bend County experienced tremendous population growth between 1980 and 1990. Total population of the county increased from 130,846 to 225,421, a 72.28 percent growth. The county contains two significant minority populations. In 1980, the population was 20.37% Hispanic and 15.61% Black. By 1990, the Hispanic percentage had declined to 19.47% while the Black percentage had increased to 20.26%.

The population distribution between commissioner precincts also shifted tremendously. In 1980, the commissioners precincts were apportioned to a total maximum deviation of 2.15%. By 1990, population changes had caused a total maximum deviation of 61.72% within these precincts.

In 1980, the largest minority population was located in Precinct 2 with a total minority population of 52.83% (32.06% Black). Significantly, this precinct has elected a minority commissioner (Black). By 1990, the total minority population in Precinct 2 had increased to 73.66% (53.38% Black). However, Precinct 2 was 16.57% below the ideal precinct population. Clearly, the Voting Rights Act requires that the minority impact in Precinct 2 be preserved to the fullest extent possible. The county plan achieved this goal with a total minority population of 69.19% (53.39% Black) in Precinct 1.

In 1980, the second largest minority population was located in Precinct 1 with a total minority population of 48.65% (35.69% Hispanic). By 1990, the total minority population in Precinct 1 had increased to 53.36% (40.90% Hispanic). However, Precinct 1 was 30.67% below the ideal precinct population. A massive infusion of population was required in this precinct to meet maximum deviation requirements. Nevertheless, the Voting Rights Act also requires that the minority impact in this precinct also be preserved to the fullest extent possible. The county plan achieved this goal with a total minority population of 47.93% (35.42% Hispanic).

Despite the massive shift in population concentration, the county has successfully compiled a plan that meets maximum deviation requirements and enhances the impact of its minority citizens. This impact was further increased by distributing the minority population in the precincts with the smallest total population. The proposed plan also provides some allowance for any undercount among the minority population.

The county was particularly sensitive to the impact of any proposed boundary change on minority participation. The Citizens Advisory Committee contained active representatives of both significant minority groups. Every proposed plan was evaluated to determine minority impact. Plans which appeared to cause retrogression were discarded. Several refinements were made in draft plans to improve minority population percentage.

A proposed plan was received from a local Hispanic group (Fair Plan Committee) assisted by Southwest Voter Registration Education Project. This plan was submitted to public hearing and comment with other proposals. When an amended version of this plan was submitted to the Commissioners Court, it was also referred to the Citizens Advisory Committee, even though this required a delay in the review process. The Committee and

the Commissioners Court diligently worked with this group to develop an alternative plan in compliance with state laws.

After a thorough review and hearing process, the advisory committee recommended two plans to the Commissioners Court. One plan (Plan B) was developed by the committee. The other plan (Plan D) was developed by the Fair Plan Committee. Both plans required slight modification to meet state election law requirements. The Black members of the Committee recommended only Plan B. The Hispanic members recommended only Plan D.

Detailed statistical data concerning both plans was presented to the Commissioners court and additional statements accepted. An analysis of the plans indicates that Plan B (the county plan) provides the greatest minority impact in Precinct 2, the precinct presently represented by a minority member and preserves the likelihood of election of a minority commissioner. Plan B (the county plan) maintains the minority impact in Precinct 1 near 1980 levels. Plan D would further enhance minority impact in Precinct 1, but would result in a lower minority impact in Precinct 2. The Commissioners Court unanimously adopted Plan B, as submitted.

The development of a plan for Fort Bend County was very difficult. As previously outlined, the population in the county had both increased and shifted in concentration dramatically. The total population percentage of the Black population has increased significantly while the total population percentage of Hispanics had declined slightly. The challenge was to achieve a constitutional plan that (1) continued to enhance the opportunity to elect a minority commissioner in Precinct 2 while (2) preserving a significant minority impact in Precinct 1. The submitted plan achieves these goals. It is anticipated that the changes encompassed in this plan will enhance minority participation.

MINORITY IMPACT

	PRECINCT 2		PRECINCT 1	
	Total Minority	Black	Total Minority	Hispanic
1980	52.82%	32.06%	48.65%	35.69%
1990	69.14%	53.39%	47.93%	35.42%

7. PRIOR HISTORY RELEVANT TO VOTING PRACTICES

No litigation related to civil rights has been filed in the past. Fort Bend County has previously submitted a plan for reapportionment of its political boundaries in 1981.

8. JUSTICE/CONSTABLE PRECINCTS

Fort Bend County has previously adopted a plan which conformed the four Justice of the Peace/Constable Precincts to the same geographic boundaries as the four commissioner precincts. Modifications enacted by way of this submission would maintain common boundaries for the various elective offices. For statistical data relative to the Justice/Constable Precincts, please refer to the data provided for commissioner precincts.

Table of Contents

Tab 1- Initial Assessment

The Initial Assessment is a narrative description of the data contained in the PL94-171 files provided by the Census Bureau, together with an explanation of the impact such data may have upon the County in light of state and federal law.

Tab 2-Appendix A

Appendix A defines the various ratios, formula and procedures utilized in the analysis of county population. These ratios, formula and procedures have been largely developed in case law in the field of reapportionment, together with generally recognized methods of sociological study.

Tab 3-Appendix B

Appendix B, otherwise known as the "Working File", is a summary of each major County elective office elected from precincts. These files analyze each such elective office, i.e. the offices of County Commissioner, Justice of Peace and Constable, by election precinct.

In the 1990 census, election precincts are described as a Voter Tabulation Districts, or VTDs. It should be noted that the VTD is an approximation of the actual voting boundaries, since Public Law 94-171 requires that the VTD utilize census blocks as its component parts. In some cases, county election precincts have been drawn in prior years in a manner that prevents exact duplication by census block. In these cases, the State of Texas has created, for tabulation purposes only, what is known as a "pseudo voting district" which may vary significantly in area from the actual election precinct. In most cases, the population variance between the actual and the "pseudo" election precinct is minimal. All future election precincts should be based upon census blocks to avoid this discrepancy.

NOTE: A discrepancy in the VTD files and actual precinct exists in the 1990 Data Base. VTD 2036 and VTD 2059 were omitted from the data base, and were combined in VTD 2003. This discrepancy occurred through a series of errors and omissions, but the end result is that VTD 2036 and VTD 2059 are not represented in the original data base files. While VTD 2059 could be "created" since its borders constituted a census block, we are unable to "create" a VTD 2036 with any degree of accuracy, since the boundaries for that precinct cross census block lines. We are unable to utilize political boundaries which violate the sanctity of census blocks, since the TIGER and PL94-171 files must be integrated for proper accuracy in the demographic analysis features of the mapping software. Therefore, VTD 2036 will of necessity have to be redrawn by the Commissioners Court in order to achieve conformity with a Census Block boundary.

Tab 4-Appendix C

Appendix C is an analysis of the ethnic characteristics of the entire county population, by current Commissioners Court Precinct. This data is provided for both the entire population, regardless of age, and by voting age (18 years or above). While "One-Person-One-Vote" balance between the four Commissioners Court

Precincts is based upon the entire county population, the availability of voting age populations is also important in two respects.

First, each county should assess the size of existing election precincts. State law limits the size of election precincts in counties that continue to use hand counted paper ballots to not more than 2,000 voters per election precinct.

Counties that have implemented a "voting system", i.e. an optical scan, punch card or other form of automated vote count system are allowed larger election precincts based upon total population. Counties with a population in excess of 250,000 may have election precincts of not more than 3,000 registered voters. Counties with a population of 175,000 or more, but less than 250,000 may have 4,000 registered voters in an election precinct. Counties of less than 175,000 may have 5,000 registered voters in an election precinct. (Art. 42.06, Texas Election Code, V.A.C.S.)

Second, in counties inhabited by a significant minority population, the need to create one or more Commissioners Court Precincts that assure minority representation requires utilization of voting age information.

Tab 5-Appendix D

Appendix D is a representation of the County population demographics in chart form, by Commissioners Court Precinct.

Tab 6-Appendix E

Appendix E contains a representation of Commissioners Court Precinct No. 1 by total population demographics and by voting age population.

Tab 7-Appendix F

Appendix F contains a representation of Commissioners Court Precinct No. 2 by total population demographics and by voting age population.

Tab 8-Appendix G

Appendix G contains a representation of Commissioners Court Precinct No. 3 by total population demographics and by voting age population.

Tab 9-Appendix H

Appendix H contains a representation of Commissioners Court Precinct No. 4 by total population demographics and by voting age population.

Tab 10-Map 1

Maps under Tab 10 depict, in color, the four Commissioners Court Precincts in both urban and rural aspects. Each VTD component of the various Commissioners Court Precincts is also depicted. Please note that discrepancies between the actual election precinct boundaries and those of the computer based VTD may exist, as explained in the note for Appendix B.

Tab 11-Map 2

Map 2 depicts, in color, the Hispanic population by concentration across the entire county, as shown by the percentage of population in each census block. It should be noted that in some census blocks, the total population may be very small, and the resulting color shading may therefore result in some misperception of actual population totals. Correlation of the map depiction with the data contained in chart form in Appendix A-H is necessary to assure accuracy of any assumptions or projections for reapportionment purposes. All computer generated matters contained in this report, including statistical ratios or formulas, are derived from information taken directly from the Public Law 94-171 files of the United States Census Bureau. Tab 12-Map 3

Map 3 depicts, in color, the Hispanic population by concentration in the urban areas of the county, as shown by the percentage of population in each census block. It should be noted that in some census blocks, the total population may be very small, and the resulting color shading may therefore result in some misperception of actual population totals. Correlation of the map depiction with the data contained in chart form in Appendix A-H is necessary to assure accuracy of any assumptions or projections for reapportionment purposes.

Map 4 depicts, in color, the Black or African-American population by concentration across the entire county, as shown by the percentage of population in each census block. It should be noted that in some census blocks, the total population may be small, and the resulting color shading may therefore result in some misperception of actual population totals. Map 5 depicts, in color, the Black or African-American population by concentration in the urban areas of the county, as shown by the percentage of population in each census block. It should be noted that in some census blocks, the total population may be very small, and the resulting color shading may therefore result in some misperception of actual population totals. Correlation of the map depiction with the data contained in chart form in Appendix A-H is necessary to assure accuracy of any assumptions or projections for reapportionment purposes.

Tab 15-Map 6

Map 6 depicts the Justice of the Peace and Constable Precincts, and the respective VTD components of each such precinct. Reference should be made to Appendix B for demographic analysis of Justice and Constable precincts. It should be noted that these offices are not considered either "One-Person-One-Vote" offices or "representative" offices subject to Voting Rights Act analysis under either Section 2 or 5 of that act. (42 U.S.C. 1973c) Counties are not required, therefore, to make any changes to existing justice or constable precincts by federal law.

However, Article 5, Section 18 of the Texas Constitution sets population requirements for the number of justice precincts required. Each County should carefully examine the number of justice precincts required by law to determine if a reduction or expansion of existing justice/constable precincts is feasible.

GENERAL OVERVIEW

Fort Bend County, Texas has a population of 225,421 according to the 1990 Federal Census. This reflects a numerical change of 94,575, or a 72.28 percent change from the 1980 population of 130,846. As a very general rule of thumb, any statistical change of more than 5% will indicate a potential need for reapportionment. Only in rare circumstances will a county experiencing a population change in excess of 10% avoid the need for rather extensive reapportionment of the county Commissioners Court precinct lines. However, any assumption that a population change of less than 10%, or even 5% will not require reapportionment is ill advised. Populations will shift within a county over time. Every County, even those with a rather insignificant overall population change, should carefully examine the actual population demographics relative to their existing political lines to determine the need for reapportionment.

Of the 94,575 change in Fort Bend County population, the "Urban" population accounted for 38,486, or 40.69 percent of that number. "Urban" population is defined as that portion of the county population living within an incorporated town or city.

Rural population change amounted to 56,089 or 59.31 percent of the total population change.

It should be carefully noted that these comparisons between urban and rural areas of the county reflect the percentage of "change" each experienced. "Change" may not directly correlate to "different" or "new" population. For example, a single family may move from the rural area to the urban, and impact both categories. We use this particular data to determine whether or not the percentage of total change since 1980 demonstrates a trend, and this data's value is of more statistical than practical value.

Fort Bend County is a classic example of what could be called a "Third World" county. This terms serves to dramatize the tremendous change being imposed upon what was once a relatively rural/suburban county very quickly coming of age as an urban county. With tremendous population growth, the stress and strain of urban populations requires sophistication in governmental services, yet the rural heart of the County remains. In terms of reapportionment, significant minority populations of Hispanic and African-American descent require careful attention in order to avoid retrogression in representation potential.

Fortunately, Fort Bend County has moved forward to meet the challenges of the coming decade by keeping abreast of change and demonstrating a willingness to accept the challenges rather than resisting them.

With this general overview of Fort Bend County, we will evaluate each layer of political boundaries, and attempt to determine whether or not reapportionment should be undertaken by the Commissioners Court. Our assessment will point out areas of potential conflict with state and federal law, and will also suggest areas that may be considered for purposes of cost effectiveness and voter/resident convenience.

ASSESSMENT OF ELECTION PRECINCTS

Election Precincts are the building blocks for all other political boundaries. Therefore, our assessment begins with this primary political unit. According to Article 42.006, Texas Election Code, V.A.C.S., each election precinct must contain not fewer than 50 registered voters and not more than 5000 registered voters. (exceptions apply depending upon county population). For the Initial Assessment, no attempt has been made to acquire actual registered voter information. However, for any final reapportionment plan, we will acquire registered voter files and "download" this information into our data base. This will allow us to use actual registered voter numbers in sizing the election precincts. For purposes of this Initial Assessment, we are relying upon the population figures derived from the Census Bureau PL94-171 file, and gross percentages of the voting age population.

For purposes of the Initial Assessment, we make some assumptions that allow us to estimate the probable number of registered voters that might reside within an election precinct. Using the voting age population demographic information contained in Appendix B, E-H, we assume that the percentage of actual registered voters would never exceed 70% of the total "eligible" voters over the age of 18 years. This assumption will generally hold true, but in some isolated cases, the actual number of registered voters may exceed 70% of total eligible voters.

In counties that continue to use hand counted paper ballots, an election precinct may not exceed 2000 registered voters under state law. In counties under 175,000 in population that utilize some form of "voting system", i.e. optical scan, punch-card or other automated counting system, the size of election precincts may be increased to 5,000 registered voters. Counties above 175,000 in population but below 250,000 may have not more than 4,000 registered voters in an election precinct, and in counties of more than 250,000, the election precinct should not exceed 3,000 registered voters.

Therefore, as a general rule of thumb, Counties that cast more than 3000 ballots in a single commissioners court precinct should consider moving to an automated vote counting system, and upsizing their election precincts to achieve greater efficiency and lower costs in holding elections. By reducing the number of election precincts, where appropriate, the overall costs of elections can be reduced, but this reduction must be coupled with other factors, such as automated vote counting, in order to insure that election returns can be quickly and accurately tabulated in the resulting larger election precincts. With automated vote counting systems, smaller polling place staff can accommodate larger numbers of voters, and achieve overall reductions in the costs of elections.

INITIAL SUMMARY FINDINGS ON ELECTION PRECINCTS:

Current election precincts are generally acceptable. We do not recommend significant changes in these existing political boundaries unless required to resort to election precinct modifications in order to achieve greater numerical balance, or to avoid minority population fragmentation or retrogression.

CONSOLIDATION FACTORS

A limiting factor in wholesale consolidation of county election precincts will be the restraints imposed by Art. 42.005, Texas Election Code, V.A.C.S., which

restricts county election precincts to that territory which does not contain more than one commissioners precinct, justice precinct, congressional district, state representative district, state senatorial district, ward of a city with a population of 10,000 or more, or a State Board of Education District.

We are not presently informed as to the nature of the city governments within Fort Bend County. Should any of these cities exceed 10,000 residents, or should any city utilize single member election precincts for its city council positions, these city "wards" must be considered in the construction of county election precincts. In any plan for county election precincts within a city having single member election districts, city ward lines must be followed to prevent a violation of state law. Therefore, all cities within the county should be encouraged to participate and cooperate in the reapportionment process.

Although state law does not require the county election precincts to conform to independent school district election precincts, it only makes prudent sense to consult with any independent school district in your jurisdiction to determine if school board members are elected from single member districts. We are not presently aware of the nature of school district configurations within Fort Bend County. If, however, any single member districts are utilized, and if the school board would wish to participate in the county reapportionment process with the County by agreeing to utilize single member districts that are compatible with proposed county election precincts, then a three way agreement between the County, cities of more than 10,000 in population or in smaller towns or cities having single member election wards, and independent school districts electing board members from districts could result in considerably less confusing and more economical elections for all three entities.

