If, however, any part of these limits provided render a claims-made policy, the retroactive date of such policy and any renewals thereof must be made no later than the inception of this Contract and must provide for an extended discovery period.

8.07 Laidlaw shall furnish a performance bond (the "Performance Bond") as security for the faithful performance of this Contract in the amount of one million and no/100 dollars ($1,000,000.00). PAYMENT

9.01 At the time and in the manner specified below, Laidlaw agrees to pay percentage rent ("Percentage Rent") to the County equal to County's share of the Gross Receipts as provided in Article III during each week of the term hereof as set forth below.

9.02 From and after the effective date, on or before 5:00 p.m. of every Monday, except for County observed holidays (in which case Tuesday), the requisite payment, a report of Gross Receipts for the previous week, and a statement setting forth Gross Receipts and any authorized deductions for the previous week, certified to be correct by an appropriate employee of Laidlaw, shall be submitted by Laidlaw to the County Auditor.

9.03 In keeping records of Gross Receipts, Laidlaw shall utilize reasonable accounting procedures acceptable to the County.

9.04 All statements submitted and payments made pursuant to this section shall be deemed accurate in all respects one year after receipt by County, unless County provides Laidlaw written

notice of its objections thereto, together with specific reasons for such objection, prior to the end of such one year period.

9.05 A current dumping fee of $4.85 a cubic yard is charged at the entrance gate. The dumping fee is set by the Commissioners Court of Fort Bend County and shall be adjusted annually during the term hereof as of each anniversary of the effective date of this Contract, by a factor equal to the percentage increase in the Consumer Price Index as determined by the latest published figures next preceding the date on which such adjustment is to be made compared to the Consumer Price Index last reported prior to the effective date of this Contract. The Consumer Price Index as used herein shall mean the Consumer Price Index for all urban consumers published by the Bureau of Labor Statistics, United States Department of Labor (1967 equals 100) for the entire United States. If the publication of the Consumer Price Index is discontinued prior to the expiration or termination of this Contract, or if the present method of ascertaining the index figure is materially or substantially changed, and if for a period of ninety (90) days thereafter the parties fail to agree on another standard, a substitute standard which should produce substantially the same results as the Consumer Price Index was designed to give on the date of the execution of this Contract shall be determined upon the written application of either party hereto to the judge of the District Court of Fort Bend County. If said judge will not make such a determination, a substitute standard will be determined by arbitration under the Texas General Arbitration Act (or any similar

Texas act then in existence). Each party hereto shall appoint an arbitrator and the two so selected shall select a third, or if they are unable to agree, the third arbitrator shall be appointed by the court under the Texas General Arbitration Act. In the event a new base for the Consumer Price Index is established, thereafter, for the purposes of making computations as herein provided, the controlling indices stipulated in this Contract shall be adjusted to conform to the new base so that the calculations herein provided shall have the same results as if made on the Consumer Price Index "1967 equals 100". At any time when a substitute standard has not been either agreed upon or determined in accordance with the provisions hereof, the dumping fee then in effect shall continue to be changed. The County and Laidlaw agree that there shall be no decrease in the existing dumping fee in the event of a decrease in the Consumer Price Index.

In addition to the Consumer Price Index changes to the dumping fee to be approved by the County as set forth above, in the event Laidlaw for any reason, including the imposition of New Costs, or the County deems it necessary to increase the dumping fee, an application to do so must be submitted through the County Engineer or submitted by the County Engineer to the Commissioners Court for consideration. The application for upward adjustments must contain specific reasons to justify the proper increase (i.e., including, but not limited to, costs associated with unforeseen changes in federal, state or local regulations, statutes, codes, ordinances, resolution or rules). The County agrees that it will not

unreasonably withhold or delay approval of any such application. Notwithstanding anything to the contrary contained herein, in the event the County unreasonably refuses to approve an increase in the dumping fee on or before the expiration of ninety (90) days following Laidlaw's filing of an application for such change, Laidlaw may, by written notice to County, terminate this Contract in which event, except for the indemnity obligations of Laidlaw under Article V hereof, neither party shall have any further rights or obligations hereunder.

9.06 The revenue split between the County and Laidlaw, as described in Article III above, shall be based on the then current dumping fee.

9.07 Laidlaw and County acknowledge that current intake volume is approximately 50,000 cubic yards per month provided, however, neither party to this Contract has guaranteed the intake volume hereunder.

9.08 The County shall reserve the right to monitor and/or audit ticket issuing and dumping procedures at the Landfill on a daily basis and shall have a reasonable right to inspect Laidlaw's books and records regarding this Contract during regular business hours.

9.09 Excess earth (sand or clay) shall be sold by Laidlaw at a rate set by the Fort Bend County Commissioners Court. The Gross Receipts from the sale thereof shall be shared between County and the Laidlaw during the term of this Contract in the percentages in Article III. The County reserves the right to monitor and/or audit

sales and shall have the reasonable right to inspect Laidlaw's books and records during regular business hours.

X.

10.01 The County, at its sole discretion, may after written notice to Laidlaw terminate this Contract for any of the following Events of Default ("Events of Default"), if not cured by Laidlaw within the applicable cure period:

A. Laidlaw becomes financially unable to continue operation of the Landfill;

B. Repeated failure by Laidlaw to correct any deficiencies at the Landfill cited by the Texas Department of Health or its successor, or;

C. Failure of Laidlaw to comply with any of the terms of this Contract.

Notwithstanding anything to the cortrary contained herein the foregoing occurrence(s) shall not be deemed to be an Event of Default unless such occurrence continues uncured:

(ii) For a period in excess of ninety (90) days after Laidlaw's receipt of written notice of default with respect to any nonmonetary default provided, however, in the event any such nonmonetary default cannot reasonably be cured within such ninety (90) day period, no Event of Default shall be deemed to have occurred if Laidlaw shall have commenced the cure of the nonmonetary default within such ninety (90) day period and shall diligently pursue and complete such cure.

XI.

CLOSURE OF LANDFILL

11.01 Final closure of Landfill will be allowed only upon approval of both the Texas Department of Health or its successor and the County. Laidlaw is liable for closure of the Landfill as described in Permit #1554A or as amended by Texas Department of Health or its successor's regulations.

In the event of a Force Majeure, Laidlaw shall not be deemed to have violated its obligations under this Contract, and the time for performance of any obligations by Laidlaw shall be extended by a period of time necessary to overcome the effects of the Force Majeure, provided that the foregoing shall not prevent the Contract from terminating in accordance with the termination provisions.

C. If any event constituting a Force Majeure occurs, Laidlaw shall notify the County thereof, within forty-eight (48) hours, and disclose to the County the estimated length of delay, and cause of the delay.

XV.

15.01 Fort Bend County has the right to either dump or otherwise direct dumping to the Landfill of an average of 800 cubic yards per month provided, however, such dumping shall be conducted by the County in full compliance with all applicable statutes, rules and regulations, and County shall exercise its best efforts to avoid interference or disruption of Laidlaw's operation of the Landfill. Dear Mr. Bass:

This refers to the redistricting of commissioners court and justice of peace/constable districts in Fort Bend, Texas, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. 1973c. We received your submission on November 5, 1991.

The Attorney General does not interpose any objection to the specified changes. However, we note that Section 5 expressly provides that the failure of the Attorney General to object does not bar subsequent litigation to enjoin the enforcement of the changes. See the Procedures for the Administration of Section 5 (28 C.F.R. 51.41).

We understand that the county recently mailed a separate submission under Section 5 of precinct and polling place changes associated with the instant redistricting. Those changes, accordingly, will be reviewed in that submission file.

Sincerely,

John R. Dunne

Please find enclosed preclearance of the "77 Plan". You should retain this document in your records in the event that the "77 Plan" becomes an approved voting scheme by legislative action. It is my understanding that the "77 Plan" will go into effect in 1994 elections but I am unable to accurately state that at this time due to pending court challenges to the plan. I will be in touch with you in this regard at a later date.

Request for Expedited Consideration

Confusion surrounding the accuracy of the 1990 Census, coupled with delays imposed by legislative efforts to redistrict Texas Congressional and Legislative boundaries, has resulted in unanticipated complications in the preparation of this Submission. Due to requirements of the Texas Election Code, expedited consideration of this submission is requested. By Texas law, the filing period for elective office opens December 3, 1991 and closes January 2, 1992. In order to allow for an orderly and timely election process, the plan for reapportionment of Fort Bend County political boundaries must be pre-cleared prior to January 2, 1992. Fort Bend County should be permitted to conduct its 1992 primary and general elections in compliance with state law. There are no provisions in Texas law to allow postponements or rescheduling of such elections. The plan submitted has been prepared in good faith and with a reasonable belief that is complies in all regards with the Voting Rights Act.

With the filing period requisite for candidates seeking office under the newly proposed political boundaries opening December 3, 1992, and closing January 2, 1992, there is scant time to pre-clear the attached submission using normal periods of review. Failure to obtain pre-clearance, with the attendant confusion and possible judicial intervention to extend filing periods and/or election dates will result in an adverse impact upon voter participation in the electoral process.

Therefore, Fort Bend County, Texas respectfully requests that expedited consideration be given to this submission, and that the Department of Justice issue its pre-clearance opinion prior to January 2, 1992.

SUBCHAPTER A. COUNTY ELECTION PRECINCTS

Sec. 42.001. Precincts established by commissioners court. Each commissioners court by order shall divide all the territory of the county into county election precincts in accordance with this subchapter. The precincts must be compact and contiguous.

Local preclearance under federal Voting Rights Act of changes in precinct boundaries, see note under Sec. 31.031.

Sec. 42.002. Required use of county precincts. (a) The county election precincts are the election precincts for the following elections:

(1) the general election for state and county officers;

(2) a special election ordered by the governor;

(3) a primary election; and

(4) a countywide election ordered by the commissioners court, county judge, or other county authority, except an election subject to Section 42.062(2).

(b) Except as provided by Sections 42.008 and 42.009, county election precincts may not be consolidated for an election.

Consolidation of precincts in special election under certain conditions, see Sec. 42.008.

Consolidation of precincts in a primary election, see Sec. 42.009.

Use of county precincts in countywide local option election on sale of alcoholic beverages, see Sec. 251.34, Alcoholic Beverage Code.

Sec. 42.003. Boundary description. Each county election precinct must be described by natural or artificial boundaries or by survey lines.

Sec. 42.004. Precinct identification. The commissioners court shall identify each county election precinct by a number.

Sec. 42.005. Relationship to wards, districts, and justice and commissioners precincts.(a) A county election precinct, including a consolidated precinct, may not contain territory from more than one of each of the following types of territorial units:

(1) a commissioners precinct;

(2) a justice precinct;

(3) a congressional district;

(4) a state representative district;

(5) a state senatorial district;

(6) a ward in a city with a population of 10,000 or more; or

AS PER ORIGINAL 58 0056

(7) a State Board of Education district.

(b) If application of this section conflicts with application of Section 42.006, this section prevails.

(c) In this section, "ward" means a territorial unit of a city, regardless of its designation under other law, from which a member of the city's governing body is elected by only the voters residing in the territorial unit.

(d) County election precincts are not required to comply with Subsection (a)(6) if:

(1) the commissioners court by order recorded in its minutes determines that compliance is impracticable because of the requirements of a federal court order affecting elections in the county; and

(2) not later than January 1 of each year, the voter registrar furnishes to each political subdivision affected by the federal court order that is authorized or required to hold elections in the county during that year a list of registered voters for each election precinct used in the political subdivision's elections.

How population is determined. Section 311.005(3) of the Code Construction Act (see note under Sec. 1.003) provides that "population" means that shown by the most recent federal decennial census. Municipalities, counties, and other political subdivisions, as well as the state, are required to recognize and act on the census reports beginning on September 1 of the year immediately following the calendar year during which the census was taken, except that a political subdivision with a governing body elected from single-member districts may recognize and act on the census population tabulations, for purposes of redistricting, on or after the date the governor receives the report of the basic tabulations from the Secretary of Commerce. See Art. 29d, Vernon's Tex. Civ. Stat.

Sec. 42.006. Population requirements. (a) Except as otherwise provided by this section, a county election precinct must contain at least 100 but not more than 2,000 registered voters.

(b) For an election precinct in a county with a population under 100,000, the minimum number of registered voters the precinct may contain is 50, except as provided by Subsection (c).

(c) In a county with a population under 50,000, a county election precinct may contain fewer than 50 registered voters if the commissioners court receives a written petition, signed by at least 25 registered voters of the county, requesting establishment or continuation of the precinct.

(d) In a county in which a voting system has been adopted for use in the general election for state and county officers, the maximum number of registered voters a precinct may contain is:

(1) 3,000, in a county with a population of 250,000 or more;

(2) 4,000, in a county with a population of 175,000 or more but less than 250,000; and

(3) 5,000, in a county with a population of less than 175,000.

How population is determined, see note under Sec. 42.005.

Sec. 42.007. Combining incorporated and unincorporated territory. A commissioners court may not establish a county election precinct containing territory inside a city with a population of 10,000 or more and unincorporated territory outside that city unless the commissioners court determines that either of the two areas:

(1) cannot constitute a separate election precinct of suitable size or shape that contains the permissible number of voters; or

(2) cannot be combined with other territory on the same side of the city boundary to form an election precinct of a suitable size or shape that contains the permissible number of voters without causing another election precinct to fail to meet those requirements.

Sec. 42.008. Consolidating precincts in special election. (a) In a special election for which use of county election precincts is required, the commissioners court may consolidate two or more county election precincts into a single precinct if:

(1) the polling place is located so it will adequately serve the voters of the consolidated precinct; and

(2) no office or measure is to be voted on in the consolidated precinct only by the voters of the county or of an area situated wholly within the county.

(b) If county election precincts are consolidated for a countywide election, at least one consolidated precinct must be situated wholly within each commissioners precinct.

Necessity for preclearance under federal Voting Rights Act, see note under Sec. 31.031.

Notice of consolidated precinct, see Sec. 4.003(b), (e).

Sec. 42.009. Consolidating precincts in primary election. The county executive committee of a political party holding a primary election may order two or more county election precincts consolidated into a single precinct if:

(1) the polling place is located so it will adequately serve the voters of the consolidated precinct; and

AS PER ORIGINAL 58 0058

(2) at least one consolidated precinct is situated wholly within each commissioners precinct.

Necessity for preclearance under federal Voting Rights Act, see note under Sec. 31.031.

Secretary of state's authority to limit number of polling places for which operating expenses are payable with state funds, see Sec. 173.007.

Notice of consolidated precinct, see Secs. 172.1112 and 173.081(f).

SUBCHAPTER B. CHANGING COUNTY PRECINCT BOUNDARIES

Sec. 42.031. Reviewing precincts for compliance: boundary changes. (a) During March or April of each odd-numbered year, each commissioners court shall determine whether the county election precincts comply with Sections 42.005, 42.006, and 42.007. The commissioners court may make that determination during March or April of an even-numbered year. Before May 1 of the year in which the determination is made, the commissioners court shall order the boundary changes necessary for compliance.

(b) The commissioners court may order a boundary change only during March or April unless the change is necessary to:

(1) comply with Section 42.005 or 42.032;

(2) reduce the number of registered voters in a precinct so it does not exceed the maximum number permitted by Section 42.006; or

(3) include within a precinct a suitable building available for use as a polling place if no suitable building is available for that purpose within the existing precinct boundary.

Necessity for preclearance under federal Voting Rights Act, see note under Sec. 31.031.

Sec. 42.032. Redistricting: boundary changes. If changes in county election precinct boundaries are necessary to give effect to a redistricting plan under Article III, Section 28, of the Texas Constitution, each commissioners court shall order the changes before October 1 of the year in which the redistricting is done.

Necessity for preclearance under federal Voting Rights Act, see note under Sec. 31.031.

Sec. 42.033. Effective date of boundary change. (a) A change in a county election precinct boundary takes effect on the first day of the first even-numbered voting year following the voting year in which the change is ordered.

AS PER ORIGINAL

(b) Except as provided by Subsection (c), for a boundary change under Section 42.031(b), the commissioners court may order an earlier effective date than that prescribed by Subsection (a) if:

(1) an election for an officer of a territorial unit under Section 42.005(a) is scheduled or may be scheduled to be held before the effective date of the change under Subsection (a) and the territorial unit contains the election precinct as changed; and

(2) the voter registrar has sufficient time to correct the registration records before the effective date of the change.

(c) A change in a county election precinct boundary may not take effect on a date occurring between the date of the general primary election and the date of the general election for state and county officers unless the change is necessary to:

(1) comply with Section 42.005 after a boundary change made under Article V, Section 18, of the Texas Constitution;

(2) include within a precinct a suitable building available for use as a polling place if no suitable building is available for that purpose within the existing precinct boundary; or

(3) comply with a court order.

Sec. 42.034. Notice to registrar. The commissioners court shall deliver a certified copy of an order changing a county election precinct boundary to the voter registrar not later than the seventh day after the date the order is adopted.

Correction of registration records, see Sec. 15.022.

Registrar's notice to affected voters, see Sec. 15.027.

Sec. 42.035. Public notice. (a) Beginning with the first week following the week in which an order changing a county election precinct boundary is adopted, the commissioners court shall publish notice of the change in a newspaper in the county once a week for three consecutive weeks.

(b) The notice must include a brief, general description of the boundary change.

(c) If no newspaper is published in the county, the commissioners court shall post the notice at the county courthouse on the bulletin board used for posting notice of meetings of the commissioners court. The notice must remain posted continuously for three consecutive weeks.

(d) The county clerk shall deliver a copy of the notice to the secretary of state not later than the 20th day after the date the order changing the boundary is adopted.

AS PER ORIGINAL

Sec. 42.036. Additional notice in populous counties. (a) This section applies only to a county with a population of 500,000 or more.

(b) The commissioners court shall deliver written notice of each proposed change and of each order making a change in a county election precinct boundary to:

(1) the county chairman of each political party that held a primary election in the county on the most recent general primary day;

(2) the political party's precinct chairman of each affected election precinct; and

(3) the presiding judge appointed by the commissioners court for each affected election precinct.

(c) The notice of a proposed boundary change must be delivered not later than the seventh day before the date of the commissioners court meeting at which the proposed change will be considered. The notice of an order making a boundary change must be delivered not later than the seventh day after the date the order is adopted.

(d) The notice of a proposed change must describe the proposed change in brief, general terms, identify the precincts to be affected by the proposed change, and state the date, hour, and place of the meeting.

(e) The notice of an order making a boundary change must describe the change in brief, general terms and identify the changed precincts. As an alternative, the notice to the county chairman may be a copy of the order, and the notice to a precinct chairman or presiding judge may be a copy of the portion of the order affecting the precinct served by that person.

(f) A person entitled to notice under this section may challenge a boundary change made in violation of this section by petition to the district court. The petition must be filed not later than one year after the date the change is scheduled to take effect. If the court determines that the commissioners court failed to comply with this section, the court shall declare the boundary change void. The validity of an election held before the date of a final judgment declaring a change void is not affected by the judgment. Noncompliance with this section may not be challenged in any other manner.

(g) For one year following the effective date of a change in a county election precinct boundary, the commissioners court shall maintain a record containing a copy of each notice required by this section in connection with the boundary change and showing the date the notice was delivered.

How population is determined, see note under Sec. 42.005.

Methods of delivering notice, see Sec. 1.007. Timeliness of notice delivered by mail, see Secs. 1.008 and 1.009.

Sec. 42.037. Filing map of precinct boundary changes with secretary of state. (a) Not later than the 120th day after the date an order changing a county election precinct boundary is adopted, the county clerk shall deliver to the secretary of state a map depicting the affected precinct's boundary as changed and showing the number of the precinct.

(b) The secretary of state shall retain each map for 10 years after receipt. After that period, the secretary shall transfer the map to the state library.

(c) The state librarian shall retain the map for 20 years after receipt.

SUBCHAPTER C. OTHER ELECTION PRECINCTS

Sec. 42.061. Precincts of political subdivision other than county. (a) The governing body of a political subdivision other than a county shall establish the election precincts for elections ordered by an authority of the political subdivision.

(b) The precincts may be established before each election or, once established, remain established until changed, at the governing body's discretion.

(c) An election precinct established for an election ordered by a city authority may not divide a county election precinct except as necessary to follow the city's boundary.

Necessity for preclearance under federal Voting Rights Act, see note under Sec. 31.031.

A precinct of a political subdivision situated in more than one county may include territory in more than one county, cf. Sec. 112.003.

Sec. 42.062. Precincts for certain special elections. A county authority ordering an election shall establish the election precincts for the election if:

(1) the election is a special election affecting only part of the county; or

(2) the election relates to the creation, organization, functioning, or existence of one or more political subdivisions other than the county.

Necessity for preclearance under federal Voting Rights Act, see note under Sec. 31.031.

Section 251.34, Alcoholic Beverage Code, provides that the election precincts established by the municipality shall be used in a local option election under that code that is only in a single municipality.

3. RELEVANT DATES AFFECTING VOTING

Texas conducts its preliminary elections on what is known as "Super Tuesday", that being the second Tuesday of March. Therefore, the proposed change must be pre-cleared and implemented before the filing period for candidates seeking office in the March primary. This filing period opens December 3, 1991, and closes January 2, 1992 at 6:00 p.m.

REQUEST FOR EXPEDITED CONSIDERATION

Due to the need for pre-clearance before the proposed change may be implemented, expedited consideration is necessary. Fort Bend County respectfully requests such early evaluation and review.

4. STATEMENT OF IMPLEMENTATION

In compliance with Section 5, 42 U.S.C. 1973(c), implementation of the proposed change of political boundaries is submitted for pre-clearance to the Department of Justice. No implementation has taken place prior to pre-clearance.

5. ANTICIPATED IMPACT OF CHANGE ON MINORITIES

Presently, Fort Bend County is divided into 68 Election Precincts, which make up four Commissioners Court and Justice/Constable Precincts. The Election Precincts which participate in the election of Commissioners, Justices of the Peace and Constables are numbered in a four digit series, with the first digit indicating the Commissioner/Justice Precinct in which the election precinct is organized.

For example, Election Precinct 1001, denotes that Election Precinct 001 is a part of Commissioner/Justice Precinct No. 1. Likewise, 2003 denotes that voters living within the boundaries of Election Precinct 003 are eligible to vote in Commissioner/Justice Precinct 2. With the reapportionment of Commissioners County and Justice Precincts in 1991, election precinct boundaries were modified in order to achieve numerical balance and improve minority representation. These changes in the boundaries of election precincts, or in the election precincts included within the respective Commissioner Precincts, results in a "change" which should be pre-cleared. In order to maintain ease of administration, the Commissioners Court adopted a resolution calling for the restructuring of Justice/Constable Precincts to coincide with the boundaries of the Commissioners Court. The impact of this change upon minorities is considered to be minimal in light of the great disparity between the former Commissioner/Justice Precincts and the Proposed boundaries for Commissioner/Justice Precincts. Election Precincts are merely component parts of larger Commissioner/Justice Precincts, and are not themselves subject to the Voting Rights Act standards of minority representation, nor constitutional standards requiring numerical balance.

6. PRIOR HISTORY RELEVANT TO VOTING PRACTICES

Fort Bend County has not been subject to litigation regarding voting practices. A submission for the reapportionment of County Commissioner and Justice of the Peace Precincts is now pending before the Department of Justice.

III. Proposed Election Precincts

Statement of Changes to Election Precincts

Reapportionment of county offices is usually a fairly complex process. Fort Bend County was confronted with not only this task, but compliance with Legislative Reapportionment of Congressional, State Senate, State House of Representative and State Board of Education districts as well. The demands placed upon Fort Bend County to conform election precincts to these conflicting demands forced the creation of numerous smaller election precincts, or the modification of existing election precincts on rather significant scale, with the total number of Election Precincts growing from 68 to 77. These nine additional election precincts were created primarily in Commissioners Court precincts number 2 and 3, where the majority of new Legislative lines were concentrated.

In an effort to clarify the changes imposed, the following list of election precincts, both before and after redistricting, is provided:

Honorable Jodie E. Stavinoha
Fort Bend County Judge

Dear Judge Stavinoha:

This refers to the realignment of voting precincts and the limited redistricting of commissioner precincts in Fort Bend County, Texas, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. 1973c. We received your submission on September 21, 1987.

The Attorney General does not interpose any objections to the changes in question. However, we feel a responsibility to point out that Section 5 of the Voting Rights Act expressly provides that the failure of the Attorney General to object does not bar any subsequent judicial action to enjoin the enforcement of such changes. See Section 51.41 of the Procedures for the Administration of Section 5 (52 Fed. Reg. 496 (1987)).

Sincerely,

Wm. Bradford Reynolds

Attention: Mr. Gerald W. Jones
Chief of Voting Section

Re: Election Precinct Line Changes; Commissioners, Justices of the Peace, and Constables; Precincts No. 1, 2, and 4, Fort Bend County, Texas

Dear Mr. Jones:

During the July and August, 1986, term of Commissioners' Court, Fort Bend County, Texas, the election precinct lines in County Commissioners, Justices of the Peace, and Constables - Precincts No. 1, 2, and 4, were changed for the convenience of the voters and pursuant to the requirements of the Texas Election Codes.

These changes were for the purpose of realignment of listed election precincts within the said areas and to create additional election precincts within the confines of the overall county election precinct boundaries. Consequently, the boundaries of Precincts No. 1, 2, and 4 remain the same after the changes.

Election Precinct changes are specifically as follows:

Election Precinct No. 1007 is an existing election precinct that was reduced in size by

the creation of a new Election Precinct No. 1067. The exterior boundaries of the proposed 1007 and 1067 are the same as the existing 1007.

Election Precinct Nos. 2021 and 2010 are existing election precincts that were reduced in size by the creation of a new Election Precinct No. 2068. The exterior boundaries of the proposed 2010, 2021, and 2068 are the same as the existing 2010 and 2021.

Election Precinct Nos. 4041 and 4063 are existing election precincts. A portion of Precinct No. 4063 is being extended into Precinct No. 4041 for the purpose of giving said precinct a polling place.

These changes were made for the purpose of realignment of the listed election precincts within the said areas and to create additional election precincts within the confines of the overall county election precinct boundaries. Consequently, the boundaries of Precincts No. 1, No. 2, and No. 4 remain the same.

Enclosed please find the following information for your consideration regarding this matter:

1. Four (4) drawings indicating the proposed changes which are displayed in a green color.

2. A certified copy of the Minutes of Commissioners' Court wherein the changes were approved.

3. A copy of Publisher's Affidavit that gives notice of the changes for three (3) weeks.

In closing, I would like to reiterate that these changes will not affect any County elections or any other elections (state or federal). The changes were made for the convenience of the voters within the election precincts.

Should you have any questions, please feel free to call on me at any time.

Very truly yours,

Jodie E. Stavinoha

Dear Judge Stavinoha:

This refers to the realignment of voting precincts; the creation of Voting Precincts 47, 61, 62, 63, 64, 65, 66, and [redacted] and the redistricting of commissioner precincts in Fort Bend County, Texas, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. 1973c. We received your submission on November 25, 1985.

The Attorney General does not interpose any objections to the changes in question. However, we feel a responsibility to point out that Section 5 of the Voting Rights Act expressly provides that the failure of the Attorney General to object does not bar any subsequent judicial action to enjoin the enforcement of such changes. Redistricting hearings scheduled by county

Fort Bend County Commissioners Court Monday heard a report from the committee appointed to study redistricting of commissioners' precinct lines, then set four public hearing dates to discuss the plans.

Blair Myska, representing the citizens committee, presented the three proposals recommended by committee members for discussion.

Commissioners set one public hearing in each precinct to give residents an opportunity to share their views on the plans. The court is attempting to finalize the redistricting plan in order to send it to the U.S. Justice Department by Aug. 15. The Justice Department then will review the plans.

Public hearings were set as follows:

Precinct 1: 7 p.m. Aug. 7, Building B, Fort Bend County Fairgrounds; Precinct 2: 7 p.m. Aug. 5, Mustang Civic Center; Precinct 3, 7 p.m., Aug. 6, One Sugar Creek Plaza (Unocal Building) in Sugar Land (tentative); Precinct 4, 7 p.m. Aug. 8, Commissioners Courtroom, Richmond.

Plans are to discuss the three proposals recommended by the committee, and then have one final public hearing before commissioners adopt the plan they intend to send to the Justice Department.

County plans redistricting hearings

By CHARLES DE MANGIN

A series of five public hearings on the redistribution of residents among Fort Bend County's four precincts will be held in August.

The hearings are in response to one-person, one-vote federal statutes based on 1990 federal census figures.

"The proposals of an 11-member Redistricting Citizens Advisory Committee will be made at the hearings," said County Judge Roy Cordes, noting that they may favor one of three plans based on data developed by the Allison and Associates consulting firm or come up with something entirely different.

"We're recommending one hearing in each district and a last one that is countywide," committee chairwoman Blair Miska told Commissioners Court at a Monday meeting.

Commissioners set hearings for:

- Precinct 1 - Aug. 7 at 7 p.m. at the Fort Bend County Fairgrounds, State Highway 36, south of Rosenberg.
- Precinct 2 - Aug. 5 at 7 p.m. at the Mustang Civic Center, Farm Road 521, Fresno.
- Precinct 3 - Aug. 6 at 7 p.m. at One Sugar Creek Place, Sugar Land.
- Precinct 4 - Aug. 8 at 7 p.m. in the Commissioners Board Room, Jane Long Annex, Richmond.

Pct. 4 Commissioner Bob Lutts said he selected the Richmond site because "my district stretches from Beasley to Missouri City and this seems like the most central place, even though it is another precinct."

Commissioners agreed to act at a regular Court meeting on Aug. 5 to set a countywide hearing and make recommendations on Aug. 12 at a time and place to be announced. "We have until August 15 to send all this data to the state," Lutts reminded.

If populations are equalized, each Fort Bend County precinct would have between 55,000 and 59,000 residents. In Precinct 1 on the county's west end, Commissioner Bud O'Shieles already is taking steps to meet what figures to be a substantial head-count hike in less-developed Precinct 1 to balance the east end's population explosion.

O'Shieles got the court's permission to engage Don Hartfiel for preliminary architectural designs on enlarging the Precinct 1 headquarters along Farm Road 762. "No matter what plan is adopted, we'll need more space," says the commissioner from Richmond.

In the meantime, U.S. Rep. Tom DeLay has contacted Fort Bend County Commissioners Court, asking for a resolution urging that Fort Bend County be left in his 22nd Congressional District. DeLay lives in Sugar Land.

"There has been some talk that the State Legislature during the special session will be looking at moving parts of the county's extreme east and west ends into other Congressional districts," said Cordes after commissioners voted unanimously to keep the county in the 22nd district. Copies of the resolution will be sent to state representatives and senators from the Fort Bend area.

In an unrelated matter, commissioners voted to put stop signs on all four corners of the Four Corners community at Old Richmond and Boss Gaston Roads where upgraded roads were dedicated at a large Saturday ceremony a few months ago.

Fort Bend County Commissioners Court Monday heard a report from the committee appointed to study redistricting of commissioners' precinct lines, then set four public hearing dates to discuss the plans.

Blair Myska, representing the citizens committee, presented the three proposals recommended by committee members for discussion.

Commissioners set one public hearing in each precinct to give residents an opportunity to share their views on the plans. The court is attempting to finalize the redistricting plan in order to send it to the U.S. Justice Department by Aug. 15. The Justice Department then will review the plans.

Public hearings were set as follows:

Precinct 1: 7 p.m. Aug. 7, Building B, Fort Bend County Fairgrounds; Precinct 2: 7 p.m. Aug. 5, Mustang Civic Center; Precinct 3, 7 p.m., Aug. 6, One Sugar Creek Plaza (Unocal Building) in Sugar Land (tentative); Precinct 4, 7 p.m. Aug. 8, Commissioners Courtroom, Richmond.

Plans are to discuss the three proposals recommended by the committee, and then have one final public hearing before commissioners adopt the plan they intend to send to the Justice Department.

County redistricting hearings to begin

Fort Bend County Commissioners Court Monday set the final public hearings on the county's redistricting plans that could next Monday finalize a plan which will then be submitted to the U.S. Department of Justice for consideration.

Public hearings in each precinct will begin at 7 tonight with the Precinct 2 meeting set for the Mustang Civic Center. The hearings will be conducted by the citizens redistricting committee which has presented three redistricting plans to commissioners court for consideration.

The hearings are being held for public input on redrawing of precinct lines for commissioners, constables and justices of the peace boundaries. Population buildups and shifts since the last redistricting process require the changes to equalize population numbers in each precinct.

Unocal Building in Sugar Land and Precinct 1 will hold its meeting. Precinct 3 will hold its public hearing at 7 p.m. Tuesday in the

at 7 p.m. Wednesday in Building B of the Fort Bend County Fairgrounds. Precinct 4 will hold its meeting at 7 p.m. Thursday in the Commissioners Courtroom in the Jane Long Annex in Richmond.

The final public hearing will be held at 10:15 a.m. next Monday during the regular Commissioners Court meeting.

County Judge Roy Cordes Jr. said the agenda item would enable the commissioners to take action on any plan if they choose to do so. The court is attempting to finalize the redistricting plan in order to send it to the Justice Department by Aug. 15. The Justice Department then will review the plans.

