MARILYNN KINDELL, Director

MEMORANDUM

TO: Commissioners Court

FROM: Marilynn Kindell MKindell

DATE: March 29, 1994

RE: Community Development Accomplishments

The Secretary of the Department of Housing and Urban Development has declared the week of March 28 - April 3 National Community Development Week. In addition, 1994 also marks the 20th anniversary of the creation of the Community Development Block Grant program (Title I of the Housing and Community Development Act of 1974).

I would like to take a minute to focus attention on the Block Grant program which takes a targeted, but flexible approach, to solving problems in our communities with the primary objective of creating a better way of life, primarily for low and moderate income persons.

Fort Bend County became entitled to CDBG funds in 1992 receiving almost $3 million. Since that time we have accomplished the following:

1. We have completed phase 2 of the sewer construction in the 5th Street area. Phase 3 is being designed.

2. We have completed phase 1 of the Collins Road paving project in Richmond. Phase 2 is being designed.

3. We have completed the drainage project at Riverside Terrace/Cemetery Gully in Rosenberg.

4. We have purchased park and playground equipment for Cecil Beasley Park in Beasley. The dedication of the park is scheduled for Friday, April 22nd at 5:00 p.m.

5. We have demolished more than 40 dilapidated structures in the cities of Fulshear, Rosenberg and Richmond.

6. We have rehabilitated more than 30 owner-occupied single-family homes throughout the County since the first rehab contract was signed in the summer of 1993.

7. We have funded social services programs that have provided shelter for victims of domestic violence, transportation to needed medical facilities, day care for children of families who are striving to break the cycle of poverty, meals and case management for senior citizens, and GED instructions for teenagers and adults.

8. We are currently working with the Engineering and Health Departments to assess the water and sewer needs of residents in 5 unincorporated low- and moderate-income areas of the county.

The Community Development Department along with the citizens of Fort Bend County would like to thank Commissioners Court for your continued support. We look forward to continued success in the future.

ORACLE CONTRACT INFORMATION

[ ] Agreement: Effective Date:

[X]End User License Agreement shrinkwrapped with Programs.

GENERAL INFORMATION

NAMED USERS
"Named User" is defined as a specific individual employed by Client who is authorized by Client to use the Programs under the terms of this Order Form, regardless of whether the individual is actively using the Programs at any given time.

DEPLOYMENT
"Deployment Programs" are limited to use solely for the purpose of running the applications, and may not be used to create or alter tables or reports except as necessary for operating the applications.

FULL USE
"Full Use Programs" are defined as an unaltered version of the Programs with all functions intact.

RIGHT TO COPY
"Oracle shall ship to Client a single copy of the Programs and Documentation. Until one (1) year from the Effective Date of the Order Form, Client shall have the right to make the number of copies of the Programs as specified on the Order Form. The total number of licensed copies shall not exceed the quantities specified on the Order Form. This fee shall be noncancelable and the sum paid nonrefundable. Each such Program copy shall be deemed a Licensed Program under the Agreement.
Oracle may, at its expense, audit the number of copies of the Programs in use by Client, the computers on which the Programs are intalled, and the number of Users, if applicable, using the Programs. Any such audit shall be conducted during regular business hours at Client's offices and shall not interere unreasonalby with Client's business activities. Client shall be invoiced for any underpaid amount based on the fees in the Price List in effect at the time the audit is completed, payable within thirty (30) days. If an audit reveals that Client has underpaid fees to Oracle in excess of five percent (5%),then Client shall also pay Oracle's reasonable costs of conducting the audit. Audits shall be made no more than once annually.

By signing below, Client agrees that the terms in the Agreement between Client and Oracle Corporation specified in the Oracle Contract Information Section above apply to this Order Form. Client agrees to pay applicable shipping charges.
This quote is valid through March 28,1994 and shall become binding upon execution by Client and acceptance by Oracle.

WARNING: Opening this package indicates your understanding and acceptance of the following terms and conditions. Please read them carefully. If you do not agree with them, promptly return the unopened package to Oracle Corporation or to the dealer from which it was acquired, and your money will be refunded.

Oracle Corporation Program License Agreement

Subject to the following terms and conditions, Oracle Corporation (Oracle) grants you (Client) a license to use the enclosed software program and documentation (Program) as indicated below.

1. LICENSE Unless this package is labelled or sold as a Developer s Version, this license allows Client to use the Program solely for the Client's own internal data processing operations on one computer of the make and model for which the license was ordered. IF THIS PACKAGE IS LABELLED OR SOLD AS A DEVELOPER'S VERSION, THE PROGRAM SHALL BE USED ONLY FOR CLIENT'S OWN SOFTWARE APPLICATION DEVELOPMENT PURPOSES AND MAY NOT BE USED FOR DATA PROCESSING OPERATIONS OR FOR ANY OTHER PURPOSE. Client may not permit concurrent access to the Program by more users than the specified number of users for which the license was ordered. Transfer of a Program to a higher capacity computer, and/or upgrade to use by additional concurrent users is subject to payment of a transfer or upgrade fee as specified in the applicable price list. Client may not use the Program for commercial timesharing, rental, or service bureau use. The Program may not be transferred, sold, assigned, or otherwise conveyed to another party without Oracle's prior written consent.

Transfer of a Program outside the country in which delivery is taken by Client is not permitted without Oracle's prior written consent Neither the Programs nor any direct product thereof shall be shipped, exported, or re-exported to Romania, Libya, Hungary, Poland, Albania, Bulgaria, Czechoslovakia, Estonia, Iraq, Laos, Latvia, Lithuania, the Mongolian People's Republic, the Union of Soviet Socialist Republics, Cuba, Kampuchea, North Vietnam, Afghanistan, the People's Republic of China or any other country to which the United States Department of Commerce prohibits shipment unless Client first obtains written permission to do so from Oracle and the appropriate United States governmental agencies. Client agrees not to cause or permit the reverse engineering, disassembly or decompilation of the Program. Client agrees not to remove any product identification, copyright notices, or other notices or proprietary restrictions from the Program. Results of benchmark tests run on the Program may not be disclosed unless Oracle consents to such disclosure in writing

2. COPYING RESTRICTIONS The Program is the proprietary product of Oracle and is protected by copyright law. Client may make one copy of the Program for backup purposes; no other copies shall be made without the prior written consent of Oracle. The Program modules that are identified as libraries may be used by Client for application development, and Client may distribute the libraries restricted for runtime use only with Client's application(s). Client shall not distribute any other Program modules, nor shall Client distribute the libraries in any manner other than that specified.

3. ORACLE'S RIGHTS By virtue of this Agreement, Client acquires only the right to use the Program and does not acquire any rights of ownership in the Program or the media upon which it is embodied Oracle, or its licensor, shall at all times retain all rights, title, and interest in the Program and the media

4. TECHNICAL SUPPORT SERVICES Client may obtain Technical Support Services and/or update rights to the Program from Oracle under Oracle's then current fees and terms.

5. DUAL MEDIA The Program package may contain both 3.5 and 5.25 disks; these duplicate copies of the Program are for the Client s convenience and are not intended to increase the number of permitted users under the License Agreement.

6. ACCEPTANCE AND TERMINATION Client shall have a 30-day Acceptance Period in which to evaluate the Program delivered in this package. During the Acceptance Period, Client may cancel this license by giving written notice to Oracle and returning the program in accordance with this Section. Unless such a cancellation notice is given, this Agreement will be deemed to have been accepted by Client at the end of the Acceptance Period.

Client may terminate this Agreement at any time. Oracle may terminate this Agreement if Client breaches any of its terms and conditions. In the event the Agreement is terminated after the Acceptance Period, Client shall not receive a refund of any fees paid pursuant to this Agreement. Upon termination, Client shall cease using the Program and shall destroy or return to Oracle all copies of the Program including all modifications and merged portions in any form.

7. GOVERNING LAW This Agreement is governed by the laws of the State of California.

8. LIMITED WARRANTY The following warranties shall be effective for 9[illegible] days from the date of original delivery to Client: (i) Oracle warrants the enclosed disks to be free of defects in materials and workmanship under normal use; (ii) Oracle warrants that the Program, unless modified by Client, will substantially perform the functions described in the documentation provided by Oracle when operated on the designated hardware and operating system. Oracle does not warrant that the Program will meet Client's requirements or that operation of the Program will be uninterrupted or error-free. The Program warranty does not cover any Program that has been altered or changed in any way by anyone other than Oracle. Oracle is not responsible for problems caused by changes in the operating characteristics of computer hardware or computer operating systems that are made after the release of the Program, nor for problems in the interaction of the Program with non-Oracle software.

These warranties are exclusive and in lieu of all other warranties of merchantability or fitness for a particular purpose or of any other warranty whether express or implied.

9. EXCLUSIVE REMEDIES Oracle will replace any defective disk without charge if the defective disk is returned to Oracle within 90 days from date of acquisition. If Client reports a defect in the Program within the warranty period, Oracle shall, at its option, correct such defect, provide Client a reasonable procedure to circumvent the defect, or, upon return of the Program to Oracle by Client, refund to Client license fees paid.

These are Client's sole and exclusive remedies for any breach of warranty.

10. LIMITATION OF LIABILITY ORACLE SHALL NOT IN ANY CASE BE LIABLE FOR SPECIAL, INCIDENTAL, CONSEQUENTIAL, INDIRECT, OR OTHER SIMILAR DAMAGES ARISING FROM ANY BREACH OF THESE WARRANTIES EVEN IF ORACLE OR ITS AGENT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. ORACLE'S LIABILITY FOR DAMAGES HEREUNDER SHALL IN NO EVENT EXCEED THE AMOUNT OF LICENSE FEES PAID BY CLIENT.

11. EXPORT ADMINISTRATION If the Program is for use outside the United States, Client agrees to comply fully with all relevant regulations of the United States Department of Commerce and with the United States Export Administration Act to assure that the Program and media are not exported in violation of United States law.

12. RESTRICTED RIGHTS If the Program is delivered to a U S Government Agency of the Department of Defense, then it is delivered with Restricted Rights and the following legend is applicable

> **Restricted Rights Legend**
> Use, duplication or disclosure by the Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of DFARS 252.227-7013, Rights in Technical Data and Computer Software (October 1988) Oracle Corporation, 500 Oracle Parkway, Redwood City, CA 94065

If the Program is delivered to a U.S. Government Agency not within the Department of Defense, then it is delivered with Restricted Rights, as defined in FAR 52.227-14, Rights in Data " General, including Alternate II (June 1987)

13. COMPLETE AGREEMENT This Agreement constitutes the complete Agreement between the parties. The terms of this Agreement shall supersede the terms of any purchase order or other instrument issued by Client for the Program. The waiver by either party of any breach of this Agreement shall not constitute a waiver of any other or subsequent breach

RE: Waiver of Penalty and Interest - Ling G. Meng
Account 7630-01-001-0030-907
Precinct #4

Mr. Meng is requesting waiver of penalty and interest on the above referenced account for tax year 1993.

1. Colonial Mortgage Company requested the 1993 tax statement.
2. Colonial Mortgage Company paid the 1992 taxes.
3. No notification was received in this office from either Colonial Mortgage Company or Mr. Meng regarding sending the tax statement to the homeowner rather than the mortgage company.

Breakdown of Taxes Paid:

Base Tax	$734.23
Penalty & Interest	66.09
Total Paid	$800.32

I do not recommend waiver as there is no evidence of error on the part of the tax office or the central appraisal district.

DIANNE WILSON
COUNTY CLERK

TO: COMMISSIONERS COURT

FROM: DIANNE WILSON

DATE: MARCH 21, 1994

RE: March 28 agenda: COURT PERSONNEL

At the time the 1994 budget was submitted and approved, it was determined that adding four additional court personnel to my staff due to the creation of CCL #3 could be delayed until September 24, 1994. However, additional filings in Probate and Civil has caused a 5-10 day delay in processing the current workload. Also, preparation for CCL#3 and optical imaging is requiring more time than we had originally anticipated.

After discussing the issue with the CCL judges, they recommended that I seek approval to move the hiring date forward. Therefore I request authorization to hire two of the four approved court personnel as follows:

# of staff	grade/step	hire date	salary	pay period	$ total
1	8/1	April 2	$673	13	$ 10,350
1	8/1	June 4	$673	8	$ 6,500

The above dollar amount includes salary and benefits. Funding would be from the Record Retention Fund until September 24 at which time funds are available in my 1994 salary and benefit line items for four court personnel.

Kirk Kirkpatrick recommends and Robert Grayless concurs, if approved, that the $ 16,850 be drawn from my regular 1994 salary and benefit budget. Upon depletion of all salary/benefit funds, a line item transfer/budget amendment from Record Retention to 0200 would be submitted for court approval.

I hereby request your approval of the early hiring of two court staff as indicated. Thank you for your consideration.

Gentlemen:

It is our understanding that Dianne Wilson, County Clerk, will go before Commissioners Court on March 28, 1994 to request the hiring of additional personnel for the newly created County Court at Law No. 3 which will be effective January 1, 1995.

We are in agreement with Ms. Wilson that the hiring of additional court personnel is needed due to the heavy work load in all jurisdictions of these courts.

We too feel that the sooner these new employees are hired and are trained the more smoothly the transition will be accomplished for all courts concerned.

RE: COURT PERSONNEL

At the time the 1994 budget was submitted and approved, it was determined that adding four additional court personnel to my staff for CCL #3 could be delayed until September 24. However, additional filings in Probate and Civil has caused a 5-10 day delay in processing the current workload. The judges have requested that I move the date forward for at least two of the staff.

Also, preparation for CCL#3 and optical imaging is going to require more time than we had originally anticipated, especially dividing the files for CCL#3.

Therefore I am requesting hiring two of the four court personnel as follows:

1 - grade 6/4 to start April 2 $650 x 13 pay = $8,450 + benefit
1 - grade 6/4 to start June 4 $650 x 8 pay = $5,200 + benefit

Funds from Record Retention Fund until September 23 at which time funds are available in my 1994 salary line item for four court personnel.

Kirk Kirkpatrick recommends, if approved, that the $ 13,650 + benefits be drawn from my regular 1994 salary budget. Upon depletion of all salary funds, the court would authorize a line item transfer from Record Retention to 0002 along with a budget amendment.

Does this require formal Commissioners Court approval? If so, I request to appear on March 28 for consideration.

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

AGREEMENT BETWEEN FORT BEND COUNTY AND DR. STANLEY E. THOMPSON

THIS AGREEMENT, made and entered into by and between Fort Bend County, a body corporate and politic under the laws of the State, hereinafter referred to as "**County**" and Dr. Stanley E. Thompson, M.D., a practitioner of medicine in Richmond, Texas hereinafter referred to as "**Dr. Thompson**".

WHEREAS, Fort Bend County is in need of a licensed medical practitioner to provide medical care services to inmates of Fort Bend County's Jail; and,

WHEREAS, Dr. Thompson is willing to provide the said medical care services to the inmates of Fort Bend County's Jail;

NOW THEREFORE, it is mutually agreed by parties hereto as follows:

I.
TERM

1.01 The term of the Agreement is for one (1) year commencing on the 1st day of April, 1994 and ending of the 1st day of April, 1995.

II.
SERVICES PROVIDED

2.01 **Dr. Thompson** is designated as the Medical Director for the Fort Bend County Sheriff's Department. **Dr. Thompson** agrees to perform any and all necessary medical care services that may be needed from time to time by the inmates of Fort Bend County's Jail, and in a cooperative effort to supervise with the Sheriff's Department the medical officers hired by the **County**.

2.02 In no event shall Dr. **Thompson** be obligated to provide in excess of twelve (12) hours in any given calendar month.

2.03 It is understood and agreed by the parties hereto that the services to be furnished the **County** by **Dr. Thompson** under the provisions hereof are to be performed by the said **Dr. Thompson** in addition to his regular professional practice, and the said **Dr. Thompson** shall not be obligated under the provisions hereof to maintain any set, regular hours, nor to perform any set number of hours of services in fulfilling his obligations under the provisions of this contract, but that he shall only be obligated to perform the services necessary to fulfill his obligation as herein stated. These services are for regularly scheduled calls to the Fort Bend County Jail to hold sick call.

2.04 Any other treatment which may be rendered by **Dr. Thompson** at his office or during a specific call to the Fort Bend County Jail to see an acutely ill patient shall be charged his regular fees and services. Provided, however, in the event of **Dr. Thompson's** absence in inability to perform, **Dr. Thompson** may authorize other licensed medical practitioners to perform the services hereunder for and on behalf of **Dr. Thompson**.

III.
BILLING AND PAYMENT

3.01 On or about the last day of each calendar month beginning with the calendar month of April, 1994 and ending the calendar month of April, 1995 (unless the term of this contract is sooner terminated in accordance with the provisions hereof), **Dr. Thompson** will submit a statement for his services for such calendar month, specifying the dates and the number of hours on said dates for which services hereunder were performed.

3.02 The **County** shall have the right, through its authorized representative or representatives, to examine and audit

the records which support the monthly billings by **Dr. Thompson.**

3.03 It is expressly understood and agreed by the parties hereto that in no event shall the **County** be liable to **Dr. Thompson** under this Contract in an amount in excess of FOURTEEN HUNDRED AND NO/100 DOLLARS ($1400.00) per calendar month. It is also expressly understood and agreed to by the parties hereto that the **County** will pay to **Dr. Thompson** $1400.00 per month regardless of the number of hours worked.

IV.
INSURANCE

4.01 **Dr. Thompson** covenants and agrees that he will, at his expense, maintain at all times during the term of this Agreement, a professional liability insurance policy covering injuries arising out of or in connection with the performance of the services herein provided for, with coverage injuries arising out of or in connection with the performance of the services herein provided for, with coverage in the amount of not less than ONE HUNDRED THOUSAND AND NO/100 DOLLARS ($100,000.00) for injuries to any one person and not less than THREE HUNDRED THOUSAND AND NO/100 DOLLARS ($300,000.00) for any single occurrence of property damage, or in the amounts of the **County's** maximum limitations of liability under §102.003 of Texas Tort Claims Act as amended, whichever is greater. Further, **Dr. Thompson** will provide to the **County** a certificate of insurance evidencing the same within thirty (30) days after the execution of this contract.

V.
COUNTY'S RESPONSIBILITY

5.01 The **County** agrees to furnish all supplies necessary for the medical care services of the inmates of Fort Bend County's Jail. Additionally, the **County** will provide permanent examination charts, work records, and file cabinets to keep records for all of the inmates examined by **Dr. Thompson.**

5.02 All records will be kept in the medical department at the location where the services are performed. The records will be permanent records of all medical services rendered to the inmates.

VI.
DEFAULT

6.01 Notwithstanding anything herein to the contrary, or that may be construed to the contrary, it is understood and agreed that if either party hereto refuses or fails to timely perform any one or more of the undertakings and obligations which are to be performed hereunder, then and in that event, the other party hereto shall have the right to terminate this Agreement upon ten (10) days written notice to the defaulting party.

6.02 Within ten (10) days after the effective date of such termination, **Dr. Thompson** shall submit his termination statement for the month in which termination occurs in the manner set out above for monthly statements.

VII.
TERMINATION

7.01 Either the **County** or **Dr. Thompson** may terminate this Agreement, without cause, prior to the expiration of the term set forth above upon thirty (30) days written notice to the other party. Within ten (10) days after the effective date of such termination, **Dr. Thompson** shall submit his termination statement for the month in which termination occurs in the manner set out above the monthly statements.

VIII.
ASSIGNMENTS

8.01 **Dr. Thompson** shall not assign this Agreement without prior written approval of the **County**, subject to such conditions and provisions as the **County** may deem necessary. No such approval by the **County** of any assignment shall be deemed in any event or in

any manner to provide for the occurrence of any obligation of the **County** in addition to the total agreed upon price. Approval by the **County** of the assignment should not be deemed a waiver of any right accrued or accruing against **Dr. Thompson**. No assignee of **Dr. Thompson** shall assign any agreement without prior written approval of the **County**.

IX.
INDEPENDENT CONTRACTOR/NO CO-PARTNERSHIP

9.01 It is agreed by the parties that all times and for all purposes hereunder, **Dr. Thompson** is an independent contractor and not an employee of the **County**. No statement contained in this agreement shall be construed so as to find **Dr. Thompson** an employee of the **County**, and **Dr. Thompson** shall be entitled to none of the rights, privileges, or benefits of **County** employees except as otherwise may be stated herein.

9.02 It is agreed that nothing herein contained is intended or should be construed as in any manner creating or establishing a relationship of co-partners between the parties, or as constituting **Dr. Thompson** (including its officers, employees, and agents) the agent, representative, or employee of the **County** for any purpose, or in any manner, whatsoever. **Dr. Thompson** is to be and shall remain an independent contractor with respect to all services performed under this agreement.

X.
SEVERABILITY

10.01 The provisions of this agreement are severable. If any paragraph, section, subdivision, sentence, clause, or phrase of this agreement is for any reason held to be contrary to law, or contrary to any rule or regulation having the force and effect of law, such decision shall not affect the remaining portions of the agreement. However, upon the occurrence of such event, either party may terminate this agreement forthwith upon the delivery of

written notice of termination to the other party.

XI.
ENTIRE AGREEMENT; REQUIREMENT OF A WRITING

11.01 It is understood and agreed that the entire agreement of the parties is contained herein and that this agreement supersedes all oral agreements and negotiations between the parties relating to the subject matter hereof as well as any previous agreements presently in effect between the parties relating to the subject matter hereof. Any alterations, amendments, deletions, or waivers of the provisions of this agreement shall be valid only when expressed in writing and duly signed by the parties.

XII.
SERVICES NOT PROVIDED FOR

12.01 No claim for services furnished by **Dr. Thompson**, not specifically provided in the agreement, will be allowed by the **County**, nor shall **Dr. Thompson** do any work or furnish any material not covered by the agreement, unless this is approved in writing by the **County**. Such approval shall be considered to be a modification of the agreement.

XIII.
WAIVER OF BREACH OF DEFAULT

13.01 Waiver of any default shall not be deemed to be a waiver of any subsequent default. Waiver of breach of any provision of this contract shall not be construed to be modification of the terms of this contract unless stated to be such in writing, signed by an authorized representative of the **County** and Board.

XIV.
COMPLIANCE WITH LAWS AND REGULATIONS

14.01 In providing all services pursuant to this contract, **Dr. Thompson** shall abide by all statutes, ordinances, rules, and

regulations pertaining to, or regulating the provision of, such services, including those now in effect and hereafter adopted. Any violation of said statutes, ordinances, rules, or regulations shall constitute a material breach of this contract, and shall entitle the **County** to terminate this contract immediately upon delivery of written notice of termination to **Dr. Thompson**.

XV.
NOTICE

15.01 Any notice permitted or required to be given to **Dr. Thompson** by the **County** hereunder may be given by certified United States Mail, return receipt requested, postage prepaid, addressed to **Dr. Thompson** at the following address, to-wit:

Dr. Stanley E. Thompson, M. D.
1108 Morton Street
Richmond, Texas 77469

or to such address as **Dr. Thompson** may from time to time furnish the **County**. Any such change in address shall be in writing and in duplicate signed by **Dr. Thompson** and one copy thereof shall be delivered to the Commissioners' Court of the **County**, provided the foregoing shall not prevent the giving of actual notice to **Dr. Thompson** in any manner.

15.02 Any notice permitted or required by **Dr. Thompson** to the **County** hereunder shall be given likewise in writing and shall be given by certified United States Mail, return receipt requested, postage prepaid, addressed to the **County** at the following address, to-wit:

TO WHOM IT MAY CONCERN:

Please accept this letter as a personal reference for Ms. Vicki Worsham, who worked for me at Stafford Meadows Hospital in the Houston, Texas area for over two years.

During the time I spent at Stafford Meadows as the Director of Marketing, Ms. Worsham held two positions: Switchboard/Receptionist from May 88 to December 89; and, Marketing Computer Specialist from December 89 to the present (I left my employment there in April 1990). During this time, Vicki was responsible for a number of areas, which were handled with care. As the receptionist, Vicki supervised all other staff in that area, and took initiative to solve problems as they were presented. Her previous experience in data entry qualified her to be promoted to the computer position in marketing, which was a brand new position at that time. In this new position, Vicki showed a great deal of enthusiasm and responsibility, and she literally took control of the area and implemented a system for the hospital. She worked through the problems in the system, so that the information we obtained from her was always accurate.

I would feel comfortable in hiring Vicki Worsham to work for me again, if the opprtunity presented itself. She was a pleasure to work with, and an asset to my team in the Marketing Department.

Thank you for your consideration of this letter, and please feel free to contact me with further questions if you have any.

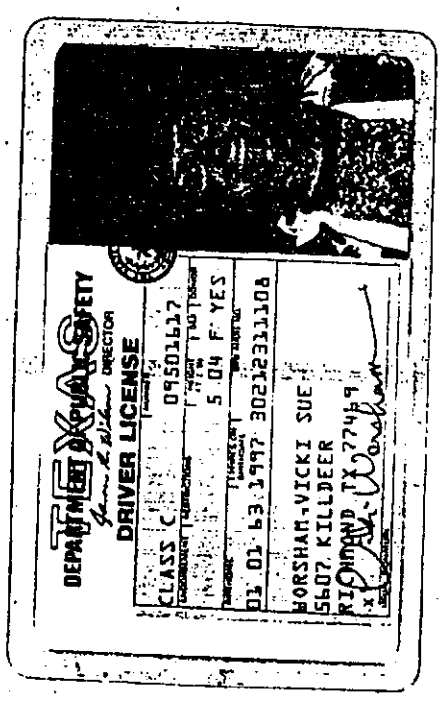

Sincerely,

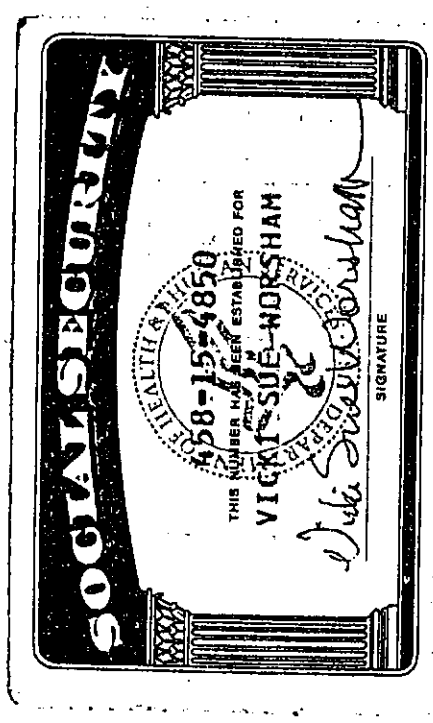

Laura Bright Moore

COUNTY OF FORT BEND §

ACKNOWLEDGEMENT OF COUNTY POLICY WITH REGARD TO OUTSIDE SECURITY EMPLOYMENT

I, Vicki S. Worsham, hereby acknowledge that the following conditions apply to my appointment as a Reserve Deputy Sheriff or Reserve Deputy Constable of Fort Bend County, Texas;

1. I may not accept outside employment for pay as a private security guard or investigator unless I have qualified to work as such pursuant to the Private Investigators and Private Security Agencies Act, TEX. REV. CIV. STATS. ANN. § 4413(29bb), (Vernon, 1993). If I am employed by the Fort Bend County Sheriff's Department or as a Sheriff Reserve Officer I shall not hold a license from the Texas Board of Private Investigators and Private Security Agencies.

2. If, in addition to my appointment as Reserve Deputy Constable for Fort Bend County, Texas, I have qualified under the aforesaid Act, and I accept private security or investigative employment, I will not at any time while so employed wear or display any Fort Bend County badge, insignia, uniform or patch or in any other manner dress so as to give the appearance that I am a peace officer.

3. I will not use my status as a Reserve Deputy Sheriff or Reserve Deputy Constable for Fort Bend County, Texas, to gain access to any Fort Bend County or other governmental files, computer network or other information sources for private purposes. I understand that my access, if any, to any governmental files or computer networks shall only be for the legitimate furtherance of my duties as a Reserve Officer for the County.

4. In the event that my appointment as a Reserve Officer for the County terminates, I agree to return to the County, any and all Fort Bend County badges, patches or other insignia in my possession.

I HAVE READ THE FOREGOING CAREFULLY AND I UNDERSTAND THE CONTENTS THEREOF. I will at all times abide by these conditions and I understand that my appointment as a Reserve Officer for Fort Bend County is conditioned upon my strict adherence to these conditions and to all of my other statutory duties and obligations.

Dear Judge Cordes:

Attorney Nina Schaefer has donated the law books listed on the attached addendum to Fort Bend County for use in the Detention Facility. By this letter I am requesting Commissioner's Court accept this gift, to be used to augment the existing law library within the Detention Facility and/or create a second law library within the new Detention Facility. Creation of a second law library will minimize the necessity of inmate movement, thereby enhancing safety.

All books listed on the attached addendum are currently in possession of the Sheriff's Department. Please note that the titles "Police Investigation Handbook, Defense of Drunk Driving Cases and Defense of Narcotic Cases" will be removed prior to dessimination to the Detention Facility Law Library.

Your assistance in this matter would be greatly appreciated.

AGREEMENT FOR REIMBURSEMENT OF COSTS FOR REPAIR OF
GOLF CART BRIDGE IN QUAIL VALLEY COUNTRY CLUB

WHEREAS, Quail Valley World of Clubs, Inc. ("Quail Valley") owns and maintains a golf cart bridge crossing Middle Oyster Creek at Stafford Run (the "Bridge"); and

WHEREAS, the Fort Bend Flood Control Water Supply Corporation (the "Corporation") is completing certain flood control and drainage work and improvements necessary for drainage of land within the County (the "Project"); and

WHEREAS, in the course of completing the Project, the Bridge was damaged; and

WHEREAS, in order to accommodate Quail Valley, the Corporation has agreed to reimburse Quail Valley for reasonable and necessary costs incurred in the repair of the Bridge in an amount not to exceed $2,000.00;

NOW, THEREFORE, the Corporation and Quail Valley do hereby agree as follows:

1. The parties agree that Quail Valley will be solely responsible for all the engineering design and the construction attributable to repairing the Bridge. The method of repair is in Quail Valley's sole discretion. Quail Valley will be responsible for obtaining all necessary regulatory approvals. Quail Valley will undertake the repair in a prudent and sound manner and ensure that such repair conforms to generally accepted industry standards and to all regulatory requirements.

2. Quail Valley agrees to complete the repair within 60 days of the date of this Agreement. The repair will only be deemed complete when the engineer for the Corporation inspects such repair and determines that the Bridge no longer interferes with the construction of the Project. If such repair is not completed within the 120 days, the Corporation may elect to not reimburse Quail Valley for the agreed upon costs of the Bridge repair.

3. The engineer for the Corporation shall only inspect the Bridge repair to determine whether the relocation or adjustment no longer interferes with construction of the Project. The Corporation shall not inspect the Bridge repair to determine whether the repair was performed in a prudent and sound manner or whether the repair conforms to generally accepted industry standards and/or regulatory requirements. Quail Valley will be solely liable for any and all personal injury or property damage proximately caused by the repair, whether the injury occurs during or after the repair.

4. After the completion of the repair in a timely manner, and after the Corporation's engineer determines that the Bridge has been repaired so as to accommodate the Project, Quail Valley shall be entitled to reimbursement by the Corporation for all reasonable and necessary costs attributable to the repair of the Bridge (the "Costs") in an amount not to exceed $2,000.00. If the Costs exceed $2,000.00, the Corporation will only reimburse Quail Valley for $2,000.00 of those Costs. After Quail Valley completes the repair of the Bridge in accordance with this Agreement, Quail Valley shall submit a bill with the pertinent documentation of Costs to the Corporation for payment of the Costs, not to exceed $2,000.00. The Corporation agrees to pay

Quail Valley's bill within 45 days after completion of the repair and upon submission of the bill and supporting documentation.

5. This Agreement shall inure to the benefit of and be binding upon the signators hereof, their assigns and successors. This Agreement shall be assignable by any of the parties, in whole or in part, only upon said party's obtaining the written consent of the other party to said assignment.

	Total amount for all twenty-six (26) parcels	$13,750

A retainer fee is payable $6,875 at the time of engagement with the balance of $6,875 payable upon delivery of our reports. Should trial preparation, research, and/or expert testimony be required, it is billed separately at the rate of $250 per hour for Charles L. Osenbaugh and $150 per hour for staff appraisers. Interest at the rate of 8% per annum will accrue and be charged on amounts not paid within 30 days of date of invoice. All payments shall be made at 11111 Katy Freeway, Suite 660, Houston, Harris County, Texas.

Prior to beginning the assignment, some or all of the following documents could be required but would be discussed on a per tract basis:

1) Survey and Legal Description of the property.
2) Three year sales history of the property, including financing terms.
3) Any current listing price, or contracts pending on the property, including financing terms.
4) Fort Bend Tax Identification Number
5) Contact person for access, if required.

The appraisals would commence the date the retainer fee and all required documents are received and our approximate delivery dates would be as follows:

I. PARCELS NORTH OF 5th STREET:
Parcels 1, 3A, 4, 5, 6, 8, 9, 9A, 10, 10A, and 10B
Delivery date of approximately 6-8 weeks from date of engagement.

II. PARCELS SOUTH OF 5th STREET:
Parcels 11, 16, and 17
Delivery date of approximately 8-10 weeks from date of engagement.

III. PARCELS LOCATED IN THE DETENTION POND AREA:
Parcels 30, 31, 32, 33, 35, 38, 42, 46, 46A, 49, 50, 51
Delivery date of approximately 10-12 weeks from date of engagement.

Although we must inspect the property, it is necessary that an important part of our work in making such appraisal be performed in our office at the above address.

This assignment will contain our usual contingent and limiting conditions which are attached. If you have any questions regarding this assignment please call Charles L. Osenbaugh, MAI, SRA or Pamela Osenbaugh Walker.

It is understood that this assignment and the payment of our fee is not dependent or contingent upon any loan commitment, sale, trial outcome, receipt of funds by you, or any other condition or contingency.

This offer is valid only if executed and received by Osenbaugh & Associates within four weeks of the date of this letter.

Thank you for your consideration of our firm in this assignment and your business which is appreciated. If there are any additional questions arising from this proposal, please do not hesitate to call.

Sincerely,

CONTINGENT AND LIMITING CONDITIONS

This appraisal is subject to the following limiting conditions.

The legal description furnished to us is assumed to be correct. We assume no responsibility for matters legal in character, nor do we render any opinion as to the title, which is assumed to be good. Any existing liens and encumbrances have been disregarded and the property appraised as though free and clear under responsible ownership and competent management, unless otherwise indicated.

We have made no survey and assume no responsibility in connection with such matters. We believe the information in this report furnished by others to be reliable, but we assume no responsibility for its accuracy. This includes, but is not limited to, information obtained in regard to flood plains, wetlands, geological fault lines, sufficiency of public utilities, and land or surface subsidence. The construction and condition of the improvements mentioned in the body of this report is based on observation and no engineering study has been made, unless previously noted, which would discover latent defects. No certification as to construction or any of the physical aspects could be given unless a proper engineering study were made.

No fault line, flood plain, or subsidence study has been made by the appraisal firm and could be under taken only by a qualified engineering firm.

The distribution of the total valuation between land and improvements in this report applies only under the existing program of utilization. The separate valuations for land and improvements must not be used in conjunction with any other appraisal, and are invalid if so used.

We are not required to give testimony or attendance in court by reason of this appraisal with reference to the property in question, unless arrangements have been made previously.

Possession of this report or a copy thereof does not carry with it the right of publication. It may not be used for any purpose by anyone other than the addressee without the previous written consent of the appraiser.

Neither all, nor any part of the contents of this report shall be conveyed to the public through advertising, public relations, news, sales or other media, without the consent and approval of the author, particularly as to valuation conclusions, and identity of the appraiser or firm with which he/she is connected, or any reference to the Appraisal Institute, or the MAI designation, or the SRA designation.

This report is written in conformity with the professional standards of practice and code of ethics of the Appraisal Institute, the Uniform Standards of Professional Appraisal Practice and the rules of the Texas Real Estate Commission.

CONTINGENT AND LIMITING CONDITIONS - CONTINUED

Unless otherwise stated in this report, the existence of hazardous substances, including without limitation asbestos, polychlorinated biphenyls, petroleum leakage, or agricultural chemicals, which may or may not be present on the property, or other environmental conditions, were not called to the attention of nor did the appraiser become aware of such during the appraiser's inspection. The appraiser has no knowledge of the existence of such materials on or in the property unless otherwise stated. The appraiser, however, is not qualified to test such substances or conditions. If the presence of such substances, such as asbestos, urea formaldehyde foam insulation, or other hazardous substances or environmental conditions, may affect the value of the property, the value estimated is predicated on the assumption that there is no such condition on or in the property or in such proximity thereto that it would cause a loss in value. No responsibility is assumed for any such conditions, nor for any expertise or engineering knowledge required to discover them.

The appraiser represents that he/she is not an expert to appraise insulation or other products banned by the Consumer Products Safety Commission which might render the property more or less valuable. In connection with this appraisal, the appraiser has not inspected or tested for, nor taken into consideration in any respect the presence or absence of insulation or other said products increase or decrease in the value of the property from the value placed thereon by the opinion of the appraiser.

We have not made a specific compliance survey and analysis of this property to determine whether or not it is in conformity with the various detailed requirements of the Americans with Disabilities Act. It is possible that a compliance survey of the property together with a detailed analysis of the requirements of the Americans with Disabilities Act could reveal that the property is not in compliance with one or more of the requirements of the act. If so, this fact could have a negative effect upon the value of the property. Since we have no direct evidence relating to this issue, we did not consider possible noncompliance with the requirements of the ADA in estimating the value of the property.

It is understood that this assignment and the payment of our fee is not dependent or contingent upon any loan commitment, sale, trial outcome, receipts of funds by you, or any other condition or contingency.

Although we must inspect the property, it is necessary that an important part of our work in making such appraisal be performed in our offices at the above address.

The Commissioners Court of Fort Bend County, Texas (the "Commissioners Court"), acting for and on behalf of Fort Bend County convened in regular session at a regular term of said Court, open to the public, on the 29 day of March, 1994, at the County Courthouse, and the roll was called of the duly constituted officers and members of the Commissioners Court, to-wit:

Roy L. Cordes, Jr.	County Judge
Bud O'Shieles	Commissioner, Precinct #1
Grady Prestage	Commissioner, Precinct #2
Alton Pressley	Commissioner, Precinct #3
Bob S. Lutts	Commissioner, Precinct #4
Dianne Wilson	County Clerk

and all of said persons being present except _____.
Whereupon, among other business, the following was transacted at said meeting:

RESOLUTION AUTHORIZING EXECUTION OF CONTRACT FOR ADMINISTRATIVE SERVICES WITH GAYLE KENNEDY

The resolution was duly introduced for the consideration of the Commissioners Court and reviewed in full. It was then duly moved and seconded that the resolution be adopted; and, after due discussion, the motion, carrying with it the adoption of the resolution, prevailed and carried by the following vote:

AYES: 4
NOES: 0

The County Judge thereupon announced that the motion had duly and lawfully carried and that the resolution had been duly and lawfully adopted. The resolution thus adopted follows:

FORT BEND FLOOD CONTROL WATER SUPPLY CORPORATION

March 1, 1994

This letter, when accepted, will constitute an agreement between Gayle Kennedy and the Fort Bend Flood Control Water Supply Corporation (the "Corporation") for employment of Gayle Kennedy as administrative assistant. In her role as administrative assistant, Gayle Kennedy will perform the following tasks:

1. Travel to and attend all meetings;

2. Prepare minutes to meetings, obtain and attach to minutes copies of all written reports and documents presented to the Board, and mail out draft of minutes to each Board member and consultant at least one week prior to the next regularly scheduled meeting; and

3. Prepare all lists of bills to be paid, prepare requisitions for the payment of these bills by the Fort Bend County Treasurer, and prepare letters to Commissioners Court requesting approval of these bills by Commissioners Court.

For the above-described services, the District will compensate Gayle Kennedy at the rate of $350.00 per month for her time spent performing such services. Requests for additional services by the Corporation which will require more than thirty minutes of time on any one request in a month, including research of Corporation files, preparation of miscellaneous correspondence, and other items not listed above will be billed at an hourly fee of $60.00. Gayle Kennedy will bill the Corporation monthly and the Corporation will promptly pay the invoice submitted.

Copies of minutes and documents for the Corporation will be billed at $0.05 per page. Paper supplies and postage for use in performing the above tasks will be charged at cost. With the exception of paper supplies and postage, Gayle Kennedy will be responsible for all equipment and supplies needed to render the services described herein.

Either the Corporation or Gayle Kennedy may terminate this agreement without cause at any time upon thirty (30) days written notice to the other.

Gayle Kennedy is employed as an independent contractor and, accordingly, the Corporation will not be responsible for withholding or payment of federal income or social security taxes or other taxes or contributions.

EXHIBIT A

This agreement will become effective April 15, 1994.

If the terms and conditions as set forth herein are acceptable, please indicate by executing below.

Dear Ms. Willison:

The City Council of the City of Stafford has considered the contract which is represented by the two documents dated March 2, 1994 and March 3, 1994, which are enclosed herewith. As you submitted it, the paragraph relayed in the March 3, 1994 letter is substituted for the concluding sentence of paragraph two of the March 2, 1994 letter.

City Council approved and authorized me to sign this agreement SAVE and EXCEPT the concluding phrase of the revised sentence. This has been so marked on the March 2, 1994 and March 3, 1994 letters and initialed. After conferring with the City Attorney, City Council concluded that this phrase **may** expand the City's obligation under the existing contract with the State and Fort Bend County. Consequently this agreement for the transfer of $30,900 is approved with this revision.

Hopefully this will not create a problem in view of the fact you and I discussed the possibility of leaving out that particular phrase.

Dear Mayor Scarcella:

This will confirm the telephone conversation with Mayor Leonard Scarcella, Judge Roy L. Cordes, Jr., Ms. Frances Willison and Mr. Jim Pierce concerning TXDOT's request for an additional $30,900 for the acquisition of parcel 113. These funds are necessary to fulfill the City of Stafford's obligation under the agreement dated July 31, 1992 (copy attached).

Fort Bend County, acting as the sponsoring agency for the City of Stafford, the City of Meadows and the City of Sugar Land, has entered into an agreement executed October 28, 1993 (copy attached) with TXDOT to provide their pro rata share for the remaining right of way costs on US 59 (S) in Fort Bend County. Of the $180,000 contributed under this agreement, $101,000 was furnished by the City of Stafford. The City of Stafford and Fort Bend County are in agreement to transfer $30,900 from the funds under this agreement to fulfill the City of Stafford's previous commitment. The City of Stafford and Fort Bend County are also in agreement that the City of Stafford will repay this amount at the County's request. ~~and will continue to pay their pro rata share of costs associated with this project.~~

The above terms are acceptable to Fort Bend County and the City of Stafford as evidenced by the execution of the attached signature page.

THE STATE OF TEXAS

COUNTY OF TRAVIS

Contract No. _____
County Fort Bend
Project US 59 South
CSJ No. 0027-12-074
Account No. 8012-2-18

This Agreement by and between the State of Texas, acting by and through the Texas Department of Transportation, hereinafter called the State, and Fort Bend County, Texas, acting by and through its duly authorized officials under Commissioners' Court Order dated the 27th day of July, 1993 hereinafter called the County, shall be effective on the date of approval and execution by and on behalf of the State.

WHEREAS, it is necessary to make certain highway improvements to U.S. Highway No. 59 from the Fort Bend/Harris County Line to State Highway No. 6, which will necessitate the acquisition of right of way and the relocation of certain utilities; and

WHEREAS, it is agreed that such right of way acquisition shall be by joint effort of the State and County;

WHEREAS, the County desires to meet the required 10% local participation of all actual right of way costs and actual utility relocation costs by providing donations of property and/or cash that will be substantially over and above the usual local participation;

NOW, THEREFORE, be it agreed that acquisition of the required right of way shall be in accordance with the terms of this Agreement and in accordance with applicable Federal and State laws governing the acquisition policies for acquiring real property.

TITLE INFORMATION: The County will obtain preliminary title information and title reports for all parcels from title companies approved by the State. The cost of title insurance policies will be paid by the State.

DETERMINATION OF RIGHT OF WAY VALUES: The State agrees to make a determination of property values for each right of way parcel in accordance with the State's established procedures. The State will make a diligent effort to provide values approved to the County within 90 days of execution of the contractual agreement and receipt of required title information.

ACQUISITION PROCEDURE: All attempts to agree on compensation due the property owner will be the responsibility of the County. The County will deliver to the State properly executed instruments of conveyance which together with any curative instruments found to be necessary as a result of the County's title investigation will properly vest the necessary and acceptable title in the State for each right of way parcel required. The costs incidental to negotiation will be the responsibility of the County. The State will handle all closings and pay title and closing costs.

CONDEMNATION: Upon a failure to agree on compensation due a property owner, condemnation proceedings will be instituted by the State.

RELOCATION ASSISTANCE AND INCIDENTAL EXPENSE: The State, without participation by the County, will perform relocation advisory services and make payments required to relocate persons or personal property displaced from the right of way in compliance with the provisions of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970. Incidental expense incurred by property owners in conveying the required right of way will be reimbursed by the State in compliance with Title III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and in accordance with approved State policy.

COST PARTICIPATION: The County agrees to provide for not less than 10% of all actual right of way costs and actual utility relocation costs. The State agrees to recognize land donated or conveyed to the State at a cost less than the State's approved value as a credit towards the County's matching contribution. In order to determine the amount of credit to be given the County for land donated, it is agreed that the value of land donated will be determined by the State based upon the approved values and every $2.00 in land value donated will be equivalent to a $1.00 cash contribution and credit will be given based upon that ratio. If donations are not obtained, the County's participation shall be in the form of cash, however, in no event shall the County's cash contribution exceed 10% of the project cost. To establish its good faith, the County hereby contributes $180,000.00 to the State with its return of this Agreement duly executed. This $180,000.00 shall be applied towards the County's participation for the actual right of way costs as provided in this paragraph in the manner specified above. In the event that the amount paid in cash and value of donated land causes the County's agreed to participation to exceed their share of the final right of way costs and actual utility relocation costs, then any excess paid in cash will be returned to the County. Cost of the right of way required shall mean the total approved value of property interests secured by deed or award or judgment by Eminent Domain proceedings.
This agreement is approved and executed by and on behalf of the State on the date shown hereinafter.

ORDER

On this the 27th day of July, 1993 at a regular session of Commissioners' Court of Fort Bend County, Texas, acting as the governing body of Fort Bend County, Texas, upon motion of commissioners Pressley and Seconded by Commissioner Lutts, duly put and unanimously carried.

WHEREAS, certain improvements planned for U.S. Highway No. 59 from the Fort Bend/Harris County Line to State Highway No. 6 will necessitate the acquisition of right of way and the relocation of certain utilities; and

WHEREAS, the County desires to meet the required 10% local participation of all actual right of way costs and actual utility relocation costs by contracting with the State of Texas, Department of Transportation, to provide donations of property and/or cash that will be substantially over and above the usual local participation; and

WHEREAS, §791.028 of the Texas Government Code authorizes interlocal agreements to pay all or part of a highway project, including the cost of an easement or interest in land required for or beneficial to the project;

Now therefore, BE IT ORDERED BY THE COMMISSIONERS' COURT OF THE COUNTY OF FORT BEND:

Section 1. The agreement between Fort Bend County and the State of Texas, acting by and through the Texas Department of Transportation, is approved and entered into on behalf of Fort Bend County.

THE STATE OF TEXAS
COUNTY OF TRAVIS

Contract No. _____
County Fort Bend
Project No. _____
CSJ No. 0027-12-074
Account No. 8012-2-18

This Agreement by and between the State of Texas, acting by and through the State Department of Highways and Public Transportation, hereinafter called the State, and City of Stafford, Texas, acting by and through its duly authorized official under Ordinance dated 5th day of June, 19 91, hereinafter called the City, shall be effective on the date of approval and execution by and on behalf of the State.

WHEREAS, the State has deemed it necessary to make certain highway improvements on Highway No. US 59 South From Harris County Line To 428.74 feet west of Brighton Lane, Parcel (113), and which section of highway improvements will necessitate the acquisition of certain right of way; and

WHEREAS, it is agreed that such right of way purchase shall be by joint effort of the State and the City;

NOW, THEREFORE be it agreed that acquisition of such right of way shall be in accordance with the terms of this contract and in accordance with applicable Federal and State laws governing the acquisition policies for acquiring real property. The State hereby authorizes and requests the City to proceed with acquisition and the State agrees to reimburse the City for its share of the cost of such right of way providing such acquisition and reimbursement are accomplished according to the provisions outlined herein and agreed to by both parties hereto.

Location Surveys and Preparation of Right of Way Data: The State, without cost to the City, will do the necessary preliminary engineering and title investigation in order to supply to the City the data and instruments necessary to obtain acceptable title to the desired right of way.

Determination of Right of Way Values: The City agrees to make a determination of property values for each right of way parcel by methods acceptable to the City and to submit to the State's District Office a tabulation of the values so determined, signed by the appropriate City representative. Such tabulations shall list the parcel numbers, ownership, acreage, and recommended compensation. Compensation shall be shown in the component parts of land taken, itemization of improvements taken, damages, if any, (offset by enhancements, if any,) to the remainder, if any, and the amounts the total compensation will be reduced if the owner retains improvements. This tabulation shall be accompanied by an explanation to support the determined values, together with a copy of information or reports used in arriving at all determined values. Such work will be performed by the City at its expense without cost participation by the State. The State will review the data submitted and may base its reimbursement on the values which are determined by this review. The State, however, reserves the right to perform at its own expense any additional investigation deemed necessary, including supplemental appraisal work by State employees or by employment of fee appraisers, all as may be necessary for determination of values to constitute the basis for State reimbursement. If at any stage of the project development it is determined by mutual agreement between the State and City that there should be waived the requirement that the City submit to the State property value determinations for any part or all of the required right of way, the City will make appropriate written notice to the State of such waiver, such notice to be acknowledged in writing by the State. In instances of such waiver, the State by its due processes and at its own expense will make a determination of values to constitute the basis for State reimbursement.

Negotiations: The **State** will notify the **City** as soon as possible as to the **State's** determination of value. Negotiation and settlement with the property owner will be the responsibility of the **City** without participation by the **State**; however, the **City** will notify the **State** immediately prior to closing the transaction so that a current title investigation may be made to determine if there has been any change in the title. The **City** will deliver properly executed deeds which together with any curative instruments found to be necessary as a result of the **State's** title investigation will properly vest title in the **State** for each right of way parcel involved. The costs incidental to negotiation and the costs of recording the right of way instruments will be the responsibility of the **City**. The cost of title investigation will be the responsibility of the **State**.

Condemnation: Condemnation proceedings will be initiated at a time selected by the **City** and will be the **City's** responsibility at its own expense except as hereinafter indicated. The **City** will obtain from the **State** without cost current title information and engineering data at the time condemnation proceedings are to be initiated. Except as hereinafter set forth the **City** will concurrently file condemnation proceedings and a notice of lis pendens for each case in the name of the **State**, and in each case so filed the judgment of the court will decree title to the property condemned in the name of the **State**. The **City** will accomplish the legal procedures and curative matters found to be necessary as a result of the **State's** title investigation, fulfilling the obligation to properly vest title in the **State**. The **City** may, as set forth herein under "Excess Takings," and where it is determined to be necessary, enter condemnation proceedings in its own name. Property acquired in the **City's** name must comply with the requirements set forth in the engineering data and title investigation previously furnished the **City** by the **State** at such time as the **City** conveys said property to the **State**.

Court Costs, Costs of Special Commissioners' Hearings and Appraisal Expense: Court costs and costs of Special Commissioners' hearings assessed against the **State** or **City** in condemnation proceedings conducted on behalf of the **State** and fees incident thereto, will be paid by the **City**. Such costs and fees, with the exception of recording fees, will be eligible for 90 percent **State** reimbursement under the established reimbursement procedure provided such costs and fees are eligible for payment by the **State** under existing State law. Where the **City** uses the **State's** appraisers employed on a fee basis in Special Commissioners' hearings or subsequent appeals, the cost of the appraiser of updating the report, of preparing new reports, preparing for court testimony and appearing in court to testify in support of the appraisal, will be paid direct by the **City**, but will be eligible for 90 percent **State** reimbursement under established reimbursement procedure provided prior approval for such appraiser has been obtained from the **State**. The fee paid the appraiser by the **City** shall be in accordance with the fee schedule set forth in the appraiser's contract for appraisal services with the **State**.