INITIAL SUMMARY FINDINGS REGARDING CONSOLIDATION OF ELECTION PRECINCTS:

We do not recommend consolidation of current rural election precincts. Current urban election precincts are in compliance with state law.

ELECTION PRECINCT RE-NUMBERING

Consideration should be given to one final step in the "standardization" of election precinct numbering. A two tiered system that would allow the voter registrar and the voter to identify the proper polling place by the commissioner precinct and assist the voter to identify the location of the election precinct as well should be considered.

For example:

Election Precinct 048 is presently located in Commissioners Precinct No. 3. Fort Bend County has already adopted a system whereby the Commissioners Precinct number is used as a pre-fix, such as 3048, which would tell the voter registrar and voter that voting box 3048 was a component in all elections having to do with Commissioners Precinct No. 3. Fort Bend has been in the forefront of counties that has a sophisticated method by which election precincts are administered. The only lacking "system" is one that would organize precincts by location within the county. Some consideration should be given to reordering the number of the election precincts to reflect some organizational system tied to the actual location of each box number within the county.

Under a two tiered organizational system, the first digit of an election precinct number would signify the Commissioners Precinct in which that particular Election Precinct would vote. The last one or two digits of the election precinct would signify the election precinct location within the County, with that number assigned in a clockwise manner from the Northwest corner of the county and continuing throughout the county until all election precincts are numbered. This system would allow an observer to immediately determine not only the election precinct in which a particular voter was eligible to vote, but also provide a general idea of the geographic area of the county in which that voter would necessarily reside, and where the appropriate polling place might be located.

ASSESSMENT OF JUSTICE OF PEACE AND CONSTABLE PRECINCTS

Fort Bend County presently has 4 Justice of the Peace/Constable precincts, with Precinct 2 having two places, and electing two judges/constables. Fort Bend County has a total population of 225,421 persons, according to the final census count. (The 1990 Census is subject to a possible adjustment due to allegations of an undercount of minority population contained in federal litigation now pending. A decision to "adjust" the final count will be made July 15, 1991.)

Article 5, Section 18 of the Texas Constitutional provides that each county of the State having a population of 30,000 or more shall be divided into not less than four and not more than eight precincts. Counties having a population of less than 18,000 shall be composed of a single justice/constable precinct, unless the Commissioners Court determines that not more than four such justice/constable precincts are needed. Counties having a population of less than 150,000, but which contain a city having a population of 18,000 or more inhabitants, shall provide for not less than two justices of the peace to service the city(s) having 18,000 or more inhabitants.

In each precinct so created, there shall be elected a Justice of the Peace and a Constable, each of whom shall hold office for four years.

Based upon these Constitutional requirements, Fort Bend County could have as few as 4, and not more than 8 Justice of the Peace/Constable Precincts.

It is recommended that Fort Bend County reconsider the actual need for justice/constable precincts, and consider whether that need suggests change in the present configuration of justice/constable precincts. Article 292.001 Local Government Code and Article 27.051, Government Code address the location of Justice of the Peace courts. In counties having a population of less than 30,000, the County Commissioners Court may locate the justice courts either in the precinct served that justice court, or may centralize the courts in the County courthouse. In counties having a population greater than 30,000, the justice courts must be physically located in the precinct they serve.

ASSESSMENT OF COMMISSIONERS COURT PRECINCTS

Numerical Balance

In order to determine numerical balance, a few "ground rules" should be discussed. Over the years, the Courts have adopted what now can be safely said to be a 10% rule of thumb. This 10% rule generally means that so long as the total maximum deviation between commissioners court precincts does not exceed 10% from top to bottom, there is a presumption that the existing political boundaries are constitutional, in terms of "one-person-one-vote" evaluations.

To determine Total Maximum Deviation, the total county population (225,421), is divided by the number of commissioners precincts (4), to arrive an at "Ideal" precinct size (56,355.) Once the ideal precinct size is known, a comparison of the existing political lines in terms of population is possible. The commissioners precinct with the smallest population above the ideal precinct, and the commissioners precinct with the largest population below the ideal precinct are selected. The difference between their respective populations are reduced to a percentage of deviation, and added together. This figure, known as the total maximum deviation, is the key number in an initial evaluation of commissioner precinct for purposes of reapportionment.

Commissioners Precinct No. 3 presently contains 73,857 persons, which is a deviation of 17,502 persons above the "Ideal" precinct of 56,355, or 31.06 percent above the ideal standard. Commissioners Precinct No. 1 presently contains 39,073 persons, which is a deviation of 17,282 persons, or 30.67 percent below the "Ideal" precinct size of 56,355. The Total Maximum Deviation for Fort Bend County is therefore 61.72 percent.

Of the two remaining Commissioners Court Precincts, Precinct No. 2 contains 47,015 persons, which is a deviation of 9,340 persons, or 16.57 percent below the "Ideal" precinct. Likewise, Commissioners Precinct No. 4 contains 65,476, a deviation of 9,121, or 16.18 percent above the ideal precinct size. Although the Total Maximum Deviation is based only on the largest and smallest precinct, for comparison purposes, Commissioners Precinct No. 2 and Commissioners Precinct No. 4 demonstrate a total maximum deviation of 32.75 percent.

The Total Maximum Deviation figure for Fort Bend County, again, is arrived at by adding together the deviations from the ideal precinct size in Commissioners Precinct No. 3 and Commissioners Precinct No. 1. This number is crucial factor in any determination of need for reapportionment. Any Total Maximum Deviation value in excess of 10% is presumptively unconstitutional. Any county experiencing a Total Maximum Deviation above 10% will be required to reapportion. Any county experiencing a Total Maximum Deviation only slightly below 10% should seriously consider reapportionment. Counties should strive for as close to equal balance as possible, but it is permissible to take other considerations, such as road mileage, location of county precinct barns or other public buildings, location of available voting places in the final determination of political lines, so long as the total maximum deviation does not exceed 10 percent.

Commissioners Precincts 1 and 3 are the two most seriously imbalanced precincts, but all Commissioners Court precincts demonstrate unacceptable deviations from the "ideal". The sheer growth of Fort Bend County over the last ten

years will force significant changes in the shape of all four precincts. Additionally, while the general size of existing Election Precincts is acceptable, there may be some need to redraw election precincts in order to retain acceptable minority representation in some precincts without suffering unacceptable retrogression in the reapportionment process. For example, although Precinct No. 2 now enjoys a 73.66% total minority population, that precinct is also undersized by more than 9,000 persons. In seeking numerical balance, there may occur a "retrogression" of minority population so long as existing election precinct boundaries are maintained. Even with rather widespread alteration of election precinct boundaries, there may be an overall decrease in minority population as a percentage of Precinct No. 2 characteristics. Likewise, other precincts may experience a significant change in racial and demographic characteristics with the level and extent of change anticipated.

INITIAL SUMMARY FINDINGS REGARDING NUMERICAL BALANCE:

Reapportionment will be necessary to comply with 'One-Person-One-Vote' standards.

Minority Representation:

Where the total minority percentage exceeds 25% of the total population, there is ample justification, where possible, to create a commissioners precinct which contains a potential voting majority of minority residents. In concentrations greater than 40%, consideration should be given to creating at least one commissioners precinct with a potential voting majority of minority residents, with the possibility of as many other such precincts and the minority population may demand to achieve equality in the polling booth. Where the total minority concentration exceeds 40%, the issue of "Packing" becomes a consideration, meaning that minority populations cannot be "packed" into a single precinct, but must be allowed to influence as many precincts as the total minority population may without efforts to fragment otherwise contiguous concentrations of minority population.

Fort Bend County has a total minority population of 46.21 percent. Of the total minority population percentage, 19.47 percent are Hispanic, 20.26 percent are Black or of African-American heritage, 0.18 percent are American Indian, and 6.20 percent are Asian, leaving 0.10 percent in what is known as the "Other" category. "Other" is used when the census questionnaire is not completed in the racial category, or when some other racial description is used by the person answering the census questionnaire.

With this racial profile, minority representation must not be diluted, and where possible, a voting majority of minority residents should be created. In order to achieve the maximum minority representation within the demographic and geographic limitations in existence, it will be necessary to determine which VTDs, and which census blocks, contain the highest percentage of minority population and to take such reasonable measures as will insure the highest possible minority voice in county government. To achieve this goal, some attention must be paid to voting age minority residents. 17.94 percent of the total voting age population is Hispanic, 19.15 percent Black, 5.96 percent Asian, 0.19 percent American Indian, and 0.08 percent Other. This reflects a total voting age minority percentage of 43.32 percent.

Commissioners Precincts No. 2 and No. 1 have the highest relative percentage

of minority populations. A determination of whether or not the minority populations in these precincts could be joined in a single precinct, or perhaps concentrated in an effort to maximize minority impact upon elections is difficult to assess without a more detailed evaluation of historical voting patterns, racial demographics, and the realities of political boundaries.

When taken with the numerical imbalances that must be addressed, it would appear that if at all possible, minority populations might be concentrated in Precinct No. 2 to the maximum degree possible to achieve the highest potential minority concentration. Other possible constructions of precinct lines might well result in a favorable racial profile, but at least initially, Precinct No. 2 appears the most readily suitable for minority concentration.

Although minority populations are truly significant, there does not appear to be serious fragmentation of that population in the current lines. While the scope and purpose of the Initial Assessment is limited to an analysis of existing lines, there does appear to be a basis for belief that improvements in numerical balance can be achieved without fragmentation, and in fact, improve the current minority components of the commissioners court precincts. What is not clear without additional study is the voting cohesiveness of the Hispanic and Black populations. While these combined minority populations are large, there is reason to doubt that two minority precincts could be sustained without a cohesiveness that is generally lacking in larger, more urban population concentrations of Hispanic and Black residents. Therefore, it would seem prudent to continue to treat these two minority populations as a single unit, since dividing them into two commissioners court precincts might well result in actual, though unintentional, dilution and retrogression.

INITIAL SUMMARY FINDINGS REGARDING MINORITY REPRESENTATION:

Minority population concentrations are not unduly fragmented by current political boundaries. However, with the numerical balancing necessary, fragmentation may well arise. Political lines must be redrawn, but great care must be utilized to avoid retrogression of minority representation.

General Housekeeping

Some attention should be given to "straightening" political boundaries into more uniform shape. Public Law 94-171, which directed the Census Bureau to develop a uniform mapping and demographic profiling approach for use by small computers, required that all voter tabulation districts (VTDs) follow census block boundaries. In many cases, county voting districts had been previously drawn in a manner which did not follow a census block boundary. This required the State of Texas, acting in conjunction with the State Data Center and the Texas Legislative Council, to move the actual voting district boundary to coincide with a nearby census block boundary for tabulation purposes only. The resulting VTD was no longer "actual," but an approximation referred to as a "pseudo voting district."

Every reasonable effort has been made to conform the pseudo voting district to actual VTD boundaries. However, due to the nature of the available data base, and the requirements of Public Law 94-171, there may be occasions in which the pseudo voting districts, or the resulting lines between commissioners court precincts, are different from those that actually exist. Again, the use of the pseudo voting district was for tabulation purposes only, and any apparent difference between actual and

apparent political lines should be considered as minimal.

However, since all later census counts will be undertaken upon the census blocks, there could be a valid argument that a necessity to alter current election district boundaries to match the census block format exists. Under these circumstances, new political lines will be required to avoid conflict with census block lines that do not match current political area definitions.

In Fort Bend County, we have encountered significant differences between the actual political lines and the pseudo lines forced upon the data base by the census block approach. Should the Commissioners Court determine that future planning requires a consistency between actual political lines and the census block data base, then reapportionment would be required, since new lines would result that might vary the existing tabulation result.

While matching census blocks to actual political lines would not, in and of itself, generally support a decision to reapportion under the circumstances that exist in Fort Bend County, there is a justifiable combination of factors that would support a reapportionment decision. These factors would include:

1. Redrawing election precincts to increase voter convenience.

2. Consolidation of election precincts where practicable.

3. Resizing election precincts to achieve greater efficiency.

4. Harmonizing actual political lines with pseudo voting districts based upon census blocks.

5. Redrawing all lines to achieve "one-person-one-vote" deviations of the smallest possible percentage.

CONCLUSION

While the primary task of reapportionment will concentrate on the issue of numerical balance and minority representation in the formation of the formation of commissioners court precincts, other valuable improvements could also be achieved in the political wellbeing of Fort Bend County by redrawing existing lines. The method and manner by which these less direct goals are accomplished is a responsibility imposed upon the Commissioners Court beyond those expressly required by the Voting Rights Act or the Constitution, but which may have just as much value to the general public. Cost efficiency and voter convenience in elections that might be achieved by a serious evaluation of election precincts, and the elimination of unnecessary confusion by cooperation with other governmental entities are only two of the benefits that might be achieved by reapportionment beyond the legal duties required by law.

Another issue which should be considered is the actual need for Justice of the Peace/Constable Precincts. While local demand for Justice/Constable services may well justify the current number of justice courts, the cost of maintenance and administration of these particular governmental offices should be carefully evaluated.

Finally, the county should consider a wholesale renumbering of its election

precincts in order to simplify future elections. Consolidation should be considered where possible, subject to limitations imposed by state law and were possible by agreement with any Independent School Districts in the County.

Reapportionment should be viewed as an opportunity for streamlining county organization, and a chance to address as many issues as possible to achieve greater participation and involvement in county government. This is the time to plan for future growth, anticipate costs of government operations, and to involve the public in the process of county government. We look forward to working with you in this exacting, but rewarding process.

Dear Judge Stavinoha:

This refers to the realignment of voting precincts and the limited redistricting of commissioner precincts in Fort Bend County, Texas, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. 1973c. We received your submission on September 21, 1987.

STATE OF TEXAS COUNTY OF FORT BEND

Civil Rights Division
Washington, D.C. 20530

Attention: Mr. Gerald W. Jones
Chief of Voting Section

Re: Election Precinct Line Changes; Commissioners, Justices of the Peace, and Constables; Precincts No. 1, 2, and 4, Fort Bend County, Texas

Dear Mr. Jones:

During the July and August, 1986, term of Commissioners' Court, Fort Bend County, Texas, the election precinct lines in County Commissioners, Justices of the Peace, and Constables - Precincts No. 1, 2, and 4, were changed for the convenience of the voters and pursuant to the requirements of the Texas Election Codes.

These changes were for the purpose of realignment of listed election precincts within the said areas and to create additional election precincts within the confines of the overall county election precinct boundaries. Consequently, the boundaries of Precincts No. 1, 2, and 4 remain the same after the changes.

Election Precinct changes are specifically as follows:

Election Precinct No. 1007 is an existing election precinct that was reduced in size by

the creation of a new Election Precinct No. 1067. The exterior boundaries of the proposed 1007 and 1067 are the same as the existing 1007.

Election Precinct Nos. 2021 and 2010 are existing election precincts that were reduced in size by the creation of a new Election Precinct No. 2068. The exterior boundaries of the proposed 2010, 2021, and 2068 are the same as the existing 2010 and 2021.

Election Precinct Nos. 4041 and 4063 are existing election precincts. A portion of Precinct No. 4063 is being extended into Precinct No. 4041 for the purpose of giving said precinct a polling place.

These changes were made for the purpose of realignment of the listed election precincts within the said areas and to create additional election precincts within the confines of the overall county election precinct boundaries. Consequently, the boundaries of Precincts No. 1, No. 2, and No. 4 remain the same.

Enclosed please find the following information for your consideration regarding this matter:

1. Four (4) drawings indicating the proposed changes which are displayed in a green color.

2. A certified copy of the Minutes of Commissioners' Court wherein the changes were approved.

3. A copy of Publisher's Affidavit that gives notice of the changes for three (3) weeks.

In closing, I would like to reiterate that these changes will not affect any County elections or any other elections (state or federal). The changes were made for the convenience of the voters within the election precincts.

Should you have any questions, please feel free to call on me at any time.

Very truly yours,

Jodie E. Stavinoha

Dear Judge Stavinoha:

This refers to the realignment and renumbering of certain voting precincts in Commissioner Precinct No. 3; the creation of Voting Precinct No. 60; the elimination of Voting Precinct No. 47; the renumbering of all voting precincts to include commissioner precinct numbers; and the renumbering of the justice of the peace positions in Precinct No. 2 in Fort Bend County, Texas, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. 1973c. We received your submission on October 15, 1984; supplemental information was received on December 10, 1984.