Re: Report of the Citizens Advisory Commitee on Redistricting

Gentlemen:

At the request of the Commissioners Court, the Citizens Advisory Committee on Redistricting (the "Committee") has reconvened to review all proposed redistricting plans submitted to the Commissioners Court or the Committee. The Committee met on August 29, 1991, September 5, 1991 and September 9, 1991. The Committee recommends (subject to review by counsel) Plans B-2 and D-6 to the Commissioners Court for your consideration in adopting a redistricting plan for Fort Bend County. Measures taken to correct deviations between Voting Tabulation Districts and the municipal boundary lines of Houston, Missouri City, Sugar Land, and Rosenberg in conformity with the requirements of the Texas Election Code are detailed in the first enclosure to this letter. The Committee believes that Plan B-2 and Plan D-6 comply with *(i)* the one person, one vote requirement of the United States Constitution, *(ii)* the requirements of the Voting Rights Act of 1965, and *(iii)* the requirements of the Texas Election Code. An analysis of each redistricting plan is enclosed with this letter along with copies of the redistricting plans.

The Committee has received a request from the City Council of Sugar Land which may be incorporated into the redistricting plan to be adopted by the Commissioners Court. The City Council has requested that *(i)* the areas in Voting Precinct 42 bounded by State Highway 6 to the south, U.S. Highway 59 to the west, and Williams Trace Boulevard to the east and north be either placed in a new voting precinct or combined with Voting Precinct 46; *(ii)* the areas in Voting Precincts 11 and 47 bounded by State Highway 6 to the north, Ditch C to the east, Steepbank Creek to the south, and Ditch E and Lexington Boulevard to the west be placed into new voting precincts; and *(iii)* the area in Voting Precincts 47 and 64 bounded by Settlers Way Boulevard to the east, Steepbank Creek to the south, Ditch C to the west, and State Highway 6 to the north be placed into new voting precincts. The first request was made for the convenience of the voters in the affected area who will otherwise be required to travel across U.S. Highway 59 to vote. The second and third

AS PER ORIGINAL

requests were made in order to reflect the annexation of Fort Bend County MUD 12 by the City of Sugar Land in the fourth quarter of 1991. The Committee is aware of no other change in the alignment or configuration of voting precincts which would be required as a result of the pending annexation of an area in Fort Bend County by a municipality.

The Committee also received a request from the City of Stafford that the portion of Sugar Creek in the city limits of Stafford be placed in a separate voting precinct. The area in question is bounded by Dulles Avenue to the east, Highway 90A to the north, and the municipal boundary of Stafford to the west and south. This area was included in Voting Tabulation District 9 following the 1990 census and was therefore incorporated into each redistricting plan submitted to the Committee. The area in question should be placed in a separate voting precinct.

Sincerely,

Blair Myska

PLANS: Details of proposed redistricting plans examined

Continued from page 1

Allison said the Hispanic population has grown, but is widely dispersed in the county population and was "difficult to bring together in a higher concentration."

Plan B

The second plan would have a maximum population deviation of 6.91 percent, again with Precinct 1 holding 54,081 residents. Precinct 2 would have 56,067, and Precincts 3 and 4 would be similar with 57,298 and 57,975, respectively.

Allison noted with regard to the Voting Rights Act, Plan B is weaker in that it drops the minority percentage in Precinct 2. The plan shows the black majority in Precinct 2 dropping to 53.39 percent, lower than in Plan 1. The Hispanic representation in Precinct 1 would remain at 35.42 percent.

However, Allison noted that officials feel that Hispanics have been undercounted in the census and Precinct 1, in all the plans, would gain Hispanic numbers should an adjustment be made.

He also said the only other difference in the first two plans is the shifting of two boxes in the east end. In Plan A, boxes 61 and 34 are in Precinct 4; in Plan B, they are moved to Precinct 2.

Plan C

This plan, Allison said, was the only one submitted by the committee which split existing voter precincts. The plan maintains Precinct 1 west of the Brazos River, but then pushes across the Brazos into portions of voting precincts 3, 34 and 61.

The plan also would push Precinct 2 westward to includ boxes 9, 46 and 49 as well as Stafford box 27. Precinct 3 would continue to hug the northern boundary of the county west to Katy, and Precinct 4 would continue to snake through the county westward to Fulshear.

This plan shows a maximum population deviation of 8.1 percent with the following breakdowns: Precinct 1, 56,738; Precinct 2, 53,410; Precinct 3, 57,298; and Precinct 4, 57,975.

The plan would increase the black majority in Precinct 2 to 55.46 percent, and would take the Hispanic presence in Precinct 1 to 36.16 percent.

Plan D

This plan was presented to the audience by Frank Yeverino, a member of the Fairness Committee. The plan was drastically different from those submitted by the committee, yet it had a population deviation of 7.37 percent: Precinct 1, 54,130; Precinct 2, 54,883; Precinct 3, 58,126; and Precinct 4, 58,282.

The plan boosts the Hispanic representation in Precinct 1 to 39.99 percent and maintains a 54.15 percent black majority in Precinct 2.

Yeverino said the Fairness Committee kept the Justice Department guidelines in mind when developing the plan. "The precincts clearly maximize the minority vote. They are compact and contiguous and we didn't split any VTDs (voting precincts)," Yeverino said.

He added that the plan reflects the 65 percent Hispanic growth the county had in the 1980s.

The plan puts Precinct 1 squarely in the middle of the county, beginning on the southwest side with boxes 54, 38, 12, 39 and 25, then moving eastward with boxes 37, 16, 40, 1, 26, 53, 60 and 27.

Precinct 2 would continue to hug the northeast corner of the county beginning at the northernmost box 13 in the Missouri City area, going to the Arcola area of box 3.

Though Precinct 4 would include on the north side boxes 20, 42, 29 and 9 in the Sugar Land area, it would stretch southward to cross the Brazos and include boxes 67 (Tara), 7 (Booth), 21 Needville), 18 (Fairchilds) and 68 (Guy).

Precinct 3 would become the largest precinct with regard to land mass. Starting at Meadows (box 20) on the north side, the precinct would do a western loop of the county to include boxes 43, 5, 6, 14, 4, 22, 8, 32, 57, 45, 63, 24, 15, 2. 10. 1-. 41 and 66.

That would place Pecan Grove in Precinct 3 all the way around to box 10, Needville.

The plan received vocal backing from a large group of Fairness Committee members in attendance at Wednesday night's public hearing.

Plan E

This plan was unveiled by citizens committee member Dave Stone and statistical data was not available on it at Wednesday's meeting.

The plan resembles more closely the three plans recommended by the committee. The major differences — based on appearances of a map distributed at the meeting — would be that Precinct 4 would not stretch all the way to the western boundaries of the county. It would use boxes 42 and 20 in Sugar Land as its westernmost boundaries. Precinct 3 would stretch westward to include the Fulshear and Simonton areas.

Precinct 1's western boundary would be box 8 (Orchard), 15 (Beasley) and 2 (Kendleton) and the precinct would cross the Brazos to include box 26, the area between Sugar Land and Pecan Grove.

The rest of Precinct 1 would be most of the south and southwestern portion of the county bordered on the east by boxes 7 and 21, and including Richmond and Rosenberg as in all previous plans.

An:her redistricting plan urfaces

By BOB HAENEL

The effort to draw new boundaries for commissioners, constables and justices of the peace in Fort Bend County gained yet another plan which was unveiled at the final precinct public hearing held in Richmond Thursday night.

The Precinct 4 meeting was held at the Jane Long Courthouse Annex, and the first five plans which have been submitted were discussed, and the new plan was unveiled by Dave Stone, a member of the citizens redistricting committee appointed by Fort Bend County Commissioners Court.

The latest plan is the second offered by Stone, who unveiled a fifth plan at Wednesday night's public hearing for Precinct 1 residents.

The first three plans were developed by the committee, and they were joined by a fourth plan — Plan D — offered by the Fairness Committee, a group of Hispanics trying to maintain a high level of representation in Precinct 1 for the minority population.

All plans will be reviewed in further committee meetings this weekend, and Commissioners Court plans to hold a 10:15 a.m. public hearing Monday to further seek public input on the redisricting efforts.

The first three plans were similar in nature, giving all of the area west of the Brazos River to Precinct 1, plus some additional areas. All three plans called for Simonton to be moved from Precinct 4 to Precinct 1. Plan C had Precinct 1 also crossing the Brazos into portions of East Fort Bend County.

Simonton Mayor Maurice Berkman, who said he was speaking as a resident and as mayor, said he hopes that the Simonton and Fulshear communities would remain in the same precinct, as they are now in Precinct 4.

He said the two communities have much in common, socially, politically and ethnically. He said, too, that Simonton's proximity to the Precinct 4 work barn in Fulshear puts the city within five miles of that facility as opposed to 25

See PLAN, page 10

PLAN: Another redistricting suggestion surfaces in meeting

Continued from page 1

miles to the Precinct 1 facility in Richmond.

All three of the redistricting committee's plans have Precinct 4 winding through the central part of the county, beginning in Missouri City and ending in West Fort Bend County in Fulshear. All three plans continue to include Pecan Grove in Precinct 4 as well.

Members of the Fairness Committee again presented the data behind their Plan D. That plan is somewhat of a departure from what currently exists and what has been offered by the redistricting committee. Though it keeps Rosenberg and Richmond in Precinct 1, the rest of that precinct shoots northeast all the way to Stafford.

Backers of Plan D say it not only holds the Hispanic impact of Precinct 1 at the 39.99 percent level (it's currently 40.9 percent), but also would create a precinct with a minority majority when combining all minorities.

Precinct 4 would still include parts of Sugar Land and Missouri City, but would then head south to include the Tara area, Booth area, and Fairchilds area.

Precinct 3 in the plan would go from Meadows on the north side, horseshoe around Precinct 1 and end up in box 10, the Needville area.

Precinct 2 would continue to be mostly far East Fort Bend County.

Stone's first offering, Plan E, closely resembles the first three plans in that it gives Precinct 1 the territory west of the Brazos River as well as box 26 between Sugar Land and Pecan Grove.

Precinct 3 would continue to stretch from the Meadows on the north to Simonton on the west, and include Pecan Grove.

Precinct 4 would be a combination of boxes in Sugar Land, First Colony and Missouri City, and Precinct 2 would be from Safford on the west wrapping around to Arcola on the southeast.

Stone's Plan F resembles Plan D with regard to Precincts 1 and 3. But the change is between Precincts 4 and 2. Four would be the smallest precinct in land mass but the largest in population, Stone said, including boxes in Sugar Land, First Colony and parts of Missouri City. Precinct 2, though, would start in Missouri City and wrap around to include Guy, Fairchilds, Tara and Booth on its southern boundaries similar to its current alignment.

Redistricting public hearing part of commissioners agenda

The last scheduled public hearing on the redistricting of the Fort Bend County commissioners, constables and justices of the peace precincts will be held as part of the regular Commissioners Court meeting Monday.

The regular portion of the meeting will begin at 9 a.m. and the public hearing on redistricting is scheduled for 10:15 a.m. in the Commissioners Courtroom in the Jane Long Courthouse Annex.

This meeting follows four public hearings — one held for each current precinct — held this past week. During those hearings, three plans offered by the citizens redistricting committee appointed by Commissioners Court were discussed, as were three more plans.

The fourth plan was offered by the Fairness Committee, a group of Hispanics seeking to maintain the same levels of Hispanic representation in Precinct 1. The fifth and sixth plans were offered by citizens redistricting committee member Dave Stone.

Redistricting is not listed as an action item on the agenda.

In the regular meeting, commissioners will canvass the results of the Aug. 10 special election, and the court is scheduled to accept payments from the school districts participating in the election, which the county is conducting for them.

Commissioners also are scheduled to consider creating additional dispatching positions for the Sheriff's Department.

Final redistricting decision won't come until next week

Although a final decision on redistricting of Fort Bend County commissioners, constables and justices of the peace boundaries scheduled to happen, County Judge Roy Cordes Jr. said the decision has been delayed a week.

Cordes, who has been in Austin since Wednesday for a post-legislative conference, said the county's counsel on redistricting — Jim Allison of the Austin law firm of Allison & Associates — will not be able to meet with commissioners Monday as originally planned.

"Mr. Allison is general counsel for the County Judges and Commissioners Association and he will need to be in Austin Monday because the Legislature is reconvening, they're going to be talking about prisons so he needs to be there," Cordes said Friday.

Cordes said Allison wants to meet with Commissioners Court members in closed executive session due to the possibility of litigation about the plans, and he wants to review the plans with court members before they make a final decision.

The court has under consideration seven different plans which have been developed by different sources the past few months.

The citizens advisory committee appointed by commissioners delivered three plans several weeks ago, and when public hearings began in individual precincts last week, another four plans have been proposed — one from the committee itself, two from committee member Dave Stone, and another from a group called the Fairness Committee, a Hispanic group trying to preserve a strong Hispanic impact in Precinct 1.

In Monday's public hearing during the Commissioners Court meeting, the citizens committee offered its final plan and an amended version of one of its original plans as the committee's recommendation.

The original timeline on adopting a plan by commissioners was Aug. 15. The U.S. Justice Department has 60 days to review the plan submitted by the county, and should the department raise questions or seek more information, it can request an additional 60 days.

Asked what impact that would have on filing dates on the political calendar for the upcoming election year, Cordes said if the Justice Department accepts the plan, it should not conflict with filing dates for candidates.

Commissioners delay decison on redistricting plan to Sept. 9

By BOB HAENEL

Following a presentation by members of the Hispanic committee seeking another predominantly minority precinct, Fort Bend County Commissioners Court Monday decided to delay selection of a redistricting plan.

Commissioners heard details of a revision of the plan the Fair Plan Committee originally issued during public hearings earlier this month. The revised plan is the eighth offering that has cropped up during the redistricting process, which began with the appointment of a citizens advisory committee.

Following Monday's action, commissioners decided they would call upon the advisory committee to study the revised "Plan D," offered by the Hispanic group, as well as Plan B, the plan that seems to be the favorite from all the plans recommended by the advisory committee or its individual members.

County Judge Roy Cordes Jr. opened discussion in Monday's Commissioners Court by giving three members of the Fair Plan Committee an opportunity to address the court.

The members described the revisions made to their origional Plan D, which maintained a minority majority in Precinct 2 and produced a minority majority in Precinct 1.

Dora Olivo, a member of the committee as well as the Southwest Voter Registration Education Project, said the revised Plan D centers on several factors, including: one person, one vote; an attempt not to dilute minority voting strength as per the 1965 Voting Rights Act; to maximize the impact of Hispanics in Precinct 1 (40.54 percent), which, when combined with black voters in the plan would give the precinct a minority population of 52.65 percent; and is "compact, contiguous and connects communities of interest."

Olivo said the plan had been revised due to input heard at various public hearings and from commissioners themselves.

The plan, which gives Precinct 1 Richmond and Rosenberg then heads northeast through Sugar Land to Stafford, also received some alterations to improve contiguity, she said, by splitting box 42 to "create a necessary bridge (from box 26, the area between Sugar Land and Pecan Grove) to box 53 in Sugar Land.

The plan has Precinct 3 wrapping around Precinct 1 beginning in the Meadows in the north, sweeping west to include Pecan Grove all the way to the western boundary of the county, then looping back east to include Needville.

Precinct 4 in the plan comes from Sugar Land and Missouri City southwest to include Fairchild and Guy; and Precinct 2 is far east Fort Bend County along with portions of Missouri City.

See DELAY, page 2

DELAY: County redistricting decision put off until Sept. 9

Continued from page 1

Plan B, offered by the citizens advisory committee, gives Precinct 1 all the territory west of the Brazos River along with Simonton. Precinct 4 continues to stretch from Missouri City through Sugar Land to Pecan Grove and Fulshear in the West. Precinct 3 also starts in East Fort Bend and heads west to Katy. Precinct 2 includes Stafford, parts of Missouri City and far East Fort Bend County.

Olivo said the plan does not create a second minority district and does not maintain the current Hispanic impact on Precinct 1, which is 40.1 percent. It is also not compact. "A minority candidate would be at a distinct disadvantage," she said.

Olivo said the U.S. Justice Department — which must approve the redistricting plan — is keeping a close watch on dilution of minority voting strength.

"We don't want a war," she said. "We just want fairness."

Commissioners, under the possibility of litigation, met in closed session to discuss redistricting with Jim Allison of Allison & Associates, the law firm hired to help guide the county through the redistricting procedure.

They returned from the closed session Monday afternoon and decided at that time to delay a vote on the matter until Sept. 9.

Cordes said Tuesday that the advisory committee was asked to "check the methodology" used to develop the plans, and Allison is going to verify the demographics of all plans before a decision is made.

Cordes said the plan selected by commissioners should be arranged and developed for shipment to the Justice Department by Sept. 15-16. The Justice Department has 60 days to study the plan, and if accepted, Cordes said the county would have its boundaries by the end of November.

Filing by political candidates begins in December.

Should the Justice Department reject the plan or seek an additional 60 days to study it, Cordes said that raises question marks about the timing of the 1992 political season.

Redistricting delayed

Though Fort Bend County Commissioners Court had originally intended to select a redistricting plan in its Sept. 9, the schedule has been changed and commissioners will take up the decision in their Sept. 16 meeting.

County Judge Roy Cordes Jr. said the switch was made for two reasons. One of the commissioners will not be able to attend this Monday's meeting, and, the court wanted to give the Hispanic group which has introduced a plan to be considered extra time to study all the demographics behind the two plans the court and the citizens advisory committee are study at this time.

After selecting a plan, it will be readied by a law firm and sent to the U.S. Department of Justice for consideration.

Redistricting proposal on tap again for court

After a number of public hearings and delays, Fort Bend County Commissioners Court in its 9 a.m. meeting Monday is scheduled to adopt a redistricting proposal for the county's commissioners, constables and justices of the peace precinct lines.

Commissioners originally proposed adopting a plan in August, but after public hearings and work by the citizens advisory committee produced no less than eight different plans not including revisions of several, the process was delayed.

Redistricting was last discussed by commissioners in their last meeting of August when one plan produced by the advisory committee and another plan developed by a group of Hispanics were up for consideration after revisions to both plans.

The advisory committee has been meeting on the redistricting issue and commissioners will be set for a vote Monday. Also on Monday's agenda, commissioners have the item of "the legality of redistricting proposals" on the closed session agenda.

Redistricting saga drags on

Will feds approve county's plan? Will Hispanics?

When Fort Bend County Commissioners Court Monday finally selected the redistricting plan the court is sending to the U.S. Justice Department, it was just a bit anticlimactic.

This process began several months ago with selection of a citizens advisory committee and eight plans plus revisions ad nauseum have dragged the process out just a little too long.

No doubt, the process is filled with laws, statistics and trying to second-guess the feds. The threat of litigation may have had a little something to do wih the length of the process as well. The Fair Plan committee, a group of Hispanic residents, proposed a plan along with revisions which commissioners considered along with the several submitted by the citizens committee.

Although no one ever came out and said "We're going to take this to court" during this process, there was always an underlying feeling that that could be the outcome if the Hispanics' plan was not adopted. We'll see.

Some questions have to be asked, though, after commissioners selected a slight variation of a plan that has been the favorite since the court weeded the offerings down to three.

Bob Haenel

Did the court string out the process as a method of politely giving lip service to the Hispanic group?

Maybe, maybe not. There are a lot of statistics that have to be hashed out with each change on these plans, and they were changed quite often, although not in a major way. Still, swapping a precinct here, a precinct there calls for rerunning stats and studying the results.

Second question is, will the Hispanics send their own plan to Washington for the U.S. Justice Department to look at, or will they file some sort of suit, or do nothing at all?

If they send in their own plan, that brings up the question of why would the Justice Department look at any other plan than the county's if the county meets the criteria set forth in the process itself?

The major weakness that has been discussed with the county's Plan 1A — which sounds a lot like a new blood type — is that it is not compact, as pointed out by the Fair Plan folks on a number of occasions.

We'll see how that stacks up in Washington.

Raymond Saage is quite a guy. I had the opportunity to visit with him last week in preparation for the Rosenber/Richmond Area Chamber of Commerce's 35th anniversary, which will be celebrated Saturday night with a dinner/auction.

Raymond served as the chamber's second and third president back in the 50s. One of the tasks he had was to secure a speaker for the first annual banquet.

Raymond always liked to shoot high. He got a polite rejection from then Vice President Richard Nixon and got a nice letter, but a "no", from the Bingmeister himself, Bing Crosby.

So the chamber had to settle for third choice, Gov. Price Daniel, which, if we're talking third choice, wasn't too shabby.

So Raymond and the chamber got the governor to speak, and Raymond at the very least got autographs from Nixon and Bing.

Never aim too low.

As described by Allison, the plan selected by commissioners protects the black majority population in Precinct 2 as well as the combined minority population in that precinct.

It maintains the black population of about 53 percent and raises the Hispanic population from 18.3 percent to 20 percent.

The Fair Plan design would have dropped the combined minority population in Precinct 2 to about 67 percent from 72 percent as it stands now.

On the other hand, the Fair Plan would have created another minority-majority precinct in Precinct 1 by combining the Rosenberg-Richmond area through Sugar Land to the Stafford area.

Fair Plan representatives pointed out Monday that Plan B1-A would drop the Hispanic representation in Precinct 1 from its current level of 40 percent to 35.42 percent.

They also said the plan adopted by the county does not present a compact Precinct 1.

Cordes said Allison will take two weeks to compile the county's package to be sent to the Justice Department.

The Justice Department then has 60 days to study the plan and can take an additional 60 days if it needs more information or rejects the plan.

Cordes said another factor are lawsuits regarding the state Legislative lines, which could impact the redistricting plan.

Commissioners hear from Hispanics on redistricting; don't take action

By BOB HAENEL

Though Commissioners Court had not taken action on selecting a redistricting plan at presstime Monday, the court did allow a representative from the Fair Plan Committee make a presentation.

Commissioners were to meet in closed session with Jim Allison of Allison & Associates, the law firm hired by the county to help guide it through the redistricting process, and later Monday commissioners were to select a plan.

Guadalupe Nieto, representing the committee of Hispanic residents who have introduced a plan and revisions to that plan for consideration, said the committee objects to the plan devised by the citizen advisory committee appointed by commissioners court.

The plan apparently is the leader of the eight plans and revisions submitted for consideration.

Known as Plan B-2 after a revision, the plan would place all of the territory west of the Brazos River in Precinct 1.

Nieto said the committee objects to the plan because it "dilutes minority voting strength." He said the Hispanic percentage in the proposed district would drop from 40 percent to 35.4 percent and it also would present an anglo majority in the precinct.

Nieto said the plan also does not "make an attempt to connect communities of interest," referring to the Fair Plan's design, which connects minority communities in the Rosenberg-Richmond area with those in Stafford.

Nieto said one of the representatives on the citizens advisory committee had told the Fair Plan Committee that Allison had said the Hispanic group's plan did not meet certain codes and could not be used.

Nieto said the committee inquired about the problems and did not receive a response.

"We are at a disadvantage in not knowing," Nieto said.

The Fair Plan's design would group Rosenberg and Richmond together with some parts of Sugar Land and Stafford to form Precinct 1.

Precinct 3 would wrap around Precinct 1 starting in Meadows heading west to the county line and then heading back east to include Needville.

Precinct 4 would originate in the Sugar Land-Missouri City area and head south to include Guy to the county line. Precinct 2 would include far east Fort Bend County.

Final redistricting decision won't come until next week

Although a final decision on redistricting of Fort Bend County commissioners, constables and justices of the peace boundaries scheduled to happen, County Judge Roy Cordes Jr. said the decision has been delayed a week.

Cordes, who has been in Austin since Wednesday for a post-legislative conference, said the county's counsel on redistricting — Jim Allison of the Austin law firm of Allison & Associates — will not be able to meet with commissioners Monday as originally planned.

"Mr. Allison is general counsel for the County Judges and Commissioners Association and he will need to be in Austin Monday because the Legislature is reconvening, they're going to be talking about prisons so he needs to be there," Cordes said Friday.

Cordes said Allison wants to meet with Commissioners Court members in closed executive session due to the possibility of litigation about the plans, and he wants to review the plans with court members before they make a final decision.

The court has under consideration seven different plans which have been developed by different sources the past few months.

The citizens advisory committee appointed by commissioners delivered three plans several weeks ago, and when public hearings began in individual precincts last week, another four plans have been proposed — one from the committee itself, two from committee member Dave Stone, and another from a group called the Fairness Committee, a Hispanic group trying to preserve a strong Hispanic impact in Precinct 1.

In Monday's public hearing during the Commissioners Court meeting, the citizens committee offered its final plan and an amended version of one of its original plans as the committee's recommendation.

The original timeline on adopting a plan by commissioners was Aug. 15. The U.S. Justice Department has 60 days to review the plan submitted by the county, and should the department raise questions or seek more information, it can request an additional 60 days.

Asked what impact that would have on filing dates on the political calendar for the upcoming election year, Cordes said if the Justice Department accepts the plan, it should not conflict with filing dates for candidates.

There it was, tucked neatly underneath the Rotary membership roster and a feasibility study for the expansion of the Fort Bend County Jail and Juvenile Detention Center.

The basket in which I found my colorized, official voting precinct map of the county had not been emptied in quite a spell. In fact, my desk looked like a great start for a paper recycling program.

My wife fusses at me for the way my desk appears to all who enter my office. She says I'll discover the fabled Flight 19 on it someday and we'll have a bonafide tourist attraction right here on Fourth Street.

Regardless, the map was in hand and now is tacked on my wall at least for a few more weeks. We're in the middle of county redistricting and it's a great help for pinpointing who's going to end up where as far as county precincts are concerned.

Unfortunately for me, now that I've found the map, it's going to be outdated within a matter of months, so I'll have to beg a new version once the county has its new districts in hand.

As you may have read over the past few weeks, a citizens advisory committee has been working diligently on developing a new redistricting plan for us. They came up with eight plans, discarded five and handed the Commissioners Court three.

That was a couple of weeks ago, before public hearings began. Since that time, the committee or one of its members has developed three more plans, and another group has added yet another. So we're almost back to where the committee first started with seven plans for commissioners to consider before they attempt a vote next Monday. Actually, we are back to square one because the committee redesigned one of the plans so I guess we can say we're back at eight.

They've labeled the plans by the alphabet...A,B,C,. etc., and I suppose if we all had the time, folks could continue right on through to Plan Z. But the election year approacheth and considering the plan has to be approved by the U.S. Justice Department, time is running short.

Bob Haenel

I'd like to make a few comments on some of the plans.

Most of the committee plans have shown Precinct 1 including all the territory west of the Brazos, crossing in certain spots to shore up the numbers to where they're supposed to be — 56,355.

That sounds pretty good to a lot of West Fort Bend folks. Nice and neat. We all have something in common, we're all west of the Brazos. The only negative I can see to this is that all of us west of the Brazos will have only one commissioner. The rest will be on the east side of the river.

Rarely have I seen a vote cast by commissioners based on geography — though I've heard it charged many a time — but with our current alignment, three of the four precincts have had voters west of the Brazos.

With most of these plans, only one will have to answer to west side voters.

The most talked about plan has been the one introduced by the Fairness Committee, a group of Hispanics attempting to preserve a heavy Latino impact in one precinct and at the same time creating a second minority majority precinct in the county.

There are pluses and minuses to this plan, as far as I can see. The pluses are that it almost completely throws out the alignment we have now. Precinct 4, for instance, starts at box 20 in the north portion of Sugar Land and works straight south to box 68, southeast of Needville.

Needville, by the way, is the southernmost point of Precinct 3, which horseshoes around Central Fort Bend County all the way to the Meadows where Commissioner Alton Pressley lives.

Precinct 2 is compacted to northeast Fort Bend, preserving the black majority there.

Precinct 1 includes Richmond and Rosenberg and then snakes northeast to Stafford.

An interesting look, although I'm sure the folks in Needville probably would rather be in Precinct 1.

The negatives I've heard about the plan vary. One is minor and the other is major.

The minor objection is that the plan doesn't include the relatively new Precinct 1 maintenance barn in it. The Hispanics understandably didn't want box 67 — Tara and ultimately Greatwood — in the precinct.

But that could be taken care of by splitting 67 to include the barn.

But what may be a major point, is that box 26 — between Sugar Land and Pecan Grove — only "touches" box 53 in Sugar Land on its way to box 27 in Stafford.

I'm a little fuzzy on rules here, but I wonder if Highway 6's four lanes and a turning lane provide enough continuity to satisfy Washington. Maybe it does.

Before the commissioners make their decision, I'll be working on Plan Z. Methodology will be to find the population center in the county — I figure somewhere near the city limits of Missouri City and Sugar Land — and draw lines east, west, north and south and see if we can't satisfy everyone.

Then again, if it were that simple, we'd already have a plan to Washington and back.

Seventh redistricting plan offered; vote next Monday

By BOB HAENEL

Following meetings this weekend, members of the citizens advisory committee on redistricting Monday in a public hearing offered a revision of one plan it had recommended, and introduced the seventh plan which would change the county's precinct lines for commissioners, constables and justices of the peace.

The committee, comprised of 11 citizens appointed by Fort Bend County Commissioners Court, said it backed a modified version of Plan B, a plan originally introduced to commissioners several weeks ago. The plan calls for the territory west of the Brazos River to comprise Precinct 1, as well as including Simonton. The slight alteration introduced is to divide box 26 — the area between Pecan Grove and Sugar Land — into two parts with the portion south of Highway 90-A going to Precinct 1 and the northern section remnaining in Precinct 4. Committee members also mentioned dividing box 41, which is directly north of Rosenberg, to include minority-dominant areas in Precinct 1. Committee members said it backed that alteration "if it increased Hispanic representation in Precinct 1."

Precinct 4 would continue to run from Missouri City on the east to Fulshear in the west, and Precinct 3 would begin in The Meadows and go west to Katy. Precinct 2 would include Stafford as well as some portions of Missouri City and wrap around eastward to include Arcola.

Plan G, the new plan introduced Monday, would include box 26 in Precinct 1. However, it would stop Precinct 4 to include box 61 (Missouri City) in the east and boxes 42 and 20 (Sugar Land) on the west.

Dave Stone, a committee member, told Commissioners Court that further analysis showed that minority representation in Precinct 1 was actually less in Plan G than in the modified Plan B. He said Plan B would arrive at the highest compliance with regard to the Voting Rights Act of 1965 than all other plans.

In other portions of the public hearing, Dora Olivo, who was representing the Fairness Committee, which has developed a plan to maintain a high level of Hispanic and other minority representation in Precinct 1, said the committee is still backing its Plan D because the proposal makes Precinct 1 a "compact" precinct as per U.S. Justice Department guidelines.

Olivo asked that Commissioners

Sheriff gets four more dispatchers to aid 9-1-1

Fort Bend County Commissioners Court Monday approved an additional four dispatchers for the Sheriff's Department following a request by Sheriff Perry Hillegeist.

Hillegeist had made the request earlier in the year before the onset of the 9-1-1 Emergency phone system. That system was implemented county-wide on July 31.

The positions were approved effective Sept. 1, and will join the staff of 17 dispatchers already working at the department.

Asked how 9-1-1 was working so far, Hillegeist said there have been no problems other than approximately 800 "hang-up" calls in which he believed people were "testing" the system.

"What they don't realize is that we respond to all of those calls," Hillegeist said.

Precinct 4 Commissioner Bob Lutts said that the public needs to be aware of the additional costs to the county that "testing calls" are costing.

Other than those calls, Hillegeist said the new program is working soundly.

Man recovers from gunshot to face

A Sugar Land man shot in the face Saturday night during a domestic dispute near Richmond is recovering from his wounds in a Houston hospital.

Ernest Hordge, 42, was listed in stable condition Monday morning at Hermann Hospital, according to a hospital spokeswoman.

Hordge was flown by Life Flight helicopter to the hospital from his aunt's house at 16521 Boss Gaston Road shortly after midnight Sunday morning, according to a Fort Bend County Sheriff's Department report.

Relatives told police that Hordge had been arguing with an aunt when another relative apparently shot him with a .38 caliber pistol on the left side of his face shortly before midnight.

The man who shot him fled the home in a car following the shooting and has not been arrested. His name and relation to Hordge are not being released pending any charges being filed against him.

He is being sought for questioning by the sheriff's department, according to a sheriff's department written statement.

A relative called police, who arrived to find Hordge conscious and sitting on a sofa in the one-story home. Life Flight personnel were then called to take him to Hermann Hospital.

No others in the home were hurt by the gunfire.

Court — which plans to vote on a plan in next Monday's meeting — should consider creating a compact precinct in order to enhance the minority impact on it. Olivo said should the court go for another plan, the Fairness Committee would offer its own plan to the Justice Department with written objections to the plan offered by the county.

After the hearing, Olivo said the committee would wait to study any plans being considered by the court before the committee decides what action it will take. "We want to be fair to the process," she said.

The Fairness Committee's Plan D creates a Precinct 1 which includes Richmond and Rosenberg and heads northeast to include Stafford. The Hispanic minority in that proposed precinct would be 39.99 percent, closest to its current 40.9 percent.

Several other members of the Fairness Committee addressed commissioners as well, stating their preference for Plan D.

Two mayors from East Fort Bend cities also expressed their concerns about the plans submitted to date. Missouri City Mayor John Knox reiterated the complaints he aired last Wednesday at the Precinct 1 public hearing that the plans split his city into no less than three precincts. He said Missouri City would prefer two precincts at the most.

Stafford Mayor Leonard Scarcella expressed similar feelings, although he brought into the input the fact that Stafford is proposed to be split into two senatorial districts and placed in the new proposed state representative district. Scarcella said his city of "7 square miles and 9,000 people" stands the chance of being placed into seven different voting areas, considering all the different political boundaries.

Most plans call for Stafford to go to Precinct 2, and though Scarcella did not object to that, he said "Stafford has been in Precinct 3 the last half century."