Excess Takings: In the event the **City** desires to acquire land in excess of that requested by the **State** for right of way purposes, the **State's** cost participation will be limited to the property needed for right of way purposes. If the **City** elects to acquire the entire property, including the excess taking, by a single instrument of conveyance or in one eminent domain proceeding, the property involved will be acquired in the name of the **City** and that portion requested by the **State** for right of way will be conveyed to the **State**. When acquired by negotiation, the **State's** participation will be based on the **State's** approved value of that part requested for right of way purposes, providing such approved value does not exceed actual payment made by the **City**. When acquired by condemnation, the **State's** participation will be in the proportionate part of the final judgment amount computed on the basis of the relationship of the **State's** approved value to the **State's** predetermined value for the whole property.

Improvements: Property owners will be afforded an opportunity in the negotiations to retain any or all of their improvements in the right of way taking. In anticipation of the owner desiring to retain improvements, the **State's** approved value will include the amounts by which the upper limit of **State** participation will be reduced for the retention. It is further agreed that the upper limit for the **State's** participation in the **City's** cost for an improved parcel will be reduced as shown in the **State's** approved value where the owner retains an improvement which is to be moved by either the **City** or the owner. In the event the improvements which are, in whole or part, a part of the right of way taking are not retained by the owner, title is to be secured in the name of the **State**. The **State** will participate in the acquisition of a structure severed by the right of way line if the part of the house, building or similar structure outside the right of way cannot be reconstructed adequately or there is nothing but salvage left, provided the **State's** value is established on this basis and provided title to the entire structure is taken in the name of the **State**. The **State** shall dispose of all improvements acquired. The net revenue derived by the **State** from the disposition of any improvements sold through the State Purchasing and General Services Commission will be credited to the cost of the right of way procured and shared with the **City**.

proper certification by the utility that the work has been done, said reimbursement to be on the basis of the prior lump sum agreement. The **State** will reimburse the **City** in an amount equal to 90 percent of the firm commitment as paid to the utility owner. The foregoing is subject to the provision that the individual lump sum approved value shall not exceed $20,000, except as specifically approved by the **State**. In those cases where a single operation is estimated to exceed $20,000, the transaction will be brought to the attention of the **State** for determination of proper handling based upon the circumstances involved. Such utility firm commitment will be an appropriate item of right of way. The adjustment, removal or relocation of any utility line on publicly owned right of way by sufferance or permit will not be eligible for **State** reimbursement. The term "utility" under this contract shall include publicly, privately, and cooperatively owned utilities.

Fencing Requirements: The **City** may either pay the property owner for existing right of way fences based on the value such fences contribute to the part taken and damages for an unfenced condition resulting from the right of way taking, in which case the estimated value of such right of way fences and such damages will be included in the recommended value and the approved value, or the **City** may do the fencing on the property owner's remaining property.

Where the **City** performs right of way fencing as a part of the total right of way consideration, neither the value of existing right of way fences nor damages for an unfenced condition will be included in the recommended value or the approved value. **State** participation in the **City's** cost of constructing right of way fencing on the property owner's remainder may be based either on the actual cost of the fencing or on a predetermined lump sum amount. The **State** will be given credit for any salvaged fencing material and will not participate in any overhead costs of the **City**.

If **State** participation is to be requested on the lump sum basis, the **State** and the **City** will reach an agreement prior to the actual accomplishment of work as to the necessity, eligibility, and a firm commitment as to the cost of the entire fencing work to be performed. The foregoing is subject to the provision that the lump sum approved cost shall not exceed $20,000, except as specifically approved by the **State**. In case the fencing is estimated to exceed $20,000, the transaction will be brought to the attention of the **State** for determination of proper handling based upon the circumstances involved.

Reimbursement: The **State** will reimburse the **City** for right of way acquired after the date of this contract in an amount not to exceed 90 percent of the cost of the right of way acquired in accordance with the terms and provisions of this agreement. The **State's** reimbursement will be in the amount of 90 percent of the **State's** predetermined value of each parcel, or the net cost thereof, whichever is the lesser amount.

If condemnation is necessary and title is taken as set forth herein under the section headed "Condemnation," the participation by the **State** shall be based on the final judgment, conditioned that the **State** has been notified in writing prior to the filing of such suit and prompt notice is also given as to all action taken therein. The **State** shall have the right to become a party to the suit at any time for all purposes, including the right of appeal at any stage of the proceedings. All other items of cost shall be borne by the **State** and the **City** as provided by other provisions of this agreement.

If a lump sum fencing or utility adjustment agreement has been executed the **State** will reimburse the **City** in the amount of 90 percent of the predetermined lump sum cost of the right of way fencing or utility adjustment.

If the **City** prefers not to execute a lump sum agreement for either fencing or utility adjustments the **State** will reimburse on the actual cost of such adjustments. The **City's** request for reimbursement will be supported by a breakdown of the labor, materials and equipment used.

General: It is understood that the terms of this agreement shall apply to new right of way authorized and requested by the **State** which is needed and not yet dedicated, in use, or previously acquired in the name of the **State** or **City** for highway, street, or road purposes. This agreement shall also apply, as to any existing right of way, to outstanding property interests not previously acquired and to eligible utility adjustments not previously made, as authorized and requested by the **State**.

It is understood that this contract shall be effective from and after the date of full execution by the **State**.

It is further understood that if unusual circumstances develop in the right of way acquisition which are not clearly covered by the terms of this agreement, such unusual circumstances or problems will be resolved by mutual agreement between the **State** and the **City**.

This supplemental contractual agreement by and between the State of Texas, acting by and through the State Department of Highways and Public Transportation, hereinafter called the **State**, and City of Stafford, Texas, acting by and through its duly authorized officials under ordinance dated the 5th day of June, 19 91, hereinafter called the City, shall be effective on the date of approval and execution by and on behalf of the State.

WHEREAS, the State and City entered into contractual agreements(s) and supplemental contractual agreement(s) for procurement of right of way on the following project on the date(s) indicated:

Date(s) of Agreement(s)	Limits
	From Harris County Line to
	428.74 Feet West of Brighton Lane
	(Parcel 113)

and, which are made a part of this instrument by reference; and

WHEREAS, the City has requested that they be relieved of the obligation to acquire the necessary right of way and desires the State to assume the acquisition responsibility; and

WHEREAS, it is mutually desired by the City and the State to modify said original contract(s) and any supplemental contract(s) implementing the terms and provisions of the original contract(s);

NOW, THEREFORE, in consideration of the foregoing premises and the mutual benefits to be derived therefrom, the above-described contract(s) are modified hereby to the extent of the manner, mode and method of City obligation to acquire the necessary right of way and receive 90% reimbursement of the cost thereof in that the State hereby assumes the obligation to acquire the necessary right of way and the City shall accomplish its obligation by contributing 10% of the cost of the right of way as hereinafter described.

The State is to acquire all right of way except that the City shall continue with its present obligations to acquire the following described right of way:

Parcels: None

This agreement covers Parcel 113

82 0097

AS PER ORIGINAL

Utilities: None

Other: None

The City shall contribute to the State an amount equal to ten percent (10%) of the cost of the right of way to be acquired by the State and shall transmit to the State with the return of this agreement, executed by the City, a warrant or check payable to the State Department of Highways and Public Transportation in the amount of Thirty Two Thousand---------- Dollars ($32,000.00), which represents 10% of the estimated cost of the right of way; however, if it is found that this amount is insufficient to pay the City's obligation, then the City, upon request of the State, will forthwith supplement this amount in such amount as requested by the State. Upon completion of the project and in the event the amount as paid is more than 10% of the cost of the right of way, then any excess amount will be returned to the City. Cost of the right of way acquired by the State shall mean the total value of compensation to owners for their property interests either by negotiation or eminent domain.

This supplemental contractual agreement is approved and executed by and on behalf of the State on the date shown hereinafter.

REGULAR COUNCIL MEETING

June 5, 1991

The Stafford City Council met in regular session on Wednesday, June 5, 1991, in Council Chambers at Stafford City Hall with the following in attendance:

Present:
Leonard Scarcella, Mayor
Sandra Cable, Alderwoman
Antoinette Cangelosi, Alderwoman
Don Harrison, Alderman
Ray Schenk, Alderman
Cecil Willis, Jr., Alderman
Lawrence Vaccaro, Jr., Director of Municipal Services and Public Works
Mary Burger, City Secretary

Mayor Scarcella called the meeting to order at 7:00 p.m.

EXECUTIVE SESSION

Council went into executive session, as authorized by Article 6252-17, Section 2(g), personnel, appointment of Planning Commission members, parade marshal, two police officers and Finance Director, and reconvened in open session at 7:44 p.m.

DISCUSSION AND CONSIDERATION OF PAYMENT TO THE STATE DEPARTMENT OF HIGHWAYS AND PUBLIC TRANSPORTATION FOR RIGHT-OF-WAY ACQUISITION FOR US-59

Mayor Scarcella stated the Highway Department is asking for a $32,000 installment payment for right-of-way acquisition for US-59. Alderman Willis asked if paying this would bind the City to future payments. Mayor Scarcella stated he didn't think so. He stated the City has requested to be relieved of all responsibility for participation, but this appears to be an immediate need. After further discussion Alderman Willis moved Council authorize the Mayor to execute an Agreement to Contribute Funds form stating that the City agrees to pay 10% of right-of-way costs, or $32,000, to the State Department of Highways and Public Transportation, with the Mayor to send the SDHPT a letter asking them to refer to his previous letter of May 28, 1991, and stating that this payment in no way obligates the City to the remainder of the State's request. Alderman Harrison seconded the motion, and it carried 5 - 0.

Dear Judge Cordes:

In connection with the telephone conversation between Mayor Leonard Scarcella and Ms. Frances Willison concerning our letter dated March 2, 1994 (copy attached), please note the following.

The language in the last sentence of paragraph two is being amended to read "The City of Stafford and Fort Bend County are also in agreement that the City of Stafford will repay this amount upon need and demand by TxDOT and notice from the county and will continue to pay their pro rata share of costs associated with this project".

The language referenced above supersedes the last sentence of the second paragraph.

Dear Judges Cordes:

This will confirm the telephone conversation with Mayor Leonard Scarcella, Judge Roy L. Cordes, Jr., Ms. Frances Willison and Mr. Jim Pierce concerning TXDOT's request for an additional $30,900 for the acquisition of parcel 113. These funds are necessary to fulfill the City of Stafford's obligation under the agreement dated July 31, 1992 (copy attached).

Fort Bend County, acting as the sponsoring agency for the City of Stafford, the City of Meadows and the City of Sugar Land, has entered into an agreement executed October 28, 1993 (copy attached) with TXDOT to provide their pro rata share for the remaining right of way costs on US 59 (S) in Fort Bend County. Of the $180,000 contributed under this agreement, $101,000 was furnished by the City of Stafford. The City of Stafford and Fort Bend County are in agreement to transfer $30,900 from the funds under this agreement to fulfill the City of Stafford's previous commitment. The City of Stafford and Fort Bend County are also in agreement that the City of Stafford will repay this amount at the County's request, ~~and will continue to pay their pro rata share of costs associated with this project.~~ pe

The above terms are acceptable to Fort Bend County and the City of Stafford as evidenced by the execution of the attached signature page.

Sincerely,

Frances Willison

THE STATE OF TEXAS

COUNTY OF TRAVIS

Contract No. _____
County Fort Bend
Project US 59 South
CSJ No. 0027-12-074
Account No. 8012-2-18

This Agreement by and between the State of Texas, acting by and through the Texas Department of Transportation, hereinafter called the State, and Fort Bend County, Texas, acting by and through its duly authorized officials under Commissioners' Court Order dated the 27th day of July, 1993 hereinafter called the County, shall be effective on the date of approval and execution by and on behalf of the State.

WHEREAS, it is necessary to make certain highway improvements to U.S. Highway No. 59 from the Fort Bend/Harris County Line to State Highway No. 6, which will necessitate the acquisition of right of way and the relocation of certain utilities; and

WHEREAS, it is agreed that such right of way acquisition shall be by joint effort of the State and County;

WHEREAS, the County desires to meet the required 10% local participation of all actual right of way costs and actual utility relocation costs by providing donations of property and/or cash that will be substantially over and above the usual local participation;

NOW, THEREFORE, be it agreed that acquisition of the required right of way shall be in accordance with the terms of this Agreement and in accordance with applicable Federal and State laws governing the acquisition policies for acquiring real property.

TITLE INFORMATION: The County will obtain preliminary title information and title reports for all parcels from title companies approved by the State. The cost of title insurance policies will be paid by the State.

DETERMINATION OF RIGHT OF WAY VALUES: The State agrees to make a determination of property values for each right of way parcel in accordance with the State's established procedures. The State will make a diligent effort to provide values approved to the County within 90 days of execution of the contractual agreement and receipt of required title information.

ACQUISITION PROCEDURE: All attempts to agree on compensation due the property owner will be the responsibility of the County. The County will deliver to the State properly executed instruments of conveyance which together with any curative instruments found to be necessary as a result of the County's title investigation will properly vest the necessary and acceptable title in the State for each right of way parcel required. The costs incidental to negotiation will be the responsibility of the County. The State will handle all closings and pay title and closing costs.

CONDEMNATION: Upon a failure to agree on compensation due a property owner, condemnation proceedings will be instituted by the State.

RELOCATION ASSISTANCE AND INCIDENTAL EXPENSE: The State, without participation by the County, will perform relocation advisory services and make payments required to relocate persons or personal property displaced from the right of way in compliance with the provisions of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970. Incidental expense incurred by property owners in conveying the required right of way will be reimbursed by the State in compliance with Title III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and in accordance with approved State policy.

COST PARTICIPATION: The County agrees to provide for not less than 10% of all actual right of way costs and actual utility relocation costs. The State agrees to recognize land donated or conveyed to the State at a cost less than the State's approved value as a credit towards the County's matching contribution. In order to determine the amount of credit to be given the County for land donated, it is agreed that the value of land donated will be determined by the State based upon the approved values and every $2.00 in land value donated will be equivalent to a $1.00 cash contribution and credit will be given based upon that ratio. If donations are not obtained, the County's participation shall be in the form of cash, however, in no event shall the County's cash contribution exceed 10% of the project cost. To establish its good faith, the County hereby contributes $180,000.00 to the State with its return of this Agreement duly executed. This $180,000.00 shall be applied towards the County's participation for the actual right of way costs as provided in this paragraph in the manner specified above. In the event that the amount paid in cash and value of donated land causes the County's agreed to participation to exceed their share of the final right of way costs and actual utility relocation costs, then any excess paid in cash will be returned to the County. Cost of the right of way required shall mean the total approved value of property interests secured by deed or award or judgment by Eminent Domain proceedings.
This agreement is approved and executed by and on behalf of the State on the date shown hereinafter.

ORDER

On this the 27th day of July, 1993 at a regular session of Commissioners' Court of Fort Bend County, Texas, acting as the governing body of Fort Bend County, Texas, upon motion of commissioners Pressley and Seconded by Commissioner Lutts, duly put and unanimously carried.

WHEREAS, certain improvements planned for U.S. Highway No. 59 from the Fort Bend/Harris County Line to State Highway No. 6 will necessitate the acquisition of right of way and the relocation of certain utilities; and

WHEREAS, the County desires to meet the required 10% local participation of all accual right of way costs and actual utility relocation costs by contracting with the State of Texas, Department of Transportation, to provide donations of property and/or cash that will be substantially over and above the usual local participation; and

WHEREAS, §791.028 of the Texas Government Code authorizes interlocal agreements to pay all or part of a highway project, including the cost of an easement or interest in land required for or beneficial to the project;

Now therefore, BE IT ORDERED BY THE COMMISSIONERS' COURT OF THE COUNTY OF FORT BEND:

Section 1. The agreement between Fort Bend County and the State of Texas, acting by and through the Texas Department of Transportation, is approved and entered into on behalf of Fort Bend County.

This Agreement by and between the State of Texas, acting by and through the State Department of Highways and Public Transportation, hereinafter called the State, and City of Stafford, Texas, acting by and through its duly authorized official under Ordinance dated 5th day of June, 19 91, hereinafter called the City, shall be effective on the date of approval and execution by and on behalf of the State.

WHEREAS, the State has deemed it necessary to make certain highway improvements on Highway No. US 59 South From Harris County Line To 428.74 feet west of Brighton Lane, Parcel (113), and which section of highway improvements will necessitate the acquisition of certain right of way; and

WHEREAS, it is agreed that such right of way purchase shall be by joint effort of the State and the City;

NOW, THEREFORE be it agreed that acquisition of such right of way shall be in accordance with the terms of this contract and in accordance with applicable Federal and State laws governing the acquisition policies for acquiring real property. The State hereby authorizes and requests the City to proceed with acquisition and the State agrees to reimburse the City for its share of the cost of such right of way providing such acquisition and reimbursement are accomplished according to the provisions outlined herein and agreed to by both parties hereto.

Location Surveys and Preparation of Right of Way Data: The State, without cost to the City, will do the necessary preliminary engineering and title investigation in order to supply to the City the data and instruments necessary to obtain acceptable title to the desired right of way.

Determination of Right of Way Values: The City agrees to make a determination of property values for each right of way parcel by methods acceptable to the City and to submit to the State's District Office a tabulation of the values so determined, signed by the appropriate City representative. Such tabulations shall list the parcel numbers, ownership, acreage, and recommended compensation. Compensation shall be shown in the component parts of land taken, itemization of improvements taken, damages, if any, (offset by enhancements, if any,) to the remainder, if any, and the amounts the total compensation will be reduced if the owner retains improvements. This tabulation shall be accompanied by an explanation to support the determined values, together with a copy of information or reports used in arriving at all determined values. Such work will be performed by the City at its expense without cost participation by the State. The State will review the data submitted and may base its reimbursement on the values which are determined by this review. The State, however, reserves the right to perform at its own expense any additional investigation deemed necessary, including supplemental appraisal work by State employees or by employment of fee appraisers, all as may be necessary for determination of values to constitute the basis for State reimbursement. If at any stage of the project development it is determined by mutual agreement between the State and City that there should be waived the requirement that the City submit to the State property value determinations for any part or all of the required right of way, the City will make appropriate written notice to the State of such waiver, such notice to be acknowledged in writing by the State. In instances of such waiver, the State by its due processes and at its own expense will make a determination of values to constitute the basis for State reimbursement.

82 0107

Negotiations: The **State** will notify the **City** as soon as possible as to the **State's** determination of value. Negotiation and settlement with the property owner will be the responsibility of the **City** without participation by the **State**; however, the **City** will notify the **State** immediately prior to closing the transaction so that a current title investigation may be made to determine if there has been any change in the title. The **City** will deliver properly executed deeds which together with any curative instruments found to be necessary as a result of the **State's** title investigation will properly vest title in the **State** for each right of way parcel involved. The costs incidental to negotiation and the costs of recording the right of way instruments will be the responsibility of the **City**. The cost of title investigation will be the responsibility of the **State**.

Condemnation: Condemnation proceedings will be initiated at a time selected by the **City** and will be the **City's** responsibility at its own expense except as hereinafter indicated. The **City** will obtain from the **State** without cost current title information and engineering data at the time condemnation proceedings are to be initiated. Except as hereinafter set forth the **City** will concurrently file condemnation proceedings and a notice of lis pendens for each case in the name of the **State**, and in each case so filed the judgment of the court will decree title to the property condemned in the name of the **State**. The **City** will accomplish the legal procedures and curative matters found to be necessary as a result of the **State's** title investigation, fulfilling the obligation to properly vest title in the **State**. The **City** may, as set forth herein under "Excess Takings," and where it is determined to be necessary, enter condemnation proceedings in its own name. Property acquired in the **City's** name must comply with the requirements set forth in the engineering data and title investigation previously furnished the **City** by the **State** at such time as the **City** conveys said property to the **State**.

Court Costs, Costs of Special Commissioners' Hearings and Appraisal Expense: Court costs and costs of Special Commissioners' hearings assessed against the **State** or **City** in condemnation proceedings conducted on behalf of the **State** and fees incident thereto, will be paid by the City. Such costs and fees, with the exception of recording fees, will be eligible for 90 percent **State** reimbursement under the established reimbursement procedure provided such costs and fees are eligible for payment by the **State** under existing State law. Where the **City** uses the **State's** appraisers employed on a fee basis in Special Commissioners' hearings or subsequent appeals, the cost of the appraiser of updating the report, of preparing new reports, preparing for court testimony and appearing in court to testify in support of the appraisal, will be paid direct by the **City**, but will be eligible for 90 percent **State** reimbursement under established reimbursement procedure provided prior approval for such appraiser has been obtained from the **State**. The fee paid the appraiser by the **City** shall be in accordance with the fee schedule set forth in the appraiser's contract for appraisal services with the **State**.

Excess Takings: In the event the **City** desires to acquire land in excess of that requested by the **State** for right of way purposes, the **State's** cost participation will be limited to the property needed for right of way purposes. If the **City** elects to acquire the entire property, including the excess taking, by a single instrument of conveyance or in one eminent domain proceeding, the property involved will be acquired in the name of the **City** and that portion requested by the **State** for right of way will be conveyed to the **State**. When acquired by negotiation, the **State's** participation will be based on the **State's** approved value of that part requested for right of way purposes, providing such approved value does not exceed actual payment made by the **City**. When acquired by condemnation, the **State's** participation will be in the proportionate part of the final judgment amount computed on the basis of the relationship of the **State's** approved value to the **State's** predetermined value for the whole property.

Improvements: Property owners will be afforded an opportunity in the negotiations to retain any or all of their improvements in the right of way taking. In anticipation of the owner desiring to retain improvements, the **State's** approved value will include the amounts by which the upper limit of **State** participation will be reduced for the retention. It is further agreed that the upper limit for the **State's** participation in the **City's** cost for an improved parcel will be reduced as shown in the **State's** approved value where the owner retains an improvement which is to be moved by either the **City** or the owner. In the event the improvements which are, in whole or part, a part of the right of way taking are not retained by the owner, title is to be secured in the name of the **State**. The **State** will participate in the acquisition of a structure severed by the right of way line if the part of the house, building or similar structure outside the right of way cannot be reconstructed adequately or there is nothing but salvage left, provided the **State's** value is established on this basis and provided title to the entire structure is taken in the name of the **State**. The **State** shall dispose of all improvements acquired. The net revenue derived by the **State** from the disposition of any improvements sold through the State Purchasing and General Services Commission will be credited to the cost of the right of way procured and shared with the **City**.

82 0108

proper certification by the utility that the work has been done, said reimbursement to be on the basis of the prior lump sum agreement. The State will reimburse the City in an amount equal to 90 percent of the firm commitment as paid to the utility owner. The foregoing is subject to the provision that the individual lump sum approved value shall not exceed $20,000, except as specifically approved by the State. In those cases where a single operation is estimated to exceed $20,000, the transaction will be brought to the attention of the State for determination of proper handling based upon the circumstances involved. Such utility firm commitment will be an appropriate item of right of way. The adjustment, removal or relocation of any utility line on publicly owned right of way by sufferance or permit will not be eligible for State reimbursement. The term "utility" under this contract shall include publicly, privately, and cooperatively owned utilities.

Fencing Requirements: The City may either pay the property owner for existing right of way fences based on the value such fences contribute to the part taken and damages for an unfenced condition resulting from the right of way taking, in which case the estimated value of such right of way fences and such damages will be included in the recommended value and the approved value, or the City may do the fencing on the property owner's remaining property.

Where the City performs right of way fencing as a part of the total right of way consideration, neither the value of existing right of way fences nor damages for an unfenced condition will be included in the recommended value or the approved value. State participation in the City's cost of constructing right of way fencing on the property owner's remainder may be based either on the actual cost of the fencing or on a predetermined lump sum amount. The State will be given credit for any salvaged fencing material and will not participate in any overhead costs of the City.

If State participation is to be requested on the lump sum basis, the State and the City will reach an agreement prior to the actual accomplishment of work as to the necessity, eligibility, and a firm commitment as to the cost of the entire fencing work to be performed. The foregoing is subject to the provision that the lump sum approved cost shall not exceed $20,000, except as specifically approved by the State. In case the fencing is estimated to exceed $20,000, the transaction will be brought to the attention of the State for determination of proper handling based upon the circumstances involved.

Reimbursement: The State will reimburse the City for right of way acquired after the date of this contract in an amount not to exceed 90 percent of the cost of the right of way acquired in accordance with the terms and provisions of this agreement. The State's reimbursement will be in the amount of 90 percent of the State's predetermined value of each parcel, or the net cost thereof, whichever is the lesser amount.

If condemnation is necessary and title is taken as set forth herein under the section headed "Condemnation." the participation by the State shall be based on the final judgment, conditioned that the State has been notified in writing prior to the filing of such suit and prompt notice is also given as to all action taken therein. The State shall have the right to become a party to the suit at any time for all purposes, including the right of appeal at any stage of the proceedings. All other items of cost shall be borne by the State and the City as provided by other provisions of this agreement.

If a lump sum fencing or utility adjustment agreement has been executed the State will reimburse the City in the amount of 90 percent of the predetermined lump sum cost of the right of way fencing or utility adjustment.

If the City prefers not to execute a lump sum agreement for either fencing or utility adjustments the State will reimburse on the actual cost of such adjustments. The City's request for reimbursement will be supported by a breakdown of the labor, materials and equipment used.

General: It is understood that the terms of this agreement shall apply to new right of way authorized and requested by the State which is needed and not yet dedicated, in use, or previously acquired in the name of the State or City for highway, street, or road purposes. This agreement shall also apply, as to any existing right of way, to outstanding property interests not previously acquired and to eligible utility adjustments not previously made, as authorized and requested by the State.

It is understood that this contract shall be effective from and after the date of full execution by the State.

It is further understood that if unusual circumstances develop in the right of way acquisition which are not clearly covered by the terms of this agreement, such unusual circumstances or problems will be resolved by mutual agreement between the State and the City.

Mayor Scarcella called the meeting to order at 7:00 p.m.

EXECUTIVE SESSION

Council went into executive session, as authorized by Article 6252-17, Section 2(g), personnel, appointment of Planning Commission members, parade marshal, two police officers and Finance Director, and reconvened in open session at 7:44 p.m.

DISCUSSION AND CONSIDERATION OF PAYMENT TO THE STATE DEPARTMENT OF HIGHWAYS AND PUBLIC TRANSPORTATION FOR RIGHT-OF-WAY ACQUISITION FOR US-59

Mayor Scarcella stated the Highway Department is asking for a $32,000 installment payment for right-of-way acquisition for US-59. Alderman Willis asked if paying this would bind the City to future payments. Mayor Scarcella stated he didn't think so. He stated the City has requested to be relieved of all responsibility for participation, but this appears to be an immediate need. After further discussion Alderman Willis moved Council authorize the Mayor to execute an Agreement to Contribute Funds form stating that the City agrees to pay 10% of right-of-way costs, or $32,000, to the State Department of Highways and Public Transportation, with the Mayor to send the SDHPT a letter asking them to refer to his previous letter of May 28, 1991, and stating that this payment in no way obligates the City to the remainder of the State's request. Alderman Harrison seconded the motion, and it carried 5 - 0.

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

INTERLOCAL AGREEMENT BETWEEN THE COUNTY OF FORT BEND AND THE CITY OF BEASLEY, TEXAS PROVIDING FOR THE HOUSING OF CITY PRISONERS

This interlocal agreement is entered into between the Commissioners Court of Fort Bend County, Texas, hereinafter referred to as "**County**", and the City of Beasley, hereinafter referred to as "**City**".

WHEREAS, the **City** desires the **County** to assist in the care, custody and support of prisoners of the said city for the consideration and terms and conditions hereinafter set out; and

WHEREAS, the **City**, acting by and through its duly elected governing body has determined that it would be of material benefit to said **City** to provide for such care of said prisoners and has, therefore, accordingly duly authorized this Agreement; and,

WHEREAS, the **County** desires to assist the **City** in the care, custody and support of prisoners of the said city for the consideration and terms and conditions hereinafter set out; and

WHEREAS, the Commissioners' Court of Fort Bend County, Texas, has passed an order authorizing the Sheriff of Fort Bend County, Texas, to accept from the proper law enforcement officers of said city all prisoners of the city under the terms and conditions and for the consideration hereinafter set out; and

WHEREAS, the governing body of the **City** has duly authorized this Agreement; and

WHEREAS, the governing body of the **County** has duly authorized this Agreement; and

WHEREAS, this Agreement is made pursuant to and under the provisions of Chapter 791, Texas Government Code, V.T.C.A.

NOW, THEREFORE, it is mutually agreed by and between the **County**, acting herein by and through its duly authorized Commissioners' Court, and the **City**, acting herein by and through its duly authorized governing body, as follows:

I.

The **County** agrees that the Sheriff of Fort Bend County, Texas, may, on and after the effective date of this instrument, accept from the duly authorized law enforcement officers of the **City**, any and all persons who, under the law of the State of Texas, are prisoners of the respective city. For definition purposes, a **City** prisoner shall mean those persons charged ONLY with a violation of a city ordinance and State laws which are classified as class "C" Misdemeanors, lying within the jurisdiction of the Municipal Court of herein above stated city in Fort Bend County, Texas. The Sheriff may, at his sole discretion, (but will not be obligated to), accept persons accused of violations of municipal codes or ordinances only.

II.

The Sheriff of Fort Bend County, Texas, will house, support, maintain and confine said **City** prisoners in the **County** jail subject to the orders of the duly authorized Municipal Magistrate of said city.

No prisoner charged with a Municipal Class "C" Misdemeanor only shall be accepted by the Fort Bend County Jail unless the Municipal Magistrate has set his/her bond prior to incarceration.

The **County** and the **City** further agree that once a city prisoner is accepted and committed to the **County** jail, the Sheriff or his deputy in charge of admissions, will release a **City** prisoner only when the discharge of the **City** prisoner is lawfully ordered or authorized by a Magistrate or any Court of competent jurisdiction, provided, however, that nothing contained herein shall be construed

to authorize or require the **County** or County Sheriff to incarcerate or hold any person contrary to the Constitution and the Laws of the State of Texas and the United States of America.

III.

A. The County Sheriff and/or his deputy in charge of admissions at the **County** jail, may refuse to accept an injured or ill **City** prisoner, when in the judgment of the County Sheriff and/or his deputy, medical attention is necessary before confinement. It is agreed and understood between the **County** and the **City** that the County Sheriff and/or his deputy in charge of admissions at the **County** jail, shall determine, upon presentation of the **City** prisoner at the **County** jail, whether at that time, at the sole discretion of the County Sheriff and/or his deputy, the **City** prisoner should be accepted into the **County** jail or transported to the nearest hospital by the law enforcement officers of the **City**.

B. It is further agreed that during the confinement of any **City** prisoner in the **County** jail, the **County**, acting by and through the County Sheriff and/or his deputy, will provide all necessary medical treatment and hospitalization for all **City** prisoners whether they become sick or injured. It is expressly agreed and understood that the cost of all medical care, treatment and hospitalization is strictly the responsibility of said **City**, and should any such expense be incurred by the **County**, and **City** will reimburse the **County** for same upon request.

C. The **County**, acting by and through the County Sheriff and/or his deputy, agrees that Fort Bend County Sheriff's Department will not guard any **City** prisoner, who is to be transported to any hospital. Upon notice to the **City** by **County**, once the **City** prisoner is removed from the **County** jail, it will be the responsibility of said **City** to provide a necessary security guard for such prisoner outside the confines of the **County** jail.

IV.

The **City** agrees to furnish its own bailiff to escort **City** prisoners to and from Municipal Court from the **County** jail. A commitment from the Municipal Court will be obtained on each **City** prisoner within twenty-four (24) hours and will be forwarded to **County** jail personnel, provided, however, such requirement will be exclusive of weekends and holidays. When a **City** prisoner is removed from the confinement of the **County** by a **City** police officer, the **County** releases and assumes no further responsibility for the said **City** prisoner until such time as the prisoner is returned to the **County** jail by the **City** police officer and is duly accepted by the County Sheriff and/or his deputy for confinement. **City** prisoners returned to jail after court must have proper commitment forms prior to their being booked and accepted back into the **County** jail for confinement. **City** agrees and accepts sole responsibility for final bookout procedures, as may be established from time to time by the County Sheriff's Department, before nay final release of the **City** prisoner may be accomplished at the **County** jail.

V.

The **City** agrees to pay the Treasurer of Fort Bend County, Texas, at the end of each calendar month the sum of TWENTY-FIVE AND NO/DOLLARS ($25.00) per day per **City** prisoner that has been incarcerated in the **County** jail. The Sheriff agrees to provide a monthly statement showing the name of each **City** prisoner, the charge, the number of days served by each prisoner and the total amount due the **County**, to the County Treasurer and the **City**. For purposes of this Agreement, confinement on any calendar day, regardless of the amount of time spent in confinement, shall count as one full day of confinement. In calculating the number of days a certain **City** prisoner was confined, the day of arrival will be counted but not the day of departure. Further, **County** shall have the right to suspend **City's** use of the **County** jail facility until

such time as any delinquent account is brought current. **City** agrees to pay for the confinement of their prisoners on Municipal charges, except where class "B" and class "A" misdemeanor charges or felony charges are filed simultaneously, and not dismissed at a later date.

VI.

It is expressly understood and agreed that the effective date of this contract shall be the 1st day of January, 1993, and it is further expressly understood and agreed that this contract shall automatically terminate on the 31st day of December, 1993, and must be renewed annually thereafter. It is further understood and agreed that this Agreement may be terminated at any time by either party upon thirty (30) days written notice of an order or resolution of the respective governing body of such termination to the other party and no further liability thereon will remain, other than that which has accrued before termination.

VII.

The **City** agrees to indemnify, protect and hold harmless **County**, its officers, agents and employees from and against any and all claims, demands, losses, damages, causes of action, suit, and liability of every kind, including expenses of litigation court costs and attorneys' fees and including injury to or death of any **City** prisoner because of the acts and omissions of any **City** employee. **County** agrees to save and hold **City** harmless for any claim for damages for which the **City** may be held liable to any **City** prisoner because of the acts or omissions of any **County** employee.

VIII.

The execution of this contract and the payment herein provided for are authorized by proper Resolutions and Orders, duly adopted by the Commissioners' Court of Fort Bend County, Texas, and the City of Beasley, each entered upon the Minutes of the Meetings of said organizations, copies of which Resolutions and Orders being

attached to this contract and by reference incorporated herein and made a part hereof.

IX.

It is expressly understood and agreed by the parties hereto that this Agreement will have no force or effect until duly executed by all parties.

Dear Sir:

On March 10, 1994, the Fort Bend County Firefighters Association voted unanimously to request of Commissioners Court that Pleak Volunteer Fire Department be added to the rotation list.

The policy was set down by Commissioners Court several years ago that a department entering the rotation list in the first six months of the year would go to the top of the list the following year. A department entering the rotation list during the last six months of a year will be placed at the top of the year after next list. If so approved, Pleak Volunteer Fire Department would go at the top of the list for 1995.

Attached please find the proposed 1995-1997 rotation list, with Pleak Volunteer Fire Department included, for Commissioners Court approval.

If you have any questions, please feel free to contact me.

Sincerely,

RE: Cooperative Agreement between Fleak Volunteer Fire Department, a First Responder organization, and Fort Bend County Emergency Medical Services

Dear Sirs:

Chapter 773 of the Health and Safety Code requires first responder organizations (fire departments who provide basic and advanced life support) to work in cooperation with a transporting, licensed EMS provider and must document the agreement.

The attached agreement has received approval from the first responder agency and I ask that you give favorable consideration as well.

Sincerely,

Daniel Kosler

AGENDA ITEM # 33

Sgt. Steve Potts
Fort Bend County Sheriff's Office
1410 Ransom Road
Richmond, TX 77469

Dear Sgt. Potts,

During the past five years, the Fort Bend County Sheriff's Office has evaluated digital imagining identification systems. This evaluation has been conducted via on-site demos by various vendors, examination of systems at technical conferences, and by review of specifications, capabilities, functions, and comparisons of economy of cost and operation.

The system we offer and have assisted in developing, Criminal Justice Image Management System (CJIMS™), the law enforcement version of Image Management System (IMS), manufactured and copyrighted by Identification International, Inc. (3i), has been selected as the product that will best service the Department's needs.

This product qualifies under 262.024 *Exemptions*, numbers 2 and 7 of the Property Acquisitional Government Code.

2. CJIMS will greatly assist the Department in the identification of criminals and gang members, making identification faster, more thorough, and more accurate. The system will provide the deputies on the street with the capability of fast, easy identification of persons with outstanding warrants, so that the subjects can be removed from the streets quicker. This will make the streets safer, and increase the protection of the residents of the County.

7. The CJIMS/IMS software is copyrighted and distributed soley by Identification International, Inc. Total Identification, Inc. is the only dealer in Texas authorized to sell CJIMS/IMS software.

If you have any questions concerning the above, please feel free to contact me.

Very Truly Yours,

RE: EXPENSES TO BE INCURRED

DEAR JUDGE CORDES:

ON APRIL 10, 1994 I WILL BE AFFORDED THE VERY DISTINCT AND HONORABLE OPPORTUNITY TO BE ONE OF FOUR PEOPLE CHOSEN FROM THE HOUSTON AREA TO ATTEND THE 177TH SESSION OF THE FBI NATIONAL ACADEMY. WHILE THIS TRAINING IS FEDERALLY FUNDED THERE ARE SOME EXPENSES WHICH HAVE TO BE PAID UP FRONT AND SOME WHICH ARE NOT PAID WHICH DEAL WITH ATTENDANCE AT THIS VERY PRESTIGIOUS SCHOOL.

UPON SUGGESTIONS FROM JUDGE CORDES, I HAVE CONTACTED ROBERT GRAYLESS AND IT IS HIS OPINION THAT THE EASIEST WAY TO HANDLE EXPENSES (WHICH WILL COME FROM MY BUDGET) IS TO MAKE A CASH ADVANCE WITH SETTLEMENT TO BE DETERMINED WHEN I RETURN. ATTACHED IS A LIST AND EXPLANATION OF SOME OF THE EXPENSES. ACCORDINGLY, MR. GRAYLESS RECOMMENDS APPROVAL FROM THE COURT TO AUTHORIZE THE ADVANCE THUS THE PURPOSE FOR THIS LETTER.

I SINCERELY APPRECIATE ANY CONSIDERATION ON THIS MATTER WHICH WILL HELP TO ACHIEVE THIS GOAL.

RESPECTFULLY,

Rob Cook

II. LOCATION AND EMERGENCY CONTACT INFORMATION

The FBI Academy is located on the U.S. Marine Corps Base, Quantico, Virginia, approximately 40 miles south of Washington, D.C. The Academy can be reached by proceeding alo Interstate 95 to the Marine Corps Base Exit #148(old Exit #49), and then west for 5 miles to the Academy complex on Road MCB #1 which becomes Road MCB #4.

The following information should be given to anyone who may desire to contact you while in attendance at the FBI Academy. By adhering to the format below, your family, friends, etc. should have little difficulty in reaching you.

The Academy telephone number is (703) 640-6131 in Quantico, Virginia. When calling the Academy ask for student by name or extension. If no answer, ask the operator to page the student or take a note.

If the call is an emergency (illness, accident, death, etc.), advise the FBI Operator of your identity and the nature of the emergency. If student is not in his or her room and cannot be reached by paging, ask the operator to connect you with one of the National Academy Counselors, and relate the problem to him. You can be assured that every effort will be made to locate your party and furnish the details of the emergency.

III. TRANSPORTATION AND ARRIVAL INFORMATION

You are to report between the hours of 1:00 p.m. and 5:00 p.m., on the Sunday the session begins, to the FBI Academy, Quantico, Virginia.

Academy processing will be conducted between the hours of 12:00 noon and 6:00 p.m. and orientation for the entire class assembly will be held at 8:00 p.m. on the first day of the session.

In the event you desire travel via commercial carrier and you are from a city, county or state agency of the United States, you should contact the FBI office processing your application. Federal, military and foreign invitees must secure transportation costs from their own agencies. Travel is to be accomplished by the most economical mode. All commercial carrier travel will be by coach airline accommodations unless circumstances exist which would make this impossible and disadvantageous to the government.

If you need transportation from Washington, D.C., to the Academy, you should report to the MAIN BUS LANE AT WASHINGTON NATIONAL AIRPORT, located in the center of the airport circle. Buses will display a sign reading "Academy-Quantico" and will depart for the Academy at 3:00 p.m., 4:30 p.m., 5:30 p.m., and

7:00 p.m., on Sunday, the first day of the session. If you are arriving at Dulles, you should take the Washington Flyer Shuttle leaving every hour on the hour from Dulles to National Airport at a cost of approximately $17.00.

In the event circumstances beyond your control make it impossible to meet the Academy buses, Washington Flyer(Dafre) operates a shuttle that departs National Airport at 8:45 p.m. with service directly to the Academy. The Washington-Flyer office is located on the North side of the main terminal past United Airlines and the shuttle fare is approximately $21.00.

Should you choose to travel by automobile, you may claim reimbursement for mileage and expenses as well as lodging, but not to exceed the equivalent of the cost of the most expedient means of air coach travel. Only in unusual and fully justified circumstances will you be authorized reimbursement for any overnight accommodations or per diem for more than four quarters of a day, as travel is expected to commence and terminate the first day of the session. Invitees will prepare and submit vouchers for travel expenses identical to those submitted by FBI personnel. Lodging and travel receipts must be obtained and submitted with vouchers. Further instructions will be given after your arrival at the FBI Academy.

IV. ORIENTATION

Processing will commence upon your arrival at the FBI Academy. Additionally, you will be afforded a complete orientation of the facilities including information on the various services provided for your convenience. Complete details concerning class schedules and other related matters will be furnished each attending officer.

A convocation is scheduled for all students at 8:00 p.m., therefore all personal affairs regarding arrival arrangements and Academy processing must be completed by this time.

V. ATTENDANCE

National Academy invitations are extended to law enforcement officers with the understanding that they will devote full time to this program. The FBI views attendance by each officer at all classes and scheduled activities as essential if the officer and his or her department are to receive maximum benefit of the training and educational opportunities. Accordingly, all students are required to attend all classes as scheduled and complete all assignments in a timely manner. A daily record of attendance will be taken in every class. The only acceptable excuse for nonattendance is illness or an emergency. Your Counselor should be notified in advance of class meetings of such absences. A student is subject to dismissal for

Several application programs are available for s use. They include: WordPerfect 5.1, Excel, dBase III Plu R-Base for DOS, and Statplan. Students can also check-out variety of CBT modules to further enhance their learning experiences. Topics include computer skills, management ski foreign languages, and interpersonal communications. A comp listing of available courseware is available in the CBT Cente

Typewriters are available for students in limited quantity; however, students may bring personally owned typewriters or laptop computers for use during the course.

VIII. MAIL

Officers attending the Academy may receive their mail by having it addressed to them in care of the FBI National Academy, Quantico, Virginia 22135. It is suggested that your box number be added to this address when you are assigned to a specific P.O. Box.

IX. TELEPHONE

All students are required to use pay telephones in making calls from the FBI Academy. It is strongly recommended that telephone credit cards be used as this speeds up the process of placing calls and expedites the utilization of the limited trunk lines.

X. FINANCIAL CONSIDERATIONS

There are no charges for tuition, books, or equipment used. Meals, lodging, dry cleaning, and laundry services are also furnished without cost. Personal expenses such as costs of toilet articles, tobacco, snacks, and the like must be borne by the officer.

All students are required to pay a $125 assessment fee which takes care of various expenses while at the Academy. A breakdown of these expenses will be given when the students arrive.

The Academy social program offers a wide variety of extracurricular activities which are an essential part of the enrichment of a police officer's experience at the National Academy. It is, therefore, recommended that an attendee's agency provide some financial assistance for its candidate to fully participate in the National Academy program. As a guide, many agencies provide $3.50 or more, a day to help the student defray incidental expenses incurred by living away from home.

Additionally, various wearing apparel, memorabilia and souvenirs are available for purchase by the student at the Academy.

XI. CONDUCT AND DISCIPLINE

The rules of conduct for those attending the Academy will be similar to the rules you are required to follow in your own department, and are the same rules the Special Agents of this Bureau follow. Failure of a student to abide by the rules of conduct of the Academy and by reasonable standards of discipline may result in the notification of the head of his or her agency and expulsion.

Alcoholic beverages are not allowed in the dormitories at the FBI Academy. Persons violating this rule will be dismissed from the Academy.

Any student who is found to have failed to adhere to reasonable standards of conduct and personal discipline or acts in a disorderly manner while a guest at the FBI Academy could be subject to immediate dismissal from the Academy.

The maintenance of the FBI Academy's enviable reputation is in many ways dependent on the professional decorum of its student population. It is important to preserve and foster this environment at the Academy. As such, your cooperation and compliance with the above-cited standards is required. These standards as set out will apply across the board to all FBI, DEA, National Academy and other criminal justice personnel attending the FBI Academy.

XII. HONOR CODE

The FBI Academy has adopted an Honor Code designed to enhance integrity and increase motivation to learn. All students are expected to abide by the Honor Code and those who violate the Code are subject to immediate dismissal from the FBI National Academy Program.

The following pledge, or one with minor modifications, will be subscribed to and signed by each student for every examination administered at the National Academy:

"On my honor as a student at the Academy,
I pledge that I have not received nor
given any aid on this examination."

A student is bound by the Honor System whether or not he or she signs the pledge.

MEMORANDUM

To: Roy L. Cordes, Jr., County Judge
Commissioners Court

From: Richard Selleh, Director of Human Resources RS

Subject: Request for Extended Sick Time for Engineering Department Employee

Date: March 25, 1994

D. Jesse Hegemier, County Engineer, has requested 12 days extended sick time for Lynda Brdecka. Ms. Brdecka has been employed by the County since January 1, 1989. The five (5) plus years service qualifies Ms. Brdecka for 12 days extended sick time under the County policy. I recommend that the Court grant Ms. Brdecka the 12 days extended sick time.

If you have any questions please call me.

PURCHASING DEPARTMENT
ATTN: Mr Jalomo or Mrs Kozlinski

Reference our conversations earlier this date, wherein we discussed not going out for bids (due to the lateness of the event), but rather to try to locate a car on the dealer's lot that meets my specs, and the specs of the bid package, and attempt a local purchase directly out of their resources....as long as the total price of the vehicle is less than the 15,000.00 cut-off that precludes the necessity of bidding. I checked four dealerships in person, and located a vehicle that met all specs, and was indeed below the 15,000 cut-off. The vehicle is a

Ready for immediate delivery: Full price: $14,549.18 * (* money is already in my budget)

From: Knapp Chevrolet, Houston ATTN: Mr C. Hill (228-4311)

I have coordinated this matter with, and through, vehicle maintenance (Sid) and his words were, "Go for it"!! He stated that he had no problem with using Knapp Chevrolet as the supplier of this one vehicle and that he would include it into his routine vehicle maintenance program upon receipt.

Secondly, "Norma" from Judge Cordes' office said that she would include this matter on next week's agenda addendum (set for Tuesday, 29 Mar 94). Since the authorization to seek a vehicle was already approved, I suppose the only thing remaining is to get approval from commissioner's court to actually make the purchase. This matter is therefore set for the Tuesday agenda.

If there is any additional information needed, please advise.

ADDITIONAL INFORMATION:

28 Mar 94

I spoke with the County Attorney (Mr Childers) today approx 11:30PM and explained this purchase to him to see if there were any legal problems associated with it, and he clearly stated that this is an authorization to purchase therefore there is no legal problem involved, and if commissioner's court approve this purchase, everything will be OK. (Money is already in my budget).

SPECIFIC AIMS OF PROJECT

Fort Bend County has an interest in using natural gas as an alternative fuel. Commissioner's court has approved a contract, negotiated by the County Judges office, with Eco Gas. This company will be producing methane from the county's landfill and selling it back to the county in a finished product. The recovery project is moving along rapidly and should be generating LNG by late 1994. The fuel from the landfill will be distributed to Katy Independent School District and others who chose LNG or LNG to CNG type facilities. .

Our goal is to operate county vehicles, cost effectively, on landfill gas and comply with clean air legislation. Many of our vehicles fall into the exempt category because they are in law enforcement and emergency services. We feel that converting these vehicles would be more cost effective and will reduce emissions. Most will return to the home office at the end of the day. Most are driven over 50,000 miles annually. Patrol deputies are more familiar with operating a vehicle and should detect a problem early (should one arise).

Fort Bend County would like to convert to natural gas in three basic steps:

1. Convert one vehicle (possibly more) to run on natural gas for training.

a. Mechanics need to be able to maintain the equipment at the county facility. We will be involved with the installation to learn more about the injection system rather than buying from the original equipment manufacturer (OEM).

b. Vehicle operators need to be aware of the facts about natural gas. Converting a vehicle and letting them drive it should impress them in a positive way and make the transition smoother.

c. Fuel availability is the only obstacle that is keeping us from converting more. The closest facility is outside the county. LNG will not work in all vehicles so a small CNG pump will work for us now. After the landfill is in production, the pump will serve the few vehicles where LNG will not be the best fuel choice.

2. Convert 10 or more vehicles

a. The first group of conversions will be on vehicles driven the most miles per year. Patrol cars would be the best to target because they operate more than 50,000 miles per year and are more consistent about the mode of operation. We can probably use this data to help others who would

consider converting them as well.

b. More than 10 conversions would be ideal for our goal; however, the cost is not included in the 1994 budget because necessary information was not available at preparation time. As it is the funding for the 10 may not be available.

3. Convert or purchase afv's where feasible during replacement cycle

a. Our goal is to operate the county vehicles to run on landfill gas, safely and cost effectively.

b. Rather than focus on mandates we will initiate conversions when possible. (The goal can be met sooner than mandated and the costs will be lower if done in a logical order).

PLAN OF WORK

a. Natural Gas as an engine fuel is new for most fleets including ours and technicians installing this equipment are better trained so we plan to subcontracting the conversions. We may consider converting them ourselves in the future.

b. One county employee will be trained about the system during installation so he can teach others. Ongoing education will be a priority.

c. Additional fabrication equipment has been purchased by the county in anticipation of additional finish work needed on our specialized vehicles.

COMPLETION

The requested funds will be for Step 2 and for a CNG pump to help develop a much needed infrastructure. We can put the funds to use within a year.

TYPES AND INTENDED USES

We are a local government southwest of Houston, which is the third fastest growing white collar community in the nation. The entire county fleet contains light to heavy duty trucks and cars along with a multitude of over the road equipment. The county will use these vehicles for our daily functions including animal control, law enforcement, building maintenance etc.

Most vehicles converted with funds will fall in the exempt category of law enforcement because immediate results will be obtained and the personnel are better trained about their vehicle. Patrol cars are also very visible in the community and publicity for alternative fuels may help build the necessary infrastructure.

A small fuel facility for starting will remain in use as part of our infrastructure and back up the main facility.

THE ABILITY TO REFUEL

a. The closest fuel site is at the Katy independent school district. We have arranged to share on the initial conversion.

b. The landfill will be on line later in the year with fuel on the west end of the county. That site could serve the west end of Fort Bend County and will be open to the public.

c. We are requesting, as a part of this grant, a compressed gas skid mounted unit for the east end of the county to service ourselves, other cities and school districts. This is an important part of our project and can be an asset to others as well.

THE VISIBILITY OF THE PROPOSED PROJECT

a. Announcements have been made to other local government offices about our intention to convert to natural gas. The project manager has been making contact and trading information with these offices to help develop a network of interested parties. Cooperation is one key to our success.

b. Media coverage will be coordinated by our public information officer.

c. Most vehicles already exhibit county decals. CNG and LNG markings will be done according to the size and color of the existing decals. Another marking may be added to show landfill gas is powering this vehicle.

FORM A: RELEVANT QUALIFICATIONS OF KEY PERSONNEL

Project Manager: Sid McArthur
ASE certified master technician with an associates' degree in automotive technology.
Over 20 years experience in the automotive industry.
Vehicle Maintenance Manager at Fort Bend County for nine years.
Experienced with industrial natural gas and diesel engines.
Other projects include:
Designed and built proto types for ambulances that led to our standard of Mobile Intensive Care Unit. Established a record keeping system to benchmark costs related to vehicle repairs to set monetary goals for operations.
Established standards for emergency equipment on county vehicles.
Built a new maintenance facility
Currently involved in building a new fuel and car wash facility.

Mechanic / Fabricator
Owner / operator automotive body repair shop.
Experienced in automotive industry for 16 years.
Operates a blacksmith shop where he hand forges small parts.
Proficient at welding
Experience in rebuilding cars with emergency equipment for seven years.
Completed home study course in TV/VCR repair to obtain better working knowledge in electronics.
Public information Officer
Newspaper editor / reporter for 25 years.
Excellent liaison with local media.