The Attorney General does not interpose any objections to the changes in question. However, we feel a responsibility to point out that Section 5 of the Voting Rights Act expressly provides that the failure of the Attorney General to object does not bar any subsequent judicial action to enjoin the enforcement of such changes. In addition, as authorized by Section 5, the Attorney General reserves the right to reexamine this submission if additional information that would otherwise require an objection comes to his attention during the remainder of the sixty-day review period. See the Procedures for the Administration of Section 5 (28 C.F.R. 51.42 and 51.48).

Sincerely,

Wm. Bradford Reynolds

Redistricting hearings scheduled by county

Fort Bend County Commissioners Court Monday heard a report from the committee appointed to study redistricting of commissioners' precinct lines, then set four public hearing dates to discuss the plans.

Blair Myska, representing the citizens committee, presented the three proposals recommended by committee members for discussion.

Commissioners set one public hearing in each precinct to give residents an opportunity to share their views on the plans. The court is attempting to finalize the redistricting plan in order to send it to the U.S. Justice Department by Aug. 15. The Justice Department then will review the plans.

Public hearings were set as follows:

Precinct 1: 7 p.m. Aug. 7, Building B, Fort Bend County Fairgrounds; Precinct 2: 7 p.m. Aug. 5, Mustang Civic Center; Precinct 3, 7 p.m., Aug. 6, One Sugar Creek Plaza (Unocal Building) in Sugar Land (tentative); Precinct 4, 7 p.m. Aug. 8, Commissioners Courtroom, Richmond.

Plans are to discuss the three proposals recommended by the committee, and then have one final public hearing before commissioners adopt the plan they intend to send to the Justice Department.

A series of five public hearings on the redistribution of residents among Fort Bend County's four precincts will be held in August.

The hearings are in response to one-person, one-vote federal statutes based on 1990 federal census figures.

"The proposals of an 11-member Redistricting Citizens Advisory Committee will be made at the hearings," said County Judge Roy Cordes, noting that they may favor one of three plans based on data developed by the Allison and Associates consulting firm or come up with something entirely different.

"We're recommending one hearing in each district and a last one that is countywide," committee chairwoman Blair Miska told Commissioners Court at a Monday meeting.

Commissioners set hearings for:

- Precinct 1 - Aug. 7 at 7 p.m. at the Fort Bend County Fairgrounds, State Highway 36, south of Rosenberg.
- Precinct 2 - Aug. 5 at 7 p.m. at the Mustang Civic Center, Farm Road 521, Fresno.
- Precinct 3 - Aug. 6 at 7 p.m. at One Sugar Creek Place, Sugar Land.
- Precinct 4 - Aug. 8 at 7 p.m. in the Commissioners Board Room, Jane Long Annex, Richmond.

Pct. 4 Commissioner Bob Lutts said he selected the Richmond site because "my district stretches from Beasley to Missouri City and this seems like the most central place, even though it is another precinct."

Commissioners agreed to act at a regular Court meeting on Aug. 5 to set a countywide hearing and make recommendations on Aug. 12 at a time and place to be announced. "We have until August 15 to send all this data to the state," Lutts reminded.

If populations are equalized, each Fort Bend County precinct would have between 55,000 and 59,000 residents. In Precinct 1 on the county's west end, Commissioner Bud O'Shieles already is taking steps to meet what figures to be a substantial head-count hike in less-developed Precinct 1 to balance the east end's population explosion.

O'Shieles got the court's permission to engage Don Hartfiel for preliminary architectural designs on enlarging the Precinct 1 headquarters along Farm Road 762. "No matter what plan is adopted, we'll need more space," says the commissioner from Richmond.

In the meantime, U.S. Rep. Tom DeLay has contacted Fort Bend County Commissioners Court, asking for a resolution urging that Fort Bend County be left in his 22nd Congressional District. DeLay lives in Sugar Land.

"There has been some talk that the State Legislature during the special session will be looking at moving parts of the county's extreme east and west ends into other Congressional districts," said Cordes after commissioners voted unanimously to keep the county in the 22nd district. Copies of the resolution will be sent to state representatives and senators from the Fort Bend area.

In an unrelated matter, commissioners voted to put stop signs on all four corners of the Four Corners community at Old Richmond and Boss Gaston Roads where upgraded roads were dedicated at a large Saturday ceremony a few months ago.

County redistricting hearings to begin

Fort Bend County Commissioners Court Monday set the final public hearings on the county's redistricting process and could next Monday finalize a plan which will then be submitted to the U.S. Department of Justice for consideration.

Public hearings in each precinct will begin at 7 tonight with the Precinct 2 meeting set for the Mustang Civic Center. The hearings will be conducted by the citizens redistricting committee, which has presented three redistricting plans for Commissioners Court for consideration.

The hearings are being held for public input on redrawing of precinct lines for commissioners, constables and justices of the peace boundaries. Population buildups and shifts since the last redistricting process require the changes to equalize population numbers in each precinct.

Precinct 3 will hold its public hearing at 7 p.m. Tuesday in the Unocal Building in Sugar Land and Precinct 1 will hold its meeting

at 7 p.m. Wednesday in Building B of the Fort Bend County Fairgrounds. Precinct 4 will hold its meeting at 7 p.m. Thursday in the Commissioners Courtroom in the Jane Long Annex in Richmond.

The final public hearing will be held at 10:15 a.m. next Monday during the regular Commissioners Court meeting.

County Judge Roy Cordes Jr. said the agenda item would enable the commissioners to take action on any plan if they choose to do so. The court is attempting to finalize the redistricting plan in order to send it to the Justice Department by Aug. 15. The Justice Department then will review the plans.

Re: Report of the Citizens Advisory Commitee on Redistricting

Gentlemen:

At the request of the Commissioners Court, the Citizens Advisory Committee on Redistricting (the "Committee") has reconvened to review all proposed redistricting plans submitted to the Commissioners Court or the Committee. The Committee met on August 29, 1991, September 5, 1991 and September 9, 1991. The Committee recommends (subject to review by counsel) Plans B-2 and D-6 to the Commissioners Court for your consideration in adopting a redistricting plan for Fort Bend County. Measures taken to correct deviations between Voting Tabulation Districts and the municipal boundary lines of Houston, Missouri City, Sugar Land, and Rosenberg in conformity with the requirements of the Texas Election Code are detailed in the first enclosure to this letter. The Committee believes that Plan B-2 and Plan D-6 comply with *(i)* the one person, one vote requirement of the United States Constitution, *(ii)* the requirements of the Voting Rights Act of 1965, and *(iii)* the requirements of the Texas Election Code. An analysis of each redistricting plan is enclosed with this letter along with copies of the redistricting plans.

The Committee has received a request from the City Council of Sugar Land which may be incorporated into the redistricting plan to be adopted by the Commissioners Court. The City Council has requested that *(i)* the areas in Voting Precinct 42 bounded by State Highway 6 to the south, U.S. Highway 59 to the west, and Williams Trace Boulevard to the east and north be either placed in a new voting precinct or combined with Voting Precinct 46; *(ii)* the areas in Voting Precincts 11 and 47 bounded by State Highway 6 to the north, Ditch C to the east, Steepbank Creek to the south, and Ditch E and Lexington Boulevard to the west be placed into new voting precincts; and *(iii)* the area in Voting Precincts 47 and 64 bounded by Settlers Way Boulevard to the east, Steepbank Creek to the south, Ditch C to the west, and State Highway 6 to the north be placed into new voting precincts. The first request was made for the convenience of the voters in the affected area who will otherwise be required to travel across U.S. Highway 59 to vote. The second and third

requests were made in order to reflect the annexation of Fort Bend County MUD 12 by the City of Sugar Land in the fourth quarter of 1991. The Committee is aware of no other change in the alignment or configuration of voting precincts which would be required as a result of the pending annexation of an area in Fort Bend County by a municipality.

The Committee also received a request from the City of Stafford that the portion of Sugar Creek in the city limits of Stafford be placed in a separate voting precinct. The area in question is bounded by Dulles Avenue to the east, Highway 90A to the north, and the municipal boundary of Stafford to the west and south. This area was included in Voting Tabulation District 9 following the 1990 census and was therefore incorporated into each redistricting plan submitted to the Committee. The area in question should be placed in a separate voting precinct.

Sincerely,

Blair Myska

C. PUBLICITY

PLANS: Details of proposed redistricting plans examined

Continued from page 1

Allison said the Hispanic population has grown, but is widely dispersed in the county population and was "difficult to bring together in a higher concentration."

Plan B

The second plan would have a maximum population deviation of 6.91 percent, again with Precinct 1 holding 54,081 residents. Precinct 2 would have 56,067, and Precincts 3 and 4 would be similar with 57,298 and 57,975, respectively.

Allison noted with regard to the Voting Rights Act, Plan B is weaker in that it drops the minority percentage in Precinct 2. The plan shows the black majority in Precinct 2 dropping to 53.39 percent, lower than in Plan 1. The Hispanic representation in Precinct 1 would remain at 35.42 percent.

However, Allison noted that officials feel that Hispanics have been undercounted in the census and Precinct 1, in all the plans, would gain Hispanic numbers should an adjustment be made.

He also said the only other difference in the first two plans is the shifting of two boxes in the east end. In Plan A, boxes 61 and 34 are in Precinct 4; in Plan B, they are moved to Precinct 2.

Plan C

This plan, Allison said, was the only one submitted by the committee which split existing voter precincts. The plan maintains Precinct 1 west of the Brazos River, but then pushes across the Brazos into portions of voting precincts 3, 34 and 61.

The plan also would push Precinct 2 westward to includ boxes 9, 46 and 49 as well as Stafford box 27. Precinct 3 would continue to hug the northern boundary of the county west to Katy, and Precinct 4 would continue to snake through the county westward to Fulshear.

This plan shows a maximum population deviation of 8.1 percent with the following breakdowns: Precinct 1, 56,738; Precinct 2, 53,410; Precinct 3, 57,298; and Precinct 4, 57,975.

The plan would increase the black majority in Precinct 2 to 55.46 percent, and would take the Hispanic presence in Precinct 1 to 36.16 percent.

Plan D

This plan was presented to the audience by Frank Yeverino, a member of the Fairness Committee. The plan was drastically different from those submitted by the committee, yet it had a population deviation of 7.37 percent: Precinct 1, 54,130; Precinct 2, 54,883; Precinct 3, 58,126; and Precinct 4, 58,282.

The plan boosts the Hispanic representation in Precinct 1 to 39.99 percent and maintains a 54.15 percent black majority in Precinct 2.

Yeverino said the Fairness Committee kept the Justice Department guidelines in mind when developing the plan. "The precincts clearly maximize the minority vote. They are compact and contiguous and we didn't split any VTDs (voting precincts)," Yeverino said.

He added that the plan reflects the 65 percent Hispanic growth the county had in the 1980s.

The plan puts Precinct 1 squarely in the middle of the county, beginning on the southwest side with boxes 54, 38, 12, 39 and 25, then moving eastward with boxes 37, 16, 40, 1, 26, 53, 60 and 27.

Precinct 2 would continue to hug the northeast corner of the county beginning at the northernmost box 13 in the Missouri City area, going to the Arcola area of box 3.

Though Precinct 4 would include on the north side boxes 20, 42, 29 and 9 in the Sugar Land area, it would stretch southward to cross the Brazos and include boxes 67 (Tara), 7 (Booth), 21 Needville), 18 (Fairchilds) and 68 (Guy).

Precinct 3 would become the largest precinct with regard to land mass. Starting at Meadows (box 20) on the north side, the precinct would do a western loop of the county to include boxes 43, 5, 6, 14, 4, 22, 8, 32, 57, 45, 63, 24, 15, 2. 10. 1-. 41 and 66.

That would place Pecan Grove in Precinct 3 all the way around to box 10, Needville.

The plan received vocal backing from a large group of Fairness Committee members in attendance at Wednesday night's public hearing.

Plan E

This plan was unveiled by citizens committee member Dave Stone and statistical data was not available on it at Wednesday's meeting.

The plan resembles more closely the three plans recommended by the committee. The major differences — based on appearances of a map distributed at the meeting — would be that Precinct 4 would not stretch all the way to the western boundaries of the county. It would use boxes 42 and 20 in Sugar Land as its westernmost boundaries. Precinct 3 would stretch westward to include the Fulshear and Simonton areas.

Precinct 1's western boundary would be box 8 (Orchard), 15 (Beasley) and 2 (Kendleton) and the precinct would cross the Brazos to include box 26, the area between Sugar Land and Pecan Grove.

The rest of Precinct 1 would be most of the south and southwestern portion of the county bordered on the east by boxes 7 and 21, and including Richmond and Rosenberg as in all previous plans.

Another redistricting plan surfaces

By BOB HAENEL

The effort to draw new boundaries for commissioners, constables and justices of the peace in Fort Bend County gained yet another plan which was unveiled at the final precinct public hearing held in Richmond Thursday night.

The Precinct 4 meeting was held at the Jane Long Courthouse Annex, and the first five plans which have been submitted were discussed, and the new plan was unveiled by Dave Stone, a member of the citizens redistricting committee appointed by Fort Bend County Commissioners Court.

The latest plan is the second offered by Stone, who unveiled a fifth plan at Wednesday night's public hearing for Precinct 1 residents.

The first three plans were developed by the committee, and they were joined by a fourth plan — Plan D — offered by the Fairness Committee, a group of Hispanics trying to maintain a high level of representation in Precinct 1 for the minority population.

All plans will be reviewed in further committee meetings this weekend, and Commissioners Court plans to hold a 10:15 a.m. public hearing Monday to further seek public input on the redisricting efforts.

The first three plans were similar in nature, giving all of the area west of the Brazos River to Precinct 1, plus some additional areas. All three plans called for Simonton to be moved from Precinct 4 to Precinct 1. Plan C had Precinct 1 also crossing the Brazos into portions of East Fort Bend County.

Simonton Mayor Maurice Berkman, who said he was speaking as a resident and as mayor, said he hopes that the Simonton and Fulshear communities would remain in the same precinct, as they are now in Precinct 4.

He said the two communities have much in common, socially, politically and ethnically. He said, too, that Simonton's proximity to the Precinct 4 work barn in Fulshear puts the city within five miles of that facility as opposed to 25

See PLAN, page 10

PLAN: Another redistricting suggestion surfaces in meeting

Continued from page 1

miles to the Precinct 1 facility in Richmond.

All three of the redistricting committee's plans have Precinct 4 winding through the central part of the county, beginning in Missouri City and ending in West Fort Bend County in Fulshear. All three plans continue to include Pecan Grove in Precinct 4 as well.

Members of the Fairness Committee again presented the data behind their Plan D. That plan is somewhat of a departure from what currently exists and what has been offered by the redistricting committee. Though it keeps Rosenberg and Richmond in Precinct 1, the rest of that precinct shoots northeast all the way to Stafford.

Backers of Plan D say it not only holds the Hispanic impact of Precinct 1 at the 39.99 percent level (it's currently 40.9 percent), but also would create a precinct with a minority majority when combining all minorities.

Precinct 4 would still include parts of Sugar Land and Missouri City, but would then head south to include the Tara area, Booth area, and Fairchilds area.

Precinct 3 in the plan would go from Meadows on the north side, horseshoe around Precinct 1 and end up in box 10, the Needville area.

Precinct 2 would continue to be mostly far East Fort Bend County.

Stone's first offering, Plan E, closely resembles the first three plans in that it gives Precinct 1 the territory west of the Brazos River as well as box 26 between Sugar Land and Pecan Grove.

Precinct 3 would continue to stretch from the Meadows on the north to Simonton on the west, and include Pecan Grove.

Precinct 4 would be a combination of boxes in Sugar Land, First Colony and Missouri City, and Precinct 2 would be from Safford on the west wrapping around to Arcola on the southeast.

Stone's Plan F resembles Plan D with regard to Precincts 1 and 3. But the change is between Precincts 4 and 2. Four would be the smallest precinct in land mass but the largest in population, Stone said, including boxes in Sugar Land, First Colony and parts of Missouri City. Precinct 2, though, would start in Missouri City and wrap around to include Guy, Fairchilds, Tara and Booth on its southern boundaries similar to its current alignment.

Redistricting public hearing part of commissioners agenda

The last scheduled public hearing on the redistricting of the Fort Bend County commissioners, constables and justices of the peace precincts will be held as part of the regular Commissioners Court meeting Monday.

The regular portion of the meeting will begin at 9 a.m. and the public hearing on redistricting is scheduled for 10:15 a.m. in the Commissioners Courtroom in the Jane Long Courthouse Annex.

This meeting follows four public hearings — one held for each current precinct — held this past week. During those hearings, three plans offered by the citizens redistricting committee appointed by Commissioners Court were discussed, as were three more plans.