Jim Allison of the law firm Allison & Associates, the firm hired to help develop the plans, said that the commissioners would select a plan which would be submitted to the Justice Deparment. The Justice Department has 60 days to study the plan, then can either ask for clarification, accept it or reject it. Should it request more information, the Justice Department then would have another 60 days to study the plan.

Redistricting public hearing part of commissioners agenda

The last scheduled public hearing on the redistricting of the Fort Bend County commissioners, constables and justices of the peace precincts will be held as part of the regular Commissioners Court meeting Monday.

The regular portion of the meeting will begin at 9 a.m. and the public hearing on redistricting is scheduled for 10:15 a.m. in the Commissioners Courtroom in the Jane Long Courthouse Annex.

This meeting follows four public hearings — one held for each current precinct — held this past week. During those hearings, three plans offered by the citizens redistricting committee appointed by Commissioners Court were discussed, as were three more plans.

The fourth plan was offered by the Fairness Committee, a group of Hispanics seeking to maintain the same levels of Hispanic representation in Precinct 1. The fifth and sixth plans were offered by citizens redistricting committee member Dave Stone.

Redistricting is not listed as an action item on the agenda.

In the regular meeting, commissioners will canvass the results of the Aug. 10 special election, and the court is scheduled to accept payments from the school districts participating in the election, which the county is conducting for them.

Commissioners also are scheduled to consider creating additional dispatching positions for the Sheriff's Department.

Redistricting panel makes sincere effort

The Fort Bend County Commissioners Court seems to have done a good job and provided a service to residents of the county by selecting the people who are serving on the citizens redistricting committee.

The committee has met countless times and is in fact meeting again this weekend, trying to iron out plans which will shape the county's precincts for commissioners, constables and justices of the peace.

Most of the committee members were present at every single one of the individual precinct public hearings held the first four nights of this week, that in itself quite a commitment.

Chaired by Richmond's Blair Myska, the committee members who have made remarks and presentations at the meetings have been open-minded and accommodating to the residents not only there to provide input, but also to those who have brought in new plans.

The public hearings have been conducted in a manner in which a difficult topic, one which could turn emotional at any point, has been handled more as an exchange of ideas rather than heated debate.

That, we believe, is another tribute to the members of this hard-working committee.

The committee is approaching the task with the "law of the land" in mind. They are trying their best to be fair to all concerned and the approach is appreciated. The results of redistricting will not please everyone. It is difficult to think that one plan could do such a thing in the world of politics.

Another redistricting plan surfaces

By BOB HAENEL

The effort to draw new boundaries for commissioners, constables and justices of the peace in Fort Bend County gained yet another plan which was unveiled at the final precinct public hearing held in Richmond Thursday night.

The Precinct 4 meeting was held at the Jane Long Courthouse Annex, and the first five plans which have been submitted were discussed, and the new plan was unveiled by Dave Stone, a member of the citizens redistricting committee appointed by Fort Bend County Commissioners Court.

The latest plan is the second offered by Stone, who unveiled a fifth plan at Wednesday night's public hearing for Precinct 1 residents.

The first three plans were developed by the committee, and they were joined by a fourth plan — Plan D — offered by the Fairness Committee, a group of Hispanics trying to maintain a high level of representation in Precinct 1 for the minority population.

All plans will be reviewed in further committee meetings this weekend, and Commissioners Court plans to hold a 10:15 a.m. public hearing Monday to further seek public input on the redistricting efforts.

The first three plans were similar in nature, giving all of the area west of the Brazos River to Precinct 1, plus some additional areas. All three plans called for Simonton to be moved from Precinct 4 to Precinct 1. Plan C had Precinct 1 also crossing the Brazos into portions of East Fort Bend County.

Simonton Mayor Maurice Berkman, who said he was speaking as a resident and as mayor, said he hopes that the Simonton and Fulshear communities would remain in the same precinct, as they are now in Precinct 4.

He said the two communities have much in common, socially, politically and ethnically. He said, too, that Simonton's proximity to the Precinct 4 work barn in Fulshear puts the city within five miles of that facility as opposed to 25

PLAN: Another redistricting suggestion surfaces in meeting

miles to the Precinct 1 facility in Richmond.

All three of the redistricting committee's plans have Precinct 4 winding through the central part of the county, beginning in Missouri City and ending in West Fort Bend County in Fulshear. All three plans continue to include Pecan Grove in Precinct 4 as well.

Members of the Fairness Committee again presented the data behind their Plan D. That plan is somewhat of a departure from what currently exists and what has been offered by the redistricting committee. Though it keeps Rosenberg and Richmond in Precinct 1, the rest of that precinct shoots northeast all the way to Stafford.

Backers of Plan D say it not only holds the Hispanic impact of Precinct 1 at the 39.99 percent level (it's currently 40.9 percent), but also would create a precinct with a minority majority when combining all minorities.

Precinct 4 would still include parts of Sugar Land and Missouri City, but would then head south to include the Tara area, Booth area, and Fairchilds area.

Precinct 3 in the plan would go from Meadows on the north side, horseshoe around Precinct 1 and end up in box 10, the Needville area.

Precinct 2 would continue to be mostly far East Fort Bend County.

Stone's first offering, Plan E, closely resembles the first three plans in that it gives Precinct 1 the territory west of the Brazos River as well as box 26 between Sugar Land and Pecan Grove.

Precinct 3 would continue to stretch from the Meadows on the north to Simonton on the west, and include Pecan Grove.

Precinct 4 would be a combination of boxes in Sugar Land, First Colony and Missouri City, and Precinct 2 would be from Safford on the west wrapping around to Arcola on the southeast.

Stone's Plan F resembles Plan D with regard to Precincts 1 and 3. But the change is between Precincts 4 and 2. Four would be the smallest precinct in land mass but the largest in population, Stone said, including boxes in Sugar Land, First Colony and parts of Missouri City. Precinct 2, though, would start in Missouri City and wrap around to include Guy, Fairchilds, Tara and Booth on its southern boundaries similar to its current alignment.

will determine the new funding method for all school districts.

Sage said he has been estimating the district's budget using a 76-cent per $100 valuation for the CED rate with a local enhancement rate of between 43 and 46 cents.

The budget, as it is at this point, is estimated at $10.2 million, a significant increase over the 1990 figure of $7.5 million. But Sage said the increase is caused by construction funds for the new school.

"Actually, the budget is not up all that much, between $700,000 and $800,000, as it stands right now."

Sage said NISD had the lowest tax rate of any Fort Bend district in 1990 with a $1.09 rate, and even if the rate increases to a projected $1.20 to $1.21, he believes it still could be the lowest rate in the county.

Sage said questions about the CED will be answered after Saturday's election, and then the other big question will be answered if the Texas Legislature puts as much money into the education financing as it indicated it would.

"If we get the full amount from the state, we should get about $1 million more money from the state than we got last year."

Redistricting county

Five plans now being considered; must me

By BOB HAENEL

When the Fort Bend County citizens redistricting committee began its process of redrawing precinct lines for commissioners; constables and justices of the peace, they developed eight plans.

Committee members narrowed that down to three plans which have been submitted to Commissioners Court for consideration.

The committee began a series of public hearings this week, having held meetings for Precincts 1, 2 and 3 (Precinct 4's public hearing is Thursday at 7 p.m. in the Commissioners Courtroom in Richmond), but since those hearings began, an additional two plans have been submitted.

Four of the plans were reviewed at length during the Precinct 1 hearing Wednesday night at the Fort Bend County Fairgrounds, and the fifth was unveiled during the hearing. Commissioners will hold another public hearing to discuss the work on redistricting at 10:15 a.m. Monday — during their regular meeting — and then will decide which plan will be submitted to the U.S. Department of Justice for approval.

Should the Justice Department approve the plan, it will set the political boundaries within the county for the next 10 years.

Wednesday's meeting was hosted by Precinct 1 committee members Ted Garcia and Bill McClellan. They explained the procedure which has taken place, and also explained the one-man, one-vote theory and the Voting Rights Act of 1965 — the two mandates which the committee has followed in its work.

Residents in attendance Wednesday also heard from Jim Allison of the law firm Allison and Associates, which has helped produce statistical data and mapping of each proposal. Allison explained that growth in the county — with most of the growth concentrated in East Fort Bend — is required to redistrict because the populations in each precinct are widely varied. One precinct now has more than 70,000 residents while another has fewer than 40,000.

Allison also said that where a minority holds a majority in a precinct, that majority must be preserved. Also, where a minority group has a significant number — an impact — on a precinct, the plan must come as close as possible to preserving that impact.

For instance, Precinct 2 currently has a black majority of about 53 percent. Proposed plans must maintain that majority, he said. The current Precinct 1 has a Hispanic presence of 40.9 percent. That minority impact must be maintained as closely as possible, he said.

Allison said the "ideal" precinct is 56,355 in number, considering the county's new census figures. The deviation between the precincts' populations cannot surpass 10 percent, Allison said.

Citizen input

The committee received input which varied from concerns about roads and bridges to representation for a city to a new plan offered by Hispanics.

Precinct lines show disparities, attorney tells commissioners court

By BOB HAENEL

As the current boundaries for commissioners' precincts now stand, the need for reapportionment is clear, according to an attorney from the law firm hired by Fort Bend County to help the commissioners court through the redistricting process.

Bob Bass of Allison and Associates told the Fort Bend County Commissioners Court Monday that the current precinct lines show approximately 60 percent deviation in population from where they should be.

Bass explained the process by which his firm took the new 1990 census numbers and created a data base so the redistricting work can be handled by computers.

After making his presentation to commissioners, Bass met with representatives of the citizens committee — appointed last month — to discuss the process by which redistricting will proceed now.

The committee, selected by commissioners court members, represents a cross-section of county residents with citizens from each precinct.

Bass outlined to commissioners all the variables that have to be addressed in order to finalize redistricting, and he said time is of the essence.

Bass suggested the county hold anywhere from four to as many as seven public hearings to gather input on the subject of redistricting.

He said the county's new population figures show that each precinct should have approximately 56,355 residents. Disparities in the current precinct boundaries range from Precinct 1 being 17,000 under the goal, or just above 30 percent, to Precinct 3 being about 30 percent above the goal. Bass said there is a 10 percent maximum deviation allowed from the 56,000 number.

From the Voting Rights Act of 1965, the county also "has the duty

to insure minority residents are provided with adequate representation," Bass said.

Statistics show that the county has a 53.79 percent anglo population and just over 46 percent minority population. Further, the minority population shows that 20.26 percent are black, 19.47 percent are Hispanic, and 6 percent Asian, with a half percent listed as "other."

In Precinct 2, he said, 53 percent of the population is minority, and in Precinct 1, he said 41 percent of the population is Hispanic.

Precincts 3 and 4 are "significantly anglo majorities," he said.

Bass said there are no specific guidelines regarding minority representation, but the percentages must be heeded when drawing the lines.

Also, Bass said the final numbers are still not in. The Census Bureau is due to release final adjustments by July 15, but Bass said the county should proceed with its work and plans despite the possibility of changes. He also said state and federal lines have yet to be finalized by the Legislature.

Beyond that, the county needs to submit the information to the Justice Department, which has 60 days to study the plan. Should it need more information, it could take another 60 days after that to process the information.

Bass suggested a target of having the plan adopted by Commissioners Court by the first of August to send to the Justice Department.

Before meeting with the committee, Bass said the law firm's role is to assist with the information and the legalities of the process and then prepare the adopted version for the Justice Department.

"We don't see it as our function to tell you how your lines need to be drawn," he said. "That's a local process."

Committee to help redraw county lines

Redistricting process 'complicated'

By BOB HAENEL

When Fort Bend County Commissioners Court addressed redistricting in 1981, it was to divide the county's population of 130,846 into four fairly equal precincts. Ten years later, commissioners will begin the process of dividing the county again, only this time they'll have just over 225,000 people to keep in mind.

With the rapid growth which crashed through the county's gates in the 1980s, disparities in population size within the precincts began to surface and that's what commissioners and a citizen's advisory committee will address in the next three months.

Appointment of a citizens advisory committee as well as a meeting with a law firm enlisted to study the redrawing of lines are the first two items on the redistricting agenda.

Each commissioner will select two people from their current precincts and County Judge Roy Cordes Jr. will select three members of the advisory committee.

Cordes Friday outlined the procedure which will attempt to equalize the populations between the four county precincts. As they stand now, Precincts 3 and 4 attracted the majority of the rapid growth experienced by Fort Bend County in the 1980s.

Precinct 2 stands third in population size, and Precinct 1 has the least amount of population in the county and thus, the most to gain in population numbers during redistricting.

Following appointment of the committee, commissioners are scheduled to meet with representatives from Allison & Associates, an Austin law firm which has created a data base on redistricting in the county and will aid commissioners in developing the complete redistricting package which ultimately will be sent to the U.S. Justice Department for approval.

Following that meeting, said

Cordes said the goal is to get to e final point with "not more an three alternatives for redis-cting" and then to have the ıal plan approved and sent to e Justice Department between g. 1 and Aug. 15.

'Ideally, the population in each precinct would be the county's population divided by four, which would be 56,000 and change in each precinct," Cordes said. "There is a range that is allowed by the Justice Department...something like 5,000 either way...but I'm not exactly sure what that range is.

"The further you are apart, the more the Justice Department will have to look at. The other thing you have to look at is the ethnic background in each precinct. You cannot dilute minority voting strength. In that sense, it is much more complicated."

Allison & Associates will be able to provide those numbers through the computer data base, Cordes added. "They have taken the census data, loaded it into a computer and that basically gives us a model. If we change a boundary by one block, what it does is total the population and ethnic

The law firm also will help prepare the final plan and send it to the Justice Department, which has 60 days to accept the plan or send it back with recommendations.

Cordes said on the advice from the law firm, commissioners aren't being too verbal about prospects for changes. However, it's obvious that Precincts 1 and 2 will have to increase their population and Precincts 3 and 4 will have to shed some.

Court — which plans to vote on a plan in next Monday's meeting — should consider creating a compact precinct in order to enhance the minority impact on it. Olivo said should the court go for another plan, the Fairness Committee would offer its own plan to the Justice Department with written objections to the plan offered by the county.

After the hearing, Olivo said the committee would wait to study any plans being considered by the court before the committee decides what action it will take. "We want to be fair to the process," she said.

The Fairness Committee's Plan D creates a Precinct 1 which includes Richmond and Rosenberg and heads northeast to include Stafford. The Hispanic minority in that proposed precinct would be 39.99 percent, closest to its current 40.9 percent.

Several other members of the Fairness Committee addressed commissioners as well, stating their preference for Plan D.

Two mayors from East Fort Bend cities also expressed their concerns about the plans submitted to date. Missouri City Mayor John Knox reiterated the complaints he aired last Wednesday at the Precinct 1 public hearing that the plans split his city into no less than three precincts. He said Missouri City would prefer two precincts at the most.

Stafford Mayor Leonard Scarcella expressed similar feelings, although he brought into the input the fact that Stafford is proposed to be split into two senatorial districts and placed in the new proposed state representative district. Scarcella said his city of "7 square miles and 9,000 people" stands the chance of being placed into seven different voting areas, considering all the different political boundaries.

Most plans call for Stafford to go to Precinct 2, and though Scarcella did not object to that, he said "Stafford has been in Precinct 3 the last half century."

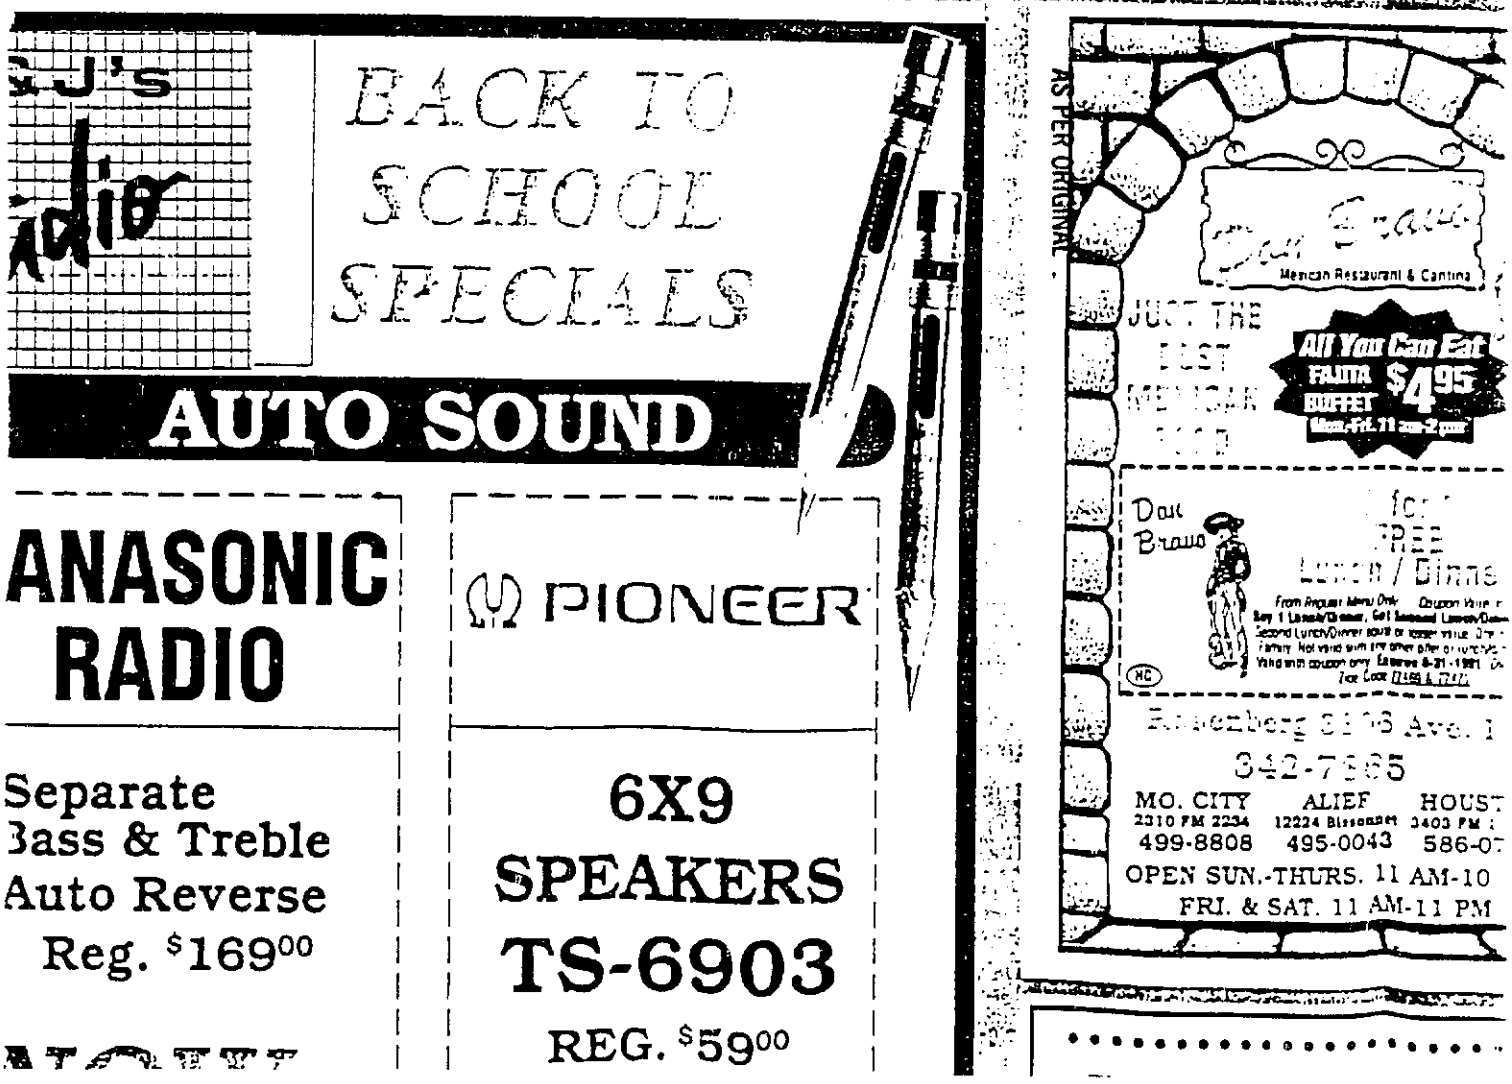

Jim Allison of the law firm Allison & Associates, the firm hired to help develop the plans, said that the commissioners would select a plan which would be submitted to the Justice Deparment. The Justice Department has 60 days to study the plan, then can either ask for clarification, accept it or reject it. Should it request more information, the Justice Department then would have another 60 days to study the plan.

Redistricting public hearing part of commissioners agenda

The last scheduled public hearing on the redistricting of the Fort Bend County commissioners, constables and justices of the peace precincts will be held as part of the regular Commissioners Court meeting Monday.

The regular portion of the meeting, will begin at 9 a.m. and the public hearing on redistricting is scheduled for 10:15 a.m. in the Commissioners Courtroom in the Jane Long Courthouse Annex.

This meeting follows four public hearings — one held for each current precinct — held this past week. During those hearings, three plans offered by the citizens redistricting committee appointed by Commissioners Court were discussed, as were three more plans.

The fourth plan was offered by the Fairness Committee, a group of Hispanics seeking to maintain the same levels of Hispanic representation in Precinct 1. The fifth and sixth plans were offered by citizens redistricting committee member Dave Stone.

Redistricting is not listed as an action item on the agenda.

In the regular meeting, commissioners will canvass the results of the Aug. 10 special election, and the court is scheduled to accept payments from the school districts participating in the election, which the county is conducting for them.

Commissioners also are scheduled to consider creating additional dispatching positions for the Sheriff's Department.

Redistricting panel makes sincere effort

The Fort Bend County Commissioners Court seems to have done a good job and provided a service to residents of the county by selecting the people who are serving on the citizens redistricting committee.

The committee has met countless times and is in fact meeting again this weekend, trying to iron out plans which will shape the county's precincts for commissioners, constables and justices of the peace.

Most of the committee members were present at every single one of the individual precinct public hearings held the first four nights of this week, that in itself quite a commitment.

Chaired by Richmond's Blair Myska, the committee members who have made remarks and presentations at the meetings have been open-minded and accommodating to the residents not only there to provide input, but also to those who have brought in new plans.

The public hearings have been conducted in a manner in which a difficult topic, one which could turn emotional at any point, has been handled more as an exchange of ideas rather than heated debate.

That, we believe, is another tribute to the members of this hard-working committee.

The committee is approaching the task with the "law of the land" in mind. They are trying their best to be fair to all concerned and the approach is appreciated. The results of redistricting will not please everyone. It is difficult to think that one plan could do such a thing in the world of politics.

Another redistricting plan surfaces

By BOB HAENEL

The effort to draw new boundaries for commissioners, constables and justices of the peace in Fort Bend County gained yet another plan which was unveiled at the final precinct public hearing held in Richmond Thursday night.

The Precinct 4 meeting was held at the Jane Long Courthouse Annex, and the first five plans which have been submitted were discussed, and the new plan was unveiled by Dave Stone, a member of the citizens redistricting committee appointed by Fort Bend County Commissioners Court.

The latest plan is the second offered by Stone, who unveiled a fifth plan at Wednesday night's public hearing for Precinct 1 residents.

The first three plans were developed by the committee, and they were joined by a fourth plan — Plan D — offered by the Fairness Committee, a group of Hispanics trying to maintain a high level of representation in Precinct 1 for the minority population.

All plans will be reviewed in further committee meetings this weekend, and Commissioners Court plans to hold a 10:15 a.m. public hearing Monday to further seek public input on the redisricting efforts.

The first three plans were similar in nature, giving all of the area west of the Brazos River to Precinct 1, plus some additional areas. All three plans called for Simonton to be moved from Precinct 4 to Precinct 1. Plan C had Precinct 1 also crossing the Brazos into portions of East Fort Bend County.

Simonton Mayor Maurice Berkman, who said he was speaking as a resident and as mayor, said he hopes that the Simonton and Fulshear communities would remain in the same precinct, as they are now in Precinct 4.

He said the two communities have much in common, socially, politically and ethnically. He said, too, that Simonton's proximity to the Precinct 4 work barn in Fulshear puts the city within five miles of that facility as opposed to 25

miles to the Precinct 1 facility in Richmond.

All three of the redistricting committee's plans have Precinct 4 winding through the central part of the county, beginning in Missouri City and ending in West Fort Bend County in Fulshear. All three plans continue to include Pecan Grove in Precinct 4 as well.

Members of the Fairness Committee again presented the data behind their Plan D. That plan is somewhat of a departure from what currently exists and what has been offered by the redistricting committee. Though it keeps Rosenberg and Richmond in Precinct 1, the rest of that precinct shoots northeast all the way to Stafford.

Backers of Plan D say it not only holds the Hispanic impact of Precinct 1 at the 39.99 percent level (it's currently 40.9 percent), but also would create a precinct with a minority majority when combining all minorities.

Precinct 4 would still include parts of Sugar Land and Missouri City, but would then head south to include the Tara area, Booth area, and Fairchilds area.

Precinct 3 in the plan would go from Meadows on the north side, horseshoe around Precinct 1 and end up in box 10, the Needville area.

Precinct 2 would continue to be mostly far East Fort Bend County.

Stone's first offering, Plan E, closely resembles the first three plans in that it gives Precinct 1 the territory west of the Brazos River as well as box 26 between Sugar Land and Pecan Grove.

Precinct 3 would continue to stretch from the Meadows on the north to Simonton on the west, and include Pecan Grove.

Precinct 4 would be a combination of boxes in Sugar Land, First Colony and Missouri City, and Precinct 2 would be from Safford on the west wrapping around to Arcola on the southeast.

Stone's Plan F resembles Plan D with regard to Precincts 1 and 3.

But the change is between Precincts 4 and 2. Four would be the smallest precinct in land mass but the largest in population, Stone said, including boxes in Sugar Land, First Colony and parts of Missouri City. Precinct 2, though, would start in Missouri City and wrap around to include Guy, Fairchilds, Tara and Booth on its southern boundaries similar to its current alignment.

will determine the new funding method for all school districts.

Sage said he has been estimating the district's budget using a 76-cent per $100 valuation for the CED rate with a local enhancement rate of between 43 and 46 cents.

The budget, as it is at this point, is estimated at $10.2 million, a significant increase over the 1990 figure of $7.5 million. But Sage said the increase is caused by construction funds for the new school.

"Actually, the budget is not up all that much, between $700,000 and $800,000, as it stands right now."

Sage said NISD had the lowest tax rate of any Fort Bend district in 1990 with a $1.09 rate, and even if the rate increases to a projected $1.20 to $1.21, he believes it still could be the lowest rate in the county.

Sage said questions about the CED will be answered after Saturday's election, and then the other big question will be answered if the Texas Legislature puts as much money into the education financing as it indicated it would.

"If we get the full amount from the state, we should get about $1 million more money from the state than we got last year."

Precinct lines show disparities, attorney tells commissioners court

By BOB HAENEL

As the current boundaries for commissioners' precincts now stand, the need for reapportionment is clear, according to an attorney from the law firm hired by Fort Bend County to help the commissioners court through the redistricting process.

Appointment of a citizens advisory committee as well as a meeting with a law firm enlisted to study the redrawing of lines are the first two items on the redistricting agenda.

Each commissioner will select two people from their current precincts and County Judge Roy Cordes Jr. will select three members of the advisory committee.

Cordes Friday outlined the procedure which will attempt to equalize the populations between the four county precincts. As they stand now, Precincts 3 and 4 attracted the majority of the rapid growth experienced by Fort Bend County in the 1980s.

Precinct 2 stands third in population size, and Precinct 1 has the least amount of population in the county and thus, the most to gain in population numbers during redistricting.

Following appointment of the committee, commissioners are scheduled to meet with representatives from Allison & Associates, an Austin law firm which has created a data base on redistricting in the county and will aid commissioners in developing the complete redistricting package which ultimately will be sent to the U.S. Justice Department for approval.

Following that meeting, said

Cordes said the goal is to get to ə final point with "not more ən three alternatives for redis- cting" and then to have the ıal plan approved and sent to e Justice Department between ıg. 1 and Aug. 15.

"The further you are apart, the more the Justice Department will have to look at. The other thing you have to look at is the ethnic background in each precinct. You cannot dilute minority voting strength. In that sense, it is much more complicated."

Allison & Associates will be able to provide those numbers through the computer data base, Cordes added. "They have taken the census data, loaded it into a computer and that basically gives us a model. If we change a boundary by one block, what it does is total the population and ethnic makeup by that one block

The law firm also will help prepare the final plan and send it to the Justice Department, which has 60 days to accept the plan or send it back with recommendations.

Cordes said on the advice from the law firm, commissioners aren't being too verbal about prospects for changes. However, it's obvious that Precincts 1 and 2 will have to increase their population and Precincts 3 and 4 will have to shed some.

Redistricting county precincts...

Five plans now being considered; must meet Justice Department approval

By BOB HAENEL

When the Fort Bend County citizen redistricting committee began its process of redrawing precinct lines for commissioners, constables and justices of the peace, they a developed eight plans.

Committee members narrowed that down to three plans which have been submitted to Commissioners Court for consideration.

The committee began a series of public hearings this week, having held meetings for Precincts 1, 2 and 3 (Precinct 4's public hearing is Thursday at 7 p.m. in the Commissioners Courtroom in Richmond), but since those hearings began, an additional two plans have been submitted.

Four of the plans were reviewed at length during the Precinct 1 hearing Wednesday night at the Fort Bend County Fairgrounds, and the fifth was unveiled during the hearing. Commissioners will hold another public hearing to discuss the work on redistricting at 10:15 a.m. Monday — during their regular meeting — and then will decide which plans will be submitted to the U.S. Department of Justice for approval.

Should the Justice Department approve the plan, it will set the political boundaries within the county for the next 10 years.

Wednesday's meeting was hosted by Precinct 1 commissioner members Ted Garcia and Bill McClellan. They explained the procedure which has taken place, and also explained the one-man, one-vote theory and the Voting Rights Act of 1965 — the two mandates which the committee has followed in its work.

Residents in attendance Wednesday also heard from Jim Allison of the law firm Allison and Associates, which has helped produce statistical data and mapping of each proposal. Allison explained that growth in the county — with most of the growth concentrated in East Fort Bend — is required to redistrict because the populations in each precinct are widely varied. One precinct now has more than 70,000 residents while another has fewer than 40,000.

Allison also said that where a minority holds a majority in a precinct, that majority must be preserved. Also, where a minority group has a significant number an impact — on a precinct, the plan must come as close as possible to preserving that impact.

For instance, Precinct 2 currently has a black majority of about 53 percent. Proposed plans must maintain that majority, he said. The current Precinct 1 has a Hispanic presence of 40.9 percent. That minority impact must be maintained as closely as possible, he said.

Allison said the "ideal" precinct is 56,355 in number, considering the county's new census figures. The deviation between the precincts' populations cannot surpass 10 percent, Allison said.

Citizen input

The committee received input which varied from concerns about roads and bridges to representation for a city to a new plan offered by Hispanics.

Two men from the Southeast corner of the county said that concerns in their area center on tossed road maintenance and that besides the legal requirements, the precincts should be drawn "with practicality in mind."

A large group of Hispanics was on hand at the meeting, backing a plan they introduced Monday night at the Precinct 2 public hearing. Members of the Fairness Committee said the plan maintains the Hispanic presence in Precinct 1 better than all other plans which have been introduced.

Felicita Arriaga of Rosenberg said the plan — labeled Plan D — "better represents all groups."

See REDISTRICTING, page 8

Dora Olivo, a member of the Board of directors of the Southwest Voter Registration Education Project, said the Latino community in Fort Bend has increased by 65 percent since 1980. She said Fort Bend's concentration of Latinos is one of the largest in the state. Plan D, she said, is "fair and equitable" and pairs no incumbent commissioners and meets other requirements being followed in constructing proposals. The plan also maximizes the Hispanic voting strength in the proposed Precinct 1 "better than any other plan."

"Under any other plan, if the 65 percent increase is not registered, that will raise questions by the Justice Department," she said.

Guadalupe Pinzon of Richmond said Plan D does not dilute the Hispanic voting strength, as opposed to the commissioner's proposals. "The other three plans dilute it to no greater than 56 percent," he said.

Carlos Perez said Plan D is long overdue. "All we want is what we deserve, nothing more," he said.

Commissioner member Dave Stamey offered a fifth plan. He said the plan would be studied by Allison & Associates and the statistical information on it would be available probably, by Monday's public hearing.

Missouri City Mayor John Knox blasted all the plans which had been submitted by the committee. "None of these is acceptable to the residents and to mayors of Missouri City," he said.

Knox's said Missouri City represented 15.7 percent of the county's population in 1980, and the city was divided into two precincts — 3 and 4 — "and we grew into another, Precinct 2."

According to the new census, Missouri City represents 14.3 percent of the total population but the city's political impact has decreased.

Knox called the plans absurd. "We proudly proclaim to be the county's largest city, but according to these plans, our city — for reasons only you can explain — is split to either three or four precincts."

Knox complained none of the hearings were held in Stafford, Missouri City or Houston. "We don't get any representation," he said. "If this doesn't reflect a minority in itself, I don't know what does."

The plans, he said, relegate Missouri City to being a "non-entity in influencing Commissioners Court. "I understand the problems, but I request our city had to be the melting pot or major dividing point. At least reduce us to two precincts."

Redistricting hearings scheduled by county

Fort Bend County Commissioners Court Monday heard a report from the committee appointed to study redistricting of commissioners' precinct lines, then set four public hearing dates to discuss the plans.