Shop Mechanics
Have maintained emergency vehicles for Fort Bend County without a single mechanical related accident since 1985.
Two have had prior experience in industrial gas engine repair.

FORM B: APPLICANT'S EXPERIENCE

The applicants have not had any experience with alternative fuels. Our experience is in maintaining emergency vehicles used by the county. We do our own fabricating and installation of emergency equipment. All of the county's vehicles are safe, dependable, and cost effective in operation. Emission controls are in tact and maintained as part of the vehicle. We welcome an inspection these vehicles by an appointed member(s) of the council.

FORM C: QUALITY CONTROL / ASSURANCE

We have a good system of documentation in place and we have ordered new software to make it easier. We benchmarked to a cost per mile. We have files with repair orders by vehicle and chronological order. Currently data is entered into the computer from hand written repair orders. The computer software will allow us to enter data directly and it will also down load data from the fuel monitoring system.

We can track the operating cost over the useful life of a vehicle and compare it with past and present data of the same make and model. This can be done on high mileage vehicles within two years and could prove to be useful information. The target vehicles have been cost effective and the data very consistent.

Alone, we may not have the largest environmental impact. But as one of the largest fleet operators in the county we could take a lead role in helping other to establish a working program.

FORM D: PROJECT TIME LINE

Work related to this grant will be done within a year of acceptance. Our physical year starts on January 1. The budget process starts in May and is completed in September. Normally we would do our reporting at the end of the physical year; however, the new software will allow detailed reports to be produced any time. We would work with you on a format that would standardize reporting to your council and show how the project is moving along.

Alternative Fuels University has told us that we could expect that the vehicle to be converted within 35 days

Bowgen Fuel Systems has suggested that we could take receipt of the natural gas pump 45 days from receipt of order.

AFC's prior written approval for purchase or lease of equipment with acquisition cost of $5000 and over is required. Approval of this budget does not constitute prior approval.

FORM F: EQUIPMENT

The vehicles will use equipment specified in the bid for the Texas Department of Transportation. Suppliers of this conversion system have had time to work out the bugs and present logical solutions. Our focus will be to make the alternative user friendly, safe, and cost effective rather than duplicating efforts to design the system.

The Compressor station was chosen for the purpose of budgeting. We know it will work. A local gas company has used it to save money during the energy shortage of the later 70's to early 80's by producing an abandon well; however, this equipment will need to go out on bid.

FORM G: LOCAL RELATED ACTIVITY

No activities exist at this time. That is why it is important to consider this application.

FORM H: EXISTING AND PLANNED REFUELING INFRASTRUCTURE

Fuel will be available by mid to end 1994 on the west end of our county through the landfill reclamation project. As part of this grant we are asking for a small CNG unit for start up, refueling on the east end of the county, and for backing up the other system.

FORM I: STATEMENT OF HUB STATUS

We are a county entity and have no HUB status. The vendors used will be chosen in a bid process so their status is unknown.

FORM J: OTHER PUBLIC AND PRIVATE FUNDING OPTIONS AVAILABLE

none

FORM K: CURRENT FLEET COMPOSITION

The entire county fleet contains light to heavy duty trucks and cars along with a multitude of over the road equipment. The county will use these vehicles for our daily functions including animal control, law enforcement, building maintenance etc.

Most vehicles converted with funds will fall in the exempt category of law enforcement because immediate results will be obtained and the personnel are better trained about their vehicle. Patrol cars are also very visible in the community and publicity for alternative fuels may help build the necessary infrastructure.

The county will comply with federal clean air act. After the State Implementation Program is in place we can determine if we comply.

FORM L: MATCHING FUNDS STATEMENT

We will match funds with approximately 16% as described in Form E. The county is the only participant in this grant application.

FORM M: ECONOMIC FEASIBILITY

The feasibility of this project could be changed by the cost of fuel in the future. Below are figures compiled from information received from local utility companies. Using he data from our current fleet, we could expect the cost of operation to be at or lower than if we used conventional gasoline.

FORM N: ELIGIBILITY FOR SIP REQUIREMENTS

The State Implementation Program is not known at this time.

FORM O: STATEMENT OF COMPLIANCE

To the best of our knowledge we comply with all state and federal laws regarding alternative fuels to date. We intend to follow the state and/or federal laws regarding alternative fuels; but, would rather not speculate on them.

We are designated by the EPA as being a non- attainment area.

We understand that by using these funds toward alternative fuels conversions we will be in compliance with the laws regarding oil overcharge funds.

FORM P: FULL DISCLOSURE

At his time there are two federal suits that have been filed against fort bend county stemming from alleged actions of an elected official. Both cases were filed in the United States Supreme Court, Houston Division.

In 1990, there was a case filed by Salvador and Patricia Gambino, Cause no. 90-2799, alleging dismissed by a newly elected official, Constable Rob Cook, based on age discrimination.

The second case was filed March 4, 1994 styled Cynthia A. Deluna vs. County of Fort Bend, Diane Wilson and Shirley Davis. This case alleges wrongful termination through retaliation by elected official, Fort Bend County Clerk, Dianne Wilson.

Although there have been suits filed in the past against the county and its officials alleging discrimination and illegal activities, all others have been dismissed.

Re: 1994 Ad Valorem Tax Exemption Application for Historic Site Exemption - The George Ranch Historical Park

Dear Judge Cordes:

Enclosed please find the 1994 Historic Site Exemption Application for The George Ranch Historical Park, along with a metes and bounds description. A survey is not included since there has been no changes in the status of the land from the original survey of The George Ranch Historical Park.

Thank you very much for your assistance in this matter, and should you have any questions, please feel free to give me a call.

Very truly yours,

Addendum A

Modification to Jukebox Specification

This addendum specifies Fort Bend County accepts the requested modification to the original jukebox configuration whereby 10.2 gigabyte ATG optical drives are substituted for the original 6.4 gigabyte ATG optical drives. The performance characteristics of the 10.2 gigabyte optical drives match or exceed the 6.4 gigabyte optical drives. There will be no additional charge for this equipment substitution.

Optical Jukebox Comparison

AS PER ORIGINAL

	Current	*Proposed*
	6.4 gigabyte ATG optical drive	**10.2 gigabyte ATG optical drive**
Capacity		
Total Jukebox cap.	839 gigabytes	1,336 gigabytes
Performance Characteristics		
Transfer Rate	1.1 MB/second	1.5 MB/second
Seek Time	90 milliseconds	90 milliseconds

All other characteristics are identical. This includes the size and weight.

Hart Forms & Services offers the 10.2 gigabyte optical disk drives at no additional cost to Fort Bend County. This upgrade, if purchased separately, is an $18,000 option. The additional storage afforded by the higher capacity drives will allow Fort Bend to accommodate other image applications more easily.

The Honorable Roy L. Cordes, Jr., County Judge
and Members of the Commissioners Court
Fort Bend County, Texas

This letter will confirm our understanding of the services we are to provide to the Fort Bend County Sheriff's Department to assist and review employee FLSA deferred/comp/holiday/sick/vacation time balances ("compensated time") for the year ended December 31, 1993. We will work directly with Mr. Steve Potts and Chief Holman Gregory on this project and indirectly with the County Judge, County Auditor, County Treasurer, MIS Department, and Human Resources. The outcome of the project will be reliable balances for the employees' compensated time as of the above date.

This project will be in addition to those services outlined and approved by Commissioners Court in our engagement letter for the basic audit dated February 4, 1994. In planning the extent of services of our staff on this project, we have worked closely with the Sheriff's Department personnel in designing procedures and estimating man-hours needed. The basic terms of this agreement are the result of the work of our staff and Sheriff's Department staff in planning the procedures to be applied to the data now available. We have also met with other County officials regarding the need for this project and have discussed with them certain policy decisions that will affect final computation of the compensated time.

Our managerial staff will prepare detailed procedural task outlines for the project. Also, the project will be under the joint supervision of our staff and the Sheriff's Department staff. Our fees for these services will be based on the actual time spent at appropriate hourly rates. These rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to the project. Based on our preliminary estimates, the fees for our involvement in the project should not exceed $ 8,000. This estimate includes 160 hours of time to be spent by our professional staff. This estimate has been reviewed and approved by the Sheriff's Department staff and includes an expected level of cooperation from Sheriff's Department personnel and the assumption that unexpected circumstances will not be encountered during the project. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

We appreciate the opportunity to be of service to service to Fort Bend County, Texas and believe this letter accurately summarizes the significant terms of this special project. If you have any questions, please let us know. If you agree with the terms of this letter agreement, please sign the enclosed copy and return it to us.

Sincerely,

RE: Coalition of Counties with Overcrowded Jails

Dear Judge Cordes:

The Coalition of Counties with Overcrowded Jails has been formally organized. A copy of the organizational minutes are attached. The objectives of the coalition are as follows:

1) Adopt structure and purpose;
2) State agency/court monitoring;
3) State agency communication; and,
4) Seek legal and legislative remedies.

A copy of the temporary budget for the coalition is also attached. It is expected that this budget will fund all necessary activities unless litigation is required. Participation in any litigation will require separate approval by each county.

The coalition will present testimony before the Board of Criminal Justice on March 18, 1994, concerning the need for emergency action to reduce the felony backlog. A copy of that testimony is enclosed.

Legal counsel for the coalition has been instructed to prepare monthly reports on the objectives of the coalition and actions by state agencies. These reports will be submitted to all participating counties.

Counties attending the organizational meeting voted to allocate the budget among the participating counties by population. The first quarterly statement will be submitted to participating counties on April 1, 1994.

ORGANIZATIONAL MINUTES

The Coalition of Counties with Overcrowded Jails held its organizational meeting on March 10, 1994 in Austin, Texas. Representatives of 18 counties attended. At this time the commissioners courts of the following counties have adopted resolutions to participate in the coalition: Brazoria, Ellis, Fannin, Hall, Madison, Smith, Waller and Wharton.

The coalition elected Judge Jimmy Phillips of Brazoria County as Chairman and Judge Penny Redington of Ellis County as Vice-Chair. A statement of objectives and temporary budget was adopted. Allison and Associates was selected as legal counsel.

The coalition authorized its officers and legal counsel to represent the group before the Texas Board of Criminal Justice and present its request for emergency jail relief. The coalition further authorized the officers to encourage participation in the coalition and to allocate the costs of the temporary budget to participating counties by population. The officers and legal counsel were instructed to report to the participating counties on a monthly basis.

STATEMENT TO BOARD OF CRIMINAL JUSTICE
March 18, 1994

In recent years Texas counties have faced increasing budgetary demands and overcrowded jails caused by the failure of the State of Texas to provide adequate prison space to hold its convicted felons. Rather than build sufficient prisons or overcrowd its facilities, the state has refused to accept persons sentenced to serve time in the Texas Department of Criminal Justice. This has forced counties to hold these prisoners in county jails for months and years after they have been sentenced by the district court. To hold this felony inmate backlog, counties have constructed additional jails, hired extra personnel, increased their jail budgets and raised property taxes. However, counties have been unable to meet the demand for more space for felony prisoners, and the backlog has continued to increase.

In 1991, the State of Texas agreed to end this felony inmate backlog by September 1, 1995. The state promised to construct sufficient facilities to meet this commitment. The citizens of the state supported this commitment by approving two successive bond referendums to provide the funds to build prisons.

In 1993, the state revised its Penal Code and authorized the construction of additional prisons and state jails, reaffirming its

commitment to reduce the felony jail backlog to zero by September 1, 1995. At that time, the state estimated that the backlog would peak at 25,000 in October, 1993 and decline thereafter. Unfortunately that projection has proven to be very inaccurate.

By November, 1993 the felony backlog was nearing 30,000. Parole releases had declined by eighty percent in two years. Construction of new facilities was averaging six months behind schedule. County jails were operating at 120% of capacity. Violent disturbances were occurring in the overcrowded jails. We requested immediate emergency relief for Texas counties.

In January, 1994, the Texas Board of Criminal Justice approved a plan to construct 10,800 dormitory beds by July 31, 1994. This plan is already behind schedule with only 8200 beds now projected by July 31, 1994. We described this plan as "grossly inadequate" and requested an additional 16,000 beds on an emergency basis. These facilities could be constructed by counties at state expense and utilized as state jail facilities in the future. The Board of Criminal Justice agreed to accept proposals for 1500-2000 beds and consider further action on March 18, 1994.

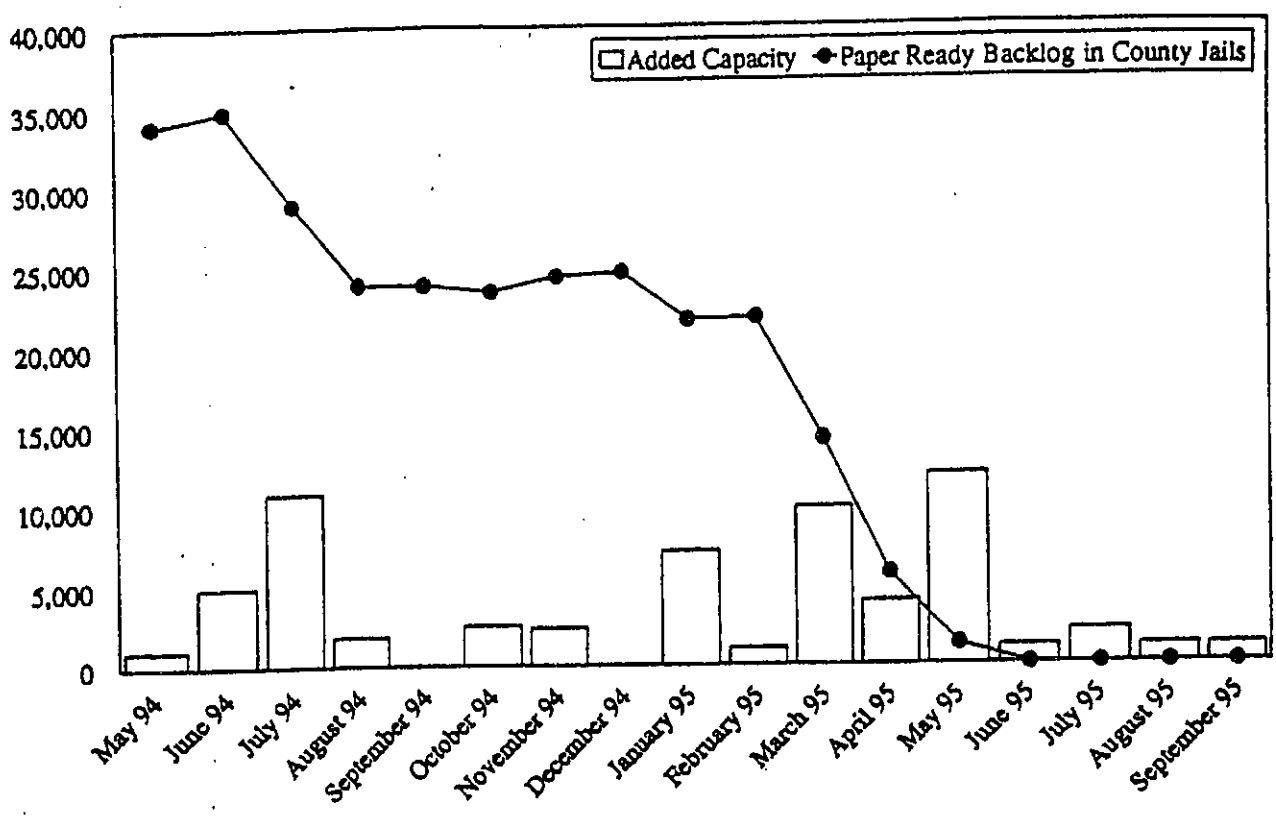

The latest estimates of the felony backlog are being released today. A copy of this projection is attached. This latest estimates forecasts a maximum backlog of 34,869 in June 1994. With the emergency dormitory beds and other construction, the backlog will eventually decline. However, it will remain above 21,000 until March, 1995. This is unacceptable.

Events of recent months have demonstrated that county facilities cannot safely tolerate a backlog in excess of 20,000.

When the backlog exceeds this level, counties are forced to overload their facilities, sleep inmates on the floor of cells, and expose their personnel to the risk of injury.

The State of Texas has the capability to authorize additional facilities and accelerate the construction of present projects. We have strongly urged that immediate action be taken to reduce the backlog below 20,000 before July 31, 1994. We will continue to monitor the action of the state agencies and will recommend appropriate responses to Texas counties.

SECOND AMENDMENT TO FORT BEND COUNTY/JOSEPH W. SYNAN AGREEMENT

THIS AMENDMENT, made and entered into by and between Fort Bend County, a body corporate and politic acting herein by and through its Commissioners' Court ("County") and Joseph W. Synan of Leadingwell Associates ("Consultant").

WITNESSETH

THAT WHEREAS, the parties have previously entered into an Agreement between Fort Bend County and Joseph W. Synan dated March 16, 1993, as amended on September 29, 1993; and,

WHEREAS, the parties desire to add additional terms to that Agreement by continuing the scope of work to be performed and extending the term of the Agreement, and by setting the compensation for said additional work;

NOW THEREFORE, in consideration of the mutual promises and representations contained herein, the parties agree as follows:

I.

1.01 The Scope of Work set forth in the Agreement, as amended, is continued, except that Consultant shall continue to perform such services for a period of time beyond that contemplated by the Agreement. In addition, Consultant will continue to perform the Long Range Planning Services.

1.02 The parties agree to extend the term of the Agreement, which will now expire on December 31, 1994 or until all money provided for in the Agreement has been expended, whichever occurs sooner.

1.03 In consideration of the additional and extended services provided for herein, County agrees to pay the Consultant a maximum of **TEN THOUSAND AND NO/100 DOLLARS ($10,000.00)**

1.04 All other terms and conditions of the Agreement remain in full force and effect and are ratified by the parties.

IN WITNESS WHEREOF the parties execute this Amendment as indicated below.

Dear Judge Cordes:

Derek Consulting Group ("DCG") is pleased to submit our report of findings from our study to conduct a post implementation review of the American Management Systems Inc. ("AMS") Local Government Finance System ("LGFS") and Government Human Resource System ("GHRS") projects.

The purpose of the study was three-fold:

- Assess general MIS controls and system security for the new application environment, on behalf of Null & Associates, in conjunction with the audit scope of work for FY 1993.

- Provide a "knowledge base" of overall progress, user feedback, and outstanding issues associated with the implementation the LGFS and GHRS applications.

- Identify opportunities for improvement and develop an action plan of tasks and/or additional study areas required to ensure continued progress in the successful implementation of the new software. Opportunities for improvement should consider those related to the current AMS projects, as well as any project organization/ management suggestions for future County systems implementation projects.

Much hard work has gone into the implementation of the new systems. County staff -- both users departments and MIS -- have learned a great deal about the applications and the process of implementing major "packaged" systems. This knowledge and experience will benefit the County as large systems projects are pursued in the future.

AS PER ORIGINAL

We appreciate the cooperation and assistance of County staff we interviewed during the course of our work. We believe all County users are eager to complete any remaining implementation tasks and to learn more about the system so that its full potential and value can be realized by the County.

We appreciate the opportunity to serve Fort Bend County on this important project. If you have any questions or would like to discuss this report further, please do not hesitate to call Fedor Derek at 552-0888.

Sincerely,

Fedor Derek
Principal

EXECUTIVE SUMMARY

Background

In December, 1991, Fort Bend County contracted with American Management Systems Inc. ("AMS") to purchase and implement their Local Government Finance System ("LGFS") and AMS' Government Human Resource System ("GHRS") software to meet the County's accounting and payroll system needs. On January 1, 1993, the County went "live" on the new software.

The purpose of this study was to conduct a high-level "post implementation review" of the LGFS and GHRS application projects and develop a "knowledge base" of implementation progress.

Opportunities For Improvement

Many of the implementation frustrations encountered by the County in installing the AMS applications are not uncommon nor very surprising. Changing a major system of any kind is always a disruptive and generally unpleasant process for users. It is our experience that *the key to success of any system implementation is the expectation levels which are set at the outset* of a project. This creates the framework within which management will evaluate progress and success, and establish the "tone" in which staff will need to work to make the system perform as promised. *Realistic expectation levels were not set for this project.*

Based on our interviews, users indicated the AMS applications have generally met functional expectations from the stand point of the systems ability to provide full encumbrance accounting, online purchasing capabilities, detailed online budget balances, and reporting. The Extended Purchasing module seems to be the best received aspect of the system. Payroll staff indicate that although complex, GHRS is generally providing the reports needed.

Where expectation levels have not been met is in the area of the level of user effort required to initially install and now maintain the system. The effort required has greatly exceeded original expectations. The initial implementation of the AMS software had the most difficulties in two areas:

- The staff resources -- or lack thereof -- that were devoted to the project
- How the project was organized

It is our experience that part time commitment of user staff to a major implementation of the size and complexity of the LGFS/GHRS implementation almost always results in subsequent problems. From a project management stand point, the organizational issues of county government seem to demand that large systems projects -- particularly "mission critical" applications -- which cross agency/department lines, are best managed by an independent external project leader. The issues of testing, procedures, and training were also not adequately addressed initially and need to be strengthened now.

Action Plan

Despite implementation difficulties, County staff appear to finally be settling in with the AMS software. While training, procedures, and management report issues still need to be resolved, it is our sense that users are now committed to getting the system to work smoothly. There is considerable work to still be done, however.

We believe that there are three major areas that County management (Commissioners Court; Treasurer; Auditor; and, MIS) must focus on and assign priority to in proceeding with the AMS implementation project:

- **Decide on how to proceed with the proposed upgrade to the new release of the GHRS payroll package.** While AMS promises that a number of deficiencies and County concerns will be resolved under the new release, the software is a significant change compared to the current version.

- **Focus immediate attention and resources on completing implementation tasks in the Cash Management/Treasury Management area.** This includes reviewing and documenting work flows/procedures under the new system, completing outstanding conversion/reconciliation tasks, and determining the suitability of the AMS Treasury Management module for Treasurer's needs.

- **Put the proposed "System Accountant" function in place quickly. The position is critical to ensuring that the implementation of the AMS software is completed successfully and is properly maintained thereafter.** The function is needed for the additional accounting expertise and the additional staffing resource it provides to handle "user side" implementation tasks.

We recommend that the County proceed as follows:

1. Defer the implementation schedule for the new release of GHRS to coincide with the start of the new year (January 1, 1995 or 1996) rather than attempting a mid-year conversion.

2. Hire an outside project leader to manage and direct the remainder of the overall implementation process.

3. Retain a consultant and establish a Working Group with the MIS Payroll Project Leader and Treasurers Payroll staff to analyze, relatively quickly, whether the benefits of upgrading the GHRS system at this time are justified.

4. Create and fill the position of "System Accountant" to serve as System Administrator for the GHRS and LGFS applications. Whether one or two permanent positions (*one in Auditor and one in Treasurer*) is ultimately required is not yet clear. Procedures work and continued implementation progress should help determine the appropriate staffing level.

5. Establish a Financial Systems Support Group in MIS and retitle the present System Administrator function to Manager - Financial Systems Support.

7. In conjunction with the procedures review, evaluate the suitability of the AMS Treasury Management module for use by the Treasurers Office.

8. Hire outside accounting resource to assist in the "clean up" of the 1993 bank reconciliation.

9. Reassess System Accountant assignment and staffing levels in user areas in light of final procedures.

10. Conduct procedure reviews and document work flows in all other areas using the AMS software including Auditors, Treasurers, Purchasing, and Personnel.

11. Conduct a workshop of user report requirements in conjunction with the procedures analysis to develop a clear understanding of user report requirements.

12. Develop a training plan and strategy based on the procedures work above to present the procedures and provide "refresher" training on the AMS software to ALL effected staff.

13. Continue the Financial System User Group meetings and develop specific agendas and training goals for this forum.

14. Phase in the TOP SECRET software as soon as possible to provide security controls over data sets.

15. Reassess security administration functions, in conjunction with the installation of the security software, to take full advantage of the software's capabilities.

16. Install the new IBM 4381-91 processor and upgrade the operating system to DOS/ESA version 1.3.

17. Identify all other LGFS and GHRS user sites operating under a DOS environment and make direct contact with their MIS shops in an attempt to gain/share technical understanding.

18. Reassess the DASD (disk storage) capacity requirements for the AMS software.

1. STUDY SCOPE & APPROACH

Background

In December, 1991, Fort Bend County contracted with American Management Systems Inc. ("AMS") to purchase and implement their Local Government Finance System ("LGFS") and AMS' Government Human Resource System ("GHRS") software to meet the County's accounting and payroll system needs. The software runs on the County's IBM 4381 mainframe computer. The initial purchase cost, including professional installation assistance from AMS (1,300 hours) was $400,000. Recurring annual software maintenance fees are approximately $90,000. Some hardware upgrade costs have also been incurred. Clearly, the new applications represent a significant systems investment for the County.

During the course of 1992, County staff, with AMS' assistance, prepared for the implementation. On January 1, 1993, the County went "live" on the new software, replacing in-house accounting and payroll applications which had been running on the HP 3000 minicomputer.

The new systems provide the County with significant additional information and greatly enhance the end users ability to access financial information. At the same time, however, the new applications represent a *significant* change and are more complex than the County's old accounting and payroll approaches and applications. For example, along with the new software itself, the County implemented encumbrance accounting, online requisitioning/ purchasing, a fully integrated double entry general ledger, coding for balance sheet accounts, and remote entry of payroll time sheet information by County timekeepers. Procedures, work flows, forms, and system processing flows have all changed significantly under the new environment. The implementation of these systems also required total data conversion from old systems.

As in any organization, the implementation of these "*mission critical*" systems has been a large undertaking for both user departments as well as County MIS staff. Significant work has been accomplished, but as with any large implementation/conversion project, there has been little time available to step back and take stock of where we are in comparison to original objectives and expectations.

From an audit perspective, the new systems environment also raises another critical set of questions which need to be reviewed in conjunction with this year's outside audit. Specifically, the new AMS systems represent a significant departure from the "old" application processing and controls environment. Therefore, it is necessary to review controls related to the new data processing and financial processing/ procedures environment to verify consistency in the system's integrity through the entire conversion and implementation process.

Project Objectives

The purpose of this study was to conduct a high-level "post implementation review" of the LGFS and GHRS application projects and develop a "knowledge base" of implementation progress. Specifically, the objectives were:

- Interview key County management, user department, and MIS staff to obtain "user feedback" regarding project progress, status, and outstanding issues. Representative feedback areas include:
  - Has the new system met expectations?
  - Are responsibilities clear under the new environment?
  - Has training been adequate?
- Identify any data processing security and control issues which may have audit impact resulting from the new applications environment (e.g. quality and integrity of system controls; security; continuity of processing).
- Identify the major changes to data processing and transaction flows and responsibilities resulting from the implementation of the LGFS and GHRS software.
- Identify outstanding tasks and issues remain in the implementation projects.
- Identify major processing or procedural gaps County staff are noticing as they gain working experience with the systems.
- Document findings and opportunities for improvement in the above areas.
- Develop an action plan which address outstanding issues and the opportunities for improvement, and provides a task list of remaining study areas/tasks required to close out the conversion and implementation process.

What We Did

During the course of our work, we completed the following tasks:

- Reviewed the implementation work plans for both systems projects to provide insight as to what was originally planned and ultimately realized in terms of implementation progress.
- Reviewed project work papers and AMS trip reports and correspondence to obtain other background information.

- Met with staff of the County's outside auditor (Null & Associates) to review pertinent work papers related to the implementation project and to obtain their input and insight into any systems issues. We also clarified audit objectives related to the new systems environment so that we could gather as much of the systems related background material as they may require, thereby minimizing redundant efforts.

- Met or talked with the following 26 key members of County management, user department, and MIS staff to obtain "user feedback" regarding project progress, status, and outstanding issues:

  - Judge Roy L. Cordes, Jr.
  - Commissioner R.L. "Bud" O'Shieles
  - Commissioner Grady Prestage
  - Commissioner Alton B. Pressley
  - Commissioner Bob Lutts
  - Robert Grayless (County Auditor)
    - Kirk Kirkpatrick
    - Sam Simeon
    - Ann Lindsey
    - Joy Jankowski
  - Kathy Hynson (County Treasurer)
    - Margaret Sury
    - Roberta Philipps
    - Jan Schneider
  - Gilbert Jalomo (Purchasing)
    - Debbie
    - Cindy
  - Chuck Miller (MIS)
    - Terry Miller
    - Victoria Loria
    - Kay Monroe
    - Mary Shemanski
    - Tommy Knowles
    - Jack Prindible
    - Dusty Embree
  - Donna Davis (Budget)

- Discussed, *at a high level*, some key transaction work flows where there were issues including payroll time entry and processing; requisitioning; payables processing; and, bank reconciliation.

- Discussed and identified policy and procedural issues which might impact controls and/or system and data integrity.

- Obtained feedback on the adequacy of training (both user and MIS) and technical support for the applications, both from the vendor and from in-house data processing staff.

AS PER ORIGINAL

- Reviewed MIS operations and applications controls environment to determine how operations and security controls have been impacted and adapted to the applications environment.
- Obtained the "MIS" perspective on implementation issues and to get an overall perspective on how well user and MIS resources are "in sync".
- Analyzed our findings.
- Prepared a report of observations, recommendations for improvement, and an action plan outlining next steps for the County to follow in completing the implementation.
- Reviewed our findings and conclusions with key County management.

2. MIS SECURITY & CONTROLS

From an audit perspective, whenever there is a major change to the automated information systems (EDP) environment of an organization -- such as with implementation of a new general ledger and/or payroll system like LGFS and GHRS -- audit planning and risk must be reassessed because of changes in the security and controls environment.

A new system can change the effect and impact EDP has on the organization's "business" by changing the dependency the organization places on that new application or system. The effect of EDP dependency must be understood so that a level or basis of "general confidence" can be obtained regarding the new applications or systems. A decision can then be made regarding the degree of audit reliance that will be placed on specific EDP results and controls.

The new AMS accounting and payroll applications (LGFS and GHRS) are complex and the County has become more dependent on MIS and data processing for financial information due to the complexity and automated integration of transaction processing under the new environment. The AMS software:

- Handles a wider variety of transactions
- Automates the initiation of some transactions
- Automates posting and processing of some transactions without requiring intermediate action or review
- Directly updates and changes general ledger and other account balances
- Shares significant levels of information between applications

The ultimate goal of any application or system such as the AMS LGFS and GHRS software is that there be a high level of confidence in the information it provides and in its surrounding controls environment, thus allowing an acceptable level of audit reliance in the information and output of the system.

It is important to note that the acceptable level of confidence is not always immediately achieved in a new application. The time frame within which this is achieved in a new system depends much upon the scope and extent of efforts in the installation/implementation process.

The evaluation of the MIS security and controls surrounding the new processing environment considered the following areas:

- Security Administration
- Application Development Controls
- Production Control
- Capacity Planning
- Disaster Recovery

Five (5) levels of access control security were reviewed in conjunction with the County implementation of the AMS software:

- Operator Sign-On Control - This is the first level of sign-on security which allows a user to access the mainframe to do work and limits the operator to certain types of activities via security keys. This is controlled by CICS, through the sign-on table (SNT). A valid sign-on allows the operator to perform system activities, work with applications (e.g. LGFS; GHRS), and gain access to data sets (files) for which they are authorized. MIS is responsible for this table, which is physically maintained by Mary Shemanski.

- Application Access Control - This is the second level of access security which allows a user to specifically access a particular application (LGFS;GHRS). The AMS software has its own security module governing the online LGFS and GHRS functions. This includes what a user can do online; for whom the user can process data (e.g. what department); and, from which terminal a user can access the system. The security table (STAB) is maintained by the County Auditor, specifically by Kirk Kirkpatrick and Robert Grayless.

- Batch Editor Control - This level of security is primarily aimed at programmers. The BIM Editor is a text editor through which JCL and other batch functions can be handled. A separate security table is maintained by MIS Technical Support for this utility.

- Data Set Controls - This level of security is intended to protect the actual data files and batch system functions from unauthorized access/use. It takes two forms. The first is physically separating test/development and "production" environments on the computer. The second is to control user access to specific data set/files to which they are authorized. Special security software such as RACF, ACF2 or Top Secret are examples of software packages which provide this security. They additionally can providing logging and an audit trail of all access. ***The County has purchased TOP SECRET but it is not installed.***

- Remote Access Security - This final level of security provides access control to a computer from remote locations using a modem or other remote access medium. Remote dial in access to the County mainframe is controlled by the HYDRA II telecommunications controller. The HYDRA II contains tables of sign-on I.D.'s, access codes, and telephone numbers. When a remote user dials-in to the HYDRA II system, he is prompted for his access code. The HYDRA II system, verifies the access code, hangs up on the user, then calls the user back on the telephone number associated with the access code. When the modem connection is made, the user is handed to the mainframe to establish a session. MIS is responsible for this table, which is physically maintained by Dusty Embree.

Our review of MIS security and controls identified the following issues:

- **The absence of the TOP SECRET security software results in the County having no security over the data sets/files on the IBM 4381 mainframe, which includes the AMS LGFS and GHRS software. This is the County's major security vulnerability.**
  - This is a *critical security gap since all of the security tables used by the other access controls discussed above are maintained in data sets/files.*
  - A malicious person with technical knowledge can do *undetected* damage to any data file in the system. It should be noted that this form of security breach, short of an "accidental" file deletion or erasure would require specific malicious action.
  - Security exposure is greatest to unauthorized access by MIS-type personnel who can submit a batch job or gain interactive access to the file through the CICS application OLFU
  - The STAB file which contains the access definitions for AMS is accessible to any user who can submit a batch job or gain interactive access to the file through the CICS application OLFU. The STAB file can be downloaded by a user, manipulated, then uploaded.

- Controls for CICS log-in, the online portions of the AMS software, batch editor access, and remote dial-in access are generally adequate.
  - Segregating and delegating AMS access security responsibility to the Auditors Office is appropriate.
  - The availability of the CICS sign-on password to the AMS STAB table administrator, while a security flaw, is a known deficiency and issue with all AMS user sites.

- If a remote access user disconnects from the HYDRA II system without logging off, his still-active session may be presented to another user who calls in and connects. The new user of the session has all of the privileges and the identity of the previous user. This is a security exposure.

- It should be noted that remote dial-in access to the HP 3000 is not controlled by a device like the HYDRA II system. The modems connected to the HP 3000 system simply answer and connect the caller to the HP system. The caller must supply a valid sign-on I.D. and password to gain access. One respondent reports that the sign-on I.D./password tables contain sign-on I.D.s and passwords for individuals who no longer work for the county.

- From a security administration stand point, formal procedures do not appear to be in place to notify the security administrator(s) to cancel passwords for transferred/ terminated employees. Passwords do not expire. Once a password is set for an individual user, it never changes. This is another security exposure.

- Application controls governing the test and production environments appear to be adequately defined and working. Programmers are instructed to use the controls and there appears to be good compliance.

  - Formal documentation standards exist. There were no compliance concerns with these standards.
  - Formal program development standards exist. There were no compliance concerns with these standards.

- Change controls and operations controls relating to the AMS system seem to be adequately defined and working.

- Procedures are in place to ensure the proper running of batch jobs. Operator and technical documentation exists for the AMS applications, however, it is poor and not always correct, *much the same as with user documentation*. MIS has spent considerable time through "trial and error" correcting the documentation to understand and implement correct run procedures. Documentation controls are generally adequate.

- Other production control procedures appear to be satisfactory. There have been some reported errors in operation procedures attributable to the actions of inexperienced operators. Production control procedures appear to correct these errors in a timely and effective manner. While not a cause of immediate concern, this situation should be monitored.

- Tape library procedures appear to be satisfactory and documented. Old tapes are identified and removed from usage by periodic cleaning and recertification.

- Overall physical access controls appear satisfactory, although the physical facilities are severely overcrowded, creating potential safety and security hazards.

- County Disaster Recovery Plan relies fully on the integrity of the daily tape backup that is made of all of the DASD-resident files. Daily backups are performed, logged, and copies are rotated to off-site storage. This level of recovery, while minimal, is probably adequate for the time being in the absence of more formal risk analysis.

  - It does not appear that the off-site storage schedule is verified and periodically tested.
  - Once audit reliance on EDP dependent functions is further established, the Disaster Recovery Plan may need to be upgraded.
  - A more formal risk analysis should be considered.

- Formal capacity planning in preparing for the installation of the AMS software appears to have been absent. The AMS software requires considerable MIS hardware resources (machine memory and DASD) and County MIS has generally been reactive rather than proactive in responding to these needs.

- There appears to have been no formal capacity analysis in planning for the installation of the AMS software.
- Once installed, the poor quality or total lack of technical documentation has made it difficult for MIS to plan for capacity needs.
- AMS technical support staff are not as familiar with the operation of their software under DOS (the County operating system) in comparison to MVS. This limits MIS' ability to draw on AMS expertise for support.
- "Severe Error - Out of Room" messages continue to occur with the AMS software and appear to be the result of file allocation problems. This message is issued when one of the files allocated to AMS exceeds its available extents. The corrective action now taken to fix this problem is to stop the AMS system, increase the primary and secondary extents of the affected file, and restart the AMS system. This solution seems reactive rather than proactive. In one case, 55 transactions increased a file size by 2,200 records.
- Memory/CICS region partition constraints under the present hardware and operating system require considerable MIS effort to watch and "juggle" batch jobs to ensure they are assigned to the appropriate size region. This is being addressed through the hardware upgrade to an IBM 4381-91.

3. OPPORTUNITIES FOR IMPROVEMENT

First and foremost, many of the implementation frustrations and problems encountered by the County in installing the AMS applications are not uncommon nor very surprising. Changing a major system of any kind is always a disruptive and generally unpleasant process for users. We always would like more time and more resources to complete a project. Unfortunately, timing factors and budget constraints are the reality.

It is our experience that *the key to success of any system implementation is* ***the expectation levels which are set at the outset*** of a project. This creates the framework within which senior County management will evaluate progress and success and establish the "tone" and environment in which staff will need to work to make the system perform as promised. **It is clear that proper and realistic expectation levels were not set for the LGFS and GHRS projects.**

Based on our interviews, users indicated the AMS applications have generally met functional expectations from the stand point of the systems ability to provide full encumbrance accounting, online purchasing capabilities, detailed online budget balances, and reporting. The Extended Purchasing module seems to be the best received aspect of the system. Payroll staff indicate that although complex, GHRS is generally providing the reports needed.

Where expectations have clearly not been met is in the area of the level of user effort required to initially install and now maintain the system.

From an MIS stand point, staff have worked hard over the last nine months to learn the AMS software. Terry Miller has done a good job in getting himself and his team up to speed. The "fruits" of their labor are beginning to show and the system is starting to stabilize as, more and more, MIS staff can directly assist users. In fact, MIS now has more knowledge regarding how the AMS software operates than users do and is -- as they should have been from the start -- an integral part of the new applications environment.

Why MIS was not more involved at the start, however, is still puzzling. Despite AMS's alleged statements that MIS "didn't need to be involved" and the system would be totally "user-driven", we would have expected an MIS group to have counselled management that these vendor claims might be somewhat overstated and unrealistic, after seeing the complexity of the system and with their knowledge of the capabilities of department staff.

Short of the normal technical and learning curve problems which always accompany any new system, the initial implementation of the AMS software had the most difficulties in two areas:

- The staff resources -- or lack thereof -- that were devoted to the project
- How the project was organized

It is our experience that part time commitment of user staff to a major implementation of the size and complexity of the LGFS/GHRS implementation almost always results in subsequent problems.

From a project management stand point, the organizational issues of county government seem to demand that large systems projects -- particularly "mission critical" applications -- which cross agency/department lines, are best managed by an independent external project leader. The outside project leader can:

- Devote the necessary dedicated time;
- Bring the functional and technical expertise needed to realistically estimate and manage the project;
- Have the County's (not vendor's) best interests at heart; and,
- Have more success crossing organizational lines in ensuring assigned tasks are completed (because they are "on the meter").

The issues of testing, procedures, and training were also not well addressed in the initial implementation and need to be strengthened now. In projects where audit confidence and reliance are not initially achieved, these are the areas which most frequently have not been adequately addressed in the implementation process:

- **Testing** - to confirm that transactions are in fact handled by the system as we understand and intend them to be and that the results of those transactions are what we expect them to be *prior to "going live" with a process*.

- **Procedures** - that user work flows and manual procedures and controls (e.g. reconciliation; balancing) are updated as required by the new system environment and that all staff are familiar with and follow any new procedures.

- **Training** - to ensure that staff understand how all transactions and reporting required by the organization are handled by and processed through the system. More importantly, from a controls standpoint, that staff understand how to verify or ensure the transactions have been properly and correctly completed.

Neither the LGFS nor the GHRS applications are sufficiently stable as of yet to place full audit reliance on system outputs. While *this is not uncommon with a new implementation*, the County must focus effort on completing implementation work in these key areas.

The lack of controls over the integrity of files (*the TOP SECRET software issue*) is the most serious security vulnerability and should be immediately addressed. In addition, regular and complete manual balancing and reconciliation procedures must be put in place in most user areas to complete the accounting controls environment.

Our review identified the following issues:

Project Management

- AMS' recommendation/counsel that County MIS staff only needed to have limited involvement in the implementation was -- at best -- misleading and is a major reason implementation problems were encountered.

  - The "user driven" nature of the implementation process stressed by AMS assumed a level of systems and accounting knowledge and competence on the user department side that simply wasn't present
  - It was not clear to the County what a "user driven system" really meant
  - Based on the sophistication level of systems the County was migrating away from, we would not expect the level of knowledge assumed by AMS to be present
  - AMS did not conduct adequate surveys of user staff competence or technical expertise in making their assessment
  - AMS allegedly stated that "MIS did not need to be involved" in the implementation. This is totally unrealistic.
  - AMS assumed virtually no accountability for system success under the contract. All critical decisions and tasks were assigned to the County.

- Sufficient project leader and staff implementation resources were not committed to the implementation project.

  - The part time project leader role of AMS was not sufficient
  - GHRS problems were compounded by no less than three (3) different AMS project leaders being assigned to the County over the course of the contract.
  - Key user staff responsible for a large implementation project should have been committed to the project on a full time basis and relieved from normal job duties to focus on the tasks at hand

- The user side of the payroll project (GHRS) initially was not well organized and was not fully committed to the project.

  - In the future, a large implementation project which crosses organization lines should not be attempted without the "up front" full commitment and resource support of all effected groups
  - Purchasing staff indicated they received a copy of the implementation work plan, knew the schedule, and took the project seriously.

- AMS on-site project leadership was sometimes "seat of the pants" with limited prepared (written) documentation of detailed implementation tasks or training/ sample materials. AMS' on-site staff was not always informed in all applications areas they were consulting on.

  - Some difficulties, however, resulted from County staff's failure to complete assignments from the AMS Project Leader's previous visit.

- Instructions on what to do (task lists) were often presented verbally, relying solely on the County staff person to take notes
- Written agendas and tasks were generally not documented prior to AMS people coming on site
- AMS' last project leader on the GHRS module appeared to be the most conscientious about providing specific detailed and written instructions

- MIS did not assign the most qualified resource to the payroll implementation project.
  - Given the County was fully responsible for setting up all payroll tables, and MIS (for all intents and purposes) was responsible for this under the old HP system, it would seem logical to assign the old HP payroll programmer to the project team as the most knowledgeable County resource in this area

- The failure to fully test the system or to run parallel was a serious oversight.
  - Comprehensive, structured testing was limited for both applications
  - Payroll applications should not be implemented without some period (minimum two cycles) of parallel processing. This did not occur.

User Roles, Responsibilities, and Staff Resources

- Knowledgeable backup staff for critical, time sensitive transaction processing does not exist in the County. Payroll and accounts payable operations are most vulnerable.
  - Only one individual in payroll and accounts payable respectively has a thorough understanding of all aspects of the AMS processing cycle
  - If these individuals are not available for any extended period (more than one transaction cycle) the County is at risk of potential processing problems
  - While Kirk Kirkpatrick and MIS support staff have general knowledge about transaction processing in these areas, it may not be sufficient to sustain the operation for any long period

- The number of degreed accountants within the County is not sufficient to ensure that system integrity is maintained on an ongoing basis.
  - The AMS software is a sophisticated accounting application requiring full understanding of fund accounting, flow of transactions, and internal accounting controls
  - The "old" system involved manual ledgers and did not support encumbrance accounting
  - The Auditors office has only *one* degreed accountant
  - The Treasurers Office has *no* degreed accountants
  - The lack of sufficient internal accounting expertise will require additional effort on the part of the outside auditor to verify results

- The role, responsibility, and authority of the "System Administrator" function needs to be re-evaluated and clarified. The role and responsibilities of the System Administrator goes beyond system operations issues alone.

  - The System Administrator certainly has some "technical" aspects, but is more so a "user" function of coordinating and overseeing all aspects of system operations required to ensure a successful ongoing application.
  - These additional "user" aspects which are not fully provided for include system testing; table maintenance/oversight; policy and procedures development; user training (both initial and ongoing for both system operations and use of reports); custom and ad hoc report development (trained in Painter and downloads)
  - The current System Administrator approach does not provide the function with the authority to ensure users meet their responsibilities for maintaining tables and processing schedules required for orderly system operation
  - Placing this function in MIS needs to be reassessed in light of user department needs and staff resource capabilities

- Productivity levels in Purchasing have dropped considerably under the new system due to increased system complexity and additional responsibilities assumed by Purchasing staff

  - Purchase Order throughput has dropped 50 percent under new system -- from 60-70 P.O.s per day under old system to only 30 per day now. Turnaround was 48 hours; now target is five (5) days
  - Purchasing now has responsibility for new vendor input and vendor file maintenance, whereas Auditor had full responsibility under old system
    - Accounts Payable staff now only maintain direct pay vendors
  - Purchasing has "de facto" assumed training and "help desk" responsibility for most end users who work with the system

Procedures & Department Controls

- User staff are not yet adequately familiar with the flow of transactions in the AMS software and/or the reports produced by the system. This limits staff ability to reconcile and balance work in a number of areas.

  - Transactions are being entered and processed in some areas without complete understanding by all staff of how the system processes the transaction and how the transaction is reflected on reports.
  - The reliability of general ledger balances is impacted
  - The AMS documentation does not explain data and information flows. Most of these were verbally explained by AMS staff only
  - MIS learned the AMS job streams by trial and error

- Procedures have not been addressed in most areas in conjunction with the new AMS software. The lack of a "step by step" guide is a major complaint of users.
  - The lack of structured procedures, particularly balancing and reconciliation activities based upon the AMS reports, is a major controls gap
  - Purchasing did prepare a basic "desktop" procedures manual
  - The accounts payable supervisor has a personal notebook, but these procedures are not formalized or generally available to other County staff
  - Payroll has documented some basic processing procedures, but these too are not formalized

- Procedures to verify, balance, or reconcile general ledger entries created by sub-systems do not exist and are generally not performed.
  - For example, payroll liabilities created by GHRS and passed to the general ledger are not being reviewed and reconciled
  - Learning the reports to use for this task was stated as a "1994 goal" for the Payroll Auditor
  - Despite its critical nature, insufficient training attention was focussed by AMS on balancing and reconciliation procedures

- The Treasurer's main operating account has not been fully reconciled to AMS general ledger balances since January, 1993.
  - Correct beginning year balances were not available in LGFS until November, 1993 because of a problem with how beginning balance were initially set up in the system
  - The 616 report (Bank Account Transaction Listing), which lists all transactions affecting bank account balances and is the key report for reconciliation purposes apparently cannot be run due to beginning balance problem. *The report is now available for transactions beginning November 1, 1993 and beyond but is not retrievable for prior periods.*
  - The AMS software does not support automated roll-up of individual fund entries for bank reconciliation purposes when a consolidated operating account is used (such as the County is using). A "manual" reconciliation is required which is time consuming and cumbersome.
  - The manual reconciliation approach used in the past also needs to be re-evaluated

- Cash management and investment tasks require significant additional clerical effort and accounting knowledge in comparison to the "old" HP system. Present staff levels in Treasurers do not appear to be adequate for this function
  - The cash management clerk is experiencing significant backlog which is impacting reporting timeliness
  - The problems are not training issues alone

- Many functions were automated under old system which must now be manually performed. For example, payroll distribution processing was automated under old system. Transfer entries are now manual.
- Clear understanding of available reports is lacking. The Trial Balance is being used to do bank reconciliation. This is not the correct report but is being used in lieu of the 616 problem.
- Cash management is controlled by the Daily Cash Balance Report maintained on a Lotus spreadsheet. There is no history detail in worksheet. Simply changing balances by fund for daily activity.

- Purchase contracts are not being consistently encumbered in the system.

- Procedures for how payroll changes are authorized need to be reviewed.

- The 941 processing problems experienced earlier in the year are being corrected.

  - Problems were the result of some tables not being set up and others being set up incorrectly
  - Prior to the AMS software, table maintenance had not been a responsibility of Payroll. Training in payroll table set up was not adequate to allow this initial set up to be deferred to Treasurer staff
  - The MIS programmer responsible for the "old" payroll system was the most knowledgeable County staff person in this critical implementation area *but was not assigned to the project team*

- There continues to be a problem with how compensatory time for FLSA purposes is accrued and reported by the payroll system

  - AMS has written program to fix this problem, but it is not in production yet

- The suspense file processing concept is new to County staff. While it appears these are being "worked" procedures need to verify this critical aspect of processing.

Reports

- Many staff are still not familiar with the system's standard reports and are not always using the correct report to support their work

  - Bank reconciliation (616 problem)
  - Payroll auditor is not yet familiar with the reports which can be used for balancing and reconciliation. This is a "1994 goal".

- Standard reports produced by the LGFS application do not fully meet the needs of all users. Custom reports need to be developed.

  - •• Reports are "code" driven and can be difficult to understand for many users
    - The Department Budget Summary Report desired by Commissioner Pressley is a good example
  - •• Examples of additional report requirements include vendor payment reports and a fund balance report
  - •• Report Painter issues related to security and the capability to download certain tables limit its effective use by user staff

- Report distribution procedures are not clear. Departments do not seem to consistently receive the same reports.

  - •• A standard report distribution list should be developed

Training

- Sufficient training has not been provided to all staff to ensure proper system operations.

  - •• Many end users never participated in AMS training; only project team members were involved
  - •• Screens were demonstrated, but procedures and flows were not addressed
  - •• Staff had few questions in the initial training since they knew nothing about the software. We didn't understand the tables we were being assigned to set up and didn't know the questions to ask

- There has been no formal follow up training after the initial AMS sessions.

  - •• Follow up training would be very helpful at this point since users now know much more about the system to ask questions

- Follow up training was requested in the following areas:

  - •• Purchasing bid tabulation module
  - •• Accounts payable training in closing POs; paying PO line item splits correctly; processing final and partial payments
  - •• Some of the LGFS training budget was allocated to the GHRS project (investments; fixed assets)

- Responsibility for ongoing training and support is still unclear. Resources are not assigned to this critical function.

  - •• The Auditors Office has not conducted formal training on how to use and understand LGFS accounting information (OLGL; reports)

- •• Purchasing has become de facto trainers, having to address systems issues beyond requisition entry alone (online look up and encumbrances) to ensure their application is properly used
- •• The MIS "help desk" has no understanding or training in the AMS applications and regularly refers questions to Purchasing

- MIS' general exclusion from user training limited their ability support users because of MIS' lack of functional knowledge

  - •• MIS has made good strides in learning the underlying system flows and processing since designating Terry Miller as "System Administrator"

- The idea of regular Financial System User Group meetings is a good one but must be more formalized with specific agendas and training goals. The Auditors Office must regularly attend the meetings and take the lead in "chairing" the group.

  - •• The original intent of the group was to provide a forum for open lines of communications related to implementation issues
  - •• As the system stabilizes, the group should continue and the forum should be expanded to provide ongoing training in system and report use
  - •• The Auditors Office has not been a regular attendee of recent meetings. As "flag bearers" of the financial system, their regular attendance is essential.

- Technical training received by MIS on the AMS CORE was rated as poor.
  - •• Questions to which AMS promised to get answers have never been responded to.

4. ACTION PLAN

Despite the implementation difficulties, County staff appear to finally be settling in with the AMS software. While training, procedures, and management report issues still need to be resolved, it is our sense that users are now committed to getting the system to work smoothly. There is considerable work to still be done, however.