The fourth plan was offered by the Fairness Committee, a group of Hispanics seeking to maintain the same levels of Hispanic representation in Precinct 1. The fifth and sixth plans were offered by citizens redistricting committee member Dave Stone.

Redistricting is not listed as an action item on the agenda.

In the regular meeting, commissioners will canvass the results of the Aug. 10 special election, and the court is scheduled to accept payments from the school districts participating in the election, which the county is conducting for them.

Commissioners also are scheduled to consider creating additional dispatching positions for the Sheriff's Department.

Final redistricting decision won't come until next week

Although a final decision on redistricting of Fort Bend County commissioners, constables and justices of the peace boundaries scheduled to happen, County Judge Roy Cordes Jr. said the decision has been delayed a week.

Cordes, who has been in Austin since Wednesday for a post-legislative conference, said the county's counsel on redistricting — Jim Allison of the Austin law firm of Allison & Associates — will not be able to meet with commissioners Monday as originally planned.

"Mr. Allison is general counsel for the County Judges and Commissioners Association and he will need to be in Austin Monday because the Legislature is reconvening, they're going to be talking about prisons so he needs to be there," Cordes said Friday.

Cordes said Allison wants to meet with Commissioners Court members in closed executive session due to the possibility of litigation about the plans, and he wants to review the plans with court members before they make a final decision.

The court has under consideration seven different plans which have been developed by different sources the past few months.

The citizens advisory committee appointed by commissioners delivered three plans several weeks ago, and when public hearings began in individual precincts last week, another four plans have been proposed — one from the committee itself, two from committee member Dave Stone, and another from a group called the Fairness Committee, a Hispanic group trying to preserve a strong Hispanic impact in Precinct 1.

In Monday's public hearing during the Commissioners Court meeting, the citizens committee offered its final plan and an amended version of one of its original plans as the committee's recommendation.

The original timeline on adopting a plan by commissioners was Aug. 15. The U.S. Justice Department has 60 days to review the plan submitted by the county, and should the department raise questions or seek more information, it can request an additional 60 days.

Asked what impact that would have on filing dates on the political calendar for the upcoming election year, Cordes said if the Justice Department accepts the plan, it should not conflict with filing dates for candidates.

Commissioners delay decison on redistricting plan to Sept. 9

By BOB HAENEL

Following a presentation by members of the Hispanic committee seeking another predominantly minority precinct, Fort Bend County Commissioners Court Monday decided to delay selection of a redistricting plan.

Commissioners heard details of a revision of the plan the Fair Plan Committee originally issued during public hearings earlier this month. The revised plan is the eighth offering that has cropped up during the redistricting process, which began with the appointment of a citizens advisory committee.

Following Monday's action, commissioners decided they would call upon the advisory committee to study the revised "Plan D," offered by the Hispanic group, as well as Plan B, the plan that seems to be the favorite from all the plans recommended by the advisory committee or its individual members.

County Judge Roy Cordes Jr. opened discussion in Monday's Commissioners Court by giving three members of the Fair Plan Committee an opportunity to address the court.

The members described the revisions made to their origional Plan D, which maintained a minority majority in Precinct 2 and produced a minority majority in Precinct 1.

Dora Olivo, a member of the committee as well as the Southwest Voter Registration Education Project, said the revised Plan D centers on several factors, including: one person, one vote; an attempt not to dilute minority voting strength as per the 1965 Voting Rights Act; to maximize the impact of Hispanics in Precinct 1 (40.54 percent), which, when combined with black voters in the plan would give the precinct a minority population of 52.65 percent; and is "compact, contiguous and connects communities of interest."

Olivo said the plan had been revised due to input heard at various public hearings and from commissioners themselves.

The plan, which gives Precinct 1 Richmond and Rosenberg then heads northeast through Sugar Land to Stafford, also received some alterations to improve contiguity, she said, by splitting box 42 to "create a necessary bridge (from box 26, the area between Sugar Land and Pecan Grove) to box 53 in Sugar Land.

The plan has Precinct 3 wrapping around Precinct 1 beginning in the Meadows in the north, sweeping west to include Pecan Grove all the way to the western boundary of the county, then looping back east to include Needville.

Precinct 4 in the plan comes from Sugar Land and Missouri City southwest to include Fairchild and Guy; and Precinct 2 is far east Fort Bend County along with portions of Missouri City.

See DELAY, page 2

53 2079

DELAY: County redistricting decision put off until Sept. 9

Continued from page 1

Plan B, offered by the citizens advisory committee, gives Precinct 1 all the territory west of the Brazos River along with Simonton. Precinct 4 continues to stretch from Missouri City through Sugar Land to Pecan Grove and Fulshear in the West. Precinct 3 also starts in East Fort Bend and heads west to Katy. Precinct 2 includes Stafford, parts of Missouri City and far East Fort Bend County.

Olivo said the plan does not create a second minority district and does not maintain the current Hispanic impact on Precinct 1, which is 40.1 percent. It is also not compact. "A minority candidate would be at a distinct disadvantage," she said.

Olivo said the U.S. Justice Department — which must approve the redistricting plan — is keeping a close watch on dilution of minority voting strength.

"We don't want a war," she said. "We just want fairness."

Commissioners, under the possibility of litigation, met in closed session to discuss redistricting with Jim Allison of Allison & Associates, the law firm hired to help guide the county through the redistricting procedure.

They returned from the closed session Monday afternoon and decided at that time to delay a vote on the matter until Sept. 9.

Cordes said Tuesday that the advisory committee was asked to "check the methodology" used to develop the plans, and Allison is going to verify the demographics of all plans before a decision is made.

Cordes said the plan selected by commissioners should be arranged and developed for shipment to the Justice Department by Sept. 15-16. The Justice Department has 60 days to study the plan, and if accepted, Cordes said the county would have its boundaries by the end of November.

Filing by political candidates begins in December.

Should the Justice Department reject the plan or seek an additional 60 days to study it, Cordes said that raises question marks about the timing of the 1992 political season.

Redistricting delayed

Though Fort Bend County Commissioners Court had originally intended to select a redistricting plan in its Sept. 9, the schedule has been changed and commissioners will take up the decision in their Sept. 16 meeting.

County Judge Roy Cordes Jr. said the switch was made for two reasons. One of the commissioners will not be able to attend this Monday's meeting, and, the court wanted to give the Hispanic group which has introduced a plan to be considered extra time to study all the demographics behind the two plans the court and the citizens advisory committee are study at this time.

After selecting a plan, it will be readied by a law firm and sent to the U.S. Department of Justice for consideration.

Redistricting proposal on tap again for court

After a number of public hearings and delays, Fort Bend County Commissioners Court in its 9 a.m. meeting Monday is scheduled to adopt a redistricting proposal for the county's commissioners, constables and justices of the peace precinct lines.

Commissioners originally proposed adopting a plan in August, but after public hearings and work by the citizens advisory committee produced no less than eight different plans not including revisions of several, the process was delayed.

Redistricting was last discussed by commissioners in their last meeting of August when one plan produced by the advisory committee and another plan developed by a group of Hispanics were up for consideration after revisions to both plans.

The advisory committee has been meeting on the redistricting issue and commissioners will be set for a vote Monday. Also on Monday's agenda, commissioners have the item of "the legality of redistricting proposals" on the closed session agenda.

Redistricting saga drags on

Will feds approve county's plan? Will Hispanics?

When Fort Bend County Commissioners Court Monday finally selected the redistricting plan the court is sending to the U.S. Justice Department, it was just a bit anticlimactic.

This process began several months ago with selection of a citizens advisory committee and eight plans plus revisions ad nauseum have dragged the process out just a little too long.

No doubt, the process is filled with laws, statistics and trying to second-guess the feds. The threat of litigation may have had a little something to do wih the length of the process as well. The Fair Plan committee, a group of Hispanic residents, proposed a plan along with revisions which commissioners considered along with the several submitted by the citizens committee.

Although no one ever came out and said "We're going to take this to court" during this process, there was always an underlying feeling that that could be the outcome if the Hispanics' plan was not adopted. We'll see.

Some questions have to be asked, though, after commissioners selected a slight variation of a plan that has been the favorite since the court weeded the offerings down to three.

Bob Haenel

Did the court string out the process as a method of politely giving lip service to the Hispanic group?

Maybe, maybe not. There are a lot of statistics that have to be hashed out with each change on these plans, and they were changed quite often, although not in a major way. Still, swapping a precinct here, a precinct there calls for rerunning stats and studying the results.

Second question is, will the Hispanics send their own plan to Washington for the U.S. Justice Department to look at, or will they file some sort of suit, or do nothing at all?

If they send in their own plan, that brings up the question of why would the Justice Department look at any other plan than the county's if the county meets the criteria set forth in the process itself?

The major weakness that has been discussed with the county's Plan 1A — which sounds a lot like a new blood type — is that it is not compact, as pointed out by the Fair Plan folks on a number of occasions.

We'll see how that stacks up in Washington.

Raymond Saage is quite a guy. I had the opportunity to visit with him last week in preparation for the Rosenber/Richmond Area Chamber of Commerce's 35th anniversary, which will be celebrated Saturday night with a dinner/auction.

Raymond served as the chamber's second and third president back in the 50s. One of the tasks he had was to secure a speaker for the first annual banquet.

Raymond always liked to shoot high. He got a polite rejection from then Vice President Richard Nixon and got a nice letter, but a "no", from the Bingmeister himself, Bing Crosby.

So the chamber had to settle for third choice, Gov. Price Daniel, which, if we're talking third choice, wasn't too shabby.

So Raymond and the chamber got the governor to speak, and Raymond at the very least got autographs from Nixon and Bing.

Never aim too low.

As described by Allison, the plan selected by commissioners protects the black majority population in Precinct 2 as well as the combined minority population in that precinct.

It maintains the black population of about 53 percent and raises the Hispanic population from 18.3 percent to 20 percent.

The Fair Plan design would have dropped the combined minority population in Precinct 2 to about 67 percent from 72 percent as it stands now.

On the other hand, the Fair Plan would have created another minority-majority precinct in Precinct 1 by combining the Rosenberg-Richmond area through Sugar Land to the Stafford area.

Fair Plan representatives pointed out Monday that Plan B1-A would drop the Hispanic representation in Precinct 1 from its current level of 40 percent to 35.42 percent.

They also said the plan adopted by the county does not present a compact Precinct 1.

Cordes said Allison will take two weeks to compile the county's package to be sent to the Justice Department.

The Justice Department then has 60 days to study the plan and can take an additional 60 days if it needs more information or rejects the plan.

Cordes said another factor are lawsuits regarding the state Legislative lines, which could impact the redistricting plan.

Commissioners hear from Hispanics on redistricting; don't take action

Took Action

By BOB HAENEL

Though Commissioners Court had not taken action on selecting a redistricting plan at presstime Monday, the court did allow a representative from the Fair Plan Committee make a presentation.

Commissioners were to meet in closed session with Jim Allison of Allison & Associates, the law firm hired by the county to help guide it through the redistricting process, and later Monday commissioners were to select a plan.

Guadalupe Nieto, representing the committee of Hispanic residents who have introduced a plan and revisions to that plan for consideration, said the committee objects to the plan devised by the citizen advisory committee appointed by commissioners court.

The plan apparently is the leader of the eight plans and revisions submitted for consideration.

Known as Plan B-2 after a revision, the plan would place all of the territory west of the Brazos River in Precinct 1.

Nieto said the committee objects to the plan because it "dilutes minority voting strength." He said the Hispanic percentage in the proposed district would drop from 40 percent to 35.4 percent and it also would present an anglo majority in the precinct.

Nieto said the plan also does not "make an attempt to connect communities of interest," referring to the Fair Plan's design, which connects minority communities in the Rosenberg-Richmond area with those in Stafford.

Nieto said one of the representatives on the citizens advisory committee had told the Fair Plan Committee that Allison had said the Hispanic group's plan did not meet certain codes and could not be used.

Nieto said the committee inquired about the problems and did not receive a response.

"We are at a disadvantage in not knowing," Nieto said.

The Fair Plan's design would group Rosenberg and Richmond together with some parts of Sugar Land and Stafford to form Precinct 1.

Precinct 3 would wrap around Precinct 1 starting in Meadows heading west to the county line and then heading back east to include Needville.

Precinct 4 would originate in the Sugar Land-Missouri City area and head south to include Guy to the county line. Precinct 2 would include far east Fort Bend County.

Final redistricting decision won't come until next week

Although a final decision on redistricting of Fort Bend County commissioners, constables and justices of the peace boundaries scheduled to happen, County Judge Roy Cordes Jr. said the decision has been delayed a week.

Cordes, who has been in Austin since Wednesday for a post-legislative conference, said the county's counsel on redistricting — Jim Allison of the Austin law firm of Allison & Associates — will not be able to meet with commissioners Monday as originally planned.

"Mr. Allison is general counsel for the County Judges and Commissioners Association and he will need to be in Austin Monday because the Legislature is reconvening, they're going to be talking about prisons so he needs to be there," Cordes said Friday.

Cordes said Allison wants to meet with Commissioners Court members in closed executive session due to the possibility of litigation about the plans, and he wants to review the plans with court members before they make a final decision.

The court has under consideration seven different plans which have been developed by different sources the past few months.

The citizens advisory committee appointed by commissioners delivered three plans several weeks ago, and when public hearings began in individual precincts last week, another four plans have been proposed — one from the committee itself, two from committee member Dave Stone, and another from a group called the Fairness Committee, a Hispanic group trying to preserve a strong Hispanic impact in Precinct 1.

In Monday's public hearing during the Commissioners Court meeting, the citizens committee offered its final plan and an amended version of one of its original plans as the committee's recommendation.

The original timeline on adopting a plan by commissioners was Aug. 15. The U.S. Justice Department has 60 days to review the plan submitted by the county, and should the department raise questions or seek more information, it can request an additional 60 days.

Asked what impact that would have on filing dates on the political calendar for the upcoming election year, Cordes said if the Justice Department accepts the plan, it should not conflict with filing dates for candidates.

Proposed plans all have strong, weak points

There it was, tucked neatly underneath the Rotary membership roster and a feasibility study for the expansion of the Fort Bend County Jail and Juvenile Detention Center.

The basket in which I found my colorized, official voting precinct map of the county had not been emptied in quite a spell. In fact, my desk looked like a great start for a paper recycling program.

My wife fusses at me for the way my desk appears to all who enter my office. She says I'll discover the fabled Flight 19 on it someday and we'll have a bonafide tourist attraction right here on Fourth Street.

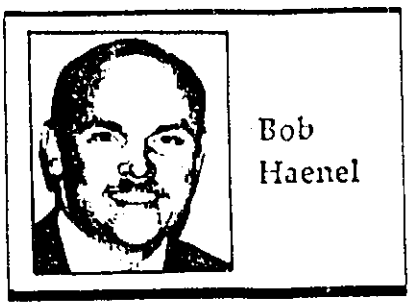

Regardless, the map was in hand and now is tacked on my wall at least for a few more weeks. We're in the middle of county redistricting and it's a great help for pinpointing who's going to end up where as far as county precincts are concerned.

Unfortunately for me, now that I've found the map, it's going to be outdated within a matter of months, so I'll have to beg a new version once the county has its new districts in hand.

As you may have read over the past few weeks, a citizens advisory committee has been working diligently on developing a new redistricting plan for us. They came up with eight plans, discarded five and handed the Commissioners Court three.

That was a couple of weeks ago, before public hearings began. Since that time, the committee or one of its members has developed three more plans, and another group has added yet another. So we're almost back to where the committee first started with seven plans for commissioners to consider before they attempt a vote next Monday. Actually, we are back to square one because the committee redesigned one of the plans so I guess we can say we're back at eight.

They've labeled the plans by the alphabet...A,B,C, etc., and I suppose if we all had the time, folks could continue right on through to Plan Z. But the election year approacheth and considering the plan has to be approved by the U.S. Justice Department, time is running short.

Bob Haenel

I'd like to make a few comments on some of the plans.

Most of the committee plans have shown Precinct 1 including all the territory west of the Brazos, crossing in certain spots to shore up the numbers to where they're supposed to be — 56,355.

That sounds pretty good to a lot of West Fort Bend folks. Nice and neat. We all have something in common, we're all west of the Brazos. The only negative I can see to this is that all of us west of the Brazos will have only one commissioner. The rest will be on the east side of the river.

Rarely have I seen a vote cast by commissioners based on geography — though I've heard it charged many a time — but with our current alignment, three of the four precincts have had voters west of the Brazos.

With most of these plans, only one will have to answer to west side voters.