Blair Myska, representing the citizens committee, presented the three proposals recommended by committee members for discussion.

Commissioners set one public hearing in each precinct to give residents an opportunity to share their views on the plans. The court is attempting to finalize the redistricting plan in order to send it to the U.S. Justice Department by Aug. 15. The Justice Department then will review the plans.

Public hearings were set as follows:

Precinct 1: 7 p.m. Aug. 7, Building B, Fort Bend County Fairgrounds; Precinct 2: 7 p.m. Aug. 5, Mustang Civic Center; Precinct 3, 7 p.m., Aug. 6, One Sugar Creek Plaza (Unocal Building) in Sugar Land (tentative); Precinct 4, 7 p.m. Aug. 8, Commissioners Courtroom, Richmond.

Plans are to discuss the three proposals recommended by the committee, and then have one final public hearing before commissioners adopt the plan they intend to send to the Justice Department.

Seventh redistricting plan offered; vote next Monday

By BOB HAENEL

Following meetings this weekend, members of the citizens advisory committee on redistricting Monday in a public hearing offered a revision of one plan it had recommended, and introduced the seventh plan which would change the county's precinct lines for commissioners, constables and justices of the peace.

The committee, comprised of 11 citizens appointed by Fort Bend County Commissioners Court, said it backed a modified version of Plan B, a plan originally introduced to commissioners several weeks ago. The plan calls for the territory west of the Brazos River to comprise Precinct 1, as well as including Simonton. The slight alteration introduced is to divide box 26 — the area between Pecan Grove and Sugar Land — into two parts with the portion south of Highway 90-A going to Precinct 1 and the northern section remaining in Precinct 4. Committee members also mentioned dividing box 41, which is directly north of Rosenberg, to include minority-dominant areas in Precinct 1. Committee members said it backed that alteration "if it increased Hispanic representation in Precinct 1."

Precinct 4 would continue to run from Missouri City on the east to Fulshear in the west, and Precinct 3 would begin in The Meadows and go west to Katy. Precinct 2 would include Stafford as well as some portions of Missouri City and wrap around eastward to include Arcola.

Plan G, the new plan introduced Monday, would include box 26 in Precinct 1. However, it would stop Precinct 4 to include box 61 (Missouri City) in the east and boxes 42 and 20 (Sugar Land) on the west.

Dave Stone, a committee member, told Commissioners Court that further analysis showed that minority representation in Precinct 1 was actually less in Plan G than in the modified Plan B. He said Plan B would arrive at the highest compliance with regard to the Voting Rights Act of 1965 than all other plans.

In other portions of the public hearing, Dora Olivo, who was representing the Fairness Committee, which has developed a plan to maintain a high level of Hispanic and other minority representation in Precinct 1, said the committee is still backing its Plan D because the proposal makes Precinct 1 a "compact" precinct as per U.S. Justice Department guidelines.

Olivo asked that Commissioners

Court — which plans to vote on a plan in next Monday's meeting — should consider creating a compact precinct in order to enhance the minority impact on it. Olivo said should the court go for another plan, the Fairness Committee would offer its own plan to the Justice Department with written objections to the plan offered by the county.

After the hearing, Olivo said the committee would wait to study any plans being considered by the court before the committee decides what action it will take. "We want to be fair to the process," she said.

The Fairness Committee's Plan D creates a Precinct 1 which includes Richmond and Rosenberg and heads northeast to include Stafford. The Hispanic minority in that proposed precinct would be 39.99 percent, closest to its current 40.9 percent.

Several other members of the Fairness Committee addressed commissioners as well, stating their preference for Plan D.

Two mayors from East Fort Bend cities also expressed their concerns about the plans submitted to date. Missouri City Mayor John Knox reiterated the complaints he aired last Wednesday at the Precinct 1 public hearing that the plans split his city into no less than three precincts. He said Missouri City would prefer two precincts at the most.

Stafford Mayor Leonard Scarcella expressed similar feelings, although he brought into the input the fact that Stafford is proposed to be split into two senatorial districts and placed in the new proposed state representative district. Scarcella said his city of "7 square miles and 9,000 people" stands the chance of being placed into seven different voting areas, considering all the different political boundaries.

Most plans call for Stafford to go to Precinct 2, and though Scarcella did not object to that, he said "Stafford has been in Precinct 3 the last half century."

Jim Allison of the law firm Allison & Associates, the firm hired to help develop the plans, said that the commissioners would select a plan which would be submitted to the Justice Deparment. The Justice Deparment has 60 days to study the plan, then can either ask for clarification, accept it or reject it. Should it request more information, the Justice Deparment then would have another 60 days to study the plan.

Proposed plans all have strong, weak points

Bob Haenel

There it was, tucked neatly underneath the Rotary membership roster and a feasibility study for the expansion of the Fort Bend County Jail and Juvenile Detention Center.

The basket in which I found my colorized, official voting precinct map of the county had not been emptied in quite a spell. In fact, my desk looked like a great start for a paper recycling program.

My wife fusses at me for the way my desk appears to all who enter my office. She says I'll discover the fabled Flight 19 on it someday and we'll have a bonafide tourist attraction right here on Fourth Street.

Regardless, the map was in hand and now is tacked on my wall at least for a few more weeks. We're in the middle of county redistricting and it's a great help for pinpointing who's going to end up where as far as county precincts are concerned.

Unfortunately for me, now that I've found the map, it's going to be outdated within a matter of months, so I'll have to beg a new version once the county has its new districts in hand.

As you may have read over the past few weeks, a citizens advisory committee has been working diligently on developing a new redistricting plan for us. They came up with eight plans, discarded five and handed the Commissioners Court three.

That was a couple of weeks ago, before public hearings began. Since that time, the committee or one of its members has developed three more plans, and another group has added yet another. So we're almost back to where the committee first started with seven plans for commissioners to consider before they attempt a vote next Monday. Actually, we are back to square one because the committee redesigned one of the plans so I guess we can say we're back at eight.

They've labeled the plans by the

pose if we all had the time, folks could continue right on through to Plan Z. But the election year approacheth and considering the plan has to be approved by the U.S. Justice Department, time is running short.

I'd like to make a few comments on some of the plans.

Most of the committee plans have shown Precinct 1 including all the territory west of the Brazos, crossing in certain spots to shore up the numbers to where they're supposed to be — 56,355.

That sounds pretty good to a lot of West Fort Bend folks. Nice and neat. We all have something in common, we're all west of the Brazos. The only negative I can see to this is that all of us west of the Brazos will have only one commissioner. The rest will be on the east side of the river.

Rarely have I seen a vote cast by commissioners based on geography — though I've heard it charged many a time — but with our current alignment, three of the four precincts have had voters west of the Brazos.

With most of these plans, only one will have to answer to west side voters.

The most talked about plan has been the one introduced by the Fairness Committee, a group of Hispanics attempting to preserve a heavy Latino impact in one precinct and at the same time creating a second minority majority precinct in the county.

There are pluses and minuses to this plan, as far as I can see. The

throws out the alignment we have now. Precinct 4, for instance, starts at box 20 in the north portion of Sugar Land and works straight south to box 68, southeast of Needville.

Needville, by the way, is the southernmost point of Precinct 3, which horseshoes around Central Fort Bend County all the way to the Meadows where Commissioner Alton Pressley lives.

Precinct 2 is compacted to northeast Fort Bend, preserving the black majority there.

Precinct 1 includes Richmond and Rosenberg and then snakes northeast to Stafford.

An interesting look, although I'm sure the folks in Needville probably would rather be in Precinct 1.

The negatives I've heard about the plan vary. One is minor and the other is major.

The minor objection is that the plan doesn't include the relatively new Precinct 1 maintenance barn in it. The Hispanics understandably didn't want box 67 — Tara and ultimately Greatwood — in the precinct.

But that could be taken care of by splitting 67 to include the barn.

But what may be a major point, is that box 26 — between Sugar Land and Pecan Grove — only "touches" box 53 in Sugar Land on its way to box 27 in Stafford.

I'm a little fuzzy on rules here, but I wonder if Highway 6's four lanes and a turning lane provide enough continuity to satisfy Washington. Maybe it does.

Before the commissioners make their decision, I'll be working on Plan Z. Methodology will be to find the population center in the county — I figure somewhere near the city limits of Missouri City and Sugar Land — and draw lines east, west, north and south and see if we can't satisfy everyone.

Then again, if it were that simple, we'd already have a plan to Washington and back.

Commissioners to select redistricting plan

Fort Bend County Commissioners Court in its 9 a.m. meeting Monday is scheduled to vote on a redistricting plan which will set the boundaries for the precincts of commissioners, constables and justices of the peace.

Following a week of public hearings earlier this month, commissioners will select one of seven plans or variations of those plans which have been developed by either the citizens advisory committee appointed by the court, individual members of that committee or from the Fairness Committee, a group of Hispanics attempting to maintain a high impact level for Hispanics in Precinct 1.

Commissioners originally were to have voted on the matter last week, but representatives from Allison & Associates, the law firm aiding the county with data needed for the process as well as providing legal input, had to be in Austin for the second special session called for the Texas Legislature.

Commissioners have redistricting included in the closed executive session portion of Monday's meeting as well as it being listed as an action item.

In other business Monday, commissioners face a lengthy agenda, including hearing a report from County Tax Assessor/Collector Marsha Gaines on the 1991 certified property values for the county. They also will consider a tax abatement agreement; hear from Leo Toman regarding the wrecker service rotation; consider three appointments to the Riceland Regional Mental Health Authority board; discuss county Historical Commission funds; discuss funding for the Elections Administrator office; consider amending the county clerk's elections budget; consider hiring a consultant to prepare the Comprehensive Housing Affordability Strategy for the county for compliance with the requirements for Urban County Entitlement Status; and, meet in a budget workshop.

During the closed session, commissioners also will discuss the Secretary of State's demand letter that the county repay the state a portion of the primary elections fund which the state claims was not used.

Redistricting plan gets OK

Court votes 5-0; Justice Department approval needed

By BOB HAENEL

Comissioners Court Monday voted 5-0 in selecting the Fort Bend County's redistricting plan, which will be submitted to the U.S. Department of Justice for consideration.

County Judge Roy Cordes Jr. said he was pleased with the process and particularly pleased with the work of the citizens advisory committee.

"Our committee of 11 citizens worked well together," he said Tuesday. "They put an awful lot of time and effort into this and distilled a lot of plans down into two recommendations to us.

"The court did not make any changes other than the minor changes Jim Allison made to conform to state senatorial lines. This work was basically done by the committee."

Allison of Allison & Associates, the law firm hired by the county to help it through the redistricting process, presented the final two plans which had been considered by the citizens advisory committee.

The committee developed the plan which was finally accepted by commissioners — Plan B1-A — and another plan had been offered by the Fair Plan Committee, a group of Hispanic citizens seeking another minority-majority precinct in the county.

Allison said he worked with both plans to see what could be developed.

Plan B1-A was changed just a little from its original form in order to conform with the proposed state Legislature senatorial lines.

Cordes said two new voting precincts would have to be created in the Stafford-Missouri City area and the changes would primarily affect boxes 49, 48, 60, 13 and 28.

To follow the Fair Plan's design would have called for creating 10 to 12 voting precincts in order to conform to proposed senatorial districts.

The area in question is one if the spots where Senatorial Districts 17 and 13 meet in the Stafford-Missouri City area.

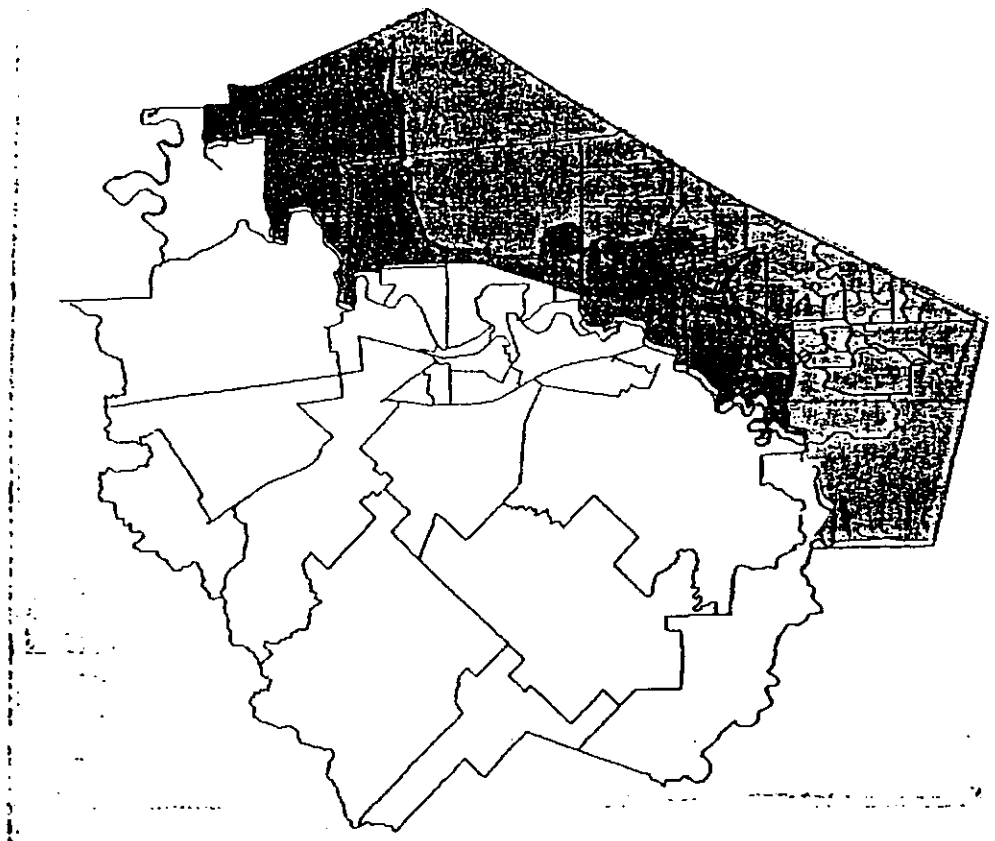

The plan selected by commissioners puts all the precincts close to the ideal population of 56,355.

Precinct 1 would remain the smallest in population with 54,081, while Precinct 3 would be the largest with 56,925. Precincts 2 and 4 would have 56,067 and 56,348, respectively.

The plan selected by commissioners would give Precinct 1 the territory west of the Brazos River as well as Simonton and box 54, just northwest of Rosenberg.

Precinct 2 would start at Stafford on the northeast side, head southeast to include parts of Missouri City and far east Fort Bend County and include box 61 (Missouri City)

and box 3 (Arcola) on at its southern-most points.

Precinct 3 would originate in Missouri City, wind its way through box 9 (Sugar Creek) to box 22 (Meadows) and continue westward to Katy (box 14). It would include most of the northern portions of Sugar Land and Townewest.

Precinct 4 would start in Missouri City, include most of First Colony, Sugar Land and Pecan Grove, and head west to include Fulshear.

As described by Allison, the plan selected by commissioners protects the black majority population in Precinct 2 as well as the combined minority population in that precinct.

It maintains the black population of about 53 percent and raises the Hispanic population from 18.3 percent to 20 percent.

The Fair Plan design would have dropped the combined minority population in Precinct 2 to about 67 percent from 72 percent as it stands now.

On the other hand, the Fair Plan would have created another minority-majority precinct in Precinct 1 by combining the Rosenberg-Richmond area through Sugar Land to the Stafford area.

Fair Plan representatives pointed out Monday that Plan B1-A would drop the Hispanic representation in Precinct 1 from its current level of 40 percent to 35.42 percent.

They also said the plan adopted by the county does not present a compact Precinct 1.

Cordes said Allison will take two weeks to compile the county's package to be sent to the Justice Department.

The Justice Department then has 60 days to study the plan and can take an additional 60 days if it needs more information or rejects the plan.

Cordes said another factor are lawsuits regarding the state Legislative lines, which could impact the redistricting plan.

Redistricting county precincts...

Five plans now being considered; must meet Justice Department approval

By BOB HAENEL

When the Fort Bend County citizens redistricting committee began its process of redrawing precinct lines for commissioners, constables and justices of the peace, they developed eight plans.

Committee members narrowed that down to three plans which have been submitted to Commissioners Court for consideration.

The committee began a series of public hearings this week, having held meetings for Precincts 1, 2 and 3 (Precinct 4's public hearing is Thursday at 7 p.m. in the Commissioners Courtroom in Richmond), but since those hearings began, an additional two plans have been submitted.

Four of the plans were reviewed at length during the Precinct 1 hearing Wednesday night at the Fort Bend County Fairgrounds, and the fifth was unveiled during the hearing. Commissioners will hold another public hearing to discuss the work on redistricting at 10:15 a.m. Monday — during their regular meeting — and then will decide which plan will be submitted to the U.S. Department of Justice for approval.

Should the Justice Department approve the plan, it will set the political boundaries within the county for the next 10 years.

Wednesday's meeting was hosted by Precinct 1 committee members Ted Garcia and Bill McClellan. They explained the procedure which has taken place, and also explained the one-man, one-vote theory and the Voting Rights Act of 1965 — the two mandates which the committee has followed in its work.

Residents in attendance Wednesday also heard from Jim Allison of the law firm Allison and Associates, which has helped produce statistical data and mapping of each proposal. Allison explained that growth in the county — with most of the growth concentrated in East Fort Bend — is required to redistrict because the populations in each precinct are widely varied. One precinct now has more than 70,000 residents while another has fewer than 40,000.

Allison also said that where a minority holds a majority in a precinct, that majority must be preserved. Also, where a minority group has a significant number — an impact — on a precinct, the plan must come as close as possible to preserving that impact.

For instance, Precinct 2 currently has a black majority of about 53 percent. Proposed plans must maintain that majority, he said. The current Precinct 1 has a Hispanic presence of 40.9 percent. That minority impact must be maintained as closely as possible, he said

Allison said the "ideal" precinct is 56,355 in number, considering the county's new census figures. The deviation between the precincts' populations cannot surpass 10 percent, Allison said.

Citizen input

The committee received input which varied from concerns about roads and bridges to representation for a city to a new plan offered by Hispanics.

Two men from the southeast corner of the county said that concerns in their area center on continued road maintenance and that besides the legal requirements, the precincts should be drawn with practicality in mind.

A large group of Hispanics was on hand at the meeting, backing a plan they introduced Monday night at the Precinct 2 public hearing. Members of the Fairness Committee said the plan maintains the Hispanic presence in Precinct 1 better than all other plans which have been introduced.

Felicita Arriaga of Rosenberg said the plan — labeled Plan D — "better represents all groups."

See REDISTRICTING, page 8

A look at redistricting plans

Most of the redistricting plans being discussed at this point have much in common. They all are within the mandatory 10 percent deviation range with regard to population, and all of them have similar racial makeups with regard to minorities and their impact on certain precincts.

Four of the five plans proposed to date also share another trait: they place all of Fort Bend County west of the Brazos River in Precinct 1, as opposed to the large land mass being split three ways between Precints 1, 2 and 4 as it stands today.

Jim Allison of the law firm Allison and Associates — which has helped coordinate data for each of the proposals for the citizens redistricting committee — outlined the three plans which the committee has designed to date. Those plans were given to Commissioners Court two weeks ago as the committee's recommendation.

A fourth plan — Plan D — was introduced Monday by members of the Fairness Committee, a group which is trying to maintain a high Hispanic impact level in one precinct, and a fifth plan was introduced during Wednesday's Precinct 1 public hearing by citizens committee member Dave Stone of Sugar Land.

The ideal population for each precinct is 56,355, Allison said, and each plan submitted to date does not deviate more than 10 percent from that standard.

Plan A

Plan A, Allison said, has a maximum deviation of 8.79 percent. It maintains a black majority in Precinct 2 with 54.06 percent and the Hispanic representation in Precinct 1 drops from its current 40.9 percent to 35.42 percent.

Precinct 1 would continue to be the smallest precinct population-wise with 54,081 residents as opposed to 59,034 residents in the proposed Precinct 4.

Plan A gives Precinct 1 all territory west of the Brazos with the border lined by voting precincts 19, 8, 54, 38, 40, 1, 67, 7 and 21.

Precinct 2 would bring in Stafford's box 27 and continue its northeastern ring southward to Arcola's box 3. Precinct 3 would continue to snake through Missouri City to the northern edge of the county west to Katy. Similarly, Precinct 4 would have an eastern-most boundary of boxes 34 and 61, heading west to Fulshear's box 6. Pecan Grove would continue to be in Precinct 4.

Allison said the Hispanic population has grown, but is widely dispersed in the county population and was "difficult to bring together n a higher concentration."

Plan B

The second plan would have a maximum population deviation of 5.91 percent, again with Precinct 1 holding 54,081 residents. Precinct 2 would have 56,067, and Precincts 3 and 4 would be similar with 57,298 and 57,975, respectively.

Allison noted with regard to the Voting Rights Act, Plan B is weaker in that it drops the minority percentage in Precinct 2. The plan shows the black majority in Precinct 2 dropping to 53.39 percent, lower than in Plan 1. The Hispanic representation in Precinct 1 would remain at 35.42 percent.

However, Allison noted that officials feel that Hispanics have been undercounted in the census and Precinct 1, in all the plans, would gain Hispanic numbers should an adjustment be made.

He also said the only other difference in the first two plans is the shifting of two boxes in the east end. In Plan A, boxes 61 and 34 are in Precinct 4; in Plan B, they are moved to Precinct 2.

Plan C

This plan, Allison said, was the only one submitted by the committee which split existing voter precincts. The plan maintains Precinct 1 west of the Brazos River, but then pushes across the Brazos into portions of voting precincts 3, 34 and 51.

The plan also would push Precinct 2 westward to includ boxes 9, 46 and 49 as well as Stafford box 27. Precinct 3 would continue to hug the northern boundary of the county west to Katy, and Precinct 4 would continue to snake through the county westward to Fulshear.

This plan shows a maximum population deviation of 8.1 percent with the following breakdowns: Precinct 1, 56,738; Precinct 2, 53,410; Precinct 3, 57,298; and Precinct 4, 57,975.

The plan would increase the black majority in Precinct 2 to 55.46 percent, and would take the Hispanic presence in Precinct 1 to 36.16 percent.

Plan D

This plan was presented to the audience by Frank Yeverino, a member of the Fairness Committee. The plan was drastically different from those submitted by the committee, yet it had a population deviation of 7.37 percent: Precinct 1, 54,130; Precinct 2, 54,883; Precinct 3, 58,126; and Precinct 4, 58,282.

The plan boosts the Hispanic representation in Precinct 1 to 39.99 percent and maintains a 54.15 percent black majority in Precinct 2.

Yeverino said the Fairness Committee kept the Justice Department guidelines in mind when developing the plan. "The precincts clearly maximize the minority vote. They are compact and contiguous and we didn't split any VTDs (voting precincts)," Yeverino said.

He added that the plan reflects the 65 percent Hispanic growth the county had in the 1980s.

The plan puts Precinct 1 squarely in the middle of the county, beginning on the southwest side with boxes 54, 38, 12, 39 and 25, then moving eastward with boxes 37, 16, 40, 1, 26, 53, 60 and 27.

Precinct 2 would continue to hug the northeast corner of the county beginning at the northernmost box 13 in the Missouri City area, going to the Arcola area of box 3.

Though Precinct 4 would include on the north side boxes 20, 42, 29 and 9 in the Sugar Land area, it would stretch southward to cross the Brazos and include boxes 67 (Tara), 7 (Booth), 21 Needville), 18 (Fairchilds) and 68 (Guy).

Precinct 3 would become the largest precinct with regard to land mass. Starting at Meadows (box 20) on the north side, the precinct would do a western loop of the county to include boxes 43, 5, 6, 14, 4, 22, 8, 32, 57, 45, 63, 24, 15, 2, 10, 1-, 41 and 66.

That would place Pecan Grove in Precinct 3 all the way around to box 10, Needville.

The plan received vocal backing from a large group of Fairness Committee members in attendance at Wednesday night's public hearing.

Plan E

This plan was unveiled by citizens committee member Dave Stone and statistical data was not available on it at Wednesday meeting.

The plan resembles more close the three plans recommended the committee. The major diffences — based on appearances o map distributed at the meeting would be that Precinct 4 would stretch all the way to the weste boundaries of the county. It wou use boxes 42 and 20 in Sugar La as its westernmost boundaries. Precinct 3 would stretch westward include the Fulshear and Simont areas.

Precinct 1's western bounds would be box 8 (Orchard), 15 (Bosley) and 2 (Kendleton) and precinct would cross the Brazos include box 26, the area betwe Sugar Land and Pecan Grove

The rest of Precinct 1 would most of the south and southwest portion of the county bordered the east by boxes 7 and 21, including Richmond and Rosberg as in all previous plans.

FINANCIAL ADVISORY CONTRACT

(Form of Agreement between Political Subdivision and Financial Advisor Covering Issuance of Securities. Based on Revised Municipal Advisory Council Form C-1.)

Date 1-27-92

To: Commissioners Court
Fort Bend County
Fort Bend County, Texas

Gentlemen:

1. We understand that you are contemplating the issuance of securities from time to time, and that in connection with the issuance of these securities you desire this proposal from us to perform professional services in the capacity of Financial Advisor for Fort Bend County (hereinafter called "Issuer").

2. By this proposal we offer our professional services and our facilities as Financial Advisor for the issuance and sale of the above-described securities, and in that capacity we agree to perform the following duties, and to perform such other duties, as, in our judgment, may be necessary or advisable:

a. We will make a survey of the financial resources of the Issuer to determine the extent of its borrowing capacity. This survey will include an analysis of the existing debt structure as compared to existing and projected sources of income which may be pledged to secure payment of debt service, and where appropriate, will include a study of the trend of the assessed valuation of the Issuer, the Issuer's taxing power, and the present and estimated future taxing requirements. If the revenues of a system or facility are to be pledged to repayment of the securities in question, the survey will take into account any outstanding obligations which are payable from the net revenues thereof, additional net revenues to arise from any proposed rate increase, and the additional net revenues as projected by your consulting engineers as a result of the improvements to be financed by the securities in question. We will also take into account your future financing needs and operations as projected by our staff and/or your consulting engineers and other experts.

b. On the basis of the information developed by the survey described in the above and foregoing paragraph, and on the basis of other information and experience available to us, we will submit our written recommendations on the financing in question. Our plan will include recommendations as to the date of issue, interest payment dates, schedule of principal maturities, options of prior payment, and any other necessary additional security provisions designed to make the issue more attractive to investors. All recommendations will be based on our best professional judgement, with the goal of designing securities which can be sold under terms most advantageous to Issuer, and at the lowest interest cost consistent with all other considerations.

c. We will advise you of current bond market conditions, forthcoming bond issues, and other general information and economic data which might normally be expected to influence the interest rates or bidding conditions, so that the date for the sale of the securities can be set at a time which, in our opinion, will be favorable.

d. If it is necessary to hold an election to authorize the securities, we will, under the direction of the bond attorneys, assist in coordinating the assembly and transmittal to the bond attorneys of such data as may be required for the preparation of the necessary petitions, orders, resolutions, notices and certificates in connection with the election.

e. We will coordinate the preparation and submission of the Official Notice of Sale, the Official Statement or Offering Statement, and such other market documents which you may require. We will also supervise preparation of the uniform bid form, containing provisions recognized by the municipal securities industry as being consistent with the securities offered for sale. We will submit to you all such offering documents, including the Official Statement, for your proper examination, approval and certification. After such examination, approval and certification we will furnish you with a supply of such documents and shall mail a set of the same to a list of prospective bidders, a copy of which list shall be submitted to you upon request. We will also supply sufficient copies of the Official Statement or Offering Statement to the purchaser of the securities in accordance with the terms of the Notice of Sale.

f. We will make recommendations to the Issuer on the matter of bond rating(s) for the proposed issue and when directed by you shall coordinate the preparation of such information as in our opinion is required for submission to the rating agency(ies). In those cases where the advisability of personal presentation of information to the bond rating agencies may be indicated, we will arrange for such personal presentation.

g. We will make recommendations to the Issuer on the matter of municipal bond insurance for the proposed issue and when directed by you shall coordinate the preparation of such information as in our opinion is required for submission to the insurance company(ies). In those cases where the advisability of personal presentation of information to the bond insurance company(ies) may be indicated, we will arrange for such personal presentation.

h. If the securities are to be sold at public sale we will disseminate information to prospective bidders, we will organize such information meetings as in our judgment may be necessary, and will work with prospective bidders to assist them in timely submitting proper bids. We will assist you at the bond sale for the purpose of coordinating the receipt of bids, and the furnishing of good faith checks where indicated, and for the purpose of tabulation and comparison of bids, and will advise you as to the best bid, and will provide our recommendation as to acceptance or rejection of such bid. As soon as a bid for the bonds shall be accepted by you, we will proceed to coordinate the efforts of all concerned to the end that the bonds may be delivered and paid for as expeditiously as possible. We shall assist you in the preparation of verification of final closing figures, and when requested will provide suggestions on a program of temporary investment of bond proceeds, in consultation with the Issuer's architect or consulting engineer, consistent with the construction timetable for the project.

i. We will act as your agent in arranging for the printing of the securities, and will submit same for execution and impression of seal, and we will attend to their delivery to the Attorney General for approval and the Comptroller of Public Accounts for registration, it being understood that title to and ownership of the printed securities shall be in the Issuer until they are sold and delivered to the purchaser.

After closing we will deliver to you and your paying agent(s) definitive debt records, including a schedule of annual debt service requirements on the obligations being delivered to the purchaser.

3. We agree to direct and coordinate the entire program of financing herein contemplated. In that connection we understand that you have retained or expect to retain a firm of recognized municipal bond attorneys, who will prepare the proceedings and advise the steps necessary to be taken to issue the securities and who will issue an opinion approving their legality. We will maintain liaison with this firm of bond attorneys and shall assist in all financial advisory aspects involved in the preparation of appropriate legal proceedings and documents.

Where the issuance and sale of the securities, and construction of the project in question, requires the approval of any state or governmental agency, we shall assist you in the preparation of all financial information required for inclusion in applications for such approval, and when requested by you, shall appear on your behalf to provide appropriate testimony at public hearings before state and other governmental commissions and the boards. We will also be available to participate with you in any preliminary conferences with the staffs of any state or governmental agencies involved, and we will, for qualified projects, coordinate the preparation of financial assistance applications required for state involvement.

4. In consideration for the services rendered by us in connection with the issuance and sale of $33,000,000 Fort Bend County Permanent Improvement Bonds, it is understood and agreed that our fee will be $50,500.00.

In addition to our fee, the Issuer will be responsible for the expenses set forth below. In some cases, we may incur these expenses on your behalf, and you agree to reimburse us for such expenses.

(a) Printing Offering Documents
(b) Printing Bonds
(c) Postage and Mailing of Offering Documents
(d) Publication and Advertising Notices
(e) Market Attorney Fees
(f) Expenses incurred in connection with Municipal Bond Rating and Municipal Bond Insurance presentations

Our fee and reimbursable expenses shall become due and payable simultaneously with the delivery of the securities to the purchaser. However, these expenses must be approved by Commissioners Court prior to their payment. In the event the sale of securities to the purchaser does not occur, our reimbursable expenses shall become due and payable within 30 days after they are incurred by us.

5. In the event any bond election be necessary, if such elections shall fail, the fee due us shall be none; however, should the same or similar propositions again be submitted to election held within twelve months from date hereof, then at our option the agreement covered by this proposal shall apply to any such securities.

6. If we are requested to provide additional financial advisory services, we will provide such service on a project by project basis, our fee for which will be based on the estimated time required to perform such work applied to our hourly rate schedule. Our current hourly rate schedule is attached as Schedule B. Any services to be rendered, and fees to be incurred, under this Section 6 must be approved by Commissioners Court.

7. It is further understood and agreed that we are not authorized to submit a bid for the securities when offered for sale.

8. **Special Conditions.** In addition to the terms and obligations herein contained, this proposal and agreement is subject to the following special conditions:

This agreement may be terminated by us or the Issuer on thirty days written notice, and we would expect to be paid to the termination date, provided, however that this agreement may not be terminated with regard to its application to any issue of bonds which have been authorized to advertise for sale.

9. This proposal is submitted in duplicate originals. When accepted by Issuer it will constitute the entire agreement between Issuer and the undersigned for the purpose and considerations herein specified. Your acceptance will be indicated by proper signatures of your authorized officers or representatives on both copies and the returning of one executed copy to us:

Fort Bend County Commissioners Court
Fort Bend County, Texas
c/o Roy L. Cordes, Jr.
501 Jackson Street
Richmond, Texas 77469

Gentlemen:

This letter, when accepted by you, will constitute an agreement between this firm and Fort Bend County, Texas (the "County") for our services as bond counsel to the County in connection with the authorization, issuance, sale and delivery of approximately $33,000,000 of Public Improvement Bonds (the "Bonds"). We understand that the amount of the Bonds and the County's authority to issue the Bonds are subject to approval of the electorate at an election to be held within the County. If the issuance of the Bonds is not approved at such election, this agreement shall be null and void.