We believe that there are three major areas that County management (Commissioners Court; Treasurer; Auditor; and, MIS) must focus on and assign priority to in proceeding with the AMS implementation project:

- **Decide on how to proceed with the proposed upgrade to the new release of the GHRS payroll package.** While AMS promises that a number of deficiencies and County concerns will be resolved under the new release, the software is a significant change compared to the current version.

  - There will be cost and considerable resource effort required in both MIS and the user departments to perform the upgrade.
  - Screens will change requiring retraining and procedures will again be impacted.
  - More importantly, *if GHRS is upgraded, LGFS must also be upgraded* because of the common CORE module that both applications must share.
  - A determination should be made whether the benefits of upgrading justify the effort which will be required.

- **Focus immediate attention and resources on completing implementation tasks in the Cash Management/Treasury Management area.** This includes reviewing and documenting work flows/procedures under the new system, completing outstanding conversion/reconciliation tasks, and determining the suitability of the AMS Treasury Management module for Treasurer's needs.

  - Payroll, having received most of the resource attention and effort up to now, has greatly improved and is now comparatively stable. The upgrade issue, however, still needs to be dealt with.
  - Cash management under the new AMS environment requires considerably more data entry than under the old system. The additional work load, coupled with limited explanation/understanding of how transactions flow and post to the general ledger have caused reconciliation/balancing work to fall far behind where they need to be.
  - Resource assistance, including some outside help, to bring reconciliation tasks up to date will be required. Permanent staffing also needs to be reviewed.

- **Put the proposed "System Accountant" function in place quickly. The position is critical to ensuring that the implementation of the AMS software is completed successfully and is properly maintained thereafter.** The function is needed for the additional accounting expertise and the additional staffing resource it provides to handle "user side" implementation tasks.

  - Whether one or two permanent positions is ultimately required is not yet clear. Procedures work and continued implementation progress should help determine the appropriate staffing level.
  - One position should be immediately created and filled. The individual should then be immediately assigned to the implementation project as a full time "user side" resource to resolve issues raised by this study.
  - *For expediency and until permanent organization assignment is decided (in Treasurers or Auditors), consider temporarily assigning the position in MIS.*

We have included a time phased implementation schedule at the end of this section, which includes preliminary estimated costs for the project components we have knowledge of.

We recommend that the County proceed as follows:

1. **Defer the implementation schedule for the new release of GHRS to coincide with the start of the new year (January 1, 1995 or 1996) rather than attempting a mid-year conversion.**

   - MIS' estimate of six months to convert to the new GHRS system has not considered the LGFS project nor any end user resource issues.

   - This implementation approach could position the County for problems similar to those encountered in the first project.

   - In addressing the upgrade of the AMS software, the County should proceed cautiously. User confidence may be irreversibly lost if staff go through another troubled implementation. A more structured and realistic project management plan must be followed.

   - A January, 1995 upgrade date may no longer even be a realistic target date if sufficient parallel testing is to be conducted.

2. **Hire an outside project leader to manage and direct the remainder of the overall implementation process and specifically provide the following services:**

   - Prepare specific organization role/responsibility statements for system administration.

- Prepare the implementation plan for conversion to the new AMS releases, including a procedures development plan, hardware upgrade plan, and training plan.

- Analyze and prepare procedures and assist in additional hands-on user training.

- Complete the initial procedures study in Treasurers (*see 6. below*)

- Lead the overall upgrade project.

- Assuming a System Accountant is hired who will coordinate date-to-day tasks, we estimate 600 - 800 hours of support are needed over the next 12 months (two days per week). Additional hours should be allocated to the procedures review as well. This will be impacted by how quickly the proposed "System Accountant" can get on board and up to speed.

3. **Establish a Working Group with the MIS Payroll Project Leader and Treasurers Payroll staff to analyze, relatively quickly, whether the benefits of upgrading the GHRS system at this time are justified.**

   - The Project Leader should guide the process and be responsible for drafting the Working Groups findings and recommendation report.

   - The analysis should address the following:

     - What are the real benefits in terms of additional functionality/features that the new GHRS release will provide?
     - What will it take to implement the new release in terms of direct costs and staff resources? (This includes GFS and CORE upgrade requirements as well)
     - Have other AMS users upgraded as of yet? If so, how stable is the new release?
     - What is the real impact of <u>not</u> upgrading to the new release at this time?
     - What is the "time window" for making the decision?
     - If the County does not immediately upgrade, what modifications (interim/longer term) need to be made to the current GHRS release?
     - What is the recommended work plan and schedule if the new release is pursued?

   - We estimate 40 hours of Project Leader support is required.

4. **Create and fill the position of "System Accountant" to serve as System Administrator for the GHRS and LGFS applications.** Whether one or two permanent positions (*one in Auditor and one in Treasurer*) is ultimately required is not yet clear. Procedures work and continued implementation progress should help determine the appropriate staffing level.

   - One position should be immediately created and filled. The individual should then be immediately assigned to the implementation project as a full time "user side" resource to resolve issues raised by this study.

   - For expediency and until permanent organization assignment is decided (in Treasurers or Auditors), consider temporarily assigning the position in MIS.

   - The creation of these positions should not only help from a systems stand point, but also satisfactorily expand the level of degreed accountant expertise in the County. This position is increasingly common and should be manned by a degreed accountant with technical systems understanding and capability. A sample position description is provided in the Appendix.

   - General responsibilities include:

     - Liaison with MIS
     - System testing
     - Procedures development
     - User training (system and reports)
     - Custom and ad hoc report development (trained in Painter and downloads)
     - Financial and department report preparation

   - Security Administration for both applications should remain in the Auditors Office.

5. **Establish a Financial Systems Support Group in MIS and retitle the present System Administrator function to Manager - Financial Systems Support.**

   - The Financial Systems Support Group will be responsible for all aspects of technical support for the AMS applications.

   - The group will work closely with the System Administrators in Treasurers and Auditors to identify and satisfy user support needs.

6. **Once the Project Leader and System Accountant are on board, analyze and document user procedures in the Treasurers Office first, with highest priority assigned to the Cash Management/Treasury Management functions.**

   - Document basic work flows associated with the critical job functions. Consider using the "brown paper" analysis technique as the documentation/training tool.
   - Focus on bank reconciliation/cash accounting.
   - Review existing standard reports and identify additional report requirements to support operations.
   - Identify opportunities for improvement.
   - Document questions and issues and identify training requirements at an interim stage of the procedures analysis. Outline a structured AMS training session to address and answer the specific questions raised.
   - Finalize and document procedures in the form of an Accounting Manual. The Manual should integrate AMS procedures to serve as a desktop guide for all clerical and user staff.

7. **In conjunction with the procedures review, evaluate the suitability of the AMS Treasury Management module for use by the Treasurers Office.**

   - The consultant and MIS staff person should perform the technical analysis for this task. Functional review should be coordinated directly with the County Treasurer.
   - Review the user documentation provided to develop initial understanding of the capabilities of the software
   - Load and conducted a structured test/walk-through of the Treasury Management module
   - Recommend an implementation approach.

8. **Hire outside accounting resource to assist in the "clean up" of the 1993 bank reconciliation.**

   - Meet with Null & Associates staff to review the current manual reconciliation approach and develop an "clean up" plan. In particular, the current process manual process needs to be reviewed to determine how reconciling items are carried forward.

- Consider developing a PC tool (custom, Quicken) to support this function in the absence of AMS automated support.

- Work with MIS staff to develop any custom reports necessary to facilitate the reconciliation process.

9. **Reassess System Accountant assignment and staffing levels in user areas in light of final procedures.**

   - Determine whether one System Accountant is sufficient resource to coordinate and support "user side" operations under the AMS software. If only one person is required, decide on their permanent assignment (either Treasurer or Auditor Office; MIS should not be considered for this permanent assignment).

   - In addition to the system accountants, it appears Purchasing needs some additional staffing if service level improvements (faster PO turn around) are required

10. **Conduct procedure reviews and document work flows in all other areas using the AMS software including Auditors, Treasurers, Purchasing, and Personnel.**

    - Payroll and disbursements balancing should be the first priority as additional areas are reviewed.

    - Some consulting assistance is needed, however, the System Accountant(s) should take more of a lead role as additional areas are studied.

11. **Conduct a workshop of user report requirements in conjunction with the procedures analysis to develop a clear understanding of user report requirements.**

    - Develop the standard report distribution list

    - Provide Report Painter training to appropriate staff

    - Designate resources to complete required reports and to provide ad hoc report development support in the future

12. **Develop a training plan and strategy based on the procedures work above to present the procedures and provide "refresher" training on the AMS software to ALL effected staff.**

- Identify County resources which will be specifically responsible for training under each AMS module. In general, responsibility for the training should rest with the System Administrators.

- Ensure that MIS Financial Systems Support staff are an integral part of the training, both as trainers and participants.

- The training plan should consider ongoing training and support. This is largely the responsibility of the System Administrators, but should also be shared with MIS Help Desk or Financial System Support staff.

13. **Continue the Financial System User Group meetings and develop specific agendas and training goals for this forum.**

- Assign responsibility for "chairing" the group and developing the agendas to the Auditors Office.
- Expand the focus to provide ongoing training in system and report use

14. **Phase in the TOP SECRET software as soon as possible to provide security controls over data sets.**

- Consider outside assistance to expedite this process. The validation calls to Top Secret will require the services of a system programmer who is moderately skilled in the use of assembler language.

- Replace all sign-on password codes in all systems with a calls to the Top Secret security software. Replace the sign-on validation code in the CICS system, the AMS system, and the BIM Editor with calls to Top Secret. At sign-on time, each interactive system will send a sign-on I.D. and a password to Top Secret for validation. Top Secret will determine whether the user is authorized to use that system and whether the user's password is valid. Top Secret will also enforce the periodic changing of passwords and will govern the structure of passwords.

- Modify the DOS system reader/interpreter code to validate user I.D.s and passwords on job cards. This is done by calling the Top Secret software from the reader/interpreter.

- Protect all DOS files in the WARNING or QUIET mode. In this mode, Top Secret will log all data file access attempts.

- Use the logged access attempts feature to create data file access rules that will permit authorized users access to data and will deny unauthorized users access to data.

- Maintain and modify the Top Secret software as the installation requires.

15. **Reassess security administration functions, in conjunction with the installation of the security software, to take full advantage of the software's capabilities.**

- Reassess the current number of "security administrators" and considering appointing one (or at most two) individuals as Security Administrator.

- Continue to have an AMS Security Administrator in the Auditors Office.

- Ideally, all other system security should fall under one independent Security Administrator in MIS. It is unrealistic, given the size of shop, that this individual not have any other organizational duties. The Security Administrator can report to the Technical Support Manager but should not *be* the Technical Support Manager, nor the systems programmer.

- Implement a tighter procedure to ensure user I.D.s and passwords for terminated employees are removed in a timely fashion.

- Investigate whether security on the HYDRA II systems can be improved to prevent sessions from remaining active if a remote user disconnects without logging off.

16. **Install the new IBM 4381-91 processor and upgrade the operating system to DOS/ESA version 1.3.**

- The extended addressing features of this hardware and software will allow the use of larger virtual partitions.

- This would alleviate the considerable juggling for partition sizes required for batch processing.

- Do not consider an upgrade to MVS at this time. The conversion is significant, requiring more main memory, more CPU, more DASD, more technical support, and more system programmers than DOS and may be beyond the MIS staffs present capabilities. The benefit of AMS comfort with MVS do not offset the additional support costs.

- Use the old 4381-13 as a test/development machine and integrate the machine into the disaster recovery strategy.

17. **Identify all other LGFS and GHRS user sites operating under a DOS environment and make direct contact with their MIS shops in an attempt to gain/share technical understanding.**

- Obtain copies of technical documentation or procedures which may have been developed.
- Obtain copies of user procedures which may have been developed, specifically for balancing and reconciliation purposes.
- Ensure the MIS Manager and two System Administrators attend the AMS User Conference. Task these individuals with developing their other user contacts during this conference.

18. **Reassess the DASD (disk storage) capacity requirements for the AMS software.**

- Re-evaluate the online history retention needs of users
- Determine whether the increases in DASD file size are reasonable as transactions are merged with historical data.
- Re-evaluate the file allocations
- Review current DASD condition and estimate additional disk pack requirements over the next three (3) years

APPENDIX

Sample Job Description

Job Title: SYSTEMS ACCOUNTANT

GENERAL SUMMARY:

Performs professional accounting systems analysis in the design, development and implementation of accounting system controls and applications involving financial management systems.

RESPONSIBILITIES:

- Conducts studies and provides evaluations of existing departmental accounting and payroll operations, internal accounting controls, accounting standards and forms in both computerized an manual accounting systems.

Item #16 from March 20, 1989 Commissioners Court

INTERLOCAL AGREEMENT BETWEEN THE COUNTY OF FORT BEND AND THE CITY OF MISSOURI CITY, TEXAS

This item was approved on March 20, 1989 by Commissioners Court but was recorded without signatures from City of Missouri City.

(SEE VOL. 38 PAGE 219)

The attached document has signatures for both the County and City of Missouri City.

THE STATE OF TEXAS *

COUNTY OF FORT BEND *

INTERLOCAL AGREEMENT BETWEEN
THE COUNTY OF FORT BEND AND
THE CITY OF MISSOURI CITY, TEXAS

This interlocal agreement is entered into between the County of Fort Bend, hereinafter referred to as "County" and the City of Missouri City, hereinafter referred to as "City".

WHEREAS, the City desires to consent to the construction, improvements, maintenance and repair by the County of certain streets located in Oakwick Forest Subdivision (more specifically described in Exhibit "A" attached hereto and made a part hereof for all purposes) all of which are located within the corporate limits of City; and

WHEREAS, the governing body of the City has duly authorized this agreement; and

WHEREAS, the County desires to construct, improve, maintain and repair certain streets located in Oakwick Forest Subdivision herein more specifically described in Exhibit "A", all of which are located within the corporate limits of City; and

WHEREAS, the governing body of said County has duly authorized this agreement; and

WHEREAS, this agreement is made pursuant to and under the provisions of Article 4413(32c), Vernon's Texas Civil Statutes and Articles 6702-1, Sec. 2.010, Texas Road and Bridge Act;

NOW, THEREFORE, the County and City mutually agree as follows:

1. The City consents and approves that the County may expend county funds to finance the construction, improvement, maintenance, and/or repair of the City streets specifically described in Exhibit "A" located in the County within the corporate limits of the City.

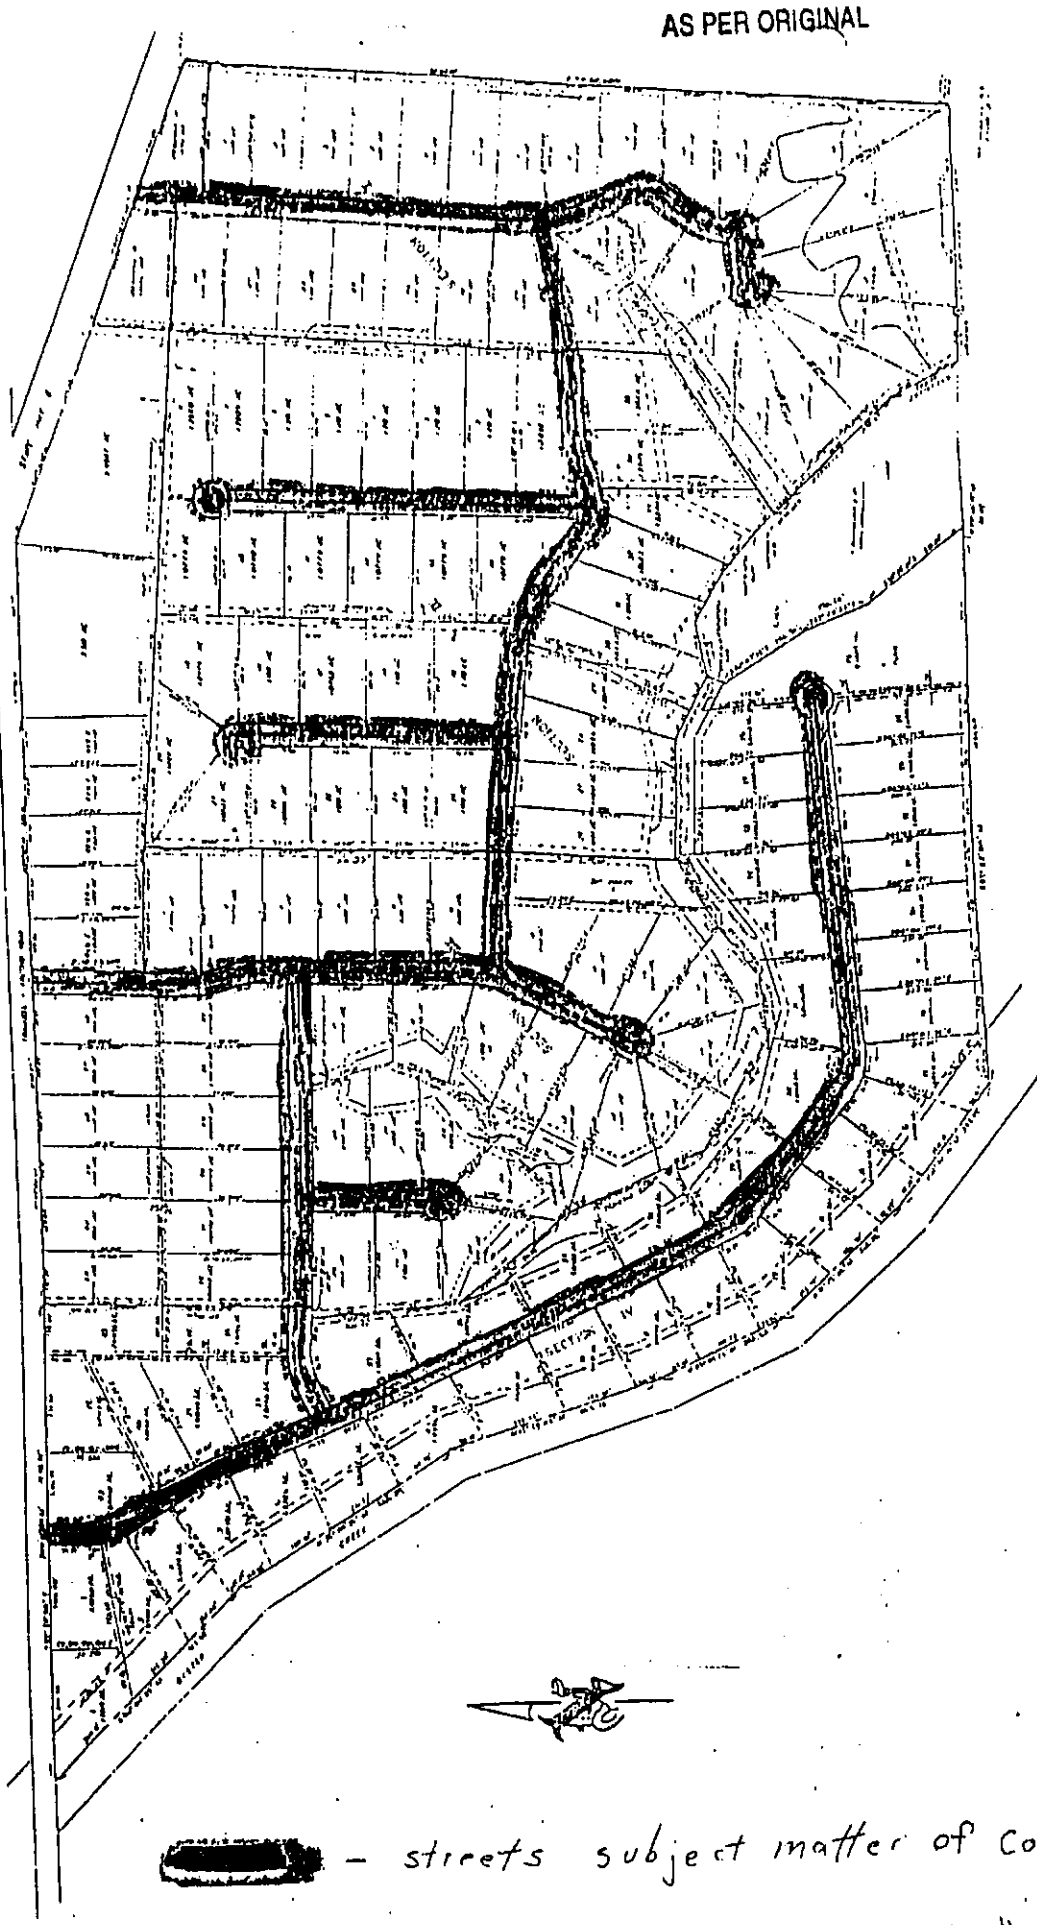

2. The City agrees to accept from the fee owner or owners the public dedication to the City of the private streets more specifically described in Exhibit "A". In the event only some of the streets in Exhibit "A" are properly offered to the City or public dedication then the rights and obligations of both parties herein shall pertain to only those streets.

3. Upon acceptance of the streets more specifically described in Exhibit "A" by City under the terms and conditions set forth in Paragraph 2 above, the County agrees, by and through the Office of County Commissioners, Precinct No. 2, to construct, improve, maintain and/or repair such streets located in the County within the corporate limits of City in a timely manner. It is further understood and agreed that said streets will be constructed and maintained to County standards and not City standards for hard surface streets within a subdivision. And, it is further understood that the County has the option to finance the construction, improvement, maintenance, and/or repairs of said streets, as provided in Article 6702-1, Sec. 2.010(d), Tex. Rev. Civ. Stat., i.e., the County shall have the same powers and duties of levying assessments that the City would have if the City were to finance and undertake the construction, improvement, maintenance, and/or repair of said streets.

4. The County agrees to indemnify and hold the City, its officers, employees, representatives, agents, successors and assigns harmless with respect to any claim, demand, or suit arising from or growing out of the acts or omissions of County or any of its officers, employees, representatives, agents, successors and assigns in the performance of its obligations set forth in this agreement, including the construction, improvement, maintenance and repair of the streets more specifically described in Exhibit "A".

EXHIBIT "A"

5. It is expressly understood and agreed that it is the responsibility of the County and not the City to continue to construct, improve, maintain and repair the streets set forth in Exhibit "A" to County standards. The obligations and responsibilities of the County herein shall continue until such time that the streets described in Exhibit "A" are: (1) improved to meet the then current City standard for public streets; and (2) accepted by the City Council of the City for future maintenance.

6. This agreement constitutes the entire and exclusive agreement between both parties with respect to the construction, improvement, maintenance and repair of the streets more specifically described in Exhibit "A".

7. No modifications to this agreement shall be effective unless it is made in writing and is signed by the authorized representatives of the parties hereto.

8. It is expressly understood and agreed by the parties hereto that this agreement will have no force or effect until executed by all parties.

SIGNED this the 20th day of March, 1989.

PREVENTATIVE MAINTENANCE AGREEMENT

STEWART & STEVENSON SERVICES, INC. (hereinafter "S&S") agrees to provide to George Memorial Library (hereinafter "Customer") and Customer agrees to accept and pay for parts and services necessary for the periodic inspection and repair of the equipment described in Exhibit "A" attached hereto (the "Equipment") in accordance with the following terms and conditions.

1. Term: This agreement shall be for the term of one (1) years, unless earlier terminated as provided herein below, and shall automatically renew at prices then in effect for successive terms of one (1) year commencing on the last day of the preceding term unless written notice of termination is received by either party at least thirty (30) days prior to the end of the initial term or any subsequent term.

2. Payment: Customer agrees to pay S&S an annual amount of $ 1,340.28, plus applicable state and local taxes, payable in (check one) ☐ semi-annual installments of $ -0-, or ☒ quarterly installments of $ 335.07, plus taxes. Each installment will be due and payable upon receipt of invoice by Customer, with said invoices being sent by S&S upon completion of each periodic inspection called for herein.

3. Inspection and Repairs:

3.1 Services Included: S&S, during normal business hours, shall periodically inspect the Equipment (check one) ☐ two (2), or ☒ four (4) times per year for the duration of this Agreement. Said inspections shall be limited to the following:

(a) Engine Lubrication System: Visually check for leaks. Change lube oil and filters every 12 months or 150 operating hours whichever occurs first.

(b) Engine Air Cleaners: Wet type: Clean and change oil once a year. Dry type: Clean or replace filter, if needed.

(c) Ignition System: Replace spark plugs as needed. Check magneto. Set timing, if needed.

(d) Governor: Check and set speed, sensitivity and oil level.

(e) Engine Cooling System: Check general condition. Check antifreeze and add, if needed. Check coolant level. Pressure test system. Add additives to antifreeze once a year as needed. Check belts and hoses.

(f) Engine Electric System: Hydrometer test battery. Clean and lubricate battery posts and cables. Check alternator belts. Check battery charger for proper operation.

(g) Engine Fuel System: Visually check for leaks. Check all visible connections and flexible hoses. Adjust carburetor. Change fuel filters once a year with oil change or as needed. Clean fuel strainers. Replace flexible fuel hoses, if needed. Check for water in day fuel tank and main fuel tank.

(h) Engine exhaust System: Visually check for leaks or corrosion. Check condensation trap and muffler condition.

(i) AC Generator: Visually inspect generator condition. Check slip rings and commutator for wear. Check lubrication of rear generator bearing.

(j) Engine Driven Flood or Fire Pump: Visually inspect pump and check packing gland.

(k) Miscellaneous: Check all instruments for proper operation. Check timers and relays for proper operation. Check all connections for tightness. Check safety circuits, shutdowns and alarm systems.

(l) Operation: Run engine unloaded. At customer's request and in his presence, transfer load to generator set and make adjustments if needed.

3.2 Parts included:

(a) In connection with the performance of the foregoing inspections, S&S agrees to furnish at its expense the following parts and supplies:

Engine crankcase oil, engine oil filter elements, dry air filter elements, spark plugs, flexible fuel hoses (excluding woven metal hoses), fuel filter elements, battery cables, antifreeze, Nalcool 3000 additive.

(b) Except as specifically set forth in paragraph 3.2(a), Customer shall pay for all parts and supplies in connection with the periodic inspections or the operation of the Equipment. Customer shall pay for all parts and supplies, including those described in paragraph 3.2(a), which are needed to repair damages caused by abuse, theft, improper operation, acts of third persons, forces of nature or alteration of the Equipment.

4. **Additional Repairs:** Any repairs requested by Customer between periodic inspections will be provided at S&S's then current rates for parts, labor and travel expenses from S&S's location to jobsite.

5. **Reports:** Upon completion of each periodic inspection and/or additional repair S&S shall report its findings and recommendations to the Customer in substantially the form attached hereto as Exhibit "B". S&S shall have no liability for any failure to recommend repairs or modifications to the Equipment.

6. **Warranty and Indemnity:**

6.1 S&S warrants that it will promptly redo any work under this Agreement that, within ninety (90) days after such work was originally performed, exhibits any defect in workmanship. The liability of S&S under this provision is limited to the reperformance of such work and the cost of any repairs to the Equipment arising from defective work. S&S makes no warranty regarding and assumes no liability for any defects in materials or workmanship relating to goods and materials used with or incorporated in the Equipment and expressly disclaims any implied warranty or merchantability or fitness for purpose relating to any such goods or materials.

6.2 S&S agrees to indemnify and hold Customer harmless of and from any and all losses, damages, claims or causes of action, including costs and attorneys' fees arising out of or in any way connected with

(a) injuries to or death of any employee or employees of S&S, its subcontractors or its independent contractors or for any damage whatsoever to the property of S&S, its subcontractors or its independent contractors or any of the employees of S&S, its subcontractors or independent contractors sustained at, around or in connection with the work or

(b) claims by any third party to the extent based upon the negligent act or omission of S&S, its employees, its subcontractors or independent contractors or the employees of its subcontractors or independent contractors.

S&S expressly represents and agrees that the indemnification provided for in clause (a) above is intended to and shall indemnify the Customer against the consequences of the Customer's and its employees' own negligence or strict liability in tort unless such negligence or strict liability in tort is the sole producing cause of such injuries, death or property damage.

6.3 Customer agrees to indemnify and hold S&S harmless of and from any an all losses, damages, claims or causes of action, including costs and attorneys' fees arising out of or in any way connected with

(a) injuries to or death of any employee or employees of the Customer, its contractors other than S&S or any damage whatsoever to the property of the Customer, its contractors other than S&S or any of the employees of the Customer or its contractors other than S&S regardless of whether such are based in whole or in part on contract, negligence or strict liability in tort; provided, however, that the Customer shall have no obligation to indemnify S&S from any loss of or damage to the Equipment arising solely from the negligent act or omission of S&S or from a breach of the Agreement by S&S; or

(b) claims by any third party to the extent based upon the negligent act or omission of Customer, its employees, its subcontractors or independent contractors or the employees of its subcontractors or independent contractors.

Customer expressly represents and agrees that, except as set forth in the proviso, the indemnification provided for in clause (a) above is intended to and shall indemnify S&S against the consequences of S&S's and its employees' own negligence or strict liability in tort unless such negligence or strict liability in tort is the sole producing cause of such injuries, death or property damage.

7. **Limitation of Liability:** S&S'S LIABILITY UNDER THIS AGREEMENT, IF ANY, SHALL BE LIMITED TO THE ANNUAL CONTRACT AMOUNT FIRST PRINTED ABOVE. IN NO EVENT SHALL S&S BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL OR EXEMPLARY DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS, DOWN TIME, DAMAGES AS PROVIDED BY THE TEXAS DECEPTIVE TRADE PRACTICES-CONSUMER PROTECTION ACT, OR OTHERWISE.

Re: Honeywell Inc. Software License Agreement
Designated Installation: FT. BEND COUNTY JAIL
Job Number: 925-23013

Dear Customer:

Your new building management system requires the use of the software listed on page 2 of this form. In accordance with the usual practice in the industry, this software, related materials, and any updates or revisions, are protected by copyright and trade secret law, and may be protected by patent law.

You may use the software with the equipment being provided by Honeywell at the designated installation. You may (for archival or backup purposes) make up to three (3) copies of noncopy protected software on disk or magnetic tape and one (1) copy of the software in printed form.

The software is proprietary to, and title to the software remains in, Honeywell and its vendor(s). You agree: (1) to take reasonable steps to maintain Honeywell's and its vendors' rights in the software; (2) not to sell, transfer, publish, display, disclose, or make the software or any copies available to others; and (3) not to reverse compile, disassemble, or otherwise reverse engineer the software. All rights in patents, copyrights, trademarks, and trade secrets are retained by Honeywell and its vendors. Any attempt to transfer, assign, or sublicense this agreement or the software is null and void. Upon termination of this license, you will immediately return the software to Honeywell. Termination will not cancel your obligations under this agreement.

If, for a period of one (1) year, the software does not meet Honeywell specifications, then Honeywell, at its option, shall repair or replace the software.

IN NO EVENT SHALL HONEYWELL OR ITS VENDORS BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, OR SPECIAL DAMAGES RELATING TO OR ARISING OUT OF THIS AGREEMENT OR WARRANTY. NEITHER HONEYWELL NOR ITS VENDORS SHALL BE LIABLE FOR ANY WARRANTIES IMPLIED BY LAW OR OTHERWISE, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE WITH REGARD TO ANY GOODS SUPPLIED PURSUANT TO THIS AGREEMENT.

Please indicate your acceptance by signing, dating, and returning a copy of this letter to me.

Sincerely,

AGREEMENT ASSIGNING MOTOR
VEHICLE SALES PROCEEDS ACCOUNTS

This Assignment Agreement is executed effective this ____ day of _____ 1994 by and between Joe Grillo, Inc. dba Joe Grillo Chev-Olds-Dodge located at 4925 Avenue H, Rosenberg, Texas 77471, (the "Dealer") and General Motors Acceptance Corporation, with a local business office at 11757 Katy Freeway, Houston, Texas 77079 ("GMAC");

WITNESSETH;

Whereas, Dealer and GMAC have executed a Wholesale Security Agreement by which GMAC provides wholesale floor plan financing of new motor vehicles purchased from time to time by the Dealer (the "Wholesale Security Agreement"): and

Whereas, Dealer and GMAC have executed an Agreement Amending the Wholesale Security Agreement and Conditionally Authorizing the Sale of New Floor Plan Vehicles on a Delayed Payment Privilege Basis by which, as an express exception to the Wholesale Security Agreement, Dealer is granted the privilege by GMAC to delay payment of the principal obligation for certain new motor vehicles sold by the Dealer to particular third party purchasers (the "DPP Agreement"); and

Whereas, Dealer is required under the DPP Agreement to execute this Assignment Agreement by which Dealer is to assign all right, title and interest of Dealer in and to the accounts now or hereafter arising in the purchase price for and proceeds from the sale of motor vehicles by Dealer to particular third party purchasers, as contemplated by the DPP Agreement.

Now, therefore, in consideration of the premises, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged by the Dealer and GMAC, the parties hereto hereby agree as follows:

1. Dealer hereby sells, assigns, transfers, grants and sets over to GMAC all of Dealer's right, title and interest in and to all accounts, contract rights, instruments, proceeds, monies, and sums due or to become due to the Dealer (the "Proceeds") from Fort Bend County located at POB 368, Richmond, Texas 77469 (the"Purchaser"), on account of any and all sales, leases, or other transfer by Dealer to Purchaser from time to time of new motor vehicles originally floor plan financed by GMAC for Dealer (the "Motor Vehicle Sales").

2. GMAC shall have the right to collect the Motor Vehicle Sales Proceeds from the Purchaser, or the Purchaser's lender. Unless GMAC modifies and directs Purchaser to the contrary, Purchaser shall make and deliver the payment for the Motor Vehicle Sales promptly and directly to and in the name of either (a) GMAC at its address as set forth above; or (b) jointly to GMAC and the Dealer at either GMAC's or the Dealer's address as set forth herein. Purchaser may, without risk, accept a photographic or facsimile copy of this executed Assignment Agreement as the furnishing of reasonable proof that the assignment has been made, consistent with Section 9-318(3) of the Uniform Commercial Code. GMAC is authorized to, upon the execution hereof by Dealer and without the occurrence of any default or notice of acceptance by GMAC, notify the Purchaser of the existence and content of this Assignment Agreement.

3. Dealer shall hold in trust for and thereafter promptly endorse and deliver to GMAC physical possession of any payment medium tendered to it by Purchaser, as Proceeds of the Motor Vehicles Sales, whether in bearer from or payable to Dealer and GMAC, or either of them.

4. Dealer does hereby irrevocably constitute and appoint GMAC the true and lawful attorney of Dealer for the purpose of accepting, endorsing, negotiating, receipting, any medium of payment received by GMAC as Proceeds of the Motor Vehicle Sales, and to otherwise demand, sue for, recover, receive, and give effectual discharge therefor.

5. This Assignment Agreement shall be effective immediately and for the purpose of additional security only, but shall not be deemed as payment or discharge of the Dealer's primary obligation to GMAC unless, until and only to the extent of the indefeasible receipt by GMAC of the Proceeds of the Motor Vehicle Sales.

6. Dealer hereby unconditionally guarantees the full and prompt payment to GMAC of all Proceeds of Motor Vehicle Sales, and, without first requiring GMAC to proceed against the Purchaser or any other person or any security, hereby waives notice of any delay, default, or nonpayment thereof by the Purchaser. Upon any direct payment by Dealer under this paragraph, Dealer shall be subrogated and, upon demand on GMAC, shall be entitled to a partial reassignment of the rights relative to the vehicle(s) for which payment was made as well as a limited revocation of the power of attorney provided in paragraph 4 for such vehicle(s) and the Proceeds therefrom.

7. Dealer hereby warrants and represents that (a) Dealer knows of no fact or circumstance which would, if true, impair the value of the Motor Vehicle Sales, or the payment by the Purchaser of the Proceeds thereof; and (b) there is no defense, claim or setoff in favor of the Purchaser directly or indirectly against the Dealer such as might jeopardize or impede payment of the Motor Vehicle Sales Proceeds, nor will such defense, claim, or setoff be allowed to arise in the future.

8. This is a continuing assignment and shall remain in full force and effect until terminated by Dealer on a thirty days advance written notice to both Purchaser and GMAC, except that such termination shall not be effective as to any Motor Vehicle Sales in existence prior to the effective date of termination.

RE: Waiver of Penalty and Interest - Rhonda Pearce
Account 1950-02-003-0140-901
Precinct #4

Mrs. Pearce is requesting waiver of penalty and interest on the above referenced account for tax year 1993.

1. Eland Development Corporation requested the 1993 tax statement. Copy on file.
2. No notification was received in this office from either Eland Development Corporation or the Pearce's regarding sending the tax statement to the homeowner rather than Eland.

Breakdown of Taxes Paid:

Base Tax	$303.52
Penalty & Interest	27.32
Total Paid	$330.84

I do not recommend waiver as there is no evidence of error on the part of the tax office or the central appraisal district.

This agreement is by and between the City of Richmond, a body corporate and politic under the laws of the State of Texas, hereinafter referred to as "City," and Fort Bend County, a body corporate and politic under the laws of the State of Texas, hereinafter referred to as "County."

WITNESSETH:

WHEREAS, the County, has submitted a Community Development Block Grant to the U. S. Government, application number B-92-UC-48-0004, which has been approved by the U. S. Government through the U. S. Department of Housing and Urban Development;

WHEREAS, the City did agree to co-operate to be included in the grant application; and,

WHEREAS, included in the approved grant application was the demolition and removal of dangerous buildings to eliminate specific conditions of blight or physical decay on a spot basis which 1) adversely affect public health, safety, morals, or welfare; 2) substantially retard the development of a sound and healthy housing environment; and 3) result in an economic or social liability to the locality. The City will demolish and remove dangerous buildings which adversely affect the public's health and safety, for the total cost of $34,735.00, hereinafter referred to as "Project";

WHEREAS, the County is the grantee named in the Grant charged with compliance of the federal laws, rules, and regulations relating to the expenditure of funds received from the U. S. Government pursuant to the approved Community Development Block Grant application; and,

WHEREAS, the City is not familiar with such federal laws, rules, and regulations relating to the expenditure of U. S. Government funds under the Community Development Block Grant application; and,

WHEREAS, the County desires to assure compliance with such laws, rules, and regulations relating to the expenditure of funds under the Community Development Block Grant application; and,

WHEREAS, the County and City mutually agree as to the need to expedite this project as quickly as possible;

NOW, THEREFORE, the County and City do mutually agree as follows:

I.

The County and City agree to demolish and remove only structures which constitute a public nuisance, and dwelling units which have been vacant for at least one year, substandard and not suitable for rehabilitation in accordance with the guidelines rules, and regulations required by the U. S. Department of Housing and Urban Development, hereinafter referred to as "HUD."

II.

Within 45 days after the approval of said agreement, the City will complete a Certification of Compliance form for each structure selected for demolition in the City and will transmit to County for review. Upon receipt, the County will transmit to the City a written notice to proceed or not to proceed with the demolition of structure according to demolition guidelines. The City shall, at its own expense, furnish the necessary inspection personnel to assure itself of compliance with the contract. The County shall fund the project as set forth in this agreement.

III.

For and in consideration of the construction of the Project as herein set forth, the County agrees to fund project costs not to exceed the total sum of Thirty-four Thousand Seven Hundred and Thirty-five and No/100 Dollars ($34,735.00) as set forth in the Budget for CDBG funds attached hereto as Exhibit "B," which shall be in full and total compensation for payment of all expenses allowed under this contract and the Grant Agreement with HUD. The County will pay the City when all work has been completed on a contract and a request for payment has been received from the City. The County shall not be liable for the payment of expenses or costs which are not allowable under the terms of this Agreement and the Grant Agreement with HUD.

IV.

This agreement will be from April 15, 1994 to November 30, 1994, or until the City expends all funds authorized under this contract, whichever is earlier.

The County has no County funds for the costs of goods and services to be rendered under this agreement. It is expressly agreed and understood that this agreement is predicated upon and conditioned on the County receiving funds for the purpose of paying the entire obligation of the County under this agreement from funds to be received from the U. S. Department of Housing and Urban Development, by virtue of Grant No. B-92-UC-48-0004, entitled Community Development Block Grant. Accordingly, notwithstanding anything herein to the contrary, the maximum liability of the County under the terms and provisions of this agreement shall not exceed $34,735.00 or the amount actually received by the County from HUD pursuant to the Block Grant.

The City admits knowledge of the fact that the County's obligation hereunder for payment of compensation and costs, if any is limited to Federal funds received pursuant to the Grant Agreement in connection with the Community Development Block Grant Program of the U. S. Department of Housing and Urban Development, and that unless and until adequate funds have been received by the County under the Grant agreement to pay the City's compensation and expense reimbursement, the County shall have no obligation to the City.

V.

The City agrees to furnish to Fort Bend County Community Development a summary of any comments received from the public regarding this program.

VI.

This Contract includes the following exhibits and such exhibits are attached hereto and made a part hereof for all purposes:

Exhibit A - Community Development Block Grant Program Requirements
Exhibit B - Budget and Allocation of Costs
Exhibit C - Certification for Contracts, Grants, Loans and Cooperative Agreements
Exhibit D - Dangerous Buildings Demolition Program Guidelines

This Agreement and the attached exhibits represent the entire agreement between the County and the City and there are no other effective agreements, representations or warranties between the County and the City that are not contained in the Contract Documents.

VII.

Unless otherwise provided in this agreement, any notice provided for or permitted to be given must be in writing and delivered in person or by depositing same in the United States mail, postpaid and registered or certified, addressed to the party to be notified, with return receipt requested, or by delivering the same to an officer of such party. Notice deposited in the mail as described above shall be conclusively deemed to be effective, unless otherwise stated in this agreement from and after the expiration of three (3) days after it is so deposited.

For the purpose of notice, the addresses of the parties shall, until changed as hereinafter provided, be as follows:

If the County, then to:

Hon. County Judge and Commissioners Court
P. O. Box 368
Richmond, Texas 77469

If to the City, to:

Hon. Mayor and City Council
City of Richmond
402 Morton Street
Richmond, Texas 77469

Each party shall have the right from time to time at any time to change its respective address and each shall have the right to specify as its new address, provided that at least fifteen (15) days written notice is given of such new address to the other party.

VIII.

The City or the County by and through its Director of the Fort Bend County Community Development Department may terminate this Agreement without cause at any time by giving 30 days written notice to the other party.

IN WITNESS WHEREOF this instrument in duplicate originals, has been executed by the parties hereto as follows:

AUTHORIZING AGREEMENT BETWEEN
FORT BEND COUNTY AND THE CITY OF RICHMOND

THE STATE OF TEXAS §
§
COUNTY OF FORT BEND §

On this the 12 day of April, 1994, at a regular meeting of Commissioners Court sitting as the governing body of Fort Bend County, Texas, at a regular meeting, upon motion of Commissioner O'Shieles, seconded by Commissioner Sutts, duly put and carried,

IT IS ORDERED that Fort Bend County enter into an interlocal agreement with the City of Richmond for the demolition and removal of dangerous buildings, which adversely affect the public's health and safety, for the total cost of $34,735.00, in the City of Richmond, using Community Development Block Grant funds, said agreement being incorporated herein by reference for all purposes as though fully set forth herein word for word.

EXHIBIT A

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM REQUIREMENTS

I.

TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

The Contractor shall comply with Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and Title 24 Code of Federal Regulations Part 1. In accordance with the Act, no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subject to discrimination under any program or activity for which the Contractor receives Federal financial assistance. The Contractor will immediately take any measures necessary to comply with Title VI. If any real property or structure is thereon provided or improved with the aid of Federal financial assistance, this clause shall obligate the owner, or in the case of any transfer of such property, any transferee, to comply with the requirements and restrictions contained in this clause for the period during which the real property or structure is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. The Contractor will further comply with federal regulations, 24 CFR Part 1, which implement the Act.

II.

EXECUTIVE ORDER 11063

The Contractor shall comply with Executive Order 11063 as amended by Executive Order 12259 and as contained in 24 CFR Part 107. Contractor will take all action necessary and appropriate to prevent discrimination because of race, color, religion (creed), sex, or national origin, in the sale, leasing, rental, or other disposition of residential property and related facilities (including land to be developed for residential use), or in the use or occupancy thereof, if such property and related facilities are, among other things, provided in whole or in part with the aid of loans, advances, grants, or contributions agreed to be made by the Federal Government.

III.

SECTION 109 OF THE HOUSING AND COMMUNITY DEVELOPMENT ACT OF 1974

The Contractor shall comply with Section 109 of the Housing and Community Development Act of 1974 as contained in 24 CFR Part 570.602 issued pursuant to Section 109. No person in the United States shall, on the ground of race, color, national origin or sex, be excluded from participation in, be denied the benefits

of, or be subjected to discrimination under any program or activity funded in whole or in part with community development funds. "Program activity" is defined as any function conducted by an identifiable administrative unit of the County, or by any unit of government, subrecipient (Contractor), or private contractor receiving community development funds or loans from the County. "Funded in whole or in part with community development funds" means that community development funds in any amount in the form of grants or proceeds from HUD guaranteed loans which have been transferred by the County or subrecipient (Contractor) to an identifiable administrative unit and disbursed in program or activity. Specific discriminatory actions prohibited and corrective actions are described in 24 CFR 570.602(b).

Section 109 of the Act further provides that any prohibition against discrimination on the basis of age under the Age Discrimination Act of 1975 (42 U.S.C.A. 6101 et seq.) or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973 (29 U.S.C.A. 794). shall also apply to any program or activity funded in whole or in part with funds made available pursuant to the Act. HUD regulations implementing the Age Discrimination Act are contained in 24 CFR Part 146 and the regulations implementing section 504 are contained in 24 CFR Part 8.

IV.

EXECUTIVE ORDER 11246

The Contractor shall comply with Executive Order 11246, as amended by Executive Order 12086, and the regulations issued pursuant thereto (41 CFR Chapter 60) which provides that no person shall be discriminated against on the basis of race, color, religion, sex, or national origin in all phases of employment during the performance of Federal or federally assisted construction contracts.

Contractor agrees that contractors and subcontractors on Federal or federally assisted construction contracts shall take affirmative action to ensure fair treatment in employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay, or other forms of compensation and selection for training and apprenticeship.

V.

SECTION 3 OF THE HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Contractor shall comply with Section 3 of the Housing and Urban Development Act of 1968, as amended, (12 USC 1701u)

A. The Contractor shall to the greatest extent feasible, give opportunities for training and employment to lower income residents of the County and shall award contracts for work in connection with the Project to business concerns which are located in or owned in substantial part by persons residing in the county.

B. The Contractor shall include the phrase in paragraph A in all contracts for work in connection with this project.

VI.

USE OF DEBARRED SUSPENDED OR INELIGIBLE CONTRACTORS

The Contractor shall not use assistance to directly or indirectly employ, award contracts to, or otherwise engage the services of, or fund any contractor or subcontractor during any period of debarment, suspension or placement in ineligibility status under provisions of 24 CFR Part 24.

VII.

UNIFORM ADMINISTRATIVE REQUIREMENTS AND COST PRINCIPALS

The Contractor and its agencies or instrumentalities, and subrecipients shall comply with the policies, guidelines, and requirements of 24 CFR Part 85, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments;" and OMB Circular No. A-122, "Cost Principles for Nonprofit Organizations". The applicable sections of 24 CFR Part 85 are set forth at 570.502.

VIII.

CONFLICT OF INTEREST

A. No member of or delegate to the Congress of the United States, and no resident Commissioner, shall be admitted to any share or part of this Agreement or to any benefit direct or indirect which arises from this Agreement.

B. In accordance with 24 CFR Part 570.611, no persons described in paragraph C who exercise or have exercised any functions with respect to CDBG activities or who are in a position to participate in a decision making process or gain inside information with regard to CDBG activities, may obtain a personal or financial interest or benefit from, or have any interest in any contract, subcontract, or agreement or the proceeds thereunder, either for themselves or those with whom they have family or business ties, during their tenure or for one year thereafter.

C. The requirements of paragraph B apply to any person who is an employee, agent, consultant, officer, or elected official or appointed official of the County, Contractor, and of any designated public agency, or subrecipient under 24 CFR Section 570.20 which receives funds under the CDBG grant agreement with HUD.

IX.

RECORDS FOR AUDIT PURPOSES

Without limitation to any other provision of this Agreement the Contractor shall maintain all records concerning the Project which the County reasonably requires for three years from the expiration date of the Agreement unless a longer period is required under Title 24,. Code of Federal Regulations 570.510. The Contractor shall maintain records required by 24 CFR Section 135.120 for the period that HUD requires the records to be maintained. The Contractor will give the County, HUD, the Comptroller General of the United States, the General Accounting Office or any of their authorized representative access to and the right to examine, copy or reproduce all records pertaining to the acquisition and construction of the Project and the operation of the Project. The right to access shall continue as long as the records are required to be maintained.

FORT BEND COUNTY
DANGEROUS BUILDING DEMOLITION PROGRAM GUIDELINES

The Fort Bend County Dangerous Building Demolition Program provides assistance to demolish vacant, deteriorated and abandoned buildings in incorporated areas of Fort Bend County with Community Development Block Grant (CDBG) funds. The program is primarily intended for the demolition of single-family units, but may also include larger residential buildings and commercial and industrial structures. These guidelines should be used by cities that have been allocated CDBG funds administered by the Fort Bend County Community Development Department for the purpose of demolition.

Definitions

Dwelling unit. A house, apartment, mobile home or trailer serving as permanent living quarters or, if vacant, intended for occupancy as permanent living quarters.

Occupied dwelling unit. A dwelling unit occupied as the usual place or permanent residence by a person or group of persons.

Structure. Buildings and improvements which are not intended for permanent living quarters or dwelling units which have been converted to a use other than a dwelling unit.

Substandard dwelling unit. A dwelling unit which is deficient in any or all of the acceptable criteria of Section 8 Housing Quality Standards and, where applicable, the building code adopted by a city.

Vacant occupiable dwelling unit. A vacant dwelling unit that is in a standard condition; or a vacant dwelling unit that is in a substandard condition, but is suitable for rehabilitation; or a dwelling unit in any condition that has been occupied (except by a squatter) at any time within the period beginning one year before the start date of the demolition agreement with Fort Bend County.

Vacant unoccupiable dwelling unit. A vacant dwelling unit that is in substandard condition not suitable for rehabilitation. The dwelling unit has not been occupied (except by a squatter) at any time within the period beginning one year before the start date of the demolition agreement with Fort Bend County.

Eligible Activities

The demolition and clearance of dangerous buildings and structures is eligible for CDBG funding under this program. The purpose is to eliminate specific conditions of blight or physical decay on a spot basis not located in a slum or blighted area. CDBG funds may also be used to pay the cost of publishing any required notices.

Federal law requires replacement of CDBG-funded demolition of dwelling units which are either occupied by a low or moderate income person or vacant and are suitable for rehabilitation and occupancy by a low and moderate income person. Fort Bend County must ensure that it will not fund the demolition of residential buildings which could be occupied by low and moderate income persons. Therefore, occupied/occupiable dwelling units are not eligible for demolition under this program.

Description of Financial Assistance

Financial assistance will be in the form of a grant from Fort Bend County to the city through the Community Development Block Grant program.

Responsibilities of Fort Bend County

1. Fort Bend County will draw up an agreement to be executed by the city and the County. The agreement will contain the amount of assistance being made available to the city and a time period for carrying out the terms of the agreement.

2. Fort Bend County will make available Community Development Block Grant funds for the demolition of structures.

3. Fort Bend County will review the Certification of Compliance (see Appendix 1) submitted by the city for each property.

4. Fort Bend County will pay the city for demolition when all work has been completed on a contract and a request for payment has been received from the city.

5. Fort Bend County will obtain environmental clearances, if necessary.

Responsibilities of City

1. City must establish procedures for selecting structures eligible for demolition. If a program is established which allows liens to be filed against the properties, any collected fees shall be treated as program income and the County's CDBG program shall be reimbursed. This does not include liens for administrative fees incurred by the City.

2. City must determine that the dwelling unit has been vacant for at least one year and is unoccupiable. This requirement only applies to dwelling units. If the property can be determined to be not occupiable, it would be considered a structure and not subject to these requirements. If the city has a written policy that it only "red tags" vacant dwelling units and occupancy is prohibited after a unit is red tagged, then the date that the unit is tagged can be used as date when the 12 month vacancy period begins. The unit must also be determined not suitable for rehabilitation.

(In determining the date in which a substandard unit becomes vacant, HUD only requires that a community use the cheapest method of documentation. This may be the date on which the utilities were disconnected. If this form of verification is unavailable, other documentation such as statements from neighbors or mail carrier is acceptable. Only one form of verification is required.)