The most talked about plan has been the one introduced by the Fairness Committee, a group of Hispanics attempting to preserve a heavy Latino impact in one precinct and at the same time creating a second minority majority precinct in the county.

There are pluses and minuses to this plan, as far as I can see. The pluses are that it almost completely throws out the alignment we have now. Precinct 4, for instance, starts at box 20 in the north portion of Sugar Land and works straight south to box 68, southeast of Needville.

Needville, by the way, is the southernmost point of Precinct 3, which horseshoes around Central Fort Bend County all the way to the Meadows where Commissioner Alton Pressley lives.

Precinct 2 is compacted to northeast Fort Bend, preserving the black majority there.

Precinct 1 includes Richmond and Rosenberg and then snakes northeast to Stafford.

An interesting look, although I'm sure the folks in Needville probably would rather be in Precinct 1.

The negatives I've heard about the plan vary. One is minor and the other is major.

The minor objection is that the plan doesn't include the relatively new Precinct 1 maintenance barn in it. The Hispanics understandably didn't want box 67 — Tara and ultimately Greatwood — in the precinct.

But that could be taken care of by splitting 67 to include the barn.

But what may be a major point, is that box 26 — between Sugar Land and Pecan Grove — only "touches" box 53 in Sugar Land on its way to box 27 in Stafford.

I'm a little fuzzy on rules here, but I wonder if Highway 6's four lanes and a turning lane provide enough continuity to satisfy Washington. Maybe it does.

Before the commissioners make their decision, I'll be working on Plan Z. Methodology will be to find the population center in the county — I figure somewhere near the city limits of Missouri City and Sugar Land — and draw lines east, west, north and south and see if we can't satisfy everyone.

Then again, if it were that simple, we'd already have a plan to Washington and back.

Seventh redistricting plan offered; vote next Monday

By BOB HAENEL

Following meetings this weekend, members of the citizens advisory committee on redistricting Monday in a public hearing offered a revision of one plan it had recommended, and introduced the seventh plan which would change the county's precinct lines for commissioners, constables and justices of the peace.

The committee, comprised of 11 citizens appointed by Fort Bend County Commissioners Court, said it backed a modified version of Plan B, a plan originally introduced to commissioners several weeks ago. The plan calls for the territory west of the Brazos River to comprise Precinct 1, as well as including Simonton. The slight alteration introduced is to divide box 26 — the area between Pecan Grove and Sugar Land — into two parts with the portion south of Highway 90-A going to Precinct 1 and the northern section remaining in Precinct 4. Committee members also mentioned dividing box 41, which is directly north of Rosenberg, to include minority-dominant areas in Precinct 1. Committee members said it backed that alteration "if it increased Hispanic representation in Precinct 1."

Precinct 4 would continue to run from Missouri City on the east to Fulshear in the west, and Precinct 3 would begin in The Meadows and go west to Katy. Precinct 2 would include Stafford as well as some portions of Missouri City and wrap around eastward to include Arcola.

Plan G, the new plan introduced Monday, would include box 26 in Precinct 1. However, it would stop Precinct 4 to include box 61 (Missouri City) in the east and boxes 42 and 20 (Sugar Land) on the west.

Dave Stone, a committee member, told Commissioners Court that further analysis showed that minority representation in Precinct 1 was actually less in Plan G than in the modified Plan B. He said Plan B would arrive at the highest compliance with regard to the Voting Rights Act of 1965 than all other plans.

In other portions of the public hearing, Dora Olivo, who was representing the Fairness Committee, which has developed a plan to maintain a high level of Hispanic and other minority representation in Precinct 1, said the committee is still backing its Plan D because the proposal makes Precinct 1 a "compact" precinct as per U.S. Justice Department guidelines.

Olivo asked that Commissioners

Sheriff gets four more dispatchers to aid 9-1-1

Fort Bend County Commissioners Court Monday approved an additional four dispatchers for the Sheriff's Department following a request by Sheriff Perry Hillegeist.

Hillegeist had made the request earlier in the year before the onset of the 9-1-1 Emergency phone system. That system was implemented county-wide on July 31.

The positions were approved effective Sept. 1, and will join the staff of 17 dispatchers already working at the department.

Asked how 9-1-1 was working so far, Hillegeist said there have been no problems other than approximately 800 "hang-up" calls in which he believed people were "testing" the system.

"What they don't realize is that we respond to all of those calls," Hillegeist said.

Precinct 4 Commissioner Bob Lutts said that the public needs to be aware of the additional costs to the county that "testing calls" are costing.

Other than those calls, Hillegeist said the new program is working soundly.

Man recovers from gunshot to face

A Sugar Land man shot in the face Saturday night during a domestic dispute near Richmond is recovering from his wounds in a Houston hospital.

Ernest Hordge, 42, was listed in stable condition Monday morning at Hermann Hospital, according to a hospital spokeswoman.

Hordge was flown by Life Flight helicopter to the hospital from his aunt's house at 16521 Boss Gaston Road shortly after midnight Sunday morning, according to a Fort Bend County Sheriff's Department report.

Relatives told police that Hordge had been arguing with an aunt when another relative apparently shot him with a .38 caliber pistol on the left side of his face shortly before midnight.

The man who shot him fled the home in a car following the shooting and has not been arrested. His name and relation to Hordge are not being released pending any charges being filed against him.

He is being sought for questioning by the sheriff's department, according to a sheriff's department written statement.

A relative called police, who arrived to find Hordge conscious and sitting on a sofa in the one-story home. Life Flight personnel were then called to take him to Hermann Hospital.

No others in the home were hurt by the gunfire.

Court — which plans to vote on a plan in next Monday's meeting — should consider creating a compact precinct in order to enhance the minority impact on it. Olivo said should the court go for another plan, the Fairness Committee would offer its own plan to the Justice Department with written objections to the plan offered by the county.

After the hearing, Olivo said the committee would wait to study any plans being considered by the court before the committee decides what action it will take. "We want to be fair to the process," she said.

The Fairness Committee's Plan D creates a Precinct 1 which includes Richmond and Rosenberg and heads northeast to include Stafford. The Hispanic minority in that proposed precinct would be 39.99 percent, closest to its current 40.9 percent.

Several other members of the Fairness Committee addressed commissioners as well, stating their preference for Plan D.

Two mayors from East Fort Bend cities also expressed their concerns about the plans submitted to date. Missouri City Mayor John Knox reiterated the complaints he aired last Wednesday at the Precinct 1 public hearing that the plans split his city into no less than three precincts. He said Missouri City would prefer two precincts at the most.

Stafford Mayor Leonard Scarcella expressed similar feelings, although he brought into the input the fact that Stafford is proposed to be split into two senatorial districts and placed in the new proposed state representative district. Scarcella said his city of "7 square miles and 9,000 people" stands the chance of being placed into seven different voting areas, considering all the different political boundaries.

Most plans call for Stafford to go to Precinct 2, and though Scarcella did not object to that, he said "Stafford has been in Precinct 3 the last half century."

Jim Allison of the law firm Allison & Associates, the firm hired to help develop the plans, said that the commissioners would select a plan which would be submitted to the Justice Deparment. The Justice Department has 60 days to study the plan, then can either ask for clarification, accept it or reject it. Should it request more information, the Justice Department then would have another 60 days to study the plan.

Redistricting public hearing part of commissioners agenda

The last scheduled public hearing on the redistricting of the Fort Bend County commissioners, constables and justices of the peace precincts will be held as part of the regular Commissioners Court meeting Monday.

The regular portion of the meeting will begin at 9 a.m. and the public hearing on redistricting is scheduled for 10:15 a.m. in the Commissioners Courtroom in the Jane Long Courthouse Annex.

This meeting follows four public hearings — one held for each current precinct — held this past week. During those hearings, three plans offered by the citizens redistricting committee appointed by Commissioners Court were discussed, as were three more plans.

The fourth plan was offered by the Fairness Committee, a group of Hispanics seeking to maintain the same levels of Hispanic representation in Precinct 1. The fifth and sixth plans were offered by citizens redistricting committee member Dave Stone.

Redistricting is not listed as an action item on the agenda.

In the regular meeting, commissioners will canvass the results of the Aug. 10 special election, and the court is scheduled to accept payments from the school districts participating in the election, which the county is conducting for them.

Commissioners also are scheduled to consider creating additional dispatching positions for the Sheriff's Department.

Redistricting panel makes sincere effort

The Fort Bend County Commissioners Court seems to have done a good job and provided a service to residents of the county by selecting the people who are serving on the citizens redistricting committee.

The committee has met countless times and is in fact meeting again this weekend, trying to iron out plans which will shape the county's precincts for commissioners, constables and justices of the peace.

Most of the committee members were present at every single one of the individual precinct public hearings held the first four nights of this week, that in itself quite a commitment.

Chaired by Richmond's Blair Myska, the committee members who have made remarks and presentations at the meetings have been open-minded and accommodating to the residents not only there to provide input, but also to those who have brought in new plans.

The public hearings have been conducted in a manner in which a difficult topic, one which could turn emotional at any point, has been handled more as an exchange of ideas rather than heated debate.

That, we believe, is another tribute to the members of this hard-working committee.

The committee is approaching the task with the "law of the land" in mind. They are trying their best to be fair to all concerned and the approach is appreciated. The results of redistricting will not please everyone. It is difficult to think that one plan could do such a thing in the world of politics.

Another redistricting plan surfaces

By BOB HAENEL

The effort to draw new boundaries for commissioners, constables and justices of the peace in Fort Bend County gained yet another plan which was unveiled at the final precinct public hearing held in Richmond Thursday night.

The Precinct 4 meeting was held at the Jane Long Courthouse Annex, and the first five plans which have been submitted were discussed, and the new plan was unveiled by Dave Stone, a member of the citizens redistricting committee appointed by Fort Bend County Commissioners Court.

The latest plan is the second offered by Stone, who unveiled a fifth plan at Wednesday night's public hearing for Precinct 1 residents.

The first three plans were developed by the committee, and they were joined by a fourth plan — Plan D — offered by the Fairness Committee, a group of Hispanics trying to maintain a high level of representation in Precinct 1 for the minority population.

All plans will be reviewed in further committee meetings this weekend, and Commissioners Court plans to hold a 10:15 a.m. public hearing Monday to further seek public input on the redistricting efforts.

The first three plans were similar in nature, giving all of the area west of the Brazos River to Precinct 1, plus some additional areas. All three plans called for Simonton to be moved from Precinct 4 to Precinct 1. Plan C had Precinct 1 also crossing the Brazos into portions of East Fort Bend County.

Simonton Mayor Maurice Berkman, who said he was speaking as a resident and as mayor, said he hopes that the Simonton and Fulshear communities would remain in the same precinct, as they are now in Precinct 4.

He said the two communities have much in common, socially, politically and ethnically. He said, too, that Simonton's proximity to the Precinct 4 work barn in Fulshear puts the city within five miles of that facility as opposed to 25

miles to the Precinct 1 facility in Richmond.

All three of the redistricting committee's plans have Precinct 4 winding through the central part of the county, beginning in Missouri City and ending in West Fort Bend County in Fulshear. All three plans continue to include Pecan Grove in Precinct 4 as well.

Members of the Fairness Committee again presented the data behind their Plan D. That plan is somewhat of a departure from what currently exists and what has been offered by the redistricting committee. Though it keeps Rosenberg and Richmond in Precinct 1, the rest of that precinct shoots northeast all the way to Stafford.

Backers of Plan D say it not only holds the Hispanic impact of Precinct 1 at the 39.99 percent level (it's currently 40.9 percent), but also would create a precinct with a minority majority when combining all minorities.

Precinct 4 would still include parts of Sugar Land and Missouri City, but would then head south to include the Tara area, Booth area, and Fairchilds area.

Precinct 3 in the plan would go from Meadows on the north side, horseshoe around Precinct 1 and end up in box 10, the Needville area.

Precinct 2 would continue to be mostly far East Fort Bend County.

Stone's first offering, Plan E, closely resembles the first three plans in that it gives Precinct 1 the territory west of the Brazos River as well as box 26 between Sugar Land and Pecan Grove.

Precinct 3 would continue to stretch from the Meadows on the north to Simonton on the west, and include Pecan Grove.

Precinct 4 would be a combination of boxes in Sugar Land, First Colony and Missouri City, and Precinct 2 would be from Safford on the west wrapping around to Arcola on the southeast.

Stone's Plan F resembles Plan D with regard to Precincts 1 and 3. But the change is between Precincts 4 and 2. Four would be the smallest precinct in land mass but the largest in population, Stone said, including boxes in Sugar Land, First Colony and parts of Missouri City. Precinct 2, though, would start in Missouri City and wrap around to include Guy, Fairchilds, Tara and Booth on its southern boundaries similar to its current alignment.

will determine the new funding method for all school districts.

Sage said he has been estimating the district's budget using a 76-cent per $100 valuation for the CED rate with a local enhancement rate of between 43 and 46 cents.

The budget, as it is at this point, is estimated at $10.2 million, a significant increase over the 1990 figure of $7.5 million. But Sage said the increase is caused by construction funds for the new school.

"Actually, the budget is not up all that much, between $700,000 and $800,000, as it stands right now."

Sage said NISD had the lowest tax rate of any Fort Bend district in 1990 with a $1.09 rate, and even if the rate increases to a projected $1.20 to $1.21, he believes it still could be the lowest rate in the county.

Sage said questions about the CED will be answered after Saturday's election, and then the other big question will be answered if the Texas Legislature puts as much money into the education financing as it indicated it would.

"If we get the full amount from the state, we should get about $1 million more money from the state than we got last year."

Redistricting county

Five plans now being considered; must me

By BOB HAENEL

When the Fort Bend County citizens redistricting committee began its process of redrawing precinct lines for commissioners, constables and justices of the peace, they developed eight plans.

Committee members narrowed that down to three plans which have been submitted to Commissioners Court for consideration.

The committee began a series of public hearings this week, having held meetings for Precincts 1, 2 and 3 (Precinct 4's public hearing is Thursday at 7 p.m. in the Commissioners Courtroom in Richmond), but since those hearings began, an additional two plans have been submitted.

Four of the plans were reviewed at length during the Precinct 1 hearing Wednesday night at the Fort Bend County Fairgrounds, and the fifth was unveiled during the hearing. Commissioners will hold another public hearing to discuss the work on redistricting at 10:15 a.m. Monday — during their regular meeting — and then will decide which plan will be submitted to the U.S. Department of Justice for approval.

Should the Justice Department approve the plan, it will set the political boundaries within the county for the next 10 years.

Wednesday's meeting was hosted by Precinct 1 committee members Ted Garcia and Bill McClellan. They explained the procedure which has taken place, and also explained the one-man, one-vote theory and the Voting Rights Act of 1965 — the two mandates which the committee has followed in its work.

Residents in auendance Wednesday also heard from Jim Allison of the law firm Allison and Associates, which has helped produce statistical data and mapping of each proposal. Allison explained that growth in the county — with most of the growth concentrated in East Fort Bend — is required to redistrict because the populations in each precinct are widely varied. One precinct now has more than 70,000 residents while another has fewer than 40,000.

Allison also said that where a minority holds a majority in a precinct, that majority must be preserved. Also, where a minority group has a significant number — an impact — on a precinct, the plan must come as close as possible to preserving that impact.

For instance, Precinct 2 currently has a black majority of about 53 percent. Proposed plans must maintain that majority, he said. The current Precinct 1 has a Hispanic presence of 40.9 percent. That minority impact must be maintained as closely as possible, he said.

Allison said the "ideal" precinct is 56,355 in number, considering the county's new census figures. The deviation between the precincts' populations cannot surpass 10 percent, Allison said.

Citizen input

The committee received input which varied from concerns about roads and bridges to representation for a city to a new plan offered by Hispanics.

Precinct lines show disparities, attorney tells commissioners court

By BOB HAENEL

As the current boundaries for commissioners' precincts now stand, the need for reapportionment is clear, according to an attorney from the law firm hired by Fort Bend County to help the commissioners court through the redistricting process.

Bob Bass of Allison and Associates told the Fort Bend County Commissioners Court Monday that the current precinct lines show approximately 60 percent deviation in population from where they should be.

Bass explained the process by which his firm took the new 1990 census numbers and created a data base so the redistricting work can be handled by computers.

After making his presentation to commissioners, Bass met with representatives of the citizens committee — appointed last month — to discuss the process by which redistricting will proceed now.

The committee, selected by commissioners court members, represents a cross-section of county residents with citizens from each precinct.

Bass outlined to commissioners all the variables that have to be addressed in order to finalize redistricting, and he said time is of the essence.