We agree that our services as bond counsel will include the following:

1. Preparation of the order calling the bond election referred to above, including a Spanish translation of the election order;

2. Submission to the United States Department of Justice of a request for preclearance of the bond election under the Federal Voting Rights Act;

3. For each issue or series of Bonds, attendance at all meetings of the Commissioners Court or administrative staff as required or requested in connection with the planning and authorization of such issue or series, including consultation on federal income tax matters;

4. For each issue or series of the Bonds, preparation of the order of the Commissioners Court authorizing issuance of the bonds of such issue or series, together with all other legal documents comprising

the transcript of proceedings for authorization and issuance of such issue or series;

5. Consultation with the County and the County's financial advisors to review information with respect to information to be included in any Official Statement or other prospectus for each issue or series of the Bonds, limited solely to the description of the bonds to be issued, the security for such bonds, and the status of the bonds and the interest thereon under federal income tax law;

6. Preparation of and submission to the Attorney General of Texas of a transcript of proceedings for each issue or series of the Bonds to obtain the approval of the Attorney General and registration by the Comptroller of Public Accounts of Texas of such issue or series;

7. Preparation and filing of legal documents required under federal income tax law for each issue or series of the Bonds, and the preparation of and delivery to the County of a Letter of Instructions with respect to the federal income tax treatment of bond proceeds;

8. Supervision of the printing of each issue or series of the Bonds and their delivery to the purchasers; and

9. The delivery at closing of our approving opinion as to the validity of each issue or series of the Bonds under Texas law and, if appropriate, the exclusion of interest on such bonds from gross income of bondholders under federal income tax law.

For the services outlined above, the County agrees to pay us a fee of $40,000. All expenses incurred by the firm in connection with each issue or series of the Bonds are included in said fee. No fee will be charged if the Bonds are not sold and delivered.

The services outlined above do not include such matters as services as disclosure counsel in connection with bond issues, work on post-closing or special federal tax issues, obtaining IRS rulings or clarifications of federal tax law, presentations to rating agencies or bond insurers, "blue sky" or securities registration services, or services as bond counsel in connection with the issuance of refunding bonds. We will be pleased to provide legal services in connection with any matters not included in paragraphs 1 through 9 above, but we believe that such

additional or special services should be performed as needed from time to time and on mutually agreeable terms.

This agreement shall remain in force and effect until all of the Bonds have been sold and delivered; provided, however, that this agreement may be terminated by either party on thirty days written notice.

If the arrangement set out above meets with your approval, please take appropriate action to approve this agreement and return one executed copy to the undersigned.

Very truly yours,

VINSON & ELKINS L.L.P.

STATE OF TEXAS

COUNTY OF Fort Bend

CONTRACT FOR RESIDENTIAL SERVICES

In accordance with provisions of the Governor's Office, Criminal Justice Division Grant No. C03/C05 Fees & Services, Fort Bend County JPD and Brazoria County Youth Homes, hereinafter called Service Agency, by this Agreement, and in consideration of the mutual promises set forth below, agree that:

I. PROVISIONS OF SERVICES

The Service Agency agrees to provide the following services, which shall be limited to alleged or adjudicated juvenile offenders in licensed child care facilities:

NOTE: Specify here the level of care to be provided (circle one):

Primary, specialized, intermediate, (emergency shelter,) therapeutic, intensive, or-in patient psychiatric. Levels of care and services to be provided at each level are those defined in the CJD Maximum Rate Schedule for Purchase of Services, and by the Texas Health and Human Services Coordinating Council.

A. For and in consideration of the above-mentioned services, the Fort Bend County JPD agrees to pay the Service Agency an amount not to exceed $ 41.00 per client per day. This fee does not exceed the actual cost of child care in the Service Agency, which is $ 52.00 per day and does not exceed the amount allowed in the current CJD Maximum Rate Schedule. Total reimbursement under this contract shall not exceed $ 10,000.00 unless approved by CJD to exceed this amount.

B. Recognizing that a part of a client's rehabilitation program may include time away from the residential setting of the Service Agency, such as weekends, holidays, etc., and that the Service Agency must retain space for this client until his return, Fort Bend County JPD will pay the Service Agency the above agreed-upon amount for such regularly scheduled days away from the Service Agency or its program providing they do not exceed ten (10) days at any one time.

C. If a client makes an unauthorized departure from the Service Agency, the Fort Bend County JPD shall be notified immediately. If the client returns to the Service Agency within ten days or prior to the last billing day of the month, whichever shall occur first, the Service Agency shall receive payment for those days

the client was absent from the Service Agency, but not to exceed ten days' payment.

D. The Service Agency is under no obligation to retain space for the client in unauthorized departure situations.

E. Payment is to be made monthly. Claim for payment will be submitted no later than ten days from the last day of the month for which payment is being requested.

F. Each billing should contain the name of the client or clients for whom payment is being requested along with the number of days (stated consecutively) for which payment is being requested.

G. The Service Agency is under no obligation to accept a client who is deemed inappropriate for placement in the program by Service Agency.

II. INDIVIDUAL PROGRAM PLAN AND FAMILY INVOLVEMENT

A. Each client placed with the Service Agency shall have a written Individualized Program Plan (IPP) developed in concert with the client and mutually agreed upon by the appropriate Service Agency staff and appropriate county personnel prior to placement.

B. The IPP shall be reviewed jointly by the appropriate Service Agency staff, the child, and the appropriate county personnel at reasonable intervals, not to exceed ninety (90) days, to assess the client's progress with modification of the IPP being made when indicated.

C. The IPP shall contain the reasons why the placement will benefit the client; shall specify behavioral goals and objectives being sought for each client; shall state how the goals and objectives are to be achieved in the Service Agency placement; and shall state how the parent(s), guardian(s), and where possible, grandparents or other extended family members will be involved in the Individual Program Plan to assist in preventing or controlling the client's alleged delinquent behavior or alleged conduct indicating a need for supervision as defined in the Texas Family Code.

D. Copies of the original IPP and the periodic reviews are to be maintained by the Service Agency and the County Placement Officer.

E. The Service Agency shall provide each child's Probation Officer with a written report of the child's progress on a monthly basis.

F. If a child in placement at the Service Agency makes an unauthorized departure, becomes seriously ill, or is involved in an incident of a serious nature, the Service Agency shall notify the child's Probation Officer and the County Placement Officer immediately and

ensure that parents and proper authorities, including the Texas Department of Human Services, are notified.

G. The County reserves the right to terminate the child's placement at the Service Agency at its discretion. The Service Agency must not release a child to any person or agency other than the County without the express consent of the County.

H. The County must approve the child's participation in any furloughs, home visits, or extended agency trips.

I. Unless otherwise stipulated by the County, the child may visit freely with parents and relatives at the home in accordance with established Service Agency policies.

J. Suspected or alleged cases of child abuse must be immediately reported to the County Placement Officer and the Department of Human Services.

III. EXAMINATION OF PROGRAM AND RECORDS

A. The Service Agency agrees that it will permit the County to examine and evaluate its program of services provided under the terms of this Contract and to review County client records. This examination and evaluation of the program will include unscheduled site visitations, observation of programs in operation, interviews, and the administration of questionnaires to the staff of the Service Agency and the client.

B. The Service Agency shall provide to the County such descriptive information on contracted clients as requested on forms provided by the County.

C. The Service Agency agrees to maintain and make available for inspection, audit, or reproduction by an authorized representative of Fort Bend County JPD and the State of Texas books, documents and other evidence pertaining to the cost and expenses of this Contract, hereinafter called the Records.

D. The Service Agency agrees to maintain these Records for three (3) years after final payment or until the State-approved audit has been made and all questions therefrom are resolved.

IV. FEE ASSESSMENT

A. Clients or their families shall not be assessed fees for services by the Service Agency unless arrangements are specified by the Court. This does not preclude reasonable attempts to seek voluntary contribution from families of County clients for donations of clothing, personal articles, and funds to assist in supporting a youth's rehabilitation.

B. If a client is eligible for fiscal support from another state agency or organization, the Service Agency shall ensure that the Fort Bend County JPD is not charged for such fiscal support for which the client is otherwise eligible.

V. EQUAL OPPORTUNITY

Services shall be provided by the Service Agency in compliance with the Civil Rights Act of 1964. The Service Agency will not discriminate against any employee, applicant for employment, or client because of race, religion, color, sex, national origin, age, or handicapped condition.

The Service Agency will take affirmative action to ensure that applicants are employed, and that the employees are treated during employment without regard to their race, religion, color, sex, national origin, age, or handicapped condition.

VI. OFFICIALS NOT TO BENEFIT

No officer, member or employee of Fort Bend County JPD, and no member of its governing body, and no other public official of the governing body of the locality or localities in which the project is situated or being carried out who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of this project shall participate in any decision relating to this Contract which affects his personal interest or have any personal or pecuniary interest, direct or indirect, in this Contract or the proceeds thereof.

VII. DEFAULT

The Fort Bend County JPD may, by written notice of default to the Service Agency, terminate the whole or any part of this contract in any one of the following circumstances:

(1) if the Service Agency fails to perform the work called for by this Contract within the time specified herein or any extension thereof; or

(2) if the Service Agency fails to perform any of the other provisions of this Contract, or so fails to prosecute the work as to endanger performance of this Contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of ten (10) days (or such extension as authorized by Fort Bend County JPD in writing) after receiving notice of default.

VIII. TERMINATION

MEMORANDUM OF UNDERSTANDING

SUBJECT: Affiliation between Fort Bend Juvenile Probation and the Orchard Creek Hospital Adolescent Residential Treatment Program

General Affiliation Agreement

1. This Memorandum is for the purposes of defining the procedure and responsibilities of Orchard Creek Hospital's Adolescent Residential Treatment Program (ARTP) and Fort Bend County Juvenile Probation with regard to the placement of Juvenile Probation clients in the ARTP.

2. We understand that all services are provided as a part of a cohesive treatment program to meet the needs of the client. It will be coordinated under the direction of the Director of Program Services, the Coordinator of the ARTP, the attending practitioner and Juvenile Probation.

3. Juvenile Probation agrees to promote continuity of care by participating in the ARTP treatment planning conferences on a bimonthly basis and to maintain familiarity with the working of the Hospital programs.

4. Familiarity with the elements of the program such as the daily schedule for modalities, level systems, Hospital policies and procedures, etc., is essential to the smooth admission, programming and discharge of Juvenile Probation clients. Juvenile Probation agrees to adhere to the general patient schedules and unit rules for their clients on the ARTP.

5. The Hospital agrees, through the Coordinator of the ARTP and/or the Director of Program Services, to keep Juvenile Probation informed of changes in schedules, rules or program concerns. The Hospital will value the input and suggestions of Juvenile Probation regarding program changes.

6. The Hospital agrees to provide up to two (2) beds on the ARTP for Juvenile Probation clients at the proposed rate of $153.00/day plus the practitioner's fees.

7. We agree that the following admission criteria are appropriate and will be adhered to:

   a. Able to handle an unlocked unit as evidenced by:

      1. No active suicidal thoughts or actions.
      2. No active homicidal thoughts or actions.
      3. Not currently an elopement risk.
      4. A history of firesetting will be carefully evaluated.

   b. No serious medical illness/disability.

   c. Needs residential care due to a failure of outpatient therapy/counseling or a failure to maintain adjustment on an outpatient basis.

   d. Not mentally retarded.

   e. Ambulatory

   f. If serious detoxification is needed, the client may need to be placed on Unit V for stabilization.

   g. The client must be able to participate in the ARTP - sufficiently intelligent and verbal. IQ's in the 70's will need to be evaluated carefully.

   The Coordinator of the ARTP or his designee will evaluate each client referred by Juvenile Probation at the Juvenile Probation offices or detention center as appropriate.

8. Juvenile Probation agrees to keep these admission criteria in mind when making a referral. Juvenile Probation also agrees to make every attempt to obtain or provide a history and physical, psychological test results and necessary school records prior to admission.

9. We agree that the Juvenile Probation clients are expected to reasonably comply with Hospital and ARTP rules and guidelines as outlined in the ARTP patient handbook. We agree that some behaviors may require immediate expulsion from the program or possibility transfer to a locked unit. These behaviors include elopement, violent/aggressive behavior and acute suicidal thoughts or actions. If a crisis occurs the Juvenile Probation client would be transferred to a locked unit and disposition would be negotiated between the Hospital and Juvenile Probation. The normal system of consequences and rewards would apply to other behaviors.

10. Juvenile Probation clients who violate the terms of their probation, commit major destruction of Hospital property or engage in behavior of a sexual nature are subject to immediate movement to Juvenile lock-up.

Dear Mr. Drachenberg:

We are pleased to advise that the above project has been released for right of way acquisition. This project was authorized in the 1987-91 Off-System Federal-Aid Bridge Replacement and Rehabilitation Program. The Minute Order authorizing this project stipulates that Fort Bend County will appraise and acquire the necessary right of way clear of obstructions and bear the cost of adjusting eligible utilities. The State will be responsible for all relocation assistance payments. Cost to clear title will be the responsibility of the County. Acquisition procedures should be in accordance with policies of the Texas Department of Transportation and with Title III of the Uniform Relocation Assistance and Real Property Acquisition Act of 1970.

Attached for your use in acquiring the above parcels are eight (8) copies each of the right of way map sheets and field notes.

Under these procedures, you are expected to furnish us with copies of written offers to each individual property owner in order for us to comply with the provisions of Title II of the Act which covers Relocation Assistance and Relocation payments. The offer letters should be forwarded

to our office within two (2) days after the offer is made. We will also need to be notified as to the date of acquisition of each parcel.

We are also required to obtain and maintain, in our file, certification of compliance by you that all provisions of Title III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 have been fulfilled.

Total compliance with the foregoing requirements are necessary in order that we might be assured of maximum Federal participation.

It should be noted that the construction letting on this project is currently scheduled for May, 1992.

Your cooperation in keeping us timely advised of your actions in acquiring the right of way will be appreciated.

If additional information is needed, please contact Ms. Carol Letz at (713) 867-5709.

Sincerely,

Carol J. Letz

Re: Re-routing portion of Boot Hill Road (see enclosed map)

Dear Mayor Berkman:

Commissioner Lutts proposes to re-route a portion of Boot Hill Road in order to avoid the loss of a section of the road to the Brazos River.

As of this writing, the bank of the Brazos lies within 29 feet of the Boot Hill Road Right-of-Way and is and has been rapidly closing in on the road. In order to accomplish this re-routing, the proposed route as shown on the enclosed map would have to intersect a street or road which lies within the corporate limits of your city and the boundaries of the Brazos Valley Subdivision, Section 1.

Engineering and Right-of-Way will proceed in choosing the most practical route and will keep you informed as to the progress and how it would affect your city.

Should you have any questions, please feel free to call.

Sincerely,

A. J. Noto

The Consumer Price Index as used herein shall mean the Consumer Price Index for all urban consumers published by the Bureau of Labor Statistics, United States Department of Labor (1967 equals 100) for the entire United States. If the publication of the Consumer Price Index is discontinued prior to the expiration or termination of this Contract, or if the present method of ascertaining the index figure is materially or substantially changed, and if for a period of ninety (90) days thereafter the parties fail to agree on another standard, a substitute standard which should produce substantially the same results as the Consumer Price Index was designed to give on the date of the execution of this Contract shall be determined upon the written application of either party hereto to the judge of the District Court of Fort Bend County. If said judge will not make such a determination, a substitute standard will be determined by arbitration under the Texas General Arbitration Act (or any similar

Texas act then in existence). Each party hereto shall appoint an arbitrator and the two so selected shall select a third, or if they are unable to agree, the third arbitrator shall be appointed by the court under the Texas General Arbitration Act. In the event a new base for the Consumer Price Index is established, thereafter, for the purposes of making computations as herein provided, the controlling indices stipulated in this Contract shall be adjusted to conform to the new base so that the calculations herein provided shall have the same results as if made on the Consumer Price Index "1967 equals 100". At any time when a substitute standard has not been either agreed upon or determined in accordance with the provisions hereof, the dumping fee then in effect shall continue to be changed. The County and Laidlaw agree that there shall be no decrease in the existing dumping fee in the event of a decrease in the Consumer Price Index.

In addition to the Consumer Price Index changes to the dumping fee to be approved by the County as set forth above, in the event Laidlaw for any reason, including the imposition of New Costs, or the County deems it necessary to increase the dumping fee, an application to do so must be submitted through the County Engineer or submitted by the County Engineer to the Commissioners Court for consideration. The application for upward adjustments must contain specific reasons to justify the proper increase (i.e., including, but not limited to, costs associated with unforeseen changes in federal, state or local regulations, statutes, codes, ordinances, resolution or rules). The County agrees that it will not

unreasonably withhold or delay approval of any such application. Notwithstanding anything to the contrary contained herein, in the event the County unreasonably refuses to approve an increase in the dumping fee on or before the expiration of ninety (90) days following Laidlaw's filing of an application for such change, Laidlaw may, by written notice to County, terminate this Contract in which event, except for the indemnity obligations of Laidlaw under Article V hereof, neither party shall have any further rights or obligations hereunder.

9.06 The revenue split between the County and Laidlaw, as described in Article III above, shall be based on the then current dumping fee.

9.07 Laidlaw and County acknowledge that current intake volume is approximately 50,000 cubic yards per month provided, however, neither party to this Contract has guaranteed the intake volume hereunder.

9.08 The County shall reserve the right to monitor and/or audit ticket issuing and dumping procedures at the Landfill on a daily basis and shall have a reasonable right to inspect Laidlaw's books and records regarding this Contract during regular business hours.

9.09 Excess earth (sand or clay) shall be sold by Laidlaw at a rate set by the Fort Bend County Commissioners Court. The Gross Receipts from the sale thereof shall be shared between County and the Laidlaw during the term of this Contract in the percentages in Article III. The County reserves the right to monitor and/or audit

sales and shall have the reasonable right to inspect Laidlaw's books and records during regular business hours.

X.

TERMINATION

10.01 The County, at its sole discretion, may after written notice to Laidlaw terminate this Contract for any of the following Events of Default ("Events of Default"), if not cured by Laidlaw within the applicable cure period:

A. Laidlaw becomes financially unable to continue operation of the Landfill;

B. Repeated failure by Laidlaw to correct any deficiencies at the Landfill cited by the Texas Department of Health or its successor, or;

C. Failure of Laidlaw to comply with any of the terms of this Contract.

Notwithstanding anything to the contrary contained herein the foregoing occurrence(s) shall not be deemed to be an Event of Default unless such occurrence continues uncured:

(i) For a period in excess of thirty (30) days after Laidlaw's receipt of written notice of default with respect to any monetary defaults; and

(ii) For a period in excess of ninety (90) days after Laidlaw's receipt of written notice of default with respect to any nonmonetary default provided, however, in the event any such nonmonetary default cannot reasonably be cured within such ninety (90) day period, no Event of Default shall be deemed to have occurred if Laidlaw shall have commenced the cure of the nonmonetary default within such ninety (90) day period and shall diligently pursue and complete such cure.

XI.

CLOSURE OF LANDFILL

11.01 Final closure of Landfill will be allowed only upon approval of both the Texas Department of Health or its successor and the County. Laidlaw is liable for closure of the Landfill as described in Permit #1554A or as amended by Texas Department of Health or its successor's regulations.

XII.

POST CLOSURE OF LANDFILL

12.01 Post closure of the Landfill during the term of this Contract will be maintained in accordance with the Texas Department of Health or its successor. During the term of this Contract, Laidlaw is liable for post closure of the Landfill as described in Permit #1554A or as amended by Texas Department of Health or its successors.

XIII.

TRANSFERABILITY OF CONTRACT

13.01 No assignment of the Contract or any right existing under this Contract shall be made in whole or in part by Laidlaw without the express written consent of the County which consent shall not be unreasonably withheld or delayed; in the event of any assignment, the assignee shall assume the liability of Laidlaw.

XIV.

FORCE MAJEURE

14.01

A. "Force Majeure" means a delay encountered by Laidlaw in the performance of its obligations under this Contract which is caused by an event beyond the reasonable control of Laidlaw. Without limiting the generality of the foregoing, "Force Majeure" shall include but not be restricted to the following types of events: acts of God or public enemy; acts of governmental or regulatory authorities; fires, floods, epidemics or serious accidents; unusually severe weather conditions; strikes, lockouts, or other labor disputes; and defaults by subcontractors.

B. In the event of a Force Majeure, Laidlaw shall not be deemed to have violated its obligations under this Contract, and the time for performance of any obligations by Laidlaw shall be extended by a period of time necessary to overcome the effects of the Force Majeure, provided that the foregoing shall not prevent the Contract from terminating in accordance with the termination provisions.

C. If any event constituting a Force Majeure occurs, Laidlaw shall notify the County thereof, within forty-eight (48) hours, and disclose to the County the estimated length of delay, and cause of the delay.

XV.

RESERVED DUMPING RIGHTS

15.01 Fort Bend County has the right to either dump or otherwise direct dumping to the Landfill of an average of 800 cubic yards per month provided, however, such dumping shall be conducted by the County in full compliance with all applicable statutes, rules and regulations, and County shall exercise its best efforts to avoid interference or disruption of Laidlaw's operation of the Landfill. There will not be any charge to the County for this volume.

XVI.

VALIDITY OF CLAUSES

16.01 In the event that any provision or portion thereof of this Contract shall be found to be invalid or unenforceable, then such provision or portion thereof shall be performed in accordance with the applicable laws. The invalidity or unenforceability of any provision or portion of any Contract Document shall not affect the validity or enforceability of any other provision or portion of this Contract.

XVII.

PREVAILING WAGES

17.01 The prevailing wage rate schedule, Exhibit "B," appears to be necessary under TEX.REV.CIV.STAT. Art. 5159a (Vernon's 1991).

XVIII.

INDEPENDENT CONTRACTOR

18.01 In the performance of Work or services hereunder, Laidlaw shall be deemed an independent contractor and any of its employees performing Work required hereunder shall be deemed solely as employees of Laidlaw or, where permitted, of its subcontractors. Laidlaw and its employees performing Work pursuant to this Contract, shall not be deemed to be employees, agents or servants of the County and shall not be entitled to any of the privileges or benefits of County employment.

AGREEMENT BY AND BETWEEN THE CITY OF ROSENBERG, TEXAS AND FORT BEND COUNTY, TEXAS

This agreement is entered into by and between the City of Rosenberg, Texas, hereinafter referred to as "City" and Fort Bend County, Texas, hereinafter referred to as "County".

WHEREAS, the County has applied to the Texas Department of Health for expansion of the County solid waste disposal site, hereinafter referred to as the "County Landfill", located within and outside the western side of the corporate limits of the City;

WHEREAS, the County has operated such County Landfill for a period exceeding ten (10) years;

WHEREAS, the City desires such County Landfill operations to be relocated in a less populous area and more rural in nature than the present proposed expansion area for such County Landfill;

WHEREAS, The City recognizes the length of time it will take the County to obtain a permit for any such new County Landfill site;

WHEREAS, the City recognizes that should the proposed County Landfill expansion not be approved by the Texas Department of Health, the nearest landfill to the City will be miles away,

NOW, THEREFORE, the City and the County mutually agree as follows:

1. To assist in reducing thru truck traffic on city streets in the vicinity of the Fort Bend County Landfill, the County agrees to pursue negotiations of a roadway for landfill traffic, connecting U.S. 59 and Klaukie Road via the existing

Southern Pacific Railroad right-of-way (now owned by Houston Lighting & Power Company). Additionally, the County agrees to pursue the construction of a roadway across County owned property connecting Spur 529 and the landfill.

2. The County agrees to actively pursue and implement alternate disposal methods including, but not limited to, recycling, incineration, and any such other disposal methods which may be environmentally desirable.

3. The County agrees to dedicate and establish a park on approximately 19 acre tract of land adjacent to the landfill located on Blumie Road and the County further agrees to construct necessary improvements thereon, provided however, any improvement constructed on the park site will be of a durable nature, not easily destroyed or vandalized.

4. Upon closing the County Landfill facility and when approved and authorized by the State Department of Health, the County will convert the present County Landfill area to a public recreational facility for the benefit of all citizens of Fort Bend County.

5. The County agrees to not seek permits in addition to permit numbers 1048, 1554 and 1554A for expansion of the current County landfill nor seek permits for any solid waste disposal site within the corporate limits of the City or its extraterritorial jurisdiction without prior approval by the City Council of the City of Rosenberg.

This instrument constitutes the entire agreement regarding the County Landfill between the City and the County. It may not be changed orally, but only by an agreement in writing signed by the parties hereto.

Should any term, phrase, clause, paragraph, restriction or covenant contained herein be held invalid or unenforceable, the same shall be deemed and is hereby agreed that the same are meant

to be severable, and shall not defeat or impair the remaining provisions hereof.

IN WITNESS WHEREOF, this instrument has been executed by and on behalf of the City by its Mayor and attested by its City Manager and the City Secretary under it City's seal this the 13th day of November, A.D., 1989, and on behalf of the County by its County Judge and attested by its County Clerk under its county seal this the 31st day of July, A D., 1989, in duplicate originals, both of equal force and effect.

Art. 5159a. Construction of public works in State and municipal or political subdivisions; prevailing wage rate to be maintained

Sec. 1. Not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the work is performed, and not less than the general prevailing rate of per diem wages for legal holiday and overtime work, shall be paid to all laborers, workmen and mechanics employed by or on behalf of the State of Texas, or by or on behalf of any county, city and county, city, town, district or other political subdivision of the State, engaged in the construction of public works, exclusive of maintenance work. Laborers, workmen, and mechanics employed by contractors or subcontractors in the execution of any contract or contracts for public works with the State, or any officer or public body thereof, or in the execution of any contract or contracts for public works, with any county, city and county, city, town, district or other political subdivision of this State, or any officer or public body thereof, shall be deemed to be employed upon public works.

Sec. 2. The public body awarding any contract for public work on behalf of the State, or on behalf of any county, city and county, city, town, district or other political subdivision thereof, or otherwise undertaking any public work, shall ascertain the general prevailing rate of per diem wages in the locality in which the work is to be performed for each craft or type of workman or mechanic needed to execute the contract, and shall specify in the call for bids for said contract, and in the contract itself, what the general prevailing rate of per diem wages in the said locality is for each craft or type of workman needed to execute the contract, also the prevailing rate for legal holiday and overtime work, and it shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract. The contractor shall forfeit as a penalty to the State, county, city and county, city, town, district or other political subdivision on whose behalf the contract is made or awarded, Ten Dollars ($10.00) for each laborer, workman or mechanic employed, for each calendar day, or portion thereof, such laborer, workman or mechanic is paid less than the said stipulated rates for any work done under said contract, by him, or by any subcontractor under him, and the said public body awarding the contract shall cause to be inserted in the contract a stipulation to this effect. It shall be the duty of such public body awarding the contract, and its agents and officers, to take cognizance of complaints of all violations of the provisions of this Act committed in the course of the execution of the contract, and, when making payments to the contractor of monies becoming due under said contract, to withhold and retain therefrom all sums and amounts which shall have been forfeited pursuant to the herein said stipulation and the terms of this Act; provided, however, that no sum shall be so withheld, retained or forfeited, except from the final payment, without a full investigation by the awarding body. It shall be lawful for any contractor to withhold from any subcontractor under him sufficient sums to cover any penalties withheld from him by the awarding body on account of the said subcontractor's failure to comply with the terms of this Act, and if payment has already been made to him the contractor may recover from him the amount of the penalty or forfeiture in a suit at law.

AS PER ORIGINAL

AS PER ORIGINAL

Sec. 3. The contractor and each subcontractor shall keep, or cause to be kept, an accurate record showing the names and occupations of all laborers, workmen and mechanics employed by him, in connection with the said public work, and showing also the actual per diem wages paid to each of such workers, which record shall be open at all reasonable hours to the inspection of the public body awarding the contract, its officers and agents.

Sec. 4. Any construction or repair work done under contract, and paid for in whole or in part out of public funds, other than work done directly by any public utility company pursuant to order of the Railroad Commission or other public authority, whether or not done under public supervision or direction, or paid for wholly or in part out of public funds, shall be held to be "public works" within the meaning of this Act. The term "locality in which the work is performed" shall be held to mean the county, city and county, city, town, district or other political subdivision of this state in which the building, highway, road, excavation, or other structure, project development or improvement is situated in all cases in which the contract is awarded by the state, or any public body thereof, and shall be held to mean the limits of the county, city and county, city, town, district or other political subdivisions on whose behalf the contract is awarded in all other cases. The term "general prevailing rate of per diem wages" shall be the rate determined upon as such rate by the public body awarding the contract, or authorizing the work, whose decision in the matter shall be final. It is mandatory that the public body state such prevailing wage as a sum certain, in dollars and cents. Nothing in this Act, however, shall be construed to prohibit the payment to any laborer, workman or mechanic employed on any public work as aforesaid of more than the said general prevailing rate of wages.

Sec. 5. Any officer, agent or representative of the State, or any political subdivision, district or municipality thereof, who wilfully shall violate, or omit to comply with, any of the provisions of this Act, and any contractor or subcontractor, or agent or representative thereof, doing public work as aforesaid, who shall neglect to keep, or cause to be kept, an accurate record of the names, occupation and actual wages paid to each laborer, workman and mechanic employed by him in connection with the said public work, or who shall refuse to allow access to same at any reasonable hour to any person authorized to inspect same under this Act, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not exceeding Five Hundred Dollars ($500.00), or by imprisonment for not exceeding six (6) months, or by both such fine and imprisonment, in the discretion of the Court.

January 27, 1992

BACKGROUND

On Thursday, January 16, 1992, the United States Supreme Court denied the state's request for a stay of the federal court's order that senate districts from PLANS567 be used for the 1992 primary elections. Although, the state will continue to appeal this action, the 1992 primary elections for the Texas Senate are to proceed on March 10th under the court's plan. The federal court also ordered that house of representatives districts form PLANH714 be used for the 1992 elections. The precleared congressional districts (PLANC657) and state board of education districts (PLANE522) remained intact. (See attached maps).

ANALYSIS

As a result of the court order, Fort Bend County has been impacted in the following manner:

1) The existing precincts 2058 and 2059 have been merged into precinct 2036;

2) Precinct 2003 has been split into two (2) precincts with the southern portion becoming a new precinct 2058;

3) Precinct 2013 has been split into two (2) precincts with the southern portion becoming a new precinct 2059; and

4) The Stafford portion of Precinct 3009 has been created into the new Precinct 3069.

The above stated changes have been made to the Voter Registration test database.