3. The city must submit one (1) Certification of Compliance form to Fort Bend County Community Development Department for each structure selected for demolition. The certification must state the specific condition that constitutes blight or physical decay.

4. The city must submit to Fort Bend County requests for payment in a manner permitting timely payments to city.

Demolition Process

Demolition contracts will be handled by the City through the normal bidding procedures. The contractor's work will be monitored and inspected by city staff to verify that all required work is in conformance with the contract between the contractor and the city. The County will periodically inspect the demolition to ensure that demolition is complete.

Reporting Requirements

Before a city commits CDBG funds to a demolition project, the city must provide the following information for monitoring purposes:

1. One (1) Certification of Compliance form for each structure selected for demolition.

2. The location on a map of the dwelling unit/structure that will be demolished.

3. A time schedule for the commencement and completion of the demolition.

Additional Information

For additional information please contact the Fort Bend County Community Development Department, (713) 341-4410.

AGREEMENT

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

This agreement is by and between the City of Rosenberg, a body corporate and politic under the laws of the State of Texas, hereinafter referred to as "City," and Fort Bend County, a body corporate and politic under the laws of the State of Texas, hereinafter referred to as "County."

WITNESSETH:

WHEREAS, the County has submitted a Community Development Block Grant to the U. S. Government, application number B-92-UC-48-0004, which has been approved by the U. S. Government through the U. S. Department of Housing and Urban Development;

WHEREAS, the City did agree to co-operate to be included in the grant application; and,

WHEREAS, included in the approved grant application was the demolition and removal of dangerous buildings to eliminate specific conditions of blight or physical decay on a spot basis which 1) adversely affect public health, safety, morals, or welfare; 2) substantially retard the development of a sound and healthy housing environment; and 3) result in an economic or social liability to the locality. The City will demolish and remove dangerous buildings which adversely affect the public's health and safety, for the total cost of $34,735.00, hereinafter referred to as "Project";

WHEREAS, the County is the grantee named in the Grant charged with compliance of the federal laws, rules, and regulations relating to the expenditure of funds received from the U. S. Government pursuant to the approved Community Development Block Grant application; and,

WHEREAS, the City is not familiar with such federal laws, rules, and regulations relating to the expenditure of U. S. Government funds under the Community Development Block Grant application; and,

WHEREAS, the County desires to assure compliance with such laws, rules, and regulations relating to the expenditure of funds under the Community Development Block Grant application; and,

WHEREAS, the County and City mutually agree as to the need to expedite this project as quickly as possible;

NOW, THEREFORE, the County and City do mutually agree as follows:

I.

The County and City agree to demolish and remove only structures which constitute a public nuisance, and dwelling units which have been vacant for at least one year, substandard and not suitable for rehabilitation in accordance with the guidelines rules, and regulations required by the U. S. Department of Housing and Urban Development, hereinafter referred to as "HUD."

II.

Within 45 days after the approval of said agreement, the City will complete a Certification of Compliance form for each structure selected for demolition in the City and will transmit to County for review. Upon receipt, the County will transmit to the City a written notice to proceed or not to proceed with the demolition of structure according to demolition guidelines. The City shall, at its own expense furnish the necessary inspection personnel to assure itself of compliance with the contract. The County shall fund the project as set forth in this agreement.

III.

For and in consideration of the construction of the Project as herein set forth, the County agrees to fund project costs not to exceed the total sum of Thirty-four Thousand Seven Hundred Thirty-five and No/100 Dollars ($34,735.00) as set forth in the Budget for CDBG funds attached hereto as Exhibit "B," which shall be in full and total compensation for payment of all expenses allowed under this contract and the Grant Agreement with HUD. The County will pay the City when all work has been completed on a contract and a request for payment has been received from the City. The County shall not be liable for the payment of expenses or costs which are not allowable under the terms of this Agreement and the Grant Agreement with HUD.

IV.

This agreement will be from April 15, 1994 to November 30, 1994, or until the City expends all funds authorized under this contract, whichever is earlier.

The County has no County funds for the costs of goods and services to be rendered under this agreement. It is expressly agreed and understood that this agreement is predicated upon and conditioned on the County receiving funds for the purpose of paying the entire obligation of the County under this agreement from funds to be received from the U. S. Department of Housing and Urban Development, by virtue of Grant No. B-92-UC-48-0004, entitled Community Development Block Grant. Accordingly, notwithstanding anything herein to the contrary, the maximum liability of the County under the terms and provisions of this agreement shall not exceed $34,735.00 or the amount actually received by the County from HUD pursuant to the Block Grant.

The City admits knowledge of the fact that the County's obligation hereunder for payment of compensation and costs, if any is limited to Federal funds received pursuant to the Grant Agreement in connection with the Community Development Block Grant Program of the U. S. Department of Housing and Urban Development, and that unless and until adequate funds have been received by the County under the Grant agreement to pay the City's compensation and expense reimbursement, the County shall have no obligation to the City.

V.

The City agrees to furnish to Fort Bend County Community Development a summary of any comments received from the public regarding this program.

VI.

This Agreement includes the following exhibits and such exhibits are attached hereto and made a part hereof for all purposes:

Exhibit A - Community Development Block Grant Program Requirements
Exhibit B - Budget and Allocation of Costs
Exhibit C - Certification for Contracts, Grants, Loans and Cooperative Agreements
Exhibit D - Dangerous Buildings Demolition Program Guidelines

This Agreement and the attached exhibits represent the entire agreement between the County and the City and there are no other effective agreements, representations or warranties between the County and the City that are not contained in the Contract Documents.

VII.

Unless otherwise provided in this agreement, any notice provided for or permitted to be given must be in writing and delivered in person or by depositing same in the United States mail, postpaid and registered or certified, addressed to the party to be notified, with return receipt requested, or by delivering the same to an officer of such party. Notice deposited in the mail as described above shall be conclusively deemed to be effective, unless otherwise stated in this agreement from and after the expiration of three (3) days after it is so deposited.

For the purpose of notice, the addresses of the parties shall, until changed as hereinafter provided, be as follows:

If the County, then to:

Hon. County Judge and Commissioners Court
P. O. Box 368
Richmond, Texas 77469

If to the City, to:

Hon. Mayor and City Council
City of Rosenberg
2110 Fourth Street

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM REQUIREMENTS

I.

TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

The Contractor shall comply with Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and Title 24 Code of Federal Regulations Part 1. In accordance with the Act, no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subject to discrimination under any program or activity for which the Contractor receives Federal financial assistance. The Contractor will immediately take any measures necessary to comply with Title VI. If any real property or structure is thereon provided or improved with the aid of Federal financial assistance, this clause shall obligate the owner, or in the case of any transfer of such property, any transferee, to comply with the requirements and restrictions contained in this clause for the period during which the real property or structure is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. The Contractor will further comply with federal regulations, 24 CFR Part 1, which implement the Act.

The Contractor shall comply with Executive Order 11063 as amended by Executive Order 12259 and as contained in 24 CFR Part 107. Contractor will take all action necessary and appropriate to prevent discrimination because of race, color, religion (creed), sex, or national origin, in the sale, leasing, rental, or other disposition of residential property and related facilities (including land to be developed for residential use), or in the use or occupancy thereof, if such property and related facilities are, among other things, provided in whole or in part with the aid of loans, advances, grants, or contributions agreed to be made by the Federal Government.

III.

SECTION 109 OF THE HOUSING AND COMMUNITY DEVELOPMENT ACT OF 1974

The Contractor shall comply with Section 109 of the Housing and Community Development Act of 1974 as contained in 24 CFR Part 570.602 issued pursuant to Section 109. No person in the United States shall, on the ground of race, color, national origin or sex, be excluded from participation in, be denied the benefits

of, or be subjected to discrimination under any program or activity funded in whole or in part with community development funds. "Program activity" is defined as any function conducted by an identifiable administrative unit of the County, or by any unit of government, subrecipient (Contractor), or private contractor receiving community development funds or loans from the County. "Funded in whole or in part with community development funds" means that community development funds in any amount in the form of grants or proceeds from HUD guaranteed loans which have been transferred by the County or subrecipient (Contractor) to an identifiable administrative unit and disbursed in program or activity. Specific discriminatory actions prohibited and corrective actions are described in 24 CFR 570.602(b).

Section 109 of the Act further provides that any prohibition against discrimination on the basis of age under the Age Discrimination Act of 1975 (42 U.S.C.A. 6101 et seq.) or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973 (29 U.S.C.A. 794). shall also apply to any program or activity funded in whole or in part with funds made available pursuant to the Act. HUD regulations implementing the Age Discrimination Act are contained in 24 CFR Part 146 and the regulations implementing section 504 are contained in 24 CFR Part 8.

IV.

EXECUTIVE ORDER 11246

The Contractor shall comply with Executive Order 11246, as amended by Executive Order 12086, and the regulations issued pursuant thereto (41 CFR Chapter 60) which provides that no person shall be discriminated against on the basis of race, color, religion, sex, or national origin in all phases of employment during the performance of Federal or federally assisted construction contracts.

Contractor agrees that contractors and subcontractors on Federal or federally assisted construction contracts shall take affirmative action to ensure fair treatment in employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay, or other forms of compensation and selection for training and apprenticeship.

V.

SECTION 3 OF THE HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Contractor shall comply with Section 3 of the Housing and Urban Development Act of 1968, as amended, (12 USC 1701u)

A. The Contractor shall to the greatest extent feasible, give opportunities for training and employment to lower income residents of the County and shall award contracts for work in connection with the Project to business concerns which are located in or owned in substantial part by persons residing in the county.

B. The Contractor shall include the phrase in paragraph A in all contracts for work in connection with this project.

VI.

USE OF DEBARRED SUSPENDED OR INELIGIBLE CONTRACTORS

The Contractor shall not use assistance to directly or indirectly employ, award contracts to, or otherwise engage the services of, or fund any contractor or subcontractor during any period of debarment, suspension or placement in ineligibility status under provisions of 24 CFR Part 24.

VII.

UNIFORM ADMINISTRATIVE REQUIREMENTS AND COST PRINCIPALS

The Contractor and its agencies or instrumentalities, and subrecipients shall comply with the policies, guidelines, and requirements of 24 CFR Part 85, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments;" and OMB Circular No. A-122, "Cost Principles for Nonprofit Organizations". The applicable sections of 24 CFR Part 85 are set forth at 570.502.

VIII.

CONFLICT OF INTEREST

A. No member of or delegate to the Congress of the United States, and no resident Commissioner, shall be admitted to any share or part of this Agreement or to any benefit direct or indirect which arises from this Agreement.

B. In accordance with 24 CFR Part 570.611, no persons described in paragraph C who exercise or have exercised any functions with respect to CDBG activities or who are in a position to participate in a decision making process or gain inside information with regard to CDBG activities, may obtain a personal or financial interest or benefit from, or have any interest in any contract, subcontract, or agreement or the proceeds thereunder, either for themselves or those with whom they have family or business ties, during their tenure or for one year thereafter.

C. The requirements of paragraph B apply to any person who is an employee, agent, consultant, officer, or elected official or appointed official of the County, Contractor, and of any designated public agency, or subrecipient under 24 CFR Section 570.20 which receives funds under the CDBG grant agreement with HUD.

IX.

RECORDS FOR AUDIT PURPOSES

Without limitation to any other provision of this Agreement the Contractor shall maintain all records concerning the Project which the County reasonably requires for three years from the expiration date of the Agreement unless a longer period is required under Title 24,. Code of Federal Regulations 570.510. The Contractor shall maintain records required by 24 CFR Section 135.120 for the period that HUD requires the records to be maintained. The Contractor will give the County, HUD, the Comptroller General of the United States, the General Accounting Office or any of their authorized representative access to and the right to examine, copy or reproduce all records pertaining to the acquisition and construction of the Project and the operation of the Project. The right to access shall continue as long as the records are required to be maintained.

FORT BEND COUNTY
DANGEROUS BUILDING DEMOLITION PROGRAM GUIDELINES

The Fort Bend County Dangerous Building Demolition Program provides assistance to demolish vacant, deteriorated and abandoned buildings in incorporated areas of Fort Bend County with Community Development Block Grant (CDBG) funds. The program is primarily intended for the demolition of single-family units, but may also include larger residential buildings and commercial and industrial structures. These guidelines should be used by cities that have been allocated CDBG funds administered by the Fort Bend County Community Development Department for the purpose of demolition.

Definitions

Dwelling unit. A house, apartment, mobile home or trailer serving as permanent living quarters or, if vacant, intended for occupancy as permanent living quarters.

Occupied dwelling unit. A dwelling unit occupied as the usual place or permanent residence by a person or group of persons.

Structure. Buildings and improvements which are not intended for permanent living quarters or dwelling units which have been converted to a use other than a dwelling unit.

Substandard dwelling unit. A dwelling unit which is deficient in any or all of the acceptable criteria of Section 8 Housing Quality Standards and, where applicable, the building code adopted by a city.

Vacant occupiable dwelling unit. A vacant dwelling unit that is in a standard condition; or a vacant dwelling unit that is in a substandard condition, but is suitable for rehabilitation; or a dwelling unit in any condition that has been occupied (except by a squatter) at any time within the period beginning one year before the start date of the demolition agreement with Fort Bend County.

Vacant unoccupiable dwelling unit. A vacant dwelling unit that is in substandard condition not suitable for rehabilitation. The dwelling unit has not been occupied (except by a squatter) at any time within the period beginning one year before the start date of the demolition agreement with Fort Bend County.

Eligible Activities

The demolition and clearance of dangerous buildings and structures is eligible for CDBG funding under this program. The purpose is to eliminate specific conditions of blight or physical decay on a spot basis not located in a slum or blighted area. CDBG funds may also be used to pay the cost of publishing any required notices.

Federal law requires replacement of CDBG-funded demolition of dwelling units which are either occupied by a low or moderate income person or vacant and are suitable for rehabilitation and occupancy by a low and moderate income person. Fort Bend County must ensure that it will not fund the demolition of residential buildings which could be occupied by low and moderate income persons. Therefore, occupied/occupiable dwelling units are not eligible for demolition under this program.

Description of Financial Assistance

Financial assistance will be in the form of a grant from Fort Bend County to the city through the Community Development Block Grant program.

Responsibilities of Fort Bend County

1. Fort Bend County will draw up an agreement to be executed by the city and the County. The agreement will contain the amount of assistance being made available to the city and a time period for carrying out the terms of the agreement.

2. Fort Bend County will make available Community Development Block Grant funds for the demolition of structures.

3. Fort Bend County will review the Certification of Compliance (see Appendix 1) submitted by the city for each property.

4. Fort Bend County will pay the city for demolition when all work has been completed on a contract and a request for payment has been received from the city.

5. Fort Bend County will obtain environmental clearances, if necessary.

Responsibilities of City

1. City must establish procedures for selecting structures eligible for demolition. If a program is established which allows liens to be filed against the properties, any collected fees shall be treated as program income and the County's CDBG program shall be reimbursed. This does not include liens for administrative fees incurred by the City.

2. City must determine that the dwelling unit has been vacant for at least one year and is unoccupiable. This requirement only applies to dwelling units. If the property can be determined to be not occupiable, it would be considered a structure and not subject to these requirements. If the city has a written policy that it only "red tags" vacant dwelling units and occupancy is prohibited after a unit is red tagged, then the date that the unit is tagged can be used as date when the 12 month vacancy period begins. The unit must also be determined not suitable for rehabilitation.

(In determining the date in which a substandard unit becomes vacant, HUD only requires that a community use the cheapest method of documentation. This may be the date on which the utilities were disconnected. If this form of verification is unavailable, other documentation such as statements from neighbors or mail carrier is acceptable. Only one form of verification is required.)

3. The city must submit one (1) Certification of Compliance form to Fort Bend County Community Development Department for each structure selected for demolition. The certification must state the specific condition that constitutes blight or physical decay.

4. The city must submit to Fort Bend County requests for payment in a manner permitting timely payments to city.

Demolition Process

Demolition contracts will be handled by the City through the normal bidding procedures. The contractor's work will be monitored and inspected by city staff to verify that all required work is in conformance with the contract between the contractor and the city. The County will periodically inspect the demolition to ensure that demolition is complete.

Reporting Requirements

Before a city commits CDBG funds to a demolition project, the city must provide the following information for monitoring purposes:

1. One (1) Certification of Compliance form for each structure selected for demolition.

2. The location on a map of the dwelling unit/structure that will be demolished.

3. A time schedule for the commencement and completion of the demolition.

Additional Information

For additional information please contact the Fort Bend County Community Development Department, (713) 341-4410.

THE STATE OF TEXAS

COUNTY OF FORT BEND

CONTRACT FOR ELECTION SERVICES BETWEEN FORT BEND COUNTY AND THE CITY OF ARCOLA

THIS CONTRACT made this March 1994, made by and between the City of Arcola, a municipal corporation, hereinafter referred to as "Arcola" and R. Dianne McWethy, Elections Administrator of Fort Bend County, Texas, hereinafter referred to as the "Contracting Officer", and by authority of Section 31.092 (a), Texas Election Code for the conduct and supervision of the May 7, 1994 election for the selection of a mayor and two councilmembers to the city council for two year terms, one councilmember to fill the unexpired term of one year and for the purpose of submitting to the qualified voters of the city a proposition relating to whether an additional sales and use tax of one-half (1/2) of one percent should be adopted to reduce the property tax rate.

THIS CONTRACT is subject to the written approval of the Fort Bend County Attorney and shall not be binding on the parties until such written approval is obtained. Upon written approval of the Fort Bend County Attorney and the participating parties, this CONTRACT shall be binding on said parties.

WITNESSETH:

WHEREAS, the City is holding an election for the selection of a mayor and two councilmembers to the city council for two year terms, one councilmember to fill the unexpired term of one year and for the purpose of submitting to the qualified voters of the city a proposition relating to whether an additional sales and use tax of one-half (1/2) of one percent should be adopted to reduce the property tax rate (at the expense of Arcola) on May 7, 1994; and

WHEREAS, the voting precincts of Arcola, which lie within the corporate limits of Fort Bend County, have been established by Arcola as their respective voting precincts; and

WHEREAS, the County owns an electronic voting system which has been duly approved by the Secretary of State, pursuant to the Texas Election Code, Ann. (paragraph 122.031 - 122.039, paragraph 122.061, paragraph 122.091) as amended, and

WHEREAS, Arcola desires to use the County's electronic voting system in their elections and to compensate the County for such use and to share in certain other expenses connected with such elections in accordance with the provisions of Section 31.098 of the Texas Election Code, as amended, and

NOW, THEREFORE, in consideration of the mutual covenants, agreements and benefits to the parties, IT IS AGREED as follows:

I.

In all of the City voting precincts, the Contracting Officer shall conduct the Arcola election in accordance with this contract. Arcola shall bear the full cost of the voting sites and election judges, alternates and clerks to be used for the election.

II.

Ballot cans owned by the County shall be used for the Arcola election.

III.

Arcola agrees to appoint the Fort Bend County Elections Administrator as the clerk for Early Voting and shall furnish wording on the ballots and election order necessary for early voting in the election. The Contracting Officer shall appoint the presiding judge for early voting in the Arcola election.

Arcola agrees that the locations for early voting in the election will be the Arcola City Hall. The above mentioned wording on the ballot(s) and election order(s) shall be delivered to the Elections Administrator prior to the commencement of early voting in the election to be held at the expense of the respective parties. Arcola shall bear the full cost for the conduct of early voting, inclusive of personnel at an hourly rate of $6.00.

Arcola shall receive requests for applications for early voting ballots to be voted by mail in accordance with Title 7, Texas Election Code. Arcola shall forward these requests to the Elections Administrator to be processed. Arcola shall pay to the County the actual cost incurred for materials and postage for the distribution of ballots by mail.

The Contracting Officer shall deliver to Arcola one (1) copy of the early voting report on a daily basis and a cumulative final early voting report following the election.

IV.

The Contracting Officer shall have Arcola ballots, inclusive of sample and test ballots, printed to cover the respective elections, in accordance with Texas Election Code Ann. Paragraph 124.004, as amended. The ballots to be provided by the Contracting Officer for conducting Arcola's election shall include the ballots necessary (estimated to be 350 ballots) for the election.

V.

In all instances covered by Paragraph I, the Contracting Officer shall cause the ballot cans to be delivered to the voting places and early voting places at least one (1) hour before the time set for opening the polls in each voting precinct, pursuant to Texas Election Code paragraph 125.001, 125.004, 125.061, 127.032 - .033 and 127.063 - .065 as amended.

VI.

Arcola shall bear the full cost of the rent, if applicable, for all voting places contemplated by Paragraph I of this Contract.

VII.

Arcola shall bear the full cost, if applicable, for the tables, chairs and other equipment as deemed necessary and/or desirable for the holding of said election and cause same to be delivered to the voting places of the City and the respective cities.

VIII.

Arcola shall bear the full cost, if applicable, for the employment and/or use such personnel as the Contracting Officer deems necessary or desirable to prepare for and conduct early voting.

IX.

Arcola shall pay a pro-rata cost for the employment and/or use of such personnel as the Contracting Officer deems necessary to program and operate the automatic tabulating equipment in accordance with Texas Elec. Code Ann. paragraph 124.066, 127.001 - .006, 127.121 - 122, as amended.

X.

The Contracting Officer shall appoint the presiding judges and clerks in the voting precincts, which lie within the limits of Arcola and the respective cities pursuant to the Texas Elec. Code Ann. paragraph 32.091 - .093 and 271.013, as amended, for their services in connection with the election to be held at the expense of Arcola. Arcola shall bear the full cost of the presiding judges and clerks in the voting precincts, which lie within the limits of Arcola pursuant to the Texas Elec. Code Ann. paragraph 32.091 - .093 and 271.013, as amended, for their services in connection with the election to be held at the expense of Arcola.

The Contracting Officer shall appoint the presiding judge and clerks of the Early Voting Ballot Board to process early voting results pursuant to Tex. Elec Code Ann. paragraph 87.001 - .025, 87.101, and 87.103, as amended. Arcola shall bear the cost for the presiding judge and clerks of the Early Voting Ballot Board.

XI.

The Contracting Officer will provide assistance in the preparation of programs and test materials for tabulation of ballots, supervision of handling and disposition of election returns and assistance in preparing the tabulation for the official canvass in accordance with Tex. Elec. Code Ann. paragraph 31.094 as amended.

XII.

The Contracting Officer will provide advisory services in connection with decisions to be made and actions to be taken by the officers of Arcola.

XIII.

Arcola shall pay to the County an Administrative Fee of five (5) percent of the total amount of the contract for each of the participating parties.

XIV.

It is understood that the County will incur costs and expenses in connection with the making of arrangements and preparations for the election, and that in the event the election to be held at the Arcola is enjoined or canceled, or if for any reason whatsoever Arcola shall decide not to proceed with the election to be held at the expense of Arcola, or if the date of the election to be held by Arcola is postponed or otherwise changed, Arcola shall be obligated to pay the County for the amount Article XIII of this Contract, which is agreed to be a fair and reasonable estimate of the costs and expenses incurred, or to be incurred, by the County in making such arrangements and preparations and the loss of damage to be sustained by the County in such event.

XV.

In the event legal action is filed challenging the Arcola election, Arcola shall provide for, at Arcola's expense, legal representation for the County, the Elections Administrator and additional election personnel, as necessary.

XVI.

Except as herein expressly provided otherwise, each party hereto shall do all things that may be required in connection with the election to be held at its expenses. Arcola shall be responsible for the preparation of election orders, resolutions, notices, and other pertinent documents for adoption or execution by the proper officer of said party, and no party hereto shall have the responsibility or duty in connection with such preparations by any other party thereto. Arcola shall likewise be responsible for posting or publication of election notices and no party hereto shall be responsible for the posting or publication by any other party hereto. Arcola shall be responsible for making the submission, if any is required or desired, to the United States Department of Justice, pursuant to the Voting Rights Act of 1965, as amended, and the Contracting Officer hereto shall not have the responsibility or duty in connection with the submission relating to the election to be held at the expenses of each party hereto.

XVII.

It is understood that to the extent space is available that other districts and political subdivisions may wish to participate in the use of the above-mentioned election equipment and voting places, and it is agreed that the Contracting Officer may contract with such other districts or political subdivisions for such

purposes and that in such event there may be no adjustment of the cost to be paid to the County by Arcola under this Contract.

XVIII.

It is estimated that Arcola's obligation thereunder shall not exceed two thousand, two hundred and thirty-one and no/100 dollars ($2,231) and Arcola agrees to pay a deposit of sixty (60) percent of said amount to Fort Bend County for an amount of one thousand, three hundred and thirty-eight and no/100 dollars ($1,378) within five (5) days after Arcola's execution of this Contract. The exact amount of Arcola's obligation hereunder shall be calculated after the May 7, 1994 election, and if the amount of Arcola's obligation exceeds the amount deposited, then, in that event, Arcola shall pay to Fort Bend County the balance due within thirty (30) days after the election. However, if the amount of Arcola's obligation is less than the amount deposited, then and in that event, Fort Bend County shall refund to the District the excess amount paid within thirty (30) days after the May 7, 1994 election.

a) It has on the 21st day of March, 1994 been executed on behalf of the City of Arcola by its City Council, pursuant to a resolution of the City of Arcola, so authorizing;

ORDER AUTHORIZING EXECUTION OF AGREEMENT BETWEEN FORT BEND COUNTY AND DAWSEY/ASSOCIATES/ARCHITECTS

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

On this the 12 day of April, 1994, the Commissioners' Court of Fort Bend County, Texas, upon motion of Commissioner Pressley, seconded by Commissioner Sitta, duly put and carried,

IT IS ORDERED that County Judge Roy L. Cordes, Jr. be, and he is hereby, authorized to execute an Agreement between Fort Bend County and Dawsey/Associates/Architects, for architectural services, said Agreement being incorporated herein by reference for all purposes as though fully set forth herein word for word.

PP:la/dawsey.agr/3003(031694)

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

AGREEMENT FOR ARCHITECTURAL SERVICES

THIS AGREEMENT made, entered into and executed by and between Fort Bend County, a body corporate and politic under the laws of the State of Texas, hereinafter called the **"County"**, and Dawsey/Associates/Architects, a sole proprietorship, hereinafter called **"Consultant"**.

WHEREAS, the **County** desires the design of the new Justice of the Peace and Constable Office, for Fort Bend County, Precinct 3 called the "Facility"; and

WHEREAS, the **Consultant** represents that it is fully capable of making and qualified to design the Facility; and

WHEREAS, the **County** desires the design of said Facilities to be in compliance with the Americans with Disabilities Act; and,

WHEREAS, **Consultant** wishes to provide all of the labor, materials, permits and architectural drawings and services for said renovation, in compliance with the ADA Compliance Guidebook, Boma International, ISBN 0-94-3130-00-X, Copyright September, 1991. A copy of the title page of the Compliance Guidebook, EXHIBIT "B", shall be part of this Agreement.

NOW THEREFORE, the parties hereby agree as follows:

SECTION I
SCOPE OF AGREEMENT

The **Consultant** agrees to perform certain professional architectural services in connection with the Facility, as defined in Exhibit "A" attached hereto and made a part hereof, hereinafter sometimes called "Scope of Work," and for having rendered such services, the **County** agrees to pay to the **Consultant** compensation as stated in the sections to follow.

SECTION II
CHARACTER AND EXTEND OF SERVICES

The **Consultant** shall render the professional services in connection with the facility as defined in Exhibit "A" attached hereto. The **County** shall be the absolute and unqualified owner of all studies, reports, analyses, determinations, recommendations, and other documents prepared pursuant to this agreement with the same force and effect as if the **County** has prepared the same.

SECTION III
TIME FOR PERFORMANCE

Consultant agrees to prosecute the work to be performed hereunder diligently and to complete the design of the Facility, including all services called for in Exhibit "A" attached hereto, within sixty (60) days from the date of execution of this Agreement. Upon written request of the **Consultant**, the **County** may grant time extensions to the extent of any delays caused by the **County** or other agencies with whom the work must be coordinated and over whom the **Consultant** has no control.

SECTION IV
COMPLIANCE AND STANDARDS

The **Consultant** agrees to perform the work hereunder in accordance with generally accepted standards applicable thereto and shall use that degree of care and skill commensurate with the architectural profession to comply with all applicable federal, state, and local laws, ordinances, permitting requirements, rules, and regulations relating to the work to be performed hereunder and to the architectural performance. Specifically, the work described herein shall comply with any and all requirements of the Americans with Disabilities Act of 1990, 42USC, Section 12101 et. seq.

The **Consultant** agrees to indemnify, defend and hold the **County** harmless from each and every claim, demand, suit, action, proceeding, lien or judgement caused by or arising out of or in

connection with the acts, errors or omissions of the **Consultant** or **Consultant's** subcontractors.

In the performance of work pursuant to this Agreement, **Consultant** shall be and is hereby deemed an independent contractor and any of its employees, agents or subcontractors performing work hereunder shall be deemed solely to the employees, agents and subcontractors of **Consultant**.

SECTION V
THE CONSULTANT'S COMPENSATION

For and in consideration of the services rendered by the **Consultant** pursuant to the Exhibit "A" Basic Services of this Agreement, the **County** shall pay to the **Consultant** the sum of $11,500.00, and said sum being hereinafter referred to as the fixed fee. For and in consideration of the services rendered by the **Consultant** pursuant to the Exhibit "A" Scope of Work, the **County** shall pay the **Consultant** up to and not to exceed $11,500.00.

The architectural fees shall not be paid to the **Consultant** until the Fort Bend County Commissioners' Court approves same.

SECTION VI
TIME OF PAYMENT

A. Payment by the **County** to the **Consultant** during the Performance of the Exhibit "A" Scope of Work of this agreement shall be made monthly. Payments shall be equal to the percentage of services completed during the preceding calendar month until 95% of the fixed fee is disbursed.

B. The **Consultant** shall submit to the **County** by the 15th day of the month an invoice with accompanying statement of work performed in the previous month. The **County** shall upon acceptance of the invoice and the statement of work performed, pay to the **Consultant** the full amount of the invoice.

C. Within thirty (30) days of the acceptance of the **Consultant's** Final Report submitted pursuant to Exhibit "A", an amount equal to 100% of the fixed fee shall be paid by the **County** to the **Consultant.**

SECTION VII
TERMINATION

The **County** or the **Consultant** may terminate this Agreement at any time by thirty (30) days notice in writing to the other party. Upon receipt of such notice, the **Consultant** shall discontinue all services in connection with the performance of this agreement and shall proceed to promptly cancel all existing orders and contracts insofar as such orders or contracts are chargeable to the Agreement and such cancellation would be in the best interest of the **County.** As soon as practicable after receipt of notice of termination, the **Consultant** shall submit a sworn statement, showing in detail the services performed under this Agreement to the date of termination. The **County** shall then pay the **Consultant** that proportion of the prescribed charges for those services which were actually performed under this Agreement, less such payments on account thereof that have been previously made. Copies of all completed or partially completed designs, maps, studies, and other work product prepared under this Agreement shall be delivered to the **County** when and if this Agreement is terminated.

SECTION VIII
ADDRESS FOR NOTICES AND COMMUNICATIONS

All notices and communications under this Agreement shall be mailed by certified mail, return receipt requested, to the **Consultant** at the following address:

SECTION IX
SUCCESSORS AND ASSIGNS

Neither the **County** nor the **Consultant** shall assign, sublet or transfer its or his interest in this Agreement without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the party of any officer or agent of any public body which may be a party hereto.

SECTION X
COPYRIGHT

Consultant does hereby grant to **County** the royalty-free to reproduce all material furnished by **Consultant** to **County** under the terms of this Agreement.

SECTION XI
INSURANCE

Consultant shall provide the **County**, prior to commencement of work pursuant to the Agreement with evidence of insurance satisfactory to the **County**. In this regard, **Consultant** shall provide the **County's** Risk Management/Insurance Department with satisfactory documentation of such coverage.

SECTION XII
MODIFICATIONS

This instrument contains the entire Agreement between the parties relating to the rights herein granted and the obligations herein assumed. Any oral or written representations or modifications concerning this instrument shall be of no force and effect excepting a subsequent modification in writing signed by both parties hereto.

APPENDIX A - PROPOSAL COST SUMMARY

PART ONE - PROPOSAL SUBMISSION

SECTION I - GENERAL INFORMATION

1. Purpose of RFP:
   This request solicits proposals to furnish Fort Bend County with an integrated computer system to support the administration of Law Enforcement and Justice Operations in the county. Fort Bend County seeks a system compatible with the equipment and applications now being run in the County and with the capabilities to take advantage of future software directions. It is also the County's intent to standardize on this common software system to facilitate maintenance and support. It is Fort Bend County's intent to make a selection based on responses to this RFP, without again soliciting proposals.

2. Background Information:

   Current Justice System Software and Hardware in use:

   The County currently has the following hardware and software in use:
   An IBM 4381 CPU utilizing the IBM DOS/ESA operating system;
   An SNA terminal network using the VTAM access method;
   IBM SQL/DS and VSAM file managers;
   IBM Command Level CICS and COBOL;
   MS DOS, MS Windows, and Novell Networks.

   We are currently utilizing in-house developed systems for Jail Management, Records Management, CADS, Prosecution Support, and Court Management. Despite many hours of program maintenance and enhancements over the years these programs have become inadequate. Thus, we are seeking an integrated state-of-the-art solution for Justice Management that incorporates the capabilities now available in the computer industry. But one which can maximize our current investment in hardware, software, and support.

3. RFP Organization:

   There is an attached Proposal Summary that is also divided into three parts. Please complete all sections for the System that you are proposing.

4. Scope of Proposed Project:
   This RFP will be utilized as a basis for Justice Software purchased by Fort Bend County during the twelve (12) months from the date of award. The County will require software warranties of one year (unless otherwise noted) on all software purchased and will require software support contracts at it's discretion. All prices can be adjusted downward in the future based upon manufacturer's list price changes. It will be the winning vendor's responsibility to make Fort Bend County aware of such price changes in writing. Prices can not be adjusted upward.

This software will be highly critical to the Justice Operations of Fort Bend County. It is important that the awarded software suppliers have a strong knowledge of not only their software but also how their software interrelates to Fort Bend County's operating systems and hardware. Vendor must be capable of supporting their software on site at Fort Bend County if necessary.

SECTION II - INSTRUCTIONS AND CONDITIONS FOR PROPOSAL SUBMISSION

1. Inquiries:

   General questions concerning this RFP may be referred to Fort Bend County, ATTN.: Charles Miller, Director of MIS., PO. Drawer X, Richmond, TX 77469. Phone: (713) 341-4570.

2. User List:

   Each vendor responding to this RFP must submit a list of at least five (5) counties to which the vendor has sold the proposed software modules. For each of these user references, please provide address, name of a knowledgeable person to contact, phone number, date's of purchase, and comments noting that agency's software and hardware.

3. Exceptions to RFP Specifications:

   It is intended that this RFP describe Fort Bend County's requirements and response format in sufficient detail to secure comparable bids. However, bidders are not precluded from submitting proposals which differ from the described specifications. If such proposals are deemed to be in the interest of Fort Bend County they may be considered.

4. Implied Requirements:

   Any and all products and services not specifically mentioned in this RFP, but which are necessary to provide the functional capabilities described by the vendor, shall be included in the proposal.

5. Vendor-Supplied Materials:

   Any material submitted by a vendor shall become the property of Fort Bend County unless otherwise requested at the time of submission. Any material that is to be considered as confidential in nature must be so marked.

6. Optional Features:

   Proposals may contain descriptions of minor options or alternatives which may be available to Fort Bend County; these descriptions must clearly identify such items as options, and indicate any cost impact. Base costs shown in the Proposal Cost Summary are to exclude costs of such options. The cost data volume of each response should identify and itemize separately any actual cost impact of such options.

7. Multiple Proposals:

   Any major variations or alternatives, such as different hardware solutions, should be presented as additional proposals. Such secondary proposals should follow the same instructions and format as the primary proposal, but only need to include information which differs from it.

8. Contract Development:

   If it accepts a proposal, Fort Bend County intends to enter into a contractual agreement with the vendor providing the selected system. Contract discussion and negotiation will follow selection of the apparent successful bidder. Because of the complex nature of these acquisitions, it is unlikely that an award will be made directly on the basis of proposal content. The County reserves the right to negotiate further with one or more vendors. The content of the RFP and the successful bidder's proposal will become an integral part of the contract, but may be modified by provisions of the contract. Vendors must be amenable to inclusion in a contract of any information provided either in response to this RFP or subsequently during the selection process. Vendors are requested to submit current contract forms with their response for review by the County.

9. Proposal Submission:

   Proposals are to be submitted in accordance with the instructions in Section IV.

SECTION III - REQUIREMENTS FOR PROPOSED SOFTWARE

1. General Requirements:

   Preceding paragraphs covering purpose of the RFP, current applications, scope of project and acceptable hardware alternatives are descriptive of general requirements.

2. Specific Requirements:

   a. The response must address all functional requirements outlined in this RFP.

   b. Documentation must include instructions for users, computer operators, programmers and systems administrators. It must also contain detailed system design logic and detailed descriptions of system and program operational logic.

3. Acceptance test:

   Acceptance tests may be developed by the County with support from the selected vendor. Test objectives will be to determine that the delivered products perform adequately and that they meet the County's expectations established during selection. Results will be used to determine the vendor's satisfaction of contractual obligations for the delivery of operational products.

SECTION IV - VENDOR RESPONSE FORMAT AND CONTENT

1. RFP Response:

Proposals should be presented in volumes organized as described below. Adherence to this format is important to the County evaluation process.

a. ***Volume I - Descriptive Information:***

This volume should stand alone as a description of the proposal and not require reference to other materials. It should contain the following sections only, in the sequence listed.

Section 1 - Proposal Summary:

A non-technical summary providing a management-oriented overview of the proposal. It should identify software modules and the functional capabilities they will provide, proposed hardware, related functional capabilities, project phasing, organization, vendor support, County responsibilities and resources required. Do not include cost data in this volume.

Section 2 - Proposal Approach:

Describe the proposed approach to providing the County with the required capabilities. Include sufficient detail for technical evaluation. It is not necessary to repeat information contained elsewhere in Volume I; reference other sections as appropriate.

Section 3 - Software Description:

(1) Provide any additional software information necessary to show satisfaction of County requirements, or to describe features of potential value to the County but not specified as requirements.

(2) Identify any requirements for new systems software or development software; if any of these are not included in the bid, so indicate.

(3) If purchase of additional hardware is proposed, show configuration details including all peripheral equipment.

Section 4 - Client References:

To augment references provided, provide a listing of other agencies for which you have provided this software and support with operational dates and points of contact.

Section 5 - Employee Qualifications:

For maintenance and support purposes please list the number and qualifications of your employees that would be available to support Fort Bend County. Show at a minimum names, degrees held, technical certificates held, and years with your company.

Section 6 - Other Information (Optional):

Include other information considered necessary to an understanding or evaluation of the proposal. Attention is invited to the evaluation criteria listed in Section V of the RFP. Limit to six (6) pages.

b. ***Volume II - Cost Data:***

This volume should contain all cost information for the proposal. Prices must be valid through 4/30/95.

Section 1 - Completed Proposal Cost Summary:

Section 2 - Itemized Acquisition Cost Breakdown:

Provide an itemized breakdown of costs reflected in the Proposal Cost Summary. Show license fees, customization fees, and one year maintenance costs for all required products; any hardware or other costs which the County will incur in implementing the products. Show all discounts for which the County is eligible. Show subtotals and totals corresponding to those included in the Proposal Cost Summary.

Section 3 - Future Maintenance Costs:

Itemize maintenance costs for one, three, and five years from date of installation. Include maintenance for all software being provided in this proposal with any included customization, (use current maintenance rates).

Section 4 - Cost of Options:

Provide detailed cost information for any optional program modules or other items described in the response, and not included in Section 1 and 2. Indicate rates charged for optional consulting and programming work, both on-site and at vendor's location.

Section 5 - Vendor Financial Status:

Provide information to support an evaluation of the Vendor's current financial status.

c. ***Volume III - Sample Contract and Documentation***:

Section 1 - Sample Contract:

Provide for County review a sample copy of Vendor's contract forms.

Section 2 - Sample Documentation:

Provide an entire set of documentation which includes at least an operations manual and user guide for each product being proposed.

d. ***Volume IV - Additional Material (Optional):***

Include in this volume any desired additional information or promotional materials.

2. Number of Copies:

Volumes I, II, III, and IV should be provided in 3 copies. All cost information is to be packaged together in one separate sealed envelope marked "JUSTICE INFORMATION SYSTEM RFP". All volumes, including this sealed envelope, may then be forwarded in one container. Address responses to:

The Honorable Roy Cordes Jr.,

County Judge

Fort Bend County, Texas

William B. Travis Bldg., 7th Floor

Richmond, Texas 77469

SECTION V - PROCESSING OF RESPONSES AND APPROACH TO AWARD OF CONTRACT

1. Opening of Bids:

Sealed proposals will be accepted until 11:30 AM on May 1, 1994. Immediately thereafter, all proposals will be opened. But, since these proposals are negotiable, the County will keep all costs and other information pertaining to the submitted proposals confidential during the negotiation process. Bids will then be evaluated during the next 30 days and a vendor will be selected.

2. Evaluation of Responses:

a. Proposals will first be examined to eliminate those which do not respond to, stated requirements, and to identify the several most promising responses.

b. The most promising responses will be evaluated in detail. Systems documentation and additional information may be sought from vendors, and vendors may be asked to present and explain their proposals at both management and technical levels. Responses that meet the stated requirements of this RFP will then be evaluated according to the "Evaluation Criteria" as stated in part 3, of this section.

c. The detailed evaluation will result in selection of an apparent successful bidder. Contract negotiation then will be started as soon as possible. (Attention is invited to Section II, Paragraph 10, Contract Development.) If a contract for any reason cannot be negotiated, another vendor will be selected as the apparent successful bidder.

3. Evaluation Criteria:

Factors to be considered in evaluation will include:

a. Ability of vendor to satisfy functional requirements and other objectives as stated throughout this RFP. Focus is on attributes of the proposed software, vendor expertise, and the minimum capabilities specified with each product.

3000 pts.

b. Total system costs, including costs of vendor's products and services, any additional hardware and system software purchase and maintenance costs, installation costs, and cost to Fort Bend County of resources required to support installation and operation of the total proposed system.

1500 pts.

c. Anticipated level, timeliness and quality of vendor's support during and after planning and implementation.

500 pts.

d. Vendor's personnel available to support Fort Bend County.

500 pts.

e. Ease with which the County can do some of its own maintenance on the products proposed. (Primarily dependent on completeness and quality of user guides, program logic information and other support documentation.)

1000 pts.

f. Favorable assessment, by other clients with similar needs, of the vendor's proposed products and services.

500 pts.

PART TWO - JUSTICE INFORMATION SYSTEM

Minimum Vendor Capabilities:

To insure the interworking of all of the products requested in this proposal and to minimize maintenance problems Fort Bend County desires a single source for a comprehensive Justice Information System. As a minimum, each vendor responding to this RFP must meet the following requirements:

All software must be certified to work as specified in the response to this RFP. Any exceptions found by Fort Bend County Personnel are to be corrected with all haste or Fort Bend County is to be reimbursed for any payments made pursuant to this RFP.

Support Requirements:

1. Must provide software support 24 hours a day, 7 days per week.

2. A maximum of four (4)) hour callback response is required at all times including holidays. A $100 per hour penalty for nonperformance, chargeable in 1/2 hour increments, will be assessed. Time-of-day when service call is placed as documented on the MIS Incident Report will determine the start of the penalty period.

3. Vendor must provide a "technical support bulletin board" with access provided to Fort Bend County MIS personnel.

This section contains the application software requirements for a Comprehensive Justice Information System. The new system will provide needed information management tools to Fort Bend County.

I. GENERAL REQUIREMENTS

1.1. A single application software vendor for all modules is preferred.

1.2. The application software must have security features which allow individual agencies, groups or individuals protected information and access to their area of the system.

1.3. The system must be modular, so that application modules can be purchased and implemented separately if desired.

1.4. All software modules must be fully integrated to maximize information sharing and reduce duplication of effort.

1.5. The application software must utilize the IBM SQL/DS relational database management systems technology.

1.6. The application software must be operable on an IBM 4381 System utilizing DOS/ESA, VTAM/SNA, and CICS.

1.7. The applications must be written in COBOL, and the on-line programs must use the IBM Command Level CICS API.

1.8. Software Source Code must be provided as part of the System purchase.

1.9. The System must include file layouts of the data base to allow Fort Bend County In-House Systems personnel to post and extract data from the data base in an interactive manner.

1.10. The System must include documentation that describes the programming logic employed in each program and the sub-system logic that ties the individual programs together.

1.11. The system must provide an ad hoc query/report writing capability for developing user-specified queries and reports. There must be query generation tools available to guide the user through the query building process. This facility must be available to produce queries and reports for all modules in the system. The system must provide Soundex (sound-alike) search capabilities, particularly for names. The Query/Report Writer Facility must include all of the capabilities found in the IBM QMF package for SQL.

1.12. The system must be menu-driven, so that new computer operators can easily find the programs and files they need. However, there must be a way for more advanced operators to go directly to the programs and files they need.

1.13. The system must make use of function keys as much as possible for one-stroke execution of key commands. This speeds up the data entry and inquiry process.

1.14. The system must provide for mandatory use of agency-specified "codes" in certain fields such as state statutes and hair colors.

1.15. The system must provide for the ability to immediately view a list of valid codes for a "coded" field. The operator must be able to select a code from the list, at which time the system enters the code into the field.

1.16. The system must provide on-line, field-level, context-sensitive help.

1.17. The system must provide prompts and instructions to help the operator use the system.

1.18. The system must provide for easy update of system information, within the operator's security limits.

1.19. Wherever possible, the system must provide for unlimited narrative comments on incidents, names, arrests, field notes, and others.

1.20 Wherever money is collected the system must track the receipt and disbursement of that money. It must produce receipts and financial reports that meet the requirements of the Fort Bend County Auditor's Office and that comply with the Laws of The State of Texas.

1.21. The system must produce all reports now mandated by the FBI and State Law.

2.0. NAMES

2.1. A central name file must be provided to hold ALL names entered into the system. This file must accommodate person, business and group names.

2.2. This name file must provide a single record for each name entered, to which all information related to that name can be attached. Name information maintained must include the following:

1) Name, aliases, and address,
2) Home and work phones,
3) Date of birth,
4) Social security number,
5) Descriptive information such as sex, race, hair color, eye color, height, weight, scars, marks, and tattoos,
6) State ID #,
7) Sheriff's Office ID #,
8) FBI #,
9) Finger Print #,
10) TDC #,

2.3. Upon name entry, the system must ensure that the name is not already in the system before allowing a new name record to be created. This eliminates duplicate entry of the same information and helps to ensure that each person/business/group has one name record in the system.

2.4. The system must provide for any number of alias names, with a physical description for each alias. A search on a name must lead to its known alias(s) or real name.
2.5. The system must accommodate unlimited length comments for each name.
2.6. The system must provide for recording of all past addresses associated with a name record.
2.7. The system must allow the operator to inquire into names in the system using many combinations of search criteria, including partial name, address, social security number, date of birth, sex, race, hair color, eye color, approximate height, approximate weight, and/or scars/marks/tattoos.

3.0. SECURITY

3.1. Security measures must ensure the confidentiality of all files within the system. A unique login and password must be available to each operator and must define that operator's capabilities within the system. The security must be definable at each agency for data entry capabilities for that agency's records.
3.2. The system must allow for system administration for each of the subsystems that make up the total system.
3.3. The administrator must be able to maintain a security system based upon either Operator ID and/or Terminal ID.
3.4. The administrator must be able to give groups of employees specific abilities. Any individual group member can have more or less access as duties require.
3.5. The system must provide for multi-agency security in all files.
3.6. The system must provide both field locking and record locking capabilities.

4.0. TRAINING

Fort Bend County has many employees who will require training on the proposed software.

4.1. Training must be provided to Fort Bend County staff members in the utilization and of the proposed software.

4.2. Additionally personnel from user agencies must be trained as system administrators for the software proposed, plus security in use in their agencies or departments in order to provide ongoing systems support.

4.3. Additionally personnel from MIS must be trained in all software proposed, plus security plus system maintenance/management, plus internal program and system logic in order to provide ongoing systems support.

4.3. A description of the proposed training program, including the number of hours for each class, must be included. Describe how many employees can participate in a training session. Lay out a program training calendar prior to system installation. Provide costs in the cost sheets.

4.4. Training must be conducted on-site and must be flexible enough to accommodate personnel assigned to shift work, and may require some scheduling of training classes in the evenings and on Saturday.

4.5. Pre and Post on-site training visits may be required to ensure successful implementation and training. Include these costs in the cost sheets.

5. *DATA TRANSFER*

5.1. Fort Bend County requires that pertinent information from their current system be converted to any new system purchased. Vendor must explain their policy, ability, and costs for data conversion. Copies of the current data layouts and formats are available from Fort Bend County MIS.

I. JAIL MANAGEMENT

Must have full data interface capabilities with Law Enforcement Records Management, Computer Aided Dispatch, Court Management, and District Attorney Case Information Systems.

A. Must be built around an **Event Tracking Process** with a mechanism for scheduling/tracking all critical activities in the Jail. These facilities record a "before and after" snapshot of any data modifications resulting from Event transactions thereby providing an audit trail for all records maintained on an inmate. Event processing should be used to schedule/track activities associated with:

1) releases,
2) court appearances,
3) medical interviews,
4) medication dispensing,
5) transfers,
6) classifications,
7) community work programs,
8) weekend sentence programs,
9) inmate movement/transfers.

These capabilities must include the scheduling/tracking of:

1) Current and Future Events,
2) Facility, Group-Level, and Inmate Events,
3) Cyclic Events.

A Dynamic Event Reminder facility must be provided to track all pending/past due events and automatically generate hourly reminders at the floor or station responsible for the event, and at a Master Control Center.

B. **Facility Management**

Must maintain a detailed record of each housing location in each jail facility. It must also track prisoner populations by facility, floor and cell including:

1) Cell Classification;
2) Population Counts:
   Maximum Cell Capacity,
   Theoretical Cell Capacity,
   Inmates Authorized by Cell,
   Inmates Actually in a Cell,
3) Jail Rosters;
4) Historical Cell Placements;

C. **Booking**

For a system known arrestee the booking process should be greatly expedited by the automatic initialization of all booking screens with data that already exists in the system. The booking process should also automatically schedule a number of key booking-related events. The Booking system must include the following facilities/capabilities:

1}Short/Long Form Booking;

2) Inmate Identification;
3) Medical/Hazard Information;
4) Charges;
5) Bonds;
6) Arrest Agency Data;
7) Warrant, Detainer and Hold Checks;
8) Form Printing;
9) State of Texas CJIS Form.

D. **Release Processing**
Facilities must be provided to maintain a Composite Sentence Record for each booking This record must maintain a calculated sentence based upon credit for work time, good time, etc. Data maintained in this CSR must be capable of producing the following inmate release lists: All Charges Cleared and Charge cleared with Pending Holds or Unserved Consecutive Charges. There must also be automatic disposition verification of all Events, Charges, and Holds.

E. **Medical Processing**
Facilities must be included for recording the physical and mental condition of an inmate at booking, as well as for recording long term information throughout an inmate's incarceration. The medical history to include:
1) Mental illnesses,
2) Medical Illnesses,
3) Treatments,
4) Prescriptions,
5) Counseling,
6) Addictions,
7) Referrals.

F. **Special Flags**
Inmate Conditions and/or hazards should be flagged on all reports referencing an inmate. At a minimum the following should be noted:
1) Medical/Mental Conditions,
2) Keep Separate Orders,
3) Suicidal Tendencies,
4) Hazards (General).

G. **Classification**
For making cell assignments and for making other decisions the following minimum classification data must be maintained:
1) Hazards;
2) Sexual Orientation;
3) Illness/Medical History;
4) Prison History;
5) Gang Affiliations;
6) Mental Stability;
7) Enemies;
8) Keep Separate Orders.

H. **Court Tracking**
The system must track all scheduled court events and generate court lists by facility/floor/cell and by specified court.

I. **Inmate Property Management**
The system must be able to track all property taken from an inmate at booking and for tracking all property issued to an inmate. Inmate property records must generate tag numbers and receipts. Issued property must be accounted for by facility/floor/cell to facilitate regular changes.

J. **Inmate Money Accounting**
Facilities must be included to track all money received and disbursed for each inmate. The system must maintain an audit trail for each of the following trust funds:
1) Inmate Property;
2) Unclaimed Money;
3) Commissary;
4) Inmate Welfare.