Bass suggested the county hold anywhere from four to as many as seven public hearings to gather input on the subject of redistricting.

He said the county's new population figures show that each precinct should have approximately 56,355 residents. Disparities in the current precinct boundaries range from Precinct 1 being 17,000 under the goal, or just above 30 percent, to Precinct 3 being about 30 percent above the goal. Bass said there is a 10 percent maximum deviation allowed from the 56,000 number.

From the Voting Rights Act of 1965, the county also "has the duty

to insure minority residents are provided with adequate representation," Bass said.

Statistics show that the county has a 53.79 percent anglo population and just over 46 percent minority population. Further, the minority population shows that 20.26 percent are black, 19.47 percent are Hispanic, and 6 percent Asian, with a half percent listed as "other."

In Precinct 2, he said, 53 percent of the population is minority, and in Precinct 1, he said 41 percent of the population is Hispanic.

Precincts 3 and 4 are "significantly anglo majorities," he said.

Bass said there are no specific guidelines regarding minority representation, but the percentages must be heeded when drawing the lines.

Also, Bass said the final numbers are still not in. The Census Bureau is due to release final adjustments by July 15, but Bass said the county should proceed with its work and plans despite the possibility of changes. He also said state and federal lines have yet to be finalized by the Legislature.

Beyond that, the county needs to submit the information to the Justice Department, which has 60 days to study the plan. Should it need more information, it could take another 60 days after that to process the information.

Bass suggested a target of having the plan adopted by Commissioners Court by the first of August to send to the Justice Department.

Before meeting with the committee, Bass said the law firm's role is to assist with the information and the legalities of the process and then prepare the adopted version for the Justice Department.

"We don't see it as our function to tell you how your lines need to be drawn," he said. "That's a local process."

Committee to help redraw county lines

Redistricting process 'complicated'

By BOB HAENEL

When Fort Bend County Commissioners Court addressed redistricting in 1981, it was to divide the county's population of 130,846 into four fairly equal precincts. Ten years later, commissioners will begin the process of dividing the county again, only this time they'll have just over 225,000 people to keep in mind.

With the rapid growth which crashed through the county's gates in the 1980s, disparities in population size within the precincts began to surface and that's what commissioners and a citizen's advisory committee will address in the next three months.

Appointment of a citizens advisory committee as well as a meeting with a law firm enlisted to study the redrawing of lines are the first two items on the redistricting agenda.

Each commissioner will select two people from their current precincts and County Judge Roy Cordes Jr. will select three members of the advisory committee.

Cordes Friday outlined the procedure which will attempt to equalize the populations between the four county precincts. As they stand now, Precincts 3 and 4 attracted the majority of the rapid growth experienced by Fort Bend County in the 1980s.

Precinct 2 stands third in population size, and Precinct 1 has the least amount of population in the county and thus, the most to gain in population numbers during redistricting.

Following appointment of the committee, commissioners' are scheduled to meet with representatives from Allison & Associates, an Austin law firm which has created a data base on redistricting in the county and will aid commissioners in developing the complete redistricting package which ultimately will be sent to the U.S. Justice Department for approval.

Following that meeting, said

Following the citizen input ıge, the advisory committee ll bring its own recommenda- ıns to commissioners court, and ı court has the option of either llowing them or selecting an tion of its own.

Cordes said the goal is to get to ı final point with "not more an three alternatives for redis- cting" and then to have the ıal plan approved and sent to e Justice Department between ıg. 1 and Aug. 15.

"Ideally, the population in each precinct would be the county's population divided by four, which would be 56,000 and change in each precinct," Cordes said. "There is a range that is allowed by the Justice Department...something like 5,000 either way...but I'm not exactly sure what that range is.

"The further you are apart, the more the Justice Department will have to look at. The other thing you have to look at is the ethnic background in each precinct. You cannot dilute minority voting strength. In that sense, it is much more complicated."

Allison & Associates will be able to provide those numbers through the computer data base, Cordes added. "They have taken the census data, loaded it into a computer and that basically gives us a model. If we change a boundary by one block, what it does is total the population and ethnic

The law firm also will help prepare the final plan and send it to the Justice Department, which has 60 days to accept the plan or send it back with recommendations.

Cordes said on the advice from the law firm, commissioners aren't being too verbal about prospects for changes. However, it's obvious that Precincts 1 and 2 will have to increase their population and Precincts 3 and 4 will have to shed some.

Court — which plans to vote on a plan in next Monday's meeting — should consider creating a compact precinct in order to enhance the minority impact on it. Olivo said should the court go for another plan, the Fairness Committee would offer its own plan to the Justice Department with written objections to the plan offered by the county.

After the hearing, Olivo said the committee would wait to study any plans being considered by the court before the committee decides what action it will take. "We want to be fair to the process," she said.

The Fairness Committee's Plan D creates a Precinct 1 which includes Richmond and Rosenberg and heads northeast to include Stafford. The Hispanic minority in that proposed precinct would be 39.99 percent, closest to its current 40.9 percent.

Several other members of the Fairness Committee addressed commissioners as well, stating their preference for Plan D.

Two mayors from East Fort Bend cities also expressed their concerns about the plans submitted to date. Missouri City Mayor John Knox reiterated the complaints he aired last Wednesday at the Precinct 1 public hearing that the plans split his city into no less than three precincts. He said Missouri City would prefer two precincts at the most.

Stafford Mayor Leonard Scarcella expressed similar feelings, although he brought into the input the fact that Stafford is proposed to be split into two senatorial districts and placed in the new proposed state representative district. Scarcella said his city of "7 square miles and 9,000 people" stands the chance of being placed into seven different voting areas, considering all the different political boundaries.

Most plans call for Stafford to go to Precinct 2, and though Scarcella did not object to that, he said "Stafford has been in Precinct 3 the last half century."

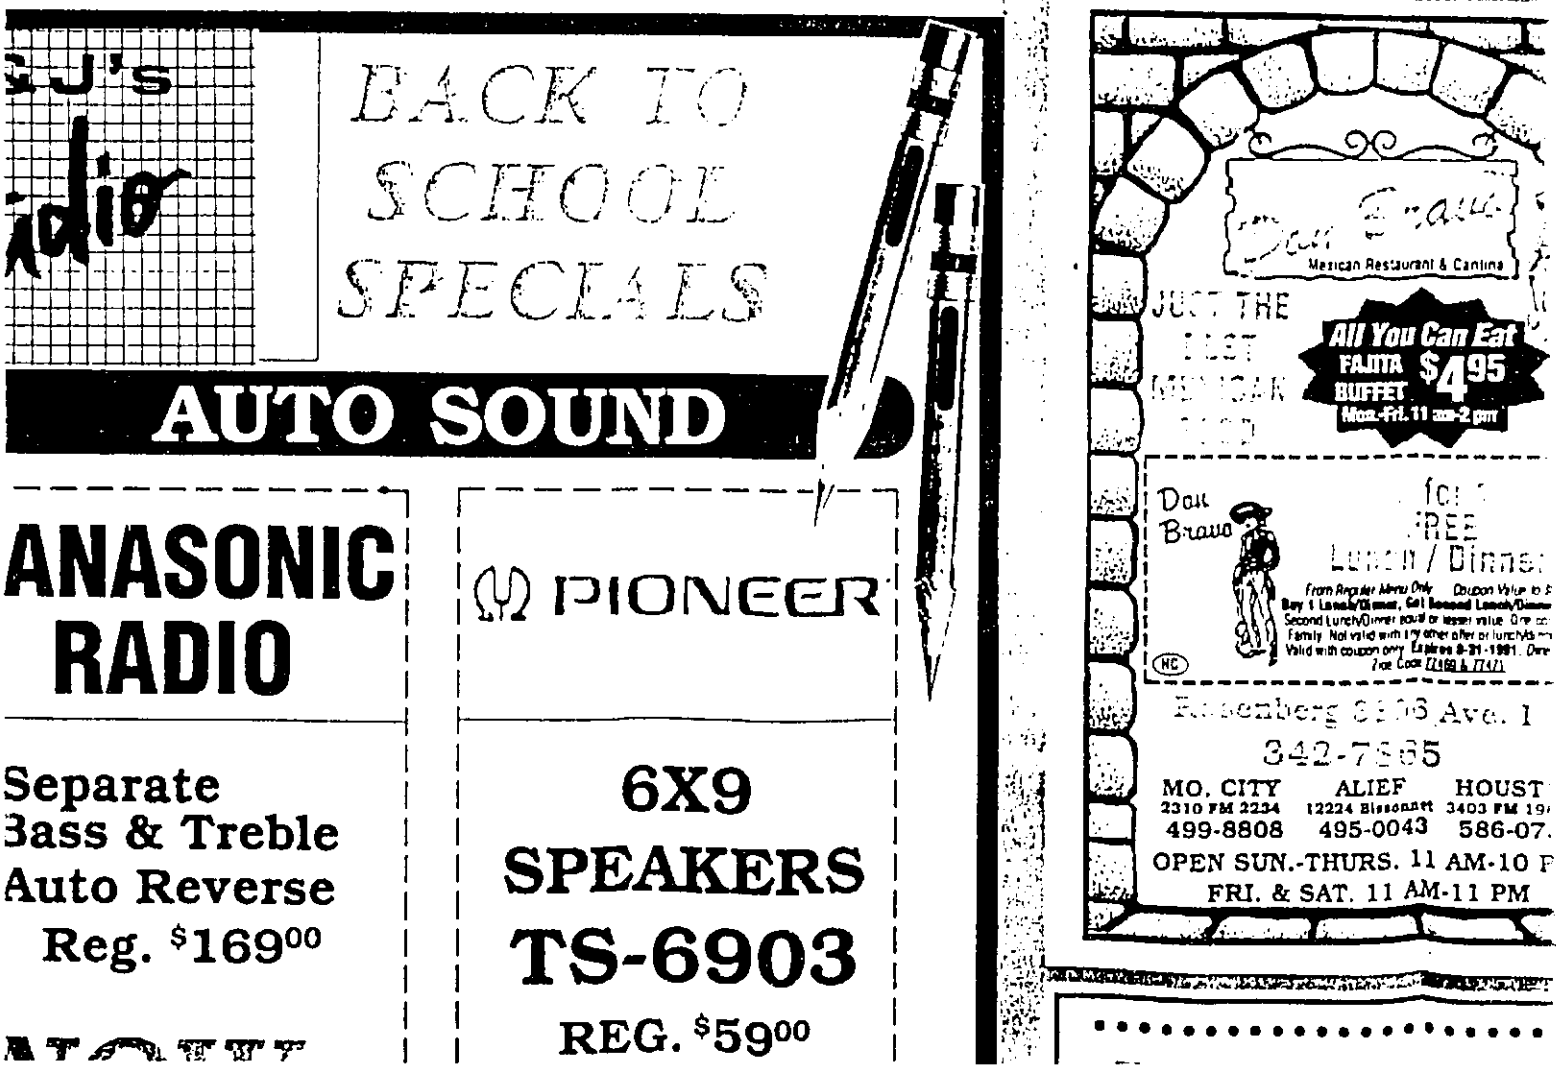

Jim Allison of the law firm Allison & Associates, the firm hired to help develop the plans, said that the commissioners would select a plan which would be submitted to the Justice Deparment. The Justice Department has 60 days to study the plan, then can either ask for clarification, accept it or reject it. Should it request more information, the Justice Department then would have another 60 days to study the plan.

Redistricting public hearing part of commissioners agenda

The last scheduled public hearing on the redistricting of the Fort Bend County commissioners, constables and justices of the peace precincts will be held as part of the regular Commissioners Court meeting Monday.

The regular portion of the meeting, will begin at 9 a.m. and the public hearing on redistricting is scheduled for 10:15 a.m. in the Commissioners Courtroom in the Jane Long Courthouse Annex.

This meeting follows four public hearings — one held for each current precinct — held this past week. During those hearings, three plans offered by the citizens redistricting committee appointed by Commissioners Court were discussed, as were three more plans.

The fourth plan was offered by the Fairness Committee, a group of Hispanics seeking to maintain the same levels of Hispanic representation in Precinct 1. The fifth and sixth plans were offered by citizens redistricting committee member Dave Stone.

Redistricting is not listed as an action item on the agenda.

In the regular meeting, commissioners will canvass the results of the Aug. 10 special election, and the court is scheduled to accept payments from the school districts participating in the election, which the county is conducting for them.

Commissioners also are scheduled to consider creating additional dispatching positions for the Sheriff's Department.

Redistricting panel makes sincere effort

The Fort Bend County Commissioners Court seems to have done a good job and provided a service to residents of the county by selecting the people who are serving on the citizens redistricting committee.

The committee has met countless times and is in fact meeting again this weekend, trying to iron out plans which will shape the county's precincts for commissioners, constables and justices of the peace.

Most of the committee members were present at every single one of the individual precinct public hearings held the first four nights of this week, that in itself quite a commitment.

Chaired by Richmond's Blair Myska, the committee members who have made remarks and presentations at the meetings have been open-minded and accommodating to the residents not only there to provide input, but also to those who have brought in new plans.

The public hearings have been conducted in a manner in which a difficult topic, one which could turn emotional at any point, has been handled more as an exchange of ideas rather than heated debate.

That, we believe, is another tribute to the members of this hard-working committee.

The committee is approaching the task with the "law of the land" in mind. They are trying their best to be fair to all concerned and the approach is appreciated. The results of redistricting will not please everyone. It is difficult to think that one plan could do such a thing in the world of politics.

Another redistricting plan surfaces

By BOB HAENEL

The effort to draw new boundaries for commissioners, constables and justices of the peace in Fort Bend County gained yet another plan which was unveiled at the final precinct public hearing held in Richmond Thursday night.

The Precinct 4 meeting was held at the Jane Long Courthouse Annex, and the first five plans which have been submitted were discussed, and the new plan was unveiled by Dave Stone, a member of the citizens redistricting committee appointed by Fort Bend County Commissioners Court.

The latest plan is the second offered by Stone, who unveiled a fifth plan at Wednesday night's public hearing for Precinct 1 residents.

The first three plans were developed by the committee, and they were joined by a fourth plan — Plan D — offered by the Fairness Committee, a group of Hispanics trying to maintain a high level of representation in Precinct 1 for the minority population.

All plans will be reviewed in further committee meetings this weekend, and Commissioners Court plans to hold a 10:15 a.m. public hearing Monday to further seek public input on the redisricting efforts.

The first three plans were similar in nature, giving all of the area west of the Brazos River to Precinct 1, plus some additional areas. All three plans called for Simonton to be moved from Precinct 4 to Precinct 1. Plan C had Precinct 1 also crossing the Brazos into portions of East Fort Bend County.

Simonton Mayor Maurice Berkman, who said he was speaking as a resident and as mayor, said he hopes that the Simonton and Fulshear communities would remain in the same precinct, as they are now in Precinct 4.

He said the two communities have much in common, socially, politically and ethnically. He said, too, that Simonton's proximity to the Precinct 4 work barn in Fulshear puts the city within five miles of that facility as opposed to 25

miles to the Precinct 1 facility in Richmond.

All three of the redistricting committee's plans have Precinct 4 winding through the central part of the county, beginning in Missouri City and ending in West Fort Bend County in Fulshear. All three plans continue to include Pecan Grove in Precinct 4 as well.

Members of the Fairness Committee again presented the data behind their Plan D. That plan is somewhat of a departure from what currently exists and what has been offered by the redistricting committee. Though it keeps Rosenberg and Richmond in Precinct 1, the rest of that precinct shoots northeast all the way to Stafford.

Backers of Plan D say it not only holds the Hispanic impact of Precinct 1 at the 39.99 percent level (it's currently 40.9 percent), but also would create a precinct with a minority majority when combining all minorities.

Precinct 4 would still include parts of Sugar Land and Missouri City, but would then head south to include the Tara area, Booth area, and Fairchilds area.

Precinct 3 in the plan would go from Meadows on the north side, horseshoe around Precinct 1 and end up in box 10, the Needville area.

Precinct 2 would continue to be mostly far East Fort Bend County.

Stone's first offering, Plan E, closely resembles the first three plans in that it gives Precinct 1 the territory west of the Brazos River as well as box 26 between Sugar Land and Pecan Grove.

Precinct 3 would continue to stretch from the Meadows on the north to Simonton on the west, and include Pecan Grove.

Precinct 4 would be a combination of boxes in Sugar Land, First Colony and Missouri City, and Precinct 2 would be from Safford on the west wrapping around to Arcola on the southeast.