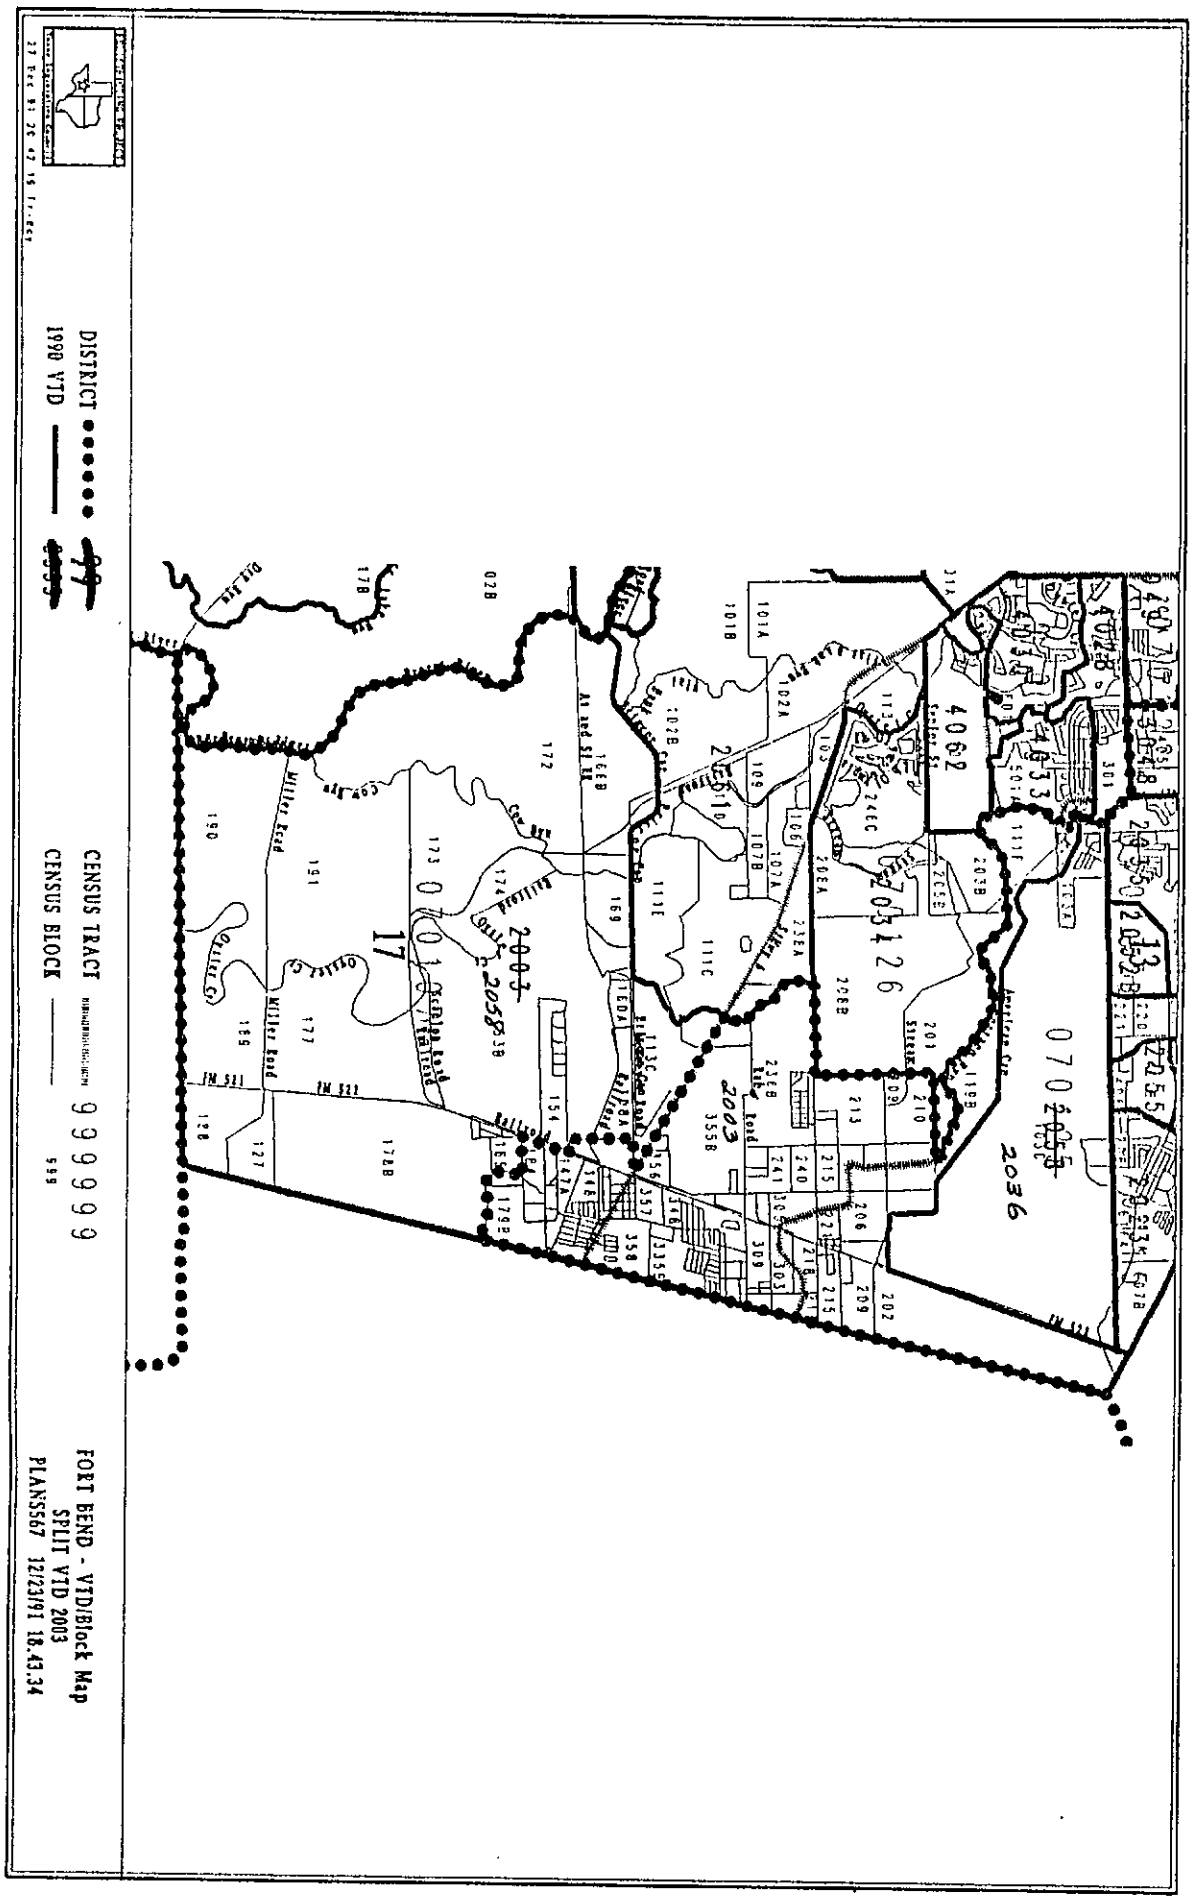

RECOMMENDATION

Upon approval of the Commissioner's Court, the database will be moved to production for final testing of redistricting programs. Upon completion, voter registration cards for Fort Bend County will be issued.

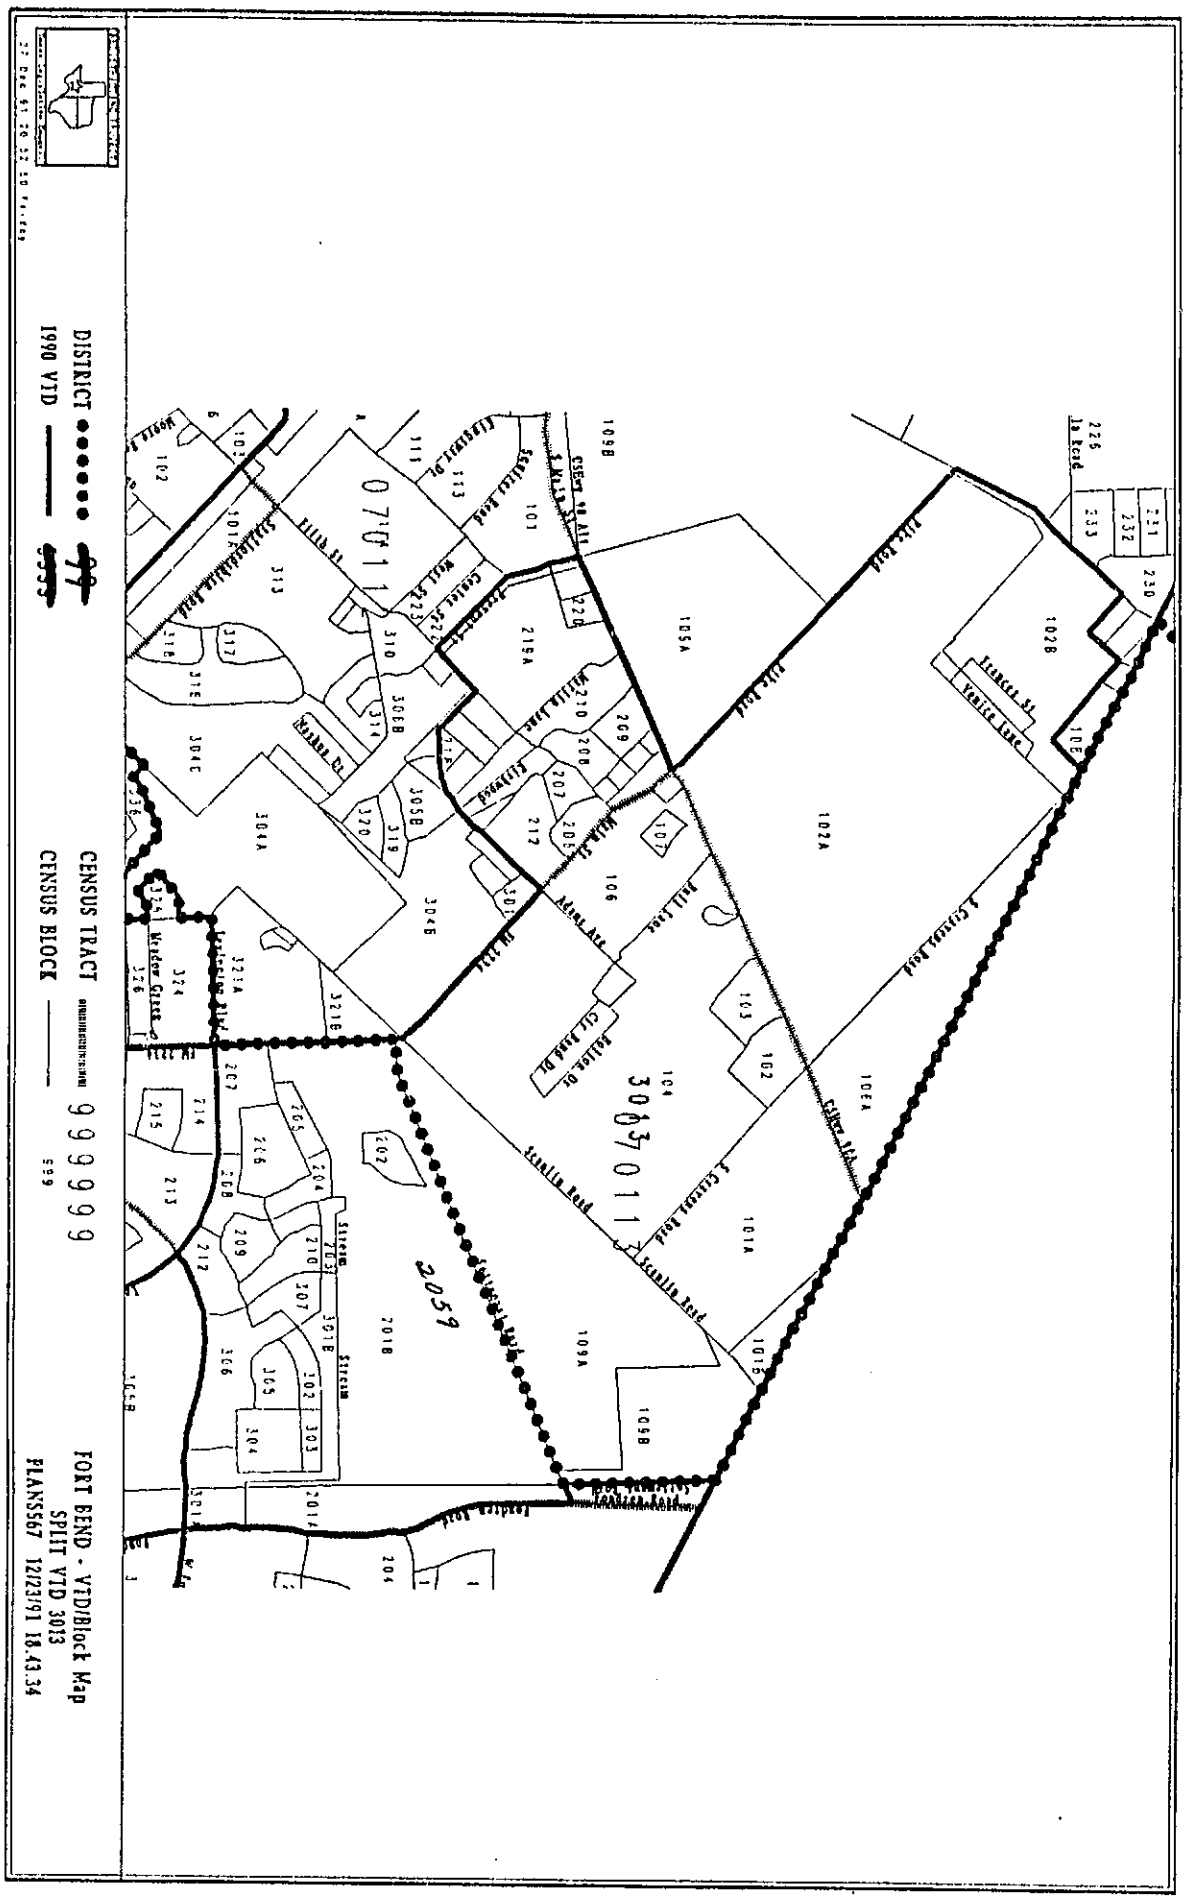

The Elections Administrator recommends that the Court approve the changes implemented by Senate Plan 567.

ORDER FOR THE SECOND REALIGNMENT OF FORT BEND COUNTY ELECTION PRECINCT BOUNDARIES TO COMPLY WITH COURT ORDERED REAPPORTIONMENT OF TEXAS SENATE AND HOUSE OF REPRESENTATIVE DISTRICTS

CAPTION: A Resolution of the Commissioners Court of Fort Bend County, Texas, pursuant to Article V, Section 18, of the Texas Constitution, and Articles 42.001, Texas Election Code, V.A.C.S. et seq, adopting realigned political boundaries for County Election Precincts within said County.

WHEREAS, on November 25, 1991, this Commissioners Court entered an Order for the Realignment of Election Precincts pursuant to state law and in order to comply with the requirements of the Voting Rights Act; and

WHEREAS, at the time such realignment was adopted, in a Plan hereinafter called the "77 Plan", such designation reflecting the number of election precincts created thereby, the configuration and number of election precincts was largely dictated by the State Redistricting Plan for Congressional, State Senate, State House of Representatives, and State Board of Education Districts. Such Plans has hereafter be referred to as the State Plans; and

WHEREAS, subsequent to the adoption by this Court of the Election Precinct Alignment resolution on or about November 25, 1991, the Supreme Court of Texas declared the State Redistricting Plan unconstitutional on or about December 17, 1991; and

WHEREAS, on December 24, 1991, a three Judge Panel in Austin, Texas, in Cause No. A-91-CA-425, 426 and 428, styled Terrazas et al v. Slagle, et al., ordered the State of Texas to conduct elections for 1992 under an interim Court Ordered Plan, hereinafter referred to as the Court Ordered Plan; and

WHEREAS, the boundaries for various districts in the Court Ordered Plan are different from the State Redistricting Plan in many respects, but generally similar in others, such differences requires realignment and modification of various election precincts contained within the geographical confines of Fort Bend County under the previously approved "77 Plan", and

WHEREAS, Fort Bend County, Texas, is subject to the federal Voting Rights Act of 1965, (42 U.S.C. 1973c), as amended, and

WHEREAS, such Voting Rights Act is applicable to County Election Precincts of Fort Bend County, and to any changes in the standards, practices or procedures applied to all such related precincts.

Therefore, be it

ORDERED, by the Commissioners Court of Fort Bend County, Texas, in the lawful exercise of the authority vested in said Commissioners Court, acting within the official capacity vested upon the Commissioners Court of Fort Bend County, Texas by the Constitution and laws of the State of Texas, do hereby enact the following realignment Order to accommodate all interests, and to avoid arbitrariness, and to afford all interested parties their right of access to the political process; and be it further

ORDERED, that taking into consideration the demographic profiles and statistical studies available to the Commissioners Court, the formerly existing political boundaries which distinguish each respective Election Precinct be altered

and amended, as necessary, to accomplish all requirements imposed by law, and to further conform said election precincts to such boundaries as are utilized and implemented by the United States Census Bureau, and that such realigned and modified election precinct boundaries be adopted in order to comply with the mandate of federal and state law, and be it further

ORDERED, that the Commissioners Court herein adopt such boundaries as are more specifically set forth on the incorporated Maps and supporting documentation labeled as EXHIBIT A for elections in 1992 or so long as the Court Ordered Plan is the operative plan for elections to Congressional, State Senate and State Representative Districts in Fort Bend County, in as many pages as may be presently or later annexed prior to submission to the Department of Justice of these United States, which are by this reference incorporated into the body of this Resolution as if set forth herein verbatim; and be it further

ORDERED, that the previously submitted "77 Plan" be utilized in 1994 elections, or in such elections as the State Redistricting Plan may be applicable; and be it further

ORDERED, that following the adoption of the herein set forth political boundaries which shall henceforth distinguish each of the respective Election Precincts for elections held under the Court Ordered Plan, shall contain a four digit number, with the first digit of that number corresponding to the Commissioner Precinct in which that Election Precinct may form a constituent part, and such election precincts shall likewise form a part of any other election unit as may be required to comply with state or federal law, and that such realignments, modifications or amendments to the previously existing election precinct boundaries, along with all supporting data and information be provided to the United States Department of Justice for review and approval, subject to the provisions of 42

U.S.C. 1973c, Sub-section 5; and be it further

ORDERED, that pending the review and approval of the United States Department of Justice, that the political boundaries in existence prior to the execution of this Resolution remain as the effective Election Precincts, and the political boundaries described in Exhibit A attached hereto, as approved and adopted by this Commissioners Court, be held in suspension until such political boundaries are either "Pre-cleared" by formal action of the Department of Justice or until the same take effect by operation of law, at which time the same shall go immediately into operation and effect without further requirements or acts of this Court for the periods stated herein. Upon receipt of the said formal "Pre-clearance" letter issued by the Department of Justice, a copy of such Pre-clearance documentation to be filed as EXHIBIT B to this Resolution. Should the Department of Justice fail to formally pre-clear this Resolution and the political boundaries incorporated herein by reference within 60 days from the date of receipt of the submission filed on behalf of Fort Bend County, Texas, an affidavit by the County Judge of Fort Bend County, Texas, stating the operative facts incident to submission and failure to formally pre-clear by the Department of Justice shall be filed as Exhibit B, at which time the political boundaries referenced in this Resolution shall go into immediate operation and effect.

SUMMARY OF ELECTION PRECINCT CHANGES

Reapportionment of county political boundaries is a complex process. Fort Bend County was confronted with not only this task, but compliance with Legislative Reapportionment of Congressional, State Senate, State House of Representative and State Board of Education districts as well. The demands placed upon Fort Bend County to conform election precincts to these conflicting demands forced the creation of new election precincts, or the modification of existing election precincts, with the total number of Election Precincts growing from 68 to 69. These additional or modified election precincts were created primarily in Commissioners Court Precincts number 2 and 3, where the majority of Legislative lines were concentrated.

In an effort to clarify the changes imposed, the following list of election precincts, both before and after redistricting, is provided:

FORMER PRECINCT #:	NEW PRECINCT #:
1001	1001- NO CHANGE
2002	1002- NO CHANGE IN BOUNDARY, REASSIGNED TO COMMISSIONER PRECINCT NO. 1
2003	2003- BOUNDARY CHANGED, SOUTH PORTION REDESIGNATED AS ELECTION PRECINCT 2058. IN THE NORTH, A SMALL PORTION OF FORMER ELECTION PRECINCT 2023 WAS ASSIGNED TO ELECTION PRECINCT 2003.

Amended Nov. 5, 1985.

Historical Notes

Amendment adopted in 1985 was proposed by Acts 1985, 69th Leg., S.J.R. No. 14, § 6.

½. In general

Acts 1971, 62nd Leg., p. 3060, (H.B. No. 1596) ch. 1019, classified as Vernon's Ann.Civ.St. art. 1970-349A, does not contravene this section or sections 8, 13 of this article. Op.Atty.Gen.1971, No. M-907.

3. Information and complaint

Judge of district court in which an indictment is returned charging a misdemeanor offense over which such court has no jurisdiction has the duty of deciding the court or courts having jurisdiction of the offense charged, and judge alone has duty of deciding to what court he will transfer the cause. Hullum v. State (Cr.App.1967) 415 S.W.2d 192.

Insertion by interlineation, without judge's knowledge, of "No. 2" following "County Court at Law" in transfer order previously signed by district judge was unauthorized rendering void order transferring cause to County Court at Law No. 2 of Travis County. Id.

Unauthorized alteration of order transferring cause from district court to an inferior court having jurisdiction to try it, made in contravention of statute, was one of substance and constituted error that could be raised for first time after verdict on motion for new trial. Id.

Concurrent jurisdiction for the same misdemeanor offense charged in an indictment may be in a county court, one of several county courts at law, a justice court, or a corporation court. Id.

Under this section, misdemeanor information, unlike felony information, must be supported by valid complaint. Ex parte Eldridge (Cr.App. 1978) 572 S.W.2d 716.

6. Transfer of indictments by district court

Fundamentally defective indictments, which alleged that defendant knowingly and intentionally delivered marihuana on two different dates, but which failed to allege quantity of marihuana delivered or whether delivery was for remuneration, failed to allege a felony offense but instead alleged offenses punishable as class B misdemeanors, and, consequently, defendant's convictions for delivery of marihuana would be reversed and causes remanded to trial court for transfer to court having jurisdiction of misdemeanor offense of delivery of marihuana under this section and Vernon's Ann.C.C.P. art. 21.26. Harris v. State (Cr.App.1978) 565 S.W.2d 66.

12. Waiver

In prosecution for driving while intoxicated, defendant's going to trial with a jury of five without making any objection known to trial court constituted a waiver of his constitutional and statutory rights to jury trial under both state and federal law. Buck v. State (Cr.App. 1980) 599 S.W.2d 810.

§ 18. Division of counties into precincts; election of constable and justice of the peace; county commissioners and county commissioners court

Sec. 18. Each county in the State with a population of less than 18,000, according to the most recent federal census, from time to time, for the convenience of the people, shall be designated as a single precinct or, if the Commissioners Court determines that the county needs more than one precinct, shall be divided into not more than four precincts. Notwithstanding the population requirements of this subsection, Chambers County, from time to time, for the convenience of the people, shall be divided into not less than two and not more than six precincts. A division or designation under this subsection shall be made by the Commissioners Court provided for by this Constitution. In each such precinct there shall be elected one Justice of the Peace and one Constable, each of whom shall hold his office for four years and until his successor shall be elected and qualified; provided that in a county with a population of less than 150,000, according to the most recent federal census, in any precinct in which there may be a city of 18,000 or more inhabitants, there shall be elected two Justices of the Peace, and in a county with a population of 150,000 or more, according

(b) Each county shall, in the manner provided for justice of the peace and constable precincts, be divided into four commissioners precincts in each of which there shall be elected by the qualified voters thereof one County Commissioner, who shall hold his office for four years and until his successor shall be elected and qualified. The County Commissioners so chosen, with the County Judge as presiding officer, shall compose the County Commissioners Court, which shall exercise such powers and jurisdiction over all county business, as is conferred by this Constitution and the laws of the State, or as may be hereafter prescribed.

(c) When the boundaries of justice of the peace and constable precincts are changed, each Justice and Constable in office on the effective date of the change, or elected to a term of office beginning on or after the effective date of the change, shall serve in the precinct in which the person resides for the term to which each was elected or appointed, even though the change in boundaries places the person's residence outside the precinct for which he was elected or appointed, abolishes the precinct for which he was elected or appointed, or temporarily results in extra Justices or Constables serving in a precinct. When, as a result of a change of precinct boundaries, a vacancy occurs in the office of Justice of the Peace or Constable, the Commissioners Court shall fill the vacancy by appointment until the next general election.

(d) When the boundaries of commissioners precincts are changed, each commissioner in office on the effective date of the change, or elected to a term of office beginning on or after the effective date of the change, shall serve in the precinct to which each was elected or appointed for the entire term to which each was elected or appointed, even though the change in boundaries places the person's residence outside the precinct for which he was elected or appointed.

1. Construction and application

This section specifically requires that there shall be four commissioner's precincts in each county and that the county commissioners shall each be elected by the qualified voters of one of those precincts—not at-large. Op.Atty.Gen. 1973, No. H-32.

1.5. Due process

Notice of a meeting should include any matter other than routine to be considered by the commissioners' court; if a matter comes up after notice has been posted, a supplemental notice concerning such matter should be placed on the bulletin board before the meeting of the commissioners court is convened; routine matters may be considered by the commissioners' court without notice, but unusual matters or one in which the public has a particular interest should not be considered by the court until the required notice has been given. § 81.021. Change in Precinct Boundaries

(a) A commissioners court that orders a change in the boundaries of commissioner or justice precincts may specify in its order an effective date of the change that is not later than January 1 following the next general election. An election for precinct office occurring after the date that the order is issued but before the effective date of the change in boundaries shall be held in the precincts as they will exist on that effective date. RE: TRAFFIC STUDY - DULLES AVE. SPEED STUDY
LEXINGTON BLVD. TO AVE. E

Dear Sir;

A Traffic study was made for the above subject and my recommendation is to add two "SPEED LIMIT 40" signs on Dulles. One sign should be placed on the southbound lane south of Ave E and one on the northbound lane just north of Lexington Blvd. These speed limits are in line with those existing north of Ave E and south of Lexington Blvd. Please find attached drawing for location of signs.

If you should have any questions or need additional information, please call 342-3039, Ext. 115.

REQUEST FOR SPEED LIMIT CHANGE

Dear Commissioner Pressley:

The First Colony Community Services Association requests your assistance in addressing a dangerous situation on Dulles Road between Lexington Boulevard and Avenue E. There have been a number of accidents and near-misses which have occurred in this area due to a number of factors including excessive vehicle speeds.

We would request your support in two ways: (1) to have the speed limit reduced on this section of Dulles and (2) to direct the Constable's Office and the Sheriff's Departments to increase their traffic monitoring along this stretch.

We believe a review of the frequency of accidents reported here will support our request. A petition signed by 77 Riverbend North residents is also enclosed to emphasize wide spread support for this request. In addition, we would be happy to have a number of residents appear before Commissioner's Court, if you deem appropriate, to speak in favor of your proposal to the Court.

Thank you for your attention to this important matter. I will look forward to hearing from your staff.

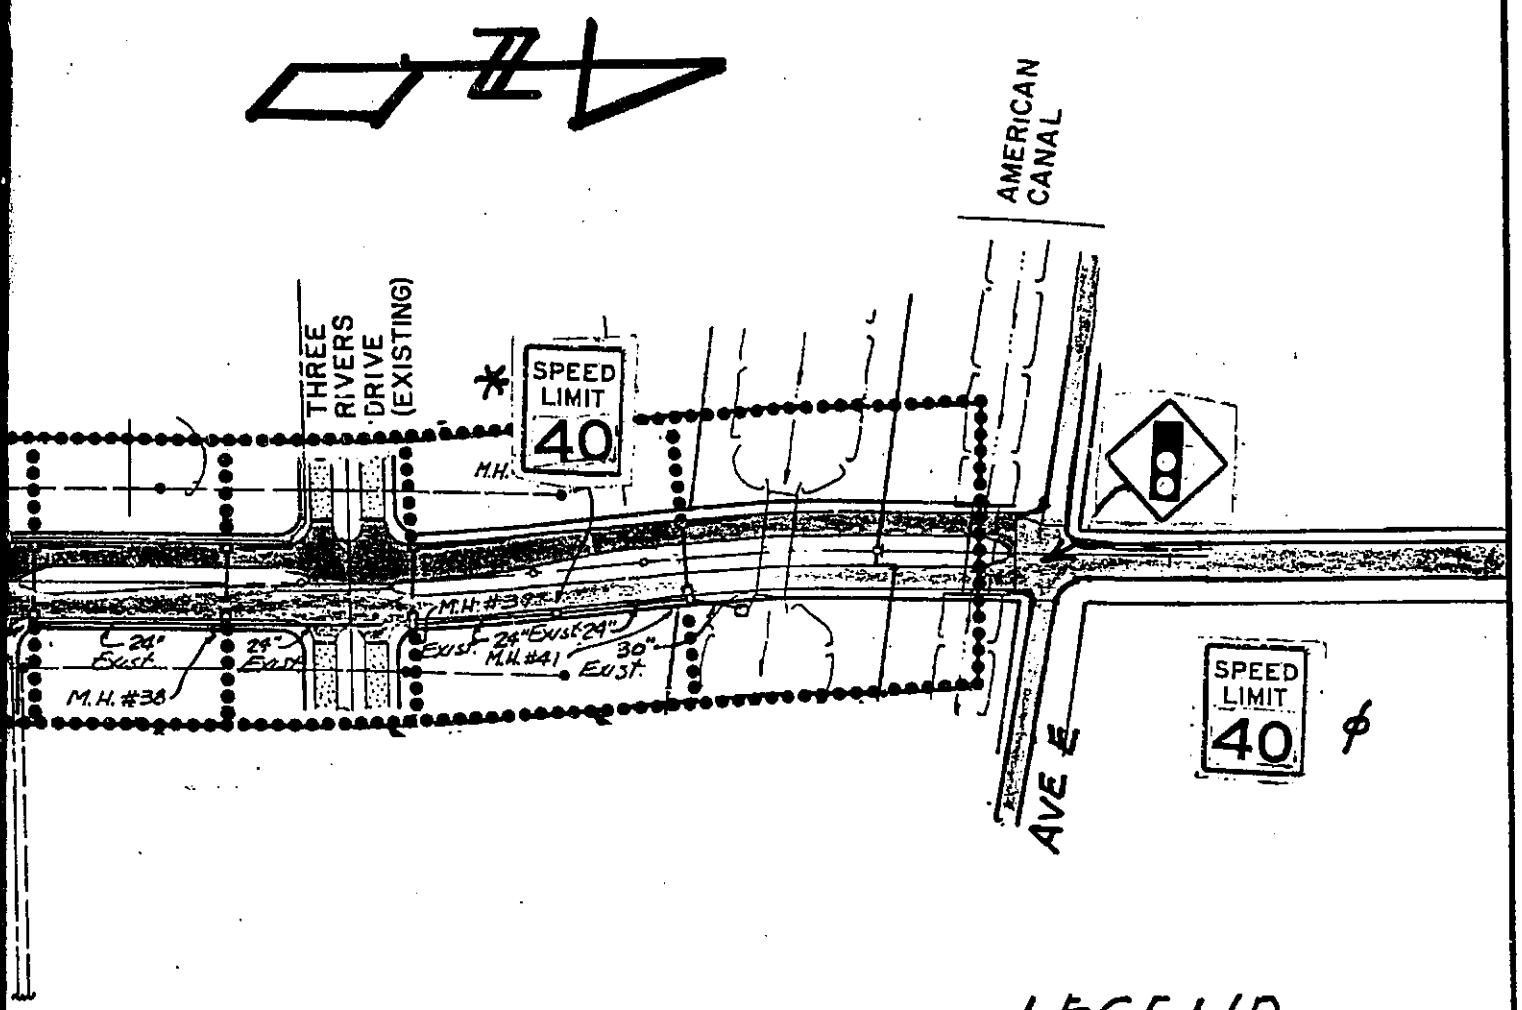

Sincerely,

Ralph A. Troiano

Honorable Roy L. Cordes, Jr.
Judge of Fort Bend County
PO Box 368
Richmond, TX 77469

Dear Judge Cordes:

SUBJECT: Community Development Block Grant Program
Urban County Qualification
Fort Bend County, Texas

We have completed our review of Fort Bend County's urban county qualification for participation in the Community Development Block Grant (CDBG) program. Fort Bend County has qualified as an approved urban county for fiscal years 1992-1994.

Attached is a list of the participating and non-participating communities in Fort Bend County. Fund allocations for fiscal year 1992 are not available at this time, but we anticipate final allocations to be published soon. You will be notified of the grant amount as soon as we receive the allocation. In the meantime, the county should be gearing up for administration and implementation of CDBG activities. Applications for fiscal year 1992 grant funds must be submitted by August 31, 1992. It is therefore imperative that the county begin to consider one or more public agencies to undertake CDBG activities.

If we can be of any assistance to you in this area, please contact Ms. Linda Richards, Community Planning and Development Representative, at (817) 885-5877.

Sincerely,

R. D. Smith

Re: Proposal for Consulting Services to the FBCDD

Dear Mr. Gerken:

This letter contains a proposal for the undersigned to provide consulting services to the Fort Bend County Drainage District on an as-needed basis. The purpose of these services is to assist the District in various matters in which the District believes it would derive benefit from the advice and expertise of the undersigned. These consulting services will not include legal services, but will be of a technical nature.

In an attempt to efficiently achieve the above, this proposal is requesting the FBCDD Board give its approval to the FBCDD Manager to seek and obtain such consulting services from the undersigned as the need arises. Such services would be obtained by issuing specific scopes of work, each for a fee not to exceed a fixed amount, but in no event would such an amount exceed $10,000, based on an hourly rate of $100. This authorization by the Board does not limit the number of scopes that can be issued by the FBCDD Manager, but rather limits the total cumulative fee for services obtained from the undersigned under this authorization to $50,000, covering scopes issued from the date this proposal is accepted by the Board through December 31, 1992.

If the above proposal is acceptable the FBCDD Board, please have the County Judge sign below and return a signed copy of this proposal to the undersigned.

Very truly yours,

The Honorable Roy L. Cordes, Jr.

RE: Village of Oak Lake; Bond No. 58791-Hartford Insurance Co.

Gentlemen:

Enclosed please find a copy of a response from Hartford regarding the subject bond. As you'll recall, this office was concerned that the County's execution of Vinson & Elkins' proposed agreement would nullify the bond which protects this subdivision. Please note that Hartford agrees with this conclusion; in fact, they have asked that the County demand ". . . performance by the bank of whatever corrective measures need to be taken." They have also requested their discharge as surety.

It is suggested that the County should consider this situation promptly. This is a substantial bond and the County would be ill advised to sit on its rights. Vinson & Elkins is being provided with a copy of Hartford's letter. Please contact the undersigned if you have any questions or comments.

Very truly yours,

Re: Bond #4533122
Obligee : Jodi Stavinoha, County Judge of Fort Bend County, Texas
Principal: John Petter Construction Co., Inc. and Berg Development Co.

Dear Mr. Donaldson:

In our previous telephone conversations regarding the above-referenced bond, I indicated that, by its terms and in the context of the information provided by you, it is very probable that the bond is still in full force and effect. As I understand the current status of the development, a bank has foreclosed on the original principals (named above) and is the successor to them by virtue of the foreclosure proceedings. (This in itself presents some questions which, while of potential concern both to Hartford and to the bank, are of little relevance to the County.)

The language proposed in paragraph 2.(4) of your October 17, 1991 letter to Ms. Richendollar limiting any liability in connection with [improvements] currently constructed in the subdivison solely to the Bond is, in my opinion, wholly ineffective. The rule is that the surety has no liability unless its principal shall fail to fulfill the condition(s) of the bond. In this case, the bank has assumed the role of principal, and it is to the bank to which the County should first look for performance of the conditions of the bond here involved. Should the bank not perform and Hartford be required to perform as surety, I can assure you that Hartford will seek indemnification/reimbursement from the bank.

If there presently exist conditions which would prevent Hartford's discharge as surety and the County's full release of the bond, the County should immediately demand performance by the bank of whatever corrective measures need to be taken.

received
12/30/91

It is my further suggestion that, once this is done (if not before), the County require a separate bond be posted by the bank and Hartford's bond be released. This will prevent any future misunderstandings and possible litigation. Similarly, in the event the property is transferred by the bank, this procedure is suggested, in order that the County may with some assurance know to whom to look in the event the conditions as mentioned in the bond are not met.