K. **Incident/Disciplinary Reporting**
Facilities must be provided for recording and forwarding incident/disciplinary reports for review and final disposition. There must be an automated reporting process for:
1) Inmate Incidents,
2) Rule Violations,
3) Facility Incidents.

L. **Visitor Control**
The system must have the capability to maintain a list of authorized visitors for each inmate, and the actual visitors that an inmate receives.

M. **Inmate Billing**
The system must include facilities to track inmates boarded for other jurisdictions and local inmates boarded at other agencies. This facility must be capable of generating inter-agency receivable/payable billing reports.

N. **Commissary Processing**
A comprehensive Commissary Inventory system must be provided. It must manage all commissary items received and issued to inmates. It must handle multiple commissaries. Inmates requisitions must result in automatic postings to inmate money accounts, the commissary trust fund, and on-hand inventory.

O. **Management Reporting**
Predefined management reports must include:
1) Jail Release Lists,
2) Jail Court Lists,
3) Event Reminder Lists,
4) Arrest/Booking Reports,
5) Fingerprint Cards,

6) Jail Rosters and Head Counts,
7) Jail Activity Lists,
8) Inmate Billing Lists,
9) Inmate History Records.

Q. **Image Interfaces**

There must be interfaces available with the system to integrate with image technologies for Video Mug Shot, Fingerprint Identification Systems, and automated Line-Up generation.

R. **Other User Facilities**

Other productivity aids to be included in the system:

1) Name Preprocessing:
   a) A name and all characteristics of an inmate must be entered in the system only once,
   b) An unlimited number of Alias Names and related information must be capable of being maintained,
   c) Same person using an alias searches must be an automatic part of the booking process.
2) Windows,
3) On-Screen Help,
4) Electronic Mail,
5) Message Recall,
6) PC Interchange,
7) User-defined Applications.

II. Computer Aided Dispatch

The system must be capable of recording all data regarding events, units, and the communications environment for every activity taking place. All CADS data must be integrated with and available to all of the Justice Sub-Systems without requiring reentry of data.

A. **The system must be integrated with and capable of displaying all data on PC monitors using MS Windows**. The user should be given the flexibility of determining what is displayed where, what colors are used, and what codes are to be used. The dispatch workstation should combine the benefits of distributed processing and the simplicity and reliability of a centralized CAD system. Status recording, event data display, geographic file processing, message control functions, mapping, AVL, word processing, etc. must be controlled locally.

B. **Event Information**

E-911 information must be automatically displayed and recorded without additional operator action. When information is entered the CADS system must automatically perform the following functions:

1) Validate the address,
2) Check for duplicate events,
3) Check for prior events,
4) Examine hazard and premise history information,
5) Create permanent history records for each agency.,
6) Record permanent copy of event on logging device,
7) Route event to dispatchers.
8) Other information that must be available:
9) Mobile run information,
10) Unit selection criteria,
11) Hospital location/status,
12) Unit duty roster information,
13) Personnel security information,
14) Catalogued alarm information,
15) Business emergency contacts,
16) Geographic common-place information,
17) Premise hazard information,
18) Street closure information,
19) Broadcast information file,
20) Be-on-look-out information,
21) Wrecker service information and automatic selection capability.

C. **Dispatch Support**

The following minimum capabilities must be supplied:

1) Assign Unit,
2) Stack for unit,
3) Delay assignment,
4) Place unit on-scene,
5) Assign back-up unit,
6) Replace or exchange units,
7) Assign unit move-ups,

8) Greater alarm,
9) Initiate pursuit,
10) Track last unit contact,
11) Transfer event control,
12) Patient transfer,
13) Page unit or officer,
14) Assign final disposition,
15) Record actual event type,
16) Record actual event location,
17) Change unit type or staffing,
18) Place unit out-of-service,
19) Place unit on traffic stop,
20) Combine events,
21) Cancel event,
22) Close event,
23) Re-open closed event.

D. **Inquiry Functions**

Data must Be accessible by the following data items:

1) Event number,
2) Case number,
3) Unit number,
4) Officer number,
5) Date and time range,
6) Initial event location,
7) Final event location,
8) Type of location,
9) Beat number,
10) Event type,
11) Final disposition,
12) Controlling terminal,
13) Controlling operator,
14) Response time parameters.

E. **Other Requirements**

1. **Dynamic Status Display**
   Unit and Event Status information must be dynamically refreshed in real time by the system. The display format must be selectible by the user. The available display area must be dynamically adjusted by the system as status requirements change. The system must use color as well as codes to indicate event status.
2. **Mobile Data Terminals and Mobile Laptop Terminals** must be supported for dispatching data, status updates, and mobile inquiries.
3. **Management reporting** capabilities must be supported **both on terminals and on interconnected PCs.** The PCs must be connected to the on-line CAD system and have the facility to down load data for statistical analysis. A program must be provided to do the statistical analysis on the unit and event information on the PC producing pre-defined and user-defined reports..

III. RECORDS MANAGEMENT

Must be completely integrated with the Jail and CADS Systems with complete sharing of information so that the same data is never entered more than once in the system and is automatically available to all other systems in real time. CAD incidents must be added to the data base so that dispatchers can use retrieve incident information by many different keys.

A. Incident Tracking

Information from dispatch must be available and supplemented by field report data. A facility must be provided to enter the field report data. For associated arrests booking and charge data must be associated with the incident. At a minimum the following information must be maintained:

1) Persons, property, and Vehicles of interest,
2) Fraudulent Documents,
3) Arrests (accommodating multiple charges),
4) Accident/Collision Reports.

The system must automatically perform the following functions:

1) Record false alarm reports,
2) Flag incidents for investigative follow-up,
3) Flag incidents for Crime Analysis,
4) Update Master Name and Location Indexes,
5) Preprocess names for duplicates,
6) Verify locations against the geo-file,
7) Initiate Report-to-Follow processes,
8) Assign UCR/IBR Classifications.

B. Master Name Index

For specified individuals the System must record the following:

1) Aliases,
2) Addresses,
3) Pawn Tickets,
4) Citations,
5) Field Contacts,
6) Warrants,
7) Gun Registrations,
8) Cautions/Hazard Flags,
9) Incident Summaries,
10) Special Registrants,
11) Places of Employment.

C. Location System

A running history of the locations of all incidents recorded in the system must be maintained and must provide the following types of information:

1) Incident Summaries,
2) Commonplace Names,
3) Alarm Permits,
4) Security Surveys,
5) Neighborhood Watch Records,

6) Hazards,
7) Selected Persons (arrestees, suspects).

D. **Warrant Tracking**

The Warrant Tracking system must process and store warrant data including name, court, activity, status, aging, holds, and extradition data. The module must be able to interact with other local, other county, state, and federal warrant data bases.

1) Information recorded on wanted persons must include the following:
   a) Court number,
   b) Type of want,
   c) Reason wanted,
   d) Disposition of want,
   e) Assigned officer and agency,
   f) Dates issued, received, served, and returned.
2) The system must alert the operator that an active want exists for a wanted person whenever that person's name information displays in the system. This optimizes the agency's chances of serving warrants.
3) The system must allow the operator to change the disposition of the want when it is served, subject to security clearance.
4) The system must allow for multiple active wants on a person.
5) The wanted person's name, as with all names in the system, must become part of the central name file.
6) The system must provide for generation of reports of wanted person information.

E. **Property/Evidence Management**

1) Files for Property and Evidence must be maintained to include:
   a) Property,
   b) Bicycles,
   c) Gun Registrations,
   d) Pawned Property,
   e) Stolen Items,
   f) Property release and dispositions,
   g) Location and tag indexing,
   h) Movements of property in and out of the Property Room.
2) All related files must be automatically checked by serial number when any items are added to the Data Base. Audit trails must be maintained for each entry and modification of the records.
3) An interface to Property Bar Code Reading systems must be maintained.
4) Inquiries must be available by:
   a) tag,
   b) serial number,
   c) case number,
   d) description.
5) Property reports must be available by:
   a) property age,
   b) type/category,
   c) status,

d) disposition.

F. **Criminal Records**

This system must meet the Federal Interstate Identification Index standards.
Data from Arrest Reports including primary and additional charges must be automatically available from the Booking System. Additional id information, law enforcement data, and dispositions must be able to be added.

G. **Juvenile Records**

Must be completely isolated from all other parts of the system. It must contain at least the following information:
1) family,
2) home life,
3) peers of juveniles,
4) field contacts.

H. **Traffic Management**

The system must provide a comparative analysis of accident and citation activity. The system must keep data for the current year and the ten previous years. Traffic reports must be available by :
1) Officer,
2) Intersection,
3) Violation,
4) Factors Involved,
5) Accident Information,
6) Analysis by Time of Day/Day of Week.

I. **Investigative Case Management**

All incidents meeting pre-established criteria must be automatically scheduled for Investigative follow-up in the Investigative Case Management system. The following reports must be included:
1) Unassigned Cases,
2) Case Status Summary,
3) Case Aging,
4) Assigned Cases,
5) Case Clearance Report,
6) Division Case Counts,
7) Case Activity Summary,
8) Follow-up Due Report.

J. **UCR/IBR Statistics**

Must support on-line entry of UCR/IBR data and on-line printing of Part I and Part II returns. It must also count and classify offenses which are not included in the UCR reporting.

K. **Crime Analysis**

The Incident System must automatically feed the Crime Analysis System. The system must support user-defined "Crime Cluster Groups" to identify geographic crime areas which can be

used to examine the data base and identify developing and/or active crime patterns. Patterns must be definable by activity threshold and/or time period. Inquiry capabilities must exist to search on any combination of data elements including but not limited to the following:
1) MO,
2) date,
3) time,
4) partial license plate,
5) vehicle description,
6) victim vulnerability,
7) key word/phrase.
The following reports must be available:
1) Daily Sector Report,
2) Burglary Summary Analysis,
3) Crimes by Day of Week/Time of Day,
4) Crime Analysis Logs,
5) Pattern Analysis,
6) Pattern "News".

L. **Automated Field Reporting**

There should be a Report Automation Video Input System available to support officer field reporting. It must support:
1) call-in,
2) and/or hand-held dictation systems,
3) and/or mobile laptop computers.
It must have on-line text processing features with:
1) margin alignment,
2) text manipulation,
3) search and replace,
4) text blocking,
5) copy/move,
6) formatted or narrative entry mode,
7) report approval status,
8) confidential report locking,
9) automatic copy to the records system.

M. **AGENCY PERSONNEL**

The system must provide programs for maintaining and managing personnel information. The information maintained for each employee must include the following:
1) Employee name, address, and phone,
2) Employee date of birth,
3) Emergency contact phones,
4) Hiring/termination dates,
5) Spouse's name,
6) History of training completed,
7) Certification and learned skills,
8) Scheduled training courses employee must attend,
9) Medical event history,

10) Comments/actions by administrators and supervisors including promotions and transfers.
11) leave and overtime information for each employee, including leave/overtime beginning dates and rates,
12) the system must accommodate all types of leave, including vacation and sick leave.
13) The agency must be able to easily post all leave/overtime for all employees periodically, as specified by agency policy, using agency dates.

Because of its confidential nature, employee information must be maintained under strict security.

M. **Additional Subsystems**

State the availability and cost of each of the following subsystems and designate which are included in the Base Modules of your System:
1) Officer Activity,
2) Bicycle Registration,
3) Alarm Permits,
4) Licenses and Permits,
5) Gang Activity,
6) Neighborhood Watch,
7) Inventory,
8) Narcotics Tracking,
9) Special Flags.

IV. Message Switching System

A system to provide the following features to connect data terminal networks in an integrated IBM mainframe environment. It must support SNA/SDLC and asynchronous devices. With these features:

A. **Software Processes**

To provide editing and control for the interface between terminal users and remote data bases to provide:
1) Administrative message entry,
2) E-Mail,
3) Pass-through to remote data bases.
4) Table-driven application edit and reformat of input data according to user-defined rules prior to delivery of the message to another system.
5) The ability to handle complex or non-standard edits, routing, and spawning based on message contents.

B. **Message Queuing**

To provide the control needed to accept edited and reformatted messages from other processes and to deliver them to remote data bases. Messages must be queued according to:
1) Destination,
2) Priority,
3) Arrival time within priority,

4) If the destination is down the originator must be notified and given options for retry or rejection.

C. **Message Delivery**

Delivery must be initiated as follows:

1) The destination is ready to accept output,
2) A printer becomes available,
3) An operator requests his next message,
4) An operator requests any specific page of a message,
5) A destination's status changes from "unavailable" to "ready".

D. **Message Logging**

1) All messages must be logged to disk and written to magnetic tape if desired,
2) Logs must be capable of being dynamically opened and closed,
3) The system must be able to print, display, and/or analyze log information.

E. **Operator Control Commands**

The terminal operator must be able to use at least the following control commands to handle messages:

1) Display queued message,
2) Page forward/back,
3) Display first/last page,
4) Print a page,
5) Print a message,
6) File a message,
7) Recall a message,
8) Route a message to another destination.

F. Two Entry Methods

1) pre-defined screen layout or "form",
2) "free-format" transaction.

G. On-line "Help"

1) Transaction-level,
2) Field-level,
3) Help messages must be non-destructive.

H. Other requirements

1) Must support multi-page messages,
2) Must support routing to:
   a) a terminal,
   b) a printer,
   c) operator ID,
   d) CAD dispatch control area,
   e) agency.
3) Must support interfaces to local, regional, and state data bases.

V. DISTRICT ATTORNEY CASE MANAGEMENT SYSTEM

Comprehensive automated facilities are required to support the operations of the District Attorney's Office in conducting prosecutions. The facilities must exist to track status, progress, and outcome of cases. Minimum features required:

A. Case Tracking,
B. Subpoena Generation,
C. Assistant District Attorney Assignments,
D. Calendar Management,
E. Court Statistics by assigned attorney as well as overall statistics,
F. District Attorney Ledger,
G. Juror Subsystem,
H. Victim/Witness tracking and interview data,
I. Name/Search Retrieval:
   1) Must use the same name data base in use in all of the other Justice Systems,
   2) Data entered in SO modules and Court modules must automatically be available as part of the District Attorney data base,
J. Must use the same Ad Hoc Query/Report Writer in use in the other modules of the Justice System,
K. Must have a PC interface for downloading and uploading data for special form creation and statistics generation,
L. Must support the Texas CJIS State Reporting,
M. Must be integrated with the other Justice modules to provide single-point-of-entry,
N. Must track all events from the original filing through the developement of plea agreements and final court disposition.

VI. COURT MANAGEMENT

The system required must be a full-function, interactive database system supporting Criminal and Civil Judicial process from initial case filing through final disposition. The system must support multiple courts, judges, and prosecutors. The system must be able to produce calendars, dockets, forms, notice letters, and special reports individualized by court. The following facilities are also required:

A. Minutes and Notices,
B. Texas CJIS State Interface,
C. Defendant History,
D. Letter, Notice, & Subpoena Processing,
E. Statistical & Management Reporting including the reports required by the State of Texas,
F. Warrant Generation & Processing,
G. Fines, Fees, Bail & Bond Accounting based upon local and state schedules,
H. Tracking of Bail Bonding companies,
I. Case Event Tracking,
J. Case Delay Reduction Assistance,
K. Citation/Ticket Accounting,
L. Calendar Management,
M. Must use the same Name data base in use in all of the other Justice Modules,
N. Must be integrated with the other Justice modules to provide single-point-of-entry,
O. Must use the same Ad Hoc Query/Report Writer in use in the other modules,
P. Must handle Criminal, Civil, Probate, Juvenile, and Family Court Case docketing and administration,
Q. Must support access by party name, attorney, case ID, AND warrant ID,
R. Must be event driven providing automatic actions such as notice generation, hearing setting, etc.
S. Must provide integration with cash drawers for handling cash collected,
T. Must have an automated forms and notice generation capability to assist in preparing motions, orders, subpoenas, etc,
U. Must provide collections tracking to include partial payments, financial and indigence applications, payment schedules, restitution payments and parties, filing fees, etc., by case,
V. Must provide a distribution capability to distribute the moneies collected for a case,
V. Scheduling of all court, prosecution, probation, and law enforcement personnel,
W. Attorney appointment and billing,
X. Listing of jurors for a case,
Y. Must be capable of "sealing" a case,
Z. Must have the capability of recording minutes, and case exhibits,
AA. Must track Party and Attorney assignments and changes during the life of a case,
AB. Must have a facility to link related cases.

20. CONSIDER ACCEPTING STREETS INTO THE COUNTY ROAD MAINTENANCE SYSTEM, PCT. 3: (1) TIERRA ALTA DR. RESOLUTION

On this the 12th day of April, 1994, at a regular session of the Commissioners' Court of Fort Bend County, Texas, Acting as the governing body of said County, upon Motion of Commissioner Pressley, and seconded by Commissioner Sutton, it is duly put and carried:

THAT WHEREAS, the Fort Bend County Commissioners' Court sees the need of an used oil recycling program;

WHEREAS, citizens who change their own motor oil do not have the proper means of disposing their used motor oil correctly;

WHEREAS, used oil dumped illegally could end up in our rivers, streams, and even our drinking water;

WHEREAS, oil and other contaminants can kill our agriculture and wildlife environments;

WHEREAS, the Fort Bend County Commissioners' Court will make available the use of used oil collection centers to the public;

WHEREAS, Fort Bend County has applied for a grant through Houston-Galveston Area Council and Texas Natural Resource Conservation Commission for a Used Oil Recycling Program;

NOW THEREFORE BE IT RESOLVED, that the Fort Bend County Commissioners' Court will comply with the provisions of financial assistance, fiscal reimbursement, reporting requirements of H-GAC and Texas Natural Resource Conservation Commission and the funds will be used only for the purposes of which they are provided.

PASSED AND APPROVED ON THIS THE 12TH DAY OF APRIL, 1994.

Re: **Construction of Beechnut Road from S.H. 6 to Winkleman Road, Road Log #3150-14-15-19-20-21, PIN B/103/0791/001**

Dear Mr. Hood:

Attached for your records is an original fully executed Interagency Agreement between Harris County and Fort Bend County for the above referenced project.

Harris County is currently negotiating with the engineering consultant, Moffatt-Easley, Inc., for the Contract and Construction Phase Engineering for the project. Therefore, in accordance with the terms of the agreement, Harris County is hereby requesting a check in the amount of $2,632.00 to cover the costs of the engineering services in regard to the Fort Bend section of the project. The check should be made payable to Harris County Treasurer, Ms. Katy Caldwell, and should be sent to this office for processing.

Thank you for your assistance in this matter, and if you have any questions, please do not hesitate to call me at 713/755-7014.

Very truly yours,

INTERLOCAL AGREEMENT

THE STATE OF TEXAS §
§
COUNTY OF HARRIS §

This Interlocal Agreement, made and entered into pursuant to the Interlocal Cooperation Act (TEX. GOV'T CODE, ch. 791) by and between Harris County, a body corporate and politic under the laws of the State of Texas, hereinafter called "Harris" and Fort Bend County, a body corporate and politic under the laws of the State of Texas, hereinafter called "Fort Bend";

W I T N E S S E T H:

WHEREAS, it is to the mutual benefit of Harris and Fort Bend to construct Beechnut Road from State Highway 6 in Harris County to Winkleman Road in Fort Bend County as a full four-lane concrete boulevard with curb and gutter and storm sewers, and all necessary appurtenances, hereinafter called the "Project"; and

WHEREAS, part of the Project, being that section from State Highway 6 to the Harris County-Fort Bend Line, hereinafter called the "Harris Section" is within Harris County, and part of the Project, being that section from the Harris County-Fort Bend Line to Winkleman Road, hereinafter called the "Fort Bend Section" is within Fort Bend County; and

WHEREAS, Harris has caused to be prepared, drawings and specifications for the Harris Section in accordance with the usual requirements of Harris; and

WHEREAS, it would be of mutual benefit to Fort Bend and Harris to construct the Project under a single construction contract; and

WHEREAS, Harris is willing to award and administer the construction contract for the Project if Fort Bend will cause the preparation of drawings and specifications of the Fort Bend Section in accordance with the requirements of Harris, and reimburse Harris for costs of construction, testing and contract and construction phase engineering services attributable to the Fort Bend Section in accordance with the provisions of this Interlocal Agreement;

NOW, THEREFORE, for and in consideration of the mutual covenants, agreements and benefits to the parties herein named, it is agreed as follows:

I.

Within sixty (60) days after the execution of this Interlocal Agreement by both parties hereto, Fort Bend shall cause to be prepared by Moffatt-Easley, Inc. drawings and specifications for the Fort Bend Section in a form acceptable to the Harris County Engineer, provided said drawings and specifications may be obtained at a cost not exceeding $4,500.00 and deliver same to Harris, along with a check or draft payable to Harris County in the amount of $2,632.00 to cover the costs of contract and construction phase engineering services in regard to the Fort Bend Section.

II.

Within sixty (60) days after receipt of the drawings and specifications and funds from Fort Bend in accordance with Section I, Harris will endeavor to award a contract for contract and construction phase engineering services for the Project.

III.

Within sixty (60) days after receipt of funds from Fort Bend in accordance with Section I, Harris will advertise for and receive bids, for the construction of the Project in accordance with the approved drawings and specifications in the manner similar to that of other like or similar Harris projects.

IV.

Upon receipt and tabulation of the bids for the Project, Harris will determine the lowest and best bid for the construction of the Project. At such time Harris, in its discretion may reject all bids and re-advertise for bids as in the first instance. Otherwise, Harris shall notify Fort Bend of the amount of the bid attributable to construction of the Fort Bend Section, as determined by the Harris County Engineer. If said amount of the bid attributable to the Fort Bend Section is $38,555.46 or less, within thirty (30) days of receipt by Fort Bend of such notification, Fort Bend will transmit to Harris, without demand, a warrant or check made payable to Harris County in an amount equal to (1) the lesser of (a) 110% of the amount of the bid attributable to the construction of the Fort Bend Section (the bid amount plus 10% for contingencies) or (b) $42,411.00 plus (2) $1,944.00 to cover the costs of materials testing for the Fort Bend Section. If the amount of the bid attributable to the Fort Bend Section, as determined by Harris Engineer, is greater than $38,555.46, Fort Bend shall have the option to forward to Harris within thirty (30) days of such notice, a warrant or check made payable to Harris in an amount equal to 110% of the amount of the bid attributable to the construction of the Fort Bend Section plus $1,944.00. If Fort Bend does not exercise

such option, Harris shall then have the right to either terminate this Interlocal Agreement in accordance with Section XIII or reject all bids and re-advertise for bids as in the first instance.

V.

Within thirty (30) days after the receipt of the funds from Fort Bend pursuant to Section IV above, Harris shall award the contract to the lowest and best bidder, in accordance with the usual and customary procedures of Harris, subject to certification of the availability of funds for the Project by the Harris County Auditor. It is expressly agreed and understood that Harris reserves the right to reject all bids. In such event, Harris, in its discretion, may either re-advertise for bids (in which case, Harris shall promptly refund to Fort Bend the amount of any check or warrant forwarded pursuant to Section IV for the unawarded contract) pursuant to the same understanding with regard to rejection of bids or terminate this Interlocal Agreement as hereinafter provided. Harris's determination of the lowest and best bid for the Project shall be final and conclusive.

VI.

Harris will provide in its construction contract that the contractor for the construction of the Project provide such insurance coverage as may be required by Harris and that Fort Bend be named as an additional insured on all such policies except Worker's Compensation under which Harris is an insured or additional insured. Upon receipt of the insurance policies or certificates of insurance, Harris shall furnish Fort Bend copies of same.

VII.

Harris shall be responsible for administering the construction contract. During the construction of the Project, Fort Bend shall have the right of access to the construction site and shall have the right to review all documents, maps, plats, records, photographs, reports or drawings affecting said construction, provided, however, Fort Bend shall give notice by telephone to the Harris County Engineer prior to any inspection of either the site or documents and provided further that in conducting said inspections, Fort Bend shall not interfere with the work in progress.

VIII.

It is understood and agreed that in the event, for any reason whatsoever, the Project is not completed, Harris's sole and exclusive obligation to Fort Bend shall be to refund to Fort Bend that portion of the funds, including interest earned thereon, paid

by Fort Bend pursuant to this Interlocal Agreement and which has not been expended for the Fort Bend Section.

IX.

During the term of this Interlocal Agreement, the sums paid by Fort Bend to Harris hereunder will not be used by Harris for any purpose other than paying costs attributable to the Fort Bend Section.

X.

Harris shall cause the funds paid by Fort Bend to Harris hereunder and which are not needed to meet obligations due or contemplated to be due within sixty (60) days to be invested in the same manner as similar funds are invested by Harris in federal obligations or interest-bearing time deposits. The determination by Harris of the portion of said funds needed to meet such obligations shall be conclusive.

XI.

Upon completion of construction of the Project, Harris shall perform or cause to be performed, a final accounting. Harris shall determine the actual cost under the construction contract of the Fort Bend Section as determined based upon the total payments to the contractor based upon the unit costs of those items making up the Fort Bend Section. If the sum paid by Fort Bend to Harris under Section IV excluding the $1,944.00 for testing, including interest earnings thereon, exceeds 100% of the total costs under the construction contract of the Fort Bend Section, Harris shall promptly pay over the amount of such excess to Fort Bend.

XII.

Harris may make such changes and amendments to the drawings and specifications within the general scope of the approved Project as the Harris County Engineer deems necessary or desirable during construction of the Project.

XIII.

Harris may terminate this Interlocal Agreement, without cause, at any time prior to the letting of the Contract for construction of the Project, by written notice to Fort Bend, and Harris shall have no obligation hereunder other than to return to Fort Bend the funds which Fort Bend has paid to Harris hereunder which have not yet been expended for the Project in accordance with this Interlocal Agreement, together with the interest earned on such funds.

XIV.

Unless this Interlocal Agreement is amended and additional funds are thereby made available, notwithstanding any other provision of this Interlocal Agreement to the contrary, it is expressly understood and agreed that Fort Bend has available the maximum sum of $51,487.00 to satisfy its obligations under this Interlocal Agreement, and Fort Bend shall not be obligated hereunder to expend more than said maximum sum. Harris has available the maximum sum of $243,737.00 to satisfy its obligations under this contract, and Harris shall not be obligated hereunder to expend more than said maximum sum hereunder.

XV.

Fort Bend and its authorized representatives shall have the right to review and audit all books, records, vouchers and documents of whatever nature related to Harris's performance under this Interlocal Agreement during the period of performance of this Interlocal Agreement and for three (3) years thereafter or for so long as there exists any dispute or litigation arising from this Interlocal Agreement.

XVI.

No party hereto shall make, in whole or in part, any assignment of this Interlocal Agreement or any obligation hereunder without the prior written consent of the other party hereto.

XVII.

This instrument contains the entire agreement between the parties relating to the rights herein granted and the obligations herein assumed. Any modifications concerning this instrument shall be of no force and effect excepting a subsequent modification in writing, signed by all parties hereto.

IN TESTIMONY OF WHICH, this Interlocal Agreement, in duplicate counterparts, each having equal force and effect of an original, has been executed on behalf of the parties hereto as follows, to-wit:

a. It has on the 3rd day of May, 1994, been executed on behalf of Harris County by the County Judge of Harris County, Texas, pursuant to an order of the Commissioners Court of Harris County authorizing such execution.

b. It has on the 12th day of APRIL, 1994, been executed on behalf of Fort Bend County by the County Judge, pursuant to an order of the Commissioners Court of Fort Bend County authorizing such execution.

ORDER AUTHORIZING EXECUTION OF AN INTERLOCAL AGREEMENT BETWEEN HARRIS COUNTY AND FORT BEND COUNTY

On this the 18 day of April, 1994, the Commissioners' Court of Fort Bend County, Texas, upon motion of Commissioner Pressley, seconded by Commissioner Sitta, duly put and carried;

IT IS ORDERED that County Judge Roy L. Cordes, Jr., be and he is hereby authorized to execute an Interlocal Agreement with Harris County for the extension of Beechnut from Highway 6 to Winkleman. Said document being incorporated herein by reference for all purposes as though fully set forth herein word for word.

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

AGREEMENT FOR ENGINEERING SERVICES

THIS AGREEMENT is made, entered into and executed by and between Fort Bend County, a body corporate and politic under the laws of the State of Texas, hereinafter called the "County", and Moffatt - Easley, Inc. a Texas Corporation, hereinafter called "Engineer".

WHEREAS, the County desires the design of extension of Beechnut Blvd., from Hwy. 6 to Winkleman Road in Fort Bend County, Texas ; and,

WHEREAS, the Engineer represents that it is fully capable of making and qualified to design the extension; and,

NOW, THEREFORE, the parties hereby agree as follows:

SECTION I
SCOPE OF AGREEMENT

The Engineer agrees to perform certain professional engineering services in connection with the extension of Beechnut Blvd., as defined in Exhibit "A" attached hereto and made a part hereof, hereinafter sometimes called "Scope of Work", and for having rendered such services, the County agrees to pay to the Engineer compensation as stated in the sections to follow.

SECTION II
CHARACTER AND EXTENT OF SERVICES

The Engineer shall render the engineeringl services in connection with the extension as defined in Exhibit "A" attached hereto. The County shall be the absolute and unqualified owner of all studies, reports, analyses, determinations, recommendations, and other documents prepared pursuant to this agreement with the same force and effect as if the County has prepared the same.

SECTION III
TIME FOR PERFORMANCE

Engineer agrees to prosecute the work to be performed hereunder diligently and to complete the design of the extension of Beechnut Blvd., including all services called for in Exhibit "A" attached hereto, within forty-five (45) days from the date of execution of this Agreement. Upon written request of the Engineer, the County may grant time extensions to the extent of any delays caused by the County or other agencies with whom the work must be coordinated and over whom the Engineer has no control.

SECTION IV
COMPLIANCE AND STANDARDS

The Engineer agrees to perform the work hereunder in accordance with generally accepted standards applicable thereto and shall use that degree of care and skill commensurate with the engineering profession to comply with all applicable federal, state, and local laws, ordinances, permitting requirements, rules, and regulations relating to the work to be performed hereunder and to the engineer's performance.

The Engineer agrees to indemnify, defend and hold the County harmless from each and every claim, demand, suit, action, proceeding, lien or judgment caused by or arising out of or in connection with the acts, errors or omissions of the Engineer or Engineer's subcontractors.

In the performance of work pursuant to this Agreement, Engineer shall be and is hereby deemed an independent contractor and any of its employees, agents or subcontractors performing work hereunder shall be deemed solely to the employees, agents and subcontractors of Engineer.

SECTION V
ENGINEER'S COMPENSATION

For and in consideration of the services rendered by the Engineer pursuant to the Exhibit "A" Basic Services of this Agreement, the County shall pay to the Engineer the sum of $4,000.00, and said sum being hereinafter referred to as the fixed fee. For and in consideration of the services rendered by the Engineer pursuant to the Exhibit "A" Scope of Work, the County shall pay the Engineer up to and not to exceed $4,000.00.

The engineering fees shall not be paid to the Engineer until the Fort Bend County Commissioners' Court approves same.

SECTION VI
TIME OF PAYMENT

A. Payment by the County to the Engineer during the performance of the Exhibit "A" Scope of Work of this agreement shall be made when the Engineer has completed 75% of the work and upon completion.

B. The County shall upon acceptance of the invoice and the statement of work performed, pay to the Engineer the full amount of the invoice.

C. Within thirty (30) days of the acceptance of the Engineer's final report submitted pursuant to Exhibit "A", an amount equal to 100% of the fixed fee shall be paid by the County to the Engineer.

SECTION VII
TERMINATION

The County or the Engineer may terminate this Agreement at any time by thirty (30) days notice in writing to the other party. Upon receipt of such notice, the Engineer shall discontinue all services in connection with the performance of this agreement and shall proceed to promptly cancel

all existing orders and contracts insofar as such orders or contracts are chargeable to the Agreement and such cancellation would be in the best interest of the County. As soon as practicable after receipt of notice of termination. The County shall then pay the Engineer that proportion of the prescribed charges for those services which were actually performed under this Agreement, less such payments on account thereof that have been previously made. Copies of all completed or partially completed designs, maps, studies, and other work product prepared under this Agreement shall be delivered to the County when and if this Agreement is terminated.

SECTION VIII
NOTICES

All notices and communication under this Agreement shall be mailed by certified mail, return receipt requested, to the Engineer at the following address:

UPGRADING OUR PRESENT Hewlett-Packard HARDWARE

Right now we process all of our Tax System work on a Hewlett-Packard 3000/58. We employ the Heard, Gogan, Blair Tax System Software. We have been using the last upgrade to our current hardware for four years. Now it has run out of gas. For example:

1) It typically takes 12 hours each night to process each day's entries. This posses a real problem when we have a large day's business or something extra is needed as processing doesn't finish by 7:30 AM the next morning.

2) Weekend processing takes an additional 18 hours.

3) We are short on disc space, but if we add more drives to the current system we will slow down the machine even further.

4) We lack the disc space to keep two tax rolls on the machine at the same time. This forces us to take off the current roll to load and process the next year's roll.

5) We use 42 2400 foot tapes to do the nightly backup which could be reduced significantly by using cartridge tapes.

6) **We spend nearly $40,000 per year on maintenance on our current equipment because of its age.**

7) We currently have 6 Billion Characters of disc space but we could use 12 Billion Characters of Storage.

NOTE: Since we use the Heard, Gogan, Blair Software we must stay on H-P Hardware and Software for the next few years.

Possible Solutions:

1) Do nothing but add more drives. However this will not alleviate the processing time crunch.

2) By purchasing a newer system we can greatly increase processing power while significantly reducing maintenance costs.

Over a three year period we will spend $120,000 keeping our current hardware operating. For basically this amount or less we can purchase a system that will cut our processing time significantly.

We have examined some hardware alternatives and have determined that we need at least
a) 12 Billion Characters of Disc Space,
b) A Cartridge Tape Drive for Backing up the system,
c) The ability to connect at least 72 terminal devices to the system,
d) At least 64 Million Characters of Main System Memory,
e) A CPU at least as powerful as the H-P 937LX. This System would be 5 times faster than our current system.

We could purchase a 937LX System for $60,000 including maintenance for one year. the cost over three years would be close to $76,000 which is far below the current three year cost of $120,000. In fact, we could upgrade to the latest model of H-P hardware the 928 System for only $122,000 over three years.

We have only one problem: We currently have only $24,000 to spend on new H-P hardware. We are asking the Court for some additional funding for this year. However, the money would be more than offset by the reduction in cost next year and the year after. We are also exploring a lease purchase arrangement.

We do need the equipment and therefore we ask your help.

Mr. Ben W. "Bud" Childers
County Attorney
Fort Bend County
309 S. Fourth Street, Suite 621
Richmond, Texas 77469

Dear Mr. Childers:

You have asked Looper, Reed, Mark & McGraw Incorporated (the "Firm") to act in an advisory role for Fort Bend County (the "County") in connection with permitting issues related to the county's landfill. This letter sets forth the agreement concerning our representation on current and future matters. This agreement shall become effective upon our receipt of a countersigned copy of this letter.

1. Our representation will include advising, counselling and negotiating said matters to final settlement or adjudication. We will only work on those matters which you expressly instruct us to work on. You have requested that we currently open files concerning the permitting of the Fort Bend County landfill. Professor Anthony Chase will be designated as lead counsel and he will be primarily responsible for handling these matters. However, other attorney(s) with the Firm may assist Professor Chase, from time to time throughout the development of the matters.

2. In consideration for the services rendered and to be rendered on behalf of County, you have agreed on behalf of County pay the Firm a reasonable fee as determined by the Firm in light of all factors to be considered, including the following factors: (a) the time and labor required, (b) the novelty and difficulty of the questions involved, (c) the skill required to perform the legal services properly, (d) the likelihood that the acceptance of this representation will preclude other representation, (e) the fee customarily charged in this locality for similar legal services, (f) the financial amount involved and the results obtained, (g) the time limitations imposed by you or the circumstances, and (h) the experience, reputation, and ability of the lawyer or lawyers performing the applicable legal services.

3. The reasonable fee to compensate for services rendered shall not be less than an amount equal to the estimated time expended in .25 hour increments by each attorney, legal assistant, or law clerk multiplied by his or her standard hourly rate plus all

expenses incurred. The hourly rate of each attorney will vary depending upon the experience of each attorney involved in such representation. The present schedule of current minimum hourly rates for the individuals that may be involved in the representation are set forth as follows:

Profesor Tony Chase	$250.00 per hour
Members	From $125.00 to $250.00 per hour
Associates	From $95.00 to $150.00 per hour
Paralegals	From $60.00 to $75.00 per hour

The County's legal fees are limited to $7,500 without further authorization.

4. In addition to the legal fees discussed above, County agrees to reimburse the Firm for disbursements and other charges incurred and paid for by us on behalf of County such as long distance telephone charges, special postage, delivery charges, telex or telecopy charges, travel, photocopying, and use of other service providers such as printers or experts, if needed. In litigated matters this also includes payments we must make for process servers, filing fees, depositions, court reporters, witness fees, etc. We also make separate charges for the use of "Lexis" and "Westlaw" which are computerized legal research systems that in our experience significantly reduce lawyer research time. Except for specialized word processing services, the Firm normally does not make a separate charge for word processing work unless there is an unusual situation arising out of your needs that requires overtime staff work. We will request that any significant disbursement items above be billed directly to County for payment.

5. It is impossible to determine in advance the amount of time or legal fees that will be needed to complete each transaction/lawsuit. Additionally, we cannot give you any assurances or predictions regarding the outcome of any transaction/lawsuit. Accordingly, we agree that any statement made by any attorney of the Firm relating to an estimated or anticipated result of any negotiation, transaction, or litigation shall constitute an opinion only and shall not constitute a representation, guaranty, or warranty by such attorney or the Firm that such result will occur.

6. Our present policy is to forward invoice statements on a monthly basis, if not more often, for legal fees and expenses incurred. Our invoice statements set forth a general narrative of legal services rendered and the date on which such services were rendered. In the event there are out-of-pocket expenses, such expenses are summarized in said invoice. Full payment for each invoice will be due upon receipt. The Firm does not charge interest for invoices paid within forty-five (45) days of the invoice date. However, the Firm does charge interest and County agrees to pay interest at the rate of 1% per month (12% per annum) compounded monthly on those invoices which are overdue by more than forty-five (45) days and in such event, the interest is calculated starting with the 31st day after the invoice date. In the event the amounts invoiced are collected by legal proceedings or through a probate or bankruptcy court or shall be placed in the hands of an attorney for collection after default, County agrees to pay all costs of collection, including reasonable attorneys' fees, plus interest at the above stated rate until paid in full. All payments

received shall be applied first to accrued interest and the balance to unpaid fees and expenses.

7. County agrees to cooperate and comply fully with all reasonable requests by the Firm on any matter encompassed by or made on the basis of this document, including prompt payment of fees and expenses.

8. The Firm may withdraw from representation of any transaction/lawsuit at any time in its sole discretion including, without limitation, in the event County:

a. Fails to perform any obligation under this agreement;

b. Insists upon presenting a claim or defense that is not warranted under existing law and cannot be supported by good faith argument for an extension, modification, or reversal of existing law;

c. Seeks to pursue an illegal course of conduct;

d. Insists that the Firm pursue a course of conduct that is illegal or that is prohibited under the disciplinary rules;

e. By other conduct which makes it unreasonably difficult for the Firm to carry out this engagement; or

f. Insists that the Firm engage in conduct that is contrary to the judgment and advice of our attorneys but not prohibited under the disciplinary rules.

9. In the event of withdrawal from employment, the Firm will take reasonable steps to avoid foreseeable prejudice to your rights including giving notice to you to employ other counsel and delivering to you all papers and property to which County is entitled pursuant to applicable laws and rules.

10. The Firm shall withdraw if discharged by County. Such discharge shall be communicated in writing to the Firm. If permission for withdrawal from employment is required by the rules of any Court, the Firm shall withdraw upon permission of the Court.

11. In the event this engagement is terminated for any reason whatsoever, all fees and expenses owed pursuant to this engagement letter up to the time of such termination shall be immediately due and payable. All of the Firm's work product will be owned by the Firm. Subject to occurrences beyond our control, the Firm shall attempt to

retain and maintain all major and significant components of your files as solely determined by the Firm for a period of not more than four (4) years following the conclusion of such legal representation.

12. The files in our possession pertaining to your transaction/lawsuits are open to you for inspection at any reasonable time. If you do not believe you are being kept adequately informed it is important that you notify the Firm as soon as possible. Also, should you feel at any time that something should be done on any transaction/lawsuit, you should notify the Firm as soon as possible.

13. The laws of the State of Texas shall govern the validity, construction, enforcement, and interpretation of this engagement letter. All obligations of County to pay fees, interest, and reimburse expenses shall be payable at the Firm's office in Houston, Harris County, Texas. This engagement letter contains the entire agreement between County and this Firm regarding the matters described herein and supersedes all prior oral or written agreements in respect thereof. This engagement letter may only be amended in writing by County and the Firm and not by any subsequent course of conduct between the parties hereto. This engagement letter shall be binding upon County and the Firm and all respective successors and assigns. This engagement letter may be executed in multiple original counterparts, each of which shall be deemed an original, but which together shall constitute one and the same agreement.

If you fully understand the terms and conditions and agree to them, please sign where indicated below. If any of these terms and conditions is unclear or not satisfactory, do not sign. Instead, before you sign, you should and must seek such information and professional advice as you may deem necessary to fully understand all that is contained in this engagement letter. If you need any explanation of the matters set out here, please let us know.

If this letter sets forth a satisfactory plan for the handling of the current and future matters, please countersign this engagement letter and return it to us so that we will have a mutual memorandum of our agreement.

We wish to express our enthusiasm about the opportunity to serve Fort Bend County, and we trust that you will appreciate the necessity of entering into the engagement with a full and complete understanding of the terms of our engagement.

Very truly yours,

RE: State's Emergency Plan for Temporary Relief in Jail Overcrowding

---

Over the past two days I have had meetings and follow-up meetings with officials in each of the major state offices in an attempt to understand and to affect the emergency plan for state funding of 7,500 additional beds.

The plan is acknowledged to be an attempt to address the problem which we identified for them in letters several weeks ago -- i.e., that the jail backlog will not lessen appreciably until late in the summer and still will remain high through the end of the year. Unfortunately, the response has taken several weeks to come together and, absent some other action, will not address the immediate crisis caused by a growth in the backlog over the next three months.

However, the plan involves from $25-$30 million in state funds and could prove helpful. The specifics of the plan as presented to me are as follows:

1. None of the money provided to counties under this program will be in lieu of other monies those counties would receive from any other state source;

2. TDCJ will increase its admissions by at least 1,200 (work camps) which will be used to reduce overcrowding in the worst of smaller overcrowded jails;[1]

3. Approximately 1,200 beds will be added to the private detention facilities (e.g., Frio) to hold Harris County inmates;

4. Funds for the remaining approximately 5,100 beds will be allocated among other participating counties on the basis of their overcrowding;

5. The funds distributed to counties will come pursuant to a written contract that probably will require that the money be spent for construction and operation of temporary facilities that can be on line by June 1, 1994 (or shortly thereafter) and that the funding will end on August 31, 1994; and

6. The Commission on Jail Standards will be responsible for contacting counties with specifics of the program and administering the program.

The state officials believe that the program can be in place by Wednesday or Thursday, with the actual implementation resting with individual counties.

The points I have emphasized to the state officials are as follows:

1. The program must be as flexible as possible, including allowing counties to contract with other counties in some circumstances;

2. The June 1, 1994 deadline is too soon and should not operate to prevent worthwhile projects from being pursued;

3. A proposal to allow Counties to temporarily forego admissions to TDCJ in return for an increase in inmate per diem should be part of the plan as long as there is a clear right for the county to get these admissions back later; and

---

[1] We had suggested several weeks ago that a one-time increase in TDCJ admissions be used to address the worst overcrowding. The idea has evolved.

4. There can be no guarantee that this plan will be sufficient or that it can end by August 31, 1994.

Re: Attorney General Opinion on County Reimbursement

Gentlemen:

This letter is to alert you to an issue that exists now, but could be addressed affirmatively so as to avoid it becoming a serious problem.

The Legislature provided for substance abuse facilities (SAFP) in part to provide a means of diverting inmates from the prison system to other state facilities and, thereby, to relieve the jail backlog. The SAFP facilities are organized within the institutional division and are operated by that division. SAFP inmates in the county jail are transported by the institutional division to diagnostic and then housed in facilities largely located as converted trusty camps at system prison units. I believe it is unrealistic to characterize these inmates as somehow not being inmates within the institutional division.

Re: State's Emergency Relief Plan

Gentlemen:

This letter is to thank you and the state leaders for the state's emergency overcrowding relief plan. The plan focuses on relief this summer that is important in view of the likelihood that the backlog will increase to 35,000 - 37,000 by June and remain as high as 25,000 - 27,000 through the fall.

As I have indicated in our meetings, there are several aspects to the plan that are important to its success, including:

1. The funds should be furnished up-front;

2. The funds should be available immediately to permit counties to proceed;

3. The funds should be useable for operation as well as construction;

4. The requirements should not be rigidly imposed to prevent the available funds from being utilized to build or accelerate the construction of permanent facilities;

5. The funds should be available to permit immediate implementation (i.e., before June 1) of options that now are available;

6. None of the money provided to counties under this program will be in lieu of other monies those counties would receive from any other state source;

7. The program must be as flexible as possible, including allowing counties to contract with other counties in some circumstances;

9. The June 1, 1994 deadline is too soon and should not operate to prevent worthwhile projects from being pursued; and

10. There can be no guarantee that this plan will be sufficient or that it can end by August 31, 1994.

Also, as I have indicated, a period of crisis that remains unaddressed is the period of increase between now and June. Several alternatives exist for the short term, including:

1. Greater use of available space within TDCJ through immediate implementation of the appropriate recommendations from the Comptroller's audit;

2. Immediate availability of the funding of the emergency plan in counties where it can be used now rather than June 1, 1994; and

3. The ability of counties under 100% of their capacity to temporarily forego admissions to TDCJ in

return for a financial incentive and a guarantee that these admissions will be recovered later.

Please consider these options.

In regard to the option of allowing counties to voluntarily forego admissions, I cannot estimate the impact but, theoretically, there are 1,650 vacant beds in county jails (i.e., below 100%) today (based on the March 1, 1994 report) and some counties possibly could increase this number through management or release of pre-trial and misdemeanant inmates if furnished an incentive for doing so. As specifics of the proposal, I suggest:

1. The eligibility of a county would be determined on the basis of 95% of capacity on the first of each month;

2. An eligible county would be entitled to relinquish some or all of its admissions under the TDCJ allocation formula with the admonition that it will not create a jail that is not "safe and suitable";

3. Relinquished admissions would then be allocated among other counties;

4. The county would be entitled to an additional payment of $10-20 per day for that admission as an incentive to relinquish the admission;

5. The county must be guaranteed that these admissions will be recovered later (e.g., September, 1994); and

6. The state should have the right to cease these higher payments after September 1, 1994 at its option when it is able to provide sufficient admissions above the allocation to make-up these admissions.

The cost of this program should be less than some other jail overcrowding relief alternatives since a relinquished admission from a rural county could be used to admit an inmate from other counties and could result in a cost savings in comparison to $80 a day for inmates in Harris County. The impact of this alternative is unclear but I see no major disadvantage to outweigh its potential advantage.

Please keep me advised as this program develops. Please call me if I can provide further information.

Sincerely,

Steve

Dear Ms. McWethy,

Enclosed are the responses to requests outlined in your memorandum, dated March 28, 1994, and in a subsequent meeting for clarification of issues on April 6, 1994. This is an addendum to the proposal to "Conduct a Comprehensive Review and Revision of the County Classification and Compensation Plan" for the purposes to negotiate a contract with Trace Consultants.

We look forward to working with Fort Bend County.

Directive #1: Define the role of the employee committee, as specified in the Statement of Qualifications, inclusive of proposed department representatives and the number and purpose of meetings.

EMPLOYEE COMMITTEE

Trace Consultants proposes that the employee committee be made up of seven to nine employee representatives, up to and including first-level (working) supervisors. There should also be two alternate members in case one or more of the standing members cannot attend a meeting. Probable committee members would be representatives from the following departments: Sheriff, County Clerk, Road & Bridge/Drainage, Management Information Systems, Juvenile Probation/Detention, District Attorney, Tax Assessor/Collector, EMS, Library, County Judge, District Clerk.

This committee will serve as liaison between the employees and the Consultant, meeting with the Consultant to determine problems with the present systems of evaluation, classification and performance appraisal. If necessary (and the Consultant believes it will be), this committee will also serve as the evaluation committee to re-evaluate jobs which have substantially changed. If the factors reflecting the County's pay philosophy change, all jobs may have to be re-evaluated. If, however, existing factors accurately reflect the current pay philosophy, job evaluation of the 93 "problem" jobs will take approximately three (3) days plus a day for committee training.

The Consultant will also meet with this committee to communicate project status and receive feedback, ideas and proposed solutions as the project progresses. We estimate at least four meetings with the committee, exclusive of job evaluation meetings.

Directive #2: Define employee survey instrument for all County job titles, inclusive of final mark-up for compliance with ADA and FLSA.

JOB ANALYSIS & JOB DESCRIPTIONS

The process of gathering information about individual positions, grouping them into families and jobs, writing job descriptions, evaluating and classifying jobs will not begin until the County's current pay philosophy has been determined and defined. Once this is accomplished, a job analysis questionnaire (JAQ) will be designed to capture information about all jobs and reflect the factors agreed upon for job evaluation.

Every job incumbent will be asked to complete a JAQ which will include questions about:

- Current County job title
- Current Department job title
- Incumbent's name and business phone number
- Department
- Supervisor's title and name
- Grade (of the job) and step (of the employee)
- Job summary
- Essential duties of the job
- Secondary duties
- Equipment used
- Knowledge, skills and experience required
- Special training, licenses, certification required
- Physical & mental demands of the job
- Working conditions
- Level of responsibility
- Titles of jobs supervised
- Supervisory responsibilities

Incumbents will be asked to attach a copy of their current job description, marked up to reflect additions and deletions.

Trace Consultants proposes that each department be provided a copy of the JAQ and make enough copies for all employees in that department. This will be a cost saver for the County and would preclude any one department (i.e. Human Resources) from going over budget in paper allotment. The Consultant will provide the cover sheet for all JAQ's, however, since each department will be color-coded for ease of incumbent identification once all questionnaires are collected and grouped into jobs and families.

JOB ANALYSIS & JOB DESCRIPTIONS (cont.)

Human Resources staff assistance will be needed to arrange dispersal of the questionnaires through meetings of department employees or supervisors to explain the process and deadlines for submittal of information. Department employees will return completed JAQ's to their immediate supervisors who will review and sign off on them before sending them to the Department Head (its elected or appointed official). This "Department Manager" will list all employees who have returned a questionnaire and will provide the Consultant with a current organizational chart (with reporting relationships, current titles, and incumbent names) for the department.

The entire department package of JAQ's will then be sent to the Human Resources Department where staff will verify that all (or enough to represent each job) JAQ's have been submitted for the 93 "problem jobs". A list of those employees, their departments and job titles who did not complete a questionnaire will be provided. The Consultant will pick up all JAQ's from HR.

Once all JAQ's are returned, Trace Consultants will group positions into jobs and job families. FLSA status for each job will be checked, with recommendations for change where appropriate. Those needing amendment for ADA compatibility (essential functions, job demands and work environment) will be identified. All others will be "earmarked" for revision, possibly under a separate contract, should the revisions prove to be "rewrites".

At this point, the 93 "problem jobs" which need total analysis, possible reclassification and revised job descriptions will have draft job descriptions written. Drafts will be submitted to supervisors for review/correction and signature approval and will be returned to the Consultant for finalization. Final copies will be submitted to the Human Resources Director for acceptance and approval.

The other 158 jobs will be analyzed to determine if essential duties are currently defined and will be amended to reflect these essential functions, physical/mental job demands and work environment. The Consultant will use current job descriptions, submitted to us on diskette in a compatible word processing program for these amendments. Job amendments will be submitted to appropriate supervisors for review and approval, then returned to the Consultant to be finalized. Those job descriptions which need to be rewritten (updated) because of substantial changes to duties, responsibilities, equipment used, nature of work, knowledge, skills and experience will be negotiated under separate (or amended) contract. Additionally, the Consultant believes that there will ultimately be more than 251 job descriptions when essential functions, job demands and work environment individualize jobs across departments to a greater extent than they are now. Should this prove true, any additional jobs will also be negotiated under separate or amended contract. To use job descriptions adequately for purposes other than evaluation and classification, i.e. performance appraisal, interviewing, orientation, promotions, etc., they need to be more individualized than the generics now in place.