Stone's Plan F resembles Plan D with regard to Precincts 1 and 3. But the change is between Precincts 4 and 2. Four would be the smallest precinct in land mass but the largest in population, Stone said, including boxes in Sugar Land, First Colony and parts of Missouri City. Precinct 2, though, would start in Missouri City and wrap around to include Guy, Fairchilds, Tara and Booth on its southern boundaries similar to its current alignment.

will determine the new funding method for all school districts.

Sage said he has been estimating the district's budget using a 76-cent per $100 valuation for the CED rate with a local enhancement rate of between 43 and 46 cents.

The budget, as it is at this point, is estimated at $10.2 million, a significant increase over the 1990 figure of $7.5 million. But Sage said the increase is caused by construction funds for the new school.

"Actually, the budget is not up all that much, between $700,000 and $800,000, as it stands right now."

Sage said NISD had the lowest tax rate of any Fort Bend district in 1990 with a $1.09 rate, and even if the rate increases to a projected $1.20 to $1.21, he believes it still could be the lowest rate in the county.

Sage said questions about the CED will be answered after Saturday's election, and then the other big question will be answered if the Texas Legislature puts as much money into the education financing as it indicated it would.

"If we get the full amount from the state, we should get about $1 million more money from the state than we got last year."

Precinct lines show disparities, attorney tells commissioners court

By BOB HAENEL

As the current boundaries for commissioners' precincts now stand, the need for reapportionment is clear, according to an attorney from the law firm hired by Fort Bend County to help the commissioners court through the redistricting process.

Bob Bass of Allison and Associates told the Fort Bend County Commissioners Court Monday that the current precinct lines show approximately 60 percent deviation in population from where they should be.

Bass explained the process by which his firm took the new 1990 census numbers and created a data base so the redistricting work can be handled by computers.

Redistricting county precincts...

Five plans now being considered; must meet Justice Department approval

By BOB HAENEL

When the Fort Bend County citizens redistricting commission began its process of redrawing precinct lines for commissioners, constables and justices of the peace, they developed eight plans.

Commission members narrowed that down to three plans which have been submitted to Commissioners Court for consideration.

The commission began a series of public hearings this week, having held meetings for Precincts 1, 2 and 3 (Precinct 4's public hearing is Thursday at 7 p.m. in the Commissioners Courtroom in Richmond), but since those hearings began, an additional two plans have been submitted.

Four of the plans were reviewed at length during the Precinct 1 hearing Wednesday night at the Fort Bend County Fairgrounds, and the fifth was unveiled during the hearing. Commissioners will hold another public hearing to discuss the work on redistricting at 10:15 a.m. Monday — during their regular meeting — and then will decide which plans will be submitted to the U.S. Department of Justice for approval.

Should the Justice Department approve the plans, it will set the political boundaries within the county for the next 10 years.

Wednesday's meeting was hosted by Precinct 1 commissioner members Ted Garcia and Bill McClellan. They explained the procedure which has taken place, and also explained the one-man, one-vote theory and the Voting Rights Act of 1965 — the two mandates which the commission has followed in its work.

Residents in attendance Wednesday also heard from Jim Allison of the law firm Allison and Associates, which has helped produce statistical data and mapping of each proposal. Allison explained that growth in the county — with most of the growth concentrated in East Fort Bend — is required to redistrict because the populations in each precinct are widely varied. One precinct now has more than 70,000 residents while another has fewer than 40,000.

Allison also said that where a minority holds a majority in a precinct, that majority must be preserved. Also, where a minority group has a significant number — no impact — on a precinct, the plan must come as close as possible to preserving that impact.

For instance, Precinct 2 currently has a black majority of about 53 percent. Proposed plans must maintain that majority, he said. The current Precinct 1 has a Hispanic presence of 40.9 percent. That minority impact must be maintained as closely as possible, he said.

Allison said the "ideal" precinct is 56,355 in number, considering the county's new census figures. The deviation between the precincts' populations cannot surpass 10 percent, Allison said.

Citizen input

The committee received input which varied from concerns about roads and bridges to representation for a city to a new plan offered by Hispanics.

Two men from the southeast corner of the county said that concerns in their area center on continued road commitments and that besides the legal requirements, the precincts should be drawn with practicality in mind.

A large group of Hispanics was on hand at the meeting, backing a plan they introduced Monday night at the Precinct 2 public hearing. Members of the Fairness Committee said the plan maximizes the Hispanic presence in Precinct 1 better than all other plans which have been introduced.

Felicita Arriaga of Rosenberg said the plan — labeled Plan D — better represents all groups.

See REDISTRICTING, page 8

REDISTRICTING: Hispanic speakers like Plan D configuration

Continued from page 1

Dora Olivo, a member of the board of directors of this Southwest Voter Registration Education Project, said the Latino community in Fort Bend has increased by 65 percent since 1980. She said Fort Bend's concentration of Latinos is one of the largest in the state. Plan D, she said, is "fair and equitable," and pairs no incumbent commissioners and meets other requirements being followed in constructing proposals. The plan also maintains the Hispanic voting strength in the proposed Precinct 1 "better than any other plan."

"Under any other plan, if the 65 percent increase is not registered, that will raise questions by the Justice Department," she said.

Guadalupe Flores of Richmond said Plan D does not dilute the Hispanic voting strength, as opposed in the commission's proposals. "The other three plans dilute it to no greater than 36 percent," he said.

Carlos Perez said Plan D is long overdue. "All we want is what we deserve, nothing more," he said.

Commissioner member Dave Stone offered a fifth plan. He said that plan would be studied by Allison & Associates and the statistical information on it would be available probably by Monday's public hearing.

Missouri City Mayor Joan Knox blasted all the plans which had been submitted by the commission. "None of these is acceptable to the residents and taxpayers of Missouri City," he said.

Knox's said Missouri City represented 15.7 percent of the county's population in 1980, and the city was divided into two precincts — 3 and 4 — "and we grew into another, Precinct 2."

According to the new census, Missouri City represents 14.3 percent of the total population but the city's political impact has decreased.

Knox called the plans absurd. "We proudly proclaim to be the county's largest city, but according to these plans, our city — for reasons only you can explain — is split to either three or four precincts."

Knox complained none of the hearings were held in Stafford, Missouri City or Houston.

"We don't get any representation," he said. "If that doesn't reflect a minority in itself, I don't know what does."

The plans, he said, relegate Missouri City to being a "non-entity in influencing Commissioners Court.

"I understand the problems, but I request our city had to be the melting pot or major dividing point. At least reduce us to two precincts."

Redistricting hearings scheduled by county

Fort Bend County Commissioners Court Monday heard a report from the committee appointed to study redistricting of commissioners' precinct lines, then set four public hearing dates to discuss the plans.

Blair Myska, representing the citizens committee, presented the three proposals recommended by committee members for discussion.

Commissioners set one public hearing in each precinct to give residents an opportunity to share their views on the plans. The court is attempting to finalize the redistricting plan in order to send it to the U.S. Justice Department by Aug. 15. The Justice Department then will review the plans.

Public hearings were set as follows:

Precinct 1: 7 p.m. Aug. 7, Building 'B,' Fort Bend County Fairgrounds; Precinct 2: 7 p.m. Aug. 5, Mustang Civic Center; Precinct 3, 7 p.m., Aug. 6, One Sugar Creek Plaza (Unocal Building) in Sugar Land (tentative); Precinct 4, 7 p.m. Aug. 8, Commissioners Courtroom, Richmond.

Plans are to discuss the three proposals recommended by the committee, and then have one final public hearing before commissioners adopt the plan they intend to send to the Justice Department.

Seventh redistricting plan offered; vote next Monday

By BOB HAENEL

Following meetings this weekend, members of the citizens advisory committee on redistricting Monday in a public hearing offered a revision of one plan it had recommended, and introduced the seventh plan which would change the county's precinct lines for commissioners, constables and justices of the peace.

The committee, comprised of 11 citizens appointed by Fort Bend County Commissioners Court, said it backed a modified version of Plan B, a plan originally introduced to commissioners several weeks ago. The plan calls for the territory west of the Brazos River to comprise Precinct 1, as well as including Simonton. The slight alteration introduced is to divide box 26 — the area between Pecan Grove and Sugar Land — into two parts with the portion south of Highway 90-A going to Precinct 1 and the northern section remaining in Precinct 4. Committee members also mentioned dividing box 41, which is directly north of Rosenberg, to include minority-dominant areas in Precinct 1. Committee members said it backed that alteration "if it increased Hispanic representation in Precinct 1."

Precinct 4 would continue to run from Missouri City on the east to Fulshear in the west, and Precinct 3 would begin in The Meadows and go west to Katy. Precinct 2 would include Stafford as well as some portions of Missouri City and wrap around eastward to include Arcola.

Plan G, the new plan introduced Monday, would include box 26 in Precinct 1. However, it would stop Precinct 4 to include box 61 (Missouri City) in the east and boxes 42 and 20 (Sugar Land) on the west.

Dave Stone, a committee member, told Commissioners Court that further analysis showed that minority representation in Precinct 1 was actually less in Plan G than in the modified Plan B. He said Plan B would arrive at the highest compliance with regard to the Voting Rights Act of 1965 than all other plans.

In other portions of the public hearing, Dora Olivo, who was representing the Fairness Committee, which has developed a plan to maintain a high level of Hispanic and other minority representation in Precinct 1, said the committee is still backing its Plan D because the proposal makes Precinct 1 a "compact" precinct as per U.S. Justice Department guidelines.

Olivo asked that Commissioners

See REDISTRICTING, page 8.

REDISTRICTING: Seventh plan submitted

Continued from page 1

Court — which plans to vote on a plan in next Monday's meeting — should consider creating a compact precinct in order to enhance the minority impact on it. Olivo said should the court go for another plan, the Fairness Committee would offer its own plan to the Justice Department with written objections to the plan offered by the county.

After the hearing, Olivo said the committee would wait to study any plans being considered by the court before the committee decides what action it will take. "We want to be fair to the process," she said.

The Fairness Committee's Plan D creates a Precinct 1 which includes Richmond and Rosenberg and heads northeast to include Stafford. The Hispanic minority in that proposed precinct would be 39.99 percent, closest to its current 40.9 percent.

Several other members of the Fairness Committee addressed commissioners as well, stating their preference for Plan D.

Two mayors from East Fort Bend cities also expressed their concerns about the plans submitted to date. Missouri City Mayor John Knox reiterated the complaints he aired last Wednesday at the Precinct 1 public hearing that the plans split his city into no less than three precincts. He said Missouri City would prefer two precincts at the most.

Stafford Mayor Leonard Scarcella expressed similar feelings, although he brought into the input the fact that Stafford is proposed to be split into two senatorial districts and placed in the new proposed state representative district. Scarcella said his city of "7 square miles and 9,000 people" stands the chance of being placed into seven different voting areas, considering all the different political boundaries.

Most plans call for Stafford to go to Precinct 2, and though Scarcella did not object to that, he said "Stafford has been in Precinct 3 the last half century."

Jim Allison of the law firm Allison & Associates, the firm hired to help develop the plans, said that the commissioners would select a plan which would be submitted to the Justice Deparment. The Justice Department has 60 days to study the plan, then can either ask for clarification, accept it or reject it. Should it request more information, the Justice Department then would have another 60 days to study the plan.

Proposed plans all have strong, weak points

There it was, tucked neatly underneath the Rotary membership roster and a feasibility study for the expansion of the Fort Bend County Jail and Juvenile Detention Center.

The basket in which I found my colorized, official voting precinct map of the county had not been emptied in quite a spell. In fact, my desk looked like a great start for a paper recycling program.

My wife fusses at me for the way my desk appears to all who enter my office. She says I'll discover the fabled Flight 19 on it someday and we'll have a bonafide tourist attraction right here on Fourth Street.

Regardless, the map was in hand and now is tacked on my wall at least for a few more weeks. We're in the middle of county redistricting and it's a great help for pinpointing who's going to end up where as far as county precincts are concerned.

Unfortunately for me, now that I've found the map, it's going to be outdated within a matter of months, so I'll have to beg a new version once the county has its new districts in hand.

As you may have read over the past few weeks, a citizens advisory committee has been working diligently on developing a new redistricting plan for us. They came up with eight plans, discarded five and handed the Commissioners Court three.

That was a couple of weeks ago, before public hearings began. Since that time, the committee or one of its members has developed three more plans, and another group has added yet another. So we're almost back to where the committee first started with seven plans for commissioners to consider before they attempt a vote next Monday. Actually, we are back to square one because the committee redesigned one of the plans so I guess we can say we're back at eight.

They've labeled the plans by the

Bob Haenel

pose if we all had the time, folks could continue right on through to Plan Z. But the election year approacheth and considering the plan has to be approved by the U.S. Justice Department, time is running short.

I'd like to make a few comments on some of the plans.

Most of the committee plans have shown Precinct 1 including all the territory west of the Brazos, crossing in certain spots to shore up the numbers to where they're supposed to be — 56,355.

That sounds pretty good to a lot of West Fort Bend folks. Nice and neat. We all have something in common, we're all west of the Brazos. The only negative I can see to this is that all of us west of the Brazos will have only one commissioner. The rest will be on the east side of the river.

Rarely have I seen a vote cast by commissioners based on geography — though I've heard it charged many a time — but with our current alignment, three of the four precincts have had voters west of the Brazos.

With most of these plans, only one will have to answer to west side voters.

The most talked about plan has been the one introduced by the Fairness Committee, a group of Hispanics attempting to preserve a heavy Latino impact in one precinct and at the same time creating a second minority majority precinct in the county.

There are pluses and minuses to this plan, as far as I can see. The

throws out the alignment we have now. Precinct 4, for instance, starts at box 20 in the north portion of Sugar Land and works straight south to box 68, southeast of Needville.

Needville, by the way, is the southernmost point of Precinct 3, which horseshoes around Central Fort Bend County all the way to the Meadows where Commissioner Alton Pressley lives.

Precinct 2 is compacted to northeast Fort Bend, preserving the black majority there.

Precinct 1 includes Richmond and Rosenberg and then snakes northeast to Stafford.

An interesting look, although I'm sure the folks in Needville probably would rather be in Precinct 1.

The negatives I've heard about the plan vary. One is minor and the other is major.

The minor objection is that the plan doesn't include the relatively new Precinct 1 maintenance barn in it. The Hispanics understandably didn't want box 67 — Tara and ultimately Greatwood — in the precinct.

But that could be taken care of by splitting 67 to include the barn.

But what may be a major point, is that box 26 — between Sugar Land and Pecan Grove — only "touches" box 53 in Sugar Land on its way to box 27 in Stafford.

I'm a little fuzzy on rules here, but I wonder if Highway 6's four lanes and a turning lane provide enough continuity to satisfy Washington. Maybe it does.

Before the commissioners make their decision, I'll be working on Plan Z. Methodology will be to find the population center in the county — I figure somewhere near the city limits of Missouri City and Sugar Land — and draw lines east, west, north and south and see if we can't satisfy everyone.

Then again, if it were that simple, we'd already have a plan to Washington and back.

Commissioners to select redistricting plan

Fort Bend County Commissioners Court in its 9 a.m. meeting Monday is scheduled to vote on a redistricting plan which will set the boundaries for the precincts of commissioners, constables and justices of the peace.

Following a week of public hearings earlier this month, commissioners will select one of seven plans or variations of those plans which have been developed by either the citizens advisory committee appointed by the court, individual members of that committee or from the Fairness Committee, a group of Hispanics attempting to maintain a high impact level for Hispanics in Precinct 1.

Commissioners originally were to have voted on the matter last week, but representatives from Allison & Associates, the law firm aiding the county with data needed for the process as well as providing legal input, had to be in Austin for the second special session called for the Texas Legislature.

Commissioners have redistricting included in the closed executive session portion of Monday's meeting as well as it being listed as an action item.

In other business Monday, commissioners face a lengthy agenda, including hearing a report from County Tax Assessor/Collector Marsha Gaines on the 1991 certified property values for the county.

They also will consider a tax abatement agreement; hear from Leo Toman regarding the wrecker service rotation; consider three appointments to the Riceland Regional Mental Health Authority board; discuss county Historical Commission funds; discuss funding for the Elections Administrator office; consider amending the county clerk's elections budget; consider hiring a consultant to prepare the Comprehensive Housing Affordability Strategy for the county for compliance with the requirements for Urban County Entitlement Status; and, meet in a budget workshop.

During the closed session, commissioners also will discuss the Secretary of State's demand letter that the county repay the state a portion of the primary elections fund which the state claims was not used.

Redistricting plan gets OK

Court votes 5-0; Justice Department approval needed

By BOB HAENEL

Comissioners Court Monday voted 5-0 in selecting the Fort Bend County's redistricting plan, which will be submitted to the U.S. Department of Justice for consideration.