This is, quite frankly, an unusual situation. My approach is based upon both practical and legal considerations, in the hope that inconvenience and uncertainty on the part of the various parties may be removed, or at least minimized. As the matter is probably not resolved by this letter, I will be glad to discuss the situation with any of the parties involved.

Under the circumstances and independent of the foregoing, Hartford hereby requests its discharge as surety on the bond captioned above and that the bond be returned to Hartford, to be sent to my attention. Of necessity, all handling of this matter by Hartford is with full reservation of all rights and defenses and is without waiver of same.

Very truly yours,

AGREEMENT

STATE OF TEXAS §
§ KNOW ALL MEN BY THESE PRESENTS:
COUNTY OF FORT BEND §

THAT this agreement is made by and between Rusk Properties Company, a Delaware corporation ("Rusk"), Texas Commerce Bank, National Association (the "Bank"), and Fort Bend County, Texas (the "County"); and

THAT in January 1988, Berg Development Company, Inc., the original developer of Village of Oak Lake, a subdivision within the County (the "Subdivision") executed a Deed in Lieu of Foreclosure transferring ownership of its property within the Subdivision to the Bank (the "Property); and

THAT the Bank subsequently conveyed the Property to Rusk, the current owner of the Property; and

THAT in connection with the construction of streets within the Subdivision, Hartford Fire Insurance Company ("Hartford") issued a bond on October 31, 1984 in the amount of $948,550.00 (the "Bond"), pursuant to which Hartford agreed to pay the County Judge of the County, for the use and benefit of the County, for all loss or damage the County sustained in connection with the failure of the original contractor, John Petter Construction, Inc., and the original developer, Berg Development Company, Inc., to construct the roads and streets within the Subdivision in accordance with the approved

plans and specifications and to maintain the Subdivision's roads and streets until they are accepted for maintenance by the Commissioner's Court of the County; and

THAT Rusk desires to sell and/or develop the Property; and

THAT the County has demanded that the Bank add two lanes to that portion of West Airport Boulevard which runs through the Subdivision and that the Bank construct two additional lanes to the bridge which crosses Red Gully within the Subdivision; and

THAT the Bank and Rusk have denied that they have any legal obligation to construct an additional two lanes to that portion of West Airport Boulevard which runs through the Subdivision or to construct an additional two lanes to the bridge which crosses Red Gully within the Subdivision.

NOW, THEREFORE, in consideration of the above recitals, the parties hereto agree as follows:

(1) Rusk agrees that, as a condition to obtaining the approval of a plat relating to the development of that portion of the Property located north of West Airport Boulevard and east of Red Gully, it and its successors in interest will be responsible for extending the north two lanes of West Airport Boulevard approximately 500 lineal feet to the east bank of Red Gully, but not before such time; and

(2) the County agrees that Rusk, the Bank and their successors in interest will not be responsible for constructing two additional lanes of the bridge which crosses Red Gully within the Subdivision and the County hereby releases Rusk, the Bank and their successors in interest from any responsibility for the construction of said two additional bridge lanes; and

(3) the County agrees that Rusk, the Bank and their successors in interest will not be responsible for constructing two additional lanes of that portion of West Airport Boulevard which runs through the Subdivision, other than the approximately 500 lineal feet east of Red Gully referred to in paragraph 1

above, and the County hereby releases Rusk, the Bank and their successors in interest from any responsibility for the construction of said additional two lanes of West Airport Boulevard, except as noted in paragraph 1 above; and

(4) the County agrees to look solely to the Bond in connection with any loss, damage, maintenance or repair work sustained or necessary in connection with the streets and roads currently constructed within the Subdivision, and agrees that Rusk, the Bank and their successors in interest will have no responsibility for such loss, damage, maintenance or repair work.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed in multiple originals on this the _____ day of _____, 1991.

Sale of the Bonds will be made subject to the terms, conditions and provisions of the Bond Order, to which reference is hereby made for all purposes.

THE BONDS

Description of the Bonds . . . The Bonds will be dated March 1, 1992, and interest will be paid on March 1, 1993, and on each September 1 and March 1 thereafter, until the earlier of maturity or redemption. 2002	1,700,000	2011	4,000,000

Optional Redemption . . . The County reserves the right to redeem Bonds, prior to maturity, in integral multiples of $5,000, in whole or in part, on September 1, 2002, and on any date thereafter at a price of par plus accrued interest to the date fixed for redemption. If less than all of the Bonds are redeemed, the particular Bonds or portions thereof to be redeemed shall be selected by the County.

Successor Registrars . . . If the Registrar or its successor becomes unable for any reason to act as Registrar, the County has covenanted that it will appoint a successor Registrar to perform the duties of Registrar. Any successor Registrar shall be either a national or state banking institution and a corporation organized and doing business under the laws of the United States of America, or any state, which is authorized under such laws to exercise trust powers and is subject to supervision or examination by Federal or State authority.

Security for Payment . . . The Bonds are the first and final installment of $33,000,000 bonds authorized at an election held within the County on November 5, 1991 for the purpose of designing, acquiring, constructing and furnishing jail and juvenile detention facilities. The Bonds when issued shall constitute valid and binding obligations of the County, payable both as to principal and interest from the proceeds of a continuing, direct annual ad valorem tax, within the limits prescribed by law, levied against taxable property located within the County.

CONDITIONS OF SALE

Types of Bids and Interest Rates . . . The Bonds will be sold in one block, on an "all-or-none" basis, and at a price of not less than their par value plus accrued interest from the date of the Bonds to the date of delivery. Bidders are to name the rates of interest to be borne by the Bonds, provided that each interest rate bid is in a multiple of 1/8 of 1% or 1/20 of 1% and the highest interest rate bid does not exceed the lowest interest rate bid by more than 2% in interest rate. No limitation is imposed upon bidders as to the number of interest rates which may be used, but all bonds of one maturity must bear the same interest rate, and no bids for the Bonds involving supplemental interest rates will be considered. Each rate of interest specified for the Bonds of any maturity shall not be less than the rate of interest specified for any earlier maturity.

Each bid shall state the gross and net interest costs in dollars and the net effective interest rate determined thereby, which shall be informative only and not a part of the bid.

Basis for Award . . . For the purpose of awarding sale of the Bonds, the total interest cost of each bid will be computed by determining, at the rate specified, the total dollar amount of all interest on the Bonds from the date of maturity and deducting therefrom the premium bid, if any. In the event of an error in interest cost calculations, the interest rates set forth in the Official Bid Form will be considered as the correct bid. The Bonds will be awarded to the bidder whose bid, based on the above computation, produces the lowest interest cost to the County .

Good Faith Deposit . : . Each bid must be accompanied by a bank cashier's check payable to the order of "Fort Bend County" in the amount of $660,000, which is 2% of the par value of the Bonds. The check will be considered as a Good Faith Deposit, and the check of the successful bidder (the "Initial Purchaser") will be retained uncashed by the County until the Bonds are delivered. Upon payment for and delivery of the Bonds, the Good Faith Deposit will be returned uncashed. If the Initial Purchaser should fail or refuse to make payment for or accept delivery of the Bonds in accordance with his bid, then the check will be cashed and accepted by the County as full and complete liquidated damages. Such check may accompany the Official Bid Form or it may be submitted separately. If submitted separately, it shall be made available to the County prior to the opening of the bids and shall be accompanied by instructions from the bank on which it is drawn which authorize its use as a Good Faith Deposit. The checks of the unsuccessful bidders will be returned immediately after bids are opened and sale of the Bonds has been awarded.

OFFICIAL STATEMENT

By accepting the winning bid, the County agrees to the following representations and covenants to assist the Initial Purchaser in complying with Rule 15c2-12 of the Securities and Exchange Commission ("SEC").

Final Official Statement . . . The County has prepared the accompanying Preliminary Official Statement for dissemination to potential purchasers of the Bonds, but will not prepare any other document or version for such purpose except as described below. The County will be responsible for completing the Official Statement by inserting the interest rates bid, the purchase price bid, the ratings assigned to the Bonds (if not currently included), the purchase of municipal bond insurance, if any, and the initial public offering yields as set forth in the Official Bid Form, or otherwise supplied by the Initial Purchaser, and for preparing and inserting the final debt service schedule. The County does not intend to amend or supplement the Official Statement otherwise, except to take into account certain subsequent events, if any, as described below. Accordingly, the County deems the accompanying Preliminary Official Statement to be final as of its date, within the meaning of SEC Rule 15c2-12(b)(1), except for the omission of the foregoing items. By delivering the final Official Statement or any amendment or supplement thereto in the requested quantity to the Initial Purchaser on or after the sale date, the County represents the same to be complete as of such date, within the meaning of SEC Rule 15c2-12(e)(3). Notwithstanding the foregoing, the only representations concerning the absence of material misstatements or omissions from the Official Statement which are or will be made by the County are those describe in the Official Statement under "OFFICIAL STATEMENT -- Certification as to Official Statement."

Changes to Official Statement . . . If, subsequent to the date of the Official Statement, the County learns or is notified by the Initial Purchaser of any adverse event which causes any of the key representations in the Official Statement to be materially misleading, the County will promptly prepare and supply to the Initial Purchaser a supplement to the Official Statement which corrects such representation to the reasonable satisfaction of the Initial Purchaser, unless the Initial Purchaser elects to terminate its obligation to purchase the Bonds as described below. See "DELIVERY OF THE BONDS AND ACCOMPANYING DOCUMENTS -- Conditions to Delivery." The obligation of the County to do so will terminate when the County delivers the Bonds to the Initial Purchaser, unless the Initial Purchaser notifies the County that less than all of the Bonds have been sold to ultimate customers on or before such date, in which case the obligation will extend for an additional period of time (but not for more than 90 days after the sale date) until all of the Bonds have been sold to ultimate customers.

Delivery of Official Statements . . . The County will furnish to the Initial Purchaser (and to each other participating underwriter of the Bonds, within the meaning of SEC Rule 15c2-12(a), designated by the Initial Purchaser), within seven business days after the sale date, the aggregate number of Official Statements specified by the purchaser. The County will also furnish to the Initial Purchaser a like number of any supplement or amendment prepared by the County for dissemination to potential purchasers of the Bonds as described above as well as such additional copies of the Official Statement or any supplement or amendment as the Initial Purchaser may request prior to the 90th day after the end of the underwriting period referred to in SEC Rule

15c2-12(e)(2). The County will pay the expense of preparing up to 250 copies of the Official Statement and all copies of any supplement or amendment issued on or before the delivery date, but the Initial Purchaser must pay for all other copies of the Official Statement or any supplement or amendment thereto.

DELIVERY OF THE BONDS AND ACCOMPANYING DOCUMENTS

Delivery . . . The Bonds will be delivered as one bond, for each maturity, exchangeable as set forth below. Initial delivery will be at the principal corporate trust office of the Registrar. Payment for the Bonds must be made in immediately available funds for unconditional credit to the County, or as otherwise directed by the County. The Initial Purchaser will be given seven business days' notice of the time fixed for delivery of the Bonds. It is anticipated that initial delivery can be made on or about March 24, 1992, and it is understood and agreed that the Initial Purchaser will accept delivery and make payment for the Bonds not later than 10:00 a.m., C.S.T., on March 24, 1992, or thereafter on the date the Bonds are tendered for delivery up to and including April 24, 1992. If for any reason the County is unable to make delivery on or before April 24, 1992, then the County shall immediately contact the Initial Purchaser and offer to allow the Initial Purchaser to extend his offer for an additional thirty days. If the Initial Purchaser does not elect to extend his offer within five business days thereafter, then his Good Faith Deposit will be returned, and both the County and the Initial Purchaser shall be relieved of any further obligation.

Exchange on Delivery Date . . . On written request of the Initial Purchaser, delivered to the Registrar not less than five business days prior to the date fixed for delivery, the Registrar will, on the delivery date, exchange the Bonds to be delivered by the County for Bonds registered in accordance with instructions contained in such request, in integral multiples of $5,000, maturing as set out in this Notice of Sale and bearing interest in accordance with the terms of the Initial Purchaser's bid.

CUSIP Numbers . . . It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such numbers on any Bond nor any error with respect thereto shall constitute cause for a failure or refusal by the Initial Purchaser to accept delivery of and pay for the Bonds in accordance with the terms of this Notice of Sale and terms of the Official Bid Form. All expenses in relation to the printing of CUSIP numbers on the Bonds shall be paid for by the County. However, the CUSIP Service Bureau charge for the assignment of the numbers shall be the responsibility of and shall be paid for by the Initial Purchaser.

Conditions to Delivery . . . The obligation of the Initial Purchaser to take up and pay for the Bonds is subject to the Initial Purchaser's receipt of the legal opinions of the Attorney General of the State of Texas and Vinson & Elkins, Houston, Texas, Bond Counsel for the County ("Bond Counsel"), the no-litigation certificate and the certification as to the Official Statement, all as further described in the Official Statement.

Legal Opinions . . . The County will furnish to the Initial Purchaser a transcript of certain proceedings held incident to the authorization and issuance of the Bonds, including a certified copy of the unqualified approving legal opinion of the Attorney General of the State of Texas as to the Bonds, as recorded in the Bond Register of the Comptroller of Public Accounts of the State of Texas, to the effect that the Bonds, which the Attorney General will have examined, are valid and legally binding obligations of the County. The County will also furnish the approving legal opinion of Bond Counsel to the effect that, based upon an examination of such transcript, the Bonds are legal, valid and binding obligations of the County, except to the extent that the enforcement of the rights of the registered owners may be limited by laws relating to bankruptcy, reorganization, or other similar laws of general application affecting the rights of creditors of political subdivisions such as the County, or by general principles of equity which permit the exercise of judicial discretion, and to the effect that the interest on the Bonds is excludable from gross income for federal income tax purposes under existing law as further described in the Preliminary Official Statement under "TAX EXEMPTION". The legal opinion of Bond Counsel will further state that the Bonds are payable, both as to principal and interest, from the levy of ad valorem taxes, within the limits prescribed by law, levied upon taxable property within the County. The opinion of Bond Counsel is expected to be reproduced on the back panel of the Bonds over a certification by facsimile signature

of the County Clerk, attesting that Bond Counsel's legal opinion was dated as of the date of delivery of and payment for the Bonds and that the copy is a true and correct copy of the original opinion. The failure to print such opinion on any Bond shall not constitute cause for a failure or refusal by the Initial Purchaser to accept delivery of and pay for the Bonds.

Certification Regarding Offering Price of Bonds . . . In order to provide the County with information required to enable it to comply with certain conditions of the Internal Revenue Code of 1986, as amended (the "Code"), relating to the exemption of interest on the Bonds from the gross income for federal income tax purposes, the Initial Purchaser will be required to complete, execute, and deliver to the County's agent, Masterson Moreland Sauer Whisman, Inc. (on the next business day following the award of the Bonds) a certification regarding "issue price" substantially in the form accompanying this Notice of Sale. Each bidder, by submitting its bid, agrees to complete, execute, and deliver such a certificate by the next business day following award of the Bonds, if its bid is accepted by the County. It will be the responsibility of the Initial Purchaser to institute such syndicate reporting requirements, to make such investigation, or otherwise to ascertain the facts necessary to enable it to make such certification with reasonable certainty. Any questions concerning such certification should be directed to Bond Counsel.

Change in Tax-Exempt Status . . .At any time before the Bonds are tendered for delivery, the Initial Purchaser may withdraw his bid if the interest received by private holders on Bonds of the same type and character shall be declared to be includable in gross income under present federal income tax laws, either by ruling of the Internal Revenue Service or by a decision of any federal court, or shall be declared taxable or be required to be taken into account in computing any federal income taxes, by the terms of any federal income tax law enacted subsequent to the date of this Notice of Sale and Bidding Instructions.

No Material Adverse Change . . .The obligations of the Initial Purchaser to take up and pay for the Bonds, and of the County to deliver the Bonds, are subject to the condition that, up to the time of delivery of and receipt of payment for the Bonds, there shall have been no material adverse change in the condition (financial or otherwise) of the County subsequent to the date of sale from that set forth or contemplated in the Preliminary Official Statement, as it may have been supplemented or amended through the date of sale.

No-Litigation Certificate . . . With the delivery of the Bonds, the County will execute and furnish to the Initial Purchaser a certificate to the effect that no litigation of any nature has been filed or is then pending against the County, of which the County has notice, to restrain or enjoin the issuance or delivery of the Bonds or which would affect the provisions made for their payment or security, or in any manner question the validity of the Bonds, and that so far as is known and believed, no such litigation is threatened.

Certification of the Official Statement . . . At the time of payment for and delivery of the Bonds, the Initial Purchaser will be furnished a certificate, executed by the proper County Officials, acting in their official capacity, to the effect that to the best of their knowledge and belief: (a) the descriptions and statements of or pertaining to the County contained in its Official Statement and any addenda, supplement or amendment thereto, for its Bonds on the date of such Official Statement, on the date of sale of said Bonds and the acceptance of the best bid therefor, and on the date of delivery, were and are true and correct and in all material respects; (b) insofar as the County and its affairs, including its financial affairs, are concerned, such Official Statement did not and does not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; (c) insofar as the descriptions and statements, including financial data, of, or pertaining to, entities other than the County and their activities contained in such Official Statement are concerned, such statements and data have been obtained from sources which the County believes to be reliable and that the County has no reason to believe that they are untrue in any material respect; and (d) there has been no material adverse change in the financial condition of the County since December 31, 1991, the date of the unaudited financial statements of the County included as an appendix to the Preliminary Official Statement.

GENERAL CONSIDERATIONS

Future Registration . . . The Bonds may be transferred, registered and exchanged only on the registration books of the Registrar, and such registration shall be at the expense of the County, although the County or the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of any Bond. A Bond may be transferred or exchanged upon surrender to the Registrar accompanied by a written instrument of transfer acceptable to the Registrar duly executed by the registered owner thereof or his attorney duly authorized in writing. Upon surrender for transfer of any Bond to the Registrar, the Registrar shall authenticate and deliver, in the name of the designated transferee or transferees, one or more new Bonds of the same stated maturity and interest rate and of any authorized denomination and of a like aggregate principal amount.

Record Date . . . The record date ("Record Date") for the interest payable on any interest payment date means the fifteenth day of the month next preceding such interest payment date.

Limitations on Transfers and Exchanges . . . Neither the County nor the Registrar shall be required to transfer or exchange any Bond during a period beginning at the opening of business on a Record Date and ending at the close of business on the next succeeding interest payment date.

Reservation of Rights . . . The County reserves the right to reject any and all bids and to waive any and all irregularities, except time of filing.

Not an Offer to Sell . . . This Official Notice of Sale does not alone constitute an offer to sell the Bonds but is merely notice of sale of the Bonds. The offer to sell the Bonds to the Initial Purchaser is being made by means of this Official Notice of Sale, the Preliminary Official Statement and the Official Bid Form.

Municipal Bond Ratings . . . In connection with the sale of the Bonds, the County has made application to Moody's Investors Service, Inc. ("Moody's") and Standard & Poor's Corporation for ratings on the Bonds. The County has also requested qualification for municipal bond insurance to several municipal bond insurance companies for optional bidding. If a bidder determines to use municipal bond insurance, the payment of any insurance premium shall be the responsibility of the bidder. However, the County has agreed to pay the costs of Moody's and Standard & Poor's if such insurance is used.

Registration and Qualification Under Securities Laws . . . The offer and sale of the Bonds have not been registered or qualified under the Securities Act of 1933, as amended, in reliance upon the exemptions provided thereunder; the Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; and the Bonds have not been registered or qualified under securities acts of any other jurisdiction. The County assumes no responsibility for registration or qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration provisions.

By submission of a bid, the Initial purchaser represents that its sale of the Bonds in states other than Texas will be made only pursuant to exemptions from registration or qualification or, where necessary, the Initial Purchaser will register and qualify the Bonds in accordance with the securities laws of any jurisdiction which so requires. The County agrees to cooperate, at the Initial Purchaser's written request and expense, in registering or qualifying the Bonds, or in obtaining exemption from registration or qualification, in any state where such action is necessary; provided, however, that the County will not qualify to do business in or consent to service of process in any such state.

Copies of Documents . . . Copies of the Official Notice of Sale, the Preliminary Official Statement, the Official Bid Form, the pro forma Bond Order and the County's audited financial reports may be obtained at the offices of Masterson Moreland Sauer Whisman, Inc., 333 Clay Street, Suite 4000, Houston, Texas 77002, Financial Advisor to the County.

The premium does not exceed a reasonable charge for the transfer of credit risk taking into account payments charged by guarantors in comparable transactions (including transactions in which a guarantor has no involvement other than as a guarantor). The present value of the debt service savings expected to be realized as a result of such insurance exceeds the present value of the insurance premium discounted at a rate equal to the yield on the Bonds which results assuming recovery of the insurance premium.

6. The term "public," as used herein, means persons other than bondhouses, brokers, dealers, and similar persons or organizations acting in the capacity of underwriters or wholesalers.

7. The undersigned understands that the statements made herein will be relied upon by the Issuer in complying with the conditions imposed by the Internal Revenue Code of 1986, as amended, on the exclusion of interest on the Bonds from the gross income of their owners for federal income tax purposes.

THE BONDS

Description of the Bonds

The Bonds will be dated March 1, 1992, and interest will be paid on March 1, 1993, and on each September 1 and March 1 thereafter, until the earlier of maturity or redemption. The Bonds will be issued in fully registered form in integral multiples of $5,000. The Bonds maturing on or after September 1, 2003 are subject to redemption, at the option of the County, on September 1, 2002, or on any date thereafter, at the par value thereof, plus accrued interest to the date fixed for redemption. If less than all of the Bonds are redeemed at any time, the Bonds to be redeemed shall be selected by the County in integral multiples of $5,000. Principal and semiannual interest will be payable at the principal corporate trust office of First City, Texas - Houston, N.A., Houston, Texas, the paying agent/registrar (the "Registrar").

Future Registration

The Bonds may be transferred, registered and exchanged only on the registration books of the Registrar, and such registration shall be at the expense of the County, although the County or the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of any Bond. A Bond may be transferred or exchanged upon surrender to the Registrar accompanied by a written instrument of transfer acceptable to the Registrar duly executed by the registered owner or his attorney duly authorized in writing. Upon surrender for transfer of any Bond or Bonds to the Registrar, the Registrar shall authenticate and deliver, in the name of the designated transferee or transferees, one or more new Bonds of the same stated maturity and interest rate and of any authorized denomination and of a like aggregate principal amount.

Record Date

The record date for the interest payable on any interest payment date means the fifteenth day of the month next preceding such interest payment date.

Limitation on Transfers and Exchanges

Neither the County nor the Registrar shall be required to transfer or exchange any Bond during a period beginning at the opening of business on a Record Date and ending at the close of business on the next succeeding interest payment date.

Replacement Bonds

The County has agreed to replace mutilated, destroyed, lost or stolen bonds upon surrender of the mutilated bonds, or receipt of satisfactory evidence of such destruction, loss or theft, and receipt by the County and the Registrar of security or indemnity to keep them harmless. The County or the Registrar may require payment of taxes, governmental charges and other expenses in connection with any such replacement.

Source of Payment

The Bonds are payable from and secured by the proceeds of a continuing, direct annual ad valorem tax, within the limits prescribed by law, against taxable property located within the County. In each year, the County will determine the necessary tax to be collected to pay interest as it accrues and principal as it matures on the Bonds and will formally levy such tax for that year. The receipts of such tax are to be credited to a separate fund to be used solely for the payment of the principal of and interest on the Bonds.

Authorization of the Bonds

The Bonds are being issued pursuant to the Constitution and laws of the State of Texas. The Bonds are the first and final installment of a total of $33,000,000 bonds authorized by the voters in the County, at an election held for that purpose on November 5, 1991.

Use of Bond Proceeds

The proceeds of the Bonds are to be used to finance the design, acquisition, construction and furnishing of jail and juvenile detention facilities. The proceeds will also be used to pay the costs of issuance of the Bonds.

Limited Tax Bonds Authorized But Unissued

The sale of the Bonds is the first and final installment of $33,000,000 bonds authorized pursuant to an election held on November 5, 1991 within the County for jail and juvenile detention facilities. Following the sale of the Bonds, $5,000,000 bonds for library purposes will remain authorized but unissued.

No Arbitrage

The County certifies that based upon all facts and estimates now known or reasonably expected to be in existence on the date the Bonds are delivered and paid for, the County reasonably expects that the proceeds of the Bonds will not be used in a manner that would cause the Bonds, or any portion of the Bonds, to be "arbitrage bonds" under of the Internal Revenue Code of 1986, as amended, and applicable regulations. Furthermore, all officers, employees and agents of the County are authorized and directed to provide certifications of facts and estimates that are material to the reasonable expectations of the County as of the date the Bonds are delivered and paid for. In particular, all or any officers, employees and agents of the County are authorized to certify to the facts and circumstances and reasonable expectations of the County on the date the Bonds are delivered and paid for regarding the amount and use of the proceeds of the Bonds. Moreover, the County covenants that it shall make such use of the proceeds of the Bonds, regulate investments of proceeds of the Bonds and take such other and further actions as may be required so that the Bonds shall not become "arbitrage bonds" under the Internal Revenue Code of 1986, as amended, and applicable regulations.

Remedies in the Event of Default

The Order obligates the County annually to assess and collect ad valorem taxes, within the limits prescribed by law, sufficient to pay principal and interest when due on the Bonds, but provides no other security for the payment of the Bonds, provides no express remedies in the event of default, makes no provision for acceleration of maturity of the Bonds in the event of default, and does not provide for a trustee to protect the rights of the bond owner.

Although a bond owner could presumably obtain a judgment against the County in the event there was a default in the payment of principal or interest on the Bonds, such judgment could not be satisfied by execution against any property of the County. A bond owner could, in the event of default, ask a court for a writ of mandamus or court order compelling the County to levy, assess and collect sufficient ad valorem taxes to pay principal and interest as it falls due on the Bonds or to perform the County's other obligations under the Order. Such remedy might need to be enforced on a periodic basis. The enforcement of a claim for payment of principal or interest on the Bonds would be subject to the applicable provisions of the federal bankruptcy laws and to any other similar laws affecting the rights of creditors of political subdivisions generally.

Payment Record

The County has never defaulted in the payment of the principal of or interest on any of its bonds.

ESTIMATED OVERLAPPING DEBT STATEMENT

Other governmental entities whose boundaries overlap the County have outstanding bonds payable from ad valorem taxes. The following statement of direct and estimated overlapping ad valorem tax debt was developed from information contained in "Texas Municipal Reports", published by the Municipal Advisory Council of Texas. Except for the amounts relating to the County, the County has not independently verified the accuracy or completeness of such information, and no person is entitled to rely upon such information as being accurate or complete. Furthermore, certain of the entities listed below may have issued additional bonds since the dates stated in this table, and such entities may have programs requiring the issuance of substantial amounts of additional bonds, the amount of which cannot be determined. Political subdivisions overlapping the County are authorized by Texas law to levy and collect ad valorem taxes for operation, maintenance and/or general revenue purposes in addition to taxes for payment of their debt, and some are presently levying and collecting such taxes.

TAXATION

General

The Bonds are payable from and secured by the proceeds of a continuing, direct annual ad valorem tax, levied within limits prescribed by law against taxable property within the County as set forth in the order authorizing the issuance of the Bonds. A description of current ad valorem tax procedures is as follows:

Authority for Taxation

The Texas Constitution and the Property Tax Code (the "Code") govern the taxing procedures of all political subdivisions of the State, including the County. The Code requires, among other matters, county-wide appraisals and equalization of taxable property values and establishes in each county of the State an appraisal district with responsibility for recording and appraising property for all taxing units within the county, and an appraisal review board with responsibility for reviewing and equalizing the values established by the appraisal district. The Fort Bend County Appraisal District has the responsibility for appraising property for all taxing units within Fort Bend County. The Code requires the appraisal district, by May 15 of each year, to prepare appraisal records of property to be appraised as of January 1 of each year, and the Code generally requires appraisals to be made at market value. Appraisals are subject to review by the appraisal review board, and under certain circumstances, taxpayers and taxing units (such as the County) may appeal the orders of the appraisal review board by filing a petition for review in district court. In such event, the value of the property in question will be determined by the court, or by a jury, if requested by any party. Absent any such appeal, the appraisal roll prepared by the appraisal district and approved by the appraisal review board must be used by each taxing jurisdiction in establishing its tax rolls and tax rate.

Tax Rate Limitation

The County is authorized by the Texas Constitution to levy a tax for General Fund, Jury Fund, Road and Bridge Fund and Permanent Improvement Fund purposes not to exceed $0.80 per $100 of assessed valuation, including debt service of bonds or other debt issued against such funds. The Attorney General of Texas' office follows a policy of not approving county limited tax bonds unless $0.40 per $100 assessed valuation at 90% collection will be sufficient to meet annual debt service for such bonds. The Legislature may authorize, if voted by a majority of the qualified property taxpaying voters, a Special Road and Bridge Fund tax not to exceed $0.15 per $100 of assessed valuation, none of which may be used for the payment of debt service. The County is also permitted, if voted, to levy a tax for Farm-to-Market and Lateral Road purposes not to exceed $0.30 per $100 assessed valuation after exemption of homesteads up to $3,000. In addition, the Constitution permits the County to levy a separate tax without legal limit as to rate for payment of debt service on County road bonds.

Property Subject to Taxation by the County

Under present Texas law, and except for certain exemptions provided by such law, all the property in the County, real or personal, is subject to taxation by the County. Principal categories of exempt property include, but are not limited to: religious, educational or charitable character; property of the United States of America, the State of Texas or its political subdivisions, if property is used for public purposes; residential homesteads of families or single adults to the extent of $3,000 of assessed valuation; property of disabled veterans or certain surviving dependents of disabled veterans only to the extent of $3,000 of taxable valuation, if requested; and residential homesteads of persons over 65 years or disabled, to extent the governing body of the political subdivision granting an exemption deems it advisable to exempt such homestead. (The County currently grants a maximum $30,000 over-65 years or disabled exemption.) On the 1991 tax roll, the combined exemptions for the over-65 year or disabled (veterans and otherwise) are estimated to amount to $177,467,791. Additional exemptions for the 1991 tax year approximate $659,997,525.

An eligible owner of agricultural and timberland may apply to have such properties which meet certain requirements appraised on the basis of productivity value or market value whichever is less. However, eligible timberland may not be appraised at a value lower than was assigned on the 1978 tax rolls. The loss due to agricultural land is estimated to be $1,114,253,330 on the 1991 tax roll.

County and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units, including the County, may appeal orders of the Appraisal Review Board by filing a petition for review in State district court within forty-five (45) days after notice is received that a final order has been entered. In such event, the property value in question will be determined by the court, or by a jury if requested by any party. Additionally, taxing units may bring suit against the Appraisal District to compel compliance with the Code.

The Code sets forth notice and hearing procedures for certain tax rate increases by the County and provides for taxpayer referenda which could result in the repeal if certain tax increases. The County is required to publish notices and hold public hearings to permit voter discussion, prior to adopting a tax rate, should the proposed tax rate exceeds the lower of the rollback tax rate or 103% of the effective tax rate. Generally, the effective tax rate is the rate which will produce the same amount of operating revenue that the County levied in the previous year on the same property being taxed for both years, plus additional revenue to meet debt service requirements for the new year. If the actual tax rate for the current year exceeds the rollback tax rate for the current year, the qualified voters of the County may petition for an election to determine whether to limit the increase of the tax rate to the rollback tax rate.

Notice and Hearing Procedures

The Code requires the County to publish the effective tax rate, the rollback rate, and the notice and hearing limit. The Code further establishes procedures for providing notice and the opportunity for a hearing for taxpayers in the event of certain proposed tax increases and provides for taxpayer referenda which could result in the repeal of certain tax increases. The Code also establishes a procedure for notice to property owners of reappraisals reflecting increased property value, appraisals which are lighter than renditions, and appraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The County is responsible for the levy and collection of its taxes, unless it elects to transfer such functions to another governmental entity. By September 1 of each year, or as soon thereafter as practicable, the rate of taxation is set by the County based upon the valuation of property within the County as of the preceding January 1. Taxes are due October 1, or when billed, whichever comes later, and become delinquent after January 31 of the following year. A delinquent tax incurs an initial penalty from six percent (6%) of the amount of tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) of the amount of the tax regardless of the number of months the tax has been delinquent and incurs an additional penalty of up to fifteen percent (15%) if imposed by the County. The delinquent tax also accrues interest at a rate of one percent (1%) for each month or portion of month it remains unpaid. The Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes under certain circumstances.

County's Rights in the Event of Tax Delinquencies

Taxes levied by the County are a personal obligation of the owner of the property as of January 1 of the year for which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment

of all state and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of the State of Texas and each local taxing unit, including the County, having power to tax the property. The County's tax lien is on a parity with the tax liens of other such taxing units. A tax lien on real property taxes takes priority over the claims of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on parity with or takes priority over a tax lien of the County is determined by applicable federal law. Personal property under certain circumstances is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

At any time after taxes on property become delinquent, the County may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing suit to foreclose a tax lien on real property, the County must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the efforts of market conditions on the foreclosure sale price, by taxpayer redemption rights (a taxpayer may redeem property within two (2) years after the purchaser's deed issued at the foreclosure sale is filed in the county records), or by bankruptcy proceedings which restrict the collection of taxpayer debts.

FINANCIAL OPERATIONS OF THE COUNTY

General Fund

The County General Fund represents the source of funds for most County operations, including general operating expenditures made by various County offices and departments as well as expenditures made from various appropriation accounts. The primary sources of revenues for the General Fund include, among other things, ad valorem taxes. The County has followed the modified accrual basis of accounting for revenues and expenditures.