Job descriptions will be prepared in an agreed upon format, on computer, and presented to the HR staff on diskette.

Directive #3: Provide and incorporate into proposal cost analysis for external legal review of job descriptions for compliance with ADA and FLSA.

EXTERNAL LEGAL REVIEW

Trace Consultants has been asked to "provide and incorporate into proposal cost analysis for external legal review of job descriptions for compliance with ADA and FLSA; "

To meet this request, Trace Consultants has received a commitment from Vinson & Elkins, L.L.P., Attorneys at Law, to provide legal review of 251 job descriptions for purposes of Fair Labor Standards Act and Americans with Disabilities Act for $10,000. Their confirmation letter and firm information is attached.

Directive #4: Provide total number of estimated hours for Human Resources Department staff to assist with project.

HUMAN RESOURCES STAFF INVOLVEMENT (OTHER THAN TRAINING)

- Assistance in gathering information
  - department organizational charts
  - payroll run by department
  - current listing of incumbents by job classification
  - structure with incumbent names, titles and departments
- Setting meetings
- Disseminating questionnaires
- Following up on return of information; receipt of JAQ's
- Review of incumbent groupings into jobs and job families
- Project review and input
- Assistance in training (performance appraisal and job evaluation)
- Serve as primary liaison/contact during the project

It is estimated that staff involvement will consist of approximately 40 - 50 hours.

PAY PHILOSPHY

Determining the pay philosophy of Fort Bend County will entail a meeting with the elected and appointed officials, ideally on a Saturday morning from 8:00 .am. until approximately noon. We plan to give an overview of the project and determine where the County wants to pay in relation to market practices. For example, we will discuss job families to get a "feel" as to whether the County wants to be "competitive" with the market in all job families or "lead" or "lag" the market in any specific job family.

After that input is gathered, we will then discuss internal pay philosophy. Existing factors which are currently used in job evaluation will be presented for scrutiny and to determine relevance. Each elected and appointed official as a body of one represents the culture of the citizens of Fort Bend County. Our goal is to obtain a clear definition of what the County values as far as the jobs are concerned. If time permits, we would also like to discuss the current performance appraisal process and what, collectively, they want to reward employees for in the merit system. Again, we would be prepared to present options and accept input and ideas from the group. Our role is not to tell or sell but to be a facilitator.

TOTAL: $49,000

(PLUS EXTERNAL LEGAL REVIEW OF $10,000)

AMENDED FEES AND EXPENSES (cont.)

Trace Consultants' professional, technical and clerical fees for this project, as outlined in the Request for Qualifications, will not exceed $49,000, plus expenses and "External Legal Review" of $10,000. Actual hours will be tracked and only those expended will be billed. The Consultant will present monthly invoices for hourly fees and expenses incurred.

EXPENSES:

- Photocopies and originals are billed @ $.15/page;
- automobile mileage @ $.30/mi.;
- facsimile transmissions @ $.25/page;
- supplies, postage, long distance telephone calls, and other costs incurred which are directly related to the project will be billed at cost.

Expenses will be invoiced at regular intervals during the project and will include a detailed breakdown of each charge and copies of receipts, where appropriate. The following are estimates, only, assuming that originals can be copied at County facilities, greatly reducing photocopying costs. Any expenses in excess of those estimated will be submitted for approval before expenditures are made.

$ 180.00	Photocopies: 1 color-coded cover sheet each for 1200 JAQ's
$ 75.30	Photocopies: 251 job descriptions (draft & final) @ 2 pp each
$ 100.00	Estimated supplies (printer cartridges, envelopes, etc.)
$ 100.00	Estimated photocopies for performance appraisal training
$ 432.00	Estimated mileage cost (based on 32 round trips, all of which may not be necessary)
$ 50.00	Estimated telefax costs

$ 937.30 - TOTAL ESTIMATED EXPENSES *

* Should the Consultant make all copies of the JAQ's, the cost would be an additional $1500.00.

CAVEAT: For budget efficiency, it is important that all meetings be scheduled so that billable time may be expended effectively. Simply stated, it is not dollar efficient for Fort Bend County if there are any missed meetings. Trace Consultants will work with the County's designated representative to ensure that fully-scheduled meetings are set for the days that we will be in Richmond. Naturally, all time and budget forecasts are based upon efficient use of time. Therefore, it is incumbent upon the County's representative to ensure the complete cooperation of all affected personnel so that we can complete our job on time and within budget.

Re: Fort Bend County

Dear Mr. Jacks:

This is to confirm our conversation in which I advised you that we would provide legal review of the 251 job descriptions at Fort Bend County which you mentioned for purposes of the Fair Labor Standards Act and Americans With Disabilities Act for a fee of $10,000.00. In the event our assignment is expanded after we are engaged, we will be pleased to make a further proposal in advance of any decision by the client.

Enclosed is a résumé of the Labor and Employment Law Section at Vinson & Elkins. This is an engagement about which we are very interested, and we look forward to consulting with you further about our ability to conduct the necessary legal review.

Very truly yours,

VINSON & ELKINS

ISSUES

1. Building design
   - A. One building
   - B. Two buildings
   - C. 96 vs. 144 ($380,952 vs. $571,428)
   - D. Cost to construct as jail -

     Self contained?

     If not - additional operational costs?
   - E. Management/oversight of construction
   - F. Contractor?
2. Location -
   - A. Need to consider utilities availability and if not self-contained - proximity to jail.

     Also consider proximity to residential area.
   - B. If close to Juvenile - sight and sound restriction
3. Staffing -
   - A. Number of employees (number of prisoners?)

     Cost of employees with benefits
   - B. Compare to when employed without these facilities
4. Cost vs. benefit
   - A. Do we need facility as a temporary jail?

     If yes - how long

     - who would occupy

     - how many prisoners

B. If we don't need but want to build

- Future use
- Impact on location choice
- Cost to redesign or retrofit interior
- What do we save by using state money now rather than county money (bond) to build facility?
  - Consider construction costs and retrofit costs
  - Staffing Costs
  - Operational costs
  - Any opportunity costs or savings

5. Other issues

A. Will we retain current per diem from state?

B. If we don't fully occupy, will we lose certification from state or be in breech of contract?

C. What does June 1 date represent?

- Number of prisoners
- Date of occupancy

ORDER AUTHORIZING EXECUTION OF AN AGREEMENT BETWEEN FORT BEND COUNTY AND DELTEC

On this the 26 day of April, 1994, the Commissioners' Court of Fort Bend County, Texas, upon motion of Commissioner Pressley, seconded by Commissioner Sutts, duly put and carried;

IT IS ORDERED that County Judge Roy L. Cordes, Jr., be and he is hereby authorized to execute an Agreement and Addendum for a Service Agreement with Deltec on the Uninterruptible Power System (UPS) Model 2036C-2, S/N 57223 located in the Fort Bend County Emergency Medical Services Department. Said Agreement and Addendum being incorporated herein by reference for all purposes as though fully set forth herein word for word.

STATE OF TEXAS §

COUNTY OF FORT BEND §

ADDENDUM TO DOMESTIC SERVICE AGREEMENT

This Agreement is made and entered into by and between Fort Bend County, a body corporate and politic under the laws of the State of Texas (hereinafter referred to as "Customer") and Deltec.

It is expressly understood and agreed that the Customer has available the total maximum sum of funds hereinafter certified available by the County Auditor of Fort Bend County for the purposes of satisfying Customer's obligations under the terms and provisions of this agreement; notwithstanding anything to the contrary, the liability of Customer as to payment under the terms and provisions of this agreement is limited to said sum; and that when and if all the funds so certified are expended for the purpose of satisfying Customer's obligations under the terms and provisions of this Agreement, the sole and exclusive remedy of Deltec shall be to terminate this agreement.

Customer is a body corporate and politic under the laws of the State of Texas and claims exemption from sales and use taxes under Texas Tax Code Ann. Sec. 151.309, as amended and all references to the payment of tax by the County are hereby deleted.

AS PER ORIGINAL

This Agreement will be governed by and construed according to the laws of the State of Texas.

RE: *Motor Vehicle Sales Agreement*

Dear Judge Cordes:

This office has reviewed the attached Agreement Assigning Motor Vehicle Sales Proceeds Accounts. Joe Grillo, Inc. is transferring to G.M.A.C. the right to receive payment on certain vehicles purchased by the County. The County, while not a party to the contract, is being asked to acknowledge the Agreement. This office has no objections either to the form of this Agreement or to the County making such acknowledgment.

By way of this letter I am requesting that this item be placed on the Agenda for the April 26, 1994 Commissioners' Court meeting.

Very truly yours,

AGENDA ITEM #7

AGREEMENT ASSIGNING MOTOR
VEHICLE SALES PROCEEDS ACCOUNTS

This Assignment Agreement is executed effective this ____ day of _____ 1994 by and between Joe Grillo, Inc. dba Joe Grillo Chev-Olds-Dodge located at 4925 Avenue H, Rosenberg, Texas 77471, (the "Dealer") and General Motors Acceptance Corporation, with a local business office at 11757 Katy Freeway, Houston, Texas 77079 ("GMAC");

WITNESSETH;

Whereas, Dealer and GMAC have executed a Wholesale Security Agreement by which GMAC provides wholesale floor plan financing of new motor vehicles purchased from time to time by the Dealer (the "Wholesale Security Agreement"): and

Whereas, Dealer and GMAC have executed an Agreement Amending the Wholesale Security Agreement and Conditionally Authorizing the Sale of New Floor Plan Vehicles on a Delayed Payment Privilege Basis by which, as an express exception to the Wholesale Security Agreement, Dealer is granted the privilege by GMAC to delay payment of the principal obligation for certain new motor vehicles sold by the Dealer to particular third party purchasers (the "DPP Agreement"); and

Whereas, Dealer is required under the DPP Agreement to execute this Assignment Agreement by which Dealer is to assign all right, title and interest of Dealer in and to the accounts now or hereafter arising in the purchase price for and proceeds from the sale of motor vehicles by Dealer to particular third party purchasers, as contemplated by the DPP Agreement.

Now, therefore, in consideration of the premises, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged by the Dealer and GMAC, the parties hereto hereby agree as follows:

1. Dealer hereby sells, assigns, transfers, grants and sets over to GMAC all of Dealer's right, title and interest in and to all accounts, contract rights, instruments, proceeds, monies, and sums due or to become due to the Dealer (the "Proceeds") from Fort Bend County located at POB 368, Richmond, Texas 77469 (the"Purchaser"), on account of any and all sales, leases, or other transfer by Dealer to Purchaser from time to time of new motor vehicles originally floor plan financed by GMAC for Dealer (the "Motor Vehicle Sales").

RECEIVED
MAR 1 1994
COUNTY ATTORNEY

2. GMAC shall have the right to collect the Motor Vehicle Sales Proceeds from the Purchaser, or the Purchaser's lender. Unless GMAC modifies and directs Purchaser to the contrary, Purchaser shall make and deliver the payment for the Motor Vehicle Sales promptly and directly to and in the name of either (a) GMAC at its address as set forth above; or (b) jointly to GMAC and the Dealer at either GMAC's or the Dealer's address as set forth herein. Purchaser may, without risk, accept a photographic or facsimile copy of this executed Assignment Agreement as the furnishing of reasonable proof that the assignment has been made, consistent with Section 9-318(3) of the Uniform Commercial Code. GMAC is authorized to, upon the execution hereof by Dealer and without the occurrence of any default or notice of acceptance by GMAC, notify the Purchaser of the existence and content of this Assignment Agreement.

3. Dealer shall hold in trust for and thereafter promptly endorse and deliver to GMAC physical possession of any payment medium tendered to it by Purchaser, as Proceeds of the Motor Vehicles Sales, whether in bearer from or payable to Dealer and GMAC, or either of them.

4. Dealer does hereby irrevocably constitute and appoint GMAC the true and lawful attorney of Dealer for the purpose of accepting, endorsing, negotiating, receipting, any medium of payment received by GMAC as Proceeds of the Motor Vehicle Sales, and to otherwise demand, sue for, recover, receive, and give effectual discharge therefor.

5. This Assignment Agreement shall be effective immediately and for the purpose of additional security only, but shall not be deemed as payment or discharge of the Dealer's primary obligation to GMAC unless, until and only to the extent of the indefeasible receipt by GMAC of the Proceeds of the Motor Vehicle Sales.

6. Dealer hereby unconditionally guarantees the full and prompt payment to GMAC of all Proceeds of Motor Vehicle Sales, and, without first requiring GMAC to proceed against the Purchaser or any other person or any security, hereby waives notice of any delay, default, or nonpayment thereof by the Purchaser. Upon any direct payment by Dealer under this paragraph, Dealer shall be subrogated and, upon demand on GMAC, shall be entitled to a partial reassignment of the rights relative to the vehicle(s) for which payment was made as well as a limited revocation of the power of attorney provided in paragraph 4 for such vehicle(s) and the Proceeds therefrom.

7. Dealer hereby warrants and represents that (a) Dealer knows of no fact or circumstance which would, if true, impair the value of the Motor Vehicle Sales, or the payment by the Purchaser of the Proceeds thereof; and (b) there is no defense, claim or setoff in favor of the Purchaser directly or indirectly against the Dealer such as might jeopardize or impede payment of the Motor Vehicle Sales Proceeds, nor will such defense, claim, or setoff be allowed to arise in the future.

8. This is a continuing assignment and shall remain in full force and effect until terminated by Dealer on a thirty days advance written notice to both Purchaser and GMAC, except that such termination shall not be effective as to any Motor Vehicle Sales in existence prior to the effective date of termination.

ADDENDUM TO LICENSE AGREEMENT

THIS ADDENDUM, entered into by and between Fort Bend County, Texas, a body corporate and politic acting herein by and through its Commissioners' Court ("**County**"), and Environmental Systems Research Institute, Inc., a California Corporation ("**ESRI**")

WITNESSETH:

THAT WHEREAS, the parties have entered that certain License Agreement of even date herewith ("Agreement"), a copy of which is attached hereto and incorporated herein for all purposes as EXHIBIT "A"; and,

WHEREAS, the parties desire to add, delete or amend certain terms of or to the Agreement;

NOW THEREFORE, in consideration of the mutual promises and representations herein contained, the parties hereby agree as follows:

I.
TERM AND TERMINATION

1.01 Notwithstanding anything to the contrary stated in the Agreement, the **County** may terminate the Agreement upon thirty (30) days prior written notice.

1.02 **ESRI** may terminate the Agreement because of a material breach by Licensee that remains uncured for a period of forty-five (45) days after notice from **ESRI** calling attention thereto and demanding cure; provided, however, that in the event of a breach by Licensee of its confidentiality obligations or the limitation on Licensee's right to copy, modify, distribute, or transfer to the Licensed Programs and Documentation, **ESRI** shall be entitled to terminate the Agreement immediately. Upon termination Licensee will then return to **ESRI** the Software and Related

Materials and any whole or partial copies, codes, modifications, and merged portions in any form. The parties hereby agree that all provisions which operate to protect the rights of **ESRI** shall remain in force should breach occur.

II.
LICENSE FEE

2.01 In consideration of **ESRI's** granting of the license described in the Agreement, the **County** agrees to pay to **ESRI**, promptly upon the execution of the Agreement and this Addendum by both of the parties, a one-time license fee of SEVEN THOUSAND ONE HUNDRED AND NO 100/DOLLARS ($7,100.00). Said license fee shall constitute full consideration for the granting of the license for the term of the Agreement and for any subsequent renewals thereof.

III.
WARRANTY AND MAINTENANCE

3.01 Software support beyond the date of key code issuance shall be complimentary for one (1) year. Thereafter, any maintenance agreement or software support shall be the subject of a separate written agreement.

IV.
MISCELLANEOUS

4.01 Any and all notices or communications required or permitted under this Agreement shall be delivered in person or mailed, certified mail, return receipt requested, or may be transmitted by fax as follows:

To **County**:

- Licensed may install the Software onto the licensed computer systems.
- Licensee may make only one copy of the Software for archival purposes unless the right to make additional copies is granted to Licensee in writing by ESRI.

Uses Not Permitted:

- Licensee may not sell, rent, lease, sublicense, lend, time-share or transfer, in whole or in part, or provide unlicensed Third Parties access to prior or present versions of the Software and Related Materials, any updates, or Licensee's rights under this Agreement.
- Licensee may not reverse engineer, decompile, or disassemble the Software, or make any attempt to unlock or bypass the License Manager software program used.
- Licensee may not alter, modify, or create any derivative works of the Software and Related Materials.
- Licensee may not make additional copies of the Software and Related Materials.
- Licensee may not remove or obscure any copyright or trademark notices.

Assignment: Licensee shall not assign this contract or Licensee's rights hereunder without the prior written consent of ESRI. Any purported assignment without such consent shall be null and void.

Term: The license granted by this Agreement is for a term of three (3) years, which will be automatically renewed for subsequent three (3) year terms subject to ESRI's then current licensing policies. The Agreement will automatically terminate without notice if Licensee fails to comply with any provision of this Agreement. Licensee will then return to ESRI the Software, Related Materials, and any whole or partial copies, codes, modifications, and merged portions in any form. The parties hereby agree that all provisions, which operate to protect the rights of ESRI, shall remain in force should breach occur.

Software Support: A one (1) year complimentary period of support is provided with each license effective from the date of keycode issuance. Support consists of software and documentation updates and access to Telephone User Support and other benefits that are specified in the current ARC/INFO User Support Policy. Software support beyond the complimentary period is available, payable yearly in advance, and subject to rates and policies then in effect.

Limited Warranty: ESRI warrants that the unaltered Software will substantially conform to the Related Materials for a period of one (1) year from the date of keycode issuance. ESRI warrants that the media upon which the Software is provided and Related Materials will be free from defects in materials and workmanship under normal use and service for a period of ninety (90) days from the date of receipt.

ESRI DISCLAIMS ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO THE SOFTWARE AND RELATED MATERIALS.

Exclusive Remedy and Limitation of Liability: During the warranty period, ESRI's entire liability and Licensee's exclusive remedy shall be, at ESRI's option, to attempt to correct or work around errors, to replace the Software and Related Materials in accordance with the ESRI ARC/INFO User Support Policy, or to return the license fees paid and terminate the Agreement upon the Licensee returning the Software and Related Materials to ESRI or its Distributors with a copy of Licensee's receipt. ESRI shall not be liable for indirect, special, incidental, or consequential damages related to Licensee's use of the Software and Related Materials, even if ESRI is advised of the possibility of such damage.

Indemnity: ESRI, at its own expense, will defend and indemnify Licensee from all claims that the Software and Related Materials furnished under this Agreement infringe a U.S. Copyright, provided that Licensee gives ESRI prompt written notice of such claims and permits ESRI the sole right to control the defense of all such claims and provides ESRI all reasonable cooperation.

As to any Software and Related Materials which are or in the opinion of ESRI may become subject to a claim of infringement, ESRI, at its option, will obtain the right for Licensee to continue using the Software and Related Materials or replace or modify the Software and Related Materials so as to make them noninfringing. If none of the alternatives are available on commercially reasonable terms then Licensee agrees to return the Software and Related Materials upon ESRI's written request.

ESRI will not indemnify or defend Licensee from any infringement claim resulting from Licensee's modification or alteration of any Software and Related Materials.

This section states ESRI's entire obligation to Licensee and Licensee's sole and exclusive remedy for copyright infringement.

Export Regulations: Licensee acknowledges that this Agreement and the performance thereof are subject to compliance with any and all applicable United States laws, regulations, or orders relating to the export of computer software or know-how relating thereto. ESRI® Software and Related Materials have been determined to be Technical Data under United States export laws. Licensee agrees to comply with all laws, regulations, and orders of the United States in regard to any export of such Technical Data. Licensee agrees not to disclose or re-export any Technical Data received under this Agreement in or to any countries for which the United States government requires an export license or other supporting documentation at the time of export or transfer, unless Licensee has obtained prior written authorization from ESRI and the U.S. Office of Export Control. The countries restricted at the time of this Agreement are Cambodia, Cuba, Iraq, Libya, North Korea, and Vietnam.

Severability: If any provision(s) of this Agreement shall be held to be invalid, illegal, or unenforceable by a court or other tribunal of competent jurisdiction, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

No Implied Waivers: No failure or delay by ESRI in enforcing any right or remedy under this Agreement shall be construed as a waiver of any future or other exercise of such right or remedy by ESRI.

Order of Precedence: Any conflict between the terms of this License Agreement and any Purchase Order or other terms shall be resolved in favor of the terms of this License Agreement.

Additional Software Licenses: Additional ARC/INFO or extension software licenses may be ordered without signed amendments provided the following language is incorporated in the signed Purchase Order: "By accepting this order, both parties agree to amend the Master Software License Agreement Number 93S2204 between Fort Bend County and Environmental Systems Research Institute, Inc. (ESRI), dated [insert Master Software License Agreement date], which is incorporated herein by reference, to include the above software licenses, which are hereby licensed under the same terms and conditions."

Governing Law: This Agreement, entered into in the County of San Bernardino, shall be construed and enforced in accordance with, and be governed by, the laws of the State of California without reference to conflict of laws principles. The parties hereby consent to the personal jurisdiction of the courts of this county and waive their rights to change venue.

Entire Agreement and Amendments: This Agreement and the Attachments, which are incorporated by reference, constitute the sole and entire agreement of the parties as to the matter set forth herein and supersede any previous agreements, understandings, and arrangements between the parties relating hereto. Except as otherwise expressly provided herein, any Amendments to this Agreement must be in writing and signed by an authorized representative of each party. The attachments are as follows:

ADDENDUM TO LICENSE AGREEMENT

THIS ADDENDUM, entered into by and between Fort Bend County, Texas, a body corporate and politic acting herein by and through its Commissioners' Court ("**County**"), and Computer Curriculum Corporation, a ~~California~~ Delaware Corporation ("CCC")

WITNESSETH:

THAT WHEREAS, the parties have entered that certain Product and Services Agreement of even date herewith ("Agreement"), a copy of which is attached hereto and incorporated herein for all purposes as EXHIBIT "A"; and,

WHEREAS, the parties desire to add, delete or amend certain terms of or to the Agreement;

NOW THEREFORE, in consideration of the mutual promises and representations herein contained, the parties hereby agree as follows:

I.
TERMINATION

1.01 Notwithstanding anything to the contrary stated in the Agreement and the several attachments thereto, the **County** may terminate the Agreement and any and all licenses and maintenance or support arrangements associated therewith at any time by giving **CCC** thirty (30) days prior, written notice of termination.

1.02 Notwithstanding anything to the contrary stated in numbered paragraph 3.1, page 1, of the Agreement, the parties hereby expressly agree that in no event shall the Agreement terminate immediately and that either party shall have the right to notice and an opportunity to cure within thirty (30) days of said notice.

1.03 The parties hereby agree that numbered paragraph 3.2 of the Agreement is hereby terminated in its entirety.

1.04 The parties hereby expressly agree that the last sentence of numbered paragraph 3.3 of the Agreement, beginning with "Upon termination . . .", is hereby deleted.

II.
FAILURE TO DELIVER

2.01 The parties hereby expressly agree that, should **CCC** fail to deliver the products listed in EXHIBIT "A" to the Agreement by the **County's** requested delivery date, then in that event the **County** shall have the option to terminate the Agreement by giving **CCC** written notice of its election to terminate.

III.
GENERATE

3.01 Notwithstanding anything to the contrary stated in numbered paragraph 8.1 of the Agreement, the parties hereby expressly agree that the Agreement and this Addendum shall be construed in accordance with the laws of the State of Texas and, when appropriate of the United States. Further, venue for any suit arising hereunder shall lie exclusively in Fort Bend County, Texas or the federal district courts for the Southern district of Texas. No claim, dispute or difference in interpretation of this Agreement shall be subject to arbitration.

3.02 Numbered paragraph 8.2 of the Agreement is hereby deleted in its entirety.

3.03 The following is hereby added to numbered paragraph 8.03 of the Agreement.

> Under the Constitution and laws of the State of Texas, public property is exempt from forced sales and liens may not attach thereto. Therefore, any security interest filed by **CCC** or its assign(s) is filed subject to all of

the rights and interests of the **County**.

~~3.04 CCC hereby expressly agree that it does not, notwithstanding anything stated to the contrary in the Agreement, limit or exclude any implied warranties.~~

IV.
TAXES

4.01 Fort Bend County, Texas is a body corporate and politic under the laws of the State of Texas and claims exemption from sales and use taxes. The products and services described in EXHIBIT "A" to the Agreement are being acquired for the **County's** use. In any event, under the Constitution and laws of the State of Texas, the **County** cannot agree to indemnify any other party; therefore, numbered paragraph 1.4 of the Agreement is hereby deleted.

V.
SOFTWARE LICENSE

5.01 Notwithstanding anything to the contrary stated in the Agreement or the attachments thereto, the term of the license granted thereunder shall be for one (1) year from the effective date hereof. Thereafter said license shall renew for successive one (1) year terms unless sooner terminated by the **County**, in writing, per paragraph 1.2, above.

5.02 The **County** shall pay the software license fees listed in EXHIBIT "A" to the Agreement promptly upon execution of the Agreement and this Addendum by both parties.

VI.
MAINTENANCE FEES

6.01 The fees, enumerated in EXHIBIT "A" to the Agreement, for support and training, shall acquire for the **County** the described maintenance and training for a period of one (1) year from the effective date hereof. Thereafter, the **County** shall have the option to renew said support services upon such mutually

agreeable prices and terms as the parties may agree. AS PER ORIGINAL

ORDER AUTHORIZING EXECUTION OF ADDENDUM AND AGREEMENT BETWEEN FORT BEND COUNTY AND COMPUTER CURRICULUM CORPORATION

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

On this the 26 day of April, 1994, the Commissioners' Court of Fort Bend County, Texas, upon motion of Commissioner Pressley, seconded by Commissioner Sitta, duly put and carried,

IT IS ORDERED that County Judge Roy L. Cordes, Jr. be, and he is hereby, authorized to execute an Addendum and Agreement between Fort Bend County and Computer Curriculum Corporation, said Addendum and Agreement being incorporated herein by reference for all purposes as though fully set forth herein word for word.

BBD:la/ccc.agr/3217(030394)

PRODUCT AND SERVICES AGREEMENT

1. PURCHASE; PAYMENT.

1.1 Certain Definitions. As used in this Agreement, the words "purchase", "sale" and "sell" mean "license" when applied to computer software. The term "Site" shall mean the location set forth on Exhibit A.

1.2 Purchase. CCC agrees to sell to Client the products and services listed on Exhibit A and Client agrees to purchase such products and services.

1.3 Payment. Client agrees to pay the amounts set forth on Exhibit A, together with any applicable charges for shipping, handling and insurance, within thirty (30) days from date of invoice. Annual or renewal fees payable under the terms of any Attachment hereto shall be payable in advance and shall be invoiced on or before June 1 of each year during the term of this Agreement, unless otherwise expressly agreed in writing by CCC. If Client is more than thirty (30) days delinquent in making any payment due, interest shall accrue on the delinquent amount at the highest rate permitted by the applicable law, or at the rate of 18% per annum, whichever is lower.

1.4 Taxes. The prices stated in Exhibit A are exclusive of any applicable taxes. Client agrees to pay, and hold CCC harmless from, any federal, state and local sales, use, value added, personal property or other taxes levied on account of this Agreement (other than CCC franchise and income tax).

1.5 Amendment of Exhibit A. The parties may from time to time, by mutual agreement, amend Exhibit A to (i) add additional products and services for use at a specified site to be covered by the terms of this Agreement and (ii) add additional Sites at which specified CCC products may be installed and used under the terms of the CCC System License Attachment.

2. SHIPMENT AND DELIVERY.

2.1 Delivery. CCC shall use reasonable efforts to deliver the products listed on Exhibit A by Client's requested delivery date, subject to availability from third party vendors; in no event will CCC be liable for any expenses or damages resulting from any delay in delivery.

2.2 Risk of Loss. CCC assumes all risk of loss or damage to the products or any components or portions in transit to Client's warehouse or facility. Client assumes all risk of loss or damage upon delivery to Client's warehouse or facility.

3. TERMINATION.

3.1 Right to Terminate on Breach. Each party shall have, in addition to all other remedies available to it, the right to terminate this Agreement immediately upon written notice to the other party that the other party has committed a material breach of any of its obligations herein and such material breach shall not have been cured or corrected within thirty (30) days following written notice of the same. In addition, CCC shall have, in addition to all other remedies available to it, the right to terminate this Agreement immediately upon written notice to Client if Client shall at any time breach any of its obligations under the CCC System License Attachment or any Perpetual License Attachment, and such breach shall not have been cured or corrected, to CCC's satisfaction, within five (5) days following written notice of the same from CCC.

injunctive relief, in addition to all other remedies available to CCC, to protect CCC's rights under this Agreement.

8.3 Assignment. This Agreement and any interest herein may not be assigned or transferred, in whole or in part, by either party without the prior written consent of the other party without the prior written consent of the other party, and any assignment or transfer without such consent shall be null and void; provided, however, that CCC shall be entitled to assign this Agreement to any corporation controlling, controlled by or under common control with CCC. In addition, CCC may assign its right to payment under this Agreement or grant a security interest in this Agreement or such payment to any third party.

8.4 Severability. If any provision of this Agreement is held invalid or unenforceable, the remainder of this Agreement shall nevertheless remain in full force and effect. If any provision is held invalid or unenforceable with respect to particular circumstances, it shall nevertheless remain in full force and effect in all other circumstances.

8.5 Force Majeure. Neither party shall be liable for any loss or damage suffered by the other party, directly or indirectly, as a result of the first party's failure to perform, or delay in performing, any of its obligations contained in this Agreement (except any obligations to make payments hereunder), where such failure or delay is caused by circumstances beyond the first party's control or which make performance commercially impracticable, including but not limited to fire, flood, storm or other natural disaster, explosion, accident, war, riot, civil disorder, governmental regulations or restrictions of any kind or any acts of any government, judicial action, power failure, acts of God or other natural circumstances.

8.6 Entire Agreement. This Agreement constitutes the entire agreement between the parties and there are no understandings, representations or warranties of any kind, express, implied or otherwise, not expressly set forth herein.

8.7 Non-Waiver and Modification. Waiver by either party of any default or breach of any provision of this Agreement by the other party shall not be construed as a waiver of any subsequent default or breach. No extension of time for payment or other accommodation granted to a party shall operate as a waiver of any of its rights under this Agreement. No provision of this Agreement may be modified by a party without the prior written consent of the other party.

8.8 Limitation of Liability. IN NO EVENT SHALL CCC OR ITS EMPLOYEES, AGENTS, SUPPLIERS OR CONTRACTORS BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR IN CONNECTION WITH CCC'S OBLIGATIONS UNDER THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, LOSS OF USE, INCOME OR PROFIT, OR LOSSES SUSTAINED AS THE RESULT OF INJURY (INCLUDING DEATH) TO ANY PERSON, OR LOSS OF OR DAMAGE TO PROPERTY, OR LOSSES OR DAMAGES RESULTING FROM CCC'S FAILURE TO DELIVER OR DELAY IN DELIVERING ANY ITEM UNDER THIS AGREEMENT, EVEN IF CCC OR A CCC AUTHORIZED REPRESENTATIVE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL LIABILITY OF CCC FOR DAMAGES WITH RESPECT TO ANY ITEM LICENSED OR SOLD HEREUNDER EXCEED THE AMOUNTS ACTUALLY PAID BY CLIENT UNDER THIS AGREEMENT FOR SUCH ITEM.

8.9 Survival. The provisions of Sections 3.3 and Sections 8.1-8.9 shall survive termination of this Agreement. In addition, Sections 3.1-3.4 of the Equipment Purchase Attachment, Sections 2.4, 3.1-3.5 and 4 of the CCC System License Agreement, Sections 2.2, 3.1-3.5 and 4 of the Perpetual License Agreement.

CCC SYSTEM LICENSE ATTACHMENT

1. DEFINED TERMS.

1.1 CCC System. "CCC System" means the CCC learning system software programs described on Exhibit A, as such Exhibit may be modified by mutual agreement of the parties from time to time, including, without limitation, the CCC management system.

1.2 Workstation. "Workstation" shall mean a computer terminal, whether a standalone personal computer or a microcomputer or terminal connected to a network.

2. LICENSE.

2.1 Grant of License to CCC System. Subject to the terms and conditions of this Agreement, and in consideration of the license fees payable by Client as set forth on Exhibit A and Section 2.2 below, CCC grants to Client, and Client accepts, a personal, nontransferable, nonexclusive license for the term of this Agreement to use the CCC System, in object code form at the Site(s) set forth in Exhibit A on such number of Workstations with respect to each site as is designated on Exhibit A.

2.2 Term; Annual Usage Fees. Unless earlier terminated in accordance with the terms hereof, the license granted herein shall automatically renew for successive one year periods, from each July 1st (the "Renewal Date") to the following June 30th, for so long as Client continues to pay, in accordance with the terms of this Agreement, CCC's annual usage fee per licensed Workstation set forth on Exhibit A, which fee shall be invoiced on or before June 1 of each year during the term of this Agreement. Client shall be entitled to terminate the license granted herein by notifying CCC of its intent to terminate no less than thirty (30) days prior to any Renewal Date.

2.3. Enhancements. During the term of the license of the CCC System, CCC will furnish to Client any and all bug-fixes and enhancements of the CCC System, in object code format, which CCC generally makes available to its licensed users of the hardware used by Client; provided, however, that nothing contained herein shall require CCC to develop enhancements to the CCC System on the hardware used by Client or entitle Client to receive any software which CCC hereafter distributes as an add-on, separate or new product.

2.4. Proprietary Nature of CCC System. Client shall acquire no ownership rights or title to the CCC System. Client will not, and will not permit others to: (a) make copies of the CCC System, except that one copy may be made for backup and archival purposes only; (b) remove, obscure or alter any notice of patent, copyright, trade secret or other proprietary rights notice on or in the CCC System; (c) modify, decompile, disassemble or reverse engineer the CCC System, (d) use any authoring tool in the CCC System for any purpose other than use of the CCC System, or (e) sublicense, distribute or otherwise transfer the CCC System or any copy thereof to any third party.

3. WARRANTIES.

3.1 Extension of Third Party Warranties. CCC makes no representations or warranties, express or implied, respecting any portion of the CCC System (or the media on which such portion is deliver) not developed by it, but, to the extent permitted by any third party developer, will extend the warranty of such third party developer with respect to any such portion to the Client. CLIENT EXPRESSLY ACKNOWLEDGES AND AGREES THAT USE OF THE NETWORK AND OPERATING SYSTEM SOFTWARE IS AT CLIENT'S SOLE RISK. THE NETWORK AND OPERATING SYSTEM SOFTWARE IS PROVIDED "AS IS" AND WITHOUT WARRANTY OF ANY KIND.

SOFTWARE MAINTENANCE ATTACHMENT

1. CCC BASIC SUPPORT.

In consideration of the payment of CCC support fees set forth on Exhibit A, during any annual maintenance term, CCC shall:

(a) provide toll free telephone "hotline" support between the hours of 5 a.m. and 5 p.m. Pacific time, Monday through Friday, except CCC holidays, under which CCC technical customer support representatives will answer questions presented by Client and diagnose problems concerning the CCC Solo, CCC System, or systems operation and assist in identifying and isolating the source of errors or failures, and to the extent practicable, provide troubleshooting assistance with respect to reported software bugs (irregularities);

(b) provide annual installation of bug-fixes, enhancements, if any, of the CCC System and CCC Solo delivered to Client under the terms of the CCC System License Attachment, if such installation is requested by Client (except where such bug-fixes or enhancements are Client-installable and do not require CCC installation);

(c) provide, as soon as reasonably practicable, bug fixes with respect to any reported errors or failures that substantially impair the operation or use of the CCC System, as determined by CCC;

(d) use commercially reasonable efforts, as determined by CCC, to provide bug fixes with respect to reported errors or failures that do not substantially impair the operation or use of the CCC System in CCC's next CCC System release, if any;

2. TERM OF CCC BASIC SUPPORT.

CCC support shall be provided for an initial term ending on June 30th following the execution of this Agreement. Client may renew the support on CCC's then current terms and conditions for successive one year periods, from each July 1st ("Renewal Date") to the following June 30th, upon the payment of CCC's then prevailing rates for such support. CCC will invoice Client for renewal of the CCC support and, unless Client has provided CCC with notice of its intent not to renew, Client agrees to pay such support charges within thirty (30) days from receipt of invoice from CCC thereof. If Client elects not to renew such support, Client shall notify CCC of its election no less than thirty (30) days prior to any Renewal Date.

3. CONDITIONS OF BASIC SUPPORT. The support provided in this Agreement are expressly conditioned upon each of the following:

(a) the CCC System being used only for the purposes for which it was designed;

(b) Client providing CCC timely and adequate access to the CCC System;

(c) the CCC System not being subjected to unusual physical or electrical stress;

(d) the CCC System not being disconnected or reconnected at Client's site without the prior written approval of CCC;

(e) all CPU's (file server, station, laser printers) being covered by the same support package;

(f) CCC being the sole support provider on the CCC System; and

(g) Client subscribing to the Basic Support Package.

4. **EXCLUSIONS FROM COVERAGE.** The support provided under Section 2 hereof shall not cover:

(a) any loss or damage caused by accident, acts of God or nature, neglect, vandalism or other criminal acts, or failure or surges of electrical power, air conditioning or humidity control;

(b) provision of any operating supplies or any cosmetic changes or repairs to the CCC System;

(c) loss or damage caused by negligence or intentional misuse or abuse of the CCC System; or

(d) loss or damage covered by any insurance policy.

5. **DISCONTINUATION BY CCC OF BASIC SUPPORT.**

Client acknowledges that CCC may elect in the future to cease providing Basic Support for superseded releases of the CCC System if it becomes impractical, as determined by CCC in its sole discretion, to continue providing such services. CCC will provide Client with no less than ninety (90) days written notice prior to the end of any annual term, of its election to no longer provide such support.

RE: Waiver of Penalty and Interest - Jo Ann Brown
Account #4875-01-002-0150-901
Precinct #1

Mrs. Brown is requesting waiver of penalty and interest on the above referenced account for 1993.

1. Fort Bend Federal requested the 1993 tax statement.
2. Fort Bend Federal paid the 1990 thru 1992 taxes.
3. 1993 tax statements were mailed the same month the Brown's release of lien was filed (October 1993). Note: Release of Liens do not come through the tax office.
4. Per Fort Bend Federal, Mr. Brown was informed he was responsible for payment of the 1993 taxes.
5. No notification was received in this office from either Fort Bend Federal or Brown's regarding the change in responsibility of who should pay the 1993 taxes.

Breakdown of Taxes Paid:

Base Tax	$660.01
Penalty & Interest	59.40
Total Paid	$719.41

I do not recommend waiver as there is no evidence of error on the part of the tax office or the central appraisal district.

Request for waiver for the City of Richmond must be directed to Glen Gilmore, City Manager.

RE: Waiver of Penalty and Interest - Bob Hanna
Account #7550-22-005-0660-907

Mr. Hanna is requesting waiver of penalty and interest on the above referenced account for 1993.

1. Bank United of Texas requested the 1993 tax statement.
2. Bank United of Texas paid the 1992 taxes.
3. The normal response the tax office would have given to Mr. Hanna in May of 1993 is:
Every year all mortgage codes are removed and each mortgage company must submit their request in total each year. With refinancing or pay off, we inform the taxpayer that the mortgage company does not always clean up their records prior to requesting. We also inform the taxpayer that if they do not receive their tax statement by the 1st of December to please call the tax offices for a duplicate statement.
4. No notification was received in this office from Bank United of Texas or their servicing agent, TransAmerica.

With the volume of refinancing, sales, etc., the tax office does not have the personnel or resources to ascertain that each statement has been delivered to the proper person. By law, if a mortgage company requests a tax statement we must send the statement to them. The tax office does make every effort to keep the taxpayers informed and make them aware of their responsibilities.

Breakdown of Taxes Paid:

Base Tax	$1,350.34
Penalty & Interest	121.52
Total Paid	$1,471.86

I do not recommend waiver as there is no evidence of error on the part of the tax office or the central appraisal district.

RESOLUTION AND ORDER THAT COUNTY COLLECT ADDITIONAL FEES AND COSTS PURSUANT TO SECTION 51.702, TEXAS GOVERNMENT CODE

On the 26 day of April, 1994, at a regular meeting of the Commissioners' Court of Fort Bend County, Texas, acting as the governing body of Fort Bend County, Texas, upon motion of Commissioner O'Shieles, seconded by Commissioner Pressley, duly put and carried:

WHEREAS, § 25.005, Texas Government Code, provides for the payment of County Court at Law Judges in an amount set by Commissioners Court at an amount that is at least equal to the amount that is $1,000.00 less than the total annual salary received by a district judge in the County; and

WHEREAS, § 51.702, Texas Government Code, provides for the County to collect an additional $20.00 on each civil case filed in County Court at Law and an additional $10.00 as cost of court on a conviction in any criminal case in County Court at Law, including cases in which probation or deferred adjudication is granted; and

WHEREAS, § 51.702, Texas Government Code, provides that the State shall annually compensate each county that collects the said additional fees and costs in an amount equal to $25,000.00 for each statutory county court judge in the County.

NOW, THEREFORE, BE IT RESOLVED that the Commissioners' Court of Fort Bend County, Texas, hereby **ORDERS** the County Clerk to collect an additional $20.00 on each civil case filed in County Court at Law and an additional $10.00 as cost of court on a conviction in any criminal case in County Court at Law, including cases in which probation or deferred adjudication is granted on July 1, 1992, as provided in § 51.702, Texas Government Code, and the County clerk shall transfer said collected fees and

The Honorable Roy L. Cordes, Jr.
County Judge
Fort Bend County
P.O. Box 368
Richmond, TX 77406-0368

Dear Judge Cordes:

Our records indicate your county is currently a participant in the Supplemental Salary Program for Statutory County Court Judges. As you may know, continued participation in this program requires a new County Commissioners Court resolution be adopted annually and submitted to the Comptroller on or before **June 1st of each year**. A copy of Section 51.702 of the Government Code is attached for your reference.

If your county intends to continue participating in this program, please remember to comply with the statutory filing requirements in a timely manner to ensure your county's continued ability to participate.

Please forward your county commissioners court resolution to the Comptroller of Public Accounts, Revenue Accounting Division, Post Office Box 13528, Austin, Texas 78711, attention Mr. Kim Hayes.

If you have any questions or need assistance concerning this matter, please contact Mr. Hayes by calling toll-free 1-800-531-5441, ext. 3-4460.

Sincerely,

Tom Ellis
Manager
Revenue Accounting Division

Historical and Statutory Notes

1993 Legislation
The 1993 amendment added subsec. (d).
Section 5 of the 1993 amendatory act provides:
"This Act applies only to filing fees for civil cases filed and to costs on convictions occurring on or after the effective date of this Act."

Cross References

Costs and fees, obligation of attorney general, see V.T.C.A. Human Resources Code, § 76.009.

§ 51.702. Additional Fees and Costs in Certain County Courts

(a) Except as provided by Subsection (g), in addition to all other fees authorized or required by other law, the clerk of a statutory county court shall collect a $20 filing fee in each civil case filed in the court to be used for court-related purposes for the support of the judiciary.

(b) In addition to other court costs, a person shall pay $10 as a court cost on conviction of any criminal offense in a statutory county court, including cases in which probation or deferred adjudication is granted. A conviction that arises under Chapter 173, Acts of the 47th Legislature, Regular Session, 1941 (Article 6687b, Vernon's Texas Civil Statutes), or a conviction under the Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes) is included, except that a conviction arising under any law that regulates pedestrians or the parking of motor vehicles is not included.

(c) Court costs and fees due under this section shall be collected in the same manner as other fees, fines, or costs are collected in the case.

(d) The clerk shall send the fees and costs collected under this section to the comptroller at least as frequently as monthly. The comptroller shall deposit the fees in the judicial fund.

(e) Sections 51.320 and 51.321 apply to a fee or cost collected under this section.

(f) This section applies only to fees and costs for a 12-month period beginning July 1 in a county in which the commissioners court:

(1) adopts a resolution authorizing the fees and costs under this section for the 12-month period; and

(2) files the resolution with the comptroller not later than June 1 immediately preceding the 12-month period during which the fees and costs are to be collected.

(g) A clerk may not collect a fee under this section and under Section 51.701.

Added by Acts 1991, 72nd Leg., ch. 746, § 67, eff. Oct. 1, 1991. Amended by Acts 1993, 73rd Leg., ch. 144, § 4, eff. Aug. 30, 1993.

§ 25.0014. Qualifications of Judge

The judge of a statutory county court must:

(1) be at least 25 years of age;

(2) have resided in the county for at least two years before election or appointment; and

(3) be a licensed attorney in this state who has practiced law or served as a judge of a court in this state, or both combined, for the four years preceding election or appointment, unless otherwise provided for by law.

Added by Acts 1991, 72nd Leg., ch. 746, § 6, eff. Oct. 1, 1991.

Historical and Statutory Notes

1991 Legislation

Section 71 of the 1991 Act provides:

"The change in the law made by this Act relating to the qualifications for a statutory county court judge applies only to persons elected or appointed on or after the effective date of this Act. A judge elected or appointed before the effective date of this Act serves for the term to which elected or appointed unless otherwise removed from office."

§ 25.0015. State Contribution

(a) Beginning on the first day of the state fiscal year, the state shall annually compensate each county that collects the additional fees and costs under Section 51.702 in an amount equal to $25,000 for each statutory county court judge in the county who:

(1) does not engage in the private practice of law;

(2) presides over a court with at least the jurisdiction provided by Section 25.0003; and

(3) except as provided by Section 25.0005(d), is not excluded from the application of Section 25.0003 or Section 25.0005.

(b) The amount shall be paid to the county's salary fund in equal monthly installments from funds appropriated from the judicial fund.

Added by Acts 1991, 72nd Leg., ch. 746, § 6, eff. Oct. 1, 1991.

1991 Legislation

For applicability provisions of the 1991 Act, see Historical and Statutory Note following § 51.702.

§ 25.0016. Excess Contributions

(a) At the end of each state fiscal year the comptroller shall determine the amounts deposited in the judicial fund under Section 51.702 and the amounts paid to the counties under Section 25.0015. If the total amount paid under Section 51.702 by all counties exceeds the total amount paid to counties under Section 25.0015, the state shall remit the excess to the counties proportionately based on the percentage of the total paid by each county.

(b) The amounts remitted under Subsection (a) shall be paid to the county's general fund to be used only for court-related purposes for the support of the judiciary as provided by Section 21.006.

(c) In determining the amount deposited in the judicial fund under Section 51.702 for a county that collects fees and costs as provided by that section, the comptroller shall credit one-half of the fees deposited in the judicial fund under Section 51.701 by that county for cases assigned to a statutory county court as fees deposited under Section 51.702.

Added by Acts 1991, 72nd Leg., ch. 746, § 6, eff. Oct. 1, 1991. Amended by Acts 1993, 73rd Leg., ch. 144, § 2, eff. Aug 30, 1993.

MEMORANDUM

TO: Roy L. Cordes, Jr., County Judge
Commissioners Court

FROM: Dianne McWethy, Director of Administrative Services Dianne

SUBJECT: Agenda Item Request - Human Resources Department

DATE: April 24, 1994

Background:

During preparation of the budget for fiscal year 1993, the Human Resources staff discussed the need to develop and implement the following programs with the Court: 1) the Random Drug Testing Policy; and 2) the Employee Trip Reduction Program, as per the mandates of the Clean Air Act. On the basis that the programs were in the development stage during the budget process, the hardware and software that would be needed to establish the programs had not been identified.

Analysis:

During the past two months, the Human Resource staff has worked with the MIS Department to develop a program to administer the Random Drug Testing program for the safety impact positions approved by the Court. The development of the software program ensures the statistical method of random selection of the employees by the Human Resources staff.

In addition to the Random Drug Testing program, the Human Resources staff has been working with ETR Associates, Inc. with Phase I of the development of the Fort Bend County Employee Trip Reduction Program for submission to TNRCC. The county's ETR Plan requires that the county maintain and complete accurate records within the nonattainment area for at least two (2) years and have the in-house capability to make such records available to the TNRCC, EPA or local air pollution control agencies, upon request. These records shall include:

1) Contents and results of the employee surveys or other information gathering efforts.

2) Full description of all measures and incentives offered to employees and the associated employee responses.

3) Accounting of the budget allocations and expenditures for each measure and incentive.

4) Statistics on the operation or coordination of employer-owned or contract transportation services, e.g., vanpools.

5) Copy of all publications, newsletters, or other examples of marketing, promotional or educational activities conducted to encourage employee participation.

6) Documentation of ongoing ETC training activities.

7) Other information associated with the development, implementation, evaluation or modification of the county's ETR plan.

Upon completion of the work being performed by ETR Associates, the Human Resources staff needs to have the hardware and software to meet the above mandates of this program, as well as to perform the tasks associated with the Random Drug Testing Program. The Human Resources staff will also utilize in-house hardware and software to implement a program to test applicants for computer efficiency to assist the elected officials and department heads with the employment of qualified personnel.

Summary and Request:

Staff worked with the MIS Department to identify the hardware and software needed to accomplish the above referenced tasks and to perform the daily operational functions of the department in an efficient manner.

On the basis of the above, staff requests that the Court approve $2,500.00 for the Human Resources Department to purchase the hardware and software needed for the implementation of these programs. If you have any questions or need additional information, contact Richard Selleh, Human Resources Director, Julane Tolbert, Assistant Director, at 341-8617 or me at 341-8670. Thank you for your assistance with this request.

Dear Judge Cordes:

Brown and Root has donated the computer equipment listed on the attached addendum to Fort Bend County for use by the Criminal Investigation Division and Jail Division of the Sheriff's Department. This equipment, once emulation cards are in place allows more efficient use of the county mainframe through increased access, minimizing wait time for the officers to utilize existing terminals. By this letter I am requesting Commissioner's Court accept this gift.

Your assistance in this matter is greatly appreciated.

ORDER AUTHORIZING EXECUTION OF AGREEMENT BETWEEN FORT BEND COUNTY AND GREATWOOD COMMUNITY ASSOCIATION, INC.

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

On this the 26 day of April, 1994, the Commissioners' Court of Fort Bend County, Texas, upon motion of Commissioner O'Shieles, seconded by Commissioner Fitts, duly put and carried,

IT IS ORDERED that County Judge Roy L. Cordes be, and he is hereby, authorized to execute an Agreement between **Fort Bend County** and **Greatwood Community Association, Inc.**, said Agreement being incorporated herein by reference for all purposes as though fully set forth herein word for word.

JS:la/gretwood.agr/3042(042094)

THE STATE OF TEXAS

COUNTY OF FORT BEND

AGREEMENT BETWEEN FORT BEND COUNTY AND GREATWOOD COMMUNITY ASSOCIATION, INC.

THIS AGREEMENT, made and entered into by and between Fort Bend County, a body corporate and politic acting herein by and through its Commissioners' Court (**"County"**), and the Greatwood Community Association, Inc., (**"Association"**)

WITNESSETH:

THAT WHEREAS, the **County** and the **Association** desire to protect the public interest by having the **County** provide law enforcement for Greatwood as authorized by TEX. LOC. GOV. CODE, §351.061 et seq., (Vernon 1994); and,

WHEREAS, the **Association** agrees to pay 100% of the costs to the **County** for supplying said law enforcement services; including salaries and any additional expenses the **County** may incur in providing said services; and,

WHEREAS, the Fort Bend County Sheriff has law enforcement authority in the Greatwood geographical area, and the **County** and the Sheriff agree to provide said services;

NOW THEREFORE, in consideration of the mutual promises and representations herein contained, the parties hereby agree as follows:

SECTION I.
DEFINITIONS

For the purpose of this Agreement, the following terms shall mean:

1.01 Area - That area herein referred to generally as "Greatwood". The following plats, of record in the Plat Records of Fort Bend County, Texas, more particularly describe the Area:

Greatwood Crossing
Greatwood Glen
Greatwood Knoll
Greatwood Shores
Greatwood Trails
Greatwood Village

1.02 Working time - means the usual or normal hours that a deputy is required to work in any calendar month and does not include any extra or overtime work as provided in the Fort Bend County Personnel Manual. Working time includes but is not limited to, the time a deputy is on duty within the area, the time a deputy is in court in connection with cases arising out of events occurring within the area, the time a deputy spends preparing reports and documents pertaining to events occurring in the area, the time a deputy spends in making preparations to provide law enforcement in the area, the time a deputy spends transporting persons arrested in the area to jail, the time a deputy spends investigating crimes or possible crimes committed in the area, and ninety-five percent (95%) of the time a deputy is on sick or vacation leave.