County Judge Roy Cordes Jr. said he was pleased with the process and particularly pleased with the work of the citizens advisory committee.

"Our committee of 11 citizens worked well together," he said Tuesday. "They put an awful lot of time and effort into this and distilled a lot of plans down into two recommendations to us.

"The court did not make any changes other than the minor changes Jim Allison made to conform to state senatorial lines. This work was basically done by the committee."

Allison of Allison & Associates, the law firm hired by the county to help it through the redistricting process, presented the final two plans which had been considered by the citizens advisory committee.

The committee developed the plan which was finally accepted by commissioners — Plan B1-A — and another plan had been offered by the Fair Plan Committee, a group of Hispanic citizens seeking another minority-majority precinct in the county.

Allison said he worked with both plans to see what could be developed.

Plan B1-A was changed just a little from its original form in order to conform with the proposed state Legislature senatorial lines.

Cordes said two new voting precincts would have to be created in the Stafford-Missouri City area and the changes would primarily affect boxes 49, 48, 60, 13 and 28.

To follow the Fair Plan's design would have called for creating 10 to 12 voting precincts in order to conform to proposed senatorial districts.

The area in question is one if the spots where Senatorial Districts 17 and 13 meet in the Stafford-Missouri City area.

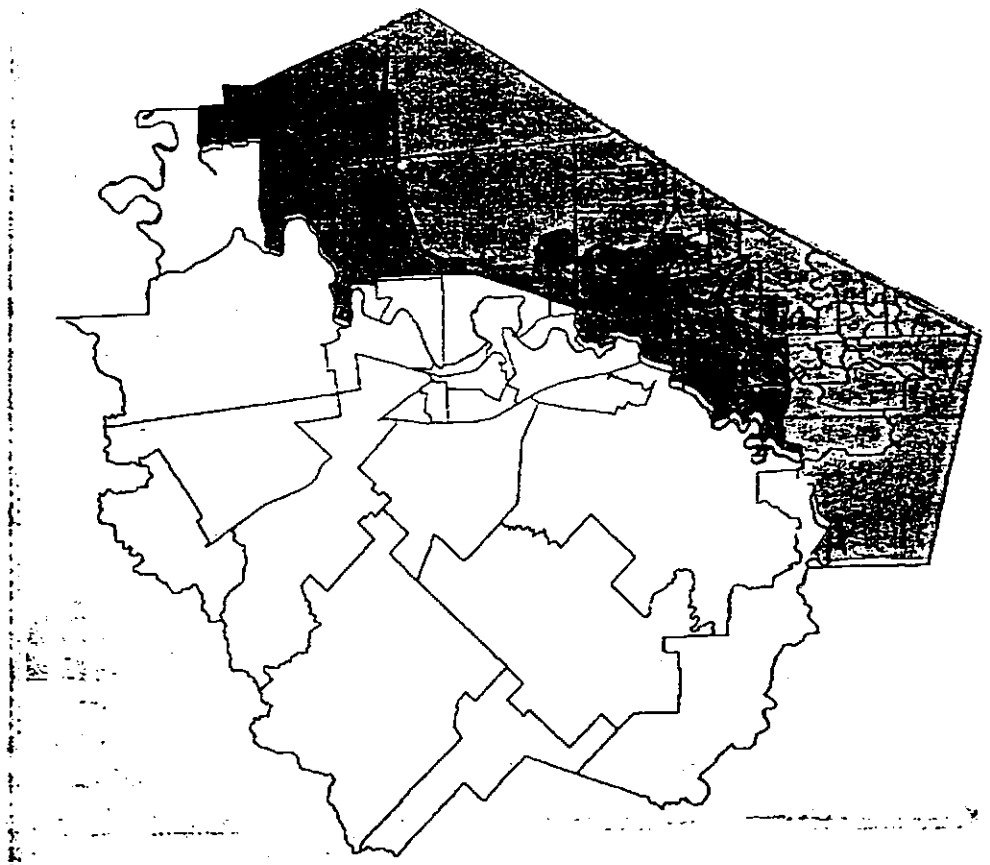

The plan selected by commissioners puts all the precincts close to the ideal population of 56,355.

Precinct 1 would remain the smallest in population with 54,081, while Precinct 3 would be the largest with 56,925. Precincts 2 and 4 would have 56,067 and 56,348, respectively.

The plan selected by commissioners would give Precinct 1 the territory west of the Brazos River as well as Simonton and box 54, just northwest of Rosenberg.

Precinct 2 would start at Stafford on the northeast side, head southeast to include parts of Missouri City and far east Fort Bend County and include box 61 (Missouri City)

and box 3 (Arcola) on at its southern-most points.

Precinct 3 would originate in Missouri City, wind its way through box 9 (Sugar Creek) to box 22 (Meadows) and continue westward to Katy (box 14). It would include most of the northern portions of Sugar Land and Townewest.

Precinct 4 would start in Missouri City, include most of First Colony, Sugar Land and Pecan Grove, and head west to include Fulshear.

As described by Allison, the plan selected by commissioners protects the black majority population in Precinct 2 as well as the combined minority population in that precinct.

It maintains the black population of about 53 percent and raises the Hispanic population from 18.3 percent to 20 percent.

The Fair Plan design would have dropped the combined minority population in Precinct 2 to about 67 percent from 72 percent as it stands now.

On the other hand, the Fair Plan would have created another minority-majority precinct in Precinct 1 by combining the Rosenberg-Richmond area through Sugar Land to the Stafford area.

Fair Plan representatives pointed out Monday that Plan B1-A would drop the Hispanic representation in Precinct 1 from its current level of 40 percent to 35.42 percent.

They also said the plan adopted by the county does not present a compact Precinct 1.

Cordes said Allison will take two weeks to compile the county's package to be sent to the Justice Department.

The Justice Department then has 60 days to study the plan and can take an additional 60 days if it needs more information or rejects the plan.

Cordes said another factor are lawsuits regarding the state Legislative lines, which could impact the redistricting plan.

Ninety-Ninth Year – No. 189 Thursday, August 8, 1991

Redistricting county precincts...

Five plans now being considered; must meet Justice Department approval

By BOB HAENEL

When the Fort Bend County citizens redistricting committee began its process of redrawing precinct lines for commissioners, constables and justices of the peace, they developed eight plans.

Committee members narrowed that down to three plans which have been submitted to Commissioners Court for consideration.

The committee began a series of public hearings this week, having held meetings for Precincts 1, 2 and 3 (Precinct 4's public hearing is Thursday at 7 p.m. in the Commissioners Courtroom in Richmond), but since those hearings began, an additional two plans have been submitted.

Four of the plans were reviewed at length during the Precinct 1 hearing Wednesday night at the Fort Bend County Fairgrounds, and the fifth was unveiled during the hearing. Commissioners will hold another public hearing to discuss the work on redistricting at 10:15 a.m. Monday — during their regular meeting — and then will decide which plan will be submitted to the U.S. Department of Justice for approval.

Should the Justice Department approve the plan, it will set the political boundaries within the county for the next 10 years.

Wednesday's meeting was hosted by Precinct 1 committee members Ted Garcia and Bill McClellan. They explained the procedure which has taken place, and also explained the one-man, one-vote theory and the Voting Rights Act of 1965 — the two mandates which the committee has followed in its work.

Residents in attendance Wednesday also heard from Jim Allison of the law firm Allison and Associates, which has helped produce statistical data and mapping of each proposal. Allison explained that growth in the county — with most of the growth concentrated in East Fort Bend — is required to redistrict because the populations in each precinct are widely varied. One precinct now has more than 70,000 residents while another has fewer than 40,000.

Allison also said that where a minority holds a majority in a precinct, that majority must be preserved. Also, where a minority group has a significant number — an impact — on a precinct, the plan must come as close as possible to preserving that impact.

For instance, Precinct 2 currently has a black majority of about 53 percent. Proposed plans must maintain that majority, he said. The current Precinct 1 has a Hispanic presence of 40.9 percent. That minority impact must be maintained as closely as possible, he said

Allison said the "ideal" precinct is 56,355 in number, considering the county's new census figures. The deviation between the precincts' populations cannot surpass 10 percent, Allison said.

Citizen input

The committee received input which varied from concerns about roads and bridges to representation for a city to a new plan offered by Hispanics.

Two men from the southeast corner of the county said that concerns in their area center on continued road maintenance and that besides the legal requirements, the precincts should be drawn with practicality in mind.

A large group of Hispanics was on hand at the meeting, backing a plan they introduced Monday night at the Precinct 2 public hearing. Members of the Fairness Committee said the plan maintains the Hispanic presence in Precinct 1 better than all other plans which have been introduced.

Felicita Arriaga of Rosenberg said the plan — labeled Plan D — "better represents all groups."

See REDISTRICTING, page 8

A look at redistricting plans

Most of the redistricting plans being discussed at this point have much in common. They all are within the mandatory 10 percent deviation range with regard to population, and all of them have similar racial makeups with regard to minorities and their impact on certain precincts.

Four of the five plans proposed to date also share another trait: they place all of Fort Bend County west of the Brazos River in Precinct 1, as opposed to the large land mass being split three ways between Precints 1, 2 and 4 as it stands today.

Jim Allison of the law firm Allison and Associates — which has helped coordinate data for each of the proposals for the citizens redistricting committee — outlined the three plans which the committee has designed to date. Those plans were given to Commissioners Court two weeks ago as the committee's recommendation.

A fourth plan — Plan D — was introduced Monday by members of the Fairness Committee, a group which is trying to maintain a high Hispanic impact level in one precinct, and a fifth plan was introduced during Wednesday's Precinct 1 public hearing by citizens committee member Dave Stone of Sugar Land.

The ideal population for each precinct is 56,355, Allison said, and each plan submitted to date does not deviate more than 10 percent from that standard.

Plan A

Plan A, Allison said, has a maximum deviation of 8.79 percent. It maintains a black majority in Precinct 2 with 54.06 percent and the Hispanic representation in Precinct 1 drops from its current 40.9 percent to 35.42 percent.

Precinct 1 would continue to be the smallest precinct population-wise with 54,081 residents as opposed to 59,034 residents in the proposed Precinct 4.

Plan A gives Precinct 1 all territory west of the Brazos with the border lined by voting precincts 19, 8, 54, 38, 40, 1, 67, 7 and 21.

Precinct 2 would bring in Stafford's box 27 and continue its northeastern ring southward to Arcola's box 3. Precinct 3 would continue to snake through Missouri City to the northern edge of the county west to Katy. Similarly, Precinct 4 would have an easternmost boundary of boxes 34 and 61, heading west to Fulshear's box 6. Pecan Grove would continue to be in Precinct 4.

REDISTRICTING: Hispanic speakers like Plan D configuration

ontinued from page 1 8891

Dora Olivo, a member of the ard of directors of the Southwest oter Registration Education Proct, said the Latino community in ort Bend has increased by 65 per-nt since 1980. She said Fort end's concentration of Latinos is ie of the largest in the state. Plan , she said, is "fair and equitable" id pairs no incumbent commisoners and meets other requirements being followed in constructg proposals. The plan also mainins the Hispanic voting strength the proposed Precinct 1 "better an any other plan."

"Under any other plan, if the 65 ercent increase is not registered, that will raise questions by the Justice Department," she said.

Gundalupe Pineto of Richmond said Plan D does not dilute the Hispanic voting strength, as opposed to the committee's proposals. "The other three plans dilute it to no greater than 36 percent," he said.

Carlos Perez said Plan D is long overdue. "All we want is what we deserve, nothing more," he said.

Committee member Dave Stone offered a fifth plan. He said the plan would be studied by Allison & Associates and the statistical information on it would be available probably by Monday's public hearing.

Missouri City Mayor John Knox blasted all the plans which had been submitted by the committee. "None of these is acceptable to the residents and taxpayers of Missouri City," he said.

Knox's said Missouri City represented 15.7 percent of the county's population in 1980, and the city was divided into two precincts — 3 and 4 — "and we grew into another, Precinct 2."

According to the new census, Missouri City represents 14.3 percent of the total population but the city's political impact has decreased.

Knox called the plans absurd. "We proudly proclaim to be the county's largest city, but according to these plans, our city — for re sons only you can explain — split to either three or fo precincts."

Knox complained none of t hearings were held in Staffor Missouri City or Houston.

PLANS: Details of proposed redistricting plans examined

Continued from page 1

Allison said the Hispanic popuation has grown, but is widely disersed in the county population nd was "difficult to bring together n a higher concentration."

Plan B

The second plan would have a naximum population deviation of 5.91 percent, again with Precinct 1 olding 54,081 residents. Precinct 2 would have 56,067, and Precincts 3 and 4 would be similar with 57,298 and 57,975, respectively.

Allison noted with regard to the Voting Rights Act, Plan B is weaker in that it drops the minority percentage in Precinct 2. The plan shows the black majority in Precinct 2 dropping to 53.39 percent, lower than in Plan 1. The Hispanic representation in Precinct 1 would remain at 35.42 percent.

However, Allison noted that officials feel that Hispanics have been undercounted in the census and Precinct 1, in all the plans, would gain Hispanic numbers should an adjustment be made.

He also said the only other difference in the first two plans is the shifting of two boxes in the east end. In Plan A, boxes 61 and 34 are in Precinct 4; in Plan B, they are moved to Precinct 2.

Plan C

This plan, Allison said, was the only one submitted by the committee which split existing voter precincts. The plan maintains Precinct 1 west of the Brazos River, but then rushes across the Brazos into portions of voting procincts 3, 34 and 61.

The plan also would push Precinct 2 westward to includ boxes 9, 46 and 49 as well as Stafford box 27. Precinct 3 would continue to hug the northern boundary of the county west to Katy, and Precinct 4 would continue to snake through the county westward to Fulshear.

This plan shows a maximum population deviation of 8.1 percent with the following breakdowns: Precinct 1, 56,738; Precinct 2, 53,410; Precinct 3, 57,298; and Precinct 4, 57,975.

The plan would increase the black majority in Precinct 2 to 55.46 percent, and would take the Hispanic presence in Precinct 1 to 36.16 percent.

Plan D

This plan was presented to the audience by Frank Yeverino, a member of the Fairness Committee. The plan was drastically different from those submitted by the committee, yet it had a population deviation of 7.37 percent: Precinct 1, 54,130; Precinct 2, 54,883; Precinct 3, 58,126; and Precinct 4, 58,282.

The plan boosts the Hispanic representation in Precinct 1 to 39.99 percent and maintains a 54.15 percent black majority in Precinct 2.

Yeverino said the Fairness Committee kept the Justice Department guidelines in mind when developing the plan. "The precincts clearly maximize the minority vote. They are compact and contiguous and we didn't split any VTDs (voting precincts)," Yeverino said.

He added that the plan reflects the 65 percent Hispanic growth the county had in the 1980s.

The plan puts Precinct 1 squarely in the middle of the county, beginning on the southwest side with boxes 54, 38, 12, 39 and 25, then moving eastward with boxes 37, 16, 40, 1, 26, 53, 60 and 27.

Precinct 2 would continue to hug the northeast corner of the county beginning at the northernmost box 13 in the Missouri City area, going to the Arcola area of box 3.

Though Precinct 4 would include on the north side boxes 20, 42, 29 and 9 in the Sugar Land area, it would stretch southward to cross the Brazos and include boxes 67 (Tara), 7 (Booth), 21 Needville), 18 (Fairchilds) and 68 (Guy).

Precinct 3 would become the largest precinct with regard to land mass. Starting at Meadows (box 20) on the north side, the precinct would do a western loop of the county to include boxes 43, 5, 6, 14, 4, 22, 8, 32, 57, 45, 63, 24, 15, 2, 10, 1-, 41 and 66.

That would place Pecan Grove in Precinct 3 all the way around to box 10, Needville.

The plan received vocal backing from a large group of Fairness Committee members in attendance at Wednesday night's public hearing.

Plan E

This plan was unveiled by citizens committee member Dave Stone and statistical data was not available on it at Wednesday meeting.

The plan resembles more close the three plans recommended the committee. The major diffe ences — based on appearances o map distributed at the meeting would be that Precinct 4 would stretch all the way to the weste boundaries of the county. It wou use boxes 42 and 20 in Sugar La as its westernmost boundaries. P cinct 3 would stretch westward include the Fulshear and Simont areas.

Precinct 1's western bound would be box 8 (Orchard), 15 (B sley) and 2 (Kendleton) and precinct would cross the Brazos include box 26, the area betwe Sugar Land and Pecan Grove

The rest of Precinct 1 would most of the south and southwest portion of the county bordered the east by boxes 7 and 21, including Richmond and Ros berg as in all previous plans.