The table summarizes the revenues and expenditures of the General Fund as reported in the County's Annual Financial Reports.

Special Revenue Fund

The Special Revenue Fund is the funding source for annual road and bridge construction and maintenance. The County is divided into four precincts, each of which is provided with a separate, annual Road and Bridge Fund Budget, each precinct Road and Bridge Budget is administered by the County Commissioner elected from that precinct, subject to approval of the Commissioners Court. The primary sources of revenues for the Special Revenue Fund include ad valorem taxes and auto registration. The table below summarizes the revenues and expenditures of the Special Revenue Fund, including the Road and Bridge Fund, the Farm to Market and Lateral Road Fund, and the Drainage District Fund, as reported in the County's Annual Financial Reports.

THE COUNTY

Administration of the County

The officials having responsibility for the financial administration of the County are the County Judge and the four County Commissioners who comprise the Commissioners Court. Among its duties as the governing body of the County, Commissioners Court approves the County's budget, determines the County's tax rates, approves contracts, calls elections, and determines when to issue bonds authorized by the voters of the County. Each Commissioner represents one of the four precincts into which the County is divided and is elected by the voters of such Commissioner Precinct for a four-year term.

The County Judge is the presiding officer of the Commissioners Court and is elected for a four-year term by the voters of the County. Judge Roy L. Cordes, Jr., the County Judge, has served the County since January, 1991.

Other elected officials having responsibility for the financial administration of the County are the County Tax Assessor-Collector and the County Treasurer. The County Tax Assessor-Collector is responsible for assessing and collecting ad valorem taxes in the County. The County's Tax Assessor Collector is Marsha P. Gaines, who was elected to office in 1985.

The County Treasurer, Kathy Hynson, was elected in 1982 and is the chief custodian of County funds and her duties include the receipt of all monies belonging to the County from whatever source they may be derived, the deposit of such funds in a designated depository and the payment and application or disbursement of such funds, in such manner as the Commissioners Court may require or direct, not inconsistent with constituted law.

The County Auditor, the chief financial officer of the County, is responsible for substantially all County finance and accounting control functions. His responsibilities include auditing, accounting systems design, financial planning, and financial relations. He is appointed for a two-year term by the State District Judges of Fort Bend County. Robert N. Grayless assumed office in 1989, prior to which he was the Assistant County Auditor for eight years.

Fort Bend County Drainage District

The Special Revenue Fund financial statement includes the revenues and expenditures for the legal entity of Fort Bend County Drainage District (the "Drainage District"), which is a component unit of the County. The County Commissioners Court serves as the governing body of the Drainage District, and, as such, exercises oversight responsibility for the Drainage District by approving its annual budget, its annual property tax rates and levies and all borrowing, and by selecting its management personnel.

Fort Bend County Flood Control Water Supply Corporation

On February 23, 1989, the Commissioners Court authorized formation of the Fort Bend County Flood Control Water Supply Corporation ("the Corporation"), a non-profit corporation created pursuant to Article 1434A, Vernon's Texas Civil Statues, as amended. The Corporation has sold $20,325,000 Bonds to the Texas Water Development Board ("TWDB") for a loan of like amount, the proceeds of which are being used to construct certain flood control improvements within the County. The bonds are payable from impact fees assessed against property as it is platted for development. To the extent such impact fees are not sufficient to pay debt service

on the Corporation's Bonds, the County will levy and assess taxes in an amount sufficient, together with available funds and impact fees in process of collection, to pay debt service on the Corporation's Bonds. Upon completion of the project being financed the projects will be taken over and administered by the Fort Bend County Drainage District, the Board of Directors of which is the Commissioners Court. The Corporation has made an application to the TWDB for an additional commitment of $10,765,000 to be used for additional flood control improvements in the County. The Corporation expects to sell its bonds to the TWDB, but no specific timetable has been established. Similar projects may be undertaken by the Corporation in the future.

In that the $20,325,000 Series 1989 Bonds issued by the Corporation are secured by taxes levied by the County, those Bonds are included herein as part of the County's outstanding general obligation debt. However, $2,399,995 was capitalized from proceeds of the issue to pay interest during construction. Additionally, a portion of the debt service on the Corporation's bonds will be paid from impact fees described above. As of December 31, 1991 the Corporation had no remaining capitalized interest and accrued impact fees of $69,464 remaining for future debt service.

Grand Parkway Association

The Grand Parkway Association ("GPA") is a transportation corporation created by the Texas Department of Highways and Public Transportation for the purpose of planning, acquiring rights-of-way and designing an outer loop roadway system around the Houston Metropolitan area. A portion of the project (17.2 miles) will be located in Fort Bend County. The County has entered into an agreement with the GPA to assist the GPA in financing its activities. At such time as a significant portion of the roadway project in Fort Bend County is under construction, the County will make payments to GPA in annual installments. The Contract provides the County will pay $2,000,000, with installments being payable in principal amounts of $500,000 plus interest at 9% on the unpaid balance, payable each March 1. Construction of the portion of the project in Fort Bend County is underway. The Couny has made its initial payment of $500,000 plus interest.

Pension Fund

All officials and full-time employees of the County are members of the Texas County and District Retirement System, under which the employee and County each contribute an amount equal to 7% of the employee's earnings. These amounts include amortization of an unfunded accrued liability over an average of 26.30 years.

Based on the latest actuarial valuation, which was made as of December 31, 1990, the unfunded pension-benefit obligation of the actuarially computed present value of accrued benefits over the net assets of the retirement plan fund for the County employees, was $2,199,634. Total contributions to the system by the County for 1991 were $3,268,332. The County currently has approximately 850 full-time employees.

TAX EXEMPTION

In the opinion of Vinson & Elkins, Bond Counsel, (i) interest on the Bonds is excludable from gross income for federal income tax purposes under existing law and (ii) the Bonds are not "private activity bonds" under the Internal Revenue Code of 1986, as amended, (the "Code"), and interest on the Bonds will not be subject to the alternative minimum tax on individuals and corporations, except as described below in the discussion regarding adjusted current earnings adjustment for corporations.

The Code imposes a number of requirements that must be satisfied in order for interest on state or local obligations, such as the Bonds, to be excludable from gross income for federal income tax purposes. These requirements include limitations on the use of Bond proceeds and the source of repayment of bonds, limitations on the investment of bond proceeds prior to expenditure, a requirement that excess arbitrage earned on the investment of bond proceeds be paid periodically to the United States and a requirement that the issuer file an information report with the Internal Revenue Service. The County has covenanted in the Order that it will

information report with the Internal Revenue Service. The County has covenanted in the Order that it will comply with these requirements.

Bond Counsel's opinion will assume continuing compliance with the covenants of the Order pertaining to those sections of the Code which affect the exclusion from gross income of interest on the Bonds for federal income tax purposes and, in addition, will rely on representations by the County with respect to matters solely within the knowledge of the County, which Bond Counsel has not independently verified. If the County should fail to comply with the covenants in the Order or if the foregoing representations should be determined to be inaccurate or incomplete, interest on the Bonds could become taxable from the date of delivery of the Bonds, regardless of the date on which the event causing such taxability occurs.

The Code also imposes a 20% alternative minimum tax on the "alternative minimum taxable income" of a corporation (other than any S corporation, regulated investment company, REIT or REMIC), if the amount of such alternative minimum tax is greater than the amount of the corporation's regular income tax. The "Superfund Revenue Act of 1986" also imposes an additional 0.12% "environmental tax" on the alternative minimum taxable income of a corporation in excess of $2,000,000. Generally, for taxable years beginning after 1989, a corporation's alternative minimum taxable income includes 75% of the amount by which a corporation's "adjusted current earnings" exceeds its other "alternative minimum taxable income". Because interest on tax-exempt obligations, such as the Bonds, is included in a corporation's "adjusted current earnings," ownership of the Bonds could subject a corporation to alternative minimum tax consequences.

Under the Code taxpayers are required to report on their returns the amount of tax-exempt interest, such as interest on the Bonds, received or accrued during the year.

Except as stated above and as stated below under "Tax Accounting Treatment of Original Issue Discount Bonds," Bond Counsel will express no opinion as to any federal, state or local tax consequences resulting from the ownership of, receipt of interest on, or disposition of, the Bonds.

Prospective purchasers of the Bonds should be aware that the ownership of tax-exempt obligations may result in collateral federal income tax consequences to financial institutions, life insurance and property and casualty insurance companies, certain S corporations with Subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations. In addition, certain foreign corporations doing business in the United States may be subject to the "branch profits tax" on their effectively-connected earnings and profits, including tax-exempt interest such as interest on the Bonds. These categories of prospective purchasers should consult their own tax advisors as to the applicability of these consequences.

On June 26, 1991, the Tax Simplification Bill of 1991, S. 1394/H. 2777, was introduced in the United States House of Representatives by Ways and Means Committee Chairman Rostenkowski and in the United States Senate by Finance Committee Chairman Bentsen (together with the ranking minority members of such Committees). If the 1991 Bill is enacted as currently drafted, for partnership taxable years ending on or after December 31, 1992, certain "large partnerships" may be required to include in the computation of taxable income at the partnership level tax-exempt interest, such as interest on the Bonds. Prospective purchasers of the Bonds who may be or become "large partnerships" should consult their tax advisors regarding the 1991 Bill.

Tax Accounting Treatment of Original Issue Discount Bonds

The initial offering price to be paid for certain Bonds (the "Original Issue Discount Bonds") may be less than the principal amount thereof. In the opinion of Bond Counsel, under existing law and based upon the assumptions hereinafter stated will render and opinion to the effect that:

(a) The difference between (i) the amount payable at the maturity of each Original Issue Discount Bond, and (ii) the initial offering price to the public of such Original Issue Discount Bond constitutes original issue discount with respect to such Original Issue Discount Bond in the hands of any owner who has purchased such Original Issue Discount Bond at the initial offering price in the initial public offering of the Bonds; and

(b) Such initial owner is entitled to exclude from gross income (as defined is Section 61 of the Code) an amount of income with respect to such Original Issue Discount Bond equal to that portion of the amount of such original issue discount allocable to the period that such Original Issue Discount Bond continues to be owned by such owner.

In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Bond prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Bond in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Bond was held by such initial owner) is includable in gross income. (Because original issue discount is treated as interest for federal income tax purposes, the discussion regarding interest on the Bonds under the caption "Tax Exemption" generally applies, except as otherwise provided below, to original issue discount on an Original Issue Discount Bond held by an owner who purchased such Bond at the initial offering price in the initial public offering of the Bonds, and should be considered in connection with the discussion in this portion of the Official Statement.)

In rendering the foregoing opinion, Bond Counsel will assume, in reliance upon certain representations of the Underwriter that (a) the Underwriter has purchased the Bonds for contemporaneous sale to the public and (b) all of the Original Issue Discount Bonds have been initially offered, and a substantial amount of each maturity thereof has been sold, to the general public in arm's-length transactions for a price (and with no other consideration being included) not more than the initial offering prices thereof stated on the cover page of this Official Statement. Neither the County nor Bond Counsel warrants that the Original Issue Discount Bonds will be offered and sold in accordance with such assumptions. Certain of the representations of the Underwriter, upon which Bond Counsel will rely in rendering the foregoing opinion, will be based upon records or facts the Underwriter had no reason to believe were not correct.

Under existing law, the original issue discount on each Original Issue Discount Bond is accrued daily to the stated maturity thereof (in amounts calculated as described below for each six-month period) ending on the date before the semi-annual anniversary of the interest payment dates of the Bonds and ratably within each six-month period and the accrued amount is added to an initial owner's basis for such Original Issue Discount Bond for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Bond.

The federal income tax consequences of the purchase, ownership, and redemption, sale or other disposition of Original Issue Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. All owners of Original Issue Discount Bonds should consult their own tax advisors with respect to the determination for federal, state, and local income tax purposes of interest accrued upon redemption, sale or other disposition of such Original Issue Discount Bonds and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership, redemption, sale or other disposition of such Original Issue Discount Bonds.

Purchase of the Bonds by Financial Institutions

The Bonds will not be designated "qualified tax-exempt obligations."

LEGAL MATTERS

Legal Opinions

The County will furnish the Purchaser a transcript of certain certified proceedings incident to the authorization and issuance of the Bonds. The County will also furnish the approving legal opinion of Vinson & Elkins, Bond Counsel, to the effect that, based upon an examination of such transcript, the Bonds are valid and binding obligations of the County under the Constitution and laws of the State of Texas and to the effect that interest on the Bonds is excludable from gross income for federal income tax purposes under existing law and the Bonds are not private activity bonds. The legal opinion of Bond Counsel will further state that taxable property within the County is subject to the levy of ad valorem taxes, within the limits prescribed by law, to pay the Bonds and interest thereon.

Bond Counsel was not requested to participate, and did not take part, in the preparation of the Official Statement, and such firm has not assumed any responsibility with respect thereto or undertaken independently to verify any of the information contained therein, except that, in its capacity as Bond Counsel, such firm has reviewed the information describing the Bonds in the Official Statement to verify that such description conforms to the provisions of the Order. The legal fee to be paid Bond Counsel for services rendered in connection with the issuance of the Bonds is contingent upon the sale and delivery of the Bonds. The legal opinion will be printed on the Bonds.

No-Litigation Certificate

On the date of delivery of the Bonds to the Initial Purchaser, the County will execute and deliver to the Initial Purchaser a certificate to the effect that no litigation of any nature has been filed or is pending, as of that date, of which the County has notice, to restrain or enjoin the issuance or delivery of the Bonds, or which would affect the provisions made for their payment or security, or in any manner question the validity of the Bonds.

Registration and Qualification Under Securities Laws

The offer and sale of the Bonds have not been registered or qualified under the Securities Act of 1933, as amended, in reliance upon the exemptions provided thereunder. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Bonds been registered or qualified under the securities laws of any other jurisdiction. The County assumes no responsibility for registration or qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration provisions.

By submission of a bid, the Initial Purchaser represents that its sale of the Bonds in states other than Texas will be made only pursuant to exemptions from registration or qualification or, where necessary, the Initial Purchaser will registrar and qualify the Bonds in accordance with the securities Laws of any jurisdiction which so requires. The County agrees to cooperate, at the Initial Purchaser's written request and expense, in registering or qualifying the Bonds, or in obtaining exemption from registration or qualifications, in any state where such action is necessary, but the County will not qualify to do business in or consent to service in any such state.

Legal Investment and Eligibility to Secure Public Funds in Texas

Over a period of years, the Texas Legislature has enacted several statutes which pertain to the eligibility of bonds issued by a county as investments for certain entities and as security for deposits of public funds: Article 717k-6, Vernon's Texas Civil Statutes; Article 842a-2, Vernon's Texas Civil Statutes ("Public Funds Investment Act"); and

Article 2529d, Vernon's Texas Civil Statutes ("Public Funds Collateral Act"). Reconciliation of these conflicting statutes leads to the following conclusions: (1) banks, savings and loan associations, insurance companies, fiduciaries, trustees, and the State of Texas may invest in unrated bonds; (2) bonds may not be used to secure the deposit of public funds unless they have been rated by a nationally-recognized investment rating firm and received a rating of not less than "A" or its equivalent; and (3) political subdivisions of the State of Texas may not invest in bonds unless they have been rated by a nationally-recognized investment rating firm and received a rating of not less than "A" or its equivalent.

The County makes no representation that the Bonds will be acceptable to banks, savings and loan associations or public entities for investment purposes or to secure deposits of public funds. The County has made no investigation of other laws, regulations or investment criteria which might apply to or otherwise limit the availability of the Bonds for investment or collateral purposes. Prospective purchasers are urged to carefully evaluate the investment quality of the Bonds as to the acceptability of the Bonds for investment or collateral purposes.

MUNICIPAL BOND RATING

In connection with the sale of the Bonds, the County has made application to Moody's Investors Service, Inc. ("Moody's") and to Standard & Poor's Corporation ("S&P") for municipal bond ratings, and ratings of "____" and "____" has been assigned by Moody's and S&P, respectively. An explanation of the significance of such ratings may be obtained from Moody's and S&P. The ratings reflects only the views of Moody's and S&P, and the County makes no representation as to the appropriateness of such ratings. Further, there is no assurance that such ratings will continue for any given period of time or that they will not be revised downward or withdraw entirely, if in the sole judgment of the rating companies, circumstances so warrant. Any such downward revisions or withdrawal of the ratings may have an adverse effect on the trading value and the market price of the Bonds.

INITIAL PURCHASER

After requesting competitive bids for the Bonds, the County accepted the bid of _____ _____ to purchase the Bonds at the interest rates shown on page 1 of this Official Statement at a price of _____% of par plus accrued interest to the date of delivery. The County can give no assurance that any trading market will be developed for the Bonds after their sale by the County to the Initial Purchaser. The County has no control over the price at which the Bonds are subsequently sold, and the Initial yields at which the Bonds will be priced and reoffered will be established by and will be the responsibility of the Initial Purchaser.

FINANCIAL ADVISOR

The Official Statement was compiled and edited under the supervision of Masterson Moreland Sauer Whisman,Inc. (the "Financial Advisor"). The fees paid the Financial Advisor for services rendered in connection with the issuance and sale of the Bonds are based on the amount of Bonds actually issued, sold and delivered, and therefore such fees are contingent on the sale and delivery of the Bonds.

TRANSPORTATION

In addition to access to Houston's two major public airports, Sugar Land Airport is located within the County. Sugar Land Airport operates 24 hours a day providing all-weather instrumentation and an 8,000-foot runway for both general and corporate aircraft. Rail transportation for both passenger and freight is provided by five rail road companies located in and around Fort Bend County. Bus service is also available for residents of Fort Bend County from terminals in Rosenberg and Stafford.

All of Fort Bend County is located within the Houston Metropolitan Area's commercial trading zone and the 44 city local delivery commercial zone. In addition to 48 common carrier truck lines and 110 specialized carries, Fort Bend County enjoys access to approximately 200 local delivery trucking firm. As a regular of the County being included in Houston's commercial trucking zone no additional transportation costs are required for the delivery or receipt of goods within the County.

Access in and around Fort Bend County is provided for by numerous thoroughfares. East-West access is provided by the Southwest Freeway (U.S. 59). Katy Freeway (I-10) and U.S. 90A, while access from the north and the South can be obtained from State Highway 6, Beltway 8 (the Sam Houston Tollway), State Highway 36, FM 723 and the South Freeway (U.S. 288).

UTILITIES

Electricity

A major factor in the County's economy is the Houston Lighting & Power Company's ("HL&P") W. A. Parish Electric Generating Station, the largest of HL&P's system of eleven power plants in terms of generating capacity. The Parish plant (the "Plant"), is located approximately 10 miles south southeast of Rosenberg-Richmond and 26 miles southwest of Houston, employs 650 and consists of four gas units and four coal units. HL&P company officials supplied the following statistics:

Unit	Fuel	Completed	Kilowatt Output (Net)	Approximate Construction Costs
1	Gas	1958	176,000	Average
2	Gas	1958	176,000	$75 per
3	Gas	1961	278,000	Kilowatt
4	Gas	1968	552,000	
5	Coal	1977	630,000	Average
6	Coal	1978	630,000	$715 per
7	Coal	1980	540,000	Kilowatt
8	Coal	1982	535,000	
TOTALS			3,517,000	$1,757,109,000

Coal burned at the Plant is supplied and handled by Utility Fuels, Inc. ("UFI"), an affiliate of HL&P. UFI has contracted with the Spring Creek Coal Company and the Kerr McGee Coal Company to supply low-sulfur coal from the state of Wyoming. The coal units at the Plant are capable of burning nearly 10,000,000 tons of coal per year. To meet the daily requirements of the units, approximately three trains, each one mile in length, are received and unloaded at the Plant each day. Operating just under 2,000 retail cars on the Burlington Northern and Atchison Topeka and Santa Fe railways, UFI is one of the largest single shippers of coal out of the Wyoming region. Among the facilities and equipment at the Plant is a 1,320,000 ton stockpile of coal. This stockpile,

equivalent to 55 days of supply for the coal units, is maintained for use in accommodating seasonal burn variations and for use in the event that normal deliveries are interrupted.

The combined coal-fired and gas-fired units at the Plant represent 26% of the current (1990) generation capability maintained by HL&P. The Plant's use of coal is key in HL&P's strategy for diversifying its energy mix. By 1992, HL&P expects that 38% of its energy requirements will be met with coal and lignite, 35% with natural gas, 7% with nuclear power, and the remaining 20% with purchase power and cogenerated power. This compares to an energy mix in 1980 of 17% coal, 82% natural gas, and 1% oil. HL&P serves 158 cities, villages and communities in a 5,000 square mile area.

Nearby Smithers Lake, a 2,500-acre lake, supplies the cooling water needed at the Parish units and runoff from Dry Creek replenishes Smithers lake. If required, additional water is pumped from the Brazos River.

HL&P sells a portion of the ash created from burning coal to a firm for use in cement, concrete blocks, road base material, and soil stabilization. Because of this, HL&P reports the company reduced its coal ash handling cost by approximately $1,600,000 in 1989.

HL&P reports an estimated 30 to 40 year lifespan for their generating plants, thus ensuring stable employment for years to come, somewhere in the range of the year 2022 for the Parish Plant, especially the coal units. A spokesman for the valuation firm of Thos. Y. Pickett & Co., Inc., who assesses the plant's valuation each year, agrees that this plant is extremely stable. This HL&P plant and the UFI plant constitute $1,012,203,180 and $101,046,000 respectively, in assessed value for the County in 1991.

SCHEDULE A

Scope of Work, Schedule, Cost

1. The scope of work for this study which includes four major tasks and associated subtasks is discussed below.

Task a. - Evaluation of Subsidence Impact on Flooding

(1) Coordination with the FBCSD to determine what subsidence cases would be evaluated in the study. It is anticipated that the FBCSD would provide projections of subsidence at ten-year intervals through the year 2030, based on alternative assumptions regarding groundwater withdrawals in Fort Bend County and in the surrounding counties of Harris, Galveston, Montgomery and Brazoria. It is anticipated that as many as six subsidence cases would be evaluated in the work elements to follow.

(2) Based on the results of task a.(1), plot the resulting subsidence contours for the alternative cases on appropriate base maps.

(3) Identify the areas where significant subsidence is projected and determine what watersheds and stream segments appear to be slightly impacted. It is anticipated that the streams to be impacted would include the Brazos River and Oyster Creek.

(4) For the affected streams delineate the study limits required and obtain the existing Federal Emergency Management Agency (FEMA) HEC-2 hydraulic models for each stream. Review these models and update for existing conditions if necessary.

(5) Apply the HEC-2 models for updated existing conditions and for the subsidence cases identified in task a.(1) for 10-, 25- and 100-year flow conditions.

(6) Evaluate the results of task a.(5) to determine what areas may be adversely impacted due to increased flooding levels. Specific areas of concern to be analyzed include existing development areas and levees. Perform a preliminary economic analysis of the potential damages associated with the increased flooding.

(7) Based on the results of task a.(6), make recommendations concerning the need, timing, and the areas requiring conversion to surface water.

Task b. - Water Supply Technical Plan

(1) Compile and review existing studies including City of Houston Water Master Plan, HGCSD Regional Water Supply Planning Study, and water conversion studies in Fort Bend and west Harris counties.

(2) Identify all current sources of municipal or industrial water supply including owners of municipal and industrial water rights, amount of water under contract, and suppliers of surface water.

(3) Compile and assess population and water use data and projections for the planning area. Use information for other pertinent studies to the degree possible, updating as needed.

(4) Prepare population projections by decade from 1990 through 2030. The Board's projections will be considered, and if not selected, an explanation for non-selection will be provided. The Board's projections will be included for comparative purposes in all reports.

(5) In cooperation with the FBCSD and the HGCSD, identify alternative approaches for surface water conversion, if appropriate.

(6) Consult with GCWA, Brazos River Authority (BRA), San Jacinto River Authority (SJRA), and the Trinity River Authority (TRA) about availability of, feasibility of, and cost for transporting surface water to a treatment site.

(7) Based on projected direction of growth, develop computer models to recommend alternative locations of regional treatment and storage facilities to the economic benefit of the overall plan. In developing the overall plan, make maximum use of the existing plans and attempt to coordinate the facilities proposed in these plans.

(8) Determine the cost for construction of proposed alternative regional facilities.

(9) Develop phasing of regional transmission, treatment and storage facilities based on projected growth trends.

(10) Put information on computerized Geographic Information System (GIS) compatible with Fort Bend County's ARC/INFO system.

(11) Develop costs for each phase of the project and prorate this cost on a per 1,000 gallon basis. Discuss long term equalization of payments.

(12) Make recommendations concerning the alternatives identified and recommend a technical plan for surface water supply.

Task c. - Water Supply Management Plan

(1) Review alternative methods of management used successfully in other areas and for other utilities and identify alternative management methods for further analysis.

(2) Analyze the alternative management structures with respect tot he recommended technical plan for conversion and with respect to the feasibility of implementation of the alternative management structures.

(3) Recommend a management structure based on task c.(1) and c.(2) which appears most feasible for implementation of the technical plan.

(4) Perform an analysis of the legal and institutional changes that may be necessary for implementation of the management structure and prepare a plan for implementation of the management structure.

Task d. - Prepare Water Conservation and Drought Contingency Plan

(1) Develop a water conservation and drought contingency plan for the county to promote the efficient use of water. The plan shall be prepared according to the Texas Water Development Board's guidelines. The plan will be provided to the Texas Water Development Board for review, and the Texas Water Development Board's review recommendations will be incorporated into the plan.

(2) Prepare water use projections for each municipal, industrial, and other water-using activity by decade from 1990 through 2030. Incorporate water savings and efficiencies identified by the conservation plan developed in Task II.F. into water demand projections.

Task e. - Report Preparation

(1) Prepare and submit six copies of a draft Final Report for Board review.

a. The draft Report will include project methodologies, project results, and recommendations.

b. The draft Report will include an executive summary, which will summarize the Phase One results.

(2) Following client and agency reviews and public input, revise draft Final Report to include comments from the Board, the project advisory committee, and other commentors.

(3) Prepare and submit 12 copies of the Final Report. Clearly indicate by letter to the Board or in the Report how revisions recommended by the Board were addressed and on what pages any recommended changes appear.

Gentlemen:

This letter, when accepted by you, will constitute an agreement between this firm and Fort Bend County, Texas (the "County") for our services as bond counsel to the County in connection with the authorization, issuance, sale and delivery of approximately $33,000,000 of Public Improvement Bonds (the "Bonds"). We understand that the amount of the Bonds and the County's authority to issue the Bonds are subject to approval of the electorate at an election to be held within the County. If the issuance of the Bonds is not approved at such election, this agreement shall be null and void.

We agree that our services as bond counsel will include the following:

1. Preparation of the order calling the bond election referred to above, including a Spanish translation of the election order;

2. Submission to the United States Department of Justice of a request for preclearance of the bond election under the Federal Voting Rights Act;

3. For each issue or series of Bonds, attendance at all meetings of the Commissioners Court or administrative staff as required or requested in connection with the planning and authorization of such issue or series, including consultation on federal income tax matters;

4. For each issue or series of the Bonds, preparation of the order of the Commissioners Court authorizing issuance of the bonds of such issue or series, together with all other legal documents comprising

the transcript of proceedings for authorization and issuance of such issue or series;

5. Consultation with the County and the County's financial advisors to review information with respect to information to be included in any Official Statement or other prospectus for each issue or series of the Bonds, limited solely to the description of the bonds to be issued, the security for such bonds, and the status of the bonds and the interest thereon under federal income tax law;

6. Preparation of and submission to the Attorney General of Texas of a transcript of proceedings for each issue or series of the Bonds to obtain the approval of the Attorney General and registration by the Comptroller of Public Accounts of Texas of such issue or series;

7. Preparation and filing of legal documents required under federal income tax law for each issue or series of the Bonds, and the preparation of and delivery to the County of a Letter of Instructions with respect to the federal income tax treatment of bond proceeds;

8. Supervision of the printing of each issue or series of the Bonds and their delivery to the purchasers; and

9. The delivery at closing of our approving opinion as to the validity of each issue or series of the Bonds under Texas law and, if appropriate, the exclusion of interest on such bonds from gross income of bondholders under federal income tax law.

For the services outlined above, the County agrees to pay us a fee of $40,000. All expenses incurred by the firm in connection with each issue or series of the Bonds are included in said fee. No fee will be charged if the Bonds are not sold and delivered.

The services outlined above do not include such matters as services as disclosure counsel in connection with bond issues, work on post-closing or special federal tax issues, obtaining IRS rulings or clarifications of federal tax law, presentations to rating agencies or bond insurers, "blue sky" or securities registration services, or services as bond counsel in connection with the issuance of refunding bonds. We will be pleased to provide legal services in connection with any matters not included in paragraphs 1 through 9 above, but we believe that such

additional or special services should be performed as needed from time to time and on mutually agreeable terms.

This agreement shall remain in force and effect until all of the Bonds have been sold and delivered; provided, however, that this agreement may be terminated by either party on thirty days written notice.

If the arrangement set out above meets with your approval, please take appropriate action to approve this agreement and return one executed copy to the undersigned.

Tracts 38 & 39 Rolling Oaks Subdivision
Fort Bend County, Texas
PKRK Job No. 53292-011

Dear Mr. Stovall:

As per your request, we have reviewed your preliminary drawings for the construction of a pond along Clarks Branch between Tract 38 and Tract 39 of Rolling Oaks Subdivision. This review was performed in accordance with Fort Bend County Drainage Criteria Manual (DCM).

According to Fort Bend County Engineering Department, a Base Flood Elevation for the 100-year flood plain has not been established in this immediate area. A conversation with Mr. Sid Shaver of the County reveals that the flood plain elevation on Jones Creek in this area is between 92.0 feet and 93.0 feet. For the purposes of this analysis, the 100-year flood plain elevation for your property was assumed to be 92.5 feet. This figure should be verified by the County for you before any construction is undertaken in this area.

The watershed area for Clarks Branch is approximately 300 acres in size, as runoff from both sides of F.M. Highway 723 from a point about three (3) miles north of the subject site does drain via Clarks Branch. This area is mostly undeveloped, and the development that does exist is on large acreage tracts. Using the criteria in the DCM, the time of concentration for the watershed was determined to be 260 minutes. From Figure 2-7 of the DCM, the rainfall intensity for a 25-year storm is 1.37 inches/hour, and for a 100-year storm is 1.70 inches/hour. The Rational Formula for peak runoff calculations yields 135 cubic feet per second (cfs) for the 25-year storm and 190 cfs for the 100-year storm.

Current channel configurations north of the site were used to compute the existing condition water surface elevations for each of the above design flow rates. This was accomplished using the U.S. Army Corps of Engineers HEC-2 computer program. The 25-year storm water surface elevation was 93.1 feet, and the 100-year elevation was 93.4 feet. Based on this data, it can be argued that the 100-year regulatory flood plain elevation should be above 93 feet, and not the 92.5 feet as previously stated.

The pond design and analysis was based on the following:

1. The total surface area in the pond is 1.1 acres, and has a maximum storage capacity of 1.1 acre-feet.

2. The spillway elevation is 92.0 feet.

3. The retaining wall elevation around the lake is ~~93.0~~ 92.5 feet.

4. A total of 70 linear feet of spillway is required on the downstream end of the pond to allow the 100-year storm event to pass through the pond without raising the water surface elevation upstream of the site. The upper end of the pond should also have the equivalent of 70 linear feet of structure at the 92.0-foot elevation to allow the flows to enter the pond.

5. A 24-inch culvert will be constructed around the pond to accommodate low flows. The flowline of the upstream end of the culvert should be 90.9 feet, which matches the existing creek flowline.

Both the 25-year and 100-year storm event hydrographs were routed through the pond. The peak water surface elevations were 92.8 feet and 93.0 feet, respectfully. Therefore, the construction of the pond with the above characteristics should not adversely impact the flow of storm waters upstream of the site.

This information should be provided to Fort Bend County Engineering for review and approval prior to the start of any construction. Please do not hesitate to call should you have any questions.

Sincerely,

Charles A. Kalkomey, P.E.

Dear Mr. Dewey,

In reply to your request of January 23, 1992, we would propose to make a field survey from the angle point in Boothill Road easterly across the Blanch Chaney 20 Acre Tract, John Chaney 20 Acre Tract, Lots 28 and 29, Block 1 of Brazos Valley Subdivision to Hackamore Road, make calculations, prepare plat and field notes on each of the four (4) tracts, set centerline and right-of-way stakes for $1100.00 to $ 1440.00.

We estimate the following:

Field Party	10 Hours	@$65.00	$650.00
Calculations	4 Hours	@$50.00	$200.00
Drafting	5 Hours	@$40.00	$200.00
Field Notes	4 Each	@$55.00	$220.00
			=======
			$1270.00

No research in the Court House is included, you would furnish us copies of the deeds.

We would be prepared to commence work with four (4) days of authorization and should have work completed within ten (10) days, weather permitting.

We appreciate the opportunity to give you this proposal and would look forward to working with you on this project.

On 10-24-91, checks for $88.11 and $127.78 were sent to Central Freight. This was an overpayment of $70.95 and $100.33 respectively. They reimbursed us for these overpayments. They kept the differences of $17.16 and $27.45. In the meantime we received bills for $17.16 and $27.45. I paid these, and they then became duplicate payments because Central had kept this amount from the first checks sent in. They have now reimbursed us for these overpayments.