SECTION II.
PURPOSE

2.01 The purpose of this Agreement is to provide law enforcement protection by Fort Bend County to the Community of Greatwood.

SECTION III.
TERM

3.01 The term of this Agreement shall commence on May 1, 1994 and shall expire on May 1, 1995, unless sooner terminated per 3.02, below.

3.02 This Agreement may be terminated by either party for any reason by giving thirty (30) days written notice of the intent to terminate.

3.03 If the term of this Agreement is terminated at any time other than at the end of a contract month, the monthly installment payment for such month shall be prorated appropriately.

3.04 The **Association** shall have the option to renew this Agreement upon the same terms and conditions, (except for payment, which is dealt with in subsection 8.05, below), by giving the **County** notice of its election not later than thirty (30) days prior to the expiration of the initial term.

SECTION IV.
SERVICES PROVIDED BY THE COUNTY

4.01 The **County**, by and through the Fort Bend County Sheriff's Office, agrees to provide the following:

a. One (1) deputy, hereinafter referred to as the "extra deputy", to devote ninety-five percent (95%) of his or her Working Time to Greatwood.

b. The deputy shall perform his or her duties under this Agreement in a good workmanlike manner and in compliance with the appropriate Fort Bend County policies and the policies and procedures of the Fort Bend County Sheriff's Office.

c. The Sheriff, or his representative, shall notify the **Association** at least ten (10) days in advance of the vacation time to be taken by the extra deputy and shall notify the **Association** as soon as possible when the extra deputy is on sick leave.

SECTION V.
AUTHORITY

5.01 The Sheriff of Fort Bend County, Texas, hereby expressly retains full and complete authority to supervise the extra deputy and, in an emergency, may assign the deputy to

duties other than those to be performed pursuant to this Agreement.

SECTION VI.
COUNTY EMPLOYEES

6.01 The deputy performing duties under this Agreement shall at all times remain a county employee subject to the same rights and responsibilities as any other Fort Bend County deputy sheriff.

6.02 The **County** agrees that the extra deputy shall perform the services described herein in a good, workmanlike manner and in accordance with his or her law enforcement knowledge and security procedures; provided, however, that, while Fort Bend County shall be responsible for the acts and omissions of its employee, such responsibility shall be subject to the terms, provisions and limitations of the Constitution and of the laws of the State of Texas and, particularly, TEX. CIV. PRAC. & REM. §101.001, et. seq. (Vernon 1994 Supp), the Texas Tort Claims Act.

SECTION VII.
INCREASES

7.01 The **Association** agrees to pay any increases in the deputy's allowances and/or benefits that may occur during the term of this Agreement, including, but not limited to:

1. Social Security
2. Retirement
3. Workers Compensation/unemployment
4. Health and Life Insurance
5. Death and Dismemberment Insurance
6. Salaries

7.02 Upon thirty (30) days notice by the **County** to the **Association** of such increases, the **Association** shall pay said increased salary, benefits, etc., in accordance with 8.01 and 8.03, below.

SECTION VIII.
PAYMENT BY ASSOCIATION

8.01 All payments to Fort Bend County shall be remitted to the Office of the County Treasurer, 309 South Fourth Street, 5th Floor, Richmond, Texas 77469, Attention: The Honorable Kathy Hynson.

8.02 The **Association** agrees to pay Fort Bend County the sum of SIXTY-FIVE THOUSAND EIGHTEEN AND 55/100 DOLLARS ($65,018.55), to be used by Fort Bend County for the purpose of paying ninety-five percent (95%) of the salary and expenses of said extra deputy for a period of one year beginning May 1, 1994.

8.03 The sum provided for in 8.02, above, shall be due and payable in twelve (12) equal monthly installments of FIVE THOUSAND FOUR HUNDRED EIGHTEEN AND 22/100 DOLLARS ($5,418.22). The first installment shall be due on May 1, 1994. Each subsequent monthly installment shall be due and payable on or before the 1st day of each month during the term of this Agreement.

8.04 If any installment is for a fraction of a contract month, the amount of such installment shall be appropriately prorated.

8.05 In the event the **Association** elects to renew this Agreement, pursuant to subsection 3.04, above, then in that event it shall be obligated to pay the **County** the total sum of THIRTY-EIGHT THOUSAND SEVENTY-SEVEN AND 35/100 DOLLARS ($38,077.35) to cover ninety-five percent (95%) of the salary and expenses of the extra deputy for the second year. Said sum, at the time of the

Association's election, may reflect any incremental increase(s) which may have occurred during the initial term of this Agreement pursuant to Section VII, above.

8.06 The sum provided for in subsection 8.05, above, shall be paid during the second year of this Agreement (if extended per subsection 3.04, above) in twelve (12) equal monthly installments of THREE THOUSAND ONE HUNDRED SEVENTY-THREE AND 11/100 DOLLARS ($3,173.11) and in the same manner as provided for in subsection 8.03.

SECTION IX.
REFUND

9.01 It is expressly understood and agreed that this Agreement is not intended (nor shall it be construed) to unconditionally obligate the Fort Bend County Sheriff to provide the extra deputy, and further, that the **County** shall have no liability whatsoever to the **Association** (other than to pay any appropriate refund to the **Association** pursuant to this Agreement) if the Fort Bend County Sheriff does not assign the extra deputy for the maximum term of this Agreement. In such event, the **Association** shall be obligated to pay the **County** only a pro rata part of the annual sum, and if the amount paid by the **Association** to the **County** exceeds said pro rata amount, the **Association** shall be entitled to a refund from the **County** of any excess amount so paid. Such proportionate amount shall reflect the actual time during which the extra deputy devoted 95% of his or her working time to the Area and to the **Association.** Any and all questions as to whether or not the extra deputy devoted substantially ninety-five percent (95%) of his or her working time to the Area shall be determined by the Sheriff of Fort Bend County. Any refund that may be due shall be determined by the Fort Bend County Auditor, whose determination shall be final and binding on the parties hereto.

SECTION X.
ASSIGNMENTS

10.01 This Agreement is not assignable.

SECTION XI.
HOLD HARMLESS

11.01 The **Association** agrees for itself, its heirs, assigns, and legal representatives to release and hold harmless Fort Bend County, Texas and all of its elected and appointed officials, staff, employees and servants for any loss, claim, damage, attorney's fees, costs, or injury, including death, that the **Association**, its heirs, assigns, and legal representatives may sustain and which may arise, directly or indirectly out of the extra deputy's performance pursuant to this Agreement.

SECTION XII.
SEVERABILITY

12.01 The provisions of this Agreement are severable, and if any word, phrase, clause, sentence, paragraph, section or other part of this Agreement or the application thereof, to any person or circumstance, shall ever be held by any court or regulatory authority of competent jurisdiction, to be invalid, illegal or unconstitutional for any reason, the remainder of this Agreement shall not be affected thereby, unless, in the opinion of the **County**, the purposes of this Agreement have been rendered useless.

SECTION XIII.
ENTIRE AGREEMENT; REQUIREMENT OF A WRITING

13.01 It is understood and agreed that this is the entire Agreement of the parties and that this Agreement supersedes all prior communications and negotiations between the parties, oral or written, relating to the subject matter hereof. Any alterations, amendments, deletions, or waivers of the

provisions of this Agreement shall be valid only when expressed in writing, and duly signed by the parties.

SECTION XIV.

Re: *Greatwood Contract*

Gentlemen:

Enclosed please find a copy of a revised version of the contract for patrol services at Greatwood. This contract will be on the April 26, 1994 Commissioners' Court Agenda for consideration.

Also enclosed is a copy of the Contract Deputy Policy passed by Commissioners' Court in October 1992. The current contract proposes that the Greatwood Homeowners Association pay for the vehicle acquisition cost over the first year of the contract rather than in a lump sum payment at the start of the contract, as stated in the policy.

Very truly yours,

FORT BEND COUNTY CONTRACT DEPUTY POLICY

The provisions of the Fort Bend County Contract Deputy Policy are to protect the public interest and to provide law enforcement services to the residents of Fort Bend County pursuant to Chapter 351 Subchapter D of the Texas Local Government Code.

The contract deputies shall devote at least 95% of their work time to the non-governmental association.

Fort Bend County will not agree to provide its Certificate of Insurance.

The Association shall pay any increases in contract deputies salaries pursuant to Fort Bend County policy. (merit, step increases, etc.) Additionally, the Association shall pay for increases in social security, retirement, workers compensation/unemployment, health and life insurance, death, dismemberment insurance and deputies car allowance if applicable.

The Association shall pay at least a 3% administrative fee.

In the event the Association agrees to purchase equipment i.e., patrol car or radar unit, the cost shall be paid in one lump sum upon commencement of the agreement. The equipment shall remain at all times during the agreement term and its termination the property of Fort Bend County.

In the agreements that do not provide that the Association will purchase a patrol vehicle, the Association shall pay for vehicle maintenance, gasoline, taxes, license fees, insurance, paint, decals and operating costs.

The Association shall pay for the contract deputies uniforms and portable cellular phones.

Re: Fort Bend County Jail
April 26, 1994 Agenda Item No. 17
Change Order No. 12

Dear Judge Cordes:

The referenced change order is on the Court's agenda for March 29, 1994. This change order is for a $47,931 increase and the addition of 25 calendar days due to weather.

The items of the change order with explanations are as follows:

1. Chase & wall change @ laundry room for mechanical system,
Re: PR #30 & PLC-45 ---------- ADD: $ 778

This change is to comply with requirements which dictate that the wall at the laundry room extend to the roof.

2. Elevator ladder & light change, Re: PR #16D & PLC-28A ---- ADD: 866

This is a change to comply with OSHA requirements.

3. Add concrete around electrical ductbank per Fort Bend County,
Re: Construction Directive #2, PR #33 & PLC-48 ---------- ADD: 803

This change was recommended by Rust Lichliter/Jameson because unprotected electric conduits were to be placed beneath a drainage ditch which would be maintained by County forces in the future. This was caught very late, and a Construction Change Directive was necessary.

APR 22 1994
COUNTY JUDGE

4. Change for Handicap Shower in Dayrooms,
Re: PR #36, PLC-49A ---------- ADD: 2,363

This was due to problems in the field with the handicapped shower fixtures as designed. The change corrected problems with access to the piping, and included the addition of an access plate with tamper proof screws.

5. Fire Pump re-design for new Water Storage Tank
(per City of Richmond) Re: PR #31A & PLC-51 ---------- ADD: 18,856

The original design of the fire booster pump assumed 51 psi pressure from COR water supply lines during fire flow conditions. Under fire flow conditions, the fire booster pump will pump 1500 gpm, while COR's well pump will provide 2000 gpm. The design was not reviewed by COR. The City objected to the design after learning of it, and declared it unacceptable. The increase is from 100 HP to 125 HP. This change would be necessary whether the City or County provided the fire water storage facility.

6. Electrical changes as a result of Ground Storage Water Tank
(per City of Richmond) Re: PR #35A, PLC-52 &
Construction Directive #4 ---------- ADD: 22,132

This change is to satisfy the electrical requirements of the upsized fire booster pump. This is the second change to the fire pump electrical requirements considered by the Court. Change Order No. 10 included $9,822 for electrical changes to provide power for the "locked rotor" condition for the original fire pump. This change includes the larger panels and conductors for the new 125 HP fire pump. DSA sent a letter dated April 5, 1994 indicating that Pepper-Lawson informed them "that approval for this item is essential by April 7, or there will be a week's delay for equipment delivery for every day this is put on hold." We reviewed the change in the form of Construction Change Directive (CCD) No. 4 (with pricing) with you and Commissioner O'Shieles on April 6. It was conveyed to DSA on April 6 that you and Commissioner O'Shieles concurred, and that the CCD would be signed April 8. DSA was requested to check with the Contractor on the acceptability of the dates. This change implements the CCD as an official change order item.

7. Add fence adjacent to Law Enforcement Academy
(per Sheriff's Department) Re: PR #40 & PLC-54 ---------- ADD: 3,145

The original design was such that access from the Academy building to the Academy training property behind it was limited by the security fence. This change will allow pedestrians access to the Academy entrance from the parking lot.

8. Routing of new telephone conduit per Fort Bend County
Re: PR #24 & PLC-39A ---------- ADD: 222

This change is actually just the dry wall encasement of a 4 inch conduit installed by Southwestern Bell Telecom in December 1993 as part of the Sheriff's Department's telephone system.

9. Change in CMU wall @ Vault Re: PR #3 & PLC-13 ---------- No Change

This is a minor change in details around the vault which changes thickness of concrete masonry walls.

10. Delete paving near flagpole Re: PR #34 & PLC-47 ---------- Deduct: (1,234)

The Sheriff's Department requested the parking spaces in front of the flagpole area be deleted to leave more room for a fallen officer's memorial. A landscape architect is presently working on the design for the flag pole area.

Total Change Order No. 12 $47,931

11. Add 25 working days to Contract due to weather delays.

The contractor has requested an extension of time for weather related days lost. DSA lists 25 'work days', which would normally translate to approximately 35 calendar days. Work days are not defined in the contract documents, thus, the contract is being extended by 25 calendar days. The contract documents state that claims for additional time due to weather conditions shall be documented by data substantiating that weather conditions were abnormal for the period of time and could not have been reasonably anticipated. Though we had a reasonably dry winter, PLC requested additional time due to inclement weather. The architect indicated their normal practice is to grant such days, and stated that granting the additional time should not have a negative impact on the County's position on the delay claim PLC has on the Vehicle Maintenance Building site.

We normally would not approve of granting additional days on a calendar day project without clear justification within the contract documents. However, with the architect, as the administrator of the construction contract, indicating that granting the days would not compromise the County's position on the delay claim, we feel that it may not hurt the County's interest to grant the extension.

We recommend approval of the change order.

ORDER AUTHORIZING EXECUTION OF AGREEMENT BETWEEN FORT BEND COUNTY AND THE TOWN OF BEASLEY

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

On this the 26 day of April, 1994, the Commissioners' Court of Fort Bend County, Texas, upon motion of Commissioner O'Shieles, seconded by Commissioner Prestage, duly put and carried,

IT IS ORDERED that County Judge Roy L. Cordes, Jr. be, and he is hereby, authorized to execute an Agreement between **Fort Bend County** and the **Town of Beasley**, said Agreement being incorporated herein by reference for all purposes as though fully set forth herein word for word.

PP:la/beas800.agr/2918-2

STATE OF TEXAS §

COUNTY OF FORT BEND §

INTERLOCAL AGREEMENT

This INTERLOCAL Agreement ("Agreement") entered into by and between Fort Bend County, Texas, a body corporate and politic, acting herein by and through its Commissioners' Court (**"County"**), and the Town of Beasley, a municipal corporation of the State of Texas (**"City"**)

WITNESSETH:

THAT WHEREAS, the **County** has a trunked 800 Megahertz Public Safety Radio System and is duly licensed by the Federal Communications Commission ("FCC") for operation of same; and

WHEREAS, the **County** desires to accommodate additional radio units on its trunked 800 Megahertz Public Safety Radio System under a slow growth usage plan of such system; and

WHEREAS, the **City** desires to use **County's** Radio System to communicate among its various radio units on a Primary Dispatch System; and

WHEREAS, the governing body of **County** has duly authorized this Agreement; and

WHEREAS, the governing body of **City** has duly authorized this Agreement; and

WHEREAS, this Agreement is made pursuant to the TEX. GOV. CODE § 791.001 et seq, the Interlocal Cooperation Act (Vernon 1993);

NOW THEREFORE, for and in consideration of the mutual promises, obligations, and benefits hereinafter set forth, the

County and **City** hereby agree as follows:

I.

DEFINITIONS

1.01 "Primary Dispatch System" - A communications system upon which the **City**, its agents, employees or assigns rely primarily when it desires to or attempts the engagement of radio communications or radio transmissions of energy among its radio units.

1.02 "Priority Access" - An assigned level of system access which determines the choice of access to the radio system between two or more units seeking use simultaneously.

1.03 "Radio System" - A trunked 800 Megahertz Public Safety Radio System owned by the **County**, and licensed by the FCC, that enables the engagement of radio communications or radio transmissions of energy via radio units in accordance with technical specifications.

1.04 "Radio Unit" - Mobile, stationary or portable radio communication units communicating among themselves at certain air wave frequencies.

1.05 "Systems Code Identification Number" - An identification number that allows radio units to gain access to the Radio System thereby enabling the radio units to communicate among themselves at certain air wave frequencies.

II.

OBLIGATIONS OF COUNTY

2.01 The **County** agrees that during the term of this

Agreement it shall:

(a) Allow the **City** to have access to its Radio System to engage in radio communications among its Radio Units as a Primary Dispatch System.

(b) Provide to the **City** a Systems Code Identification Number that will access the **County's** Radio System thereby providing a Primary Dispatch System for the **City's** Radio Units, up to a maximum of 50 units. The **City** shall advise the **County**, in writing, of the number of units it will have on the system.

(c) Observe and abide by all applicable statutes, laws, rules and regulations, including but not limited to those of the FCC.

(d) In the event the **City** notifies the **County** pursuant to paragraph 3(b) below that any one or more of its Radio units listed herein have become lost or stolen, the **County** will take any reasonable steps necessary to prevent such lost or stolen Radio Units from gaining access to the Radio System and will attempt to disable the lost or stolen unit.

(e) Provide for the same level of Priority Access for the **City** as for the **County.**

III.

OBLIGATIONS OF CITY

3.01 The **City** agrees that during the term of this Agreement it shall:

(a) Assume responsibility for providing its Radio Units that will have access to the Radio System. Furthermore, should the **City** desire to increase or decrease the number of Radio Units listed in paragraph 2.01(b), above, that have access to the Radio System, the **City** shall notify the **County**, in writing, at least ten days in advance of the effective date of the change. The **City** may not increase the number of Units above the maximum number stated in 2.01(b) above.

(b) In the event that any one or more of the Radio Units listed in paragraph 2(b) above becomes lost or stolen, the **City** agrees to notify the **County** of same within twenty-four hours that the **City** knows or has reason to know that such Radio Unit or Units have become lost or stolen.

(c) Use the System Code Identification Number described herein to access the **County's** Radio System as a Primary Dispatch System.

(d) To observe and abide by all applicable statutes, laws, rules and regulations, including but not limited to those of the FCC.

(e) Recognize that applicable FCC and other statutes, laws, rules and regulations may change from time to time and that accordingly the **County** in its sole discretion has the right without liability to modify this Agreement to comply with any such changes subject to the other terms of this Agreement.

IV.

ASSIGNABILITY

4.01 This Agreement is for the benefit of the **City**, its officers, agents, contractors and employees, and it shall not be assigned in whole or in part by the **City** to any third party.

V.

PAYMENT OF FEES

5.01 The **City** shall pay the **County** the sum of SIX DOLLARS AND NO/CENTS ($6.00) per month per Radio Unit. The first payment shall be made by the **City** by the tenth day of the month following the month of start-up and shall be prorated to reflect the number of days of access in the first month of service. Thereafter, the **City** shall pay the **County** by the tenth day of the month following each month of service.

5.02 The **City** shall make any payments due and payable to the **County** under this Agreement out of its current revenues.

5.03 In the event the **City** elects to increase its number of Units per § 3.01(a), above, it shall increase its monthly payment to reflect such increase. The increase in the number of units shall be reflected pro rata in the next monthly payment following the month of the increase in units.

5.04 Any decrease in the number of units shall be reflected in the **City's** payments in the same manner as described above for increases in the number of units.

5.05 If the Radio System is substantially unavailable to the **City** during any billing period, the **County** shall approve a reasonable adjustment of the fee provided for by this section.

VI.

REVISION OF FEES

6.01 The **County** may at any time revise the monthly service fees set forth herein by giving the **City** written notice of the amounts of increase at least ninety (90) days in advance of the date on which the increased fees are to become effective. The **City** fee increases will be tied to the **City's** pro rata share of the increases in cost of operation, system expansion or enhancement. Written documentation will be provided upon request to the **City** explaining the increase. All fees will be reasonable and nondiscriminatory among all users.

VII.

TERM AND TERMINATION

7.01 This Agreement shall be for a period from the first day of May, 1994 hereof until April 30, 1995.

7.02 This Agreement may be terminated by either party by giving the other at least thirty (30) days prior written notice.

7.03 This Agreement shall terminate immediately if all or substantially all of the licenses or other necessary authorizations held by either the **County** or the **City** are revoked by the FCC or any successor agency.

7.04 The **City** shall pay the **County** in the manner provided for in V, above, for any accrued charges in the event of termination pursuant to this section.

VIII.

NOTICE

8.01 Any and all notices or communications required or permitted under this Agreement shall in writing and delivered in person or mailed, certified mail, return receipt requested, or may be transmitted by fax as follows:

To **County:** Fort Bend County
Attn: County Judge
P. O. Box 368
Richmond, Texas 77469
Fax No. (713) 341-8609

To **City:** Town of Beasley
Attn: Mr. Wilbert Preuss
P. O. Box 122
Beasley, Texas 77417

8.02 Either party may change its notice address in accordance with this section.

8.03 Any notice hereunder shall be effective upon receipt.

IX.

MODIFICATION OF AGREEMENT

9.01 No modification of this Agreement shall be effective unless it is made in writing and is approved and executed by the authorized representatives of the parties hereto, except as provided above in the case of a change in FCC rules or regulations.

X.

COVERAGE

10.01 The **City** acknowledges that one hundred per cent coverage of any area at all times is improbable. there may be adverse propagation conditions such as short term unpredictable meteorological effects and sky wave interference from distant stations that can interrupt the Radio System at times. other causes beyond reasonable control of the **County** are motor ignition, and other electrical noise that could be minimized by corrective devices at the **City's** expense. Any surveys, studies, research or any other measures taken to ensure the adequacy of coverage provided to the **City** herein shall be the sole responsibility of the **City.**

XI.

DEFAULT

11.01 If the **City** fails to make any payment of any sum due or fails to perform as required by any other provision hereunder, and continues in such failure for fifteen days after written notice

has been sent by **County** to **City**, the **City** shall be deemed in default under this Agreement.

11.02 In the event of default, the **County** has the right to immediately terminate this Agreement, retain all payments made hereunder that are due and owing to the **County** pursuant to the terms of this Agreement, and deny the **City** any service provided by the **County** under this Agreement. Each and all of the rights and remedies of the **County** hereunder are cumulative to and not in lieu of each and every other such right and remedy and every right and remedy afforded at law and equity.

XII.

INSURANCE

12.01 The **City** shall provide the **County** with general liability insurance covering both the **County** and the **City** for liabilities relating to the use of the Radio System. The insurance shall be with carriers and in policy limits acceptable to the **County**.

12.02 The **City** shall provide the **County's** Risk Management Department with a copy of the proposed insurance within ten (10) days of the effective date hereof. Acceptance of an original certificate of insurance acceptable to the **County** shall be a condition precedent to the **City's** access to the Radio System.

XIII.

ADMINISTRATIVE GUIDELINES

13.01 The parties agree to promulgate mutually acceptable written administrative guidelines relating to the use and operation

of the Radio System and Radio Units. Both parties agree to use their best efforts to observe and abide by these written administrative guidelines.

XIV.

GENERAL

14.01 This Agreement constitutes the entire agreement of the parties and supersedes all prior offers, negotiations and agreements. If any provision of this Agreement shall, at any time and to any extent be held invalid or unenforceable, the remainder of this Agreement shall not be affected thereby. This Agreement shall bind and inure to the benefit of all the respective heirs, personal representatives, successors and assigns of the parties hereto.

14.02 The waiver by a party hereto of a breach of any provision of this Agreement shall not operate as or be construed as a waiver of any subsequent breach.

IN WITNESS WHEREOF, The parties put their hands to this instrument on the dates indicated. This Agreement shall be effective on the date of the last signature hereto.

Re: Lee Perrault - Extended Sick Leave

Gentlemen:

This letter is to recommend Extra Sick Time for the above employee.

Lee has been with the County for two (2) years, which qualifies her to be granted extra time for being off. The total accumulated time is six (6) days.

It is not known at this time how long Lee will be out. She is presently in Southwest Memorial Hospital undergoing more tests.

We would appreciate this approval with the discretion of Commissioners Court, and any other recommendations that you may be able to offer.

Sincerely,

D. Jesse Hegemier - P. E.

RIGHT OF WAY LIEN RELEASE

THE STATE OF TEXAS §

COUNTY OF FORT BEND §

WHEREAS, by that certain Deed dated June 17, 1993, recorded in Volume 2535, Page 807, of the Official Public Records of Fort Bend County, Texas, a Vendor's Lien was established and made effective against all of that certain tract, piece or parcel of land located in the county aforesaid, reference being here made to the record of such instrument for a full description of said land, said lien being established for the purpose of securing the payment of a certain indebtedness as particularly described and set forth in the instrument aforesaid; and as additional security for the payment of said indebtedness the said Faith United Methodist Church - Richmond, A Texas non-profit corporation, whose mailing address is 1410 Willow Bend Court, Richmond, Texas 77469, of the County of Fort Bend, State of Texas, did on the June 18, 1993, execute and deliver a certain Deed of Trust and Security Agreement to Larry R. Kelley, Trustee, of 5215 Main Street, Houston, Texas 77002, as Trustee for The Methodist Board of Missions, Houston Districts of 5215 Main Street, Houston, Texas 77002, covering the same tract of land described in the aforesaid instrument, said Deed of Trust being recorded in Volume 2535, Page 811, of the Official Public Records of Fort Bend County, Texas and,

WHEREAS, Fort Bend County has acquired, or is in the process of acquiring, title to a part and parcel of such land covered by said lien(s), said part and parcel there of being more particularly described in Exhibit "A", which is attached hereto and incorporated herein for any and all purposes; and

WHEREAS, it is necessary that said lien be released insofar as they appertain to or affect the title of the part and parcel of land described in Exhibit "A" attached hereto and made a part hereof for all purposes;

NOW, THEREFORE, The Methodist Board of Missions, Houston Districts of 5215 Main Street, Houston, Texas 77002, being the legal owner and holder of said indebtedness and lien(s), in consideration of the aforesaid premises and the sum of Ten Dollars ($10.00) and other good and valuable consideration to me in hand paid, do hereby Remise, Release and Forever Quitclaim unto Faith United Methodist Church - Richmond, a Texas non-profit corporation its successors and assigns, the aforesaid lien, as well as all such other right, title, lien or claim in or to the part and parcel of land described in said Exhibit "A", except with respect to all of the oil, gas and sulphur in and under the land covered by this release, as may have been created by or have arisen from the transactions above mentioned, which I may own or did own at the time of such payment;

Provided, however, that this partial release relates only to the parcel of land described on Exhibit "A" and shall not be construed to waive, or in any manner affect or invalidate the lien(s) held and owned by the undersigned upon the residue of said property as fully described in the instruments hereinabove mentioned, which liens as to the remainder of the property described in such instruments shall remain in full force and effect in accordance with the terms hereof and provided further that such liens shall also remain in full force and effect with respect to all of the oil, gas and sulphur in and under the parcel of land described on Exhibit "A".

IN WITNESS WHEREOF, this instrument is executed on this the 24th day of March, 1994.

RIGHT-OF-WAY EASEMENT

THE STATE OF TEXAS

COUNTY OF FORT BEND

KNOW ALL MEN BY THESE PRESENTS: That Faith United Methodist Church - Richmond, a Texas nonprofit Corporation, whose mailing address is 1410 Willow Bend Court, Richmond, Texas 77469, of the County of Fort Bend, State of Texas, for and in consideration of the benefits to be derived on account of and from the construction, operation and maintenance by Fort Bend County, a body corporate and politic of the drainage canal and system or in the alternative, a public road upon and through the land herein described, the sufficiency of which is hereby acknowledged and confessed, has bargained, sold, and conveyed, and by these presents hereby grants, bargains sells and conveys unto the said FORT BEND COUNTY, of Fort Bend County, Texas, a right-of-way easement for the purpose of constructing, maintaining, operating and repairing a drainage canal, or, in the alternative, a public road, upon, over, through and across the land of Grantor along the route hereinafter designated, and said land being situated in Fort Bend County, Texas, to-wit:

A centerline description of a 25 foot easement along the West boundary line of the Faith United Methodist Church 8.00 Acre Tract of land out of the original R.E.L. Wessendorff call 187.53 acres (Volume 69, Page 354; Deed Records) James Knight & W.C.White League, Abstract 46; Fort Bend County, Texas, as Follows:

For Connection begin at a 1/2" iron pipe marking the North West corner of said tract.

Thence, North 90 Degrees East Along the North boundary line of said 8 acre tract a distance of 12.5 feet to the centerline of said 25 foot Easement for The Point of Beginning.

Thence South 2 Degrees West and Parallel to the Western boundary line a distance of 440.20 feet, more or less, to the South boundary line of said 8 acre tract.

Fort Bend County shall have all rights and benefits necessary or convenient for the full enjoyment or use of the rights herein granted, with the right of ingress or egress to and from said right-of-way, provided, however, that after construction of said drainage canal, said right of ingress and egress of Fort Bend County shall be limited to the said right-of-way and to existing roads and passageways. Notwithstanding the forgoing, Fort Bend County shall have all rights and benefits necessary to facilitate the construction, widening, operation or maintenance of a public road if at a future time the County elects to exercise such rights hereunder. FORT BEND COUNTY is given the right from time to time to cut and remove all trees, undergrowth, and abate other obstruction, upon said right-of-way, that may injure, endanger, or interfere with the construction, operation, maintenance and repair of either a drainage canal or public road.

FORT BEND COUNTY agrees during the life of this easement to repair all damage to roads, passageways and fences resulting from the county's use in going to and from said easement right-of-way, and to restore the same to the previously existing condition as near as possible.

Grantor reserves the right to use the facilities offered by the drainage canal for the disposal of surface waters, rain or any excess waters collecting upon his land, and in such connection Grantor has the right in the manner provided by law and at his own expense to construct and provide ditches, drains and laterals connecting his land or portions thereof with the drainage canal.

Grantor reserves the oil, gas, sulphur and other minerals in and under the land covered by this easement, provided however, that during the life of this easement no mining or drilling operations shall be conducted upon the surface of the area included in the easement right-of-way described above.

It is agreed that if at a future time FORT BEND COUNTY, its successors or assigns, shall permanently cease to use said right-of-way for the purposes herein contained, and shall permanently abandon same, then and in such event the said right-of-way described above, together with all rights and interests held by FORT BEND COUNTY by reason of this instrument, shall revert, pass to and vest in the said Grantor, his heirs or assigns.

Grantor expressly agrees and acknowledges that the rights herein granted shall include the right of Fort Bend County, in its sole discretion at any future time, to utilize all or any portion of the right-of-way herein granted for the purpose of constructing, widening, operating or maintaining a public road.

EXECUTED this the 25th day of March A.D. 1994.

PERFORMANCE BOND COVERING ALL CABLE, CONDUIT AND/OR POLE LINE ACTIVITY IN, UNDER, ACROSS OR ALONG FORT BEND COUNTY ROADS AUTHORIZED

BOND NO. 119-3142

THE STATE OF TEXAS

COUNTY OF FORT BEND

KNOW ALL MEN BY THESE PRESENTS, that we Joel A. Trimm Construction Co., Inc. as principal and Universal Surety of America as surety, are held and firmly bond unto FORT BEND COUNTY a body corporate and politic under the laws of the State of Texas, in the penal sum of Two Thousand and no/100---------- DOLLARS ($2,000.00*****) law full currency of the United States of America, for the payment of which, well and truly to be made, we do hereby bind ourselves, our heirs executors, administrators and successors, jointly and severally and firmly by these presents:

THE CONDITION OF THIS BOND IS SUCH THAT, WHEREAS, the above bounden principal contemplates laying, constructing, maintaining and/or repairing one or more cables, conduits and/or pole lines in, under, across and/or along roads, streets and highways in the County of Fort Bend, and the State of Texas, under the jurisdiction of the Commissioners Court of Fort Bend County, Texas, pursuant to the Commissioners Court order adopted on the 1st. day of December, A.D., 1980, recorded in Volume 13, of the Commissioners Court Minutes of Fort Bend County, Texas, regulating same, which Commissioners Court order is hereby referred to and made a part hereof for all purposes as though fully set out herein;

AND WHEREAS, the principal desires to provide Fort Bend County with a performance bond covering all such cable, conduit and/or pole line activity.

NOW THEREFORE, if the above bounden principal shall faithfully perform all its cable, conduit and/or pole line activity (including, but not limited to, the laying construction, maintainence and/or repair of cables, conduits and/or pole lines) in, under, across and/or along roads, streets and highways in the County of Fort Bend and State of Texas, under the jurisdiction of the Commissioners Court of Fort Bend County, Texas, pursuant to and in accordance with the minimum requirements and conditions of the above mentioned Commissioners Court order set forth and specified to be by said principal done and performed, at the time and in the manner therein specified, and shall pay over and make good and reimburse Fort Bend County, all loss and damages which Fort Bend County may sustain by reason of any failure or on the part of said principal, then this obligation shall be null and void, otherwise to remain in full force and effect.

This bond is payable at the County Courthouse in the County of Fort Bend and State of Texas.

It is understood that at any time Fort Bend deems Deems itself insecure under this bond, it may require further and/or additional bonds of the principal.

EXECUTED this 7th, day of March, 19 94.

Dear Gilbert;

Due to numerous comodity shortage by the FORD MOTOR COMPANY we are experiencing extremely long delivery times on all vehicle lines. The 1994 Ford Cab and Chassis that we have on order for you on your P.O # PC04700000815 has been effected by these delays.

We respactivley request an extention on the deliverly time of 60 days. After several conversations with the Ford Motor Company we are assured that we can deliver the above mentioned vehicle in this time frame extention.

Thank you in advance in this matter. We apologize for any inconvience this has caused you. If you have any questions or if I may be of assistiance please feel free to contact me at any time.

Sincerely Yours

Attn: Debbie

Reg: Order for Pct. 4, Heavy Duty Lift

Per your recent conversations with Lawrence Beckendorf of R-Tec, I am writing to advise you of the statue and recent unfortunate event involving your order #PC05000000528.

After many conversations involving my factory and the shipper, we have located your order at a staging area in Nashville, Tenn. The order was originally shipped on 4-12 and has been in Nashville since 4-14. The reason for the hold-up is unknown at this time but Rotary is trying to correct this situation.

I expect an answer sometime today and will advise Lawrence as soon as possible. We believe the lift will arrive in Houston sometime next week.

We are truly sorry for any inconvenience this may have caused and appreciate your choosing Rotary Products.

If I can be of futher assistance, please call.

Sincerely,

Gary Blanchette

MEMORANDUM

TO: Commissioners Court

FROM: Marilynn Kindell MKindell

DATE: April 26, 1994

RE: The Garden

Background

On July 20, 1992, Commissioners Court allocated $15,000 to The Garden for an architectural and engineering study for a Hwy. 90 shelter operated by The Garden. Since that time, the shelter on Hwy. 90 has been closed and a new shelter will be opening at 2302 Avenue H, Rosenberg, Texas. The Garden informed us that they would rather use the CDBG funds for operating the new shelter.

Request

It is requested that Commissioners Court consider and approve an amendment to the CDBG Program 1992 Final Statement of Objectives which will delete the $15,000 Architecture and Engineering Study for the Hwy. 90 Shelter project and add a $15,000 shelter operations project at 2302 Avenue H, Rosenberg, Texas for the same agency.

Re: Financial Status of Texpool and Fort Bend County Bid Request from Texpool

Dear Martha:

Two items have come to may attention concerning Texpool and as Treasurer and custodian of Fort Bend County's funds, I would appreciate a prompt response.

The first item is very simple and I hope it is an oversight on the part of the Treasury. Every year I send by certified letter a request for Texpool to be a provider of an investment alternative for the county and as of this date I have not received a reply from the Treasury. (Blank copy of the request is enclosed.) I know that the form does not really apply to the Treasury and its function but it is sent so that the Treasury understands Fort Bend County's investment policy and banking needs. I would appreciate your returning the signed form so there will be no question as to the procedure that I follow with all my providers and that Fort Bend County can continue to do business with the Treasury.

The second item is not as simple and is really a concern that all participants of Texpool should have. As you already know the financial market has become very unstable in the past few weeks. I do not know what the Treasury investors have invested our funds in but if we are in mortgage-backs or their derivatives how for out has the maturity extended? Are the book value and the market value the same? If I withdrew Fort Bend County's funds in addition to interest earned, would I be taking principal of another public entity? I know that there has never been any guarantee made by the State on funds invested at Texpool but I would be a little more at ease if these questions could be answered.

I look forward to your response to my concerns.

Sincerely,

Kathy

RE: Board Membership -- Trust Company of Texas

CC: County Attorney

The above mention company has met all the requirements needed to do business with Fort Bend County but I thought I would let you know that I am a member of the board of this company. I receive no compensation for sitting on this board other than expenses incurred while attending the board meetings. I decided to help form this pool because of the lack of leadership I have seen at the State Treasury in the past few months. From my letter to Martha Whitehead, State Treasurer, you can see my concerns.

This company was formed by a group of individuals that used to be employees of the State Treasury. They either helped in the beginning when Texpool was created or later ran the department or invested the funds for the members of Texpool.

I hope there is no problem with me being a board member and the County doing business the company.

ELIGIBILITY TO INVEST

Only "Governmental Entities" of the State of Texas, including both "local governments" and "agencies" of the State of Texas, may become parties to the Interlocal Agreement, creating the Portfolios. The term "local government" refers to any school district, county, municipality, special district, junior college district, any other legally constituted political subdivision of the State, a combination of political subdivisions (*e.g.*, a combination by means of an interlocal agreement), or any other entity that may be included in the definition of "local government" contained in the Interlocal Cooperation Act, as the same may be amended or restated from time to time. The term "agency" includes: (a) a department, board, bureau, commission, court, office, authority, council or institution, (b) a university, college, or any service or part of a state institution of higher education, and (c) any statewide job or employment training program for disadvantaged youth that is substantially financed by federal funds and that has been created by order not later than December 30, 1986. Each state agency must have authority under state law to invest its funds in the Cooperative and to invest in the investments outlined in the Public Funds Investment Act.

ADMINISTRATION OF THE COOPERATIVE

The Cooperative Structure. By entering into the Interlocal Agreement, Participants establish a public funds investment pool entitled Local Government Investment Cooperative and designate the Board of Directors of the Cooperative as an agency and instrumentality of the Participant and agree that it will be the governing body of the Cooperative. The Cooperative holds legal title to all money, investments and other assets of the Cooperative and, through the Board, has the authority to employ personnel, engage in other administrative activities and provide other administrative services necessary to accomplish the objectives of the Cooperative.

The Board and the Bylaws. Pursuant to the Interlocal Agreement, the business and affairs of the Cooperative are required to be managed by the Board, and the Board is authorized to adopt and maintain bylaws (the "Bylaws"). The Bylaws set forth procedures governing the selection of, and action taken by, the members of the Board.

The Bylaws provide for a five-member Board consisting of three individuals who are government officials or employees and two limited-voting members who have public finance expertise and are representatives of the general manager of the Cooperative. Any Board member who was an employee or elected official of a Participant when he or she became a Board member and now ceases to be an employee or elected official or who represents an entity that ceases to be a Participant is required to vacate his or her position. Any vacancy resulting thereby or otherwise is required to be filled for the unexpired term by the Board. The initial Board members who are government officials or employees are appointed for staggered terms expiring in 1996, 1997, and 1998. Thereafter, voting Board members will have three-year terms. Board members serve without compensation but are entitled to reimbursement of reasonable

out-of-pocket expenses incurred in the performance of Board duties. The Board consists of the following individuals:

Name	Board Position	Term Exp.	Affiliation and Position
Phil Roberson	_____	____	Arlington Independent School District
Kathy Hynson	_____	____	County Treasurer, Fort Bend County
Fred Werner	_____	____	Director of Finance, City of Wichita Falls
Raymond E. Woolridge	Secretary	____	President and Chief Operating Officer, Southwest Securities Group, Inc.
Don A. Buchholz	Assistant Secretary	____	Chairman of the Board and Chief Executive Officer, Southwest Securities Group, Inc.

Messrs. Woolridge and Buckholz are directors and officers of Southwest Securities Group, Inc., which has contracted with the Cooperative to provide general managerial services, including contracting for investment advice, administration, marketing, and custodial services. They will have limited voting powers.

Primary duties of the Board include, but are not limited to, adoption of the Investment Policies, Operating Policies, and the Bylaws, appointing officers, and employing a general manager and other service providers. The meetings of the Board are open to the public. The Participants will hold an annual meeting commencing in 1996 for the purpose of electing directors.

General Manager. The Board has entered into a Contract with Southwest Securities Group, Inc. to provide managerial services and to contract for administrative, investment advisory, marketing and custodial services. With the approval of the Board Southwest Securities plans to subcontract out such tasks under various subcontracts. The Trust Company of Texas, a wholly owned subsidiary of Southwest Securities, will act as Administrator and Custodian; Westwood Management Company, a wholly owned subsidiary of Southwest Securities, will act as Investment Adviser and will subcontract such work to Patterson & Associates, as Portfolio Investment Adviser; and Broker Transaction Services, a wholly owned subsidiary of Southwest Securities and a registered broker/dealer, will handle marketing efforts.

RECORDER'S MEMORANDUM
This page is not satisfactory for photographic recordation due to carbon or photo copy, discolored paper, etc. All block-outs, additions and changes were presented at time instrument was filed and recorded.

Administration and Custodial Services. The Trust Company of Texas will be the day-to-day administrator and custodian of the Cooperative. Its duties will include receiving Cooperative applications, developing a record-keeping system for the Cooperative, processing deposits, withdrawals and other requests, preparing monthly reports to the Board and Participants on the performance of each Portfolio and the net asset value per unit, and supervising all of the Cooperative's operations not specifically assigned by the Board to another party. In performing its duties as custodian, The Trust Company of Texas, individually or through sub-custodians or agents, will receive and disburse all Participant deposits and withdrawals, perform all wire transfers and ACH transfers, settle all portfolio trades, safekeep all securities, collect all income or any other payment due in connection with purchased securities, and value (mark to market) all collateral pledged for repurchase agreements or deposited funds. The Trust Company of Texas is an 18-year-old, Dallas-based trust institution purchased by Southwest Securities Group, Inc. in 1992. The employees of The Trust Company of Texas who will provide administrative services to the Cooperative are as follows:

- Richard Scott is senior vice president of The Trust Company of Texas. Until 1991, he was the program founder and director of TexPool, the local government investment pool managed by the State Treasurer. Mr. Scott is a NASD registered representative.

- Patrick Shinkle is vice president of The Trust Company of Texas. Through 1993, he was involved in the management and operations of TexPool, the local government investment pool managed by the State Treasurer.

Investment Advice. Patterson & Associates will provide investment advice to the Cooperative with respect to the Liquid Asset Portfolio and the Enhanced Yield Portfolio. Patterson & Associates is a newly formed group which is a registered investment adviser under the Investment Advisers Act of 1940.

- Linda Patterson is a principal of Patterson & Associates. She is a former State Treasury and City of Fort Worth Chief Investment Officer.

LIABILITY LIMITATIONS

Neither the Board, the Investment Officers selected by the Board, nor any officer, employees or board members of any of the forgoing will be held liable for any action or omission to act on behalf of the Cooperative or the Participants unless caused by such person's willful misconduct. The Cooperative has agreed to indemnify and hold harmless (either directly or through insurance) any person referred to in this paragraph, to the extent permitted by law, for any and all litigation, claims or other proceedings, including but not limited to reasonable attorney fees, costs, judgements, settlement payments and penalties arising out of the management and operation of the Cooperative unless the litigation, claim or other proceeding resulted from the willful misconduct of such person.

RE: ***Fort Bend Mobility Committee***

Dear Judge Cordes:

In connection with the proposed expansion of Highway 59, the County may donate land to the State of Texas so long as a public purpose is fulfilled. The County must assure receipt of an adequate quid pro quo through a contract, which contract the parties have already approved. No legal impediments to the project are seen at this time. Further, the attached letter from the Fort Bend County Mobility has been reviewed and is acceptable as to form.

Please contact the undersigned if you should have any questions.

Very truly yours,

Fort Bend Co. Drainage District
c/o Mr. Dave Jalloway

Dear Mr. Jalloway :

The Fort Bend Mobility Committee (the "Committee") is an association of your local municipal and county governments working in concert with private industry and the various Chambers of Commerce within Fort Bend County for the purpose of expediting the widening, improvement, and development of U.S. Highway 59 from the Harris County/Fort Bend county line to State Highway 6 (the "Project"). We trust that if you have seen the traffic jams during rush hours, that you can appreciate the need for this Project. The Committee believes that the completion of the Project will not only relieve traffic congestion, but also will provide for the County's long term, steady growth and prosperity.

Your property (sometimes called the "Property"), as described on the attached Exhibit "A" and shown in the attached sketch labeled Exhibit "A-1", has been designated by the Texas Department of Transportation (the "Department") as land needed for the Project. The Committee has been designated to negotiate the purchase of all right of way needed for this project.

In acquiring right of way for the State of Texas Highway System, the Department follows a definite procedure for appraising the land needed and for handling each acquisition. The

Department has notified you of its intent to appraise your Property and has, in fact, completed its appraisal. Based upon the Department's appraisal, the Committee has been authorized to offer you $54,341.00 for the Property. This offer represents $54,341.00 for the property to be purchased and $-0- as compensation for damages to your remaining land and improvements.

Because of funding constraints, the County is seeking to meet a portion of its required right of way cost participation in the project through donation. Accordingly, the Committee requests that you consider either a full or a partial donation of the compensation offered for your property. By donating all or a portion of the value of the Property, you may help accelerate the construction of the project. In the event the condition of the property should change for any reason, the Committee retains the right to withdraw the above offer.

As required by law, in compliance with the policy of the Department, the Committee will only confer with the owner of the Property with the understanding that the owner will, in turn, confer with any lessees or others who may own any interest in the Property (excluding utility easement owners and advertising sign lessees) who will be contacted separately by the Department.

After the date of payment of the purchase price (or the date of deposit in court of funds to satisfy the award of compensation as determined through eminent domain proceedings) to acquire the property, you will be reimbursed for any fair and reasonable incidental expenses necessarily incurred in transferring title to the Property. Expenses eligible for reimbursement may include (1) recording fees, transfer taxes and similar expenses incidental to conveying the Property to the Department and (2) penalty costs for prepayment of any preexisting recorded mortgage entered into in good faith encumbering the Property. Voluntary unnecessary expenses or expenses incurred in clearing questionable title will not be eligible for reimbursement. Eligible incidental expenses will be reimbursed upon submission of a claim supported by receipted bills or other evidence of actual expenses incurred. You may file a written request for review if you believe that the Department failed to properly determine the eligibility for or the amount of incidental expenses to be reimbursed. There is no standard form on which to request review of a claim; however, the claim must be filed with the District Office of the Department within six (6) months after you are notified of the Department's determination on any claim for reimbursement.

You may be entitled to additional payment and services under the State's Relocation Program. It is emphasized, however, that any benefits to which you may be entitled to under this program will be handled entirely separate in addition to this transaction. The brochure, "Relocation Assistance Program," will advise you of eligibility requirements, payments and services which are available.

Attached is a copy of the Texas Department of Transportation's booklet entitled "The Purchase of Right of Way," which we trust will give you a better understanding of the

procedures followed by the Department in purchasing right of way. Should you have any questions regarding the details as to the type of highway to be built or concerning the purchase transaction, please do not hesitate to contact me at (713) 240-3370.

Sincerely,

FORT BEND MOBILITY COMMITTEE

MONTHLY REPORT
MARCH, 1994

The removal of vegetation from channels during March, 1994 was accomplished by shredding operations and by herbicide applications. Shredding was done on fifty-seven (57) channels that included Big Creek II-B-7, Buffalo Creek I-B-3-k, Bullhead Slough II-L, and Seabourne Creek II-B-4.

Herbicides were applied to eighty-two (82) channels that included Coon Creek II-B-3, Rabbs Bayou II-D, Snake Creek I-C and fourteen (14) of its tributaries, and Turkey Creek I-D.

The bridge crew worked on a variety of projects that included the replacement of bridges across Big Creek II-B-9 and Scheuch Ditch II-RR, the replacement of two (2) low water crossings across Cottonwood Creek II-B-24, and the installation of several drop inlet pipes on Snake Creek I-C.

Work continued on the excavation of the Big Creek Bypass channel with various equipment. The LinkBelt LS98A and Northwest 9570 dragline combined to dig approximately twenty-six thousand, seven hundred (26,700) cubic yards of spoil material which were spread and shaped by the Dresser TD-25G and Fiat Allis FD-30 bulldozers.

The reshaping of Mound Creek I-A also continued where the Rapier NCK-305 dragline dug approximately nine thousand (9,000) cubic yards of spoil dirt.

Work also was done on the Lower Oyster Creek project. The LinkBelt LS98C dragline dug approximately eleven thousand (11,000) cubic yards of spoil material. Several other machines were assigned at various times of the month to assist with the lowering of two (2) Coastal States pipelines that crossed the project.

The following charts indicate which projects received work and which equipment was assigned to each during March, 1994.

MEMORANDUM

TO: Dan Gerken, Manager
Drainage District

FROM: Richard Selleh RS
Director of Human Resources

SUBJECT: Proposed Reorganization of the Drainage District Supervisory Staff

DATE: April 19, 1994

Human Resources has completed its review of the Position Description Questionnaires submitted for the positions included in the proposed reorganization of supervisory staff. Based on the point-factor analysis of duties and qualifications described in the Questionnaires, and discussions during the past two weeks, staff assigned grades to the positions as follows:

Construction Superintendent - no change in grade, remains grade 15

Assistant Construction Superintendent - new position, grade 12

Administrative/Special Projects Coordinator - new position, grade 14

The Human Resources Department is not authorized to create new positions without direction from Commissioners Court. As with previous reclassifications in the Drainage District, you will need to request a Closed Session meeting with the Court, and Human Resources will be available to assist, if needed.

If you have questions regarding the evaluations, or associated procedures, do not hesitate to call me at 341-8619, or Julane Tolbert, Assistant Director of Human Resources, at 341-8631.

#4 continued - meet in closed session to discuss personnel matters:

Moved by Commissioner O'Shieles, Seconded by Commissioner Lutts, duly put and unanimously carried, it is ordered to authorize upgrade for Michael Ramey, Drainage District employee, from grade 11 step 6 to grade 11 step 7.

5. ADJOURNMENT:

The Drainage District Board adjourned at 11:50 a.m. on Tuesday, April 26, 1994.

RE: Requested Step Change

DATE: April 19, 1994

Recently Melvin "Jack" Schneider, a Heavy Equipment Operator III, retired. Jack operated the Drainage District's Northwest 9570 dragline since it was purchased in 1980. The 9570 is the largest of the District's five draglines and the excavating capacity of the machine is roughly twice that of the next largest machine. The machine has to be partially disassembled for moving, it has larger cable lengths and diameters, larger clutches and many more areas of maintenance. The machine's high production capability must be maintained and we must have a dedicated and conscientious operator. Mike Ramey has taken over the operation of the machine and has trained himself, with the help of the previous operator, to maintain the machine.

The previous operator was a Grade 11/Step 12, and Mike Ramey is a Grade 11/Step 5. I would like to make an immediate change to Grade 11/Step 6, and if in 90 days Mike has demonstrated he has reached maximum productivity, I want to increase his pay to Grade 11/Step 7.

Please review my request and let me know what procedures I need to follow to make such changes.

MEMORANDUM

TO: Dan Gerken, Manager
Drainage District

FROM: Richard Selleh RS
Director of Human Resources

SUBJECT: Step Change for Michael Ramey

DATE: April 19, 1994

The attached request for a one step change, followed by an 89 day probationary increase, for Michael Ramey results from a lateral transfer within the Drainage District. He is currently classified as a Heavy Equipment Operator III, grade 11, and the requested change is to a larger machine, requiring more maintenance effort for the operator, also classified as Heavy Equipment Operator III, grade 11.

The Human Resources Department is not authorized to approve increases of this nature without Commissioners Court direction. You will need to request a Closed Session meeting with the Court, and Human Resources will be available to assist, if needed.

If you have questions regarding the procedures related to this request, do not hesitate to call me at 341-8619, or Julane Tolbert, Assistant Director of Human Resources, at 341-8631.
